BETHMANN-HOLLWEG WILL HEAR REPORT

Meyer-Gerhard, Bernstorff's Messenger, May Go to Headquarters to See Kaiser

MAKING IT CLEAR WILSON IS SUPPORTED BY PEOPLE

Will Take Huns About Two Weeks to Prepare Reply to States' Note

Berlin, June 19.—Dr. Anton Meyer-Gerhard, whose long report to Foreign Minister von Jagow, Dr. Alfred Zimmermann, under-secretary of foreign affairs, and Count Montelas, head of the American section of the foreign office, acquainted these officials fully with the nature of public opinion in the United States, will be given an opportunity to make a similar report direct to Chancellor von Bethmann-Hollweg before the actual work of preparing the German reply to the United States' note regarding submarine warfare is commenced.

Whether Dr. Meyer-Gerhard, who was sent to Germany by Count von Bernstorff, ambassador to the United States, will visit headquarters and present his facts to Emperor William in person has not been decided. In any case the German reply probably will not be ready for delivery for ten days or two weeks.

Extended conferences of representatives of the various departments will be required to unify the views of the foreign office, the ministry of marine and the naval general staff for presentation to the United States.

These conferences and deliberations have not begun yet and there is nothing to show what direction the current of German policy ultimately will take. It is an open question still whether the reply will be another ad interim communication or a definite rejoinder.

It may be stated, regarding Dr. Meyer-Gerhard's report, that the information brought by him contained little which was absolutely new to the foreign office, and that its chief value lay in its being a report of the strength of the various currents of public opinion in the United States and the attitude of President Wilson and his advisers in a more positive and convincing form than could have been possible in a written communication.

He is understood to have made it clear that there is no doubt that the American people are standing solidly behind the president in his insistence upon unconditional acceptance of the proposition of such an incident as the sinking of the Lusitania and equally little doubt that no important section of the American people favors war if it can be avoided honorably.

FUNERAL SET FOR TUESDAY MORNING

Body of Archbishop Langevin Now Reposes in St. Boniface Cathedral

Winnipeg, June 19.—When the body of the late Archbishop Langevin reached Winnipeg shortly after 11 o'clock this morning a special car attached to the regular C. P. R. train, thousands of men of the Roman Catholic faith from Winnipeg and St. Boniface and elsewhere in the province had gathered near the station to escort the remains to St. Boniface cathedral. While bands played the funeral march, the body was followed to the cathedral by a large number of laymen, the officers of every Roman Catholic society in Winnipeg and St. Boniface, priests of the province, high dignitaries of the church from all parts of the Dominion and children from the parochial schools.

The body was taken into the cathedral, there to rest until the funeral on Tuesday morning. It will be guarded night and day by four fourth degree Knights of Columbus in full uniform.

MINISTER OF MUNITIONS SENDS DAVID A. THOMAS

London, June 19.—David A. Thomas, the Western Canadian representative of the Telephone company, says, has accepted an appointment from Rt. Hon. David Lloyd George, minister of munitions, to go to Canada and the United States to supervise the making of contracts for munitions.

Mr. Thomas, a survivor of the Lusitania tragedy, presided on June 11 at Cardiff at one of Mr. Lloyd George's "speeding up munitions meetings." He was reported to have said at that time that he had been told by friends that he must have been spared when the Lusitania sank that he might do for the government some work not yet accomplished.

HUGHES TO COMMAND SECOND DIVISION?

Ottawa, June 19.—Major-General Sam Hughes, minister of militia and defence, may go to the front to take command of the Canadian Second Division. It is announced that he is to sail for London in about a fortnight to discuss the matter with Lord Kitchener. If the war secretary approves, General Hughes will turn over his present duties to some other person and go to the battle-front.

CANADIANS HOLDING GERMAN TRENCHES

In Possession of Position Near Spot Where O'Leary Won Victoria Cross

ENJOYING USE OF BRICK FLOORS BUILT BY HUNS

London, June 19.—News received here to-day is to the effect that a large portion of the Canadian division now is occupying trenches recently in the possession of the Germans.

These trenches are eight feet deep, but only about two feet and a half wide. They are fitted with brick floors and bear eloquent testimony to the manner in which the Germans fortified their ground during the winter months. There is a graveyard marking the spot where Prussians and the Grenadier Guards had a hand-to-hand fight. It is fenced off with wire and boards and there is a board bearing the inscription: "In memory of those who fell here. It is the duty of those who follow to attend to flowers and weeds." As a result, each regiment planted a different variety of flowers. The plot was kept clean and the flowers were watered each day.

Near the trenches held by the Canadians is the spot where Sergeant O'Leary, formerly a member of the Royal Northwest Mounted Police, won his Victoria Cross, so the men from the Dominion are on historic ground at present.

FIVE LIEUTENANTS KILLED IN ACTION

Officers Were With First Battalion; Casualty List Issued To-day

Ottawa, June 19.—The following casualty list was issued to-day:

First Battalion—Killed: In action, June 15. Lieut. Cecil Arthur James, London, Eng.; Lieut. James Lawrence Young (formerly 9th), Clifton, Eng.; Lieut. Robert Renwick Brown, High Blantyre, Scotland; Lieut. E. Nelson Chesham, England; Lieut. McCulloch Hill Jones, (formerly 23rd), London, Eng.

Fourth Battalion—Wounded: Corp. Thomas Hibbert, Dublin, Ireland; Pte. Hall, Liverpool, Eng.; Pte. Fred Driver, Snaith, Eng.; Pte. John Larson, Christiania, Norway; Pte. Frank Smith, London, Eng.; Pte. Arthur Dinkin, Appleby, Eng.; Pte. John Levinston, Greenwood, Eng.; Pte. James Dilland, Brandon, Eng.; Pte. George Easton, Glasgow, Scotland; Pte. Frank Anchor, Staunton, Eng.; Pte. Christie Connors, Tralee, Ireland; Pte. Harry Edwin Pannell, England.

Eighth Battalion—Died of wounds: Sergt. G. S. Jasper, London, Eng.

Fifteenth Battalion—Missing: Corp. John F. Cameron, Toronto, Ont.; Pte. Leveiro Abass, Thornlee, Ont.; Pte. Albert Bishop, Milford, Mass.; Pte. Fred Nelson Carter, Hamilton, Ont.; Corp. Maurice Lee, Weston, Ont.; Pte. Wm. Adam Irving, Sudbury, Ont.; Pte. George A. Brown, Dundas, Ont.; Pte. Wm. Hester, Halleybury, Ont.; Pte. John James Guther, Sudbury, Ont.; Pte. Thos. Richard Head, Toronto; Corp. John Carson Metter, London, Ont.; Pte. Frederick Russell Teller, Heaslip, New Ontario; Sergt. Ernest Albert Pay, Toronto; Pte. Arthur G. Millard, New Toronto; Pte. Lyman Ramey, Tremont, N. S.; Corp. Henry Dudley Richards, Kingston, Jamaica.

Princess Patricia's—Killed in action: Pte. Herbert Joseph Ball, Earlston, Eng.

Scarborough, Eng.; Pte. Arthur Bullock, Ireland, Eng.

CAUGHT ONLY 8 SHIPS OUT OF TOTAL OF 1,307

London, June 19.—During the week ending June 15 eight British merchantmen, aggregating 26,976 tons, and five trawlers were sunk, according to an announcement made this afternoon by the British admiralty. Seven of the steamships were torpedoed by submarines and the other was mined. Thirteen hundred and seven ships, the statement said, arrived and departed during the week.

ONE OF ITALY'S DESTROYERS; GRANATIERE

It has been announced by the French minister of marine that "the Anglo-French naval forces in the Mediterranean are co-operating with the Italian fleet, whose participation makes possible a more effective patrol of the Adriatic."

French War Office Gives No Fresh News

Paris, June 19.—The report on the progress of hostilities issued by the French war office this afternoon says there is nothing to add to the communication of last night.

ONE WAS MURDERED BY SAVAGES TO-DAY

London, June 19.—The 2,000-ton British steamship Dulcia was torpedoed and sunk off Suffolk to-day. The members of the crew, with one exception, were saved.

ENEMY NOW FACES A DIFFICULT TASK

Russian Forces Occupy Strong Positions East of Grodek Lakes

Petrograd, June 19.—The arrival of the assembled Austro-German armies before the Grodek positions, to the west of Lemberg, and along the Tanev, which runs easterly across the southern part of the province of Lublin, has brought the Galician campaign to a definite crisis.

The ability of the Russians to retain Lemberg and Eastern Galicia depends, it generally is agreed in Petrograd, upon this last strong line of defence which now alone protects Lemberg from the onward rush of the Germanic armies.

The Russian forces are strongly fortified on the heights east of the Grodek Lakes and the Austro-German forces will find greater difficulties than they encountered in breaking down the Russian defences on the Donajec and the San rivers, which yielded to the numbers and compactness of the new German formation that hacked a way through Galicia.

The German forces further north, which crossed the Russian border, are meeting with strong resistance on the part of Russian troops from the province of Lublin. Thus far the Germans appear to have been held at the Tanev river.

The Russian line in the Grodek region, eighteen miles in length, is of such great strength by reason of the character of the country that it is believed here a successful frontal attack would be impossible. South of this region, between Komarno and the Dniester marshes, the country allows an easier approach but this passage is considered too narrow to be practicable. A conflict therefore is expected in the north where the Germans are advancing straight from the San toward Rudrusza, 35 miles northwest of Lemberg.

Petrograd, June 19.—That part of the Russian army along the San river has retreated over the border before the assaults of the army commanded by General von Mackensen was admitted in an official statement issued from the war office to-day.

"But in other sections," says the statement, "and on the Grodek Lakes line, the Russians are entrenching in an effort to check the drive on Lemberg." On the eastern front the Teutons are using asphyxiating gases on the most extensive scale since this method of warfare was adopted. Great quantities of poisonous fumes have been released over a four-mile front near Goumlne. The statement adds that between the Pruth and the Dniester rivers the enemy forces which had crossed into Bessarabia (Russia) were thrown back on Austrian soil.

WAS DRIVEN AWAY BY ITALIAN DESTROYERS

It has been announced by the French minister of marine that "the Anglo-French naval forces in the Mediterranean are co-operating with the Italian fleet, whose participation makes possible a more effective patrol of the Adriatic."

German Warship Sank a German Submarine

London, June 19.—The British admiralty announced to-day that the German submarine U-29 had been sunk accidentally by a German warship and not by a British tank steamship flying the Swedish flag, as announced by the German admiralty.

ARIZONA LAUNCHED; DANIELS' REMARKS

New York, June 19.—The superdreadnought Arizona was launched successfully at the Brooklyn navy yard to-day. The Arizona and her sister ship, the Pennsylvania, share the honors of being the world's largest battleships.

The Arizona slipped into the water at 1:12 o'clock. The state whose name she received was represented by a distinguished delegation, including Governor G. W. P. Hunt, Secretary Daniels, of the navy department, attended, as well as Admiral F. F. Fletcher, commander of the Atlantic fleet; Major-General Leonard Wood and many other army and navy officials and members of congress.

That navy department experts are experimenting now with devices which it is hoped to protect future American dreadnoughts against torpedo attacks was revealed by Secretary Daniels in a speech at a banquet following the launching.

AIRMEN FOUGHT DUEL AT A GREAT HEIGHT

French Aviator Vanquished German Near Thann, Alsace, Says Official Report

Paris, June 19.—The following official account of an engagement between a French and a German aeroplane was given out in Paris this afternoon:

"An enemy aeroplane having been observed over our lines at Aspach, near Thann, in Upper Alsace, one of our aviator sergeants took wing and mounted in thirty minutes to a height of 10,500 feet. At this altitude he engaged his enemy with a machine gun.

"To this fire the German replied with a machine gun, and one of his bullets struck the motor of the French machine. The sergeant again ascended to a position above his adversary and fired three bands of cartridges. During the third round the German aviator was seen by the Frenchman suddenly to throw his arms into the air. His machine then began to fall and it came down like a stone inside our lines.

"The French aviator came down under control. Once on the ground he examined his machine. He found that bullets fired by his antagonist had perforated his cylinder, penetrated the steel shield at the back of the motor and rattled his wings. The Frenchman himself was wounded slightly in the neck."

RUSSIAN FORCES ARE STRENGTHENING LINE
 Berlin, June 19.—A correspondent in Galicia of the Lokal Anzeiger has sent the following dispatch to his paper: "Aviators report that the Russians are fortifying heavily along a line ten miles to the west of Lemberg. German advance patrols, furthermore, have established that the Russians are making a stand in front of them. If necessary, the present Russian line can be lengthened in the direction of Tomaszow. In Russian Poland, by the addition of whatever Russian forces are available."

VIOLENT FIGHTING IN WEST AND EAST

British and French Pounding German Lines in the West

ENEMY ATTACKING ON FRONT IN GALICIA

Attempting to Hold Back the Italians in Southwest-ern Arena

London, June 19.—Fighting of the most desperate character in both the western and the eastern theatres of the war, with the Teutons attacking in the east and on the defensive in the west was the situation to-day in Europe's great struggle.

Along the Grodek line the Teutons were endeavoring to reach Lemberg, and on their western and southwestern fronts they were on the defensive, desperately trying to hold off the forces of Britain, France, Belgium, Italy, Serbia and Montenegro, while to the southeast the Turks on Gallipoli peninsula were holding hard against fresh attacks by the British and the French.

How the fortunes of war ran in the west was uncertain. There, while there were few reports of progress available, it was deemed certain that General Joffre's legions and the British under Field Marshal French were making the greatest attempt of the war to date to break through the German lines with the result still in doubt. In the east the Russians were said still to be holding fast in the trenches of the Grodek line. Breaches had been made in their wall, but victory for the Teutons under von Mackensen was far from certain.

The reports of the various nations on the progress of the fighting during the past thirty-six hours have been as follows:

British, French and Belgian—Comparatively little information has been given out of the progress of the allied offensive in the west. Paris reports a most violent engagement ranging with such concentrated fire of big guns as the war has not seen hitherto. Successes north of Arras have been announced, with consolidation of the trenches captured. Developments at present taking place may mean the fall to the allies of Lens, a manufacturing city, and the possible abandonment by the Germans of Lille, with a great shortening of the German lines through the retreat. There is little local news to-day of the progress of the great struggle, which reports and London believe may prove the opening of the big allied offensive in Belgium and Northeastern France.

In Alsace, along the valley of the Fecht, important progress has been made, with the French guns dominating the German lines of communication between Metzeral and Munster.

German and Austrian—Berlin claims the annihilation of a British force near La Bassée, but admits French gains near Souchez and Ecurie, with hot fighting in progress at Metzeral. It is admitted that other trenches have been lost north of Lorette and repulses of the French in the Argonne are claimed. In the east Berlin claims that advances have been made against the Russians near Tarnograd, and that a Slav attack in force against the Dniester line, near Shavil, was repulsed. Heavy conflicts are reported along the Grodek line, while on the Dniester front near Stry the situation is reported as "unchanged." No comment has been made on the Russian statement that the fighting in Galicia has cost the Teutons 150,000 men. Vienna claims that Tarnograd has been taken. Otherwise its reports parallel the Berlin reports.

Italy—The Italian "neri" reports are claimed; also in the Pioken region and on Monte Coston.

Italian—Air raids on Gorizia and great damage thereby to the Austrian defensive positions are reported by Rome, which also says that the fighting near Plava is becoming most important and that on it may hang the fate of Trieste. The guns of Fort Malborgeth, on the Isonzo front, are reported as having been silenced, but the fortress still holds out. Rome also announces small successes for all Italian armies on the Trent, Tyrol and Cadore fronts.

Turkish—Continued fighting along the Gallipoli Peninsula is reported. Bulgarian—Both the allies and the Teutons are reported as attacking the Balkan front. It is reported that the Ministry of War in London is demanding at least portions of the territory taken from Bulgaria by Roumania, Greece and Serbia after the last Balkan war as the price of participation against the Teutonic allies. No indication as to Bulgaria's choice is available beyond statements from Sofia which indicate that Bulgaria is not likely to take the field against the Quadruple Entente.

HUNS' EFFORTS.

Amsterdam, June 19.—In an effort to prevent an advance by the allies, Germans along the West Flanders line are keeping up a terrific bombardment both night and day.

GUNS AT MALBORGETH REDUCED TO SILENCE

Could Not Hold Out Against Strong Attack Made by Italian Gunners.

AIR-RAID MADE ON THE ISONZO FRONT

Progress Made by Victor Emmanuel's Forces in Region of Plava

Rome, June 19.—A combined raid by an Italian naval seaplane and dirigibles upon Austrian positions on the Isonzo front is described in an official statement issued at the war office. Serious damage is said to have been done to railroad stations and to Austrian entrenchments. All the machines returned safely to their bases. The Italians are reported to have gained further successes in the struggle which is developing around Plava. The communication follows:

"During the day and night of June 17 the enemy, by long range artillery fire and small attacks, tried to reduce some of our most advanced positions in the Tyrol-Trentino region and Cadore. He was repulsed and shelled vigorously by our artillery.

"In Carnia we continued methodically to demolish the fortress of Malborgeth with our artillery. On the afternoon of the 18th the guns of the fortress tried to reply to our fire, but were reduced to silence.

"Further details continue to come in concerning the action in the environs of Monte Nero, mentioned in previous statements. These reports show that our mountain troops performed most praiseworthy exploits. When military reasons no longer prevent a full account being given the country will learn that not only the mountain troops, but other corps, have won on several occasions the right to its fullest gratitude.

"On the Isonzo front the struggle around Plava is assuming large proportions and the importance of successes we have gained there becomes more and more evident.

"A naval battery shelled enemy batteries near Duono (on the Gulf of Trieste, between Monfalcone and Trieste) with considerable effect.

"On the night of the 17th, while a naval seaplane was engaged in destroying the railroad station at Divaca (junction of the Istrian railway), our dirigibles made an excursion over the enemy's territory, bombarding with great effect, it appears, positions at Monte Santo and entrenchments facing Gradisca. Extensive damage also was done the Ovcladeaga station, on the railroad from Gorizia to Doringerbo. All the machines returned unscathed."

NOT PREPARED TO ACCEPT AN OFFER

Germany Would Not Permit States to Act as Mediator, Say Writers

Berlin, June 19.—The Morgen Post, commenting on a dispatch from Washington to the Cologne Gazette, which set forth that the question of peace is being discussed, says that Americans know full well that the self-constituted peacemaker never is welcome; consequently he is not likely to force his advice where it is not wanted.

Dr. Ignaz Jastrow, professor of political economy in the University of Berlin, discusses in the Taegblatt the impossibility of accepting the United States' proposal for the delivery of arms to the opponents of Germany.

"Inasmuch as every state can forbid the export of arms," the doctor says, "we wonder how Americans can fail to see that this is prolonging the war, and how they can believe it is possible for them to act as peace mediators."

SHEDS AT BRUSSELS DAMAGED BY BOMBS

Amsterdam, June 19.—Allied airmen dropped bombs on the German balloon sheds at Brussels on Thursday, causing slight damage, according to the Maasbode.

ON-LINE BETWEEN GRODEK AND LEMBERG

Russians Occupy Line Running North and South to West of Galician Capital

Petrograd, June 18.—Mention is made in an official statement issued last night at the war office that the Russians have retired beyond the line of lakes at Grodek, less than 16 miles west of Lemberg, their last line of defence in front of the Galician capital.

Berlin, June 18.—Dispatches received from the press headquarters of the Austro-Hungarian army indicate that the Russians have been driven back on their last defence before Lemberg, running north and south, about ten miles west of Lemberg.

The Russian troops along this line comprise the third and eighth armies, which, after their repulse in May and their retirement from the San front, were brought up to their normal strength again in men and received heavy reinforcements of new artillery. Having defeated the Russians on the San line, the dispatches say, Field-Marshal Conrad von Hotzendorf is pounding against the crossings of the Dniester, where the heaviest fighting is in progress. The Austro-Germans, it is asserted, are pushing the campaign with the utmost energy, and without regard to the expenditure of men or munitions.

Telegrams received here from Bucharest, Rumania, state that the Austro-Germans on the Bukovina front have advanced about ten miles into Bessarabia, covered by their heavy artillery, and now threaten Cotin, northeast of Chernovitz and just across the Russian border. It is added that Austro-Hungarian troops have occupied Novoselica, Russia, across the northern boundary of Rumania, on the river Pruth, and have established a number of heavy guns there.

The dispatch says that the Russians in their retirement are fighting desperately to defend their home soil, and are burning villages behind them and urging the inhabitants to retire with the army.

Vienna, June 18.—The following official statement was issued last night:

"North of Siemlawa our pursuing troops have penetrated Russian territory and reached the heights north of Kreszow and occupied Tarnograd. The Russian forces between the Lower San and the Vistula have retired at several points. The heights north of Cieszanow (ten miles north of Lubaczow) have been taken. In the mountainous region east of Nemirow and in the rear of Jaworow strong Russian forces have appeared. On the Wereszowa river the fighting continues. Our troops have gained a footing at some points eastward of the river.

"South of the Upper Dniester, the Russians were compelled to retire from positions near Litynia toward Kolo-drub. Our pursuing troops have reached the mouth of the Wereszowa.

"The eastern groups of Gen. Pfanner's army yesterday repulsed three Russian storming attacks. The enemy, making desperate efforts to throw our troops back in Bukowina, suffered heavy losses from our artillery and retired quickly. Eight officers and a thousand men and three machine guns were captured."

London, June 18.—A dispatch to the Times from Bucharest says: "Reports from the frontier state that the Russians have started a counter-offensive against the Austrians who invaded Bessarabia under Gen. Pfanner. The Austrians have been forced to retire hastily as far as Bojasa, to the east of Chernovitz, and are evacuating Novoselica, in Russia, on the Pruth, and the rest of the occupied territory. The Russians have captured a great quantity of war material."

WAR-HARDENED TROOPS NOW FACE ITALIANS

Austria Has Moved Forces From Other Points to Italian Front

Udine, June 18.—Reports from all fronts show that strong bodies of first line troops, especially the emperor's own troops, Croats, Bohemians and Hungarians, have been substituted for the Austrian gendarmes, customs guards and soldiers of the landsturm. All these first line troops have been hardened by over ten months of war and are formidable adversaries. It is reported that Lieut.-General Cadorna, chief of staff of the Italian army, said regarding these troops: "Now we have foesmen worthy of our steel."

The Italian Alpine troops themselves realize the difficulties, and fight with great circumspection, as was proved on Wednesday afternoon when over 1,000 Hungarians, commanded by a lieutenant-colonel, again tried to take Monte Negro. This time the Hungarians climbed Vrata mountain, hoping from that height to dominate the Italian positions and outflank them.

All the members of the Hungarian battalion either were killed or taken prisoners. The Italian commander summed all this up by saying: "The Hungarian attacks were repulsed."

Verona, June 18.—The Austrians have strengthened their forces so greatly that they are taking the offensive both from Mori and Rovereto against the Italians who are camping at Brenno, which lies at the foot of Mount Altissimo, at Zravage, situated in the Lagarina valley, and also at Arma valley. The result of the fighting still is in doubt.

Geneva, June 18.—"The Italians have gained more ground in the Buchenstein valley," says the Laibach, Austria, correspondent of the Tribune. "Their batteries are bombarding St. Cassian. They also have occupied important strategic points around Monte Cristo. Italian batteries shelled the Austrians out of positions in the vicinity of Monte Croce.

"Southeast of Trent the Italians are concentrating strong forces to block any eventual Austrian offensive. In the Val Sugana the Italians destroyed many defensive works and bombarded Borgo for several hours. At Folgaria they were obliged to retreat before repeated attacks by the Austrians, but during the day of June 17 they recaptured their former positions and now are bombarding Povereto."

Vienna, June 18.—The war office issued the following official statement last evening:

"In the recent attacks on the Isonzo front the Italians had a little success as previously. Near Piava our Dalmatian troops repulsed an attack by an Italian brigade last night. The Italian losses were very heavy.

"Repeated hostile attacks in the Ploken region and on Monte Coston were repulsed."

FEARS THERE WILL BE RIOTS IN VERA CRUZ

Washington, June 18.—The food situation in Vera Cruz has become so desperate that Rear-Admiral Caperton, fearing food riots, has proposed to the navy department that warships be used to transport the relief supplies and thus increase the forces.

In the present emergency, navy department officials have decided not to interrupt the regular mail service, but will continue sending supplies on transports.

Admiral Howard, commanding the Pacific fleet, in taking the cruisers Chattanooga and Colorado on the expedition to relieve Americans attacked by Indians in the Yaqui Valley, acted on his own initiative.

WILL BE SENT SOON.

Washington, June 18.—The United States' reply to Germany's last note on the sinking of the William P. Frye by the Prinz Eitel-Friedrich practically has been completed. It will not admit the German contention that any American ship with contraband may be destroyed provided it is paid for.

CASUALTIES AMONG CANADIAN SOLDIERS

Ottawa, June 18.—The following casualty list has been issued:

First Battalion—Wounded: Lieut. Frederick W. Campbell, Mount Forest, Ont. (seriously); Pte. A. L. Dean, Hyde Park Corner, Ont.

Second Battalion—Slightly wounded, but on duty: Capt. Henry W. O'Connor, Montreal; Lieut.-Col. David Watson, Quebec.

Third Battalion—Killed in action: Lieut.-Col. L. R. Smith, Oakland, Ont.; Pte. E. B. Cox, Toronto; Pte. W. H. Scaler, Quebec.

Wounded, but returned to duty: Pte. Fred McDougall, Winnipeg; Pte. S. Emery, Montreal; Pte. T. V. Murphy, Toronto; Pte. A. S. Lukeman, Toronto.

Fourth Battalion—Killed in action: Pte. W. H. Mason, Sheburne, Ont.

Wounded: Pte. H. E. Pannell, New Zealand.

Suffering from shock: Pte. W. R. Hunter, Saultwell, Alta.; Pte. Jas. Baxter, Boston, Mass.

Seventh Battalion—Killed in action: Lieut.-Col. R. Nicolls, Vancouver; Pte. F. L. Tait, Winnipeg.

Died of wounds: Pte. A. V. Malpass (formerly 30th), Nanaimo, B. C. (gunshot in head).

Unofficially reported wounded and prisoner: Pte. C. Demehy, West Island.

Wounded: Pte. E. C. Crew, New Zealand.

Missing: Pte. Dan Sutherland, The Falls, N. S.; Pte. H. F. G. Sinclair (formerly 30th), New Westminster.

Missing between April 24 and 29: Pte. J. D. Ludgate, Edmonton.

Previously reported missing; now with unit: Pte. T. H. Mankey, England.

Eighth Battalion—Prisoner of war: Lieut. Wm. A. O'Grady, Winnipeg.

Died of heart failure while prisoner of war: Pte. Ernest W. F. Collins, Saskatchewan, Sask.

Tenth Battalion—Suffering from blindness through high explosives: Pte. S. W. Chambers, Toronto, N. E.

Fourteenth Battalion—Unofficially reported prisoner: Pte. W. C. Common, Westmount, Que.

Missing: Pte. Jos. Raymond, Montreal.

Fifteenth Battalion—Died: Pte. R. J. Marsh, Toronto.

Missing: Pte. F. Stevens Corbetton, Ont.

Sixteenth Battalion—Wounded: Pte. Robert Taylor, West Indies; Pte. J. M. Baxter, Port Arthur, Ont.

Princess Patricia's—Died: Pte. Geo. Meehan, Edmonton.

Second Field Artillery—Died: Gar. Neil McIsaac, Souris, P. E. I.

Second Field Co., Canadian Engineers—Wounded: Pte. Wm. Jackson, England.

Second Canadian Field Ambulance—Wounded: Pte. Richard Thomas, Toronto.

TENTH AND SIXTEENTH CHARGED WITH BAYONETS

Toronto, June 18.—A special London cable to a local paper says: "In a fierce bayonet charge the 10th and 16th Canadian battalions drove back the Germans the other day, inflicting severe losses on the enemy. At the order to advance and drive the enemy from his position, these two regiments, supported by the 14th and 15th, scrambled from their trenches and made a dash for the German positions, several hundred yards away, making the assault in a series of short rushes.

"The enemy replied with a sharp fire, but when the Canadians swept up, yelling defiance behind a long line of gleaming steel, the Kaiser's troops gave way, leaving their long line of front trenches to the victorious Canadians. The epidemic which already was driven out of some of his reserve trenches. The bayonet charge was a magnificent success for the Canadians, and their comrades of the British battalions who charged with them. Returned Canadians just back say—everything looks rosy at the front."

LOST FORTY THOUSAND WITHIN THREE MONTHS

Tiflis, June 18.—Within the last three months about 40,000 soldiers in the Turkish army operating in the City district of Trans-Caucasia have been disabled by disease. Thus weakened, the army has been forced to give up all serious activity on this front. With the beginning of the epidemic, the epidemic in the province of Van and has claimed a number of victims, and it is estimated that 40,000 soldiers have been lost.

AWARDED MEDAL.

Brantford, Ont., June 18.—A letter has been received by J. C. Bloxham, of Brantford, stating that his son, Pte. Charles Bloxham, of the 8th battalion (Winnipeg Rifles), has received the Distinguished Conduct medal for "some small services rendered at Ypres." The Winnipeg regiment held its trenches all day on the first occasion of the use of asphyxiating gas, and it is thought that it was in this connection that he was honored.

THINKS FRIENDSHIP SHOULD BE PRESERVED

Berlin, June 18.—The Cologne Gazette points out editorially that the German press in general has shown satisfaction that President Wilson's communication offers opportunity for an understanding and expresses the belief that diplomacy on both sides of the Atlantic will work with a feeling of goodwill to this end.

"It is quite certain the German government at least will do this and will be supported generally by the people, the newspaper continues.

"It would be pure imbecility to seek to drag in without necessity a ninth or tenth enemy for ourselves, even though its participation in the war would be limited to supplying the Quadruple Alliance with money and munitions."

LITTLE DAMAGE.

Rome, June 18.—The following official statement from the Italian headquarters staff, signed by Vice-Admiral Thon di Revel, was given out last night: "This morning Austrian destroyers shelled a section of the coast railroad near Fano and Pesaro (on the Adriatic). No one was hurt. Trifling damage was done to a small portion of the line. The cities of Pesaro and Rimini, although quite undefended, were bombarded. The damage was unimportant."

MADE AIR-RAID.

Athens, June 18.—Allied aviators bombarded a Turkish encampment at Mardos, on Gallipoli peninsula, on Thursday inflicting heavy damage.

Seized With Paralysis Could Not Walk

Most Extraordinary Cure Effected by the Use of Dr. Chase's Nerve Food.

To have the nervous system paralyzed to be unable to walk and scarcely able to talk, and then to be completely cured, is not a usual experience, but Mr. Hyatt tells in this letter what he passed through:

Mr. Avery Hyatt, blacksmith, St. Ann's, Lincoln Co., Ont., writes: "I am a blacksmith by trade, and ten years ago became afflicted with paralysis. I could not walk or read or write, and could talk with difficulty, so that it was a hard matter to understand anything I would say. Being only a young man, I was nearly discouraged. Two doctors told me it was brought on by overwork, and that my case was hopeless.

When the fifth was used I saw that I was getting better. In a time the 12 boxes were used I was cured. I am well and strong and working every day, thanks to Dr. Chase's Nerve Food.

This statement is certified to by Mr. Elmer J. Hodgson, J. P.

No ailment is more dreaded than paralysis. And yet how few people realize that paralysis of the nerves is only the natural result of neglected nervous troubles.

At first you do not sleep well, have nervous headaches or indigestion, find yourself easily irritated and annoyed, can hear noises which in good health you would never notice. You do not consider yourself sick, and yet you lack the usual energy and vigor and feel out of sorts.

Restore the nerves by using Dr. Chase's Nerve Food. 50c a box, 6 for \$2.50. All dealers, or Edman, Bates & Co., Limited, Toronto.

SHOWED WHERE THEY HAD HIDDEN VICTIMS

Tiflis, June 18.—Following the entrance of a Russian army into Urumbah, Northwest Persia, Russian officials investigated complaints of the forcing of Christians by Persians during the siege of Urumbah by Kurds. Information was obtained that Persians, taking advantage of the panic among the Christians, stole horses of young women and children and placed them in barns. Three hundred Persians thus accused made confessions and revealed the hiding places of the victims.

SAYS IT WILL BE A DIFFICULT TASK

Rome, June 18.—A refugee has come into Rome from Pola, the Austrian naval base on the Adriatic, and reports that the Austrians have about 20,000 men in strongly entrenched positions there. This man is one of the very few who have got away from Pola. He says that on the day war was declared there was not one civilian in the place. He is of the opinion that the only way to take Pola is by a bombardment or a very long siege. The Austrian fleet is at Pola.

UNTIL WAR ENDS.

London, June 18.—The public is realizing gradually that this may be a very long war. The government practically has decided to prolong the life of the present parliament until 1917, or until the war is over. The departmental committee of the board of agriculture is considering what steps will be necessary to maintain and increase the British food supply if the war continues beyond the harvest of 1914.

DISCLOSURES MAKE NO BLAME ATTACHED DEEP IMPRESSION BY CORONER'S JURY

Proof of Corruption Under Roblin Government is Having Effect Verdict Returned at Nanaimo Yesterday Afternoon; Chief Inspector's Evidence

Ottawa, June 19.—The disclosures made before the Manitoba royal commission at Minneapolis in connection with the contracts for the legislative buildings have caused a profound impression in the east. The implication of men high up in the former government in scandals of so wholesale a character has created a strong public sentiment in favor of further prosecution of the guilty parties, and this sentiment is finding voice in the press. During the session of the Congressional Union of Canada, held here recently, frequent reference was made to these and other glaring scandals connected with the public life of the country, and several speakers urged strongly more general protest both from the public and the press.

Eastern Conservative newspapers have ceased to talk of "frame-ups" and "saw-offs" between the Manitoba Conservative and the Liberal parties in connection with the resignation of the government, and even the most bitterly partisan of them have given up all attempts at condoning the offences committed on the plea of ignorance on the part of the late cabinet and its leader, Sir Rodmond Roblin. Any impression of this sort has been dispelled by Horwood's testimony at Minneapolis.

The Ottawa Journal, the Conservative organ at the capital, printed on the front page the following: "Evidence which is being given before the royal commission in Manitoba now engaged in inquiring into expenditures in connection with the legislative buildings there is so extraordinary that the usual desirable rule for newspapers not to comment upon judicial inquiries until all the evidence is in may fairly be disregarded. Provincial Architect Horwood testifies under oath that acting on instructions from the premier, Sir Rodmond Roblin, he (the architect) recommended the granting of a huge contract before plans were made; that acting on instructions from Hon. Geo. Coldwell, minister of education, he negotiated with Contractor Kelly to get out of the contract price \$100,000 for the provincial government's campaign fund; and that acting under instructions from Hon. Dr. Montague, minister of public works, he falsified the department records to cover up the other wrong-doing.

"The evidence is not all in yet; possibly there may be something to discredit the testimony of the provincial architect. "But if not, the revelation would indicate a betrayal of public trust so criminal that anyone wittingly concerned, particularly ministers of the crown, would deserve to go to penitentiary. "Judgment must be reserved until the finding of the royal commission is made; but there should be no doubt as to what the attitude of the public, irrespective of party, must be if the evidence of the provincial architect should remain unshaken. "The Ottawa Free Press, under the caption "Contemptible Graters," commented on the methods employed in the big steal from the province. It said: "The negotiation of this graft through five or six officials, one or more of whom was bound sooner or later to give the game away if not sufficiently bribed; the trickster-lawyer stunt of sending some of those in possession of information out of the country when the trail was found; the letter that an architect was to write; the open wholesale robbery—all these acts are stamped with such clumsiness that it is impossible to give the measure of excuse human nature is prone to extend to the adroit rogue. "Most surprising, perhaps, is the calm confidence of the thieves in responsible positions that their bespattered trail would not be uncovered, that the evidence of their clumsy crimes would not be observed, although it protruded on all sides. "The people of Manitoba will not feel as leniently disposed toward these ham-handed despoilers of the public treasury as the people of Canada have felt toward some of the public grafters of the past who managed to get away with their thefts. "Least of all are they likely to entertain an excusing feeling for the stupid attempt in high places to cover up the stupider crimes by pleading the injured innocent. "We may have grown callous to graft and regard it as something of an inevitable evil; but for bungling grafters like the Manitoba gang we have no feeling but unutterable contempt."

Probably no one year in the political history of Canada has produced so many scandalous incidents as this year. The scandals in New Brunswick as a result of which Premier Fleming resigned; the scandals in connection with war contracts at Ottawa as a result of which two Conservative members of the House of Commons were suspended in the house by their leader, and one resigned, and following upon these the astounding disclosures in Manitoba as a result of which the premier and his cabinet—all these coming close on the heels of each other form a record in political scandals and grafting, unequalled in history.

FINED \$50.

Courtenay, B. C., June 19.—A man named Robert A. Lorie, from Victoria, was arrested by Provincial Constable Hannay for supplying liquor to the Indians on the Comox Indian reservation and was fined \$50 and costs by Magistrate Hicksbeach yesterday. An Indian, Thomas George, also was fined \$5 for being drunk.

Nanaimo, June 19.—The inquest conducted by Coroner Jeffs, of Vancouver, on the bodies of the men killed by the mine explosion, came to an end yesterday afternoon, the jury returning the following verdict: "We, the jury empaneled to inquire into the cause of the death of William Ball, Robert Kirkbride and 20 others, find that the deceased came to an accidental death on May 27 by an explosion of gas in the Reserve mine of the Western Fuel company, Nanaimo, and after hearing the evidence of 33 witnesses we cannot attach blame to any person. We also find that every precaution and care has been fully exercised by the management of the said company."

Only two witnesses were heard yesterday, viz. Chief Mines Inspector Graham and Mines Inspector Newton, both of whom held to the theory that the explosion originated in No. 5 west counter-heading. Mr. Graham believed the heavy cave had come after the explosion and had been due to a bump, but that sufficient gas had been liberated thereby to aggravate the explosion. In traveling down the slope the explosion had compressed the air there, causing damage in the contrary direction up the slope.

Witness was not prepared to swear that Suter's broken lamp caused ignition, but there was gas present, as shown in the gauze of the lamp, and the lamp itself was broken. He did not believe the shot fired in No. 6 cross-cut had anything to do with the slide of coal that had been released in No. 5, as it was too far away, 40 or 50 feet.

ADVANCE WAS MADE EAST OF FESTUBERT

First Line of German Trenches East of Ypres Captured and Held

London, June 19.—The following report is from Sir John French: "The fighting on the northern and southern portions of our front continued throughout June 16 in co-operation with the attack of our ally about Arras. "East of Ypres, all the German first line trenches which we captured remained in our hands in spite of two counter-attacks, which were repulsed with heavy losses to the enemy. However, we were unable to retain those of the enemy's second line trenches which we had occupied in the morning. "East of Festubert, as a result of a further attack on the afternoon of the 17th, we made a slight advance, and, judging by the number of dead Germans in the trenches entered by us, our artillery fire was very effective."

Paris, June 19.—The following official communication was issued last evening: "In the sector to the north of Arras a violent artillery duel has taken place. The front here remains unchanged. We hold all the ground we have captured. "In Alsace we have fortified the positions which we took yesterday, and continue to make progress there. Our advanced troops at the end of the day had reached the outskirts of Metzeral. We have advanced along both banks of the Fecht. We hold under our fire the enemy's communication between Metzeral and Munster. Further prisoners, machine guns and a very large quantity of war material, notably rifles and cartridges, have been taken by us. "There is nothing to report concerning the situation on the remainder of the front."

NO DELAY.
New York, June 19.—Counsel for Harry K. Thaw and for the state agreed to-day that there should be no attempt to delay or to adjourn the hearing on the question of his sanity, which comes before Justice Hendrick and a jury next Tuesday.

GOES TO NEW YORK.
Washington, June 19.—William J. Bryan left to-day for New York, where he will make a peace address in Carnegie hall to-night. It will be his first speech since he resigned as secretary of state.

FRECKLES

Don't Hide Them With a Veil; Remove Them With the Othine Prescription.

This prescription for the removal of freckles was written by a prominent physician and is usually so successful in removing freckles and giving a clear, beautiful complexion that it is sold by druggists under guarantee to refund the money if it fails. Don't hide your freckles under a veil; get an ounce of othine and remove them. Even the first few applications should show a wonderful improvement, some of the lighter freckles vanishing entirely. Be sure to ask the druggist for the double strength othine it is this that is the money-back guarantee.

"OH, PATRIOTISM!"

"A political campaign at a time when no one is interested in politics and more specially at a time when the ransom of the world is being weighed against the insolent might of organized barbarism must react on its perpetrators," says the morning paper in a characteristic reflection upon the patriotism of the critics of the administration it supports.

On March 7 the Premier through his chief newspaper supporter in this city forecasted the immediate dissolution of the Legislature. That announcement was accompanied by an editorial in our contemporary outlining the various features of the policy upon which the government would test the opinion of the electorate and expressing its own absolute confidence in the result.

On March 9 the morning paper announced that "yesterday an order-in-council was signed by His Honor Lieutenant-Governor Barnard formally dissolving the Legislature of British Columbia. Nominations will be made on April 3 and the elections will be held a week later, April 10."

On March 11 came an announcement to the effect that "owing to the difficulty of preparing lists based upon the new redistribution it was deemed advisable to defer the election." The announcement also added that "fortunately the order-in-council dissolving the legislature had not been signed by His Honor the Lieutenant-Governor—a direct contradiction of the statement of two days before.

But the election proposal has not been abandoned, war or no war. It has been postponed. The government organizers are keeping the machine in order. Ward meetings are being held from time to time. The Attorney-General delivers periodical addresses to the faithful. He and some of his colleagues continue to make political tours of the province. Less than a month ago Messrs. Barnard and Green gave political talks to their party friends, which were reported by their faithful journalistic coadjutors. But during all this our contemporary has been silent on the fearful impropriety of a political campaign while the war was in progress. And it was silent when its own columns announced also that the cabinet at Ottawa practically had decided to hold a federal election in June. Even now the Provincial Govern-

ment is preparing for the election that was deferred from April 10. Before long we shall be told from the same source that "owing to the war" it is our duty to return without opposition the McBride or Bowser administration, whichever it may be, for another five years of country wrecking.

PRESSING THE ENEMY.

The French war office to-day made the laconic announcement that there was nothing to report beyond what appeared in the bulletin last night. This brief statement and the tightened censorship indicate that heavy fighting is in progress between Arras and Ypres and point to a serious effort to break the enemy's line at one of his most vulnerable points.

Berlin and Vienna report nothing but "victories after victories" on all fronts, in fact, the impression the German people must derive from these announcements is that only deep attachment to the localities in which they now are fighting prevents their armies from driving the Russians to Moscow and the British and French into the sea. Meanwhile diplomatic efforts, equally desperate, are being made by Berlin to prevent Bulgaria joining the allies and the war office announcements are made wholly with that object in view. The Russian armies are not even seriously menaced and so long as they are intact they are capable of delivering to the enemy exactly the same kind of blow the French and British struck at an even more confident foe at the Marne. Press dispatches report a sudden buoyancy on the Russian bourse, which indicates that somewhere behind the scenes, now decorated with German tinsel, are elements pregnant with favorable conditions for the allies. What they are, of course, only can be conjectured. The allies may have made important progress at the Dardanelles, or a satisfactory arrangement may have been entered into with Bulgaria and Roumania. Anyway Russian financiers appear to be exceedingly confident, which is rather strange when, to quote Berlin, "Russia is making her last stand."

WAR SUPPLIES.

The manufacturers of Victoria are well advised in organizing with the object of making a united attempt to obtain contracts for supplies that their plants are capable of handling. Their efforts necessarily must be vigorous and unceasing, for their eastern competitors are nearer the seat of power, can bring to bear important political influence and enjoy other advantages which will be emphasized to the utmost. British Columbia has seven representatives in the House of Commons, one of them being a cabinet minister. These public men should support the propaganda of the manufacturing interests of the province with all the influence at their command. It is true that a commission of business men has been appointed to superintend the purchase of war supplies, but it is equally true that the government which is responsible for the disbursement of the money has the power to direct that all parts of the Dominion be equitably treated.

Canada's output of war supplies has now reached an impressive total. One hundred and forty-seven factories in seventy-eight Canadian cities and towns, employing seventy thousand mechanics, are engaged in the work. The wage bill amounts to one million dollars a week. The production of shells is increasing rapidly, and before long the output will be fifty thousand per day. Six hundred and fifty thousand shells already have been shipped from the country, while high explosives of various kinds are now being turned out by a number of establishments. Sir Thomas Shaughnessy states that Canada will obtain a larger share of the contracts for supplies purchased directly by the British authorities, so between the demands of our own war office and those of the United Kingdom many hundreds of million dollars will find their way into circulation in the Dominion. British Columbia will benefit considerably from this outlay if her manufacturers and public men insist in no mistakable terms upon getting a fair share of it.

Incidentally the figures we have given show that Canada, in common with the other belligerents, is not suffering in an economic sense from the war. In fact, history proves that during war time the nations engaged in Napoleonic wars Great Britain's trade quadrupled and employment was general. In the United Kingdom to-day the demand for labor is greater than the supply and the wages are several times higher than at any other time in the history of the country. Had it not been for the millions upon millions expended in Canada for war supplies in the last ten months the depression which set in a year and a half ago would have been very difficult to bear. Its effect, especially severe in this province, can be lightened by the industrial stimulus that would arise from the distribution of a generous proportion of the contracts.

BRYAN'S ECCENTRICITIES.

According to Washington dispatches, there is much talk of peace at the capital, but it all comes from Germany. The real reason for the resignation of Bryan from the cabinet of President Wilson is said to be that he aspired to the exalted role of peacemaker. But the attitude of Wilson in the second note to Germany, which on the surface appeared to be milder than the first, blocked the way. Bryan as Secretary of State, signed the first note. The influence of von Bernstorff, who got into the confidence of Bryan and encouraged his ambition to pose as a great "pacifist," induced him to resign from the cabinet rather than append his signature to the second. If he had become a party to that he would not have been acceptable to Germany as the medium between the belligerents for the discussion of terms of settlement. Hence in order to attain his vaulting ambitions and to pose as a great figure in the world, with increasing prestige as a presidential candidate in the next election, Bryan willingly sacrificed his assured position in the present on the prospect of a more distinguished position in the future. All this of course is largely conjecture at present, but it is borne out by the series of messages Bryan is issuing to the American people, posing as a "humble follower of the Prince of Peace." He places all the powers in the same category, holds them equally responsible for "the causeless war," and intimates that he, given the opportunity, may show them the error of their ways and induce the dove of peace to roost upon their banners. But we fear the case of Mr. Bryan is going to be another instance of the saying that a prophet is not without honor save in his own country. Certainly the prophet is being bitterly assailed in the United States at the present time. He is accused of treachery to the president and even of disloyalty to the flag. Some of the newspapers which as a Democrat supported him strongly for office, announce that his messages will not be given publicity in their columns. It is also to be doubted whether his alleged intrigues with Bernstorff and Dernburg will commend him to the allies as a peacemaker.

Our Coal Is So Good

A small quantity of good Coal will give you double the amount of heat efficiency and general satisfaction that half again as much inferior Coal will produce.

KIRK & CO. LIMITED

1212 Broad St. Phone 189

Our contemporary says our statement that the Auditor-General gave evidence before the public accounts committee relative to the submarine purchase which Sir Richard McBride ought to have cleared up is absolutely untrue. Our friend does not know whether it is true or not, for judging by its news columns at the time, it had no knowledge of what the Auditor-General said. Mr. Fraser referred to the difficulty he experienced in obtaining any record of the transaction and then, in speaking of the drafts for nearly \$900,000 that went to New York, said that these evidently were in payment for the boats, but that he did not know what the third draft, for \$249,961, which went to J. V. Patterson, of Seattle, was for. Nor did the committee, which examined the Auditor-General, know what it was for, and if Sir Richard could have enlightened them it was his duty to do so.

German submarine U-29 was sunk by a German warship—rammed by mistake. Berlin says she was sunk by a British oil-tanker flying the Swedish flag, a rare combination indeed. We can understand the German admiral's mistake as to the kind of vessel that sank the late lamented U-29, but it is hard to understand how von Tirpitz's staff came to mistake a German warship for a British oil-tanker.

We will breathe easier when we learn that Sir Richard has reached this side of the ocean. While he is in London there always is the danger that those who hold some of Mackenzie & Mann's bonds will seize his person as security for the payment of interest. Would the Attorney-General, as acting Premier, authorize the transmission of the ransom?

A man at Prince George, B. C., predicts that Germany will collapse suddenly. A London dispatch quotes the prediction that the war will last for years. We place our money on the Prince George prophet. A glance at the casualty lists will show why the war cannot last for years.

To Men About to Marry

OUR advice is: "Don't, unless your prospective wife is protected by means of a policy of life insurance in some well-established company—The Mutual of Canada, for instance."

Far better to postpone the wedding ceremony than the insurance ceremony. A life policy in favor of your prospective wife is the best evidence of your regard. Deeds are preferable to words.

Life insurance is a great privilege. Among all modern inventions there is none more beneficent. The up-to-date man cannot dispense with life insurance any more than with the railway, the telegraph or the telephone.

Therefore, if you propose establishing a home, be sure that your life, on which the permanence of that home will depend, is protected by means of a policy in

WAISTLINES RETURN TO THEIR NORMAL PLACE

Cosmopolitans Follow Craze of Blue Taffeta; Evolution in Dress

New York, June 12, 1915.

For the first time in three long years, waistlines return to their normal place. A logical review of the past few months discloses two distinct reasons for this change in fashion; first, the full skirt, and second, the corset. It is not surprising that the waistline capered about when corsets were trico and the silhouette straight up and down—but now that skirts are voluminous and corsets real stays, nipped in at the sides, the joining of the waist and skirt naturally comes the smallest part of the form, namely, the waistline, as nature placed it.

It has taken many months to bring about the evolution, and even yet there are those who are loath to give up their stay-belts and back to nature corsets. When Joseph, in the early season exhibited silk frocks with normal waistlines, many admired this couturiere's courage; but few recognized the step as a style prediction so soon to be realized.

One of the New Normal Waistline Frocks Made in the Popular Blue Taffeta.

To-day, smart frocks have trim waists, definitely marked. Whether you are summering at Hopatcong, escaping the heat at a beach resort, or passing the early season in town, it is impossible to be oblivious to this one feature, at least, of the mode. Again and again, fashion repeats herself in the ever prevalent blue taffeta dress. Wherever the New Yorker goes you see it. If any one thinks she can dodge the clothes issue by packing up and taking off to the country, the mountains or the shore, she is sadly but surely mistaken. In the Adirondacks you will find all the style of the avenue. There are the girls with their summer furs, wide sailor hats and Japanese parasols, transplanted whole from New York, without the veneer of style spoiled or blighted.

At one hotel, three hours by bus from the station, a girl from the metropolis wore a taffeta frock that literally followed letter for letter the Victorian mode. It was made of the perpetual blue taffeta with waist normal, and skirt sectional, formed of seven tiers, each successive tier fuller than the one before, gathered at the top and corded to the section above; the bodice was plain save for an inverted V-shaped vest of organdy collar; this was a product of a New York dressmaker, perfect so far as style was concerned.

So incessant is the demand for blue taffeta for these dresses, that the stores have difficulty in keeping it in stock. The craze is apparent in every department. Hats are of the French sailor type; on these the brim is slightly wider at one side than on the other, and they are worn a trifle tilted. Of blue straw, blue taffeta, or blue French crepe, they are trimmed with wings, a single bead ornament, or gauze flowers, wired in shape. Pumps are shown in navy blue leather, smartly piped in white, and even dark blue gloves in gauntlet style have been introduced. But these are not as popular as the white silk gloves, finished with the Queen Elizabeth frills, and worn on the outside of the dress; for even blue, to be really chic, must have a dash of white for contrast.

The fancy for the popular blue will be restricted, however, by the shortage of the material in this country. The manufacturer made the statement that we may be thankful to get any color at all if the war continues; and this, no doubt, accounts for the makers of blue taffeta to force black and white effects for midsummer and fall. Already we are seeing, here and there, in these new, normal waistline dresses, smart black-and-white effects. One silk manufacturer is showing a great variety of Grecian designs in black and white, and black and gold. So unusual and original are the patterns, that they have taken the trouble to have each copyrighted, lest manufacturers of inferior materials duplicate the designs. If this house successfully launches these silks on the market, and from their record in past seasons they undoubtedly will, women will soon be sporting frocks with silhouetted Dicky

P. S. A. BROTHERHOOD
 Rev. Andrew Walker Will Give a Lecture To-morrow Afternoon..

At the meeting of the P. S. A. Brotherhood, at Temple's hall, to-morrow afternoon, Rev. Andrew Walker will give a lecture on German Kultur versus Christian Culture. Ladies are invited and an orchestra will be in attendance.

Arrangements will be made for a representative deputation of the brotherhood to wait on the school board on Monday afternoon at 5 p. m., in regard to putting the Victoria West playground into condition for playing. The matter has been urged for a considerable time.

The public is also invited to a free concert to be given on Wednesday evening, June 23 by the brotherhood. An attractive programme is assured. It is expected that this concert will terminate the gatherings till after the summer recess of two months.

Client: "I want to sue for a divorce and an allowance of \$300 a year."
 Lawyer: "What is your husband's income?"
 Client: "It's about that. I wouldn't ask for more than the man makes. I'm not that kind."

Wholesome Nutritious ALWAYS WELCOME

W. CLARK, Limited, Montreal

SAFE-When coal gas accumulates, automatic damper operates of its own accord in McClary's Sunshine Furnace releasing all fumes to flue. See the McClary dealer or write for booklet. Sold by H. Cooley & Son, 434 Kingston Street.

The titles of the pictures are as follows: "Ma's Girls," a western drama in two parts; "A Scrap of Paper," comedy drama in two parts; "The Fable of the Struggle Between Personal Liberty and the Wave of Reform," a splendid comedy by George Ade, and "The Pollywog's Picnic," featuring the two well known comedians, Lloyd V. Hamilton and Bud Duncan. "A Day's Adventure" rounds out a programme that is helping to make The Royal Victoria theatre one of the best picture houses in town. A fine orchestra in attendance at all performances, and a continuous show will be given to-night from 7 to 11.

Meetings Next Week. Monday-Victoria Lodge No. 1. General Relief Committee. Tuesday-Columbia Lodge No. 1. Wednesday-Columbia Lodge No. 2. Thursday-Dominion Lodge No. 4. Friday-Canton Victoria No. 2. General Relief Committee.

The regular meeting of the general relief committee will be held on Monday evening next. Colfax Rebekah Lodge No. 1. The regular semi-monthly meeting of Colfax lodge will be held on Tuesday evening next.

Sister M. Taylor, P. N. G., has been appointed district deputy president for this district. Vancouver Encampment No. 1. The concluding session of the whist tournament last Tuesday evening in the encampment proved very interesting. The highest score of the tournament was made by Pat. A. Sheret, he having won 54 games. The second highest was Pat. R. L. Millar, with 52, and the third, P. L. Anderson with 50.

Columbia Lodge No. 2. The three highest scores in the whist tournament which was concluded last Wednesday evening were: Bro. J. Pottinger, 67; Bro. A. S. Killam, 65; Bro. C. A. Taylor, 62. Grand Encampment Notes. The attendance at the grand encampment this year was good, and the reports submitted showed the branch of the order progressing very satisfactorily.

Membership there was a gain of twenty-six. Considering the conditions which have prevailed for nearly a year, this gain in membership, though small, is most satisfactory. Total membership, 1,027. The total receipts of subordinate encampments was \$1,155.00. Total amount paid for relief, \$1,383. There are twelve encampments under the jurisdiction of the grand encampment.

Pat. A. Anderson, P. C. F., has been appointed district deputy grand patriarch for this district. Grand Lodge Notes. The recent session of the grand lodge in New Westminster was attended by representatives from every lodge in the jurisdiction with the exception of Dawson Lodge No. 1A, Y. T. It was the largest attendance in the history of the grand lodge of this province.

The grand secretary's report showed 57 lodges in the jurisdiction, with 7,092 members, being a gain of 66 during the year. Total receipts of lodges, \$143,489.75; total relief paid, \$43,711.46; current expenses, \$51,613.73; total assets of subordinate lodges, \$1,078,296.35. Number of Rebekah lodges, 22. Number of members, brothers, 1,163; sisters, 1,563; total, 2,726. Receipts, \$8,791.49; amount paid for relief, \$4,463.35; current expenses, \$5,197.25; invested funds, \$5,997.92.

The Odd Fellows' Home fund now amounts to \$18,956.63, and the aged Odd Fellows' fund \$385.54. A standing resolution was adopted permitting subordinate lodges to incorporate under the laws of the province. The grand lodge will meet at Kelowna next year, an invitation from that lodge having been received. An invitation from Princeton lodge No. 52, Princeton, was also received, but was withdrawn in favor of Orchard City Lodge No. 59, Kelowna.

A committee was appointed to consider the introduction of a uniform system of book-keeping in subordinate lodges. Bro. F. E. Simpson, P. G. M., on behalf of the grand lodge, presented a paper on "The Pacific Coast," a paper which was a tribute to the efficient manner in which he had discharged the duties of that office during the past year, to which Bro. White suitably replied. The cost of the session for mileage and per diem was \$3,025.40. The largest amount paid was that to the representative of Cariboo Lodge No. 63, at Prince George, who claimed 1,900 miles traveled to and from the grand lodge. The per capita tax for next year was fixed at \$1 per member, 20c of which is to go to the Home fund.

The following officers were installed for the ensuing year: Bro. P. W. Dempster, No. 2, grand master; Bro. W. H. Brown, No. 8, deputy grand master; Bro. J. H. Glass, No. 51, grand warden; Bro. Fred Davey, No. 1, grand secretary; Bro. R. A. Merrithew, No. 10, grand treasurer; Bro. D. C. McMorris, No. 16, grand marshal; Bro. R. Sanderson, No. 24, grand conductor; Bro. J. T. Wood, No. 34, grand surdian; Bro. R. Livingston, grand herald; Bro. W. H. Collin, P. G. M., No. 4, was elected grand representative for two years. Bro. J. Murkar, P. G. No. 2, was appointed district deputy grand master for this district.

There were 210 votes cast in the election of officers, the largest number ever cast in the grand lodge. Rebekah Competition. The competition held in the Degree of Rebekah at New Westminster was won by Golden Link Rebekah Lodge No. 27, South Vancouver. Six teams competed. Prizes Won by Victorians. The members of Canton Victoria are pleased with the showing made by their

MADE IN CANADA REFUSE ALL SUBSTITUTES AND DEMAND ROYAL YEAST THE BEST YEAST IN THE WORLD E.W. GILLET CO. LTD. TORONTO, ONT. WINNIPEG MONTREAL

representatives in the competitions held in New Westminster last week. Capt. F. B. Shaver won first prize in the officers' individual competition, and Past Capt. R. C. Gonnason won second. In the chevaliers' individual competition Chev. D. Dewar won first prize. In the squad drill Canton Victoria No. 2 was second. The regular meeting of Canton No. 2 will be held on Friday evening next.

SONS OF ENGLAND. The usual meeting of Sons of England Juvenile lodge was held on Wednesday evening and several new members were initiated. The members are increasing very favorably considering the hard times. The secretary, Jas. P. Temple, 1056 Burdett avenue, will be glad to receive any names of prospective members. Lodge Alexandra met the same evening at 8 o'clock and the usual routine business was gone through. This lodge was installed on June 19, 1890, so that to-day is the silver jubilee. Amongst some of the charter members who are still here and take a great interest in the work of the lodge are Bro. J. Heller, P. P. D. D. (the present treasurer); Bro. H. G. Brown, P. P.; Bro. J. Critchley, P. D. D.; Bro. C. F. Beaven, Bro. C. Holmes, P. D. D. The secretary, Bro. Jas. P. Temple, P. P., has held his office for some years. Bro. G. Millett, O. G., has held this office for twenty-two years. These brothers are very often a great help to the present members in assisting with the lodge business. There are quite a number of the brothers who have been in the society for many years who would always be welcome at the meetings, but unfortunately are very seldom present. At the next meeting night, the first Wednesday in July, as many as possible of the older members are asked to attend.

All W. R. D. members are urged to attend a special meeting on Wednesday, June 30, at 8 o'clock. The Daughters and Maids of England will hold their first church service on Sunday, June 27 at St. John's church, 11 o'clock service, and a hearty invitation has been extended to the brothers of Lodge Alexandra, Lodge Young England to attend and will assemble at the church at 10.45. (No parade).

NEWS IS WELCOME Release of Crown of Seville Will Hasten Commencement on Saanich Waterworks. The news that the Crown of Seville will be allowed to take cargo for the Pacific ports is very welcome in Saanich municipal circles, and it is hoped that by the time that the next meeting of council is held on Tuesday definite word will have been received from the local agents when the Harrison boat may be expected to berth here with the bulk of the waterpipe.

The drilling machine formerly used at Thetis cove for the waterworks has been purchased, and is ready for use on rock work. It is fully expected that in some parts of the district a considerable amount of heavy material will have to be pierced in making the trenches. If the information of the early arrival is confirmed by the agents, some instructions will be given to the engineer reversing those issued recently, when the prospect of the arrival of the pipe was very uncertain. News should be in also whether the sale of debentures for the saving will be forthcoming during next week, in which case the early start on North Quadra street will be made in accordance with the plans already adopted.

Allusion is probable to the alien internment question, in view of the discussion at St. Mark's hall on Monday, which introduced an allegation of neglect by the municipal authorities. While the registration has been taken entirely out of the hands of local authorities by the Dominion government, the same steps were taken early in the war in Saanich as elsewhere, and reference thereto may be made as an answer to criticism at the meeting.

H. B. Imperial Lager Beer, quarts for 50c.

UNEMPLOYED TO MEET THE ACTING PREMIER Say That Mr. Bowser Does Not Understand the Local Situation

The unemployed of the city are to meet the acting premier, Hon. W. J. Bowser, on Monday morning in order to lay their views before him as representing the government of the province.

It is claimed by the unemployed, especially since the mayor and aldermen had a conference with Mr. Bowser on Monday, that the acting premier does not understand the conditions here, and it is their intention to enlighten him, they announce. There have been several impromptu open-air meetings of the unemployed of the city who wait about the office of the bureau on Cormorant street, the vacant lot beside the office offering space and an old packing case serving for rostrum. When the city fathers saw him this week Mr. Bowser told them that the government was doing what it could to provide work for British citizens by the interment of aliens. Those who have been at work in the Island mines are ignored in the provincial jail here, and those who have been employed in the mines at Fernie and other points in the Crow's Nest Pass district are being interned by the Dominion authorities in the camps in the interior.

Some of the enemy aliens arrested at Fernie took legal advice, and, acting on this, two of them had applications made for writs of habeas corpus. These will be argued in Vancouver on Monday before a judge of the supreme court. It is alleged by the men and their legal advisers that the arrests are in contravention of the order-in-council passed a few days after war broke out, guaranteeing the immunity from arrest of enemy aliens so long as they were law-abiding and reported frequently to the police after registering. The writs are directed against the attorney-general, an Superintendent Campbell, of the provincial police. Internment of aliens is still going on at Fernie, where about 400 men have already been placed under arrest.

MORE APPEALS ARISE FROM COURT'S RULING Several Cases Will Go to Higher Courts; Oak Bay Water Rates

The courts have a prospect of a busy time with appeals from the ruling of the court of revision on the assessment roll when they reassemble next week. Some ten cases have already been notified to the civic officials, covering a considerable amount of property, and the appellants have opportunity on Monday as well to give the necessary notice. All these appeals have to be heard within one month of the date of the closing of the court. The statutory limitation is to give the municipal council an opportunity to strike the tax rate within a reasonable time, and pass the necessary enabling by-law. On account of the quantity of business before the aldermen in the past week, the meeting of the intermunicipal committee with regard to the re-arrangement of water rates with Oak Bay municipality has not yet been called, but it is anticipated that the meeting will be held early in the week. The terms given to Oak Bay to sell water in bulk were to be subject to revision when the city had an abundant supply of water, and that being the case now, the time appears to have arrived for a change. The mayor has been asked by President McCurdy, of the local Astronomical society, for the subject of Dr. Flanagan's letter to be taken up further, now that the astronomer has arrived, and his worship stated this morning that he hoped to have a date set during the coming week for the address on the largest reflecting telescope in the world. There is little beyond routine business for the council meeting on Monday. However, as the committees have been kept from working for the last couple of weeks by courts of revision on various matters, are now finished for the present, an opportunity will occur next week for them to meet.

SAANICH RED CROSS Attractive Entertainment Arranged in Aid of Funds Will Take Place To-night at Braefoot Farm.

The Lake Hill bus will leave Campbell's building at 8.10 to-night for Braefoot Farm, Cedar Hill cross road, to convey intending visitors to the open-air concert to be given in aid of the Saanich Red Cross society. Ward H. Jitney will also run from the end of the Douglas Street car line during the evening, so that the double means of transport will be available. The programme of the concert, which is to commence at 8.30, will be as follows: Piano duet, Miss O. Balcom and Mr. Dobson; song, R. H. Finlayson; recitation, G. G. Hill; song, H. Kennedy; Welsh dance, The Misses Caroly Tolmie and May Smith; violin solo, W. Balagano; song, Miss Clark; dance (Hunoresque), Miss F. Briggs; piano solo, A. Dobson; song, H. Kennedy; violin solo, W. Balagano; monologue, G. Hill; Hawaiian Guitar selections, R. H. Finlayson; song, Miss Clark; Hesitation waltz, Miss C. Finlayson and R. H. Finlayson; septette, Variety Glee.

MEETING OF CREDITORS Unique Results of Gathering of Contract Holders and Creditors of Home Loan and Contract Co. The adjourned meeting of the creditors of the Home Loan and Contract company was held in Vancouver on Thursday last, the results being unique in the history of chartered companies, in this province. The situation that owing to unforeseen circumstances the company was forced to apply for voluntary liquidation. Yesterday the creditors voted \$111,552 for staying liquidation, and reorganizing as a mortgage company, with the insignificant vote of \$1,064 for continuing in liquidation. All contract holders and other creditors will receive fully paid stock in the new company, with sufficient in reserve to guarantee interest for two or three years to pay all the necessary expenses incurred in the liquidation process now being stopped, and most probably carry a surplus in hand. The meeting proposed unanimously a hearty vote of thanks to the committee of five, composed of contract holders, who worked so hard for the last four weeks, scrutinizing and examining the status of the mortgages and assets. Messrs. Pringle and Coats of Victoria, worked very hard on that account for the investors of Vancouver Island. The three inspectors elected were Messrs. Crux and Williams, of Vancouver, and John Wood, of Victoria. The liquidator was authorized to keep open the offices of the company until the courts ratified the action of the creditors. At the termination of the meeting the creditors present congratulated themselves on the excellent outcome of this somewhat unique experience.

ROYAL VICTORIA THEATRE TO-NIGHT Continuous Performance 7-11 TO-NIGHT Ma's Girls Featuring "TOMMIX," Western Drama in 2 Parts. A Scrap of Paper A Picture in Two Acts That Will Amuse. The Fable of the Struggle Between Personal Liberty and the Wave of Reform A George Ade Comedy. The Pollywog's Picnic A Picture That Will Make You Laugh. A Day's Adventure Comedy Drama. MATINEE 10c. EVENINGS 10c, 15c GOOD MUSIC

PANTAGES THEATRE. Next Monday will see the arrival here of George Primrose and his famous minstrel troupe at Pantages theatre. This well known king of black-face comedians is also one of the finest soft shoe dancers in the business, and his support is said to be in every way excellent, several of his troupe having attained considerable individual reputations. Another big act, sure to please, is the feature by Rhoda and Crompton, in which through the medium of a sketch entitled, "Between the Reels," they display very fine operatic voices in favorite melodies from the great operas. The selections from Carmen are said to be particularly delightful. Two noted acrobats will be seen here in the persons of Peggy Bremen and her brother; while the fun of the performance will be helped out by the Charties Sisters and Holliday and Early and Laight. Arline, the sassy violinist, will render selections. To-night the last performances of this week's popular programme will be given, and Victorians will have their last opportunity of seeing Miss Margaret Edwards in her exercises and dances, the Six Kirksmith Sisters, and the four other high class vaudeville features which Manager Rice has sent together for the approval of patrons. HAS GOOD COMEDY.

The two-reel special Keystone comedy now being shown at the Dominion theatre, provides a splendid opportunity for that new comedian, Sid Chaplin, to show his ability as a fun-maker. He is undoubtedly proving himself to be a formidable rival to his brother Charlie as a movie comedian. His style is different, but none the less successful, in keeping his audience convulsed with laughter, while his antics are distinctly original. The comedy is full of awkward situations for poor Sid and he is continually in trouble, but the whole sum total of his adventures ends in a big scream as he is finally rescued from being devoured by a shark. "The Lily of Poverty Flat," on the same bill, is a splendid feature and deserves special mention for its beautiful scenes and superb acting. For Monday's show, Andrew Mack will be seen in "The Ragged Earl," a five-part production that is sure to please.

One of the most popular comedies the Allen Players have ever put on "Overnight" will be brought to a close to-night at the Princess theatre. "Overnight" claims to be a genuine laughter maker, and it certainly lives up to its claim. On Monday night a play that has become famous in many continents will be put on; namely, "The Bishop's Carriage." This play has been in the Allen Players repertoire for several seasons, and its remarkable success in the past fully justifies its reproduction at the Princess. The advance sale is now on at the box office.

ROYAL VICTORIA THEATRE. For the last time to-night the Royal Victoria theatre management will show the series of pictures which has given so much satisfaction for the last two days at the above theatre. There are eight reels in all, and the subjects are all of the best. There is not one film that has not some comedy in it, and even the dramas have laughs following the most exciting situations.

SOUTH AMERICA IS PROFITABLE FIELD

Grace Ships Are Carrying Much Freight Between the Sound and Chile and Peru. Seattle, Wash., June 19.—Representatives of the shipping firm of W. R. Grace & Co. announced yesterday that they have four more steamships on their way to Puget Sound to load big cargoes for ports in Peru and Chile and New York.

The steamer Eureka, operated under charter from the Pacific Coast Steamship company, is expected on the Sound late to-morrow with 2,500 tons of copper ore from Chile, consigned to the Tacoma smelter.

The steamer Santa Clara, of Grace & Co.'s Atlantic-Pacific fleet, is expected in Seattle on Sunday with approximately 1,000 tons of general cargo from New York and oil loaded at San Pedro and consigned to the General Petroleum company in Seattle.

The steamer Columbia, a chartered vessel, which carried a cargo of coal from Norfolk, Va., to San Francisco, consigned to the government, is due in Seattle on Monday.

At the present time there is an extremely heavy movement of freight between the Sound and South American ports. Shipments out of Chile and Peru, however, are very light, due to the war. The foreign markets for nitrate have fallen off considerably and sufficient ships cannot be engaged to carry shipments which are ordered.

PERUVIAN COMPANY TO UTILIZE CANAL

Head of Peruvian Steamship Line is at New York on Tour of Inspection. New York, June 19.—Peru is taking advantage of the Panama canal to send her ships up the Atlantic coast, and is soon to establish a trans-Atlantic service, according to Eduardo Palacios, of Lima, general manager of the Peruvian steamship line, who has arrived at the McAlpin hotel with his wife, the sister of Enrique Oyarguren, Peruvian minister of finance.

Senor Palacios has come to the United States to study the freight and passenger traffic possibilities between Atlantic coast ports and those of the west coast of South America. The Peruvian steamship line, which is subsidized by the Peruvian government, was started some years ago by Lima financiers.

MANY TOURISTS ARE USING GRAND TRUNK

Prince George Brings South People Bound for Panama Fair; Ships Move Rapidly. Many eastern tourists who are going to the Panama exposition are making the trip to this coast via the Grand Trunk Pacific. Among the passengers who were on board the steamer Prince George when she arrived here late last night from Prince Rupert were eight-teen easterners who are en route to the Golden Gate.

Everything Moves Rapidly. With the fast schedule in effect everything is moving with rapidity, otherwise the boats could not make their connections. Capt. Donald says that on the last visit of the steamer at Prince Rupert 75 tons of freight were discharged and one carload of frozen salmon, five tons of lead ballist and a small shipment of general freight was loaded in three hours and a half.

Among the passengers who came south on the Prince George was Mayor Gillett, of Prince George. He is the first daily magistrate of the thriving northern town, and has held the position for two months. Mayor Gillett is in the south on business.

At 3:30 o'clock this afternoon the Prince George sailed on her return trip to the north. Mr. and Mrs. A. Thomas and John C. Mollet were among the passengers who embarked at this port.

BLAKEY GETS CHARTER

Seattle, Wash., June 19.—C. M. Pettibone, vice-president of the Canadian Trading Company, Ltd., with headquarters in Seattle, yesterday announced that he had chartered the schooner Blakeley, of the Port Blakeley Mill company, and would place her on berth at the Stinson mill, at Ballard, for late July-August loading for Australia. The vessel will take a cargo of 900,000 feet of lumber for Sydney, N. S. W. She gets a rate of 90s. The Blakeley left Port Blakeley on June 14 with a cargo of lumber consigned to Honolulu. Phoenix Stout, \$1.50 per doz. quarts.

HAVE NO DIFFICULTY IN RUNNING BLOCKADE

Victoria Regular Traders Have So Far Escaped Destruction by Torpedoes. So far all regular Victoria traders have been successful in running the blockade proclaimed around the British Isles by the German government. The submarines have picked off a number of merchantmen, but no ship homeward bound or inward bound from this port has come in the track of the under-water fighters.

Word came over the cable yesterday that the Blue Funnel liner Oania, Capt. Lycett, had arrived at Liverpool, completing an eventful voyage from this port. She succeeded in running the blockade and navigating the treacherous waters of the English Channel and the mouth of the Thames. But the Oania is only one of the thousands of ships which arrive weekly at old country ports with foodstuffs, war material, clothing and other commodities required by the British people.

The capabilities of the submarine were greatly over-estimated and the resourcefulness of the British mariner was vastly underrated by Germany when it was announced that the blockade would shut off Britain's food supply, and that soon the islands would be starved. The blockade is inducing a great many young Britons who have a love of adventure at sea, to sign on with ships which will have to run the blockade.

So far the German submarine has bagged only one real victim—the Lusitania. The remainder of her catch consists of trawlers, coasting vessels and slow tramps. The Kaiser's admiralty board were evidently under the impression that the submarines only had to be ordered to sea and the British mercantile fleet would at once become so alarmed that it would remain in a safe haven. But British mariners have been showing clean heels to the divers in many instances, and it is a weary vigil for the crews of the fighters.

CITY OF PUEBLA TAKES FAIR LIST TO 'FRISCO

Paying her first visit to Victoria since last summer, the Pacific Coast steamship City of Puebla, Capt. Cann, was berthed at this port for several hours yesterday en route from the Sound to San Francisco. The vessel inaugurated the new service of the company and in future Victoria will be served by two small boats, City of Puebla and Umattila.

A total of 124 passengers went south on the Puebla, and 39 embarked at this port, including the following: F. Young, A. McKinnon, Z. L. Moore, Mrs. C. M. Rhodes, Mrs. L. Burmeister, Mrs. J. E. Roberts, Mrs. S. Stern, C. A. Willie, Miss Eva Stern, Harry Stern, Alex. Reid, C. Carroll, A. S. McLean, George Vasiliatos, Mr. and Mrs. J. Ringwood, Mrs. S. J. Stapledon, and Mr. and Mrs. D. Cameron. The steamship President left San Francisco at noon to-day, and will arrive here about 1 o'clock on Saturday, making her last appearance at this port for some time. Next Friday morning at 10 o'clock the steamship Fontalla will leave here for the Golden Gate.

'FRISCO'S MARINE NEWS

San Francisco, June 19.—Three important arrivals yesterday included the British carrier Waiemata, from Australia; the steamer Alvarado, from the east coast, and the steamer Fairhaven, from Mexican ports. The Waiemata, Capt. Nicholson, which operates in the auxiliary cargo service of the Union Steamship company, was twenty-eight days from Sydney. Her cargo consisted principally of 4,000 tons of coal. The Alvarado was thirty days from Newport News with a cargo of coal consigned to the government here. The cargo of the Fairhaven was consigned to the Mexican National Trading company. After working all night, the crew of the fireboat Dennis Sullivan succeeded in extinguishing the fire in the coal cargo of the French barque La Rouche-foucauld, which was beached on the mud flats near Hunters Point Thursday. The latest charters announced at this port include the Nelson, Chilean barque, 1,347 tons, lumber from Puget Sound to Sydney, 75s., by Hind, Rolph & Co.

THE TIME BALL

The time ball on the Belmont Building will be raised halfway at 12.45 at the top at 12.55 and dropped at 1 p. m. daily. F. Napier Denison, superintendent, the Observatory, Gonzales Heights. "I want tuppence worth of glory divine," said a flaxen-haired tot, looking intently at the assistant in a chemist's shop lately. "Are you sure it is glory divine you want?" he asked the little one. "Yes, sir," was the prompt response. "For what does mamma want it?" was the next question. "To throw it around the room, and in the backyard," said the little tot innocently. "Isn't it chloride of lime she wants?" asked the drug-man. The little girl nodded her assent, and soon was on her way home to mother.

SHARP ATTACK REPULSED

Dangerous Condition Relieved Just in Time By "Fruit-a-tives."

MR. F. J. CAVEEN

"632 Gerrard St. East, Toronto. "For two years, I was a victim of Acute Indigestion and Gas in the Stomach. It afterwards attacked my Heart, and I had pains all over the body, so I could hardly move around. I tried all kinds of medicines but none of them did me any good. At last, acting on the advice of a friend, I decided to try 'Fruit-a-tives.' I bought the first box last June, and now I am well, after using only three boxes. I recommend 'Fruit-a-tives' to anyone suffering from Indigestion, no matter how acute."

"FRED J. CAVEEN."

Simple Indigestion often leads to Heart Attacks, Catarrh of the Stomach and constant distress of mind and body. If you are bothered with any Stomach Trouble, and especially if Constipation troubles you, take 'Fruit-a-tives.' 50c. a box, 6 for \$2.50, trial size, 25c. At all dealers or sent postpaid by Fruit-a-tives Limited, Ottawa.

SPORTING NEWS

BOOSTERS' CLUB TO CALL MEETING ABERDEEN CLUB HERE ON MONDAY

ans Have Chance to Save Franchise; Menges Will Be Back on Third

Victoria has its final chance to retain its Northwestern League franchise. President Blewett announced last night before he left for Seattle that he will bring the team here on Monday for the series against Aberdeen, and it will depend upon the patronage that the fans give the Leafs, whether or not the club will tickle here. The Victoria Boosters' club have taken up the matter and they will meet to-day to discuss the raising of \$1,000, while it is understood that the B. C. E. R. will come to the rescue of the Victoria club and also put up a guarantee to hold the franchise here.

It is the intention of the boosters to call a big public meeting on Monday night, at which Mayor Stewart will be asked to preside, and the whole question of keeping the team here will then be said before the fans. The publicity that the city gains from holding the ball club here is a very important matter, while there is no question but that the merchants and fans wish to retain the club. Joshua Kingham has offered to lease the present ball park for the balance of the season at very reasonable terms, and the committee expect that little difficulty will be experienced in securing the necessary funds to keep the club here.

As to the strengthening of the team, President Blewett, stated yesterday that Billy Menges will be able to play third base on Monday against Aberdeen. This will mean that Hunky Shaw will go to centre field, while Homer Hawthorn will be sent in behind the bat. This will greatly strengthen the team. Two new pitchers will be secured at once, and every effort made to place the team back in the lead again. It is likely that the boosters will arrange for some public reception on Monday to stir up the fans once more as the

whole problem hinges on the support of the fans. Its up to the baseball lovers to turn out in record numbers and if they do so, the success of the franchise saving plan, is assured.

Spokane, June 19.—Tacoma bunched hits on Fisk in the eighth inning yesterday, and batted out a victory over the Indians by a 3 to 1 score.

Score—R. H. E.
Spokane 1 7 2
Tacoma 3 8 0
Batteries—Fisk and Brennegan; Peterson and Stevens.

Seattle, June 19.—The erratic pitching of Lotz, who walked five men and failed to tighten in the pinches cost Seattle a 5 to 2 game yesterday afternoon. All of Aberdeen's runs were made after two men were out.

Score—R. H. E.
Seattle 2 3 3
Aberdeen 5 9 4
Batteries—Lotz and Cadman; Hughes and Vance.

Judge McCredie, for Portland, who is having his troubles keeping on this right side of the Coast league this year, is thanking his lucky stars that he no longer has a team in the class B circuit. He is remaining in the Northwest circuit cost him thousands of dollars, and it is estimated that he dropped over \$6,000 last year alone. The first year the Colts were in the circuit, which was in 1911, they broke even, but this was on account of selling a number of players. The next three years there was a deficit each year, which proved that the fans here didn't care for class B baseball with a class AA team here also.

The same thing has been proved in Cleveland, where the Cleveland American association, which is a class AA organization, can't draw even dead-ends in competition with the American league team, although there are some competent critics who assert that Jack Knight's aggregation possesses fully as much class as that commanded by Joe Birmingham until a short time ago.

VICTORIA TWELVE WILL HAVE WORKOUT

Joe Mitchell Rejoins the Local Club; Next Scheduled Match at New Westminster

While the Victoria Lacrosse club will not figure in another league fixture until Dominion Day, at New Westminster, President Ed. Christopher is not going to allow the best speed to loaf around. Together with Coach Springer he will have the team out to practice tomorrow morning, and he expects that with a good turnout that two teams can be picked and a practice match played. The veterans are getting into condition, and while the postponement of the Vancouver match was a disappointment, it will give the Victoria twelve a better opportunity to perfect their team play.

The return of Joe Mitchell to the Victoria squad makes up for the loss of Jeff Baker and Ted Menzies, both of whom are leaving shortly for the front. Mitchell has been sojourning at Sooke for the past seven months, and he has put on a little weight that ought to make him a better lacrosse player.

Down in Montreal they are going to take up the campaign in the public schools and boost lacrosse. Joe Lally and Eddie St. Pere will start in after the holidays, and try and form a league like the one in Toronto.

Toronto schools have already organized teams in the eastern city, while the big clubs are taking up the idea of letting the boys in to the games at a reduced price.

A couple of years ago it looked as if the national game had about died out, but at the present time the future of the game looks brighter than in the past ten years.

More lacrosse is being played in the west than ever before, while the boom in the O. A. L. A. is the greatest in years. In Toronto the Public School league has taken a firm hold on the boys.

SPORT NOTES.
Vancouver players appear to have been back yesterday.
Two years ago the Tigers went on strike because Ty Cobb was fined.
Bob Brown will have no trouble filling the places of the striking players.
Victoria will likely turn Slim Smith over to Vancouver.
Tacoma took another fall out of the Spokane club by timely hitting.
McKenty and Leonard are about due for a pair of wins to-day over the weakened Vancouver club.

PARLIAMENT TO CONTROL RACING

Montreal, June 18.—It is stated here on good authority that there is a bill being prepared by several well-known members of parliament, which will be put before the next session.

It outlines a plan whereby all race tracks in Canada will be taken over by the Dominion government under the Pari Mutuel system of betting.

This would apply not only to the mile but also to the half-mile tracks operating in any part of Canada.

The general outline of the government is much the same as that now in vogue in France.

TRIVERS' STEADY PLAY WON TITLE

Quimet Finished Far in the Rear; Barnes Had Fine Score

Short Hills, N. J., June 18.—For the second time in the history of the United States Golf association the National open championship was won by an amateur yesterday. After a long and arduous test of 72 holes Travers, four times amateur champion, won the title with a splendid score of 297 strokes. Tom McNamara, the Boston professional, was second.

Travers won his honors cleverly from a field of 140 of the best professionals and leading amateur golfers in this country. The competition was international in character, although the European war had prevented Vardon, Ray and seven other English and Scotch experts from participating. Louis Teller, a former French open champion; A. J. Sanderson, of Boulogne, France; Ben Sayers, of North Berwick, Scotland, and Dan Kenny, of Hamilton, Ont., were among the contestants, and one of them, Teller, was a prominent factor up to the final stage of the contest, as he finished with a score of 301 in a tie for the fourth and fifth cash prizes with the western open champion, James Barnes, of Pennsylvania.

Travers played steadily all through the two-day test. He had taken 39 strokes going out and was forced to play in order to win by a single stroke. Tom McNamara, of Boston, played a great game, and so did Robert G. Macdonald, while Walter C. Hazen, of Rochester, who won last year, finished in a tie with seven other professionals.

These eight, with scores of 306 each, divided the ninth and tenth money, while Travers won a trophy specially donated by the association. Francis Quimet, the amateur champion, finished with a total of 317.

"Chick" Evans finished ten strokes ahead of Quimet. Max R. Marston, the state champion of New Jersey, had a total of 308.

Pitchers' summary—Five runs and 5 hits off Lotz in 4 innings; no runs and no hits off Melvor in 3 innings. Charge defeat to Lotz. Umpire—Casey.

PORTLAND CHAMPION.

Portland, Ore., June 19.—Mrs. Peter Kerr of Waverly Country club, is the 1915 champion golfer among the women of Oregon. This was decided on the Waverly Country Club links yesterday when she defeated Mrs. Mary Smith of the same club, 3 up and 2 to go in the final match among the women in the Oregon state golf tournament. The championship of Oregon among the men golfers will be played between R. Wilhelm, of Portland Golf club, and M. H. Hartwell, of Waverly Country club, to-morrow.

BOSTON SIGNS COLLEGE PITCHER

Providence, R. I., June 19.—Cram, who pitched and played in the outfield for the Brown university, signed a contract with the Boston Nationals. He will join the Braves next week.

CITY TOURNEY BOUTS TO-NIGHT BAYLEY REFUTES BURNS' CLAIMS

Crack Array of Boxers Will Compete at V. I. A. A. Show; Neff and Burns Fight Draw at Vancouver

Joe Bayley is out with a deft to Charlie Burns, the Vancouver youth who is claiming the Canadian lightweight championship, and declares that he is willing to post five hundred dollars at any time that he can whip Burns. Bayley claims that Burns has no right to call himself champion, and states that J. T. Hewitt, the well-known Vancouver sporting writer gave Bayley the championship at Fraser Mills. Bayley claims that Burns grabbed the weight forfeit when Bayley was too late to weigh in, so that Burns has no claim that the Victoria boy was over weight, as he was not allowed to weigh in at all. Morris Condon, Bayley's manager, declares that he is willing to make the best terms with Burns for a bout, just as soon as Burns is willing to meet Bayley.

Vancouver, June 18.—Before an enthusiastic crowd of fight fans, Charlie Burns, the Canadian lightweight champion and Chet Neff of Seattle, fought ten rounds last evening for the benefit of the Vancouver A. C., the decision of the bout being left to the sporting writers in attendance.

Neff had a shade in the earlier rounds, but toward the close Burns hit him with his boxing, and Neff was near to being knocked out when the contest was finally brought to a close. The consensus of opinion seems to be that the bout was a good draw. The bout was uninteresting, neither man being able to land an effective punch. Neff worked his left to Burns' face repeatedly in the early rounds, but could not stop the champion for a minute. Burns finally got to going toward the end of the bout and if it had gone a few

more rounds the chances are Neff would have taken the count.

The following officials will be in charge of the bouts: Judges—Lieut-Commander Redhead (H. M. S. Kent) and L. Fullard Leo. Referees—W. H. Davies and Jesse M. Warren. Announcers—G. I. Warren and G. W. Nicholson. Timekeepers—J. Gorman and F. Carrol.

Boxes will be reserved for ladies and their escorts, and prices of admission will be, for the afternoon, 25c., and for the evening 50c. to \$1.

The following is the result of the draw:

105 pounds—Pte. Hilton, R. M. L. I., vs. George Kirby, V. I. A. A. Roy Baker, V. I. A. A., bye.

115 pounds—Dutch Hill, V. I. A. A., vs. Boy Stratford, H. M. S. Kent. A. B. Goslin, H. M. S. Kent, vs. Al. Don, 88th Fusiliers, vs. Guy Martin, V. I. A. A.

125 pounds—Neil McDiarmid, V. I. A. A., vs. Scaman Clements, R. C. V. R. Al. Davies, V. I. A. A., vs. Pte. Curran, R. M. L. I.

135 pounds—Boy H. Pugh, H. M. S. Kent, vs. Scott Cropper, V. I. A. A. Wm. James Jackson, A. C., vs. Stoker Potter, H. M. S. Kent.

145 pounds—A. B. Franklin, H. M. S. Kent, vs. A. B. Round, H. M. S. Kent. Corp. Scotty McKay, 48th Battalion, C. E. F., vs. A. B. Morgan, H. M. S. Kent.

158 pounds—Pte. Conner, R. M. L. I., vs. Seaman Lucas, H. M. S. Kent, Corp. Scotty McKay, 48th Battalion, C. E. F., bye.

Heavy—Stoker Hicks, H. M. S. sub-marine; vs. Stoker Britton, H. M. S. Kent. Pte. Ross, 48th Battalion, vs. Pte. Hayler, R. M. L. I. Pte. Brown, R. M. L. I., bye.

New York, June 19.—Johnny Dundee had the better Leach Cross in their bout in the open at Ebbett's Field at Brooklyn last night. Freddie Welsh, lightweight champion of the world, easily outboxed Johnny Lustig, of Brooklyn, in their ten-round bout. Welsh weighed 136½ and Lustig 137.

RAYMOND BOOSTS YOUNGER PLAYERS

"Never again will Seattle hook up with any high-priced veteran," was the statement of Manager Tealey Raymond, to the Times on Saturday. Raymond has cut loose most of his high-priced artists, and will pay more attention to the development of kids from now on. The Seattle club had a fine old pay roll this spring, but even then the team did not win as it should have for the simple reason that the men drawing down the big money were not delivering. Bobby James and Ed. Kippert were high-priced artists, but they only showed flashes. Raymond has some promising kids in Barth, Smith and Mails, so he will keep his eyes peeled for other youngsters who can hold down berths in this circuit, instead of devoting all his time to raking in ex-big-leaguers.

While Barth did not look very good against Victoria at third base, Raymond figures that he has a star in this boy. He thinks that he has a couple of sure big leaguers in Barth and Smith. Both are kids but going in grand style. Walter Mails looks like a fine pitcher, if he can ever get any sense, while Killip may come through with a big season. Raymond has a young twirling staff. Lotz and Rose look standing out in professional baseball this spring.

Aberdeen has released Pitcher Killen, a young fellow who has plenty of stuff, but poor control of it, and Eberline, the big first baseman whose arm was broken by a pitched ball thrown by Joe Lotz here in Seattle. Eberline likes the country so well, however, that he will stick around and try to break in again when his wound is healed.

PLAYERS' STRIKE CAUSES TROUBLE

Bob Brown Will Suspend All Mutineers; Has New Men for To-day's Game

Vancouver, June 19.—Seven of the Vancouver players mutinied yesterday afternoon when Bob Brown refused to be dictated to in regard to the suspension of Jules Pappa, who was fined and indefinitely suspended by the president of the local club for insubordination and failure to give his best services to the club. Just before the players dressed for the game, Captain Dode Brinker was sent as a deputation of the one to call the local leader of the Beavers to the dressing room. Here the players in question put it up bluntly to the manager of the team that he would either have to lift the suspension on Pappa or remit his fine, or they would not play.

With a strike in sight, Bob Brown stated to the players that Pappa had every opportunity to carry his grievance, if he thought he had one, up to the president of the league and to the national board if he cared, and if he was upheld by the powers that be, that he (Bob Brown) would be held responsible and would have to make amends; but as to disciplining players, he could brook no interference nor suggestions from players. With that, Players Wotell, Kramer, Reuther, Coleman, Glasgow, Moore and Barham left the grounds, making it impossible for Bob Brown to field a team with the players who refused to join the mutineers. Accordingly the game was postponed.

Announcement was made by Bob Brown last night, however, that he had secured a number of players who will fill out the team for the game which will be played with the Victoria team this morning as Emil Frisk and Reed, outfielders, and Roy Brown, infielder. Pitcher Salvason will join the club in Seattle on Monday. By the end of next week it is expected that the Vancouver team will be as strong as ever, as there will be no difficulty in filling out the positions left vacant by the strikers, with any number of good players available.

SAME INFLUENCES GOVERN WHEAT MARKET AS OF LATE

(By F. W. Stevenson & Co.)

Chicago, June 19.—The market to-day was governed by the same influences which have been noticeable recently. Foreign markets were weak, but this was nothing more than expected. Heavy buying early was based on continued rains in the southwest. The immediate future of prices will depend upon a change in either weather conditions or foreign call for domestic wheat. Market finished fully to-day. Corn early prices were at sharp advances. While the weather map predicted further moisture, wire reports indicated that it was clearing up and getting warm in the southwest. Cash demand was moderate and for domestic account.

STOCKS HOLD STEADY IN FACE OF BULLNESS

European Exchange Problem

Bothers Wall Street

(By F. W. Stevenson & Co.)

New York, June 19.—This stock market was extremely dull this morning and several leading issues, including Canadian Pacific, showed no recorded sales for the session. However, steadiness marked the prices.

The foreign exchange problem is a matter that is agitating the financial community at present. European exchange is being quoted from 20 to 25 per cent. below normal. There does not appear to have been any extraordinary amount of genuine pressure but as usual Wall street is inclined to anticipate things and accept the content of its fears. It is probable, of course, that efforts will be made to stabilize the foreign exchange markets through the granting of credits or the floating of loans, but until some expedient is resorted to, the financial community will continue to calculate upon the exchange market.

TO-DAY'S TRADING ON THE WINNIPEG MARKET

Winnipeg, June 19.—The drop on wheat to-day was from 12 to 14. On the wheat market, the price of No. 1 and No. 2 wheat declined 1/2 to 2 cent to 12 and 11 1/2 to 11. The trend of prices to-day again was entirely under the influence of the weather in the winter wheat states in the south. Opening prices were firm on the wheat market, but during the night, and later there was some temporary weakness on some profit-taking. Later prices strengthened on the forecast of more rain over Sunday in the winter wheat states, where dry weather is needed for harvest operations. They showed weak again at the close. The weather in the Canadian West, although not favorable, was not a factor influencing prices. The weather chart here showed one degree of frost at Moosejaw and one degree at Brandon and freezing point at both Emerson and Minnedosa. All over the temperatures were low during the night and rains were reported at a few points. The forecast is more encouraging, suggesting fair weather and a little warmer conditions, with local showers.

NOT A CANADIAN.

London, June 19.—Friends of Lieut. Warford cannot understand how he came to be in the possession of an old Wiltshire family in possession of a beautiful estate at Warford Place. The father of Lieut. Warford is now in India. The mother is a daughter of Capt. A. Campbell, D. S. O., of the Indian marines.

Lieut. Warford was a member of the Imperial Merchant Service Guild, and was in the service of the British India Steam Navigation Company on the Indian coast.

He was regarded as a very smart officer. He came to England in 1913. Before the war he served on the transport steamship Somali, of the P. & O. line.

PORTLAND CANAL IS SOLD JUST UNDER TWO

Standard Lead Does Better and Jim Now Above Four Cents

Shares of Portland Canal were bought at 6 1/2 to-day and this issue gave signs of activity renewal. Standard Lead offers were enhanced. If this property is to specialize with its zinc output, as was the ruling of the directors some weeks back, the present advance in the stock quotation is not out of place, considering the phenomenal gains made in similar mining issues.

Lucky Jim passed over the 4-cent mark once more but is hardly acting up to original calculations, there being quantities of the stock for sale on each hand.

Monthly Meeting of Woman's Auxiliary Held at St. Luke's Parish Hall.

The monthly meeting of the Diocesan Board of the Woman's Auxiliary was held on Friday at St. Luke's Parish Hall.

The session opened at 11 a. m. with prayers and a short bible reading by Mrs. Schofield, the board being welcomed to the parish by Mrs. Miller, branch president.

Mrs. Murray Thain spoke of the work of the babies' branches and the thank offering secretary asked that more branches take boxes. The organizing secretary read a letter from the Rev. J. Antie, suggesting the forming of boys' branches, and asked for leaders. The church embroidery class presented several pieces of church furnishings and letters were read expressing thanks for curtains, etc.

The noon-hour address was taken by Rev. F. A. P. Chadwick, rector of St. John's, the subject being "The Delay of the Kingdom." A most interesting letter was read from a native clergyman at Tinnevely, India, giving an account of his work there, also from F. L. Stephenson on the subject of religious teaching in the public schools. A resolution of sympathy was passed to the Rev. and Mrs. Corker, one of whose sons has been killed and another wounded at the front.

The treasurer reported receipts of \$780.43, and disbursements of \$1,910.67.

The president gave an interesting account of her visit to Vancouver and Alert Bay, and spoke of the excellent work done there among the Indians and children in the schools and the splendid system maintained by the staff.

On Friday next, at St. John's schoolroom, the Rev. R. Conell will give a lecture on "India Awakening," at 3 p. m. The junior secretary has received a quantity of slides illustrating the junior pledges, and these will be shown at St. John's schoolroom on Monday, June 28th, at 7.30 p. m.

REMOUNT OFFICER TO ARRIVE MONDAY

R. F. Bevan Will Inspect Mounts; Physical Standards Changed

R. F. Bevan, who is working in connection with the remount officer for Western Canada, will be here on Monday and Tuesday to inspect any mounts that may be offered for purchase.

Recruiting officers recently announced that the restrictions which prohibited the enlistment of men with dental plates had been removed, a supplementary circular stating that men with good dental plates, partial or complete, would be accepted for duty with the Canadian expeditionary forces. The height standard has been fixed now at 5 ft. 4 inches; chest measurement at 33 1/2; age, between 18 and 45. Applicants must be physically fit and free from chronic or infectious diseases. The pay ranges from \$110 for privates (including field allowance) to slightly over \$2 for non-commissioned officers.

Dr. J. H. Hamilton, of Revelstoke, has been appointed as surgeon with the 5th Battalion, now in camp at Vernon. He has been given the rank of captain in the Canadian permanent medical corps.

Dr. M. J. Vignoux, who has been a resident of Nelson for the past dozen years, has left that city for England, where he will enter the Royal Army Medical Corps.

In militia orders, published in the current issue of the Canada Gazette, the following appointments and retirements are gazetted:

Colonel Alexandre Roy, M. V. O., formerly district officer, commanding Military District No. 11, is retired and is granted permission to retain his rank.

Alexander Forrester Whiteside is appointed to be a provisional lieutenant (superannuated) in the 88th Regiment, Victoria Fusiliers.

Charles E. B. Corbould is appointed a provisional lieutenant (superannuated) in the 104th Regiment, Westminster Fusiliers of Canada.

William Henry Baker Medd, V. S. A., provisional lieutenant (superannuated) in the Canadian Army Veterinary Corps, is seconded for service with the imperial army.

Ian St. Clair is granted the honorary rank of captain in the Canadian militia.

CHOLERA IN VIENNA.

Geneva, June 19.—The Geneva Tribune has received a dispatch from its correspondent at Innsbruck, Austria, which says that cholera is spreading in Vienna and that the local authorities have found it necessary to adopt even more severe measures than were taken at first.

BEACON HILL CLUB SETS UP NEW RECORD FOR JUNIOR LEAGUE

Beacon Hill Juniors had their batting tops on last night and trounced Oak Bay 23 to 6. No less than six pitchers worked for the Bays in an attempt to stop the rallies, but they all looked alike to the Hills, while "Solheim" Hunter held the losers to a few widely scattered blows. This is the winners' fourth consecutive victory, and they lead by a wide margin in the Junior league.

North Ward cannot get started last night they suffered another reverse in the Intermediate league series at the hands of the Vics, the final score being 9 to 5. The Vics got off with their customary early lead, and led 5-0 at the end of the third inning. The losers put up a stiff fight, but could not overcome the lead. The batteries were: Vics—Parfitt and Hopkins, Wards—Purdy and Quinn.

The Merchants defeated the C. P. R. 3-2 in a well-played game last night at Royal Athletic park. The C. P. R. team showed good form, while the Merchants played brilliant ball throughout. Dakers, of the C. P. R., struck out three and Straith, of the Merchants, is credited with six. Straith walked four men, Dakers, one. Three base hits, Paterson, Cotte; two-base hits, Brown, Johns. Total hits, Merchants, 5; C. P. R., 3.

Batteries—Merchants: Watson and Straith; C. P. R.: Patterson and Dakers. Umpire—Williams.

MORE DIFFICULT THAN FINANCING OF WAR

London, June 19.—Referring to the possibility that the forthcoming loan will offer special facilities designed to attract American residents of the financial editor of the Evening Standard writes "If such a thing is possible, a double benefit will accrue from the issue, for it is hardly an exaggeration to say that at the present time the question of financing our imports and those of our allies from the United States is a much more serious problem than the actual financing of the war itself."

CHURCH LEAGUE TEAMS.

Last evening in the Church League Tennis tournament, the First Presbyterian team, composed of Messrs. R. Livinestone and Charlesworth defeated Messrs. Mackenzie and Parkinson, representing the Knox church in the doubles in straight sets of 10-8 and 6-2. Both teams displayed form.

CASUALTIES INCLUDE MEN FROM VICTORIA

Recent Actions in Flanders Take Toll of Soldiers From Island

Further casualties among soldiers who went from Victoria to the front are as follows:

Killed in Action.

Pte. A. R. Bell.
 Pte. N. J. Bennalack.
 Pte. Lionel Crippen.
 Pte. John Law.
 Pte. Harry Longdon.
 Pte. P. C. Storer.

Died of Wounds.

Pte. Albert M. Brown.
 Pte. A. V. Malphas.

Wounded.

Pte. William Burton.
 Pte. Thomas W. Coran.

Missing.

Pte. H. F. G. Sinclair.

Pte. A. R. Bell, killed in action, was well-known in the Cowichan district. He was 32 years of age, and a native of Sevenoaks, Kent, England, where he lived until he came to Canada. He lived first in the Northwest before coming out to Duncan, where he was employed as a shipper. He was in the 7th Battalion, 24th Brigade, 10th Division, and was killed in action, was 22 years of age, and among his friends here was familiarly known as "Jack". He enlisted last autumn with the 50th Gordon Highlanders, leaving with the 30th Battalion in February. He was born 22 years ago in Plymouth, England, where two sisters live, and for some time worked with a shipping-firm in Liverpool before coming to Victoria, where he was a clerk for three years with the Dominion Express company. An aunt lives in the city and another in North Devon, and a brother in Calgary. He was with Charlie Knox, another Dominion Express boy, when he received his fatal injuries.

Pte. Lionel Crippen, 7th Battalion, killed in action, enlisted last October

SEVERAL MOTOR CASES BEFORE MAGISTRATE

H. M. Fullerton Pays Fifteen Dollars for Passing Stalling Street Car

There were a number of motor car cases before the police magistrate this morning, the most serious of which was laid against ex-Alderman Herbert M. Fullerton for having failed to stop his car behind a street car which had halted to let off passengers. To this offence Mr. Fullerton pleaded not guilty.

Walter S. Stewart, of the C. P. R. city ticket office, was a passenger on a Fort street car on Tuesday evening last shortly after six o'clock. He was getting off the car at the corner of Elford street by the front door and was about to step on the ground when Mr. Fullerton dashed by and he had just time to swing himself round to avoid being struck. The car was traveling at a very fast rate.

Motorman Hilburne and Conductor Fletcher told the court the car had stopped when the motor passed it. The conductor said two passengers had got off when he saw the car dash up and he slammed the doors quickly to prevent anyone else getting off.

John Day was a passenger in the car and saw the motor car approaching. It was traveling at twenty miles an hour, he estimated, and passed the street car while the latter was standing still.

Mr. Fullerton explained that he had to stop behind the car at Stanley avenue because he could not pass it, and he was half way past the car before it was signalled to stop. City Prosecutor Harrison asked him if he had heard the signal given, to which Mr. Fullerton said he knew it was signalled because he saw the front steps drop.

"I am sorry it occurred," said the defendant, "and if I have to pay a fine I will pay it with pleasure, but I don't want people to think I am fool enough to pass a car."

The court imposed a fine of \$15.

Ernest M. Cotton speeded along the Gorge road at 3.30 on Tuesday evening and darts past Constable A. R. Cockburn, who was standing at the corner of Washington avenue, at a speed of between 25 and 30 miles an hour. The defendant advanced as an argument against the likelihood of his speeding that he had seen the constable and his horse at the corner. It turned out, however, that at the time the horse was down in the meadow lying between the road and the meadow house and the road, enjoying a good meal of green grass.

J. C. Bangs was stopped by the same officer on Hillside avenue on Monday evening while speeding at a rate that the constable put at twenty-five miles an hour. The defendant called Constable Allen, of the motor-cycle patrol, as a witness to the state of the engines and car were in a filthy condition, but he believed it could make twenty miles an hour.

G. Gawley was going at a speed of twenty-five miles an hour on the Gorge road, near Rock Bay avenue, on Tuesday evening when Constable Cockburn saw him. "It is a difficult matter to say how fast you are going," Gawley told the court, but nevertheless he undertook to contradict the officer's estimate. He told the court that there were others that could go two blocks to his one.

In these three cases fines of \$10 were imposed.

Pension Officer Writes That Suitable Applicants Will Be Sent to England

Apparently Declines to Make Complaint to School Board, Which Would Investigate

A concession which will be welcomed by many old service men anxious to help their country at the present time is announced in a letter received from Major F. Dixon, of the Imperial pension office, Ottawa, by W. J. Edwards, hon. secretary of the British Campaigners' association, this city.

Mr. Edwards some time ago called attention to the fact that there were a number of men of the imperial army in the city who would be glad to rejoin their old regiments if passage could be secured for them. He was instructed by the British Campaigners' association to take the matter up with the proper authorities, whereupon he wrote to Major F. Dixon, at the Ottawa office, who has written as follows:

"The Hon. Secretary, British Campaigners' Association.

"Sir,—In reply to your letter I have to inform you that I can send to England for re-enlistment any ex-commissioned officers of the imperial army not over 45 years of age and medically fit. Any cases which may come under your notice should be referred to this office, when they will then be dealt with.

"Yours truly,

"(Sgd.) F. DIXON."

All those who wish to avail themselves of this opportunity should apply to W. S. Edwards, hon. secretary, treasurer British Campaigners' association, P. O. box 431, giving name, age, regiment, rank, married or single, number of dependents and address.

NATURE CURE.

Miss Helen Boulton has kindly made a handsome donation of twenty-four volumes of her book, "The Healing Power," to be sold for the benefit of the Red Cross.

LOCAL NEWS

Open-Face or Window Envelopes—Printed in Victoria at eastern prices. Sweeney-McConnell, Limited.

Lady Douglas Chapter—The regular monthly meeting of the Lady Douglas Chapter, I. O. D. E., will take place in the King's Daughters' rest room, Courtney street, on Wednesday, June 23, at 2.30 p. m.

H. B. "Imperial Lager Beer," pints, \$1.00 per dozen.

Collided With Street Car—While driving in her motor car on Fort street yesterday, Miss Mabel Eberts had a collision with a street car near the Jubilee hospital. The car was slightly damaged.

Berries at Market—Berries are at last arriving on the public market. This morning a number of crates, mainly loganberries, were brought in by the farmers, and were in great demand, while red currants and cherries also occupied a space in a number of stalls. Quantities of vegetables were also usual disposed of for sale. They have now dropped considerable in price, and the morning had many purchasers. Little ducklings were introduced this morning, while live poultry and a pair of prize puppies were also for sale. A few more stalls were erected, and if any more applications for stalls are made, the commission will be forced to extend their premises out of doors to accommodate the applicants.

Goods Are Exempt—Mr. Justice Morrison has found that the goods concerned in the action of Warren against Tervo are exempt from seizure, being under \$500 in value. There was an action styled Mauvais against Tervo, in which the plaintiff lost, and was assessed \$900 costs. Warren had a lien on the chattels of Mauvais, and got in possession before the sheriff who was acting under a claim for the \$900 costs. It was to get the sheriff out that Mr. Warren took action.

Spanish Police Court—In the Saanich police court this morning, before Mr. Justice Morrison, was fined two dollars for riding a bicycle on the sidewalk on Portage avenue on Thursday last. He pleaded guilty to the charge. Ernest Dempster, for failure to report an accident in writing, was fined \$10. While driving a motor car on Cloverdale road on Sunday last he had a collision with an Italian, who hit his tongue badly as a result. Young Dempster took the motor to Dr. Holmes for treatment. He reported the accident verbally, but the act. Elliott for a written report. Fred C. Elliott watched the case for the injured man.

PTE. J. K. FORBES
 Killed in Action

at Prince Rupert with the 50th Gordon Highlanders, and went with the 30th Battalion from here. He was a Scotsman, 40 years of age, and saw service with the Bedfordshire Regiment and the 2nd Devons before coming to Canada.

Pte. John Law, 15th Battalion, killed in action according to J. Lade, of 254 Gorge road, who has just received word, was well-known in Cowichan, where he lived for some time. Pte. Law left Victoria last August with the first Canadian contingent from here.

Pte. Harry Longdon, 7th Battalion, killed in action, lived here for a short time and enlisted with the 88th Fusiliers last September, leaving for Shorncliffe with the 30th Battalion. He was 20 years of age.

Pte. P. C. Storer, 7th Battalion, killed in action, enlisted with the 50th Gordon Highlanders in September, 1914, and went from here with the 30th Battalion. He was 19 years of age, and farmed for some time at Ganges.

Pte. Albert M. Brown, died of wounds, was the son of Mr. and Mrs. Joseph M. Brown, of Kennedy street, Nanaimo, who this week received a telegram saying that their son had died in a German hospital from his wounds. The last message received was to the effect that Pte. Brown was a prisoner and that he had sustained a double fracture of the leg. He was well-known in Nanaimo, being a partner with his father in the watchmaking business of J. M. Brown & Son, Wesley street. He was a member of the Rifle association and many other organizations in the city. He celebrated his 21st birthday in the trenches last March.

Pte. A. V. Malphas, 7th Battalion, died of wounds, received a gunshot wound in the head on May 29, news being received shortly afterwards to this effect. He enlisted last September with the 88th Fusiliers, and was drafted into the 30th Battalion. He was 24 years of age.

Pte. William Burton, 7th battalion, wounded, left Victoria with the 30th Battalion, and recently sustained a fractured leg from exploding shrapnel. He was removed to hospital at Boulogne, France, and is progressing favorably. He was 23 years of age, and for some time worked with W. H. Wilkinson, jeweler, here.

Pte. Thomas W. Coran, 7th battalion, wounded, enlisted with the 88th regiment at the time of its organization, and volunteered for active service on the outbreak of the war, leaving with the 30th battalion. He is a son of Dr. Douglas Coran, of Fernie, 24 years of age, and received his

ANNUAL EXAMINATIONS

All Pupils Will Be Enrolled in Test Papers Next Week.

The annual examinations in the various schools of the province commenced on Monday, and upon their result depends the rating of the various divisions in 1915-16.

In the high school for the promotion and teachers' course examinations, there will be 410 candidates, which is a considerable advance on past years.

In the high school entrance examination, taken by the graded schools, the entry will compare with that of past years, the number of pupils being about the same. George Jay school is sending up some 55 candidates. The proportion from other schools is smaller, but the total number will also be sending in some candidates.

The high school examination lasts five days and the entrance examination continues for three days. School will then end for the pupils, but a teachers' summer course will follow here next month.

Charged With Vagrancy—Louise Savid was arrested late yesterday afternoon by Detectives Murray and Macdonald on a charge of vagrancy, on which she appeared in police court this morning. She was allowed to go on her own recognizances until Monday morning, and in the meantime she will be sent to her home in Vancouver.

Appeal Allowed—The court of appeal has allowed the appeal of J. J. Dugan, manager of the Canadian Teachers' association, against whom damages were given in the county court at Vancouver in favor of Miss Amy Griffiths. The court held that Mr. Dugan was manager of the association, and even if liable at all was not liable for damages because Miss Griffiths did not get the employment at the Ladysmith school which Mr. Dugan had arranged for. A missing letter was afterwards found to be the cause of the failure in the arrangements.

Victoria Patriotic Aid—Among the recent subscriptions received by the Victoria Patriotic Aid society are: Crew of tug Swell, \$10; crew of tug Sadio, \$10; crew of tug Spray, \$5; Dominion government telegraph employees in British Columbia, \$91.25; staff of chief engineer's department, navy yard, \$100; crew of steamer Saviour, \$21.25; employees P. Burns & Co., \$42.50; staff of Bank of Toronto, \$9.70.

JUDGMENT RESERVED IN ASSESSMENT CASE

Witnesses Optimistic Regarding Victoria; to Build on Burnt Area

Decision in the assessment appeal brought by J. E. Wilson against the assessments on the W. and J. Wilson property, Government street, and the Victoria hotel corner was reserved by Judge Lampman yesterday afternoon after his honor had heard further evidence on rateable values in Victoria. Keith Wilson, James Griffiths and F. Landsberg testified.

That business was looking much better and was going to improve, was the opinion of Mr. Wilson who spent \$200,000 on a Yates street block. The war, he said, would be over in eight months, and Victoria's natural advantages which no other city in the west has, enabled her to keep in better shape than her neighbors. He predicted an influx of settlers and much prosperity. This optimism was endorsed by James Griffiths, who said there was to be erected a one storey building on the burnt area on Government street. In regard to the assessment that the court was considering, he said it was not too much. The figure was endorsed by Mr. Landsberg, who said he had sold the corner of Fort and Government streets at \$2,000 per foot and believed it now worth that figure. Before Judge Lampman reserved the decision he heard C. L. Harrison, representing the city, who quoted the Charleston assessment decision in which the appeal court said that the assessor must look to the past, present, and future values, and not take rents as any criterion in fixing the assessment; that it was his duty to find the value of property according to normal times.

WILL LEAVE POLICY IN PRESENT STATE

Discussion Occurs on Installation of Lateral Services

The city council in streets committee yesterday declined to go on record in favor of any policy of retaining or omitting lateral services on streets to be improved which had no immediate prospect of use by residents. The engineer had recommended leaving the matter to the discretion of his department. Alderman Bell supported the engineer's recommendation, as did Alderman McCandless. Alderman Todd and Okell declared that the laterals should be inserted to avoid the constant breaking up of paving which had occurred in the past. Alderman Okell supported the present rule, and Alderman Todd declared the same from undertaking to make a programme at first of paving work.

Alderman Sargent thought it was a case of locking the stable after the horse was stolen. He believed the matter would automatically adjust itself.

Mr. Rust pointed out that there had been a very large outlay in the past, which was depreciating through lack of use, as in the case of water laterals. He doubted if some of the services would be wanted for years.

Alderman Okell—"It is my opinion that when a street is paved all the underground work should be done."

Alderman Fullerton stood up for the policy of the past, and believed the Alderman Sargent that the situation would adjust itself. The property, if not occupied now, would certainly be occupied eventually.

The mayor deprecated the change of policy, believing that as in the past local improvement works would individually specify exactly what was wanted. In that case the council in future could restrict the number of laterals installed.

PROFESSOR OF HISTORY.

Dr. S. M. Eastman, of University of Calgary, Appointed to Provincial University.

The governors of the University of British Columbia, the minister of education has been advised, have appointed as professor of history in the new university Professor S. M. Eastman, B. A., Ph. D., formerly of the University of Calgary.

Prof. Eastman is at present in Europe, where he is studying war conditions, and it is expected that he will return in time for the opening of the classes in the fall.

The new member of the faculty is a member of the Church and State in British Columbia, a volume which is already in the university library, and familiar to the students who heard his lectures in the university courses.

The speaker has been engaged early in the week. He had kissed her fully forty times that evening. When he stopped the tears came into her eyes, and she said: "Dearest, you have ceased to love me." "No, I haven't," he replied, "but I must breathe!"

MRS. MABEN WAS MADE WELL

By Lydia E. Pinkham's Vegetable Compound and Wants Other Suffering Women To Know It.

Murfreesboro, Tenn. — "I have wanted to write to you for a long time to tell you what your wonderful remedies have done for me. I was a sufferer from female weakness and displacement and I would have such tired, worn out feelings, sick headaches and dizzy spells. Doctors did me no good so I tried the Lydia E. Pinkham Remedies—Vegetable Compound and Sanative Wash. I am now well and strong and can do all my own work. I owe it all to Lydia E. Pinkham's Vegetable Compound and want other suffering women to know about it."—Mrs. H. E. MABEN, 211 S. Spring St., Murfreesboro, Tenn.

This famous remedy, the medicinal ingredients of which are derived from native roots and herbs, has for nearly forty years proved to be a most valuable tonic and invigorator of the female organism. Women everywhere bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable Compound.

Why Lose Hope. No woman suffering from any form of female troubles should lose hope until she has given Lydia E. Pinkham's Vegetable Compound a fair trial. If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

BIG AUDIENCE SEES

CHILDREN'S PLAY

Kingston Street School Pupils Give Delightful Entertainment for Day Nursery.

Congratulations are due in several

quarters in connection with the delightful entertainment held last evening in the Girls' Central school, the big assembly hall of which was crowded with people. The occasion was the entertainment in aid of the Victoria Day nursery, given by about 60 children from the different classes at Kingston street school. Miss Maude Scott, under whose immediate direction the performance was given (assisted by Miss Irene Aird), won unqualified praise for her splendid management of the small people, who, from first to last, acquitted themselves as if thoroughly at home in their parts. Major Riddell was present, representing the Victoria school board, and Mrs. Jenkins, Mrs. Bowser (secretary) and Mrs. Jay represented the Day Nursery.

The feature of the entertainment was the musical playlet entitled "The Dolls' Tea Party," written by Miss Maude Scott. The story was pretty and appealed to the imagination of the numerous small folk present. Mollie (Kate Renwick), Kitty (Agnes McKay) and Dick (Jack King) were holding a dolls' tea party for the entertainment of their toys. Rather tired of the unresponsiveness of the dolls one of the girls exclaimed that she wished the fairies would come and bring them to life. No sooner said than done. The rest of the playlet was decidedly entertaining. The Wax Doll (Kathleen Wooliam) and Little Lord Fauntleroy (M. Renwick), the two most talkative dolls, and the others giving an impromptu programme which was intended to do and please their owners and the audience. The Dutch Dolls (L. Porter and S. Ranns) were very quaint in a picturesque clog dance, the Sailor Doll (George Peterson) did a horripile in the most approved manner. One of the popular heroes of the evening was the Soldier Doll (Kenneth Riddell), and the Kittle (Bobbie Moffatt) had something characteristically Scotch to say. Phyllis Philip was excellent as the French Doll, and there were dances and songs by Maudie Farnshaw (the China Doll), Eleanor Heaney (Victorian Doll), Beatrice Phillips (Fairy Doll), Alice Hill (Baby Doll), Grace Slater (Belgian Doll), Dorothy Pendray (Russian Doll), Beattie Morris (Italian Doll), Gertie Gosse (Japanese Doll), Mabel Ringshaw (Chinese Doll), Adelle Wight (Rag Doll), Stuart Wilder (Teddy Bear), Albert Nox (Cowboy), Helen and Petro Matthews (Indians), G. Stewart and W. MacDonald (Cosses), Alice and Blanche Coole (Kewpies) and A. Winkel and N. Thomas (Pierrot and Pierrette).

The first part of the programme opened with a song by the school choir entitled "June Roses," each child on the stage carrying a basket of roses. A pretty minute to the tune of "Polly Oliver" was danced by K. Renwick, B. Phillips, K. Wooliam, N. Farey, G. Slater and A. McKay. In the dialogue, "The Day Nursery," each child carried a letter and spoke lines introducing this.

A feature of this part of the programme was the patriotic series of national dances representing the English, Scotch, Welsh, Irish, and French. Thomas and N. Farey, the Welsh dance (by Kate Renwick), the Irish jig (by G. Slater, E. Russel, M. Ringshaw, L. Porter, I. Winkel and I. Bradley), and the Highland fling (by Kathleen Wooliam and Marjorie Renwick). All the dancers were in picturesque national costume, in which they first appeared with the school choir in the song, "The Flag." This was followed by a verse-by-verse recitation, "The Union Jack."

Remaining numbers were the song "I Used to Believe in Fairies," very charmingly sung by Miss Brynjolfson.

HELP RED CROSS

Matinee Recital Yesterday by Benedict Bantly's Pupils Results in Collection of \$33.50.
The matinee recital given in the Princess theatre yesterday afternoon by the pupils of Benedict Bantly attracted a large and fashionable audience. The various items on the programme were given in a manner which proved that much time and attention had been devoted to their preparation. The proceeds of the collection taken during the course of the programme amounted to \$33.50, which sum has been placed to the credit of the Canadian Red Cross fund by Mr. Bantly.
Three very young girls won particular praise for the clever manner in which they performed their parts, although all the pupils were excellent, and bouquets were presented to each at the conclusion of their number.
Mrs. Benedict Bantly, in vocal selections, and Miss Alma Bray, in solo dancing, were the assisting artists, and afforded much pleasure to those present.
The pupils who appeared were Miss Lotus Griffith, in violin and vocal numbers; the Misses Marie Danes, Pearl Bick, Louise Hayward, Irene Bick, Ina Gordon, Gladys Flinton, Marjorie Tennant, Muriel Collis, Charlotte Foot, Dorothy Kingham, Beattie Forbes and Edith Bray, all students of Mr. Bantly.
