Being a lieutenant on the reserve list, I was called to the colors in June 1944 and sent to the Phillipines to participate in the war. In February 1945, I was made a prisoner of war at Luzon and was flown over to Australia, where I stayed for a year and sent home in March 1946.

Now I think I will divest myself of the Japanese nationality in accordance with Article 22 of the Constitution to become naturalized as a Formosan so that I may devote my life to the defense and democratization of Formosa.

As I do not know the possibility in this respect, may I ask you to give the matter your kind consideration, and if possible, kindly let me know about the procedures to be taken.

I am now 17 years old and physically handicapped. It was on Sept. 28 that I consulted at the travelling consultation office opened here under the auspices of the Red Cross Society in Iwate prefecture. I was then told that I fall under Group R-4 of the supplementary list of the Welfare Law. Taking with me the doctor's certificate, I called at the Village Office in the hope of getting a copy of the books granted to the physically handicapped. They said I must wait another year, as such a book would be available to those over 18 years of age. In the meantime, how should I enjoy the benefit allowable to the physically handicapped? I want to get the medical treatment with some benefit granted as a physically handicapped. I shall be pleased to hear from you on this matter.

Subject: Asking for providing father with job.

My family is composed of seven members, including parents, three brothers, a sister and me. My father being sick was obliged to quit from the Mitsubishi Chemical Manufacturing Co. Ltd. in November, last year. As he regained his health in the end of March, this year, he has begun to seek a job desperately by going to the Public Employment Security Office everyday, but in vain. Accordingly my family is now facing utmost living difficulty. Farents often persuaded us to die together with them. The gloomy family situation prevents me from studying at ease at the lower secondary school which lattend. Please help us by providing my father with a job.
