NEW-ORLEANS. SATURDAY MORNING, DECEMBER 9, 1831.

The Mobile mail arrived last evening, at about 7 o'clock-but we have not been able to obtain our papers. If they contain important news, an extra sheet will be issued.

Mr. Baze, sexion of the Protestant burying-ground, was killed night before last, in his own room, by an individual whose name we have not been able to learn; but understand that the latter has been arrested and committed to prison.

" PRESS me to death with wit!"

Much Ado about Noth. inanition? Why art crazed, man? We cannot, with three inches on the brisket, acknowledge such precise meaning of language, before thou pressest it not overreligion, but superstition.

into thy service: thou art unconscionably deficient.

2d. Of ten villages in the Morea, nine have no into thy service; thou art unconscionably deficient,

vention worn out within thee? Is thy nimble fan-cy dwindling into a lazy hobble? Art so far bank-rupt in thy mother-wit that thou need steal from Byron "his lawful property?" Thou had st better have left the same leaden bulletins alone. Since, however, thou hast put us on the trail, we'll tell thee, if we did send a LEADEN bulletin at that precious sconce of thine, i was because it could not habitants of Greece? Arithmetic answers 2,500 precious sconce of thine, i was because it could not be better directed—adding, as he, whom thou hast fearlessly pillaged, wisely saith, "lead to lead;" charallet it remain: ours is not the hand that shall duick in the attainment of knowledge. This applies cruelly tear asunder such congenial elements. In the attainment of knowledge. This applies conclusion, believe, dear Press, that we are among thirst for improvement, and when possessed of the thy warmest admirers: efficaci do manus scientiae: anid amplius vis? the which one of our sooty familiars has thus done into the vernacular for thy benefit: Thy mighty wit we own: what more

The long continuance of foul weather, and cloudy state of the atmosphere, with which we have lately been visited, has prevented the possibility of our observing a phenomenon, which must have taken place in the early part of the evening of yesterday. The beauttful planet Jupiter, with all its satellites, must have been eclipsed yesterday at about 7 o'clock. rence; the last, that was observed in this country, happened in the autumn of 1820, and another may not occur in many years to come.

Memory of S. Emmet.—The monument consecrated to the memory of the patriotic Emmet, and placed in St. Paul's churchyard, in the city of New-

the first vessel bearing the tri-colored flag, since the stands on the rock where Demosthenes, with revolution of July, 1830, was greeted at Savannah "resistless eloquence, Wielder of will that force demostrate with demonstrations of public rejoicing. A volunteer corps marched to the wharf, where the ship, the Jupiter, was lying, and after an appropriate address, fired a salute in honor of the flag, which was displayed from the peak and bowsprit. On the first volly the American solvents. volly, the American colors were run up to the three masts' heads, and at the last the band of the compamy struck up the spirit-stirring Marsellaise.

Suffer me, Mr. Editor, through the medium of your columns, to call the attention of yourself and the public to the painting-rooms of Messrs. Bush and Sawkins, in Chartres-street, two young artists of distinguished genius, who are now spending a few weeks in our-great city. The writer of these lines does net contemplate a laboured eulogium upon the respective merits of these gentlemen, convinced that it is much more satisfactory to genius to be judged of by its immortal creations, than by any imperfect dissertation upon its qualities; but he cannot forbear offering the slight evidence which this communihas exercised the more than mortal powers of an Angelo and a Titian, a Kneller, a Lawrence and west. In this favorite abode of Commerce, it West. In this favorite abode of Commerce, it would be strange if the fine arts, of which she has ye are too superstitious. ever been the munificent patroness, (as is proved by the annals of the Grecian and Italian cities, and those of the great commercial isle of modern times,) That the gentlemen to whom allusion has before to show the utility of the cork collar jackets. been made, possess talents of the first order in their A small canoe was towed from the Floating been made, possess talents of the first order in their respective departments, every one will admit who has looked upon the beautiful works of their pencil; and that there is taste smong our citizens to admire and appreciate the productions of an art, which, if any, may claim the attribute of divine, I cannot and will not for a moment suffer myself to doubt. and will not for a moment suffer myself to doubt. and will not for a moment suffer myself to doubt. The conclusion, I cannot refrain from the expression of a hope, and I am sure you will unite with me, that our great and growing city may become as justly celebrated for her encouragement of the Fine Arts, as she is already for her patronage of every profession and branch of industry. Tyre, Athens, Corinth, Florence, Venice, Rome, Paris, and London. They wore dresses under their packets, and one entried an umbrella over his head, which he'held aloft, with both arms out of don, have all been adorned and embellished by the the water. Another of the party, Mr. Edwards, painters, sculptors and architects, whose genius and wealth gave them the power to develope and foster: and it would not be unbecoming or presumptuous in Naw-Orleans, whose commerce that of any city in the world, at least to appropriate spectators for a while, he quitted the wreck and a blank ticket aftered to a prize of 150 dollars,

THE SHIP ALBANY.—This fine packe, with their expedition, and so much at their ease, somewhat on being arrested, and made an ship has been presented, by a deputation from that they floated on, exhibiting all manner of fectual effort to swallow the false ticket. the Common Council of Albany, with a complete gambols until they passed the New Baths, thus pair of pistols and a dirk were found about his net of colors, on secount of her name. The having drifted in succession past many thou-deputation were received on board, with the sands of spectators, who lined the whole length Mayor of New York, the Recorder, several of the Prince's Pier, George's Pier, and every members of our Common Council and other gen place where there was any chance of getting a tlemen, by Captain Hawkins, who spread a peep at the aquatic expedition. It is thought handsome table for the occasion. The new there must have been from 12,000 to 15.000 packet is to sail for Havre on Tuesday.

THE BOUNDARY QUESTION. It is much to be desired that the governments of the United States ind Great Britain would not adjust the vexatious question of the northeastern boundary, with all convenient despatch. It appears that the people on convenient despaten. It appears that the people on both sides of the disputed territory are so outrage-ously patriotic, that they will not let each other eral cure of so dreadful a malady as the cholera, live peaceably. The St. John's Gazette of the 29th is blessings will be greater even than the comission contains the particulars of another outrage, forts arising from its use in the summer search from live peaceably. The St. John's Gazette of the 29th inst. contains the particulars of another outrage, charged upon the people of the United States, which, although no doubt highly exaggerated, shows the existence of a state of feeling that, unless repressed, will yet break forth with still more furious exasperation. It appears that on the night of the 16th of September, a Mr. Packer I, a sheriff, residing in Houtton, in the state of M. ine, proceedee, with 50 or 60 armed men, to the house of a Mr. The number of deaths there amounted to 60 and M'Gee, in the town of Woodstock, 4 miles from the line, on the British side, "and demanded entranse." M'Gee, in the town of Woodstock, a miles from the line, on the British side, "and demanded entranse. Their professed object wos to find a man whom they said had fired a gun into a house in Houlton, a few nightisprevious. Mr. McGee, who it appears having from there is more favorable; the number of line and their coming, had collected had previous notice of their coming, had collected together three of his neighbors with him, refused deaths having diminished to 00 daily, a number them admittance at that unseasonable hour of the comparatively small-for so large a city; the condition and informed them that the man they were seeking was not there." Entrance being thus re-fused, the sheriff and his posse broke the doors, and against the Cholera Morbus, which God grant,

into her mouth, and threatened to blow her brains "SMALL DOSES HAS DONE, WONDERS. A spare out if she spoke another word. The daughter seeing the manner in which her mother was treated, "where the grandees, accustomed to a dinner fell into fits, and had nearly died before her father "of thirty courses, are now satisfied with three, could succeed in obtaining possession and carrying her into bed. Having forced the door and obtained entrance, and seeing Mr. McGee and his neighbors urmed in their own defence, this rabble did no woach near them, but commenced breaking ope chests, knocking down beds, and pulling up parts of the floor, but without finding the person they were

From the National Gazette.

GREECE.
A High School or Academy at Athens. Sir—Having passed nearly five monhs of the present year in Greece, I feel it my duty to make the following statement to the American public, requesting each member of the community to decide an important question calmly and without preju-

What reasons favor the establishment of a high

yesterday evening, in twenty lines of most exquisite quirks. So far so good for the wit, but for the right use of words, we cannot say the same. Dost since of with us, dear Press, to confess our state of of Italy and Paris, and too often return unbelievers and libering. By example, and research the words. and libertines. By example and precept they ac-quire over the minds of an unenlightened people that with three inches on the brisket, acknowledge such influence which this imagined superiority of educa-a lie, even an 'twere to please thee. Study the tion confers. Vice and infidelity will thus triumph

dear Press; and total and philology are two different things.

By the bye, after all our friendly assertions, and they resolved to gainsay us? Are the jerks of interesting are sufficiently in the tenth is often totally inadequate to his situation. Give young Greeks the means of instruction, and they will become teachers on that truly resolved to gainsay us? Are the jerks of interest of all principles in political economy, that truest of all principles in political economy, that the desired are wanted.

teachers are wanted.

quick in the attainment of knowledge. means make rapid progress. Of these 2500 young men, nature has stamped but few as incapable of success. If we sow seed here, it will be in a fertile port a day or two since, for the South Seas!—

too late, for the Greeks are fast passing over from Ocean among us. These vessels are only about oriental to European manners, with their attendant 40 tons burden—their decks are within a few vices. While vacillating between the two, their cyces and ears are open to instruction. Let them hear American precepts, and see American examples, and they may be saved from the vices of Italy, and the atheism of France.

IV. The ancient Greek is not a dead language;

for the werds of Homer, of Sophocles, and of Plato, still live in the dialect of the refined and cultivated, An occultation of this planet is of very rare occur-unlocks a dark passage in Aristophanes,—retain many a custom that illustrates the idyls of Theocritus. A careful study of the language, manners and customs of modern Greece, would furnish the richest fund for the illustration of that simple and manly eloquence, that sublime, bold and native poesy, that osophy which rose in Athens, second only to the revelation from Heaven. This would be the craft, enquired in the greatest astenishment, noblest of literary enterprises. And is America to be behind Engiand and France? Shall we contribing around, and offered to public admiration. It presents a beautiful ebelisk of a single marble shaft, about three feet squate at the base, and thirty feet in altitude.

De behind Engiand and France? Shall we contribute nothing to the treasures of intellect, but go on adding dollar to dollar, until life be spant? Let us have a college at Athens, and I will say nothing of the free feet squate at the base, and thirty feet in altitude. about three feet squate at the base, and thirty feet the glory of restoring light to that city which first gave it, for I speak of realities. Will not some young American be refreshed, drinking at the fountain by the plant of the soundary of the speak of realities. Hmor paid the tri-colored flag .- The arrival of head? Will not his spirit stir within him when he ing house." At parting the English comman-

Wielded at will that fierce democratie. Shook th' arsenal, and fulmined over Greece.' is folly to talk of musing amid the majesti ruins of the Parthenon, or wheae " Hissus rolls his whispering stream" Be it so—be mine the folly that could fill the mind of Milton with the idea of

" a city on the Egean shore, Built nobly, pure the air, and light the soil, Athens, the eye of Greece, mother of arts And eloquence, native to famous wits, Or hospitable, in her sweet recess, City or suburkan, studious walks and shades, See there the olive groves of Academe. Plato's retirement, where the Attic bird Thrills her thick-warbled note the summer long; There flowery hill Hymettus with the sound bees industrious murmur oft invites

To studious musing."
Grant that this be folly—would it never raise in

COBOURG. (Canada.) Nov. 1. Daring Burglary, one of the Robbers shot.

On Saturday night last, a very daring attempt was made to rob the premises and store of John Brown, Esq. Port Hope. The following are the particulars, as they have been related

The Clerk, who for additional security sleeps in the store, it seems was aroused sometime in the course of the night, by the forcible entry. through the door, of four individuals, whose ob ject could not be mistaken. He immediately sprung from his bed, and having very fortugately a loaded gun by his side, levelled and fired it Second Bulletin!—The "Press" was again witty school of the first order at Athens? My answer, at the man standing nearest him who fell. On this, one of the other robbers jumped forward & aimed a blow at the Clerk, with what he suppored was the but end of a pistol, but inckily did not take effect, and the whole party commenced a precipitate retrest, the wounded man being borne Representatives, for the parish of Orleans : . off in the arm of his comrades. Blood was tracked in the morning for a considerable distance, but the villans have not yet heen discovered.

. The Sixty four Squares of the Chess board-Our readers are, no doubt, acquainted with the school puzzle about the pails of the horse-shoe. the squares of the chess board, &c. The fol-towing version is from the Times: -"If one grain of wheat was given for the first square of the chess-board, doubling the grains for every successive square, the east would be as follows:—18,454,744,073,551,615 gr's, which, at 6896 grains to the pound, produce 2074,499. 109,005,120 lbs.: allowing 70 lbs. to the bushel-gives 29,635,701.557,291 bushels, at 10s. per boshel, will amount in British sterling, to the sum of £14,817,850,778,608. The number of tons amounts to 926,115,673,663, and would load 2,315,289,184 ships, giving each ship a cargo of 400 tons weight."

Yankee Daring .- Two small smacks-or vessels built as such, but plugged-sailed from this soil. We announce this fact as an instance of enter-III. Now is the time—ten years hence may be prize which characterizes the hardy sons of the inches, at the bends, of the water's edge-and they carry 6 men each. They are bound round the cape and are destined for the fishery of the precious finny tenants of those fair regions of the deep. Speaking of this incident reminds us of an an-

edote we heard a short time since in relation to one of the most intrepid of our "South Seanier." A large English ship while approaching Cape Horn; during a boisterous se son, fe'll in with a little black sloop belonging to this port, and commanded by one of our most daring and enterprizing young captains. The commander of the ship on hailing our venturesome he prepared to return on board his mimic "floatder exclaimed, "Sir, I am astonished at beholding you here in such a boat! For ten years safety vessel-but now that I have seen your example, I shall for the future hold the trimmer "Hero" in such remembrance as to shame me out of fear."
