# R. McKENNA WILL BE **EXCHEQUER HEAD IN BALDWIN MINISTRY**

Will Take Office When He Recovers From Present Illness; Until Then Premier Baldwin Will Act As Chancellor; Lord Robert Cecil Is Lord Privy Seal.

London, May 25.—The list of the new Cabinet of Premier Stanley Baldwin, issued this afternoon, shows that Lord Robert Cecil has been appointed Lord Privy Seal and that J. H. C. David-son, who was secretary to Premier Bonar Law, becomes Chancellor of the Duchy of Lancaster.

Mr. Baldwin combines the posts of Premier and Chancellor of the Exchequer. The other members of the Cabinet are practically

the same as in the Bonar Law Ministry.

The list shows Premier Baldwin failed to persuade Sir Robert Horne or Austen Chamberlain, who were members of the Lloyd George Cabinet, to join his Ministry.

North Bay, Ont., May 25.—The rifice with which Leo Rogers wounded Constable McGovern and killed Plain-clothesman Lefebvre is believed to have been obtained by him from his own home, on the afternoon of his escape. Only his eldest sister, Mary, was in the house at the time. Both parents were away.

Police say a statement to this effect which they believe to be true was made by the sister herself to a police officer after a severe examination yesterday. It was substantiated to some extent by the father himself, who declared to Maj.-Gen. Williams at the jail yesterday afternoon that he knew nothing whatever about his son's return or present whereabouts.

The father expressed regret, police state, for what Leo had done and said that perhaps he had shot himself in the bush.

# U.S. LOAN FOR

Negotiations for Raising of \$25,000,000 Reported

New York May 25.—Although Wall Street bankers and heads of investment houses exhibited considerable interest to-day in reports that negotiations were under way for a United States loan of \$25,000,000 to the Irish Free State, none would indicate that his company had been approached on the subject. It was pointed out, however, that such, a loan was probable and that there was little doubt but that Great Britain would display a sympathetic attiture in this matter.

For obvious reasons, it was stated, it would be preferable to float the loan in this country than in Britain. It is known that the expense of maintaining the Free State army has been a heavy drain on the finances of the new state. Bankers also said that they believed the loan, if offered in the United States, would be favorably received because Ireland has no war debts, no inflated currency and a great deal of valuable security. Wall Street reports were that the debt would be secured by Irish currency.

Gelesenkirchen Police Headquarters Seized By Communists

London, May 25 .- The German Government is alarmed at reports that armed Communist bands are marching on Essen, says a Central News dispatch from Berlin this afternoon. At has asked permission of the French authorities to send forces of German police from the occu pied districts to Essen and Gelsenkirchen.

Essen, May 25 .- The strike in the Ruhr district, inaugurated by the Communists, is gaining in by the Communists, is gaining in numbers and includes thousands of iron and steel workers besides the miners previously out. The latest to join were 20,000 employees of the steel works at Remscheid, near Elberfeld, whose demand for a fifty per cent. in-crease in pay was refused. It is estimated that 50,000 miners are striking in the Gelsenkirchen dis-trict:

Canal Damaged.

Serious damage was inflicted upon the Rhine-Hern Canal last night, according to German sources, by the explosion of a large mine, said to have been laid in Ruhrort Harbor by German Nationalists. The damage, the Germans say, is sufficient seriously to affect transportation as it is draining the water from the harbor, which holds many barges loaded with coalready for the French to transport down the Rhine.

Sir Robert Horne, former Chancellor of the Exchequer, who had previously spoken at the banquet, had advocated allowing the Empire to continue to grow without the premature intervention of precarious forms of constitution, and this stand was supported by Sir Joseph Cook, Australian High Commissioner, who followed Sir George Perley.

# SPIRIT OF CARNIVAL **BIG FROLIC PARADE**

The most spectacular and greatest parade ever organized here is now history. Victoria's Maytime Frolic was marked yesterday by a constantly moving and panoramic spectacle the like of which has never been equalled on the British Columbia scaboard. Wonderful in its conception and magnificent in its presentation, the Maytime parade will long live in the memory of those who were privileged to witness it. The procession of bands and gorgeously decorated floats and decorated automobiles was two miles in length. All Victoria in its Maytime enthusiasm was down town for the great inaugural of the Frolic.

for the great inaugural of the Frolic.

Masses of bright yellow broom, flag decorations and the crowds of men and women, especially children, banked along the street and massed in upper-story windows, indicated a real holiday spirit. It was an artistic idea to have baskets of flowers suspended

from the electric light standards. There was a hush among the eager throngs along the street as Chief Fry in his twin-six came into view, followed by a corps of mounted police in scarlet uniform, the Boys' Naval Brigade and a corps of cadets in uniform.

Soldiers from Esquimalt with a field piece drew applause from the crowd.

The applause increased as a detachment from the U.S.S. Omaha, American battleship on the Boilday visit came along. They carried two great American flags.

Field guns from Work Point Barracks preceded Mayor Reginald Hayward with his wife and family. The young Mayor looked doubly young to be the head of such an old city as Victoria and such an important centre as Victoria is to-day.

# LONDON EMPIRE

Sir R. Horne Spoke of In-dividuality Among Empire Nations

London, May 25.—(Canadian Press Cable)—There was a distinguished company at the Empire Day banquet at the Colonial Institute last night when the principal speaker was Sir Robert Horne, who advocated allowing the Empire to continue to grow without the premature intervention of precarious forms of constitution. He expected nothing but good from a certain measure of independence of idea and spirit on the part of the Dominions, adding the assertion that individuality would never tend toward disruption, but would only benefit the Empire.

The Maharajah of Hawanagar, responding on behalf of India, declared that the whole of India was loyal and proud of its membership in the Empire, but often asked whether the Empire was equally proud of her. It was up to the British and Dominion statesmen to assure the people of India in that regard, not only in words, but in deeds.

Experience From Two Sides

One letter was from a young lady who has something to do with a grocerteria. She says that they sell more Pacific Milk than all the others put together—and there has never been a complaint.

And she further adds that they use it at home, and so from personal experience she can say its flavor is more like fresh cream and does not give an unpleasant taste to cooking.

## PREMIERS TO CROSS CANAD

Little Doubt New Zealand Leader Will Attend Empire Conference

Australian Prime Minister Will Represent His Country

Special to The Times.

Wellington, May 25.—Both the Prime Minister of Australia and the Prime Minister of New Zealand expect to pass through Canada in the Fall on their way to London to the Empire Conference called by the British Government. Mr. Massey is somewhat doubtful still whether he can get away but he has called a session of Parliament for June and he will then put it up to the House to say what ought to be done.

There is, little doubt of the answer, though the Labor Parly will probably insist on an undertaking, if it can get it, from the Premier to bind New Zealand to no enhanced expenditures on defence unless with the consent of Parliament.

Another factor is a by-election pending at Oamaru where the Minister of Justice Hon. E. P. Lee, was recently defeated by a Labor candidate, but the election was declared void on petition. If Mr. Lee is returned, as is thought likely, his accession will greatly strengthen the Ministry.

Majority of Three.

Majority of Three.

Majority of Three.

The Massey party has now a majority of three votes. This will be quite sufficent for the Ministry to carry on. Former Governments in New Zealand have had no more.

The winning of the Massey- Ward by-election in Tauranga was not really the triumph for the Government it has been made out to be. It was rather a triumph for Mr. Massey personally, for he did nearly all of the electioneering, and Mr. Mac-Millan, the Reform Party's candidate, was hardly heard of. It was a fight between Massey and Ward, and Massey, because he is a farmer, and the constituency one entirely of farmers, won against the business fian, Sir Joseph.

One of the most remarkable feats of amateurs here has been the listening in on the transatiantic station in Nova Scotia. Messages were picked, and long press messages deciphered as they were in transmission.

Wooden Scaffolds.

Rather than carry out the Government contractor's pians for building a portable steel gallows for hanging criminals, proposed to be used instead of the temporary wooden structures now erected, the workmen in the factory threatened a strike. The contractor gave in and the gallows will not be made.

The New Zealand Labor Party opposes capital punishment and the trade unions back it up. Hence the objection of the factory hands.

However, criminals will continue to be hanged on wooden scaffolds.

Death Sentence.

So many stories were told by John Tuhi, a Maori employee on a farm near Wellington, where the body of the owner, Herbert Henry Knight, was found buried, that the judge said he could no believe any of them. The jury found Tuhi guilty of murder, and he was sentenced to death.

Knight lived on a lonely farm about ten miles from Wellington. He was short of money, and one day he disappeared. Tuhi gave out that he had

Search about the homestead finally disclosed the body, or rather part of the head, buried. After this Tuhi's lips were sealed. The Crown theory was that Knight was killed when asleep or reading a newspaper.

When a strong earth shock occurred at Palmerston North, North Island, during a concert, a singer, Miss O'Brien, by her coolness prevented a panic. As the concert hall swayed from side to side and some of the chandeliers fell, many women fainted and men began to move for the doors. Miss O'Brien then came forward to the platform and started to sing "The Last Rose of Summer."

The audience calmed down as if by magic.

Next year the friendly bonds which bind the British to the will undoubtedly produce something even more elaborate and attractive. The competitive spirit will have been established by the many novel and delightful entries which occupied the two-mile

It would not be good taste to select any par-ticular float for especial mention or to allude to any individual feature of the parade. Variety of subject and the clever division of the spectacular, the utilitarian, and the humorous, furnished so complete and harmonious a whole as to defy com-parisons of any kind. At the same time we shall be expressing the sentiments of every Victorian practical contributions.

For the rest we shall hope that the Maytime Frolic has set a precedent that will be amplified to the point at which it will take its place in the front rank of annual spectacles and permanently place Victoria on the map in this one more important particular. What is there to prevent it?

### THE BUDGET.

Liberals and Conservatives united in opposi-tion to the Forke amendment on the budget which was defeated by a vote of 162 to 61. This was expected, since the Government followers of course were bound to support Mr. Fielding's pro posals or go out of business, while to the Conservatives the fiscal policy of the Progressives is anathema. The real battle occurred when the main motion of the Finance Minister was voted upon. Then Progressives and Conservatives found common ground, because both parties were op-posed to the Fielding offering. The Government's majority was only eight, which was ten less than the margin by which the budget proposals were ssed last Session. There is a Liberal vacancy in North Cape Breton and the Speaker did not On the other hand three Progressives did be difficult to work up enthusiasm in this cause! not take part in the division. In any case the budget would have been adopted, but the Government must have had a hectic few minutes on Wednesday. As we already have pointed out, Mr. Fielding no doubt would be willing to go a long way along the pathway marked by the Progressive proposals, but he is forced to consider certain economic facts which cannot be met by sudden radical readjustments. He must be assured at once of a sufficient revenue to meet an enormous demand upon the treasury. He must contemplate a debt of more than \$2,400,000,000 which has not yet been kept within bounds, and a railroad deficit of over \$60,000,000. Nevertheless, in certain particulars he has reduced the customs taxation and he has been able to extend the British preference. We doubt if anybody else could have done any better in the circumstances.

### A TRIUMPH IN ORGANIZATION.

No reference to the first day's ceremonial in connection with the Maytime Frolic would complete without an expression of congratulation to Manager Marsh and his corps of energetic workers and collaborators. Theirs was the labor, which may have been momentarily forgotten in the general admiration for the absolute precision and smoothness with which everything went off, that produced yesterday's triumph. It has been the work of months. From early morn until late into the night the guiding spirit and his assistants have worked like Trojans. They reaped the re-ward they most desired before many of yester-day's daylight hours had passed. But the people of Victoria owe them a substantial debt of gratithe good work.

### GET THE BUSINESS.

About eight hundred up-Island people arrived in town on the E. & N. railroad train on Wednesday evening. A considerable proportion of them no doubt wanted to make sundry purchases at the proposition of them. no doubt wanted to make sundry purchases at Victoria stores, but unfortunately they were too late. A similar condition prevails every Saturday evening, while on Wednesday afternoon the leges and universities in the country. He evidently believes that these figures prove something or other. late. A similar condition prevails every Saturday evening, while on Wednesday afternoon the community unquestionably loses a large volume of business from incomers who are now com mencing to come in growing measure with the increase of transportation services. All this is a handicap to our commercial progress at a time when a business revival should be welcomed with open arms, since it would affect every interest and every individual in the place. Business must be

cultivated and pursued, and it is being cultivated and pursued everywhere in the world where it is realized that such activity is indispensable to recovery from the unexampled wastage caused by the war. That the logic of these stern economic conditions is recognized here is shown by the recent understanding between the retailers' and clerks' associations, by which it is understood a forty-eight hour week is to be established here. clerks' associations, by which it is understood a forty-eight hour week is to be established here. Under this arrangement employers will be able to make such readjustments of time with their employers which will permit their places of business to be kept open in accordance with the demands of trade, at the same time insuring ample periods of palayation for those in their controls. periods of relaxation for those in their employ. This will operate to the very definite advantage of the whole community.

### OUR NAVAL VISITORS.

There can be only one verdict about the first day of Victoria's Maytime Frolic. It was a tremendous success in all its minute detail. Never before have the streets of this city presented such an inspiring appearance. Never before has such an ambitious parade been staged.

Those people who talk loosely about the relations between the two great English-speaking nations, notably the governors of the Sulgrave institute, which has discovered that the people of the British Empire and the people of the United States are manifest. In quantity and quality of entrants yester-day's display proved a demonstration of com-munity triumph. Private cars in numbers that one would never have expected indicated the in-terpretation and displayers of individual the intion. Corporation and commercial effort testified to the new spirit which is being moulded in this district. The crowds assembled made assured success more certain. Climatic conditions were ideal. What more can be said?

There is this wach that can be colded. Vector the greatons remained that it all came about through a friendly instruction from the Government at Washington, ideal. What more can be said?

The acclaim with which the Omaha's contingent was greeted, both in the parade and at the Willows, in dicated Victoria's appreciation at their presence Captain Hanrahan and his officers and men will always find a warm welcome at this port.

While not versed in the routine of the B. C. Methodist conference and its various committees. I maintain that the action, of the aforementioned standing committee, in this matter is unjustifiable, and more than that, it lacks the ring of the true spirit of Christianity.

The Centennial Church has passed through some very strenuous times, but to-day it occupies an eminent place in the Christian community of Victoria, due in no small measure to the spiendid work of the Rev. Clem Davies; and to remove him from the pastorate at this time would no doubt have disastrous results.

The Omcial Board of the Centennial Church, backed by the entire congregation, is unanimous in their request for the appointment of Rev. Clem Davies as pastor; and their request should be granted.

Britain that France could destroy London in one quick moment because her air force is so much greater than that of Britain's. He will find very few people ready to challenge the statement. But will that threat be regarded by the British tax payer as his instruction to vote more millions to put Britain's aerial navy in a position to destroy. Faris in one quick moment?

If Lord Birkenhead were to go a little further into his pleasant contemplation he might terrorize the people of the British Isles and warn them that two hundred pieked men could put sufficient poison into the water arteries of the country to kill off about half the population. He might just as well say that the United States Cruiser Omaha could wipe out Victoria in the same sixty-second gainst the playful anties of a hostile warship if she desired to be really hostile? Strawberry Vale W. I. Apply Test to Home and Outside Products

A special meeting of the Straw perry Vale Women's Institute was held on the evening of Monday, May 21, at the home of Mrs. Davis, Wilk-inson Road, to discuss home pro-

eting was well attended, and the liscussion very animated. Various

local, provincial and national pro-ducts were mentioned.

There was brisk criticism, but a keen desire was evident to encourage

industries already established in Victoria.

The members decided to buy local produce as far as possible, to test it and give their opinions as to quality and price as compared with imported goods at the next meeting.

The Victoria public market came in for some notice. It was stated that Chinese produce is being sold by one or two stall holders, but it is believed that most of the stall holders are bona fide farmers and growers, for whom the market was orginally started.

The hostess served Victoria and Vancouver biscults—the local biscults were considered the best by all present.

## QUEEN VICTORIA'S MEMORY HONORED

Mrs. Walter Nichol Officiated at I. O. D. E. Ceremony at Statue

Appropriate commemoration of the birthday of Queen Victoria's Maytime Froile yesterday morning. At 3 oclock members of the Imperial Order Daughters of the Empire gathered at the statue of "Victoria the Good" in front of the Parliament Buildings to pay tribute to the memory of the great Queen. Standard-bearers of the primary Chapters were in attendance, their standards giving a warm spissh of color to the scene. Mrs. Walter C. Nichol, Provincial Fresident of the Order, on behalf of the Municipal Chapter, placed on the plinth a magnificent wreath of purple violas and white lilies of the valley. She was fellowed by three little representatives of the children's chapters, Dalsy Chain, H. M. S. Resolution and Royal Bride Chapters, who placed tributes on the plinth. Mrs. Cartis Sampson, Municipal Chapter were in attendance. The little ceremony closed with the playing of the National Anthem by the lift Canadian's Scottish Band.

Throughout the remainder of day the floral tributes were swelled by contributions of posless from the school, children, prizes for the best posy being offered by the I. O. D. E. A beautiful addition was made at a later hour when the May Queens on their way to the coronation ceremones placed their bouquets on the plinth.

Washington Musicians Make J. B. A. A. Dance Complete Success

Perhaps the snapplest dance music ever heard here, the work of the University of Washington jazz orchestra, made the James Bay Athlette Association's dance in the Empress Hotel last night one of the most enjoyable affairs given by that well-known organization. The Varsity musicians, who are guests here of Mr. and Mrs. J. O. Cameron and their son Donald, provided a programme which contained the very latest song hits, rendered in such a way that the delighted two hundred dancers insisted on numerous encores.

cores.

The Empress ballroom was beautifully decorated last night with the blue and white of the J. B. A. A., and the blue and gold of the Washington University. Oars, painted with the J. B. A. A. colors, were hung on the walls along the sides of the room decorated with festoons of ribbon.

A number of Washington University students had accompanied the orchestra here and attended the dance. Officers of the American battleship Omaha were guests of honor.

The J. B. A. A. committee in charge of the affair included: Frank Frost, O. C. Walls, A. H. Cox, Eric Fisher, R. Trafis, R. Cummings and T. D. Roberts.

Mr. and Mrs. George Mutch, Delatre Street, entertained a few friends on Tuesday evening at a delightful supper in honor of their eldest daughter. Mary, who celebrated her Zist birthday. The room was tastefully decorated in the national colors, while in the centre of the table stood the two-tier birthday cake, which was cut by the guest of honor. Shortly afterwards a dainty little wheelbarrow decorated in bunting piled high with presents was wheeled in by little Ada Victoria Mutch. A pleasant evening was spent in music and games, after which delicious refreshments were selved.

# EMPIRE BALL AT **EMPRESS TO-NIGHT**

It was merely an ordinary meeting of the bridge club, but some-way it stood out as quite the most memorable party of the year. When the members strolled homeward, in their pretty afternoon frocks and wide hats, they felt as if they had been to a garden party as well as a bridge game, and so indeed they had.

When two tables had been played, and the regular time for refrshments had come, an innovation was sprung. At least, it may not be any novelty to you, but it was to these suburban women, who were apt to follow the regular procedure for social events devotedly. Moreover, they were prone to leave their green velvet lawns as empty and unused as their grandmothers used to leave the darkened "parlor" in days gone by.

But not only had this hostess learned to live out on her thick closely-woven turf, she had found that there is nothing so charming as eating out of doors. And so, instead of keeping the bridge-players at their respective tables, and replacing the black satin covers with fine line ones upon which to serve the refreshments, she invited the twenty woman out to her lawn where, beneath a big tree, a buffet table was spread. Here there was a great punchbowl of delectable liquid, plates KUMTUKS CLUB TO

Able authorities proved these methods by many careful tests. Then a new-type tooth paste was created, based on modern research. These two new film destroyers were embodied in it.

That tooth paste is called Pepsodent. Now it has come into world-wide use, largely through dental advice.

Greater protection

Pepsodent also leads to greater protection. It multiplies the alkalinity of the saliva. That is there to neutralize mouth acids, the cause of tooth decay. It multiplies the starch digestant in the saliva. That is there to digest starch deposits which may otherwise ferment and form acids.

In all these ways, Pepsodent is fast bringing a new dental era.

# EXECUTES FIFTEEN NARCOTIC DRUGS

American Vigilance Led to Seizure at New York

Canada and Spain Make Statements to World League

Geneva, May 25.—The Canadian and Spanish Governments supplied Secretariat of the League of Nations with the details of the recent seizure in New York of two shipments of opium and other narcotic drugs. The Spanish Government said a large quantity of morphine, discovered by the American customs officials in barrels labelled "smoked fish" had had come from Marseilles and only touched at Malaga, Spain. The Canadian Government stated that four cases of "incandescent lamps" which contained 1,000 pounds of morphine in tubes were shipped from Holland, destined for Montreal, and were legally intercepted by the United States. One of the last speakers who shared in the debate before the vote was taken was Premier King.

"What we have done in this budget," he said, "is to carry out the spirit of the 1919 platform in the light of conditions, as we see them at the present time."

Reference to McMaster.

The Premier was sorry A. R. McMaster had felt it necessary to crossthe floor. He was sorry on Mr. McMaster's own account, and on account of the party, but most of all
because he believed the place for Mr.
McMaster to have attained what hewas seeking was in the midst of the
members of his own party.

Progressives seemed to feel that it
was necessary not to interpret conditions to the people in their own
constituencies, but to create a feeling
in the minds of those people that
there was in Parliament a feeling
against Western Canada. He believed the duty of the Progressive
members was to explain to them the
difficulties with which the country
was faced:

### With Budget Proposals Approved. House Turns to Other Business

Ottawa, May 25.—With the Budget out of the way, the House will now be able to turn to other business to be dealt with before the session ends. Among the matters awaiting attention are redistribution, the interim report of the Ralston Commission on Pensions, submitted a few days ago, the report of the committee which has been investigating agricultural conditions and other business.

The Government's majority on the vote on the budget was eight. The vote on Wednesday night came after eleven days of debate, interest being so great that the public galleries were crowded.

Last year the Government carried

Last year the Government carried its budget by a majority of eighteen.

First on Wednesday night came the vote on the Progressive amendment, the House dividing, 162 against it and 61 for it, a majority for the Government of 101.

Against the amendment there voted all the Liberals present, with the exception of A. B. Hudson, South Winnipee, and Conservatives, with the addition of A. W. Neill, Independent, Comox-Alberni, and two British Columbia Progressives, Messrs, McBride, Cariboo, and Humphrey, West Kootenay.

For the amendment voted the Progressives with the two exceptions noted, A. B. Hudson and A. R. McMaster, Brome, the latter registering his first vote from "No Man's Land," and two Labor members.

On the cry for economy, the Minister said it was so very easy to preach, but so hard to practise, and he quoted how his critics during consideration of the estimates had asked for money to be spent on militia, naval matters, Toronto harbor, the St. Lawrence Waterway, and even in the last speech, the member for Saskatoon had asked for more money for rural mail carriers. Western members wanted more branch railways and the Hudson Bay Railway.

A strange thing was that while critics called it a protectionist budget, nineteen out of twenty changes the said was the said the said was the sai

Clear-out issue.

Mr. Fielding said the Opposition leader and the members of his party were opposed to reciprocity. "That makes a clear-cut issue," said Mr. Fielding. "The attitude of the Cahadian people towards reciprocity has changed since 1911." Mr. Fielding declared. He was informed that there were members of the Progressive Party who voted against it in 1911, but who would, of course, favor it now. In his own Province of Nova Scotia, the feeling was strongly in favor of it. He believed there were thousands of Conservatives in Canada to-day who would support reciprocity. The Budget had met with approval in the country.

"In all my experience of making budgets I have never received such expressions of approval as this time," Mr. Fielding concluded.

No Panic When Vessel Crashed in Fog; Cargo Worth

St. John's, Nfld., May 25.—(Canadian Press)—Widely divergent storties are told by passengers of the illitated Canadian Pacific liner Marvale, which was wrecked on Cape Freels. near Trepassey, on the Newfoundland coast last Monday.

First officer Chambers, who was on the bridge when she struck, said that the ship was proceeding at a fair rate of speed, half or little better, infoggy, but not densely foggy weatherwhen the accident occurred. He said the fog alarm on Cape Freels had been heard, but that it was difficult to judge distance.

Officers Praised. Officers Praised.

Officers Praised.

The passengers speak in glowing terms of the splendid work of the
ships officers in getting out the
boats and getting the crews into
them, while the officers themselves
have nothing but praise for the manner in which passengers, particularly
women, conducted themselves in the

women, conducted themselves in the emergency.

There was not the slightest resemblance of panic or fear. In twenty minutes the sixteen boats were filled with passengers. All speak of the daring action of Second Officer Jones, who, when one of the boats was in danger of upsetting, quickly climbed out on the divits and by timely intervention prevented what might have been a serious accident.

The Marvale's cargo, consisting of grain, flour, bacon, cheese and other farm products, is valued at about one million dollars. It is expected that some of it will be salvaged when the hatches can be taken off.

Five More Shipping Board Vessels Join Oriental Service

Seattle, May 25.—Allocation of five additional freighters to the Admiral Oriental Line, announced by the shipping board, increases to nine the number of cargo carriers in the Trans-Pacific service of this company in addition to five passenger liners. Of the newly allocated vessels, the West Ison and West Notus are reconditioning at the Todd plant here and the Gross Keys, Bakersfield and Cuprum, are in service.

The additional allocations make it possible for the Admiral Oriental Line to arrange a schedule calling for a

Greenbacks Were Real Money After All

New York, May 25.-Fifteen hun-New York, May 25.—Fifteen hundred dollars in ten dollar bank notes, which represent somebody's profits on a transaction in liquor that took place some weeks ago on Rum Row, off the Jersey coast, are floating soggily in the Atlantic Ocean last night because Michael J. Sullivan, former boxing promoter of Salem, Mass., thought they were conterfeits. Sullivan, himself, who once was fined \$1,000 in Salem for participating in a rum running venture of the schoner Lorain, but now describes himself as manager of the Canadian Shipping Company, was detained on suspicion of having passed counterfeit bills, when he arrived late vesterday on the steamship Homeric, after a visit to Glasgow, alleged starting, point of rum running vessels for America.

He got the money, \$1,800 in all, Sullivan said, as payment for a shipmen of freight taken on one of the vessels of his line from Nova Scotia to Scotland. Finding several counterfeits among the bills, bearing the name of the National Park of Ozo Park, Long Island, Sullivan said he made hasty tests of the others, marked "First National Bank at Amityville, Long Island," and became convinced that they were also counterfeits.

So he tossed 150 of them overboard, keeping 30 to any see himself with the surface of the Wilson have been drawn and here for the States and the Canal Saturation of the Wilson have been drawn and here for the States and the Canal Saturation of the Wilson have been drawn and here for the States and the Canal Saturation of the Wilson have been drawn and here for the States and the Canal Saturation of the Wilson have been drawn and here for the States and the Canal Saturation of the Wilson have been drawn and here for the States and the Canal Saturation of the Wilson have been drawn and here for the States and the Canal Saturation of the Wilson have been drawn and here for the States and the Canal Saturation of the Wilson have been drawn and here for the States and the Canal Saturation of the Wilson have been drawn and here for the States and the Canal Saturation o red dollars in ten dollar bank notes,

So he tossed 150 of them overboard, keeping 30 to amuse himself with and to show his friends as evidence "how the American bootleggers are putting it over on the English whiskey sellers."

The story of the jettisoned roll of good money came out whon Sullivan was released, secret service agents having found that he had not technically "passed" any of the few counterfeits which were mixed in with good bills he thought spurious. With him was released Izzy Jacobs of this city, who had tipped a steward on the Homeric with a couple of the bills, but who technically had not "passed" them, since he got nothing for them, and had told the steward they were "no good."

## MILLION SHEEP IN B. C. BY 1930 PATTULLO PLANS

Return for Even Ordinary Grade

There are now 16,000 farms in British Columbia, and there is room for 100,000 and many more, according to a statement issued to-day by the Hon. T. D. Pattullo, Minister of Lands.

Other figures show that British Columbia has only 50,000 sheep, or an average of about three head to each ranch.

The grazing branch under Mr. Pattullo plans to stimulate the increase in sheep production here to bring the total up to 1,000,000 in 1930.

Every ranch can carry with ease a few sheep, the statement says.

Let this number average twenty head per ranch and we will have 320,000 sheep, he continues. With the development of the existing farms and of the many more which will be established in British Columbia within the next seven years the slogan of 11,000,000 Sheep, in British Columbia in the next seven years the slogan of "1,000,000 Sheep in British Columbia in 1930" is no idle dream.

There are two phases of the sheep business, the farm flock and the range band, he explains.

Co-operative Handling of Flocks Being Worked Out for Industry

Money in Farm Flocks.

Wool Marketing Solved.

Wool Marketing Solved.

There is a good home market ready for the product. We ship in 50,000 head of sheep for home consumption annually, besides over three million pounds of dressed mutton and products. The home market will never fail, and home grown lamb will have the preference.

The sheep business in British Columbia is attractive, in that there is an established co-operative system of marketing wool that is most advantageous to the grower. Even greater incentive to the grower. Even greater incentive to the growth of this profitable phase of ranching will be the development of co-operative handling of the farm flocks during the open season. The assembling of the flocks of each community in full-size range bands for open range grazing gets the sheep away from the ranch in the busy season, utilizes succulent forage to promote the best growth in the lambs, places them under the constant supervision of experienced men. Profit is the result. Every farm must carry a small flock.

wer General Hospital Sunday evening. The Rev. John W. Saunby, D.D., of the James Bay Methodist Church, assisted by the Rev. W. M. Scott, of Vancouver, B.C., conducted a very impressive service. The two favorite hymns were sung. "The Day Though Gavest, Lord, is Ended" and "Abide With Me." There was an unusually large attendance of sympathizing friends, and a special ear was used to convey the flowers to the cemetery. Queen City Chapter No. 5, Order of the Eastern Star, was present, also a number of school teachers from the city schools. The following acted as palibearers: Frank Rumsby, George Rumsby, Alfred Rumsby, Dr. W. Hetherington, Ira Dilworth and Emerson Smith. The remains were laid to rest in Ross Bay Cemetery.

were laid to rest in Ross Bay Cemetery.

There bassed away at his home, 1352 St. Patrick Street, Oak Bay, on May 23, Thomas Watson Robertson lately of Kowloon, Hong Kong, of which place he had been a highly respected and well-known resident for the past twenty-nine years, where he had filled the position of Engineer-Superintendent of the Kowloon wharf, Godwin Co., and the Star ferries, Retiring from this position in April, 1922, he arrived in Victoria in May of the same year, taking up his residence at the above address. Mr. Robertson was born in Dundee on January 5, 1865, and on completion of his training as an engineer, came out to Canada, making Victoria his home for some two or three years prior to leaving for the Orient. He leaves a widow, two sons, Kenneth, attending college at Sheffield; Allen, at home, and one daughter, Elinore, also at home; one brother, David, living in Vallejo, Calif., and three sisters, Mrs. Smith, of Seattle; Mrs. Pease, of Vancouver, and Mrs. Anderson, residing in this city.

The remains are reposing at the British Columbia Funeral Chapel, where the funeral will take place on Saturday at 3,30 o'clock. Rev. Dr. W. G. Wilson will officiate. Interment will be mace at Ross Bay cemetery.

Vancouver Won Opening La-

After a most auspicious start the Victoria lacrosse team cracked wide open and the Native Sons of Vancouver walked through and picked off the opening game of the season at the Stadium yesterday by five goals to three. It was a similar performance to that of the game on Victoria Day last year, when the Mann Cup holders gained a commanding lead only to have it shot full of buckshot in the final quarter, Vancouver winning out by the odd goal.

Vancouver Takes Lead.

Eems hustled a wicked shot past filter from the third quarter and McDonald found the net once more for Vancouver. Victoria was unable to beat Hesse, the Vancouver defence playing a very sound game with Hesse taking care of anything that sitted through.

There was considerable speed to the last quarter but the best the Capitals could do in scoring was to break even with Vancouver, Foley scored another goal for Vancouver, while John Johnson broke through for Victoria's third and last tally. The Victoria team introduced several new faces to the fans, including Coulter and Russell, of the Garrison, both of whom played stellar games. This pair with Hussleton and Weinert, who filled the utility roles, are from the Garrison. This is only their second season in lacrosse and they are developing splendidly.

The Capitals had a well seasoned defence on the Job, with Taylor, Kroeger, Menzies, Sweeney and Johnson, but it was surprising how easily it was duped in the latter part of the game.

McInnes played a great game on the attack.

Goals—First quarter: 1, McInnes, Victoria; 2, McInnes. Second quarter: 3, Foley, Vancou-ver; 4, J. Caldwell, Vancouver. ver: 4, J. Caldwell, Vancouver.
Third quarter: 5, Eems, Vancouver; 6, J. McDonald, Vancouver.
Fourth quarter: 7, Johnson, Victoria; 8, Foley, Vancouver.
Penalties—First quarter: Sweeney, 3 minutes; Foley, 3 minutes.
Second quarter, none.
Third quarter: Foley, 10 minutes; Sweeney, 5 minutes; Menzies, 3 minutes; Townley, 3 minutes; Fourth quarter: Kroeger, 3 minutes. Fourth quarter: Kroeger, 3 minutes.
Referees — Cullen and Johnson.
Timekeepers—Stevens and Hicks.

London, May 25.—Following is the latest London betting on the Derby, which will be run at Epsom on June 6.

WAGNER'S RUN MARK Wild Pitch In TY COBB SHATTERS

Chicage, May 25.—Ty Cobb to-day has another all-time baseball record, having scored more runs than any other player in the history of baseball. Cobb's homer in yesterday's game brought his total runs, in his eighteen years and five weeks in the majors to 1,741. Hans Wagner, the Pittsburgh veteran, when he retired after 20 years in the majors, had scored 1,740.

Vancouver Home Unable to Break Through and Score; Only One Goal

New Westminster, May 25.—Vancouver failed to penetrate the Salmonbellies' defence at Queen's Park yesterday afternoon before a crowd of 3,560, and as Thure Storme found a hole in the Vancouver defensive armor, the Royals won the second Minto Cup lacrosse feature of the season by one goal to nil. While not containing an abundance of thrills, and for the most part lacking anything of the spectacular, the game could be classed as a good exhibition of lacrosse. The Salmonbellies deserved to win.

The Royals contributed the worst feature of the contest. Towards the Visitors Even Count.

second breather the score had been evened up. In the third quarter vancouver stepped to the front and was never headed again during the game.

could not find a place to plant his knockout wallop.

Plenty of Milling.

The rest of the card, however, provided plenty of milling for the fans. Heinle Zimmerman, of Winnipeg, and Kid Malberg, of Everett, two strapping light-heavyweights, got in a lot of hefty wallops in the four rounds they mixed. Only a fast finish by Zimmerman enabled him to gain a draw, as the Everett boy did most of the leading and hitting in the early part of the fight.

Joe Nestman, of Vancouver, and Ben Tracey, of Australia, went six rounds to a draw at 135 pounds. There was very little heavy hitting, and Nestman landed the most blows. The youngsters who fought in the preliminaries staged the fastest and hardest bouts of the evening. In the opening bout Benny Brown, of Vancouver, earned the decision over Al Burman, of Vancouver. They fought at 120 pounds. Bud Davies, of Vancouver, and Young Marshall, of Anacortes, mixed a lively four rounds at 110 pounds.

The attendance was disappointing. The card was one of the best that has ever been staged here, and Jack Allen earned a lot of praise for the show.

# IF SKIN BREAKS APPLY SULPHUR

Just the moment you apply Mentho-Sulphur to an itching, burning or broken-out skin, the itching stops and healing begins, says a noted skin specialist. This sulphur preparation, made into a pleasant cold cream, gives such a quick relief, even to fiery eczema, that nothing has ever been found to take its place.

Because of its germ destroying properties, it quickly subdues the itching, cools the irritation and heals the eczema right up, leaving a clear, smooth skin in place of ugly eruptions, rash, pimples or roughness.

"The Glorious **Adventure**"

A Prizma Color-Photoplay

English Farce "Mrs. Temp-le's Telegram" Full of Com-plications of Mirthful Type

With a laughmaker of the heartiest type in "Mrs. Temple's Telegram"
the Compton Comedy Company at the
Playhouse is presenting a farce
which adds another amusement of
solid merit to Victoria's Maytime
Frolic. Had the sclection for this
week been entitled "Liars Confounded" it would be more descriptive of the story told, this turning on
the tangle of trouble ensuing when
youthful wit is diverted from the
ways of verity to aid a chum in distress.

Francis Compton is well suited as Jack Temple, gay husband of a suspicious young wife. Miss Peggy Dundas. Out all night through stoppage of a Ferris Wheel whereon he and an unknown lady were taking a ride, his story is dubbed a fabrication, and wifle is regaled with a yarn, made up on the spot, of a missed train and an overnight stay with a non-existent friend Brown of an imaginary Pickleton yillage.

overnight stay with a non-existent friend Brown of an imaginary Pickleton village.

Mistress Jack being in doubt, she telegraphs, erring husband finds out what is in store, fears discovery of the fraud, and in distress tells his trouble to his old friend Frank Fuller, an ingenuous youth but newly wedded and hurrying home to his longing wife. Clifford Winterson is most successful in this effort. Then the funcommences to develop hectic fury. Fuller becomes Brown for the occasion, when in come a real John Brown and wife, extremely Cockneyish, to add color and complications. Herbert Leslie and Miss Agnes Burton making most amusing interludes with their apt character work.

Everything comes out successfully in the end, when the lady of the Ferris wheel proves to be none other than the prevaricating Fuller's wife, played by Miss Katherine Tracy.

Stanley Davies is the necessary woodenheaded Capt. Sharpe, who "spills the beans" on occasion, while George M. Durham is the solemn butler full of disapproval of domestic blockerings and of reminiscences never completely unburdened.

Only one setting is used, the farce

completely unburdened.
Only one setting is used, the farce being one of the most successful of the English school, which depends for effect on plot and skilful presentation rather than on stage aids.

# **DUNCAN BOARD**

Chose H. F. Prevost as President; Question of Finances Came Up

Special to The Times.

Special to The Times.

Duncan.—H. F. Prevost, one of the leading business men of this city, was unanimously elected president of the Duncan Board of Trade at its snnual meeting Wednesday evening. He succeeds George A. Cheeke, of Cobbie Hill.

Other election results were:
Vice-president, R. S. Kirkham.
Twelve members of the Council (on which all past presidents are ex officio): Messrs. Neel, Reed, Smithe, Tanner, Hadden, Wailich, Fleming, Corbishley, Townsend, Monk, Currie and Dr. Kerr.

The secretary, T. S. Ruffell, sent in his resignation, which was accepted with much regret, and he was asked to carry on the work until a meeting of the Council could be called to discuss the matter of a new secretary.

President's Report.

Mr. Cheeke, in giving his presidential report, stated that the past year had been productive of much useful work. The lumber industry appeared to be coming into its own. He regretted that owing to the sudden rise in the price of sugar the Cowichan Creamery would not be able to start the jam factory as had been decided upon.

He voiced the loss they would feel

much of his valuable time and talent to the board.

The president also mentioned the "Get-Together" banquet recently held, and said he hoped it would be the forerunner of many. He touched on the meagre financial assistance that the Board of Trade had received, and said more money was urgently needed, especially to obtain more publicity in the way of printed matter, etc.

matter, etc.

Mayor Spoke.

Mayor Smithe objected to the reference made by Mr. Cheeke to the meagre support given by the Municipal Councils. He said this was not the first time, as it had been referred to, most inopportunely, he considered, at the "Get-Together" banquet. It was stated there that the support which the board had received from the municipalities was "nigardly," and he did not think that a pleasant word to use. As there were only two municipalities, it was evident that the City of Duncan was one of those referred to. Mr. Cheeke's remarks came as a great surprise to members of the City Council, the Mayor said, as it had never been intimated to them before that the grants were not appreciated. He mentioned what the city was doing besides the grant, in the matter of free light for the camping site, etc. He had not replied to the remarks at the banquet, but when they were repeated at the meeting he felt he should put the city's side of the case before them.

Personal Opinion.

Mr. Cheeke felt that a personal explanation was due, as his remarks had been made from personal opinion only. He felt the Board of Trade had been hampered in its efforts by insufficient financial support, and the only support they could expect was from municipal hodies. He was extremely sorry if he had offended the City Council, and if apology was needed he extended a personal one.

Mayor Smith did not think an apolegy was necessary, but he feit he

Reports of various committees were then received from Mr. E. W. Neel, shalrman of the Public Works Committee; H. F. Prevost, chairman of the Fisheries Committee; Dr. Kerr, chairman of Tourist and Publicity Committee; R. S. Kirkham, chairman of Trade, Commerce and Transportation Committee, and A. J. Marlow, chairman of Finance and Bylaws Committee.

Special to The Times

Metchosin, May 25.—The Metchosin District Float, as een in the Maytime parade in Victoria yesterday, will make a full circuit of the district on Monday afternoon, May 28, with the Queen and her attendants on board. The float will then proceed to the schoolhouse, where all the children and their parents and friends will be entertained to tea by the Metchosin Women's Institute.

A "Busy Bee" was held at the home of the president, Mrs. M. M. Brown, on Tuesday for the making of the gowns for the Queen and maids of honor, while a stone's throw away from that scene of industry were members of the Farmers' Institute busily engaged in the construction of the float.

Lost in the woods ten miles up from the head of the Cowichan River when he disappeared from Camp Three, Cowichan Lake, on May 12, George Selimius is still sought by the Provincial Police. Selimius became involved in an argument with two logging companions during the night and used a razor, it is alleged, to awaken one of the sleepers, William Bolky, it decide the point at issue, Bleeding profusely Bolky was bound up by the logging crew, and Selimus escaped into the woods.

Provincial Constable Kier headed a posse with blood hounds into the woods the next day, and has searched for the missing man without stay. So far no trace of Selimius has been found. William Bolky, after a stay in the Duncan General Hospital, is now on his feet again, and little the worse for his experience. The remaining man of the trio, after being held by the authorities for some days, has now been sent to the mental hospital at Essondale.

Grave anxiety is felt for the safety of Selimius, as it is now certain that the man, if alive, must be in desperate straits for food. The fact that there is plenty of water in the country where the man is lost leads the police to believe that they may eventually find him alive, unless he met death at his own hands while temporarily deranged. The three companions had just arrived at the Cowchian Lake logging camp when the frouble started. The cause was said to be something the men had drunk, and that disagreed with them.

"I hope you will all have a wonderful time during the Frolic," she said. "To those of you from across the border I wish to extend a very warm welcome on behalf of the Queens and everybody in Victoria. When we visited your cities last week we were given a splendid welcome, and we appreciated it. We hope that the happiness which the Frolic gives you will repay you for your kindness to us. We are very glad to see so many visitors in Victoria for the celebration and hope that you will often one to see us."

In acknowledging the welcome, Mayor Brown, of Seattle, made amusing allusion to the number of young Americans twho had followed the Queen birds to I Victoria for the Frolic. He brought the and after commenting upon the strong best wishes and greetings of Seattle, and after commenting upon the strong and the strong the strong that the property of the Queens upon the Mainland, and reciprocated Victoria's invitation by promising a hearty reception to Victorians attending the Vancouver celebrations on July 1. Capt. Hanrahan, of the U. S. S. Omaha, spoke of the delight shared by the officers and crew of his ship in visiting Victoria, expressing their reget that the stay was to be so short. The luncheon closed with the singing of "America" and "God Save the King."

Sentence Stayed Pending Reserved Case to Be Heard By Court of Appeal

By Court of Appeal

The form of the questions reserved for the Court of Appeal in the application of Charles Brigden. found guilty in the Assize Court here on an indictment charging him with theft from the mails, was drawn up to-day when the Court resumed before Mr. Justice W. A. Macdonald. J. A. Aikman appeared for the accused, and Henry C. Hall, K.C., for the Crown. After some discussion the questions to be raised in the move by the accused for a new trial were decided upon, and agreed between counsel, after the consent of the Court. Brigden was permitted to remain at large on the present bail of \$10,000 and argument as to new bail bonds will be continued on Monday morning next. Sentence was stayed pending the decision of the Court of Appeal on the question reserved.

Mr. Justice Macdonald reserved the following questions to-day:

1. "Considering all the evidence on the point as appears (in the transcript of the evidence) did I sufficiently draw the attention of the jury to the nature and extent of the proof on the part of the Crown connecting the accused with the disappearance of post letters other than those referred to in the indictment? My charge to the jury on this point appears (in transcript)."

2. "Should I in addition have explicitly directed the jury to disregard such evidence as to the disappearance of such letters?"

3. "Did I err in allowing the jury to have a view of the interior of the Post Office, the accused mot being present, although his counsel appeared at such view, and in accepting the statement of Crown counsel that certain changes which had been made therein, but were immaterial as not affecting the room or compartment occupied by the accused?"

4. "Should there be a new trial?" The court refused to reserve the question "Did the jury err in finding the accused guilty of the facts alleged in the indictment on the evidence produced by the Crown?" Reserving that point for the Court of Appeal would, be an intimate that, ruled His Lordship.

The Assize Court was adjourned until Monday next,

Queen Connie represented a corncob, wearing a costume of green and yellow. Her crown of green velvet encircled with gold was carried by Miss Grace Witty, while Miss Peggy Brown bore her train. Both maids of honor were dressed as milkmaids in sixteenth century cretonne and aprons of white organdie.

The Queen of the Forest was appropriately attired in a white costume, the material of which was cut to resemble leaves. In attendance upon the Queen of the Forest were her maids of honor, Miss Irene Holmes, in a dress of pink leaves, and Miss Nancy Raine, in one of white leaves. The latter carried on a velvet cushion the crown of gold with maple leaves. Two little gnomes of the forest, Vera Soward and Naomi Trenchard, carried the train of white. They were dressed in green Naomi Trenchard, carried the train of white. They were dressed in green tunics and knickers, with peaked hats and leather belts in which were stuck pickaxes and shovels.

After receiving the freedom of the city, the royal procession moved towards the Parliament Buildings, headed by the naval escort and the spirited music of the 16th Canadian Scottish band. A pretty little cermony took place at the status of Queen Victoria, where the Queens laid their bouquets in tribute to "Victoria the Good" of revered memory. As the Queens advanced through the ranks of the military escort the royal heralds played a fanfare on their trumpets and the rowd broke out into cheer after cheer.

The death of Frank Reynolds through an accident at Rocky Point, will leave a vacancy in the ranks of the Salvation Army local corps that will be deeply felt, especially among the younger members.

Arrived at the foot of the steps the Queens stood and smilingly faced the cheering multitude before ascending to their scarlet-decked thrones. His Honor awaited them at the top of the steps, and after the Chamberlain had announced that the crowning ceremony was about to take place the Lieutenant-Governor proceeded with the coronation, beginning with the Queen of the Frolic.

Premier Oliver then advanced and extended his congratulations to Their Majesties and wished them a "happy reign."

After the ceremonies the smilling Queens departed to the accompaniment of mose cheers, to take up the On arriving in Victoria elever

London, May 25 (Canadian Press Cable)—A new era for Reuter's News Agency will open shortly with the transfer of the administration department and the international and inter-Empire news department from the premises in Old Jewry Street, which has been the home of the agency for the best part of a century, to large buildings on the Victoria Embankment, hitherto occupied by the Port of London Authorities.

Since reorganization of the agency was completed after the armistice by Sir Roderick Jones, chairman and managing director, its operations have been greatly extended. The company was obliged three years ago to acquire the adjacent premises in Old Jewry, and subsequently to lease additional offices in the next street.

FILM CENSORSHIP

Principles Followed By Of-

London, May 25.-United States film producers who wonder why some of their motion pictures have been ruled off the British screen may find their explanation in the remarks of T. P. O'Connof, oldest member of the House of Commons and Chief Censor

of the Cinema in Britain.
'Mr. O'Connor, who with his asso

The 'censors will not allow little toys to the cans to degs' talls, and they will not let trained "movie" dogs pretend they have been hurt. They allow the bad man in the film to say "Go to Hades," but not to "Go to Hell."

Girls taking part in crime, women drunk and women being branded are not allowed to be shown on films, and no one may say, "What the Devil?" on the screen.

No Big Inrush Wanted Prior to Dempsey Fight in Montana

Seattle, May 25.—British Columbia authorities are patrolling the high-ways with machine guns mounted on motorcycles looking for autolsts smuggling liquor into the United States, Carl F. Jackson, Prohibition Director for the Pacific Northwest, reported to-day on his return here from a trip north of the line.

Mr. Jackson said that one of the prime purposes of his trip was to prevent smuggling of liquor into Shelby, Mont., in time for the crowds expected to attend the fight there July 4 between Jack Dempsey and Tommy Gibbons. He stated that twenty-five prohibition agents would be assigned to maintain dryness in Shelby, where

Tells How Lydia E. Pink-ham's Vegetable Compound Restored Her Health

River Desert, Que.— "I used to have a severe pain in my side. I would be unable to walk fast and could not stand for any length of time to do my ironing or washing, but I would have to lie down to get relief from the pain. I had this for about two years, then a friend told me to try Lydia E. Pinkham's Vegetable Compound as she had had good results, I certainly got good results from it, too, as the last time I had a sore side was last May and I have not had it since. I am also glad of having good nursing for my baby, and I think it is your medicine that helped me in this way."—Mrs. L. V. Budgs, River Desert, Quebec.

Blue Sky Protection.

"I note there has been considerable controversy upon the question of blue sky" legislation as to the contitions governing investments in British Columbia. Now I may say with regard to mining, while we have no strict and recognized blue sky law, we endeavor as far as possible to protect the investor against fraud. The difficulties of this are well recognized. Nevertheless we are determined, as far as it is within our power, to assure for the investor a fair run for his money, so to speak.

"The Mineral Survey and Development Act, which divides our Province into six mineral survey districts, each under the direct supervision of a well qualified mining engineer employed by the Government, contains a clause requiring that district mining engineers be supplied with copies of all prospectuses or other publicity matter issued by promoters and mining companies operating in this Province.

He told the 150 delegates his remarks were inspired by dispatches, one of which told of the endorsement by a newspaper concern to "curb the usurpation of power by the United States Supreme Court," and the other the plan of former United States Senator Frelinghuysen, "to organize a league to limit the powers of coal companies and to force them to publish facts on the costs of production and distribution."

**Modern Equipment Brings 381** Whales as Harvest

HILLSIDE AVENUE, near Shelbourne

51 men had spent five months off the South Shetland Islands. With their modern whaling apparatus they suc-ceeded in getting 381 whales, despite the fact that the season was general-ly regarded as poor. The oil was sold to a soap manu-facturing company on Staten Island.

OCEANIC COMPANY SECURES CONTRACT

New York, May 25, — Old salts along the waterfront rubbed their eyes in incredulity yesterday and became reminiscent when the first whaler that has visited this port in years, the Norwegian steamer Solstreif, slipped in with 23,200 barrels of whale oil.

whale oil.

Old timers said a whaler had not been seen here since the days when whalers were sailboats instead of steamers and the crew went out in small boats to harpoon the quarry by hand.

### The French Revolution Royalty's Attempted Flight

From 1789 to 1791 the early revo-tion held its own: France was a mited monarchy, the king kept a minished state in the Tuileries, and he National Assembly ruled a coun-

constructive work. Much of that work was sound and still endures, much was experimental and has been undone. Some was disastrous.

There was a clearing up of the penal code; torture, arbitrary imprisonment, and persecutions for heresy were abolished. The ancient provinces of France. Normandy, Bursundy and the like, gave place to eighty departments.

Promotion to the highest ranks in the army was laid open to men of every class. An excellent and simple system of law cousts, was said. Shout its value was much vitiated by having the judges appointed by popular election for short periods of time. This made the crowd a sort of final court of appeal, and the judges, like the members of the assembly, were forced to play to the gallery.

Seize Church Property.

And the whole vast property of

And the whole vast property of the church was seized and administered by the state; religious, establishments not engaged in education or works of charity were broken up, and the salaries of the clergy made a charge upon the nation. This in itself was not a bad thing for the lower clergy in France, who were often scandalously underpaid in comparison with the richer dignitaries. But in addition the choice of priests and bishops was made elective, which

legislature lacked control and the executive lacked moral force. This led to such an ineffectiveness in the central government that in many districts at this time communes and towns were to be found that were practically self-governing communities; they accepted or rejected the commands of Paris as they thought fit, declined the payment of taxes, and divided up the church lands according to their local appetites.

ganization upon a wider, more honest franchise.

He had, it is true, indulged in a sort of Ruritanian flirtation with the queen, seen her secretly, pronounced her very solemnly the "only man" about the king, and rather made a fool of himself in that matter, but his schemes were drawn upon a much larger scale than the scale of the back stairs of the Tuileries.

By his death in 1791 France certainly lost one of her most constructive statesmen, and the National Assembly its last chance of any cooperation with the king. When there is a court there is usually a conspiracy, and royalist schemes and royalist mischief-making were the last straw in the balance against the National Assembly.

Practically the National Assembly wanted at ene blow to make the church in France Protestant, in organization if not in doctrine. Everywhere there were disputes and conflicts between the state priests created by the National Assembly and the recalcitrant (non-juring) priests who were loyal to Rome.

One curious thing the National Assembly and the recalcitrant (non-juring) priests who were loyal to Rome.

The British method has been to have all ministers in the legislature represents the sovereign people, then it is surely necessary for the ministers to be in the closest touch with their sovereign.

This severance of the legislature and executive in France caused mistunderstandings and mistrust; the

Perhaps Calonne might return, too, with fresh financial expedients. He was busy just then gathering support among the German princes. King and Queen Disguised.

Che June night in 1791, between 11 o'clock and midnight, the king and queen and their two children slipped out of the Tulleries disguised, threaded their palpitating way through Paris, circled round from the north of the city to the east, and got at last into a traveling carriage that was walting upon the road to Chalons.
