

TRUSTEES' MEETING

ANNUAL BUDGET ADOPTED—REPORTS RECEIVED FROM TROPICO CLERK AND TREASURER

The Board of Trustees met in regular session at the City Hall at 8:00 p. m. All members present at roll call.

The minutes of the last regular meeting and of the adjourned meeting were read and a correction ordered to be made as follows on page 211. Minutes to read: "On motion of Trustee Muhleman, it was ordered that P. Rosenfeld, junk dealer, be cited to appear before the Board of Trustees at the adjourned meeting of January 19th to show cause, if any exists, as to why his license should not be revoked." With this correction the minutes were approved.

A letter was read from the American Defense Society of New York, stating that as there is patriotic work to be done in this City, the Society would appreciate the sending to them of the name of some prominent woman who would be a willing and proper representative of the Society in Glendale; the communication further stating that the person named would be immediately invited to join the Woman's National Committee. The Chairman nominated Mrs. Ella W. Richardson for membership in this organization, and the Clerk was instructed to notify the Society and Mrs. Richardson of the appointment.

Reports were presented and read from the City Clerk and the City Treasurer of the City of Tropic, covering the first nine days of the month of January, and were also accompanied by a report from the Treasurer of the City of Glendale acknowledging the settlement of the Tropic account—the amount turned over to him on account of the City of Tropic being \$4,305.14 and for the Street Improvement account \$6,042.03, making a total of \$10,347.14. Also in connection with these reports, the City Manager presented the Auditor's report on the accounts of the City of Tropic. On motion of Trustee Muhleman, the reports were referred to the Finance Committee to be taken up by that Committee in connection with a similar committee of the Tropic Board of Trustees.

The Tax Collector's report for the week ending January 17th, 1918, was read and ordered to be filed.

A communication addressed to the President of the Board from Mrs. Carroll W. Angier, was presented and read, inquiring as to the policy of the City of Glendale in regard to street paving. On motion of Trustee Jackson, the communication was referred to the City Manager for a reply.

A communication was read from the City Manager recommending a supplementary budget for the last six months of the fiscal year ending June 30, 1918; the same being accompanied by a resolution proposed by him for adoption.

On motion, Resolution No. 980, "A Resolution of the Board of Trustees of the City of Glendale, adopting annual budget," was taken up for reading.

On motion of Trustee Grist, the same upon being read was adopted unanimously.

The Chairman made a report on the meeting of property-holders interested in the improvement of (Continued on Page 4)

CAMP LEWIS FLAG

SCOUR NORTHERN WOODS FOR POLE FOR LARGEST FLAG IN THE WORLD

David Franey has received from his son, Harry Franey at Camp Lewis an interesting description of the big Camp Lewis flag, the largest flag afloat.

It will soon be flying over the cantonment to be oh'd and ah'd over by the thousands of people who visit the camp and by the thousands of khaki-clad men already stationed there. Can you imagine a flag 60x90 feet, a flag that weighs 257 pounds, one whose thirteen stripes are each 4 feet, 9 inches wide and whose 48 stars are each 2 feet 7 inches from point to point? These are the actual measurements of this new flag. The huge bulk of it can't be realized until you try to handle a small part of it.

The flag is made of the best grade of bunting, to wear through all kinds of weather. The stars are of a specially made material. The blue field is 33 1/4 feet deep and over 43 feet across.

The flag was made by the American Flag company of New York.

Already timber cruisers are scouring the woods of western Washington for a stick to carry it. When the pole is found and put in place the largest flag that flies anywhere in the world will float over Camp Lewis.

COMMUNITY MUSIC

ITS CULTIVATION IS URGED AS A STIMULANT TO PATRIOTISM

The meeting of the Thursday Afternoon Club held at the home of the president, Mrs. Wesley Bullis yesterday, was one of the largest gatherings of the year, a very profitable and delightfully social affair.

At the preliminary business session announcement was made of the coming Federation Club meeting at Santa Barbara February 6, 7 and 8th and Dr. Jessie Russell was named as the President's alternate, the club's per capita tax was ordered paid by the club treasurer, and the chairman of programs, Mrs. Becker, announced that the next meeting would be held at the home of Mrs. J. W. Ashton on El Bonita at which session Mrs. Kemper B. Campbell (nee Miss Hibben) would be the speaker. A brief recess was taken and then the speaker of the day was presented, Mrs. Bessie Bartlett Frankel, who introduced her theme, "Community Music," by leading the club in the singing of "The Star Spangled Banner."

Mrs. Frankel feels that America is very deficient in the real love and appreciation of music as compared with our friends across the water the Italians, the French or even the unemotional English; that music is the natural vehicle by which the human race expresses its deepest feelings and emotions and at a time like the present when the patriotism of the nation should be aroused, we have need to cultivate community music, in particular the singing of patriotic songs.

We establish the teaching of music in our public schools and universities, and we richly compensate the great singers, but we do not, as Mrs. Frankel pointed out, take music into our daily life as does the Italian who sings at his work all day in the fields, or who leaves his home at Christmastide to wander with other pilgrims through the streets of Rome singing and playing their glad music of welcome to the Virgin and the coming Messiah. We have our children instructed in the technique of music, but it ends there, and what the child (Continued on Page 2)

SURPRISE SHOWER

Mrs. Paul Pierce was honoree at a surprise shower given for her by Miss Jennie Lacy at her home, 135 South Kenwood street, last Saturday evening. Mrs. Pierce had been invited to spend the evening with Miss Lacy and her mother and on arrival found the guests assembled. In the course of a very pleasant social evening the gifts which were for the most part pretty home furnishings, were presented. Pink carnations were employed in the floral decorations, and dainty refreshments were served. The guest list included in addition to Mrs. Pierce: Gladys Anderson, Ruth Pierce, Mrs. Ricksecker, Gladys Harding, Leone Shattuck, Helena Schwarz, Miss Brockman and Mrs. R. L. Lacy.

"BOOST—DON'T KNOCK"

Yesterday I saw the motto at the head of this paragraph in a window down town and it impressed me as being a fine one for all of us to follow. "There's so much good in the worst of us, and so much bad in the best of us, that it does not behoove any one of us to find fault with the rest of us."

I was much interested in the article in your paper on the Flag and how to treat it in yesterday's issue. Glendale is a model town and should set an example to all other towns in this matter. I was sorry to learn that two public places on Broadway and two on Brand boulevard left their flags flying all night last night. This ought not to be and was due to oversight or neglect rather than indifference.

The managers of these places will be reminded privately and asked to take better care of our dear old flag. We love the stars and stripes and must be jealous of its honor.

INNOVATION IN AUTOMOBILE INNER TUBES

Our attention has been attracted to something entirely new in the line of tubes for automobile tires. It is indeed something entirely out of the ordinary to see a tire fully inflated with the inner tube showing through ample holes cut clear through the casing.

Ordinarily anything approaching a hole through the casing means a forcible reminder of war conditions and a ruined tube. The Monarch Company, however, are displaying the Palmer Cord Tubes inflated to 25 lbs. entirely free from the casing and also have them in tires with large holes cut through exposing the tubes.

INDUSTRIES SUSPENSION ORDER STANDS

PRESIDENT WILSON IS STANDING SQUARELY BACK OF FUEL ADMINISTRATOR IN UNPRECEDENTED MOVE

(Special Service to Glendale Evening News)

WASHINGTON, January 18.—President Wilson is standing squarely behind Fuel Administrator Garfield in his unprecedented industries suspension order effective today east of the Mississippi. It was stated officially that the president will not revoke the order. He feels that within three weeks the people will accept the order as having been vitally necessary.

That this move has created unfortunate conditions it is admitted, but that these will assume a different aspect soon it is predicted. The administration bases its hopes on the following:

Ships loaded with supplies tied up in American harbors will be on the move.

Loaded coal cars stalled will be delivered.

Freight congestion at all terminals and ports will be relieved.

The way will be cleared for all industries after the period of suspension.

Operations will be resumed assured of nearly normal conditions.

BUSINESS ACCEPTS DECREE

LARGE MANUFACTURING CENTERS ARE GENERALLY OBSERVING FUEL ADMINISTRATION CLOSING ORDER

(Special Service to Glendale Evening News)

WASHINGTON, January 18.—Sweeping modifications in the Garfield Industries Suspension order were made today. Twenty-three steel plants and various forms of business mainly relating to food manufacture and distribution were exempted.

All big manufacturing centers are observing the order with some indications of a fair per cent of employers paying wages during the idle period.

The United States steel corporation will probably not pay its employes for lost time.

Ford will pay all who are not day laborers.

The situation seems calming down and business is resolved to be good soldiers.

VIOLATOR OF SUSPENSION ORDER ARRESTED

REPORTS OF EMPLOYERS IGNORING FUEL ADMINISTRATOR'S ORDER INVESTIGATED BY JUSTICE DEPARTMENT

(Special Service to Glendale Evening News)

CHICAGO, January 18.—There has been one arrest here for violation of the Garfield Suspension order, the Department of Justice admitted, but refused to divulge the identity of the alleged violator. Other reports of violations are being investigated.

AUSTRIAN TROOPS SHOT

SOLDIERS HAVING SOCIALISTIC VIEWS ARE ORDERED EXECUTED IN REPORT IN PETROGRAD

(Special Service to Glendale Evening News)

PETROGRAD, January 18.—Whole companies of Austrian troops have been ordered shot for sympathizing with Russian Socialist views, it is reported here. Likewise many units on the Italian front have been ordered executed for refusing to obey their officers.

PETROGRAD UNDER MARTIAL LAW

ANARCHY IS SPREADING AND RUSSIAN SOCIALIST PROPAGANDA IS BEING CARRIED TO GERMAN TROOPS

(Special Service to Glendale Evening News)

PETROGRAD, January 18.—Petrograd has been declared under martial law by the Bolshevik Safety Commission. All attempts at revolt are to be vigorously suppressed, the decree declared. Anarchy is spreading, railroad stations have been raided and transportation halted. All sorts of excuses are resorted to by the rebels.

Dissatisfaction against militarist masters is spreading to German troops. The German government is making frantic efforts to stop the spread of Russian propaganda to German soldiers.

Flat denial was made at Smolny Institute, Bolshevik headquarters, that the Bolsheviks will attempt to arrest the Rumanian king.

CONGRESS JEALOUS OF RIGHTS

LEADERS SAY CONGRESS WILL BE CAREFUL IN SHEARING ITSELF OF POWER—RESULT OF GARFIELD ORDER

WASHINGTON, January 18.—Congress intends to be careful of shearing itself of any power, even to giving it to the president, leaders declared today as a result of the Garfield Suspension order, to which Congress is now resigned except that some effort may be made to modify the Monday closing rule.

COLD CAUSES CROP LOSSES

WASHINGTON, January 18.—Damage from 40 to 50 per cent in the winter oats crop with damage to truck gardens throughout the south has resulted from the severe cold, it is reported. The sugar cane belt was affected.

THE FAMILY FLOCK

IRVING OLIVER THINKS EVERY HOUSEHOLDER SHOULD KEEP A FEW GOOD HENS

Irving Oliver, business manager of the High School, is an enthusiastic poultry fancier and declares that now is the time to rid flocks of all common, unproductive mongrel stock. As a matter of efficiency, with food stocks at present prices, it will not pay any poultryman to keep poultry which does not give a good account of itself either as layers or for rapidly maturing table fowls, in his opinion.

Mr. Oliver has carefully pruned down his own stocks and is keeping a flock of only nineteen Silver Campines which have been laying all winter and have yielded good returns on their keep. The Campine is the native hen of Belgium where it has been raised for 400 years or ever since the days of King Charles the First. One advantage of this stock, as pointed out by Mr. Oliver, is that when the war is over Belgium will have to come to America to renew her flocks which have been all consumed by the German invaders.

"It will nearly always pay the average householder to keep a dozen or more good laying hens as they will always pay for themselves," said he.

He also expressed considerable interest in rabbit production. He has never tried them but is strongly tempted to do so under present conditions when meat consumption is being so stringently regulated. He expressed the conviction that the fur bearing sorts would be especially profitable.

FOOD PRODUCERS BUSY

The Glendale Vacant Lot Food Producers are about the busiest bunch in Glendale. These nice warm days make us all think of making gardens and the members of this organization are reminding us of our duty and responsibility in the matter. There is no reason why we here in Glendale should not raise all the food we need the coming year thus releasing vast stores for less favored communities as well as for our allies across the sea and our boys who are fighting for us over there.

The Food Producers realize that a campaign of education is necessary to make all of us successful gardeners, and to this end they have enlisted in the cause those who are well informed in methods of plowing, seeding, soil, irrigation, and kindred subjects.

They have become interested in doing the greatest amount of work with the least labor and are arranging for a garden tractor demonstration here on Saturday afternoon. The vacant lot on Brand between Second and Third streets has been secured and this tractor will be demonstrated between the hours of three and four. This machine it is said may be operated by anyone and goes at the rate of 3 miles an hour. All patriotic people will be interested in this demonstration.

EXEMPTION BOARD NOTES

Affairs are very quiet today at the headquarters of the Exemption Board although there is plenty of routine work to be done.

F. L. Muhleman of this city, who has been one of the Legal Advisory Board was yesterday appointed a member of the Exemption Board. This will give it three members who can be called together to act upon any matters which come up for decision. Mr. Muhleman has been a faithful and efficient member of the Legal Board and his appointment is highly satisfactory to Messrs. Lanterman and Jones and to all parties concerned.

Messrs. Mackay and Flint joyfully returned to their own affairs yesterday after weeks of continuous service at Board headquarters.

On evidence placed before the Board the following names of men in service were removed from the list of delinquents:

George Weiseman of Pisgah Grande
Carl Johnson of Tejunga,
Edgar and Albert Moniot of this district.

Mr. Waite, Cashier of the First National Bank of San Fernando, goes to Berkeley tonight to join the Signal Corps.

Watson W. Culp from this district has been sent to Fort Riley, Kansas, where he will be in the Medical Department.

Olin Spencer is still at headquarters assisting with the work of the Board.

Lawrence Davis, who passed away in an eastern camp last week, will be the first to be honored by a gold star on Glendale's Municipal service flag, the high school service flag and the Presbyterian church service flag.

DR. LOCKE SPEAKS

FEDERATED BROTHERHOOD OF GLENDALE ENTERTAIN LADIES AND HEAR DR. LOCKE

Several hundred men and women assembled in the banquet rooms of the Methodist Church Thursday evening at the call of the executive board of the Federated Brotherhood of Glendale, and partook of a dinner prepared by the ladies of the Methodist church and listened to a thrilling patriotic address delivered by Dr. Chas. E. Locke, pastor of the First Methodist Church of Los Angeles.

After the guests were seated at the tables the Chairman, Dr. I. H. Durfee presented Rev. R. W. Mottern, pastor of the Lutheran Church who asked that God's blessing come to the people assembled.

The ladies having the serving of the dinner in charge were thoroughly prepared to give excellent service and they received many compliments for the prompt and agreeable performance of their duties.

The chairman introduced the speaker in a very happy and commonplace manner to which introduction the speaker responded in an equally happy manner.

Dr. Locke may be classed as an enthusiastically patriotic man. He is a whole artillery plant in himself. He declares he was born near the time of the Civil War so if he has fight in his gizzard he is not to blame for that condition.

Dr. Locke believes that God governs in all and that he will govern in this war. He does not know why God does not kill the Kaiser, but he thinks he wants us to kill him. The speaker said the Kaiser must be conquered and he must be conquered in such a way that this war will end war for all time.

Dr. Locke said the Kaiser has been dishonest. His word can not be relied upon. The Prussians have said one thing and have done another. The speaker denounced the pacifist as being a bad citizen with a screw loose in his head. Under present circumstances every sane man should favor putting down Prussianism. The United States should have gone into war two years ago. This statement from Dr. Locke brought forth great applause.

It is difficult to express in common words the degree of patriotism exhibited in Dr. Locke's make-up. He is truly a lover and supporter of the United States flag and he is in entire opposition to the present Prussian military system.

The benediction was pronounced by Rev. Rider, pastor of the Tropic Presbyterian Church.

TO MAKE EDISON RECORDS

Mrs. Spencer Robinson of 234 E. Ninth street has had the pleasure of entertaining during the past week an old friend and a famous tenor singer and teacher of Seattle, Washington, Mr. Frederick Wilhelm Zimmermann, who came to Los Angeles on his way to the Atlantic coast. During his stay Mrs. Robinson entertained in his honor, informally, some of his friends who are in Southern California. Mr. Zimmermann left here yesterday for New York City where he has been engaged to make records for the Edison Company.

SALT LAKE CO-OPERATES

STARTS VIGOROUS CAMPAIGN FOR RELEASE OF FREIGHT CARS

C. A. Redmond, 1431 W. Fifth St., D. P. A. of the Salt Lake Route, is in receipt of a telegram from the General Manager of the road in which he repeats a message from the assistant of Director General McAdoo appealing for a general campaign to unload and release cars. The lines are asked to use all efforts to accomplish the object of this movement.

Mr. Redmond states that the Salt Lake is co-operating in every way with the government in this work. A campaign is on to urge all commercial and traffic organizations and all newspapers in the territory covered by their lines to assist in taking action in the direction indicated.

It is generally admitted that expedition in the handling of transportation throughout the United States and in the prompt release of equipment is a very important factor in the successful prosecution of the war in which our country is at present engaged and the prompt unloading and release of cars is as much a patriotic duty as responding to the draft call.

GLENDALE, CALIFORNIA, FRIDAY, JANUARY 18, 1918.

OUR NATIONAL PROBLEM—AND ITS SOLUTION

Ten million American homes—and more—have taken the pledge to help win the war by joining in the United States Food Administration—to send to our Armies and the Allies as much as we can of concentrated nutriment, the things which, in the shortage of shipping, take the least vessel room.

These things we must send—wheat, beef, pork, fats and sugar. The men of the Allied nations are fighting, they are not on the farms. They consume more than ever; they produce less than before. Cut off from their other markets, they depend more than ever on America. They look to America for food as never before. For they are our companions in the great war for democracy and liberty.

Wheat must be sent them, for their harvests are short. They cannot take corn as they have no mills to grind it nor ovens to bake it in, while they are already adulterating their white flour all they can and still make it into a loaf. We must send them part of our wheat to mix with their heavy war bread.

Meat must be sent them, for their herds are depleted. They have deliberately killed off their cattle for which they had no fodder.

Sugar must be sent them. They are cut off from all other sources, and reduced to one-fourth of what we have been accustomed to use. When we have done all we are asked to do we shall still allow ourselves nearly double the portion that is offered to France and England.

We were told to use freely of what America had in abundance that we might release the stores of the few things we must share with the Allies.

Ten million American homes have now taken the pledge to follow directions as new circumstances shape them from time to time; to eat poultry and fish in place of meat as may be necessary; potatoes and corn and rye in place of wheat; vegetable oils instead of animal fats, as the needs of the situation indicate. And on definite days at definite meals, in accordance with the pledge to follow directions, this substitution is made in millions of homes.

RED CROSS NOTES

Nine new members were enrolled at Red Cross headquarters Thursday.

Mrs. Ezra Parker, who is in charge of the Red Cross Shop, reports sales for four days this week totaling \$14, all of which goes to the treasury of the local chapter. More stock in trade would be welcome and friends of the Red Cross are asked to take inventory of their possessions to see if they cannot discover articles they are willing to donate.

Mrs. W. H. Boothby will be in charge of the Surgical Dressings Department as instructor on Fridays of each week from 10 a. m. to 4:30 p. m.

Members of the Comfort Bag Department will meet this afternoon at headquarters under direction of either Mrs. A. M. Beamon or Assistant Chairman Miss Griffith. Mrs. Beamon has a cold and may not be able to be present.

Mrs. Sadler who has been one of the most faithful and constant workers in the sewing department at headquarters, has been appointed Vice Chairman under Mrs. Ellis who is at the head of the department. Mrs. Sadler is the mother of Edwin Sadler, who enlisted and was sent to France early in the war as a member of the Engineering Corps. She is wonderfully capable and Mrs. Ellis is very glad to have her assistance.

The long looked for consignment of yarn from San Francisco has reached Wilmington and will be in Glendale in time for distribution to members of the knitting department next Monday.

SCHOOL DISTRICT CONSOLIDATION

An impromptu meeting of the residents of Tropic School District was held last Tuesday evening, and the question of consolidation of Glendale and Tropic School Districts was freely discussed.

Under the present School law, the consolidation of the municipalities of Tropic and Glendale does not carry with it the consolidation of the two school districts.

It was decided that the best interests of the valley and the districts, would be served by effecting the consolidation of these two School Districts. There would be special advantages in attendance at the nearest school to those living near the boundary line, which cannot be readily accomplished under separate districts. Also it seemed advisable that the school boundaries should be the same as the municipal lines, making for unity and harmony in all public matters.

Therefore, to further this consolidation and make the procedure legal, it was decided to present petitions to the citizens of the Districts, for their signatures.

Y. P. B. MEETING

The Young Peoples' Branch of the W. C. T. U. of Glendale will meet with Miss Gladys Lambert at her home on the corner of Cedar and West Fifth streets, Saturday evening, January 19th.

Miss Esther Gleason of the Los

Angeles University Y. will be present and give a parliamentary drill. She is State Parliamentarian for the Y. P. B. and has recently returned from the National W. C. T. U. convention in Washington, D. C. where she was a delegate from Los Angeles of the Ys. All young people are invited to attend this meeting and it is hoped that large numbers will avail themselves of the invitation.

DEATH OF LILLIAN REYNOLDSON

Mrs. Lillian Reynoldson, who formerly resided at 508 Orange street, and who had many friends in this city, passed away in Los Angeles at the home of her sister, Mrs. Malone Joyce, last Wednesday. Her home here is to be occupied by her sister, Mrs. A. M. Williams and husband, who have been residents of Hollywood. Mrs. Williams and Mrs. Joyce like Mrs. Reynoldson, are P. E. O.'s and members of Chapter W, Los Angeles.

GERMANS SING OF VICTORY FRENCH CHANGE THEIR TUNE

By W. S. FORREST
 (United Press Staff Correspondent)
 WITH THE FRENCH ARMIES IN THE FIELD, Dec. 11. (By Mail.)—The Fifty-Fifth German Infantry Regiment, of Westphalia—the regiment of Count Bulow of Donnowitz—despite the following war song was completely beaten by French troops in recent fighting, alone losing 700 prisoners:

"We are of the brave regiment
 The fear of the country of France,
 And who names itself the 55th
 proudly.

We are covered with glory,
 Even when he outnumbers us,
 The enemy falls against us,
 We have already repulsed 38 times
 The assault of the Little French."

CHORUS
 "We will fight bravely man to man
 In our victorious army
 Until the day when Germany
 Shall be at the head of the World,
 On land, on sea and in the sky!"

"And if the enemy shows his teeth
 We keep our good humor,
 The sons of Westphalia do not refuse
 the struggle;
 They march with the sons of Lippe,
 forward.
 When the cannons thunder and throw
 their lightning
 We remain vigorous and proud,
 We will conquer as at Donnowitz,
 The spirit of Count Bulow survives
 in us.

CHORUS
 "In the valleys of the Lippe, of the
 Ruhr and of the Weser,
 Our vigorous fists were formed,
 With which so often
 We have rudely mauled the French,
 We are of the Forest of Teutoburg,
 Where once the battle of Arminius
 took place,
 So against us night and day are
 broken
 All the efforts of our enemies."

The fiery 55th received a mauling
 in keeping with its battle song at the
 Vaurains farm recently.

Right is the eternal sun, and the
 world cannot delay its coming—
 Wendell Phillips.

COMMUNITY MUSIC

(Continued from Page 1)
 has learned is about as much related to real music, the language of the soul, as grammar is like literature, declared the speaker. The remedy must go further back, the education of the child must begin in the home made by the parents who must be aroused to an intellectual appreciation of the beauty of music.

As a means of cultivating the public taste Mrs. Frankel is urging community singing and the choral societies which usually grow out of such beginnings. She gave a very interesting account of the origin and growth of the community singing movement in this country which started in Bethlehem, Pennsylvania, in 1844, and which has been developed into a wonderful institution in Bradford, near Nashua, Iowa. To Harry Barnhart, who originated community singing in New York, she paid a high tribute, describing a concert he directed on the shores of Long Lake, led by a chorus of 2000 voices, and supported by a vast throng of community singers including a regiment of soldiers.

At the conclusion of the paper, which was greatly enjoyed by the

club members, most of whom were knitting, another recess was taken and then refreshments were served by the president and hostess assisted by Mrs. E. V. Bacon and Mrs. Wilbur.

This part of the afternoon's entertainment was a surprise, and a very interesting one, for the club had voted early in the year to reduce its refreshments to the simplest terms, yet here was the President, who had been a leader in patriotic economies serving brown bread sandwiches, pan cakes, cereal and cream, and a delicious cake with an accompaniment of tea.

It was all explained when she exhibited original packages of barley flour and other barley products and stated that this was a demonstration to show members what a delicious, wonderful substitute for wheat had been found. Of course the women fell over each other to try everything and found it all delicious, and to satisfy the demands for the formula of the eggless cake the hostess recited the recipe and many transcripts of it were taken. The barley products were made by the Phoenix Milling Company of Sacramento, and will be a boon to housewives who are doing their best to live up to the gospel of Hoover.

The cake recipe as given by Mrs. Bullis follows:
 1 cup of brown sugar,
 A little shortening,
 1 cup of buttermilk or sour milk,
 1 teaspoonful of soda,
 2½ or 3 tablespoonfuls of molasses, (velvet),
 2 cups of barley flour,
 A little white flour,
 Raisins, nuts and spices.

**THE INDISCRIMINATE USE OF
 CHECKS**
 Dear Editor:—
 Something ought to be done to
 stop the indiscriminate use of checks.
 Anyone whether a depositor or not
 can go into almost any bank and pick
 up a handful of blank forms. This is
 a great temptation to forgers and other
 crooks. In England, only depositors
 can get a check book, but here they
 can use any bank form and just
 scratch the name and put in another
 bank. Three weeks ago a young man
 came into my store in soldier boy's
 uniform and purchased a box of
 candy and handed me a check for
 \$5.00. He endorsed it address, Fort
 McArthur. A week after check was
 returned me, marked no funds. I
 phoned the Bank in Los Angeles and
 they told me the man was in jail. He
 had distributed 20 or 30 similar
 checks all around and was a crook
 acting as a soldier, disgracing the
 uniform. He was a stranger to me,
 but the uniform he wore relieved him
 of suspicion.

 ceeded other similar weeks.

 most practical outline on "Prayer"
 taking the Lord's Prayer as a basis,
 setting it forth as a Petition, a Pat-
 tern, a Power, a Partnership, and
 Perfection.
 Don't fail to attend the meeting
 tonight at 7:30.
 The public is invited.

MUSIC COMPETITION
 Mrs. Arnold, curator of the Music
 Section of the Tuesday Afternoon
 Club has received and transmitted to
 the News the following details con-
 cerning a prize competition offered
 by the Music Department of the Los
 Angeles District, California Federa-
 tion of Women's Clubs.
 The conditions of the competition
 are as follows:

1. The competition is open only to
 active members of the music club or
 music section of the Los Angeles Dis-
 trict Federation of Women's Clubs,
 who has never had a composition
 published.
 2. All manuscripts must be in ink
 and clearly written.
 3. All manuscripts shall be sent in
 unsigned, marked with the name of
 the class in which it is entered and
 with a private mark. A sealed en-
 velope shall accompany each manu-
 script, containing the private mark
 used, the name and address of the
 sender and stamps or money order to
 cover the expenses of returning the
 manuscript.
 4. All compositions shall have
 titles in English and vocal numbers
 must be in English.
 5. All compositions must be sub-
 mitted between April 1st and April
 15th, 1918.
 6. Contestants cannot enter in
 more than one class.
 7. The compositions are to be
 judged on the correctness of harmo-
 nic construction, melodic interest
 and commercial possibilities.
- Class I. Song. (Either Sacred or
 Secular.)
 Class II. Piano Solo. (Not to ex-
 ceed six pages.)
 Award: The best of both classes,
 meeting the above requirements to
 be published by R. W. Heffelfinger,
 Los Angeles.

The public rendition of the prize
 composition will be a special feature.
 Competent judges of reputation
 will be chosen to make the awards.
 The committee reserves the right
 to reject any compositions that do
 not meet with the requirements or
 that do not receive the unanimous
 vote of the judges.
 It is only by maintaining a high
 standard that the composer is in-
 spired to do the best work and the
 prize competition is placed above
 question.

Suggestions
 Avoidance of the extreme voice
 range in vocal numbers.
 Use of words from the Scriptures
 for Sacred Songs, as giving a wider
 possibility of use.
 The availability of the music for
 the use of the average musician, in
 piano solo and accompaniments.

IT WAS OUR OWN MARIE
 (By A. M. SALYER)
 The character of my work is such
 that I am constantly catering to the
 tastes and ambitions of the best
 young people in the community.
 So naturally, I am always pleased
 to meet with children who are really
 bright; and there are many such
 right around little old Glendale. It
 is enough to take the conceit out of
 an old fellow to try to keep up with
 the average small fry in their mod-
 ern, rapid-fire style of ordinary con-
 versation. Sometimes I think that the
 little chaps of my time must have
 been a bit slow as compared with the
 youngsters of the present.
 Just the other day I had a remind-
 er of this very thing, which I do not
 mind telling you. It happened on a
 warm sunny afternoon just before
 New Years, in fact on the very day
 the sacred balladist must have had in
 mind when he sang, "December's as
 pleasant as May."
 Anyhow, I was waiting for a north
 bound car opposite the arched en-
 trance of beautiful silent Forest
 Lawn Cemetery.

I was seated on the curbstone,
 shaded by a fine young camphor tree,
 thinking, wondering what had really
 become of all the folks sleeping the
 long sleep just across the way. And
 as I mused, of a sudden I became
 conscious of a velvety touch upon my
 cheek. I had heard no sound, but as
 I turned I looked into a pair of hon-
 est brown eyes belonging to a splen-
 did young collier, who wagged and
 smiled with a cordial greeting.
 So I replied "How de do and whose
 dog are you?" For answer a sweet
 voiced child of five, whom I had not
 yet noticed, stepped forward and ex-
 plained, "Oh, this is my dog and his
 name is Toodles." "Does Toodles
 know anything," I asked bluntly.
 "Know anything," she repeated.
 "Why, mister, I don't suppose he
 does. You see, Toodles is only seven
 months old and you can't expect one
 so young to really know anything."
 "But does he like you?" "I should
 say Toodles does like me," she said
 shaking her head. "Then he knows
 that much," I insisted. "Yes, and he
 knows more than just liking me."
 "What else?" "He knows how to be
 careful—doesn't get run over." "I
 see, never was killed was he?" "Why
 man, if Toodles had ever been killed
 do you think he could be here now?"
 "I suppose not I droned out grudging-
 ly. "You suppose not? You
 know very well where Toodles would
 be if he were dead", and she pointed
 across to the cemetery. And I said
 Yes, that is so."
 "Anything else your dog Toodles
 knows?" "He knows not to let any-
 one hurt me." "How's that?" "Well,
 the other day along came some real
 gypsies—a whole caravan. My Tood-

LOS ANGELES DISTRICT CONVENTION

The Seventeenth Annual Convention of the Los Angeles District, California Federation of Women's Clubs will be held in Santa Barbara, February 6, 7, and 8, by invitation of the Federated Clubs of Santa Barbara.

Headquarters will be at the Hotel Potter. All Convention sessions will be held in the Ball Room, save the program of the second evening, which will be given in the Santa Barbara Woman's Club House.

The Convention will be called to order at 9 o'clock Wednesday morning, February 6th. There will be a roll call of clubs in the morning session. Each president, or her representative, is asked to give, in a three minute verbal response, the special work done by her club in helping Rural Schools, in Social Service, in War Work, or patriotic service. A written report of all club activities is requested as a matter of convention record.

You are requested to see that your club is represented by its full quota of delegates at this convention, and to urge general attendance of your club members.

Program

The formal opening of the Convention will occur Wednesday evening at 8 o'clock. The program will include short addresses by Mrs. Michel A. Levy, President of the Woman's Club of Santa Barbara and Chairman of the Local Board; Mrs. Josiah Evans Cowles, General Federation President; Mrs. Herbert A. Cable, State Federation President; and Mrs. Mattison B. Jones, District President, followed by music in charge of the local clubs of Santa Barbara.

The daily programs as planned will be of great interest as well as practical and patriotic.

On Thursday evening at the Woman's Club House the Los Angeles District Board will be seen in a pageant symbolizing the District Directory, illustrated.

On Friday evening a program of great interest will be presented under the name "Americanization Evening." There will be an address on Americanization and National Defense, followed by Music of Allied Nations in costume.

The District Chairmen request that condensed accounts of work done by the clubs be sent to them by January 20, in order that they may be included in the annual reports.

Please send your year books for exhibit to Mrs. Charles S. Bateman, 325 Eighth street, San Pedro, Calif.

Representation

"Clubs having a representation of one hundred or less shall be represented at the annual meeting by the President, or her representative, and one delegate.

"Clubs having a membership of more than one hundred shall be represented by the President or her representative, and two delegates, and by one additional delegate for each additional hundred members."

Two weeks prior to the annual meeting, the Secretary of each club shall send the names of delegates and alternates elected by the club to the Corresponding Secretary, Mrs. A. L. Weaver, 235 South Kenwood street, Glendale, Cal.

Dues

Article II. "The yearly dues shall be five cents per capita, payable Nov. 1st, and shall become delinquent two weeks prior to the annual meeting. The delegates from clubs failing to pay their annual dues shall not be seated at the convention."

Your attention is called to this Article appended to the call, which will require the payment of delinquent dues two weeks prior to the convention, thereby simplifying the work of the Credentials Committee, and you are earnestly requested to observe this By-Law.

Credentials

Credentia cards must be presented in person, duly signed by the President and Secretary of the club, to the Credentials Committee, which will be in session at the Hotel Potter on the opening morning at 9 o'clock. Chairman, Mrs. F. A. H. Fysh, San Gabriel.

Resolutions

Article III, Sec. 6. "All resolutions offered for consideration at the annual meeting shall be presented in writing and shall have the endorsement of either the District Executive Board or of one Federated Club."

All resolutions except those of courtesies and hospitality must be in the hands of the Committee on Resolutions by the close of the first day's session.
