(e) DETERMINATIONS.—

(1) IN GENERAL.—The provisions of this section shall not apply to any foreign government or entity that assesses such

taxes if the Secretary of State reports to the Committees on Appropriations that—

SEC. 210. (a) Notwithstanding any other provision of law, subject to the conditions listed under this section, for fiscal years 2018 and 2019, the Secretary of Housing and Urban Development may authorize the transfer of some or all project-based assistance, debt held or insured by the Secretary and statutorily required low-income and very low-income use restrictions if any, associated with one or more multifamily housing project or projects to another multifamily housing project or projects.

(b) PHASED TRANSFERS.—Transfers of project-based assistance under this section may be done in phases to accommodate the financing and other requirements related to rehabilitating or constructing the project or projects to which the assistance is transferred, to ensure that such project or projects meet the standards under subsection (c).

(c) The transfer authorized in subsection (a) is subject to the following conditions:

(1) NUMBER AND BEDROOM SIZE OF UNITS.—

(A) For occupied units in the transferring project: The number of low-income and very low-income units and the configuration (i.e., bedroom size) provided by the transferring project shall be no less than when transferred to the receiving project or projects and the net dollar amount of Federal assistance provided to the transferring project shall remain the same in the receiving project or projects.

(7) If either the transferring project or the receiving project or projects meets the condition specified in subsection (d)(2)(A), any lien on the receiving project resulting from additional financing obtained by the owner shall be subordinate to any FHA-insured mortgage lien transferred to, or placed on, such project by the Secretary, except that the Secretary may waive this requirement upon determination that such a waiver is necessary to facilitate the financing of acquisition, construction, and/or rehabilitation of the receiving project or projects.

(8) If the transferring project meets the requirements of subsection (d)(2), the owner or mortgagor of the receiving project or projects shall execute and record either a continuation of the existing use agreement or a new use agreement for the project where, in either case, any use restrictions in such agreement are of no lesser duration than the existing use restrictions.

(9) The transfer does not increase the cost (as defined in section 502 of the Congressional Budget Act of 1974, as amended) of any FHA-insured mortgage, except to the extent that appropriations are provided in advance for the amount of any such increased cost.

To the extent the Secretary determines, in consultation with the tenants and the local government, that such a multifamily property owned or held by the Secretary is not feasible for continued rental assistance payments under such section 8 or other programs, based on consideration of (1) the costs of rehabilitating and operating the property and all available Federal, State, and local resources, including rent adjustments under section 524 of the Multifamily Assisted Housing Reform and Affordability Act of 1997 (“MAHRAA”) and (2) environmental conditions that cannot be remedied in a cost-effective fashion, the Secretary may, in consultation with the tenants of that property, contract for project-based rental assistance payments with an owner or owners of other existing housing properties, or provide other rental assistance. The Secretary shall also take appropriate steps to ensure that project-based contracts remain in effect prior to foreclosure, subject to the exercise of contractual abatement remedies to assist relocation of tenants for imminent major threats to health and safety after written notice to and informed consent of the affected tenants and use of other available remedies, such as partial abatements or receivership. After disposition of any multifamily property described under this section, the contract and allowable rent levels on such properties shall be subject to the requirements under section 524 of MAHRAA.

SEC. 221. The Secretary is authorized to transfer up to 10 percent or \$5,000,000, whichever is less, of funds appropriated for any office under the heading “Administrative Support Offices” or for any account under the general heading “Program Office Salaries and Expenses” to any other such office or account: *Provided*, That no appropriation for any such office or account shall be increased or decreased by more than 10 percent or \$5,000,000, whichever is less, without prior written approval of the House and Senate Committees on Appropriations: *Provided further*, That the Secretary shall provide notification to such Committees three business days in advance of any such transfers under this section up to 10 percent or \$5,000,000, whichever is less.

SEC. 222. (b) The Secretary shall take action under subsection (c) when a multifamily housing project with a section 8 contract or contract for similar project-based assistance—

(1) receives a Uniform Physical Condition Standards (UPCS) score of 60 or less; or

(2) fails to certify in writing to the Secretary within 3 days that all Exigent Health and Safety deficiencies identified by the inspector at the project have been corrected.

Such requirements shall apply to insured and noninsured projects with assistance attached to the units under section 8 of the United States Housing Act of 1937 (42 U.S.C. 1437f), but do not apply to such units assisted under section 8(o)(13) (42 U.S.C. 1437f(o)(13)) or to public housing units assisted with capital or operating funds under section 9 of the United States Housing Act of 1937 (42 U.S.C. 1437g).

(c)(1) Within 15 days of the issuance of the REAC inspection, the Secretary must provide the owner with a Notice of Default with a specified timetable, determined by the Secretary, for correcting all deficiencies. The Secretary must also provide a copy of the Notice of Default to the tenants, the local government, any mortgagees, and any contract administrator. If the owner’s appeal results in a UPCS score of 60 or above, the Secretary may withdraw the Notice of Default.

applicable properties, as designated by the Secretary, with priority given to the tenants of the property affected by the penalty;

(C) abate the section 8 contract, including partial abatement, as determined by the Secretary, until all deficiencies have been corrected;

(D) pursue transfer of the project to an owner, approved by the Secretary under established procedures, which will be obligated to promptly make all required repairs and to accept renewal of the assistance contract as long as such renewal is offered;

(E) transfer the existing section 8 contract to another project or projects and owner or owners;

(F) pursue exclusionary sanctions, including suspensions or debarments from Federal programs;

(G) seek judicial appointment of a receiver to manage the property and cure all project deficiencies or seek a judicial order of specific performance requiring the owner to cure all project deficiencies;

(H) work with the owner, lender, or other related party to stabilize the property in an attempt to preserve the property through compliance, transfer of ownership, or an infusion of capital provided by a third-party that requires time to effectuate; or

(I) take any other regulatory or contractual remedies available as deemed necessary and appropriate by the Secretary.

(d) The Secretary shall also take appropriate steps to ensure that project-based contracts remain in effect, subject to the exercise of contractual abatement remedies to assist relocation of tenants for major threats to health and safety after written notice to the affected tenants. To the extent the Secretary determines, in consultation with the tenants and the local government, that the property is not feasible for continued rental assistance payments under such section 8 or other programs, based on consideration of—

(1) the costs of rehabilitating and operating the property and all available Federal, State, and local resources, including rent adjustments under section 524 of the Multifamily Assisted Housing Reform and Affordability Act of 1997 (“MAHRAA”); and

(2) environmental conditions that cannot be remedied in a cost-effective fashion, the Secretary may contract for project-based rental assistance payments with an owner or owners of other existing housing properties, or provide other rental assistance.

TITLE X—TAYLOR FORCE ACT

SEC. 1001. SHORT TITLE.

This title may be cited as the “Taylor Force Act”.

SEC. 1002. FINDINGS.

Congress makes the following findings:

(1) The Palestinian Authority’s practice of paying salaries to terrorists serving in Israeli prisons, as well as to the families of deceased terrorists, is an incentive to commit acts of terror.

(2) The United States does not provide direct budgetary support to the Palestinian Authority. The United States does pay certain debts held by the Palestinian Authority and funds programs for which the Palestinian Authority would otherwise be responsible.

(3) The United States Government supports community-based programs in the West Bank and Gaza that provide for basic human needs, such as food, water, health, shelter, protection, education, and livelihoods, and that promote peace and development.

(4) Since fiscal year 2015, annual appropriations legislation has mandated the reduction of Economic Support Fund aid for the Palestinian Authority as a result of their payments for acts of terrorism including, in fiscal year 2017, a reduction “by an amount the Secretary determines is equivalent to the amount expended by the Palestinian Authority, the Palestine Liberation Organization, and any successor or affiliated organizations with such entities as payments for acts of terrorism by individuals who are imprisoned after being fairly tried and convicted for acts of terrorism and by individuals who died committing acts of terrorism during the previous calendar year”.

SEC. 1003. SENSE OF CONGRESS.

Congress—

(1) calls on the Palestinian Authority, the Palestine Liberation Organization, and any successor or affiliated organizations to stop payments for acts of terrorism by individuals who are imprisoned after being fairly tried and convicted for acts of terrorism and by individuals who died committing acts of terrorism and to repeal the laws authorizing such payments;

(2) calls on all donor countries providing budgetary assistance to the Palestinian Authority to cease direct budgetary support until the Palestinian Authority stops all payments incentivizing terror;

(3) urges the Palestinian Authority to develop programs to provide essential public services and support to any individual in need within its jurisdictional control, rather than to provide payments contingent on perpetrating acts of violence;

(4) urges the United States Permanent Representative to the United Nations to use the voice, vote, and influence of the United States at the United Nations to highlight the issue of Palestinian Authority payments for acts of terrorism and to urge other Member States to apply pressure upon the Palestinian Authority to immediately cease such payments; and

(5) urges the Department of State to use its bilateral and multilateral engagements with all governments and organizations committed to the cause of peace between Israel and the Palestinians to highlight the issue of Palestinian Authority payments for acts of terrorism and to urge such governments and organizations to join the United States in calling on the Palestinian Authority to immediately cease such payments.

DIVISION V—CLOUD ACT

SEC. 101. SHORT TITLE.

This division may be cited as the “Clarifying Lawful Overseas Use of Data Act” or the “CLOUD Act”.

SEC. 102. CONGRESSIONAL FINDINGS.

Congress finds the following:

(1) Timely access to electronic data held by communications-service providers is an essential component of government efforts to protect public safety and combat serious crime, including terrorism.

(2) Such efforts by the United States Government are being impeded by the inability to access data stored outside the United States that is in the custody, control, or possession of communications-service providers that are subject to jurisdiction of the United States.

(3) Foreign governments also increasingly seek access to electronic data held by communications-service providers in the United States for the purpose of combating serious crime.

(4) Communications-service providers face potential conflicting legal obligations when a foreign government orders production of electronic data that United States law may prohibit providers from disclosing.

(5) Foreign law may create similarly conflicting legal obligations when chapter 121 of title 18, United States Code (commonly known as the “Stored Communications Act”), requires disclosure of electronic data that foreign law prohibits communications-service providers from disclosing.

(6) International agreements provide a mechanism for resolving these potential conflicting legal obligations where the United States and the relevant foreign government share a common commitment to the rule of law and the protection of privacy and civil liberties.

SEC. 103. PRESERVATION OF RECORDS; COMITY ANALYSIS OF LEGAL PROCESS.

(a) **REQUIRED PRESERVATION AND DISCLOSURE OF COMMUNICATIONS AND RECORDS.**—

(1) AMENDMENT.—Chapter 121 of title 18, United States Code, is amended by adding at the end the following:

“§ 2713. Required preservation and disclosure of communications and records

“A provider of electronic communication service or remote computing service shall comply with the obligations of this chapter to preserve, backup, or disclose the contents of a wire or electronic communication and any record or other information pertaining to a customer or subscriber within such provider’s possession, custody, or control, regardless of whether such communication, record, or other information is located within or outside of the United States.”.

(2) TABLE OF SECTIONS.—The table of sections for chapter 121 of title 18, United States Code, is amended by inserting after the item relating to section 2712 the following:

“2713. Required preservation and disclosure of communications and records.”.

(b) COMITY ANALYSIS OF LEGAL PROCESS SEEKING CONTENTS OF WIRE OR ELECTRONIC COMMUNICATION.—Section 2703 of title 18, United States Code, is amended by adding at the end the following:

“(h) COMITY ANALYSIS AND DISCLOSURE OF INFORMATION REGARDING LEGAL PROCESS SEEKING CONTENTS OF WIRE OR ELECTRONIC COMMUNICATION.—

“(1) DEFINITIONS.—In this subsection—

“(A) the term ‘qualifying foreign government’ means a foreign government—

“(i) with which the United States has an executive agreement that has entered into force under section 2523; and

“(ii) the laws of which provide to electronic communication service providers and remote computing service providers substantive and procedural opportunities similar to those provided under paragraphs (2) and (5); and

“(B) the term ‘United States person’ has the meaning given the term in section 2523.

“(2) MOTIONS TO QUASH OR MODIFY.—(A) A provider of electronic communication service to the public or remote computing service, including a foreign electronic communication service or remote computing service, that is being required to disclose pursuant to legal process issued under this section the contents of a wire or electronic communication of a subscriber or customer, may file a motion to modify or quash the legal process where the provider reasonably believes—

“(i) that the customer or subscriber is not a United States person and does not reside in the United States; and

“(ii) that the required disclosure would create a material risk that the provider would violate the laws of a qualifying foreign government.

Such a motion shall be filed not later than 14 days after the date on which the provider was served with the legal process, absent agreement with the government or permission from the court to extend the deadline based on an application made within the 14 days. The right to move to quash is without prejudice to any other grounds to

move to quash or defenses thereto, but it shall be the sole basis for moving to quash on the grounds of a conflict of law related to a qualifying foreign government.

“(B) Upon receipt of a motion filed pursuant to subparagraph (A), the court shall afford the governmental entity that applied for or issued the legal process under this section the opportunity to respond. The court may modify or quash the legal process, as appropriate, only if the court finds that—

“(i) the required disclosure would cause the provider to violate the laws of a qualifying foreign government;

“(ii) based on the totality of the circumstances, the interests of justice dictate that the legal process should be modified or quashed; and

“(iii) the customer or subscriber is not a United States person and does not reside in the United States.

“(3) COMITY ANALYSIS.—For purposes of making a determination under paragraph (2)(B)(ii), the court shall take into account, as appropriate—

“(A) the interests of the United States, including the investigative interests of the governmental entity seeking to require the disclosure;

“(B) the interests of the qualifying foreign government in preventing any prohibited disclosure;

“(C) the likelihood, extent, and nature of penalties to the provider or any employees of the provider as a result of inconsistent legal requirements imposed on the provider;

“(D) the location and nationality of the subscriber or customer whose communications are being sought, if known, and the nature and extent of the subscriber or customer’s connection to the United States, or if the legal process has been sought on behalf of a foreign authority pursuant to section 3512, the nature and extent of the subscriber or customer’s connection to the foreign authority’s country;

“(E) the nature and extent of the provider’s ties to and presence in the United States;

“(F) the importance to the investigation of the information required to be disclosed;

“(G) the likelihood of timely and effective access to the information required to be disclosed through means that would cause less serious negative consequences; and

“(H) if the legal process has been sought on behalf of a foreign authority pursuant to section 3512, the investigative interests of the foreign authority making the request for assistance.

“(4) DISCLOSURE OBLIGATIONS DURING PENDENCY OF CHALLENGE.—A service provider shall preserve, but not be obligated to produce, information sought during the pendency of a motion brought under this subsection, unless the court finds that immediate production is necessary to prevent an adverse result identified in section 2705(a)(2).

“(5) DISCLOSURE TO QUALIFYING FOREIGN GOVERNMENT.—(A) It shall not constitute a violation of a protective order issued under section 2705 for a provider of electronic communication service to the public or remote computing service to disclose to the entity within a qualifying foreign government,

designated in an executive agreement under section 2523, the fact of the existence of legal process issued under this section seeking the contents of a wire or electronic communication of a customer or subscriber who is a national or resident of the qualifying foreign government.

“(B) Nothing in this paragraph shall be construed to modify or otherwise affect any other authority to make a motion to modify or quash a protective order issued under section 2705.”.

(c) RULE OF CONSTRUCTION.—Nothing in this section, or an amendment made by this section, shall be construed to modify or otherwise affect the common law standards governing the availability or application of comity analysis to other types of compulsory process or to instances of compulsory process issued under section 2703 of title 18, United States Code, as amended by this section, and not covered under subsection (h)(2) of such section 2703.

However, you should be aware that using a security freeze to take control over who gets access to the personal and financial information in your credit report may delay, interfere with, or prohibit the timely approval of any subsequent request or application you make regarding a new loan, credit, mortgage, or any other account involving the extension of credit.

An initial fraud alert is a 1-year alert that is placed on a consumer’s credit file. Upon seeing a fraud alert display on a consumer’s credit file, a business is required to take steps to verify the consumer’s identity before extending new credit. If you are a victim of identity theft, you are entitled to an extended fraud alert, which is a fraud alert lasting 7 years.

“A security freeze does not apply to a person or entity, or its affiliates, or collection agencies acting on behalf of the person or entity, with which you have an existing account that requests information in your credit report for the purposes of reviewing or collecting the account. “(B) An agreement entered into under this section to provide hospital care, a medical service, or an extended care service shall be known as a ‘Veterans Care Agreement’.

“(C) For purposes of subparagraph (A), hospital care, a medical service, or an extended care service may be considered not feasibly available to a veteran from a facility of the Department or through a contract or sharing agreement described in such subparagraph when the Secretary determines the veteran’s medical condition, the travel involved, the nature of the care or services required, or a combination of these factors make the use of a facility of the Department or a contract or sharing agreement described in such subparagraph impracticable or inadvisable.

“(D) A Veterans Care Agreement may be entered into by the Secretary or any Department official authorized by the Secretary.

“(2)(A) Subject to subparagraph (B), the Secretary shall review each Veterans Care Agreement of material size, as determined by the Secretary or set forth in paragraph (3), for hospital care, a medical service, or an extended care service to determine whether it is feasible and advisable to provide such care or service within a facility of the Department or by contract or sharing agreement entered into pursuant to another provision of law and, if so, take action to do so.

“(B)(i) The Secretary shall review each Veterans Care Agreement of material size that has been in effect for at least 6 months within the first 2 years of its taking effect, and not less frequently than once every 4 years thereafter.

“(ii) If a Veterans Care Agreement has not been in effect for at least 6 months by the date of the review required by subparagraph (A), the agreement shall be reviewed during the next cycle required by subparagraph (A), and such review shall serve as its review within the first 2 years of its taking effect for purposes of clause (i).

“(3)(A) In fiscal year 2019 and in each fiscal year thereafter, in addition to such other Veterans Care Agreements as the Secretary may determine are of material size, a Veterans Care Agreement for the purchase of extended care services that exceeds \$5,000,000 annually shall be considered of material size.
