CHIEF SCOUT AND CHIEF GUIDE VISIT CORPS IN VICTORIA

Sir Robert and Lady Baden-Powell Arrive Here; Full Programme For Inspections; Warmly Welcomed.

Lieut.-General Sir Robert S. S. Baden-Powell, founder of the Boy Scout movement, which has encircled the world, arrived in Victoria on the Vancouver boat this afternoon on the first visit he has paid to this city since 1911.

Sir Robert and Lady Baden-Powell were greeted as they stepped off the boat to-day by Mayor Hayward, District Commissioner G. H. Scarett, Assistant Provincial Commissioner H. H. Rowley, for Boy Scouts; Mrs. Kinloch, District Commissioner for the Girl Guides, and Harry Charlesworth, chairman of the local reception committee.

Mr. Charlesworth represented the National Council of Education, under whose auspices Sir Robert Baden-Powell is now touring Canada.

The distinguished visitors will be entertained by Lieutenant-Governor the Hon. Walter C. Nichol and Mrs. Nichol.

A Famous Record Sir Robert has aged since he visited Victoria eleven years ago, but he is still the robust, energetic figure whose defence of Mafeking, in the South African War, is one of the most celebrated military feats in the history of British arms.

Hold Reception After leaving the wharf, Sir Robert and Lady Baden-Powell proceeded to the Empress Hotel, where they were received by a reception of heads of the various women's organizations, including Mrs. Nichol, wife of the Lieutenant-Governor, Mrs. Schofield, and Miss Crease, of the Local Council of Women; Mrs. J. C. F. Hyndman, president of the Women's Canadian Club; Mrs. S. J. MacLean, representing the Government; Rev. Dr. Clay, president of the Chamber of Commerce; Canon Hinchliffe, M.P.P., president of the Overseas Club, and presidents of the service clubs.

Settlement of Near Eastern Problems Object of Negotiations; Allied Representatives Exchange Views to Make Sure Allied Front Will Be Unbroken

Lausanne, April 23.—An adjustment of the Allied front with a view to its unshakable maintenance was the object of a preliminary meeting of leaders of the delegations of the great powers to-day before the official resumption of the Near Eastern Peace Conference with Turkey. Those who attended the meeting included Sir Horace Rumbold and General M. C. Pell, British and French High Commissioners at Constantinople; Signor Montagne, Italian Minister to Greece, and M. Otchizai, Japanese Ambassador to Italy. The Allied spokesmen said they had the impression that Turkey would seek to take advantage of the announced differences in the ranks of the Allies that had grown out of the political problems of Europe, especially reparations, and would endeavor to profit by the desire of Great Britain, France and Italy to obtain permanent peace in the Near East at whatever price.

### WOMAN GAVE DEATH SENTENCES

Citizeness Anna Gluzman Presided in Moscow Court

Moscow, April 23.—A young woman, in her early twenties, sat as presiding judge at a trial of the Moscow district court on Saturday last and in a calm voice sentenced seven men to death for robbery with violence.

She was Citizeness Anna Gluzman, formerly of Kharkov, who several months ago so attracted the attention of the Commissariat of Justice by her shrewdness in making decisions in the Ukrainian courts that she was invited to Moscow and became a member of the presidium of the Moscow district court. The defendants were a gang of eight highway robbers, all young, who carried out armed robberies in clothing factories last March. They admitted their guilt.

### EQUALITY IS PREMIER'S DESIRE

Freight Rates Fight Is for the Whole Province  
Nelson Audience Hears Statement by Mr. Oliver

Nelson, April 23.—"We are not carrying on this agitation any more for Vancouver than for Nelson. One city is as important as another. It is the recognition of the principle of justice and equality that I desire first. The details can be worked out later."

With this declaration, Premier Oliver, at a largely attended meeting in the opera house here Saturday night, replied to a memorial which had been presented to him on Saturday afternoon, definitely citing a number of instances in which the people of Nelson and district were being discriminated against in the matter of freight rates.

**Agreed Long Ago**  
Discussing freight rates generally, the Premier declared British Columbia was entitled to equal treatment with the other provinces because it had been so agreed when this Province was induced to enter the Dominion. He denied railway operating costs were higher in British Columbia, and stated that the C.P.R. had itself chosen the mountain route for its line, committing "the greatest engineering blunder ever perpetrated on this continent."

Mr. Oliver paid his respects to W. B. Laminar and D. C. Coleman of the C.P.R., and charged that Hon. Frank Carvell, chairman of the Railway Commission, had made an untrue statement, was unfit for his position and had obstructed the British Columbia counsel in presenting his case before the Commission. Mr. Carvell, it was stated, being "so eager to aid the C.P.R."

**Board of Trade.**  
The views of the Nelson Board of Trade were stated to the Premier by a committee composed of J. R. Hunter, L. R. Poole, T. Caudwell, J. A. McDonald, D. L. Kerr and S. A. Irving.

They stated they felt Nelson was not getting a square deal. They needed a wholesale centre, but the wholesalers were not satisfied with the conditions, as goods from the eastern markets could be laid down more cheaply in Vancouver than in Nelson, some even going to Vancouver and the coming to Nelson on a cheaper basis than the direct rate to Nelson.

**Sugar and Jam.**  
It was pointed out that the freight on sugar to the local factory from Vancouver was 59 cents per 100 pounds. The freight rate on jam from Nelson to Calgary was 75 cents; the rate from Vancouver to Calgary on jam was 38 cents, or a difference of 37 cents, thus putting the local shippers 37 cents behind Vancouver in competition.

**List Given.**  
A list of articles and their relative cost per hundred pounds for shipment from the eastern provinces to Nelson, and the respective cost to be laid down at Vancouver, was presented to the Premier. The list included the following articles: Canned goods, fruit jars, wine, brooms, nails, iron, pig iron, fence wire, clothing, dry goods, starch, flour, syrup, feed, carpets, cheese, coal oil, shoes, machinery, lard, ham, bacon and furniture.

A short list of the rates per hundred pounds on commodities from eastern centres to this city and to Vancouver was given as follows:  
Boots and shoes—Rate to Nelson, \$5.08 1/2; rate to Vancouver, \$4.37, car lot.  
Gasoline—Rate to Nelson, \$2.27; rate to Vancouver, \$1.47 1/2, car lots.  
Canned goods—Rate to Nelson, \$2.21; rate to Vancouver, \$1.50, L.C.L.  
Carpets—Rate to Nelson, \$5.98 1/2; rate to Vancouver, \$4.54 1/2, car lots.  
Knit goods—Rate to Nelson, \$5.27; rate to Vancouver, \$4.83 1/2, L.C.L.

**HOME AT TRAIL DESTROYED BY FIRE; LOSS ABOUT \$4,000**  
Nelson, April 23.—The residence of J. McNeil, on Columbia Heights, Trail, was destroyed by fire in the early hours of Saturday. Wakened by dense smoke, the father had great difficulty in getting out of the last child. The loss is \$4,000.

**OVER THIRTY WERE RESCUED BY FIREMEN**  
Chicago, April 23.—More than thirty persons, mostly girl garment workers, were rescued by firemen Saturday when they were trapped on upper floors of a blazing eight-story building from the Board of Trade. The fire is believed to have been caused by an explosion in a paint shop.

### POLICE CORPORAL ENDED HIS LIFE

A. A. Addison, of Saskatchewan Force, Shot Himself  
Left Note in Saskatoon Barracks; Overcome by Worry

Saskatoon, April 23.—Corporal Alfred A. Addison, forty-two, a bachelor, attached to headquarters staff of the Saskatoon division of the Saskatchewan Provincial Police, blew his brains out some time between 9 and 10 o'clock yesterday morning at the barracks. He left a note saying: "Too old, failure and tired. Worried over all the work and no men to do it. No hope. The Police Act would get me soon anyway as I can't get through the work. One payment to make on car. Forgive me, God. Good-bye everybody, good-bye."

On the other side he left the address of a relative in England. The note had been carefully written with some of the words written over to emphasize them, and the date and signature had been underlined, apparently with a rule.

Addison, who had given no previous indication of his intention, was of a morose disposition and men who had worked beside him for years say they never really knew him. He had been in the Saskatchewan Provincial Police Force for six years and three years before that in the Royal Northwest Mounted Police. Inspector E. J. Sparkman, his commanding officer, denies that Addison was in any way overworked.

### UPTON SINCLAIR WINS SUIT AGAINST HUSSAREK IN VIENNA

Vienna, April 23.—Upton Sinclair, the American Socialist writer, Saturday won a libel suit against Dr. Max Hussarek, former Premier, who in reviewing one of Sinclair's books characterized Sinclair as "a knave."

Dr. Hussarek was sentenced to pay a fine of 50,000 crowns. The jury, by a vote of 9 to 3, rejected Dr. Hussarek's plea for justification.

### GAINED 65 POUNDS!

"Five years ago when I was first married, I had wonderful energy. I could be on the go all day long without feeling the least bit fatigued. I had a great appetite and could eat anything. I weighed 147 pounds. I used to be busy every minute of the day and, when the day was over, I could go to bed and never waken once during the night. Thirteen months ago my first baby was born. After that my energy seemed to leave me. I was tired all the time. I had to force myself to do my household duties. Instead of being a pleasure as formerly, these duties became a real task. I lost all desire for food and nothing would tempt me. I had to make myself eat. I would go to bed at night and toss from side to side for hours at a time. After a while I would doze off only to find that I had been sleeping for ten or fifteen minutes. Naturally when morning came, not having slept, I started the day completely tired out. I was shaky and nervous. The least noise would startle me and make my heart race along. I could see that my husband was worried. I was losing weight every week and had already lost 54 pounds. I tried all kinds of tonics, but they didn't help me. One night, a night I shall never forget because it started me on the way to health and happiness again, my husband brought in a bottle of Carnol. A friend told him that Carnol had saved his wife's life, so he insisted upon my trying it. Six weeks after I began taking Carnol, my weight increased from 93 pounds to 158, an increase of 65 pounds. And, am I well these days? Every morning I fairly jump out of bed ready to tackle anything and every minute of the day is a joy to me now."

Carnol is sold by your druggist, and if you can conscientiously say, after you have tried it, that it hasn't done you any good, return the empty bottle to him and he will refund your money. 8-522 (Adv.)

### SAYS QUEBEC HAS PROBLEMS

Miss Agnes MacPhail, M.P., Speaks of Agricultural Conditions There

Montreal, April 23.—In the House of Commons, said Agnes MacPhail, Canada's only woman member of Parliament, speaking here Saturday night, something was heard of the prairie farmers' plight, but nothing was heard of agriculture east of the Ottawa River. Why? Because agriculture in that part of the country was not represented. No walls were heard about the farmer in Quebec because there was no one to wall for him. Yet she claimed her audience must know that agricultural conditions in the Province of Quebec were not all they might be. For instance, she stated, twenty-six per cent. of the soldiers who had been settled on the land here had been forced off it by economic conditions. Miss MacPhail declared the farmers' movement in Canada had its root deep in economic oppression.

As to the Liberal and Conservative parties, she could see "absolutely no difference between them." To her mind the basis upon which they rested was the powerfully-organized economic groups—the Canadian Manufacturers' Association, the Bankers' Association and the transportation interests, the Canadian Pacific and the Canadian National Railways. It was when the pressure of these three great economic groups became unbearable that the farmers saw they must do something. She declared the basic cause of the exodus of the farmers to the city was economic pressure and not the lure of the towns.

### TORONTO CANADIAN CLUB MEN ARE TO VISIT VICTORIA

Toronto, April 23.—For members of the Toronto Canadian Club, who will attend the annual meeting of the Association of Canadian Clubs in Victoria, B.C., on September 17, the executive has arranged an educational trip across Western Canada. It is expected that 125 members, including their families, will leave Toronto on September 8. Besides visiting the beauty spots along the way, the itinerary provides for reunions with other Canadian Clubs en route, and a comprehensive view of the chief commercial, industrial and agricultural centres between Toronto and the Pacific Coast.

### FIVE EXECUTED BY SHOOTING IN BAVARIA

Berlin, April 23.—Five executions by shooting which have just been carried out at Nuremberg and Augsburg reveal that the Bavarian law permits punishment in this way, although it contradicts Germany's federal statutes. The use of the rifle in inflicting the death penalty has heretofore been unknown to the German civil courts.

### LOS ANGELES ATTORNEY DIED

Los Angeles, April 23.—Bertram A. Herrington, attorney for Clara Phillips during her trial here last year for the murder of Alberta Meadows, dropped dead last night while visiting with friends. One of Herrington's last acts as an attorney was to obtain the release of Armour L. Phillips, husband of the escaped "hammer murderer," who was arrested Friday night on a charge of aiding his wife's escape from the Los Angeles County Jail December 8 last. Phillips was freed late Saturday on \$3,000 bail.

### FOREST FIRE IN NEW JERSEY

Lakewood, N. J., April 23.—Two villages were threatened, 8,000 acres of wood were destroyed and a church, houses and farm buildings wiped out by a forest fire which swept through Ocean County last night.

### JOSEPH CARMAN DIED IN WINNIPEG

Winnipeg, April 23.—Joseph Carman, Fruit Inspector for the Federal Department of Agriculture, died here last night, aged 75. He had resided here for forty-two years.

### FUNERAL HELD

Portage la Prairie, Man., April 23.—The funeral of the late Lieut.-Col. J. E. Young, D.S.O., M.C., two-bara, former commanding officer of the 52nd Battalion, was held yesterday from Knox Presbyterian Church. Col. Young died in Fort William on Thursday.

## Is Your Boy Glad You Are His Dad?

IS your son proud of you? Or does he wish Wally Lawson's father was his father?  
Wally says his father is the best in the world. To prove it, he shows your boy the peach of a new C. C. M. Bicycle his dad bought him.

### Sticks Up For You

Your boy stoutly sticks up for you. But deep down in his heart, he's wondering if Wally Lawson's father doesn't think more of Wally than you do of him. He can't even get you to talk about buying him a bicycle. You put him off from day to day. And he feels it, though he may not say much.

### He's a Good Boy, Dad

He's doing well at school. You're proud of him, even though you don't tell him so.

Maybe he's joined the Boy Scouts. That means wonderful trips to the country, and all sorts of thrilling and boyish sports, if he has a bicycle. A Boy Scout and a bicycle are as inseparable as a cowboy and his pinto pony.

Isn't it up to you to make your boy glad by giving him a real bicycle?

C. C. M.'s are the favorite bicycles with Boy Scouts—and all other boys who want real bicycles.

### Built to Stand the Gaff

C. C. M. Bicycles are made to stand the bumps, the wear and tear, that the joyous energy of youth puts upon them.

Frames of English seamless tubing, strongly reinforced. Bearings of hard, tough automobile steel. Nickelling done over copper so it won't rust. Glossy enamel baked over a coat of anti-rust so it will stand all kinds of weather.

OUR DISTINGUISHED VISITOR.

That heroic defence of Mafeking nearly twenty-four years ago made the name of Baden-Powell a household word.

It must be a source of very considerable gratification to Sir Robert to be able to visit the various parts of the British Empire and learn in an intimate way of the tremendous success with which the boy scout movement has progressed.

Many great men whose names are gratefully remembered in connection with the founding of institutions which have played such a magnificent part in the humanizing of the peoples of the world have gone to their last rest without such a fortunate opportunity of so enjoying the fruits of their labors.

Something of the size of the boy scout movement will be understood by the enrolment in the British Empire itself of 350,000. Nor is the international influence difficult to recognize when it is remembered that in 1920 there gathered together in London 100,000 representative scouts from no fewer than twenty-seven countries.

Sir Robert and Lady Baden-Powell will find a warmth of welcome in this city which we trust will furnish happy memories for many a day to come.

AT LAUSANNE AGAIN.

Another international conference commenced at Lausanne this morning. Representatives of four nations will endeavor to discover a way to establish a lasting peace in the Near East.

Capitulations, whether British and French nationals may still be tried by courts in Turkey maintained by their own countries, or whether Turkey will try them in her own courts under her own laws.

Turkey has declared that she has gone the limit in her concessions demanded by the Allies. The Allies are equally adamant in their intention to get more.

OIL AND THE MARK.

Ninety-two Texas promoters and assistants in oil flotations and sales of stock have been indicted on a charge of "using the mails with intent to defraud."

to some gentleman whose reputation for fair dealing and whose capacity to smell this liquid wealth thousands of miles away are almost synonymous with the Constitutions of at least two nations on the American Continent.

The Texas incident and the new drop of the mark merely remind us that there are still plenty of ways in which the people of this country may lose money.

GOOD BUSINESS.

It ought to be good business for Victoria to join hands with other tourist organizations over the border. There is a profitable harvest to be reaped by a concerted effort to divert the Northern travel of thousands of people from the hotter regions of California to the Pacific Northwest.

This is the time to tell the people about Victoria and this part of the world in general. We are at the beginning of a season that cannot be beaten from a climatic standpoint.

ANOTHER OFFER?

If the Berlin correspondent of the Central News has got his information right the German Government is preparing a positive offer to the Allies in respect of reparations.

It must now be apparent to Germany that her ability to hinder the French process of debt collection is a very poor argument in favor of continued resistance and refusal to discuss the question.

If the authorities at Berlin are really thinking up a new offer it will be better for them to make quite sure of their ground before submitting it.

NOTE AND COMMENT

Oil still trickles through the debates at Lausanne. The renewed conference which began its sessions this morning will be introduced to this very important liquid subject before its business has progressed far.

One or two agricultural journals in Great Britain are working overtime in order to see if there is any hope of getting the now defunct cattle embargo revived as a topic for debate.

It appears that at least eight members serving on the Overseas Settlement Committee have never visited the Dominions and Colonies.

Another international conference commenced at Lausanne this morning. Representatives of four nations will endeavor to discover a way to establish a lasting peace in the Near East.

Viscount Long says the Bonar Law Government will not remain in power very long unless its followers do not subordinate their own views and support the Ministry. He warns them that as long as there are too many too anxious to lead and too few prepared to follow there will be needless breakers ahead.

DAYLIGHT SAVING.

To the Editor:—In your editorial of the 20th inst. on Daylight Saving you state that other cities in Canada are divided in their opinion as to the changing of the clock.

Daylight Saving has been tried all over the continent and found to be of no economic value, and while benefiting an extremely small portion of the adult population from a recreation point of view, working a real hardship on the majority, who are mainly producers.

If the change were national in its effect, there might be some complaint about it, although the hardships would still be felt, but the benefits would force a whole community to follow suit simply because a vote of its citizens would have to be taken to change the clock, it is not conducive to the best of feeling.

An instance, while Spanish has never taken a vote on this subject, its transportation system, both bus and train, changes with city time, forcing dairymen to ship their milk one hour earlier; mail holders in the market are obliged to attend their stalls so much earlier, banking business has to be transacted earlier, when the time is to work before the fruit is fit to pick in the morning and quit long before it is necessary to ship in the evening, and all other lines of farm work are interfered with.

Even the schools must fall in line, because in many the best teachers are dependent on the aforementioned transportation lines to reach their schools, and the best possible claim that Daylight Saving is beneficial to children.

Surely some other means might be found for that portion of the city population which requires the hour of recreation to get it, without causing so much annoyance to the rest of the community and travellers who are uninitiated parts of the continent where the system has been tried and found wanting.

H. C. OLDFIELD, Elk Lake, April 21, 1923.

SAYS SCOUT CODE MAKES CITIZENS, NOT MILITARISTS

(Continued from page 1)

Good Will of the Boy as Part of His Education. The Chief Scout said that the great aim of the Scout movement was to develop boys into happy citizens.

To accomplish this the Scout movement sought to surround boys with an atmosphere agreeable to them. This would develop the five per cent at least of good that was in the very worst of them.

"If we can develop that five per cent into ten, twenty-five or fifty per cent, we are on the way to making a useful citizen of him," he declared.

Civilization Just Venerer

Education had been going on for many years, but were the results today satisfactory, he asked.

"Are we proud of the great war in which supposed Christian nations fought each other with the utmost savagery?" he inquired. "It shows that civilization is just a veneer. What we want is a true polish on the genuine material, one that will not come off."

Taking the war as the "horrible example," Sir Robert said that even today—heroism, self-sacrifice, devotion to duty. These were the materials that had to be worked up into a civilization that would last.

International war has its counter part in Britain, he said, in the ever-developing class war. Class was an artificial barrier, however.

"God did not make us in classes. We put up that artificial barrier ourselves. Karl Marx stated that labor produced wealth, but that is a fallacy. Demand makes wealth."

"We are not informed whether these latter have merely paid a visit to Toronto, to Melbourne, to Wellington, or whether they have actually gazed upon the land which awaits their kin and kin. We would therefore suggest that the whole of the Board's membership be invited to Canada as the guests of the Government. They might be persuaded to come in relays in four or five."

Good-Natured at Heart

"British people are good-natured at heart. We want to develop that good nature, so that men are acting on it all the time. We can do it if we raise the youngsters to that habit."

"We talk about the vast sums we spend on education to make our children good, happy useful citizens. We spend other millions to keep our citizens good, happy and useful. That second amount is what we spend on our police and prison systems. How much better if by spending more in the first channel we could largely do away with the other."

Sir Robert stated that one of the problems put to the National Council of Education was: "Cannot humans and Christian ideals of sacrifice, service and co-operation be consciously enthroned in the schools of the nation?" This might be difficult to put in the school curriculum, he said, if the experiment had not been made in the Scout

OXFORD TRACK TEAM LIMBERS UP IN U.S.

Philadelphia, April 23.—Members of the Oxford University track team worked off their stiffness yesterday at Franklin Field where next Friday and Saturday they will compete against the pick of the United States college runners.

The British runners are: Capt. W. R. Milligan, W. R. Miller, E. P. Watson, E. Morgan and G. R. Greenwick.

Capt. Milligan said his men were in fine condition. They are entered in the distance medley relay and the two-mile individual races on Friday and the two-mile relay event on Saturday.

JOHN S. LUCAS DIED IN TORONTO

Toronto, April 22.—John S. Lucas, eighty, a pioneer temperance worker in Ontario, is dead here. Many years ago he established the Temperance House in this city in an attempt to prove that a hotel could get along without a bar and this building was the scene of many temperance con-

ventions in the early days of the campaign.

Ned fell out of bed one morning and tried to explain to his mother how it happened. "Mother, I think I know why I fell out of bed. It was because I slept too near where I got in! After a little thought: "No, that wasn't it. It was because I slept too near where I fell out."

TWENTY-FIVE YEARS AGO TO-DAY

Victoria Daily Times, April 23, 1923.

London, April 22.—The afternoon newspapers in this city have received a dispatch from Belfast saying that trustworthy news has been received there to the effect that the American liner City of Paris has been captured off the Irish Coast by a Spanish cruiser.

The intense feeling which exists in the city regarding the removal of the Songhees Indians from the reserve was demonstrated by the large gathering in the City Hall last night. The council chamber was well filled with citizens of every political stripe united as one in the desire to see the interests of the city protected.

## AIMS OF Y.W.C.A. ARE OF WIDE NATURE

To Provide a Home, Recreational and Educational Facilities, for Girls

Many times the question is asked, "What are the aims of the Young Women's Christian Association?" This is best answered by quoting from the constitution of that organization.

"The immediate purpose of this organization shall be to advance the physical, social, intellectual and spiritual interests of young women. The ultimate purpose of all its efforts shall be to bring to young women such a knowledge of Jesus Christ as Saviour and Lord as shall result in fullness of life and development of character and shall make the organization as a whole an effective agency in the bringing of the Kingdom of God among young women."

## PROVINCIAL O.C.E. ANNUAL SESSION

Sessions to Open in Vancouver With Executive Meeting Wednesday

An interesting agenda has been prepared for the tenth annual meeting of the Provincial Chapter, I. O. E., to be held in St. Andrew's Sunday School Hall Thursday and Friday, April 26 and 27. The registration of officers, councillors and delegates will take place at the Provincial Chapter office, Fairfield Building, Wednesday, from 2.30 to 4.30 o'clock, prior to the regular meetings.

Thursday morning's session will start with the registration of delegates at St. Andrew's Hall, from 9.30 to 10.30 a.m., to be followed by the salute to the flag, the national anthem and a prayer. Resolutions of the King and Queen and to Lord and Lady Byng will then be read, followed by the address of welcome, included in this address are also the appointment of committee, the roll call and the reports of the municipal chapters of Vancouver, Victoria, New Westminster, Chilliwack, Surrey, Prince Rupert and the provincial primary chapters that are represented by delegates.

**Entertain at Luncheon.**  
Regents and officers of the municipal Chapter of Vancouver will entertain the visiting delegates at luncheon Thursday.

At the afternoon session, commencing at 2 o'clock, the meeting will be held on headquarters for the Provincial Chapter for the coming year. There will follow the election of 25 provincial councillors, national councillors, the president of the Provincial Chapter.

The annual reports of the executive will be given by Mrs. F. J. Bay, Mrs. Edgar Lee, the educational secretary by Mrs. O. L. Boynton, the organizing secretary by Mrs. R. J. Sproul and the Echoes secretary by Mrs. T. W. Martindale.

Tea will be served at the conclusion of the afternoon session in St. Andrew's Hall.

A meeting of the standard-bearers of municipal and primary chapters, delegates representing provincial primary chapters and the standard-bearer of the Provincial Chapter will be held at 10 a.m. Thursday in St. Andrew's Hall.

**Secretaries to Meet.**  
On Friday morning a conference has been arranged between the city and provincial secretaries at 9.30 o'clock in the hall. The regular morning session will start with the announcement of the election of the provincial councillors, and the report of the resolutions committee. The reports of the provincial representatives on national standing committees will be given on the following day: work in India, immigration, child welfare, distinguished visitors, finance and constitution.

The place of the next provincial meeting will be decided at this session and the place of the next annual meeting. The secretary will then give a synopsis of unrepresented chapters. At the conclusion of this session the council of 25 will retire and elect officers of the Provincial chapter for 1923-24.

Mrs. O. L. Boynton will give the memorial report at the Friday afternoon session, followed by the announcement of the election of officers. This session will also include the election of a delegate to the national annual meeting and suggestions for work for the order.

The reception committee for this convention includes Mrs. A. F. Griffith, first vice-president, and officers of the Provincial Chapter, Mrs. O. L. Boynton, regent, and officers of the Vancouver Municipal Chapter. The local committee includes Mrs. Howie Brydon, Vancouver, convener; Mrs. Crowe, Victoria; Miss Rogers and Miss Briggs, New Westminster.

**To Hold Rummage Sale.**—The Local Council of Women will hold a rummage sale on Saturday morning at 9.30 at 629 Yates Street to raise much-needed funds for their work. Parcels should be left at the store on Friday morning and those wishing their donations called for are requested to telephone Mrs. Angus Galbraith, 6548 L; Mrs. F. W. Laing, 1347 R; Mrs. S. R. Roberts, 1350 L; or Mrs. Norris, 4468 R.

**Helpful Classes.**—Another important factor in Y.W.C.A. work is the classes where the girl can take lessons on any subject her taste or talents may dictate, and at a nominal cost. These classes are not only instructive but entertaining, and give the girl an opportunity to cultivate her mind in a pleasurable way. There can be no more attractive community centre than a well equipped Y.W.C.A. building. Should there be any doubt on the subject, a visit to the Seattle "Y" will quickly dispel it.

As a physical asset to the town in which it is located, its value is great and its activity at the Y.W.C.A. is usually a fairly good pulse as to the Christian spirit of its people. Where could a girl spend her holiday to better advantage than at a Y.W.C.A. summer camp, where everything is run with military precision and where every hour is filled with healthful recreation in the open air?

Not the least of the benefits derived from the Summer camp is the spiritual training which is given in such an attractive way and amid such delightful surroundings that it is apt to be indelibly stamped upon the mind of the girl.

**Travellers' Aid.**  
One of the most important branches of the association work is the Travellers' Aid. The representative meets all trains and boats and assists any one in distress. Many times it requires hours of ceaseless effort before friends are located, further transportation provided, or any of a number of difficulties overcome, which can and do occur to travellers, but they are never left until they are safely on their way, or a temporary home provided for them at the "Y" headquarters.

In the majority of "Y" locations where the above mentioned conditions do not exist it is because of a lack of community interest. If every man and woman will do but their share towards "Building to-day for the womanhood of to-morrow," in the membership drive which is to take place from April 24 to 27, inclusive, "Victoria will have great cause for congratulation.

## TO INHALE FOOD IS LATEST DOCTRINE

Philadelphia, April 21.—"To stay young and fresh don't eat your food—inhale it."

This is the secret of perpetual flapperism, as imparted to members of the American Philosophical Society to-day by Dr. Paul Haupt, Professor of Semitic Languages in Johns Hopkins University.

Dr. Haupt declared that overeating was the principal cause of the haggard appearance of many "modern goddesses" at the age of twenty-five. As contributory causes he mentioned "too much synthetic gin drunk straight, too much tobacco smoke and too much of other things."

"A study of mythology shows," said Dr. Haupt, "that the gods and goddesses never ate and remained, in consequence, perpetually youthful. When a god or goddess wanted a meal he hovered over a burning sacrifice and inhaled the fumes from a roasting bullock. That satisfied him."

"Now our modern goddesses are fading before their years, because they cannot tame their desire for food."

**WM. WHITTAKER DIES AT ADVANCED AGE**  
After a lingering illness, William Whittaker passed away on Sunday at 5.59 p. m. at the residence of his daughter, Mrs. J. N. Moore, 1715 Chambers Street. He was born at Staleybridge, England, on September 18, 1849, and after eleven years in Lonsdale, Rhode Island, came to this city forty-five years ago, residing here ever since. He is survived by five sons, Samuel, William J., Albert E. and Robert E. Whittaker, of this city, and Arthur B. Whittaker of Duncan; four daughters, Mrs. John Irvine, Mrs. G. S. Russell, Mrs. J. N. Moore and Miss Florence Whittaker, all of Victoria, also sixteen grandchildren and ten great-grandchildren. The funeral will take place from the above residence on Wednesday at 2.15, proceeding to St. Barnabas Church, where services will be conducted by the Rev. N. E. Smith. Interment will be made in the family plot at Ross Bay Cemetery.—The B. C. Funeral Co. has charge of the interment.

**DAUGHTERS OF PITY TO HOLD SILVER TEA AT BALMORAL HOTEL**  
With the commendable object of raising funds for their loving work among the sick children at the Provincial Jubilee Hospital, the Daughters of Pity will hold a silver tea on Saturday, April 28 at the Balmoral. Through the kindness of Miss Tully, Mrs. Cassidy has undertaken the sale of flowers. Some pretty baskets filled with Spring blossoms will be offered for sale. Miss Tully will have charge of the candy booth. Miss I. Bannerman will arrange the musical programme. Mrs. F. Bland will tell fortunes as a special attraction. A delicious afternoon tea will be served.

**DANCE AT SLUGGETTS.**  
The members of the West Saanich Women's Institute have made arrangements to hold the first dance in their new hall at Sluggetts on Tuesday, April 24. A good orchestra has been engaged, the supper room is in the hands of a very capable committee, a good floor and all arrangements possible made to ensure a good time.

**Mr. and Mrs. E. A. Dixon, Queen's Avenue, entertained at a delightful bridge party on Saturday evening.** Mrs. Genn and Dr. R. L. Miller were the fortunate winners of the prizes. Among those present were Mr. and Mrs. R. J. Robertson, Mr. and Mrs. Genh, Mr. and Mrs. W. M. Lawrence, Dr. and Mrs. R. L. Miller, Mr. and Mrs. Adam, Mrs. Lindsay, Mr. and Mrs. R. Johnston and Mr. and Mrs. W. D. Carter.

**On Saturday evening a very jolly surprise party took place at the home of Miss Eleanor Luney, Hampshire Road, the same having been arranged by a number of her young friends, among whom were the Misses Leonard, Fleming, Kathryn Dan, Sheila Stuart, Mary Bishop, Gwendolyn Spencer, Billy and Bobby Goward, Dorothy Peake, Christina Patton, Messrs. Jack Goodacre, Jack Fleming, Jack McDonald, Richard James, William McFadden, Bruce White, Goldwyn Terry, Arthur Fraser, Blanche Dickson and Stanley and Harold Haynes.**

## YOUR HOME AND YOU

By HELEN KENDALL  
The Boy's Outside Entrance

The side yard of the pretty suburban house was filled with a bevy of boys, laughing and calling, tossing a football back and forth, and giving other evidences of the near approach of a strenuous Summer season. Presently they all disappeared, like a flock of blackbirds, and their voices could be heard within the house, where a wire "aerial" appeared above the roof.

A lady was calling on the mother of the boy who was playing host to the others. The two women sat peacefully sipping tea in the quiet sunroom. The laughter and movements of the boys sounded far away and subdued.

"Do tell me how those boys get in through the front door here," said the caller, presently. "Do you let them tramp through your spick and span white kitchen? When they are always covin' with muddy footprints or else the kitchen linoleum is—and my Maggie won't permit that, so they have to use the front door, I can't forbid them the house."

"Why, we've worked that all out," responded the hostess. "Billy has his rooms at the back of the house, and they go up and 'listen in' on the house. They're both small but they're sacred to him. In his shop,

**NEWS IN BRIEF**

The annual meeting of the City and District Branch of the Canadian Red Cross Society will be held on Friday at 4:30 p.m. in the board room, Belmont Building.

Miss Barbara Lang, adopted daughter of F. R. Lang, Quilicum Beach, missing for five days last week, has been found by the police. It developed that Miss Lang left her home without notifying her intentions to her adopted parent, and came to this city with the object of earning her own living. The affair has been cleared up to the satisfaction of all, stated Chief Fry to-day.

The five members of the executive council of the Real Estate Board who were chosen last week have signified their willingness to act. They are: A. R. Wolfenden, J. C. Bridgeman, G. H. G. Holmes, James Forman and Fred Landsberg. These five are meeting this afternoon in the office of Percy R. Brown for the purpose of selecting the other two members of the executive. The annual meeting of the Board will be held during the first week of May.

As the result of a provincial police motor trap conducted by Constables Owens and Irving yesterday on the Island Highway near Colwood, five city motorists will face the court on Wednesday charged with speeding in a field day the officers took the names and numbers of a very much larger host of drivers, but only the flagrant cases will be proceeded with. The names in some places are hitting the forty-five-mile-an-hour mark, allege the police. Charged with speeding in the city police court to-day, John Johnson was fined \$5, the nominal amount.

Saturday's tag day for the maintenance of the Connaught Seamen's Institute and the Sailors' Club at Esquimalt netted about \$242, of which \$12 was collected in the city and \$30 in Esquimalt. The Ladies' Guild for Sailors was rather disappointed at the result, but realized that the imminence of other appeals detracted somewhat from their cause. They wish to express their sincere thanks to the Metro-City all who helped with the tagging. The Times and The Colonist, Mrs. Thomas Palmer for calling for arm bands, and the generous public.

Doubtful as to the cubic contents of a gasoline tank in the car of his friend John McKay, Richard Oldaker, a Keating, Saanich, resident, struck a match to settle the point. He was successful, and found the tank of the car parked in the McMoran Garage, was full. A flaming gusher drove the party away from the rear of the car with all haste. A hurried alarm to the fire department resulted in the quelling of the blaze by the fire engines only after all combustible about the machine had fallen a prey to the licking flames. Miraculously one was hurt, Mr. Oldaker and Mr. McKay stepped clear in time to avoid the spouting flame.

Another of the popular smokers for which the G.A.U.V. is becoming noted was held in the club quarters on Saturday evening. Comrade R. Wilson officiated as chairman and was assisted in the getting together of the successful programme presented by the energetic secretary, A. C. Howard. C. Wade presided at the piano, and V. Smith rendered some excellent numbers on the violin.

Among those in the programme were those of Comrades Landy (whose wonderful performance with the spoons drew whole-hearted applause) and Comrades Ramsay and Peteh, the last mentioned of whom received most enthusiastic applause for his splendid songs. Comrade A. C. Howard rendered in his inimitable style two very popular Irish numbers, which were vociferously encored, and the singing of the National Anthem brought a most successful evening to a close. The management of the club intends to make these Saturday concerts a feature of their activities in view of the spirit of comradeship which this popular manner of meeting is engendering.

**OAK BAY LIBERALS TO MEET THURSDAY**  
Will Hold Public Meeting at St. Mary's Hall

The Oak Bay Liberals intend to hold a public meeting on Thursday next at 8 p.m. in St. Mary's Hall, Yale Street, Oak Bay, for the purpose of hearing addresses by the Hon. A. M. Manson, Attorney-General, and Hon. F. A. Pauline, member for Saanich.

As commissioners will be present for the purpose of registering voters for the provincial voting list it is hoped that the public will avail themselves of this opportunity to register. It is not generally understood that those who failed to register in their own names in the last election may file another application in order to have their names restored to the list. It is expected there will be a large attendance.

**MANTLE OF LAW DULY WEIGHED**  
Accused Finds Hard Labor Where He Looked for Third "Chance"

The mantle of the Government Liquor Act fell heavily upon the shoulders of William Allen in the City Police Court to-day when its third invocation of the law against the envelope folds around the accused, who will spend the next three months at hard labor in strict seclusion from prying eyes. Allen was charged with being drunk in public for the third time under the provisions of the present Act. Repeatedly he admitted slight indiscretions on two former occasions, and added sadly that the police were correct in their present charges. All he wanted was a chance, he said, another chance, and he would not sit again. Magistrate Jay informed the accused that the terms of the Act provided for no "chance" or option, and the accused would have to do three months' hard labor. It was not as if the accused had not been warned before, the court reminded him. Thomas Gomas, charged with overstepping the limits of orderliness in public behavior under the same act, and for the second time within its memory, was fined \$200 with the option of three months in jail. The accused regarded the option dubiously, and left the court shaking his head. Three other offenders for the first time under the Government Liquor Act, were awarded the usual penalty, with an option of thirty days in jail.

**NEED FOR BUSINESS WOMEN'S CLUBHOUSE**  
Kumtuks Club Hears Suggestion for Summer Hostel Here

The need for a residential centre in Victoria in which business women could meet and where visiting business women could spend their vacations was brought before the Kumtuks Club last Wednesday night in the course of an interesting address by Mrs. Jalland. The speaker is shortly leaving for Lake Louise, where she will have charge of a summer hostel under the auspices of the Calgary Board of the Y. M. C. A., and in her address she described the charms of the camp-hostel at Banff established under similar auspices. This venture, in addition to being a valuable business proposition, had proven a great boon to business women in search of an ideal holiday. Mrs. Jalland urged the Kumtuks Club to consider the possibility of establishing the nucleus of a summer camp on the outskirts of Victoria for the benefit of business women, an idea which was received with enthusiasm.

Miss Sorenson, a visitor at the luncheon, described briefly her plan for establishing a motion picture industry in the city, declaring that the scenic and climatic possibilities of Victoria are excellent, and that there is an abundance of local talent available.

The details of the Club's campaign in the Maytime Queen contest were presented by Mrs. Watkins, who is managing the campaign for the Kumtuks candidate. In connection with the forthcoming drive for members in the Y. W. C. A., a number of members signified their intention of joining.

The Ladies' Aid of Erskine Presbyterian Church, Harriet Road, Parkdale, will hold a sale of work, home cooking, candy and ice cream in the church on Wednesday, May 3, at 2:30. Afternoon tea will be served.

**NEED GUARANTEES FOR MAYTIME FROLIC**

**BRAVE HUNTERS TO SEEK FIERCE COYGARS, WOLVES**  
Barrow to Protect Farmers From Heavy Sheep Losses

Cougars and coyotes or timber wolves have become so daring around some farming districts that the Government must send out paid hunters to bag some of these animals, in connection with its policy of aiding B. C. farmers.

It came out to-day at the conference under Hon. E. D. Barrow, Minister of Agriculture, at which the losses and troubles of sheep farmers were discussed, that the Government must send out paid hunters to bag some of these animals, in connection with its policy of aiding B. C. farmers.

It was brought out that although cougars and coyotes are bad, however, more damage is being done in some settled districts by dogs.

C. B. Whitney-Griffiths, secretary of the Farmers' Institute advisory board, reported between \$700 and \$800 destruction to sheep flocks in Methosin district alone from dogs during the last six weeks.

Grazing Commissioner Mackenzie explained how the result of the biological survey of the Western States showed that better results were obtained by employment of paid hunters to go into the worst districts, than by the bounty system.

Use of forest rangers as game wardens in Washington and Oregon is to be taken up.

"The farmers are going to get more protection," Mr. Barrow said, explaining that the proposals were as the question of increasing dog licenses within sheep protection areas and steps to ensure the collection of the licenses are to be taken up by the department and amendments to the Agricultural Act submitted at the next session of the Legislature.

James Bailey, of Chilliwack, chairman of the Farmers' Institutes, W. T. Ingvaldson, of Victoria, and Mr. M. B. Jackson, K. C. M. P., P. P. chairman of the Game Conservation Board, and Assistant Dominion Live Stock Commissioner Moulton, also took part.

**PARADE MARKS BATTLE OF PRES**  
Sixteenth Canadian Scottish at First Presbyterian

In memory of the fallen, the Sixteenth Battalion, Canadian Scottish, held a church parade on Sunday morning to the First Presbyterian Church. The battalion paraded at the drill hall under the command of the commanding officer, Lieut.-Col. H. M. Urquhart, D.S.O., M.C., A.D.C., and led by the pipers and brass bands, marched by way of Douglas, Pandora and Quadra Streets to the church, where the unit was met by the P.P.C.L.I. and a number of officers and men of the reserve and regular soldiers. The service was well attended, the church being filled.

Rev. Dr. Wilson, the pastor, delivered a most inspiring discourse, dealing with the episodes of the memorable occasion eight years before, when the Second Battle of Ypres began, and the death of the late Lieutenant Colonel Urquhart, Lord French said in his official report, "saved the situation," after the gas attack had weakened the British and French soldiers.

Capt. the Rev. Dr. Campbell, chaplain of the battalion, read the Scripture lesson and a memorial to the fallen, and the pipe-major played the Highland lament, "The Flowers of the Forest."

**MANY TESTIMONIES GIVEN AT MORNING SERVICE BY CURED**  
Elderly Lady, Brought to the Church in Car, Walks Home

Many testimonies were given by cured persons at this morning's preparatory service at Metropolitan Church when Dr. Price issued more cards for healing. The total number of cards now out has mounted to 100, and no more will be given until all these cases have been prayed for.

An elderly lady was taken to the church in a car this morning, her limbs affected with a paralytic stroke. But following the meeting she walked to her home. It was also announced this morning that Isabel Miller had become a free body through the use of her legs through an accident a year ago, and had also been confined to her cot, not being able to sit up for a whole year, sat up for the first time to-day.

There were many who came to the platform and testified both by word and demonstration as to their healing. One man whose body had been racked by pains due to rheumatism and was not able to get his coat on before the healing, came to the stage and testified as to his recovery and did various acrobatic stunts to prove this statement.

One woman who could not walk without her crutches before, threw them away, following the healing and is now able to walk, it was testified.

A young lady afflicted with infantile paralysis, and a crooked foot as a result ran up and down the steps of the platform to show the audience the extent to which she had been cured. Her pain was all gone. Many stated that they were cured by themselves before they were brought there, was also testified as being cured.

**ABUSED TRUST OF LOCAL STORES**  
Eight Charges Preferred Against ex-Policeman of Vancouver  
Appeal for Clemency Made on Behalf of Family

Picked up by Detectives Phipps and McLellan, who followed the slender trail of a suit obtained by false pretences on the back of a man they had not seen before, John Murray Mowat, an ex-policeman of Vancouver, was arraigned in the city police court to-day on eight charges. The accused pleaded guilty to seven charges of obtaining money by false pretences, and was remanded on one charge of breaking and entering. The detectives caught Mowat from the cut and material of the suit he obtained on a forged cheque from J. N. Harvey, Ltd., after a city-wide search. The tracing of the one instance led to the others, and resulted in the battery of charges to-day. Eighteen months ago the accused is said to have completed three years' service on the Vancouver police force.

Undaunted to-day, Mowat pleaded guilty to seven charges in a row, blaming him with obtaining a total of \$225.35 and goods from the Hudson's Bay Company, Spencer, Ltd., Plimley & Ritchie, Sam Scott, J. N. Harvey, Mathew Whiteman and John Bartholomew. The sum of \$46 found on him was ordered returned to the last named owner, and the accused remanded for sentence after the trial of the breaking and entering charge on Wednesday. Mowat is charged with forcing an entry into the home of J. H. Dunkley, 2509 Vancouver Street, and theft from the premises. To the court to-day he said he did not force a way in, as the door was open. With that remark taken as a plea of not guilty the accused was remanded.

Just before the proceedings came to a close to-day R. P. Price, for J. N. Harvey, Ltd., stated that his firm had no wish to push the prosecution in view of the fact that the accused had understood, had a wife and three children. This was followed in rapid succession by Captain Sutherland on behalf of the Station Army, whose plea to the court were heard through the audible sobs of the wife of the accused seated in the rear of the court-room.

"The accused is a pensioner and wounded overseas, it was stated. I appeal to you in the name of Him who said 'Suffer little children to come unto me' to mingle mercy with justice in this case," stated Captain Sutherland to the court. Magistrate Jay reserved sentence as stated.

**Lumber Inspection For Japan.**  
The Kobe and Osaka lumber associations wants maintenance of some of the conditions under which lumber was exported from here to Japan.

J. O. Cameron explained the existing system of lumber inspection. The lumber was being sent to Japan that was not up to specifications. A similar complaint had been addressed to the Inspection Bureau in Tokyo, and that the rest of it is improved. The Chamber endorsed this idea. The matter will be called to the attention of the authorities.

Such Is Ambition for Maytime Frolic Parade

Arrangements are taking definite shape for the big parade which will be held on the morning of May 24, in connection with the Maytime Frolic. The committee announces that there will be at least two dozen sections, with probably a few more yet to hear from. The intention is to have the parades of the Queens in front of the Legislative Buildings, to be followed by the parade and the awarding of prizes at Beacon Hill Park. This part of the festival is expected to be over before 1 p.m., in order to give the people time to have lunch and attend the Gymkhana in the afternoon.

Among the main attractions of the parade will be a Floral Car section, consisting of fifteen or twenty cars decorated by their owners with flowers grown in Victoria. The sum of \$250 has been set aside for prizes for this feature.

Interest in the frolic is growing rapidly among the people of the city. All of the social and benevolent societies are promising to take an enthusiastic part. The commercial travelers will put in a float. They are keeping it exact nature a close secret, but they express complete confidence that it will be a prize winner. The historical and circus committees are also promising something exceptionally fine. The comic bands will be much in evidence. A city and rural products section is promised. The Prairie Club if its present intentions are carried out will put on something adequately illustrative of the prairie provinces of Canada. There will be a national section with French, Greek, British, Italian and other nationalities represented. The Chinese are getting ready to do something elaborate, and may decide to go into it on a scale sufficiently ambitious to give them a section by themselves.

## "ROBIN HOOD" TO BE PRESENTED

### Famous Fairbanks Film of Romantic History at Capitol

One of the most gigantic and vitally important tasks confronting Douglas Fairbanks when he decided to produce and star in "Robin Hood," his latest United Artists release which is to be seen all this week at the Capitol Theatre, was to clothe the production with proper authority, as it were, to provide a variety of costumes for the fifteen hundred players needed to portray the various characters in order that they might be in the costumes that obtained in the Thirteenth Century.

Mr. Fairbanks sought the foremost expert on sartorial research and found him. His name is James Mitchell Leisen, and he is probably the most expert on how people dressed eight hundred years ago than any other man in the world. He is recognized as a master designer of costumes and decorations, and to him belongs the credit for making all the fashion-plate duplications of the raiment popular back in those days of yore when knighthoods flourished and for selecting the materials. He even chose the colors and created the color blends, being obliged to solve a scrupulous problem in the total of 2,500 costumes were required. Mr. Fairbanks authorized Mr. Leisen to monopolize practically the entire manufacturing capacity of the largest costuming concern of the Pacific Coast. After Mr. Leisen had burned much midnight oil for several weeks, the designs, sketches, and various assistants were put to work in the spacious quarters of this company something like 25,000 yards of non-descript cloth of various textures into costumes unmistakably recognizable as those of a knight of the thirteenth century.

Mr. Leisen not only supervised all this work, but he actually did the cutting on a large number of the more complicated and important designs which required absolute accuracy. The masculine garb of the plotters on this roving sphere of those days presented even a more complex task than the fluffing of the ladies' fair. The men usually preferred tight, but quite a large minority checked themselves in what then was known as brackens, a type of loose-trouser which draped them and which laced around the ankle with an animal skin cord. Over either style of covering they wore a tunic which denoted the rank of the wearer. The King always wearing the longest of all.

The knights wore suits of chainmail, each one of which cost about \$5,000. Over this suit of chainmail they wore a surcoat made of thin silk or cotton. This surcoat was designed to prevent the metal in the chain-mail suit from rusting in wet weather, and also to keep it from getting too hot when the sun was radiating a summer heat. On each surcoat a crest, made necessary for identifying purposes because the men wore helmets with crests which concealed most of their faces.

The fair ladies of the Thirteenth Century were prone to depend on gay and rather gaudy colors with which to accentuate their beauties. In fact, a lady of that period was considered to be dressed in the very height of fashion if her gown were half yellow and the other half purple or red, and affected only two pieces of clothing, an undergarment made of silk similar to the China silk of to-day, or a lawn, and sometimes a very fine linen. This undergarment usually extended from the shoulders to the feet, and the most popular color was pure white.

The outer garment or robe consisted of gaily colored silks of material similar to the taffeta to-day, and also extended from shoulders to the feet, with a long train sweeping out behind. The longer the train the more stylish, and the woman who could traverse her social way with grace despite the encumbrance of the longest train "at the party" well, she had a cause to be proud. The sleeves were so long that they also often dragged on the ground and in rainy weather were knotted to prevent them from dragging in the mud. The gowns were laced up the back snugly to fit the figure. The manner of lacing these gowns is said to have been the forerunner of the present-day corset, and now deemed so indispensable.

Although there were plenty of tasks in connection with making these main parts of the costumes, the proposition of manufacturing the footwear and headgear also brought its share of worry. It is doubtful if any other costuming concern ever has been called upon to fill such a large and difficult order and Mr. Fairbanks has been most laudatory in his praise of the Western Costume Company for its part in supplying the costumes for "Robin Hood."

It is doubtful if any other costuming concern ever has been called upon to fill such a large and difficult order and Mr. Fairbanks has been most laudatory in his praise of the Western Costume Company for its part in supplying the costumes for "Robin Hood."

## HAS YOUR IDEAL DESTROYED IDEALS?

### Gloria Swanson in "Prodigal Daughters" at Dominion

Do present day girls enjoy too much freedom? Has the World War destroyed cherished ideals of family and home? These are questions answered in "Prodigal Daughters," a new Sam Wood Paramount picture production, starring Gloria Swanson, which will be shown at the Dominion Theatre all this week.

Miss Swanson plays "Swiftie" Forbes, one of two daughters of a locomotive manufacturer enriched by the World War and who is in Europe, the ultra-emancipated, and her younger sister tries to emulate her in everything. The mother is engaged in renewing her youthful appearance, and the girls escape to London to find their household engaged and the girls defy their parental authority. Swiftie leaves to live her own life. Her sister follows and gets married only to find her romance quickly shattered and returns to the home. But Swiftie becomes entangled with a gambler and finally is placed in a position which spells the end. Finally she returns—a prodigal daughter—to find her father willing to forgive and take her back and a sweet-heart ready to wed her.

It is a swift-moving story. The love element supplied by a young aviator, played by Ralph Graves, who believes in Swiftie even at her worst moments. Theodore Roberts is the father, Vera Reynolds the sister and Louise Dresser the mother.

Actress: "Did you write that criticism saying my impersonation of 'The Deserted Wife' was a failure?" Critic: "Yes, you see, you looked so perfectly beautiful that it was impossible to imagine any man deserting you."

## FAMOUS ENGLISH COMEDY COMING

### Notable Feature at Royal on Tuesday for Balance of the Week

Fresh from the record breaking runs in the old country comes the English comedy success, "Me and My Gal," starring Betty Balfour. England's famous comedienne and will be presented at the Royal all week, commencing Tuesday. "Me and My Gal" is a story of a London flower girl whose personality has taken England by storm so much so that she is now almost a national figure over there. Miss Betty Balfour takes the part of Squibs, a flower girl, and is such a remarkable success that some of the reviewers acclaim her the feminine Charlie Chaplin and others that she combines the fun making proclivities of Charlie Chaplin with all the winsomeness of Mary Pickford. Patrons during this engagement are asked to come early or wherever possible to attend the matinee to avoid standing in line.

## ROYAL TO PRESENT FOUR PRODUCTIONS

### "Me and My Gal" Will Be the First of Series

The management of the Royal wishes to announce to the patrons that following the policy of only booking the biggest and best attractions in the way of moving pictures, that they have made arrangements to present in Victoria almost immediately four of the biggest English successes that have been made in that country recently. The first being booked this week, "Me and My Gal," next, "The Game Life," the other two to be announced shortly. This has been done at the request of a large number of patrons who have repeatedly asked in the past for English productions. These features are far more expensive to handle than the average picture production and it is hoped that the public will then be able to form their opinion whether they wish any more of these kind of attractions.

## FLONZALEY QUARTETTE AT ROYAL TO-NIGHT

The famous Flonzaley Quartette will appear at the Royal Victoria to-night. A highly appreciative audience listened with delight to a concert given by the far-famed Flonzaley quartette at the Heilig Theatre, under the direction of Steers & Cowan, who are in charge of their northwest tour, says C. Hinton. The concert opened with a magic spell. The quartette was as restfully free of unnecessary haste as if they dwelt in a quality of artistic deliberation which one felt underlying even the swift passage work—and they dared to interpose cool silence with warm tone.

The close of each movement was the signal for prolonged applause. The "Nocturne" by Borodin, with its odd rhythm and crisp, exquisite interplay, appeared to be especially enjoyed, but not more than the "Finale," vivacious and sparkling. Its conclusion was greeted with such insistent applause that after three recalls the quartette granted an encore, "Canonetta" (Mendelssohn), played with muted strings, and lovely tone. The Tschakowsky "D Major" which follows, brought out the deeper mood and suspension without definite musical ultimates. The quartette played it with a silky-soft tone and lovely smooth phrasing. The "Jack o' Lantern" is truly the representation of

light in sparkle and gleams, as of a lantern in a draughty place. Its curious whimsical tonality was something that might well have lent itself more to programme than to music, but here again the pure musical quality so characteristic of the Flonzaley made it delightful to listen to. In response to the enthusiasm stirred up by this final number, the quartette granted an encore, the "Interidium in mode antico" by Glauconou.

In this, the 11th season of their united performances, the famous quartette seems to have attained even more of that distinguished quality of musical unity, that perfect blend of tone that makes it a unique figure in the chamber music of the world. The intellectual pleasure of hearing this perfectly balanced string quartette playing its beautiful music is an ideal sensation that comes all too seldom.

## FAR NORTH SHOWN IN 'THE SIREN CALL'

### Dorothy Dalton Is Featured in Columbia

A brilliant play of the far North is promised by Manager Clark of the Columbia Theatre starting to-day until Wednesday, in Irvin Willat's production for Paramount, "The Siren Call," by J. E. Nash, which presents Dorothy Dalton as the leading player with a strong cast. The cast includes several players who have already established themselves in roles of similar type. Miss Dalton gave an unforgettable characterization in "The Flame of the Yukon," which will be recalled by most film fans. There is Mitchell Lewis, mashing in to the scene with his dog team—typical adventurer of the white silence. He will be remembered for his work in "The Barrier," "The Code of the Yukon" and other Alaskan pictures. Also, he appeared not long ago in Betty

Compton's Paramount picture "At the End of the World."  
David Powell plays the leading male role, that of a young miner. Mr. Powell, so to speak, escaped from "Her Glided Case" in time to answer "The Siren Call," having just completed the leading male role in the former picture, a Sam Wood production starring Gloria Swanson.

Leigh Whyan, who played an important part in William de Mille's "Bought and Paid For"; Edward J. Brady, Will R. Walling, Lucien Littlefield and Guy Oliver are included.

The age-famous story Robin Hood and his Maid Marian told anew for Twentieth Century eyes.  
Robin Hood and his merry crew who robbed the rich to succor the poor; his love for sweet Maid Marian; Sherwood Forest and Nottingham Town; Friar Tuck and Little John with their staffs and cudgels—all etched out of the dim past and made to live again.

Towering battlements with turrets that seem to cut the sky; great castles of giant kings, with their moats and drawbridges—drawn across the span of 800 years and set before eyes of to-day.

The splendid age of chivalry and romance brought forward 800 years and presented with the magnificent pomp and pageantry of medieval England.

"ROBIN HOOD" ran for twenty-six straight weeks in Grauman's Egyptian Theatre, Hollywood, holding the world's record run for a motion picture. "Robin Hood" is the most expensive picture ever brought to Victoria.

"ROBIN HOOD" will be the finest picture presented in Victoria this year and for many years to come—unless some new discovery in the amusement world makes possible a greater entertainment.

### MUSIC LOVERS' NIGHT AT ROYAL

To-night at the Royal will be Music Lovers' Night, when a programme of music will be rendered that will be in keeping with the first English picture to be presented here, "Me and My Gal." The overture will be "The Mikado," by Gilbert Sullivan, and the selection will be the "Dancing Mistress," by Moncton. The other items on the programme which are too numerous to mention, will be up to the high standard set by Mr. Prescott, the director of the Royal orchestra.

Ward Two Liberal-Conservative Association will hold a social evening on Tuesday evening at 8 o'clock in the headquarters, Campbell Building. There will be a musical programme, comic "stunts," and dancing and refreshments will be served. The affair is open to the public.

### "SEVEN LAST WORDS" OF DUBOIS

Will Be Produced Again at St. Andrew's Wednesday

One of the musical events of the coming week is the rendering by the choir of St. Andrew's Cathedral, Blanshard Street, of Dubois' beautiful work, "The Seven Last Words of Christ," conducted by Father Wood, on Wednesday evening at 8.30 o'clock. This work was given in this Cathedral on Good Friday and attracted such interest that a repetition was requested. For the occasion the choir will be augmented by over forty voices, and the solos will be rendered by Miss Eva Hart, soprano; J. G. Gillan, tenor; Ivor Brake, tenor; Frank Sehl, baritone, and Major Bullock-Webster, baritone, with Miss McKay at the organ.

Preceding this will be a short organ recital, assisted by Miss Eva Hart, soprano, and Thomas Kelway, tenor, the latter to be heard for the first time in the cathedral this season. The programme is as follows: Organ numbers, (a) "Offertoire in E" (Dubois), (b) "Fantasie in E" (Dubois), Father Wood; soprano solos, (a) "O for the Wings of a Dove" (Mendelssohn), (b) "Ave Maria" (Schubert), Miss Eva Hart; tenor solo, "Hosanna" (Jules Granier), by request, Thomas Kelway; organ numbers, (a) "Cantabile" (Pachelbel), (b) "Invocation" (Capocci), this latter leading into the work to be given, and at its conclusion "March Triumphant" (Liszt) will be played. These last numbers will be given by the organist of the evening, Miss McKay, a very talented young lady.

Admission to this event will be by tickets, which are to be obtained at Fletcher Bros.' booking office, Douglas Street.

### ESQUIMALT BOY ATHLETES HONORED

Lampson Street Teams Guests of P.-T.A. at Banquet Saturday

A banquet was given on Saturday night by the P.-T.A. association of Esquimalt to the boys who have won trophies in sports during the season. Principal Tait acted as chairman and toastmaster. About a hundred guests were present. On the tables were the cups won in various lacrosse and football games. Girls of the entrance class of Lampson Street School acted as waitresses. The providing of refreshments was supervised by Mrs. James Nicol, Mrs. Fraser, Mrs. Davis, Mrs. Elton and others. Those who took part in the musical programme included Miss H. Davis, Mr. Mitchell and Miss McNaughton. Master Jack Davis gave a whistling solo. Mrs. Bullen presented a cup to the Public School football team.

The tables were prettily decorated with ribbons and flowers in the school colors, flanked by a display of the trophies won by the school. The captain of the team, Teddy Holden, on taking the cup from Mrs. Bullen, was called on to move a vote of thanks, being seconded by J. Swenney, of whose prowess in the field as full-back, Mr. Tait spoke very highly. The boys further showed their gratitude to Mrs. Bullen by giving three hearty cheers and a tiger. A vote of thanks to the Board of School Trustees for outfitting the teams was briefly responded to by Major Mulcahy and Mrs. Webster, who both assured the boys of the interest felt by the Board in school sports.

Stanley Wright proposed thanks to the Parent-Teachers, in seconding which Jack Beasonette seized the opportunity to suggest that the Trustees should give sporting outfits to the High School also, on which Major Mulcahy assured the High School boys that the Board was just as keen for their interests as for the Lampson Street School. Mrs. Watson, the president, in responding, said what great pleasure it had afforded the Parent-Teachers to show hospitality to the boys and their teachers. Thanks were also extended to the caterers by Tommy Warden, seconded by Gilbert Williams, to the ladies who had prepared the entertainment and the girls of the entrance class who served as waitresses, by Clyde Nicol, seconded by Kenneth Cochrane. Mrs. J. Nicol, the convener, thanked all the parents and teachers who had helped her so willingly, making special mention of the efforts of Miss McKinnon. Mrs. Ranns was thanked for the use

### HAPPY ENDING TO PROLONGED SEARCH

Spent Years Seeking Relief From Rheumatism and Found It in Tanlac, States Coulter

"After suffering for years and spending a small fortune trying to get relief, Tanlac has fixed me up in short order—it's certainly surprising how quickly the right medicine will get a person to feeling right again," said Charles Coulter, 125 Sackville Street, Toronto, Ont.

"My hands and wrists were so swollen with rheumatism I couldn't hold a bow to play my violin. My right leg was affected also, and hurt so bad I couldn't bend it or lie on my right side. I suffered so terribly I never felt like eating, and my nerves were so unstrung I could hardly sleep a wink. I kept getting worse until I got Tanlac, but the rheumatism began easing up when I started on this treatment, and in a few weeks' time was gone completely. I feel fine in every other way, too, and can get around like a schoolboy now. I'll tell the world Tanlac is great."

Tanlac is for sale by all good druggists. Accept no substitute. Over 35,000,000 bottles sold. (Adv't)

of the Hall by Claude Hamer and T. Wagland. Mr. Tait thanked Mrs. Hardie, Mr. Patton, Mr. J. Nicol and Mr. Burdette for the use of cars for the teams when playing Sidney. Mr. Patton, who has done much in assisting in training the teams, spoke of the use of the Canteen Grounds and buildings had been secured for three days each week for sports, and that a public meeting would shortly be called to get the athletic association going.

Mrs. Bullen said she heartily approved the idea of an "old boys" team, which would keep the boys together when they left school, and said she would be delighted to present them with a silver cup. Reeve Lockley, who presented the benefits to be derived from clean sport, telling the boys that physical development was as necessary as cultivation of the mind. Fred Patton, seconded by Harold Stratford, thanked Mr. Tait for training the teams.

### TO PRODUCE "MARY CONTRARY'S GARDEN"

Children of Royal Bride Chapter, I.O.D.E., Plan Delightful Entertainment

Many of the favorite characters of nursery rhyme and fairy tales will come to life in the delightful entertainment which the children of the Royal Bride Chapter, I. O. D. E., will present in the Playhouse on Friday evening, April 20, and at a matinee on Saturday, April 21. The entertainment will be in two parts, the first to take the form of a playlet called "Mary Contrary's Garden," featuring the nursery rhymes, and the second half will be devoted to a number of beautiful living pictures posed by the children and including the Greenway groups and replicas of famous pictures.

The children have been rehearsing energetically under the direction of Mrs. H. G. Garrit, and both Mrs. Bertha Morley, the regent of the Chapter, and Miss Dola Dunsmuir, vice-regent, are taking an active interest in the preparations. Mr. Drury Pryce has arranged a small orchestra for the production, and Miss Margaret Campbell will be the pianist. The proceeds of the two performances will be given to the Girl Guides for their work.

### COMMEMORATE PATRON SAINT

Sons of England Pay Tribute to St. George in Annual Banquet

In commemoration of the Anniversary of St. George's Day today, the Sons of England Lodge, Sons of England, were hosts at the Knights of Pythias Hall on Saturday evening to 150 guests. Mayor Hayward and the Very Rev. Dean Quinlan spoke during the course of the evening. The banquet was followed by a short musical programme and dancing. The ladies of the Alexandra and other lodges took part in the function. District Deputy W. A. Carpenter presided.

In a brief address Mayor Hayward spoke with optimism of the city's future. Industrial development was a matter of slow, and at times discouraging effort, he said, nevertheless he held high hopes for the future of the city. With its admirable climate and geographical advantages of position, its rise would be steady in the years ahead, he believed. In a characteristic address Dean Quinlan dealt with Canada's place in the Empire. The dominions, he said, were bound to the Mother Country by the tie of loyalty. Though seemingly loose, this tie was of enduring fabric, and would last where other forms of fealty had failed. The new countries, he said, owed their present day security to the supreme efforts of the Motherland in the past, a debt that would not readily be forgotten. There was much good in Canada, admitted the speaker, but urged that those seeking to make their homes in this land retain the best that there was in the Old Land and add to it the good to be found here.

Following an excellent toast list in which many speakers were heard to advantage, dancing held reign until the close of the proceedings. The committee in charge of the function was thanked for its able services.

### MARATHON DANCES NOT NEW MANIA

Outbreaks Occurred Centuries Ago; Girls Danced for a Month

Chicago, April 22.—While dancing marathons have spread from coast to coast and records have been falling daily, almost hourly, health authorities here and in other cities, anxious about for law and order against the craze, have been led to wonder if dance history is to repeat itself. In a book entitled "The Dancing Mania of the Middle Ages," J. F. Hecker, a physician, pointed out that non-stop dancing was not new. According to his story, the recent apices of dancers in New York, Cleveland, Dallas and elsewhere are mild compared with some of the dances back in the fourteenth and later centuries. Records of thirty, sixty and ninety hours of dancing do not compare very well with the record of a girl seen in his youth by Felix Flater, who lived between the years 1536 and 1614. Flater wrote that the girl danced for a month. Another writer told of a girl at Basel who danced for a month also.

During these manias of dancing, peasants left the ploughs and very well with the record of a girl seen in his youth by Felix Flater, who lived between the years 1536 and 1614. Flater wrote that the girl danced for a month. Another writer told of a girl at Basel who danced for a month also. But even as far back as 1287, it is said, 100 children at Erfurt were

### ANNIVERSARY OF ODD FELLOWSHIP

Hundred and Fourth Celebration to Be Held; Local Plans

To-morrow evening the first event in the celebration of the 104th anniversary of Odd Fellowship on this continent will take place in the form of a ball in the Alexandra House. Dancing will begin promptly at 9 o'clock to music provided by Mr. Ozard's Orchestra. This part of the celebration is being arranged by the Patriarchs Militant, the military branch of the order in conjunction with the Sisters of Rebekah, of both lodges, and promises to be very successful from the way the tickets are going. The supper tickets will be distributed as patrons arrive, so that those arriving at the hall first will receive tickets for the first sitting.

It is now ten years since the last ball held under similar auspices, and the committee in charge consisting of

Sisters H. McCahill, R. Burd, E. M. Doane and J. Whidden and Chev. E. Tuck and F. B. Shaver have all arrangements completed to give every one an enjoyable evening. Tickets are still obtainable from members of the committee and at Hall's Drug Store, Wenger's and Little & Taylor.

On Thursday evening a joint meeting of the three subordinate lodges will be held in the L. O. O. F. Hall, Douglas Street, when the initiatory degree will be conferred by a joint team.

All Odd Fellows in the city are cordially invited to be present. On Sunday, April 23, the members of the order will parade to the Centennial Methodist Church for Divine service at 11 a. m. meeting at their hall at 10 a. m. sharp. The Naval Brigade Band will be in attendance.

### ELKS VILLAGE FAIR AND DANCE THURSDAY

At the village fair and dance to be held in the Elks Hall on Thursday, April 26, from 9 to 1, there will be exhibitions of the best pie, bread, cake and jam. All the exhibits will be auctioned after the judging and awarding of prizes. Numerous side shows will be laid out in the lounge, billiard and card rooms. The committee includes Roy Longhead, chairman; Jim Stewart, Andy Hill, Lottie Collins, Frank Somers and Fred Dillabough. The judges will be Andy Hill and Doug. Kindlay. Heaton's three-piece orchestra will furnish the music.

The papers which Temple had
signed were still in existence, safely
deposited in a bank in San Juan.
Steve had paid off the Temple mort-
gage to his grandfather; he had paid
Temple a thousand dollars in cash;
thereby he had acquired a half inter-
est in the Temple ranch. That had
all been quite in accordance with
Terry's suggestions and entirely sat-
isfactory.
Not being a thief, Steve counted
upon relinquishing his right to his
half at any time that Temple paid
back just what he had advanced.
He never had any evidence, very
soon that Temple would never pay
back anything. Though Dr. Bridges
found nothing very much the matter
with his hand, he had signed three
weeks less than two weeks later.
Then Terry joined some friends and went
West.
During the months that followed
Steve had prospered. There were
some unpleasant episodes which he
attributed to Blenheim, though proof
was lacking. Once he found three
of his doors had been broken. The
wind had saved him from a heavy
loss.

at Peebles, Scotland, has been spending a little time in Victoria, leaving to-day. Peebles is one of the centres of the woolen industry, and Mr. Lambie takes an interest in any developments along that line.

Based on fifteen years' business experience in this country, Mr. Lambie points out that the great demand in this country is for worsteds. Scottish houses that export high-grade material to Canada, are selling worsteds, and only a comparatively small quantity of tweeds.

In fact, as far as tweeds are concerned, Canada is largely a domestic market. Mr. Lambie expressed the opinion to The Times that there is a good opportunity here for the development of the hand loom business, which in its nature is largely local in character. "It is an industry that is strictly local," says he, "and not in any sense commercial in character. My impression is that there is considerable demand among wealthy Americans for hand loom stuff. I do not want to be misunderstood, as discouraging production, but as encouraging it, where orders are taken in advance."

**SEVEN THOUSAND RAISE HANDS IN RECOGNITION OF THE DIVINE POWER**

**Monster Mass Meeting Hears Dr. Price at Arena Last Night; Three Hundred Answer Altar Call; Curing In the Audience; Ruby Dimmick Completely Healed, Pronounces Dr. Hall.**

Victoria has faith in the Divine healing of the body through faith in the power of God if last night's demonstration at the Arena can be taken as any criterion. Over seven thousand people attended the great mass meeting when Rev. Dr. C. S. Price, noted evangelist, preached a most inspiring sermon. Rev. J. F. Dimmick made a testimony of the curing of his daughter at the meeting, and at the close Dr. Price asked all those in the audience who believed that healing could be secured through the name of Jesus Christ to raise their hands. There was an almost unanimous response.

Vociferous applause greeted the appearance of Ruby Dimmick on the large platform. "Praise God From Whom All Blessings Flow," was enthusiastically sung by those present, so great was the manifest joy over the recovery of her limbs. She had steel frame, her legs were not crooked, but straight, and in all appearance she looked like any healthy normal person. She ran up the steps and across the stage to her father at the close of the testimony to show to the seven thousand people present that she had been cured, and was now able to walk.

**Her Case.**  
It was stated in The Times last week that in addition to spinal trouble Ruby Dimmick also had organic disease, but this is denied by Dr. Ernest Hall, who in a statement to the press last night, said that her crippled condition was not due to organic trouble, but the result of nervous sickness. The doctor will probably give a formal statement on the matter.

Mr. Dimmick stated from the platform last night that Dr. Hall had attended his church, and following the service went to his house to see his daughter, who was one of his patients. "He pronounced her completely healed," stated Mr. Dimmick. The speaker added that her spine was perfectly straight, while there was a complete healing of the foot. To prove this he called his daughter to the stage, and showed the audience the agility with which she could move around. Her leg had grown to the same length as the other, it was obvious, and there was no limping in her running or walking. Dr. Simpson made this same announcement at the afternoon service, and it met with applause.

**Other Testimonies.**  
"Naytch wheenanamith," can you hear me now? These were the words that Rev. C. M. Tait, Methodist missionary used to prove that a little deaf Indian girl, that he had brought to Saturday night's service, had been cured. She answered "Yah." Mr. Tate made a testimony, following Mr. Dimmick's, to effect that yesterday to the little Indian girl was tested to see if the cure was permanent and she was able to hear people talking to her in the room. Then they went into the next room closing the door behind them and she heard. She also heard the street cars passing by outside, said Mr. Tate.

Francis Pledger rose to his feet in the audience and testified that his daughter, who had been blind in one eye, could now see the red light which marked one of the exits of the Arena. This test had been given because the light was the object most distant from her vision.

**Has Great Belief.**  
At the close of the testimonials Dr. Price stated that he believed that before the campaign was over the little girl, Isabel Miller, who was prayed for and who has not been able to walk for a year, confined to her cot in a plaster of Paris caste, would be able to walk down the aisle of the Metropolitan Church.

This little girl was able, it was said, to bend her knees and raise them some three feet, something that she had never been able to do before.

Rev. W. P. Freeman testified that a woman who was prayed for at the first healing service, and who was only able to move her hands and fingers at the end of the prayer,

having been afflicted with paralysis, gave one of her lady friends a great surprise the other day. "This lady friend went to visit the supposedly infirm woman but was astounded when the crippled woman answered the door herself without her crutches. A further surprise was given her when the woman told her that she was doing her own house work now, and commenced to iron some clothes on the table while her friends looked on."

At the close of a most inspiring sermon Dr. Price received the biggest response to his altar call since his stay in the city. No less than 300 people came to the front last night, and gave their hearts and life to Christ. A prayer was repeated by the seven thousand, after Dr. Price, while hymns of invitation were sung. Miss Carvell rendered a delightful solo accompanied on the piano by Edward Parsons, organist of the Metropolitan Church.

Selecting the love story of Rebecca as a simile Dr. Price outlined how Christ would return to earth to receive his church bride much the same as Isaac received his bride. Dr. Price portrayed Rebecca as the type of church that would represent the church bride and Isaac as the type of heavenly bridegroom.

**An Eternal**  
"Is it possible," stated Dr. Price, "that after you have seen the Light that you are going to turn your back on the Lord Jesus Christ? We ought to say an eternal and everlasting 'Amen' to the evangelist. At this stage of the sermon a penitent woman came to the altar and gave her heart to God.

"He is not coming as before with a cross, but as King of Kings, wearing a crown upon his head," asserted the speaker. "He is coming again," said the evangelist, "this I am sure for the signs of the time indicate it." "Thank God we haven't got a weak Christ," the evangelist continued. Only the other day I prayed for a dope addict, and the feller were broke because of faith in the Lord Jesus Christ." At this point Dr. Price again issued a challenge to all those who had habits they wished to break. He advised the people not to "let Jesus come to find a formal and dead church."

**Thirsty People.**  
Illustrating Victorians as the camels which Rebecca gave drink to at the well, and the contents of her pitcher as salvation, Dr. Price said, "I have never seen such a thirsty

bunch of camels as there are in Victoria.

"People can be saved, yet not be filled with the spirit of the Lord," the speaker averred. "What we need most to-day is another outpouring of Pentecost." Dr. Price went on to say, "I am not promising you immunity from temptation; but we can ride on the top of our troubles through faith in God." "There is only one way," the speaker concluded, "and that is the pathway of salvation."

**Declares a Curing.**  
It was while the Salvation Army band was rendering a selection that a woman in the audience declared she received a healing. She rose to her feet, and with tears in her eyes and a quivering of the voice related how she had been touched by the power of God and cured while the band had been playing.

**POST'S BRAN FLAKES**

*With Other Parts of Wheat*

**A Laxative Food**

If you knew the value of bran to your health you'd eat Post's Bran Flakes with Other Parts of Wheat every morning.

Bran insures fitness—eliminates poisons—keeps the whole system tingling and clean.

But not the old-fashioned bran—harsh, unpalatable, dry.

Here's a new, truly delicious, bran food. Made by a special process which gives you thin, delicate flakes with a wonderful toasted wheat flavor—with other valuable food elements of wheat—with practically all the vitamins—appetizing—delicious with milk or cream. Yet laxative in its effect on your system.

Eat Post's Bran Flakes with Other Parts of Wheat. You'll enjoy them. And you'll welcome the difference in your regularity.

A generous package for 18 cents—2 for 35 cents.

**"Mark Down, Sell!"**

Those are my orders for every day, and every day sees goods marked down more and more. That will continue to be the policy so long as this store is overcrowded with merchandise, and as long as the pressing need for money exists. Money we MUST have, and costs and profits will not be considered until the last needed dollar is raised. This week will be crowded so full of useful BARGAINS that no one can afford to stay away from this Sale. It's your own loss if you do.
