

BENDER MR & MRS.

CALHOUN Times AUG-12, 1880

A MAN and his wife by the name of Bender, who have committed numerous murders in Kansas by slaying travelers who were so unlucky as to stop over night in their house, have been arrested in Nebraska, and will be carried back to Kansas for trial. The family consisted of four persons, a man and wife and their two children, both of whom were grown, one a man and the other a woman. They kept a sort of a way-side inn, and whoever entered to seek shelter in their quarters never saw the light of day again. The two younger ones have not been caught. AUG-12, 1880
