## ITALIAN PEACE DELEGATES RETURN TO PARIS

### BELGIAN GOVERNMENT WILL SIGN THE PEACE TREATY AS PREPARED

**Decision Made at Meeting of Cabinet; Attention of Powers Will Be Drawn to Restoration of Belgium and Freedom of the Scheldt**

Brussels, May 5.—The Belgian Government has decided to sign the treaty of peace, which was discussed at a Crown Council held here last night, it is announced. The Council met at the Palace at 8 o'clock and continued in session until midnight.

Paul Hymans, Minister of Foreign Affairs, and head of the Belgian delegation at the Peace Conference, speaking for himself and for his colleagues, Emile Vanderveelde and M. Vandenhuevel, who remained in Paris, completely outlined the situation and gave a review of the peace terms. He expressed the opinion that the treaty as it now stood gave honorable and satisfactory terms to Belgium and recommended that it should be signed.

The Council unanimously endorsed M. Hymans' view, but was equally unanimous in expressing the opinion that the attention of the powers should be drawn to the financial and economic situation in Belgium and to the necessity that the Allies assure Belgium of support looking to her economic restoration. The Council was further of the opinion that the Allies should be asked to support the institution of negotiations with Belgium regarding the settlement of the question of the freedom of the Scheldt and the waterways of East Belgium.

### MONTEAGLE BRINGS HOME FIRST COMPLETE UNIT OF CANADIAN-SIBERIAN FORCE

With the first complete unit of the Canadian-Siberian Expeditionary Force aboard repatriated from Vladivostok, the Canadian Pacific Ocean Services liner Monteagle reached this port to-day. The Monteagle brought across the Pacific fifty-six officers and 1,026 men of other ranks, including a contingent in charge of six officers for Victoria. In addition to her military complement the liner carried thirty-five passengers in her saloon accommodation.

**Scarlet Fever Case.**  
About noon the Monteagle arrived at William Head, and owing to the discovery of a case of scarlet fever aboard the ship was detained longer than usual by the quarantine authorities.

### GREAT SCENES AT BANQUET TO-NIGHT

One Thousand Men and Boys Will Gather in Y. M. C. A.; Greatest Meeting in City

When the Y. M. C. A. goes over the top tomorrow morning on its drive to obtain \$29,000 with which to execute an extensive programme of work amongst the boys of this city, and also to carry on its patriotic work amongst the soldiers, it will have the whole-hearted support of the citizens of Victoria. For days past the men in charge of the drive have received numerous promises of financial assistance, and as a result of the friendly feeling prevalent in the city the rival teams are filled with enthusiasm, and believe that they will easily reach their objective by Saturday night.

The campaign will receive a brilliant inauguration this evening, when two separate banquets will be held at the Y. M. C. A., at which 1,000 men and boys have announced their intention of attending. At 5:45 o'clock about 400 boys will assemble in the boys' department. A. E. Foreman will preside, and after the boys have enjoyed the repeat they will form up and parade into the gymnasium carrying banners, lettered with inscriptions asking support for the boys. In the great gathering will be the boys of the High School and public schools, newboys, lads from the work-shop and from the land. It will be truly representative of the boy life. The band from the University School will head the boys' procession.

At 6:15 o'clock the men's banquet will be held in the gymnasium, and this is expected to be the greatest representative congregation of men that the city has ever seen. At the speakers' table seats have been reserved for His Honor the Lieut.-Governor, representatives of the Provincial Government, Mayor Porter and the aldermen of the city, Reeves of Oak Bay, Sanborn and Esquimalt, Presidents of the Board of Trade, Trades and Labor Council, Y. M. C. A., Prohibition League, Canadian Club, Rotary Club, G. W. V. A., Comrades of the Great War, Army and Navy Veterans, British Campaigners and Victoria West Brotherhood.

### SIR ARTHUR CURRIE LED BIG PARADE OF OVERSEAS FIGHTING MEN IN LONDON

London, May 5.—Residents of the West End of London turned out in force Saturday afternoon to welcome 11,000 overseas troops, who marched through the main streets and were reviewed by King George at Buckingham Palace. Canada, Australia, New Zealand, South Africa and Newfoundland were represented among the troops. Every arm of the overseas armies was represented in the parade, while famous Canadian airmen flew overhead.

Lieut.-General Sir Arthur Currie, commander of the Canadian army, with his Staff, including Prince Arthur of Connaught, headed the procession, each unit being headed by its commanding officer and his staff. Special facilities were provided for children.

Thousands viewed the parade and conclusion of the parade in London of troops of the Overseas Dominion Saturday afternoon the following message from the King was handed to each man:

### HOHENZOLLERN NOW WISHES TO LIVE ON ESTATE IN GERMANY

Berlin, May 4.—Via London, May 5.—Former Kaiser Wilhelm has requested the German Government to be allowed to return to Germany and reside on his estate at Kadinen, according to a semi-official statement issued here.

### ROUMANIANS STILL ARE MOVING AHEAD

Troops Advancing Along Whole Front in Hungary; 2,000 Prisoners Taken

Geneva, May 4.—Via London, May 5.—Roumanian forces are advancing along the whole Hungarian front and have captured 2,000 prisoners, including many Austrian and German soldiers, according to advices received here from Budapest. One hundred and fifty carloads of war material also have been taken.

Advices to Geneva from Bucharest and Hermannstadt dated May 3 said Roumanian forces had entered the city of Arad, 145 miles southeast of Budapest, and had occupied the Gasp bridgehead on the Theiss River, north of Arad. Everywhere the Roumanian and Allied forces were being welcomed as liberators, it is said.

### A Secret Plenary Session of Peace Conference Tuesday

Paris, May 5.—A secret plenary session of the Peace Conference has been called to meet at 3 o'clock to-morrow afternoon at the French Foreign Office. The session will be held for the presentation of the peace treaty to the smaller powers.

### Czecho-Slovak War Minister Is Killed When Plane Falls

Copenhagen, May 5.—General Milan Stefanik, the Czecho-Slovak Minister of War, was killed near Wajnor, Hungary, Sunday, when an aeroplane in which he was traveling crashed to the ground, a dispatch from Presburg says. Two Italian officers who were with him also were killed.

### An Attempt on Life of Gen. Horvath Was Made at Vladivostok

Vladivostok, Siberia, May 2.—(By W. E. Playfair, Canadian Press Correspondent)—An attempt was made with bombs on the life of Gen. Horvath recently, Canadian soldiers assisted in the capture of the assassins.

### Landauer, One of Bavarian Soviet Ministers, Killed

London, May 5.—Gustav Landauer, Minister of Enlightenment in the Bavarian Soviet Government, who recently fled from Munich, has been shot by Government troops at Bamberg, according to a dispatch from Zurich to the Exchange Telegraph.

### Queensland Has Influenza Epidemic

Brisbane, May 5.—(Reuter's)—Pneumonia and influenza have broken out here and the Government is closing the theatres and stadium. Queensland hitherto had been free from this disease.

### Speaker of Alberta Legislature Very Ill

Edmonton, May 5.—Hon. Charles W. Fisher, Speaker of the Legislature of Alberta, is very low. A consultation by doctors was held last night and no hope for his recovery is held out.

### RESUMES HIS PLACE AT PEACE TABLE; PREMIER ORLANDO

Hobart, Tasmania, May 5.—Reuter's A conference of state labor men has rejected the One Big Union proposition.

### Tasmanian Labor Leaders Throw Out One Big Union Plan

Hobart, Tasmania, May 5.—Reuter's A conference of state labor men has rejected the One Big Union proposition.

### Revolutionists Do Battle at Sofia

Fight Government Troops; Object is Founding of Soviet Government

Berlin, May 4.—Via London, May 5.—A rebellion against the Cobourge dynasty at Sofia is reported in a dispatch to The Aht Uff Abendblatt. Sanguinary fighting has been going on between Government troops and the revolutionists, who demand a Soviet Government.

### NAVAL EVENT AT LONDON AS PART OF PEACE CELEBRATION

London, May 5.—Reuter's learns that during the peace celebration a public reception will be held of naval units; in which Admiral Sir David Beatty will participate. The arrangements include the public visiting of different ships, some of which will be brought up the Thames for this purpose.

### Ruth Garrison on Trial in Seattle

Seattle, May 5.—Miss Ruth Garrison, an eighteen-year-old Seattle girl, went on trial here to-day charged with the murder of Mrs. Grace Glatz Storr. Crowds thronged the courthouse to attend the trial. The corridor outside the courtroom was packed, only a few spectators being admitted.

### Collishaw's Men to Go to Crimea

London, May 5.—Lieut.-Col. Raymond Collishaw, the noted Canadian aviator, states that his plans are well advanced for the squadron of Canadian airmen which he will take to Russia, where it will serve in the Crimea. One of his difficulties lies in the fact that he has more than 1,000 volunteers, including flight officers of many kinds, to select from. This selection to date includes: Capt. Donald McLaren, of Listowel, Ontario; Capt. Kinhead, Toronto; Major A. D. McArthur, New Brunswick; Capt. A. Rose, Moose Jaw; Lieut. Smeaton, Toronto; Ken Macdonald, Victoria; Y. Curtis, Toronto, and J. Green, Winnipeg. The squadron hopes to leave England this month. The period of service has not been definitely fixed.

### PREMIER ORLANDO AND SONNINO TO ARRIVE IN PARIS WEDNESDAY MORNING TO ATTEND CONFERENCE

Departure of Italian Representatives From Rome To-night Announced in French Capital; Ambassador to Britain Stits With League Executive

Paris, May 5.—Vittorio Orlando, the Italian Premier, and Baron Sonnino, the Foreign Minister, are to return to Paris, it was officially announced this afternoon. They will take a train from Rome for this capital to-night.

In the meantime it had been announced that Marquis Imperiali, the Italian Ambassador at London, had been designated to participate for Italy in the meeting this afternoon of the Executive Committee of the League of Nations.

The information regarding Premier Orlando and Foreign Minister Sonnino came from the Italian Ambassador in Paris. He transmitted it to the French Foreign Minister, who immediately informed the head of the Allied Governments.

### PLAN TO PRESENT TREATY THURSDAY

Allies Will Hand It to Germans Then, Say French Papers

Paris, May 5.—It is now certain, according to the French press, that the treaty of peace will be formally handed to Count von Brockdorff-Rantau, the German Foreign Minister, by Premier Clemenceau at Versailles on Thursday afternoon.

The contents of the first five chapters of the treaty already have been outlined, dealing with the proposed German frontiers, territorial changes, the former German colonies and the military, naval and aerial features of the pact. The sixth chapter will define the status of prisoners of war and the seventh will concern the responsibility of the former Kaiser and other Germans for the war. The eighth and ninth chapters will be devoted to phases of the reparation problems and financial clauses. The tenth will deal with economic clauses; the eleventh with ports, railways and water communications; the twelfth with international labor; the thirteenth will embrace guarantees; and the fourteenth will contain general clauses dealing with ratification.

### ORDER WHICH MADE LIMERICK MILITARY AREA WITHDRAWN

Limerick, May 4.—General Griffin, military commander, has withdrawn his proclamation constituting Limerick a special military area.

### Austrian Delegates Conferred in Vienna

Paris, May 5.—The Austrian delegates who will come to Paris to negotiate the treaty between their country and the Allies, met in Vienna on Saturday.

### Finnish Red Guards Now Said to Be Masters of the City of Petrograd

London, May 5.—Finnish Red Guards are now masters of the situation at Petrograd, according to a dispatch from Copenhagen to The Mail. They have arrested members of the Danish Red Cross in that city and it is reported they intend to march against the Finnish White Guards.

Reports were received on Saturday from Paris that Finnish forces had occupied Petrograd, but the identity of the troops at the Russian capital was not established.

London, May 5.—A state of siege was proclaimed in Petrograd Sunday, according to a wireless message from Tarasov-Seio. The Soviet Government has appointed a Committee of Three and given it unlimited power over the city and district of Petrograd.

### FAVORABLE FOR ATLANTIC FLIGHT

Newfoundland Local Conditions Good for Start of Attempt To-day

St. John's, Nfld., May 5.—10 a. m.—Local conditions for flying are favorable to-day. The sky is clear, with a light wind from the northwest.

More Contestants  
St. John's Nfld., May 5.—Another British team of aspirants for trans-Atlantic flight honors has entered The London Daily Mail's £50,000 prize competition. Word was received to-day that Captain Alcock, a pilot, and Lieut. Brown, a navigator, are on the Mauretania having left Liverpool on May 2, and that their machine, a Vickers bombing plane, will follow soon on another vessel.

Advices also said that a Handley-Page machine, another contestant, and its crew had left Liverpool on the steamship Digby for St. John's, the final destination being Harbor Grace, where the start is to be made. The Digby is due here May 11.

### EX-SOLDIER LOST LIFE IN KINGSTON; MURDER, PERHAPS

Kingston, Ont., May 5.—The body of Daniel Galivan, a returned soldier was found yesterday in the ruins of a house here destroyed by fire the night before, and there is a strong suspicion that the dead man was murdered. An examination of the head disclosed that the skull had been fractured, the result of having been struck a hard blow.

**SIR E. KEMP IS ON WAY TO CANADA**

Overseas Minister of Militia is Crossing Atlantic on the Mauretania

London, May 5.—Sir Edward Kemp, the Canadian Overseas Minister of Militia, sailed on the Mauretania on Saturday. It is understood that his principal object is to make a statement in Ottawa regarding Canadian military affairs in London.

Duchess of Devonshire.  
London, May 5.—The Duchess of Devonshire will return to Canada next month. Lord Molyneux, only son of Lord Sefton, and Lord Haddington will go out as aides-de-camp to the Governor-General.

**WOULD ALLOW NO VOTE DURING LIFE**

Ottawa Veterans Want Defaulters and Enemy Aliens Disfranchised for Life

Toronto, May 5.—At a special meeting of the Ottawa branch of the G. W. V. A. yesterday a resolution was passed to be submitted to the Dominion convention in Vancouver, calling for permanent disfranchisement of all defaulters and enemy aliens.

Another resolution asks the Government to make the war service gratuity retroactive to November 11, 1918, for those who served overseas but did not reach the fighting front.

**GERMANS TRY TO REGAIN TOE-HOLD**

British and French Aware of Teutons' Efforts in Trade

London, May 5.—London business men and British manufacturers whose plants are located outside of London are alarmed lest the Germans should again obtain a profitable foothold in the country, and wide publicity is being given all information which tends to show that Germany again expects to do business here.

The latest in the publication of labels which Germans have prepared for the expected trade, and which have been sent to London by soldiers with the army of occupation at Coblenz.

Another resolution asks the Government to make the war service gratuity retroactive to November 11, 1918, for those who served overseas but did not reach the fighting front.

**MRS. E. MARSHALL HAD SUFFERED FOR TWENTY YEARS**

Was on Verge of Despair; Praises Tanlac for Restoring Health

The list of testimonials in behalf of the merits of Tanlac grows daily as new tests of its powers are made. Mrs. H. Marshall, residing at 349 George Street, Winnipeg, in relating her experience with the medicine said:

"I had suffered so long and tried so many things without getting any relief that I had about despaired of ever getting anything to help me. My stomach had been troubling me for at least twenty years. I would bloat up with sour gas after meals and be in misery for hours. I would have awful cramping pains, and have to stop my work and sit down until they were off. I would soon get very tired, and could not work long without stopping to rest. My nerves were all unstrung. I was very irritable and just any little noise would get me all in a quiver. My head ached so bad at times that I could hardly see. I also had rheumatic pains in my right shoulder so bad that I couldn't raise my arm or use it at all, and in the small of my back there was such a severe pain all the time that I couldn't stoop over."

**FOUND GUILTY OF MURDERING GIRL**

Alfred Roberts Sentenced at Prince Albert to Be Hanged

Prince Albert, Sask., May 5.—Alfred Roberts, a returned soldier, was found guilty here Saturday of the murder of Sadie Mae Mulvihill last August and sentenced to be hanged on August 6 next. The jury was out from 1 o'clock to 5:30 o'clock in the afternoon.

Roberts was taken back to the box after the jury had filed in. He showed no signs of emotion and he smiled slightly as he sat down in the dock. The jury, through its foreman, E. K. Kichbright, declared that its verdict was guilty. As the word was pronounced there was a slight exclamation by a woman in the court.

## Do You Still Think It 'Good Enough' to Keep Those Decaying Teeth?

As most people have some decayed teeth—and get along for a time without trouble, it seems to be the opinion of the majority that decayed teeth are not so bad after all.

Now this is quite wrong, for decayed teeth are not only unsightly and insanitary, but they are a danger in the mouth. And not only a danger, but when they commence to ache and hurt and create trouble they are a positive misery, and it is at this time that people go in despair to the dentist's and sacrifice many otherwise good natural teeth.

If your teeth need attention, and it is ten to one they do, come to the dentists who make a specialty of the saving of teeth—the dentists whose past record for service and satisfaction is your safe guide to quality and economy.

TEN YEAR GUARANTEE GIVEN—modest prices asked—and the full advantages of our pay as you can plan. Open each Monday, Wednesday and Friday evening. Phone 3524 for appointment.

## TWO VANCOUVER WOMEN LOST LIVES

Another Seriously Injured When Steam Mangle in Laundry Exploded

Vancouver, May 5.—Two women are dead and a third is lying seriously wounded as the result of the explosion of a steam mangle at a laundry here Saturday afternoon. Mrs. Joseph Phillips was the first to succumb late Sunday morning, and her death was followed late Sunday night by that of Margaret Cawley. Miss Lillian Muncy is in hospital suffering from scalds, but is expected to recover. The mangle, it is said, was carrying a head of fifty pounds of steam when the explosion occurred, striking down the three women who were at work and enveloping them in scalding steam. An inquest will be held.

### DIVORCE

Regina, May 5.—The G. W. V. A. of Regina has gone on record as favoring the immediate amplification of the divorce laws so that the average working man may invoke them in case of necessity without the present expense, and, further, that the various provinces have their own divorce courts. The resolution covering this matter passed without a dissenting vote, and the discussion which preceded it the views of the veterans were freely expressed.

## BOLSHEVIK CRAFT REPULSED BY ALLIES

Enemy Gunboats on Dwina Could Not Approach Allied Positions

Archangel, May 1.—(Associated Press)—Allied forces succeeded yesterday in repulsing the first attack by Bolshevik gunboats on the Dwina. The enemy fleet attempted to approach the positions held by the British, American and Russian forces on the right bank of the river, but failed, the Allies having guns mounted which covered all parts of the channel.

Artillery fire continues from both the river flotilla and the Bolshevik batteries at Puzos, but up to the present no Allied casualties have been reported.

### Vaga Sector

On the Vaga sector the Bolsheviks suffered heavy losses yesterday when, after a long bombardment, they attacked the village of Berezenik, which was defended by Russian and British infantry and United States engineers. Moving to the north of the village, the Bolshevik infantry attempted to penetrate the Allied wire entanglements. They were completely repulsed, leaving thirty or forty dead in front of the wire defenses and more in the forest nearby. Artillery fire continues in this sector. The Allied casualties there yesterday were only four wounded.

## CASUALTIES AMONG CANADIAN SOLDIERS

Ottawa, May 5.—The following casualties have been announced:

- Infantry—Pte. E. N. Lee, Victoria.
- Reported died—Spr. R. S. Campbell, Victoria.
- Machine Guns—Previously reported missing, now for official purposes presumed to have died—Pte. W. T. Unwin, Vancouver.
- Services—Pte. W. D. Murray, Vancouver.

## IMPOVERISHED BLOOD

Here's Proof That Vinol Enriches the Blood.

Bradford, Pa.—"I have used Vinol for impoverished blood. I was broken out with a rash and rundown as it was hard for me to keep about my work. After trying Beef, Iron and Wine and other medicines without benefit, Vinol enriched my blood and improved my condition very rapidly."—Rose Lasky.

There is no secret about Vinol. It owes its success in such cases to beef and cod-liver peptides, iron and manganese pentonates and glycerophosphates, the oldest and most famous body building and strength creating tonics. D. E. Campbell and at the best Drug Stores in every town and city in the country.

## TRYING TO RESTORE ORDER IN MUNICH

National Government to Withdraw Troops Soon as Situation Tranquil

Berlin, May 4.—Via London, May 5.—The German Government has announced that its troops will be withdrawn from Munich as soon as order has been restored.

A dispatch filed in Berlin on Saturday night said Government troops had captured the whole of Munich, with the exception of the Gauton quarter, where the Communists had made frequent attempts to negotiate in order to secure more favorable conditions. Premier Hoffman, however, had reiterated his demand for unconditional surrender.

The Communists made a bitter defence, but it proved ineffective. The dead were estimated to number 200.

According to a dispatch from the Zurich correspondent of the Exchange Telegraph which reached London yesterday, Bavarian Spartan forces blew up a train crowded with Republican troops near Munich. Three hundred dead soldiers, the message added, had been taken from the wreckage.

## STOMACH UPSET?

Pape's Diapepsin at Once Ends Dyspepsia, Acidity, Gas, Indigestion.

Your meals hit back! Your stomach is sour, acid, gassy and you feel bloated after eating or you have heavy lumps of indigestion pain or headache but never mind. Here is instant relief.

Don't stay upset! Eat a tablet of Pape's Diapepsin and immediately the indigestion, gases, acidity and all stomach distress ends.

Pape's Diapepsin tablets are the surest, quickest stomach relievers in the world. They cost very little at drug stores.

## AN INDEPENDENT COAL MINES BOARD

Industrial Commission at Calgary Hears Suggestion for Western Coal Mines

Calgary, May 5.—Appointment of an independent board to take control of the coal industry in the West was strongly urged in a memorandum presented by the Western Coal Operators' Association to the Industrial Relations Commission in this city on Saturday.

"Such a board," the memorandum stated, "should in our opinion include one man thoroughly familiar with the problems of the operators, one man familiar with the problems of the workmen, and a third with such experience and qualifications as would command him to all as a reliable chairman. The industry has reached a point where although permission is granted to sell coal at a given figure, it is impossible to do so on account of competition from other fields, chiefly American."

Practically the whole of the afternoon session of the convention was devoted to consideration of the problems of the coal industry, and the operators appeared to be unanimously of the opinion that joint councils of employers and employees could not bring harmony in the industry at the present time because most of the miners—eighty-five per cent. of them, according to a Drumheller operator—were foreigners whose ignorance made them a prey to agitators. Were the proportion of English-speaking employees large, industrial councils might prove of value, but most of these men had been overseas during the war and many were unfitted by their war service for further work in the mines. The operators proposed that if a control board were appointed in accordance with their memorandum, it should have similar powers to those possessed by Mr. Armstrong, the war-time Director of Coal Operations for District No. 11.

Miners Not Represented.

The miners were not represented before the Commission on Industrial Relations on Saturday. The operators were represented by W. E. McNeill, secretary of John Shanks, manager of the Brazeau Collieries; Jesse Gouge, an operator; and W. S. Henderson, an operator of Drumheller.

Mr. Henderson, when questioned by a member of the Commission, declared that he did not believe that private ownership now made for efficiency in the coal industry, and thought that power to nationalize it might be given to the proposed board. Mr. Gouge also admitted that nationalization might legitimately be carried out through such a board.

Markets.

W. F. McNeill said the markets of the British Columbia mines were in Montana and Washington, and those of the Alberta mines in Alberta, Manitoba and Saskatchewan. Freight rates hampered the operators in competing with American hard coal in Manitoba.

John Shanks, manager of the Brazeau collieries, described in detail the arrangements made between his company and its employees. They were situated 120 miles west of Red Deer and six miles from the nearest village. The Government leased land to the miners through the company, which erected four-roomed houses at a cost of about \$900, and rented them to the employees at \$10 a month, and five-roomed houses at \$15 a month. A subsidiary company ran a store in the mining village.

The desire for better working conditions was one of the primary causes of discontent, which had become acute since the war began in 1914. "Blanket men," who brought their own blankets and slept in bunkhouses formerly, now were not content with such conditions. A hospital charge of \$2 a month was made, and for this a doctor was engaged, and he paid a nurse and many young boys were employed, and when they had earned a considerable sum they went away to the cities and towns.

J. H. Booth, representing the C. P. R. telegraph operators, said an industrial council would make for greater efficiency and greater harmony, because it would enable men to learn the value of their own labor, and afford them scope for ambition.

Bad Winter.

"I believe that next winter will be the worst in our history," said Mayor Marshall, "and I believe this for various reasons. One reason is that there will be a large number of returned men whose post discharge pay will have run out."

He urged that Dominion, Provincial and Municipal Governments should agree upon a common building policy, whereby as much as possible of the work on various buildings should be completed in the winter, when labor was most in need of employment. The mayor did not think that the unrest had been caused entirely by unemployment. The men of the West were beginning to assert themselves. Evolution must not be held back.

Questioned by Mr. Harrison, the Mayor said that the most conspicuous cause of friction in the municipal service here concerned the street railway. This friction had occurred when the employees were not completely unionized.

He thought it always preferable to deal with organized than with unorganized labor.

Transformation.

Complete transformation of the organization of society by the elimination of private profit and nothing less radical, will satisfy the aspirations of the organized workers of Alberta, as expressed by their representatives before the Commission. Speakers whose views were moderate, and others who professed little faith in tentative measures, were agreed that questions of wages and hours of working conditions are subsidiary to a common aim, the substitution of "production for use" for the present system of production for profit. That this aim can and will be realized in the near future was the conviction of witnesses who claimed to have an intimate knowledge of the purposes of organized labor in Alberta, while it was significant that none of the representatives of employers who appeared before the Commission was prepared to express an opinion definitely against the nationalization of the major industries, while one of the witnesses for the coal operators confessed that private ownership of the industry was inefficient, and suggested that the Government should take over the mines, if thereby

## could establish harmony in the industry?

Councils.

There appeared to be a disposition on the part of the labor representatives, at least, to give a trial to some system of industrial council, on which employers and employees should be equally represented a council which would have authority not only to deal with shop conditions, but also to examine the books and obtain information upon profits and all matters affecting industries. Fred White, of the Typographical Union, one of the delegates from the Calgary Trades and Labor Council, believed that under such conditions employees should be invited to accept a share in the profits of the industry. They also would be willing to share the losses.

Speaking of the experience of the Typographical Union in this city, Mr. White said he was sure that industrial councils would prove beneficial. The union representatives now met the employers of the jobbing offices monthly to discuss various matters connected with the industry, though not at present questions of management.

That there are 1,000 unemployed in the city was Mr. White's estimate. This figure was subsequently questioned by the Mayor.

WILL RETURN TO PARIS.

The announcement comes from Paris that following negotiations between the Council of Three and Rome the Italian delegates will return to the French capital on Wednesday. Whether those negotiations suggested a solution of the impasse satisfactory to both sides or not a short time will disclose, but the fact that Premier Orlando and Foreign Minister Sonnino are returning is a hopeful sign.

Undoubtedly, the Orlando Government is much stronger than it was before it withdrew from the Conference and it may feel that it is better able to agree to a reasonable compromise than it was a few weeks ago. Up to that time its position was none too secure, but the agitation over Fiume, for the time being, has stifled the opposition which daily was becoming more formidable. The Premier and his Foreign Minister, however, are in a position to appreciate certain larger aspects of the situation which have not yet been brought within the purview of the Italian people, and this may facilitate an amicable settlement of the dispute.

Premier Orlando has asked the Italian press to show more restraint in its comments on the Adriatic issue, particularly in its references to Italy's Allies and the United States. The Premier's request is very much to the point especially in its relation to Italy's welfare. Wild accusations of treachery and declarations that the Peace Conference must not negotiate with Germany without Italy's participation or consent or, in other words, unless the Adriatic question is settled absolutely according to Italy's wishes, are not conducive of an amicable outcome of the difficulty nor in Italy's best interests.

The peoples of the Allied countries are strong well-wishers of the Italian people, but if their friendly sentiment were turned into hostility by the provocative comments of the Italian press and such publicists as D'Annunzio, Italy would suffer more than anybody else. Without aid from her associates in money, fuel and other commodities she could not recover from the war. Only last week she asked for and obtained a credit of \$50,000,000 from the United States Government, which makes her total indebtedness to the republic considerably more than \$1,000,000,000. Premier Orlando and Baron Sonnino have discussed the question with admirable dignity and restraint. In this they have set an excellent example for the Italian press which it should faithfully follow.

VICTORIA TO SIDNEY SERVICE.

Since the last day of April there has been no direct railway service between this city and Sidney. The general manager of the Victoria and Sidney Railway Company informed the civic authorities, the Board of Trade and the Provincial Government some time ago of the company's intention to suspend its operations on April 30.

Lack of adequate transportation facilities between the two points is a serious matter and particularly serious for Sidney. It is to be hoped that the representations made to the chairman of the Board of Railway Commissioners by Premier Oliver and by the Victoria Board of Trade will succeed in obtaining early action. There should be very little difficulty in arranging the matter.

When in the city recently the President of the Canadian National Railways appeared to see no very great obstacle to prevent the conversion of this short stretch into a branch of the Canadian National's system on Vancouver Island. This is a case for the moment, however, in which an order of the Board of Railway Commissioners to revive the service in some form is wanted quickly.

IN HUNGARY.

The situation in Hungary, as everywhere else in middle and eastern Europe, is rather obscure, but apparently three armies are marching toward Budapest the Hungarian capital. One is a Czecho-Slovak force from the north, another is an army of Roumanians and anti-Bolshevik Hungarians, which is advancing from the east and southeast, while the third seems to be a Franco-Serbian army under General Berthelot, which is marching from the south.

None of these forces wants an inch of Hungarian territory, but all of them are determined to make Hungary give up districts rightfully belonging to the Czecho-Slovaks and the portions of Transylvania which belong to Roumania, as specified in the armistice conditions, and according to the principles underlying the negotiations which preceded the armistice. They also are determined to put an end to the anarchy into which Karolyi threw the country when he turned it over to the gang of adventurers who are playing into the hands of the Magyar element which had so much to do in association with Prussia in instigating the war.

This element no sooner had obtained control of the Government than it formed a military alliance with the Bolsheviks in Russia in the hope of retaining its grip on Transylvania and Slovakia through Russian assistance and suppressing the nationalistic aspirations of other racial elements in the Near East. Lenine and Trotzky sought per-

mission from the Ukraine to send an army into Hungary and when the Ukraine objected they tried to force a passage. It is now reported that the Ukraine and the Russian Bolsheviks have formed an alliance to drive the Roumanians out of Bessarabia and if this report be correct, it may be that the Russian soviet forces will be permitted to enter Hungary if assistance is given by them to the Ukrainians to regain Bessarabia. In that event it is essential that the operations in Hungary be brought to an end quickly in order that Roumania may confront the menace to her rear.

SATURDAY'S FLIGHT.

Notwithstanding adverse wind conditions the Curtiss aeroplane on Saturday afternoon flew to Sidney and back in thirty-two minutes. This is nearly half the distance between the aerodrome and Vancouver, so we are entitled to look to a successful flight across the Gulf under the same skillful direction when this more ambitious enterprise is attempted. The feat shows what can be accomplished in the way of time saving by these machines, particularly in the delivery of mail or other important communications, and must have opened the eyes of numerous sceptics to the possibilities of commercial aerial navigation. We congratulate the energetic young men of the Aerial League on their initial success.

WHAT THE WAR DID.

When Mr. Lloyd George delivered his famous Limehouse speech a few years ago his idealism won for him about as whole-hearted a detestation from certain quarters as it was possible to provoke in one platform utterance. And nobody could have foretold at that time that a common peril was destined to bring about automatically many of the reforms advocated by him in that self-same speech. As a matter of fact, much of the Limehouse ideal has been actually realized during the past four and a half years, while, strangely enough, some of those people who were so loud in their denunciation willingly submitted to the demands of the hour and figuratively patted the little Welshman on the back.

But it was never to be supposed when the British Prime Minister coined the celebrated phrase, "the idle rich," that the day was so near at hand when the great landowners of England would literally rush their broad acres into the open market under the general demand for small holdings. This is nevertheless the case and their belief now in the principle of small ownerships is almost pathetic. Why, the disturbance of a shooting preserve five years ago would have been regarded as a species of sacrilege! To-day, however, the big estates have gone to the hammer—and to the profiteer. This latter phase is the fly in the ointment.

It has been discovered that many of the larger estates, ostensibly disposed of for parcelling out to soldier agriculturists, have changed hands so many times during their transition stage that considerable difficulty is being experienced in tracing the real owner. So if it is to be made possible for the soldier to get his few acres at a fair price it looks as if Mr. Lloyd George will have to take a hand in the complete fulfillment of his ideas.

LUMBER PROSPECTS BRIGHT.

In an interview published in the coast newspapers a few days ago R. A. Dailey, a member of the American Export Lumber Corporation, just back from Europe, expresses the opinion that there is a large overseas field for coast lumber. But he differs from the view of the former Lumber Commissioner for British Columbia in that he sees little immediate demand. On the contrary he believes that fully twelve months will elapse before lumber will begin moving in large quantities, while Mr. Beale—although, perhaps, looking at the question from a somewhat localized angle—saw substantial requirements at once. For that reason he declared that British Columbia's opportunity lay in her ability to deliver consignments on the other side at such a price and with such rapidity as would discourage the European buyer against the Scandinavian market.

Mr. Dailey is not optimistic, for he says that when the real demand does come, it will be enormous and likely to extend over a period of ten or fifteen years. There is no doubt, of course, about the lumber requirements of Europe, and it is reasonable to ascribe a certain hesitancy in increasing obligations—already difficult to bear—on account of an uncertainty about the amount of indemnity Germany will be made to pay to Belgium and France. Credits should be stabilized fairly rapidly, however, and the release of bottoms for the general carrying trade concurrently should assist business for this part of the world. These are matters, moreover, that will no doubt be discussed with Sir James Ball when he reaches this coast, for largely upon his advice it is expected British Columbia will shape her overseas lumber business.

THE ALTERNATIVE TO THE LEAGUE.

If anyone thinks that Mr. Wilson or Mr. Taft rate the moral claim of the cause too high, let him consider for a moment what is the only alternative in prospect. It is a renewed competition of armaments, with another war at the end of the vista. There is no third possibility. The present generation throughout Europe knows what a modern competition in armaments means, and what a modern war means, as no generation anywhere has ever known before. There may be people in the United States who realize it less vividly; before 1914 the United States seemed a long way from Europe, and Europe's favored race of armaments barely reached it at all. Those days can never return. America is henceforth part of a single world community in which, if one of the continents suffers, all will suffer.

WHAT DOES "NATIONALIZATION" MEAN?

If the Government says the word "nationalization" for railways and coal, there must immediately follow a careful and searching inquiry of what the thing means, of the terms on which it is to be carried out, and of its results to the public. There must also be a new rule found to govern the relations to the Government of miners and railwaymen, who will then be State servants, and will necessarily have to modify the attitude that they take up to the private employer.

GREAT SCENES AT BANQUET TO-NIGHT

(Continued from page 1)

Soldiers to Speak. Capt. George McGregor, Chairman of the executive committee of the association, will preside at the banquet. Among those who will speak briefly are: Lieut.-Col. Lorne Ross, D.S.O.; Kenneth Duncan, M.L.A.; Lieut. Chas. Stromach, M.M.; and Major George Hall, D.S.O., all of whom have seen active service on various fronts and known a great work which the Red Triangle Club has done for the soldiers. H. Ballantyne, national secretary of the Y. M. C. A.; Thomas Watson, ex-Fire Chief; and Dr. M. Raynor will also say a few words.

One of the great features of the banquet will be the presence of ex-Mayor Cotterill, of Seattle, who has consented to deliver a very short address, despite the fact that he has to address a mass meeting later in the evening. Owing to the fact that many of the men who attend the banquet have other engagements to keep during the evening, all speech-making will be short, brief and to the point. Capt. McGregor announced that he will close the meeting at 7.45 o'clock, which will enable all subsequent appointments to be kept.

A Thorough Canvass. Fred McGregor and Dr. Raynor, who are directing the campaign, state that they have forces completely organized for the great assault on the liberal biases and criticisms of the Y. M. C. A. They have twelve teams, each consisting of twelve men. The city has been divided up into twelve business and twelve residential districts. These will be carefully canvassed during the week. On Saturday the campaigners will take their motor cars and sweep through the Esplanade and Victoria streets, and also the Metchouk district.

There is a strong feeling of respect in Canada for the work the Y. M. C. A. has done for her fighting sons. In the early days of the war the association was ill-prepared to care for the boys, being in a similar position to the British army, having been called upon to assist a task which was beyond the scope of its organization at that time. But as the time went by and just as the British army constructed and built up its gigantic force, backed by a preponderance of artillery, tanks and other arms of the service, so did the Y. M. C. A. respond to its duty, and when the war concluded it had a system which was a marvel of organization. One of its greatest achievements was the establishment of the Beaver Hut in London, which was the finest in the great metropolis. The system of huts in the billeting areas in France and the forward "Y" main-tains in dugouts, old cellars or suitable buildings in the forward area, where every once in awhile the boys were able to get Canadian biscuits, chocolate and preserves. There was something which everyone was forced to admire.

While the great duty in France is finished, the Y. M. C. A. still considers that it has a work to continue in England and Canada. At Esquimaux, Resthaven, Qualicum and Macaulay the association has still a great work before it. For some time the maimed heroes will be undergoing treatment, and concerts and entertainments will have to be provided to see that they receive some enjoyment from life.

The Boy First. While the officials believe that the soldier work is of vital importance, all believe in carrying parallel with it a grand programme of boys' work. This year the association will obtain the best boys' secretary that can be found, and he will be instructed to conduct a vigorous work amongst the boys of the city, with a view to getting as many into the association as possible.

Last evening appeals were made in all the city churches asking the people to support liberally the cause of the Association.

The executive committee of the Victoria District, which is in charge of the campaign, is as follows: George McGregor, Chairman; James H. Fleiter, vice-chairman; F. B. Pemberton, honorary treasurer; J. M. Graham, secretary; J. O. Cameron, J. W. Spencer, S. J. Drake, Lindley Crause, K. C.; George Bell, M. L. A.; Edwin Tomlin and William Lothian, F. M. McGregor and Dr. Raynor are the joint campaign directors.

The report of the 1918 Red Triangle Fund is as follows:

Table with financial data: Total amount collected, \$24,521.47; which was disbursed by F. B. Pemberton, the honorary treasurer, as follows: Paid to Provincial Treasurer, \$12,000.00; National Council of Y. M. C. A., \$12,000.00; Paid campaign expenses—printing, stationery, advertising, postage, stenographic, Dr. ersk, accountant, etc., \$72.22; Paid to treasurer, Victoria Y. M. C. A., \$11,798.24; Total, \$24,521.47. The money received by the local Association from this joint fund was expended as follows: Interest, \$4,069.00; Fire Insurance, \$1,544.00; City Taxes, \$1,573.00; Rentals, Heating and Fuel, \$1,731.00; Miscellaneous, \$1,731.00; General maintenance, \$1,131.00.

SIR ARTHUR CURRIE LED BIG PARADE OF OVERSEAS FIGHTING MEN IN LONDON

(Continued from page 1)

Officers, non-commissioned officers and men in the overseas force. "It is with a heart full of pride and gratitude I take your salute to-day as you march in triumph through London. The peoples of the British Dominions beyond the seas, by their instant readiness to share in the trials and responsibilities of the great war, have shown to the world the unity of the British Empire. You, with our comrades from the mother country, with one another in noble deeds which forever will be held in proud remembrance. Readily you adapted yourselves to changing conditions of a new and formidable kind of warfare, and endured physical hardships and exacting mental strain.

Initiative. "Whether on the plains of Flanders, the heights of Gallipoli, in France, in Palestine or in other theatres of war, you displayed gallant endurance and defence and vigorous initiative in attack. We and future generations will never forget the part played by the Canadians at the Second Battle of Ypres and on Vimy Ridge, by the Australians and New Zealanders at Gallipoli, and in the advance in France in the spring of 1917 by troops of all the three Dominions. In the breaking of the Hindenburg Line last year, and by the South African brigade at Delville-

Wood and the Royal Newfoundland Regiment at Monchy-le-Preaux.

"Now, in the day of victory, I wish to express to you who represent the overseas forces my unbounded admiration for your splendid feats of arms and the sacrifices you made. I wish you all Godspeed on your homeward journey, with the hope that the outcome of this struggle will assure peace to your children and your children's children."

Press Comments.

"The march of the Dominion troops has been made the theme of editorial and special articles in the leading newspapers.

It is pointed out that the Victoria Cross was never so hard to win as in the recent war, yet the number conferred on overseas soldiers is greater than the crosses gained in all arms in any previous campaign with the exception of the Indian 'utiny."

The Times prints a detailed account of the deeds of Canadians and Newfoundlanders, and says the final effort of Canada during the last hundred days is worthy of her sons who under General Currie proved second to none in battle.

The Telegraph concludes an eloquent narrative of the wonderful record of the Canadians with a tribute to General Currie, a fine civilian soldier who is one of the outstanding personalities of the war among the high officers of the Imperial army.

MONTEAGLE BRINGS HOME FIRST COMPLETE UNIT OF CANADIAN-SIBERIAN FORCE

(Continued from page 1)

one of the steamers operating in the gulf service.

Fourth of Corps

The Monteaule brought back about a fourth of the Canadian Expeditionary Force, which had left British Columbia late in December. There were 1,025 men and fifty-five officers with this detachment drawn from various arms of the unit which had proceeded to Vladivostok from the Willows Camp and Hastings Park. It has already been announced that the detachment which returned to Canada to-day will be followed by two others on the Empress of Japan and the Empress of Russia, the three sailings being considered sufficient to transport the expeditionary force.

Although this debarcation was the first effort to repatriate the men who served in Siberia from Canada, already on the Empress of Japan a number of invalids had been sent home in charge of Lieut. F. H. French, well-known as the leader of the Bathurst Island patrol when engaged with the Royal Northwest Mounted Police.

The doings of the Canadian Expeditionary Force in Siberia have been kept before the public from time to time by W. E. Playfair, resident correspondent of the Canadian Press. While the officers who had been accustomed to the heroic incidents of the Great War on the French and other fronts have apparently had little scope for developing military experience during the three or four months across the Pacific in the war-torn part of Siberia, Mr. Playfair's stories have kept the Canadian public well informed of what was going on in sports, military exercises and in other ways in employing the troops effectively.

In the Modern Home You Recline in Comfort

Restful Chairs of generous proportions; Chesterfields and Couches that invite you to recline and be comfortable. These are considered essential furnishings of the home of to-day.

In your living room or den is there not a space that could be better occupied by one of these modern pieces of furniture?

Couches

In our third floor department we show a fine assortment of Couches. Several sizes with coverings of velour, imitation Spanish leather, etc. Prices as low as \$19.99

Bed Couches

These Convertible Bed Couches are particularly desirable for the apartment dweller, where rooms are limited. We make them to your own ideas. Any size, any style. Prices from \$30.00

Chairs and Chesterfields

These we make in our own factory, and we particularly guarantee every piece of material introduced. Our big stock of Art Tapestries, etc. is open for your selection and your own idea of design will be carried out. Prices moderate.

DIED YESTERDAY

Elbert T. Lamphere, Well-Known Seedsman, Had Been Resident of City Twenty Years.

Elbert T. Lamphere died at his residence, 870 Topaz Avenue, yesterday at the age of sixty-one years and nine months. Born in Hornell, New York, he had been a resident of this city for the past twenty years.

Mr. Lamphere was one of the pioneer seed growers of the province, and last January was elected vice-president of the British Columbia Seed

Growers' Association. He has always taken very keen interest in everything that pertained to increased production. He is survived by his widow, one daughter, Miss Pearl Lamphere, one son, Earle H., a stepson, Chas. R. Castleton, all of this city, and one brother in Kansas City. Funeral services will be held at the B. C. Funeral Chapel on Wednesday at 2.30. Rev. F. A. P. Chadwick officiating. Interment will be made at Ross Bay Cemetery.

It has been decided to stop work on all American cotton in Yorkshire, Cheshire, Derbyshire, and Lancashire, according to advices received from Manchester, England.

TWENTY-FIVE YEARS AGO TO-DAY

Victoria Times, May 5, 1894.

The steamship Victoria, Capt. Pantou, arrived here from Yokohama last evening.

It is believed that the first sealers of the coast fleet will reach port late next week.

The yacht racing during the celebration promises to be better than that of last year. There will be more yachts from the Sound and a larger number of British Columbia craft.

We have a large fresh shipment of Horlick's Malted Milk, hospital size, which we are giving our customers the advantage of at a price far below the usual.

Per Bottle, **\$3.08**

**EL RADO**

Smooth, hairfree underarms are fascinating in cleanliness. Apply some El Rado with a piece of absorbent cotton, then watch the hair dissolve. Really as simple as washing it off.

The safest, most "womanly" way to remove hair from the face, neck or arms is the El Rado way, a colorless, sanitary lotion that does not stimulate or coarsen later hair growth. Entirely harmless.

Ask for El Rado at our Drug Department. Two sizes, **60c** and **\$1.00**.

**Navy League of Canada Victoria Branch, B. C.**

If you want a treat of treats be sure and go to the Princess Theatre on Tuesday or Wednesday evenings, May 6th and 7th, 1919.

Curwen's operetta, "Queen Flora's Garden Party," by the Juvenile Choir of the Connaught Seamen's Institute.

Let us help the sailor cause all we can.

A BEDTIME STORY

Uncle Wiggily and Bunty's Doll

Copyright, 1918, by McClure Newspaper Syndicate, (By Howard R. Garis)

"Where is Bunty?" asked Uncle Wiggily Longears, the rabbit gentleman, one morning, as he came down to breakfast in his hollow stump bungalow. "Oh, Bunty has gone out to play, long ago!" said Nurse Jane Fuzzy Wuzzy. "Well, I'm glad that," spoke Uncle Wiggily, with a sigh, sort of restful like and ample. "It's a good thing to have Bunty go out and play."

saw one slide along all by herself before. "Run after it, quickly!" cried Nurse Jane. "Bunty Bunty will feel very badly if her doll is lost! Run after it for her!" "I will," said the rabbit gentleman. Not stopping to put on his tall, silk hat, nor forgetting all about his red, white and blue-striped, rheumatism crutch, out of his hollow stump bungalow rushed Uncle Wiggily. After the doll he hopped.

IN WOMAN'S DOMAIN

Andrew Wilson, of Winnipeg, is staying in the city.

Lady McBride has had as her guest for the past week, Miss McBride, of New Westminster.

Capt. H. B. MacEwen, and Miss Jean MacEwen, of New Westminster, arrived in Victoria on Saturday.

Mr. and Mrs. Francis Hartley have arrived in the city from Winnipeg and will take up their residence here.

Dr. and Mrs. Francis H. Rowley, and Miss Rowley, of Boston, Mass., are staying at the Empress Hotel.

Miss Corbould, of New Westminster, has been the guest of her sister, Mrs. E. O. S. Schofield, during the past week.

Mr. and Mrs. J. A. McCurdy, of Toronto, are visiting their parents, Mr. and Mrs. A. W. McCurdy, at 884 Esquimalt Road.

Mrs. Howie Brydon, of Vancouver, has been the guest of Mrs. Y. S. "Mount Adelaide," Esquimalt, for the past few days.

The Misses McInnes, who have been spending the winter months in this city, returned last week to their home at Coldstream, Vernon.

Lieut. and Mrs. E. Wynne Heath of Victoria, have been spending some time on the Mainland, and on Thursday last were visitors in Kamloops.

J. A. Knox, of the Dominion Express Company's office at Vernon, has been transferred to Vancouver Island, and accompanied by Mrs. Knox, has arrived in Victoria.

The many friends of the Rev. Ernest Miller, Rector of St. Barnabas Church, will be pleased to hear that he is making satisfactory progress after a serious operation performed at St. Joseph's Hospital on Tuesday last.

Mrs. George Downard and Mrs. Harry Lazenby will be the soloists at the meeting of the Women's Canadian Club to be held at the Empress Hotel to-morrow afternoon. Mrs. G. W. McMath, of Portland will be the speaker, taking as her subject "The Back-to-the-School Movement."

Mrs. Irene Castle, the famous dancer and widow of the late Flight-Lieut. Vernon Castle, was married to Capt. Robert Tremey, of Ithaca, N. Y., on Saturday afternoon. The ceremony took place at the Little Church around the Corner, New York. Capt. Tremey's father is governor of the Federal Reserve Board for the New York district.

Mounted Constable Thomas Jones with his family, if leaving on Wednesday afternoon for Bodwen, Anglesea, Wales, where he will make his future home. Constable Jones has been on the police force for three years, and Saturday afternoon he was presented with a silver ring by the force as a token of the esteem in which he was held. The ring was inscribed: "From old comrades of the Victoria Police Department, May, 1919."

Mrs. H. A. Blakey returned to Victoria yesterday afternoon after four years of war service in the London General Hospital. She left Victoria in June, 1915, and joined the Voluntary Aid Detachment in London, where she was posted to the General Hospital, and has worked there ever since, being mentioned in despatches for valuable services rendered. Her husband, who with the 2nd C. M. R., and returned with that unit as a sergeant a short time ago.

The Margaret Rocks Robertson Chapter, I. O. O. F., is making preparations for the programme due to be held at the Alexandra Club on Thursday evening. A large committee of the girls of the chapter will attend the meeting, and the programme will be a most interesting one. The orchestra will furnish the dance music, and during the evening a buffet supper will be served in the downstairs cafe.

Shock Left Her Weak and Nervous COULD NOT SLEEP

When the system receives a shock of any kind, the heart becomes weakened, the nerves unstrung, the appetite poor, faint and weak feelings come over you, you can't sleep at night and you wonder if life is worth living.

To all those who suffer from nervous shock we would recommend Milburn's Heart and Nerve Pills as the best remedy to tone up the entire system and strengthen the weakened organs.

Mrs. J. J. Bunyan, Pilot Butte, Sask., writes: "I have used Milburn's Heart and Nerve Pills after having suffered from a terrible shock to my whole system. I was so utterly weak and nervous I could not sleep at night, and my appetite was very poor. I could not walk across the floor without trembling all over."

I had hot flushes and fainting spells. When I was on the second box of your Heart and Nerve Pills, I began to feel that they were doing me good, so I kept on until I had used six boxes, when I felt like a different person.

I am never without them in the house, and highly recommend them to all who suffer with their heart.

Milburn's Heart and Nerve Pills are 50c a box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

A Franco-American bureau has been formed for the development of commerce between France and the United States. A New York office has been opened for the new Chamber of Commerce which aims to couple French goods to enter the United States markets and to give French manufacturers the opportunity of extending their sales in the United States. A Paris office is to be opened shortly by United States exporters and manufacturers.

Mrs. JOHN HOPE Montreal, May 5.—Mrs. John Hope, with two children, and Miss Muriel Dunsmuir, daughter of the Hon. James Dunsmuir, formerly premier of British Columbia, arrived on the Metagama on Sunday from England and are proceeding to Victoria. During the war they have both been engaged in canteen work for the Maple Leaf Club, toward the maintenance of which they organized at one time a successful revue entitled "Hello Canada" in His Majesty's Theatre in London.

NOBLE MARINERS. Miss Softleigh (watching revolving lights) of the Lighthouse—How patient sailors are! Coast Guard—How, indeed? Miss Softleigh—They must be. The wind has blown out the light six times and they still keep lighting it again.—Marine News.

"This is going to hurt me more than it does you, son," declared dad as he reached for the strap. "I feared so, papa. That is why I propose arbitration."—Kansas City Journal

IS ON WAY HOME

Shock Left Her Weak and Nervous COULD NOT SLEEP

When the system receives a shock of any kind, the heart becomes weakened, the nerves unstrung, the appetite poor, faint and weak feelings come over you, you can't sleep at night and you wonder if life is worth living.

To all those who suffer from nervous shock we would recommend Milburn's Heart and Nerve Pills as the best remedy to tone up the entire system and strengthen the weakened organs.

Mrs. J. J. Bunyan, Pilot Butte, Sask., writes: "I have used Milburn's Heart and Nerve Pills after having suffered from a terrible shock to my whole system. I was so utterly weak and nervous I could not sleep at night, and my appetite was very poor. I could not walk across the floor without trembling all over."

I had hot flushes and fainting spells. When I was on the second box of your Heart and Nerve Pills, I began to feel that they were doing me good, so I kept on until I had used six boxes, when I felt like a different person.

I am never without them in the house, and highly recommend them to all who suffer with their heart.

Milburn's Heart and Nerve Pills are 50c a box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

A Franco-American bureau has been formed for the development of commerce between France and the United States. A New York office has been opened for the new Chamber of Commerce which aims to couple French goods to enter the United States markets and to give French manufacturers the opportunity of extending their sales in the United States. A Paris office is to be opened shortly by United States exporters and manufacturers.

Mrs. JOHN HOPE Montreal, May 5.—Mrs. John Hope, with two children, and Miss Muriel Dunsmuir, daughter of the Hon. James Dunsmuir, formerly premier of British Columbia, arrived on the Metagama on Sunday from England and are proceeding to Victoria. During the war they have both been engaged in canteen work for the Maple Leaf Club, toward the maintenance of which they organized at one time a successful revue entitled "Hello Canada" in His Majesty's Theatre in London.

NOBLE MARINERS. Miss Softleigh (watching revolving lights) of the Lighthouse—How patient sailors are! Coast Guard—How, indeed? Miss Softleigh—They must be. The wind has blown out the light six times and they still keep lighting it again.—Marine News.

"This is going to hurt me more than it does you, son," declared dad as he reached for the strap. "I feared so, papa. That is why I propose arbitration."—Kansas City Journal

VICTORY GAINED BY WOMEN OF BRITAIN

Emancipation Bill Opens Civil and Judicial Appointments to Women

The Imperial Parliament is giving serious consideration to the proposals of the British Labor Party that all civil and judicial appointments shall be open to women, and that Peeresses in their own right shall be entitled to sit and vote in the House of Lords, say a writer in an English publication.

Judgeships For Women. A Bill embodying these proposals and called the Women's Emancipation Bill, recently received its second reading in the House of Commons, and was sent to committee. This Bill will open the way to women judges and women administrators in the Departments of State in Whitehall, and it is a proposal which even the lawyers—most conservative of professional men—have come to regard with resignation. There is something more than gentle rally in the remark of Lord Justice Bankes that he "wondered whether in these changing times they might not see the beautiful Middle Temple transformed into a creche where female barristers would leave their babies while they

went to perform their duties at the courts." Former Servant Elected. It is a further sign of the times that in one of the elections for the Board of Guardians in a London district a short time ago, a former domestic servant, Miss Jessie Stephen, was elected to the Board. Miss Stephen is the organizer of the National Federation of Women Workers.

EASY SAVING War Savings and Thrift Stamps are really but an easy way of buying a Dominion Government \$50 bond. The public should bear this in mind. The Government is eager to sell these bonds, which are just as good security as Victory Bonds, and in order to enable even the poorest to do so, it has issued War Savings Stamps, which cost \$4 each, plus an additional cent for each month in which they are purchased after January, 1919. The Government has also issued Thrift Stamps that may be bought for 25 cents each.

It is well to buy a War Savings Stamp, but this is only one step in the desired direction. What the Government wants the people to do is to keep on buying these stamps. It is in the interest of every person to do so, because this is an easy and profitable means of saving; while it is in the interest of the Government that this should be done, because, in this way, it gets a sum of money worth while.

Set the \$50 as your objective, which means that when one stamp has been bought it will be followed up by the purchase of still others, until the objective is reached.

MUCH WORSE OFF. "My daughter is taking lessons, and she keeps up such a dreadful row with her everlasting practice that I don't go home except to eat and sleep. "Ah, you're in luck, old chap! My daughter's taking lessons in cookery, so I don't eat at home."—Siray Stories.

The man who choice of language commands May talk on all subjects at will; But his wisdom excels if he understands Just when and where to keep still.

## ALLOWED TO LAND

On arrival of the Montezuma at the wharf this afternoon, seventy men were permitted to land here, although plans had originally intended to take them on to Vancouver.

## TIMES PRESSMAN IN EASTERN TRAIN WRECK

### E. E. Corbett Escapes Without Injury, When Engine Jumps Bank

When the train on which he was travelling suffered a terrible wreck near Atikokan, Ontario, early this morning, Edward E. Corbett, the over-seas pressman of the Times, along with other passengers experienced a severe shock, but escaped without any serious bodily injury.

In a telegram to The Times to-day, Mr. Corbett stated that the engine jumping the tracks, leaped over a bank. While the rest of the train was badly wrecked, four of the cars caught fire and the passengers, and were burned to cinders. Up to the time when he telegraphed no deaths had been reported, Mr. Corbett says.

Mr. Corbett is at present in the East on a business trip.

## SAYS FULL AMOUNT WILL BE SUBSCRIBED

### Publicity Commissioner Hopeful of Realizing \$7,000 by To-night

It is confidently expected that the Victoria and Island Development Association drive to raise the sum of \$7,000 for publicity purposes will have met with entire success when the campaign closes to-night. W. A. McAdam, Publicity Commissioner, was optimistic at noon to-day about the matter. Though he has received no reports from the captains of the teams conducting the systematic drive since Saturday, he feels assured that the full amount will be realized.

Mr. McAdam requests that all team captains report in person or telephone his office not later than 6 o'clock to-night the final result of their canvass. Mr. McAdam was out again Saturday working hard to get in the dollars, and he says that according to indications a very generous response is being made by local business men and others to the appeal for funds with which to advertise Victoria and Vancouver Island.

The management of the association wishes to thank the men who have worked so diligently to make the campaign a success, and also the business men who have contributed to the fund. The tourist trade this year is expected to break all records, and already a big increase has been noted in the number of people who are traveling in this direction from all parts of the continent. Many instances have been noted of tourists visiting Victoria and Island who have been so attracted by what the district has to offer that they have decided to settle here permanently. The association feels the money will be well spent advertising the island.

With the raising of the \$7,000, in addition to what the association has from the city and other sources, Victoria will be placed in a position to look after her publicity campaign in a proper manner says Mr. McAdam.

## A SOCIALIST ADDRESS

Subject Engages Attention of Federated Labor Party. Address by E. T. Kingsley.

Speaking from the platform of the Federated Labor Party at the old Crystal Theatre last night, E. T. Kingsley severely criticized the present order of things, claiming that society was run by what he termed "the machine." He claimed that no matter who owned or operated the machine, the result was the same, the complete breakdown of civilization.

The "capitalistic classes" also came in for an attack at the hands of Mr. Kingsley. He claimed that while present conditions tended to speed up production, the increase in "machine" methods would soon be the cause of everything tumbling down with a mighty crash. He drew a picture of the contented state of the farmers at the time when he was a boy, and the frenzied effort to secure a living which most farmers were now obliged to make with their machinery. He concluded:

"The hour is drawing nigh when calamity will be upon us, and all of you will be well advised to make all possible preparation to meet the situation. If you do not make a move, the horror which I dread so much will descend upon us without intelligent preparation. I see nothing but disorder, bloodshed, misery, suffering and starvation awaiting," he declared.

## ARBITRATOR ACCEPTED

In accordance with the undertaking given by Counsel at the Privy Council hearing of the suit of the Westholme Lumber Co. v. the City of Victoria an arbitrator has now been chosen acceptable to both parties. The City Council occupied some time in reaching a conclusion, and eventually agreed upon W. Bell. Notices has now been received from the Westholme Lumber Co. accepting his nomination, and the work of the adjustment will be undertaken at once, probably occupying three months. The object is to obtain information of the cost between the contract price, and the actual cost of construction of Slooke Waterworks.

## IN FROM JAPAN

The Japanese steamer Moiva Maru, from Oriental ports, passed up to Vancouver this morning.

## THE MAKING OF A FAMOUS MEDICINE

### How Lydia E. Pinkham's Vegetable Compound Is Prepared For Woman's Use.

A visit to the laboratory where this successful remedy is made impresses even the casual looker-on with the reliability, accuracy, skill and cleanliness which attends the making of this great medicine for woman's ills.

Over 550,000 pounds of various herbs are used annually and all have to be gathered at the season of the year when their natural juices and medicinal substances are at their best.

The most successful solvents are used to extract the medicinal properties from these herbs.

Every utensil and tank that comes in contact with the medicine is sterilized and as a final precaution in cleanliness the medicine is pasteurized and sealed in sterile bottles.

It is the wonderful combination of roots and herbs, together with the skill and care used in its preparation which has made this famous medicine so successful in the treatment of female ills.

The letters from women who have been restored to health by the use of Lydia E. Pinkham's Vegetable Compound which we are continually publishing attest to its virtue.

## REPORT NOW HANDED TO HON. JOHN HART

Cabinet Will Discuss Details of Audit of Vancouver Assessor's Affairs

Hon. John Hart, Minister of Finance, stated this morning that the report of the special audit in connection with the affairs of the Vancouver Assessor and Collector of Taxes, had now been completed and submitted to him for presentation to the Cabinet.

The Minister was not in a position, however, to issue a statement for publication or to give any hint as to the findings of the Department auditors.

If the report should be discussed by such members of the Cabinet as are in the city at the present time it is hardly likely that action will be taken until the Premier returns on Wednesday or Thursday of this week.

## PROMINENT SHIPPING MAN PASSES AWAY

John Eadie, of Vancouver, Died in Hospital This Morning

Vancouver, May 5. — The shipping community was shocked to learn of the sudden death this morning of John Eadie, Vancouver manager of Dingwall, Cotts & Company. He passed away at the general hospital, complications following an operation for appendicitis having set in. His death comes with more than usual tragedy, for he was planning shortly to leave for the United Kingdom, where Mrs. Eadie and the two children arrived a week or two ago.

Mr. Eadie came to Vancouver a few years ago to establish the branch for Dingwall, Cotts & Company, and it was Mr. Eadie who placed the first order for a steel-freighter with a British Columbia shipyard. This was for the War Dog, built in 1917 by the Wallace yards for Chambers & Company, Liverpool. Since then he placed several orders or had the handling of vessels and the transfer of the War Cavalry and the dispatch of the War Cavalry, two Coughlan ships, was in his hands.

## BEWARE OF TENDER, INFLAMED GUMS

Pyorrhoea, with a premature loss of teeth, is almost inevitable if you do not properly care for your gums. Here is the explanation:

As you age, the body tissues naturally relax. You see this tissue loosening in the neck. It goes on in your gums, too. As you grow older, your gums shrink below the normal gum line. Through lack of care they become spongy and inflamed. Then you have Pyorrhoea (Riggs' Disease). Four out of five people over forty have Pyorrhoea. And many under forty, also.

Don't let a tender gum spot develop. These tender spots breed disease germs which enter the system through tiny openings—inflecting the joints or tonsils—or causing other ailments. Immediately get Forhan's, which positively prevents Pyorrhoea if used in time and used consistently. Forhan's tones the gums and hardens them. They in turn keep the teeth healthy. Brush your teeth with Forhan's. It cleans them scientifically—keeps them white and clean.

If gum-shrinkage has already set in, start using Forhan's and consult a dentist immediately for special treatment. 36 and 60¢ tubes. All Druggists. FORHAN'S, LTD., 507 St. James St., Montreal.

## Godness

Godness Corsets That Lace in Front

differs from all other corsets. The tongue under lacing and the patented under-clasp feature prevent pinching, and give a much smoother effect. The supple boning makes them fit wonderfully comfortably in every position.

It was possibly this quality which tempted the noted and beautiful screen artist—Anita Stewart, —to write of the Godness:—"Without undue compression they add to the Grace of the figure."

Sold by leading corsetiers. Made in Canada, by the makers of D & A and La Dix Corsets.

Sincerely yours Anita Stewart

## OBITUARY RECORD

The death occurred at the Jubilee Hospital on Saturday of Anthony Hawkins, of 211 Sims Avenue, at the age of forty-five. He was born in England and had resided in Victoria for the past nine years. He is survived by his widow, three children, and one brother, all of Victoria, and three brothers and two sisters in England. The funeral will take place from the B. C. Funeral Chapel on Thursday at 2.30 p. m. Interment will be made at Ross Bay Cemetery.

The funeral of Miss Margaret Robertson took place on Saturday from the B. C. Funeral Chapel at 2.15 p. m. The cortege proceeding to the Reformed Episcopal Church, where service was conducted by the Rev. A. deB. Owen. Numerous friends were in attendance and many beautiful floral tributes covered the casket. Two hymns were sung, "Oh, Thou From Whom All Goodness Flows," and "Unto the Hills Do I Lift Up My Longing Eyes." Interment was made in Ross Bay Cemetery. The following acted as pallbearers: T. H. Laundry, E. A. Jacobs, J. Holms and C. C. Pemberton.

The death occurred at his home, 852 Pandora Avenue, yesterday morning of Samuel Edmonds Field, aged sixty-eight years. He was born in Thorold, Ontario, and had been a resident of this city for over forty years. He is survived by his widow, three daughters, Mrs. J. M. Nicholson, of 3162 Jackson Street, City; Mrs. A. Rushworth, of Vancouver, and Miss Mable Field, at present in California; also one son, George W. Field, of this city; and one sister, Mrs. Thompson, of Seattle. The funeral will take place to-morrow afternoon at 2.30 o'clock from the Sands Funeral Chapel. Rev. B. H. West will officiate. Interment will be made in the family plot at Ross Bay Cemetery. No flowers, by request.

The funeral of Thomas Dewhurst, who passed away at the Royal Jubilee Hospital on April 30, took place on Saturday afternoon at 2.30 o'clock from the Sands Funeral Chapel. Many of deceased's old-time friends were present at the service, which was conducted by Rev. P. A. E. Chadwick. Members of the Stonecutters' Union turned out in a body to pay their last respects. The pallbearers were: J. McIntosh, A. Wood, H. Hodge, J. Barlow, J. Cruickshank and Wm. McKays. Interment took place at Ross Bay Cemetery.

Lester Bayne Dismissed—Lester Bayne, who appeared in the police court this morning on six charges of having in his possession goods known to have been stolen, was dismissed by Magistrate Jay. The charges arose out of the arrest of a number of youths charged with robberies. The lads stated that they sold their goods to Bayne. On the other hand Bayne stated that he did not know they had been stolen.

Four Chinamen Fined—Four Chinamen were fined \$15, and cost in the police court this morning on a charge of being inmates of an opium joint.

Retailers' Meeting—The executive committee of the Retailers' Section of the Board of Trade will meet to-morrow morning to plan for the regular monthly meeting.

Automobile Men to Organize—To-morrow evening automobile dealers and auto repair firms will meet in the Board of Trade rooms to organize a special automobile section of the Board.

## SUFFERED NO DAMAGE

Reports From Crop Districts Favorable After Frost.

Local growers and those of the surrounding district are greatly relieved that their crops have escaped unharmed the frosts of the past two nights. While indications were that there would be a heavy frost Saturday night, a slight change in the weather conditions resulted in conditions being not so bad as anticipated.

## AEROPLANE UP TO-MORROW

Will Drop Propaganda for Y. M. C. A.; Also Baseball in Royal Athletic Park.

To-morrow evening Victoria's aeroplane will fly over the city dropping propaganda for the Y. M. C. A. It will also circle over the Royal Athletic Park and drop a couple of baseballs, which will be used in an amusing game to be played between the rival teams engaged in the Y. M. C. A. drive.

reports one grower. Reports from other districts are to the same effect. With the weather warmer and more settled to-day it is believed that the danger from frost is pretty well over.

Local growers and those of the surrounding district are greatly relieved that their crops have escaped unharmed the frosts of the past two nights. While indications were that there would be a heavy frost Saturday night, a slight change in the weather conditions resulted in conditions being not so bad as anticipated.

A slightly heavier frost was reported last night, but a report to The Times from the Gordon Head district is to the effect that the strawberry and other crops have luckily escaped. Not the slightest damage has been done.

### WILL REVERSE ROLE WITH UNITED STATES

London Banker Says Conditions Following American Civil War Are Now Changed

Robert Benson, chairman of the Merchants' Trust Co., London, shows that financial conditions are exactly reversed between the United States and Great Britain as compared with the years 1865-1879. He said in part, addressing the stockholders of the Merchants' Trust Company at their recent annual meeting:

**A War Chest.**  
"The Merchants' Trust was formed thirty years ago to distribute the risk of investments of capital all over the world. A people's foreign investments, as the speaker said ten years or more ago, are a war chest better than fine gold. Thus our capital, exported originally in the form of products of British industry, for which we took deferred payment (payment in bonds and shares instead of cash), strengthened the position of Great Britain as the creditor country; the annual payment of interest by the foreign debtor contributed in peace time to pay for necessities of civilized life produced abroad, and, finally, the bonds themselves served as acceptable payment abroad for food and munitions wherewith to win the war.

"Far away the most profitable locality has been the United States. With the best will in the world to invest at home or in the Colonies, we never succeeded in making money in either of those fields. Whether it was our own fault or the fault of the field is a difficult question. Perhaps we were either too lucky or clever enough, and our experience may not be borne out by that of others; or, possibly, political and economic conditions contributed to the result. Statistics for production per earner per annum and the relative horse power employed in Great Britain compared with the United States shows that industrial production per head is low in Britain and is mainly responsible for low wages; while high production per head has made possible high wages in the United States.

**Electrical Machinery.**  
"Talking things over some years ago with an economist and Cabinet Minister, at a moment when we were smarting under losses incurred in trying to assist the development of electrical power supply and the manufacture of electrical machinery, I ventured to assert that it was hardly possible to find a new enterprise in this country to put money into without the producer being sacrificed to the consumer, or else being undersold by the big foreign manufacturer. The fact remains that the Merchants' Trust has lost capital hitherto on the average at home and in the Colonies and on the continent of Europe, but has more than made it up in the United States, in the River Plate and elsewhere.

**No More Investment.**  
"The probability is that the business of investment in that country has come to an end for a time; indeed, if America desires to collect the principal and interest of the debt that Europe already owes her she will probably have to take payment in securities, as Great Britain did when the position was reversed after the Civil War in America, 1861-65. Our own duty now is to use our capital so as to assist in developing the productive power of Great Britain and the latent resources of the Empire.

"For instance, branch railways in India, new railways and irrigation works in Egypt and Africa generally, also in Mesopotamia if it comes within the British sphere, will contribute to create wealth in the vast potential fields; among raw materials, cotton, oil, wool, rubber, iron ores are needed in greater supply; cotton production especially must be increased where it will grow successfully and may require £100,000,000 a year for ten years; renewals and repairs of ships and railways at home will take any amount of money; so, too, will the industries, industries captured from Germany and economies to old industries, such as centralising and developing the electrical power supply as proposed by the coal conservation sub-committee, whereby possibly £100,000,000 per annum may be saved. This programme will afford almost unlimited employment for British labor and brain, together with savings, past, present, and future; and the object of it ought to present no difficulty to British banking wherever the expenditure is within the Empire, nor yet to British trust companies, whose object is to invest in good securities based upon a good enterprise. But the £100,000,000 capital of the trust companies is fully invested already. And even if it were cash, or saleable for cash, it would go but a little way to meet so vast a demand. Everything turns on our having the best possible banking system.

**The Double Income Tax.**  
"Another consideration will compel us to abandon the American field of investment—namely, the American income tax, except in cases where interest is payable tax free. The same difficulty of the double income tax militates against Colonial investments. Nor, I may add, can America afford to take payment in British securities for what Great Britain owes her, and at the same time pay a British income tax as well as the American income tax. Reluctant as the inland revenue may be to lose a chance of taxing a foreigner the price of America's co-operation in developing the estates of the Empire, speeding up production and assisting us to get out of her debt, will be the British securities held by Americans must be tax free. This is a point to be remembered in the simplification and reform of the income tax acts as long overdue; so as not to warn off American capital, but to facilitate our chance of paying our debts in securities, as well as in goods and services. A good banker knows well that in such cases the best way of collecting debts is to lend more. This is what Great Britain did for America during her period of reconstruction, 1865-79, when the roles were reversed.

### TRADE EXTENSION IS NOW GOING AHEAD

Quarterly Meeting of the Lumbermen's Associations Held in Calgary

After attending the quarterly meeting of the Mountain Lumbermen's Association and the Coast Lumbermen's Association in Calgary, William Turnbull, in charge of publicity and advertising work for the trade extension branch of the Department of Lands, returned to the Parliament Buildings this morning. While in the Albertan city Mr. Turnbull was accompanied by his fellow commissioners, Majors Brechin and Young.

Taking advantage of the trip the three commissioners commenced the laying of plans for trade extension work and took careful stock of general conditions and the prospect of business at an early date. It was found that considerable educational work is necessary before there is anything like a large demand for British Columbia timber in the home market. These are matters, however, which will engage the advertising and publicity end of the business.

### TRIO OF ARTISTS IN RECITAL TO-NIGHT

Edwin Swain, Baritone, and Assisting Instrumentalists to Give Attractive Programme

Delightfully attractive is the programme to be given at the Empress Hotel to-night in which Edwin Swain, baritone, Philip Sevasta, harpist, and Josef Martin, pianist, will appear in recital. These three artists, all of whom enjoy a brilliant international reputation, are touring the Dominion under the management of the Canada Concert Direction, and will appear in Victoria under the auspices of the Willows Camp Chapter, I. O. O. F. E. Two recitals are to be given in this city, and to-night's programme will appeal to the popular tastes as well as to the more critical music lover, catholicity being shown in the chosen numbers of vocalists and instrumentalists.

### ANNUAL SYNOD OPENS TO-MORROW

Rev. W. L. Clay to Speak at Presbyterian Conference in Vancouver

The twenty-eighth annual synod of the Presbyterian Church in British Columbia opens at Chalmers Church, Vancouver, to-morrow and an interesting programme has been prepared. Rev. A. E. Mitchell, the Moderator, will preside at the sessions and the veteran Rev. John Logan, D.D., will be at the clerk's desk. Dr. Logan has been for many years the efficient clerk of synod.

Rev. J. H. Cameron, of Coquitlam, has been nominated by the Westminster Presbytery as Moderator for the coming year, and it is expected that the synod will ratify this nomination. Mr. Cameron came to British Columbia from Edmonton, Manitoba, and was the first minister called by Westminster Church, of Vancouver. After serving that church for a time he was placed at Parksville, from which place he went to his present charge of Coquitlam.

**Dr. Clay to Speak.**  
There will be a series of conferences on the problems of the day. Wednesday at 2:30 p. m. the subject will be "Political Reconstruction and the conference will be led by Rev. W. Leslie Clay, D.D., of Victoria. Wednesday, Frank Glavin, M.L.A., will speak on "The Way the Returned Man Sees Things," and the discussion following will be led by Rev. A. R. Gibson, of Revelstoke.

"Social Reconstruction" will be the subject of the conference on Thursday at 2:30 p. m., and this will be led by Miss Ross, principal of the Brasemar School, discussion to be opened by Rev. Dr. Unsworth, of Nanaimo. At the luncheon hour on Wednesday the subject to be presented will be "Our Divinity Hall," and Principal Mackay will be the speaker.

Thursday at the luncheon hour the "Forward Movement" will be presented by Rev. F. W. Kerr, M.A., of New Westminster, who has been released by his church for six months in order to act as organizer for the movement for the Presbyterian Church in British Columbia. Discussion to be opened by Rev. J. Ferguson Miller, M.A., of Pentiction. Convener to Report.

The conveners of the standing committees who will present the reports to the synod are: Rev. Dr. Clay, home missions and social service; Rev. E.

## DUNLOP TIRES

SEAL OF QUALITY BICYCLE

"It's Either a 'Dunlop' or an Imitation!"

That phrase came into dealers' minds through the coming of other bicycle tires. As "Dunlop" were the basic tires, naturally other tires had to be more or less patterned after the original. But no man living can make a pattern of Quality. You can still get the "original" tire with its wealth of unmatched features. Why buy the imitation—the experimental tire?

**Lake Hill Institute**—There will be a meeting of the Lake Hill Women's Institute at the school on Wednesday, May 7, at 3 o'clock in the afternoon. The president would be pleased to have a full attendance, so that Red Cross affairs may be finally adjusted.

**Comesun Chapter, I. O. O. F.**—The regular monthly meeting will be held Wednesday at 2:15 p. m.

**Identification Disc Found**—A silver identification disc was discovered among the collections in the taggers' boxes on Saturday, and it is feared that it may have been accidentally dropped in with some loose change. The owner is requested to telephone to Mrs. Rhodes, No. 649.

**Friendly Help Society**—The Friendly Help Association will hold its regular monthly meeting to-morrow morning at 10:30 o'clock in the rooms in the Market Building.

**Plaintiff Gets Judgment**—In the County Court action of Dixon vs. Willoughby, Judge Lampman this morning gave judgment for \$12.00, being a portion of the amount claimed for in connection with a dispute over the renting of a house. Both sides presented their case in person.

**Nanaimo to Have Free Delivery**—J. C. McIntosh, M. P., has wired to the Nanaimo Board of Trade regarding the inauguration of a free mail delivery service in that city, as follows: "Instructions go forward on Monday to the Post Office Inspector to arrange a division of your city for a free letter carrier service to go into effect first of June, and no charges are being shipped to your post office."

**Nanaimo Automobile Association**—Herbert Cuthbert, of Seattle, secretary of the Pacific Northwest Tourist Association, gave a lantern lecture last night under the auspices of the Nanaimo Automobile Association in the Odd Fellows Hall. The principal points of interest in the Pacific Northwest, and beauty spots of British Columbia were shown.

**Presented With Travelling Bag**—On the eve of his promotion to a more important post in Vancouver, Francis Steele, Accountant and Credit Manager of the P. R. Burns & Co.'s store here was last week presented with a beautiful travelling bag by employees of the establishment as a token of their esteem. Mr. Steele has been promoted to the position of General Auditor with headquarters at the Terminal City. He was well known in Victoria, both in business circles, and as Vice-President of the J. B. A. A.

**Tag Day Proceeds, \$1,625.**—Collections for the Provincial Royal Jubilee Hospital on Saturday amounted to the handsome sum of \$1,625, this representing the proceeds of the sale of nearly 17,000 tags. "Peter," Mrs. Duce's dog, made the splendid collection of \$225.18, the donations to his box including a cheque for \$100. There were only two other cheques received during the day, one for \$100 and one for \$25. Mrs. Rhodes and Mrs. Pondray were in charge at the headquarters on Tron Alley, and Miss Agnes Robertson, W. Wilson, Jr., Spalding, Neary and T. Procter generally helped in counting the receipts on Saturday evening. The Women's Auxiliary have expressed their thanks to the taggers and all who assisted in any way during day as well as to the generous public.

The authors and composers who have suffered under the present inadequate copyright legislation make claim that a law good enough for the rest of the British Empire is good enough for Canada. It is, they state, not an unreasonable claim. Copyright is the author's only protection. He has no literary rights under common law.

**QUARTETTE OF BOYS DEVOTE MUCH ENERGY TO PROVE FLYING HERE**

After two months of hard and continuous work, during which time no little opposition and criticism were met with, the Aerial League of Canada has achieved the first object of its extensive programme; it has brought an aeroplane to Victoria. With the transportation bird under its guiding hand the League will now be able to present

P. THOMPSON, President

points on the Island, and will look for jobs carrying mail and light freight. The League already has about fifty offers for flights.

G. A. CAMERON, Director

own pockets to secure the money required to purchase a biplane. Early this week a winged bird arrived in the city from Toronto, and people began to believe that the league was in earnest in its desire. Last evening when the craft was manoeuvring above the city in a test flight they were satisfied that all that had been written and said about the intentions of the league had been justified.

H. G. GRAVES, Publicity

Any support which the boys now call for is practically assured them. A great work lies before the League, and every effort is being made to cater to it in a most capable and efficient manner. The plan of demonstration is being inaugurated this afternoon, when the plane will drop propaganda for the Victoria and Island Development Association and drop baseball into the Royal Athletic Park for use

JACK CLEMENCE, Pilot.

the opening of the amateur series. Field days will be held to show the truly amazing stunts which a plane can perform without the slightest danger. Very shortly the league will be prepared to carry passengers to different

**ALL BODIES UNITE FOR COMING EFFORT**

Salvation Army Drive Will Begin Here About May 19

The Dominion-wide campaign for the Salvation Army Reconstruction work has been held in most of the cities throughout the Dominion and a committee of citizens are organizing for a drive here in May for the raising of the Victoria quota, which is \$20,000.

A meeting was held at the Board of Trade rooms on Thursday, when representatives of various organizations met to discuss ways and means, and Adjutant Tuttle, supervisor for the Salvation Army, outlined the objects of the campaign. Deep expressions of sympathy and encouragement were heard from all sides and the committee will be getting to work right away getting things in shape for this the first appeal of this splendid organization which has won the appreciation of the whole world by its self-sacrificing work on behalf of our men overseas and with marvellous economy seen the work through without a general appeal until now.

The objects of the appeal are for the continuation of the work in huts and hostels overseas until all the men are returned, the equipment of emergency homes for the wives and dependents of soldiers and the maintenance of the disembarkation officer and his staff at the ports of landing, children's homes for the orphans of dead soldiers and the establishment of hostels for returned men in all the large centres where the men who returned to bare lodgings are cared for and "mothered."

As the Army workers have established their ability to do. The societies represented at the meeting at the Board of Trade room were the Commodore of the Great War, the Great War Veterans, the Rotary Club, the Board of Trade, the G. W. Next of Kin, the Life Insurance Underwriters, the Real Estate Exchange and the Salvation Army, Band, Corps and Officers. A number of other societies have indicated their approval and a desire to take a part in the campaign. The unanimous feeling of regard for the Salvation Army's work is well exemplified by the fact that Adjutant Tuttle says that in no city has he had a better reception among the citizens than in Victoria. The campaign will be launched about May 19, and will be under the patronage of Lieutenant-Governor Sarny and Premier Oliver and many other prominent citizens.

The campaign also has the endorsement of the Allied leaders from the King and the Ministers of War of all the Allied nations, Field Marshal Sir Douglas Haig, Lord French, Admiral Jellicoe and numerous illustrious personages. The valued tributes of the returned men, however, are what the Salvation Army most appreciates. In every city and wherever returned men congregate there is always an ever-increasing volume of unqualified praise of the self-sacrificing love-service which was rendered overseas, and this bespeaks a successful campaign in Victoria.

**POSTAL REGULATIONS MAY CAUSE WASTE OF CITY'S STATIONERY**

A large quantity of the city's stationery may be absolutely useless as a result of recent orders promulgated by the postal authorities. It appears by the new regulations, "in window" envelopes the "window" or transparent slit, must not occupy any space with 1/4 inches from the top or more than 3/4 inches from the bottom or sides. Further, the stationery enclosed on which the address is written must be white, all these regulations being framed for the benefit of post office clerks. From June 1 onward, it is stated "window" envelopes which do not correspond with these rules will be returned as undelivered. The city envelopes, of which there are a number in hand, do not quite meet these requirements in that their "window" does not extend to 3/4 of an inch from the sides. As a matter of fact, the city officials have always paid particular attention to the addressing of those communications in order that tax notices, water bills and so on may reach their destination. A large number of business firms also doubtless will be affected by the new regulations.

**VICTORIA DAY PAGEANT**

Grand Programme Outlined for Finest Celebration in History of Victoria.

On Saturday evening the committee, which is arranging the Victoria Day Pageant, met under the chairmanship of Joshua Kingham. The progress made in the arrangements for the grand celebrations was reported. The programme is to commence on May 23 with the public school sports at the Royal Athletic Park. On the following day there will be a big parade of floats in the morning, starting at 10 o'clock. A large number of firms have announced their willingness to enter floats. If any other persons desire to do so they are asked to communicate with the secretary, Mr. Prescott, 512 Fort Street. In the afternoon there will be a field day at the Willows, Arthur Manson is making the arrangements for it. There will also be the regatta at the Gorge, as well as baseball and lacrosse games at the Royal Athletic Park.

The committee has received so far \$1,000 for expenses. In connection with the publicity campaign advertising literature has been sent as far east as Calgary, and it is expected that large numbers of people will come here to witness the inspiring events. Several entries have been made for the popular girl contest, but the committee is hoping that many others will be submitted within the next week.

## MAE MARSH'S ART GIVEN FULL SCOPE

"Bondage of Barbara" Affords Blending of Comedy and Drama at Variety

Witty captions abound in "The Bondage of Barbara," the new Mae Marsh production which Goldwyn presents at the Variety, beginning to-day. The play is neither comedy nor drama. It is a skilful blending of the two, the desire being to show Miss Marsh to her admirers in all phases of her art. The result is that she has moments of captivating comedy which gradually melt into episodes of genuine dramatic intensity. One of the most charming of the lighter aspects of the play occurs when the son of the proprietor of the business house where Barbara Grey (played by Miss Marsh) is employed repeats his frequent invitation to dine with his family. He is not desirable from the girl's standpoint, and, moreover, is an unwholesome influence in the life of her brother, whose "little mother" she is. "I wonder how many times I'll have to ask you to dine with us," the young fellow asks. Barbara's nose crinkles in the inimitable Mae Marsh manner, her eyes flash and she breaks into a whimsical smile. "Well, you keep on asking and I'll keep counting," she replies. The man quite naturally fades away, and from this seemingly simple rejoinder is born the dislike which finally causes him to involve her brother in an unfortunate indiscretion.

Other amusing moments occur in the course of the play, one of which does not depend on the printed caption for its fullest enjoyment. Bar-

## TO-DAY'S AMUSEMENTS

Royal Victoria—William A. Brady production, "The Man Who Came Back."  
Pantages—Vaudeville.  
Variety—Mae Marsh in "The Bondage of Barbara," and Houdini in "The Master Mystery."  
Dominion—William S. Hart, in "Breed of Men."  
Columbia—Montague Love and Barbara Castleton in "Vengeance," and Serial, "The Woman in the Web."  
Romano—Harold Lockwood in "The Landloper" and Pearl White serial, "The Lightning Raider."

## HAROLD LOCKWOOD ON THE ROMANO SCREEN

Romantic Role of Adventurer is Depicted in "The Landloper"

Harold Lockwood has a most congenial role as the hero in Metro's production of "The Landloper," a screen story adapted from Holman Day's novel of the same name to be shown at the Romano for three days, beginning to-day.

"The Landloper" is a colorful romantic drama with Mr. Lockwood enacting the role of the picturesque hero, Walker Farr. Farr is the assumed name of a wealthy young man, who, on a wager to prove his theory that any man can find the full measure of joy in life, no matter what his station, becomes a knight of the highway.

His three months have about expired when he reaches the town of Marion. There he finds romance and adventure. He meets Katie Kilgour. She makes a vivid impression upon him, but misunderstands his position because of his association with a little girl. The child dies of typhoid, brought on by impure water supplied by Marion's political ruler, Col. Dodd. Farr begins a fight to compel Col. Dodd to furnish pure water and, backed by the people, defeats him.

Eventually Farr's relation as godfather to the girl becomes known to Katie. When the situation seems cleared, Farr discloses his identity. Katie believes the disparity in their stations is too great, but Farr, supporting his theory, shows her that position does not mean happiness.

Barbara's sweetheart, the town's young lawyer, has acquired a brand new automobile of very modest proportions and price. He invites her to take the first ride in it, and while he is looking it over she spies a price tag affixed to the front axle. Barbara scrutinizes it and smiles with pride at the lot of money it represents. Later, when the lawyer has helped her into the machine, he sees the same tag and with apparent stealth removes it. He cannot understand what Barbara is laughing at.

This incident, simplicity itself, is made really amusing by the human way in which Miss Marsh as Barbara and Matt Moore as her sweetheart handle it. In fact, it is said by her associates at the Goldwyn Studios that every one playing with Miss Marsh becomes "humanized," as it were, and in doing the most trivial things acquires a naturalness and human touch.

Fifty years without a "cuss word" was the wonderful record claimed by Thomas Howell, school janitor, of Belleville, Ill., when charged with abusing a pupil. A \$5 fine nearly broke his record.

# "The Bondage of Barbara"

THE GIRL TAKES THE BLAME—CUPID FIXES THE PENALTY

Mae Marsh charmed you in "The Cinderella Man"; she thrilled you in "The Racing Strain"; but never has she greeted you in a play so replete with startling adventure and strange romance.

## COMEDY

### Schedule of Shows

"The Bondage of Barbara" Commences at 1.45, 3.45, 5.45, 7.45 and 9.45  
Comedy at 1.30, 3.30, 5.30, 7.30 and 9.30  
Houdini at 3, 5, 7 and 9

VARIETY ORCHESTRA—Benedict Bantly, Director

Farr's fight upon Col. Dodd furnishes the picture with many big dramatic scenes, while the love element between Farr and Katie is charmingly developed.

The fourth chapter of Pearl White's serial, "The Lightning Raider," will also be shown on the same programme.

## FINE ANIMAL ACT

### HEADS NEW BILL

Gautier Bros.' "Animated Toy Shop" Presents Pony Novelty as Headliner at Pantages

A vaudeville expert would have a difficult session passing out top honors on this week's bill of Pantages vaudeville which opens with the matinee performance this afternoon. Every act gets a strong following and the two leading features are a pair of the biggest novelties in vaudeville. The one is a circus act with dogs and ponies adapted to the stage in a most charming and unusual way and the other is a musical spectacle that is the climax of anything in that line yet shown in this city. A pair of Chinese dancers, a Japanese equilibrist, a pair of comedy patter artists and a black-face rookier monologist contribute variety to the bill.

In "The Animated Toyshop," billed as the headliner, the Gautier brothers show what patience and perseverance will accomplish with dumb animals. Their four Shetland ponies at a given signal step down off their rockers, where they pose as toys, go through their paces in professional fashion and a group of fox terriers, their team-mates in the act, do some difficult riding, while an inebriate wanders listlessly through the toyshop and threatens considerable damage to the furniture. The ponies use their own pleasure in disposing of him.

Six tons of strange machinery is the novel caption by which the programme characterizes Willard's "Fantasy of Jewels" and the weird mechanism is used to discourse music. A xylophone, a succession of candleabra which prove to be vibrating pipes, revolving disks, a pipe organ with a keyboard for the six feet, flashing saws which revolve and swinging pipes, take on musical properties and special lighting effects give an added novel setting to the act. Three men and three women are required to operate the ensemble.

with a packet of service talkativeness, Joe and Rosie Moy, billed as the "Chinese Castles," have a repertoire of pretty dances and several songs they sing with effect. Harry Tsuda is a Japanese equilibrist with a line of new and daring feats which gets him a great deal of popularity and Mort Fox and George Britt are an entertaining duet of patter and song with an unusual routine. The Pantagescope offers pictures of entertainment and news value.

## CO-STARS APPEAR

### AT COLUMBIA THEATRE

"Vengeance" is Story With Atmosphere of Asiatic Intrigue

The strange atmosphere of the East has been faithfully reproduced in "Vengeance," the new World Picture which has been secured by the management of the Columbia for showing to-day, Tuesday and Wednesday. Montagu Love and Barbara Castleton are starred in this production and Madge Evans is seen in a highly important role. The remainder of the cast is large and splendidly capable.

The story told in "Vengeance" is an enthralling one, a strange one and a vitally interesting one. It deals with the experiences of John Cuddleston, half Indian, half Englishman, who inherits a legacy of hate from his embittered father. The young man has been brought up by the priests of the Temple of Buddha, but he has but small respect for that faith, and when, upon his twenty-first birthday, the call to vengeance comes unexpectedly into his life, he drops everything to follow out his father's wishes.

Through an odd series of circumstances he meets Elsie, Lady Drillingcourt, and their lives touch time and again. Lady Drillingcourt is the ward of Andrew Cuddleston, John's uncle. Andrew is the man against whom John's hate is directed. An Indian slave girl who falls in love with John adds to the complication of the play.

The twelfth chapter of the Vitegraph serial, "Vengeance and the Woman," will be an added feature on the Columbia programme.

# COLUMBIA

Presents MONDAY, TUESDAY, WEDNESDAY

# Pauline Starke

# "Until They Get Me"

# "The Woman in the Web"

COLUMBIA TRIO

Nothing has ever been discovered to take the place of the bicycle. It is in a class by itself, and it is probable that nothing will ever be discovered to replace it. For general city use, for business purposes, for exercise, for outings and for economy there is nothing that fits quite so easily as a bicycle. Its value was proved quite a number of years ago, but it is a truthful statement that its worth has never before been admitted to such an extent as at present. War's demands had something to do with the recognition accorded the simple bicycle, and

**H. W. HOOD**

now that the fighting days are over the wheel has become still more popular. The world will never be able to do without the reliable and inexpensive bicycle.

# Attractive Features at Local Theatres

Starring Here To-night at Royal

DOROTHY BERNARD AND FRANK MORGAN

"The Man Who Came Back" at the Royal Victoria Theatre to-day and to-morrow.

## ATTRACTIVE PLAY TO OCCUPY BOARDS

Dorothy Bernard Will Appear as Marcelle at Royal To-night

"The Man Who Came Back," the Jules Eckert Goodman melodrama of modern life, based on the popular short story by John Fleming Wilson, will be presented at the Royal Victoria Theatre for two days, starting to-night.

Dorothy Bernard will appear as Marcelle and Frank Morgan will play the role of Henry Potter, waster and profligate son. Others in the cast are Clifford Dempsey, Margaret Linden, Maud Campbell, Paul Atherton, Harry Sleight, J. Irving Southard, Allen Atwell and Harry Davies.

The play requires five episodes for the telling of the story, the first representing the home of Thomas Potter in New York. Potter, Sr., has tired of paying his son's bills and decides to send him forth to make his own way in the world. The son upbraids his father, claiming that he has been brought up with a silver spoon in his mouth and is therefore not qualified to make his own living. He leaves home for San Francisco, threatening to make the name of Potter known in every port in the world, but not as his father would have it known. In San Francisco he haunts the gilded cafes, drinks and gambles. The one good thing that comes to him is the love of Marcelle, a cabaret singer. However he is not yet ready for that love and after a tense sex duel Marcelle goes away in tears. Potter is shamed. Next they meet in a low opium den in China. The girl has become a drug addict and the boy has reached the depths. In a scene of tremendous thrill love brings revelation and begins redemption. Together they start to climb upward. But still the way is rough and at a pinery near Honolulu they meet with another great crisis in their lives. Finally the girl makes the decision and the boy returns to his father's home to begin life anew. How he succeeds and the surprise that comes to him is better left to be told in the play.

"The Man Who Came Back" is an unusual play, full of romance and thrills and surprises. Its popularity is attested by a run of fifty-seven weeks in New York, twenty-three weeks in Chicago, nineteen weeks in Boston and fourteen weeks in Philadelphia.

## OVER-EATING is the root of nearly all digestive evils. If your digestion is weak or out of kilter, better eat less and use KI-MOIDS

MADE BY SCOTT & BOWNE MAKERS OF SCOTT'S EMULSION

## MUSICAL COMEDY COMING THIS WEEK

"Going Up" Will Be Here for Two Nights at Royal

The quality of a theatrical entertainment is usually gauged by its reception in New York and the length of its run in that metropolis. Guided by this rule, "Going Up" a musical comedy, book and lyrics by Otto Harbach and James Montgomery, with the music by that well known composer, Louis A. Hirsch, takes a high place. "Going Up" is now on tour after a phenomenal run of nearly two seasons at the Liberty Theatre, New York, where critics and public alike raved over it.

The distinguished features of "Going Up" are a well told and coherent story, catchy music, wholesome fun and the general excellence of its company and chorus, and for these qualities and the success that has attended its presentation elsewhere, "Going Up" is cheerfully recommended. "Tinkle-Too," "If You Look in Her Eyes," "I Want a Determined Boy," "Going Up," "The Touch of a Woman's Hand," "Do It For Me" and "When the Curtain Falls" are a few of the many song hits in this snappy musical comedy which will be presented by Cohan and Harris at the Royal Victoria Theatre on Wednesday and Thursday, May 7 and 8.

## WILLIAM S. HART IN TYPICAL FILM

Popular Idol of Western Realism Will Star at Dominion

A big gambling scene in a setting that is the last word in Western realism engrossed the attention of William S. Hart and his company during the filming of Hart's new Artcraft picture, "Breed of Men" which will be presented at the Dominion Theatre all week. In the story there is an episode of a crooked land dealer, who to get the "Caracas" Comedies, under his control, causes a professional faro player to fleece the boss puncher out of all he possesses, even to his "slip along hawes." The man who portrays the gambler is one who actually had seen such service in the West in early days. What he doesn't know about cards isn't worth telling. In the big set are roulette tables, and wheels, faro layouts and all the paraphernalia of the gambling dens of the frontier. The scenes taken in Chicago at the stock yards are excellent in every respect and that this will be one of Mr. Hart's most thrilling dramas of the frontier country is the belief of those

Starting TO-DAY

# DOMINION

—ALL WEEK

There is love and romance; thrills come thick and fast in this newest Hart production. A whirlwind trip to Chicago after his man; a terrific fight to rescue the girl, and then his proposal to the girl. Don't fail to see Big Bill propose.

who have seen it in the making. Scena Owen is the leading woman.

## ORIENTAL COLOR ON STREET SUNDAY

Afternoon Parade of Shriners Formed Fantastic Feature in City

Splendor on the streets, with the gorgeous coloring of the Orient, affording sharp contrast to the conservative styles and colors of occidental dress, drew a large crowd down town yesterday afternoon. The occasion was the parade of the Affii band and patrol of Tacoma, heading the Mystic Shriners, who had been engaged in a ceremonial session at Vancouver on Saturday.

The band of thirty-six pieces, with a patrol of sixty-four, all arrayed in Arabic costume, headed the procession of Shriners, who occupied the time between the arrival of the Vancouver boat, and the departure of the Seattle boat, in a parade up town to the Dominion Hotel, in order to visit Stephen Jones. Mr. Jones is a well-known Shriner, and the nobles certainly did full justice to the occasion. The paraders chiefly were from Nile Temple, Seattle and Affii Temple, Tacoma, and were received by a number of members of Gizeh Temple, who had returned from the Ceremonial.

## ENGINEERING COURSES FOR RETURNED MEN.

Queen's University at Kingston, is offering a special summer session in the Faculty of Applied Science for returned men this year. Classes of the different courses will open on April

28 and continue until the September examinations. This session will count as a full college year to those students who are successful in the examinations, and they may proceed to the following year of a course when the autumn session opens in October. Those who have not matriculated are given special preparatory work to fit them to enter first year in the autumn.

## SHE KNEW WHAT IT MEANS.

A teacher was reading the Christmas recitative piece to her class and came across the word "unaware." She asked if anyone knew its meaning. One small girl timidly raised her hand and gave the following definition: "Unaware is what you take off the last thing before you put your nightie on."

# DOMINION RAYNSTERS

"Made-in-Canada" Raincoats

The Sunny Day Coats For Rainy Day Wear.

The chief difference between a Dominion Raynster and a made-to-measure spring overcoat is that a Dominion Raynster is absolutely waterproof.

The cloth is not "treated" or made merely "shower-proof"; it is reinforced with an inner lining of rubber, which makes the entire coat, even to the seams, waterproof.

In style and appearance, Dominion Raynsters have the effect of tailor-made spring garments; they simply give you the double service of a reliable raincoat as well as a stylish spring coat.

Made in a pleasing variety of patterns and cloths for men, women and children.

The best stores that carry clothing also carry Dominion Raynsters. Ask to see them, and look for the guarantee label of the Dominion Rubber System.

## EMPLOYMENT OPENING FOR DISABLED MEN

Crippled Returned Veterans Can Be Usefully Applied to Civilian Engagements

The manager of a large governmental undertaking in Great Britain says that there is no question that disabled returned men can be usefully and profitably employed in many posts in engineering workshops and those of allied trades. He declares, however, that it is essential that great care should be exercised in selecting men according to their degree of physical fitness for the work they are to do.

The following instances indicate work disabled men have undertaken: 1. Storemen of all kinds—Disabled men are useful in shop stores receiving and issuing tools, raw materials. Preparing materials for use, such as working power-driven saws for cutting steel bars and angles to required lengths, plants used for recovering oil, machines for baling, oil filters can all be worked by such men, and clerical work of all kinds.

2. Machine shops—Useful results have been obtained in all kinds of repetition work, where the machines are set up by skilled mechanics. Many of these operations may be carried out by men sitting down and are, therefore, suitable for men disabled in the legs.

3. Fitting Shops—As fitters, the more active of the disabled men can be employed.

4. Sheet Iron and Tin-Plate Work—Operations such as cutting out, forming, rivetting, soldering, welding, etc., of a repetition nature are all suitable. The men learn the jobs they are put to in a few days and soon become quite skilful.

5. Inspection and Gauging—Men should work under technical inspectors carrying out ordinary routine duties, especially where large numbers of articles are concerned. Much of this work could be done sitting down.

It has been found that skilled mechanics are sympathetically inclined toward disabled men and help them in every possible way. Much depends on the attitude of the skilled workers as to how far the employment of disabled men can be developed.

The experience of Great Britain indicates that Canadian industry will be able to absorb men into fit, useful and self-respecting employment.

### BOY SCOUT NEWS

(Contributed.)

#### Local Troops

1. Third Victoria Troop, Scoutmaster W. H. Brown, Merchants Bank, Sidney. Parade Friday, 7.30 p. m., headquarters, Green Block, Broad Street.

2. MacLean Troop, Scoutmaster P. Trowsdale, 424 William Street. Parade 7.30 p. m. Tuesday, headquarters Presbyterian Church, Victoria West.

3. St. James Church Troop, Scoutmaster C. J. Cherry, 114 Dallas Road. Parades Monday 7.30 p. m. Headquarters 114 Dallas Road.

4. St. John's Church Troop (forming) Scoutmaster G. H. Bevan-Pritchard, 791 Topaz Avenue. Parades 7.30 p. m. Headquarters, 913 Mason Street.

Any boy wishing to become a scout, can apply at any of the above headquarters or at the Association headquarters, 219 Pemberton Building, between the hours of 4 and 5 p. m. any day except Saturday and Sunday.

All old scouts are cordially invited to communicate with, or visit, Association Headquarters, at the above address.

All necessary forms, books of information, and regulations can now be obtained from or through the Local Association Headquarters Office.

#### Private School Troops

1. University School Troop, Mount Tolmie.

2. Collegiate School Troop, Rockland Avenue.

3. Victoria Preparatory School Troop, Oak Bay.

There will be a patrol leaders meeting held at this office on Monday, May 5, at 7.30 p. m. It is specially requested that all patrol leaders of the local Association will be present without fail, as this is a very important meeting.

#### Scout News

The Third Troop held their weekly parade on Friday last and the evening was spent with classes of instructions under patrol leaders. After the parade was dismissed the patrol leaders held a meeting for the purpose of discussing the forthcoming patrol leaders conference. The MacLean troop held their usual parades last week.

The following Scouts of this troop have passed their tenderfoot tests: M. McConnell, R. Maclean, A. Maclean, H. Plover, D. Macintosh, H. Barber, K. Miller, R. Duncan, S. Smith, G.

Olympic trials for bicycle racing enthusiasts of Canada will be a feature of sporting events in a number of cities throughout the coming summer, according to announcements made by various officials in charge of the bicycle sport. The next Olympic games are to be held in Antwerp, Belgium, and they will be held there in 1920. The Canadian team of athletes which will participate in the big meet will include a number of cyclists, and it is the expectation that Canadian riders will once more be able to hold their own in competition with the world's best. Olympic trials will be held in a number of cities and plans have already been laid for the development and training of promising cyclists for the trip to Antwerp. These trials are to be held under the auspices of the Canadian Wheelmen's Association.

The following Scout has passed the second class test: R. Newell.

The following scout has passed the test for Bee Farmers' Badge: R. Newell.

A meeting was held in St. John's Sunday School room on Tuesday last for the purpose of forming a new troop in connection with St. John's Church. The Rev. F. A. P. Chadwick presided, and among those present were: G. H. Bevan-Pritchard, the prospective Scoutmaster; W. Morrison, assistant scoutmaster; Stanley Hawkins, Hon. Secretary-Treasurer of the new troop, and about twenty boys.

### EIGHTEEN MILLIONS WENT TO INVESTORS

On May 1 about \$18,000,000 was in interest, distributed among those who subscribed for Victory Bonds during 1918. This is a lot of money, being at least \$4,000,000 more than was paid in interest on all the public loans at the outbreak of war.

The matter of chief concern is not the size of this interest payment, but how much of the \$18,000,000 will be saved. A large portion of it will go to owners of small bonds, who may consider the amount they receive so small as not to be worth bothering about.

This is a mistaken idea. It is on the savings of the great mass of Canadians that the stability of Canada's financial and industrial life must rest. War Savings and Thrift Stamps will take care of the smallest interest return and re-invest it in a new government bond paying a good rate of interest. Those who drew interest on Victory Bonds should bear this in mind.

### FERNIE HAS THREE BALL TEAMS IN LEAGUE

At a meeting of the Fernie baseball enthusiasts it was decided to organize and the following officers were elected: Hon. President—W. R. Wilson. Hon. Vice-President—Rev. Batsold. President—A. C. Liphardt. Vice-President—Jan. Johnston. Secretary-treasurer—E. Kirkpatrick. Executive—R. Colton, L. Bain and C. Spence.

It was decided to form three teams in the city, viz.: "The Old Timers," the Hulla Hulla and the F. A. A. C. The city has also offered to donate the use of a grinder to the club.

The league season will commence on May 14 and games will be played every Wednesday and Friday evenings, commencing at 8.30.

A. C. Liphardt has kindly donated nine medals for the winners of the league. In response to an appeal to assist the poor clergy of his diocese, the Bishop of Liverpool, England, received in one mail two letters, one containing a cheque for £1,000 and the other a cheque for £10,000. Both donors wished to remain anonymous.

## The Benjamin '92 Two-Way Plug

HANDY FOR ALL THESE PURPOSES

This simple, electrical device saves time, worry and unnecessary expense and makes it possible to use your various electrical appliances without sacrificing the use of your light.

Merely take out the lamp bulb, insert a Benjamin Two-Way Plug in its place (just as you would change an old lamp for a new one)—and you have not only a socket for the lamp, but an extra one for any other use.

Price Each \$1.25 3 for \$3.50

REPORTED GOVERNMENT WILL BUILD DRYDOCK ON SITE AT ESQUIMALT

Every Indication Points to Recognition of Esquimalt's Claims and Early Start Made in Construction of Modern Graving Basin Here

It is reported on excellent authority that the Federal Government has under consideration the long-shelved proposal to construct the big drydock at Esquimalt. The report that the Government proposes to go ahead with the drydock scheme on the site purchased some years ago for the purpose will create general satisfaction. With the object of getting action on this important matter considerable pressure has been brought to bear with the Ottawa ministers by the members for Victoria and Nanaimo backed by a large number of influential citizens. The Victoria Liberal Association has been active in setting forth the claims of Esquimalt for a modern graving basin. The advantages of Esquimalt in this respect were raised in a resolution forwarded in March by the Victoria Liberal Association to Hon. D. D. Mackenzie, Leader of the Opposition in the Federal House, worded as follows:—

At a meeting of the Victoria, B. C., Liberal Executive, the following resolution after thorough discussion was unanimously passed, and copies ordered to be sent:—Hon. D. D. Mackenzie, Liberal leader, Sir Thomas White, Acting Premier, Dr. Tomlin and J. C. McIntosh.

"1. The Pacific naval base for Canada is at Esquimalt, B. C. "2. The largest boats built can enter Esquimalt Harbor at any time and under any weather conditions. "3. Esquimalt is the first port of entry on the Canadian Pacific, and is the only Canadian Pacific port that has natural defences from sea attack. "4. The Federal Government already owns land and have bought it for the purpose of building a national dry dock at Esquimalt Harbor. "5. The Federal Government have already built large and commodious wharves for commercial purposes at Victoria, B. C., (Esquimalt, B. C., being a part.) "6. On account of being a first port of call for ocean going vessels, the Government Wharves to be successful must have proper drydock facilities. "7. During the past war Canada lost millions of dollars through not having proper Pacific dry docking accommodation for the British naval boats (they while on this coast having to go to U. S. A.) "8. Owing to the absolute necessity that there shall be sufficient employment for our returned soldiers and war workers during the reconstruction period. "9. All monies should be spent not only to help out the present labor conditions but should be spent with the view of deriving a great future benefit. "10. It is resolved, that it is of the greatest national importance that a dry dock should be immediately erected at the harbor of Esquimalt, B. C., suitable for the docking of the largest boats built, and that, owing to and by virtue of its benefits being a monopoly, that it be Government owned."

Another Red Cross Party for Siberia Will Leave on Fushimi Maru Next Friday for Vladivostok

WHY COMPENSATION CANNOT BE PAID

Appeal Court on Sophia Case Holds Section of Act Ultra Vires

Vancouver, May 5.—Explaining the legal grounds on which the majority of the Court of Appeal judges have held that the Workmen's Compensation Act does not apply to the dependents of the crew of the ill-fated steamship Princess Sophia, Chief Justice Macdonald has filed a written judgment. His Lordship holds that the section of the Act which the Workmen's Compensation Board claims as its authority on which to pay out compensation in the event of accident happening outside of the Province on a boat or train which flies within and without the Province is ultra vires because the Legislature by section 3 of the Act has preserved the workman's right to treat the accident as one giving him a civil right in the foreign country together with the choice of which remedy he will pursue without preserving the right of the employer under the foreign laws. His Lordship also dissents from S. S. Taylor's argument that the section is within the scope of the Legislature, being the collection of a Provincial tax. His Lordship holds it is not taxation in the true sense of the word.

NIAGARA TO DOCK TO-MORROW NIGHT

Canadian-Australasian Liner is Under the Command of a New Skipper This Voyage

Latest word on the Canadian-Australasian liner Niagara indicates that she will reach William Head at 8 o'clock to-morrow night from Australasian ports. Owing to the delayed arrival of the liner she will probably be passed at the quarantine station to-morrow night even if it is after sundown when she makes William Head. The Niagara, which was held in quarantine at Auckland owing to influenza epidemic there, is under the command of Capt. McLean, succeeding Captain Rolob who is taking a vacation. The liner is bringing in a large list of salmon passengers. W. Stoddard, of Perth (W. A.), managing director of Nicholson & Co., says that the Niagara is making a world tour. C. Bowes Thistlethwaite (hon. treasurer of the New South Wales Congregational Union) is another passenger. He will visit America and Great Britain. Miss Merna Brown, a daughter of Mr. and Mrs. J. C. Brown, of Geelong, is bound to America under the care of Mr. and Mrs. Marcus Collins, and will remain in the United States for some months on a visit to friends. Mrs. John Thompson, of Brisbane, is en route to Canada. On her outward voyage the Niagara will sail May 12.

PROTESILAUS WILL CLEAR FOR ORIENT WITH MIXED CARGO

Loaded with steel, cotton, automobiles and merchandise, the Blue Funnel Liner Proteus will touch here in a few days inbound for the Orient. She is at present at Vancouver unloading part of the cargo brought across the Pacific on her last trip, and when that operation is completed will clear for Seattle en route for Victoria. Besides her usual China and Japan ports, the Proteus will go to Vladivostok, taking twenty-five locomotives to the Siberian port for the Russian Mission of Ways and Communication. The locomotives will be loaded at both Pier 14 and the Port Commission's Smith Cove Pier. The Proteus's forward hatch is served by a powerful derrick with a lifting capacity of fifty tons. The locomotives proper and the tenders will be lifted separately from the wharf by the ship's gear. The after hold is not provided with such a powerful derrick and the locomotives to be loaded into that part of the ship will be placed aboard by the Smith Cove Pier's powerful cranes. The Proteus will have 100 tons of old American newspapers in her outward cargo, the Orient still being eager to get the old papers for wrapping purposes.

SCHOONER BLAKELEY GOING TO ATLANTIC

The four-masted American schooner Blakeley has been delivered by the Port Blakeley Mill Company to Capt. J. A. Scott, prominent shipowner, of Mobile, Ala. The purchase price in the transaction has not been made public. Under the Scott ownership, the Blakeley will load 900,000 feet of lumber at Bellingham for Callao.

VICTORIA THE NORTHWEST THE WORLD

TYEES WENT UNDER IN SUNDAY'S GAME

Collected Ten Hits but Lost by Eleven Runs to Four

Driving over eight hits in a bunch Vancouver ballplayers lost their way to a one-sided victory over the Tyees of Victoria, yesterday at Blaine, Wash.

The Tyees started out well and got a run across the pan in the very first inning. Mentor, first man up, grounded to Raymond, and Teehey opened up his afternoon performance by booting it.

There was not much hitting and there were no more runs for either side until the fourth.

Spens was the ballplayer who started it. He was first up in the fourth and came through with a single to deep short.

This started the fun. Ritter was hit by Bonner and the bags were loaded again. Came along "Spike" Arnsperger, and after severely straining the atmosphere twice he singled to centre.

Spenser next made his second hit of the day. This was followed by Raymond's hit and a walk to Spens, then Wally Hood made his second hit of this crazy inning—and a double at that.

Walters, who had been safe on an attempted sacrifice earlier in the frame, now singled to centre. It seemed that the hitting and the merry-go-round on the bags would never stop, but Hinkle, playing out in centre, pitched out from the bats of Ritter and Arnsperger next two up.

The Beavers collected their other tallies on hits by Walters and Patterson, the former a double. The Tyees got two of their four in the fifth, when Barham had a slight spell of wildness, passing two and allowing Mullen a double. A pass to Hinkle in the seventh also eventually gave the Tyees a run. Hinkle stealing second, going to third when Patterson overthrew the sack, and coming in on Armstrong's sacrifice fly. The score:

Table with columns: A.B.R.H.P.O.A.E. for Vancouver and Victoria.

Summary: Two-base hits—Spranger, Henson, Hinkle, Walters. Three-base hits—Zinke, Spranger. Stolen bases—Ritter, Arnsperger. Double plays—Clark to East-erly; to Mullin; Ritter to Walters; Arnsperger to Patterson; Mullin unassisted. Sacrifice hits—Armstrong. Base on balls—Off Bonner, 1; off Barham, 2. Struck out—By Bonner, 1; by Barham, 2. Hit pitched—Barham. Hit by pitched ball—Spranger, Ritter, Bonner.

Even Break Saturday. Saturday the honors were even in the double-header. Brother Bob's boys in

SHIPBUILDERS TAKE FIRST AMATEUR GAME

Aeroplane Drops Souvenir Balls as Game is in Progress

The first sample of baseball dished up in the amateur league gives promise of a keen competition for the city title this season. The bleachers were crowded, as at the professional games, with fans who saw the Foundation team snatch a victory by nine to five over Strait-Two Jacks. Moore's boys

chimed up the first-run of the season with a single in the second inning, but the shipbuilders found the home plate twice in the third, innings. They followed with two in the fifth, two in the sixth and three in the last, innings. In the seventh Strait-Two Jacks made a couple. The souvenir balls dropped from the aeroplane while the game was in progress were auctioned for over \$20.

A Party of Thirteen. Calgary, Alta., May 4.—Disappointed by inclement weather Friday and Saturday, Manager "Burr" Threyer and his baseball players left Saturday night for their new home in Moose Jaw where they will tilt the lid in the Western Canada League on Thursday with Winnipeg as their guest. Hurley is not superstitious, as he has thirteen in his party.

Tacoma, May 4.—Tacoma and Seattle jaunted over to Olympia to-day and battled fourteen innings, Seattle winning out 6-4 in a sensational game. The Tigers scored four runs in the first two innings on sharp hitting. Young Gibson pitched the remaining twelve innings without allowing a run.

ATHLETES OF VICTORIA WEST MEET TO-MORROW. Victoria West Athletes will discuss the question of playing grounds at a meeting to be held to-morrow night at 7:30 at Empire Hall. The reorganized Victoria West Brotherhood Athletic Association is making a strong fight to get the school grounds placed in good order, and this will be again taken up at Tuesday's meeting. Representations were made to the School Board about a month ago after a ball game had been played on the grounds. Improvements to Songhees Park will also be discussed. Plans will be drawn up for the summer sports programme.

BASEBALL TRANSFER. New York, May 5.—Jack Coombs, manager of the Philadelphia Nationals, announces the purchase of infielder Edward Sicking, of the New York Nationals.

Chicago-St. Louis game postponed, rain.

A masquerade dance is to be held at Courtenay to raise funds to organize a baseball club.

SPORTS AT CUMBERLAND. Cumberland is making preparations for the celebration of Empire Day, May 31. A great crowd is expected to attend the sports programme being arranged. A series of football games and junior and senior baseball games are to take place.

TWO GUINEAS SAVED BY MODERN SYSTEM MEN'S TAILORING

"Old Mother Goose" as the tailor call the pressing machine—can hide a multitude of sins of omission in a coat. The most flippantly made garment can be made to look fine by the factory pressing machine—and it may hold up its head for a week or perhaps until the rain strikes it—then it goes up and goes into what the sailors call "the slop chest."

"It's the hidden or inside work that makes Semi-ready real tailoring—an exact reproduction of a well-tailored custom-made garment minus \$5 saved by direct weaving and buying and \$5 more saved by the expert team system of tailoring—two guineas saved." Mearns & Fuller, corner of View and Douglas.

VICTORIA SWIMMERS RETURN WITH HONORS Mrs. Martin Won Fifty Yards Breast Stroke; Audrey Griffin Second

Considering the fact that they had no opportunity for tank practice the swimming team of the Vancouver Island Athletic Association who went to Portland in search of Northwest honors acquitted themselves with credit to the city. Mrs. Harold Martin, who won the fifty yards championship at the open air gala at the Gorge last summer, repeated the performance in the Portland tank in 42 4-5 seconds. Audrey Griffin swam second.

Miss Griffin swam third in the fifty yards free style, about a yard behind the second swimmer, and Mrs. Martin was about the same distance behind her team mate. Buck Calder got two-thirds of the 500 yards, and the 100 yards back stroke. Miss Griffin, in the free style race held a good lead for the first 25 yards, but lost in the turn. Vivian Domesny, one of the young swimmers of the V. I. A. A., who is at present living in Portland, joined the party, but made a poor start in the 50 yards race.

Lambert Sternbergh, of Seattle, was high point winner, taking three events. In the plunge for distance he made 52 feet 3 inches, bettering the Northwest record by sixteen inches. He won the 220-yard and the 100-yard swim events, free style. Myron Wisley won the 500-yard swim in 7 minutes 28 2-5 seconds. Duke Walker, of Multnomah Club, Portland, won the fifty-yard race in 23 1-5 seconds, defeating a large field. H. W. Huckleland, Multnomah, won the 100-yard men's back stroke.

Friday afternoon is ladies' day at the park. Ladies will be admitted free, and young people will be admitted free to the evening game. Pinkie Grindle will umpire the series, and Friday will be "Umpire's Night." Everything the umpire says goes that night, none of the players can tell him that, as well as being blind, his eyes are crossed and the fans take every decision without a murmur, "which" as the man who says "you've gotta have luck," remarks "takes all the joy out of baseball."

The Public Accounts Committee of the House of Commons met on the fifteenth for the first time since the present Government came into power.

The genial manager lost his smile for a while and started handing out discharge papers to some of his ball staff after the series. When he returned home from Blaine he and the president talked matters over, and decided that Victoria has got to win more games and win them mighty quickly. If after the Victoria-Tacoma

Three Players Released to Make Room for a Winning Club

"We will have a winning club if we have to buy a Coast League team," Manager Brown declared on his return from the Vancouver-Victoria series. "We are going to get a good pitcher from the Coast League to help Morton. He is pitching good ball, but he has got to have more support. If we had had a good first baseman in the twelve innings game we should have won. They scored the winning run on an error."

series starting Friday his hired men haven't boosted the Tyees considerably up the ladder, someone is going to know about it. Jimmy Clark, who started the game Friday night, has been released. "If his arm comes back he may join the club later," Jim states, but just now he wants men who can get right into the game, and get results. Jimmy Mensor also got his walking papers, and Al Bonner, who came with a wonderful reputation, can go where he pleases so far as the local manager is concerned. "Al," he says, "either quit cold, or his arm has gone."

St. Forsyth, who is at home either as outfielder or first baseman, and McIvor, will make their first appearance in Victoria on Friday. McIvor is a left-handed pitcher and played in the Northwestern League in 1912 and 1913, and then went to St. Louis. He is reputed to be a corking good hitter, "and they have got to hit," says Jim.

VICTORIA NORTHWEST WORLD

CRICKETERS HOLD PRACTICE GAMES

Half Century Passed by Christ Church Batsman; Victoria and Congos Win

Victoria beat the Five C's, Congos beat the Albions, and the University team and Christ Church eleven drew in the cricket practice games Saturday. The Victoria club beat the Five C's by six wickets. In the University-Christ Church game, Wenman for the University played a pretty innings for 32 before he was run out and Pelly played a sound innings of 28. Smith hit up a useful 31 and was not out when the innings closed. Scores were as follows:

Table with columns for batsman name, runs, and wickets. Includes names like Ferris, Walton, Macey, etc.

Table with columns for batsman name, runs, and wickets. Includes names like Barclay, Ferris, Macey, etc.

Table with columns for batsman name, runs, and wickets. Includes names like Oliver, Heggie, Booth, etc.

Table with columns for batsman name, runs, and wickets. Includes names like Askey, Grant, Mitchell, etc.

NANAIMO CRICKETERS WANT VICTORIA GAMES. Nanaimo cricketers will be in the field with an eleven again this year. At a recent meeting it was decided after very little discussion to organize. Officers were appointed for the season and the secretary instructed to get as many dates as possible with Victoria and Vancouver clubs.

The following officers were elected: Honorary Presidents—Messrs. G. W. Bowen, Hon. Wm. Sloan, Senator Planta, John Hunt, J. C. McIntosh, M.P., and J. M. Ridd.

FOUR POSSIBLES AT 5TH REGIMENT SHOOT

Ideal Weather Favors First Practice Shoot of the Season

The first regular practice shoot of the 5th Regiment, C. G. A. Rifle Association was held at Clover Point Rifle Range Saturday in ideal weather. Four possibles were made, three at the 500-yard range and one at the 600-yard range. High score was 192 out of a possible 195, made by Lieut. J. Caven.

Table with columns for name, score, and range. Includes names like Lieut. J. Caven, Lt.-Col. R. Angus, etc.

Table with columns for name, score, and range. Includes names like Lieut. J. Caven, Lt.-Col. R. Angus, etc.

KENTUCKY RACES

Lexington, Ky., May 5.—Saturday's race results: First race, three-year-olds and up, 6 furlongs—Harry Burgoyne won, Mabel Trask 2nd, Capt. Burns 3rd. Time, 1:13.4-5.

INTER-CITY BOWLING VICTORIA DAY FEATURE

The executive of the Vancouver Lawn Bowling Club, Shagheesay greens, are issuing invitations to members, their ladies and kindred clubs for the formal opening on May 10.

INTERNATIONAL SPEEDERS.

New York, May 5.—A \$25,000 sweepstake automobile race, set for Saturday, June 14, will be the opening event of a series of four races at Sheepshead Bay speedway.

IN the mud of France and Flanders, and the dreary desolation of war stood a series of little huts where soldiers from the front line trenches used to come. Sometimes it was a dug-out, sometimes it was a shed, sometimes it was the cellar of a ruined house, sometimes it was a section of a chateau or a barn, sometimes perhaps it was a regular "hut".

Help Y.M.C.A. Maintain Red Triangle Clubs Canada Needs "Y" Service During Demobilization

IN eleven of the principal cities of Canada from coast to coast the Young Men's Christian Association is now operating in separate and distinct buildings Red Triangle Clubs for returned soldiers. In other cities similar accommodation is provided in the regular Y.M.C.A. buildings.

meeting place while staying over on business connected with the adjustment of their military accounts or their civil re-establishment after their discharge from the army.

This year eleven such clubs are in existence, and in addition similar service is being rendered soldiers in the regular Y.M.C.A. buildings of other cities.

Red Triangle Campaign logo and text: CANADIAN Y.M.C.A. Red Triangle Campaign CANADIAN Y.M.C.A. \$1,000,000 May 5th to 9th

RED Triangle Clubs for soldiers were inaugurated in Canada in April, 1917. A committee of prominent business men in each locality undertakes business supervision, trained managers and bookkeepers are placed in charge by the Y.M.C.A., usually men with a long experience in railway Y.M.C.A.'s or similar work.

- Free check rooms for soldiers' dunnage bags and parcels. Reading and writing rooms and free stationery. A "Mother's Corner," where buttons are sewn on, socks darned, and little jobs of sewing and mending are done for soldiers free of charge.

Billiard rooms and other games such as checkers and chess. Information about trains, telegraph facilities, and free motor bus to and from railway stations for soldiers and their baggage.

The rates charged to soldiers making use of the Red Triangle Clubs vary according to locality, but the service in every case is given at prices much below cost. The result is heavy monthly deficits at each Red Triangle Club—deficits that can be met only by funds subscribed by the public in the Red Triangle Campaign.

For Soldiers' Wives and Little Ones. For the wives and children overseas, dependent upon Canadian soldiers, a sum of \$175,000 from the Red Triangle Fund will be set aside to cover the work of the Dominion Council of the Young Women's Christian Association.

Regular musical and entertainment programmes contributed by Y.M.C.A. workers and voluntary talent; religious services on Sunday afternoons. For Red Triangle Clubs and service to soldiers in local Y.M.C.A.'s, Military Hospitals, Camps, etc.

A social rendezvous for soldiers held over by personal business and at their own expense in the big cities. Hotel and restaurant accommodation to returned men at below cost.

For Canadian Womanhood. The Dominion Council of the Young Women's Christian Association has also the responsibility of superintending and promoting Y.W.C.A. work for Canadian Women and Girls, which is growing more widely necessary each year.

For the sake of the soldiers' wives and dependents coming to Canada, generous when you make your contribution.

Help the "Y" complete its work for soldiers. Help extend "Y" service to Canadian boys. Help bring the Red Triangle to the Army of Industry and to Rural Canadian Life.

National Council, Young Men's Christian Associations of Canada

The Red Triangle Campaign is under the distinguished patronage of His Excellency, the Duke of Devonshire, K.G., G.C.M.G., G.C.V.O., P.C. Hon. Campaign Chairman: JOHN W. ROSS, Montreal. Campaign Chairman: G. HERBERT WOOD, Toronto. Campaign Treasurer: THOMAS BRADSHAW, Toronto. Campaign Director: CHAS. W. BISHOP, Toronto.

DEADLOCK STILL ON SPRING VEGETABLES

DOWN AT PRINCETON REACHING STORES. Company Now Assumes Condition of Lock-Out; Report to Attorney-General. Few Changes in Retail Prices of Commodities Are Reported This Week.

Inspector Owen, of the Provincial Police, who has been in charge of the uncertain condition of affairs at Princeton, made a personal report on the situation to the Attorney-General's Department this morning. He will remain in town on departmental business for a couple of days. When the Inspector left the interior town during the week end there had been no additional reports of disorder or threats of such any kind. The men are still standing firm in their demand for an eight-hour

**White Footwear for Comfort**

Canvas Footwear gives the most comfort at the least expense. It has other features to commend it also; no trouble at all to keep it looking neat and attractive, and it wears exceedingly well.

Prices from \$3.50 to \$6.00

## CITY HAS YET ONE MORE CARD TO PLAY

Dispute Over Duchess Street Fire Hall Apparently Not Finished

The wrangle between the City and Oak Bay over the upkeep of the Duchess Street Fire Hall will probably come up again for discussion at the City Council meeting to-night. The upshot will probably be another letter to the neighboring municipality, pointing out reasons why the original agreement regarding the fire hall can be terminated now, and asking Oak Bay to pay considerably more for its fire protection.

When the City Council was going over this year's estimates some time ago, and was busy engaged in paring down wherever possible, the idea of requesting Oak Bay to provide a larger share of the upkeep of No. 8 hall was discussed. It was discovered that the cost of maintaining the establishment had mounted up greatly, with the increased price of materials and labor. And as Oak Bay was the chief user of the Hall, it seemed reasonable that it should help to bear the added burden.

**Ask For Increase.**  
Accordingly, the municipality was politely requested to contribute \$4,400 a year instead of \$1,800. Two weeks ago the Council received a surprise in the form of a letter from Oak Bay. The municipality, it was stated, considered that the existing arrangement regarding the Fire Hall was quite satisfactory, and it was not, therefore, deemed advisable to cancel it at present. The city was doubtless aware that the contract could be terminated only by the mutual consent of both parties to it. Under these circumstances Oak Bay would be glad to hear that the city honored the contract. Many of the aldermen, however, did not appear to be aware of any such agreement.

**An Iron-Clad Contract.**  
On looking further into the matter, the Council found that the contract with Oak Bay provided that the city should maintain a certain number of firemen and engines at Duchess Street for a certain price. This agreement was to prevail until such time as it was ended by mutual consent.

Eventually the Council saw a loop hole. It appeared that the original agreement was made conditional upon both parties to it submitting a by-law to the respective municipalities. Oak Bay submitted the by-law, but the city did not. The contract, in the opinion of many of the Aldermen, could not be binding. It is, therefore, altogether probable that the city will point these things out to the municipality, and repeat its request for more money. Whether Oak Bay has another card to play remains to be seen.

Soft answers do not turn away soft caused by soft coal.

## Dental Work Done at This Office Will Give Years of Satisfactory Service

Did you ever stop to consider how strong your teeth must be to stand the daily grind, week in, week out, year in, year out? Men of affairs know that machinery won't stand such punishment without attention.

It is my business to give Your Teeth the periodical attention they must have if they are going to function properly. I understand the strain your teeth must stand, so I guard you against future trouble by using the finest quality of materials procurable. See me to-morrow about this important matter.

## VICTORIA'S PLANE SETS NEW RECORD FOR SIDNEY TRIP

Made Round Trip of Saanich Peninsula in Thirty Minutes Against Head Winds

### MAY CARRY MAILS TO ISOLATED SECTIONS

During the first of a series of flights which will be made by the Aerial League of Canada to demonstrate the practicability of commercial flying, the Curtiss biplane on Saturday afternoon with Jack Clemence as pilot and Harry Graves as a passenger, established a new record for the round trip to Sidney. The machine took exactly thirty minutes to complete the trip from Victoria to Sidney and back to the Willows aerodrome, which is half the time consumed by the train in making the journey one way.

After a short flight over the city the aeroplane set a course for Sidney, following the west shore of the peninsula. The flight was made at an altitude of about 3,500 feet and a strong head wind was encountered. For several minutes the machine circled over Sidney much to the amazement and delight of the residents there. It planed down to about 500 feet and when crossing the main street a message bag containing a letter to the editor of The Sidney Review, was dropped. The people scrambled for the bag and waved their hands to the aviators to assure them that the message had been recovered.

On the return flight the pilot followed the east coast. The residents of the peninsula were surprised to see the new bird winging its way so noisily and swiftly over them. The workers in the fields stopped to behold the miracle of the air. It was the first time they had seen one. One old lady is alleged to have remarked to her husband: "Why, Hiram, 'pon my word, if that there ain't the biggest hawk I ever saw."

**To Remove Isolation.**  
This demonstration flight has brought to the attention of the inhabitants of the peninsula a way out of the present isolated position, due to the discontinuance of operations on the Victoria and Sidney line. It is pointed out that the aeroplane could carry mail between this city and the terminus and handle urgent freight up to a couple of hundredweight. At least until arrangements are made for the inauguration of a new service over the V. & S. line, the aeroplane could be commissioned to make at least two trips each day. If the Government could see its way to make such an arrangement with the Aerial League it would not only be assisting the people of the isolated district, but also in an indirect way lend a hand to the development of commercial aviation.

There are several good landing places on the outskirts of Sidney. The plane could land there, deliver the mail and small freight, and pick up the mail bags for the return trip to the city. If this system was arranged it would constitute the fastest mail service in Canada. The flight on Saturday was the longest made in the aerial history of Western Canada. The aeroplane was up exactly fifty-eight minutes and covered a little better than sixty miles. After taking off at the Willows the plane headed for the city, and for ten minutes sped over the main thoroughfares of the city scattering propaganda. A total of 5,000 leaflets were dropped by Graves.

The next item on the plane's programme was a stunt over the Royal Athletic Park. Pilot Clemence dropped to about 300 feet, and on two different dives over the ball park eight balls, fastened in blue message bags, were dropped. Six of the balls fell in the park and two dropped outside. These were auctioned off immediately after the game.

Following this the Curtiss started on its record-breaking flight to Sidney.

**Big Stunt Day.**  
Arrangements are practically completed for the big field day, which is to be held at the Willows aerodrome on Wednesday afternoon. The officials of the league hope to see the old exhibition grounds packed with people and they assure them some very startling feats in the air. The Curtiss is capable of performing any trick, turn or spin known to the aviation world, and with two pilots of the skill of Clemence and Rideout, who acted as instructors on this type of 'bus for a considerable time, it is assured that they will get everything possible out of the plane.

Two of the prettiest sights in connection with a flight are the taking off and landing of a machine. When the plane is in flight it is very hard to gain any idea as to the speed, but when it is leaving the ground or returning persons can note the terrific speed by using objects as markers. People who stand outside will be unable to see these two particular parts of the flight. It is the hope of the League that everyone will pass through the gate as the greater the patronage the greater will be the progress of aviation in this city.

This evening the name selected for the christening of the aeroplane will be announced. The lady who suggests the winning name will be called upon to christen the craft on Wednesday afternoon, prior to the stunt flights.

**TO PASS THROUGH**  
Hotelmen's Representatives Will Meet at Portland; Short Stop in Victoria.

The party of Greeting who will pass through Victoria next month to a convention at Portland will receive a cordial welcome on route. As already stated, the Victoria and Island Development Association contemplates assisting in welcoming them during their short stay, and enthusiasm with which the proposal has been taken up in Seattle assures a hearty welcome in the Puget Sound metropolis. June 22 is the day set to arrive here. This organization, known as the Greeting of America, is composed of hotel manager and clerks. The latter predominate in members. The Portland convention was to have been held last year but, due to the

## DUCK & JOHNSTON EXECUTORS

615 Johnson Street.

fact that so many of the members were in the American army and that unnecessary travel was discouraged by the United States Railway administration, the affair was postponed until a more suitable time. The visiting delegates from Eastern cities will come westward by way of the Canadian Rockies, on a special train. The Portland clerks have raised approximately \$8,000 for entertainment during the convention and are preparing a programme of dinners and other events that will give the Eastern visitors an idea of Western hospitality. Ontario's revenue for the year 1918 amounted to \$264,514.38 under the Ontario Temperance Act as against \$184,717.49 in 1917. The expenses of enforcing the act were \$118,982.07, or an increase of nearly \$7,000 over the preceding year. Stocks of liquor seized amounted to nearly \$100,000 in value, of which a quantity was given to hospitals, a quantity sold to vendors and a quantity retained in stock. The Canada Steamship Lines, Ltd., has affiliated itself with the French Line for a weekly service between Montreal and French ports.
