Call Conference To Find Solution For Unemployment

Government to Consult With Industrial Leaders and Municipal Authorities on Plan to Ward Off Serious Conditions Next Winter; Conference in Vancouver August 10.

In a bold attempt to ward off the serious unemployment which threatens British Columbia for next winter, the Hon. J. W. de B. Farris, Attorney-General and Minister of Labor, to-day sent out a call to fifty of the great employers of labor in the Province, financial men and mayors and reeves of the chief municipalities on the lower part of the coast, including Victoria, Saanich, Oak Bay and Esquimalt, to meet the Government in conference to see if something can be started in the way of business or industry. The conference will take place in Vancouver, August 10.

Hon. Mr. Farris explained to-day that unemployment, bad last winter, has not improved during the normally busy months of the Spring and Summer and there are grounds for fearing that it may be worse next winter. Many men with families will have to face the winter not only without work, but without being fortified by summer earnings.

Because of the seriousness of these conditions, which have not only made things bad for the business man, but threaten helplessness for thousands of artisans, clerks, women and little children, Attorney-General Farris has brought the forces of the Government into play to break the stagnation in industry and employment.

Premier Oliver and other Ministers of the Government, together with J. D. McIven, Deputy Minister of Labor, will attend the conference.

Programme for Allied Council Is Discussed

Paris, Aug. 1.—The programme for the forthcoming meeting of the Allied Supreme Council, now tentatively set for August 8, is likely to require considerable further negotiations, since there is still a divergence of views between Paris and London regarding the advisability of considering now whether the Allied troops ought to withdraw from Dusseldorf, Duisburg and Rohort, in the Ruhr area, which were occupied last Spring as penalties for Germany's non-fulfillment of the peace treaty terms.

Premier Briand is understood to favor limiting the work of this Council meeting to the Upper Silesian question, over the procedure regarding which France and Great Britain have just reached a working agreement, while Premier Lloyd George is said to prefer that all questions pending in the relations of the Allies with Germany be taken up.

The Upper Silesian question, according to the agreement between France and Great Britain will come up first, being followed by discussion on reinforcement of the Allied troops of occupation. Other possible subjects for discussion are the Near Eastern question as modified by the hostilities between the Greeks and the Turks, the Russian problem, the trials at Leipzig of the German accused of war crimes, and the possibility of action by the Allies in view of the fact that the punishments meted out by the German court are insufficient from the Allied viewpoint.

Reinforcements. London, Aug. 1.—Mr. Lloyd George, in announcing in the House of Commons to-day the meeting of the Allied Supreme Council in Paris on August 8 to adjudge the results of the Upper Silesian plebiscite and the reports of the plebiscite commission, stated that the first item on the agenda would be to decide whether reinforcements were needed in the plebiscite area pending announcement of the adjudication of the whole plebiscite issue.

The Premier's announcement of the forthcoming meeting was greeted with cheers. Mr. Lloyd George said that throughout the recent discussions with France, Great Britain had been guided solely by the desire to secure a just solution of the Upper Silesian issue in accordance with the results of the plebiscite.

A minute later in answer to a question, the Premier said: "It is business of the British Government to see that the Poles and Germans alike get a perfectly straight deal."

Date Set. London, Aug. 1.—The British Foreign Office to-day received a reply from Premier Briand of France accepting the proposal that the next meeting of the Allied Supreme Council be held in Paris August 8, Premier Lloyd George and Lord Curzon, the Foreign Secretary, will attend.

The latest telegrams from Upper Silesia report the situation there as quiet. (Concluded on page 4.)

COTTON CROP REPORT IN U. S.

Washington, Aug. 1.—Decline of the cotton crop in the United States during July resulted in a reduction of 229,000 bales in the forecast of production issued to-day by the Department of Agriculture, a total of 5,363,000 bales being estimated as compared with 5,592,000 bales a month ago. The condition of the crop declined 45 points.

New Orleans, La., Aug. 1.—The lowest condition report on the growing cotton crop ever made for July 25, 64.7 per cent. of normal, and a forecast of the smallest crop in a quarter of a century, resulted in a bulge in the price of cotton of three dollars a bale and more here to-day.

GREEK-TURK WAR MAY END SOON

Both Sides May Ask Allied Mediation

Turkish Nationalists Are Now Awaiting Reinforcements

Paris, Aug. 1.—The Journal to-day asserted that it had received information that Turkey and Greece intend to ask the Allied Supreme Council to mediate in an effort to end the hostilities between them.

Turks. Constantinople, Aug. 1.—The Turkish Nationalists, according to advices from Anatolia, are holding positions east of Sivrihisar, about fifty miles east of Eski-Shehr, while awaiting reinforcements totalling 30,000, said to be expected from Cilicia, Mesopotamia and the Caucasus, whose arrival is desired before a decisive action with the Greeks is risked.

In Eski-Shehr. Paris, Aug. 1.—King Constantine of Greece has entered Eski-Shehr, the important railroad junction in Western Asia Minor recently captured by Greek forces from the Turkish Nationalists, says a dispatch from Athens. Premier Gounaris, accompanied King Constantine, is said to be in Eski-Shehr.

STRIKE CLASHES IN KOBE STREETS

Many Wounded in Struggles; Menacing Situation

Kobe, Japan, Aug. 1.—The strike situation here continues menacing. The municipal assembly has adopted resolutions condemning the police for using their arms against the strikers.

Many of the newsmen attacked the Government for alleged favoring of the capitalists in the Kobe labor troubles, which they think will have serious consequences.

Rioting occurred Saturday in which it is estimated that at least fifty persons were wounded and a sanguinary clash occurred to-day when demonstrators ban on any public demonstration, 1,000 shipyard workers paraded in a local shrine.

AMERICAN RELIEF WORKERS PREPARE EFFORT IN RUSSIA

Washington, Aug. 1.—Secretary Hoover to-day cabled Walter Lyman Brown, European director of the American Relief Administration, London, to proceed to Riga and negotiate with Russian Soviet authorities preparatory to food relief work in Russia.

INDUSTRIAL COUNCIL

Regina, Aug. 1.—A joint industrial council comprising representatives of all the building trades labor unions and representatives from all the trades comprised in the membership of the Regina Builders' Exchange, an employers' organization, will in all probability be formed here within a short time, according to statements made by labor men and employers.

Harding Declares His Faith In Conference

Plymouth, Mass., Aug. 1.—A hope that the disarmament conference called by the United States may bring to the world a new era of peace and freedom was expressed by President Harding to-day in an address here at the tercentenary of the landing of the Pilgrims.

Characterizing the international situation as "more than promising," the President asserted that the seed of common tolerance and understanding planted by the fathers here was beginning to bear fruit a thousandfold in the relations between nations.

"A new hope looms to-day," said the President. "We are slowly but very surely recovering from the waste and sorrow and utter disarrangements of a cataclysmic war. Peace is bringing its new assurances, and patient realization and insistent conscience will preserve that peace. Our faith is firmer and ever-burdensome armaments may be largely diminished—and this, too, without surrender of the nationality which has inspired or the good conscience which has defended."

The international prospect is more than promising and the distress and the depression at home are symptomatic of early recovery.

He also took occasion to deplore the common tendency to concentrate governmental authority in Washington and to reaffirm his faith in religion as an essential element to good government.

"SLUGGER" UNDER ARREST IN SEATTLE

Seattle, Aug. 1.—With the capture of a nineteen-year-old youth the authorities are certain they have under lock the "North End slugger" whose depredations spread panic among the residents of the northern districts of the city during the last four months.

He was arrested at a house at North Ninety-Fourth Street and Aurora Avenue by Deputy Sheriff W. H. Sears and Frank Brewer. He had been trailed to the house by a twelve-year-old girl whom he had attacked at her home, 282 Evanson Avenue, an hour previous, according to her account. The man, she told the deputies, entered the house where she and a girl eleven years old were alone and, after she had successfully resisted his attentions, dropped the attack on her and pursued the younger girl.

FIRE THREATENED WASHINGTON TOWN

Walla Walla, Wash., Aug. 1.—Fire which threatened the entire town of Touchet, near here, was extinguished Sunday after a hard fight on the part of the townspeople. Two entire frame blocks were destroyed with a loss estimated to be more than \$50,000.

HON. T. J. RYAN, FORMER QUEENSLAND PREMIER, DIED

Melbourne, Aug. 1.—(Reuter's)—Hon. Thomas Joseph Ryan, former Premier of Queensland and lately Acting Leader of the Labor Party, died yesterday as the result of pneumonia which developed from a chill sustained while traveling on a train. Mr. Ryan was assisting the Laborites in the by-election at the Maranra, for the House of Representatives.

SCHOONER LOST IN GULF OF ST. LAWRENCE

St. John, N. B., Aug. 1.—The three-masted schooner Rupert E. from New Campbellton, C.B., to Campbellton, N.B., with coal, was lost at sea, according to advices received by local agents. The crew landed safely at Grand Anse, C.B. No further particulars are available here.

FORTHCOMING PICNICS

Aug. 3.—B. C. Electric employees, at Deep Bay. Aug. 3.—Cupert Triumph, A.O.F., at Gorge. Aug. 3.—Kirkham's picnic, Elk Lake. Aug. 3.—Women's Conservative Club, at Mt. Douglas. Aug. 3.—West Saanich Women's Institute, at Sandy Beach. Aug. 3.—Garden City Women's Institute, at Mt. Douglas. Aug. 3.—South Saanich Farmers, Island View Beach. Aug. 7.—Cymrodorian Society, at Willows Beach.

360 ACRES OF ADVICE SENT TO CANADIAN FARMERS

Ottawa, Aug. 1.—During 1920 the Publications Branch of the Department of Agriculture circulated 2,262,456 publications. This total was made up of 15,719 reports, 254,314 bulletins, 712,911 seasonable hints, 117,629 pamphlets, 168,155 circulars, 27,665 leaflets, 922,316 announcements and 64,745 agriculture Gazette in addition to posters and mailing lists.

This mass of matter, supposing each publication numbered 20 pages, says a statement issued from the Department, would if the pages were placed end to end reach 5,700 miles, and in close formation would cover an area of 360 acres. Agriculture literature is distributed to some 222,000 persons and is printed in both English and French.

EXPLAIN INCREASE IN PHONE RATES

Railway Board's Judgment Sets Forth Reasons

The full text of the Board of Railway Commissioners' recent telephone rate decision, received at the City Hall to-day, explains the reasons which prompted the commissioners to raise telephone rates on B. C. Telephone Company lines ten per cent.

After examining the Commission's judgment this morning, City Solicitor H. S. Pringle came to the conclusion that the Commissioners had figured that the ten per cent. increase they granted would be sufficient to cover interest on the Telephone Company's debtures, interest on ordinary shares and preferred shares, to carry on the cost of operation and maintenance and to create a reserve fund to pay for the rebuilding of the company's plant at the end of its period of usefulness.

The ten per cent. increase apparently is calculated to make up deficits the company has suffered during its recent operations. Mr. Carvell's finding is contained in the following paragraphs: "I therefore, find that the Company should be allowed to increase its rates for the exchanges and services set forth in the application by the sum of 10 per cent. The Company shall make monthly statements of its operations and, upon examination after the expiration of six months, the increase is found excessive, it can easily be corrected."

CROWD OF THIRTY KNOCKED DOWN BY LIGHTNING

Travers Island, N.Y., Aug. 1.—Thirty members of the New York Athletic Club were knocked down by lightning that struck a shed in which they were taking shelter from a storm. None of the members were injured.

SOUTH MANITOBA GRAIN BEING CUT

Winnipeg, Aug. 1.—Harvesting is expected to be general in Southern Manitoba by the middle of this week and in Southern Saskatchewan a week or so later, according to information received here. In Northern Alberta, cutting is not expected to start for another two weeks.

Throughout the prairie provinces the outlook still prevails that the 1921 crop will be at least an average one. No need of rain is reported and weather conditions appear to be perfect for filling.

MISS E. H. ALCORN DIED ON MAINLAND

Vancouver, Aug. 1.—Miss Elizabeth H. Alcorn, lady principal of Columbian College, New Westminster, died Sunday morning following an operation which took place on Friday. She had been spending her holiday at Buccaner Bay when at the beginning of last week she became seriously ill.

Miss Alcorn had a long and brilliant career as an educationalist. A graduate of Mount Allison Ladies' College, she was subsequently head of the art department of that institution. Her inclinations, however, were towards the mission field, and she left Mount Allison to take up missionary educational work in Japan, and for over twenty years she gave the best of her life to Christian teaching in that country, part of the time as principal of the ladies' college at Kobe.

DEVELOPMENTS IN IRISH SITUATION ARE EXPECTED

London, August 1.—Developments in the peace negotiations between Premier Lloyd George and leaders of the Irish "republicans" are imminent, it was reported here to-day, but Government leaders refused to lift the veil of secrecy. There were certain deductions made from the arrival in Dublin yesterday morning of Art O'Brien, president of the Gaelic League in London, but they could not be verified.

One rumor was to the effect that Mr. O'Brien was the courier who would take the Sinn Fein reply to Mr. Lloyd George, while another story declared that Eamonn de Valera would himself return to London during the coming week and that Sir James Craig, the Premier of Ulster, was also coming to this city.

It also was reported that members of the "Irish Republican Parliament" which has been expected to meet during the coming week, have made preparations to receive a sudden call to Dublin and the British Government was declared to be ready to release imprisoned members of the "Irish Parliament" immediately after being apprised of the date upon which that group of men would meet.

LORD REAY DIED

Edinburgh, Aug. 1.—The death of Lord Reay (Donald James Mackay) was announced here to-day. He was in his 82nd year. Lord Reay, formerly Governor of Bombay and at one time under-secretary for India, was first president of the British Academy from 1911 to 1917.

Catholic Church Case Is Lost by Victoria on Appeal to Privy Council

EXPLAIN INCREASE IN PHONE RATES

Railway Board's Judgment Sets Forth Reasons

The full text of the Board of Railway Commissioners' recent telephone rate decision, received at the City Hall to-day, explains the reasons which prompted the commissioners to raise telephone rates on B. C. Telephone Company lines ten per cent.

After examining the Commission's judgment this morning, City Solicitor H. S. Pringle came to the conclusion that the Commissioners had figured that the ten per cent. increase they granted would be sufficient to cover interest on the Telephone Company's debtures, interest on ordinary shares and preferred shares, to carry on the cost of operation and maintenance and to create a reserve fund to pay for the rebuilding of the company's plant at the end of its period of usefulness.

The ten per cent. increase apparently is calculated to make up deficits the company has suffered during its recent operations. Mr. Carvell's finding is contained in the following paragraphs: "I therefore, find that the Company should be allowed to increase its rates for the exchanges and services set forth in the application by the sum of 10 per cent. The Company shall make monthly statements of its operations and, upon examination after the expiration of six months, the increase is found excessive, it can easily be corrected."

Principles of Case. The principles upon which the Commission's decision was based are summarized by Mr. Carvell as follows: "It would probably be difficult to find in Canada a public utility to which ordinary business principles could be applied more equitably than in the present case. As before stated, it is admitted that the service is 'conceded on page 4.'"

London, Aug. 1.—(Reuter's)—The Times in a leading article to-day urges that the conclusion of the conference of Prime Ministers of the Empire on wireless telegraphy should be published without delay.

Dealing with the points at issue, the article says that the question in dispute is between 2,000-mile stations costing under £200,000 each and longer range stations costing about £1,000,000 each, and longer range stations costing about £1,000,000 each, but as the short step station is equipped with modern apparatus it can throw any length required at a nominal time of day. The difference is chiefly that the longer station can reach a longer distance for a greater length of time daily. The question is whether the latter facility would be worth the greater cost.

The Times draws attention to the controversy as to whether stations should be controlled by the Postoffice Departments or by a corporation established by the Government and empowered to cooperate with commercial companies.

The Times asks whether the Government's concern has reached an agreement regarding the division of the cost of the gains between Britain and Australia and Britain and South Africa and whether provision has been made for Canada.

Edmonton, Aug. 1.—Heavy rains for the last two days have made a wonderful improvement in crops in the Edmonton district, which were before in good shape, and barring early frosts a big yield is assured. It will be at least two weeks before any harvesting operations are started here.

Saskatoon District. Saskatoon, Aug. 1.—Damp, cool weather during the last week has promoted filling of the wheat heads. In many places the grain was beginning to ripen prematurely in the hot dry weather which preceded the week. Prospects for a good yield in this district are excellent. For the first time in several years, there will be a good crop on light lands and the general average for the entire Saskatchewan district will closely approach that of 1915. Nearly an inch of rain fell in Saskatoon and district yesterday.

No rust, cutworms or saw fly damage has been reported in this district. To the South and West there was some damage by grasshoppers, but strenuous measures taken by the municipalities and Government checked the pest in its early stages.

Regina District. Regina, Aug. 1.—Harvesting is expected to become general in the Regina district about August 10, although cutting has commenced in a few districts. Prospects still are good for an average crop.

TWO KILLED

Welch, W. Va., Aug. 1.—Sid Hatfield, former Chief of Police of Mattewan, and Ed Chambers, a policeman of that place, were killed in a gun fight in the courthouse yard here shortly before noon to-day. C. E. Lively, a private detective, and four other persons were arrested in connection with the shooting.

A ROSS DIED

Montreal, Aug. 1.—Following an illness of three months' duration, the death occurred Saturday in local hospital of Alexander Charles Ross, sixty-four, crop one time M. P. on the Liberal side for North Cape Breton and Victoria, N. S., and well known in the maritime provinces as a promoter of several companies connected with coal mining, transportation and other industrial interests.

MISS E. H. ALCORN DIED ON MAINLAND

Vancouver, Aug. 1.—Miss Elizabeth H. Alcorn, lady principal of Columbian College, New Westminster, died Sunday morning following an operation which took place on Friday. She had been spending her holiday at Buccaner Bay when at the beginning of last week she became seriously ill.

Miss Alcorn had a long and brilliant career as an educationalist. A graduate of Mount Allison Ladies' College, she was subsequently head of the art department of that institution. Her inclinations, however, were towards the mission field, and she left Mount Allison to take up missionary educational work in Japan, and for over twenty years she gave the best of her life to Christian teaching in that country, part of the time as principal of the ladies' college at Kobe.

Bishop of Vancouver Island Wins After Two Years of Litigation on Tax Exemption Site Issue; Thank-giving Planned; Attitude of City Officials.

The Judicial Committee of the Privy Council in London to-day handed down judgment in the appeal of the Corporation of Victoria against the Bishop of Vancouver Island, who had won in the Court of Appeal of British Columbia, securing a declaration that the site of the Roman Catholic Cathedral here was exempt from taxation, and therefore the city taxes onwards from the year 1913 could not be collected.

The issue involves the right of British Columbia cities to tax church site property, and has aroused provincial wide interest. Costs will follow the appeal.

In connection with the St. Andrew's Roman Catholic Cathedral the taxes to date amount to about \$20,000, it is said. The decision assures that thousands of dollars which the city thought it would be able to collect will never see the treasury. Some of the other churches have withheld paying taxes awaiting the decision in the present dispute, others have paid under protest, and a good many have not paid taxes for some time because they were unable to do so.

REACH LONDON ON LUMBER MISSION

Mr. Pattullo and Lumber Commissioner Start Work in Britain

Hon. T. D. Pattullo, British Columbia Minister of Lands has arrived in England to take up with British industrial leaders the possibility of increasing the British market for British Columbia lumber. Cabled word of the Minister's arrival in London was received by his wife in Victoria during the week-end.

Mr. Pattullo crossed the Atlantic on the same ship with the Duke of Devonshire, former Governor-General of Canada, whom Mr. Pattullo has met on numerous occasions during the Duke's visits to British Columbia.

The Minister is accompanied by William Turvill, Lumber Commissioner, who will co-operate with his chief in efforts to expand the overseas market for the forest products of the Province. Mr. Turvill, industrial leader in British Columbia, will proceed to Norway to study the situation of nitrogen from the air. Mr. Turvill, after the conclusion of his business in London, will proceed to Egypt, where he will continue the work which the provincial forestry service has already done in the development of a big Egyptian market for B. C. lumber.

Legal proceedings commenced in the issue of a writ of the Supreme Court in Vancouver on May 6, 1919, asking for an injunction that the city of Victoria could not sell the site on which the Roman Catholic Cathedral stands. This writ was issued for the Bishop by F. A. McDiarmid. The case was argued before Mr. Justice Macdonald in the Supreme Court, and his lordship gave judgment on November 23, 1919, sustaining the contention of the city that church sites were not exempt. His lordship and his lordship gave judgment on the case, but the Legislature had desired to exempt not only the church property as well as the site it could expressly have done so, as had been done in Ontario and Saskatchewan.

Judgment Reversed. Mr. McDiarmid promptly appealed to the Appeal Court of British Columbia, a hearing taking place on April 6, 1920, and Mr. Justice Martin delivered the judgment of the court on Sept. 15, 1920, in the absence of the Chief Justice. His lordship reversed the decision of the court below, and with Chief Justice Macdonald dissenting, the court held that church sites were exempt.

The cities which appealed to the Privy Council, the case being held in London, July 1 and 4, before Lords Shaw of Dunfermline, Cave, Atkinson, Phillimore and Dundee.

Sir John Simon and F. A. McDiarmid appeared for the Bishop before the Privy Council, and Harold B. Robertson for the city of Victoria. City Solicitor's Opinion. The decision of the Privy Council does not preclude the Provincial Legislature from amending the legislation at issue, but the exemption of church properties assessable, remarked City Solicitor Pringle this morning when discussing the judgment of the Privy Council.

"Evidently the Privy Council have read into the statute what they believe to be the correct interpretation." (Concluded on page 4.)

AIR PILOT LOST LIFE AT HIGH RIVER, ALTA.

Calgary, Aug. 1.—Captain Will Shields, pilot of the Dominion Air Patrol at High River, Alberta, was almost instantly killed this morning while starting on an inspection flight over the forests in the Clearwater district, west of Red Deer. His machine had risen only about 50 feet when it made a nose dive and Captain Shields was so badly injured in the crash that he lived only a few minutes.

He came from Fortage la Prairie, Man., had a splendid aviators record, and was married only a month ago.

NEW POLITICAL CRISIS IN LISBON; TROOPS IN STREETS

London, Aug. 1.—Another political crisis in which the powers are playing an important part has taken place in Lisbon, Portugal, according to The Daily Mail.

A dispatch from Vigo, Spain, dated Sunday, said all the Lisbon garrison was called out at 4 o'clock Saturday morning and picketed the streets and placed guns in the principal thoroughfares. Members of the Portuguese Cabinet were then conferring with the President and important events were reported impending.

## DRURY DEFENDS CABINET'S COURSE

Ontario Premier and Ministers Make Speeches

Toronto, August 1.—Denial of the charges of extravagance levelled against the Harty Government of Ontario and defence of that Government's highway system featured the speeches of Hon. E. C. Drury and members of his Cabinet at the annual gathering of the Carleton County United Farmers of Ontario, at Woodroffe on Saturday.

Hon. F. C. Biggs, Minister of Highways, defended the policy of his Department and assailed Gordon Wilson, M. P. for Wentworth, as the cause of a state Government. If Mr. Wilson and the Michigan Government did not spend so much money trying to discredit the Ontario Government, and the Roads Department in particular, the farmers' income tax would not be so high as it is to-day, he said.

Premier Drury declared his Government had carried on through two difficult years, placing progressive measures on the statute books. It had gone into power finding things "decidedly wrong with the administration of the forest resources." The result of the present investigation, he believed, would be to recover vast sums of money which belonged to the people.

## Smart Shoes For Particular Misses

Young ladies are generally very particular about their shoes. Wanting something stylish, comfortable and reasonably priced is a combination easy to find at Cathcart's.

**Wm. Cathcart Co., Ltd.**

## TWO EXPRESS COMPANIES UNITE

Canadian National and Canadian Express Co.

Montreal, Aug. 1.—(Canadian Press)—A circular signed jointly by D. B. Hanna, chairman of the board of directors of the Canadian National Express Company, and by Howard G. Kelley, chairman of the board of directors of the Canadian Express Company, announcement is made that, effective September 1 next, the operations of the two companies will become consolidated and the combined business continued under the name of the Canadian National Express Company. John P. Pullen, heretofore president of the Canadian Express Company, will be vice-president and general manager. The Canadian National Express will operate over 22,000 miles of railway extending from St. John, Halifax, and Sydney to Vancouver and Prince Rupert, and will also have an extensive organization in Europe. Asked if this consolidation would be likely to result in a reducing of working forces, the management said there would be ample room for all the experienced and efficient employees of both companies.

## MAN FOUND TIED TO BELFAST FENCE; CALLED ROBBER

Belfast, Aug. 1.—Robber of the Macroom Railway was the inscription on a card fastened to the breast of a man found tied to the railings in front of St. Francis Church, on Liberty Street, yesterday morning. The upper part of the man's face was concealed with a handkerchief. It is understood the happening was connected with the theft on Friday of £1,000 from a train bound from Cork to Macroom by four armed men. The man was alive and the police liberated him and dispersed the large crowd which had gathered.

## TWO MEN TO BE HANGED IN TORONTO

OTTAWA, Aug. 1.—(Canadian Press)—Roy Hotrum and William C. McFadden are both to be hanged August 3 for the murder of L. Sabine, a Toronto granger. The Governor-in-Council declined to interfere with the sentence in either case, it was learned to-day. Telegraphic advices from Prince Edward Island state that the Administrator, Sir Louis Davies, had signed the necessary orders, indicating that the sentences imposed by the court should be carried out.

The papers in the case were forwarded to Sir Louis Davies last week. Mr. Justice Idington, of the Supreme Court of Canada, who was Administrator during the absence of Sir Louis Davies from Canada, had declined to sign the recommendation on the grounds that he had only received the papers in the two cases as he was about to end his duties as Administrator. Petitions for clemency had been placed before the Minister of Justice on behalf of both men and special attention had been given by the G. W. V. A. to McFadden's case because he is a returned soldier.

## NEW FRENCH STYLE OF FURNITURE

Paris, July 28.—A new style in furniture was demanded by representatives of the French furniture industry at the Furniture Congress held here during the past week. Architects blamed by the president of the Furniture Makers' Association for the continued production of false Louis XV, Louis XVI and other styles of antiques. They designed interiors to go with such furniture and naturally the manufacturers had to meet the demand, he said.

The president proposed that the teachers in the fine arts schools should begin the campaign for a modern original style by inspiring original ideas under the general direction of a committee composed of artists, architects and furniture makers.

He hopes this method would produce an entirely new style that would mark this epoch as did the styles of the two Louis, of the Empire and the Renaissance.

## LYONS FAIR WILL ATTRACT CANADIAN MANUFACTURERS

New York, Aug. 1.—(Canadian Press)—Canadian manufacturers will be invited to send exhibits to the Lyons Fair, Lyons, France, to be held October 1-15, the New York representative, Emile Gardon announced. The fair was established during the war for the purpose of bringing together the manufacturers of the Allied nations.

Fifty-six groups of industries are represented in the fair and it is kept on a commercial basis, where by manufacturers and buyers from all parts of the world can meet and transact business. The Lyons Fair is international and adequate representation from every manufacturing country is expected. It is held under the patronage of the President of France.

## NEW REVOLT IN VLADIVOSTOK; GENERAL STRIKE

Vladivostok, July 29.—Partisan bands inside and outside this city staged an unsuccessful revolt against the Government, being immediately overcome by the militia. There were a few casualties in the street fighting, the uprising followed by a declaration of a general strike, which is supported by the radical elements.

## FACTIONS IN ITALY AT LAST MAKING PEACE

Rome, Aug. 1.—Arrangements for bringing about a peace between the Socialists and Fascists, or extreme Nationalists, have been completed by Signor Denzola, president of the Chamber of Deputies, it is announced. The agreement is to be in the form of a treaty to be signed by representatives of both parties.

## MACKENZIE KING SPOKE IN HAMILTON

Deal With Railway and Financial Situations

Hamilton, Ont., August 1.—(Canadian Press)—Canada's greatest problem to-day is her railways, and that can only be solved when Parliament and the people are permitted the fullest possible information as to the expenditure of every dollar of public funds on this project, declared Hon. W. L. Mackenzie King, Leader of the Liberal Opposition, here Saturday night. The railway situation was the very crux of the financial situation of Canada, and failing its satisfactory solution, Canadians would look in vain for any lessening of the national debt or

any substantial reduction of taxation. The railway problem to-day was an outgrowth of the combination of political and industrial interests which had been controlling Canadian affairs for the last few years, Mr. King declared. If it were permitted to continue, it would bring the nation to bankruptcy.

There could be no solution of the railway problem until the combination of political and industrial forces now in control at Ottawa was broken up by the people at a general election. "That it would be broken up when the people voted was certain. Publicity and honesty were needed in Canadian public affairs to-day, and the one was not to be expected without the other."

**Statement By Burnaby.**  
Toronto, August 1.—The latest issue of The Farmers' Sun carries an interview with R. W. Burnaby, president of the United Farmers of Ontario, in reply to Hon. W. L. Mackenzie King's speech at Aurora. The item follows:

The trouble with Mr. King is that he takes the same attitude that all other politicians do," said Mr. Burnaby. "He says 'I am running' and so such and such should be done. That is not the right attitude to take. It is the people who are the chief factors. It was the people of North York who asked me to run. It is not I myself who is running. It is the people who are to be considered and not Burnaby."

We as United Farmers, have no objection to Mr. King's speech, but we do not know what they do. Of course Mr. King would like us to quit. He would like Armstrong to quit and give him the seat by acclamation. As far as I am concerned, it is the people of North York to whom I will listen and not the Hon. Mr. King."

## NORTHCLIFFE TRAVELS WESTWARD

English Publisher Spent Yesterday in Toronto

Toronto, Aug. 1.—Lord Northcliffe is on his way to Winnipeg, having left here by train at 11 o'clock last night.

After he had arrived here from New York yesterday morning he betrayed slight irritation when asked whether he had anything further to say regarding his clash with Premier Lloyd George and the New York interview, in which the King's name was used.

"That is a closed incident," said the traveler, "and I would not say that in the United States papers two days ago. The Americans say your Toronto papers are a week behind news. He says the items hurriedly and that he required the services of a doctor. He says the items hurriedly but offered no comment and seemed anxious to drop the subject."

"I am in Canada to look into the immigration question," he said. "They tell me there are 10,000 men out of work in Toronto, and that is a matter which interests me because we have millions of people at home proposing to emigrate. I wish to study the situation here from the immigration point of view."

Northcliffe played golf yesterday and motored to the Harris Cox stock farm at Oakville, at which he showed keen interest, especially in the stable.

## FIRE THREATENS ST. MARYS, ONT.

St. Marys, Ont., August 1.—The whole northern section of this town was threatened Saturday night when fire completely destroyed the hop-ping mills of the St. Marys Milling Company, causing a loss of \$100,000, fully covered by insurance.

## TELLS LABORERS NOT TO PRODUCE MAXIMUM AMOUNT

Kansas City, Mo., Aug. 1.—Declaring that the present period of depression is due to the fact that workmen have produced too much and that for this reason employers are requiring their workmen to "take a rest," Alex. Howat, president of the Kansas Miners' Union, advised the laborers not to "produce too much or you may produce yourself out of a job," in a speech here yesterday before an audience of laborers.

## SEVEN KILLED BY STORMS IN UNITED STATES

New York, August 1.—At least seven persons were killed and many seriously injured in severe electrical and wind storms that swept various sections of the country yesterday and Saturday night. Four of the deaths were attributed to lightning.

Loss to buildings struck by lightning and damage to crops, especially in New England, was said to amount to thousands of dollars.

## RAILROADS HIT BY SERIOUS SLUMP

### Bigger Wage Bill and Travel Decline Offset Increased Receipts

Ottawa, Aug. 1.—Canadian steam railways in 1920 experienced one of the most unfavorable years in their history, states the preliminary report on railway statistics for the year ended December 31, 1920, issued by the transportation branch of the Dominion Bureau of Statistics. The ratio of operating expenses to the operating revenue of Canadian roads was 91.17 per cent in 1920, as against 92.2 per cent for 1919, and compared with an average of 71.0 per cent for the period 1900 to 1917, inclusive, the range for these eighteen years being from 64.7 per cent to 74.4 per cent. According to the United States Bureau of Railway Economic, the operating ratio of the American railways for 1920 was 84.8, and for 1919, 85.25. The prospects for 1921, says the report, are somewhat brighter.

**Did Better in March**  
The monthly operating reports for January, February and March show a slight improvement over the same months of 1920, although they show an operating deficit for the first two months and a net operating revenue of only \$1,194,119 for March. Of the 56 railways operating, 31 paid operating expenses and 25 had a deficit. Of these 31 roads, after paying taxes, interest, rents, etc., 19 had a corporate income of \$36,841,431. The corporate loss of the other 12 roads amounted to \$79,863,828. Of this amount the Canadian Northern System corporate loss was \$40,561,706; Canadian Government lines, \$9,422,054; Grand Trunk, \$4,319,399; and Grand Trunk Pacific, \$17,454,359. The corporate loss of the Canadian Government lines, says the report, does not include interest on funded and unfunded debt; the figures for the Canadian Northern System, however, include interest.

**Seven Paid Dividends**  
Only seven roads, says the report, declared dividends. These were as follows: Southern, \$450,000; Canadian Pacific, \$29,277,776; Hereford (N.C.), \$2,000; Manawitpey Valley

(B. & M. E.), \$24,000; Napierville Junction, \$36,000; Quebec Central, \$169,000; Thousand Islands, \$4,200. The roads earned a total revenue from operations of \$429,322,857, an increase of \$23,240,496 over 1919, but the operating expenses increased from \$376,785,093 to \$419,662,523, or by \$42,877,430. The net operating revenue was \$123,536,003, a decrease of \$17,763,263. After paying taxes, \$2,532,996, interest on funded and unfunded debt, \$24,162,575, and with other deductions and additions to income there was a corporate loss of \$42,826,358 against \$14,928,666 for 1919.

**Increase in Wages**  
Over 96 per cent of the increase in operating expenses was in salaries and wages, which increased about 26 per cent or from \$153,522,974 to \$220,431,221, and about 14 per cent was in the cost of fuel, which increased from \$52,564,334 to \$64,953,301. The number of employees increased 1,103 or 16 per cent, while the fuel consumption increased 970,542 tons or 16 per cent. The revenue freight carried one mile increased 2,942,594,394 ton miles, or 18 per cent, but the passenger traffic fell off 137,813,216 passenger miles or 4.7 per cent. This decrease was caused, not by fewer people travelling, but by a shorter average passenger journey, which was reduced from 78.3 miles to 65.5 miles. Miles of roads operated in Canada during 1920 were 35,196 against 33,068 in 1919. The total capital of all roads in 1920 was \$2,668,232,257, against \$2,036,165,606 the previous year.

## Heals Inflamed Nostrils, Stops Catarrhal Discharge, Relieves Cold Quickly

"You'll be pleasantly surprised at the quick action Catarrhose has upon Catarrhal conditions in the nose and throat. It is so soothing, so healing, so agreeable to use so safe and reliable that thousands praise it and use it every day. No nasty medicine to take—you just breathe in the balsamic vapor, the healing essence of Catarrhose and feel better at once. Catarrhose is breathed through the inhaler into every air cell in the lungs, into every air passage in the throat and nostrils. No matter where the cold or Catarrh is, Catarrhose will reach it. You can keep free from coughs, colds, bronchitis and the like by using Catarrhose. Two months' treatment one dollar, smaller size 50c. Dealers everywhere, or the Catarrhose Co., Montreal. (Adv.)"

## GARDEN HEDGES ON THE PRAIRIES

### Dwellers on Plains Advised by W. T. Macoun

Winnipeg, Aug. 1.—That the time will come when the prairies will be hedged and dotted with gardens of blooming flowers, of ripening fruits and of delicious vegetables, was the prediction made here by W. T. Macoun, Horticulturist of the Dominion Experimental Farms, who has almost completed a tour of inspection of the Dominion's experimental farms. Mr. Macoun is a son of the late Professor John Macoun, of Ottawa, the famous naturalist and explorer, who died last year in his ninetieth year.

Mr. Macoun said that he had seen on the prairies some of the finest gardens that could possibly be seen anywhere in Canada. But before the prairies can have gardens they must have hedges for windbreaks. Mr. Macoun added, "Set your hedge and you may look for your garden," he said. "The hedges are coming." The Dominion experimental farms have more, far more, than paid for themselves by the wide distribution which has been given to the caragana hedge, which the Department at Ottawa introduced from Russia. It is indispensable to the small garden on the prairies. I attribute a great deal of the splendid results achieved in prairie gardening to the influence exerted by the experimental stations," Mr. Macoun declared.

**Nova Scotia**  
Halifax, Aug. 1.—The Nova Scotia hay crop for this year is estimated at 75 per cent as compared with that of 1920, the cereal crops at 90 per cent, potatoes at 96 per cent. Other roots at 85 per cent, pastures at 95 per cent, and fruits at almost 100 per cent, in a report of the Department of Agriculture just issued.

**Peat**  
Montreal, Aug. 1.—The Dairy Industry Association of Quebec, in an annual session here, decided to inaugurate a publicity campaign in the newspapers with the object of encouraging greater consumption of milk and milk products. A falling off of cheese and milk exports since the war has emphasized the importance of the home market.

**Peat**  
Toronto, Aug. 1.—Government experimental work on peat bogs at Alfred, in Eastern Ontario, will be concluded at the end of the year. It is announced by Premier Drury. By that time the Premier expects sufficient data will be available to decide whether the manufacture of peat can be made commercially practicable or not.

## SPANISH TROOPS DEFEAT TRIBESMEN

### Fight Their Way Southward in Morocco

London Aug. 1.—Spanish troops, fighting their way southward from Melilla, Morocco, through the ranks of tribesmen who have hemmed in General Navarro near Mont Arruit, have won an important victory, says a Tangier dispatch to The Daily Mail. The Spanish, who are under the command of General Cavalcanti, successor to the late General Silvestra, who committed suicide following the defeat of the Spanish last week, have retaken Gourougou, Sidi Hamid, El Hadj and Nador, it is stated in the dispatch.

## ALBERTA DRUGGISTS AND LIQUOR SALES

Calgary, Aug. 1.—Three-fifths of the members of the Pharmaceutical Association of Alberta are in favor of eliminating the sale of liquor by druggists absolutely, according to the result of a ballot taken. A large majority are against limiting the quantity which may be supplied by druggists in this province to eight ounces.

## TALKED OF IRELAND.

Prague, August 1.—A demand that Ireland be accorded recognition as a separate country instead of a division of Great Britain was made by an Irish delegate to the thirteenth Esperanto Congress, which opened here yesterday. Twenty-five hundred delegates, representing forty-one nations, are in attendance.

## Social Personal

### Wedded to Popular Victorian

The second Summer dance to be held at Brentwood Hotel took place on Saturday night. The favorite spot for dancing was on the verandah, which overlooks the beautiful Saanich inlet. A large number of the tennis players who have been attending the tournament were present and added a great deal of zest to the party. Among those noticed were: Major and Mrs. Goodeve, Capt. and Mrs. Warwick, Robert Hrbvay, Miss Kitty Fraser, Marshall Allen and Miss Allen, Seattle; Gordon Campbell, Miss T. Day, Miss Peggy Scott, Ray Castle, Allen Fraser, Miss Nellie and Jennie Turner, Russell Turner, Miss Marjorie Campbell, James Gray, Mrs. A. Robinson, Tacoma, F. Scott, San Francisco, M. Brown and J. Scott, Vancouver, Miss Agnes McBride, Portland, Art Kerr, Major Godfrey, Jack Gardner, Portland, and a large number of others. Mr. Heaton's orchestra supplied the music.

Mr. and Mrs. J. H. Ferguson, of Empress, Alberta; E. Edwards, of High River, Alberta; Mrs. A. McKee, of Vegreville, Alberta; Mrs. H. McDonald, of Camrose, Alberta; A. Mills, of Toronto; Mrs. J. A. Conn, and Mrs. C. J. Miller, of Winnipeg; W. T. Tweedie, Miss I. Fortune and Miss C. Fortune, of Calgary; Mr. and Mrs. A. B. Simpson, of Bellingham, Wash.; Mr. and Mrs. W. C. Campbell, of Pasadena, Cal.; Miss M. Lawe, of Seattle; Mr. and Mrs. Beauchemin, of Honolulu; T. J. Ordham and Dr. G. R. Rossby, of Cincinnati, Ohio; T. J. Beardsley, of Baltimore, Md.; Mrs. G. A. Heath, of Terre Haute, Ind.; Judge D. R. Parker and family, of Condon, Oregon, and S. Sands, of Toronto, are guests at the Strathcona Hotel.

Mr. and Mrs. L. Wellman, Mr. and Mrs. C. Bissett, Mr. and Mrs. Tomlinson, Herbert Bouta, Mr. and Mrs. W. Bennett, Mr. and Mrs. D. M. Stevenson and Miss Jean Stevenson, and Mr. and Mrs. E. Pugsley, of Vancouver; H. C. Robertson, of Fender Island; J. Hayne, of Alberni; John Waugh, J. English, R. Robertson, D. Grievie, J. H. McKenzie, G. Hamilton, and H. Good, of Nanaimo, and James Harper, of Powell River, are staying at the Strathcona Hotel.

The many friends of Mrs. R. H. Pookey will be pleased to learn that she has so far recovered from her recent serious operation so as to be able to leave on Saturday for Los Angeles, Cal., where she will undergo special treatment. She was accompanied South by her sister, Mrs. Hermann Robertson.

Miss Griffiths arrived from England yesterday on an extended visit to her brother and sister-in-law, Mr. and Mrs. Albert F. Griffiths, at Saboro Heights. Mr. Griffiths went over to Vancouver to meet his sister who has been visiting at the chief places of interest on her journey across the Dominion.

Mr. Cecil Fanning, the well-known horticulturist, with his wife, Miss Fanning, arrived on Saturday from Seattle to spend the Summer months here as the guest of Mr. and Mrs. H. H. Turpin, 1618 Rockland Avenue.

Guests at the Empress Hotel are Mr. and Mrs. W. T. Gellibrand, who arrived on the Makura yesterday from Tasmania.

Mrs. J. Holmes Astle, of Burnside Road, arrived on the Makura yesterday from Australia.

W. B. Thomson, of Toronto; James J. Hogan, of London, Ont.; H. M.

## Wedded to Popular Victorian

MRS. JOHN ARTHUR WICKSON whose marriage to the popular secretary of the James Bay Athletic Association, took place in Vancouver on Saturday at noon.

### NATIVE SON WEDS BRIDE FROM WALES

#### Charles D. Vincent Married To-day to Miss Beryl Storey

Simple in its details was the wedding which took place at St. James' Church, James Bay, to-day at 1 o'clock, when Miss Beryl M. Storey, daughter of Mr. and Mrs. J. Storey, "Preswylls," Holyhead, North Wales, became the bride of Charles D. Vincent, son of Mr. and Mrs. F. W. Vincent, of 35 Erie Street, Victoria. The Rev. H. T. Archbold officiated. The bridegroom is a well-known athlete and a popular member of the James Bay Athletic Association rugby team. He saw considerable service

during the war with the motor-boat patrol.

The bride, who only arrived from Wales a week ago, looked charming in her simple wedding gown of ivory chantilly lace over georgette, with which she wore the conventional veil and orange blossoms. She was given in marriage by C. H. Willis, sister of the bridegroom, as matron of honor in a becoming gown of cream brocade silk and white silk hat embroidered in wool. H. N. Boutique, of Vancouver, supported the bridegroom.

After the ceremony the bridal party returned to the home of the bridegroom's parents, where luncheon was served. Later they left for Shawnigan Lake, where the honeymoon will be spent, and will make their home in Victoria on their return.

Mr. and Mrs. J. H. Ferguson, of Empress, Alberta; E. Edwards, of High River, Alberta; Mrs. A. McKee, of Vegreville, Alberta; Mrs. H. McDonald, of Camrose, Alberta; A. Mills, of Toronto; Mrs. J. A. Conn, and Mrs. C. J. Miller, of Winnipeg; W. T. Tweedie, Miss I. Fortune and Miss C. Fortune, of Calgary; Mr. and Mrs. A. B. Simpson, of Bellingham, Wash.; Mr. and Mrs. W. C. Campbell, of Pasadena, Cal.; Miss M. Lawe, of Seattle; Mr. and Mrs. Beauchemin, of Honolulu; T. J. Ordham and Dr. G. R. Rossby, of Cincinnati, Ohio; T. J. Beardsley, of Baltimore, Md.; Mrs. G. A. Heath, of Terre Haute, Ind.; Judge D. R. Parker and family, of Condon, Oregon, and S. Sands, of Toronto, are guests at the Strathcona Hotel.

Mr. and Mrs. L. Wellman, Mr. and Mrs. C. Bissett, Mr. and Mrs. Tomlinson, Herbert Bouta, Mr. and Mrs. W. Bennett, Mr. and Mrs. D. M. Stevenson and Miss Jean Stevenson, and Mr. and Mrs. E. Pugsley, of Vancouver; H. C. Robertson, of Fender Island; J. Hayne, of Alberni; John Waugh, J. English, R. Robertson, D. Grievie, J. H. McKenzie, G. Hamilton, and H. Good, of Nanaimo, and James Harper, of Powell River, are staying at the Strathcona Hotel.

Mr. and Mrs. J. H. Ferguson, of Empress, Alberta; E. Edwards, of High River, Alberta; Mrs. A. McKee, of Vegreville, Alberta; Mrs. H. McDonald, of Camrose, Alberta; A. Mills, of Toronto; Mrs. J. A. Conn, and Mrs. C. J. Miller, of Winnipeg; W. T. Tweedie, Miss I. Fortune and Miss C. Fortune, of Calgary; Mr. and Mrs. A. B. Simpson, of Bellingham, Wash.; Mr. and Mrs. W. C. Campbell, of Pasadena, Cal.; Miss M. Lawe, of Seattle; Mr. and Mrs. Beauchemin, of Honolulu; T. J. Ordham and Dr. G. R. Rossby, of Cincinnati, Ohio; T. J. Beardsley, of Baltimore, Md.; Mrs. G. A. Heath, of Terre Haute, Ind.; Judge D. R. Parker and family, of Condon, Oregon, and S. Sands, of Toronto, are guests at the Strathcona Hotel.

## POPULAR ATHLETE WEDS YUKON GIRL

### Nuptials of John A. Wickson and Miss Gladys Rogers on Saturday

Vancouver, Aug. 1.—The First Baptist Church was in bridal array during the noon hour Saturday, when Gladys Emma, daughter of James H. Rogers, general passenger agent for the White Pass & Yukon Railway at Skagway, and Mrs. Rogers, was united in marriage to John Arthur Wickson, of Victoria, son of Mr. and Mrs. Arthur Wickson, of Winnipeg. Palms, daisies and gladioli in tints of pink and white, developed a delicate color motif at the church, where the ceremony was performed by Rev. J. W. Litch in the presence of the immediate relatives and close friends of the young couple.

## POPULAR ATHLETE WEDS YUKON GIRL

The sister of the bride, Miss Dorothy Rogers, was bridesmaid. She wore a dainty gown of salmon rose organdie with an over-dress of flowered net, a hat of georgette in the same shade of rose and carried a bouquet of Columbian roses. The bride, given in marriage by her brother, Clarence Rogers, was charming in a chic white jersey suit, a picture hat of white embroidered silk, and her shower bouquet was of Ophelia roses. Mrs. Rogers, who came from Skagway for her daughter's wedding, wore a black grosgrain silk suit, a hat of same shade with fresh colored facing and French flowers. Victor Wheatley of Victoria was the groomsmen.

Mr. and Mrs. Wickson left after the ceremony for Winnipeg and Kenora. On their return they will take up their residence in Victoria. The bride traveled in a two-piece blue dress of Scotch silk-finished wool with a quaint design woven in skirt, collar and cuffs in shades of henna, white and fawn. Her cloak was fawn and her hat of coral color.

The bridegroom, who was discharged from the army a year ago, holds a responsible position in the Government Building at Victoria, and is also the secretary of the James Bay Athletic Association.

Mr. and Mrs. Cliff Rogers of Seattle are here for the wedding, having motored up yesterday. Mr. Rogers is purchasing agent of the White Pass & Alaska Route at Seattle.

## STATE OF LABOR THROUGHOUT CANADA

Reports From Over 5,000 Firms in Dominion

Employment reports for the week ended June 25 were received by Dominion Headquarters of the Employment Service of Canada from 5,183 firms employing 609,737 workers. For the previous week these identical figures had reported total payrolls of 609,510, the difference representing a decrease in employment of almost one and one half per cent. Comparing the figures for the week under review with the base week of January, 11, 1920, the index number of employment was 87.1. For the previous week it was 88.2, and for the corresponding week (June 26) of 1920 it was 108.1.

### Eighteen Groups.

Eighteen industrial groups reported increases over the previous week aggregating approximately 4,000 employees, while twelve reported aggregate reductions of over 12,500. The movement of primary importance during the week was a contraction in the iron and steel group involving more than 11,000 workers, due mainly to temporary shutdowns in Ontario and Quebec railway shops. Other branches of this industry which suffered a decline were crude, rolled and forged products, agricultural implements, machinery other than vehicles and steel shipping and repairing. On the other hand there were minor increases in heating appliances plants. The only other decline of importance in industry occurred in logging, in the Ontario-Quebec district, due to further closing down of camps. Minor contractions occurred in lumber, principally in Ontario mills and carriage factories, and in retail trade, largely in Ontario and Quebec. These industries which showed the most marked improvement over the previous week were railway construction, pulp and paper products, canning and sugar refining.

The first of these showed its gains chiefly in the Prairie provinces; the second recorded increases mainly in the Ontario-Quebec district, largely in fibres, board, the third involved seasonal expansion in fruit and vegetable canning in Ontario and British Columbia and some refineries in Quebec. The textile industry showed moderate gains chiefly in garments

and personal furnishings, hosiery and knit goods in Ontario factories. Moderate increases were recorded in water transportation, divided between Nova Scotia and British Columbia. In coal mining, Nova Scotia fields registered minor losses, which, however, were more than offset by gains in Alberta, the balance as between the two districts being favorable. Hotel service continued to show seasonal increase, and telephone operation recorded a minor expansion. Building construction showed very little change except in the province of Quebec; even in that province only nominal increases occurred.

Summary Occupations. Compared with the corresponding week of last year the majority of industries showed lessened employment exceptions being local and water transportation and hotel service. The most unfavorable comparisons in this respect were shown by iron and steel products, textiles and leather. Compared with the preceding week, the western provinces alone showed favorable balances. In the Maritime district the chief items of interest were an expansion in water transportation and on a smaller scale, in railway construction, with decreases in coal mining and fish canning and packing. The index number of employment in this district was 94.1, as compared with 111.5 for the same week in 1920. In the Ontario-Quebec district the temporary shut downs in railway shops over-balanced all other movements. In addition there were further reductions in logging, while the lumber industry and retail trade reported minor contractions. There was a noticeable increase in the pulp and paper industries, and others were quite so substantial in textiles, canning and railway construction. Minor gains were recorded by beans, brasses and copper plants. The index number for this district was 84.8, as against 107.6 for the same period last year. In the Prairie provinces there were no contractions of note. Two expansions of some importance occurred, one in coal mining and the other in railway construction. The index number of employment was 92.3 as compared with 109.1 for the corresponding week in 1920. In British Columbia the index number was 95.1 as against 107.2 last year. In this province the only changes of any importance were in the form of expansions, in fruit canning, fish canning and water transportation respectively.

## BETTY

By Grace Livingston Hill (Mrs. Lutz)  
Author of "The Search," "Marie Schuyler," "The Enchanted Barn," etc.

"Oh!" said Betty, toppling into a chair near by. "I guess—I'm not afraid of you, I just didn't know who you might be—She stopped, caught her breath and tried to laugh, but it ended sadly, almost in a sob. "Well, I don't wonder," said Reburn, trying to find something reassuring to say. "The truth is, I was rather upset about you. I didn't quite know who you might turn out to be, you see!"

"Oh!" Betty's hand slipped up to her throat, and her lips quivered as she tried to smile. "Please don't feel that way," he said, "or I'll go away at once." He was summing up all his courage and hoping she wasn't going to break down and cry. How little she was, and sweet! Her eyes pleaded, just as they did in that one look in the church. How could anybody be unkind to her?"

"I'm quite all right," said Betty with a forced smile, sitting up very straight. "Perhaps I'd better introduce myself," he said, trying to speak in a very commonplace tone. "My name is Betty, and my friend Miss Jane Carson sent out to see if I could be of any service to you. It may possibly be things a little easier for you if I explain that while I never had heard of you before, and have no possible connection with your family or friends, I happened to be at your wedding!"

"Oh!" said Betty with a little agonized breath. "I know now Mrs. Bryce Cochran," he asked. Betty could not have got any whiter, but her eyes seemed to blanch a trifle. "A little," she said in a very small voice. "Well, she is my cousin."

"Warren Reburn sprang to his feet in horror, a flame of anger leaping into his eyes. "Five thousand dollars be hanged!" he said fiercely. "Do I look like that kind of fellow? It may seem awfully queer to you for an utter stranger to be butting into your affairs like this unless I did have some other motive, but I swear to you that I have none. I came out here solely because I saw that you were in great likelihood of being found guilty of a crime which would have sent you away for life. My only business was to see that you were not found guilty of it. I stood where I could watch your face when you came up the aisle at your wedding, and something in your eyes just before you dropped made me wish I could knock that bridegroom down and take care of you somehow until you got that hurt look out of your face. I know it was rather ridiculous for an utter stranger to presume so far, but when I saw that the deaths were out after you, and when the knowledge of your whereabouts was put into my hands without the seeking, I wouldn't have been a man if I hadn't come and offered my services. I'm not a very great lawyer, nor even a very rising one, as your Miss Carson seems to think, but I'm a man with a soul to protect, and a woman who is in danger, and if that's you, I'm at your service. If not, you're only to say so and I'll take the next train home and keep my mouth shut!"

"He took his watch out and looked at it hastily, although he had not the slightest idea what it registered, nor what time the next train for home left. He looked very tall and strong and commanding as he stood in his dignity, waiting for her answer, and Betty looked up like a little child and trusted him.

"Oh! Please forgive me!" she cried. "I've been so frightened, ever since Bob came after me. I couldn't think you had come for any good, because I didn't know any one in the world who would want to help me." "Certainly!" said Warren Reburn, with a lump in his throat, sitting down quickly to hide his emotion. "Please consider me a friend, and command me."

"Thank you," said Betty taking a deep breath and trying to crowd back the tears. "I'm afraid there isn't any way to help me, but I'm glad to have a friend, and I'm sorry I was so rude."

## HOW WOMEN OF MIDDLE AGE

May Escape the Dreaded Sufferings of That Period by Taking Mrs. Block's Advice.

ROBERT BLOCK, Box 542, Hopkins, Minn.  
It has been said that not one woman in a thousand passes this perfectly natural change without experiencing a train of very annoying and sometimes painful symptoms. Those who are afflicted with sinking spells, spots before the eyes, dizzy spells, nervousness, are only a few of the symptoms. Every woman at this age should profit by Mrs. Block's experience and try Lydia E. Pinkham's Vegetable Compound.

## ARMY AND NAVY CASE ARGUED IN VANCOUVER

Court Reserves Judgment on Important Beer Selling Case

Judgment was reserved by Mr. Justice Macdonald in Vancouver at the conclusion of argument Friday afternoon on an application for a writ of prohibition to prevent the continuance of the prosecution of the Army and Navy Veterans in Canada (Victoria Unit), for an infraction of the Government Liquor Act. The club was charged with unlawfully selling beer.

Upon resumption of the hearing in the afternoon E. C. Mayers, counsel for the Government, contended the validity of the Government Liquor Act involved the re-enactment of the Prohibition Act. The Legislature, he said, never intended the latter statute to be repealed unless some substantial act, covering the same salient features, were to succeed it. It was impossible, he contended, to separate the Government Liquor Act, and differentiate between control and sale, the substantive purposes of the act. Even he said, if the sections governing the sale were valid, those dealing with control have been held valid in a number of cases, involving the same legal questions.

Acts Stand Together. Elaborating his argument that the act was constitutional, he said that the Prohibition Act were identical in principle and the only difference was one of detail. In both acts it was apparent the Government was engaging in the liquor traffic. If the Prohibition Act was valid, then the Government Control Act must also be held valid. By the Prohibition Act the Government vendor was empowered to sell liquor. That act, like the Government Liquor Act, was also held valid by the judicial committee of the Privy Council in the case of Canadian Pacific Wine Company vs. Tuley and others, where it was held that no opportunity would have been missed by counsel for the appellants on that occasion, particularly counsel like Sir John Simon, to attack the legality of the act on every possible ground, including the powers of the Provincial Legislature. That decision, he said, disposed of the question whether "trade and commerce," delegated to the Parliament of Canada, had been infringed upon by the British Columbia Parliament.

The Court—Did the Government create the liquor business under the Prohibition Act? Mr. Mayers—It clearly did so. Counsel proceeded to read sections from the Prohibition Act authorizing the sale of liquor. Anyway, said Mr. Mayers, the Government Liquor Act could be held valid by coming within the following clauses of the British North America Act, allotting certain powers to provincial legislatures. They were taken away by the Prohibition Act.

## CONRAD STATES HE WALKED BENT OVER

After Suffering Thirty Years From Rheumatism Regina Man Has Found Entire Relief

"Rheumatism had me in its clutches for thirty years, and I had given up hope of ever getting rid of it, but Tanlac has completely knocked it out," said B. S. Conrad, 12 Mickelborough Block, Regina, Sask.

"Up to the time I got Tanlac the medicines I took for my rheumatism had about as much effect as water. At every change in the weather I got worse, and on damp, rainy days I suffered agony. Every Summer I had hay fever, too, and caught cold very easily. I was losing in weight, had no appetite, and was so weak and run down I couldn't see anything in front of me, but more years of misery. I walked all bent over, and just dragged my feet along as if they were made of lead. I was so nervous and my shoulders and chest hurt me so bad that I could get very little sleep."

"The first thing that Tanlac did for me was to give me an appetite, and then it put my stomach in such first-class shape that everything I ate agreed with me. This medicine practically made me over new. Just think of it. After thirty years to get rid of the rheumatism and not have a twinge, not even in damp weather, Tanlac did a hundred per cent. job for me, and now I don't even have to take laxatives. I not only got rid of the rheumatism, but am brimful of energy now, walk with my head up and my shoulders thrown back and feel good and clean to my finger tips. I have gained fifteen pounds in weight too. I am glad to recommend Tanlac, and I feel it my duty to let other people know what my experience has been."

Tanlac is sold in Victoria by Duncan E. Campbell and leading druggists everywhere.

Tacoma Won Double-Header Yesterday, Beating Both Hansen and Wallace, Tigers Now Have Firm Grip on First Place; Bankhead Is Hitting Well, Annexing Another Homer and Two Doubles Yesterday.

First Game—Tacoma, 3; Victoria, 1. Second Game—Tacoma, 4; Victoria, 3.

Tacoma, Aug. 1.—The Tacoma Tigers won both games of a snappy double-header from the Victoria Bees yesterday, thereby enabling the locals to break even on the six-game series and maintain a fairly good grip on first place.

Tacoma found Elmer Hansen for ten blows, while the Victoria hitters were able to collect seven off Gibson.

In the second contest the hits were almost evenly divided, but Tacoma's bingles came at opportune moments.

Bankhead Hits

Gibson opposed Hansen in the opening game and the Victoria hitters did not find him as easy as they did in the opening game. Bankhead was the only man who could do anything with his offerings.

Tacoma found Elmer Hansen for ten blows, while the Victoria hitters were able to collect seven off Gibson.

In the second contest the hits were almost evenly divided, but Tacoma's bingles came at opportune moments.

KNIGHTS SPILLED SPEEDY YARROWS

Dope in Amateur Ball League Upset by Hitting Rally in Ninth Inning

Yarrows Must Win All Remaining Games If They Wish to Cop Pennant

The Knights of Columbus sprang a big surprise in the Amateur Baseball League when they defeated Yarrows 10 to 9 at the Stadium Saturday afternoon.

With this loss chalked up against them, Yarrows will have to fight for every game during the rest of the season, and many of the fans are assured that they will deliver the goods and come out on top of the heap at the finish.

McGregor's return to form has put much joy in the Yarrows camp, and "Yummy" can be depended on to do his share when he is called upon.

Looking upon the other side of the coin, the Knights are again ready to take his turn on the mound, and the Elks will no doubt use him in both games against the Shipbuilders.

Odds Will Be Shown On Horses In Races

"Totalizer," Latest Innovation on Race Tracks, to Be Introduced Here; First Races at Willows Will Be Held on Saturday Next; Only Best Horses to Be Brought Here, Says Herb Fullerton.

The latest innovation in connection with the race track, the "Totalizer," was introduced to Victoria fans at the opening Summer race meet at the Willows next Saturday.

The board is now under course of construction at the Willows, and will be completed early this week. All bets made on early starter are registered on the Totalizer and as several expert calculators have been engaged the fans will receive three and four bulletins concerning the betting before each event.

The Totalizer was not utilized at Brighouse this Summer, but Hastings Park officials introduced it last Wednesday. Vancouver fans immediately gave it their unqualified approval with the result that the meet on the half mile track at the exhibition grounds on the Mainland is proving to be the most successful ever conducted there.

Marjorie Leeming Is Star of Tennis Week

Won Ladies' Singles Championship, Paired With Mrs. Rickaby In Winning Ladies' Doubles, and Then Helped Vickery to Win Mixed Doubles at Willows Courts on Saturday Afternoon.

Miss Marjorie Leeming, the sensational young Victoria tennis player, was the leading figure in the concluding day's play of the British Columbia tennis championships at the Willows courts on Saturday.

Miss Leeming began her afternoon's work by winning the ladies' singles in a spirited contest with Miss Lawson, a former champion. She dropped the first set to her opponent, but came back with a vengeance, forcing the play and winning the next two sets.

CONSTANCE TALMADGE  
AT ROYAL VICTORIA

"The Perfect Woman" Will Be Presented This Week

Constance Talmadge as Mary Blake in the latest First National Attraction, "The Perfect Woman," written by John Emerson and Anita Loos, has for a starring vehicle one of the most humorous and entertaining stories ever written for this inimitable comedienne.

The development of the plot, in which Mary finds herself in the home of Jim Stanhope, the man she was determined to vamp, and a thrilling little episode in which four Bolsheviks have a prominent part, combine to blend the humor with the most pleasing kind of suspense.

This picture, which will be shown at the Royal Victoria, for six days, commencing to-day, indicates that the popular taste in motion picture comedy is constantly demanding

something light and refreshing without burlesque or slapstick to win laughter and approval.

The management have also much pleasure in announcing that they have engaged the well known Victorian singer J. Petch who will sing "Little Mother of Mine" and "Invictus," the programme will also contain a popular Toomeville comedy entitled "The Skipper Has His Fling" and a "Bruce Scene."

## MARMOSETS GIVEN TO MARION DAVIES

Marion Davies' latest pets are two marmosets given to her by an admirer in South America. They visit with Cosmo, the Cosmopolitan Productions' Studio cat, and Skinny, the studio dog, for the star's favor.

## NEWEST DANIELS COMEDY IS HERE

"Ducks and Drakes" at Dominion This Week

Bebe Daniels, Reall's "good little bad girl," and incidentally one of that company's most alluring and gifted stars, will please at the Dominion this week when she appears in "Ducks and Drakes," an Elmer Harris comedy of the most uproarious description.

Miss Daniels has the role of an irresponsible young heiress who almost drives her guardian to distraction by her naughty habit of calling random numbers on the telephone and flirting with all the pleasant-sounding masculine voices that answer her.

The young woman has a fiance, and he, too, knows about her wire flirtations. Unlike the chaperon, however, he is far from distracted about it. Being an efficient young business man, he merely applies business efficiency to the problem, and cures her of her bad habit by the simple expedient of enlisting the aid of some of his men friends.

The final fade-out reveals a contrite and very demure little bride, who vows that one man will be

enough to make her happy for the rest of her days.

Harold Lloyd Also There  
Most conspicuous "Among Those Present" on the programme at the Dominion Theatre this week is Harold Lloyd, the popular young comedian who has taught the world how to laugh from ear to ear without blushing.

It is a three-reel Associated Exhibitors' comedy, telling the story of a hotel "button" who is suddenly placed in another man's shoes, and finds them a misfit.

Mildred Davis is Harold Lloyd's winsome leading lady. The remainder of the cast includes Aggie Herring, James Kelly, Vera White and William Gillette. The story of "Among Those Present" is by Sam Taylor. The titles are in H. M. Walker's best comedy vein.

## "JIM'S GIRL" TO BE PLAYED AT PRINCESS

"Jim's Girl" will be the next play produced at the Princess Theatre and its plot and all its clever situations are decidedly what the show going public of Victoria will be sure to appreciate. Aside from being a clever play there will be some good musical numbers scattered through, and the part of the French girl is well suited to Miss Page. Mr. Elton and Mr. Alden will be seen in two quarrelsome old men. Mr. Cooks plays Jim and Mr. Jaxon as his pal. Mr. Campbell as Butech, the political boss, and Stanley McKay as his son will have splendid parts.

## FOUNDATIONS FOR SUSPICION

The scene was on a river in Canada, says Answers. Bert had been sending logs down the chute to the sawmill for several hours when the boss came along.

"This job's too much for one man," Bert complained.

"All right," said the boss. "I'll send Bill along to help you."

An hour passed and the boss came up to this point again. Bert made the same complaint again.

"This job's too much for one man," Bert said.

"But I sent Bill to help you," asserted the boss. "Where is he now?"

"Bill? He ain't been here for some time. He fell between two logs. I think he has left this job."

## LOUIS BENNISON IS AT COLUMBIA

"Speedy Meade" is Story of Texas Ranger

Once again Louis Bennison shows himself a true son of the West. This time it is in "Speedy Meade," newest in his series of Betwood productions, that the smiling cowboy star exudes his breezy charm and infectious humor, that have established him as one of the most popular screen stars of the day. In "Speedy Meade" which comes to-day to the Columbia Theatre.

Bennison has the role of Speedy Meade, a Texas ranger famed for his recklessness and ability to finish any job he starts. He is assigned the task of rounding up a band of cattle thieves on the border. Bidding goodbye to his sweetheart, Mary Dillman, a student in a country convent school, Meade sets out on his man-size task. While trailing the outfit, Speedy is shocked to learn that the abductor of the robber band is Henry Dillman, father of his sweetheart. A still greater shock comes to Meade when he comes across Mary in a lonely road near the scene of the crooks' operations in the dead of night. Her father has turned her out of the house. Speedy enlists her aid for the task he knows must come with the cattle thieves.

How this slip of a girl helps her hot-hearted sweetheart in his eagerness to buy one desperate plunderer after another brings a series of thrills and a smashing climax.

## BUSTER KEATON NOW AT VARIETY

Will Star in "The Saphead" in Comedy Drama

Buster Keaton, co-star with William H. Crane in Metro's production of "The Saphead," showing at the Variety Theatre to-day, has started work at Hollywood, Cal., on a series of two-reel comedies.

The comedies are being filmed on the studio grounds formerly occupied by the Capitol Film Company, and now taken over by the Metro. The Capitol grounds are the site of the early triumphs of Charlie Chaplin and Roscoe Arbuckle.

The new Keaton comedies will serve as successors to those produced by Roscoe Arbuckle. The short Arbuckle comedies have been abandoned in order to permit the heavy-weight comedian to make five-reel features. Arbuckle announced six months ago that he would cease making the shorter, comic and soon as his successor could be found. Now he has decided that Buster Keaton is the man to carry on the slapstick joys of the kind of comics in which he has appeared.

Keaton is under contract for a period of years. The contract calls for eight two-reel comedies a year. The pictures are to be made at Metro studios and to be released by Metro. They are produced under the management of Lou Adolph. Keaton is starred at the head of a specially selected company of screen fun-makers.

## TRAINED ANIMALS TO SHOW HERE

Quadrupeds Will Be at the Stadium Wednesday and Thursday

Offering all that is new, novel and up-to-date in the presentation of scenic performances, Christie Bros. Greater United Wild Animal Shows will exhibit in Victoria for two days starting Wednesday, August 3, giving two performances daily, 2 and 8 p. m., at the Stadium grounds.

Great will be the joy of all Victoria kids from six to sixty, for whenever the mammoth tents are set up, with their acres of canvas, staked guy ropes and flying pennants, grouped wagons and outside stands it sends a thrill through the community that is obtained from no other source. It brings out the kid that is in all of us, it restores youth for a day at least. We neglect business and stifle a self-accusing conscience, invent near plausible excuses for a visit to the show grounds just to look at the crowds, and then find, when once within the magic circle of the tented city, that routine duties and weekday details fade away and become of small importance in this land of music and mirth and sights that thrill.

The old time-honored excuse of going because of the beautiful horses, or taking Johnny to see the animals, or so educational, will be doubly effective this year and the season-long party who feared to venture beyond the collection of cages into the realm of tinsel and lights, may satisfy that twinge of conscience because he must go into the big show to see those wonderful wild animals perform in the mammoth steel arena.

Christie Bros. staff of animal trainers are this year presenting never-tiring, awe-inspiring exhibitions with their large groups of lions, snarling boars from the African jungles, and then there are the many sets of displays by pretty prancing ponies.

was quite one of the features of last week's entertainment.

Mr. Dave Dumbleton needs no introduction to the Victoria public, and his share of the performance is carried through in his usual inimitable style. His song and dance "It's Doing Me Good," was very enthusiastically received.

That delightful contrast, Miss Kathleen Macdonald again delighted her audience with her charming rendering of "Love Among the Ruins" and "Just a Song at Twilight."

Mr. Joe Halg, who possesses a tenor voice of much quality, and moreover, knows how to use it, received quite an ovation for his "Little Crumbs of Happiness" and "The Sunshine of Your Smile."

Dainty Peggy Lewis, the able and capable leader of this clever little company, again charmed her audience with her chic little song "Wouldn't You Like to Teach Me?" This week they are specially featuring their Pierrot show with two funny sketches, with entirely new songs, new scenery and new dresses. On Thursday they are putting on a competition for adults (18 years and over), when the turns considered the best will receive money prizes.

The children's competition will be held as usual on Thursday. Peggy's Pierrots show daily at 8 o'clock and 8:30 p.m.

ADDITION TO CAST OF "FIND THE WOMAN"

Henry Sedley has been added to the cast of "Find the Woman," the Arthur Somers Roche story which Tom Ferriss is directing at W. R. Hearst's Astoria, Long Island, studio. The cast includes Alma Rubens, Eileen Huban, Ethel Duray, Harrison Ford, Norman Kerry and George MacQuarrie.

beautiful dancing horses and hundreds of domesticated animals.

Scores of arctic stars present their daring and sensational exhibitions of skill and daring in all parts of the big tent. Last but not least, the riot of fun in an endless chain with their many skits, sketches and travesties.

Competent lecturers conduct personal tours through the animal exhibit, giving brief outlines of each species represented, their habitat, etc. For the children attending the afternoon performance, Christy Bros. are allowing their usual custom of giving the little ones free elephant and pony rides.

A monster free outside exhibition will be given on the show grounds preceding each of the four performances given in Victoria.

## PEGGY'S PIERROTS AT THE GORGE

Delightful Company Continues to Win Popularity

Peggy's Pierrots continue to afford much pleasure to patrons of the Gorge Park with their bright little show.

Mr. Syd. Crosby is as funny as ever, and is quite one of the best comedians Victoria possesses. His rendering of "The One-Man Band,"

**Native Platinum**  
Native platinum in leaves or plates, believed to be the first occurrence of the kind in Canada has been found in a mine which is just being started in the workings 500 feet from the surface, the Drum Lummon mine (Douglas Channel) on the northern coast, according to reports received by W. Porrious Sloan from Glenville A. Collins, general manager of the company, and from other officials. Mr. Collins is just back in Vancouver from a trip of inspection to the property.  
Mr. Sloan states that the finding of platinum was no surprise, as previous indications had pointed to the presence of platinum and possibly other members of the platinum family, but the form in which it occurred was unexpected. The main vein of the property is a big pegmatite dyke, which has been developed by both surface operations and underground work.  
The Drum Lummon mine is a gold property in the Skeena district, half way between Hartley Bay and Killisnoo. It is located one mile from the beach, and a mill, which was started two years ago, is being developed and added to, till, with improvements now contemplated, it will have a capacity of 100 tons per day.

**Mineral Survey**  
J. D. Galloway left last week for an extended automobile tour through the Cariboo and Prince George to examine mining properties. He will be accompanied by Mrs. Galloway.  
**Reports Three New Seams**  
O. A. Thomas, manager of the Chu Chua coal mine, was in Kamloops Thursday on route to the coast to procure a hoist and other development equipment. He reports the discovery of three new seams of fine coal and says that a full crew is now at work developing the property into a commercial mine.

**Sustained Tonnage Necessary**  
That sufficient development work has been done to warrant the declaration that the Keno Hill section of the Mayo district will produce high grade ore for several years, but that nothing has yet been uncovered that assures sustained production of large tonnage for a long period of years is the declaration of James O. Greenman, engineer in charge of the Yukon Gold Corporation's operations there. The Yukon Gold Corporation has done several thousand feet of development work and is pushing the work as fast as possible with the facilities at its command. It has shipped 2,500 tons of high grade ore this year, and is preparing for mining for shipment next year.

**Labour Shortage at Mayo**  
Mr. Greenman, who has come south on a holiday, says there is a shortage of hard rock miners in Mayo district. The prevailing wages there are \$5 a day with board and lodging. The district is attracting a great number of people from other sections of Yukon Territory, and many former Yukon miners have returned to the Territory to prospect or work in that country. Mayo is becoming quite a town. Tents are going up every where and many good cabins have been built. Mayo is the terminus of river navigation for the mining district. Keno is the town in the actual mining field, and there conditions, as far as the town are concerned, are similar to those at Mayo. Mr. Greenman says there are now 300 or 400 people in the district.

**Longest Shipment of Ore**  
Mr. Greenman says the Yukon Gold Corporation is shipping its ore to the Shelby Smelter at San Francisco via St. Michael, a distance of 5,000 miles. It is the longest distance any mine in the world is shipping crude ore for treatment. Through a special permit the Canadian Government made Mayo a sub-port of entry and permitted American vessels to come up the river and take the ore on at that place and carry it to St. Michael. Here it will be transferred to ocean vessels for shipment to San Francisco—Prince Rupert News.

**Conference on Christian Living**  
and serving in all our Presbyteries in August or September dealing especially with the cultivation of our own inner life with God.  
"2. A day of prayer for self-recollection and re-dedication; October 1 has been suggested as this day."  
"3. A series of addresses on Christian Stewardship in October and November."  
"4. Participation in conference or educational evangelism arranged by the religious educational council."  
"5. Every person canvas in early part of December for current revenue and for budget."  
"6. From New York to Easter a time of ingathering."  
"7. The whole to be followed by a life-service appeal after Easter."

**LIME IN AGRICULTURE**  
The use of lime in proper quantity in proper quality, and at the proper time will prove beneficial to most soils. Used otherwise, its effects are the reverse. That there may be no lack of knowledge on the subject, there has been issued by the Department of Agriculture at Ottawa a revised edition of a bulletin entitled "Lime in Agriculture," in which the Dominion Chemist, Dr. P. T. Shutt, has dealt comprehensively with the subject. From this bulletin it is learned that there are several classes of lime, such as quick lime, burnt lime, caustic lime, stone lime, etc., also that limestone of excellent quality which is to be found in many parts of Canada, especially in the East and at some points in British Columbia. Some exists in Manitoba in the vicinity of Lake Winnipeg and Winnipegosis. Otherwise there is none available on the prairie. What is known as lime kiln refuse is sometimes sold as "Agricultural Lime," but the advice is tendered that purchases should be made only on analysis as to the percentage of quick lime, carbonate of lime, etc. present. The chief objects of the application of lime or carbonate of lime are the neutralization of sourness and the improvement of the mechanical condition of soils. The characteristic of the soils that should be treated are pointed out and the influence of lime explained. The comparative values of the different kinds are set forth as well as the methods of application. Attention is given to the use and misuses of lime and results from detailed experiments. A table shows the composition of limestone found in fourteen places in New Brunswick, nine in Quebec, six in British Columbia, nine in Nova Scotia and ten in Ontario. Prince Edward Island is also shown to have deposits.

**IN THE BEGINNING**  
It was a beautiful New Year morning in the Stone Age.  
"Hey, Strongarm," said Halry Face, "Lead me your crowbar, will you?"  
"Whatta you want with it?" asked Strongarm.  
"I wants take it home," informed Halry Face, "to turn over a new leaf."—Chicago Herald.

**FOR CHILDREN THE SANDMAN STORY FOR TONIGHT**  
TWO LITTLE DEWDROPS  
Two little drops of dew resting on a rosebush one morning trembled with delight as the rays of Mr. Sun came shimmering through the garden trees.  
"Ah, we shall soon be beautiful," said one; "all the colors of the lovely rainbow will soon be ours. Come, let us creep out from under this leaf where the sun can fall upon us."  
But the other little dewdrop trembling said: "Sister, I am afraid the sun will burn us, for its rays will grow warm and though for a while we shall be beautiful I am sure we shall soon be destroyed."  
"Let us stay under this leaf and help the rosebush to grow. I shall try to find the heart of the rose and nestle close. I am sure I shall live longer there, even if I am not as beautiful as the rays of the sun would make me."  
"Oh, fie, sisters, why are you so silly?" said the other dewdrop. "I'd rather be beautiful for a little while than let the rose hold me close to her heart. She will get all the credit for beauty and no one will ever know about you."  
"No, I shall creep down the stem of this rose and catch the rays of the sun and all who see me will say, 'How beautiful!' when they behold me."  
Down the stem rolled the vain little dewdrop and soon it was from under the protecting leaf where its sister was trembling.  
Soon the warm sun found it and its wish was granted—all the beautiful colors of the rainbow now belonged to the little dewdrop and it was happy.  
The other little drop nestled close to the rose leaf and soon it dropped down deep into the very heart of the opening flower and was out of sight, but it sank so deep that the rose grew sweet and a passing bee stopped to tell the rose it was the prettiest and sweetest flower in the garden.  
"That is because a little dewdrop nestled in my heart, making me happy," said the rose. "This morning I had two, but one did not stay; it crept down my stem to meet the sun so that it might grow beautiful with the rainbow colors, but the other stayed with me and I owe to it a duty for its goodness."  
"I must grow beautiful and sweet for the dewdrop and myself to repay it, and if as you say, Mr. Bee, I am the prettiest and sweetest flower in the garden this morning, it is because a dewdrop nestled in my heart."  
Mr. Bee buzzed away. He did not tell the rose that the little dewdrop that had rolled from under the leaf to meet the sun was no more; he knew that the little dewdrop in the heart of the rose would be sad when it learned the fate of its sister, and because it had chosen so wisely what to do that morning he wished it to be happy.

will set a high water mark in comedy pictures at the Royal this week.

VANCOUVER ISLAND NEWS

**Courtenay**—J. M. Young has been appointed principal of the Courtenay High School in place of A. P. Carter, who has resigned. Mr. Young, who is not married, is a graduate of the University of Toronto in English History and Modern, and holds an academic certificate. He has had eight years' experience in scholastic profession in Ontario, on the Prairies and latterly in B. C. at Port Alice on Quatsino Sound. He comes to Courtenay highly recommended.

**Nanaimo**—The report of Miss Pauline Ross, superintendent of the Nanaimo Hospital, was presented at the annual meeting last week. It showed:  
Total number of hospital days for year 1920-21, 13,700, an increase of about 500 days; treatment: surgical, 808; medical, 255; obstetrical, 190; X-ray, 414; greatest number of patients at one time, 49; fewest at one time, 20; admitted, 1,327; patients remaining over year, 22; deaths during year, 25. This makes practically less than two percent death rate for the year.  
The financial statement presented to the meeting by Secretary Shaw follows:  
Receipts, \$25,847.74  
Disbursements, \$25,847.74  
Special account (New Hospital Fund), \$2,428.31  
Supplementary report, (New Hospital Fund); assets, \$3,711.54  
Liabilities, nil  
Assets, \$31,926.63  
Liabilities, nil  
Assets over liabilities, \$31,926.63.  
Commodore's Maroon.  
Courtenay—The Courtenay branch of the Canadian Bank of Commerce has now hung in their office a handsome bronze shield upon which are embossed the names of Warrant Officer C. O. S. Neary and Gunner A. D. C. Hilton who volunteered from this branch for service overseas.

PRESBYTERIANS RAISED \$4,460,000 LAST YEAR

A letter has been sent to all the Presbyterian ministers of British Columbia by Rev. A. E. Mitchell, convenor of the general interests committee, dealing with matters of finance and forward movement.  
The statement is made that the total givings of the Presbyterian Church for maintenance, equipment and extension for 1920 amounted to \$4,464,846, the B. C. Synod continued

Mrs. Noble Takes Adler-i-ka!

"My wife had stomach trouble for years and nothing gave relief. After taking Adler-i-ka, she is in the best of health and eats splendidly."  
(Signed) F. M. Noble.  
Adler-i-ka acts on BOTH upper and lower bowel, removing foul matter which poisoned stomach. Brings out all gases, relieving pressure on heart and other organs. EXCELLENT for gas on the stomach or sour stomach. Removes surprising amount of food decaying matter which you never thought was in your system. Prevents appendicitis. Ivel's Pharmacy, corner View and Douglas; Hall & Co., 702 Yates Street. (Adv.)

**LIME IN AGRICULTURE**  
The use of lime in proper quantity in proper quality, and at the proper time will prove beneficial to most soils. Used otherwise, its effects are the reverse. That there may be no lack of knowledge on the subject, there has been issued by the Department of Agriculture at Ottawa a revised edition of a bulletin entitled "Lime in Agriculture," in which the Dominion Chemist, Dr. P. T. Shutt, has dealt comprehensively with the subject. From this bulletin it is learned that there are several classes of lime, such as quick lime, burnt lime, caustic lime, stone lime, etc., also that limestone of excellent quality which is to be found in many parts of Canada, especially in the East and at some points in British Columbia. Some exists in Manitoba in the vicinity of Lake Winnipeg and Winnipegosis. Otherwise there is none available on the prairie. What is known as lime kiln refuse is sometimes sold as "Agricultural Lime," but the advice is tendered that purchases should be made only on analysis as to the percentage of quick lime, carbonate of lime, etc. present. The chief objects of the application of lime or carbonate of lime are the neutralization of sourness and the improvement of the mechanical condition of soils. The characteristic of the soils that should be treated are pointed out and the influence of lime explained. The comparative values of the different kinds are set forth as well as the methods of application. Attention is given to the use and misuses of lime and results from detailed experiments. A table shows the composition of limestone found in fourteen places in New Brunswick, nine in Quebec, six in British Columbia, nine in Nova Scotia and ten in Ontario. Prince Edward Island is also shown to have deposits.

**FOR CHILDREN THE SANDMAN STORY FOR TONIGHT**  
TWO LITTLE DEWDROPS  
Two little drops of dew resting on a rosebush one morning trembled with delight as the rays of Mr. Sun came shimmering through the garden trees.  
"Ah, we shall soon be beautiful," said one; "all the colors of the lovely rainbow will soon be ours. Come, let us creep out from under this leaf where the sun can fall upon us."  
But the other little dewdrop trembling said: "Sister, I am afraid the sun will burn us, for its rays will grow warm and though for a while we shall be beautiful I am sure we shall soon be destroyed."  
"Let us stay under this leaf and help the rosebush to grow. I shall try to find the heart of the rose and nestle close. I am sure I shall live longer there, even if I am not as beautiful as the rays of the sun would make me."  
"Oh, fie, sisters, why are you so silly?" said the other dewdrop. "I'd rather be beautiful for a little while than let the rose hold me close to her heart. She will get all the credit for beauty and no one will ever know about you."  
"No, I shall creep down the stem of this rose and catch the rays of the sun and all who see me will say, 'How beautiful!' when they behold me."  
Down the stem rolled the vain little dewdrop and soon it was from under the protecting leaf where its sister was trembling.  
Soon the warm sun found it and its wish was granted—all the beautiful colors of the rainbow now belonged to the little dewdrop and it was happy.  
The other little drop nestled close to the rose leaf and soon it dropped down deep into the very heart of the opening flower and was out of sight, but it sank so deep that the rose grew sweet and a passing bee stopped to tell the rose it was the prettiest and sweetest flower in the garden.  
"That is because a little dewdrop nestled in my heart, making me happy," said the rose. "This morning I had two, but one did not stay; it crept down my stem to meet the sun so that it might grow beautiful with the rainbow colors, but the other stayed with me and I owe to it a duty for its goodness."  
"I must grow beautiful and sweet for the dewdrop and myself to repay it, and if as you say, Mr. Bee, I am the prettiest and sweetest flower in the garden this morning, it is because a dewdrop nestled in my heart."  
Mr. Bee buzzed away. He did not tell the rose that the little dewdrop that had rolled from under the leaf to meet the sun was no more; he knew that the little dewdrop in the heart of the rose would be sad when it learned the fate of its sister, and because it had chosen so wisely what to do that morning he wished it to be happy.

# LOOK! WHAT BARGAINS!

Yes, the "PEOPLE'S SHOE STOCK" is being slaughtered at the Old Country Shoe Store, and that is the reason our prices are so low and our bargains so big. See our windows.

**CONGOS AND INCOGS RETURNED WINNERS**

Albions and Veterans defeated on Saturday; Victoria beat Cowichan

Incogs and Congos were returned winners in Saturday's cricket matches. The Incogs had an easy time disposing of the Army and Navy Veterans and ran up a total of 262 for seven wickets, including a 66 not out by Lipton. The veterans were unable to respond with anything like a good score.

The Congos and Albions had an interesting match at the Willows, the former eventually winning by 167 to 123. Davies batted freely for 71 for the Congos and Tucker went along the 49. Bosom with a 42 led the Albion batsmen.

Cowichan was weak in a friendly match Victoria succeeded in defeating the Cowichan Cricket Club by a big score. The match was played at the Jubilee grounds and Victoria won by ten wickets.

In the first inning the local team scored 179, including Jack Matson's 101. Cowichan responded with but 35. In the second inning Cowichan did better, hitting with more ease and ran up 148. Victoria secured enough runs in the second inning to win without losing a wicket.

## S.S. Canadian Exporter Drives Ashore In Fog On Exposed Oregon Coast

### Salvage Steamship Algerine Rushed to Assistance of Canadian Government Vessel on Sandbar Near Astoria; Superintendent of Government Fleet Made Connections With Salvage Ship By Seaplane.

Practical use of the modern flying machine was demonstrated coincident with marine salvage operations yesterday afternoon when Capt. W. B. Finglass, marine superintendent of the Canadian Government Merchant Marine, flew from Vancouver to Victoria in one of the big seaplanes of the Canadian Air Board piloted by Major A. E. Godfrey, M.C., to board the Pacific Salvage Company's salvage steamship Algerine, which cleared at 5 o'clock last evening to aid the C. G. M. steamship Canadian Exporter, ashore on the Oregon coast.

The Canadian Exporter went ashore yesterday at about 10:20 p.m. at Astoria, Ore., while bound from Vancouver for Portland to complete cargo for the Far East.

Word of the mishap reached the Pacific Salvage Company here about 4 o'clock yesterday afternoon and within an hour the salvage vessel Algerine was under way and bound for the scene of the marine casualty.

In the meantime Capt. Finglass had left Vancouver by seaplane and within an hour the salvage vessel Algerine was under way and bound for the scene of the marine casualty.

Early reports indicate that the Canadian Exporter is in no immediate danger, as Capt. Bradley of the Canadian Exporter, reported that the sea was smooth and he believed that the ship could be floated without difficulty.

When the Exporter hit the sandbar, Capt. Bradley dropped anchor and water ballast was pumped from the stranded vessel's tanks with the object of lightening her.

Before a Canadian salvage vessel can enter American waters to assist a vessel in distress, special permission has to be secured from the United States government. This was done with the departure of the Algerine.

The Algerine went out under the command of Capt. Hewison and carried a crew of 59 men, who were assembled in record time. Capt. W. H. Logan, of the London Salvage Association, went out to supervise the salvage operations.

The Canadian Exporter is one of the Canadian Government Merchant Marine freighters which hitherto has been operated in the Australian trade out of British Columbia ports. She was built at the Vancouver plant of Coughlan & Sons, and is 400 feet long, 32.4 ft beam, with a depth of 23.5 ft.

The majority of the members of the crew of the Canadian Exporter, numbering 44 in all, are non-union men, aboard for the first time. The Seamen's Union declined to recognize the reduced scale of wages now in effect on Canadian Government vessels and the old crew refused to re-ship. The ship left Vancouver Friday evening for Portland, Ore., to complete her cargo for the Orient. She carried a mixed cargo, chiefly lumber.

The tug Wallula was sent out from Astoria and will co-operate, it is expected, with the Algerine in the effort to save the big ship. Sheal Hay, where the Exporter is fast aground, is but a short distance from Willapa Harbor. A dense fog yesterday hid the Oregon coast and baffled navigators. This fog is said to have been the cause of the vessel getting out of her course and driving ashore. Life-saving crews were preparing to put

## MAKURA CARRIED TONGAN PREMIER

### Wonderful Little Kingdom in Paradise of Pacific

How many people know that there exists in the South Pacific a country with its own monarch, ministry, parliament, and flag, a country where there is no national debt, no army, no navy, nor income tax, and where a youth on attaining the age of 16 has to take up land and cultivate it. Such, however, is Tonga.

The Makura, which berthed yesterday from the Antipodes, took to Sydney from Fiji on its last outbound trip to the Kingdom of Tonga.

Mr. Vakanoa, the Premier of Tonga, is making a visit to the Australian cities with his wife. Mr. Vakanoa stated that the Parliament was composed of seven members elected by the people, and an equal number chosen by the hereditary chiefs.

At the end of last March the surplus of revenue over expenditure was more than £100,000, after paying for all public works and extraordinary works.

Under the Tongan legislation, the Premier said, as soon as each male became of age—16 years—he was required to take up eight and a quarter acres of land, which was given to him gratis. He had to plant coconuts and other food on this land, sufficient for the supply of his own family, and also he had to plant amounts necessary to pay the educational tax.

Questioned about the likelihood of an island federation of all the British islands in the Western Pacific, the Tongan Government, however, had no desire to enter into a discussion upon that question.

## MAKURA DOCKED AFTER ONE TRIP WITH LARGE LIST

### Large Passenger List and Extensive Wool Shipment Carried

The Canadian Australasian liner R. M. S. Makura, Captain R. Crawford, docked yesterday with a large passenger list from Australia—Mrs. Keyes, Mrs. Doolittle, Mrs. Greenwood, Col. H. Hathaway, Mrs. B. Hunter, Miss M. Jackson, Mrs. M. Jeffries and two children, Miss N. Knox, D. Marden, Mrs. E. McLean, Miss J. Parkie, F. Patterson, Miss M. Rudebeck, Miss B. Stanley.

Second saloon—Mr. and Mrs. J. Snape, Miss S. Brown, G. Canario, Miss M. Cheda, Miss K. C. Drinkwater, W. Engle, Mr. and Mrs. V. Eitzenhouser, A. Fritsch, Mrs. R. and K. Gibbs, Clinton J. Jones, Mrs. E. Ogilvie, Mrs. M. Philpotts and two children, Miss A. Schilt, Mrs. M. and Miss V. Small, Mrs. T. H. Van Sickle.

Stateroom—Miss M. M. Bryant, C. Carrivau, W. Forrest, M. Garcia, H. Maybourn, Mrs. C. McCall, Mrs. M. and children, C. Rimmer, P. Sands, A. Swanson, R. L. Whitney, J. Brannan, W. Henderson.

Her Cargo. This being the winter season in the Antipodes the Makura brought a large shipment of wool, including scoured wool and greasy wool from Auckland and Sydney, with some small consignments of hides. Included in a large cargo of general merchandise were consignments of canned corned beef, canned herrings, casks of sheep and lamb, rabbit skins, opossum skins, kaur gum, sealine, adding machines, grinders, and personal effects.

The Makura cleared for Vancouver at 9:25 a. m. local time, disappointing many who wished to take their first trip to a Canadian city while the ship was tied up here. No shore leave was granted, the Makura clearing as soon as possible for her terminal port.

## Along the Waterfront

### RECOGNIZE HEROISM

The generosity of the passengers on the Makura was touched by the illness of Stephen Harvey, a young steward, who suffering from the after effects of a gas attack at the front, collapsed while passing through the tropics. He owes his recovery to the care of Dr. Fairbairn and Nurse Burchell, and the passengers decided to take up a purse for his behalf. The first class passengers subscribed £44 for him, and £15 for the doctor and nurse, who promptly turned the money over to the boy. The second class passengers also subscribed £15 for the youth.

Harvey went overseas from Winnipeg at 14 years of age, was gassed and twice wounded, and won the Military Medal while a member of the Thirteenth Canadian Highlanders, it is stated.

### FRANK COFFEE BACK ON COAST

Popular Sydney Merchant Returns; Some Makura Passengers

Popular on two continents, Frank Coffee, of Sydney, N. S. W., came back to British Columbia on the Makura yesterday. Mr. Coffee's years sit lightly on him, and there was little in the voyage to supplement that volume of reminiscences of the Pacific which he recently gave to the public in his work on the highways and by-ways of the world's greatest ocean. It was to be expected that the book would meet with ready reception, and such has proved to be the case, he told The Times.

A. S. Paterson, a native of Newmarket, Ontario, and now the Australian partner of the Massey-Harris interests of Toronto, is on his way to Toronto.

Count and Countess J. P. Von Limburg Stirum are on their way to Holland from Java, where the Count was Lieutenant-Governor of the colony.

Honolulu Passengers. Among the arrivals from the Hawaiian Islands were Mrs. N. Knox, who returned from a holiday in Honolulu, and Miss Drake, of Vancouver, the latter en route to her former home in Winnipeg.

Fred Patterson, a lawyer, is identified with banking interests in Honolulu.

Mrs. Doolittle is matron of the hospital at Hilo, where she is a Honolulu merchant.

### WHITE STAR ABOUT TO ADD NEW SHIPS TO CANADIAN SERVICE

London, Aug. 1.—The White Star-Dominion Line will shortly make notable additions to the passenger service fleet between Liverpool and Canada. Their new steamers Doric and Regina are now nearing completion at Belfast. Each of them are over 16,000 tons gross, and carry only two decks above the waterline. They are lavishly equipped. There are spacious gymnasiums, children's playrooms, on both steamers.

### SOMERSETSHIRE IS SCIENTIFIC MARVEL

#### Stems Ten and a Half Knots on Ten Tons of Fuel Per Day

"She's a scientific marvel," declared Capt. Percy Shadforth, of the British Columbia Pilotage Association, to-day speaking of the new motorship Somersetshire, of the Royal Mail Steam Packet Company.

Pilot Shadforth yesterday took the Somersetshire up to Vancouver and he returned greatly enthused over the wonderful possibilities of this new type of combination passenger and cargo carrier.

Economical Ship. "With a capacity of 10,000 tons of general merchandise the Somersetshire can stem ten and a half knots per day," said Capt. Shadforth. The advantage possessed by this type of ship can be readily seen, he added, when other oil or coal burning ships consume up to fifty tons of fuel per day.

The Somersetshire was built for the Royal Mail Line at the famous plant of Harland & Wolff at Belfast, and other vessels of her class, it is understood, are being built.

The Somersetshire is in the nature of an experiment and her maiden cruise is being closely watched by the big British shipping interests.

### VESSELS MOVEMENTS

Minnedosa, at Montreal, from Liverpool.  
France, at New York, from Havre.  
Minnehaha, at New York, from Hamburg.

A woman seldom knows just what she wants, but she usually gets it.

### EDUCATIONALISTS ARRIVE HERE

#### New Zealand Has Representative for Toronto

Three prominent educationalists were among the passengers on the Makura yesterday, Frank Milner, T. U. Wells and George McKay.

Mr. Wells joined the steamer at Auckland, New Zealand, having been sent to the Imperial Teachers' Conference in Toronto, which will commence at the end of this week, and at which three British Columbia teachers are attending. Mr. Wells is to give special attention to primary education.

Mr. Milner, who is accompanied by his wife, is head of the Waitaki College in New Zealand.

Mr. McKay is inspector of schools in the Fiji Islands.

The Misses Cooke and E. M. Walsh are New Zealand teachers on tour. They desire to take advantage of the imperial exchange of teachers. It is stated, in various parts of the Empire, in which New Zealand has joined Canada in taking a lead on the matter.

### HAWKEYE STATE TO REPLACE WENATCHEE

#### Will Make Round Voyage to Orient, Sailing From This Port August 27

To replace the liner Wenatchee for a round voyage in the Trans-Pacific service between Seattle, Victoria and the Far East, the passenger liner Hawkeye State will be withdrawn temporarily by the United States Shipping Board from the Matson Navigation Company's Baltimore, San Francisco-Honolulu service, it is announced by the Pacific Steamship Company.

The Wenatchee, which broke down on her maiden voyage to Seattle from Seattle, and will have her defective auxiliary machinery replaced before she is again placed in service.

The Hawkeye State will be delivered to the Pacific Steamship Company at San Francisco August 10, and will steam immediately for Seattle. She is expected to sail from Seattle for Victoria on August 27, taking the Wenatchee's scheduled sailing. The Hawkeye State is a sister ship to the Wenatchee, the Silver State and the Keystone State.

The Keystones will sail from Seattle next Saturday for the Orient with a good first-class passenger list and cargo. She will touch at this port to pick up passengers before putting out to sea.

In addition to the Keystone State, the Rithet Consolidated Company announce the departure on Saturday of the Oaska State on the Oaska line, Alaska Maru for the Orient, and also the steamer Queen, of the Admiral Line, for San Francisco.

Princess Rupert, Sunday, 1 a. m. (standard time).

PLAIN SCOTCH!

Sandy and Mac were on a visit to London.

On the morning of their arrival they discovered that the washbasins were without soap. After ringing the bell an attendant appeared and asked their wishes.

"Sandy, habitually a fast speaker, remarked 'Sod up, sod up, sod up, sod up!'"

The attendant gazed open-mouthed at the two Scots. "Taint French, taint German, taint Welsh," he thought. "Wonder what they mean!"

### AUSTRALIA WOULD CONTINUE BUILDING GOVERNMENT SHIPS

#### Merchant Fleet of Commonwealth Now Consists of Forty-seven Vessels

Australia is making great strides with her Government-owned merchant marine, but the sister Dominion to the south of the Equator cannot begin to compare with Canada in number of Government-built and Government-operated ships.

To-day, Canada has fifty-three steel steamships delivered and in commission, out of a total of sixty-three vessels, all of which have been built in Canadian yards to the order of the Dominion Government.

The Australian Government is to-day operating forty-seven vessels, according to information brought by the Canadian Australasian liner Makura, in port yesterday from Sydney, and but fourteen of this fleet have been built in Australian yards. A large number of steel freighters were purchased by the Australian Government from British lines, practically the whole of the "Strath" fleet having been taken over.

The Commonwealth SS. Echuca, of 5,500 tons, the first vessel of any size to be launched in Queensland, was recently launched at Maryborough, Queensland, at the plant of Messrs. Walkers, Ltd. The launching ceremony was performed by Mrs. Groom, wife of the Hon. Lyttleton Groom, Commonwealth Minister for Works and Railways.

In a speech after the launching function, Mr. Groom said that now the shipbuilding industry had been established, every effort should be made to carry it on. It was no exaggeration to say that had it not been for the Commonwealth vessels during the war, Australia would have been placed in a most trying and difficult position.

The Australian Minister contended that the merchant fleet was essential to the trade and commerce of the country.

### CANADIAN WIRELESS GOVERNMENT REPORT

August 1, 8 a. m.

Estevan—Clear; calm; 29.96; 49; sea smooth. Spoke at Victoria, 9:40 p. m., Yokohama for Seattle, 9 p. m., 22 miles west of Plattery; spoke at Victoria, 10:40 p. m., Yokohama for Portland, 4 p. m., 48.06 p. m., 131.12 W.

## AUTHOR WAS HELD BY FOG IN STRAIT

### Harrison Freighter Completes Voyage From British Ports

Thick fog in the Straits held up the Harrison Line freighter Author, making port this afternoon from the United Kingdom. The Author was reported off San Juan in the Straits at 10:30 o'clock this morning, and was practically hoisted, owing to the density of the atmosphere.

A full cargo was brought out from the United Kingdom by the Harrison boat, part of which was discharged at San Pedro and San Francisco. Her cargo for British Columbia includes 5,500 cases of liquor from Glasgow. The bulk of this liquid refreshment is for private interests, and only a small part will be shipped to the Government warehouses.

The Author will be a full ship on her outward voyage, as all her cargo space has been booked. She is scheduled to sail from Vancouver August 6 and will complete on Puget Sound.

The freighter Astronomer will be the next Harrison ship to come out to this coast, being scheduled to arrive about September 1.

### Canadian National Railways

(Western Lines) GRAND TRUNK PACIFIC RAILWAY.

Sealed tenders for the supply of all building materials on board construction and completion of a Station Building at Prince Rupert, B. C., and Prince George, B. C., announced to be received at the office of the undersigned until 12 o'clock noon, July 25, will be received until 12 o'clock noon, Thursday, August 4, 1921.

H. A. DIXON, Chief Engineer, Winnipeg, Man., July 25, 1921.

the northern oil fields, July 1 was celebrated in true style on board the steamer Mackenzie-River, of the Hudson's Bay Company's fleet between Arctic Red River and Fort Good Hope, where a Dominion Day concert took place. The following artists who were passengers on board contributed to the programme: After the singing of "O Canada" by the community, followed by an invocation by Rev. Bishop Lucas, an address on "Dominion Day" by O. S. Finlay, the new administrator of the Northwest Territory, a song by Miss Romano-Sinclair, a lecture on Dominion Day in the trenches by Major McKeard, a violin selection by Mr. Sinclair, "Dominion Day" from an Englishman's point of view by Colonel Handly, a song by Miss McLean, greetings from the U. S. A. by Mr. Daniels, Mrs. Christie gave an address on "Women and Their Work in the Dominion," and the National Anthem brought to a close a very pleasant and interesting entertainment under most unusual conditions.

**CHINA IS LAND OF SUPERSTITION AND FAIRY TALES**  
Traveler Encounters Strange Beliefs and Hears Weird Fables

(By William P. Simms)  
On Board the "Woosung," Yangtze-Kiang, China, June 22.—(By mail)—China is the Fata Morgana among the nations. The oldest of the lot, she has never grown up. She still believes in fairies.  
"See that rock there?" Capt. Williams of the "Woosung" asked me as his boat slipped past a rocky projection rising some 275 feet out of the Yangtze's muddy waters. On the very top was a temple, three stories high. On the sides, half-way up, a large "Joss house."  
I nodded my head.  
"Well," said the captain, "that's the Little Orphan. The 'Big Orphan' is further up the river."  
"A very long time ago there was an Empress of China who had two

**ICE CREAM PROFITS Trade Cuts Down Percentage of Butterfat, Toronto Investigation Shows**

Toronto, July 26.—Cream is selling in the country around Toronto at 30¢ a quart.  
Milk is selling in Toronto at 7¢ a quart.  
Retailer sells ice cream to the customer in Toronto at 5¢ to 20¢ a dish. The quantity of cream in a half-pint of ice cream averages around a quart. This does not mean all cream, but cream and milk combined that comes up to a standard of 7 per cent butter fat. The remainder of the quart is made up of gelatine, flavoring extracts, fruit juices and milk, and perhaps eggs.  
Less Cream in It  
The percentage of butter required in ice cream was cut right in half this year at the instance of the ice cream manufacturers, the standard quantity being reduced from 14 per cent to 7 per cent. This permits a larger quantity of the cheap ingredients being used.  
But prices in Toronto have not dropped. All the large manufacturers charge the same price. There is a uniform rate. For what is called "commercial" ice cream, that is, the ordinary kind sold in 5 and 10 cent dishes, the manufacturer's price to the retailer is 50 cents a quart, approximately. For the better kind for houses, parties, receptions, etc., the price varies between 50 cents and \$1.30 a quart.

In a quart of ice cream sold retail there are about fifteen dishes. The quantities vary according to the amount served, but a big down town retailer laughed when it was suggested that the number of dishes in a quart "far more than that," he said. "Ten" he was asked. "Easily," he replied, "there would probably be about fifteen." "Fifteen dishes at 10 cents a dish, the prevailing price, would be \$1.50, or \$1 more than the cost price. This \$1 would be available for overhead expenses, such as rent and labor, and profit. The proportion of overhead expenses on a quart of ice cream would scarcely be more than 10 or 15 cents, leaving a net profit of 40 or 45 cents."

At five cents a dish, the old price, there would be a profit at this rate, not including overhead, of 25 cents a quart. Deducting overhead, there would still be ten cents. In thirty-two ice cream dispensaries visited by the Health Department there were only two in which the price of a dish of ice cream was found to be 5 cents. The remainder were selling at 10 and 15 cents and some at 20 cents.  
As to the manufacturer, one of the biggest concerns in the city was asked regarding the contents of a quart of ice cream and the number of dishes it would produce, in an honest effort to find out the cost price. The answer, short and sharp, was: "We will not give out any information unless you come up here and promise to write exactly what we give you and let us see it before it goes in the paper."

eye to economize. Accordingly all sorts of re-heat-and-trans-shipments of ore and iron and steel are necessary to carry on business, adding greatly to the cost of operating. If you build a high smokestack in China it may get you into trouble. If anybody in the country around about gets ill thereafter, the "feng shui" priests are more than likely to tell them that evil spirits are worse than usual because of the excellent take-off their get from the chimney stack. This has actually happened. Like Rabbit's Foot  
"Feng shui" is comprehended by no white man out here. Southern darkies though, will probably understand it all right because the general idea is about the same as good luck or bad luck as administered by the left hind foot of a graveyard rabbit. It means getting in "right" or "wrong" with the spirits.  
For there are witches and ogres and fairies and giants and dwarfs and all that sort of thing over here, as any Chinese can prove to the entire satisfaction of himself at least. There is the "Little Orphan," the stone boat, the three-storied pagoda, and a million other things like that.

At Kiangsi, a city of 75,000 or 100,000 inhabitants, 450 miles from the mouth of the Yangtze, there are a couple of relics worth seeing. One is a patched up idol, all gilded and everything, and the other is a stone boat. They are at monastery opposite the Women's Foreign Missionary Society.  
If anybody or so years ago saw a Klukking had a vision. In it he saw Buddha and Buddha told him that on a particular day a god would come drifting down the Yangtze from far away Tibet.  
The abbot, on the appointed day, was waiting on the river bank when a stone boat drifted down to him and he stepped on the Tibetan divinity. He got a wonderful reception, of course, and the people came from long distances to offer their devotion. They made an iron image of him to keep his memory green and for centuries people made pilgrimages to kneel before it.  
Then came the Taiping rebellion (which Gen. "Chiang" could not put down) and the god disappeared. Recently it was found, minus an arm and otherwise badly battered, in a field near the city. Patches up and repainted, it is now in a glass case at the Monastery of Benevolence. The stone boat is close by in a courtyard. The Chinese are very afraid of the devil, evil spirits and voodooes. The old-fashioned darkey couldn't hold a candle to them for superstitions.  
"Wind-and-water" ("feng shui") priests, or voodoo-doctors, do a large office business over here. Without his aid you can't be ill in peace or lie in your grave in comfort.  
Serpent hill cuts Wuchang opposite Hankow, 600 miles up the Yangtze—in two so, as was bound to happen in time, a street was cut through to facilitate communication between the two parts of the city. The population of the place being nearly a million, this was obviously needed.  
Viceroy Calls Doctor  
The viceroy, however, had a carbuncle on his neck, and he sent for a "wind and water" doctor. The doctor looked very grave. The dragon under Serpent Hill had his neck badly cut into when the road was graded, and was sore at the viceroy. Hence the carbuncle.  
Hastily called out, all available labor the viceroy had that road filled in instantly. In time, just as the doctor had said, his carbuncle got well.  
At Hanyang—the Han River empties into the Yangtze at Hankow—and the three "Wu-Han" cities (Wuchang, Hanyang and Hankow) are on the opposing banks of the city. The great steel works. The city was selected by a native "voodoo" doctor who had to get the "feng sheng" right, not by an engineer with an

**VEGETABLES MARK DECLINE ON MARKET**

A noted variation of the downward motion marks the changes on the vegetable market at the wholesale houses to-day. Old potatoes are still on the decline and have dropped \$2 under last week's quotation, new potatoes are also doing their share in the reduction having fallen 35¢ from last week's price. Cucumbers mark the feature change this week, a \$1.25 reduction being registered. No. 1 has dropped 75¢ and No. 2, 40¢. Beets and carrots are also on the decline list, beets being picked up for \$3, showing a 75¢ drop from last week while \$1 marks the decline on carrots.  
Shipments of peaches from California at the wholesale retailers picking them up on wholesale row for \$1.75. Plums registered a drop to-day but cantaloupes are on the incline, having jumped \$1.50 over last week's list.  
Dairy products this week show many variations. Comox butter and lard have advanced but all other changes indicate decline. B. C. fresh eggs have dropped 2 cents.  
Meat prices registered two changes, pork advancing one cent, while lamb dropped a cent. The wholesale quotations for to-day are as follows:

**CANDY PRICES IN NEW YORK CUT**  
New York, August 1.—A cut of approximately 50 per cent in the price of all candy from gumdrops to bonbons was announced to-day by a chain of candy stores, following a general agitation against the high prices of ice cream, cold drinks and confectionery.  
Benjamin Miller, one of the company officials, made public a memorandum which had been sent to the National Confectioners' Association. It said: "It is time we got down to reason in this matter. We have been making not 100 per cent, but 300 per cent profit for a long time. This kind of business, if kept up, would cause a panic."

**Orphans Are To Be Guests At Cordova Bay Regatta**

Good Time to Be Given to Children From the Orphan Home and Aid Society; Sports and Social Event to Be Biggest of Kind.

Arrangements are all set to make the Cordova Bay regatta, which is to be held on Wednesday at the Cordova Bay beach, one of the greatest successes of the season as a sporting and social event. Three fine cups have been donated and will be contested for at the gala. Two dozen medals have been bought and will also be up for the one showing the best sportsmanship in the various races. Some seventy-two prizes have been donated, and a subscription committee has been busy among the campers and those interested in the regatta, and the sum of \$250 has been realized.

**W.A.S.C. PICNIC AT DEEP BAY SUNDAY**

One Hundred and Fifty Holiday Makers Enjoyed Outing.

About a hundred and fifty members and friends of the Victoria Amateur Swimming Club spent an enjoyable day yesterday at Deep Bay, on the occasion of the annual picnic. The journey was made by special train on the B. C. E. R., leaving town at 10.15 and returning to the city at 9.15.

Mrs. McAllister, Mrs. Catterall and Mrs. Menzies were the energetic committee in charge of the general arrangements, working indefatigably to ensure the enjoyment of the merry crowd. Delicious refreshments were served and bathing, boating and a sports programme helped the day pass all too quickly.

The winners of the various events were as follows:

Running races, boys under 16 years—1, Jack Clyde; 2, Jack Rawnsley; Girls under 15—1, Kathleen Wellburn; 2, Isabel Crawford.

Ladies' skipping race—1, Rosie Robertson; 2, Cathy Robertson.

Ladies' running race—1, Mrs. G. Wellburn; 2, Mrs. Pavor.

Egg and spoon race—1, Cathy Robertson; 2, Mrs. G. Wellburn.

Three-legged race—1, G. Silburn and Cathy Robertson; 2, S. Plumb and Kathleen Wellburn.

Relay race—Team, P. Johnston, Rosie Robertson, D. Bahave and Nellie Catterall.

Tug-of-war—Single men pulled married men, and single ladies pulled married ladies.

Girls under 9—1, S. Edwards; 2, T. Catterall; 3, A. Bahave.

Boys under 9—1, Walter Edwards; 2, A. McAllister; 3, G. Silburn.

100 yards swimming handicap—1, G. Silburn; 2, Grace Wellburn; 3, Colin M. Fadyen.

**WHAT'S IN A NAME?**

Facts About Your Name; Its History; Its Meaning; Whence It Was Derived; Its Significance; Your Lucky Day and Lucky Jewel.

By Mildred Marshall.

(Copyright, 1921, by The Whole System, Inc.)

**SELMA.**

If fair names should be given to fair women, Selma is a favorite in feminine nomenclature. It is an old Celtic name, meaning "fair," and named the beautiful daughters of Ireland and Scotland for generations after generation. Finally it spread over the border into England and was straightway adopted as a national favorite.

The Bible records a Selma, which may be taken as identical with Selma, and the name is thus given a religious significance. The Dutch also have a Selma, which is generally regarded as the equivalent of Selma. Otherwise, there is little history connected with the name, which persisted because its sound, as well as its significance, was fair.

In this country, the South adopted Selma, probably because of its association with feminine beauty and equally because its vowels are well suited to the shuffling of the alphabet. Many lovely Southerners, towns of Virginia and Carolina counties, have borne the name and more than one State has bestowed the name on one of its towns or smaller cities.

**GRAND SIRE IS VISITOR HERE**

Bro. W. Lucas Arrives From Antipodes to Meet Odd Fellows To-night

The Odd Fellows of the city are being visited by Bro. W. Lucas, Grand Sire of the Order in Australia, who arrived on the Makura yesterday morning and is staying at the Empress Hotel. He registers from Adelaide, South Australia.

Bro. Lucas is also Grand Secretary of the Grand Lodge, I. O. O. F. of South Australia, and is now en route to attend the sessions of the Sovereign Grand Lodge, I. O. O. F., to be held at Toronto in September next as the representative of Australia. His jurisdiction extends over the whole continent of Australia and the Dominion of New Zealand.

On his arrival in Victoria, he was met at the Empress Hotel by the local lodges, which was composed of the Grand Secretary, Bro. Davey, Past Grand Masters P. W. Dempster and Anton Henderson, J. Wilby, P. G., and others to entertain Bro. Lucas and yesterday he was taken for a drive and expressed himself as pleased with the beauty of the city. This morning he was shown through the Parliament Buildings and this afternoon is visiting the Butchart Gardens.

This evening the distinguished visitor will meet the members of the Order at Victoria Lodge, No. 1, when it is proposed to hold an open meeting after lodge business is concluded to which the Sisters of Rebekah are invited.

Tuesday afternoon Bro. Lucas will be taken over the Malahat Drive and on Tuesday evening will visit the Encampment branch of the Order.

On Wednesday Bro. Lucas will take the steamer to Vancouver on his way to Toronto. He will receive attention from members of the Order at all points along the line of the Canadian Pacific Railway.

**KINGSTON STREET TENNIS**

Play in the scratch tournament of the Kingston Street Lawn Tennis Club will commence this afternoon when the following games are down for decision:

4.30 p.m.—Wittier plays O'Halloran.

5 p.m.—McLaren plays Hall; McArthur plays Robinson; Miss Parkyn plays Miss Cass.

5.45 p.m.—Mrs. Shaw and Miss Marquart play Miss Hickey and Miss Severs; Miss Hunter and Miss Kidner play Miss E. and N. Edwards; Miss Parkyn and Miss Cass play Miss Rhodes and Miss Leighton.

6.30 p.m.—Mrs. Shaw and Wittier play Miss Kidner and McLaren; Miss Cass and Robinson play Miss Hunter and Elworthy; Miss E. Edwards and List play Partind and McArthur; Miss E. Edwards plays Miss N. Edward.

**Sunlight does it**

You who always dread wash day—because of the hours of weary, wash-board rubbing, the damp steamy air, with perhaps your skirt and shoes splashed and soaked—just forget all that. Come into the ease and comfort of a Sunlight Wash Day.

Sunlight Soap will do the washing for you—no scrubbing or shopping. Read the directions.

Insist on getting the Soap you ask for—SUNLIGHT.

Lower Brothers Limited, Toronto.
