THREE HURT IN MOTOR ACCIDENT

Car Overtakes on the Island Highway

Mr. and Mrs. R. Henderson and Chauffeur Injured

As the result of a serious motor accident, the cause of which yet remains a mystery, Mr. and Mrs. Richard Henderson, 348 Fowl Bay Road, with James E. Goodsell, their chauffeur, have been removed to the Royal Provincial Jubilee Hospital, all painfully injured.

Mr. Henderson has sustained a series of fractures in one leg which may lead, it is said, to amputation. Mrs. Henderson sustained a cut across the forehead, between the eyes and complained of internal injuries. The chauffeur, Goodsell, broke an artery in his temple and was weak from loss of blood.

New Development in Cedar Creek Field

Mineral Claims Staked Over Placer Claims

Vancouver, May 1.—Two separate companies taking gold from one property may be a feature of operations in the Cedar Creek region this summer as a result of the action of Frank McQueen, of Vancouver, who, for a Vancouver syndicate, staked mineral claims in the placer claims of Platt and Lyne, where gold was discovered last fall.

GREAT MISSISSIPPI FLOOD DAMAGE

Thousands Homeless as Result of High Water

Efforts to Shelter and Feed Refugees

New Orleans, La., May 1.—The people of the lower Mississippi Valley to-day surveyed the havoc of the most disastrous flood in the history of the valley, while continuing their brave battle against the constantly increasing volume of rushing waters. Scattered throughout the territory between Memphis, Tenn., and the Mississippi Delta, and reaching at some points far back into non-levee ground on both sides of the river, thousands are homeless, foodless, suffering of exposure and untold numbers are suffering economic devastation as their energies go entirely to the fight against the rising water level.

Peking, May 1.—The battle for possession of Peking was still continuing to-day, with the advantage apparently going to the forces of General Wu Pei Fu, driving toward the capital from the south.

ALL RELIEF WORK IS STOPPED HERE

No More Doles; Relief Gangs Withdrawn

Few Men Want to Go to the Prairie Farms

All relief to unemployed came to an end in Victoria on Saturday afternoon in accordance with the City Council's unemployment policy. No doles were given out to-day, and public work which relief gangs had been carrying out at various parts of the city was halted.

WARSHIPS

London, May 1.—Great Britain, France and Holland are expected to follow the example of the United States in sending marines to reinforce their Legion guards in Peking.

PROCLAMATIONS

Peking, April 29.—President Huan Shi Chang, in consequence of the hostilities, to-day issued three proclamations calling attention to the serious consequences to China which result from the jeopardizing of foreign interests.

PRISONERS AWAITING DEATH COMPLAIN OF DAYLIGHT SAVING

Ossining, N.Y., May 1.—Protesting that the daylight saving movement had robbed them of an hour of life, William Bell and Jacob Rosenwasser, who are doomed to die in the electric chair a week from Thursday night, begged Warden Lawes to-day to return the death house clock to standard time.

SAYS LLOYD GEORGE USES HEADLINE DIPLOMACY NOW

MAN KILLED ON ROAD NEAR NANAIMO

Charles Greive Victim of Automobile Accident

London, May 1.—(Canadian Press Cable) A new phrase, "Headline Diplomacy" was invented by Lord Robert Cecil, addressing the League of Nations Union at Westminster Saturday. Discussing the crisis at Genoa, he refused to take Premier Lloyd George's speech in which great disaster for Europe was suggested in case of the failure of the Genoa Conference, too seriously because apart from the oratorical temperament of the Premier, something must be allowed these days for new departures in diplomatic methods. What might be called "Headline Diplomacy" did not always produce the best results, Lord Robert Cecil said.

Allies Prepare to Lay Their Proposals Before the Russians

More Rapid Headway at Genoa Is Promised; British and French Views Being Adjusted; Father Luigi Sturzo a New Figure.

Genoa, May 1.—The work of completing the Allied proposals to Russia was resumed to-day, with the promise of more rapid headway than heretofore. The last few days have brought into evidence a more harmonious spirit between the British and French delegations, and confidence is felt that the divergence in the British and French views can be adjusted.

SHORT ADVOCATES LARGER COMMUNITY. Tells Gyro Club County Unit Is Better. Practical Advice on Future of Municipalities. "My idea of the future of Victoria and other cities in the West is that they should have under their administration regions as large as a county. The City of Victoria should occupy the whole of the Saanich Peninsula," remarked Dr. Adam Shortt, the Canadian economist, in an illuminating address before the Gyro Club at its luncheon to-day. Dr. Shortt spoke on the "Problem of the Future of Municipalities" and he dropped the remark that the municipalities adjacent to Victoria should never have been independently incorporated. In elaborating on his scheme for the Greater Victoria, which would embrace the whole of the Saanich Peninsula, Dr. Shortt stated that it would be necessary for several experts on landscape gardening, industrial activities and other potential factors to be engaged accurately to survey the districts and set aside sections for industrial centres, residential communities, parks and playgrounds, the necessary means of transportation. It was not necessary to disturb a single man, and the only requirement would be to secure an act to register the plan.

ST. SAVIOUR'S Y. P. HOLD SUCCESSFUL MUSICAL TEA. With daffodil decorations and delightful music supplied by the orchestra under the direction of Mr. Darbyshire, St. Saviour's Y. P. held their successful musical tea on Saturday afternoon. The official opening took place when the Rev. R. Connel spoke a few words on the success of the Young People's Association in raising their piano fund, the object of the tea on Saturday, and declared the function open. Refreshments were then served throughout the remainder of the afternoon during which time the following artists took part in the musical programme. Mr. Cocker sang the Floral Dance, accompanied by Miss Sanders; Miss Evans sang A Dream of Paradise, accompanied by Miss Bishop. The next item was "Flower Divine," sung by Miss Bishop, L. Mus. (McGill), and on being re-ordered sang "Twilight." Miss Evans then sang "God's Garden." Many thanks are due to these artists for the way they assisted in the programme and to the orchestra for supplying the delightful music. Miss A. Johnson and Miss Pitzer were in charge of the candy and home cooking stall and Miss Henry the flower stall. Much credit is due to Miss F. Ross for the splendid way in which the arrangements were made. The reception committee consisted of Miss Griffin and Miss Evans, who were also in charge of refreshments. Patronizers during the afternoon were as follows: Mrs. Anderson, Mrs. For, Mrs. Hughes, Mrs. Temple, Mrs. Lofts, Mrs. Romberg, Mrs. Collister, Mrs. Miner, Mrs. Gard, Mrs. Hooper and party, Mrs. Haver, Rev. NEW LIQUOR SHOP TO OPEN POST OFFICE. Proposal Made to Reduce Costs of Visitors' Permits. Victoria is to have another liquor store, the Liquor Control Board has decided. The store will be opened in a week at Government and Courtney Streets, opposite the Post Office. The store is being specially located for the big tourist trade expected this summer. Intention of the liquor board to open a second store in Victoria was made known a couple of weeks ago. It is not expected that much of the Victoria home trade will change over to the Government Street store from the large liquor depot on Johnson Street, as that store carries a complete stock, and is located at a suitable place for non-residents to be charged residents who have no yearly permit. It was explained that this change cannot be made until the Legislature meets in the Fall, when it will likely come up for further consideration. GAMING CASE DISMISSED. Lim Kee and seven others were charged in the city police court today on remand with being inmates of a gambling resort on the west side of Pen Shan Alley. The charge was dismissed.

OBITUARY RECORD. There passed away at the family residence, 1274 Denman Street, yesterday, Johann Breidjohn, seventy-six years and nine months, a native of Iceland and a resident of this city for the past thirty-three years. He was the husband of Mrs. S. V. Thomson and two daughters, Mrs. S. V. Thomson and Mrs. William Pedersen. The remains are resting at the Thomson Funeral Home, 1655 Quadra Street, from where the funeral will take place tomorrow afternoon at 2:30 o'clock. Rev. William Stevenson, of the Emmanuel Baptist Church, will officiate. Interment will be made in the family plot at Ross Bay Cemetery. It is requested that no flowers be sent.

DATE QUESTIONS AT BANK HEARING. (Continued from page 1) witness if he could indicate the dates they were received. Mr. Louck was unable to do so. Mr. Wilson showed witness some leaves marked "Montreal branch, Sept. 30, 1921," and asked if he could say when they were received in the accountant's room. Mr. Louck said no date appeared on them. Most of the heavy losses incurred by the bank which forced it to sell out to the Bank of Montreal were incurred in disastrous loans made in the Montreal branch. In Some Building. Mr. Wilson: Of course they were always received. The branch was in the same building with the head office. Mr. Louck: I presume so—yes. Mr. Wilson: So they could be had at any time by the head office or by yourself or by any of the officers who were in charge of the general statement? The witness: But these statements did not come to our department. They went to the credit department. Day by Day. Answering a question by Mr. Wilson, the witness said the March, 1921, report had come in day by day. He could not say exactly when, but he thought any time after the first week in April. They were sent down to him by the credit department. He was tabulating them for the annual appropriations account. Mr. Wilson: How long did it take to do that work? The witness: Over three weeks. Mr. Wilson said it was not over three weeks, because he understood the annual report to shareholders was made on April 30. Witness declared annual figures were not ready and books completed until May 15. Mr. Wilson then referred to the annual report and said that the statement of liabilities and assets and asserted that witness must have been ready for April 30, 1921. Impossible. The witness: Impossible. Mr. Wilson: How could it be? The returns of assets, of liabilities and bad and doubtful debts were not tabulated and calculated at that period or appropriation of call it what you like. Dated May 23. Mr. Wilson: How could it be? The witness: The auditors' statement was only dated May 23. It takes some time to get 350 statements from one side of the country to the other, tabulate them and get them audited. Mr. Wilson: I suppose some appropriation must have been made on April for the return was made on April 30, 1921? The witness: Appropriations were made in due course. Mr. Wilson: In due course, but not the appropriation according to the returns received, tabulated and prepared by you in the month of April, 1921? The witness: My tabulation was not finished in April, 1921. Mr. Wilson: So no appropriations could be made. When did you finish your work? Middle of May. The witness: I finished it on Monday, somewhere about the fifteenth of May. Mr. Wilson: Well, was there no appropriation statement 15? The witness: Up to the month of October or November, 1921, appropriations were made before the books for the end of April, made in the month of May. Mr. Wilson: Yes, but here is one thing I can not understand. These statements of liabilities and assets for April 30, 1921, must show the true situation of the bank at that date? The witness: It did. Mr. Wilson: It could not be because you say the returns were not ready till one month after that date. The witness: Three hundred and fifty returns from one end of the country to the other would take from prepared before closing of the books, they make appropriations as called for by the returns, and the return was not finished until around May 15. Mr. Wilson: I see. You work on a system of checking, but the appropriation had already been made. The statement is dated April 30, but actually the books are not closed until some time later after the appropriation has been made.

ALLIES PREPARE TO LAY THEIR PROPOSALS BEFORE THE RUSSIANS. (Continued from page 1) that the specific sums shall cover all existing financial liabilities of Russia. France had expressed readiness to make concessions from her general position that all war debts should be recognized, and that Lloyd George said to-day that he was greatly pleased at the attitude that M. Barthou was manifesting. Property. The British draft relating to private property requires the Soviet to recognize the general principles laid down by the Cannes resolutions with regard to property rights. In cases in which the previous owner should be unable to resume possession of the rights as enjoyed previously, he would be given the option of resuming use of his property in Russia on terms not less favorable than under previous rights, or would be compensated, the amounts to be fixed by an arbitration tribunal. Compensation for damages to property would be paid according to the principles of international law. The French draft calls for restitution of private property, together with indemnity for damage. New Gold Bonds. The British insist also that the amounts to be paid by the Soviet Government shall be in new gold bonds repayable at par within fifty years at five per cent interest and free from all Russian taxation, present and future. Finally, the British draft suggests the creation of a commission composed of representatives of the Soviet and other powers, with an independent chairman, to decide upon the questions of principle arising in the operation of the general agreement. The chairman would be appointed either by the Chief Justice of the United States or by some designated body similar to the Supreme Court of the United States.

PROFESSOR ACCEPTS

REWARD OF \$100

Darwinian Theory and Bible; W. J. Bryan Protested

Morgantown, W. Va., May 1.—Dr. P. C. Spangler, Professor of Biology at the West Virginia University, today said he had decided to accept the \$100 sent him under protest by William Jennings Bryan as a reward to any college professor who would harmonize the Darwinian theory of evolution with the Bible.

In a letter to Mr. Bryan the professor called upon him to retract a statement that the biologist was "guilty of cowardly evasion."

Accepting the cheque, Dr. Spangler wrote: "I hardly expected to win the prize. However I am glad I undertook it since I was able to show even you how untenable your stand is where you insist on interpreting the facts of biology as you do."

The five new questions submitted

to Professor Spangler by Mr. Bryan were answered in the letter to the first question, as to whether he believed he descended from an ape, Dr. Spangler said: "No, the biologists of to-day do not teach that man descended from the ape of to-day and no one believes it except those ignorant of the facts of biology."

"Yes" was his answer to the other questions, which were: "Do you believe in Biblical miracles; the supernatural as recorded in the Bible; the virgin birth; resurrection of Christ and his appearance to his disciples?"

LENINE DIRECTS

GENOA DELEGATES

Undergoes Operations, But Continues to Give Orders

Riga, May 1.—Despite the two operations he has recently undergone, Nikolai Lenine, the Bolshevik Premier, has been taking an active hand all along in directing the affairs of the Soviet at Genoa by radio and wire, according to official Soviet circles in Riga. On Saturday Lenine sent instructions to George Tchitcherin that under no circumstances should he agree to the demands of the allies for the full restoration of private ownership to former foreign concerns in Russia and to oppose the proposals for compensation for nationalized and requisitioned property.

ANNUAL MEETING

Representatives of Newspapers Gather in Toronto

Co-operative News Association Makes Progress

Toronto, May 1.—Daily newspaper publishers and editors are gathering here from all over Canada for the annual meeting of the Canadian Press, Limited, the co-operative news-gathering and distributing association including within its membership practically every daily newspaper in Canada. Indications are that the annual general meeting to-morrow will be fully representative, members attending from as far east as Cape Breton and as far west as Victoria.

To-day is being devoted to the final meeting for the year by the Board of Directors, a number of important matters affecting the welfare of the Association being up for review.

Founded on its present basis in 1917, largely by the urge of war necessity, which rendered it imperative that there be a free flow of news from one end of Canada to the other, the Canadian Press has since then made considerable strides forward and is now an organization of which its members are proud. Modelled on lines a good deal similar to that of the Associated Press of America, it depends for its success and editorial bureaus are situated at strategic news centres, such as Halifax, Montreal, Ottawa, Winnipeg and Vancouver.

It is of its very essence that the Canadian Press be strictly impartial and unbiased in its presentation of the news of the day, for its members include newspapers of every political stripe, and these critics of its news service, numbering over a hundred, are vigilant to see that their Association maintains its reputation for scrupulous impartiality. A striking illustration of this was afforded by the recent Federal election campaign, when staff reporters of the Canadian Press accompanied each of the three leaders, with the result that for perhaps the first time there was presented to the people of Canada day by day in just perspective a full picture of the progress of the campaign.

The Canadian Press also undertook, in collaboration with the telegraph and editorial bureaus, the collection and distribution of the election results, and in this a new record for speed and accuracy was set up.

The Association works in close co-operation with the Associated Press and has access through the editorial staff in New York to the world-wide news reports of that great news agency. At the recent annual meeting of the Canadian Press its general manager, Roy Martin, congratulated the Canadian Press on its very excellent news service covering Canada and the world, and said that Canadian news was being printed in the United States than ever before.

A feature of the past year has been the building up in London by an arrangement with Reuters's of a Canadian Press cable service, which aims in particular to cover the news of the British Empire in more complete fashion than is done by the Associated Press, whose cable service is, of course, primarily designed for American consumption. While still in its infancy, this special cable service has already achieved a considerable success, with the result that more and more news of Great Britain, Australia, New Zealand, India and the Empire generally is made available to the Canadian public. A valuable feature is that through Reuters's the Canadian Press has access to the very full reports of the British Press Association, the co-operative organization of British daily newspapers, which covers very thoroughly news of the British Isles, including a full report of the proceedings of the British Parliament.

Officers. Retiring officers and directors of the Association are as follows: President, E. Norman Smith, Ottawa Journal; first vice-president, E. H. Macklin, Manitoba Free Press; second vice-president, G. Fred Pearson, Halifax Chronicle; directors, F. B. Ellis, St. John Globe; H. Gasmon, Quebec Soleil; John Scott, Montreal Gazette; E. J. Archibald, Montreal Star; W. J. Wilkinson, Toronto Mail and Empire; W. J. McNair, Hamilton Herald; T. H. Preston, Bramford Express; A. R. Ford, London Free Press; Burford Hooke, Regina Leader; J. H. Woods, Calgary Herald; F. J. Burde, Vancouver Province; J. D. Hessay, general manager and secretary.

ONTARIO FARMER IS CHARGED WITH WIFE MURDER

Sutton West, Ont., May 1.—One of the most gruesome tragedies which the northern part of York County has known for many years occurred Saturday afternoon when Robert Stevenson, who lives on a farm several miles south of here, killed his wife by battering her over the head with an axe, and inflicted such frightful injuries on his stepdaughters, 11 and 12 years old, that their condition is grave and the recovery of one is doubtful.

The tragedy came as a climax to a series of domestic troubles, which it is understood, had been in progress for a long time.

Stevenson was placed under arrest.

OFFICERS SEIZED IN IRELAND FREED

Belfast, May 1.—The Cork correspondent of The Belfast Telegraph says it is semi-officially stated that three officers of the Hampshire Regiment, who live on a farm near Macroom while motoring from Cork to Bantry, have been released. It is understood that the British military threatened drastic action if they were not released at a certain time.

MRS ROBERTS

Esteemed Burnaby Resident Declares Tanlac Has Entirely Relieved Her of Fearful Stomach Trouble

"Tanlac was certainly a blessing to me, and I am glad I began taking it before it was too late," is the statement of Mrs. F. G. Roberts, Jubilee Station, Burnaby, B. C.

"My appetite was so poor that no food appealed to me, and when I forced myself to eat a little something it would cause terrible cramps in my stomach. I was always constipated and headaches nearly drove me frantic. My nerves were all upset, too, and my back sometimes pained me so I could hardly turn over in bed."

"But four bottles of Tanlac made a wonderful change in me. All my old stomach troubles are ended, the headaches are gone, and my digestion is fine. I am delighted with Tanlac and pleased to tell others about it."

Tanlac is sold by all good druggists. (Adv.)

LAKE SUPERIOR SEARCH FRUITLESS

List of Men Lost With Steamer Lambton

Parry Sound, Ont., May 1.—Mr. Bralor, marine agent here for the Department of Marine and Fisheries, has posted a final bulletin which removes the last basis of hope entertained by relatives that the crew and passengers on the missing lighthouse steamer, Lambton, might yet be found. The bulletin announces that the search for survivors has been exhaustive, but fruitless. The steamer did not make port after a heavy storm.

The Lambton, a small steamer bought by the late Government during the war, with a somewhat larger draft, the Grenville, has been used by the Department here for lighthouse and buoy service.

Parry Sound loses six of her citizens, Andrew Valsey, the steward, and crew, being the only married one of the six, and he leaves a widow and eight children.

The crew and passengers were: Crew—Alex. Brown, captain, Owen Sound; Jeremy Mitchell, chief officer, Orillia; Leonard Lines, wheelman, Barrie; Arthur Brunet, wheelman, Plantagenet; Manley Breechin, chief engineer, Milton; Nelson Columbus, second engineer, Toronto; Sydney Mumford, oiler, Amersburg; Andrew Valsey, steward and cook; Fred Cole, cook's helper, Charles Virgo, waiter, Harold Christenson, deckhand, Andrew Christenson, deckhand; Fred Hayes, fireman, all of Parry Sound; Frank Sims, fireman, Stanley L. Shore, boy, and Lavigne Kibosh, deckhand, all of St. Marie, Ont.

Passengers—John Douglas, lighthouse keeper, Parlienne Island, St. John's; Lightkeeper Caribou Island (name not known), Sault Ste. Marie, Ont.; George Penfold, lightkeeper, Caribou Island, Sault Ste. Marie, Ont.; Assistant Lightkeeper Caribou Island (name not known), Sault Ste. Marie, Ont.; William D. Reid, lightkeeper, Michipicoten Harbor, St. Catharines.

It is not now at this office yet whether the families of the lightkeepers were on board.

ROBBERS TOOK MONEY AND TAXI

Automobile Recovered in Vancouver; Police Hunt Thug

Vancouver, May 1.—W. Hooper, a driver for the Black and White Taxi Company, was held up Saturday night and robbed of his taxi and \$18. Police later recovered the auto and are in search of the hold-up man.

Hooper was held up Saturday night by a man who, according to Hooper to the police, he picked up the bandit as a fares at Pender and Granville Streets about 10:15 p. m. Hooper was told to drive him to 838 Homer Street. When the car pulled up at the destination, which is in a dark block, Hooper says the man suddenly pulled a revolver, and forcing it against Hooper's chest, took his money after compelling him to put up his hands.

"Now get out and do it quick," was the next command of the robber, and though Hooper remonstrated he was forced to alight and watch the car being driven away.

The police were notified and got on the trail of the car and man but he managed to evade the chase. Early yesterday morning Patrol Sergeant J. Parsons found the missing automobile in the rear of 1000 Commercial Street, and it was found to be in good condition, the bandit not thinking it worth while to strip it of any fittings or equipment.

Hooper was only able to give a scanty description of the man and this hampers the police in their efforts to apprehend the robber.

A similar type of hold-up was reported about two weeks ago by a Chinese taxi-driver, only in the latter case two men took part in the robbery.

REVOLVER FOUND BESIDE BODY

Calgary, May 1.—J. V. Steele, manager of the Canadian Bank of Commerce branch at Champion, Alta., was found dead in his home last night. A revolver lay beside the body on the floor. According to reports received in the city, Mr. Steele's wife returned home after having been out for the afternoon and found the body. Mr. Steele had been ill several days.

MOVE TO INCREASE

BRITISH TRADE

Exhibition Ship to Make Round-the-World Voyage

London, May 1.—(Canadian Press Cable)—Under the auspices of the British World Trade Expedition, a 9,000-ton steamship known as British Trade will sail in June from the Port of London on a cruise around the world with an exhibit of representative manufactures and industries. It was originally intended that this ship would leave May 1, but the engineering department caused a postponement of the sailing and the actual date has not yet been definitely fixed.

The cruise will occupy 267 days, of which 119 will be exhibition days at the various ports, including Rio de Janeiro, Montevideo, Buenos Aires and chief ports of South Africa, Australia, Tasmania, the South Sea Islands, Japan, the Straits Settlements, India, Egypt and the Mediterranean.

This scheme of British trade is sponsored by Earl Grey, Sir Maxwell Hicks, senior partner in the firm of Maxwell Hicks & Company, chartered accountants, and others prominent in trade affairs.

BISHOP OF CORK RAISES HIS VOICE AGAINST MURDERS

Cork, May 1.—The Bishop of Cork in a sermon at the cathedral, condemned in the name of Roman Catholics and himself, "the wicked murders" of members of the Protestants in the community. The Bishop offered the deepest sympathy of himself and his people to the families of those killed and injured in the murders in Belfast. The Bishop declared Ireland, both North and South, stood disgraced before the world.

BODY OF BABY FOUND BURIED

Regina, May 1.—The dead body of a baby was found in a manure pile at Fox Valley, Sask., Saturday. A man named Don Beck has been arrested in connection with the finding of the body, although no definite charge has been laid against him.

SUCCESS DEPENDS UPON EQUALITY

Empire Composed of Free Nations, Says Borden

Ex-Premier Addresses Royal Academy in London

London, May 1.—A new toast, "Our Dominions," was proposed at the Royal Academy banquet at Burlington House Saturday night by President Sir Aston Webb, who declared that Great Britain forgot the heroism of the Dominions during the war.

Sir Robert Borden, former Prime Minister of Canada, responding, said the Dominions had gone into the war because they were free nations of a great commonwealth of nations, called for want of a better term, an empire, and because they believed not only that the great ideals of justice and liberty were being threatened, but the integrity, perhaps the existence, of the Empire was at stake.

The future integrity and unity of the Empire, said Sir Robert, depended upon the distinct and absolute recognition of the principle of equal nationhood. He had stood for that principle from first to last because he believed in the unity of the Empire and the continued adherence and membership of the overseas nations in the empire. It was the boldest experiment in government that the world had ever seen, but the principle for which Dominion statesmen had contended until 1914 was thoroughly and completely vindicated when the call came in August of that year.

A PROTEST.

Toronto, May 1.—Emphatic protest against the suspension by the Federal Government of the "cost of living" bonus to postal employees were voiced at a largely attended mass meeting of postal servants here yesterday.

WOMAN TOO WEAK TO WALK

Now Works Nine Hours a Day. Lydia E. Pinkham's Vegetable Compound Restored Her Strength

Union Village, Vt.—"I was weak and nervous and all run-down. I could not walk across the floor without resting, and I had been that way for weeks. I saw your advertisement in the paper and after taking one bottle of Lydia E. Pinkham's Vegetable Compound I felt the good it was doing me and I took seven more in all. Before I finished I was able to work nine hours a day in a steam laundry. I cannot say too much in favor of your medicine. I trust all sick and suffering women will take it. It has been two years since I took it and I am strong and well."

Mrs. L. A. GUMMANN, Union Village, Vermont.

This is only one of such letters we are continually publishing showing what Lydia E. Pinkham has done for women. Mrs. Gummann's letter should interest you.

Many women get into a weak, nervous, run down condition because of ailments they often have. Such women should take Lydia E. Pinkham's Vegetable Compound at the first sign of trouble.

BROTHERHOOD IS POPE'S PLEA

Letter Addressed to Governments and Peoples

An Encouragement to Leaders, Says Lloyd George

Genoa, April 30.—Pope Pius, through Cardinal Gasparri, has addressed to the governments and peoples of the world a letter which is described as a new spur to universal brotherhood and a new admonition to leaders to befriend mankind if efforts for true peace and pacification should fail. This act by the Holy See has created great interest and has commended itself to inspire all to renewed efforts to make the Genoa Conference of lasting good to the world.

Commenting to-day, Premier Lloyd George said: "I can not say how pleased I am at this remarkable document. Nor could I exaggerate the terms in which it is couched."

The Pope speaks with first-hand knowledge of conditions in Eastern Europe, and it is that so clear and definite a pronouncement by the Holy See in favor of peace with Russia is a great encouragement to the Powers assembled at Genoa.

The ideals of the Pope are being preached here by Don Luigi Sturzo, leader of the Italian Party, who is attaining a unique position in an unofficial capacity at the conference. There seems to be a remarkable identity of views concerning international cooperation and international brotherhood proclaimed by Sturzo with those Lloyd George has recently been urging in connection with the necessity of making some cooperative arrangement with all the peoples of Europe, including especially Russia and Germany.

London, May 1.—The Pope's letter, as sent by the correspondent of The Morning Post in Genoa, speaks in moving terms of the sufferings of the populations of Eastern Europe who, he says, will benefit in a special degree from the advent of a new era of humanity—populations who are now torn by internal struggles, famine and disease while their country holds many springs of wealth.

"The Pope's letter," says the letter, "although divided from our communion by misfortune, we, like our predecessors, address our message of compassion and comfort, and at the same time, the ardent desire of our paternal heart is to see them rejoice with us in the same gifts of union and peace which result from joint participation in the sacred mysteries."

FIRE LOSS IN MANITOBA TOWN PUT AT \$25,000

Minnetonka, Man., April 30.—Damage estimated at \$25,000 was done by a fire which on Saturday afternoon destroyed the lumber yards of W. C. Brown & Company. It was the worst fire ever experienced here. It started in a stable owned by W. Whitehead and wiped out four stables and two garages before destroying the lumber yard.

Island are practically untouched. Why? Because we have no agricultural population. We have never had any comprehensive immigration policy and never invited the people who would be willing to go into the several districts and do the pioneer work that is necessary to change our available agricultural resources into a wilderness to the prosperous communities they should be.

Opium Raids More Work Than Romance In Local Chinatown

Times Representative Accompanies Posse In Raid On Suspected Opium Den; Strong Doors Bar Entry; Police Work In Darkness

Frequently in motion picture raids on opium dens and gaming houses are portrayed. In the film version the necessary "story" is woven into the fabric of the raid to give it a "heart-grip" or "thrill." "Local color" is added in its gaudy pigments, until the raid takes on all the romance of mystery and saucy of excitement.

It will come as a shock, then, to one participating in a raid in real life, to see that the "color" touches are absent, and that a raid here is merely a matter of prodigious labor and objectionable odor. The following is a chronicle of a police raid on a suspected opium den on Fisgard Street within the past few days by a Times man.

With a warrant to search, signed by the magistrate and led by a sergeant, five constables take part in the raid. They arrive in a private car, bringing with them pickaxe, fire axes with pointed backs and crowbars.

Entrance to the premises from the street consist in a double flight of narrow stairs. Heavy doors are slung in three places on the thirty-foot stairway, at the bottom and adjoining the street, half way up, where strong beams brace the double doors, and finally at the head of a landing. In the latter place an exceptionally heavy door, with a heavy wire-screened fan, bars the way.

Once the stairway is scaled, the raiders find themselves in a corridor not more than twenty-four inches wide. This leads from the door at the head of the stairs back for four feet, when another door, with a peep-hole and heavy bars again blocks the way. The corridor is so narrow that to swing an axe is out of the question. Short arm "jabs" with a small crowbar are all that is possible, and this proves close work in dark and overheated surroundings.

A Maze. Beyond this narrow blockade the corridor continues, turning at right angles every two feet, with a strong door to every four or six feet of its length. In this tortuous channel it is with difficulty that one can pre-

serve any sense of direction, and the logical outcome of the system of corridors is a long, dingy, but vacant room.

Cobwebs dim what light filters from dust-covered windows overlooking the street. Nothing but a few scattered tables, some turned on their edges, where they have been left in a previous raid, and litter indescribable.

Retracing the way back to the darkened corridors, a fresh start is made through another door. This, as luck would have it, is opened from the inside by the police of a second posse who have met with more success in gaining entry from the rear of the building.

Four feet of corridor, now narrowed to but eighteen inches in width, lead to the inner rooms of this weird house. On the left is a dingy hole, eight by six feet, a blank abutting with a small wood stove the honor of completing its "furniture."

On the bunk sit five phlegmatic Celestials. Two are smoking cigarettes and swinging their legs, unconcerned as if they were guests at an every-day party. Three others, seemingly dazed from opium fumes, huddled together at one end of the bunk. Three constables, ranged in kneeling and crouching positions around the room, searching under mats on the floor, complete the scene.

A Loophole. Even in the den there is a loophole, for a small window gives access to the back stairs, down over the roof of an outhouse, and so to the ground. The window is shut, and has not been used apparently, the reason for this being discovered later, in another way out, through the kitchen.

The den in which the prisoners sit is heated to the point of suffocation, while the piping from the stove is but slowly cooling down from a red hot temperature. The air is mixed with opium fumes combining with the disagreeable smell from a wood fire suddenly quenched with water.

The police are raking from the water soaked embers portions of the

opium paraphernalia, including the bottom of one tin in which opium has been contained. The prisoners take not the slightest apparent interest in the entire proceedings, and do not flinch as piece after piece of "evidence" is reclaimed from the stove.

The kitchen, an eight by ten foot room with an entrance across the hall, to the right of the last corridor is searched next. Here a small coal range is the sole article of furniture, if one can except a rough plank trestle table, and a few chopsticks in an old can.

Under the makeshift table is a small pile of cut wood, in stove benches. The kitchen range is cold, but in its recesses are found more tin scraps still hot, evidently having been brought there from the stove in the den.

A Means of Escape. At the end of the kitchen is a hole in the wall, made by removing two planks from the rickety contrivance that does duty as a partition. Through this hole is a further outhouse, built on the roof of an outhouse below. Looking weirdly incongruous, a fence cuts off this outhouse from the adjoining property, and on the top of the fence rests a thin, weak-looking plank.

This is the final mode of escape, if all else fails here is a ready means of access to the next garden, or even to the second story outhouse of the adjoining premises. A babble of many tongues comes from the adjoining house, but nobody is in sight. Through the thin partitions can be heard angry voices, and much cross-conversation.

A feature of the whole scene is the extraordinary state of the floors. Hardly in one place do the floorboards meet, while the whole gives the impression as about to collapse if one stands for long on the same spot.

Cracks in the floor, often two inches wide, disclose a court yard of sorts underneath. Voices are busy here, too, and some scampering is in progress.

The whole scene is blanketed with darkness due to the almost entire absence of windows and to the fact that but one lamp globe does duty for the two rooms with their many passages.

The Arrest. Using flashlights, the police effect as complete a search as is possible under the circumstances, finding some small quantity of opium, both raw and prepared for smoking, together with other scraps, half-burnt pipes, twisted scrapers, needles and an opium cooking lamp, is collected and removed as evidence.

Shepherded by five brawny constables, still perspiring from their strenuous exertions, the prisoners are led away, taken to the station, and "booked."

From the time the first pick-axe falls upon the initial barricade until the moment entry is effected, occupies but twelve minutes. The posse operating in the rear break their way in in something less, by smashing through a rickety partition bodily.

The search for evidence occupies nearly an hour, and in that time not as much as six square inches of wall, floor or ceiling is left unexamined. Even the bedding is ripped open, while floor boards are removed wholesale where a crack suggests a cache.

While the raid is in progress a silent group of Chinese form across the street, from the premises. Balcenies within sight of the raided house con-

RHEUMATISM vs. T.R.C.'s

Lumbago, Neuritis, Sciatica

Rheumatism and similar troubles invariably yield to this T.R.C.'s (Templeton's Rheumatic Capsules) treatment. Many doctors and many hundreds of druggists from coast to coast will confirm this truth. The hundreds of testimonial letters in our files show that T.R.C.'s have successfully treated Rheumatism, Lumbago, Neuritis, Sciatica and acute Neuralgia of all kinds. But the best evidence is your own experience. If you suffer we want you to try this guaranteed non-injurious remedy at our expense. Druggists sell T.R.C.'s \$1.00 per box. For free trial write T.R.C. DECLARES FIGHT IS ON IN EARNEST

If Mayor Uses Church, League to Hire Theatre

Present Sunday Closing Petition Monday

Alleging inconsistency on the part of Police Commissioner W. E. Stadeland at Friday night's meeting and declaring that if Mayor Marchant were determined to use the church to expound his views on Sunday Closing the League will hire a theatre, the Anti-Blue Sunday League issued the statement that the fight was on in earnest about Sunday Closing.

THREE HURT IN MOTOR ACCIDENT

alone. Mr. Henderson was pinned beneath the car, while Mrs. Henderson was found crumpled up and unconscious, though not pinned down. The driver, bleeding profusely from a severed artery, was pulled from the front seat on the arrival of the first car from the city, which held Dr. Stuart and P. R. M. Wallis, Chief Vernon Stewart, southbound with another party arrived next, and the next few moments brought eight or nine cars to the scene.

Work of Rescue. The work of rescue proceeded with Dr. Stuart, Mr. Wallis and Chief Vernon Stewart in charge. Goodell was pulled from under through front door of the car, and his injuries attended to by the rescue party. He was bleeding from cuts about the face and head, with a small artery severed in the temple. Mrs. Henderson was next extricated. Cuts about the head and face, with a severe gash between the eyes, were attended to immediately.

The extrication of Mr. Henderson took more time, as the overturned car had to be lifted clear of his feet before he could be moved. One leg was badly fractured.

Car Wrecked. The car was very badly wrecked, with two wheels torn off, and the whole chassis twisted. Much of the machine was pulverized by its heavy somersault. If there can be any luck in an accident, the injured were lucky in not having rolled on the other side of the road when there is a sharp fall in the ground to the cliffside.

The accident being reported to the provincial police by a passing car, James Hood and Robert Owens, of the provincial police hastened out in a motor-cycle and side car, sending for the ambulance, which was not required. Otway Wilkie, of the provincial police, conducted an interrogation of the driver and the injured owners this morning.

ANDREW FAIRFULL DIED YESTERDAY

Andrew Fairfull, of 1912 Pendergast Street, died at St. Joseph's Hospital at an early hour this morning, at the age of 63 years. Mr. Fairfull had been suffering for some time from an affection of the ear. The death of his wife quite suddenly about two months ago proved a serious shock to his system and doubtless aggravated the malady which had attacked him. On Sunday evening he began to suffer considerable pain in the head, and his medical advisors counselled an immediate operation; but the patient never rallied and passed peacefully away without recovering consciousness. Mr. Fairfull was well-known and highly respected in Victoria. He came here about thirty years ago from Scotland, engaging for some time in

the business of contractor and builder, gaining a reputation for strict integrity in his calling. Before his retirement some years ago he occupied the position of Inspector of Lighthouses on this coast for the Dominion Government. He was a lover of sports of all kinds and an ardent bowler, having been a member of the Beacon Hill Bowling Club since the date of its establishment and on several occasions carried off championship honors on the greens of the province. He was also a member of B.P.O.E.

Mr. Fairfull's father, Mr. James Fairfull, is a resident of Victoria and is still hale and hearty although well advanced in years. Four children survive, two sons and two daughters. James resides in Detroit, Michigan; Mrs. W. J. Keown is a resident of Vancouver; and Margaret and David live at the family home in this city. One brother and five sisters also survive.

Announcement of the date of the funeral will be published later.

FRUIT TREES IN NIAGARA DISTRICT ARE IN BLOOM

St. Catharines, Ont., May 1.—Cherry and plum blossoms are out in profusion of color all through the Niagara district to-day. Growers are pretty well convinced now that there was little damage from the recent cold snap. There should be a good crop of fevry kind of fruit, the growers say, if present good weather continues.

VICTORIA'S ONLY EXCLUSIVE FURRIER

The Storage of Furs

YOU make no mistake in leaving your furs with us. Not only are your furs stored but personally looked after each week. This has been the secret of your furs being returned to you looking quite like new.

For the past thirteen years we have had the finest vault (which we specially built) that has ever been used in the fur business, but no vault will save your furs from deterioration—only by personal attention are they kept like new. In all these years we have never had a single loss by fire, moth, burglary, etc. Furthermore, we are always covered by insurance.

The Repairing of Furs

YOU will save more than the cost of storage by your furs being repaired at our very low prices. Unusual skill is required in the repairing of furs—our lifetime spent in the fur business guarantees that skill. Furs unskillfully repaired may be ruined—why take chances? Come to Foster's, the fur people.

THE ONTARIO EQUITABLE LIFE & ACCIDENT INSURANCE COMPANY

HEAD OFFICE WATERLOO, ONTARIO

November 21st, 1921.

The Canadian Daily Newspapers Association, Excelsior Life Building, Toronto, Ontario.

Gentlemen:—

The high records and gratifying results obtained by the Ontario Equitable during the past year, have been made possible, in part, through the assistance of Canadian newspaper publicity.

We have found that judicious advertising has had for us a more than general result. In reply to particular advertisements we have had as many as a score of replies in one day, from every Province in the Dominion, resulting in a large proportion of cases in the actual closing of business.

In many instances our Agents have sent us applications for policies received as the direct result of an advertisement run in their district newspaper.

We have placed our advertising under the conviction that the public would recognize the value of nonparticipating insurance offered with attractive accident features. The response has confirmed our judgment, and given us tangible evidence of the value of newspaper publicity, which we shall continue to use as an arm in our business.

Yours very truly,

S. J. Tweed
President

SCT/BWG

This letter is ample evidence of direct results from Daily Newspaper Advertising in a most difficult field. Read again the first paragraph of this letter and reflect upon it when deciding upon the medium to carry your advertising.

LOCAL SURVEYOR WED AT PRINCE GEORGE

Nuptials of John A. F. Campbell to Miss Skinner

Victoria friends of the bridegroom will be interested in the following account of a wedding appearing in the Prince George Citizen of April 21:

"A quiet wedding was solemnized on Wednesday evening at St. Michael's Church, by Rev. S. Pollinger, who united in the holy bonds of matrimony Mary Elizabeth, daughter of Mr. M. W. Skinner, and Mrs. Skinner, of Prince George, and John Alexander Forin, eldest son of Rev. Dr. Campbell, and Mrs. Campbell of Victoria, B. C.

"After the service, which was performed in the presence of a few intimate friends of the bride and groom, the wedding party proceeded to the home of the bride's parents, from where the happy couple left for the evening train, en route for the coast on their honeymoon. A large party of friends of the contracting parties appeared at the train to wish them happiness.

"The bridegroom is a well-known local surveyor in this section of the province, where he is one of the pioneers having worked in the district for about fifteen years, first as a member of the firm of Gore & McGregor, and latterly on his own account.

"During the war Mr. Campbell left Victoria with the 48th Battalion, which he joined as a lieutenant. With this battalion he saw service in France where he was twice wounded. The 48th was eventually broken up, and with the rank of major, Mr. Campbell went to the front on the instructional staff. Later in the war he commanded the engineers bound for Siberia. He was retired with the rank of Lieut.-Colonel.

"Mrs. J. F. Campbell is the daughter of the well-known jeweller, Mr. M. W. Skinner, of this city, and came here some two years ago to join her parents after doing war work in England in that country. Both the bride and groom have a host of friends here who wish them every happiness.

"After a honeymoon which will be spent in the coast cities, Mr. and Mrs. Campbell will return here to take up their residence at the groom's residence on the Crescent."

SEATTLE PROFESSOR TO ADDRESS CLUB

Dr. Bissett to Speak on Settlement of International Disputes

"The Judicial Settlement of International Disputes" is to be the title of the address to be given by Dr. Bissett of the faculty of the University of Washington before the Women's Canadian Club at the Empress Hotel to-morrow afternoon. Dr. Bissett is a popular and lucid speaker, and his subject, while of an erudite flavor, will be couched in terms of easy understanding. At the present juncture of international affairs his address should be of widespread appeal, and it is hoped that every member of the club will make an effort to attend.

PRESENTATION TO RETIRING OFFICER

G.W.V.A. Women's Auxiliary Gives Tray to Mrs. Thomas Palmer

Mrs. Thomas Palmer, who is retiring from the office of president of the Women's Auxiliary to the G.W.V.A., was presented with a beautiful tray made by Comrade Repon, now in the hospital, following the meeting of the Auxiliary on Friday evening. The presentation was made by Mrs. B. O. Taylor on behalf of the Auxiliary and Mrs. Palmer in thanking the members for their lovely gift, expressed her sincere appreciation of their loyal support coupled with regret at her inability to remain in office for a further term.

There was a large attendance of members and much business was transacted. The card party held in the rooms on Wednesday last was a great success, netting \$17.50 for the funds and it was decided to hold another in the near future. The Auxiliary will entertain the soldier patients in the tubercular ward at the Jubilee Hospital on May 2 and 4. It was voted to the visiting committee for the purchase of cigarettes, etc. The ladies have been granted the concession for the refreshments at the Willow on the school sports day and Mrs. Hines was appointed the convener.

Comrade Food addressed the meeting on matters pertaining to the organization. Mrs. B. O. Taylor was appointed president in place of Mrs. Palmer, Mrs. Cave being made first vice-president, and Mrs. Griffiths convener of the press committee.

Mr. and Mrs. Henderson and family, F. Hill and S. J. Harding, J. Cooper and Gus Sharran, of Nanaimo, G. S. Harris, of Moresby, F. Holmes and Mrs. Holmes and C. Gausson, Mrs. Harcharter and daughters of Westholme, Mr. E. Richards and T. Wilson of Wellington are at the Dominion Hotel.

The tea will be held on Saturday, May 6, 3 to 6 p.m.

CHRISTIANS IN U.S.

The importance of the religious statistics compiled by Dr. E. O. Watson, Washington Secretary of the Federal Council of the Churches of Christ in America, does not appear to be thoroughly appreciated from an editorial standpoint, says Editor and Publisher of New York.

Total church membership of the United States according to the latest available figures is shown to be 45,997,199. This is an increase of 4,073,345 over the 1916 census figures and indicates a clear gain of over one million members for the preceding months.

Various religious bodies report 233,104 congregations, manned by 200,000 ministers and priests, and a sign of 5,617 congregations and 8,294 clergymen.

Protestant churches have an enrollment of 28,111,558 church members. Roman Catholic churches have 17,885,646, including all baptized persons.

The total religious constituency of the country, including all members and adherents, is placed at 95,898,992.

POLICE INVESTIGATE REPORT OF DROWNING IN DIXON'S ENTRANCE

Prince Rupert, May 1.—Provincial police here are investigating the reported drowning of George Doughty and his wife off North Island, Dixon Entrance. Doughty was located on North Island in preparation for the salmon buying season and Mrs. Doughty, who had been visiting in Prince Rupert, left for Masset, Queen Charlotte Island, a few days ago to be met there by her husband in a launch. It is presumed the launch foundered when the couple were on their way home.

ABY-LAW

To Raise the Sum of \$110,000.00 as an Additional Loan Required for the Construction of the Johnson Street Bridge.

Whereas the amount of money raised under By-law No. 2080 of the Corporation of the City of Victoria entitled "Johnson Street Bridge By-law, 1920" is not sufficient to meet the requirements for the construction of the said Johnson Street Bridge.

And whereas it is estimated that the additional amount of money required for the work of constructing the said bridge is one hundred and ten thousand dollars (\$110,000.00).

And whereas it is necessary to raise the said additional amount of one hundred and ten thousand dollars (\$110,000.00) in order to continue the construction of the said bridge.

And whereas it is deemed desirable to raise the said additional amount by the sale of debentures repayable over a period of twenty-eight years, and by levying the whole of the said additional amount in one year by a special rate on all the rateable land, and improvements, in the municipality.

And whereas for the purpose aforesaid, it is necessary to borrow the said sum of one hundred and ten thousand dollars (\$110,000.00) of the credit of the Corporation, and to issue debentures therefor bearing interest at the rate of six per cent. (6%) per annum, which is the amount of the interest intended to be created by this by-law.

And whereas it is expedient to make the principal of the said debentures in such yearly sums during the period of twenty-eight (28) years as are shown in Section 2 of this By-law.

And whereas it will be necessary to raise in each year, during the period of twenty-eight (28) years, the sums as shown in Section 2 of this By-law, to pay the said yearly sums of principal and interest on the said debentures.

And whereas the amount of the whole rateable land and improvements of the Municipality as at the date of the assessment roll is \$55,779,658.00.

And whereas the amount of the existing debentures of the Corporation (exclusive of local improvement debts, secured by special rates or assessments) and interest thereon, at the date of the principal or interest is as arrear:

PRESENTATION TO WILLIAM M. ALLAN BY RHET STAFF

Newly-appointed Admiral Line Agent Recipient of Illuminated Address and Clock

On the eve of severing his connection with Rihet Consolidated, Ltd., after an association of twenty-five years with the firm, to assume his new duties as general agent in Victoria for the Admiral Line, William M. Allan, one of the best known shipping figures of British Columbia, on Saturday night was presented with an illuminated address and a handsome clock by the staff of Rihet Consolidated, Ltd.

Mr. Allan to-day took charge of the Admiral Line's new offices at the northeast corner of Government and Courtney streets. The office has been completely re-fitted to suit the requirements of the shipping business of the company and presents a very attractive appearance.

MIGRATION TO ALASKA BEGINS SS. Princess Mary Sailed on Saturday Night With Full List

All cabin accommodation was taken up aboard the Canadian Pacific Railway steamship Princess Mary when she cleared Saturday night for Skagway. She was a 100-per cent. ship. Among those who sailed on the Mary for the North were W. D. Gordon, superintendent of the river division of the White Pass and Yukon route, and Mrs. Gordon; J. H. Rogers, general agent at Skagway, and Mrs. Rogers; Capt. George Burruss, pilot of the steamer Dawson; Capt. L. Looney, pilot of the steamer Seattle III; J. P. Bourne, chief engineer of the steamer Casca; J. Marshall, second engineer of the steamer Dawson; T. M. P., now a mining man, and many others.

Before leaving for the North, W. D. Gordon said: "From the reports I have received during the past few weeks, the North is in for a big season, probably considerably bigger than last season. There should be some big developments in the May and June section. We are expecting big things."

The tourist business will be unusually heavy. We have no 'Midnight Sun' excursion this year owing to lack of boats. We need every boat of our fleet in the transportation of freight and passengers, and until the fleet is increased we will not be able to run this popular trip."

LIQUOR ON ASTRONOMER. A large shipment of liquor is reported to be coming on the Harrison Direct Line freighter Astronomer, which is expected to arrive here about May 15.

TOPLIS DAVITS-NEWEST SCHEME IN SAVING LIFE AT SEA

This picture looks more like the construction of a steel bridge, or the superstructure of a skyscraper than it does any part of an ocean-going steamer, but as a matter of fact, this is a view of one pair of the new Toplis davits with which the White Star-Dominion Line steamer REGINA is equipped.

Everyone who has been accustomed to seeing the old-fashioned davits with life boats slung between them, would undoubtedly wonder at such a mass of steel work being loaded on to a steamer for the simple purpose of launching boats. However, this is but another of the White Star-Dominion Line's steps to insure safety and comfort to its passengers.

Unpleasant as it may be to conjure up pictures of marine disasters, nevertheless, this is something that has to be faced, and the next best thing is to minimize the possibility of loss of life. Everyone knows that the launching of life boats at sea has been one of the most difficult details of saving a ship's passengers from a sinking vessel. This is particularly true in the case of a bad list.

SHIP CALLED HERE TO TAKE ON COFFIN

With the dead body of E. L. Campbell, one of the ship's complement aboard, the freighter Satsuma, of the Barber Line, put into the Royal Roads on Saturday afternoon. The Satsuma was enroute from the Orient to Comox to load bunker coal, and a wireless from Capt. Jones to Ship Chandlers, Ltd., asked that a coffin be supplied to the ship when she reached the Royal Roads. The coffin was sent out to the ship by launch and it is reported that Campbell was buried on arrival of the ship at Comox.

No details were available as to the cause of death. The man died at sea on April 27. The Satsuma is bound for the Orient with a cargo for the Atlantic seaboard. She will return here on her way out to sea.

SHIPPING MEN TO CONFER IN LONDON International Shipping Conference Slated in British Capital for October

London, May 1.—(Canadian Press Cable)—The chief item on the agenda of the International Shipping Conference in London in October, next, deals with the grievances in regard to immunity for state-owned shipping from liability and taxation. The chamber of shipping, which supports the views of the Comité Maritime International, declares that private ship owners are gravely prejudiced, especially when state-owned vessels or cargoes are employed for ordinary commercial purposes. The chamber points out that the sovereign state can not be held for collision, damage, salvage or freight rendered, although, on the contrary, possessing the right of recovery, while even a graver threat to shipping and the prosperity of the overseas trade is the immunity of state-owned ships from income-tax in Great Britain and their

TANKER WRECKED OFF POINT ARENA

SS. Whittier Becomes Total Loss and Oil Cargo Lost Crew of 26 Men Taken Off Safely in Small Boats

San Francisco, May 1.—The tank steamer Whittier, of the Union Oil Company, which went on the rocks at a point ten miles south of Point Arena last night, is a total loss, the company was advised to-day by wireless. The steamer's cargo of 10,000 barrels of oil was lost also.

The crew of 26 got off safely in the small boats and will arrive in San Francisco to-morrow, the company was advised. The vessel's sides and bottom were ripped so badly by the rocks that she settled to such an extent that salvage is impossible. No details as to the exact cause of the Whittier wreck were received by the company up to 9 a. m.

S. O. S. CALL. The Whittier sent out S. O. S. calls shortly after 2 o'clock this morning. Wireless calls for help found the U. S. coastguard cutter Shawnee about seventy miles from the position given by the Whittier, and it was estimated that the coastguard cutter would reach the reef in five or six hours.

The last message received from the Whittier said: "On rocks. Operator ordered on deck; calm; no wind." The Whittier was bound from San Pedro to Eureka. She is owned by the Union Oil Company. She is a vessel of 798 tons.

Premier Hughes, of Australia, shocked Labor Delegation

Lost His Customary Unruffled Calm Before Deputation of Shipwrights

London, May 1.—(By Canadian Press)—Premier W. M. Hughes, of Australia, somewhat shocked a deputation of shipwrights and allied trades that waited on him recently, according to the Melbourne correspondent of The London Times. The deputation complained to the Premier of the Australian Commonwealth that four Commonwealth ships had been repaired at Antwerp, instead of in Australia, and that two had only been repaired in India by black labor receiving eight annas (8 pence) per day.

NEWS IN BRIEF

Munn Case Postponed.—Hearing of the Munn bridge land case has been postponed until next Monday. The case had been set for Wednesday.

Chapter to Meet.—The Margaret Roche Robertson Chapter, I. O. D. E. will hold its monthly meeting on Wednesday evening at 8 o'clock at the headquarters.

67th Bn. Western Scots Assn.—A meeting of the association will be held in rooms of Amalgamated Veterans' Association, on Tuesday evening at 8 o'clock. All ex-members of the battalion are welcome.

Banquet and Dance.—The Unique Club will hold a banquet for its members to-morrow evening at the Harmony Hall, to be followed by a dance, which will be open to the public. Charlie Hunt will furnish the music.

Victoria Seamen's Institute.—The annual meeting will take place on Thursday, May 11. All nominations for officers and committee must be sent to the Secretary, Post Office Box 134 on or before Tuesday, May 3.

Equimatt Residents Meet.—A meeting of the Equimatt Protective Property Owners' Association will take place to-night at the Rex Theatre, Equimatt, commencing at eight o'clock. Important business is to be discussed. It is stated.

Gonzales Chapter.—At the regular meeting of the Gonzales Chapter, I. O. D. E. to be held in the headquarters to-morrow morning at 10.30, the Chapter's delegate will present her report of the annual meeting of the Provincial Chapter, held at New Westminster last week.

Executive Will Meet.—A meeting of the executive committee of the Metropolitan Young People's Forum will meet in the school room to-night at 8 o'clock. The Summer programme will be discussed and other business will be dealt with.

Army and Navy Veterans.—The executive council of the Army and Navy Veterans' Association will hold its monthly meeting to-night at 8.15 o'clock, in the Board Room of the Hamley Building. The general monthly meeting of the association will take place on Thursday evening, May 11, at 8 o'clock.

Overseas Club.—The local branch of the Overseas Club will meet to-morrow afternoon at the Hudson's Bay Co. restaurant from 4 until 5 o'clock. The membership is steadily increasing each month, many new members having joined in the past few months.

V.A.S.C. Annual Dance.—Arrangements are now complete for the sixth annual dance of the Victoria Amateur Swimming Club, which is to take place at the Alexandria Ballroom on Friday, March 5. All swimming clubs in the city and friends of the organization are invited to attend.

Lecture on Sevres China.—The last French lecture of the series will be given by Madame Sanderson-Mongin under the auspices of l'Alliance Francaise at the Victoria College, Craigdarroch, on Saturday, at 8.30 p.m. The subject will be "Histoire de la Porcelaine de Sevres," and will be illustrated with lantern slides.

Strawberry Vale Institute.—The regular monthly meeting of the Strawberry Vale Women's Institute will be held in the Institute rooms on Tuesday, commencing at 2.30 o'clock. A talk on butter and cheese making will be the topic of the afternoon. Suggestions from the members for future work will be received.

Sir James Douglas P.T.—The May meeting of Sir James Douglas Parent-Teachers' Association will be held in Fairfield Hall on Tuesday at eight o'clock. Mr. Maynard will lecture on "A Trip to the Cariboo," illustrated by lantern slides. A class of pupils of the school will sing a number of songs. A full attendance is requested.

To Repeat Pageant.—The Young Women's Club of the Metropolitan Church will present the pageant, "The Striking of Canada's Hour," under the direction of the Grace Lutheran Church to-morrow evening at 8 o'clock in the schoolroom. There are fifty characters in the pageant, most of them in national costume, and it promises to be most interesting.

Women's Progressive Club.—The Women's Progressive Conservative Club will hold an informal dance at the Vogue Cabaret on Wednesday, May 3. In addition to the dancing, a number of local artists will entertain the guests with songs. Card tables will also be provided, and a buffet supper will be served. Findler's orchestra will furnish the music for dancing.

Oaklands Parent-Teachers.—The regular monthly meeting of the Oaklands Parent-Teachers' Association will be held this evening, at 8 o'clock in the Oaklands school. After the meeting, which was 2 hours 30 minutes long, the remainder of the evening will be devoted to erecting the stalls and decorating them in readiness for the sale of work to be held on Wednesday, May 3. Any contributions to the fund will be appreciated.

Father and Son Banquet.—The fathers and sons will meet at the Metropolitan Church on Friday commencing at 6.30, when a Father and Son banquet will be held. An excellent programme has been drawn up and an enjoyable time is assured all. The movement backing this banquet is to bring the parent into closer relationship with the activities of the boys.

Gardeners Meeting.—The regular meeting of the Victoria and District Gardeners' Association will be held to-morrow at 8 p.m. at the City Hall. William Christie will give a talk on Tomato Growing. As this subject may be of interest to others than members of the association, an invitation is extended to them to this meeting. Special business will come before the members, and it is hoped every member will make a special effort to attend.

Kiwaniis Will Entertain.—Some 1,500 are expected to attend the performance of "Mr. Pim Passes By," to be staged by the University of B. C. Players' Club at the Royal Victoria Theatre to-night under Kiwaniis auspices. The players are to be the guests of the club at the regular luncheon to-morrow, headed by Dean and Mrs. Coleman, Professor F. G. C. Wood and the entire cast of "Mr. Pim Passes By." Dr. Adam Shortt, C.M.G., the noted economist, now conducting an investigation into the city's financial condition, will address the gathering on "Canada's International Status." The luncheon will open at 12.14 to-morrow.

TAYLOR AND BLACK ARE LEADING OVER HUISH AND DUTHIE

In an eighteen-hole match at the links of the Colwood Golf and Country Club this morning, Phil Taylor, of Oak Bay, and Dave Black, of Shaughnessy, were victors over Jimmy Huiish, of Burquitlam, and Alec Duthie, of Jericho, to the tune of five up and four to play. Another match with the same partners in opposition is in progress this afternoon.

The Vancouver men are over today to get the "rub of the course" at Colwood after the improvements which have been made of recent date. All these four stars of British Columbia's professional golfing firmament will appear in the Open Championship which is being held in connection with the Pacific Northwest Tournament in the early days of June.

CRITICISE CONDUCT AT SUNDAY MEETING

Anti-Blue Sunday League Executive Meets

Strong objection to Mayor Marchant holding a meeting in a church on Sunday was voiced at this morning's meeting of the executive of the Anti-Blue Sunday League. Objection was also taken to some of the remarks made by His Worship and Rev. Dr. Clay.

Several members of the executive decried the method of putting the resolution. "Though the resolution says that the meeting at the Metropolitan Church was called for 'discussion' of the Sunday closing order, there was no discussion, and not even a single question was permitted to be asked.

"No sooner was the resolution read and those in favor asked to stand than the organist began playing the National Anthem, requiring all to stand out of simple respect," said C. T. Cross, whose sentiments were also seconded by other speakers.

W. Campbell asked a question which he addressed to Dr. Sipprell in writing, and handed to one of the ushers was kept by the usher, who, on being questioned as to why it had not been delivered, said they "had their orders." J. R. Cowell, who rose to ask a question of the Mayor was also refused permission to do so, it was alleged.

"Decries Danger Fallacious."—With reference to the Mayor's attempt to make people believe that there is danger of the Sunday opening spreading to an alarming extent, there is a by-law which provides a heavy fine for any stores remaining open other than those which have been doing so up to the time of the Commissioners' closing order," said H. S. Stevenson.

Strong resentment was expressed by some in regard to Mayor Marchant's remarks and those of Dr. Clay imputing misrepresentation and untruthfulness on the part of members of the Anti-Blue Sunday League.

John Wood called attention to the fact that oyster houses and some of the restaurants could sell cigars as part of a meal, yet a child could not take out an ice cream and eat it. The action of the Commissioners was not stopping the sale of goods on Sunday, he said, but was only driving business into other channels.

The petition for a plebiscite is ready for presentation to the City Council this evening, and the League reports an exceedingly active organization to fight the issue, Secretary W. Leal reports.

WOODWARD TO RESIGN AS HEAD OF LEADING COUNCIL COMMITTEES

Alderman E. S. Woodward will resign from several City Council committees, but will retain his seat on the Council, he announced to-day. He said that he was forced to give less time to City affairs, and by resigning from important committees he would be able to devote more time to his private affairs. In all probability he would resign as Chairman of the Finance Committee or as Chairman of the Legislative Committee, he said. The Alderman had thought of resigning from the Council altogether, but his friends persuaded him to retain his seat until the end of the year.

FEDERAL GOVERNMENT CIVIL SERVANTS HOLD SESSION

At a largely attended meeting of ex-service men who are now in the employment of the Dominion Government, held in the Trades Hall on Saturday evening, the question of the "curtailment" or "stoppage" of the cost of living bonus paid Federal civil servants was discussed. The meeting represented all branches of the service in Victoria and district.

The question was discussed from every angle, and a final decision arrived at, was that some action should be taken immediately to have the views of the civil servants placed before the Government at Ottawa.

It was finally decided to forward a night lettergram to the Chairman of the Soldiers' Re-Establishment Committee, to be followed by a letter, each of which should be sent to Premier Mackenzie King, and various members of Parliament who are interested in the question, also to other organizations in Eastern Canada. The text of the night lettergram was as follows: "A meeting of ex-service civil servants with all branches represented held to-night, wish your co-operation in getting Government pay bonus—non-recipient of April bonus already causing hardship in lower grades—some cases means one-third total income cut off—for example, married man received \$61.75; total salary in April, letter following."

In the discussion which took place it was pointed out how much the stoppage of bonus concerned the lower grades, many of whom were ex-service men. One case was quoted where after four years in the local post office a man receives the sum of \$65.75 as April salary.

It was also shown that in the majority of cases the men could have claimed vocational course under the Department S. C. R., but now that they were re-established, they could not claim such courses, and they leave the employ of the Government due to the payment of inequitable wages.

The feeling of the meeting was, that so far as the ex-service men were concerned, it was a matter for the Re-Establishment Committee.

Holds Route March—The first short-route march of the 14th Canadian Scottish Battalion was held Saturday night from the Armouries, the men being commanded by Major Richard Wallis, M.C. The regiment, 125 strong, left the new Drill Hall at 8 o'clock, and traversed the prin-

Mme. Winifrid Lugrin-Fahey

Who appears in recital at the Royal Victoria Theatre next Friday evening, chooses for her accompaniment the world-famous Steinway Piano

In all Canada there is no more gifted soprano than Mrs. Winifrid Lugrin-Fahey, and it is equally true that no piano yet created surpasses in beauty of tone and singing quality the magnificent Steinway Piano which she has selected for her accompaniment.

In choosing the Steinway, Mme. Fahey indicates a preference which has been shown by every artist of note in the world to-day, a piano which can always be relied upon to give the sympathetic support that every artist desires.

Every lover of music is urged to secure tickets for this recital as early as possible, for the high regard which Victorians hold for Mme. Fahey promises a "sold out" house before Friday evening.

Victoria Awarded Swimming Events

Four Canadian Championships For Men Will Be Staged In Victoria This Summer; Annual Meeting of C. A. S. A. Decided to Give Coast Better Deal In Regard to Award of Championships; Will Be Big Thing For Swimming Here

Coast swimming officials have won a concession from the Canadian Amateur Swimming Association, according to a dispatch received by The Times this morning from Winnipeg.

Four Canadian men's outdoor championships will be at stake in Victoria during the coming summer. The remainder of the championship events have been divided between Toronto and Winnipeg.

Victoria will stage the 50 yards, 100 yards, 880 yards and senior relay race. Toronto was awarded the ladies' 50 and 100 yard events, the 220 and 440 yard races for men and the high and spring board diving championships. The ladies' 50 yard and 100 yard indoor events were awarded to the Victoria Club of Winnipeg.

Quick action was taken on the request from the B. C. branch of the C. A. S. A. The annual meeting of this body was held two weeks ago and it was agreed to ask the parent body to give the Coast swimmers a better deal in regard to national championships. The B. C. swimming officials also make requests that officers for the body be chosen from Coast men and that the next annual meeting be held in Victoria. The two latter requests, however, were not looked upon with favor. The Coast, however, must be satisfied with small mercies.

Last year the B. C. body was successful in getting two ladies' Canadian championships staged in Victoria and as a result the city now possesses two Canadian champions in Kathleen Wellburn and Audrey Griffin.

Spurred on by the success achieved last year the Coast officials decided to try and get their hand into the championship bag again. They were lucky in picking out the best swimmers for men. This will mean a great deal for Coast swimming as it will give the water stars something to strive for. This was their first time since 1913 that the male swimmers of Victoria have had a chance to compete in this city for a Canadian championship.

The variety of the events will give every swimmer from the sprint man to the one who likes the distances, a chance to prove his worth.

A large number of outside swimmers will come here to compete for the honors. Whether the East will see its way clear to send athletes for the events is not sure, but the prairies are bound to have their stars here. Winnipeg will undoubtedly have several splendid sprint swimmers entered.

Universal satisfaction was expressed this morning by swimming officials when appraised of the news by The Times. They consider it a good omen for the success of the deal and believe that it will do a great deal for swimming on this coast.

Montreal Man President. According to the dispatch received by The Times, H. E. Herchorn, of Montreal, was elected president and J. E. Simard, of the same city, secretary.

Arthur Allan, of Toronto, who admitted receiving money, was professionalized.

The new records for the year were awarded as follows: Miss Hazel Kessler, Winnipeg, 100 yards women's, 1:13 1/2; C. C. Bourne, Montreal, 50 yards men's, 2:5 1/2 seconds; George Vermet, Montreal, 880 yards men's, 12:35 1-5.

English Lacrosse Team Wins Trophy. The Oxford-Cambridge team outscored American opponents; To Play in Canada.

Brooklyn, N. Y., May 1.—The Crescent A. C. lacrosse team on Saturday defeated the Oxford-Cambridge players by a score of 6 to 1 in the last of a series of games arranged with the British visitors in the United States. The international lacrosse cup goes to the Oxford-Cambridge combination which scored the greater number of goals during the series.

The team will play several games in Canada before sailing for home.

No-Hit, No-Run Game With No Player Reaching First Base, Work of White Sox Recruit

New York, May 1.—Achieving the acme of the pitching art—no hit, no run game, with no players reaching first base—Charlie Robertson, recruit star, Chicago White Sox, yesterday accomplished a feat that has been duplicated only five times in major league here.

Two of these perfect games are within the memory of the present generation of diamond followers.

Cy Young, the famous "iron man," pitched one against Philadelphia, May 5, 1904, when he was with Boston, while Addie Joss, hurling for Cleveland, turned the trick against Ed Walsh, of Chicago, October 2, 1908.

The other three perfect games are back in the ancient days of the old National League. They were accomplished by G. W. Bradley, of St. Louis, July 15, 1876; J. L. Richmond, of Worcester, Mass., July 13, 1880, and five days later, June 17, 1880, by J. M. Ward, of Providence.

Well Supported in Field. Robertson was given faultless support, particularly by McClellan and Collins, whose snappy fielding retired six Tigers at first. Collins also retired four on flies. Only six balls were driven very far into the outfield, and these were gathered in by Hooper and Mostil with little difficulty.

Robertson fanned six Detroiters as part of his contributions to a perfect day's work.

Manager Cobb called in two pinch hitters in the ninth in an effort to destop Robertson, but they went down as their team mates did before them.

WESTS WILL PLAY FOR SOCCER TITLE
Juniors Made Splendid Showing on Saturday; Vancouver Was Outplayed

Final Game for Title Will Be Staged Here Next Saturday With Nanaimo

Playing against a light team, which had played five games during seven days and just completed a trip from Vancouver, the Victoria representatives, the Wests, defeated Riverview by 2-1.

Finalizing a victory in the semi-final the Wests will meet the Nanaimo Rovers for the championship at the Royal Athletic Park. The game should have been played in Nanaimo but the grounds will be engaged by the seniors. The game will start at 3 o'clock with the Wests favorites.

Play opened in favor of Victoria, but not ten minutes after the start the first tally was scored in a pretty manner. Crawford secured the ball for the Wests from the forward line and carried it up the wing. He was forced to kick to avoid an opponent following the ball up but barely saved it from a corner kick. Placing his foot behind the leather he neatly passed it over to Dunn, who headed the ball into the net.

The second half was equally interesting. Play from then on was very close to the end of the first half. The checking was good and Humphrey excelled himself, as he footed the ball, the West goal, and placed the ball in the net. The time again saving some of the most wonderful shots. Vancouver certainly produced an excellent goal for the visitors as far as playing up a score was concerned.

WESTS HAD THINGS OWN WAY.
The second half looked a rather ragged one for a space, but the playing brightened up and both sides had an equal share of shooting for awhile. Then the Wests took things in their own hand and had the game their own way. Shot after shot went crashing in to the Riverviews' goal but their capable goalkeeper, varded them off with a skill which was remarkable and augurs well for good senior material.

Sargent played a prominent part in the scoring of the third tally, which gave the decision to the Wests. Dunn had secured a corner kick, and placing the ball well in front of the goal Sargent, who was right on to the leather, shot it in before Humphrey had a chance to divert the ball from its course, the kick being a mid air one. Sargent's taking it in the jump. The game terminated soon after this.

There was a fair attendance at the game. Percy Payne refereed in a capable manner.

The line-up was as follows: Wests—Goal, Tooby; Watt and Goodacre; Crawford, English and Judd; Sellers, Hardy, Dunn, Passmore and Sargent.

Riverviews—Humphreys; J. Crawford and Harris; Phillipson, Head, and Blowick; Parsonage, Waytes, Whitworth; Dewar and Brown.

BRAVES WIN IN MONTREAL
Montreal, May 1.—The Boston Braves made their initial bow before Montreal fandom at the Shamrock grounds here yesterday afternoon when they met the Montreal team of the recently formed Eastern Canada Baseball League in an exhibition game and with little effort defeated the locals 7 to 2.

THORMALEN IS SOLD
Minneapolis, Minn., May 1.—R. E. Thormahlen, pitcher, has been purchased from the Boston Red Sox by the Minneapolis American Association club.

NO CHANCE OF LEONARD MEETING CHAS. WHITE
New York, May 1.—All prospect is gone of a match between Leonard, lightweight champion, and Charlie White, proposed for Michigan City, Ind., on July 4. Billy Gibson, Leonard's manager, announced Saturday, after a long conversation with Floyd Fitzsimmons, the Indiana promoter. Gibson said Fitzsimmons told him that White declined to discuss such a bout.

Williams Gathers Two More Homers

New King of Swat Soaks Nine Four-Base Blows In Week and Is Way Ahead of Ruth's Mark; New York Clubs Will Meet Strongest Opposition From Western Clubs; General Review of Progress of All Clubs.

New York, May 1.—Baseball fans to-day were watching for a new swatting-outbreak by Kenneth Williams, slugging left-fielder of the St. Louis Browns. Williams in the short space of one week clouted out nine home runs, including three in a single game. He tied two of Babe Ruth's consecutive hitting records—five in four games and six in five games—and now is four ahead of the Babe's 1921 pace.

Williams started his professional career in Spokane in 1912 and in 1913 was with Regina, in the Western Canada League, developing from a mediocre first sacker into a first class outfielder.

RHODES WINS LONDON TO BRIGHTON WALK
London, May 1.—(Canadian Press Cable)—Nineteen contestants started in the annual Stock Exchange, London to Brighton walk at 7 o'clock Saturday morning, and the winner was H. Rhodes, who covered the distance in 9 hours, 13 minutes and 55 seconds. W. Murray was second in 9 hours, 24 minutes and 55 seconds, and H. St. George Taylor third, in 9 hours, 44 minutes and 55 seconds.

Rhodes has now won this contest three years in succession.

GIANTS ESCAPES A DROP TO SECOND
The Giants, back up effective pitching with terrific hitting, maintained their lead during the week and although they gained a half-day's rest yesterday while the Cubs were being trimmed ten to nothing by the Cardinals, proof that the Giants have the punch is their record of an average of 13 hits and eight runs per game last week.

The Yankees had indisputable hold of the lead until Sunday when St. Louis seized a chance to scramble in to a tie, the New Yorkers dropping their second straight to Boston men. The Browns outslugged Cleveland 11 to 5. The Hugmen, dispensing chiefly on their all-star hurling staff, so far, are beginning to feel the absence of Ruth's and Muesel's hitting power.

TWO MORE FOR WILLIAMS.
St. Louis swept aside its western rivals with an avalanche of home run hitting, plus some excellent pitching. Kenneth Williams, who pitched for the Cubs, who were looms up as a dangerous contender for Ruth's honors, led the assault with two circuit cuts, bringing his total to nine, four more than Babe had collected at this time a year ago.

Cleveland failed to make its hitting effective and lost four out of five starts, while Washington, showing a descent into the Third Division, thus establishing a new record of Division from the First to the Third Division within two seasons.

Tottenham Hotspurs are favorites for the position of runners-up in the first league. Liverpool being the leaders.

NOTTINGHAM FOREST CERTAIN.
Nottingham Forest are now the certain champions of the second division and are therefore due to be promoted to the first league. Stoke must beat Bristol City next week to retain a chance of promotion, otherwise Barnsley will accompany Notts Forest upward.

An interesting situation obtains at the foot of the Second Division where Coventry, Blackpool and Bristol City are all fighting to escape relegation. These teams, Bristol City appears to be doomed to accompany Bradford to the third league.

In the Southern League, Plymouth and Southampton are still battling for the championship with the advantage to the former.

Stockport heads the Northern section of the third league.

K. OF C. WORKOUTS.
The "K of C" baseball team will hold practice on Tuesday and Thursday evenings of this week at the Stadium, commencing at 6:30 o'clock. All players are requested to be out as it is only a matter of a week before the first game.

VICTORIA DOGS WIN AT VANCOUVER SHOW
Frank Turner and C. A. Goodwin Return With Premier Prizes for Canines

Two Victoria dogs were taken across the Gulf of the Vancouver Dog Show, which was held on Friday and Saturday, and they returned with about all the trophies they could carry.

Frank Turner's English setter which he judged the best dog in the show, and also won the special prize for the best English setter, C. A. Goodwin's Killarney King won the special for the best Irish setter in the show, and the special for the best sporting dog. Killarney King was also adjudged the best veteran over five years.

Two hundred and fifty dogs were entered and George Thomas, of New York, judged them.

ILLINOIS SETS NEW RECORD FOR RELAY
Des Moines, Iowa, May 1.—The University of Illinois relay team shattered the world outdoor record in winning the Drake meet four-miles relay in 17:45 on Saturday. The former record of 17:51.1-5 was established by the Boston Athletic Association in 1912.

"HIGH" GIRLS WIN B.C. HOOP TITLE
St. Mark's Tried Gamely, But They Were Checked Too Hard to Get Away

Need of New Hall for Championship Games Demonstrated on Saturday

Another basketball championship has been annexed by Victoria, the local High School girls winning a thrilling game from the famous St. Mark's five, of Vancouver, on Saturday night at the V. U. A. C. gymnasium, Front Street, before a tumultuous crowd. The score was 6-4.

St. Mark's girls had defeated everything in sight on the mainland, while the Victoria High girls had won everything there was to win on the Island, being the winners of the local city league, and also the B. C. High School champions.

By winning these games from St. Mark's the local team capped the B. C. open championship, which is the highest honor possible in ladies' basketball in the province.

Victoria boasts a well equipped basketball gymnasium floor, with comfortable seating accommodation for 800 to 1,000 spectators. With the Victoria High School gymnasium fully occupied, there is an urgent need for a suitable place to hold inter-city matches. B. C. championships, P. N. A. tournaments, etc. had never been available Saturday night there would have been no difficulty in crowding it to the utmost capacity.

The Broad Street hall was totally inadequate to hold the crowd, which wished to see the two fastest girls teams in the province battle for the B. C. honors. Every nook and corner of the hall was overcrowded and crowds were turned away unable to gain admission.

A Real Thriller.
The game was a thrilling affair from start to finish. Dotis Grubb notched the first point on a free throw, but the game proceeded for quite a time before St. Marks scored a field basket. St. Marks meanwhile were playing a hard game, but the scoring was low on both sides, owing to the heavy checking. Awarded a free throw Violet Stevenson slipped the ball through the hoop for St. Mark's first score. This was offset, however, by Doris Grubb, who also scored from a free throw.

Aileen Hall, the sturdy centre of St. Marks, showed up remarkably well, her efforts being finally rewarded with a fine shot from the local "roosters" in the second quarter. She brought the score 4 to 3 with the locals only one point ahead, the game developing into a very speedy affair. The noise from the local "roosters" was almost deafening.

Isobel Crawford, who had been checked very closely by Dot Gillespie, finally eluded her check and netted a fine shot for the High amid loud applause.

Dorothy Melville's work as guard could hardly be improved upon. Violet Stevenson, St. Mark's whirlwind forward and crack shot, failing to secure a basket, was checked to many passes intended for the St. Marks forward ended 6-3 in favor of Victoria.

Checked Heavily.
The second half produced too much heavy checking to allow for any team to get a basket. St. Marks' forward pounced upon her, a miniature wrestling match ensuing, ending with both players doing the steam-roller act along the floor. Dot Gillespie performed brilliantly for St. Marks, her duty being to check Isobel Crawford, the local crack shot.

Aileen Hall lowered the High's lead by one point by netting a free shot. St. Mark's girls, however, were almost scored on several occasions, but the local guards succeeded in getting the ball away to the other side of the floor, the period ending with no more scoring.

Were All Stars.
It would be hard to pick out any individual star on the local team, each and every member performing in championship form.

MORAL BEHIND U.B.C. PLAY TO-NIGHT

"Mr. Pim Passes By" Will Be Staged at Royal

The Players Club of the University of B. C. will present "Mr. Pim Passes By," at the Royal Victoria Theatre this evening under the auspices of the Kiwanian's Club.

The play, written by A. A. Milne, a former editor of "Punch," is a charming comedy of English life, and has been very favorably received in London and New York. In the first production in London in January, 1920, such famous actors as Mr. Ben Webster, Mr. Dion Boucicault, and Miss Irene Vanburh appeared. The University Players are fortunate in being privileged to stage the Western American premiere of a play so new and successful.

The plot of the play is briefly as follows: Mr. Pim, a doddering old gentleman with a quaver in his voice and several quavers in his memory, drops from the well-regulated household of George Marden, Esq., J.P., Olivia, lady of the house, is a charming woman whose first marriage was a nightmare she is trying to forget. Mr. Pim, arriving from Australia, is entertained by Dinah Marden's irresponsible niece "and ward," who chatters very gossamerly about many things, including her aunt's previous marriage and her own affair with a young artist whose futurist ideas about art find little favor with her orthodox uncle. Later, having met the Mardens, Mr. Pim casually mentions a fellow passenger from Australia by the unusual name of Telworthy, from which Olivia gathers that her first husband, a drunken swindler, is still alive. Having shot his bolt, the amiable old gentleman drifts away, serenely unconscious of the consternation he leaves in his wake.

Now the comedy deepens into something approaching the serious. Marden takes the position that the marriage must be nullified, to prohibit the wrath of heaven, and what is more important, the opinion of the country. Olivia, though dismayed at

MARION DAVIES IN "BEAUTY'S WORTH"

Has Notable Character Role at Capitol

Youth's judgments are often harsh why a young man so often looks for and it standards narrow. That is the smartly dressed among women, fondly believing that therein lies charm and personality. Never has this fallacy been more vividly delineated than in "Beauty's Worth," starring Marion Davies, which opens at the Capitol Theatre to-day. This Cosmopolitan-Paramount picture will be shown here all week.

In this Sophie Kerr story Miss Davies, ever good to look upon, ever vivacious and endearing, has the part of Prudence Cole, a young Quakeress—a role quite unlike anything else she has ever done. Dressed all ways in the demure gray of her sect, Prudence is oblivious to the fact that her clothes cause the young men to shun her, particularly Henry Garrison, whom she fancies.

Henry sees Prudence as an old-fashioned and dull girl. He scorns her. Then when she "makes good" by a noted artist into one of the smartest looking girls, Henry falls in love with her. It is her gowns, not her, that he loves.

"Beauty's Worth" is a picturesque and appealing love story, the real live for Prudence being another—not Henry's. The picture was directed by Robert G. Vignola, the scenario being Luther Reed's work. Joseph Urban settings are strikingly beautiful enhancements to the photoplay. Forrest Stanley, June Elving, Truly Shattuck, Hallam Cooley, Arthur Short and others are in the excellent cast.

Walter Beaton, baritone, who met with much favor during his last engagement at the Capitol, is again on the bill this week. His new songs will again establish him as an unusual favorite.

THREE LIVE GHOSTS NOW AT DOMINION

Paramount Picture Will Be Heartily Welcomed Again

A wave of excitement recently agitated the busiest thoroughfare of London when a burly policeman held up the traffic to allow the passage of an aristocratic-looking gentleman, immaculately tailored, wheeling the latest thing in expensive baby carriages, to which was attached a sheep which showed an obvious disinclination to cross the road.

Absorbed and quite unperturbed by the amazement caused by his unheralded arrival, the gentleman steered his charge to the opposite side walk, and by the time the crowd had recovered from its astonishment, had apparently vanished into thin air. At the same moment two carriages which had been taking a record of this unusual scene from the inside of a covered motor lorry ceased to grind, and George Fitzmaurice, famous Paramount producer congratulated himself on having successfully secured a particularly effective and difficult "shot."

The episode showed Cyril Chadwick in his impersonation of "Spooty" in "Three Live Ghosts," a Paramount picture which will be shown at the Dominion Theatre all next week. Anna G. Nilsson and Norman Kerry are the featured players.

GREAT TYPES IN ROYAL OFFERING

"Penrod" Will Begin Tomorrow; Is Character Study

For the first time in the history of motion pictures Booth Tarkington's inimitable characters of his "Penrod" stories have been welded into one complete feature picture. Marshall Neilan is the director who has essayed this task, and his latest production, under the title of "Penrod," is the first National attraction that will be seen at the Royal Victoria Theatre, commencing Tuesday.

The picture is said to live up in every respect, to the characters Booth Tarkington has immortalized in print. For the main incidents of his picture Mr. Neilan has drawn upon the formation of the American Boys Protective Association, the amateur theatrical "The Children's Pageant at the Table Round," the drink episode; the encounter with Rupe Collins, tough boy; and the capture of two notorious bandits.

For his settings the director has chosen a typical rural town of perhaps 50,000 population. Penrod's father and mother represent middle class people with inordinate pride in their only son and caustic regret over the necessity for administering chastisement upon him.

Other characters in the town, the energy man, constable, society promoters of dramatic events and dancing school enthusiasts, have been re-

Freckles Barry plays the title role. Assisting him is a large ensemble of juveniles and a sprinkling of adult actors, including Marjorie Daw, Tully Marshall and Eugene Bessner.

LOUISE LOVELY TO MAKE MOTION PICTURES ON STAGE

Will Be Drawing Card at Royal Next Week

Famous Screen Star Brings Unique Attraction

The Public are always crying out for something new in theatre attractions—and when Manager Denham of the Royal Theatre, looked Miss Louise Lovely, beautiful screen and stage star and her company for his playhouse week of May 8, he was giving to the local public the very latest and best in theatrical entertainment. Never in theatrical history has such a novel combination of entertainment been organized. On the one hand it brings before the public in person a noted and beautiful screen luminary, and on the other, it shows the public that some screen stars can do something besides act before the motion picture camera.

Miss Louise Lovely, star of hundreds of the biggest picture successes, brings with her an entertainment which has crowded box offices throughout the South. Just fresh from her triumph in San Francisco, she is making a tour of the Northern States. She will present first a big headline vaudeville playlet, which she has starred in throughout the whole of England, Australia and the Continent. Miss Lovely played it in Orpheum vaudeville before she entered pictures as a star. It is entitled "Their Wedding Night" and is replete with smart lines and very interesting and unusual situations.

In this act she is supported by Mr. Wilton Welch, the noted English actor.

Next, Miss Lovely presents for the first time on any stage, her original production, "A Day at the Studio," in which she shows the inner workings of a motion picture studio. She brings her own studio equipment and cameraman, electrician and assistant.

director, and will actually make motion pictures in full view of the audience. Miss Lovely will select from the audience at Matinees several children and play a motion picture scene with them before the camera. At the evening performances she will select young ladies from the audience and give them the opportunity of working before the camera. Miss Lovely will direct them in scenes from a picture and show them just what to do. It will be a wonderful and valuable opportunity for young ladies to see themselves upon the screen.
