Our City Comment & discussion

by THOMAS D. WATSON

Ideal Climate And Chance to Make Living Under Favorable Conditions, Southland Lure

A SURVEY was recently taken among 200 new arrivals in California to learn what reasons they had for moving to the Golden State.

A tabulation of the answers makes an interesting study and will go a long way towards exploding the claim of the eastern states that we are having a boom which will not last long.

ONE hundred and eighty-six out of the two hundred answered that the climate was their first consideration for moving here. One hundred and forty-two gave as first or second reason for coming here the opportunity to make a living under favorable conditions of climate. This shows that while some gave business reasons for coming, nearly all gave thought first to the wonderful climate we enjoy almost every day in the year.

NONE of these new arrivals will be disappointed in either particular for we not only have a most wonderful climate but we also have enjoyed unprecedented prosperity, so much so as to be classed as the "white spot" of America.

Some are asking the question, "Will the people continue to come?" We will answer by asking this one—"Will the sun continue to shine?" As our reputation for having a wonderful climate is the main cause for our growth, there is no reason to doubt that the eastern states will continue to send us new residents in increasing numbers each day.

FOR our sun will continue to shine, the breezes will still prove refreshing and our rains will come to revivify the flowers and other vegetation. We will still continue to have springlike winters and autumn-like summers so why should any one doubt that our growth will continue?

IT HAS BEEN charged by some purchasers of our real estate that the climate has been included in the selling price. We won't concede that this is true, but there is no reason to doubt that it does make the demand and of course the demand makes the price. An ideal climate is certainly a thing much desired and, in consequence, it is of value. It is one of our most valuable assets as the survey referred to above proves.

OF COURSE we can enjoy this wonderful weather but it cannot take care of our livelihood. This, of course, brings up the question as to what we are doing in Southern California to take care of our new arrivals in a business way after they have been attracted to this section.

THIS is being answered in a practical way each day by the addition of new factories, in fact so fast as cause trouble in finding suitable locations for them. Quit worrying over what can't come to pass and enjoy some of the sunshine yourself.

Hoover Asks Radio Silence December 10

(By Associated Press)
WASHINGTON, Dec. 6.—The air will be cleared for 15 minutes next Monday night while President Coolidge speaks to the whole nation by radio in eulogy of Warren G. Harding.

Secretary Hoover makes the following request:
"The president of the United States under the auspices of the Harding memorial association, will on December 10, address the people of the country by radio in inaugurating the ceremonies of Harding Week. Extensive preparations are being made to broadcast his address.

"The profound reverence of the American people for the great man to whose memory the week is dedicated and the earnest desire of our people to listen without interference to the presentation by the president rendered it highly fitting that special courtesy be shown during the broadcasting of this occasion.

"I therefore urgently request that all radio transmitting stations except those engaged in broadcasting this address, become and remain silent from 8:30 to 8:45 eastern standard time, on the evening of Monday, December 10, the period during which the president will speak."

CONGRESS ADJOURNS IN HONOR OF HARDING

Secretary Shawnee, Oklahoma C. of C., Is Infatuated with Glendale

EDSON R. WAITE IS SOLD ON GLENDALE

Says City Has Lead Pipe Cinch on Industries If Gone After

California is not the only state which has reason to be proud of its boosters, for Oklahoma is not only the habitat of wild Indians, but of energetic "pushers" as well. Edson R. Waite, secretary of the Shawnee, Oklahoma, chamber of commerce, has made several calls to Glendale this week doing missionary work in behalf of his home town. He has the honor of being one of the best-known citizens in the state of Oklahoma.

"Glendale as a city has a winning gait," remarked Mr. Waite in approval. "She is not only up to the minute but she keeps three or four jumps ahead of the minute."

"Glendale has what goes to make a live town—'peppy' citizens. Wherever you find energetic citizens you find a live town."

Although northern California has many resources, Mr. Waite is of the opinion that the necessary boosting spirit is lacking. "You have a lead-pipe cinch here and more opportunities than Massachusetts ever had for the establishment of industries," he went on. "A fellow could talk about a week and then he wouldn't get started telling you about the opportunities in California."

Mr. Waite, who is called "Major" in Pottowatomie county, is a publicity expert and a strong believer in the importance of newspapers to a community. "There is only one medium in the world that goes into the home and covers the field thoroughly and that is the newspaper," he explained. "The advertising columns are the most important because of their effect upon the pocketbook. Newspapers influence about 75 per cent of the buying. Housewives handle that much of the family budget and influence 15 per cent more."

"Newspaper advertising creates demand which in turn causes quicker turn-over of stocks, leaving them clean and up-to-date. Wherever you find a community where the merchants are not good advertisers you will find a community where the mail order houses and adjoining communities are getting the business."

"Prosperity begins at home," is a slogan of Mr. Waite, who believes that nothing is more important for the success of a community than the prosperity of its merchants. "Money circulating in a community makes better business. Business comes where it is invited and stays where it is well treated. You can't pay too much attention to those things which go to make better business."

"A city shouldn't spend all of its time hunting for new industries. In fact, it should make it its business to see that industries and business houses already in a community are healthy and prosperous. When they are healthy and prosperous this fact is the greatest inducement in the world for other businesses and industries to locate in the same community."

EVERY DAY IS MOVING DAY IN CALIFORNIA

(By Associated Press)
PALO ALTO, Calif., Dec. 6.—Mount Tamalpais has moved five feet south since 1900; Mount Diablo 3½ feet southeast and Point Reyes 11 feet north. Dr. Bailey Willis, geologist at Stanford university, told an audience here. He said the greatest movement in California was near San Luis Obispo, "where the railway station moved 15 feet."

JUST TWO DAYS MORE AND HOW FATEFUL THEY ARE!

Just two days left—Friday and Saturday. Don't put off that work of registering until the last minute—you may be disappointed, if you do.

There are registrars at convenient locations all over Glendale and their names and addresses have been published frequently. You can make evening appointments with any of these.

The sewer bond election should not be taken too lightly by anyone in Glendale. There should not be any of "the bonds will carry even though I do not register," spirit. Too much of this will surely defeat the bonds.

Every voter of Glendale should make it a point to be registered and when January 8th comes—**TO VOTE**. These bonds must carry. The continued growth of Glendale and the health of the residents of this city depend on the construction of the sewer.

If you want to see Glendale advance in the future as she has in the past you should register and vote for the bonds.

Don't "let Bill do it."

ANNUAL JUNIOR PLAY OF OXY IS BOUND TO PLEASE

The annual Oxy junior class production, "Plots and Playwrights," will be presented to the public next Thursday and Friday nights at the Eagle Rock grammar school auditorium. It promises to be the best production for several years and the way the cast and director are working would substantiate this. The play is a production of the Harvard Play Shops—a satirical comedy in form which has had unparalleled success in the east. The play is new in the west and will have its premiere in this section of the country at the hands of the junior cast.

Arthur Lubin is just the right sort of a director for a college play. He has some snappy ideas which will make the play a success from the dramatic standpoint.

The part of Mrs. Hammond, the poor, forgotten mother whose daughter goes to the vaudeville stage, is capably taken by Anna Morsey. Tom Burch, the "big" policeman, is in the hands of Oxy's beloved Porky. Edme, the poor, disillusioned "goll," finally comes to her senses and falls in the arms of Dick, yell leader, and Maynard Mungar at the same time. Peg Crawford plays the part of Bess, the villainess, who screams at a convenient point and says, "You've got the rocks, you've got the rocks," and Sid answers in a high falsetto, "Yes, we have no rocks tonight." You don't want to miss seeing Paul Perkins and George Stoller get soused. Funny as a crutch. Alice Miriam, or as she is better known, Helen Hodges, enters at a dramatic moment and says "Yes, Unc, I received your telegram, hence I am here. What!" And you also want to see Howard Harper and Herb Sutton in the prologue.

Everyone in Eagle Rock will be there. Tickets are selling like wildfire. Have you bought yours?

DETAILS SEWER BOND CAMPAIGN DISCUSSED

Details of the sewer bond election campaign were discussed this morning at a committee meeting at the chamber of commerce. Those present were the following: Chester A. Smith, member of the firm of Burns & McDonnell; W. E. Hewitt and E. F. Sanders, president and secretary of the chamber of commerce; Lyman P. Clark, chairman of the publicity committee; Mayor Spencer Robinson; Councilman Asa Hall and Councilman Sam Davis.

BARRIER ARRESTED, DISTURBING PEACE

S. W. Barrier of Los Angeles was arrested this morning by Officer William Schilling, charged with disturbing the peace in the vicinity of 1300 South Brand boulevard. His wife, Mrs. Leonore Baker, from whom he is separated, swore to one of the complaints. A loaded revolver was found in his automobile.

REGIONAL PLANNING DISCUSSED BY POMEROY

At the Occidental College chapel yesterday, Hugh Pomeroy, general secretary of the county regional planning commission, made a fine speech. It was in part as follows: "Regional planning is a work of county development. It deals with the major fundamental problems. It is a combination of all the cities and towns of this county. It has several different departments, traffic, zoning and subdivision. There have been over 1300 subdivisions this year. If no care is taken in regard to planting and making roads, there would soon be a hodge podge. We have to see that roads are made to care for traffic. Several million dollars for the widening of streets now would have been unnecessary if people had had the foresight in planning ahead. The number of machines has increased many times in the past few years, while the roads have been increased 30 percent. We are simply laying the foundation for the stability of the future of Los Angeles county. One-half of the tonnage that passes through the Panama canal comes to Los Angeles now. We are building the structure that will be the acme of perfection. Every citizen must recognize his responsibility of today. I noticed, or rather had impressed upon me the bad roads around the college, as I drove up the campus, and will see what I can do about it."

COURT OF HONOR FOR BOY SCOUTS NEXT SUNDAY NIGHT

Arrangements are completed for a big time for members of the Verdugo Hills District Boy Scouts council on Sunday night when the regular quarterly Court of Honor meeting will be held. Its customary to hold these meetings every three months at the different churches in Glendale. At these meetings the boys are presented with their promotions in rank. The court is composed of Wm. C. Wattles, chairman; A. R. Eastman and Roy Kent. The Court of Honor will be held Sunday at the Central Avenue Methodist church, corner of Palmer and South Central avenues. Rev. Kline has consented to make the principal address of the evening.

At this time also the troop efficiency contest will close. The Elks lodge will present a beautiful silk American flag to the winning troop. The Kiwanis club will present a set of troop flags to the winning second place. Glendale Troop No. 2, which won in the recent field day for Verdugo Hills council held recently at Burbank, will be presented with the trophy plaque.

The program for Sunday evening will also include musical and vocal numbers, Scout demonstrations and a talk by A. R. Eastman on "Troop Achievement." Mr. Wattles will be chairman of the evening. An invitation has been extended to parents and friends of Scout members and also to the general public to attend.

UNKNOWN MEXICAN IS KILLED BY S. P. TRAIN

At about 2:23 p. m. yesterday, 1000 yards east of Central on the Southern Pacific railroad tracks, an unknown Mexican man was run over by the northbound freight train No. 263, operated by Englemer Mingledorff. This unknown Mexican was supposed to have been trying to steal a ride when he tripped over a switch and fell beneath the wheels. The train cut him in two. The body was taken to Filbeck's undertaking parlors. He was dressed in blue overalls, olive drab shirt, light brown cap and heavy army shoes and had a red and white striped shirt wrapped in a bundle. There was nothing on his body to identify him. He was about 28 years of age, 5 feet 7 inches in height, and weighed about 150 pounds.

W. P. COFFMAN IS NEW HEAD OF BURBANK KIWANIS

The Burbank Kiwanis club again held its weekly luncheon at the Elizabeth hotel. At this meeting the election of new officers was held. W. P. Coffman was elected president, H. W. Lewis, district trustee, Chas. B. Fischer, first vice-president, Chas. W. Anderson, second vice-president, C. A. Thompson, treasurer, B. E. Loper, sergeant-at-arms, L. D. Davidson, song leader. Directors for one year are Ezra Christensen, J. C. Isbell, Mul- len B. Russell. Directors for two years are Frank Atwood, R. O. Church, E. J. Jackson and Frank Tillson. The officers will appoint a secretary, who is as yet unknown. Messrs. Calhoun, Barnum and White were the visitors of the day. Professor White assured the club that the band would be 100 per cent strong for the Kiwanis entertainment on Christmas eve. The committee appointed for the purchasing of the gifts for the Christmas tree for the kiddies read off a list of about 1800 gifts that they had purchased up to date. Each child is to receive a gift and also a stocking filled with candy and nuts. Between fines and contributions \$105 was collected at the meeting, to be added to the fund. A resolution was passed that a committee be appointed to make the necessary preparations for the installation of officers, the date of which has not been decided upon. Through the courtesy of Kiwanian Lester B. Evans, the Palais Majestic ballroom will be turned over to the club for the occasion. Frank Keen, international representative, will preside.

FINE PROGRAM PUT ON BY EAGLE ROCK P. T. A.

The Parent-Teachers' association of Eagle Rock held a big meeting at the school yesterday afternoon. The program was put on by three classes and the orchestra, which consists of about 15 or 20 children. There was no speaker, but a delightful Christmas program was put on. There was a fine cornet duet by Harold Lippold and William Pfeiffer. Mrs. Lippold was in charge of the musical program, and showed herself very capable when it came to managing the orchestra. The main business of the day was the announcing of the plans to get the curtains for the auditorium and the ladies' dressing room. The money will be paid out of the harvest home festival fund. Discussion was also had on the plans for the moving picture machine which is to be bought, and the campaign for gifts of money, food, toys, clothing and other things which will be sent to the Utah street school. There are over 1700 destitute children at this school, and Eagle Rock is going to help them have a merry Christmas if it can possibly be done.

The next meeting of the P. T. A. will be held on January 2, and it is in honor of the three brides of the school. It will be a big party, with cakes, trimmings, and everything else that goes to make up a delightful affair. It will be given in the kindergarten room at 2:30.

RELEASED FROM AUTO DIVERSION CHARGE

F. M. Butterfield of 121 West Maple street, Glendale, who was arrested yesterday of a charge of having driven out of Wisconsin in an automobile which was not fully paid for, was released from the county jail yesterday upon instructions from Milwaukee.

ARTS AND CRAFTS SECTION STUDIES ABOUT PILLOWS

"Pillows," of various shapes, sizes and materials was the subject for the regular lesson of the arts and crafts section A, of which Mrs. H. A. McPherson is curator, held Thursday morning in the palm room of the Tuesday Afternoon club house. Instruction was given as to the best manner of treatment for pillows of various kinds also for the making of roses, etc., to decorate same.

WOULD YOU SAVE MONEY, TIME, MANY A WEARY STEP?

Are you availing yourself of the shopping suggestions being given through the Daily Press? If you are not you should. They are valuable and will save you many a step, and sometimes, a whole afternoon to go from store to store when hunting for a certain thing—some little thing that may be needed for the household or for a gift to a friend. Why not let Bonnie Jeanne do this "tramping around" for you? Daily this active miss makes the rounds of the stores, and twice a week, on Tuesdays and Fridays, she gives the housewives and others of this section the advantage of her gleanings. What she has to offer is valuable for three reasons: First, because she offers the very latest in fashions; second, because of the Christmas shopping suggestions given; third, for the practical household hints and everyday short-cuts explained. Don't spend extra time and effort—let Bonnie Jeanne do the hard work for you.

GLENDALE ROTARIANS HEAR ABOUT SEWERS

Glendale Rotarians held their weekly luncheon meeting today at the Egyptian Village cafe with close to 100 per cent of the membership in attendance and more than the usual number of visitors. Among the Rotarian guests were Ernest L. English, Ted Plumer, Jean Kalkrens and Ike Speers of Santa Monica; Harry Gemwell of Brainard, Minn.; J. Will Johnson of Pueblo, Colo.; David Roth and Arthur M. Loomis of Los Angeles. Other visitors were E. R. Waite of Shawnee, Oklahoma, and Dr. Rudy of New York City. Mr. Plumer is president of the Santa Monica Rotary club.

Ed Hewitt, newly elected president of the chamber of commerce, was presented with a bouquet of carnations by Bill Howe, upon which he was given an ovation by the club members, to which he responded with a short talk recommending the voting of the sewer bonds. He advised the members that the sewer must be secured and that building it ourselves would be the cheapest and best way of securing it and the only way whereby we could get it within a reasonable time.

Ike Speers of Santa Monica told of the experts of the city doing agitation for annexation to Los Angeles. He also told of promises made to San Pedro when that city was annexed and which are still unfulfilled, referring particularly to the water situation. In conclusion he offered the assistance of the Santa Monica Anti-Annexation club.

At the business session, which was in charge of President George Katt, Bill Tanner, chairman of the dinner dance committee, made a report on the progress made and advised that next Wednesday was set aside as the date, place to be announced later. Owen Emery led in community singing.

A collection of \$30.30 was taken from among the members and visitors. This will be used as a gift for the crippled children of Glendale.

AUTOS IN COLLISION ON EAST BROADWAY

A collision occurred near Isabel street at its crossing with Broadway in Glendale, about 3 o'clock yesterday afternoon between automobiles driven by Harry R. Van Cleave of 1221 East Maple street and Thomas F. Sanders of Pasadena. "I was going east on Broadway," remarked Mr. Van Cleave. "The driver of the other car nosed out from the curb. I swerved to avoid him but was unable to entirely clear his car."

Fenders were damaged by the impact and the bumper on Mr. Cleave's car was broken.

THE WEATHER
Southern California: Fair tonight and Friday; gentle variable winds.

PRES. HARDING'S MEMORY IS HONORED

Both Senate and House Adjourn After Passing Relief Bills

WASHINGTON, Dec. 6.—Having perfected its organization and heard President Coolidge's annual message, the new congress today as its first act took official notice of the passing of President Harding. Both senate and house adjourned until Monday out of respect for his memory.

The senate passed without discussion two bills presented by Senator Willis of Ohio giving Mr. Harding's widow an annual pension of \$5000 and granting her the mail franking privilege. Both bills go to the house.

The house unanimously adopted a resolution by Representative Burton of Ohio, authorizing appointment of a committee to be composed of a house member from each state to cooperate with a similar senate committee in suggesting some way in which congress can give evidence of its regret over President Harding's death.

Manifestation of approval from both republicans and democrats followed Mr. Collidge's declaration for a strengthening of the army and navy and his recommendation for limitation of immigration.

CHRISTMAS RUSH IS ON AT GLENDALE POSTOFFICE

Prosperity is evidenced by the fact that the Christmas "rush" has started already. The Glendale post office is now a hive of activity and lines of patrons are forming each morning before its service windows. Clerks are kept on the jump and carriers are returning home each night with weary backs because of their heavy packs. Commencing tomorrow parcel post will not be received at the main postoffice but at an exclusive parcel station in the Gateway-Central Market at 217 West Broadway, just west of the postoffice, which is being fitted up with all facilities for the handling of parcel post.

"We expect to be able to give lots quicker service this year than last," asserted George B. Hallett, assistant postmaster, this morning. The four postal substations also will receive parcel post. These are located in the Gateway Market at San Fernando and Brand boulevard; at the Casa Verdugo Dry Goods store, 1159 North Central avenue; at Webb's Dry Goods store, 139 North Brand boulevard, and at 612 East Broadway.

SPECIAL MEETING ON SCHOOL SITUATION

For the discussion of the school situation in the west and northwest sections of Glendale, a special meeting has been called for 5 o'clock tonight at the Central Avenue school. The entire school situation will be gone over, particularly as applying to that section north of the Burbank carline and between Pacific and Grand View avenues. Residents in the west and northwest districts are urgently requested to be present.

HAVE YOUR GUINEA PIGS STRAYED AWAY?

We're just wondering if some disconsolate kiddie is mourning the loss of some pets. Mrs. B. H. Fellows of 421 East Windsor road, Glendale, says a mamma guinea pig and two of the cutest little baby pigs strayed into her yard last night. She is taking excellent care of them and will be glad to deliver them over to the owner whenever she is called upon to do so.

Glendale's Sewer EXPERT INFORMATION FURNISHED DAILY ON THIS GREAT PROJECT

(In this column will appear from day to day, comments on the sewer project, which is the biggest thing that has ever confronted the citizens of Glendale. These articles are prepared by the publicity committee of the sewer committee of the chamber of commerce and may be considered as expert information.)

THE AGREEMENT BETWEEN GLENDALE AND LOS ANGELES

After months of negotiations the city of Glendale secured an agreement with the city of Los Angeles relative to the disposal of sewage of Glendale through the sewers of Los Angeles.

In a series of articles, of which this is the first, this agreement is republished and discussed. The first three articles of the agreement follow:

"Agreement" as Amended and Adopted, Oct. 10, 1923

"This agreement, made and entered into this 26th day of September, 1923, by and between the city of Los Angeles, a municipal corporation of the state of California, party of the first part, and the city of Glendale, a municipal corporation of the state of California, party of the second part—

WITNESSETH: That the party of the first part, in consideration of the covenants and agreements hereinafter contained to be performed by the party of the second part, does hereby covenant and agree with the said party of the second part as follows:

"I, That said party of the second part hereby agrees it will procure all necessary rights of way, and will lay and construct a sanitary sewer varying from 42 inch to 54 inch in internal diameter, between the points in the city of Los Angeles and upon the line, as nearly as may be, described as follows:

"Beginning at an angle point in the intercepting sewer on the east side of the Los Angeles river on the easterly prolongation of Sixty street and west of Utah street; thence in a general northerly direction on the east side of said river across private property and in public streets to a point at the westerly end of Dayton avenue; thence in a northerly direction across said river and private property and in public streets to a point on the west side of said river on the northerly prolongation of Worthen avenue; thence on a northerly direction across said river to a point at the southerly end of Garden street; thence in a general northerly direction along public streets to a point at the intersection of Garden avenue and Rigali avenue; thence in a northwesterly direction across private property to a point in Aviation drive on the east side of said river, which point is opposite the intersection of San Fernando road and Sycamore private property in the city of Glendale, all of which description being in accord with the location shown on Plan No. 29,112, at "

"II. That said party of the first part agrees that it will permit said party of the second part to connect its sewer system to said sewer so to be constructed and to discharge therein the sewage of said party of the second part arising within the territory now lying within the present boundary lines of said party of the second part, city of Glendale, and to continue such connection with said sewer so to be constructed until the full capacity of said sewer has been reached by sewage from all sources to be discharged into said sewer under the terms of this agreement.

"III. That when said sewer so to be constructed shall be completed the same shall be connected with the Outfall Sewer of said party of the first part, leading to the ocean and then in operation, and that eventually, and as soon as possible, the said sewer so to be constructed hereunder shall be connected with the north Outfall Sewer of said party of the first part now being constructed from funds of the recent \$12,000,000 bond issue of said party of the first part.

The sanitary sewer described in Article I and to be built by Glendale, is one unit of a line designated to serve ultimately the entire San Fernando valley. The cost of this unit bears approximately the same relation to the cost of the entire line to the ocean as the ultimate population of Glendale bears to the probable future population of the entire San Fernando valley. For this reason it is thought that the agreement represents a fair and equitable arrangement not only for Los Angeles, but for Glendale and the rest of the valley as well.

The lower end of the line is to

S. G. FULLERTON IS A SHOE MAN OF LONG EXPERIENCE

S. G. Fullerton, who opened the shoe department in the Brand Department store, at 233-235 North Brand boulevard, several days ago, is a shoe man of long experience, having been with the Bootery, the largest shoe shop in Kansas City, Missouri, for a good many years before coming here. He guarantees a perfect fit in any shoes bought from his shop and only the highest grades are carried, making it a desirable place to fill your shoe needs.

Mr. Fullerton has had a great deal of experience in the designing of new fashions in shoes and several of his creations are offered. A full line of ladies', misses' and boys' shoes are in stock, with an excellent assortment of bedroom slippers.

The Press wishes to correct an error made last week in an ad, which stated that Mr. Fullerton was formerly connected with the "Bootery" of Kansas City. A typographical error was the cause of this, "The Bootery" being his former place of employment.

ANNUAL MEETING OF GLENDALE C. OF C. ON JAN. 15

The Glendale chamber of commerce's annual meeting will be held January 15 in the Tuesday Afternoon clubhouse. Announcement of this fact was made this morning by Secretary E. F. Sanders, who stated that plans are being made for a "sumptuous" banquet and a speech by one of the most prominent orators in Southern California.

Appointment of committees for the ensuing year is expected to be made Friday night at a session of the committee on committees. This is composed of W. E. Hewitt, Delios H. Smith and George B. Karr, all members of the board of directors.

BURBANK NOTES

Permits issued December 5th were as follows:

C. Shoate, 237 Orange Grove avenue, garage, \$100; C. C. Baker, 561 Orange Grove avenue, addition to dwelling, \$200; Thos. Hills, 418 East Kenwood street, 5 rooms, \$2800; E. Pickthorne, 645 Cypress avenue, garage, \$100; Farley and Farley, Second and Olive avenue, garage, \$350; Chas. L. Brock, Magnolia Park, garage house, \$300; E. D. Herrington, Lincoln avenue, garage, \$400.

Mr. C. F. Phelps of 827 Olive avenue, Burbank, has just transacted a business deal in which he sold his meat market in Van Nuys to Charles Barth of San Fernando. Mr. Phelps will probably open up a market in Glendale. He was formerly connected with T. E. Sander, son of Burbank.

The San Fernando Valley Barbers' union held the first of a series of dances at the Palais Majestic ballroom last evening. There was a large crowd in attendance and all entered into the spirit of the carnival dance, with much fun and hilarity over the confetti battle. These dances are to be given once a month by the union as get-together and get-acquainted affairs. Their first venture was a huge success and the next one is being looked forward to with keen anticipation.

Mr. and Mrs. Chas. B. Fischer entertained fourteen guests at an elaborate dinner given at the Mary Louise in Los Angeles, last Tuesday evening. After dinner they all motored back to the home of the Fischers, 301 Angeleno, where the remainder of the evening was enjoyed in playing cards.

INTERNATIONAL OFFICERS OF LIONS GO TO CHICAGO

CHICAGO, Dec. 6.—The International Association of Lions clubs, the youngest of the civic organizations, has located its permanent headquarters here at the direction of the board of directors. It has been announced by Melvin Jones, secretary-general. A six-year lease has been signed.

Secretary-general Jones has been with the organization since it was formed in 1917. It now counts 40,000 members in 700 clubs, distributed over 47 states and four Canadian provinces. These 700 clubs have, in the last year, engaged in 300 major activities, all for the upbuilding of their communities, the teaching of service and patriotism and the promotion of good fellowship.

"We have built schools and asylums, cared for the poor, helped boys and girls form clubs and live in the open, endowed hospitals, and worked for good roads," Mr. Jones said. "Lions are chosen from the best business and professional men in each city, and the clubs cooperate with chambers of commerce and other clubs."

The International convention will meet in Omaha in June, 1924.

NASHGRAM

The Tired Club-Woman Says: "When my nerves get ragged and jumpy, I go for a Spin on the Boulevard in my NASH."

MONTROSE NOTES

Mr. and Mrs. L. G. Tomefin are looking forward to a delightful automobile trip through Arizona and New Mexico. They plan to leave Montrose about the 17th of the month and will spend the holidays in New Mexico with Mr. Tomefin's parents, returning to California the early part of January.

The Chamber of Commerce meeting held Tuesday evening in the Montrose school house drew a lively crowd of interested members and friends. Following a half hour of enjoyable singing the business session took up and matters of interest to the community were discussed. Mr. Fred Deal, manager of the telephone company, was present and assured the chamber that a local telephone exchange would be installed in Montrose within the next fifteen months. He asked for the endorsement of the organization in this matter and the chamber went on record as strongly in favor of its installation at as early a date as possible. The chamber has been working for some time to secure the much needed exchange which will furnish more satisfactory service for Montrose and outlying districts than is now possible.

The Montrose Social club, which was organized Monday evening, will stage its first social function on the evening of December 21, according to word given out by the president, Mr. Theodore Belanger. A committee is already at work planning the entertainment, and it is destined to be the big event of the holiday season. A prize of \$10 has been offered by the president for any member who brings in the greatest number of new members over ten, at the next meeting night. Another prize has also been offered by Mr. Walters of Sparr Heights, and there is apt to be some keen competition during the week.

Mr. George Charbonneau of the firm of Miller & Charbonneau Wednesday disposed of his property on Montrose avenue just opposite the Montrose Hardware company's store. Mr. Wm. Hildy of Hollywood purchased the property which comprises a lunch counter and confection stand and a real estate office building.

Mr. Kenneth Curran, formerly of San Francisco, has been employed in the Montrose Furniture store. He will make his home in Montrose.

Alexander Stewart, Pacific coast music organizer for Community Service and director of the Civic Music and Art association of Los Angeles, will be the leader at 8 o'clock Friday night by the people of Montrose. The sing will take place at the Montrose school and a large attendance is desired.

LA CRESCENTA NOTES

The regular meeting of the La Crescenta Woman's club will be held next Wednesday afternoon at the school auditorium. A general discussion on the club house building will follow the business session and the program committee reports a splendid program. This meeting will be open to guests.

The Community church held its first community sing and uplift services last evening with a large attendance. E. Rapson led the community singing. These services will be held at the Community church each Wednesday evening and are open to all residents of the La Crescenta valley.

The Parent-Teachers' association held a special meeting yesterday afternoon at the school auditorium, planning and assisting the instructor of the local school with the Christmas entertainment to be held Tuesday, December 18. The regular meeting of parent-teachers will be held Thursday afternoon, December 27.

Mrs. George Dunlop of Mountain View avenue was the guest of relatives in Hollywood during the week.

Mrs. Charles Wooley of 133 West Mayfield avenue was hostess to her "500" club at luncheon yesterday. Corn flowers and yellow Marguerites were used decoratively and centered the table where places were marked for Mrs. J. Boettner, Glendale; Mrs. Charles Lehman, Fullerton; Mrs. C. Holmes, Lankershim; Mrs. E. Shoaf, Mrs. A. Mathews, Mrs. H. Konold, Mrs. M. Miller and Mrs. M. Scholtz of Los Angeles; Mrs. J. Dean, Mrs. Chas. Bowden, Mrs. Frank Julian and Mrs. Cecil Chapman, La Crescenta.

The entertainment committee of the La Crescenta Woman's club announced a ballroom dance for Saturday evening, December 15 at the school auditorium. Mrs. C. E. Culbertson will be hostess on this occasion and will be assisted by a group of club members. The entertainment committee with the committee on decorations are planning to make this the most delightful affair of the season.

SMART BOBBIE COATS

Three-quarter sport coats for misses are made in camel plaid effects and in the new striped materials, both domestic and foreign. They have a double breasted effect with stitched patch pockets.

Camphor For Sore Eyes

It is surprising how quickly eye inflammation is helped by camphor, hydrastrin, witchhazel, etc., as mixed in Lavoptik eye wash. One small bottle helps any case, sore, weak or strained eyes. Aluminum eye cup free. Roberts & Echols.—Adv.

FRANK BROWN IS BUSY SELLING FRAMES FOR CHRISTMAS

Many persons have had the impression that W. W. Brown of 721 West California, who shot J. M. Barnett, on Thanksgiving after

Barnett, it is alleged, had knocked Brown down three times, is the popular manager of the Piano Exchange, 112 West Broadway.

Frank Brown is the name of said manager and he desires to correct this impression. He is still at the old stand, selling pianos, and of course is sorry that anyone by the name of Brown should be in trouble, but is glad he is not the man. Mr. Brown's troubles now are confined largely to handling his big Christmas trade.

Finale.

COMMUNITY PLAYERS' CLUB HAS PLEASANT EVENING
Glendale Community Players club members and guests enjoyed a pleasant social evening on Wednesday night at the club rooms, 1428 South San Fernando road, with Mrs. E. B. Moore as hostess for the evening. Among the games that provided fun during the evening was an automobile relay race. Dancing and a social time completed the evening's entertainment. Popcorn, apples and coffee were served as refreshments.

WHITE SHRINE TO INITIATE OFFICERS
Initiation and balloting on applications for membership will be held at the regular meeting of Omar Tent No. 9, White Shrine of Jerusalem, to be held Friday night at the Masonic temple. Among other things planned by Omar Tent is a card party at the temple on Saturday, December 15. On December 21 the members will enjoy a big Christmas party. Glendale tent has been invited to put on the initiatory work at Long Beach on December 17.

DETAILS OF J. O. C. CLASS BAZAAR FOR FIRST M. E.

Preparations are being completed today for the J. O. C. class bazaar and dinner to be held on Friday, December 7, at the First Methodist church. Mrs. Martha Warren will be general chairman in charge and will be assisted by the following: Mrs. Katherine Stahl, apron work; Mrs. Lottie Jahns, fancy booth; Mrs. Pearl Bolton, baby booth; Mrs. Irma Nicholas, fish pond; Mrs. C. H. Whitney, candy booth; Miss Elsie Whitney, Junior J. O. C. class home cooked food booth; Mrs. Nellie Davis, kitchen; Mrs. Mae Knox, dining room; Mrs. Inez Hanning, decorations.
The bazaar will begin at 2 o'clock in the special hall of the church. Dinner will be served at 6:30 o'clock and no one will be admitted to the banquet room unless holding a ticket. Tickets will all be 75 cents. The women of the church have made a reputation for themselves over the splendid meals served and a large crowd is expected.

KINDERGARTEN CHILDREN GIVE CHRISTMAS PROGRAM

Children of the kindergarten room presented an interesting Christmas program at the regular meeting of the Doran street Parent-Teacher association on Wednesday afternoon. Mrs. Albert Draper gave a group of delightful vocal numbers, accompanied at the piano by Mrs. W. F. Carroll. Mrs. Clark Johnson, president of the association, urged the members to join the Mutual Benefit reading circle and also announced the Doran street P. T. A. membership drive. The picture for the month went to Mrs. Maxon's room for having the largest percentage of mothers present.

COMMUNITY SERVICE DANCING PARTY TONIGHT

Patrons and patronesses for the Community Service dancing party to be held tonight at the Tuesday Afternoon club house will include Mr. and Mrs. C. C. Cooper, Mr. and Mrs. V. M. Hollister, Mr. and Mrs. A. L. Baird, Mr. and Mrs. Frank C. Ayars, Mr. and Mrs. L. T. Rowley, Mr. and Mrs. Daniel Campbell, Mr. and Mrs. D. L. Grogg, Mr. and Mrs. Charles W. Houston, George B. Karr, Mrs. Busby, Mr. and Mrs. R. N. Tucker. Mrs. C. C. Cooper is general chairman for the evening and Miss Ruth Ryan will have charge of refreshments. Dancing will begin at 8 o'clock and continue until 11:30. The California Oriole orchestra will furnish music.

LITERATURE SECTION HEARS OF WOMEN OF ALL AGES

"Women of Yesterday and Today" and the wonderful things they have accomplished was the subject of a most interesting afternoon's program enjoyed on Wednesday by the members of the literature section of the Tuesday Afternoon club held in the tea room with Mrs. H. C. Wilcox presiding. The members of the section voted to give \$5 for Christmas cheer for the children of a clinic in Los Angeles and also \$5 for the ex-service men and women at the Barlow hospital. Also any gifts of fruit, clothing, books, etc., that the members care to donate they are asked to bring at the next meeting of the section on December 19. Mrs. E. W. Gilliland was appointed chairman of the committee for the ex-service men and Mrs. S. Prince Davis and Mrs. Helen Sawyer as a committee to purchase the gifts for the children.
Roll call was answered by the following members by telling of "A Woman I Admire": Mrs. H. C. Wilcox, Mrs. E. W. Gilliland, Mrs. H. D. Forlier, Mrs. Homer Lockwood, Mrs. Fessenden, Mrs. Edgar Leavitt, Mrs. Helen Sawyer, Mrs. Frankie Webb, Mrs. S. Prince Davis, Mrs. J. W. Walton, Mrs. Chester Woodbury, Mrs. Smith, Mrs. Veitch, Mrs. E. Cleophas, Miss Mary Rhodes, Mrs. J. I. Wernette and Mrs. G. H. Rowe.
Miss Rhodes gave a very interesting talk on "Some of the Outstanding Women of History." This was followed by a talk on "Women of Fifty Years Ago" by Mrs. Edgar Leavitt; "Women of Today" by Mrs. Woodbury. Mrs. Wilcox told of having heard Jean Stratton Porter of Los Angeles recently and described her personality. Brief comments in review of some of the newer books were exchanged by the members and proved very interesting.
At the close of the meeting the hostesses, Mrs. Helen Sawyer and Mrs. S. Prince Davis, served tea and wafers.

GIRLS' LEAGUE PLANS ANNUAL FOOTBALL FEED

The Girls' league of Glendale Union high school is making plans for the annual football banquet. This will take place Monday night in the high school cafeteria. An attendance of about 80, including the members of three teams, is expected. Miss Gwenllilian Warner is president of the league.

KENSINGTON CLUB HAS SPECIAL MEETING

Special meeting of the Kensington club was held Wednesday afternoon at the C. A. R. hall with Mrs. Page presiding. There will be no regular meeting next Wednesday on account of the bazaar to be held on Saturday, December 15. During the afternoon the 15 women present completed tying two comforters.

SOUTH DAKOTANS PLAN BIG PICNIC

The South Dakotans of all Southern California will rally for a mammoth picnic reunion in Bixby Park, Long Beach, all day Saturday, December 8. The officers are planning a great day of sociability with basket picnic dinners, hot coffee, county registers and a brief program. The visiting South Dakotans will be especially welcomed.

DISTRICT CHAIRMEN OF COOPERATION COMMITTEE

Mrs. E. W. Gilliland and the members of the Tuesday Afternoon club's committee on cooperation with ex-service men and women, of which she is chairman, will be hostesses at the meeting of the district chairmen of this committee to be held at the Tuesday Afternoon club house on Saturday morning, beginning at 10 o'clock.

SPANISH WAR VETERANS ELECT OFFICERS FOR 1924

Election of officers for the ensuing year was a feature last night in the K. P. hall, 103 West Park avenue, of the semi-monthly meeting of the local camp of Spanish War Veterans. L. D. Pike of Van Nuys, retiring senior vice commander, was elected commander. Other officers elected were: Charles M. Young, of 116 Magnolia avenue, senior vice commander; Frank E. Peters of 501 East Palmer avenue, junior vice commander; A. E. Merrilow of 334 West California avenue, officer of the day; and Clement B. Hill of Western and San Fernando, officer of the guard. W. S. Ietr of 228 Newland avenue, Los Angeles, is slated for appointment as adjutant. Dr. William C. Mabry of 115 East Acacia avenue, is the retiring commander.

WOMEN'S UNION LABEL LEAGUE TO ELECT OFFICERS

Nomination of officers of the Glendale Women's Union Label league took place at the regular meeting of this organization held Wednesday night at the I. O. O. F. hall with Mrs. Black presiding. The nominations will continue and election will be held at the meeting on December 19.

REV. CHRISMAN PREACHES ON "SIGNS OF THE TIMES"

On Sunday night Rev. C. H. Chrisman, pastor of the Gospel Tabernacle church, will give the second of a series of sermons dealing with the second coming of Christ. The subject will be "Modern Signs of the Times." The sermon will explain how Henry Ford is related to this great question; how divorce, domestic infelicity and youthful criminality were prophesied in Scripture; and how the return of the Jews to their own land is the last "sign" foreshadowing His coming. Rev. Thomas Mosley, baritone, will sing.

MRS. LAUDERDALE TO BE HOSTESS AT SILVER TEA

Mrs. W. G. Lauderdale of 446 Riverdale drive will be hostess at a silver tea to be given at her home Friday afternoon from 2:30 until 5 o'clock for the benefit of the Pacific Avenue Parent-Teacher association.

MRS. GARDNER HOSTESS AT NOON LUNCHEON

Mrs. Harry Gardner of 239 West Doran street was hostess on Wednesday afternoon at a 12:30 o'clock luncheon. Her guests included Mrs. J. Metzger of Yakima, Washington, Mrs. Frank Hart of Colorado, Mrs. Charles Allen and daughter, Mrs. Frank Wheeler of Vermont, Mrs. Elmer Thompson, Mrs. Fannie Barton, Mrs. Daisy Graham, Mrs. Mattie Edwards and Mrs. Fannie Dean, all of Los Angeles. During the afternoon the guests enjoyed playing five hundred. First prize was awarded to Mrs. Dean and second to Mrs. Allen.

JEWISH SISTERHOOD TO MEET AT GROSSMAN HOME

Members of the Jewish Sisterhood will meet at 2 o'clock Friday afternoon at the home of Mrs. I. Grossman, 405 West California avenue with Mrs. W. Tyrell as the hostess. Mrs. Julius Kaufman, who is prominent in civic and educational work in Los Angeles, will give a talk on the triennial of the Council of Jewish Women, held two weeks ago at St. Louis, and from which she returned last week.

NOEL VERNON CARTER WEDS MISS ESTELLA BELLUE

Rev. Louis Tinning, assistant pastor of the First Presbyterian church, officiated at the wedding of Miss Estella Josephine Bellue and Noel Vernon Carter, which took place Wednesday night, December 5, 1923, at the home of the bride's parents, Mr. and Mrs. Joseph E. Bellue, 352 Myrtle street. The young couple were attended by Miss Emily Bellue as bridesmaid and Charles A. Thompson of Eagle Rock as best man.
Mrs. Carter is a graduate of Glendale Union high school and has been prominent in work at the Presbyterian church. Mr. Carter is connected with the Crystal Ice delivery in Glendale. The young folks will make their home at 1009 Virginia place. The ceremony was attended only by immediate relatives and intimate friends of the bride and bridegroom.

FINE NEEDLE WORK TO BE SEEN AT CHURCH BAZAAR

Today and tomorrow a very fine exhibit of needle painting in colors, done by E. B. Clark of Glendale, is being shown at the Congregational church bazaar, corner of Central and Wilson avenues. The work was mostly done by Mr. Clark while in Panama. He has completed with hundreds of women in different places and has won many prizes. There are about forty pieces of work in the exhibit, which has attracted much attention wherever it has been shown. The bazaar will open at 10 a. m. each day and close at 10 a. m. The ladies of the church will have charge of serving dinners.

CARPENTERS' LOCAL HAS SUCCESSFUL MEETING

Carpenter's local No. 563 held a very successful meeting at the Press hall Wednesday night at which A. Muir gave an interesting talk on "Organization and the Progress of the Carpenters' association. During the Past Two Years." Through the courtesy of Mr. Derrick of the I. C. school a motion picture entitled "Heads Win" was shown and proved to be very educational. Mr. Howes, president of the district council and Mrs. Black, president of the Women's Union Label league, each gave an interesting talk, as did Carl Schwitters, president of the Carpenters' local, who conducted the meeting. The entertainment committee, Messrs. Hall, Black and Thompson, wishes to thank all the speakers and workers who help to make the meeting such a huge success.

Miss Harriet, daughter of Mr. and Mrs. H. A. Tally, 309 West Elk, is slowly convalescing in the Glendale Sanitary hospital, after a serious operation. She will be removed to her home in a few days. Miss Tally is one of Glendale's charming "hello" girls.

Donald Patterson, son of Mrs. J. R. Bullis, 323 Road's End, is permanently home from the navy. He has been four years in training, most of his time having been spent on the U. S. destroyer

NEW PRESBYTERIAN CHURCH IS NEAR COMPLETION

A large force of workmen are busily engaged in the completion of the new Glendale Presbyterian church in anticipation of the dedication services on December 16. Beginning last night there will be a night and day shift of men so that the work will go on continuously until it is completed. At present the workmen are finishing the hardwood flooring. The surfacing has been done and the permanent stain is now being applied. The oak pews are being installed in the balcony and in a few days the men will begin to place the pews in the main auditorium. A splendid and beautiful new chandelier is being hung and when completed it will flood the entire auditorium with a soft, mellow light. This chandelier weighs over a thousand pounds and contains a variety of the most beautifully tinted art glass. It is illuminated by seven one-thousand candle power lights in addition to a number of smaller lights.
All else has been set aside by the congregation, pastor and officials to make way for the plans for the dedication services. All the members of the congregation have been looking forward for many months to this time and are awaiting with eager anticipation the consummation of their hopes.

JOHN S. MCGROARTY'S NEW HOME TO BE OPENED DEC. 8

The new home erected by Mr. and Mrs. John Steven McGroarty of Tujunga to replace the famous cottage destroyed by fire, is to be opened to the home folks of Tujunga for a house warming on Saturday afternoon, December 8, 1923, 2 to 5 p. m.
"Realizing a widespread interest in this happy event, far beyond local community lines, the Tujunga Women's club has suggested that the invitation be widened to include all members of the Women's clubs of Southern California and interested friends everywhere, to which the McGroarty's have gladly assented.
The new McGroarty home is more than a house. It is in fact an institution. It is built on lines to accommodate gatherings of the hill folk and the philosophical conferences that are radiated weekly through his writings.
This letter therefore is an invitation from the Women's club of Tujunga to members of affiliated organizations and friends of Mr. McGroarty everywhere to make this house warming an opportunity for a little journey to the home of our beloved poet-philosopher."

OPEN FORUM TO DISCUSS LIGHTING
A subject of great local interest will be discussed at the Los Angeles Open Forum, 233 South Broadway, next Sunday night, namely, "The Los Angeles Electric Power Project." Three reels of motion pictures entitled "White Magic" and "Taming the Giant" will be shown, after which Mr. Burdette Moody of the City Bureau of Power and Light will give the address. On account of the showing of the pictures, the usual musical program at the opening of the meeting will be omitted, and the showing of the film will begin at 7:45. The lecturer will explain the Boulder Canyon project for tapping the Colorado river to create electric energy for Southern California, and to enable the farmers to secure cheaper water for irrigation purposes. As a bond issue touching this matter will soon be proposed, every citizen should be intelligent as to just what is going to be undertaken in the way of providing cheaper power, light and water for the people of this area.
If anyone doubts whether the Los Angeles Forum is a going concern, he should have been present last Sunday night when the Music Art hall was crowded with people to hear the debate on Criminal Syndicalism by four students of the University of Southern California. The enthusiasm ran high all through the meeting, and the young men acquitted themselves well with such a difficult subject to handle.

Wood. He has been stationed in San Diego for the greater part of his four years.

Truths in Epigram

An interrupted influence is as good as lost.—Richter. That man will be a benefactor of his race who shall teach us to manage rightly the first years of a child's education.—Garfield. He that marries a wife, and he that goes to war must necessarily submit to anything that may happen.—Italian proverb.

JUVENILE DELINQUENCY

Much consideration is being given the subject of juvenile delinquency. The subject forces itself upon the attention. When boys and girls are running wild, disregarding parental as well as statutory authority, the situation could not very well escape notice.

There is no doubt that city life is demoralizing to the young who are permitted without guidance or restraint, to plunge into it. They soon experience a dulling of the perceptions, causing them to lose the sense of proportion and of values.

Theorists on the rearing of children are much to blame. They teach that the child mind should be permitted to expand unhampered. They assert that to say "don't" to an infant is to outrage the budding personality.

Children who are not taught to respect the law of the household will not respect any law. They are not being trained to useful lives, but to careers of failure and crime.

POISON WHISKY

In one week eight persons died in Philadelphia as the direct result of drinking poison whisky. In one place where the police sought for a still producing the deadly stuff, they found the body of one of the customers who had arrived ahead of them.

It hardly is to be supposed that the death of the type of citizens who are willing to risk life for the sake of a drink, represents a loss to society. Nevertheless, to kill them makes the bootlegger a murderer, and brings him under condemnation for an offense more serious than the defying of prohibition laws.

When the stuff peddled by the bootlegger is recognized as deadly, the character of it is likely to be the basis of reform. The individual not an utter dipsomaniac, will refuse to partake.

Boys are not likely to acquire a taste for alcohol from the available means of indulgence. Soon there will be a generation, some scientists believe, that will have no desire to get drunk, or even to drink.

THE FLYING FLIVVER

There are calls for Henry Ford to do for the air what he has done for traffic on the surface. He is told that the task of supplying the populace with flying flivvers, just naturally falls to him.

No evidence exists that the populace needs the means of flying. Perhaps it would be well to wait at least until they had learned to run automobiles without leaving the right-of-way cluttered with dead and maimed. Contemplation of the same intelligence that now sits at the steering wheel, suddenly elevated to the guiding of an airplane, calls to mind slaughter on a scale never yet attained.

To rail against innovations may be deemed old-fashioned. Nevertheless, it is worth while to consider the speed at which humanity moves now, and to conjecture if this is not due to as swift a type of locomotion as circumstances demand, or that reasonable regard for safety, makes feasible.

That long journeys, even across the ocean, ultimately are to be through the air, seems more than probable. Changing conditions manifest such a trend. That the individual is to need his personal flying machine in order to reach the office, does not follow.

Perhaps the art of flying will be common some day, but that the day is distant may be assumed.

THE MONROE DOCTRINE

Just as President Coolidge goes on record as well coming the general recognition of the Monroe doctrine, there comes from Europe a bit of news construed as inimical to this doctrine.

for the construction he has put upon it does not appear. The understanding that Italy and Spain may find agreeable, so long as no manner destructive of peace, will not be taken to concern the United States particularly.

The United States is far from desire to meddle in Europe: Such part in adjustment of affairs as it might be willing to take there, will be taken in response to European wishes, and not in opposition to such wishes.

It does not ask the aid of Europe in control of the western continent. On the contrary, it has asked in tones not to be mistaken, that Europe keep hands off, which Europe, having plenty of trouble at home, will do.

It is not singular that Mussolini should be quoted as saying Italy would raise no difficulty with regard to giving de jure recognition to the soviet government of Russia.

Doubtless the race driver whose machine recently killed two spectators is deeply grieved by the tragedy. It is not likely that the accident will have the slightest effect upon speed contests.

LIFE'S CHECKING SYSTEM

Last week a man who is known throughout the civilized world was sentenced to a long term in the penitentiary.

The day was when he was famous. Notoriety followed fame and disgrace notoriety, because the fame had been spurious, based on false records and false reports.

The man was an explorer and he found it simpler to say that he discovered something than to do the work of discovery. As few people frequent the waste places of the world the chances were many against his faking ever coming to the knowledge of his victims.

But honest men do honest exploring at great cost to themselves, and honest men indignantly exposed the faker. Some people believed the honest men; some stood by the faker, but public confidence was shaken.

More shabby fame, a generous donation of shingles and the man's faith in the value of dishonesty was strengthened. The years went by and falsehood seemed to him a paying policy.

But life has a curious way of checking up on us. Information comes through many, divers and surprising channels; also the world is full of people who resent being bunked and of others who refuse to be defrauded in meekness.

To succeed in dishonesty, to escape the first time and a series of times to follow, is not luck. Each escape leads the fraud deeper into the mire.

The mills of the gods employ expert book-keepers and the management back of a complicated world can not be defrauded.

WATCHING THE PARADE

Any time that money gets into the conversation Tom Keegan runs away with it. The conversation, I mean. He is what might be called an expert on money, for he has been our town's chief banker for forty years.

"I've been running through the books," said Tom. "And I've made a discovery. Nothing new in it, maybe, but new to me."

"Most of us," said he, "work like the dickens up to our sixteenth year so that we can live in reasonable comfort thereafter. Nine men out of ten just manage to put enough away in their first sixty years to dodge charity for the other ten they are entitled to. It isn't fair."

"No, sir," said Tom. "The whole scheme of things is wrong. Just think of the fun a fellow could have if he could quit the game at thirty—"

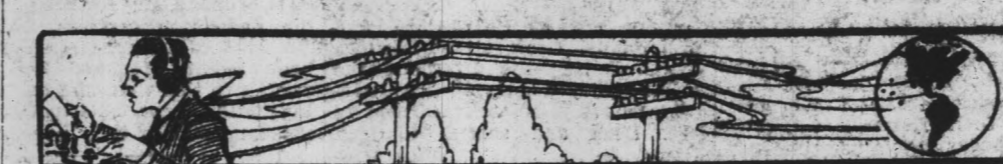

THE LISTENING POST

Step on it. Nobody is looking. No speed officer near. The road is clear.

JAMES W. FOLEY

So step on it. What is twenty-five miles an hour? Send her up to fifty. No danger. A pleasant thrill. Fifty miles an hour can be accomplished with safety. Nothing in the road. Easy to put on the brakes. Step on it. Whether it be motoring or something else. This is the age of speed. The cautious folks are old-fashioned. Out of date. They belong to a past age. Like the fossil beasts. Not at all up to date.

Songs of the Poets

The Grave of Love—By Thomas Love Peacock. I dug, beneath the cypress shade, What well might seem an elfin's grave; And every pledge in earth I laid, That erst thy false affection gave.

LEARNING BY LIVING THROUGH

THERE are several ways of learning things, but the best way is to live through them. Speaking of the race of the commonality of mankind, that is about the only effective way it learns anything. What a vast deal of things the human species has lived through!

OBSERVED AT A GLANCE

Certain elements of congress point proudly to their intention of bringing about a deadlock. And they think they are progressive. A man's house is his castle except when it is a roadhouse. There is marked opposition to the theory that an orderly dance becomes disorderly through mere arrival of the midnight hour.

EASTERN POINT OF VIEW

THE VANISHING MOOSE [Philadelphia Public Ledger] The good, brave days of 1912 and even 1920 are no more. The Bull Moose chant no longer stirs to mighty impulses. If Hiram Johnson does not know it now, that conviction is about to be borne in upon him.

Modern Version of New Testament

By EDGAR J. GOODSPEED THE GOSPEL ACCORDING TO MARK "See!" he said, "We are going up to Jerusalem, and the Son of Man will be handed over to the high priests and scribes, and they will condemn him to death and hand him over to the heathen and they will ridicule him and spit on him and flog him and kill him; and three days after he will rise again.

Massive Flat Tread
Provides perfect traction. The weight of the car resting upon it compresses the rubber so tight that punctures and snags are practically unheard of.

Suction Cups
Grip the wet pavement and prevent slipping. The "musical hum of security" made by the gripping cups tells you that you are protected against skidding.

Sharp Edges
Prevent side slipping, and the square tread wears down evenly. The tire retains its nonskid efficiency until about three-fourths worn out.

WESTERN GIANT

HOW "Western Giant" Cords PREVENT SKIDDING!

In your tires rests your safety!

No matter what precautions you take to prevent skidding, you cannot entirely succeed, unless the tread of your tire is specially designed to combat the dangers of slippery pavement. Look at the tread of the Western Giant Cord! Note the action of the cups, bars and edges. This combination gives you the SUREST NONSKID tire obtainable.

Try Western Giant Cords on your rear wheels. Experience for yourself the security these tires will give you during the winter months. Remember, too, they cost less than other fine tires.

FINAL PAYMENTS TO HOME BUILDING CO. MEETING WITH FIRE VICTIMS' DEPENDENTS MUCH FAVOR

The following letters, dated December 5, 1923, have been sent to Mrs. Johanna Edwards and Mrs. J. W. McGahan, respectively, by Mayor Robinson:

"Dear Mrs. Edwards:
"The Chamber of Commerce Relief Fund committee has just rendered their final accounting of the money which they have collected on behalf of yourself and Mrs. McGahan, as a small evidence of the sympathy which their members feel for you on account of the loss of your son.
"Glendale has not forgotten that these two boys died for their home city. I do not believe that our people will ever forget the supreme sacrifice which they made for us, and it is accordingly with great pleasure, as well as sincere sympathy, that on behalf of the contributors, I now turn over to you the enclosed check for \$2,259.10. May this small contribution be a renewed evidence to you of the deep appreciation felt by us all."

"Dear Mrs. McGahan:
"The Chamber of Commerce Relief Fund committee has just rendered their final accounting of the money which they have collected on behalf of yourself and Mrs. Edwards, as a small evidence of the sympathy which their members feel for you on account of the loss of your husband.
"Glendale has not forgotten that these two boys died for their home city. I do not believe that our people will ever forget the supreme sacrifice which they made for us, and it is accordingly with great pleasure, as well as sincere sympathy, that on behalf of the contributors, I now turn over to you the enclosed check for \$2,284.10. May this small contribution be a renewed evidence to you of the deep appreciation felt by us all."

Tommy had been warned by his nurse as to the awful results of biting his nails, but all to no avail, so, as a last resource she decided upon harder measures to cure him of the habit.
"If you persist in biting your nails," she said, "you will swell out like an air balloon."
Tommy believed, took heed and did not bite his nails for two whole days. On the third day his mother was giving a party and Tommy, on his promise of good behavior, was allowed to partake of tea with his mother's guests.
As soon as tea was over Tommy edged close up to a very corpulent visitor, gazed at her in silence for a few moments and then exclaimed, in a loud, awestruck voice: "I see you bite your nails."

Editorials by the People

To every "Glendalian":
You should go to the football game on Saturday. Now here's why. Before I continue, I want to let you know that I have seen the Dynamiters play all scheduled league games, and then saw them play San Bernardino and on top of that another Santa Monica to the tune of 27 to 0.
Each game that the boys have won, has drawn more Glendalians to the next game. Last Saturday there were about 4000 boosting Glendale at Patterson field. They all went home with the feeling that it was the best 50 cents they had invested for some time and that the time they had spent witnessing the contest was well rewarded. In conversation with a Glendalian who had seen the game, he said, "I wouldn't miss the Glendale-Long Beach game for any money." That sounds a little strong but he really meant it and those words came from his heart.
I probably feel a great deal as he does and it wouldn't make a bit of difference to me if the boys didn't stand a chance to win. I would go just the same and yell just as hard. In all the different states that I have visited, including the one where I attended high school, I have never seen a high school team play as these boys do. To say they are plucky is putting it mild. They are quick, brainy, sturdy and healthy and clean. Everything that goes to make a good citizen is imbedded in the lads that are making Glendale a center of attraction. A good example was the San Bernardino game. The Saints had Glendale defeated by a score of 10 to 9 up to the last few minutes of play and were fighting as hard as they could to hold Glendale until the whistle blew. The Glendale boys were fighting as hard as they could, until the loyal bunch of Glendalians, numbering about 400, rose to their feet and pleaded for victory. The sturdy Glendale team seemed to take on new energy and looked "Thank you" all over, for the little encouragement they had received. Did they win that game? I'll say they did. In the face of being outweighed seven pounds to the man, they took new hold on the pigskin and converted the defeat to a victory of 15 to 10.
Did the boys appreciate the encouragement they received in the few minutes of play? You just ask them. They are going up against one of the strongest aggregations in Southern California this coming Saturday and they are going to play for the Southern California title. The circulation of this paper is in the neighborhood of 7000, to the best of my knowledge, meaning that there are about 30,000 readers. There should be 20,000 rooters at that game.
There is going to be a mass meeting in the Glendale high school auditorium, Thursday night, open to the public, and if you so wish you are invited to attend and learn the yells and songs and help root. No matter how old you are, you were young once and after attending the coming game you will feel young again. Be there to help them and they'll reward you with a good clean, lively game of football, and that is not all—The Scott high school of Toledo, Ohio, unofficial national champions of the high school aggregations, have come through with a proposal to play the winners of this contest. THINK that over.
N. D. GARVER,
309 S. Brand.

GLENDALE PRESS BLDG., 7:45 P. M.

Over 1400 Publishers Belong to the A. B. C.

THE Glendale Daily Press is one of the many progressive publications, members of the Audit Bureau of Circulations, that have adopted an open and "Above Board Circulation" policy. A. B. C. reports lay before advertisers vital circulation facts that have been checked and verified by trained circulation auditors.

Among A. B. C. publications it is possible for advertisers to compare detailed circulation data as to city and suburban circulation, trading territory, contests, premiums and other points of interest to advertisers. Only under this plan can they buy space with a full knowledge of the Pertinent Facts. They can have confidence in the effectiveness of their Campaigns.

Before the advent of the A. B. C. advertisers were forced to depend upon hearsay information and "Sworn Statements" of circulation. Detailed figures were not available. Today buyers of space look to the A. B. C. for solid unbiased circulation information and select their advertising mediums accordingly.

You can secure such Facts on the Glendale Daily Press by referring to the latest A. B. C. Report. A copy will be gladly furnished on request

(WRITE TO THE AUDIT BUREAU OF CIRCULATIONS, 202 SOUTH STATE STREET, CHICAGO, FOR A COPY OF "THE MEASURE OF YOUR MESSAGE")

SPORT - O - GRAMS

DAILY PRESS SPORT PAGE

OXY BASKETBALL PROSPECTS BRIGHT

Although Occidental did not lead the conference in basketball last year, prospects are very bright for a championship team this year.

Several days ago we expressed in this column certain remarks in regard to the mythical "All-American" football teams picked at the close of each gridiron season.

When we wrote on the mythical players of the past we remarked on the strange lack of western men on these teams. This seems to hold true of Thorp's selections.

For the pipe smoker For the man who prefers a pipe to a cigar or a cigarette, there is a stand that contains a tobacco jar of dull green and a clever contrivance to hold four pipes upright.

LONG BEACH WRITERS TELL WHAT THEY THINK OF COACH HAYHURST'S GLENDALE TEAM

Beach Scribes Give Jackrabbits the Edge in Every Department of Game—Underestimate Power of Dynamiters

Robert Burns, that beloved bard of old Scotland, once observed: "O, wad some power the giftie gie us to see ourselves as others see us."

It seems that the Dynamiters are not held in very high repute down Long Beach way. The inhabitants of the beach city are of the opinion that Glendale's appetite for rabbit pie will be unsatisfied Saturday night.

It seems that the Long Beach writer is judging the Glendale eleven from its performance against Santa Monica last Saturday. While the Dynamiters defeated the Santa Monica gridder in a decisive manner by a 27 to 0 score, they did not open up and show any of the stuff by which they won their difficult games during the season.

BURBANK FIGHT FANS WILL HAVE TREAT TONIGHT

Here is the de luxe card as arranged by Al Barton for his mitt show at the Burbank armory tonight:

Gilbert Gallant takes on Cyclone Kelly in the main event. Gallant is the man who put up such a wonderful scrap with Battling Ward a few weeks ago and this event should be a whang.

Tonight's show will undoubtedly attract a great mob as the card is excellent in every respect and claims of several of the scheduled fighters as to the championship of various classes will be definitely settled.

Beach will have the edge, despite the fact that Glendale is credited with having the fastest set of prep backs in the south. Then, telling about the wonderful work of Walton, he says: "It is doubtful if he has anything on Captain Hill of the Jackrabbits."

JACKRABBITS LOOK MIGHTY GOOD, BUT DYNAMITERS ARE EVERY BIT THEIR EQUAL

Dynamiters, Outweighed by 20 Pounds, Are Given Even Chance in Fight With Long Beach for Title

Long Beach Polytechnic high school, champion of the Coast League and victor over Santa Maria and Sweetwater on the first two games of the playoff, will present the strongest team the Glendale high school footballers have had to face yet this year when the two teams meet in the Los Angeles Coliseum Saturday to decide the prep title of Southern California.

The Long Beach bunch outweighs Glendale by an average of 18 or 20 pounds, and depends on its weight, plus the work of Morley Drury, fullback, to subdue the Dynamiters. Glendale, however, will not be the under dog, as the Dynamiters have defeated several teams greatly outweighing them this season.

Morley Drury, 190-pound fullback, is rated as the star of the team. His line plunging featured the games against Sweetwater and Santa Maria. He does the punting and can pass or receive the ball. He should easily make the majority of all-state teams.

POMONA CASABA MEN GETTING BUSY

Light will be thrown on the Pomona college basketball situation when the Riverside junior college will invade Claremont for the first practice game of the season, Saturday night.

The Riverside crew is always a formidable contender in the Southern California Junior College league, and is reported to have a speedy outfit this year. The Sagehens, therefore, will have a big contract on their hands to hold the Riverside team after so brief a period of preliminary practice.

Last night was the first full-strength practice of the season, and about 30 men trotted out on the gymnasium floor at Coach Carl Schott's whistle. Although practice was ragged and showed a discouraging lack of teamwork, there seems to be material enough to indicate a fairly successful season ahead.

Only one prep team has scored a touchdown on Long Beach this season. Pasadena put the ball across the line with the aid of a heavy penalty that gave the Crown City team the oval right on the Long Beach goal line. Long Beach defeated Santa Ana, Fullerton, San Diego and Pasadena in winning the Coast League title.

JUGOSLAVIA TO MAKE DEMANDS ON ROUMANIA

[By Associated Press] BUCHAREST, Dec. 6.—A lively sensation has been created in the Roumanian capital by the publication in Beigreaz Tribune of an article outlining new territorial demands to be made on Roumania.

You Are Reading This; Why Would Not a Prospective Customer?

TODDLERS HAVE FRIEND IN DR. ARNOLD GESELL

Toddlers, the children of from two to six years old, who have been more or less neglected as far as adequate legislation and organizational care for the safeguarding of their health is concerned.

"Children can not select their parents. Birth carries an inalienable right to existence."

So says Dr. Gesell, in discussing all phases of the "Dangerous Age." The runabout child, he declares, has for years been a sort of wanderer in the "No Man's Land" of childhood.

WORLD WAR GAVE RIGHTS TO CHILDREN

While the world war caused untold suffering to millions of children, it served to give new rights to millions of others, according to Ellwood P. Cubberley.

"In England in particular, but also in France, Belgium, and other countries as well, an entirely new attention to child welfare and hygiene has been given, by direction of the State."

"Any adequate attention to child health must go back to the pre-school age child to begin, though the work must really begin with mothers and babies and lead up to a close connection with the kindergarten and primary school."

You Are Reading This; Why Would Not a Prospective Customer?

Glendale's Sewer

(Continued from page 1)

discharge into the present sewers of Los Angeles at Sixth and Utah streets, and is to be connected as soon as possible to the Los Angeles Outfall Sewer leading to the ocean.

The route of the sewer as described in Article I, has been carefully surveyed by the city engineering department.

WHAT OTHER FOLK THINK

Mrs. Mable Tight, North Glendale avenue:

"I am strong for the sewers, and will back up my convictions with work. Glendale needs and must have sewers."

Attorney Owen C. Emery, 106 A East Broadway:

"I am certainly in favor of voting the bonds. If these bonds are not voted it will be a big mistake."

"I am very much in favor of voting sewer bonds. Sewers are absolutely essential to the growth of the city."

SPANISH WAR VETS INITIATE NEW MEMBER

In addition to last night's activities of the Spanish War Veterans reported in the society column.

SPECIAL INVITATION TO SCIOTS' DANCE

"A special invitation is extended to all who desire to dance to the best music in town."

BUILDING PERMITS

Almost \$38,000 worth of building permits were issued yesterday at the city hall.

OLD STANDBY OF SPEAKERS EXPLODED

CHICAGO, Ill., December 4.—Dr. Frank Nugent Freeman, Professor of Psychology at the University of Chicago.

quilt appears in the Century Magazine for December.

"What the army tests show concerning the intellectual capacity of typical Americans," he writes.

EDMONTON, Alberta.—Since January 1st to date the City Commissioners report that the city land department has done considerably more business than for the whole of last year.

PRESENT CONGRESS TO CONSIDER MUCH NEW LEGISLATION

[By Associated Press] WASHINGTON, Dec. 4.—Members of the 68th Congress assembled yesterday for a session which, in the opinion of leaders, will be a much more active legislative history.

While Congress must devote itself primarily to the passage of the annual appropriation bills, leaders foresee a multiplicity of subjects to be dealt with.

Some elements in both the House and Senate still contend it would be unwise to tamper with the tax statutes, while others are determined to make a bold fight for revision.

Secretary Mellon's warning that passage of a bonus measure not only would prevent a reduction in taxes, but likely would result in heavier taxation during ensuing years.

The inquiry of the special Senate committee into the Veterans' bureau affairs is expected to result in legislative action designed to make that agency more efficient.

As regards the railroad situation, one element in Congress is expected to propose an effort to amend the transportation act.

Caring your Golf Troubles

Dear Mr. Barnes: In driving, when the club has backswung and nearly so, is the downward swing started by pulling down the left arm by the arm muscles on the left shoulder by a twist of the body? Would you kindly describe the action of the forward swing in some detail?

The club is started down from the top of the swing by a combination movement of which a pull from the left shoulder is a part. In addition to this, there is an action of the wrists that causes them to recover the position relative to the forearms that they occupied in the address.

There should be no downward pulling movement by the arm muscles in starting the club down. As a matter of fact, this is a rather common fault, which is a bending of the left arm at the elbow, and later a dragging of the hands down in too close to the body, whereas they should follow the same path down that was traveled in going up.

Should be started with a pull from the left shoulder I want to add a warning of this kind. This does not mean to begin to turn the body too quickly.

Should be started with a pull from the left shoulder I want to add a warning of this kind. This does not mean to begin to turn the body too quickly.

"GREEN GODDESS"
AUTHOR IS SURE A
ROLLING STONE

Forrest Halsey who made the screen adaptation of "The Green Goddess," that really remarkable photoplay which is to be shown at the T. D. & L. Theatre Friday is a rolling stone plus.
Born in the historic town of Fredericksburg, Va., young Halsey didn't even finish his education before he decided gathering moss was no business for a regular fellow.
Every week-end Forrest went to New York and being of an observant nature saw that the young artists in and around Greenwich Village were having all the fun, so he immediately decided to study art during the day and drama at night.
It was only natural that a young man of Forrest Halsey's type would sooner or later find himself in Paris.
By this time Mr. Halsey had acquired such tastes that an artist's income was far from being adequate. So he decided to go into business and determined to make Wall Street his oyster and open it to the issue of a couple of millions. He did get the first million but lost it in sending it after the second.
Then in order to soothe his landlady, Mr. Halsey sat down and wrote all day to convince her he was working. Much to his surprise the magazine editors liked his stuff. They said it was great fiction. As a matter of fact it was all truth.

Foley's Friendly Fancies

THE NEW GRACE

Now Little Mischief turns to Goodness sweet,
Some marvelous change has come to him
somehow.

To run me errands how his little feet
Go scampering everywhere the livelong day.
No task too hard for him, no run too long,
And how his little eyes just beam with cheer,
All through the house he runs with merry song,
And so I know that Christmas is quite near.

He goes to bed without a single sigh,
And he is up at dawn and wide awake;
I see him as he runs so swiftly by,
And in my soul there is a fearful quake
Lest too much goodness shall destroy him quite,
His "thank you" and "excuse me" are so
clear,
And then his "now I lay me down" at night—
Yes, Christmas surely must be very near.

He pores above his books, each thumb-marked one,
No scholar ever loved his work as well,
A very marvel he from sun to sun,
No sliding down the banisters or yell
Or shout or anything that's rough and loud,
So lovable he is and fine and dear,
With some rare grace and new he is endowed—
So sweet he is—and Christmas coming near.

JAMES W. FOLEY

DEAR DAD IS ASKED TO SEND IN A CHECK

The following letter, addressed to "Dear Dad," has been sent out to a great many Glendale dads:
"If you missed the November regular meeting, you have only yourself to blame! All I can say is that we had the largest and most enthusiastic gathering of fathers ever held in Broadway school—we are now well under way and have supervised a number of additions to equipment (including athletic, landscape and interior).
"You may be one of the fathers who has unintentionally 'forgotten' to do his share. You really owe it to your own boy or girl to not only come to all the meetings, but to contribute as much as you can afford to the fund for new equipment. We are handicapped for sufficient funds to do all we want to do here in Broadway and I suggest that the very first thing you do is to enclose a check for all you can spare. Broadway is more than your children's school. It is your school and deserves every bit of your support.
"Thursday night, December 6, all the fathers are going to the community building in Sparr Heights, out Verdugo road way. We are going to have a radio and card party for fathers only. To cover actual expenses the admission has been agreed upon as 25 cents per person. By all means plan to come out and bring along the dads who live near you. It's going to be a hum-dinger—just a social evening for Broadway dads!
"Thursday evening, December 13, will be the December regular meeting of the P.T. A., mothers and fathers, in joint session, at Broadway school. This also means the annual Christmas program given by the children of Broadway school. Come early if you expect a seat."

CLAUDE KING HAS ACTED NEARLY ALL OVER THE WORLD

"Play in America Last" might have been the slogan of Claude King, chosen by Charles Brabin for an important role in "Six Days," the Elinor Glyn story coming to the Gateway Theatre today.
Before he came to New York to support Ethel Barrymore in "Deceit" he acted in almost every other country on the globe.
King has played in India, Burma, the Malay States, China, Japan, the Philippines, Egypt and the Mediterranean countries, Africa, Australia, Tasmania and New Zealand. In 1910 he joined Granville Barker's famous London theater. When war broke out he enlisted as a "Tommy" and came out a major. Then he was sent to the United States with the British Mission of the Red Cross, and liked the country so well he returned to act with Ethel Barrymore in "Deceit."
As a major of British artillery, Claude King fought in the Battle of Arras over the very territory that will be the locale of an important sequence of "Six Days." King plays Sir Charles Chetwyn in the picture version of Elinor Glyn's story.

Elinor Glyn's romance of two continents in one of the most dashing delightful stories you have ever seen on the screen. It has that dash of spice you love—and more thrills than you ever thought could be crowded into one great picture.

Aged Worker Escaped Injury in Quake

[By Associated Press]
TOKIO, Dec. 6.—One of those who escaped bodily harm in the Japanese earthquake and fire was Madame Kajiko Yajima, the 90-year old suffrage advocate and president of the Japanese Christian Women's Temperance society.
After her home had been damaged by the earthquake she was removed by 10 girls to the residence of Marquis Kuroda, when she was obliged to flee, because of fire, to the First Regiment barracks. Later she was assisted to the Women's Refuge Home.
Mrs. Yajima represented Japan at the international conference of Women's Temperance societies in the United States in 1906.

"WIFE'S ROMANCE"
STAR CERTAINLY
A MAN OF PARTS

Wedgewood Nowell, who has one of the principal roles in "A Wife's Romance," Clara Kimball Young's newest vehicle, is a man of parts—many of them.
Mr. Nowell is a direct descendant of Josiah Wedgewood, celebrated master of ceramic art in England, and of Sir Roger Nowell and of Increase Nowell, first secretary of the Massachusetts Bay Colony.
He is a musical director and a

JAPAN HAS A FIRE BRIGADE OF WOMEN

[By Associated Press]
TOKIO, Dec. 6.—A fire brigade composed entirely of women has been organized in the village of Aostuna, Akita prefecture. The new brigade is made up of women from 20 to 30 years old and is being trained in every department of fire fighting. This is said to be the first women's organization in Japan for protection against fire.

Cured His Rupture

I was badly ruptured while lifting a trunk several years ago. Doctors said my only hope of cure was an operation. Trusses did me no good. Finally I got hold of something that quickly and completely cured me. Years have passed and the rupture has never returned, although I am doing hard work as a carpenter. There was no operation, no lost time, no trouble. I have nothing to sell, but will give full information about how you may find a complete cure without operation. If you write to me, Eugene M. Pullen, Carpenter, 176 K Marcellus Avenue, Manassas, N. J. Better cut out this notice and show it to any others who are ruptured—you may save a life or at least stop the misery of rupture and the worry and danger of an operation.—Adv.
