# PREFACE

## INDICATIVE BAROMETERS OF BUSINESS, SHOWING THE IMPORTANT RELATIVE POSITION OF GREENSBORO, NORTH CAROLINA, AS A COMMERCIAL AND INDUSTRIAL CITY

### THE STATE

North Carolina ranks fifth in the United States in the value of agricultural products and in the value of manufactured products is exceeded only by Missouri and Texas among seventeen Southern States. Its factory output in 1923, according to "Commerce and Industry," Volume 2, No. 8, published by the University of North Carolina Extension Division, was \$951,910,000.00 from 2,602 plants. (79% of this production is in the Piedmont section.)

"Federal tax collections in North Carolina (year ending June 30th, 1924), were \$7,694,082 IN EXCESS of the total collections of Virginia, Tennessee, South Carolina, Georgia, Florida, Alabama, Louisiana and Mississippi." (Statement of United States Commissioner of Internal Revenue.) These barometers indicate the importance of North Carolina as a progressive State.

### THE PIEDMONT PLATEAU

Seventy-nine per cent of all the industrial establishments of North Carolina are located on the bench-land which extends from the foot of the Appalachian Mountains to the eastern coastal plain, known as the Piedmont Plateau. About the same relative percentage (79) obtains with regard to commercial, civic, and financial establishments which the demands of industry have made necessary. About \$700,000,000 worth of manufactured goods are produced annually in this area, according to 1920 census report on manufacturers (Vol. X) and approximately \$198,000,000 worth of domestic merchandise was distributed and consumed in 1925 within fifty miles of Greensboro. Various economic factors combined to account for this remarkable concentration of commerce and industry.

### THE CITY OF GREENSBORO

The city of Greensboro is the county seat of Guilford County and is situated in the very heart of the Piedmont Plateau industrial area.—"The Pivot of the Piedmont." It is only an overnight ride in the train from New York (6:40 P. M. to 8:30 A. M.)

### POPULATION—UNITED STATES CENSUS FIGURES

1890.....	3,317
1900.....	10,035
1910.....	15,895
1920.....	19,861
1923 (Special Census).....	43,525
1925 U. S. Census Estimate....	47,320
1926 U. S. Census Estimate....	48,500

An estimate based upon an actual canvass by disinterested enumerators for this issue of the City Directory placed the population July, 1926, at 49,140.

### CLIMATIC CONDITIONS

Greensboro has neither the rigors of the North nor the languor of the tropics.

#### United States Weather Bureau Reports for Greensboro

Elevation—843 feet above sea level.

Normal average annual temperature.....	58.	8°	above zero
Normal July temperature.....	76.	5°	" "
Normal January temperature.....	38.	°	" "
Maximum of record.....	101.	°	" "

--	--------------	--------------	--------------

*a*This figure as of June 30, 1926.

*b*This figure as of July 1st, 1926.

*c*Estimate of new assessment.

*d*This figure as of May 31st, 1926.

*b*\*This figure as of July 1st, 1926, indicates normal volume of permits for the first half of 1926. This includes a new 14 story office building being built by the Greensboro Bank and Trust Company, a new passenger station, and a new 14-story hotel, but does not include a new theatre, one 7-story office building and a 9-story bank building to be constructed this year.

### HIGHWAYS AND PUBLIC UTILITIES

There are in Guilford County 147 miles of state and county hard surface highways and 502 miles of improved soil roads. In Greensboro there are 110 miles of paved streets, and 14½ miles of electric railways, 125 miles of sewer, 115 miles of water mains. City area is 10,817 acres. The 9,684 electric meters and 3,853 gas meters in use in the city limits and more than 7,335 telephones indicate the extent of public utility service. The city owned water system includes three reservoirs with a capacity of 1,023,000,000 gallons to deliver six and one-half million gallons every twenty-four hours, serving 7,200 connections of which 7,000 are on meters.

### EDUCATIONAL CENTER

There are 23 modern school buildings in Greensboro, accommodating about 12,000 pupils, in addition to 6 colleges with approximately 4,500 students (including summer sessions). The North Carolina College for Women, with approximately 1,700 students is the largest. The summer session accommodates about 1,700 students. Guilford College, a Quaker institution, founded over a century ago, is six miles away, while Elon College, Oak Ridge and Whitsett Institutes are in nearby neighboring towns.

### MUNICIPAL GOVERNMENT

Greensboro has a Councilmanic—city-manager form of government. The Council is composed of successful business men—the president of the largest manufacturing plant, the largest insurance company, the largest wholesale house, the largest wholesale nursery, a publisher, a lumberman, and a mill operator. These represent the highest type of citizenship. They have given conspicuous and unselfish service, which is reflected in the remarkable progress that the city has made.

### TRANSPORTATION, POWER, MATERIALS, MARKETS AND LABOR

Greensboro possesses the basic elements necessary for successful business. Direct double trunk line of the Southern Power System and enjoys low power rates. Many raw materials are supplied from nearby resources. The 550,000 people within a radius of fifty miles furnish attractive markets for many manufacturers. They consume approximately \$198,000,000 worth of merchandise annually. Native white labor and intelligent colored help is available. The foreign-born population is less than 1% and the negro population less than 20%. There has never been an organized industrial strike in the city's history.

### BANKING AND FINANCIAL

#### Combined Bank Statement

Combined capital and surplus.....	\$ 3,763,881.86	\$ 3,943,587.11
Total resources.....	29,477,199.76	31,113,899.03
Total clearings.....	279,897,000.00	270,081,000.00

This does not include the Morris Plan Bank, five Building and Loan Associations which had combined assets (December 31st, 1924) of \$4,286,578.43.

### TAXES AND PHYSICAL IMPROVEMENTS

The combined city and school tax rate is \$1.24 per \$100.00 based on about 70% valuation. The city's total net bonded debt is \$5,209,917.08 (May 31, 1926).

Fixed municipal assets, including buildings, real estate and improvements, are valued at \$13,967,467.57 (May 31, 1926).

The value of all physical property in Greensboro, including taxable property, tax-exempt city and county property and tax-exempt private property, is \$319,274,280.

### INDUSTRIAL ESTABLISHMENTS

One hundred and forty industries, producing about seventy-eight different commodities, employ about 14,000 people. The annual industrial payroll is about \$12,000,000. The principal manufactures are cotton textiles (spinning, weaving, finishing, printing and dyeing), clay products, overalls, machinery, furniture, tobacco products, auto bodies, proprietary medicines, structural steel, fertilizers, flour, stone products, stoves, lumber, etc., etc. One textile plant produces 200,000 yards of finished fabric daily.

Approximately 400,000 bales of cotton are cleared through the Greensboro market annually. At an average of \$120 per bale, this represents a business of \$48,000,000 per year.

### INSURANCE CENTER

Greensboro is the insurance center of the South—it is the home of twelve insurance companies. The relative importance and growth is indicated by comparative figures:

Life Insurance		December 31, 1924	December 31, 1925
Greensboro companies' premium income.....	\$	3,735,829.05	\$ 5,763,273.98
Greensboro companies' insurance in force.....		142,510,716.00	154,851,866.00
Insurance in force in all other companies in North Carolina.....		52,638,868.00	61,224,863.00
One of the life insurance companies is housed in a seventeen story \$2,000,000.00 office building.			
Fire Insurance		1924	1925
Greensboro companies' income.....	\$	2,722,753.88	\$ 2,994,953.88
North Carolina income of companies of other States..		7,542,681.00	8,296,881.00
Total insurance in force in Greensboro.....		61,890,441.00	68,079,441.00

### COMMERCIAL STRUCTURE

Wholesale—Greensboro is an important distribution point and is agency headquarters for many firms of national prominence. Wholesale and jobbing houses handle a large variety of merchandise and equipment. Recent decisions of the Interstate Commerce Commission give Greensboro freight rate advantages which put it on a parity with Virginia cities, thereby favorably affecting wholesale business. More than 1,400 traveling men make their home in Greensboro.

Retail—Greensboro's natural trade territory is an irregular area extending from ten to eighty miles and is a shopping center for about a quarter of a million people. This is largely influenced by a new work of highly improved highways and the fact that Guilford County ranks first in the State in the number of automobiles, making possible an easy access to market. There are seventy-nine de luxe busses operating on regular schedules between Greensboro and points within 100 miles. Sixty-eight passenger trains bring hundreds of travelers to Greensboro daily to transact all manner of business.

### CIVIC STRUCTURE

Greensboro has 54 churches; 5 hospitals; 2 public libraries; 3 Y. M. C. A. buildings; and 1 Y. W. C. A. building; 2 daily newspapers and 1 semi-weekly; modern theatres, county seat; Central Carolina Fair; league baseball; approximately 500 acres of park and playground area given to the city by public-spirited citizens; a War Memorial Stadium; modern hotels (about 400 new hotel rooms to be built this year); 2 country clubs; 2 eighteen hole "Donald Ross" courses provided for; new \$600,000 municipal building; well financed community chest; active Chamber of Commerce; largest Merchants' Credit Association in the State; Rotary, Kiwanis, Lions, Civitans, A. B. C. Merchants and Manufacturers Club and Women's Clubs.

Greensboro's "Community spirit," while an intangible factor, is commonly pointed to by neighboring cities as one of its most remarkable assets. This spirit is reflected in the character and number of beautiful homes, which are mostly owned by those who live in them. There is an indefinable something about Greensboro that stamps it as "A city with a fine personality."

In Service  
since 1894

An opening of new doors  
to an old  
established institution

**I**N keeping with the greater growth of Greensboro we have opened a new door in our Printing Service—a door leading to a wider range in merchandising possibilities. This Service comprehends an analysis of

The Product,  
The Market,  
The Merchandising Plan,

with constructive suggestions as to features in the product which should be improved or eliminated, or new features which should be added to give the product greater sales appeal to your customers.

Too frequently buying apathy arises from the merchandising plan and not from the product itself. This Service is available to all users of Publicity in Print.

REALTY CO.

# Greensboro Real Estate Board

"BUILDERS OF GREENSBORO"

An organization of real estate dealers and agents, holding membership in the National Association of Real Estate Boards. By its high ethical standards it elevates the profession of real estate dealers. It disciplines its own members for any lapse from its high standards and is instrumental in securing the prosecution and conviction of persons guilty of real estate fraud. It guards all proposed legislation relating to real estate. It conducts a real estate school where good practices are instilled into the minds of its members.

It gives to its members the right to use the title "Realtor," which carries with it the same guarantee to the purchaser of real estate that the word Sterling does to the purchaser of silverware.

**The Code of Ethics** under which it operates is as stringent as that under which any business or professional organization in the land operates.

**Commissions.**—It has established and maintains an equitable rate of commissions on the sale and leasing of real estate acceptable to both real estate owner and broker, protecting the owner of property from excessive charges of unreliable agents.

**Valuation.**—Its Appraisal Committee is recognized as the highest authority on realty values for use in buying and selling property, tax accounting, closing estates,

determining values of leaseholds, corporation asset insurance, and income tax purposes.

**In Conclusion.**—An active member of the Greensboro Real Estate Board is a realtor who keeps tab on the pulse of the city. He is ever aggressive in the promotion of enterprises which will enhance the industrial, commercial, residential and social values possessed by the city. He is informed as to real estate values and is a city builder and a man of conscience and patriotic purpose.

The officers and Executive Committee of the Greensboro Real Estate Board for the year 1926 are as follows: E. A. Ranson, President; R. C. Millikan, Vice-President; David J. White, Secretary-Treasurer; J. A. Kellenberger, Henry V. Koonts, C. D. Benbow, Jr., and Hazel P. Hardin.

For full list of all members see reverse side of this sheet.

# ADVERTISING GREENSBORO

Do you know that a copy of this Directory of Greensboro is being placed in the Directory libraries and among the commercial bodies, Business Men's Clubs, Chambers of Commerce and the larger business institutions throughout the United States?

No other medium on earth can convey so complete and comprehensive an index of the city, its various industries, its business, educational and religious institutions, its social life and its people.

No other medium can tell so fully of its wonderful growth, its opportunities and its possibilities for the future.

The publishers are doing everything possible to make this Directory a representative city catalog of Greensboro. Are you as prominently represented as you should be?

## Hill Directory Co., Inc.

PUBLISHERS

P. O. Box 879

RICHMOND, VA.

# Power of Advertising

The **City Directory** is the power that generates information for the buyer that he may know who deals in the product he wishes to purchase.

If your business is not classified properly and a display advertisement arranged to describe your business, how can you expect the buyer to trade with you?

**Advertising** is the foundation upon which successful businesses are built. You must apply this to your own particular business.

**Advertising** is the power of an idea multiplied.

**General Offices: 524-528 Broadway, corner Spring St., New York City**

The Association of North American Directory Publishers is composed of reputable City Directory Publishers, organized for the general advancement of the Directory business. Any person, corporation or firm engaged in business as owner and publisher of a City Directory in the United States or Canada, who shall qualify as competent to gather information and compile a City Directory and furnish satisfactory references, is eligible to membership.

The objects of the Association are:

First: The advancement of the Directory business and the improvement of Directories by the interchange of ideas and the exchange of experienced employes.

Second: To provide protection to the public against fraudulent advertising schemes which operate under the name of Directories, and to drive unprincipled promoters of the same out of business.

Third: To provide permanent and profitable employment to competent, industrious and honest Directory canvassers and compilers.

Fourth: For the mutual protection and advancement of the established and prospective interests of all who may become members, by personal advice and assistance of members as may be mutually satisfactory, desirable or advisable, and by such other means as may, from time to time, be shown to be wise, proper and lawful.

All members of this Association have subscribed to the following

## STANDARDS OF PRACTICE

1. To consider, first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under such headings as best describe it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what directories and reference media contain; to study public needs and make directories and reference media to supply them; to revise and standardize methods and classifications so that what is wanted may be most easily found, and the directory and reference media be made to serve their fullest use as business and social reference books and directories of buyer to seller and seller to his market.
5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.
6. To solicit subscriptions and advertising solely upon the merits of the publication.
7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicly upon its accessibility to seekers as well as on the number of copies circulated.
8. To co-operate with approved organizations and individuals engaged in creative advertising work.
9. To avoid unfair competition.
10. To determine what is the highest and largest function of directories and reference media in public service and then to strive in every legitimate way to promote that function.

**\$100.00 REWARD** will be paid by the Association for the arrest and conviction of any person or persons engaged in publishing, collecting or canvassing for any fraudulent or "fake" Directory.
