The publications of the Smithsonian Institution consist of Contributions to Knowledge, Miscellaneous Collections, and Annual Reports.

*No sets of these are for sale, and most of the volumes are out of print.*

The edition of volumes of Contributions and Collections is limited, and is distributed to designated Public Libraries and to learned institutions in this country and abroad.

A small edition of some of the papers in the above publications is printed for sale or exchange. Those at present available are enumerated in the accompanying lists, I and II.

For Reports of the Institution or of the National Museum, application should be made to Members of Congress.

For Reports, &c., of the Bureau of Ethnology, application should be made to Members of Congress, or to the Director of the Bureau.

Contrib. Knowl. = Contributions to Knowledge.

Misc. Collect. = Miscellaneous Collections.

Smithson. Rept. = Smithsonian Report.

Publications should be ordered by the number given in bold face type at the end of each title. The number of the series given in brackets is simply intended to show the series from which the paper is taken, and need not be mentioned in ordering.

The prices affixed to the separates from the Reports are merely given to furnish a basis for exchange. These publications are not for sale.
