PRICE LIST

—OF—

Strawberry Plants.

GEO. F. BEEDE,

FREMONT, N. H.

Announcement.

○WING to a dry season, my surplus of strawberry plants is very small. Having over one hundred and fifty varieties, I can fill small orders of almost any variety. I name a few of the most popular varieties, in price list. My plants are well grown, true to name, and warranted to reach my customers in good condition. All mistakes corrected. Anyone having cause for complaint, state it promptly.

Wishing to send out plants in the very best condition when they reach the buyer, I shall send all plants by express, prepaid, at price list prices. If more convenient to any one, I will send by mail, prepaid, if so requested when ordered.

In ordering, write your name plainly, giving express office or post-office address, county and state. Every time you write, give full name and post-office address.

Money may be sent at my risk, by Registered Letter, P. O. Money Order, Express Money Order, both payable at Fremont, N. H., or Cashier's Draft on Boston or New York Banks. Less than one dollar may be sent in two-cent postage stamps.

Dip plants in water as soon as received, shorten roots one-third. If not ready to set out, bury the roots in moist soil, in a shady place, full depth, placing the crowns even with the top soil, spread the plants out singly, firm the soil about the roots, and mulch the ground with straw or hay. Take advantage of moist or cloudy day or late in the afternoon, when you set out.
