January 1951

Recommended Follow-up Programs for IFEL School Nureing Students

Each Prefecture will utilize the returning students as they feel they can best be used.

The Ministry of Education will make the following recommendations to the Prefectural Dept of Education.

I. If student "old enough" and qualified they are to be placed in the Prefecture Dept of Education as a Supervisor of School Nurses. Usually they will be in the Physical Education & Health Section of the Prefectural Dept of Education.

II. If the student is young she will remain in her own school and develop a demonstration or model school nureing program.

III. In special cases the nurses are doing outstanding programs - for example in Hiroshima Pref. Miss Okitō is doing a generalized village health program (5000 population) but is paid by the school department. She should develop this as a demonstration program. She is also qualified to become a supervising nurse in the Pref. Dept of Education, either program will be useful.

IV. These students should also be utilized in training programs for school nurses. Either in programs exclusively for school nurses or on a part-time lecture basis in the Public Health Nursing Courses - to assist to public health nurses instructor on the section on school nursing.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 013

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 013

Essential Points in Executing on the First National Examination for Class A Nurses

1. Date of examination :

14 October 1950 (Saturday)
15 " " (Sunday) 2 days

2. Period of receiving applications for examination:

From 1 August to 5 September (Those applications which have the post-mark of 5 September will be accepted.)

3. Regarding examination cards:

Examination-cards were sent to the applicant at the address which was written in the application. However, if there are any cards which were sent back because of unclear addresses, if the applicant makes inquiry about this at the examination place, cards shall be granted after check is made of photographs and the list of applicants.

4. Pointers in executing the examination:

a. The examination will be both on theory and practice, and as to the examination on practice, the questions shall have been so prepared that they will have written replies.

b. The examination overseers shall have arrived at each place of the examination by one day before the day of examination so that they can see that all the necessary preparations at the place of examination are complete.

c. A previous arrangement meeting shall be held with the overseers to go over these essential points, the pointers for the overseers and other necessary matters so that they are thoroughly familiar with them.

d. The examiners and the overseers shall by all means wear badges which have been brought from the Ministry.

5. Necessary preparations which must be made by the day before the examination:

a. The signs which indicate the place of examination, the guide-map to each examination-room and the schedule of the examination shall be posted at proper places.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 013

b. The desks of the examinees shall be arranged leaving a proper space between examinees; the examinee's seat number shall be clearly stated on each desk.

c. Places for the examinees' personal effects and the anteroom for the overseers shall have been specified.

d. A safe place of custody for the examination questions and examination papers shall have been specified and they shall be kept in it after they are wrapped up and sealed.

e. First aid facilities shall be prepared for emergency patients.

6. Pointers for the day of the execution of the examination:

a. Schedule of the examination -

The 1st day 9:00 to 12:00
1:30 to 4:30 p.m.

The 2nd day 9:00 to 12:00

b. The time when the examinees are admitted into the place of examination :

The 1st day at 8:30 a.m.

The 1st day afternoon and the 2nd day -- 15 minutes before the examination begins.

c. Before the examination starts on the morning of the 1st day, all "points to remember in taking the examination" shall be thoroughly explained to the examinees.

d. If a person arrives late for the starting hour of the examination, as long as no other examinee has left the room, she shall take the examination after her reasons have been listened to.

e. As the examination questions are filed separately with (A) for the morning part of the first day, (B) for the afternoon part and (C) for the morning part of the second day, the questions of each respective file shall be delivered before each examination; each examination shall be started punctually.

7. Regarding the disposition of the examination papers:

a. Immediately after each examination is over, the examination papers shall be put in order according to the examinee's seat number. In each case it shall be checked that the number of the examination papers is the same as that of the examinees.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 013

b. All the examination papers, including incomplete ones, shall be collected.

8. No publication will be made about the examination question even after the examination is over.

9. No one but the examiners and the overseers are to be admitted to the examination rooms.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 013

Pointers for the Overseers of the First National Examination for Class A Nurses

1. Distribution of the Overseers

   a. Two (2) overseers for every fifty (50) examinees will be distributed in each room.

   b. When there are two or more overseers in one room one of them will be appointed as the chief overseer.

2. Pointers for the overseers

   a. The examination will be executed most justly, and special caution will be taken so that the examination will not lose its prestige as a National examination.

   b. The overseer will so dress and so behave at the place of examination so that the examinees will not make light of him (or her).

   c. He (or she) will make efforts to prevent dishonest acts, and in case he (or she) finds any dishonest act he (or she) will prosecute the offender strictly.

   d. The chief overseer in each room will take the full responsibility of all matters pertaining to the overseeing in the room. Other overseers will follow the chief's instructions.

   e. He or she will be kind to the examinees as much as possible.

3. Pointers in executing the examination

   a. In the following cases an examinee shall not be admitted into the place of examination.

      1) When an examinee did not bring her examination card.

      2) When she arrives late. However, after listening to her reasons for being late, if none of the examinees in the room has left the room, due consideration will be given.

      3) When she looks different from the applicant. (At each hour the examinee and her picture will be compared.)

   b. All the personal effects of the examinees will be placed at an appointed place prior to the examination hour. Only articles necessary for writing shall be brought into the place of examination.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 013

c. No explanation shall be given to any examination question.

d. The overseer will see that the examination card of each examinee is placed at a conspicuous place.

e. The following pointers will be observed in writing the examination answers.

1) Either ink or pencil can be used. However, colored pencils or red ink will not be used.

2) The place of examination and the examinee's seat number shall be written clearly in the appointed columns of the examination papers. The same thing shall be done even with the papers which the examinee can not answer.

3) As to the use of "kana", either "hiragana" or "katakana" can be used.

4) The Japanese language will be used in answering the questions as a rule, but when the examinee is not sure of a certain Japanese term she may add the original language in parenthesis.

f. When the overseer finds a dishonest act, if it is a slight case the offender will be given a warning, and if it is a vicious case the offender will be told to leave the room. In both cases the seat number of the offender will be recorded.

g. When an examinee is told to leave the room due to dishonest or irregular act the instruction will be effective only till the end of the hour of that certain examination. If the examinee wishes to take the examination of the next hour she will be permitted to do so after a strict warning is given against a repeated act of dishonesty or irregularity.

h. In case there is a dishonest act regarding the examination an evidence will be confiscated immediately and the situation will be recorded.

i. During the course of the examination those who have completed their papers will be asked to raise their hands, and the overseer will receive the papers and the examinees will be asked to leave the room.

j. During the course of the examination if an examinee has to leave the room due to unavoidable circumstances, an overseer will accompany her by all means till she has finished her errand and come back to the room.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 013

k. The overseer will see that the place of examination and the examinee's seat number are clearly written on each examination paper he or she collects.

l. At each hour of examination those who are absent will be checked.

m. At the end of an examination period the overseer will again remind the examinees to put the place of examination and their seat number and tell them to stop writing at the same time and collect the papers.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 013

19 September 1950

ESSENTIAL POINTS CONCERNING THE CD REFRESHER COURSE FOR PREFECTURAL NURSES OF KANTO REGION

1. Object: To aid in the betterment of present ward set-ups and nursing isolation techniques in contagious disease hospitals and wards.

2. Place: Tokyo Medical University Hospital, Tokyo-To.

   a. Classroom demonstrations and lectures at Tokyo Medical University Hospital.

   b. Ward participation and observation at the 361st Station Hospital.

3. Time: August 14 through August 26 - 11 days for classroom lectures. Observation in the hospital will begin August 28 for two (2) nurses for two (2) weeks at a time. Prefecture nurses will have to await their turns. Nagano Prefecture will start first.

4. Number of Persons: Two from each prefecture - making a total of twenty persons.

5. Qualifications: A clinical nurse, preferably one who has had previous experience as an instructor or assistant instructor. May be from the prefectural nursing division. (If so, after taking the course these nurses should work in a consultant capacity to hospitals in prefectures, plan courses, etc.) May also be a nurse from a hospital, preferably one which has a new system school of nursing.

   It is well to remember that in selecting these nurses, they are expected to return to their prefectures and to plan and teach courses similar to the one taken in Tokyo.

6. Expenses: Total expense to be divided among ten prefectures - an estimated 2,500 yen per prefecture plus food expense.

7. Curriculum:

   a. Communicable disease - 6 hours by Dr. Nakata, Medical Director, Ebara Hospital.

   b. Bacteriology - 6 hours by Dr. Shikata, Tokyo University Hospital.

   c. CD Nursing Theory - 20 hours by Mrs. Yamamoto, First National Hospital.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 013

b. Demonstration & Practice - 10 hours by Mrs. Yamamoto, First National Hospital.

d. Nursing Arts Theory - 23 hours by Miss Kaneko, Tokyo-To Nursing Affairs Section.

Demonstration - 10 hours by Miss Kaneko, Tokyo-To Nursing Affairs Section.

e. Observation and participation at 361st Station Hospital. CD wards for two weeks.

8. Personal Effects to Bring: Prefectures will be notified later by Nursing Affairs Section, Health Department Tokyo-To.

9. Meeting Place and Time: Tokyo-To Medical University Hospital, Monday morning at 8 a.m., 14 August 1950.

16 September 1950. Comments: Follow-up work is being done by KaCAR nurses on their field trips to the various prefectures. KaCAR is assisting the planning and organization of classroom lectures and acting in an advisory capacity regarding the remodeling of CD wards and hospitals.

10. Illustration: At present in Tokyo-To, Ebara CD Hospital has been chosen for reconstruction into a model CD hospital. A budget has been alloted and work is to begin in the immediate future. One of the nurses from the hospital who attended the CD refresher course will soon be teaching correct isolation procedures to the nurses in her hospital. Later, this hospital and the staff will be in a position to accept affiliating students and graduate nurses for CD training and experience. It is hoped this hospital will serve as a model for other CD wards and hospitals.

GENERAL HEADQUARTERS
SUPREME COMMANDER FOR THE ALLIED POWERS
Civil Affairs Section
APO 500

240 (18 Aug 1950)CAS-PH

SUBJECT: Allowances for Nursing Accreditation Committee

TO: Chief
Kyushu Civil Affairs Region
APO 24-5

1. Complaints concerning reimbursements originating with some members of the nursing school accreditation committee and relayed by your headquarters to this office have been investigated. It would appear that any misunderstanding has been unintentional and that reasonable effort has been made by the Ministry of Welfare to explain requirements and monetary allowances prior to the undertaking of nursing school accreditation inspections.

2. In regard to the currently scheduled inspection, lodging and subsistence allowances have been advanced to the committee members who have accepted the official invitation to participate. Some members officially requested to participate have not as yet replied. Schedules are arranged by the committee, and it is reasonable expected that one school and inspection report thereof should be accomplished in one day. Reports turned in by the committee to the nursing section of the last prefecture visited would transfer the requirement for forwarding such reports from the committee members to the prefecture. No advance orientation conference is being held prior to the second inspection which differs from the initial inspection.

3. There is inclosed herewith a summary of monies paid to the Kyushu committee members for the first inspection and a breakdown of the reasons therefore; also a statement of the monies advanced to the committee members for the current inspection. In the event there is any feeling that compensation has been inadequate, it is suggested that the individual committee member submit a written summary of the situation to the Nursing Section, Ministry of Welfare.

Total ..... 17 schools

(The following is added to the content of each Ihatsu #486)

Essential Points of Refresher Courses for Full Time Instructors of Nurses Training School

1. Aim : Teach the necessary subjects for the preparation of nurses educators who will be the full-time instructor and take charge of student's education in the nurses training schools under the new system.

2. Sponsorship : Ministry of Education & Ministry of Welfare

3. Place & the date set for beginning of the refresher courses

Place - School of Nursing attached to Tokyo University Medical Department Hospital.

Date of beginning the course - 16th of September 1950.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 013

4. Limit number of refresher courses student - 50

From the schools which are related to Ministry of Education - 25
From the schools which are related to Ministry of Welfare - 25

5. Method of choosing the nominated nurse's training schools of candidates.

(1) The nurses training schools which have been recognised and are classified as A or B school and which have not sent instructers to the full time instructor's refresher courses.
(One candidate from each school)

(2) The schools other than those which are equivalent to former item and have submitted the written application for accreditation through Ministry of Welfare (Exception of those to Ministry of Education) may send the candidates within the ration number of Ministry of Welfare from the schools in the 13 prefectures which has been indicated. (However one from each prefecture (2 from Hokkaido) except those schools which have sent students before.) Also the 13 prefectures was chosen by the consideration of the number of the school's accreditation application forms which have sent to the Ministry of Welfare and concerning of sending candidate from the schools which related to the Ministry of Education etc.

6. Qualifications of the candidates

(1) If possible graduated from Kōtō Jogakko or have the same standard of scholastic attainments and who will be the full time instructor for the A or B school as in charge of student's educational program.

(2) If possible who have attended the leadership refresher course which was sponsored by Ministry of Welfare (Regional).

(3) If possible have completed 2 year Nurse's training.

(4) Has the experience as a nurse for more than 5 years.
(3 years under circumstances if necessary)

(5) Will be able to remain on the post for the certain period of time after completethe course.

(6) In good health condition.

7. Expenses.

The cost which is necessary for the duration will be defrayed from the Ministry of Education and Ministry of Welfare.
Board and Room fee will be paid by the individual student.
Travel expenses and salary during the absence from the institution will be paid by the institution which sent the candidates.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 013

8. Subjects and time schedule - will be decided separately.

9. Necessary articles for the students:

Transferring certificate, the seal, food ration card or 5 days main food, physical examination certificate, necessary article for taking notes, reference books, bedding and other necessary article for every day life.
Also, concerning the health conditions if the student is found unfit for the refresher course on the physical examination which will be held when the course begins the candidate will not be able to attend the course.

Please specially keep this on mind.

Re : Nomination of Candidates for Courses for Full-time Instructors of Nurses Training Schools (or Schools)

(The following contents are the same as the "A" Sheet except the list of schools is omitted.)

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 013

TO : Governor of Ibaraki, Shiga, Yamaguchi, Kochi, Oita, Miyazaki and Kagoshima Prefectures

FROM : Chief of Medical Affairs Bureau, Ministry of Welfare

Re : Opening of Refresher Course for Nursing School's Full-Time Instructors.

The above mentioned 5th refresher course will be held under the sponsorships of Education and Welfare Ministries from 16th of September 1950. However the candidates for this course will be chosen from the prefectures that;

1) Those which have A or B Class Nursing Schools recognised during the fiscal year of 1949 and have not sent students to the course before and

2) Those which have A or B Class Nursing Schools which have applied for accreditation to Welfare Ministry (except those applying to Education Ministry) before the last day of May 1950.

As mentioned above the candidates will be so chosen and your prefecture does not fall in any of those catagories. Therefore we want to notify you that there will not be any candidates from your prefecture this time.

Re : Carrying out of the Refresher Course for Clinical Nurses' Leaders

It has been decided that the above mentioned course will be carried out according to the attached main points and your cooperation will be greatly appreciated. Concerning the carrying out of the course, chief of Medical Affairs Branch in the region shall assume the responsibility and be in charge of keeping contact with your Department and Japanese Midwives, Clinical Nurses and Public Health Nurses Association; so as to the detail, the Chief of the Branch concerned is to contact you.

This course shall be for the clinical nurses working in general hospitals and sanatoriums (including national), so it is desired that you will arrange to let those working in the facilities, under your jurisdiction, which are considered proper, attend the course after consulting with Japanese Midwives, Clinical Nurses and Public Health Nurses Association, Prefectural Branch President. Trusting to receive your best consideration to the matter.

Ihatsu No. 454

Date : 7 July 1950

To : Chief, Prefectural Branch Office

From : Chief, Medical Affairs Bureau, Welfare Ministry

Re : Carrying out of the Course for Clinical Nurses' Leaders

It has been decided that the above mentioned course for this year will be carried out according to the attached essential points and we are expecting your special consideration in the matter.

At the time of enforcement, it is desirable for you to select the place and make plans for the course after consulting with Regional Civil Affairs Team, Prefectural Health Department, Japanese Midwives, Clinical Nurses and Public Health Nurses' Association and Prefectural Branch, Clinical Nurses' Section Chief, etc.

As it is mentioned in the attached copy, the request has already been sent out to the chief of the prefectural Health Dept; Nursing Section, GHQ has informed regional Civil Affairs Team of the matter.

Re: The 4th Refresher Course for Maternal and Child Hygiene Technicians (Midwives)

In addition to your special consideration given to us regarding Maternal and Child Hygiene, especially owing to support and co-operation done by persons concerned in each prefecture, we obtained good results of the refresher courses for maternal and child hygiene technicians held last year. This time, 4th refresher course for them including private practice midwives is to be held, so it is desired for you to manage it without any slip, taking notice of below mentioned items.

Furthermore, it is desirable that you see for further particulars the attached sheet containing essential points concerning 4th refresher course for maternal and child hygiene technicians (midwives).

We wish you to get, later on, in contact with the prefectural branch of the Japan Midwife, Clinical Nurse and Public Health Nurses Association regarding this matter.

1. Object

To carry out the refresher course sponsored by the Aiiku-kai, with emphasis mainly upon demonstration and field practice, for maternal and child hygiene technicians (midwives) who are working at the prefectural health centers and city health department, bureau and section in accordance with Article 1, Executing Regulations of Health Center Law, the health centers and hospitals, etc., which come under this jurisdiction as well as private practice midwives who are enthusiastic to improve maternal and child health.

2. Selection of the Students.

It is desired that you recommend persons who are able to be of the foremost leading characters in guidance of maternal and child hygiene technique in the future, giving special consideration to the fact that the result of the course depends on students, faculty, ability and character, etc.

3. Student's Expenses

Student's round-trip expenses, boarding and room, etc., are as follows.:

(Received 5 June 50)

a. The prefecture shall pay all the expenses for midwives who are working in the prefectural health centers and the hospitals.

b. The city shall pay all the expenses for midwives who are working in the city office in accordance with Article I, Executing Regulations of Health Center Law and the health centers which come under this jurisdiction.

c. The hospital shall pay all the expenses for midwives who are working in the hospital.

d. As a rule, private practice midwives shall pay for themselves.

4. Precedure for Recommendation

At recommending students, below mentioned items must be taken into consideration.

a. The students must be selected by mutual agreement of the prefecture and midwife, clinical nurse and public hoealth nurses Branch Association.

b. Attached recommendation for taking the course should be duly sent to our office by 12 June. If it is delayed, no one else is allowed to attend it, as long as there is no special reason.

c. In case that too many persons are recommended, students to be admitted to the course shall be decided by this bureau and the rest shall be given priority for the next course.

   Name Date of birth

2. Working place
   (In case of private practice, it shall be mentioned)

3. Personal history, (personal history stating the educational backgroun and career as midwives in detail to be attached)

We recommend above mentioned person to be admitted to the course.

To: Chief, Children's Bureau

From: Prefectural Governor (Mayor)

Name

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 013

Essential points to carry out 4th course for maternal and child hygiene technicians (midwives).

1. Object

We aim to promote the improvement of maternal and child health by giving refresher courses for maternal and child hygiene technicians with emphasis mainly upon demonstration and field practice to the midwives who are in charge of guidance for maternal and child health. We already obtained the expected effects in consequence of the courses given twice during past one year, consequently this time 3rd course will also be sponsored by the Imperial Foundation Maternal and Child Aiiku-kai.

2. Place

Imperial Foundation Maternal and Child Aiiku-kai
Training School for leaders of Aiiku Service (aiiku-kai, 1-5 Morioka-cho, Azabu Minato-ku, Tokyo).
Aiiku Laboratory, Aiiku Hospital, Health Center, Aiiku- Village shall be used for demonstration and field practice.

3. Duration

17 June (Saturday) - 16 August (Wednesday) 1950 (for 2 months).

4. Procedure for taking the course

To refer to the notification issued by Chief, Children's Bureau and Medical Affairs Bureau Welfare Ministry and vice-president, National Public Health Institute regarding the student's qualification and procedure for taking the course.

5. Curriculum and its contents, etc., are as stated in the attached sheet.

6. Notice about taking the course

a. Course fee shall be free

b. Various expenses for the course (teaching and practice material, etc.) shall be paid by the Imperial Foundation Maternal & Child Aiiku-kai.

c. Other Expenses

To refer to the notification issued by Chief, Children's Bureau & Medical Affairs Bureau), Welfare Ministry & Vice-president, National Institute of Public Health.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 013

7. Lodging and others

a. Students must arrive the Aiiku-kai by a day before the course.

b. About the dormitory, it is desirable for the students to apply for the room to the Aiiku-kai at the same time when they apply for the course, as the Aiiku-kai will take care of it. Boarding is expected to be around ¥600 per person a month, however, bedding must be brought by themselves (mosquito net unnecessary). In additon, bedding shall be sent to the Aiiku-kai.

c. Aiiku-kai can prepare the three meals for the students who desire to attend the course from without. The meals are expected to be around ¥100.

d. It is desired that those who want only boading on food shall take "transfer slip" procedure at Aiiku-kai (transfer slip from the prefecture), ration card for bean paste and bean sauce, register and ration card for sugar and oil.

e. It will be convenient for the students to bring identification card and health insurance certificate and a small cushion, the course taking quite a long time.

f. To bring an umbrella and other personal belongings, writing materials, white-gown for demonstration, tea-cup and dust-cloth, etc.

Re: Request for Recommending Students for the Course of Full-time Instructors of Midwifery Training Schools under New System

Since the above mentioned course is to be carried out in accordance with the attached essential points, it is requested for you to recommend those who are going to attend the course as the full-time instructors of training schools or schools which are considered to have the possibility of being accredited, from among schools under your jurisdiction which were investigated some time ago.

Along with the recommendation, their curriculum viten and medical examination certificate (x-ray picture required, those who have findings are not eligible) shall be submitted to the Ministry by May 25.

Essential points regarding the course for full-time instructors of midwifery training schools under new system.

1. Purpose of the course.

   To teach necessary subjects to midwives who are going to be full time instructors of new system Midwifery training schools.

2. Place.

   Tokyo: address within city to be announced.

3. Period.

   Eight months (from June 26).

4. Number of students.

   One or 2 from each institution which is planning to have a one year MW school according to Law 203.

5. Qualifications

   a. Those who have been licensed as midwives and clinical nurses.

   b. If possible, Girls, High School graduates or those who have the same scholastic ability as high school graduates.

374

KPH 700 15 March 1950
Subject: Training Courses at Institute of Public Health

e. Public Health Nutritionists --- 2 months
1st 27 Feb. - 22 April 1950
2nd 29 May - 22 July "
3rd 4 Sept. - 28 Oct. "
4th 4 Dec. - 27 Jan. 1951

f. Public Health Nurses --- 4 months
1st 3 April - 29 July 1950
2nd 5 Aug. - 25 Nov. "
3rd 2 Dec. - 24 March 1951

g. Sanitary Engineers --- 3 months
1st 10 April - 30 June 1950
2nd 8 Jan. - 28 March 1951

h. Public Health Statistics Officers --- 2 months
1st 3 July - 26 Aug. 1950
2nd 4 Sept. - 28 Oct. "
3rd 8 Jan. - 3 March 1951

i. Short course for the directors of Prefectural Health Department Laboratories --- 2 weeks
1 May - 13 May 1950

j. Bacteriology, Serology and Parasitology --- 3 months
15 May - 5 August 1950

k. Clinical Microscopy and Pathology --- 2 months
4 Sept. - 28 October 1950

l. Public Health Pharmacists --- 2 months
1st 3 April - 27 May 1950
2nd 30 Oct. - 23 Dec. "

Note: Courses j, k and l are for personnel employed in prefectural health department laboratories.

2. One of the most important aspects of the public health program is the providing of qualified personnel to staff the public health organization. An organization is only as good as the personnel in it. This has and continues to be one of the more urgent and pressing problems, necessarily so in an organization undergoing modernization and expansion.

SUBJECT: Request for Data Concerning Nurses and Midwives

TO: Chief, Hokkaido Civil Affairs Region, APO 7
Chief, Tohoku Civil Affairs Region, APO 547
Chief, Kanto Civil Affairs Region, APO 500
Chief, Tokai-Hokuriku Civil Affairs Region, APO 710
Chief, Kinki Civil Affairs Region, APO 25
Chief, Chugoku Civil Affairs Region, APO 248
Chief, Shikoku Civil Affairs Region, APO 1050
Chief, Kyushu Civil Affairs Region, APO 24-5

1. In the interest of completeness of the annual report concerning nursing being prepared in this headquarters, it is desired that the following data be furnished at your earliest convenience:

a. Number of clinical nurses, public health nurses and midwives who completed refresher courses in your region by year for 1947, 1948 and 1949.

b. Number of persons who completed prefectural refresher courses sponsored by prefectures and not utilizing national funds.

c. The lists in subparagraph a and b above are mutually exclusive.

2. It is suggested that the two lists be compiled with the following headings:

a. _____

Regions	Clinical Nurses		Midwives		Public Health Nurses	
Classes of	1947-1948-1949		1947-1948-1949		1947-1948-1949	

b. _____

Prefectures	Clinical Nurses		Midwives		Public Health Nurses	
Classes of	1947-1948-1949		1947-1948-1949		1947-1948-1949	

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 013

230 (4 Feb 50)CAS-FH
SUBJECT: Request for Data Concerning Nurses and Midwives

3. It is desired that the report be as accurate as possible but definitive checking should not be undertaken. Each prefectural public health department should have rather complete information concerning refresher courses operated in part or wholly by national funds and those operated solely from prefectural money.

看護の仕事を

おえらびになりませんか？

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 013

三月の卒業期が間近にせまつて參りました。皆樣は希望に輝いた將來について毎日をたのしく語り合つていらつしやるでせう。

いつたい皆樣はどんな將來をえがいていらつしやるでせう。高等學校に進まれる方、直ちに職業に就かれる方、又はお家の手傳いをなさる方など、思いはいろいろ異ると思いますが、職業に就こうとしていらつしやる方は、どんな仕事を望んでいらつしやるでせうか。**愛の奉仕者として健康の母として社會からつよく要望されている看護婦**をおえらびになりませんか。

看護婦の仕事は、皆樣も御存じのように、病氣で苦しんでいる人やきづついた人達を、なぐさめはげましやさしくみとりすることで、女性に最もふさわしい仕事であります。國ではこの仕事を大變重要視して昭和二十三年の七月あたらしい法律を作りました。

この法律の中には**甲種、乙種**の二通りの看護婦がきめてありますが**甲種看護婦**というのは、高等學校を卒業したのち三年以上の甲種看護婦學校を卒業し、國家試驗に合格したのち免許されるもので、保健婦や助產婦になるには先づこの資格が必要であります。**乙種看護婦**というのは、新制中學を卒業し二年間の乙種看護婦學校を卒業し、都道府縣の試驗に

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 013

合格したのち免許をうけることになつています。

甲種看護婦になるためには高等學校を卒業しなければなりませんが、乙種看護婦になるのには新制中學を卒業すれば直ぐ入學することができます。

看護婦の仕事は前にものべましたように、人々の大切な健康のことを扱う仕事でありますから、**やさしい愛情の上に科學的な知識**と、**熟練した技術**を身につけなければなりません。そのためには色々な勉强をすることが必要なのですが、こゝでは乙種看護婦學校の學科内容について簡單に申上げて見ませう。

先づ、人間の構造とその機能を詳しく知るための解剖生理、病氣の原因になる細菌とそれの消毒の方法、健康體を營むために知らなければならない個人として公人としての衞生、特別な病氣のために必要な格別の食餌の知識、藥牧學、一般看護法、病氣に關する社會的經濟的なものの考へ方と扱い方を學び、子供を健康に育てる方法、衞生法規、家事家政、語學音樂、體育等を學び、更に看護法は内科外科小兒科等とそれぞれ科別の看護法を教室で充分に實習したのち、實際について病室で訓練をいたします。

以上で看護婦になる道順がお分りになつたと思います。養成所は全國各地にありますが

詳しいことは都道府縣の衛生部内看護課（又は看護係）におとい合せ下さい。

看護の仕事は婦人の職業として最も適切なばかりではなく、將來家庭の人となつても健康で明朗な家庭生活を營む素養を得られ、家族の文化生活を導くことに大いに役立ちます。これからの日本婦人の身につけなければならない大切な教養の一つを習得することになるのであります。

女性の愛情と智能を發揮する仕事のために

皆様の奮起をおまちいたします

（厚生省看護課）

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 013

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 013

Won't you choose the work of Nursing?

Graduating season March is coming very soon. We imagine you are all talking pleasantly every day about your future which is bright with hopes.

I wonder what you are planning for the future. I believe some of you will be going to High School, some to work immediately or some staying home to help at home. Your plans must vary in many ways, but those who are planning to work, what kind of work are you desiring to do?

How about choosing nursing, which is strongly requested by the society as a person who gives service of affection and as a Mother of Health.

As you all know, the work of a nurse is to comfort, encourage and give kind nursing care to people who are suffering from illness and people who are wounded and it is the most appropriate work for women. The government has taken this work very seriously and has established a new law in July 1948.

In this law there are two types of nurses, "A" Class and "B" Class determined. "A" Class Nurse is a person, who after graduation from High School, graduates from a above 3 year "A" Class Nurses School and who is given a license after passing the National Examination. To become a Public Health Nurse or a Midwife, the above qualification is required first. A "B" Class Nurse is a person who is a graduate of New System Middle School and who has graduated from a two year "B" Class Nurses School and who receives a license after passing the Prefectural examination.

In order to be a A Class Nurse you must be a High School graduate but to be a "B" Class Nurse you can enter training immediately after your graduation from New System Middle School.

As we have stated previously the Nurse's work is to care for the important health of people, therefore more than kind affection, scientific knowledge and skilled techniques must be obtained. Therefore it is necessary to study various subjects; we will briefly write about the content of "B" Class Nurse's School curriculum.

First of all, Anatomy & Physiology is given to study fully about the structure and function of the human body; Bacteria, which is the cause of disease and its sterilising method; Hygiene of individual and public which is necessary in maintaining a healthy body; knowledge for special diet necessary for special disease; pharmacology; general nursing; social and economical way of thinking and handling disease; the method of bringing up healthy children; Sanitary Laws and Rules; Domestic Science; Foreign Language; Music; Physical education are studied and further more after sufficient practice of nursing care of Medical, Surgical, Pediatric and other departments in Class room, training is given actually on Ward. I imagine you understand the way to become a Nurse now. There are Nursing Schools throughout the country and you can contact the Prefectural Hygiene Bureau, Nursing Section (or Nursing Division) for full detail.
