CHINAMAN CHARGED AS POLICE BRIBER

Smuts Speaker at To-day's Session of Premiers of Empire

Montagu, Secretary For India, Also Had Prepared Statement For Second Session of Empire Gathering In London.

London, June 21.—The Prime Ministers of the Empire held the second meeting of their conference here this morning. Rt. Hon. Edwin Montagu, Secretary for India, and General Smuts, Prime Minister of South Africa, had prepared statements for to-day's meeting.

Premier Lloyd George yesterday outlined the policies being pursued by the Empire and gave a general statement of existing conditions in Europe and throughout the world. He made it plain that friendly co-operation with the United States was the keystone of Great Britain's foreign policy and said he was ready to discuss with the United States any proposals for a limitation of armaments which might be brought forward.

LOYD GEORGE'S VIEWS SUPPORTED

London Papers Comment on His Speech

London, June 21.—Morning papers here in their editorials to-day endorsed Lloyd George's references to the Anglo-Japanese treaty and disarmament in his speech to the Prime Ministers of the Empire yesterday.

The Morning Post said: "The treaty with Japan is directed against nobody. Neither England, nor we are quite certain Japan has any idea of enmity towards the United States, and we hope and believe the United States reciprocates this friendly feeling. There have been times when we doubted it, as for example when Secretary Daniels boasted that he intended to build the biggest navy in the world, when there seemed no occasion for it, or when the late Government of the United States seemed inclined to sympathize with the Irish rebels, but we confess that in the present American Government we see a power at least equally strong in its independence and self-respect and its intention to stand by the interests of the United States, yet very much less inclined than its predecessor to twist the British lion's tail."

Protection. "Let us add that we can not conceive of any American having any longer any respect for England if we were to change our foreign policy, solely directed as it is to our security and independence, in deference to American sensibilities. The power to protect yourself is the best guarantee of peace there is in this imperfect world."

The Daily News said one of the strongest arguments for the Anglo-Japanese Alliance was the fact that its existence would facilitate an agreement for the reduction of naval forces as between Britain, the United States and Japan.

SAYS DOUKHOBORS ANSWER QUESTIONS Saskatchewan Leader Speaks of Census

Winnipeg, June 21.—M. W. Czakoff, vice-president and general manager of the Christian Community of Universal Brotherhood, Limited, commonly known as the Doukhobors of Verigin, Saskatchewan, takes exception to a dispatch from Ottawa on Thursday last to the effect that Doukhobors "have so far refused to give the information required by the officials taking the census."

Mr. Czakoff, in a statement to-day, declared that his people had placed no obstacles in the way of the census enumerators and had given all the information requested. The dispatch would hurt his people in business, he said, and added that the taking of the census had been completed in some of the Doukhobor settlements and was proceeding in others.

AUSTRIAN CABINET. Vienna, June 21.—Schoeber, police president of Vienna, has been requested to form a cabinet for the Christian Socialist Party. He is expected to form a purely non-political Government.

\$30,000 FIRE IN MONTREAL TO-DAY Montreal, June 21.—Twenty families were driven from their homes early this morning when fire broke out in a house under construction on Fulham Street. It is estimated that the damage is \$30,000. The cause of the fire is so far unknown. Several persons were slightly injured by a falling wall.

NO GENERAL DRIFT BACK TO MINES

Coal Strike Situation in United Kingdom Government Protects Men Returning to Work

London, June 21.—(Canadian Associated Press).—Although some of the collieries have reopened and considerable numbers of miners have reported for work, there has been no general drift back to the mines. The industrial situation continues as chaotic as ever, awaiting the test of the miners' call for a general strike of unions threatened with wage reductions. Some of the miners' leaders, doubting that their policy will receive endorsement, are said to be casting about to find fresh openings for peace talks, but no definite move has been disclosed as yet. At the same time the delegates who have gone back to their districts are urging the men not to break away from the Federation, and to defer action until they know the results of the appeal to the other unions. Their endeavors in this direction have been successful to some extent, for district reports show that large numbers of strikers who were expected to return to work yesterday were persuaded or otherwise prevented from doing so.

KING AND QUEEN TRAVEL TO IRELAND

Cheered by Crowd When Leaving London

London, June 21.—King George and Queen Mary were given a remarkable sendoff at the railway station here to-day when they departed for Holyhead, on the way to Belfast to participate in the state opening of the Ulster Parliament to-morrow.

A great crowd which had gathered repeatedly cheered the King and Queen and sang the National Anthem. At intervals in the cheering there were many shouts of "good luck and a safe return to Your Majesties." The station was gaily decorated. The King and Queen will embark in a Holyhead royal yacht early to-morrow and proceed to Belfast. The royal steamer will be escorted by two light cruisers and ten destroyers on her trip to Ireland.

Elaborate precautions are being taken by the police and Crown forces in Belfast to insure the safety of the King and Queen while they are in that city. Use of the roofs of buildings for any purpose during the hours the King and Queen are in Belfast has been prohibited and the authorities of Belfast were to-day engaged in a thorough inspection of the sewer system of the city to make sure no explosives had been hidden there by elements opposed to British rule in Ireland.

Functions. King George and Queen Mary will face a strenuous round of functions to-morrow in Belfast, for in addition to opening Parliament they will be called upon to preside at a levee at Ulster Hall, where the King will confer honors upon a number of prominent Irishmen.

Considerable interest has been aroused in this city by a rumor that the Irish Sinn Fein plans to make a proffer of peace to King George at Belfast to-morrow. Continuation of this rumor is as yet lacking.

FINES PROPOSED FOR WOMEN WHO SMOKE IN PUBLIC

Washington, June 21.—A puff on a cigarette may cost Washington women \$25 if a bill introduced yesterday by Representative Johnson, Democrat, Mississippi, is enacted. The measure provides that women who smoke in "public places" shall be fined \$25 for the first offence and \$100 for the second.

A similar schedule of fines is proposed for proprietors of dining rooms, cafes, theatres, elevators, street cars and railway stations who permit women to smoke on their premises.

MARSHAL JOFFRE TO VISIT VICTORIA IN SEPTEMBER

Paris, June 21.—(Canadian Associated Press).—Although some of the collieries have reopened and considerable numbers of miners have reported for work, there has been no general drift back to the mines.

The industrial situation continues as chaotic as ever, awaiting the test of the miners' call for a general strike of unions threatened with wage reductions. PLANE CRASH

Washington, June 21.—Naval bombers made short work of the former German submarine U-117 in the opening phase to-day of a test arranged by the Government to demonstrate the efficiency of the aeroplane against modern warcraft.

The first division of seaplanes sent out to bomb the submarine fifty miles off the Cape Charles lightship sent the former German craft to the bottom. Commander Ellison, executive officer at the Hampton Roads naval base, reported to the Naval Department on advice in radio dispatches that the bombing was successful.

ANTI-BOLSHEVIK FORCES DEFEATED

Peking, June 21.—Anti-Bolshevik forces, commanded by General Baron von Ungern Sternberg, which were invading Southern Siberia, have been completely defeated by the army of the Far Eastern Republic, says a dispatch received here from Chita. It says the "robber bands" were virtually annihilated and that the survivors have fled into Mongolia.

EXECUTIVE HEARS CASE FOR LARGER POLICE SALARIES

Joseph North and Dr. Ernest Hall, Police Commissioners, appeared before Premier Oliver and members of the British Columbia Cabinet to-day and fought out their argument with Mayor Porter and Aldermen Andros and Sangster of the city's finance committee.

Premier Oliver and his Ministers soon learned that the whole trouble is over the proposal of Mr. North and Dr. Hall to increase salaries of all policemen by \$15 a month each. This will cost the city \$10,000. It is being opposed by the Mayor, who is third member of the Police Commission, and members of the City Council, who under the law have to find the money to meet the appropriations made by the Police Commissioners.

AMERICANS CARRIED OUT TEST IN ATLANTIC

DISAPPEARANCE OF FOUR U.S. SHIPS INVESTIGATED

Washington, June 21.—(Canadian Press).—It was announced to-day that five different departments of the United States Government have started investigations of the reported mysterious disappearance of three United States coastal steamships and a schooner.

According to reports in circulation here, the crew of one ship is believed to have been kidnapped and all trace of the other ships has been lost for a month.

LEAGUE LETTER ASTRAY; DID NOT REACH STATES

Geneva, June 21.—The invitation of the League of Nations asking the United States to participate in the "white slave" conference here in July has gone astray between the League office in this city and Washington. The League has a Swiss postal receipt for the registered letter containing the invitation, but the letter never reached the American capital.

WINE EXPLOSION IN GERMANY KILLS SIXTY-EIGHT MEN

Berlin, June 21.—Sixty-eight men were killed and seventy-three were injured through an explosion, due to a fire damp, which destroyed the greater part of the Mont Genis mine near Herne, Westphalia, yesterday. Three hundred men were in the mine when the disaster occurred.

Arrest Here Climax Of Trap Laid by Dr. Hall and Joe North

Claim Charlie Bo, Alleged Gamblers' Agent, Gave North \$400 to "Fix" Police and Secure Protection For Chinese Lotteries, Which Then Re-opened.

Following lengthy private investigations by Police Commissioners Dr. Ernest Hall and Joseph North, in their campaign to "clean-up" Chinatown, Charlie Bo, leading Chinese tailor and alleged agent of Chinese gambling dens, was arrested this morning charged with attempting to bribe Chief of Police John Fry through Mr. North. After appearing in the Police Court, Bo was allowed out on \$2,000 bail. Magistrate Jay remanded the case until Friday when, it is expected, sensational evidence will be produced by the prosecution to show how Bo actually paid Mr. North \$400 to "fix" the Police Chief and allow Chinese lotteries to operate.

MASONS BEGIN TO ARRIVE HERE

Grand Lodge Jubilee Session to Be Notable

A number of leading Masons have already arrived in the city for the fiftieth annual communication of the Grand Lodge of British Columbia, A. F. & A. M., which will be held here this week, commencing at 1:30 o'clock to-morrow. The opening of the Grand Lodge will be preceded by registration, and a drive round the city.

Most Worshipful Brother M. L. Grimmett, Master of the Provincial Grand Lodge of British Columbia, will preside at the opening, assisted by his chief officer, R. W. Bro. Robert Baird, D. D. G. M., and the grand officers of the Grand Lodge.

Master Masons in Victoria and District are invited to attend the various meetings of the Grand Lodge. To-morrow's functions include the following: 8:30 p. m.—Divine service at St. John's Church. 9 p. m.—The Rev. F. A. P. Chadwick, Grand Chaplain, assisted by M. W. Bro. H. H. Watson, responses by visiting brethren. Address, M. W. Bro. the Rev. C. Ensor Sharp, "Freemasonry as a Living Issue to-day." Address, M. W. Bro. The Hon. Thomas E. Skaggs, P. G. M., of Washington, "Freemasonry and the Progress of Human Freedom." Songs and instrumental music interspersed. The party in the evening for ladies.

Bo's arrest was the culmination of developments which have stretched over the last week and the result of a ruse carefully planned by Dr. Hall and Mr. North. Bo, it is alleged, was duped by the Commissioners' plans, and, after paying over "hush" money, told owners of lotteries to resume the operations which ceased some time ago. The agreement between the Commissioners and Bo, it is alleged, allowed for the opening of two lotteries last Thursday, three this week and three next week. The Chinese violated this understanding, however, by opening eight houses between Saturday and yesterday, it is stated.

Chinese Ask Protection. The Commissioners' plans took shape some two weeks ago when Mr. North, it was alleged, was approached on the possibility of "protecting" Chinese lotteries by an old Chinaman who sells fish. Later Bo, it is claimed, made such an attempt on the same subject. According to Mr. North's account of the case, it was agreed that Bo should come to Mr. North's house at 1199 Johnson Street the week before last.

In accordance with this arrangement, Bo came to the North home, where he was met by Mr. North, who was heard by Dr. Hall. At this meeting "preliminaries" were discussed and, Mr. North alleges, Bo agreed to bring the money later. Bo said that the old fish seller was not treated by the operators of lotteries because he talked too much. The fish man was to be paid \$200 to keep quiet, Mr. North declares.

It is charged that Bo said he would pay Mr. North \$500 to "fix up" the Chief of Police and Dr. Hall and make sure that the lotteries would be allowed to resume operations without police interference. Bo also promised to pay over \$500 more in July, to "fix up" the operators of fan tan and to give Mr. North \$1,000 on this account about next Christmas, according to Mr. North's allegations. Thus the total to be paid for protection of illicit gambling was \$1,500.

At this meeting, it is claimed, Bo also stated that he would see that gambling in Chinatown would stop one week before the next civic elections was announced.

Arrange Second Meeting. Bo agreed to pay over the first \$200 last Wednesday at a second meeting at the North home. Mr. North went to Vancouver in the middle of last week, however, so the meeting was postponed until last Thursday night. At this second meeting Dr. Hall was present again with another witness and heard the conversation between Bo and Mr. North. Bo is alleged to have given Mr. North \$400, saying that he would collect the remaining \$100 by the end of June. After further conversation Bo left the house.

THE CONFERENCE.

If the Imperial Federationists had any hope that the conference which opened yesterday morning would point the way towards their conception of Empire management the introductory address of Mr. Lloyd George must have completed the demolition of their dream. The British Prime Minister used plain language and his remarks were merely an amplification of the broad hints which have fallen from his lips during the period immediately preceding the arrival of the Dominion representatives in London. It is obvious to his mind—as it is to the great bulk of the people of Great Britain—that the Prime Ministers of the Empire are meeting at a common conference table with the sole object of presenting their views to the representatives of the Motherland in order that they may know sufficient of one another's trials and tribulations, hopes and fortunes, to agree upon a number of questions which require the benefit of Empire opinion in their settlement.

This is the spirit of the Conference. It is not an attempt on the part of Great Britain to foist something upon the Overseas Dominions. It is not an attempt on the part of the Dominions to extract something which they know they may not obtain. On the other hand the gathering has been arranged as much at the instance of the Dominions as at the instance of the Imperial Government. All parties have the fixed intention that any outgrowth of their deliberations shall have no resemblance whatsoever to an Imperial mechanism such as that favored by the Imperial Federationist school. The opening remarks of Mr. Lloyd George indicate that he will preside over the proceedings with that very clear understanding before him. As long as that sentiment prevails much benefit should result.

It was only to be supposed that the British Prime Minister should strike a very definite note in respect of the Anglo-Japanese Treaty. His utterance at the outset of the Conference is an intimation not only to the Dominion Premiers but also to the United States of America that the fundamental principle to be defended in all negotiations upon this highly controversial topic shall be conducted with an appropriate estimate of their effect upon the relations between the two great English-speaking Commonwealths. And while Mr. Lloyd George did not go farther than reflect a well defined opinion in Great Britain in his utterances concerning the renewal of the Treaty his straightforward expression of a desire to co-operate with the Republic to the South "in all parts of the world" should have the effect of moderating a certain carelessness in some quarters who do not always stop to place a proper value upon the case of the United States. But it is on account of the opinions which will arise out of a discussion of this question that appears to single it out as one of the outstanding features of the Conference agenda.

There is every indication that naval policy will only be touched in a superficial sense. It will very probably be realized that there is not only any need to waste time upon details of a subject of this sort at this stage but also that any debate in respect of naval armaments might well be postponed in the hope that before it would be feasible to hold another such gathering as that now taking place some step will have been made towards an international agreement upon disarmament. It may be taken, for granted, therefore, that disarmament itself rather than the settlement of Dominion responsibility in re-

spect of sea power will take the greater part of the time devoted to naval affairs.

It also looks as if the formation of plans for the establishment of a Constitutional Conference will be placed fairly low upon the agenda or left out altogether. After all this is not an urgent matter. The world as a whole offers many more pressing problems in which the joint opinion of Dominions and Motherland might well be crystallized and applied as occasion may arise and opportunity present itself. But as the Prime Minister has inferred, he will regard the Conference as a suitable vehicle for conveying the sentiments of the Dominion peoples in their own behalf and in behalf of the Empire as a whole. He looks upon it as a pooling of ideas from which all may extract benefit. All rights of individual action are reserved. Collective sentiment may not even be copyrighted. Taking the Conference altogether, therefore, and more particularly in view of its auspicious opening, it ought to accomplish all that it has set out to do.

THAT SCHOOL INQUIRY.

Victoria's Board of School Trustees is elected by the people of this city to discharge certain duties defined by law. Among other things it is endowed with authority to engage such teaching staffs as may be necessary to guarantee the efficient management of its schools. It also possesses the power to pay its employees and to discharge such of them whose services do not conform to the requirements of the Board and its task. But the local body has confessed its distaste for the powers with which it is vested by the Public Schools Act by appealing to the Minister of Education on the first appearance of something which the terminology of the law does not expressly contemplate but which is completely covered in its general provisions. In other words the Board has bolted from the task of unravelling the tangled skein which seems to be hampering the work of the High School.

As we have pointed out before the duty of conducting an investigation into the condition reported by the "committee of twenty-nine" is the duty of the Municipal Inspector of Schools, or an official specially appointed for the purpose and not the duty of the Minister of Education. And we may take it for granted that Dr. MacLean has authorized an examination of the question by two interested officials only by reason of that personal interest and intimate concern which he displays in all educational matters, and not because he has any desire to add to the responsibilities which he is compelled to bear as a Minister of the Crown. But his decision to accede to the wishes of the local body carries with it an obligation. It will require the Board of School Trustees to abide by the findings of the Minister's nominees and when it receives them it must act upon them immediately.

SETTLE IT FOR THEM.

None of the great powers which belong to the League of Nations desire to see Greece and Turkey at one another's throats if there is any means at hand capable of preventing it. There is no special reason why Great Britain should depart from her intention to hold merely a watching brief—as long as Mustapha Kemal Pasha and his Nationalist forces avoid the overt act which would threaten Constantinople and involve the Dardanelles—but the League of Nations or the Allied Supreme Council should take action unless either or both bodies propose to leave the two countries involved to fight in defence of their own opinions of the Treaty of Sevres. If Great Britain and France are able to exert their joint influence and settle the question so well and so good. If there is sufficient support for Anglo-American intervention that might be better still. But it is no advertisement to the League of Nations to sit back and declare neutrality. It discloses a weakness.

NOTE AND COMMENT

Sugar is selling in Vancouver at something like ten cents per pound. This is good news for

the preservers of British Columbia fruit.

According to a Washington dispatch only a mild form of reprimand will be administered to Admiral Sims. If he does not soon reach home somebody will be arranging a royal welcome. As it is he is barely running the risk of getting a smart smack on the wrist.

Appropos of sugar did not the refiners tell the Dominion Government that unless they could reckon on a retail price of twenty-one cents per pound many of them would have to go out of business and throw their employees on an overloaded labor market? But they are still doing business.

OTHER PAPERS' VIEWS

HER FAULTS COMMENDABLE.

(From The Washington Star.)
An Admiral said at a recent dinner: "There are too many people in our country who can't hear the truth. We must pretend to these people that everything American is perfect. If we criticize it must be criticism as mild as the chicken dealer's. 'Do you guarantee this hen?' I once asked a Providence chicken dealer.
"You bet I do, Admiral," said the man.
"Has she got no faults—no faults at all?" I asked cautiously.
"Well, Admiral, this chicken dealer confessed, 'one fault she has, and there eggs on the Sabbath.'"

THE SADDEST FACES?

(The New York Herald.)
If any man of 60 or 70 who has acquired a competence thinks of retiring without having planned a good campaign for his later years, let him ride up Riverside Drive and look at the men who retired just because they thought it was time to quit. They sit on the benches in the sun-shine, or ride back and forth in their cars. Their faces are the saddest in the world. They are the amateur gardeners, book collectors, almoners, workers for civic betterment, fly casters, chess fiends, or amateur cabinet makers. Or they might be happy about it. But they are nothing but waiters on the inevitable.

"HERE COMES THE PARADE"

(The Outlook.)
"Of all tributes that I have heard to the verisimilitude of the phonograph," says Robert H. Schaufliker, who was one of the original phonograph "fans," "I like best the story of the farmer who was in a drug store in town trying on a red flannel shirt. The proprietor, when some one behind the prescription desk started a loud and brilliant military band record. The farmer sprang convulsively to his feet, and, without waiting to dress, rushed to the front door, exclaiming, 'By gee! Here comes the parade! I forgot ter tie my team!'"

HOROSCOPE

Tuesday, June 21, 1921.
(Copyright, 1921, by The McClure Newspaper Syndicate.)
Friendly stars rule to-day, according to astrology. Uranus, Jupiter and Venus are all in benefic aspect. It is above all a rule which love affairs should prosper, making for financial success as well as harmony and happiness.

This is a very lucky wedding day and engagements made under this direction of the stars should be most fortunate. The mind should be clear and keen while this rule prevails. It is a time for foresight and wise decision. Judges and all who belong to the legal profession should benefit greatly from the planetary government of to-day.

Members of Congress and all who are concerned with legislation have the best possible direction of the stars. The beginning of the Summer quarter is significant principally because of the influences believed to be exercised by the stars where industrial conditions are concerned.

TENT CAMPAIGN CONTINUES SUCCESSFUL.

Mrs. D. Rand Pierce of Boston captivated her audience at the tent meeting, Pandora Avenue and Vancouver Street, Sunday morning. Her address elicited frequent responses, as she unfolded the rich treasures of the book of Deuteronomy, which she designated the "Second Blessing Book of the Bible."

HAVE YOU THOUGHT OF YOUR EYES?
Perhaps you have blamed everything but your eyes for those headaches and general feeling of unfitness. Perhaps you see well enough but feel badly at times, and don't realize that the drain on your nerves is doing the damage. Get your eyes examined by an expert. I don't mean that you must come to see me. But be sure you know that the man who gives you the advice, prescribes the glasses, and examines you, knows what he is doing. For the past ten years I have been studying the eye, making lenses and noting the effect of correctly fitted glasses. My observation of cases has taught me much. My experience is at your disposal.

WILL AID PUEBLO FLOOD SUFFERERS

L. R. Steel Service Corporation to Collect Here

Salesmen for the L. R. Steel Service Corporation in Victoria and in all its other branches will devote an hour a day this week in collecting money for the Pueblo flood sufferers. G. A. LaBine, local manager, has received a wire from President L. R. Steel at Buffalo authorizing him to carry out this plan, and yesterday Mr. LaBine was given Mayor Porter's consent to receive and forward collections as a gift from the citizens of Victoria, together with a message of sympathy. Four thousand employees of the corporation will participate in the collections. Contributions will be placed in all the large stores in the city.

CHINAMAN GIVEN HEAVY FINE

Gim, Convicted on Being in Possession of Opium, Fined \$200 or Three Months

Gim, a Chinaman, charged with being in possession of opium in premises at 14 and 15 1/2 Government Street, on the third storey, pleaded guilty and was defended by R. C. Lowe. On the conclusion of evidence given by Chief of Police John Fry, with Constable McLellan, the accused was found guilty and was fined \$200 with the option of three months in jail. An opium smoking outfit was found in the premises of the accused, which the Chief entered through a rear door, the accused bolting through a strong door in front in time to drop into the arms of the other police officer, there set to await his expected arrival.

No Stamping Liquor At Home, Falconer Says: Owners Must Pay Cost

Vancouver, June 21.—Owners of liquor stocks purchased previous to the proclamation of Government Control must bear the expense of having them stamped by Government employees. This was the statement of Commissioner J. H. Falconer and will clear up considerable misunderstanding which has existed on the question. It was originally stated that owners could secure labels from the Government and stamp their own goods. The commissioner declares that this is incorrect, and that in all cases of stocks acquired previous to the proclamation the owners must bear the expense and the work must be done by employees of the Government. Too Easy for Bootleggers Several owners of large stocks have already applied for labels with the intention of doing their own sealing but have been refused, being informed that the Board would send

SUBSTANTIAL SUM IN HAND FOR CHURCH

Fairfield Methodists Burn Mortgage and Face Future Confidently

At the Fairfield Methodist Church last evening the burning of the mortgage ceremony was witnessed by a crowded auditorium. Rev. S. Cook, the pastor of the church, introduced the chairman, Rev. W. J. Sipprell, D. D. The historic occasion was opened by the singing of the hymn, "Praise Ye the Lord, 'Tis Good to Raise Your Hearts and Voices in His Praise." The Rev. W. C. Frank, who is appointed to Hampshire Road Church, led in prayer. Old time members sang the hymn, "Oh For a Thousand Tongues to Sing My Great Redeemer's Praise" in a very hearty manner. Dr. Sipprell, after calling to the platform Rev. Mr. Dimmick, the pastor of Wesley Church, and Rev. B. Black, of Esquimalt, in a very genial and enthusiastic way congratulated the pastor and members of the church in their accomplished task of paying the indebtedness of \$5,000. The quartette rendered so effectively by Mr. and Miss E. Buckler and Mr. and Mrs. Tupman, was highly appreciated by the audience. Vision of New Church. Rev. J. L. Batty, the main speaker of the evening, was listened to with

TWENTY-FIVE YEARS AGO TO-DAY

By far the tamest political meeting that has been held in Victoria for some time was held last evening in the Odd Fellows' Hall, Spring Ridge, in the interests of the Conservative candidates. This morning the Grand Jury surprised Warden John by a visit to the Provincial Jail. The jury later told His Lordship that it wanted to do something about the Point Ellice Bridge disaster. The electors of Victoria West filled Semple's Hall last night and applauded the speeches of Mr. Templeman and Dr. Milne, opposition candidates; D. G. Macdonnell, ex-M. P. for North Lanark, and A. H. Scalf.

GARDEN PARTY AT CENTENNIAL METHODIST CHURCH TO-MORROW

In aid of the Centennial Methodist Church funds a garden party will be held in the grounds adjoining the church to-morrow between the hours of 2 and 11 p. m. From six o'clock onwards a "high tea" with substantial fare will be served and from 7.30 till 11 o'clock a continuous programme of entertainment, including musical and elocutionary numbers, displays by the Boy Scouts and contributions by the Crusaders, will be given. Attractive stalls for the sale of flowers, ice cream, strawberries, candy and home cooking have been arranged, and throughout the afternoon from 2.30 afternoon tea will be served in cafeteria fashion.

COURT OF REVISION

Registrar G. H. Mabon and his staff were not so rushed to-day in taking applications of electors for registration on the Provincial Voters List and as a result of the general apathy that has been shown, it is believed that nearly 4,000 voters whose names were struck off the list for failing to vote at the last election will remain deprived of that privilege unless they attend to the matter before the Court of Revision sits again six months hence. Owing to the rush yesterday Mr. Mabon extended the sitting of the Court of Revision until 4 o'clock this afternoon.

WASHING IS THE HARDEST PART OF HOUSEWORK

Washing with a tub and wash board is positive drudgery. When a woman washes with a tub she is completely tired out by noon. Nothing is so hard as the stooping and rubbing motion necessary to clean clothes on a rub board.

Don't dread wash day, made Blue Monday a joy day by using a Time-Saver Electric Washer and Wringer. Sold on easy terms.

WHAT'S IN A NAME?

Facts About Your Name; Its History; Its Meaning; Whence It Was Derived; Its Significance; Your Lucky Day and Lucky Jewel.

By Mildred Marshall
(Copyright, 1921, by The Wheeler Syndicate, Inc.)

VIOLA

The practically unique occurrence of an old Latin word as a modern feminine name, without change of spelling or significance is evidenced in Viola. It is one of the few names which had not undergone a lengthy process of evolution from some root in a dead language. It has not even assimilated to, or been softened through the centuries

as the Latin word for "violet" and will remain a feminine proper name signifying violet to the end of time.

There are many instances of the use of Violet in England and Scotland. There is the equivalent Yolande in France and also Violata, a name borne by Eva Maria Veigel, the young danseuse who became the wife of David Garrick. But in Italy, where the Viola arose, there is no record of its having been used as a proper name.

The common opinion of etymologists seems to be that it was a fanciful name imported from Italy by Shakespeare and bestowed upon one of his heroines in "Twelfth Night." But however it may be, the Viola who loved Orsino endeared the name in English hearts and it has continued with great popularity ever since the time of Shakespeare.

The amethyst is the talismanic gem assigned to Viola. It promises her success in love and freedom from vexation. "Friday" is her lucky day and "7" her lucky number.

ALEXANDRA ROSE DAY THURSDAY

Proceeds of Sale of Roses by I. O. D. E. for Local Charities

On Thursday the Imperial Order Daughters of the Empire in Victoria will, in accordance with the custom throughout the Empire, hold Alexandra Rose Day, when artificial roses will be sold on the streets for the benefit of local institutions. Alexandra Rose Day was inaugurated some years ago as a tribute to the Queen-Mother, and since its inception has been observed annually in Victoria, with the exception of last year, when "tag-days" were banned by the City Council.

For Deserving Charities.

The benefits derived from the sale of the roses are manifold. In the first instance the roses themselves are made by the inmates of the home for crippled children, in which Queen Alexandra has always taken an affectionate interest. The proceeds of their sale in Victoria are divided equally between the Protestant Orphans' Home, the Children's Aid, the Victorian Order of Nurses, Roman Catholic Charities, Jubilee Hospital, W. C. T. U. Home, and the Social Service Committee, all deserving philanthropic institutions. None of the money is retained by the I.O.D.E. The store next the Bank of Commerce on Government Street will be the headquarters for the day and taggers may obtain boxes and roses on Wednesday between the hours of 11 and 5 o'clock.

The Stations.

THE GOBLINS JOKE

Part II.

You see we magic people come out of our homes often when the hour of midnight strikes for a frolic and that is what we Gnomes did a few nights ago.

The Goblins are very fond of playing tricks and dearly love a joke, and though they do not know it, this joke they have played on us will make them very unhappy, for they will have nothing to do if we do not get back to our work at once.

"But what did they do?" asked Elmo, thinking he would never find out about the trouble these little men were in.

"I was just about to tell you that," said the little brown creature. "We Gnomes came out for a frolic and when it was time to return to our home we entered by the rock we thought was our doorway and found their sale in Victoria are divided equally between the Protestant Orphans' Home, the Children's Aid, the Victorian Order of Nurses, Roman Catholic Charities, Jubilee Hospital, W. NIGHT BLASTING IS DECLARED WELCOME

The Esquimalt Council Hears Opinions on Drydock Progress

The Esquimalt Council in session last night declined to act in response to a number of complaints of the night blasting at the Government dry dock site.

Reeve Lockley stated he had seen H. M. Scott, the superintendent of the work, and was told that it would not be feasible to drill by night and blast by day.

Councillor Anderson reminded the Council that he lived near the new subdivision that was now being prepared, and nightly was presented with whole stamps by the air route, but "nobody minded," it meant progress and work, even if it was at night. The majority of the Council were opposed to interfering with any blasting that stood for development of the district of Esquimalt in any shape or form.

Caterpillar Pest.
Action on the caterpillar question was requested by Councillor Pomeroy, who reported that "whole bunches" were hanging in clumps in an orchard in the district, requesting that a by-law be made to compel the destruction of such pests.

The councillor was advised that the machinery for such action was already there, but that experts advised that the caterpillars had now reached the stage of self-destruction and would soon eat themselves and one another if left alone.

War Trophies.
In response to a request from Principal Tait, of the Lamson Street School, it was decided that the two war trophies guns be handed over to the School Board at once, the question of an agreement to be determined to comply with the restrictions imposed on owners by the Government in this respect. An agreement with the School Board might be necessary, thought the Reeve.

Gorge Railway.
It was reported to the Council that the Gorge scenic railway had been carefully inspected, and given leave to carry on, and as the railway was very heavily insured the Council took no opposition to this course.

Engineer Bourke, in reporting on extraordinary traffic on certain roads used by the Imperial Oil Company, stated that the company was sympathetic with the requests of the Council and would now await word from Montreal, which it was expected would authorize them to contribute somewhat to the upkeep of the roads used by their heavy trucks.

Action on the community cemetery.

TO RAISE FUNDS FOR HOSPITAL

Flower Show, Fete and Concert at Duncan

Duncan, June 21.—On June 23 the King's Daughters, assisted by the Flower Show, is to be an affair of unusually large effort. A garden fete in the grounds of the Agricultural Society and a concert in the hall under the direction of G. W. Carr, Hilton is added, and also a grand concert in the evening to which an extra admission will be charged. Stalls for handkerchiefs, a rummage stall and a needlework stall, chiefly of babies' and children's garments will have a place, and ice cream, candies and home cooked food are on the list.

Afternoon tea will be served by the Girl Guides, Mrs. Bransley Rice being at the head of this committee.

Posters.
Local talent is to be used in a novel advertising contest. Talented and also embryo artists are asked to make posters to advertise the show and concert and to place them in the shop windows. The Flower Show Committee will give prizes to the best posters.

The Challenge Cup for the best collection of roses, at present held by Mrs. F. L. Scott, of Ganges, will be competed for again.

Mrs. Elkington, the president of the King's Daughters, is able to hold a stone returned to make the whole entertainment very attractive.

Money raised will be used for the local hospital.

Overcrowded.
It is absolutely necessary that additional accommodation should be added to this institution which has been so overcrowded during the past few months that verandas have had to be used for patients, the sleeping in tents and in a two-roomed cottage recently donated by Mr. Corfield and fitted up by the directors for them.

Before additions are made the authorities have decided that the existing mortgage of \$1,100 must be paid off. The King's Daughters will endeavor to raise the money for the Show, fete and concert on June 23.

In July a committee of men appointed by the directors who have had permission will canvas the district and a tag day in Duncan should go a long way towards raising the necessary funds.

All through the war the King's Daughters' Hospital was able to hold its head up above all financial difficulties and the district will make a strong endeavor to see that it is not handicapped for lack of accommodation now.

Schools.
With the filling up of the district since the war the schools as well as the hospitals are feeling the need of greater accommodation. In the consolidated school building which was expected to answer to the needs, for years to come is completely filled and classrooms have been put in the basement, and with the coming term the situation of accommodation will be still greater.

Successful Dance.
Shawnigan Lake, June 21.—Mr. A. Wyde, Mrs. Wyde and Miss Victoria Wyde of Strathcona Lodge, Shawnigan Lake, were the charming host and hostesses of a delightful invitation dance held in the Lodge on Saturday evening. The evening was perfect and the beautiful grounds and surroundings lent an added charm to a most successful evening's enjoyment. Miss Nita Thain played entrancing music and the dancers were very loath to quit when midnight arrived. The Lodge was beautifully decorated and the lounge room with its high holly chairs, the dance floor with the gay dresses of the ladies and cool looking flannels of the gentlemen presented a charming picture.

Those who preferred cards to dancing found their desire fully provided for. Mrs. Wyde and Miss Victoria Wyde received their guests on the spacious veranda facing the lake, and one felt at home immediately. Supper was served in the large dining room. The tables were set with a picture with their waiters and every conceivable delicacy to which the guests did ample justice.

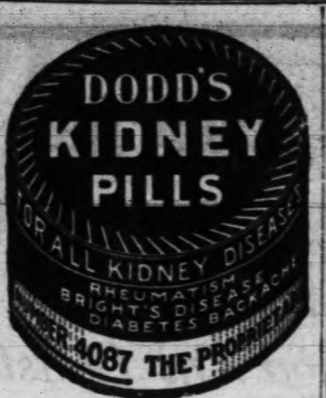

The proud claim of the Lodge being a home from home was fully justified. A right jovial spirit prevailed the whole evening, the dancers frequently adding in song the words of the music played by Mr. Kenneth Duncan, M.P.P., voiced the feeling of the guests when a few well-chosen words he thanked the host and hostesses.

PLAN TO IMPROVE BABIES' PHYSIQUE
Metchoin, June 21.—What is known as a "Better Baby Class" will be held in Colwood Hall on July 13 under the auspices of the Colwood Women's Institute. The object of the class is simply to enable parents to learn of any defects in the physique of their children while their good points will be pointed out. This is not to be considered in any way a baby show. All babies and children under the age of five years in the Colwood Metchoin Happy Valley, Luxton, Langford, Albert Head, Rocky Point and Goldstream and the Highlands districts will be eligible for entrance.

Dr. Price, City Health Officer, of Victoria, will be in attendance and examine the children.

For Vicarage Fund.
A strawberry social will be held in Metchoin on Tuesday, June 22 under the management of Mrs. Ned Ashe. J. H. Ellis has kindly consented to the use of his grove for the occasion. The berries will be supplied by F. Peacher of Metchoin. This will be an opportunity for visitors to sample the delicious Metchoin strawberries. The proceeds are to be given to the vicarage fund.

Parent Teachers.
Courtesy.—The Courtesy Parent-Teachers' Association, held its regular meeting at the close of school. The meeting was largely attended and the treasurer, Mrs. Sutherland, made a satisfactory financial report. A motion that was unanimously carried was one in favor of making a grant for the assistance of the school basketball club, the money given to be used for the opening of the Autumn term in September.

A discussion also took place regarding the advisability of lengthening the school hours from fifteen minutes or half an hour. The decision was arrived at, and the question will come up again when school reconvenes after the Summer holidays.

It was decided to donate a prize for the children's division at the flower show to be held on July 4.

The children of the two junior divisions, in charge of Misses Carroll and Dougan, rendered an acceptably well arranged programme.

COMEDY APPRECIATED.
Duncan, June 20.—The Brixton Burglary, "an exceedingly amusing play was given at the Agricultural Hall on Friday and Saturday evening. Where all did so well it is hard to single out any for special mention, but Mrs. H. C. Martin, Miss Bobbie Stephens and L. A. Garnett, had the most difficult parts perhaps, and certainly acted splendidly, keeping the audience in raptures of laughter the whole time. The furniture used was all kindly loaned by the Cowichan Merchants, Ltd., and R. A. Thorpe. After the performance on Saturday, dancing was indulged in until midnight. The proceeds will be divided between the Agricultural Society and the King's Daughters' Hospital.

RE-ELECT CITY'S REPRESENTATIVES ON HOSPITAL BOARD
Directors of the Provincial Royal Jubilee Hospital who have held office during the last year were re-elected by the City Council last night. The following will represent the Council on the Board this year: James Forman, Alexander Stewart, James Farquhar, J. W. Bolden and Mark W. Graham.

J. & S. Shanks and Christian Stevens were nominated by members of the Council but were not elected to the Board.

NO BEER SELLING YET
G. A. U. V. to Let Vancouver Branch Test New Law; Liquor Appointments Attacked.

Open beer-selling will not be carried on by the G. A. U. V. here, its members decided at their meeting last night at the club's headquarters, 1210 Government Street, under President MacKenzie.

The beer situation was discussed from all sides. It was pointed out that inability to sell beer vitally affects the revenue of the club. It was explained that the Vancouver branch is continuing to sell beer over the bar in defiance of the new Liquor Control Act. It was decided, however, that beer-selling rights should be tested out by only one branch of the organization and that one in Vancouver.

Appointments under the Liquor Board and their method of appointment were attacked. Comrade Crouch and Comrade Duncan had a resolution put through demanding the Liquor Board to publish names of appointees. This resolution is to be sent to all ex-service organizations for endorsement and also to Attorney-General Purvis.

Shark Industry Being Developed On Coast

Anglo-British-Canadian Co., Ltd., Operating Plant at Parker Island; Five Hundred Mud Sharks Taken In Two Months; Markets For Products.

Five hundred mud sharks in less than two months is the catch announced by the Anglo-British-Canadian Company, Ltd., which organization is now energetically prosecuting the shark fishing industry at Parker Island, between Galiano and Mayne Islands, Gulf of Georgia.

The A. B. C. Co., Ltd., on April 21 last, took over the Parker Island plant of the Veteran Products Company, and up to June 11 the catch was placed at 479 sharks, and since that date the 500 mark has been passed. One week's catch in May ran as high as eighty.

Market Secured. Harry Sayer, of the A. B. C. Co., Ltd., stated this morning that the company had secured a good market for the products from the shark. Contracts have been entered into with firms in the United States for the hides of the shark and the carcasses are being manufactured into excellent hog and poultry feed. Medicinal oil, is manufactured and refined from the livers of the shark. The liver content runs from 60 to 70 per cent of the finest oil.

NEWS IN BRIEF

Foresters Invited.—All Foresters are invited to attend a social of the Court Camosun A. O. F. to take place on Tuesday evening, June 21. An engaging time is promised for all.

Ward One Liberals.—A meeting of Ward One Liberals has been called for 8 o'clock Thursday night in the headquarters, Arcade Building. An important matter will be discussed. It is requested that as many members as possible attend this meeting.

Craigflower Picnic.—The Craigflower Parent-Teachers' Association will hold a picnic on Friday, June 24, at 2.30 o'clock, on the school grounds. All friends cordially welcome. Tea and lemonade will be served on the grounds. The sports are in very capable hands, and good prizes will be provided.

Dramatic Society Meet.—The next meeting of the Victoria Dramatic and Operatic Society has been arranged to take place at the Little Theatre, Oak Bay, to-morrow evening at 8.15 o'clock. Business is to be followed by a programme of entertainment. The conveners are James Hunter, president; Mrs. Wendell Shaw; Miss Constance Heyland and Miss M. Fraser.

Guild of Health.—Rev. T. G. Rowe will hold a service in the Cathedral Schoolroom on Wednesday evening at eight o'clock, at which Mrs. A. M. Christie will give an address. Until further notice, the Librarian will be at the schoolroom on Wednesday afternoons from 3 to 5 o'clock for the convenience of those members who wish to exchange their library books.

"Old Maids' Convention."—To-night at 8.15 p. m., in the First Congregational Schoolroom, a one-act comedy entitled "The Old Maids' Convention" will be presented by the members of the "Three M Society." The sketch is full of laughs and thrills and includes a number of well known singers and comedians—"Parson" Blair and "Yorkie," of the "Three K Concert Party," will also contribute to the evening's entertainment.

Donation Party.—The Women's Auxiliary of St. Matthias Church will hold a donation party to-morrow afternoon at the residence of Mrs. Redpath, 369 Sunset Avenue, Shoal Bay, between the hours of 2 and 5 o'clock. Intending visitors are reminded to take the No. 6 car to the terminus and walk over the hill to Shoal Bay.

Car Caught Fire.—While filling the gasoline tank of a motor car outside the Revercomb garage at 8.30 last evening the gasoline caught alight, and in a moment the whole car was blazing. A large crowd gathered to witness the extinguishing of the fire by the fire department, who made short work of the trouble. The car, No. 24463, was badly damaged.

Will Entertain Team.—A supper, concert and dance have been arranged for the Scottish international footballers to take place at the Caledonia Hotel at 8 o'clock to-night under the auspices of the reception committee to that body. After supper, a fine concert has been prepared, to be followed by dancing from 10 until 1 in the morning. Music for dancing will be provided by Wallace's orchestra, with a strong list of vocalists and others for the concert programme.

Manual Training Work.—An exhibition of manual training work executed by the boys of the Oaklands and Quadra Schools will be held in the manual training centre, attached to the Quadra School on Thursday. The exhibit will be on view in the afternoon from 3 to 5 and in the evening from 7 to 8.30. The parents from both districts, and all interested in children's activities are cordially invited.

Strawberry Festival.—The Women's Auxiliary of Gordon Head met yesterday to complete their arrangements for the strawberry festival to be held at Cormorant Point grounds on June 23, afternoon and evening. Strawberries, ice cream and country cream will be served in any quantity and picnickers will also be able to obtain viands of a more substantial nature. During the afternoon a three-piece orchestra will furnish a programme of music, and in the evening, commencing at 8 o'clock, the Salvation Army will give a band concert. The entire proceeds of the festival will be devoted to the fund for the erection of a place of worship in Gordon Head.

Assembling New Aircraft.—Work on assembling the completed machines of the Vancouver Island Aerial Transport Company is now under way at Esquimalt, where the Curtiss J. N. 4 is being fitted with specially designed pontoons to operate as a seaplane. R. F. Stephens, noted boat builder of this city, is completing the work on the pontoons under the direction of Norman A. Goddard, one of the senior partners in the new aerial firm. If the Air Board inspection is completed this week, and there is every indication that it will, the trial flights are to be made shortly. The engine, a Curtiss O X 5 is running in beautiful order, and the entire machine is looking very fit for work.

GORGE CAMP.
 Last night at the Gorge, campers found that they had a real live ball team when they came up against a team presumed to be the Saanich Rovers. Although the Camp team have not played together previously they made a good start last night playing a seven innings game, and winning by 14 to 9. Shorty Kenning made his first home run of the season. Both teams were well represented in the bleachers, and it is believed that many more games will be played.

The return game will be played next Monday evening on the Craigflower School diamond. The Y. M. C. A. Camp was represented by the following:
 Pitcher, Harvey DeCarteret; catcher, Ted Young; first base, Dave Barclay; second base, Gus McKinlay; third base, John Brindley; short stop, Harold Kenning; R. outfield, Reg. Stevens; C. outfield, Bill Hudson; L. outfield, Lewis Fatt. Umpire, Tom Anderson.

CENSUS TAKING NEARLY FINISHED

Persons Overlooked Asked to Communicate With Commissioner

The taking of the Dominion census in the Victoria district is nearing completion, announces Census Commissioner W. G. Gaunce, and the result of the work carried on by the enumerators is proving very satisfactory.

"It is important from every standpoint that our census returns shall be as complete and reliable as possible. The enumerators are nearly through with their work. They have been very painstaking and conscientious. In many instances they have been obliged to return to homes several times because of absence, engagement or indifference of the people they have sought to interview. Such cases have been exceptions, however, the great mass of the people having extended every possible help to them in their work.

"With all their care, however, it is more than probable that some names have been omitted," says Mr. Gaunce. The Commissioner is very anxious that the census returns should be as complete as possible.

In order that this result may be realized he wishes that any one who believes that he has been overlooked in the enrollment, would ring up phone 4918, between the hours of 9 and 12 and 2 and 4 any day this week and report the same.

NATIONAL GALLERY DIRECTOR COMING

Mr. and Mrs. Eric Brown Will Be Here Thursday

Eric Brown, director of the National Gallery of Canada, who with Mrs. Brown has reached Vancouver from Ottawa, will arrive in the city Thursday afternoon.

"There is no doubt at all that Canadian artists are making admirable progress," said Mr. Brown in Vancouver. "It has been a source of great difficulty during the past years, and a set-back to artistic advancement generally, that a Canadian, when he acquired any fame in the world of art, immediately went abroad where his genius would bring him money and recognition. That was owing largely to the lack of public appreciation. The exhibitions of pictures loaned by the National Gallery, which have been shown in every city and town of importance in Canada, usually in collaboration with some exhibition or fair, have proved of immense benefit to learned and unlearned alike. It is my hope that Mr. Brown will be able to perpetuate the idea into the public mind. If a city once acquires an art school or a gallery the people wonder however they managed to exist before without it."

Mrs. Brown, who accompanies her husband on his tour, lecturing on art from an educational standpoint, reminded him in the course of the interview, that he should say something attractive regarding the contributions that British Columbia has made to Canadian art generally. The Fair West, said Mrs. Brown, had proved a great source of inspiration to scenic artists and illustrators.

Mr. Brown supplemented her husband's remarks with the observation that Canadians are making their mark in the world of portrait-painting. Names like socially, Mr. H. Varley and Ernest Fosbery stand now for something in the world of art. "The West claims Sheldon Williams of Regina, and Frederick Brown, are among the older landscapers painters of the younger ones, Frank Johnston, Arthur Lismer and Alex. Jackson, Mr. Brown calls "very interesting."

OLD-FASHIONED SOCIAL

Quaint Programme by Young Women's Club at Metropolitan Church To-night

An old-fashioned ice cream social will be held in the Metropolitan Church schoolroom to-night, at 8.15 o'clock, under the auspices of the Young Women's Club. The room will be gay with old-fashioned flowers of hundred years ago as those taking part in the programme will be in costume.

The programme will be as follows:

LOCAL BREWERY MAN VISITS PRINCE RUPERT

F. H. Worlock superintendent and one of the directors of the Victoria Phoenix Brewing Co., arrived in Prince Rupert Wednesday morning on the Prince Rupert.

Mr. Worlock, who is one of the best known men in British Columbia, having been a resident in the province for nearly forty years, of which most of the time has been spent in Victoria has been associated with the Phoenix Brewing Co. for some years. The company is one of the oldest in the position, having been established in Victoria forty-five years ago. The company is supplying beer to British Columbia ever since, having an enviable reputation for the goods put out. As an instance of the length of time they have been in business they supplied Seattle with beer before the latter city had a brewery of its own.

Mr. Worlock told the Daily News all the breweries would go on as usual manufacturing beer of proper strength and selling it to the Government, as well as exporting it.

You'll Enjoy Sonora Music

The same record that you hear upon the Sonora—and really enjoy—will often fail to rouse your enthusiasm when you hear it played upon another phonograph. Why? Because the Sonora is perfectly constituted; its sound chamber, like a good violin, is constructed of selected woods to make proper reproduction possible.

Come and hear the Sonora to-day—we cordially invite you.

A Danger Warning —Bleeding Gums

Are your gums tender? Do they bleed when brushed? If so—watch out for Pyorrhoea.

This disease of the gums, which afflicts four out of five people over forty, not only destroys the teeth, but often wrecks the health.

In Pyorrhoea, the gums become spongy, then recede; the teeth decay, loosen and fall out—or must be extracted to rid the system of the infecting Pyorrhoea germs which breed in pockets about them. These germs lower the body's vitality and cause many diseases.

You can keep Pyorrhoea away. Visit your dentist often for tooth and gum inspection, and use Forhan's For the Gums.

Forhan's For the Gums prevents Pyorrhoea—or checks its progress, if used in time and used consistently. Ordinary dentifrices cannot do this. Forhan's keeps the gums firm and healthy—the teeth white and clean.

Start using it today. If your gums have receded, use Forhan's according to directions, and consult a dentist immediately for special treatment.

35c and 60c tubes in Canada and U. S. If your druggist cannot supply you, send price to us direct and we will mail tube postpaid.

Carpentier Will Win Fight Says Ring Vet.

Frank Slavin, Former Champion, Who Has Only Picked One Loser in Thirty Years, Believes Frenchman Will Have Best of Dempsey; If There is a Knockout It Will Come Inside Six Rounds.

"I pick Carpentier to win. If there is a knockout in the fight it will come inside of six rounds. If nothing happens before then I believe that both men will be on their feet at the end of twelve rounds and I believe that the Frenchman will have won the fight by a good margin, although of course it will be impossible to give a decision in his favor owing to the laws of the State of New Jersey."

So thinks Frank Slavin, one time heavyweight champion of the world, who fought in the days of bare knuckles, when the principals of the fights used to sell the tickets themselves and make their own plans for escape.

The veteran of the ring called on the Sporting Editor of The Times yesterday to announce his pick in the coming fight, which has the world turned upside down.

Only Made One Bad Pick.

In support of his choice Slavin reminded his interviewer that only once in thirty years had he failed to pick a winner in a championship battle.

"I certainly fell down that time," remarked Frank. "It's 23 years ago, I was matched to fight Peter Jackson, the famous colored boy, in London, and I figured I could win the bout, so I picked myself. Jackson, however, handed me a surprise knockout in the tenth round and won out. But that's the only time I ever picked a loser."

"Why do you think Carpentier will win?" Slavin was asked.

"Experience," came back Frank. "Experience will go a long way in this battle. Dempsey is a youngster at the game compared to Carpentier and experience is going to offset any advantage Dempsey may have."

"But don't you think Dempsey has a great advantage in weight, reach and punching ability?" the Sporting Editor asked.

"Not advantages. "All those things do not constitute much of an advantage when one is stacked up against a shrewd fighting machine," returned Slavin. "Look at Willard. He had everything that a man could want in regard to weight and reach but Dempsey made him do the snail-act inside three rounds."

"Carpentier is not too light for a heavyweight. When any man reaches 175 pounds he has plenty of weight to meet any of the big men. In punching ability Dempsey has a thing on Carpentier. That fight which the Frenchman has is a vicious thing and it'll drop them no matter how big they are. A few inches in reach may seem a whole lot to people on the outside but to men in the ring it does not mean a great deal. There are ways of getting inside the long-reaches and good men know how to do it. Carpentier will get inside Dempsey's guard and then he'll get some that old right."

"I'm not picking Carpentier for any sympathetic reason. War records aren't going to help any man out when he gets into the ring with the pits on. I pick Carpentier because I believe he is the best man and he'll carry my coppers on the big day."

NO GAMES IN P. I. LEAGUE YESTERDAY

There were no games in the Pacific International League yesterday, it being lay-off day. Victoria and Yakima will resume their activities in Yakima to-day and Vancouver will try and square up their double-header loss at Tacoma on Sunday.

WALT GRAVLIN GETS BACK AMATEUR CARD

Ball Player Who Threw Amateur Circles Into Uproar Will Return to Game

Walter Gravin, the much discussed local amateur ball player whose activities with the Elks baseball team in the B. C. championship play-off last Fall caused the suspension of over twenty players representing Victoria and Vancouver, will again be seen in action shortly, due to a decision arrived at by the B. C. A. A. U. in annual session at Vancouver on Saturday which recommended his reinstatement as an amateur.

The fight for sanction to allow Gravin to play ball, was led by George I. Warren, former president of the Victoria branch, who claimed that the player in question was employed as caretaker at the United Services Golf Club at Esquimalt and that he was fully eligible to play ball under the A. A. U. rules. In this contention Mr. Warren was supported by the New Westminster delegates who reciprocated in return for votes calling for the reinstatement of a Westminster roller skater named McWaters who desires to mix in amateur lacrosse.

Thirty Cents New Charge.

A lengthy discussion took place on the proposal to advance the price of amateur cards from twenty-five to fifty cents. The latter price has been in vogue this year in Vancouver, but due to a misunderstanding through not being notified of the change, Victoria and Westminster continued at the old price and the proposal to collect an additional quarter from those that already hold cards was not entertained. Mr. Warren claiming that if such were to be the case, the Union would find the baseball and hockey lodges breaking away just as the footballers had done in Vancouver. A compromise was reached, thirty cents being the new charge with the extra five cents going to the Canadian body.

KNIGHTS WILL TRY TO CLIMB LADDER

Conservatives Are Promised Tough Ball Game at Stadium This Evening

Manager Macfarlane announces everything is in readiness for the Knights' battle against the Conservatives to-night at the Stadium, and promising old Japs' opinion says aside his sprinkling can for a couple of hours Dave has great hopes of annexing the Knights' first win of the season. The Knights held a practice last night and Mack says the way those boys handle that old pill sure looked good to him. Young Nobel is looking better all the time and no doubt will be used on the mound to start to-night's game.

In the meantime, while Moore claims he is not worrying, he says you never can tell about these ball games and does not intend to take any chances on Macfarlane's gang. There is a possibility that "Lefty" Saunders may make his first appearance on the mound for the Conservatives.

The game will be called promptly at 7 o'clock with Allie MacGregor handling the indicator.

Great Falls, Mont., June 21.—Earl France, of Los Angeles, 136-pounds, got the decision by a shade over Monk Fowler, of New Orleans, 134-pounds, in their 15-round main event of an American Legion boxing card here last night. The decision was given by two judges and a referee.

Heroic Match On First Day of English Tennis

Dutch Tennis Expert Eliminates Californian in Match Which Lasted For Two Hours and Half—Kingscote Is Favorite

Wimbledon, Eng., June 21.—Some results of Monday's preliminary tennis sets were:

Francis T. Hunter, United States, defeated Jock Hillyard, 6-5, 6-2, 4-6, 5-3, 6-2.

Randolph Lycett, England, defeated L. E. Gaunt, champion of Singapore, 6-4, 7-5, 7-4.

A. Diemerdoel, Holland's fourth player, defeated A. B. Graves, of California, 6-4, 4-6, 5-7, 5-4, 6-2. This match, which lasted two and a half hours, was a heroic struggle, featured by hard driving and good smashing.

Shimizu Wins.

Zeno Shimizu, the Japanese star, who defeated Hotham, of Great Britain yesterday in a one-sided match, won with equal ease in the second round to-day from Count de Boussieu, of France, 6-0, 6-2, 6-0.

Pick Kingscote.

Wimbledon, Eng., June 21.—Major A. R. F. Kingscote, who for the last 14 years, has been a prominent figure in the tennis world, was considered here to-day as the probable opponent of William T. Tilden, of Philadelphia, in the challenge round of the British turf lawn tennis tournament in progress here this week. He played a magnificent game against E. B. Fisher, of New Zealand, yesterday, and critics express the opinion that if he maintained his standard, he set, Tilden would have a most difficult task in defending his title as champion.

Wimbledon, Eng., June 21.—A new page will be written into the history of British grass court tennis when William T. Tilden, 2nd, of Philadelphia, winner of the world's turf championship last year, defends his title in the tournament which opened here yesterday. Last season's titular victory was the first ever recorded by an American. Tilden two months ago requested the Wimbledon committee to allow him to "play through." However, English tennis tradition could not be so upset and the tall Philadelphian will defend the championship only in the challenge round.

Tilden led a list of well known American tennis players here after the close of the hard court championships at St. Cloud, France, and several English preliminary tournaments. J. D. E. Jones, who has gone to Switzerland, is the only American absentee of the group which played in France.

The tournament will be important in its bearing on Davis' Cup play, which is to follow this Summer. The best players of England, and some of the leading tennis stars of other nations are to play here as well as Tilden.

Sets Obtained By Draw.

Interest in the tournament this year is far beyond that of any previous season. That fact, which was indicated by the demand for sets as early as last Winter, has been proved by the activity of the past few days here. As more than 10,000 applications were received for the 5,000 seats, they have been distributed by ballot and lucky holders of the pasteboards are envied by those who were unfortunate in the draw.

The English tennis championship event has been an annual affair since 1877, excepting only the war years from 1915 to 1919, when British court stars were engaged in a contest more grim. The challenge round was first introduced in 1886 when W. Renshaw retained his title after H. F. Lawford had won in the All-Corners' play. The doubles championship, in which the American pair, R. Norris Williams, 2nd, and Charles Garland were the winners last year, has been annually contested since 1879.

With Miss Suzanne Lenglen, Mrs. Molla Bjurstedt Mallory and Miss Edith Sigourney among the non-English entrants in the women's championship, that play, sponsored, in rival more closely than ever the men's event, despite the appearance of Tilden, world's champion. Miss Lenglen has been the winner in both tournaments since the war and last Summer, with Miss E. Ryan, of the United States, won the doubles championship. Miss Lenglen and Mrs. Mallory recently engaged in a stirring duel on hard courts at St. Cloud, Miss. Lenglen winning.

RAIN AGAIN INTERFERES WITH TENNIS HANDICAP

The Victoria Lawn Tennis Club has been unfortunate in regard to weather for its annual club handicap, the opening day being very wet and forenoon preventing a number of the matches from being played. Yesterday was even worse only three matches coming off. As a consequence all games scheduled for Monday will be played to-day at the same hour. Competitors are requested to be on the courts ready to play at these times, and should it rain are expected to phone the club house and ascertain from the groundsman whether the courts are playable or not.

EXPECT AMERICAN POLOISTS TO WIN

Critics Do Not Think English Team Can Defeat Visitors; Game To-morrow

London, June 21.—British sport writers are of the unanimous opinion that Captain Milburn's polo team is going to take the International Cup from the British team, which is pictured as faulty in shooting, full of errors and slow at taking chances.

These writers are quick to give all credit to the American big four for its "perfect" hitting. And they have many good words to say for the excellent mounts ridden in the match which ended Saturday with such a disastrous score from England's standpoint.

"Unless a considerable reversal of form is shown next Wednesday," says The Weekly Dispatch, "Milburn's team will take the cup back with them."

Hope For Improvement.

The press finds little fault with the Englishmen's horsemanship, although it is explained that of the British polo players only Lord Wodehouse was at

top form throughout the game. Some hope is held out that there may be a general improvement by the other three members of the team before the second match.

Captain Milburn's phenomenal hitting, especially his backhand smashes have won unflinching praise from the press and spectators. Equally lavish praise is bestowed upon Hitchcock, and Webb comes in for his share of kind words.

Of him The Observer says: "He was the best player of the eight during the afternoon's work."

WITHIN THE ROPES

New York, June 20.—Georges Carpentier's sparring partners, Paul Journee, of France, and Italian Joe Gans, of Brooklyn, were so severely punished in real bouts to-night that the referee stopped both contests. Journee lost in the fifth round of a fifteen-round match with Charlie Weinert, New York heavyweight, and Gans lost to Augie Ratner, of New York, in the tenth round of a twelve-round bout.

Gans was all in after the ninth round and took a count of nine in the tenth, when the referee interfered. Gans weighed 155 and Ratner 155.

Ring Battles of Champion Dempsey And Challenger Georges Carpentier

The Times Will Run a Series of Articles Dealing With the Careers of These Two Athletes Who Now Command the Attention of Sportsmen the World Over.

Dempsey, in 1915 and 1916, when next week's meals were not always definitely scheduled, travelled on brakes and beams, rather than in cushioned compartment cars on his journeys from one fistic engagement to another. His travels took him to New York in the late months of 1916.

While in New York, Dempsey met his first opponents of any class, boxing with Andre Anderson, Wild Bart Kenney and John Lester Johnson in 10-round, no-decision bouts, all going the limit. Dempsey was credited with beating Anderson and Kenney but the veteran negro, Johnson, knew a bit too much for this "diamond in the rough" from Colorado. Johnson cracked two of Jack's ribs in the second round and Dempsey showed ring gameness by standing up to the negro for the remainder of the fight.

Dempsey and his manager now talk in the hundreds of thousands when discussing purses. For his first bout in New York City, with Anderson, the westerner received \$15. For boxing Kenney, he was given \$43 by the promoter. He signed to box John Lester Johnson for \$500 but received only \$100. In those days, there was no Jack Kearns present to haggle for the boxer and he decided that New York was not the gold-filled city that western stories had led him to believe. The young fighter returned to the west and to obscurity for a few months.

Georges Carpentier's ring career started him off like a future bantamweight champion of the world. In 1908, he fought six battles, winning two by knockouts, one on a foul, one on points, which each of the other two resulted in a draw. Deschamps gradually became more daring in choosing opponents for the 15-year-old boxer. Salmon, the Englishman whom he defeated by a knockout the first time in 18 rounds and again on a foul in 13 rounds, was among the best of the English bantamweights. Legrand, one of the shiftest of the French bantams, twice held him to a draw, once for six rounds and again at 20 rounds.

The following year promised to be even more successful. In one of the earliest bouts he knocked out in one round Wetnick, who had nearly held him even in one of the 1877 contests. Four victories by knockouts and nine bouts won on points, including triumphs over Charles Ledoux and Paul Til, both famous bantams, comprised the record for the year until Carpentier ran into Gloria, a veteran, who stopped him in six rounds.

This was the first time that the Leno youth had taken the count. De-feat at the hands of a more experienced boxer did not discourage either Carpentier or Deschamps for, on the whole, Carpentier's development had been phenomenal and none recognized that fact better than the shrewd little man who has piloted the boxer to his present peak of prominence.

Georges a Long Shot And Can Take Chance

Dempsey as Defender of Crown Must Be Careful and Cannot Tear in Like He Did Against Willard at Toledo

(By Heywood Brown). New York, June 21.—The one conspicuous advantage which rests with Georges Carpentier is that he is a long shot.

His psychological position is entirely different from that on the day when he rushed after Jess Willard and all but put him out in the first round.

That was shown in the fight against Brennan. Whatever the reason it was quite obvious that Jack was not forcing the issue in early rounds.

Descamps has been very careful to take every advantage of the fact that Carpentier is something of an unknown quantity.

Whenever a thing seems obvious it is well to pause and consider whether it is also true. It is entirely possible that Carpentier's last public trial was designed to encourage a belief in a weakness which does not exist.

Dempsey the More Durable. In indicating some of the hopeful things which may be said about Carpentier's chances, we do not mean to express the belief that he will win.

SAYS 28,000,000 GET STATE AID

System of Doles in England Attacked; Lowering Character Feared

London, June 21.—Twenty-eight million people of a population of 48,000,000 apparently are now receiving direct pecuniary aid in England. This startling statement was made in a letter to The Daily Telegraph by Geoffrey Drage, widely known social worker, who demands a complete overhauling of the elaborate system of doles under which persons of all sorts are drawing every kind of public relief. Mr. Drage charged that there is great and widespread fraud in this connection, many persons drawing several kinds of relief from various authorities. He says that in 1890 only £25,000,000 was expended on relief, while the total from taxes and rates for the year ended March 31 amounted to £232,000,000. With the press hammering the Government for economy in its bureaucracy any adequate machinery to work the great system of doles is impossible, and The Daily Telegraph cites many instances up in police courts recently.

TO HOLD GIG PICNIC TOMORROW

Everyone Invited to Basket Affair at Mt. Douglas Park

Arrangements are now all complete for the big civic picnic at Mt. Douglas Park to-morrow afternoon. The Chamber of Commerce having completed all details to insure that everyone spends a happy afternoon and evening. It is service from the city to the park will begin at 2:30 o'clock, cars leaving from the Library corner, Yates and Blanshard Streets. The Chamber has made special terms with the Jitney men and the fare each way for adults and children will be 25c. The affair will be a basket picnic and hot water for making tea will be available at the park. During the afternoon there will be a Maypole dance and a Buttery dance and various other interesting features. Some of the Gorge Park side shows will be on hand, and Manager Hamilton has been given the soft drinks and confectionery concession.

CHARMING WATER-COLORS ON VIEW

Work of Tatton Winter, R.B.A., Shown in Arts Club Rooms

Housed in the Arts and Crafts Club rooms, the Bank Buildings until Thursday of this week, is a charming collection of water-colors from the facile brush of Tatton Winter, R. B. A., an English artist of some repute. The collection numbers some thirty-five studies, mostly of English rural scenes, and the artist's particularity for the Fen country is evidenced by his scenes on the Broad. A delicate sense of interpretation and strength of treatment characterizes the subjects. Perhaps the artist is at his happiest in his studies of wind-swept country-sides, of which he has a number. "West Fen Ely," is a clever little study of wind-swept reeds and willows with scudding grey clouds. "Windy Weather," is another study of the same scene, but with a more dramatic effect. "Wind in the Willows," all show the same virility of treatment and seem to convey the sense of wind whistling through the trees. With this virility for wind-swept areas is a penchant for wind-mills and these details of former days appear like grey shadows of their former selves in many of the studies. In vivid contrast to the dull greys and grey-green of the wind scenes is "Spring," a lovely little study of elm trees clothed in the lacy delicacy of spring foliage, against a background of blue sky. "Afterglow on the Berkshire Downs" is the descriptive title of a little gem of soft color. This is the first course of this collection by the artist, who is a local boy but the world over. He is to-day one of the most successful commercial artists of this continent. He has operated the Seattle-Victoria aerial mail service without a single break or mishap since October last year and in that time has flown the return journey over the eighty air mile route in weather that forced ocean-going liners to turn for Equimalt to discharge the mail which he had to convey to his hangar at Lake Union.

TO SCALE HIGHEST PEAK

British Engineers Blaze Way Through Himalayan Mountains For Expedition to Climb Mount Everest

Darjiling, Bengal, June 21.—Somewhere in the tangled maze of the southern Himalayan mountains three parties of British engineers are working their way through unexplored gorges and passes toward the base of Mount Everest. They are blazing the way for the expedition that will later this summer attempt to scale the granite walls of Everest and conquer the highest mountain peak on the globe. The first party to leave here, commanded by Major Morshead, proceeded up the Teesta valley and over what is known as the Kangra route. The other two units, commanded by Col. Bury, intend to meet the Morshead party at Khamba Jong, and then the combined expedition will strike westward toward the village of Tengri Jong, about 20 miles north of the Everest group. From thence will start the party which will try to reach the summit of the dominating peak of the range. Before the actual work of scaling the stupendous slopes of Everest can begin, however, engineers must carefully survey all approaches to the mountain and try to find the most practicable route to the top.

TO SEND FIRING DETACHMENT

According to militia orders, the 5th Regiment, C. A., are planning to send a firing detachment to Sarcee Camp, Alberta, where practice with eighteen-pounders will be held. A very pleasant trip will be expected, and all members of the 5th Regiment, 58th Battery, or other artillery men who would like to make the trip are asked to apply to the adjutant, Captain J. H. Clearhouse at his office, 1218 Langley Street, Victoria, as early as possible.

AERIAL POSTMAN WEDDED IN SEATTLE

"Eddie" Hubbard Adds a Bride to His Many Laurels

Edward Hubbard—known throughout the Pacific Northwest as the foremost aerial mail pilot of his day, was married yesterday in Seattle to Mrs. Mildred M. McClure, 2381 N. Broadway. A license was obtained from the county auditor's office, Mr. Hubbard giving his address as 56 Roanoke Street. The couple left immediately for Vancouver for the honeymoon, but did not travel by air. Hubbard has established a name for himself and his aviation service that will go down in the history of aeronautical progress not only locally but the world over. He is to-day one of the most successful commercial aviators of this continent. He has operated the Seattle-Victoria aerial mail service without a single break or mishap since October last year and in that time has flown the return journey over the eighty air mile route in weather that forced ocean-going liners to turn for Equimalt to discharge the mail which he had to convey to his hangar at Lake Union.

PROBE OF HIGH SCHOOL STARTED

Investigators Take Evidence From Teachers

Investigation of conditions of unrest and friction among teachers of the Victoria High School started this afternoon by D. L. MacLaurin, Principal of the Victoria Normal School, and G. A. Ferguson, Principal of the King Edward High School. Vancouver special investigators appointed by the Provincial Department of Education. The investigators commenced at the Victoria High School, recording evidence will continue during the remainder of the week, as the investigators have been instructed to probe all the corners of the High School administration. The investigators have been asked by the Education Department to conduct the famous footballers' strike ever lines they think best. They have been given full power to get whatever information they consider is needed. It is understood, as the strike is in progress, that the school will be closed for a few days. The principal it is not anticipated that the investigators will have to probe all the corners of the room work of the staff. Evidence, it is expected, will be collected rather to show just how the school is administered.

CONDEMNNS DANCE

HALLS OF TORONTO

Toronto, June 21.—The effect of the public dance halls in this city is most pernicious, according to the Rev. H. Hunter, pastor of the Central Methodist Church. Commenting upon a dispatch from the Methodist Conference of Manitoba, now in session in Winnipeg, where the statement was made that if dancing is here to stay the Methodist Church might as well shut up shop, Mr. Hunter, professing not to crack his whip, said that dancing in its modern acme form is not here to stay. "Like most forms of pleasure crazes I think that you will see that it will pass away," said Mr. Hunter. "It is pretty largely the outcome of the years of strain of the war, it seems to me." "I am not a crank on dancing by any means," said Mr. Hunter. "You have to be careful when you talk of suppressing dancing. There is some rhythmic motion in human nature that finds expression in the dance, and you have to be careful how you handle it."

WOMEN MEETING IN EDMONTON

Edmonton, June 21.—The establishment of a women's division of the Federal Department of Agriculture similar in organization to the women's division of the Dominion Department of Immigration and Colonization was recommended by Mrs. Emily F. Murphy in her presidential address at the opening session of the convention of the Women's Institute of Canada held last evening. The committee on the subject of the division was reported on by Mrs. Murphy, who said, would be the Federal Headquarters of the provincial Women's Institute through which a portion of the \$10,000,000 set aside by the Canadian Government under the Agricultural Act is used for the education of women in the agrarian arts.

KWANIS LUNCHEON

An extremely well attended luncheon was held by the Kwianis Club to-day in the quarters of the Elks' Club in the third floor of the Weiler Building, by kind permission of that body. The luncheon was to have been in honor of the Scottish football team the members of whom were to have been the guests of the day. It was discovered at the last moment, however, that the Scottish eleven had been detained in Nanaimo, and would not be able to attend in time to share in the luncheon provided for their entertainment.

SULGRAVE MANOR IS REDEDICATED

Another Link in British-American Friendship

Sulgrave, Northamptonshire, June 21.—Sulgrave Manor ancestral home of the Washingtons, was rededicated here to-day with elaborate ceremonies after its restoration at a cost of £50,000, to the state in which it existed three centuries ago. The Marquis of Cambridge, brother of Queen Mary, gave the principal address, asserting the fundamental solidarity of the peoples of the British Empire and the United States and declaring the day's event a good augury for the future. The Prince of Wales planned to be present, but was detained. He extended an invitation, however, to a delegation to call on him to-morrow at St. James's Palace, London, to give him an opportunity to express his personal interest in the enterprise. The Court yesterday reserved judgment in the appeal of Whitcroft vs. Lighthouse in which the former seeks to recover damages for injuries sustained by his little son, who sustained a fracture of the skull, when he fell from a children pulling over a radiator in an apartment hallway where they were playing.

CONDEMNS DANCE

HALLS OF TORONTO

Toronto, June 21.—The effect of the public dance halls in this city is most pernicious, according to the Rev. H. Hunter, pastor of the Central Methodist Church. Commenting upon a dispatch from the Methodist Conference of Manitoba, now in session in Winnipeg, where the statement was made that if dancing is here to stay the Methodist Church might as well shut up shop, Mr. Hunter, professing not to crack his whip, said that dancing in its modern acme form is not here to stay. "Like most forms of pleasure crazes I think that you will see that it will pass away," said Mr. Hunter. "It is pretty largely the outcome of the years of strain of the war, it seems to me." "I am not a crank on dancing by any means," said Mr. Hunter. "You have to be careful when you talk of suppressing dancing. There is some rhythmic motion in human nature that finds expression in the dance, and you have to be careful how you handle it."

APPEAL COURT CONTINUES SITTINGS HERE

The appeal in Gray vs. Barker, begun in the Court of Appeal yesterday, was continued this morning. This is an appeal from the judgment of Mr. Justice Morrison and involves a partnership dispute and dissolution. E. C. Mayers is appearing for plaintiff—J. S. Mackay for defendant-respondent. The next case on the list is Murphy vs. Barr, an appeal from the judgment of County Court Judge Foran at Nelson in an action by one of two partners for a declaration of ownership of a half interest in four mining claims. His Honor held that it was a matter of accounting between the parties and that on this appeal was taken. D. Donaghy appears for the plaintiff-appellant and E. C. Mayers for defendant-respondent. The Court yesterday reserved judgment in the appeal of Whitcroft vs. Lighthouse in which the former seeks to recover damages for injuries sustained by his little son, who sustained a fracture of the skull, when he fell from a children pulling over a radiator in an apartment hallway where they were playing.

PARTNERSHIP CASES IN COURT

The peremptory list includes in Re Stickle and Pritchard the Bankruptcy Act; Greenish vs. Twigg and Mitchell Motor Agency vs. Dunn. John A. Stewart, president of the American Branch of the Sulgrave Institution, presented a bronze bust of Washington to the manor on behalf of American donors. Letters from Calvin Coolidge, Vice-President of the United States, United States Senator Henry Cabot Lodge, Senator Gompers, president of the American Federation of Labor; Charles W. Eliot, President Emeritus of Harvard University, and other Americans were read.

INCREASED PARCEL POST RATES

Information has been received that domestic parcel post rates have been slightly increased effective forthwith.

The rates on parcels posted for delivery within 20 miles of the office of posting are left unchanged—remaining at 5 cents for the first pound, 1 cent additional up to 4 pounds and 2 cents a pound from 5 pounds up to 11 pounds—the charge on 11 pounds being 22 cents.

Outside the 20 mile radius and within the Province of British Columbia the new rate will be 10 cents for the first pound and 5 cents for each additional pound, an increase over the former rate of 1 cent per pound after the first.

The rate in Alberta is similarly increased from 10 cents for the first pound and 6 for each succeeding pound to 10 cents for the first and 7 for each pound after the first.

To Saskatchewan the new rate is 12 cents and 9 cents as against 12 and 8.

To Manitoba the charge will be 12 cents for each pound up to 3 pounds and 11 cents per pound from 4 to 11 pounds.

East of Manitoba the rates remain unchanged at 12 cents per pound.

The limit of weight remains as before, 11 pounds.

CONFERENCE ON CABARETS AGAIN ENDS FARCICALLY

Police Commissioners Refused Hearing by Council

Attempts to solve Victoria's cabaret problem ended farcically last night when Mayor Porter refused to allow Police Commissioners Dr. Hall and Joseph North to address the City Council on the question. Dr. Hall and Mr. North declared that they had been invited to address the Council, while the Mayor persisted that deputations were never heard at regular Council meetings.

After listening for a while to the Council's dull proceedings, the Police Commissioners left the Council Chamber disgusted and disappointed.

"We were plainly invited to attend the next meeting of the Council by Alderman Sangster when he was acting Mayor," Mr. North asserted. "That invitation was quite clear, Alderman Sangster did not say anything about coming to the Streets Committee on Friday. He asked us plainly to come and talk to the Council on the cabaret question. Then we came and we refused hearing. It is ridiculous. We are impeded at every step in our efforts."

Never Hear Deputations Monday.

"We never hear deputations at Monday night meetings, and the Police Commissioners certainly ought to know that," Mayor Porter explained after the meeting. "It has never been my custom to allow people to speak at regular meetings. We hear them always when the Streets Committee meets Friday afternoon."

"I never invited them to attend the Monday night meeting," Alderman Sangster affirmed. "I asked them plainly to come before the Council when it was in Street Committee Friday afternoon. They failed to come then and come on Monday and expect to be heard! That's not my fault."

MY TIRED FEET ACHED FOR "TIZ"

Let Your Sore, Swollen, Aching Feet Spread Out in a Bath of "Tiz."

Just take your shoes off and then put those weary, shoe-crinkled, aching, burning, corn-pestered, bunion-tortured feet of yours in a "Tiz" bath. Your toes will wiggle with joy; they'll look up at you and almost talk and then they'll take another dive in that "Tiz" bath.

When your feet feel like lumps of lead—when you just try "Tiz." It's grand—it's glorious. Your feet will dance with joy; also you will find all pains gone from corns, callouses and bunions.

There's nothing like "Tiz." It's the only remedy that draws out all the poisonous exudations which puff up your feet and cause foot torture.

Get a box of "Tiz" at any drug or department store—don't wait. Ah! how glad your feet get, how comfortable your shoes feel. You can wear shoes a size smaller if you desire.—Advt.

FINALLY SHELVE BRIDGE PROJECT

Rock Bay Scheme Is Turned Down For Present

The new Rock Bay Bridge project was finally shelved by the City Council last night because its cost was considered too high.

City Engineer E. M. Preston's statement that it would cost \$90,000 to install the present Johnson Street bridge at Rock Bay, persuaded the aldermen that the city could not afford now to undertake the scheme.

"This work will cost practically \$100,000 and before spending that we should consult the ratepayers," said Alderman A. E. Todd. "I am satisfied what their answer would be. On that account it seems to me the only thing to do is to leave the reports on the subject over until a more propitious time."

Without comment Alderman Todd's suggestion was adopted.

City Solicitor H. S. Pringle stated that the legal preliminaries involved in the Rock Bay scheme, including surveys and drawing of plans, probably would be \$1,250.

GET ACTION ON CEMETERY PLAN

Council to Name Trustees to Proceed With Project

Victoria's representatives on the board of inter-municipal cemetery trustees met last night at the City Council to-night and probably will be asked to proceed immediately with their task of establishing an inter-municipal cemetery, Alderman George Sangster, leader in the new cemetery project, stated to-day.

"I have no authority, of course, to speak for the Council, but the matter will be brought before the aldermen to-night and, I hope, the appointment of cemetery trustees will be made," Alderman Sangster said.

"The matter has dragged on quite long enough, I think, and we should get the trustees appointed without further delay."

"As soon as the trustees have been appointed, there is no reason why they can't get right ahead with their work. Personally, I am opposed to any further delay and would urge that the trustees proceed immediately, with the selection of a cemetery site and the other work which must precede the establishment of the cemetery."

It Took All the Grit Mason Had To Stick It Out

"Every time I go out on a run now, I feel thankful to Tanlac for I'm convinced it kept me on the job," said William W. Mason, 1924 McClellan St., Philadelphia, for the past three years a motorman for the Rapid Transit Co.

"I had stomach trouble in a bad form for three years, and was going down hill fast. Nothing I ate agreed with me and after every meal I was sure to have heartburn, dizziness and a feeling of nausea. I got in such a nervous condition my hand shook like a man with the palsy and at nights my sleep was broken and restless. In the morning I felt so miserable I used to dread the time to come for me to take out my car, and it took every ounce of grit I could muster to stick out during the time. Finally I got so weak and was so discouraged I was ready to give up."

"This was my condition when I started taking Tanlac and I owe all my present good health to this wonderful medicine and to nothing else. The first thing it did for me was to make my appetite and I soon found I could eat anything without fear of bad after-effects. It's a fact, four bottles made a new man out of me. My nerves are quiet, I sleep like a log and wake up in the morning feeling fine. Then I eat a big breakfast and go to work whistling like I used to long ago. If people knew Tanlac like I do the clerks in the drug stores couldn't wrap it up fast enough to supply the demand. It's great."

Tanlac is sold in Victoria by Dr. Campbell and all druggists.—Advt.

NOTABLE DEVELOPMENT IN POULTRY BREEDING.

The Experimental Farms of the Dominion are doing some excellent work in poultry breeding. After four or five years, birds and strains have been produced of exceedingly high productive capacity. At Kentville, N. S., eleven breeding pens contain birds that in their pullet year laid an average of 197 eggs, the highest bird laying 370 eggs in 52 weeks. At this station a Barred Rock pullet laid 104 eggs in 104 days. In sections where a few years ago ten or a dozen eggs a year from a hen were a rarity, there are now hundreds that run to from 153 to 250. In the Eastern Townships, Quebec, 286 eggs have been reached and from 150 to 200 is a common record. In the Prairie Provinces the Experimental Farms have reached high record. At Indian Head, Saskatchewan, last year 105 pullets had an average of 183.7 eggs, the highest being 282. At Lethbridge, Alberta, the average production has increased two or three times over what it was nine or ten years ago. New Brunswick has a similar title to tell, one hen at Fredericton reaching 254 eggs in a year. British Columbia, however, takes the palm. At the Agassiz Experimental Farm, 200 eggs are common and from 250 to 270 are not rare. At the Vancouver Island station 200 pullets gave an average of 195.97, 52 going above 200. The high production of 300 eggs in a year has been reached for one pullet. Hens that cannot lay 200 in a twelve month period are wanted, and no cockerel is raised unless his mother laid 250 eggs in her pullet year. It should be noted that high class breeding stocks and eggs are available to the public from the Experimental Farms. This opportunity is being well taken advantage of, the demand for pedigree cockerels, through which the best egg laying results are obtained, far exceeding the supply.

MILD EPIDEMIC GOING ROUND

It is due to impurities in the water, causes cramps, diarrhoea, headache. Those who take twenty drops of Nerviline in sweetened water usually get quick relief. It is really wonderful how good old Nerviline fixes up a sour upset stomach, how it stops hiccoughs, how quickly it puts a stop to those nasty attacks of gas. Every home should keep a bottle or two of trusty old Nerviline on hand, 35 cents everywhere.—Advt.

CIRCUMSTANTIAL EVIDENCE

"Billy Youngdahl's baby is beginning to talk now," said one of his bachelor friends to another.

"Why, has he been boring you with stories about it?"

"No, but I sat near him at lunch to-day, and I heard him say absent-mindedly to the waitress, 'Dimme icky dinky watty, peas.'"—Fort Worth Star-Telegram.

Wm. Muncey and Gordon Huffman of Anderson, Ind., are going to trade wires. Diverses suits have been patented so things can be arranged.

ADVISES DRUGGISTS TO ADVERTISE MORE IN DAILY PRESS

Frank Stockdale, conductor of the Retail Merchants' Institute, Chicago, and formerly chief of lecture bureau, Associated Advertising Club of the World, speaking recently at the convention of the Ontario Retail Druggists' Association, in Toronto, on "Meeting present day conditions in merchandising," urged the value of extensive newspaper advertising in the development of business.

"Druggists do not use the newspapers to the extent they should," Mr. Stockdale declared. "I made this assertion advisedly. It is true that printed matter on paper used for parcelling, and leaflets, reaches many customers, but this form of advertising does not bring home to the customer or prospective patron the full force of business in volume as large as that to be derived from sane and wisely distributed advertising in newspapers."

Mr. Stockdale asserted that druggists should advertise on a basis of two per cent of sales. Such advertising, he believed, is within the range of all druggists. As sales increased, the amount of advertising should be increased proportionately.

and it is in the advertising columns of the newspaper that possible customers expect to find the articles required.

THEN TEACHER GAVE IT UP

Teacher—"If your mother had twenty-five yards of stuff, and made a dress containing eighteen yards, how much would she have left?"

Little Girl—"Mamma can't make her own dresses. She has tried often, and they are always either too—"

Teacher—"Suppose she sent it to a dressmaker, how much would the dressmaker send back?"

Little Girl—"Depends on which dressmaker she sent it to. Some wouldn't send back any."

Teacher (impatiently)—"Suppose she sent it to an honest one?"

Little Girl—"Some of the honestest ones cut things to waste, so that there is never anything left, no matter how much you send 'em."
