

SECOND FLOWER SHOW A BIG SUCCESS IN SPITE OF ALL THE BAD WEATHER

More Than 900 People Saw The Fine Exhibition of Blooms That Filled The Big Community Room in The Y. M. C. A. Building

The meanest, dampest and most altogether discouraging week in the history of "the oldest inhabitant" was triumphed over last Saturday at Narberth's Second Annual Flower Show.

The large Community Room on the second floor of the Y. M. C. A. building was again filled to overflowing with the choicest blooms from Narberth gradens. The only concession that can fairly be made to the weather man is that if he had been half-way obliging, it would have been necessary to have several more rooms to exhibit the additional blooms. The attendance was more than 900.

Fletcher W. Stites, who directed both shows, says that this year's exhibition, with the exception of the peonies, surpassed the first show in every particular. This was especially true of the roses. In size, bloom and variety the roses exhibited at Saturday's show were in themselves a high tribute to Narberth gardeners.

Special mention should also be made of the baskets of wild flowers exhibited by the children. The boys and girls were up and out early Saturday morning searching the countryside for nature's own flowers which, when gathered, were woven into the most unique and artistic baskets. In this class William Jones won first prize of \$5, and Frances Diamond won second prize of \$2.50. Special mention should also be made of the basket of daisies exhibited by Helen Faile. This young lady had, with the aid of clover, worked out the spelling of her first name around the outside of the basket.

The suffrage prize for yellow flowers was won by Miss Fannie Loos, with a vase bouquet of yellow iris and other blooms, with honorable mention to Mrs. Paul Loos.

In a special class for table decorations the winner was Mrs. Fletcher W. Stites, with Mrs. Norman Jeffries second.

Mr. F. D. Walker, whose rose exhibits were especially fine, also exhibited a rare collection of Irish roses.

The arrangement of the flowers this year was very much of an improvement over last year's show and in this respect Director Stites says that he has plans and ideas for next year's show which will make the exhibition even more attractive than either this year's or last year's.

The judges were Edwin Matthews and Mr. Worthington, of the Thomas Meehan & Sons Nurseries, Philadelphia.

Mr. and Mrs. Stites were assisted by Mr. and Mrs. F. D. Walker, Miss Fannie Loos, Mrs. W. Arthur Cole, Mrs. E. A. Muschamp and Mrs. Walter Dothard.

There were special exhibits of peonies and other blossoms made by John Albrecht, A. H. Wohlert and Meehan & Sons.

NARBERTH LOSES TO BON AIR

Billie Kirk's Teams Win, 4-1—Narberth Bats Have Day Off

Manager Walzer's team lost its second game of the season last Saturday through inability to hit Rodger's shoots. Walzer presented a somewhat different line-up, but this had very little or no account to lose the game.

Narberth was held to five hits, two of which were bunched in the third inning, after two were out, when Koons and Davis both singled, but Nunan pulled Fleck's fly in center field for the final out.

The home team scored its only run in the first inning when Davis was safe on Brown's error, who threw over the first baseman's head, enabling Davis to reach second. Fleck then poled out his only hit of the day for a two-bagger in right field. Fleck was left stranded at second, when Simpson flew out to short.

The Narberth boys did not hold their lead long for in the third inning Bon Air scored two runs when Kane received a free pass to first, Harrison singled and the Dykes was also passed, Sinclair then hit to Gibson, and he threw the ball pass Koons, allowing two runs to score.

Bon Air Adds Two More.
In the fourth inning, the Bon Airites added two more runs when Nunan and Kane both singled, and Nunan scored when Davis threw over Simpson's head, Dykes was safe on McClellan's error, and Sinclair singled, scoring Kane. That ended the scoring for the day.

Gibson had the better strike-out record, having eleven, but allowed ten hits, while Rodgers held Narberth to five hits and only struck out four.

The Veteran Fleck Stites arrived from the flower show in time to bat for Colwyn Humphreys, but Simpson was out at the plate on Stites' grounder to third base.

MANAGER WALZER SIGNS THREE PLAYERS

Gilmore Coming Back—Arm Very Much Better.

The base ball enthusiasts, we believe, will be glad to hear that Manager Walzer has signed three new men.

Robert Gilmore, our last year's star pitcher, is again in shape after quite a lay off, and will be with us again next Saturday. Bob says his arm is in pretty good condition. This is certainly good news, and we all hope his arm is just what he says.

Another Star.
Richard Wallace, formerly of Narberth, and ex-captain and first baseman of the University of Pennsylvania, will be on hand next Saturday at Berwyn. Richard will be gladly welcomed to his old town.

Still Another.
George Mellon, of the Haverford School nine, has been signed up by our manager and will undoubtedly get into the game next week.

EXTRA.

Please buy your Sunday cake on June 24 at the cake and candy sale given by Dorothy Moore and Elizabeth Hunter, on Moore's lawn, at the corner of Merion avenue and Wynnewood road.

If you cannot come, phone your order to Narberth 675-M.

All kinds of home-made cake and candy, also peanuts and ice cream cones will be for sale.

This will be for the benefit of the new parish house of All Saints' P. E. Church.

CELEBRATION JULY 4TH STUDENTS' RECITAL

ANOTHER EVIDENCE OF MISS WENTZ'S ABILITY

At meeting held on June 8th, a committee was appointed to lay plans for July 4th celebration. This plan will include flag raising, parade, ball games, fireworks and brass band of fifteen pieces. Every pupil in Narberth School is invited to take part in the parade, with the fire company, ball teams and Boy Scouts.

Now, all together, to make this a big day. Lend your support in the way of contributions.

We will endeavor to visit every house in Narberth. Should you prefer, mail check to any member of the committee.

Additional committees will be announced later.

DRAMA AND DANCE

On Monday evening, June 19th, several young ladies of Our Town will present a drama entitled "A Southern Cinderella" for the benefit of St. Margaret's Church, to be held in St. Margaret's Hall, at eight o'clock. The play will be very interesting to old and young. All are welcome. Tickets, 50 cents.

FATAL ACCIDENT IN NARBERTH.

On Monday afternoon, about 5.45 o'clock, Harold Sheldon, 20 years of age, son of Mr. and Mrs. George Sheldon, of 104 Elmwood avenue, met his death in a collision by an automobile driven by Mrs. J. Rowe Stewart, Germantown, at Narberth and Woodbine avenues.

Sheldon was riding a bicycle at the time and it is thought he did not observe the machine as he rounded the corner too late to avoid a collision.

Dr. Romain C. Hoffman was quickly summoned, but life was extinct.

Mrs. Stewart was exonerated at an inquest conducted in the Narberth fire house by Coroner McGlathery. The witnesses were Edward Campbell and Mrs. Stewart.

INTERESTING FACTS.

Many interesting facts pertaining to the establishment of the Presbyterian Church in Narberth, the first church to be established in the borough, were presented during the past week while the celebration of the twenty-fifth anniversary was in progress.

A later issue of Our Town will contain a write-up concerning the history of this church, which is so closely interwoven with the history of Narberth.

TRUE COMMUNITY SPIRIT.

We have frequently been asked by people who know Narberth by reputation only, why it is we have so much more community spirit in Narberth than in other suburban towns? While we hesitate to throw bouquets at ourselves and modestly acknowledge the persons making such inquiries may not have had equal opportunity of sizing up other suburban towns, we do pride ourselves in having our share of hustling, public-spirited citizens who are doing their utmost and at considerable sacrifice of time and energy, to foster an all around feeling of good will and promote the welfare of the borough and its inhabitants. This fraternal feeling is illustrated in our churches, as, for example, by the holding of union meetings, as well as in civic organizations of various kinds, and in the adoption of the Y. M. C. A. building as a community center. We believe it would be difficult to find a community where the principle of brotherhood of man has been carried out to such an extent as in Narberth.

To the Editor of Our Town:

As a citizen of Narberth the writer was highly pleased with the activity of the Board of Health as indicated by the announcement in your last week's issue, as well as the letter from Mr. Redifer, secretary of the board, with reference to the extermination of flies and mosquitoes. If the plan outlined is followed up in a thorough and efficient manner, there is no valid excuse for our people being annoyed by these bothersome pests. But being of an inquiring turn of mind, I have been trying to puzzle out the reason for the last paragraph in Mr. Redifer's letter, which of course, has the official sanction of the board, and which reads as follows:

"Accordingly, the Board of Health, will greatly appreciate the co-operation of the Civic Association in the matter of eliminating all standing water in the Narbrook Park tract by proper drainage."

Let us refer a moment to a few facts in local history: The Narbrook tract, since this community existed and up to a year ago, was a mosquito breeding swamp with stagnant pools of water covered with green scum, a depository for tin cans, dirt, filth and refuse of every kind, most of it impassable at some time of the year, some of it impassable at all times of the year. So far as I am able to ascertain, no efficient effort was ever made by the Board of Health or the borough authorities to eliminate the evil. The Civic Association before it had completed the first year of its existence, undertook to do what had thus been neglected for so many years, which neglect had caused the name of Narberth to suffer. The work is now nearing completion and it must be apparent to the Board of Health that the plans contemplate proper and complete drainage. The Civic Association also, two years ago, inaugurated a "clean-up" week, and at that time, with great sacrifice of time of individual citi-

zens, raked up and carted away from vacant lots tin cans and other receptacles for stagnant water which bore no traces of ever having been disturbed by the Board of Health or any other human being. The clean-up was repeated last year, and this year, believing that since all citizens shared in its benefits they should help pay for them, the borough authorities were asked to conduct the clean-up at public expense. Whether the borough intends to continue the good example thus set has not, so far been made to appear. But the point is this: Why should the members of the Board of Health deem it necessary to open their campaign by what looks suspiciously like a "knock" at the association which, without the aid of public funds, raised by private subscription over \$52,000 to redeem the borough from the stigma from which this same board and its predecessors in office, as well as the borough authorities had permitted the community to suffer for so many years? Why not "give the devil his dues?"

Fair Play.

NARBERTH LOSES.

(Continued from First Page)

The fielding of Nunan for the visitors was the best seen for some time, especially when he raced to the road for Fleck's long drive in the eighth inning, which had he missed would most likely have resulted in a home run. For Narberth, McClellan's fielding was extra good, handling six chances out of seven and especially his playing of Sinclair's single in which he caught Dykes going to third. The score:

The home team line-up was a little crippled. Luckily the Dun aggregation lost. West Philadelphia evidently has a better team than when we played them, 31-4. Remember? Miss Mabel Seymour, Woodside avenue, entertained last Thursday afternoon in honor of her sister, Mrs. Herbert Clevinger, who recently returned from Virginia.

Now, let's have a flower show in the fall to give the annual growers a chance. There's so many new properties in Narberth that the perennial gardens are in the minority.

Reserve Saturday afternoon, June 24, for the cake and candy sale that Elizabeth Hunter and Dorothy Moore are going to have for the benefit of All Saints' Church Parish House Fund.

Mr. and Mrs. George Henry, Chestnut avenue, and a party of friends, autographed to Blackwood, N. J., Saturday, where they were entertained by Miss Helena Devereaux, over the week-end.

Mr. and Mrs. Walter B. Smith, Lester W. Smith and Mrs. Albert Kohler are at Newark, Delaware, attending the commencement exercises of Delaware College where George O. Smith is one of the graduates.

Another house has been started in Narbrook! Mr. J. B. Williams is building on the north half of the circle. Many persons make a weekly visit to the park to watch the progress of the construction work.

Mr. and Mrs. Fletcher W. Stites have wrought a wonderful change in the appearance of the old Molineaux estate on Haverford avenue. They are remodeling the house, which will soon be ready for them to occupy.

With Wynnewood road ripped up for repairs and with Haverford road and the roads of Anthwyn Farms in nearly as bad shape as was Wynnewood road, the only remaining approach to Narberth that offers anything like comfort is via Montgomery pike and Narberth avenue.

The garments for the Red Cross Society must be sent to headquarters in Philadelphia on Monday, June 19. All of the members of the Needlework

Guild, who have not done so, will please see that garments are finished and sent to Mrs. Edward S. Haws before that date.

The call of the East comes to you from the Y. M. C. A. Thursday evening, June 22nd, from five until seven.

A serious accident was narrowly averted on last Wednesday morning when a heavy door fell from a passing freight car while an inbound local was standing at the Narberth station. The door fell down between the two trains and was smashed, several panels of fence and splinters of wood flying in all directions.

Many inquiries for Narberth properties are being made this spring—a sign of favor among homeseekers now living elsewhere. Do you appreciate your home town as much as you should? Are you doing any particular thing to make it a better place for yourself and for your children? Think it over! THEN ACT.

On Thursday morning a Philadelphia huckster attempted to get by the Squire and pass over a portion of Wynnewood avenue, which had been closed to traffic. He was unable to accomplish his point, however, and as he became very insistent it was necessary to take him to the fire house where a fine of \$10 was imposed upon him.

To many who attended last Saturday's base ball game, it would seem that Narberth's boys are playing as if they thought they had no formidable rivals this year. This over-confidence is dangerous, and there's ground for the assumption insofar as we can observe. There seems to be several dark horses coming to the front. More pep, boys; put up a real fight.

If individual owners of corner lots would run their sidewalks to the curb and gutter line at roadway crossings, they would perform a public service and lessen their liability for damage in case of injuries to persons tripping and falling because of the narrow ungapged space between ends of walks and tops of gutters. There are many of these dangerous spots in Narberth. May they quickly grows less.

Help the Board of Health and the Civic Association rid the town of mosquitoes. They are uncomfortable neighbors, and their gossipy buzz is sure to be followed by a sting which may be dangerous to your general health. Take no chances—no matter how little they may seem to you. Do not wait for the Board of Health man to do the work for you. He may be too busy to get to your place. Do what you can before he gets around, anyway.

G. O. Smith, a Delaware College student, who will graduate at the commencement exercises has been awarded a fellowship in the department of animal husbandry at the Iowa State College, Ames, Iowa, for next year. Mr. Smith, whose home is at Narberth, Pa., has specialized in animal husbandry and bacteriology. During his course in the agricultural department of Delaware College he has been a leader in the student activities of the college.

Think This Over, Father!

If you have a boy of the proper age, tell him of the boy scouts. Tell him about their drilling and their "hiking" and their week-end camping trips and their practice in first aid and in the dozen and one other things they do. If he doesn't want to join them, better take him to a physician—there is something decidedly wrong with him. And if he does want to join them, help him to enroll in one of the patrols and show a little interest in the matter yourself. It will be a great thing for your boy.

Church Notes.

The celebration of the twenty-fifth anniversary was a notable success and much credit is due to all who participated therein. Especial mention should be made of the flower committee, who arranged the beautiful decorations throughout the celebration; to Messrs. Brown and Wilson for the electrical display; to the ladies who furnished the refreshments on Friday night, and to the publicity committee who attended to the newspaper reports and the bulletin boards, and to the musicians who furnished us with such excellent music on the various occasions.
The Children's Day celebration of last Sunday morning was in many ways the most successful in the history of the Sunday school, and reflected much credit upon those who so faithfully drilled the little ones in their exercises. There were 288 present.

The sacrament of the Lord's supper will be observed in this church on Sunday morning, June 25. Preparatory service the preceding Wednesday evening.

There will be a cake and candy sale at the southeast corner of Merion and Wynnewood avenues on Saturday afternoon, June 24th, for the benefit of All Saints' parish house fund. This sale is being given by two little girls of the Sunday school, and it is hoped that the members of the church will come and help them out.

Next Sunday being Trinity Sunday, there will be a celebration of the holy communion at the 11 o'clock service.

The church bus leaves Narberth and Wynnewood stations on Sunday mornings at 10.40.

UNION TWILIGHT SERVICE

The regular Union Twilight services will be held as usual in July and August, under the auspices of the Young Men's Christian Association.

Plans are already under way and it is hoped that interest in these meetings will be greater than ever.

Owing to a recent real estate deal the lot at the corner of Windsor and Forrest avenues, our usual meeting place, has been sold. However, we have been exceedingly fortunate to secure a place which in some respects is better. Mr. W. D. Smedley, who has purchased the Justice property on North Narberth avenue, has willingly granted us the use of that lot and house for our meetings. Watch for later announcements.

Some business men fail because they waste their time in fooling with trifles that they could hire a boy to attend to for \$3 a week.

An Exceptional Record.

Few high school classes have so great a percentage of its graduates go to college. The following are the present intentions of the graduates: Carroll Downes, Jr., Dartmouth; Charles Howard McCarter, Jr., University of Pennsylvania; Franklin Foster, a medical college; Jean Justice, Bryn-Mawr; Agnes Rose, Bryn-Mawr; Marian Haws, Wilson. (Will probably take a post-graduate year at Narberth before entering); Hilda Smedley, Sargeant School; Estelle Cohic, School of Industrial Art; Marian Trotter, Banks' Business College; Madeline McCoy, a university and musical conservatory; Augusta Witherow, Cornell.

School Notes.

Rubbers, umbrellas and caps are frequently left in school by careless pupils. Parents should not blame the teachers and principal.

Repeatedly pupils have been told to mark articles with their names. Instances are on record of parents who have flatly refused to do so, saying it is the teacher's duty to see to it that "every pupil's property is protected."

All lost articles found by the janitor are taken to the office. A systematic method is employed in attempting to find the owners. Few pupils ever bother claiming umbrellas or overshoes until it rains. Rubbers are not "lost" or "stolen"—they are left by the careless pupil for the janitor to find and take to the office.

"CAMP TOHICKON"

In last week's issue of Our Town we published an article regarding the objective and location of Camp Tohickon. The following item concerning the life at Tohickon will doubtless be of considerable interest. As far as possible, the small group

need not fear to place their sons under Tohickon influence, for the camp ideal is constructive, and every effort is made to secure men who will uphold this ideal. With few exceptions, they are recruited from the schools and colleges near Philadelphia.

The disciplining of the camp is not too strict, but does insist upon the observance of a few regulations that are for the camper's safety and enjoy-

idea or family unit is the standard for classification. Each tent accommodates seven boys and an adult leader and this same grouping is carried throughout the round of daily activities. In the dining room they sit at their separate table and are served as a family by their leader. This arrangement enables the grouping of boys of like age and secures a close supervision, as well as helpful influences through contacts with picked men of strong personality. Parents

Every boy is expected to act as a gentleman and is on his honor. The use of tobacco in all forms is absolutely forbidden at Camp Tohickon.

The following Narberth boys are already signed up for part of the season: Carl Metzgar, Ned Morgan, Baird Caldwell, Richard Compton, Richard Odiorne, Herbert Krell, Edward Odell and Francis Wipf. We are adding to this list daily. How about your boy?

FLIES AND MOSQUITOES, YES OR NO?

The Board of Health requests the co-operation of all citizens in its efforts to exterminate mosquitoes and flies.

Mosquitoes are propagated in standing water. Do not allow water to stand in cans, buckets, bottles or other vessels. Pools of standing water must be drained.

NO STANDING WATER, NO MOSQUITOES

Flies are propagated principally in manure and garbage. Stables must be cleaned frequently and the manure kept in pits. The pits must be screened to prevent the access of flies and must be kept dark. Garbage cans must be kept covered.

NO BREEDING PLACES, NO FLIES
