DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 175013

I. Name of Factory: Noda Sangyo Co. Ltd., Takamatsu Plant

II. History of Factory:

1. Date of Foundation: Ist, May, I934.
2. Capital of Firm: 9.000.000 Yen
3. Name of Head of Factory: Gon-ichi Suzuki
4. The Details of operation:

This factory has manufactured power-driven rice hullers, power-driven threshing machines and farm kerosene engines since the commencement of the operation. Although it manufactured shells since I938 owing to the Japanese Military Order, the factory was burnt down due to the air-raid on 4, July, I945. Percentage of the air-raid damage to building is 65%, and the percentage of the air-raid damage to equipment and machines is 77%. All ammunition plants were burnt down.

After the end of the War, the factory has returned to manufacturing of agricultural machines and tools. It repaired a part of both apparatus plant and forging plant, and is producing accessories of power-driven rice hullers and farm kerosene engines.

5. The Details of Reconversion:

The factory has got a Reconversion Permit from 9Ist Military Government Headquarters on 4, April, I946. The details of production after the factory has got a Reconversion Permit is as following:-

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 17503

Year	Products		Quantity
1946	Accessories of power-driven I. Rice hullers	For	950 units
	2. Hoes		I3.500 pieces
	I. Accessories of power-driven Rice hullers	For	35 units
January	2. Hoes		45 pieces
1947 February	I. Accessories of Power-Driven Rice Hullers	For	95 units
	2. Hoes		55 pieces
March.	I. Accessories of Power-driven Rice Hullers	For	I5 units
	2. Accessories of Farm Kerbsene Engines	For	36 units

III. The Condition of Custody of Equipment under Reparation:

(I) Number of equipment under Reparation

Number of machines and equipment which are inventoried 218

Number of Salvage machines..... 372

The classification of machines and equipment

Class No. I.....20

Class No. II.....II4

Class No. III..... 84

(2) Name of Custodian: Gon-ichi Suzuki

(3) Plan and Operation of Custody:

As mentioned above the apparatus plants under Japanese Military Control were burnt down by an air-raid on 4, July, I945, and machines in those plants were damaged severely. Although damaged machines were covered with thin iron plate,

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 175013

those machines have been left weather-beaten since the air-raid and are in rust. Repairing for those damaged machines have not been operated. Machines in the practice works, which are not used now, have been cared twice thoroughly. The factory makes it a rule to care machines of class no. I. and II every day briefly, and care thoroughly once a month. Machines in other plants, which are not using now, /\ have been cared also.

The plant/s has 4 guards. They changes their duty twice in 24 hours, and two of them are always guarding the plant day and night.

Smoking and making a fire outside permitted places are forbidden strictly. Persons who handle fire in the plant are requested to be very careful. Electric equipment are always examined strictly by engineers not to cause a short-circuit. There are three reservoirs in the plant. Capacity of each reservoirs is as following:-

The 1st reservoir.....18 tons

The 2nd reservoir.....65 tons

The 3rd reservoir..... ..... 120 tons

一、野田興農商會ゴム工場の沿革

弊會は明治四十二年の創業に懸り以來人畜力用籾摺機の製造販賣を業として努力致してゐましたが大正七、八年頃より農村動力化の熱旺盛と成るや動力用平臼及金屬製ゴム齒臼等を案出しゴム製品の籾摺作業に及ぼす結果に就き研究、籾摺調整に大なる貢獻を致しましたが時代の進運に伴ひ直營ゴム工場を經營し籾摺機の機能を充分發揮せしめ然して產米の改良進歩を圖る必要を痛感致しましたので昭和二年ゴム工場を直營し大なる犧牲を拂ひまして優秀、廉價なる野田式ゴムロールの製造に專心精進を致してゐる次第であります

野田式ゴムロールの特徴

(一) 野田式ゴムロールは出來上り後眞圓を保つ爲旋盤仕上をしてあります
(二) 永く貯藏しても品質に變化がないこと
(三) 玄米にカーボン黑色が絶對つかぬこと
(四) 使用磨滅後新品と取替が最も簡單容易に出來ます
(五) 軟質及硬質米共脫稃率良好
(六) 耐久力絶大一俵當り消耗費最低
(七) 米粒に損傷を與へず

㊞印の野田式ゴムロールを御使用願ひます

產米の品質向上の爲め野田式籾摺機には是非共

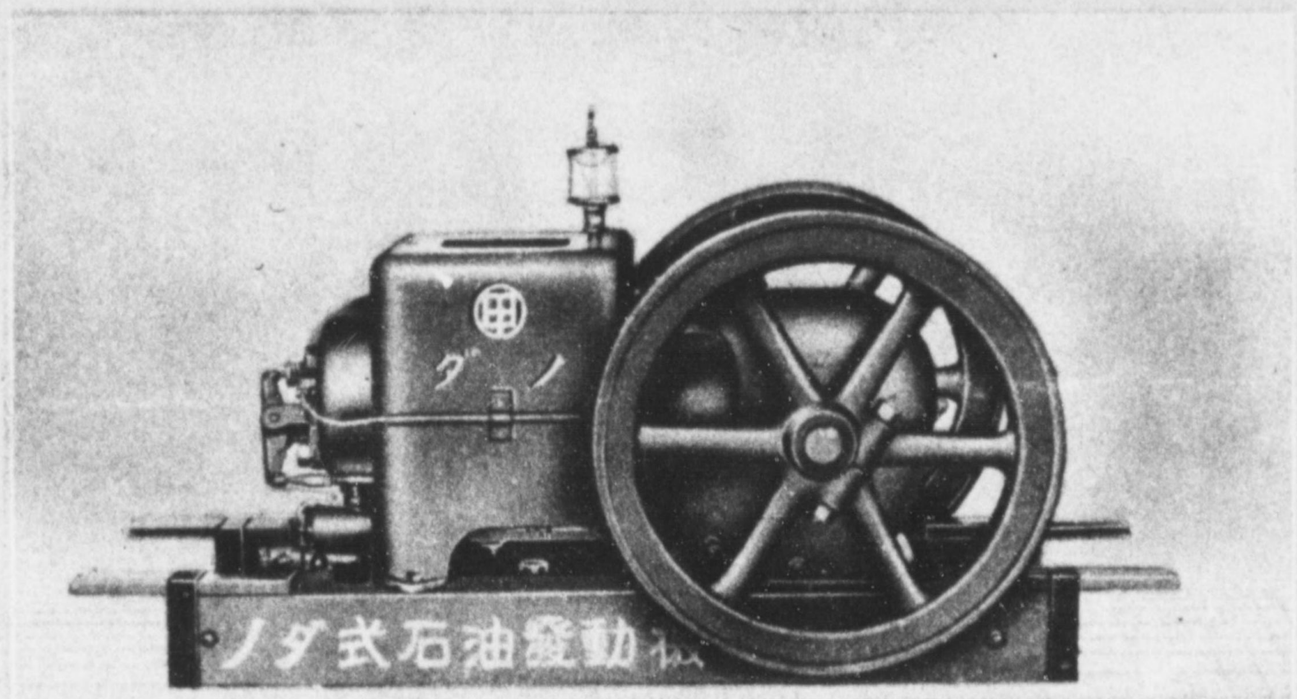
DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 19013



石油發動機製作販賣ニ付イテ

我國ニ於ル農業用石油發動機ハ國產品ノ進出旺盛ニシテ舶來品ヲ完全ニ驅逐致シマシタケレドモ現況ヲ見ルニ多種多様ニ亘リ品質如何ハ度外視サレ只低廉ノミヲ競フタメ需要家ノ損失ハ夥シイモノガアリマス。弊店ハ營業方針上是レヲ看過スルニ忍ビズ敢然發動機ノ製作販賣ヲ企圖致シ研究、試作實驗ニ一年有半ヲ費シ漸ク所期ノ成績ヲ擧グル製品完成シ傳統ヲ謀ル野田興農商會ノ名譽ヲ賭シテ市場ニ出セルモノナレバ何卒弊店ノ主義方針ニ御共鳴ノ上御試用賜ランコトヲ切望致ス次第デアリマス。

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 119015

發動機ノ御買入ニ際シテ

發動機ノ御買入ニ際シテ特ニ諸賢ノ御注意ヲ煩シ度キ點ヲ述ベマス。

(一) 先ヅ製造販賣人ノ主義方針ニ就イテ御研究下サイ。

眞ニ需要家ノ爲メニ奉仕ヲ貫徹スル弊店デアリマス以上、工作機械設備ノ點、材料ノ仕入合理化、加工ノ合理化、販賣ノ合理化等ヲ計リ、以テ優秀、低廉ナルモノヲ提供致ス事ニノミ努力スル次第デアリマス。

之レニ反シタル場合ハ如何ニシテモ需要家本位ノ製品ハ出來得ナイト斷言致シマス。

(二) 次ニ製作ニ當リマシテ設計、方法、工作機械ノ諸點ヲ御研究願イ度イノデアリマス。

設計上特ニ注意ヲ拂ヒマシタ點ハ

(A) 出馬力ノ强大(但シ重量ノ輕キ事ニ注意)

(B) 消耗費ノ輕減(維持費ノ僅少ヲ期スル上ニ於テ肝要)

(C) 耐久力大(福利增進ノ上ニ於テ肝要)

以上述ベマシタ主要素ニ就キ發動機々構上ヨリ見テ

(1) シリンダー、ピストン

(2) ピストンロツト、クラシクシヤフト

(3) マグネツト

(4) ヘツトバルブ

(5) キヤブレター

(6) ガバナー

(7) 各部ノ釣合等ガ最モ肝要トナリマス。

是等ノ問題解決ハ工作方法ノ萬全、使用材質ノ優良ニ待タネバナラナイノデアリマス。

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 119013

弊店ノ工作方法

工作機界ノ權威トシテ有名ナ米國バンノーマン會社製ニ係ル下記機械ヲ設備致シマシタ。

(1) ホーニンググラインダー（シリンダーノ内面ヲ鏡面ノ如ク立派ニ正確ニ仕上ゲルモノ）

(2) バルブシートグラインダー

(3) バルブグラインダー(仕上品腐蝕少シ)
バルブトバルブシート兩者ノ接觸ヲ確實ニナス機械

(4) ボーリングマシン　現在航空機、飛行機、自動車等ニ使用サレル精密機械デアリマシテ農工用機械ノ工作ニハ未ダ使用サレテ居ナイ様ニ思イマス。

(5) カムレースグラインダー（ピストンノ外形ヲ楕圓形ニ仕上ゲル機械デアリマス。常溫時ニ眞圓ニ作リマスト實際運轉時ニハ楕圓トナリ氣密ヲ保ツ事ガ困難トナリ摩擦大トナリ出力減少、燃料消費量ガ大トナリマス、處ガカムレースグラインダーデ製作シタモノハ常溫時ニ於テハ楕圓形デアルガ運轉時ニハ眞圓トナリマスノデ前記ノ如キ缺點ハナク非常ナ好結果ガ得ラレマス。）
（馬力强大、消耗費節減、耐久力大ノ成果ヲ得マス）

材　質　ノ　點

(A) シリンダー　　互換式　材料セミスチール(銅性鑄鐵)吟味　燒鈍シ

(B) ピストン　　同　上　同　上
優レタル點……特ニ燒鈍シヲ施シテアリマスカラ分子緻密ニシテ、クルイガナク、隨ツテ磨耗ガ無イト云フ互換式ニ最モ好條件ヲ持ツテ居マス。

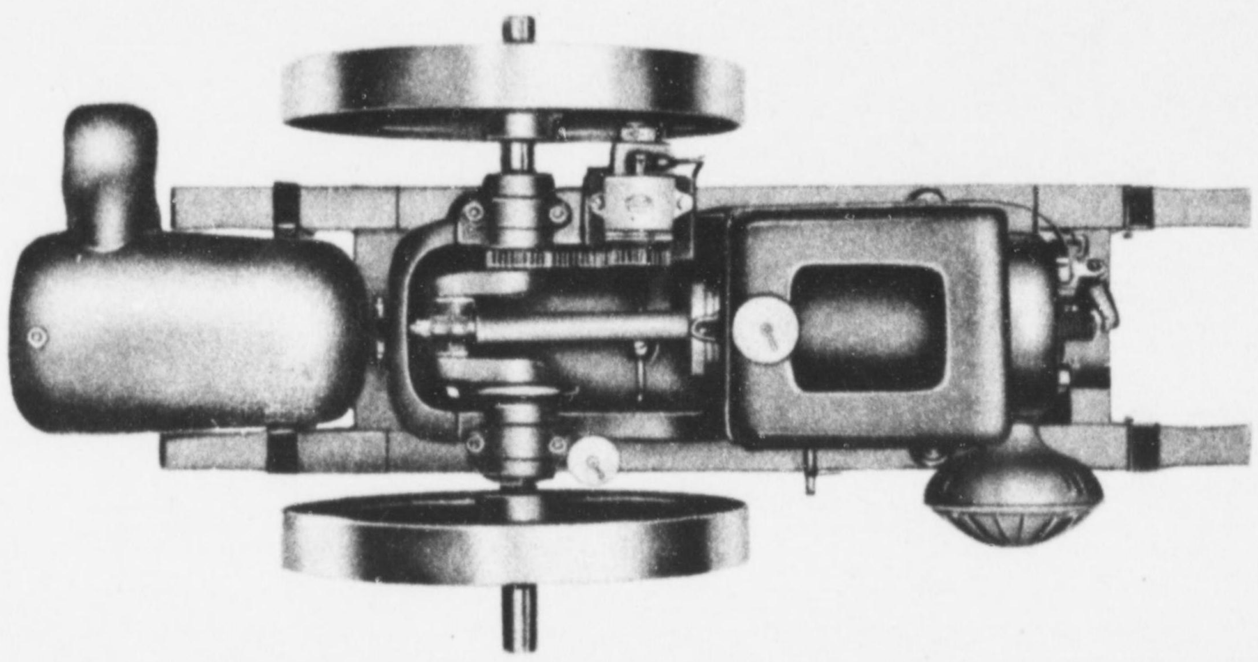
(C) パ　ル　プ　　熱ニ對スル點、耐壓ニ對スル點、瓦斯ニ對スル點等ヲ充分考慮ノ結果特ニ最高級品ヲ用ヒテ居リマス。

(D) クランクシヤフト及ロツト製法、火造打出、材料ヲ用ヒ何回トナク火造鍛錬致シマスカラ分子ガ緻密デアリマシテ、折損ノ憂ハ更ニアリマセン。
尙參考迄ニ申上ゲマスガ普通品ハ丸棒カラ仕上ゲルヒノデアリマシテ鍛錬サレテナク分子ガ粗惡デアリマスカラ此ノ點ハ特ニ御注意ヲ御願致シマス。

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 119013

(E) マグネツト　　マグネツトハ石油發動機ノ心臟部トモ稱スベキ部分ニ就キ特ニ嚴選ノ上高級マグネツトヲ採用シテ居リマス。

(F) キヤブレター　　燃料ノ微粒ト空氣トノ混合ヲ特ニ注意シテアリマスノデ切替容易、運轉狀態頁好、出力强大、燃料消費量極少トナリマス。



(G) ガバナー　　ガバナーハクランクケース內ニオサメ、塵埃ノカカラヌ樣ニシボールノ重量運動ノ傳達機構ニ充分注意シテアリマスノデ其ノ作用ハ敏感デアリマシテ回轉數ノ變化殆ンドナイト云フテモ差支ヘナイ位デ此ノ點ハ特徵トシテ申上ゲラレルト思ヒマス。

(H) 發動機臺　　最モ適當材料ヲ選定シ弊店獨自ノ設計ニヨツテ作ツテアリマスカラ運搬等ハ至ツテ便利デアリマス。

(I) 各部ノ釣合　　此ノ點ハ充分注意ヲシテ各部均等ヲ保ツテ居マスノデ振動等ハアリマセン。

弊店デハ以上述ベマシタ諸點ニ付キマシテ今後益々努力研鑽ヲ積ミ以テ所期ノ目的ヲ達成致度イト念願致シテ居ル次第デアリマスカラ諸賢何卒此ノ主義方針ニ御共鳴ノ上御試用賜ラン事ヲ切望シテ止ミマセン。(以上)

AG 004.04

SUBJECT: Recommendation for Removal from Reparations Selections Within Privately-Owned Munitions Plant, Noda Sangyo K.K.

TO : Commanding General, Headquarters Eighth Army, APO 343.
Attn: Military Governemnt Section.

THROUGH: Commanding Officer, Shikoku Military Government Region, Hq and Hq Det., APO 317.

1. Reference:

a. Par. 1(c)(2), Section III, Operational Directive Hq Eighth Army 5/5, dtd 24 September 1946, "Criteria for Selection".

2. Recommendation is herewith made that Noda Sangyo K.K., 289 Matsushima-cho, Takamatsu-shi, Kagawa-ken, be removed from the list of reparations selections within privately owned munitions plants as not fulfilling the requirements for selection in the criteria mentioned in Par, la above.

3. Full investigation by this Headquarters indicates no change was made in any of the machinery of this plant in converting from its peace time occupation, established in 1934, of making rice hullers, farm engines, and threshing machines to the manufacture of munitions by portion of this plant's equipment.

4. It is to be noted that virtually all of the equipment which was used in the manufacture of munitions was completely destroyed by bomb damage during the war, this section having been separately housed.

5. Equipment left intact is being used without change in the manufacture of rice hullers, threshing machines, and parts for farm engines of the same type as before and during most of the war.

1. References:

a. Letter, this Headquarters, subject and file as above to Commanding General, Eighth Army, dated 30 October 1946.

b. Par. 1 (c) (2), Section III, Operational Directive Hq Eighth Army 5/5, dated 24 September 1946, "Criteria for Selection".

2. Attached herewith is a self-explanatory application for removal of Noda Sangyo K.K. from Reparations List.

3. Full investigation by this office would indicate that subject company was improperly selected for reparations according to the criteria mentioned in par. 1b above since no change was made in any machines to convert from their peace time occupation of making rice hullers, farm engines, and treshing machines to munitions, nor was a change of their equipment necessary to convert back to their former peace time occupation.

4. Amplified information was submitted by this Headquarters regarding their present production in previous letter mentioned in par. 1a above.

5. For reasons stated in par. 3 of this letter as well as the information contained in the previous letter referred to, recommendation is further made that subject company be removed from Reparations List.

Commerce & Industry Section
Kagawa Local Government.
(Takamatsu, Shikoku)

4, Nov. 1946

Subject: petition for exception from designation of reparative Factories.

To : Commanding officer,
Kagawa Military Govt. Team.

Through: Liaison Section, Kagawa Local Govt.

With reference to exception of Noda Sangyo Co, LTD. Takamatsu plants from decignation of reparative factories, I have received a report that Ministry of Commerce & Industry has formerly applied to Commanding officer of Your Headquater Through Our Central Liaison Office, and I should like your special consideration on the matter in reflecting the actual case mentioned below.

1. The factory was founded before War in order to manufacture power-driven

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. [illegible]

Rice huller, threshing machines and
farm Kerosenes engines. The factory
was producing these machines even
during War, but only at the latter half
of War it stopped manufacturing these
machines and commenced to manufacture
shells.

2, After the end of War, the factory has
returned to production of Rice huller
& Farm Kerosene Engines which have
been the original object. Especially
production of power-driven Rice huller,
which is essential for increasing of food,
has got 50 percent of the production
of Japan.

3, Machinery & equipment which were
installed to manufacture Ammunition
during War, Were burnt down due
to the Air raid on 4th July 1945.

AG 004.04

SUBJECT: Application for Removal from Reparations Selections Within Privately-Owned Munitions Plants Noda Sangyo K. K.

THROUGH: Commanding Officer, Shikoku Mil. Govt. Region, Hq & Hq Det., APO 317.

TO : Commanding General, Headquarters Eighth Army, APO 343. Attn: Military Government Section.

1. References:

a. SCAP Memo for IJG AG 387.6 (SCAPIN 1134) dated 13 August 1946. Subject: "Reparations Selections within Privately-Owned Munitions Plants."

b. Operational Directive Number 575, Headquarters, Eighth Army, dated 24 September 1946.

c. Letter, Headquarters Eighth Army, AG 004 (MG), dated 10 October 1946. Subject: "Errors in Reparations Plants Listings."

2. Noda Sangyo K. K. has three separate factories in separate towns, although listed as one installation at No. 289 Matsushima-cho, Takamatsu-shi, Kagawa-ken, on List No. 12, Munitions Manufactures, SCAP Memo referred to in Paragraph 1a. These are as follows:

a. Head Office: No. 82, Hamano-cho, Takamatsu-shi, Kagawa-ken.

(1) Takamatsu Plant: No. 289, Matsushima-cho, Takamatsu-shi, Kagawa-ken.

(2) Sakaide Plant: No. 1560, Nishinosho-cho, Sakaide-shi, Kagawa-ken.

(3) Yashima Plant: No. 222, Yashima-cho, Takamatsu-shi, Kagawa-ken.

3. Attached application indicates that the main reason to retain subject company is the importance of production of power driven rice hullers and farm kerosene engines which are essential for increasing production of food. Noda Sangyo K. K. has been producing about 50 % of the whole production of Japan.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. [illegible]

4. Investigation by this Headquarters shows as follows:

a. The Takamatsu Plant manufactured agricultural machines and a certain type of shells during the war. All ammunition manufacturing sections of the plant were burned down during an air raid. After the end of the war, the factory returned to the manufacturing of agricultural machines and tools.

b. The Sakaide Plant manufactured during the war, and is now manufacturing, power-driven rice hullers, power-driven threshing machines, power-driven wheat hullers, and gum rolls. In addition, a few aircraft accessories were made during the war.

c. The Yashima Plant is now under construction for the purpose of making wooden accessories of agricultural machines. One building has been constructed. No machines have been installed.

5. In addition, the Japanese Agricultural Machines Association, a nation-wide organization, submitted an application to the Ministry of Commerce and Industry through Japanese channels. See copy attached.

6. At the present time Noda Sangyo K. K. is considered to be essential to the Japanese agricultural machine industry, since Noda is producing about 50% of the whole production of power-driven rice hullers in Japan. This Headquarters is not in a position to recommend the removal of Noda from the reparations list from the standpoint of the effect of the production of farm machinery for all of Japan, since no information is available as to contemplated expansion of other similar production units. It is believed, however, that unless other facilities are to be made available in the future, and unfavorable action be taken on subject application, a serious handicap to the production of this vital industry would be effected.

2. Herewith is submitted an application of the Ministry of Commerce and Industry on the subject matter.

3. As is stated in detail in the above application, the subject plant was established in May 1934 for the purpose of manufacturing power-driven rice hullers, power-driven threshing machines and farm kerosene engines, and was not originally a munitions plant. During the war, it was engaged in the manufacture of shells by order of the military authorities, utilizing a part of its equipment. After the surrender it has been totally reconverted to its proper line of industry. Besides, the munitions section of the subject plant was burnt down by the air raid.

4. Under these circumstances, it is requested that favorable consideration be given by your Headquarters for the removal of this plant from the Reparations List.

FOR THE PRESIDENT:

K. Asakai

(K. Asakai)
Director of General Affairs,
Central Liaison Office.

Enclosure: An application of the Ministry of Commerce and Industry, accompanied by an explanatory note on the subject plant (in sextuplicate).

8

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. [illegible]

TO : Headquarters Kagawa Military Government Team

FROM : Adjustment Division,
Ministry of Commerce and Industry

SUBJECT : Application for Exemption from Designation of Reparation Control to Noda Sangyo Kabushiki Kaisha
(The Noda Industrial Co., Ltd.)
as privately-owned munitions plants

1. In regards to those plants as designated for control as privately-owned munitions plants in the directive dated 13 August 1946, we have taken and are also taking actions necessary to assure its satisfactory control and custody, in close connection with organs concerned civil and official.

2. However, Noda Sangyo Kabushiki Kaisha (The Noda Industrial Co., Ltd.) is desired to be exempted from the designation for control as well as to be the object of reparation in future after your review on the detailed explanation (annexed paper) due to the fact that this company, having the long history as a manufacturer of civilian goods, was not established for the purpose of munitions production though participated in munitions production occasionally during war, and all its facilities were intended to be restored to civilian production, its original mission, since the termination of war.

T. Wada
Director of Adjustment Division,
Ministry of Commerce and Industry.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. [illegible]

I

A. Company Name: Noda Sangyo Co. Ltd.

B. Factory Name: Noda Sangyo Co. Ltd.,Takamatsu Plant.

C. Factory Address: 289,Matsushima-cho Takamatsu, Kagawa Ken .

D. Date of Foundation of Company: Ist, Dec., 1945.

E. Date of Foundation & First operation of Factory: Ist, May, 1934.

F. History of Factory:

This factory has manufactured power-driven rice hullers, power-driven threshing machines and farm kerosene engines since the commencement of the operation. Although it manufactured shells,since 1938, owing to military order, by making the most of equipment and machinery, the factory was burnt down due to the air raid on 4th, July ,1945. Percentage of the air raid damage to buildings is 65 %, and the percentage to equipment is 77 %. All ammunition plants were burnt down.

After the end of War, the factory has returned to manufacturing of agricultural machines and tools. It repaired a part of both apparatus plants and forging plants, and is producing accessories of power-driven rice hullers.

K. Percentage of Monthly Chief Production of This Factory to the Production of Whole Country.

Products	Capacity of Monthly Production of Whole Country	Number of Factory	Capaciry of Monthly Production of This Factory	Percentage
Power-driven Rice Hullers	I.000 units	II	500 units	50%
Farm Kerosene Engines.	I.000 units	I5	600/ units	60%

L. Reason why This Factory Is In Need Of Being Left.

(A) This factory was founded before War in order to manufacture power-driven rice hullers, power-driven threshing machines and farm kerosene engines. The facotry was producing these machines even during War, but only at the letter half of War, it stopped manufacturing these machines.

(B) After the end of War , the factory has returned to production of power-driven rice hullers and farm kerosene engines which have been the original object. Especially, production of power-driven rice hullers, which is essential for increasing of food, has got 50% of the Productic of whole country.

(C) Machinery and equipment, which were installed to manufacture ammunition during War, were burnt down due to the air raid on 4th,

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDS NO. [redacted]

July, 1945.

Owing to the reasons which are mentioned above, this factory is requested

to be left.

COMMERCE & INDUSTRY SECTION
KAGAWA LOCAL GOVERNMENT

28 Oct. 1940

TO: Chief of Takamatsu Financial Bureau.

Re: Machineries for war punishiment

With reference to the above subject as per your favour (TakaKuni 2/323) dated 16th inst, I beg to reply as per annexed paper, for which please acknowledge & oblige.

Chief of Commerce & Industry Sec.

In procution of Governor

Kagawa Local Government.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO: [illegible]

1. Referring to 4 machires that the former Kure Naval arsenal has reset to Kagawa -Ken Isdvstry Control Organ.

At the result of investigation of the above machires, There was nothing to correspond to them. However, It was understood that the machives having been rent from the said Arsenal in 1933 were kept by the Factories in our prefecture as under, for which please acknowledge & oblige.

1. Tsuruo Iron Works Ltd.
Yamano-cho, Takamatsu-city

4. Okuta Iron works
Tikuta, Marugame-city
Turret lathe 1set

5. Takehata Ironworks
Torimachi, Marugame-city
Ordinal Turret Lathe 2set
" " 1set

8 sets in all.

2. Referring to 10 machines that the former 11th Naval Air Arsenal has sent to chief of Munition Section, Kagawa-Ken. According to requirement of Takuma Factory of the 11th Naval Air Arsenal. I have received manufacturing matiral & small tools (stud, drills, files & accessories) at the cermmation of war, but have not received machire at all.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDS NO. [illegible]

accordingly, with reference to 10 sets of curving machines referred by your. I have mating to receive.

On delivery of the same, I have only received numbers in books without touching actual numbers of machines and I suppose, it is natural that there have been some difference i t number between actual number and booked number of the machines.

Theneeforth, I already replied the above matter to Kue Kanzai office (Financial office).

Kagawa

Keepers' Name	Present Location
Hideyoshi Takino	Taihei Sangyo Kabushiki Kaisha, 307-1. Nishi Hirayama-cho, Marugame City-
Tokumatsu Yamaguchi	Kojai Koku Kabushiki Kaisha, Kozai-Cho, Kagawa-gun, Kagawa-Pref.
Masao Uga	Mitoyo Sangyo Kabushiki Kaisha, Kamiichi, Kannonji-cho, Mitoyo-Gun, Kagawa Pref.

DECLASSIFIED E.O. 13526 SECTION 3.5(c) NARA NO. ____

4.) List of Keeper's Name + Location after Machineries Removed:-

Keeper's Name	Location after m/c removed
Akira Yoshimoto, Representative of Kawanishi Aircraft Co, Ltd; Shikoku Branch	Hinode Sangyo kabushiki kaisha, 551. Yaso-machi, Tokushima City.
	Umagoshi Warehouse, 329-2. Kamojima-cho, Oe-gun, Tokushima Pref.

DECLASSIFIED E.O. 12065 SECTION 3 402/NND

5) Period to remove Machineries + Tools:

From : The day permission given.

To : March 31, 1947.

6) Method of Transportation:

Motor truck & Railway.

7) Reason :

These machineries + tools had been loaned to the subcontracters such as Taihei Sangyo k.k. during war, and been stored in the factory ever since.

The present locations are not suitable for safe keeping of the machineries, and also we have received advices from the Hyogo Military Government Authorities to collect them in few places. While

as we have required from the subcontructers to take machineries out of their plants, we should be obliged if we could get a permission for removing.

Kagawa Reparations
Ship Mach 1322

Petition

Petitioner:

Nishimura Kotaro.

359, Kotohira town, Nakatado county,
Kagawa-Ken.

1. The purpose of the petition:

The articles described in the other papers were lent by the former 11 th Navy Aircraft Factory (the adjust-ment of the remaining business of the factory is now under the administration of the present Hiroshima Prefectural Office, Economic Department) to the Kotohira Iron Works, Co, Ltd., the main office of which is now situated at Kotohira town, Nakatadocounty , Kagawa-Ken. But it is widely rumonred that the articles were permitted by the authorities of the shikoku Military Government to be sold to the company. If they were actually permitted to be sold, I should suffer a great loss and I hereby desire to describe the circumstances about the case. If it is not permitted yet, I wish it would never be permitted stall, and if it is already permitted, I wish that the permission would immediately be cancelled. I present here my petition asking you would kindly and fully recognize my propietorship of the articles, if possible, for the fellwoing reasons.

2. The articles are not what the Kotohira Iron Works Co. Borrowed from the Navy Aircraft Aircraft Factory. They are what I myself have duly bought, paying the due price for them and have the proprietorship of them. They are the articles that the Kotohira Iron Works company, which I myself established during the war, had borrowed. Later I made over all my own shares of the company to Mr. Ishikawa Hisaji, the chief-manager of the present company but as the manager was unexperienced in the enterprise, he entrusted me with a part of the company enterprise from his own desires (as I retired from the company on August 30 1945. I have no relation with it since then). In due time, the authoritative officers had all received. On September 24 1945, the Aircraft Factory permitted to sell the article to me, which I accordingly legally bought for myself, concluding formal bargaining contract between the factory and myself. I paid the prices on November 13, 1945, received the articles the moment the bargaining contract was concluded and I have acquired the complete proprietorship of the articles.

3. I have the proprietorship of them all and claim you would not permit them to be sold to Ishikawa Hasaji, chief-manager of the Kotohira Iron works company and recognise my legal proprietorship according to what I have described in my first clause.

4. I present the copies of the documental evidences, which PROVE my proprietorship.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. [illegible]

in the other papers and here shall explain the evidential facts as follows, according to the evidences.

(1) The evidences No. 1 (copy of the receipt.) There by as described in No. 2, bear evidence that the articles was returned on September 24, 1945 by the company to the Aircraft Factory and I bear evidence that the Aircraft Factory has recognized the articles have been damaged and useless articles.

(2) The evidences No.1 (copy of the receipt) and No. 2 (copy of the estimate) According to the evidence No. 2 Ibear evidence that I persented the estimate, to get the articles sold, to the officers concerned of the Aircraft factory on September 24, 1945 and applied for bargaining the articles. According to the description at the 9th line of the evidences No. 1 I bear evidence that I have the permission of bargaining and have got the articles delivered by the Aircraft Factory, that the fargoing contract has been concluded.

(3) The evidences No. 3 (the provisional receipt) Thereby I bear evidence that I have paid the prices of the Aircraft Factory on September 24, 1945. and have duly and completely secured the proprietorship of the articles after paying the prices.

(4) The evidences No. 4 and the Art. 1 - 3 of No. 5. (The evidencesNo. 4 is the copies of the letters ofinquiry by the Adjustment Department of the remaining business of the Aircraft Factory and of my answers to these. The evidences No. 5 is the copies of the letters of inquiry to me by the Economic Department of the Hiroshima Prefectural Office which has succeeded the business of the Adjustment Department and the copies of my answers to them.) The inquiries about the items described in the letters of inquiry dated march 5, 1946, From the Adjustment Department of the remaining business of the Aircraft Factory and those dated June 4, 1946 From the Economic Department of the Hiroshima Prefectural Office, show that I have the articles sold and testify that the Adjust-ment Department of the remaining business of the Aircraft Factory and the Economic Department of the Hiroshima Prefectural Office have recognized that I am the proprietor of the articles duly sold to me and accordingly have the proprietorship.

5. Ishikawa Hisaji, chief-manager of the Kotohira Iron Works company has answered the inquiry by the Commercial and Industrial section of the Kagawa Prefeftural Office that he himself has borrowed the articles from the Aircraft Factory and has the custody of them. But according to the evidences No. 1 - No. 4, it is clear that he has told a lie in the answer which indicates nothing but his intention to try to usurp the articles.

6. The actualities being like the above, I wish that the authorities of the Military Government would recognize that I am the proprietor of the articles byyour equitable judgment and not give the dishonest Ishikawa the permission.

7. About the details of the case, I hope I could visit your office and explain if you order me to do so.

Oct. 25, 1946.
Nishimura Kotaro.

To the Shikoku Military Government
Headquarters.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. [illegible]

I

To Commanding Officer of Shikoku Military Government Region

21, Oct., 1946

Subject: Application for Removal from Reparation List

Part I

(A). Company Name: Noda Sangyo Co. Ltd.

Factory Name: Noda Sangyo Co. Ltd., Takamatsu Plant.

(B). Company Address: 82, Hamano-cho, Takamatsu, Shikoku

Factory Address: 289, Matsushima-cho, Takamatsu, Shikoku

(C) Date of Foundation of Company: Ist, July, 1945

Date of Foundation & the First Operation of Factory: Ist, May, 1934

(D). History of Factory:

This factory has manufactured power-driven rice hullers, power-driven threshing machines and farm kerosene engines since the commencement of the operation. Although it manufactured shells since 1938, owing to military order, by making the most of equipment and machinery, the factory was burnt down due to the air raid on 4th, July, 1945. Percentage of the air raid damage to buildings is 65%, and the percentage to equipment is 77%. All ammunition plants were burnt down.

After the end of War, the factory has returned to manufacturing of agricultural machines and tools. It repaired a part of both apparatus plants and forging plants, and is producing accessories of power-driven rice hullers.

E. Reason of reservation

(A) This factory was founded before War in order to manufacture power-driven rice hullers, power-driven threshing machines and farm kerosene engines. The factory was producing these machines

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. [illegible]

even during War, but only at the latter half of War, it stopped manufacturing these machines.

(B) After the end of war, the factory has returned to production of power-driven rice hullers and farm kerosene engines which have been the original object. Especially, production of power-driven rice hullers, which is essential for increasing of food, has got 50 % of the production of Japan

(C) Machinery and equipment, which were installed to mamufacture ammunition during War, were burnt down due to the air raid on 4th, July, 1945.

Owing to the reason which are mentioned above, this factory is requested to be reserved.

F. 1931-1936 Annual production:

Year	Products	Quantity
1934	Accessories of power-driven Threshing machine .	for 2.500 units
1935	Ditto	for 3,000 units
1936	I. Accessories of power-driven Threshing Machines. 2. Farm kerosene engines.	for I.350 units I.000 units

Remarks The date of foundation and the first operation of this factory was Ist, May, 1934.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. [illegible]

PART II

A. Company Name: Noda Sangyo Co.Ltd.

Factory Name: Noda SAngyo Co.Ltd., Sakaide Plant

B. Company Address: 82, Hamano-cho, Takamatsu, Shikoku

Factory Address: 1560, Nishinosho-machi, Sakaide, Shikoku

C. Date of Foundation of Company: 1st, July, 1945

Date of Foundation & First Operation of Factory: May, 1909

D. History of Factory

This factory has manufactured power-driven rice hullers, power-driven threshing machines, power-driven wheat hullers and gum rolls since the factory was founded in May, 1909. In March, 1944, the factory was requested to make accessories of aircraft by Okayama Plant of Tachikawa Aircraft Co.Ltd, Okayama, and a part of this factory was allotted to make these accessories, but works did not progress as previously planned, and a few accessories were made just before the end of War.

After the end of War, the factory has made efforts to produce power-driven rice hullers, threshing machines & gum rolls, and is contributing for increasing of food.

E. Reason of Reservation

(a) This factory has manufactured power-driven rice hullers, power-driven threshing machines, power-driven wheat hullers and gum rolls. Even during War time, it continued manufacturing of these agricultural machines.

In March, 1944, this factory was requested to make accessories of aircraft by Okayama Plant of Tachikawa Aircraft Co.Ltd., Okayama, but works did not progress as previously planned, and a few accessorieswere made just before the end of War.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. [illegible]

(b) After War , the factory has manufactured the agricultural machines and is making efforts to increase food. Among those agricultural machines which have been made by this factory. the production of the power-driven rice hullers have got % 50 % of the production of Japan, and it was selected as the excellent rice huller at the comparative examination of the Department of Agriculture & Forestry in I935, and since then it has become the best model of all rice hullers.

(c) The estimated number of agricultural machines which have been manufactured by this factory and are using in Japan and foreign countries are as follows:

Names of Machines	Number
Power-driven Rice Hullers	25.000 units
power-driven Threshing Machines.	I8.000 units
Power-driven wheat hullers.	I.500 units
Threshing Machines operated by Man-power	3.000 units

Supply of accessories of these machines are necessary to prepare rices and wheats.

Owing to the reasin which are mentioned above, this factory is requested to reserve.

	3. Power-driven threshing Machines	2.500 units
	4. Gum Rolls	25.900 pieces
1933.	1. Power-driven Rice Hullers.	3.850 units
	2. Power-driven Wheat Hullers.	320 units
	3. Power-driven Threshing Machines.	3.200 units
	4. Gum Rolls.	26.950 pieces
1934.	1. Power-driven Rice Hullers.	4.150 units
	2. Power-driven Wheat Hullers.	350 units
	3. Power-driven Threshing Machines.	1.150 units
	4. Gum Rolls.	39.900 pieces
1935.	1. Power-driven Rice Hullers.	4.700 units
	2. Power-driven Wheat Hullers.	400 units
	3. Power-driven Threshing Machines.	4.500 units
	4. Gum Rolls.	53.600 pieces
1936.	1. Power-driven Rice Hullers.	6.350 units
	2. Power-driven Wheat Hullers.	430 units
	3. Power-driven Threshing Machines.	4.500 units
	4. Gum Rolls.	82.500 pieces

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. [illegible]

G. I937-I945 Production

Year	Products	Quantity
I937.	I. Power-driven Rice Hullers.	4.325 units
	2. Power-driven Wheat Hullers.	550 units
	3. Power-driven Threshing Machines.	5.000 units
	4. Gum Rolls.	83.600 pieces
I938.	I. Power-driven Rice Hullers.	3.250 units
	2. Power-driven Wheat Hullers.	350 units
	3. Power-driven Threshing Machines.	3.970 units
	4. Gum Rolls	84.850 pieces
I939.	I. Power-driven Rice Hullers.	3.I50 units
	2. Power-driven Wheat Hullers.	320 units
	3. Power-driven Threshing Machines.	2.350 units
	4. Gum Rolls.	85.600 pieces
I940.	I. Power-driven Rice Hullers.	3.075 units
	2. Power-driven Wheat Hullers.	350 units
	3. Power-driven Threshing Machines.	3.I20 units
	4. Gum Rolls.	85.580 pieces
I94I.	I. Power-driven Rice Hullers.	2.865 units
	2. Power-driven Wheat Hullers.	400 units
	3. Power-driven Threshing Machines.	3.260 units
	4. Gum Rolls.	89.650 pieces
I942	I. Power-driven Rice Hullers	2.560 units
	2. Power-driven Threshing Machines.	2.580 units
~~I943.~~	3. Gum Rolls.	9I.855 pieces
I943.	I. Power-driven Rice Hullers	2.I30 units
	2. Power-driven Threshing Machines	2.830 units
	3. Gum Rolls.	85.605 pieces
I944.	I. Gum Rolls	8I.460 pieces
I945.	I. Power-driven Rice Hullers	I50 units
	2. Power-driven Threshing Machines	450 units
	3. Gum Rolls.	84.I80 pieces

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. [illegible]

H. Production After War

(A) Monthly Production after getting an Approval for reconversion to essential Consumers Goods.
(Date of the Approval for Reconversion: 27th April 1946)

Month	Products	Quantity
May.	I. Power-driven Rice Hullers 2. Gum Rolls.	84 units 8.056 pieces
June.	I. Power-driven Rice Hullers 2. Threshing Machines operated by man-power. 3. Gum Rolls.	42 units 271 units 8.305 pieces
July.	I. Threshing Machines operated by man-poer. 2. Gum Rolls	710 units 6.662 pieces
Aug.	I Threshing Machines operated by man-power. 2. Gum Rolls	I.227 units 6.765 pieces
Sept.	I. Threshing Machines operated by man-power. 2. Gum Rolls.	I.248 units 6.68I pieces

(B) Planned Monthly Production

Products	Quantity
Power-driven Rice Hullers	700 units
Power-driven Threshing Machines	3.500 units
Threshing Machines operated by man-power.	2,000 units
Gum Rolls.	12.000 pieces

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. [illegible]

I. Number of Machinery & Equipment

(1) Gum Plant

Names of Machines, Tools & Equipment	Number	Necessary Number For Civilian Production
Motors.	4	4
Reduction Gears	4	4
Lathes	5	5
Grinders	I	I
Gum Mixing Machines	5	5
Cutting Machines	2	2
Agitators	2	2
Sulphur Adding Vessels	3	3
Friction Presses	3	3
Reciprocating Pumps	2	2
Turbine Pumps	I	I
Transformers	II	II
Boilers	I	I
Furnaces burnt by coal	I	I
