# ORCHIDS

Brought Together by

MR. B. ONORATO,

New Orleans.

PITCHER & MANDA,

SHORT HILLS, N. J.

We take pleasure in informing our numerous customers and friends among the Orchid-loving public that we have been so fortunate as to secure the Collection of Orchids brought together at great expense by Mr. B. Onorato, of New Orleans.

We would call the attention of collectors especially to the many rare and choice varieties represented in this collection. At the same time we would ask them, as well as every one owning a greenhouse, to note the numerous plants of desirable, though more common varieties, which are offered at prices within the reach of every one.

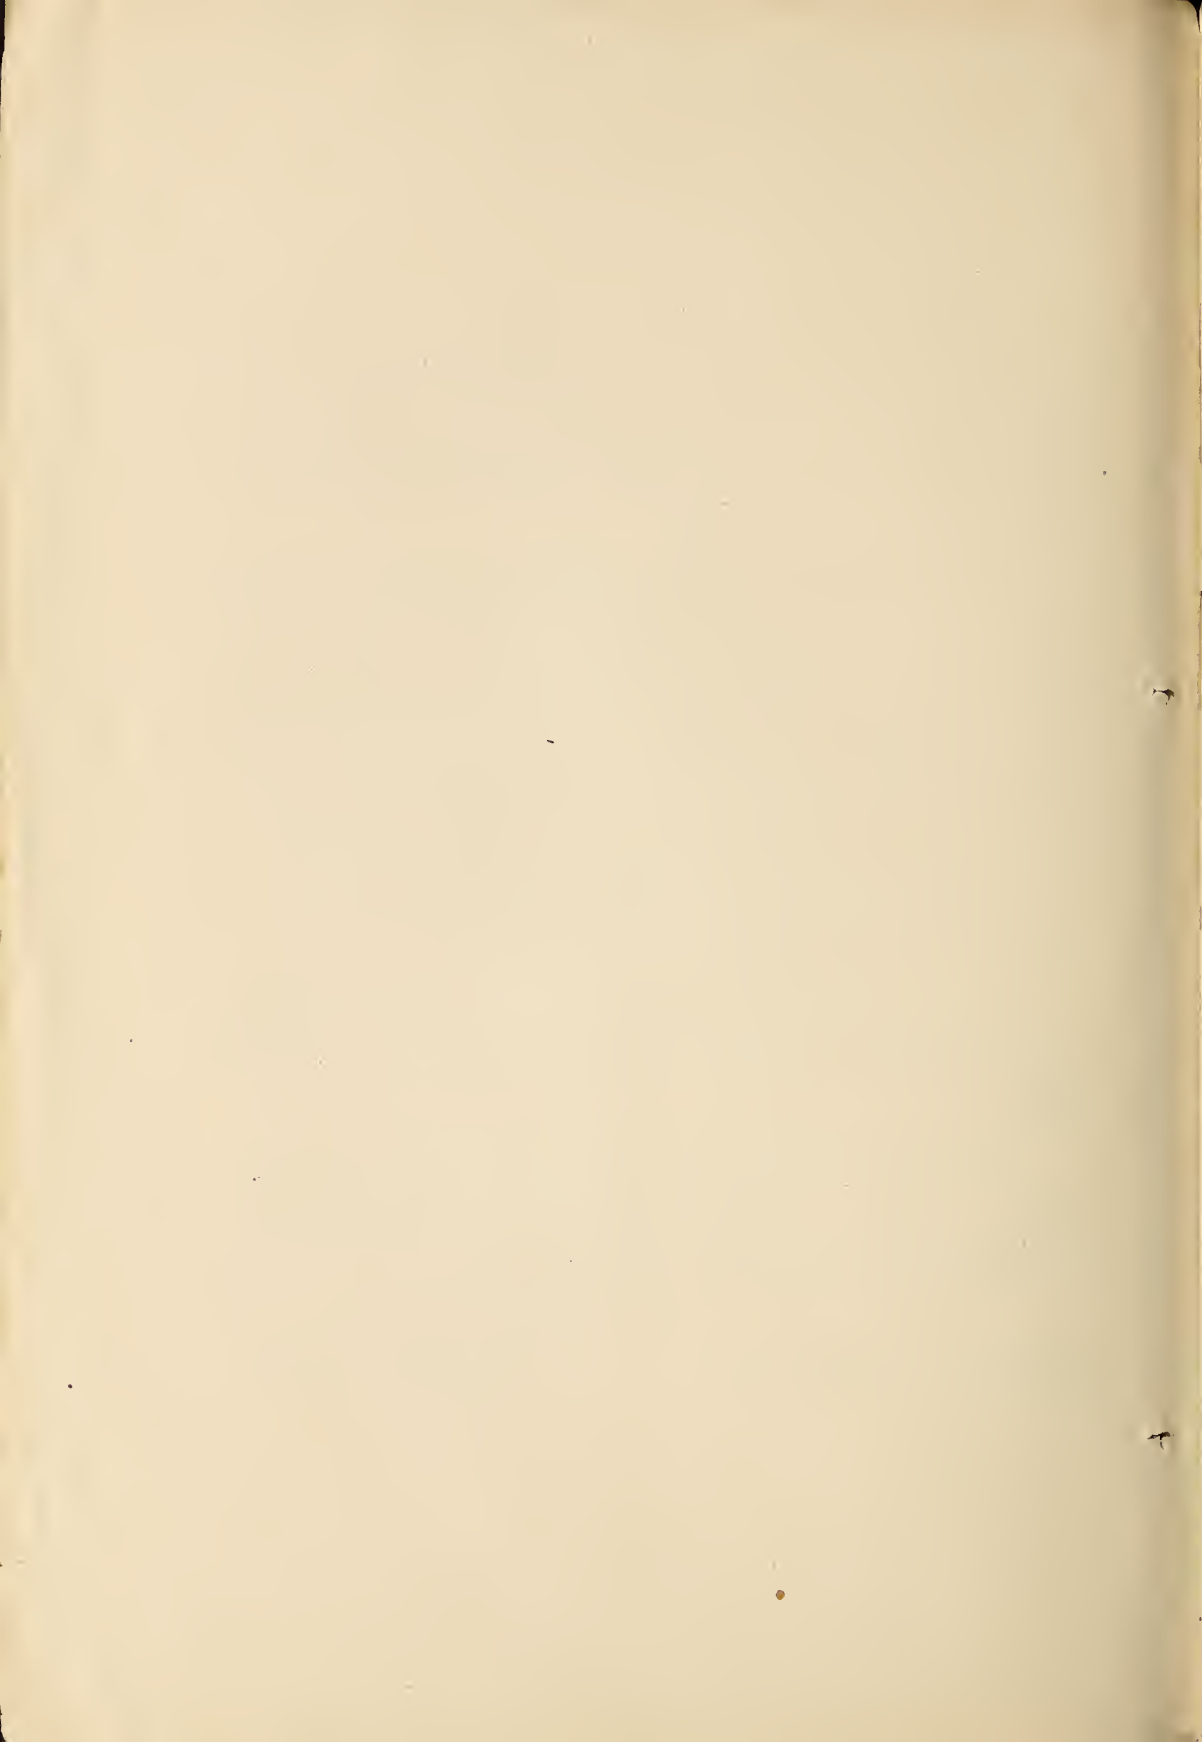

Each plant in the list is numbered, and in ordering it will be necessary only to *specify the numbers of the plants wanted*.

We would advise customers also to select a second and third choice in case first choice should be sold. Orders will be filled in strict order of receipt.

Should this short list fall into the hand of any one interested in Orchids, who does not already possess copies of our Orchid Catalogues, we will be pleased to send same on application.

PITCHER & MANDA.
