## SOUTHERN SECTION CLUB SUPPORTS NEW CAR LINE

### Boulevard Association for Project; Civic Questions Under Discussion

The campaign for the electrification of the Glendale avenue rail line was given the unanimous endorsement of the San Fernando Boulevard Improvement Association in meeting last night, with William Griffin presiding, following some spirited addresses on civic unity.

The spirit of the score of southern section people present was spontaneous, for the subject was brought up and the resolution was passed without any representative of the Glendale avenue section having come before or communicated with the meeting, it is stated.

### Street Lights Assured

Secretary L. H. Wilson reported the trials and tribulations the association has had in getting action on the installation of ornamental street lights for San Fernando boulevard.

He stated that practically full light assessments are taken care of, and that under the law the city will immediately offer at public sale, September 23, the three or four pieces of property of which the owners have failed to attend to the assessment.

Competitive bids will then be called for and installation should proceed immediately.

Secretary Wilson told how, with the aid of members of the association, he had been able to convince the city council that the \$2000 culvert required at San Fernando Road and Park street is a public and not a local improvement. Engineering data show slight grade errors which throw flood waters from Brand boulevard and Central avenue into the sink on Park. The council rescinded the assessment action and promised to proceed quickly on the improvement as of general value.

### Favor Car Line

C. J. Griffin spoke in favor of the Glendale avenue car line program, and made the motion of endorsement and support.

A general discussion about the city park situation brought out the fact that Glendale now has \$25,000 to expend this year in park development and that it is proposed by some to spend \$10,000 of that for thirteen acres adjoining.

## PIONEER FOLK TO HOLD GATHERING

### Old Settlers' Association to Meet in Annual Picnic Saturday Afternoon

Many interesting facts concerning the early history of Glendale will be told at the annual picnic of the Old Settlers' Association, to be held next Saturday, September 16. The annual gathering this year is to be held at Somerset Farm, 717 South Somerset Road, the home of J. C. Sherer, president of the association.

In the past, according to Mr. Sherer, the picnic has been held in Echo park, Los Angeles. However, this year it is to be held locally as it is the intention of those interested in the organization to make this a local affair each year. An invitation has been extended to all Glendale citizens who desire to meet with the old settlers. Each year finds a few less of the old timers in attendance, and for that reason they are anxious to have the newer residents join with them also.

### Not Many Left

Of the settlers identified with the early history of Glendale there are about thirty left, according to Mr. Sherer.

One of the main features of the day will be the telling of experiences by those who attend, it is announced.

A basket luncheon is to be the mid-day feature. Coffee will be served.

Mrs. Thomas H. Addison is secretary of the association.

## Bond Issue Date for High School Oct. 20

The \$350,000 bond election in the Glendale Union high school district for the purpose of purchasing a site for another high school in the northwest section, the remainder of the money to be devoted to the new high school, proposed on the site purchased some time ago in the eastern section of the city, will be held on October 20. This date was set by the county educational officials and announcement was made in Glendale at noon today.

### TONSILS TAKEN OUT

Joseph Huesman, son of Mr. and Mrs. F. H. Huesman of 728 East Windsor road, had his tonsils removed this morning at the Glendale Research hospital.

### UNDERGOES OPERATION

Mrs. A. T. Lindstrom of 1265 South Mariposa street was operated upon this morning at the Glendale Sanitarium and Hospital.

## Uses Cement As Protection From Lantern Thieves

The public service department of the city of Glendale has discovered a way to save some money and at the same time avoid accidents.

Here is the way it is doing it: In the past it has been a great temptation to some people to pick up red lanterns placed where the city is doing some work on the streets, officials say. To overcome this, and make certain that the lights will remain where they are placed, the department has caused a cement foundation to be put around the base of each of the lanterns.

## WOMAN HELPS TO ROB RESIDENCE, CLEWS SHOW

### Aids Two Burglars to Take \$300 in Valuables From E. Schaffer Home

Entering the home of Edward Schaffer, 1715 South San Fernando road, while the family was out for a drive early Tuesday night, two persons, believed to be a man and woman, looted the place of over \$300 in money, jewelry and household appliances.

At 7:30 Tuesday night Mr. Schaffer and his family went for a short automobile drive. When they returned at 8:20 o'clock they found the house in disorder, dresser drawers pulled out and the contents dumped on the floor, and every conceivable hiding place ransacked. Several watches, rings, stickpins, old jewelry, several small electrical appliances and about \$50 in money, belonging to Mr. Schaffer's daughter, Mrs. George Given, were missing.

### Some Left Behind

It is believed that the burglars were surprised in their work by the arrival of the family, for several piles of valuables were left on dresser scarfs, ready to be tied up and taken along. That the burglars were experts is proved, according to Mr. Schaffer, by the fact that they located hidden articles, the location of which he himself did not remember.

Entrance to the house was gained through a rear window, which had been left open. Footprints of a man and a woman were found in the soft earth beneath the window, and it is believed that these two had an accomplice, a man, who drove the bandit automobile.

### Hear Automobile

Neighbors assert that an automobile was heard, driving through the alley behind the house early in the evening, and that during the time the family was away, lights were burning in the house. The bandits evidently watched the family leave the house, then drove in their car to some spot behind and north of the house, entering the building through the open window.

Police are working on clues which, they believe, will lead to the apprehension of the trio and the recovery of the loot.

The supposed trio is believed to be responsible for other recent burglaries in southern Glendale.

## R. W. LEE AGAIN IN BANKING HERE

### Comes Here With Wife From Downey and Joins Forces of Glendale National

R. W. Lee, who before the outbreak of the world war, was connected with the First National bank of Glendale, is being welcomed back to this city by his many friends. He and his wife have moved here from Downey and are now located at 816 East Lomita avenue.

Mr. Lee is the son of W. W. Lee of Glendale, who succeeds Daniel Campbell as president of the Glendale National bank, 1261 South Brand boulevard, with which institution he will also be connected.

### Ralph Eckles III Of Pneumonia Attack

Ralph Eckles of 330 North Orange street is at the Glendale Sanitarium and Hospital recovering from an attack of pneumonia, which developed while the lad was on the mountains on a fishing trip. Dr. J. E. Eckles and sons, Ralph and Gilbert, and J. H. Jackson, left here by motor ten days ago for Bass Lake, expecting to enjoy a week of hunting and fishing, but Ralph was taken seriously ill and the party returned on Friday. He has passed the crisis and his parents hope to be able to remove him to his home by the last of the week.

## P. T. A. FEDERATION PLANS GREETING FOR TEACHERS

### Annual Welcome to Be Held in October; Year's Work Now Under Way

At the first meeting of the Glendale Federation of Parent-Teacher Associations, held in the library of the Intermediate school yesterday afternoon with Mrs. Eustace Moore in charge, plans were discussed for the annual teachers' welcome, which will take place early in October. There will be a short program and a general "get acquainted" between the teachers and parents. Mrs. Lillian Aichholz, federation chairman of courtesy, assisted by the association chairman, will have charge of the entertainment.

The members of the federation at yesterday's meeting accepted with thanks the offer of George U. Moyses, principal of the Union high school, for the use of the high school cafeteria for meetings of the organization.

In compliance with the by-laws the executive board of the federation appointed an executive committee, including the president, Mrs. Moore, the secretary, Mrs. Leslie Tronsler, and three members, Mrs. A. H. Brown, Mrs. C. H. Thompson and Mrs. L. T. Rowley, to transact any urgent business requiring immediate action at any time during the year.

### Reports on Finances

In the absence of Mrs. P. J. Prialux, treasurer, Mrs. Moore reported that there was \$100.69 in the treasury. Out of this amount various bills were allowed at yesterday's meeting.

A committee including Mrs. Robert Lord, Mrs. Eustace Moore and Mrs. Leslie Tronsler was appointed to look after the matter of printing stationery, and a motion prevailed that the work be done in Glendale.

In order that the new officers of the federation might know each other the various members present introduced themselves; those present included Mrs. B. L. Cline, chairman of scholarship, who asked that those knowing of children needing financial assistance to enable them to complete their education to notify her; Mrs. A. H. Brown, parliamentary officer of the federation; Mrs. Ed Dobbs, president of Central Avenue P. T. A.; Miss J. Daniels, federation chairman.

(Continued on Page 10)

## CALL MEETING ON STREET PROJECT

### West Broadway Cutoff to Be Discussed at Gathering on Friday Night

In order, it is explained, to make clear details connected with the proposed improvement and to refute certain stories declared to be circulated by some opposed to the project, a meeting of property owners in the assessment district for the opening and widening of West Broadway at Central will be held at the Sunset Motor Works garage, 470 West Broadway, tomorrow night, at 7:30 o'clock. P. A. Pollock, owner of the building for the meeting.

The gathering will be called to order by James H. Sherman, 341 West Broadway, who has acted as chairman of the organization which first started the present agitation for the street improvement.

### Time of Protest

A. J. Van Wie, city clerk, is sending cards to property owners in the assessment district notifying them of the fact that written protests against the work may be filed with the city clerk within thirty days after September 2.

It is declared that some protesting against the improvement cost. It is explained that tentative figures have been secured and will be presented at the meeting Friday night and will show conclusively that the statements "the improvement will cost each property owner hundreds of dollars" are without foundation.

Leaders of those favoring the improvement declare that the cutting through of the street will greatly increase realty values in the section.

## Returns East From 'Short' Visit Here

Mrs. William Smith of 328 West Lomita avenue has just received a letter from her sister and son, Miss Helen G. Brophy and Thomas William Smith telling of their arrival in Brooklyn, N. Y., where they will visit until late in October with Miss Brophy's mother and other relatives.

Miss Brophy came to California six years ago for a three months' visit at the William Smith home and she liked California and Glendale so well that she has made her home here. Mr. and Mrs. Smith's son, Thomas, is a native of Glendale and this is his first visit east.

## Today's World News in Brief

By International News Service Leased Wire

### WINS TRAP SHOOT WITH ALMOST PERFECT SCORE

ATLANTIC CITY, N. J., Sept. 14.—C. H. W. Chapman of Clarksburg, W. Va., won the Atlantic City introductory trap shooting here, breaking 99 out of a possible 100 targets.

### TILDEN DEFEATS SHMIDZU IN TENNIS TOURNAMENT

PHILADELPHIA, Sept. 14.—William Tilden, II, in the fifth round of the national tennis championship today defeated Zeno Shmidzu, 6-2, 6-3 and 6-1.

### WOMAN'S GOLF CHAMPION LOSES IN TODAY'S PLAY

ST. LOUIS, Sept. 14.—Mrs. Melvin Jones of Chicago, present western woman's golf champion, was eliminated from the championship tournament at Glen Echo country club today when she was defeated by Mrs. Dave Gaut of Memphis, four up and three to play.

### HOUSE ADOPTS CONFERENCE REPORT, BONUS BILL

WASHINGTON, Sept. 14.—Without a record vote the house this afternoon adopted the conference report on the soldiers' bonus bill and sent the measure to the senate. The bill was agreed to in conference between the house and senate in the form practically in which it originally passed the house.

### DE VALERA CONTINUES FIGHT FOR 'FREE' IRELAND

LONDON, Sept. 14.—Eamonn de Valera will refuse to accept amnesty from the free state government and will continue his battle against the Anglo-Irish treaty and the Irish constitution, it was indicated by an interview given by the irregular chieftain in reply to General Richard Mulcahy's speech in the dail eireann and telegraphed here today.

### CHILD FALLS 40 FEET; BUMP ON HEAD ONLY HURT

LOS ANGELES, Sept. 14.—Only a bump on the head of little Eviline Vaughn, aged 2, of North Temple place, today reminded her mother of the child's remarkable escape from death after falling forty feet from a window. Following the accident, the little girl was rushed to the receiving hospital, where she was treated by police surgeons.

### TARIFF MEASURE COMES BEFORE NEW CONFERENCE

WASHINGTON, Sept. 14.—The new Republican tariff bill, which struck a snag in the house, will continue its journey toward the statute books late this afternoon when the conference between house and senate harmonizers will be resumed. The new conference caused by rejection of the dye embargo and potato tariff provisions by the house, was agreed to by the senate without formal action this afternoon.

### MORE RAILROADS JOIN IN AGREEMENT FOR PEACE

CHICAGO, Sept. 14.—Two more great rail systems were reported this afternoon to have opened negotiations to make peace with the striking shophmen. They were the Illinois Central and the Erie railroads. It was believed both would swing into line with the sixty-two roads already signing the Jewell-Willard settlement plan and making ready today to take the shophmen back. Several other roads, it was predicted, would enter into negotiations within the next two days.

### FORD WILL NOT CLOSE PLANTS FOR LACK OF COAL

DETROIT, Sept. 14.—Henry Ford will not find it necessary to close his many plants in Detroit on Saturday as he threatened three weeks ago, says the Detroit Times today. "The information, coming from reliable sources, established the conviction that the automobile manufacturer will be able to keep his forces operating. In this way, the 80,000 men employed by him will not be thrown out of work as was threatened in a statement made by Ford three weeks ago," says the Times story.

### GREAT CELEBRATION AS WELCOME TO WARSHIPS

SAN PEDRO, Sept. 14.—With flags flying, bunting rippling in the breeze, and myriads of flowers adding to the beauty of the profuse holiday decorations in San Pedro and around Los Angeles harbor, last minute preparations for the mammoth celebration to be given the personnel of the Pacific fleet by citizens of San Pedro tomorrow were completed today amidst the rejoicing of wives, mothers, sweethearts and friends of the boys who came home late yesterday with Uncle Sam's champion naval fleet. Headed by the super-dreadnaught California, the stately battleships one by one yesterday afternoon dropped anchor in "man-o'-war" row in the outer harbor.

### CREWS WORK IN GREAT HEAT NEAR ENTOMBED MEN

JACKSON, Sept. 14.—Re-check on the twenty-four hours' work underground in the Kennedy's rescue channels shows the 3600 level crew to have made twenty-seven feet, according to the official figures from careful measurements, bringing them now within forty-four feet of the seventy-seven foot wall of rock that they must penetrate to reach the entombed miners. The survey of the 3900 level shows a net gain of fifteen feet, leaving ninety-two to go to reach the boundary line where a winze of twelve feet will drop the rescue party to a stoppage above the 400 level of the Argonaut. Conditions in the rock drilling are improving, the official report said. With the thermometer 94 degrees on the surface at the Kennedy shaft, the men at the face of the 3600 drift are laboring under a heavy humid heat of 87 degrees, while at the rock face of the 3900 foot operations it is 85. The hottest place underground is 92 at one point in the 3400, but the men describe the condition as toiling in a bake oven.

### BRITISH OFFICIALS FEAR ANOTHER WORLD WAR

NEW YORK, Sept. 14.—Cablegrams today show that Soviet Russia has intervened in the near east crisis precipitated by the successful Turkish war against Greece, by sending a note to London protesting against allied occupation of the Dardanelles and Bosphorus. Red Russia is an ally of the Turkish nationalist government at Angora. Greece is sending more troops into Thrace to prevent a Turkish attack upon Greek territory in Europe. No further fighting has been reported from the Bulgarian frontier, however. Fears of British officials of another world war were formally voiced today by Lieutenant Commander J. M. Kenworthy, M. P., who said that the European situation is fully as dangerous at present as it was in 1914 when the great war began. Plans for a peace conference are under way. The British cabinet will canvass the whole situation tomorrow and will probably draft a reply to the French near east note which is expected from Paris this evening. The French propose that the allies conduct the peace conference, calling the Turks and Greeks into it after it is under way. Italy is urging the French to support the proposed Venice peace conference. A French council of ministers agreed that a conference must be held at the earliest possible moment due to the menace of war in the Balkans. The Turks are approaching the neutral zones held by the allied troops but no clashes have been reported. King Constantine still holds his throne at Athens but the Greek situation is precarious.

## DATE FOR DISCARD OF STRAW HATS GETS PROTEST

### Time Set Much Too Early for Southland One View; Club Holds Debate

Straw hats, Sycamore Canyon road, the Glendale avenue electric line, the recent picnic at Verdugo park and the question of defraying expenses of delegates to the national convention were the four principal topics of discussion at the Broadway Inn, 637 East Broadway, of the Glendale Exchange club.

"This club is noted for its progressiveness," remarked Postmaster D. Ripley Jackson. "If anything, we are always a few minutes before the times. I have been giving serious consideration to a proposition which reflects on our strength upon the one point of our organization's progressiveness. Today is 'Straw Hat Day' from henceforth all straw hats are taboo. Let your conscience be your guide."

Dr. Henry R. Harrower immediately rose to a point of order and remarked that anyone who had ever spent the fall in Glendale knew that the middle of September was no time to discard a straw hat. He charged the newspapers and haberdashers of the United States with a conspiracy to stimulate trade. He offered an amendment to the effect that September 13 be considered a very inappropriate time to say goodbye to straw headpieces.

### Gathers in Dimes

Capt. W. B. Kelly, president of the club, suggested that the club needed more money and inquired how much the fine ought to be for those who wore straw hats in violation of fashion's decree. This was finally set at 10 cents per head and E. B. Sutton was put to work to collect a dime apiece from more than half the members of the club.

Discussion of the paving of Sycamore Canyon road was then brought up by Dr. Harrower who remarked:

"Since this thing has already taken six years to put over it is a standing crime that it should take seven."

Dissatisfaction over the abandonment of the proceedings was expressed by Captain Kelly, who (Continued on Page 10)

## SURPRISE PASTOR ON HIS BIRTHDAY

### Young People Pay Respects to Dr. Crist at Informal Affair Last Night

Last night the young people of the First Methodist church of this city participated in an informal surprise affair for their pastor, Dr. C. M. Crist, in celebration of his birthday.

Gathering as usual in their own meeting room for the mid-week prayer-service, a large body of the younger set filed into the regular meeting where Dr. Crist was in charge, carry a large bouquet of beautiful flowers, and extending their personal greetings and congratulations to the pastor.

Elwood M. Ingledue, president of the Epworth league, in making an impromptu speech of presentation, said in part:

"It is surely a great privilege that is ours as the youngsters of this great church in participating in a service like this. We feel that Dr. Crist is indeed a 'young people's man' and we want to 'tell the world' right now that we are with him to the last leg."

### Known As Friend

"We know that he is our friend. We believe that he not only understands the pep and enthusiasm in which we work, but is an actual helpmate as well as the powerful leader among us. And we merely came in tonight in order to pay our highest respects to our pastor and friend."

Dr. Crist responded with words of appreciation amid the applause of the large audience present. At the prayer service extensive plans were made and prayers offered for a real revival in Glendale.

## Club Outlines Its Coming Year's Work

Mrs. Juliana Hayes, president of the Kensington Club of the W. R. C., presided at the club meeting yesterday afternoon at the G. A. E. hall. Plans were discussed for the coming year's work and definite arrangements made for making comforts and quilts, which they sell or give away, where the need arises.

After the business session an informal social hour was enjoyed in the dining hall, where Mrs. Jennie Tincher and her hostess committee served refreshments to a company of thirty-five.

The next club meeting will be held the second Wednesday in October at the home of Mrs. Edward Kretzmer at 217 North Orange street.

## Official of City Greatly Surprised at Being Thanked

A surprise awaited City Manager W. H. Reeves when he answered his telephone recently.

"I called up about a week ago to complain about the condition of North Louise street," said a voice.

Mr. Reeves got ready for a "panning," the voice continued. "I've been away for a week and just got back. I wish to thank you for having the work done."

Mr. Reeves nearly collapsed. He says that he has had lots of complaints which he has tried to give prompt attention to, but that Dr. P. S. Kellogg of 614 North Louise street is the first one who has ever taken the trouble to thank him after the work was finished.

## REALTY BOARD IN VOTE TO OPPOSE LAWYERS' BILL

### Two-Thirds of Members at Meeting Against Measure; Discuss Rail Line

By a two-thirds vote, the Glendale Realty Board in meeting yesterday went on record as opposed to the adoption of the referendum so-called "lawyers' bill" which is numbered as Proposition 24 on the November state ballot. The vote was taken after hearing propagandists speak on both sides of the question and answer innumerable questions regarding the bill and its probable effects.

Although but twenty-five were present, the meeting was one of the liveliest that the board has held to date.

President C. D. Thom was in the chair, and the spontaneous wit that passed back and forth between the chairman, Mayor Spencer Robinson, and W. L. Twining was a feature of the gathering.

### Credit for Annexation

A unanimous vote of thanks was tendered, amid applause, to Virgil B. Stone, David W. Hepburn and E. D. Hamilton, to whose efforts are accredited the recent annexation of territory west of Glendale. They constituted the board's committee on the particular campaign for the aggrandizement of Glendale, and numerous citizens voluntarily informed the board that by their work was the annexation made possible.

C. W. Ingledue asked the aid of the realtors in putting over the \$25,000 fund campaign for the electrification of the Glendale avenue railway line. Mrs. M. L. Tigher moved that every realty dealer, member of the board, devote the full time of himself or some associate all day Friday to the solicitation of funds on a definite program already laid out by Chairman P. J. Hayselden of the Glendale Advancement Association's transportation committee.

### Discussion Waves Warm

Charles B. Guthrie, Dr. Jessie A. Russell, W. L. Twining, Mr. Hayselden and others entered into spirited discussion of some annual program, but evidently all were satisfied for when put to a vote, Mr. Tigher's motion carried without opposition.

City Manager William H. Reeves' remarks in favor of the motion were put at the crucial moment and all members of the board will report to Mr. Hayselden at 612 East Broadway at 9 o'clock Friday morning for store-to-store work in the campaign.

It was then that the lawyers' bill was discussed, with Judge Grey Crump taking the affirmative and Woodworth Clum the negative.

## Rally Day Program to Welcome Pastor

A big rally day program will be put on at the city hall next Sunday morning at 9:30 o'clock for men of Glendale.

The men's Bible class of the Presbyterian church which meets there every Sunday morning, will welcome their pastor, Rev. W. E. Edmonds, back from his vacation. Every man who has ever attended before is expected to be present and also urged to bring some friend with him.

The song service and the talk given by Keith L. Brooks of Los Angeles, make a profitable hour for all who attend.

## Wolverines Outing Saturday In L. A.

Glendale Michiganders will swell the gathering of Wolverines Saturday, September 16, at Sycamore Grove park, Los Angeles, where it is predicted that 60,000 people will rally for a reunion and picnic luncheon.

Basket dinners are in order and coffee will be served free to all buying the silk souvenir headquaters and President Parmelee will preside over the informal program.

## MAN SAVES BABY FROM DEATH IN BURNING HOME

### Perry Jones Injured In Dash Through Flames With Infant In Arms

Perry Jones is the hero of Montrose today—and for many days.

Yesterday, in the presence of scores of neighbors, Mrs. Antonio Martinez wrung her hands in anguish as she stood before her flame-enraptured home where her baby was perishing. Perry Jones tore his shirt from his back, bundled it about his head, and rushed into the roaring fire to the rescue of 3-months-old Martiano Martinez.

The baby is at Glendale sanitarium today, with a chance of recovery. The Martinez home is a heap of ashes, and Perry Jones suffers from severe, but not serious burns.

### Leaves Baby Alone

Mrs. Martinez had left her house at 320 Manhattan avenue, Montrose, on a short neighborhood errand. The baby, Martiano, had to all accounts been alone. None appear to know just how the fire started, but when the mother returned the house was in flames. The neighborhood had already begun to rush to the scene. It was then 4:30 o'clock.

Perry Jones, teamster, was working several hundred yards away. He rushed over to the fire.

Informed by excited neighbors and the anguish-stricken mother that a babe-in-arms was within the burning, he quickly prepared himself for the rescue.

Burning tar from the roof was already falling in flaming globules. It fell upon Jones, as it had been falling upon baby Martiano.

### Smother's Flames

Smothering the flaming clothing of the baby by pressing the child to his own body, Perry Jones staggered into the open, painfully burned and half smothered. A volunteer motor car rushed the babe to the hospital. Dr. Parmelee gave emergency treatment.

Jones' burns are not serious, although painful. The recovery of the baby is still in doubt. The little one's face and legs are badly burned, and there are some painful body burns.

Jones is a popular young man of the neighborhood and Montrose and La Crescenta are praising him for his bravery.

## ORDER FOR BOYS TO INITIATE SOON

### Charter List of Members In DeMolay to Close on September 15

The charter list of members of the Glendale Chapter of the Order of DeMolay for boys will close September 15, according to A. W. Tower, council secretary for the local organization. Petitions for membership in the organization will be received until that date at 214 East Park avenue.

The initiation date for the charter members has been set at September 22, the ceremonies to be performed in Hollywood. Automobiles will leave the Glendale Masonic Temple on South Brand boulevard at 6:45 o'clock on the night of Friday, September 22nd, to take the boys to Hollywood where ceremonies will start at 7:30 o'clock.

An organization meeting of the newly chartered chapter is to be called for some time early in October, it is announced.

## Gypsies Must Keep Moving, Police Say

The Gypsies are coming! Yes, and according to Col. J. D. Fraser, chief of police, they are going to keep on going.

Report was received early this morning at the local police station that a motor caravan of Gypsies, who have been camping for a few days between Burbank and San Fernando, were headed this way. Officers were instructed to advise them not to stop in Glendale.

## Councilman Lapham Makes Explanation

"By allowing the contractors to pave both sides of Brand boulevard at the same time, the taxpayers have been saved several thousand dollars."

That is the explanation given by Councilman A. H. Lapham in reply to numerous complaints in regard to the city's allowing the contractors to tie up both sides of the street, instead of working on one side at a time.

## CAPTAIN LOVING BETTER

Captain W. A. Loving, who has been ill at his home in North Glendale, is now able to be about once more.

### Bomb Explodes and Caves In Building

PITTSBURG, Sept. 14.—Fourteen negro and Italian men and women were injured early today when a powerful bomb was exploded under the veranda of a house in Braddock, a suburb. The force of the explosion caved in the sides of the building and blew bits of the plaster onto the sleepers. Some dropped down on the heads of other occupants.

The longest dance of modern times is the waltz of two couples at Alessandria, Piedmont, Italy, which lasted fourteen hours, until the judges stopped them.

### Rail Strikers Are Returning to Work

CHICAGO, Sept. 14.—Before today has passed the first of the striking rail workers on roads which are included in the new rail peace agreement will be back at work.  
 A number of the railroads will sign the agreement today. The first to sign, it is expected, would be the Chicago and Northwestern railroad.

MAYBE IT'S FREE  
 Roberta—What do you mean by kissing me?  
 Robert—I just couldn't help myself.  
 Roberta—But you just did.

### British to Settle U. S. Loan, Claim

WASHINGTON, Sept. 14.—The British government will proceed with a settlement of the British debt of \$5,000,000,000 to the United States, regardless of any action taken by Germany in the reparations controversy with the allies, according to official advices to the American debt funding commission today.

BY THE SIDESHOW TENT  
 "Is the bearded lady your mamma?"  
 "No, she's my daddy."  
 The world's area is 196,940,400 square miles.

### Have Short Battle In Dublin Streets

DUBLIN, Sept. 14.—A battle was fought in the heart of this city early today when republican irregulars armed with rifles and machine guns attacked the telephone exchange. They were driven off after a fight of one hour.  
 Rebels have captured Ballina, making prisoners of the regular garrison. Many buildings were burned. Heavy fighting was reported from Clarmore, Clare county.

Yap currency originally included circles of limestone, some four feet in diameter.

### See General Peace for Railroads Now

WASHINGTON, Sept. 14.—Partial settlement of the strike of 400,000 shopmen affected by more than half a hundred roads at Chicago, is a mere prelude to the establishment of a general peace in the railroad industry, it was stated today by influential government officials who have had a hand in shaping developments at Chicago.

One pound of radium contains atomic energy 1,000,000,000 times greater than a pound of coal.  
 READ THE WANT ADS.

### New Balkan War Is Feared by British

LONDON, Sept. 14.—An army corps has been ordered into Thrace by Greece to defend that territory against Turkish invasion, according to information today. The Greeks hold the key to the near east situation. British officials are fearful that another Balkan war, involving Greece, Turkey, Bulgaria, Yugoslavia, Roumania, and possibly Hungary and Russia will break if the French support the Turkish claims.

Deer in one herd in the Grand Canyon National Park is estimated to consist of 12,000 to 15,000 head.

### No Reconciliation For Movie Family

LOS ANGELES, Sept. 14.—There is going to be no reconciliation between William S. Hart, "two gun" hero of the silver sheet, and his young bride, the former Winifred Westover.  
 This was made plain today by Milton Cohen, attorney for Mrs. Hart, who stated that divorce proceedings will be started immediately. The announcement from Cohen followed closely on the heels of the initial visit of Hart to see his week-old son, William S. Hart, Jr., at Mrs. Hart's temporary residence in Santa Monica.

J. P. Morgan's favorite recreations are yachting and shooting.

### Mrs. Harding Much Better; Hard Fight

WASHINGTON, Sept. 14.—It will be weeks, if not months before Mrs. Warren G. Harding completely recovers from the disease that carried her nearly to death's door, her physicians said today in reporting a continuation of steady improvement in her condition.  
 So marked is the improvement in her condition that the physicians today discontinued the issuance of the regular twice-a-day bulletin. But in so doing the said this action could not be interpreted as meaning all danger has passed. From now on it will be a slow, tedious fight to complete recovery.

## Side Talks by Ruth Cameron

**WHAT ARE THE NECESSITIES?**

I saw the home the other day of a man who runs a \$6,000 car. It was a two-family house in an interesting neighborhood.

The furnishings were rather cheap, his wife does her own work including the washing. Both of his children left school for the second year of high school for a few months at a mediocre business college. But when they ride abroad they go in a \$6,000 car.

This is not the first time I have gone behind the scenery represented by a costly car and discovered a back stage entirely out of keeping with the car.

Nor is it the first time, I am sure, that you have known such a case.

**You Can't Always Sometimes Tell**

You cannot judge a man's income or his place in society by his car.

It's not the best people, by a hundred miles, who always have the costliest cars.

It's just as apt to be the people who scrimp and save and stint on the things that don't show and the things they think don't count, who flaunt about in the big cars.

It takes a background of money and breeding to make people insist on having a charming home in a good neighborhood. People do that sort of thing after they are assured of such a home because that is the *sine qua non* of life as they know it.

It doesn't take any background to want a showy car no matter what kind of a home one has.

And it's still more true that the real people regard a good education for their children as far

## ENGLISH WOMEN JOURNEY TO CANADA TO FIND HUSBANDS

OTTAWA, Ont., Sept. 14.—Western Canada has become a vast Gretna Green, where women from the British Isles find husbands, and the Canadian government, in the role of Cupid, engineers the romances.

In the two years ending April 1, 1922, 62,408 women have come from Great Britain to Canada, most of them being listed as "unaccompanied women." Within a year after their arrival it is estimated 40 per cent have been married. Out of 700 letters received by the women's division of the department of immigration at Ottawa, from girls recently arrived in Canada, forty letters announced the marriage of the writers.

Miss Mary V. Burnham is chief of the women's bureau of the department of immigration, and under her direction lecturers in the British Isles are constantly telling of the many positions, especially in domestic service, that await girls in Canada. The British girls who emigrate are chaperoned throughout their trans-Atlantic voyage. The provincial governments in some cases pay their passage and the girls repay the money on easy terms after they have been placed in employment.

The demand for women for domestic service in Canada has been much larger than the supply for years.

## Diet and Health

By Lulu Hunt Peters, M.D.  
Author of "Diet and Health, with Key to the Calories"

**SMALLPOX, COMPLETED**

I imagine you have had all of the smallpox you want by this time, and, although there is a lot more I should like to give you, I shall stop for a while. This series I know is going to call forth a lot of conflicting statistics and horrible things to disprove what I have said, and you are going to wonder where you stand.

Will you please remember this: We are not claiming that some bad results did not happen from vaccination years ago. Even then they were infinitesimal compared with the good that was done. Better methods of vaccination are used now and the vaccine itself is rigidly inspected and regulated by the United Public Health Service. With proper care of a vaccination there should be no ill results.

If one were to live 10,000 years, life would still be too short for each of us to prove everything for ourselves and so we have to accept the accumulated knowledge of the ages, and we have to accept the authority of others. It may be at times that there is an apparent conflict of authority. Then we have to accept what we know is the weight of authority.

There is no conflict on the question of vaccination among the scientific leaders of our profession. It is true, as I told you yesterday, that you will find some doctors who are opposed to vaccination, but they are not the ones who have authoritative knowledge of the subject.

As far as I told you yesterday, physicians change their opinions when the advance of knowledge warrants it and we would change our opinion on this subject under the same conditions.

Our scientific public research workers and officials who have handled many epidemics and whose integrity, education and training are unquestionable, believe that vaccination is the only method of control of smallpox. It is not true that these workers and other physicians have financial interests in the manufacture of vaccine any more than they have financial interests in other measures they might endorse.

Physicians are continually advising the drinking of milk, for instance, and saying that it is a most wholesome food, but you do not know of many physicians who sell milk or have an interest in a dairy. The fact that concerns make a living out of a commodity does not necessarily mean that the commodity is of no value.

## BEAUTY CHATS

**YOUTHFUL THROUGH PRONUNCIATION**

A clever instructor of elocution in one of the big universities declares that "many Americans age before foreigners do, because of the careless way in which they speak the language." She says that "Americans as a nation have what is known as the 'clanging jaw,' which is really a set jaw resulting from talking with a closed mouth." Another statement is to the effect that we do not energize our lips in pronunciation, and the supporting muscles of the cheeks do not get sufficient exercise to keep them firm. The result of this would be a sagging of all the lower part of the face; following this would be the flat mouth with the fine lines or creases in the lips.

Realizing that she has taught more than twenty-five years, and is proving her deductions by not looking much older herself than the number of her teaching years, I feel that her statements are worthy of quoting. After I had complimented her one day, she said: "Any man or woman can do the same thing, if they will only rid themselves of their colloquial bad habits and give the English language a chance to keep them young."

Among the first things she does is to break up all the stiffness in the muscles of the lips and cheeks, while the whole jaw is made to move easily. This is accomplished by pronouncing certain combinations of consonants with all of the vowels, and the effect upon all the facial muscles is much the same as that of the fingers after practicing on the piano. In another "Chat" these combinations will be given.

**Brownie**—The most becoming colors for a decided brunette like yourself would be; all shades of brown and tan, stone blue, canary yellow and the new shades of red.

**Mary**—The craze for black has passed, although there will be plenty of handsome black costumes. They will no longer be seen on the young girl for such frivolous occasions as dances, however.

**Anxious**—If the legs are too thin, it is possible you are too thin all over. If so, you want to build yourself up generally, with good fattening food, exercise and fresh air. Exercise is the best way to build up the legs. Swimming, gym work, outdoor sports, all are excellent.

**Anna**—Nervousness often causes the skin to become moist for no apparent reason. Consult your doctor about the condition if it continues. You may only be in need of a vacation and a short period of rest might bring relief. Tomorrow—Face Powders.

## Practical Housekeeping

By Florence Austin Chase

**MEALS FOR A DAY**

**BREAKFAST**  
Sliced Peaches  
Ready-Cooked Cereal  
Toast—Coffee

**LUNCHEON**  
Beauregard Eggs  
Stew of Fruit  
Nut Wafers

**DINNER**  
Soup Souffle  
Browned Chicken  
Lemon Butter  
Sauce  
Corn Souffle  
Beet Salad  
Peach Cobbler  
Coffee

**Beauregard Eggs**—Boil six eggs twenty minutes. Make two cups of white sauce, using four tablespoons each of butter and flour and after blending them together, add two cups of hot milk; cut the whites of eggs in thin strips, mix with the sauce, and fill ramekins, one for each person. Rub the yolks of the eggs through a sieve on top of each ramekin, put in the oven for three or four minutes, and serve hot.

**Nut Wafers**—Cream one-half cup shortening and add one and one-half cups sugar gradually, while beating constantly; then add two eggs, well beaten, one-fourth cup milk, and two cups of flour, mixed and sifted, with one teaspoon baking powder and one-half teaspoon salt. Mix thoroughly and add two teaspoons vanilla extract and two-thirds cups chopped nuts. (English walnuts or pecans preferred). Put a portion of the mixture on a well greased and slightly floured baking sheet or inverted dripping pan

and pat and roll to one-eight in thickness and bake in hot oven about twelve minutes. Cut in strips one inch by three inches. Repeat until all the mixture is used.

**Soup Souffle**—Wipe, peel and thinly slice four small onions; put in frying pan and cook in enough butter to prevent burning, stirring constantly, until soft. Strain four cups of meat stock; add one teaspoon beef extract, onions and salt to taste. Cut bread in one-half inch slices and remove the crusts. Toast on both sides; place in soup tureen, sprinkle with two tablespoons Parmesan cheese and pour soup over just at serving time.

**Lemon Butter Sauce**—Cream three tablespoons butter, then add lemon juice, at first drop by drop, until three tablespoons have been used. When steak is ready to serve, spread with lemon butter sauce and send to table.

**Corn Souffle**—Melt one tablespoon butter, add two tablespoons flour and pour on gradually one cup milk; bring to the boiling point, add two cups cooled corn, one teaspoon salt, a dash of black pepper, the yolks of two eggs, beaten until light, and the whites of two eggs beaten until stiff and dry. Turn into a buttered dish and bake in a moderate oven from twenty-five to thirty minutes.

**Peach Cobbler**—Mix and sift two cups flour with two teaspoons baking powder, one-fourth teaspoon salt, then cut in two tablespoons butter, and add one-half cup milk, or more if necessary to make dough of biscuit-like consistency. Peel and slice six peaches, mix well with two-thirds cup sugar and place on the bottom of baking dish. Place dough, shaped to fit on top of peaches. Make three or four slashes to allow steam to escape. Bake half hour in moderate oven. Boil one-half cup sugar with one-half cup water for four minutes. When the cobbler has cooked twenty minutes, pour the syrup over it and allow to cook ten minutes more. Cream may be served with the cobbler if desired.

## They Say That

Begging and vagrancy have been reduced to a shrewd art in the United States. It is estimated that there are 1,000,000 vagrants in this country. Some of them are victims of misfortune and are unable to earn a livelihood. But great numbers of them are able-bodied and could work at something useful if they would. In New York City there are beggars who go to and from their begging in automobiles of their own and who wear fur coats and jewels in their hours of ease. The public, in other words, is outrageously imposed upon by these scienceless mendicants.

A nation-wide movement has been started to suppress this shameful imposition upon the generous impulses of the public. The intention is to ferret out the swindlers among these beggars and compel them to go to work. This manifestly is the proper thing to do. From shameless mendicancy many a vagrant graduates into criminality, thus becoming a double menace to the public. A crusade against vagrancy, stressing the shame and disgrace of it when the one practicing it is able to work and earn a livelihood, should be conducted.

## Book Reviews

The breaking waves dash high every moment of the time in "Sea Wrack"; there isn't a pause for calm contemplation, never a hint or a hope of a few hours of low tide.

The book is Vere Hutchinson's first, which may explain much. After Miss Hutchinson has become more used to the crown of authorship her literary temperament may go down a bit. But "Sea Wrack" is written in an explosive, hectic style that is guaranteed to fatigue any reader after ten pages.

The plot is excellent; had the author been able to hold herself in check for the sake of her story she might well have turned out a smashing book. The conflict is centered in two adopted boys. One grows into a fine manhood; the other becomes an ignoble wretch. Eventually they come to an open break over women, and for a while the sly brother appears to have won.

Considering the wealth of material and local color which Miss

## Here's Relief For Neuritis

Never mind where, when or how those awful, stabbing pains of neuritis got their start—you want relief from the torture right now!

Stop at any first-class drug store and get a supply of Tysmol. Apply a small quantity of this soothing preparation over the spot that hurts, and in a short time you should be free from pain.

Tysmol is taken up through the pores of the skin, going direct to the throbbing, aching peripheral nerves, which quickly respond to its healing influence.

There is no "dope" in Tysmol—no dangerous drugs of any kind. Guaranteed to be absolutely harmless. People everywhere say that nothing ever gave them such wonderful relief. Price \$1 at Roberts & Echols, Tysmol Company, Mfg. Chemists, 409 Sutter St., San Francisco.—Advertisement.

## It's a Fact

**SPRAYING OUTFIT**  
A spraying outfit for farmers has been designed that can be mounted upon and operated from a motorcycle.

**CARDBOARD LAMP**  
Made of cardboard, an ornamental table lamp can be folded flat when the electric bulb is removed.

**LARGEST SCHOOL**  
The largest one-story school building in the world is being built in an Indiana city to accommodate 1500 pupils.

**STREET CAR TUNNEL**  
A tunnel for street cars, vehicles and pedestrians will be built under the Scheldt river by the Belgian government.

**WRIST MEMORANDA**  
An inventor has patented a tablet and pencil holder to be strapped to a person's wrist for writing memoranda.

**OPEN RADIO STATION**  
The government of Egypt has opened a radio telegraph station to the public for the transmission of commercial messages.

**UNUSUAL VIOLIN**  
Novel in the musical instrument line is a violin that can be folded, enclosed in a case and carried like a walking stick.

**CLEVER INVENTION**  
An inventor has included a writing desk in a new adjustable reclining chair that also can be used as a bed.

**SEND NATIVES**  
The Colombian government will send six young natives of that country to London to study radio telegraphy.

**INCREASE SHEEP**  
Argentina has increased its sheep raising industry until now it is the second largest wool exporting country in the world.

**MOVES BABY CARRIAGE**  
Of English invention is a motor-driven wheel to be attached to a baby carriage to propel it.

Ninety degrees below zero has been registered at Verkoyansk, Siberia.

## The RIDDLE of the FROZEN FLAME

By M.E. & T.W. HANSHEW

"See 'ere, matey," he began confidentially. "You're a decent sort of bloke, you are! Tell us a bit more about them fish-in-boats you spoke uv. I'm that interested, I've been fair eaten up with curiosity. Yer didn't mean the master of this plyce goes and ships electrical fittings and such-like out to Belgium in fishin' boats—strite, eh?"

"Yes," Jenkins nodded. "That's exactly what I do mean. Seems sort of funny, don't it? And I reckon there's somethin' a bit fishy about the whole thing. But I keep me mouth shut. That overseer's the very devil 'imself. Happen you'll learn ter do like-wise. Two chaps who were 'ere larst thought they'd be a bit smarty like, and told 'im they were goin' ter tell all they knew—though God knows what it was! I ain't been able to learn much, and haven't tried neither. But they went—zip! like that! Never saw 'em no more, and nothin' come of it. Best to keep your mouth shut, mate. In this 'ere place, any'ow."

"Oh," said Cleek off-handedly. "I'm not one to blab. You needn't be afraid o' that. By the way, who's the chap with the black mustache a-straglin' all over 'is face? An' the narsty eye? Saw 'im with Borkins, the man wot engaged me night before last."

"That's my gyme all right, guv'nor!" struck in Dollops shrilly, clapping his tankard down upon the bar with a loud bang. "Close as 'onnes we are, guv'nor. An' me mate's like a hoister." "Well, mind you remember it!" retorted Borkins sharply. "Or it'll go badly with the pair of you. That's fixed, then, ain't it? What's yer names again? I've forgotten."

"Bill Jones, an' 'im's Sammie Robinson," replied Cleek quickly. "I'm much obliged to yer, sir. Anyone know where 'e kin get a shake-down for the night? Time enough ter look for lodgin's tomorrow."

It was the barmaid's turn to speak, and she rested her rather heavy person against the bar and touched Cleek's shoulder. "Mother, she 'as lodgers, dearie," she said in a coaxing voice. "You kin come along to us, and stay right along, if you're comfortable. Nice beds we 'ave, and a good 'ot dinner in the middle uv the day. You kin take yer breakfast with us. Better come along to 'er tonight."

"Thanks, I will," grunted Cleek in reply, and dug Dollops in the ribs, just to show him how pleased he was with the arrangement. And so the evening passed. The lodgings were taken, the charge being moderate for the kind of living that men in their walk of life were used to, and the next morning found them both ensconced at their new work.

The overseer proved to be a big, burly man, who, having received the message from "the gentleman at the inn," immediately set them to work on the machinery. The task was simple; they had merely to feed the ma-

## TELEGRAPHERS STEAL WHOLE PHONE SYSTEM, IS DECLARED

BERLIN, Sept. 14.—The Vienna-Budapest telephone wire has been stolen piecemeal within two weeks. Here and there the wire was reported as being out of commission, and finally the last bit of it was stolen by two men, said to be telegraph operators themselves. They took a section of some forty kilometres in length. The damage is estimated at about 1,000,000 Hungarian kronen.

## HE WAS SURPRISED! JUST \$500 WORTH

NEW YORK, Sept. 14.—When Saul Liberman, who lives upstairs and runs a stationery store downstairs, at No. 976 Prospect avenue, Bronx, went to open his store recently he found a note pinned on the front door reading: "You'll be surprised."

And he was. On opening the door he found that burglars had looted the place of \$500 worth of his stock.

## TRUCK SHOTS MAN AS HE JUMPS OFF

NEW YORK, Sept. 14.—When James McGlynn, of Brooklyn jumped off the rear of an army truck at Fifty-eighth street, between First and Second avenue, Brooklyn, he was shot in the ankle by a bullet from a cartridge which was lying in the street and exploded as it was run over by a rear wheel of the truck, just as the man jumped off. The injury was slight.

## Uncle Wiggily Bedtime Stories

By HOWARD R. GARIS

UNCLE WIGGILY AND THE DRAGON FLY  
"Do you want to come for a hop with me, Susie?" called Uncle Wiggily one afternoon to the little rabbit girl. She had just come from school and had hardly gotten used to staying in a large part of the day. During the long vacation she could hop about as she pleased.

"Yes, Uncle Wiggily," answered Susie. "I should like to go with you. Do you think we'll have an adventure?" she whispered to the bunny gentleman, as she took hold of his paw.

"Why, one night, Susie," answered Mr. Longears, with a jolly little twinkle of his pink nose. "What sort of an adventure would you like?" and Uncle Wiggily

asked this just as a clerk in a store might inquire whether you wanted granulated sugar or the brown kind, with which to make molasses candy.

"Oh," whispered Susie, as she drew closer to her rabbit uncle. "I think I'd like a—a—sorter SCARY adventure! But not too scary!" she exclaimed. "I don't want the Woosie Wolf or the Fuzzy Fox really to get me."

"And I wouldn't want that, either," laughed Mr. Longears. "Well, hop along, Susie, and we'll see what sort of adventure the day may have for us."

Over the fields and through the woods hopped the two bunnies. Susie was telling Uncle Wiggily the funny things that happened in the hollow stump school that day. How Johnnie Bushytail, the squirrel boy, nearly turned a somersault when he was cracking a hard nut. For in school the animal children learned lessons such as how squirrels should crack nuts, how puppy dogs should politely gnaw bones and how chickens should pick up grains of corn.

All of a sudden, as Susie was hopping along, she heard a rustling noise in the bushes, and she jumped back and took tight hold of Uncle Wiggily's paw, which she had let slip away a moment before.

"Oh, I—I guess that's an old snake!" gasped Susie. "Nonsense!" laughed Uncle Wiggily. "And, Susie, even if it is a snake, maybe he isn't after you. Perhaps he may be chasing the Fox."

But it wasn't a snake at all. It was only Mrs. Hippity, the Hop Toad lady, hurrying home with a part of a toadstool for her husband's supper. "Hello, Uncle Wiggily! Hello, Susie!" called Mrs. Hippity, as she hurried along. Uncle Wiggily and Susie said hello! in a jolly fashion, and then they hopped on a little farther. They were crossing a little brook when, all of a sudden, Susie gave a scream and jumped back so quickly that she nearly fell off the bridge over the brook.

## RADIO EXPLAINED

By LIEUT. JOHN R. IRWIN  
INSTRUCTOR U. S. AIR SERVICE

### BEWARE OF "WILD CAT" RADIO STOCK

A recent gathering of reputable radio manufacturers, assembled for the purpose of standardizing and stabilizing the comparatively new industry, resolved that a warning was necessary to the public against the thousands of "get rich quick" schemes the new radio craze has born.

A number of papers have headed the request and lengthily warned their readers against the extravagant claims put forth by professional promoters. These profit seeking gentlemen have flooded the mails with alluring prospectuses describing the new art as a godsend for those with few dollars desiring many.

As a matter of fact, the supply of radio apparatus required to meet the demand of the last few months was inadequate, but any reliable dealer will now inform you that they have caught up on deliveries and the anticipated increased demand of the fall and winter months will be handled with ease.

Some of these stock selling schemes liken radio to the great inventions of the past, such as the sewing machine, telephone and other public utilities that have been developed. Heed by the wary reader should be given to the fact that radio is a well founded industry, and, although new, has been steadily developed for years at the cost of millions. The patents on the most recent developments are still good for many years, and held by large corporations capable of handling their products in vast quantities.

These alluring schemes now being offered the public must be carefully scrutinized and, when in doubt, obtain expert advice upon the project and intimate knowledge of the promoters.

## APPARATUS AND DEVICES

By RALPH BROWN, RADIO ENGINEER

### THE MULTIPLE PLUG

For experimenters who do not use a loud speaker for the reception of radiophone speech and music, but who prefer to accommodate their friends who "listen in" with separate telephone receivers, they would do well to study the multiple plug shown in the cut reproduced here. It enables you to install four or less sets of phones with one plug and jack. Unlike other multiple arrangements, it is constructed so that when two or more receivers are to be connected to your set, they are connected in series, as tests have shown that better results are obtained in series than in other multiple arrangements. Furnished with this plug are three wire loops to insert and complete the series connection when fewer than the total number of phones provided for are used.

"Thank you, Uncle Wiggily, for telling the truth about me," buzzed the Dragon Fly, as he flittered near the bunnies. "Of course I don't sew up ears, and I wouldn't hurt you or Susie for all this world and part of another one."

"Oh!" murmured Susie. "Then I'm not going to be afraid of you, Mr. Dragon Fly," and she watched the beautiful insect flit about. Just then, all of a sudden, out from under the hedge came sneaking the bad old Bob Cat with tassels on his ears. The Bob Cat was hungry. Closer and closer he came to Uncle Wiggily and Susie, and they did not see the bad chap as they had their backs toward him.

But, all at once, Uncle Wiggily and Susie heard the Dragon Fly buzz. "Away with you! Away with you, Bob Cat! Don't you dare hurt Uncle Wiggily or Susie!" The two bunnies turned in time to see the Bob Cat almost ready to jump at them. But no sooner did the Bob Cat see the Dragon Fly than the Bob Cat held his paws over his ears and cried: "Oh, don't sew me up! Don't sew me up! Don't sew the tassels fast down over my ears. Darning Needle! I'll be good! Don't sew me up," and away he ran, not hurting the bunnies at all.

"Hat! Hat!" laughed Uncle Wiggily. "Thank you, Mr. Dragon Fly. It is a good thing for us that the Bob Cat was so silly as to believe you could sew up his ears and tassels."

"Of course I couldn't," laughed the Dragon Fly, "but I'm glad he didn't know any better." "So'm I!" spoke Susie. "But I know better, don't I, Uncle Wiggily. And I'm never going to be afraid of Dragon Flies any more."

And she never was, and I hope you aren't. And if the cake of soap doesn't go sailing in the wash tub with the wringer, and forget to come back in time for scrubbing the face of the clock, I'll tell you next about Uncle Wiggily and the peanuts.

## If You Have a Lot Build a Home NOW

Wage earners, salary folk and others of modest income, who want financial aid in building a home can obtain it at once, if they have 30 per cent of the total cost of the proposed home and homesite.

This Company stands ready to advance up to 70 per cent of the cost and to render the most complete service ever devised to the home builder.

### ..FUN..

JUST BEGUN TO FIGHT, Sam unfortunately had picked out an unusually combative helpmeet. After three days of married life he returned to his job looking somewhat wilted and woe-begone. His employer, knowing the circumstances, sought to joke with him.

"Sam," he said seriously. "You look as if you'd been in a battle."

"Yo' jes' bet Ah has, boss," replied Sam ruefully. "But dat ain't de wuss of it. Ah 'pears to have gone and mar'ied mahself to de whole World wah!"

DIFFERENT  
Agatha—Are a crazy person and a moron the same?  
Harriett—No, a crazy person is more off.

CAUSE FOR PAUSE  
I have the sweetest girl,  
Who never has wuch to say.  
And I've often wondered  
If she'd always be that way.

RETRIEVING  
Crawford—When you visit a friend's house, I notice you're always interested in the library.  
Crabshaw—I've found it pays. I generally run across some books I've lent him.

## ANNOUNCEMENT

INVITING YOU TO OUR LARGER STORE—We have leased the store adjoining ours, giving us 1200 square feet additional space. We now are able to display a larger and better line of Furniture and Rugs.

Our ability to increase our floor space and the size of our stock, we owe to the generous patronage of satisfied customers—satisfied as to quality, price and service.

Visit our store and you will be surprised to see how we have grown and see such a good variety of quality Furniture, rightly priced.

### RUGS

An already large stock of Rugs will be increased just as rapidly as opportunities come to us whereby we can secure high-grade weaves at prices that will save money for you.

### KIDDIES' NEEDS

A good line of Baby Carriages has been stocked. In fact you will find here the best equipped department for the needs of the "kiddies."

Phonographs  
A SMALL PAYMENT DOWN will place a phonograph in your home.

Odd Pieces  
Come in—We have very attractive prices on odd pieces and suits that you may need right now.

Use Your Credit  
You can buy furniture here on convenient terms. Enjoy it while you pay.

Stoves—See our full line of Occidental Gas Ranges and the Lawson Odorless Gas Heaters.

For your convenience our store will be open Tuesday, Thursday and Saturday evenings.

# COMMENT THAT'S ALL

**Why Do They Do It? Old Time Amusements Racing Against Death Women Gain Success**  
By Gil A. Cowan

WHEN a local automobile man tells us that "horse racing is coming back," it would seem that normalcy is being approached.

Psychology is a peculiar subject and the more it is defined the less one knows about it.

For instance, I asked a small store keeper on the Los Feliz road yesterday, down along the Los Angeles river, why people traveled that distance to trade.

The fact that he could not tell definitely the reasons for this peculiar custom of roadside trading is nothing to criticize, but his answers were something like this:

"Well, I guess they travel here because they are traveling. They are out motoring and stop to buy some fruit or vegetables. Out of curiosity they visit my grocery."

"They do not buy a great deal—just enough for a meal or a lunch, but they buy and others see them buying and they stop, just like sheep."

"I do not know why they come down here to eat, but I presume it is the novelty. Few of them come from nearby. Most of the trade is from Hollywood or Pasadena."

And so on went the explanation, still without real reason other than the fact the public has the "go go" habit.

So when we read of the trotters and pacers taking the crowds to the turf it is a pretty definite indication that folks are settling down to the old time amusements.

The play producer has the greatest insight as to what the public is thinking, possibly with the exception of the newspaper man.

You will find the new offering not so morbid, the melodrama again scoring high and the public in general getting back to pastimes of the past. Baseball, football and basket ball should attract a greater share of attention than ever before.

Yes, in a few more years the soldier boys of the world war will be called "old veterans" and a more staid atmosphere will reign when jazz and unrestrained hilarity have flitted.

Eyes of the civilized world today are being centered on the Argonaut mine at Jackson, Calif.

There, within twenty-four hours, forty-seven men will be rescued, half dead, perhaps, after being entombed for three weeks.

It takes a splendid imagination to describe the scene. It will be the climax of one of the greatest fights ever waged by science and brown—the fight against time which we all make, but few appreciate.

Denying newspaper interviews seems to be quite the thing nowadays with people of more or less prominence who put their foot in their mouth, so as to speak.

None less than Rudyard Kipling comes out with the statement he did not say what a New York World reporter says he did.

In this country it is not unusual for some congressman, governor or other dignitary to claim he has been misquoted.

As a general rule, a person does not realize what is being said and done until after it is all over.

The easiest way to make a monkey out of any man is to print just what he says. The easiest way for a reporter to make a monkey out of himself is to print what he didn't say.

So a happy medium must be struck in news writing if the Darwinian theory is not to become too apparent.

How well are you acquainted with Glendale?

Did you appreciate the fact that there were a dozen or more successful business women in this city? You know they banded together yesterday for a full page advertisement which attracted considerable attention.

Do you know there are nearly thirty places in Glendale preparing and serving food? Do you know that thousands are employed here in local industrial plants?

It used to be that every one in Glendale knew everything about their city and their neighbors. Not so now!

Glendale is fast becoming a metropolis. All it needs about is a "Metropole" hotel.

# SPORTS

## WORLD SERIES TO OPEN OCTOBER 3 IF N. Y. WIN

### Return to Former System of But Seven Games Plan This Season

NEW YORK, Sept. 14.—John McGraw won three pennants in a row with the New York Giants in 1911, 1912 and 1913. Since then no National league club has been able to finish first twice in succession.

After the Giants had run up their three championships, the pennant started traveling and went to Boston, Philadelphia, Brooklyn, back to New York, Chicago, Cincinnati, Brooklyn and back again to New York.

In the American league, the pennant has also been wandering. The Boston Red Sox won in 1915 and 1916, and then Chicago, Boston, Chicago, Cleveland and New York won.

St. Louis and Washington are the only cities around the big time circuit that have never won a pennant. St. Louis was a big noise in the old American association, when championships were won in 1885, 1886, 1887 and 1888.

New York and Chicago are the only cities that have had two pennant winners in the same season. The Cubs and the White Sox had a private world's series in 1906 and the Giants and the Yanks had one last fall.

If the Giants and the Yanks should repeat this year it will be the first time that one city won two pennants in successive seasons.

The world's series this fall reverts back to the seven-game proposition, four out of seven winning. Until something definite is established in the two pennant races, no arrangements can be made. The season closes on October 1, and if both New York clubs should win the series will probably start October 3, and be played right through. If either New York club wins the series most likely will start in New York on the same day.

In 1920 the late Jim Dunn, then owner of the Cleveland Indians, won the toss and chose to open the series with Brooklyn in Cleveland, but he later discovered that he couldn't get his park ready on such short notice and he allowed Brooklyn to open the championship.

If New York and St. Louis should win the pennants, the series probably will be arranged so that only one trip will be necessary between the two cities.

It might be decided on a toss to have four played in one city and three in another. In 1920 Cleveland and Brooklyn agreed to play three games in each city and return to Brooklyn for the seventh game if necessary, but it wasn't necessary.

### Tris Speaker Gets Fort Worth Pitcher

CLEVELAND, Sept. 14.—Manager Tris Speaker has announced the purchase of Fitcher Gray, a right handed pitcher from Fort Worth, Tex. He will join the Indians immediately after the last game for the southern championship is played between Fort Worth and Mobile.

### Outfielder Bennett to St. Louis Browns

TULSA, Okla., Sept. 14.—Herschel Bennett, outfielder of the local team of the Western league, has been sold to the St. Louis Browns, club officials announced. Bennett will report next spring.

## Tagging All Bases

The Yanks started their "wild west" invasion in a blaze of glory. Although they split with the White Sox they gained half a game on the Browns and now lead by a game and a half.

Collins, a Yank cast-off, helped his old team mates when he turned back the Browns, the Red Sox winning 3 to 1. Shocker failed to shock the men from the Hub.

"Dazzy" Vance had the Reds dizzy and the Robins took a 3 to 2 game from the Reds. The defeat sent the Reds into fourth place.

"Tillie" Walker crashed out his 36th homer against Detroit, but it availed his team mates naught, as they lost to the Tigers.

The Indians could get only four hits off Morgridge and Johnson and lost to the Senators, 4 to 1.

### MUCH TOO SHORT

Oh, Lady Godiva  
Today would be mobbed  
By eager spectators—  
By you, 'twould be bobbed!

Candy manufacture is the sixth industry of importance in the United States.

## YANKS GAIN AND GIANTS GO BACK

### Pennant Race Productive of Plenty of 'ifs' for Fans to Argue Over

While the Yanks gained in the pennant race yesterday the Giants lost some ground. The Yanks, by splitting even with the White Sox, while the Browns were losing to the Red Sox made their advantage a game and a half.

If they can maintain this advantage until they tie up with the Browns next Saturday, St. Louis will have to win all three games from New York to take the lead in the pennant race.

Although the Giants won from the Cubs, the Pirates gained half a game on them when they defeated the Braves in both games of a double-header. The giants led this morning by five games. They have nineteen more to play while the Pirates have seventeen.

Even if the Pirates should win all of the remaining games the Giants would have to win fourteen to capture the pennant.

The Pirates must play .250 per cent better ball than the Giants during the remainder of the season in order to win out.

### JUST LIKE CLERK!

Minister—My good man, do you keep the ten commandments?  
Drug Store Clerk—No, but we have something just as good.

Fires in ships of the world have totaled 835 in six years.

## Tillie Walker Hits Thirty-Sixth Homer

DETROIT, Sept. 14.—Tillie Walker, Philadelphia outfielder, yesterday put over the left field fence in the third inning, his thirty-sixth home run. Johnson was pitching for Detroit. The bases were unoccupied.

In the three years of competition Johnston and Tilden have each played and won nine matches in the singles. In the case of Tilden he has had somewhat of a harder time to win his matches than Johnston. Note for instance that Tilden played five of his matches that went to four sets (four times) and five sets once, while Johnston had two five set matches and two four set matches and in the other matches played Johnston, on the average, has shown much lower figures than Tilden in victory. Here are some figures on the full three years play:

Johnston—Matches played, 9; sets won, 27; sets lost, 6; games won, 188; games lost, 115; average games won per match, 20.8-9; average lost per match, 12.7-9.

Tilden—Matches played, 9; sets won, 27; sets lost, 8; games won, 205; games lost, 137; average games won per match, 22.7-9; average lost per match, 15.2-9.

From the above it will be noted that both won the same number of sets in the nine matches played, but that Tilden lost eight sets to six dropped by Johnston. Tilden in his total of thirty-five sets played actually played 342 games, while Johnston in thirty-three sets played only a total of 303 games. The average shows that Tilden had to win more games per match than Johnston, but the latter lost less games per match on the average.

It is a strange coincidence that when Johnston defeated Patterson in the challenge round in Australia in 1920 he won by practically the same score that won this same match this year. In 1920 the score was 6-3; 6-1; 6-1 while this year it read 6-2; 6-1; 6-1 and

PHILADELPHIA, Sept. 14.—Only the wheat of the competitive tennis remains in the field for the round before the semi-finals in the national tennis title championship today. The last bit of chaff has been weeded out. On one court Billy Johnston takes on that court acrobat, Manuel Alonzo, of Spain; on another Vincent Richards, our most gifted boy wonder, plays Jim Anderson, of Australia; on a third Bill Tilden, national champion, meets Zenzo Shimidzu, champion of the Orient; and on a fourth there will be a clash between Dick Williams, twice national champion in the past, and Gerald L. Patterson, of Australia, who won the all-comers singles at Wimbledon and the synthetic world's title that is supposed to go with the victory. Every entry, with one exception, is a champion, past or present. Johnston should beat Alonzo in straight sets and Tilden is almost certain to dispose of Shimidzu, within three sets, certainly not more than four.

To those who have watched Stranger Ed Lewis, present holder of the world's heavyweight wrestling championship, it lately has been becoming more and more apparent that this great matman is on the decline and that it will be only a matter of a short time before he will be shorn of his title never again to regain it.

One of the outstanding evidences that Lewis is going down the grade is his apparent loss of speed. Two big men were faster in getting about than Lewis when "asses in winter" was the old simile that one sports writer in connection with Lewis in his recent match against Gardini, and it was as applicable as any new simile he might have taken the trouble to dig up.

Another thing, Lewis, to a marked degree, has lost his old stamina and powers of recuperation. After breaking a dangerous hold that required considerable exertion, Lewis would be visibly "all in" and he would have to stall along for several minutes to get a hold on himself.

As a matter of fact, while Lewis managed to get a fall out of Gardini by his famous headlock, this was the only thing that saved him from defeat by the younger man. Gardini was the aggressor all the way through and had Lewis in jeopardy much oftener than he

himself was in danger at the hands of Lewis. This fellow Gardini looks to be a comer who will be heard from in the course of another year. He is picking up the game fast and is more versatile than the major run of big wrestlers in the matter of holds. He seems to be able to do equally well on the headlock, toe-hold and a body scissors and wrist lock. Lewis, for instance, is notoriously a one hold wrestler, the headlock.

It may be well that Gardini is coming along at just the opportune time when Lewis, Stecher, Zbyszko and a few others of the heavies who have been ruling the meridian and are on the other side of the summit of their prowess. Gardini is an Italian of the clean cut, though temperamental type of the Latin race. He is serious about his wrestling and indulges in no horse play. He is a clean performer but is able to retaliate when there is any disposition on the part of his opponent to rough it in the ring.

Should he eventually gain the title, which appears not only possible, but probable, it remains to be seen whether or not he is the kind of man who is spoiled by success. If he sticks to his present methods he will have not a little to do to place the game on a footing where the public will have some confidence in it.

"Little Bill" Johnston and "Big Bill" Tilden in the singles alone won the Davis cup for the United States each year since 1920, even if the doubles were not considered. It is a record that stands alone. In the doubles as a team Johnston and Tilden won in 1920, last year Washburn and Williams won and this year Tilden and Richards lost to the Australians, this being the only match he has lost in the Davis cup competition in the past three years.

An analysis of the work of Johnston and Tilden in the three years of their singles play produces some interesting facts and figures. Tilden and Johnston defeated both France and England in 1920 in the preliminary rounds and then went to Australia, as challengers and defeated the antipodeans. Last year they defeated Japan and this year Australia, both times as the challenged nation.

In the three years of competition Johnston and Tilden have each played and won nine matches in the singles. In the case of Tilden he has had somewhat of a harder time to win his matches than Johnston. Note for instance that Tilden played five of his matches that went to four sets (four times) and five sets once, while Johnston had two five set matches and two four set matches and in the other matches played Johnston, on the average, has shown much lower figures than Tilden in victory. Here are some figures on the full three years play:

Johnston—Matches played, 9; sets won, 27; sets lost, 6; games won, 188; games lost, 115; average games won per match, 20.8-9; average lost per match, 12.7-9.

Tilden—Matches played, 9; sets won, 27; sets lost, 8; games won, 205; games lost, 137; average games won per match, 22.7-9; average lost per match, 15.2-9.

From the above it will be noted that both won the same number of sets in the nine matches played, but that Tilden lost eight sets to six dropped by Johnston. Tilden in his total of thirty-five sets played actually played 342 games, while Johnston in thirty-three sets played only a total of 303 games. The average shows that Tilden had to win more games per match than Johnston, but the latter lost less games per match on the average.

It is a strange coincidence that when Johnston defeated Patterson in the challenge round in Australia in 1920 he won by practically the same score that won this same match this year. In 1920 the score was 6-3; 6-1; 6-1 while this year it read 6-2; 6-1; 6-1 and

Montgomery of 415 South Central avenue entertained with a dinner party at her home last night in celebration of the birthday anniversary of her son-in-law, Charles Robert Hurst, of Los Angeles. Those present included Mr. and Mrs. Hurst and daughter, Betty Jane Hurst, Mr. and Mrs. A. H. Montgomery, Mrs. M. J. Hanna, Mrs. E. Budd, Howard V. Stephens of Missouri and Stanton Montgomery.

Deaths and Funerals

ELIJAH KENDALL JENKINS Elijah Kendall Jenkins passed away this morning, Thursday, September 14, 1922, at his late residence, 524 West Wilson avenue. He was born July 9, 1850, in New York and is survived by a widow, one son, Alfred Jenkins, principal of the Lincoln school in Los Angeles, a grandson, Kendall Jenkins of Warsaw, N. Y.

Mr. Jenkins spent most of his active life in Sterling, Ill., at which place he, for many years, was a teacher in the public schools. He was a member of the Knights Templar and also the Knights Templar of Sterling, Ill. Mr. Jenkins had been a resident of Glendale for a year. He will be remembered as one of the active croquet players on the West Broadway croquet grounds.

Funeral services will be held Saturday afternoon at 2 o'clock at the First Baptist church, 1247 Myrtle street. Rev. E. E. Fox of the First Baptist church will officiate. L. G. Sovern Undertaking company is in charge.

Births

Mr. and Mrs. J. Louis Hooper of Los Angeles are the parents of a baby boy born yesterday afternoon, Wednesday, September 13, 1922, at the Glendale Research hospital.

Hiram W. Johnson Native Californian

Attention has been called to an inaccuracy in The Evening News columns when it was stated that Romualdo Pacheco was the only native born governor of the state of California. Pacheco was the first native state governor.

Senator Hiram W. Johnson, who was governor of California from 1911 to 1917, resigning to take a seat in the United States senate, is a native of California and has spent a part of his life in this state with the exception of the time he has been attending to official duties at Washington.

Hiram Johnson was born September 2, 1866, at Sacramento. He was educated at the University of California, leaving school in his junior year. He began as a short-hand reporter and studied law in his father's office. He was admitted to the California bar in 1888 and practiced in Sacramento until 1902, when he removed to San Francisco. Johnson was a member of the staff of prosecuting attorneys in the graft cases involving a number of city officials and some of the public utility corporations of San Francisco in 1906-1907. He was selected to take the place of Francis J. Heney after the latter was shot down in court while prosecuting Abe Reut for bribery, and he secured the conviction of Reut. Were Pacheco and Johnson the only native born Californians among the governors of the state?

TAILORED GOWNS FIT FORMS BEST

Women of Experience Open Shop Here and Offer 'Bettermade' Clothes

There is nothing quite so satisfying as a garment that has been expertly made to meet the individual requirements of the figure and Glendale women and misses who are a bit weary of always wearing ready-made clothes have the opportunity of having perfect-fitting dresses, gowns, suits and coats made by Miss Alma F. Smith and Mrs. Lydia V. Rehberg, proprietors of the Bettermade Gown Shop in the rear of the building at 115 East Broadway.

The modern woman is learning that there is something very smart about the gown and suit that is fitted and made especially for her figure by expert modistes and Glendale women who have had garments made by Miss Smith and Mrs. Rehberg are particularly appreciative of this truth.

Fit Stout Figure

There is an art to fitting a stout figure, and Miss Smith and Mrs. Rehberg enjoy the reputation of having mastered it at art. "We have had many interesting experiences in dealing with our stout customers," said Mrs. Rehberg. "The majority of stout women reach a point where they are confident that no one can fit them. One stout woman was referred to us by a friend and she asked the friend, 'Are they stout themselves?' The last two dressmakers I had were little bit of slender women and they simply didn't understand fitting a stout figure."

Both Miss Smith and Mrs. Rehberg come from Stratford, Conn., where they learned their trade and worked for several years. Miss Smith is recently from Vancouver and she and Mrs. Rehberg have conducted their Glendale shop for three months. In addition to dressmaking they remodel all types of fur pieces.

BUILDING PERMIT TOTAL \$186,845

September Will Be Good Month In Construction, Figures Indicate

There seems to be no indication that September will be a slack month in the building line, according to the records of the building office at the city hall. These show that \$186,845 worth of permits have been granted already—and the month is not half over yet.

Table with 2 columns: Description of building project and Amount. Total for the year to date is now \$4,294,346. Permits issued in the last two days include the following: E. E. Flueckiger, 6 rooms, 1601 Hillside drive, \$4,600; John J. Weeks, Jr., 5 rooms and garage, 1122 East Palmer street, 4,500; Lehigh Invest. company, five rooms and garage, 505 Pioneer drive, 3,500; H. G. Granburg, 5 rms. and garage, 707 West Wilson avenue, 3,500; Sam Borden, 4 rooms and garage, 909 Kenilworth avenue, 3,000; Sullivan and Schook, 5 rooms and garage, 641 Myrtle street, 3,000; L. W. Reynolds, apartment house, 312 1/2 N. Orange street, 3,000; John J. Weeks, Jr., 4 rooms and garage, 1118 East Palmer street, 2,500; Gladys MacKeenan, five rms. and garage, 1247 Justin street, 2,500; James Wallace, 4 rooms and garage, 1247 Boynton street, 2,200; Mary E. Shropshire, 4 rms. and garage, 1841 S. Brand boulevard, 2,000; J. A. McClain, addition, 128 West Chestnut St. Pratt, garage, 1121 Stanley avenue, 250; Frank D. Marshall, garage, 1118 East Elk, 250; R. N. Hayes, addn., 638 Salem street, 150.

Bus Line Schedule Is Aid to Students

The new schedule of the Pasadena-Santa Monica bus line is finding much favor among the Glendale students who are attending the University of California, Southern Branch. Arrangements have been made for a bus to leave Broadway and Brand boulevard each morning at 7:20 o'clock and to leave the college every afternoon at 4:15 o'clock.

'Willard Agreement' Covers Most Roads

WASHINGTON, D. C., Sept. 14.—Sixty-five per cent of the railroad mileage of the country is covered by the "Willard agreement" negotiated at Chicago or is ready to sign, according to official advice reaching Secretary of Labor Davis today.

ELECTRIC MOTOR STOLEN E. F. Richmann of 1623 North Verdugo road reports the theft of a small electric motor from a shed on his premises.

EXPLANATION BY HEAD OF RAILWAY

P. L. Hatch of G. & M. Line Dispel Misunderstandings Regarding Service

To settle a question that has been raised in objection to the campaign for \$25,000 to establish electric car service on Glendale avenue from Montrose to Los Angeles, Chairman P. J. Hayselden of the transportation committee, Glendale Advancement association yesterday interviewed General Manager P. L. Hatch of the Glendale and Montrose railway relative to service and fares to and from the corner of Brand boulevard and Broadway.

To dispel misunderstandings, Mr. Hatch dictated the following letter to Mr. Hayselden:

"Sept. 14, 1922. 'P. J. Hayselden, chairman, 'Railway committee, 'Glendale Advancement Assn.:'

"Dear Sir—In our haste to present the schedule of proposed fares between points on the Glendale & Montrose railway, we inadvertently omitted to mention the points, namely Brand boulevard and Broadway. This was caused by our having in mind the boundaries or limits of the city proper and you will realize that we would not nor could not make any discrimination between any such points.

Present Service Remains "The present car service of the Glendale & Montrose railway is not to be disturbed in any manner whatsoever by the new proposed line on Glendale avenue to Los Angeles.

"Passengers from Glorieta avenue, Verdugo Woodlands, as well as from points as far south as the city limits will be privileged to ride to Brand boulevard and Broadway for a 5 cent fare, making transfer at Glendale avenue and Broadway. Patrons of the line boarding the cars at Brand boulevard and Broadway may continue to Eagle Rock or transfer at Broadway and Glendale avenue to points north or south.

"Passengers desiring to board the cars at Brand boulevard and Broadway or any point between Brand boulevard and Glendale avenue have the same cash fare and book privilege to and from Los Angeles as passengers boarding cars on Glendale avenue between Monterey Road and the south Glendale city limits.

"Trusting this will be of some interest to your committee and to the citizens of Glendale, I am, "Yours very truly, "P. L. HATCH, "General Manager."

BONUS CAMPAIGN PLAN DISCUSSED

Met Last Night to Go Over Details; Montrose to Hear of Project

Details of the "electrification campaign" were discussed last night at 612 East Broadway at a meeting of those interested in street car service on South Glendale avenue.

Pleasure was expressed by those in charge of the drive at the attitude of the various civic organizations of Glendale toward this project. A number of them have made pledges toward the \$25,000 bonus which must be paid to the Glendale & Montrose railway.

The meeting last night was attended by the following citizens: J. P. Hayselden, C. E. Kimlin, F. L. Fox, C. W. Ingledue, J. F. McClish, Ed N. Radke, C. E. Stanley, J. L. Perch, W. C. Page, Mrs. Ma bel L. Tight, E. T. Johnstone, F. E. Hoyt, C. C. McConnell and A. G. Smith.

The project will be presented tomorrow night at the Montrose Chamber of Commerce. It has been approved already by the Glendale and La Crescenta Chambers of Commerce.

Army Blimp Off On Path-Finding Trip

NEWPORT NEWS, Va., Sept. 14.—After a delay of several weeks, the huge army blimp C-2 left Langley field early this morning for its cross country path-finding, map-making voyage.

The C-2 left her hangar and sailed away without any spectacular display, rising on the converging point of a score or more of searchlight beams. She took a due west course headed for Akron, Ohio, where the first leg of the journey will end.

A. T. BLANFORD BETTER Albert T. Blanford, who was operated upon recently, expects to leave the Glendale Sanitarium and Hospital this afternoon for his home at 1265 South Mariposa street. He is head of the department of physical education for the grammar school system.

GREAT PRIZE LIST FOR ELK PICNIC NEXT SUNDAY

Plenty of Thrills Will Be Provided by Lodge at Verdugo City Park

The Elk herd assemblies Sunday at Glendale Verdugo city park.

Today there are on display in the Harvard street window of Pendroy's department store some of the scores of valuable prizes to be given to contestants at the big picnic of the antlered herd to be held Sunday.

Saturday in display advertising the entire list of prizes will be published, together with the program of events, in The Glendale Evening News and The Eagle Rock Daily News, according to an announcement by the committee in charge for the Elks' lodge.

Children to Parade There will be registration prizes not requiring contest, but only those registering before 2:30 o'clock Sunday at the park will be eligible. There will be a children's parade, and entries will close at 1:30 p. m. Entries for events for children will close at the same hour, and for adults at 2 o'clock.

The picnic will start at 11 o'clock in the forenoon. Basket lunch taken by the Elks and their families attending will be spread and the forty-piece Elks' band will render music continuously until 1:30 o'clock, when the children's parade starts. Every child entered will receive a prize.

Past Exalted Rulers The big event of the day will be the contests for past exalted rulers only. The present officers of the local lodge have donated prizes of the prizes are kept secret for surprises. A great deal of kudos has come from other past exalted rulers to the effect that Pete Ferris has a distinct advantage because he has been training with the Boy Scouts for some time at California. Therefore, the events have been made handicap throughout.

Ice cream and cold drinks will be served free all day, and smokes of all kinds will be distributed to the Elks. If there has been any small thing overlooked, the entire lodge has been unable to think of it.

TUESDAY CLUB'S DRIVE SUCCEEDS

Forty-One Life Members Record So Far; Aiming for Total of 100

The goal of 100 life members for the Tuesday Afternoon club has almost reached the halfway mark, according to Mrs. Daniel Campbell, president of that organization, who states that at the present time forty-one applications for life-membership have been received.

The club desires to secure the 100 by November the first in order that a printed list of the life members may be placed in the cornerstone at the exercises on charter day, November 14. Applications for life memberships are being received by Mrs. Daniel Campbell, Mrs. A. P. Findlay and Mrs. H. E. Bartlett.

Stevens, 1016 Linden street.

Hazing Banned to Protect Students SYRACUSE, N. Y. — Hazing will be tabooed at Syracuse university by the administration when the college opens this month. Vice-Chancellor William P. Graham in a recent statement announced the hazing ban was intended "as a protection of the students themselves."

Shot Self, but Was Under Spell, Claim BIRMINGHAM, Ala.—Dead by his own hand, but neither by accident nor through wilful intent to end his own life. This, in substance, is the consensus of opinion here regarding the death of J. V. Osburn, of Birmingham, who was found dead through his heart.

Evidence obtained from relatives of the dead man at the inquest showed that Osburn for years had been a somnambulist, and had been known to commit unusual acts while under the spell of this. It was also brought out that there should have been no reason why Osburn should have ended his life. He was in excellent health, and so far as can be learned, there was no unrequited love affair in his life. Further, when last seen by relatives, a few hours before his death, he was in his usual good spirits.

It is considered highly probable that the corner and by relatives of Osburn that some time during the night, while under the somnambulist spell, he secured a revolver which he kept near at hand, and unconsciously fired the shot which ended his life, a morally guiltless suicide.

There are over 2,000,000 different kinds of insects known to be now living on the earth.

Annual Welcome to Be Held in October; Year's Work Now Under Way

(Continued)  
 man of publicity; Mrs. C. H. Thompson, president of Columbus avenue P. T. A.; Mrs. George H. Moore, patriotic chairman of the federation; Mrs. W. H. Dotson, juvenile court chairman of federation; Mrs. A. L. Morgan, historian of federation; Mrs. C. L. Vierick, chairman of visiting; Mrs. R. C. Horner, president of Wilson avenue Intermediate P. T. A.; Mrs. W. P. Alexander, chairman of emblems; Mrs. Robert Lord, corresponding secretary; Mrs. L. Aichholz, chairman of courtesy; Mrs. A. Wickert, president of Broadway; Mrs. W. Q. Widows, president of high school; Mrs. L. T. Rowley, vice president of federation and chairman of finance; Mrs. W. A. Kulp, educational chairman.

**Prepare for Year's Work**  
 The various chairmen of committees requested the association presidents to notify them of the appointment of their various committee chairmen in order that the work for the year might be outlined.

Mrs. Moore announced the appointment of Mrs. Pierson Hanning as district membership chairman.

Proceeding the federation meeting a short business session of the executive board of the Intermediate P. T. A., with Mrs. Horner presiding, was held, at which time the matter of furnishing an office room for the vice principal, Miss Carrie Noble, was discussed.

A committee was appointed to investigate and report at the regular meeting of the executive board, to be held at the home of Mrs. R. C. Horner, 432 West Broadway, next Tuesday morning at 11 o'clock.

**Mystery Is Solved About Doorless Car**

"What's the matter? Been in an accident?"  
 "What's that—a new ventilating system of yours?"  
 "Did someone steal the doors off the police car?"  
 These were some of the questions hurled at Claude S. Bramble, Eagle Rock city marshal, as he drove the city's new Dodge car through the business district of Eagle Rock yesterday afternoon. The two front doors of the car were missing.

No, there was nothing wrong, the marshal patiently explained. Everything was as it should be, he announced.

Where were the front doors of the car?  
 Oh, the doors—they had been removed so that they might be decorated with the seal of the City of Eagle Rock and the words "Public Service."

**Comes for Visit; Decides to Remain**

Arvid Lunde, formerly of Chicago, who is now staying at the home of his sister, Mrs. E. R. Lamberson of 130 North Rosemont avenue, is so pleased with Eagle Rock that he has decided to remain.

Mr. Lunde graduated last spring from the University of Chicago. On his way to Eagle Rock recently, he was delayed for some time on account of the railroad strike, spending several days on the train at Albuquerque, New Mexico. He tells many entertaining incidents of the delay.

Although he has not decided just what line of work he will take up in Eagle Rock, Mr. Lunde plans to live here permanently.

**SOUTHERN SECTION CLUB SUPPORTS NEW CAR LINE**

Boulevard Association for Project; Civic Questions Under Discussion

(Continued)  
 ing the present park and swimming pool at the northern end of town, Patterson park. Mr. Wilson called attention to the park owned by the city at Magnolia street near San Fernando boulevard, and urged that the district campaign for a swimming pool and other improvements there. It developed that few of the people living in the immediate neighborhood knew the land is park property, most of them believing for years that it was school land.

**Campaign for Improvements**  
 Chairman Griffin spoke briefly in favor of development of the local park, and both Mr. Heisser and Mr. Wilson entered into the discussion further, while Mr. Gilhuly explained certain angles of the park situation in Glendale generally.

It was then voted that a committee of five be appointed to work towards proper improvements, including a swimming pool, for the Magnolia street park.

The members took occasion to praise their officers and committees on results obtained since the organization of the association a few months ago. The saving of \$2000 to the district property owners by proving the Park street culvert a public rather than a local improvement and the vigorous prosecution of the ornamental fighting plan were particularly complimented.

The meeting went on record in favor of a sewer system direct to the ocean—in other words endorsing the Los Angeles \$12,000,000 sewer-bond issue if privilege to other adjoining communities to connect with service is granted.

**LATER CAR MAY NOW BE TAKEN BY HI PUPILS**

Time Concession Secured for Eagle Rock Youth by Local Trustee

No longer will Eagle Rock boys and girls who attend the Glendale Union high school be forced to leave their homes at 6:30 a. m. in order to arrive at the school on time.

Mrs. Blanche A. Gardiner, Eagle Rock librarian and one of the trustees of the high school board has sponsored the cause of the students from Eagle Rock, and arrangements have been made by which Eagle Rock high school students may take the 7:30 car without being marked tardy.

Heretofore, Eagle Rock students had to leave their homes at 6:30 or soon thereafter in order to catch the 7 o'clock Glendale & Montrose railway car. This car got them into Glendale nearly a half hour before the first period started. But if the students waited until the 7:20 car, they arrived in their first period classes about three minutes late and consequently were marked tardy.

Mrs. Gardiner's Acts  
 When the subject was brought to the attention of Mrs. Gardiner, she obtained a concession for the Eagle Rock students whereby they may take the 7:30 car, and although arriving 3 minutes after starting time for the first period, they will not be marked tardy. The one requirement is that such students bring to their classroom teacher a note from their parents explaining that they live in Eagle Rock and are entitled to the time extension.

Mrs. Gardiner has issued a proclamation to the Eagle Rock students as follows:  
 "All students who are obliged to be at Glendale Union high school for the first period will be permitted to take the 7:30 car from Eagle Rock instead of an earlier one, if they bring an explanatory note from home to their class teacher."  
 "BLANCHE A. GARDINER, Trustee, Glendale Union High School."

**'Bobbed Hair' Not Sanitary, Is Shown**

YOUNGSTOWN, Ohio—Advocates of the "bobbed hair" movement have claimed, among other things, that it does away with insidious covered "rats" and other artifices. But—not so!

During a jitney accident here a young woman, with bobbed hair, was hurt. While in a faint she was carried into a nearby residence. Holding the smelling salts, the attending physician felt a hard substance at the back of her head. He removed a pair of stockings.

**Greek Army Fails Escape; Surrender**

GENEVA, Sept. 14.—The Greek army in the northwestern corner of Asia-Minor has surrendered to the Turkish nationalists, having no transports in which to escape, it was reported. Order has been restored at Smyrna.

**DAHLIA EXHIBITS PROMISE TO BE WONDERFUL**

Eagle Rock's Annual Flower Show Plans Are Now Nearly Complete

Further plans for the staging of the Eagle Rock Dahlia show to be held at the World's Twentieth Century clubhouse on East Colorado boulevard, Eagle Rock, October 5, were completed at a meeting of the dahlia committee yesterday afternoon at White's Tea Shoppe, 109 East Colorado boulevard.

Seventeen members of the committee were present at the luncheon and meeting, at which reports were heard and more definite arrangements for the decoration of the club house and the presentation of a program were perfected.

**Bad Year for Gardens**  
 Members of the committee have visited all those who last spring agreed to raise dahlias this year for the show, in an effort to determine just how many of the blossoms might be expected from that source. It was found that although most of those who were to raise the flowers had done so, the present season has been in general a bad year for dahlias. Plant diseases and other uncomparable agencies have ravaged many of the local gardens, and the season's supply of dahlias for the show will be short the number expected unless persons with dahlias who did not agree to furnish the flowers will volunteer to place their blossoms on display at the show.

**Exhibitors Are Solicited**  
 All Eagle Rock persons who have any dahlias which they will exhibit at the show are requested to notify Mrs. W. W. Weir, Garvanza 1040. Arrangements will then be made for the allotment of space for their flowers, or else the blossoms will be accepted and used as decorations. It is the wish of the committee to have as many individual displays as possible, but those who do not care to enter the show in a competitive way are asked to donate cut dahlias or decorations.

"On account of the lack of flowers, due to the setbacks the plants were received, it is an act that should be inspired by civic pride to give what flowers one has toward the success of the community Dahlia Show," says Mrs. C. W. Young, one of the committee.

"The Dahlia Show is one of the greatest advertisements for Eagle Rock, the Dahlia City. It will attract visitors from all over the southland, and tourists from the east. All loyal Eagle Rock people will support the show to their utmost ability, both by attending, by furnishing flowers or displays, and by boosting the show to their friends."

**Excellent Program Planned**  
 An unusual program, in which women and children are to participate, taking the part of different flowers, is to be presented as one of the features of the show. The total list of those who are to take part in the show has not yet been selected, but a number of the prominent women of the city are to be included in the personnel, and it is promised that the miniature, the Dahlia City. It will attract visitors from all over the southland, and tourists from the east. All loyal Eagle Rock people will support the show to their utmost ability, both by attending, by furnishing flowers or displays, and by boosting the show to their friends."

At the last council meeting of the Eagle Rock city trustees, six of the city officials subscribed \$5 each toward the awards to be made at the show. Mrs. C. W. Young states that she will see to it that the amount already subscribed is augmented, and she hopes that the total of \$50 will be completed for one portion of the awards.

**Many Other Prizes**  
 The Eagle Rock Chamber of Commerce is to give a prize of \$25 for the best dahlia display. The Women's Twentieth Century club will also give a \$25 award, this to be given for the best set piece. J. J. Brown, Eagle Rock dahlia grower is offering three awards, the first \$20 in tubers for the best general display; the second Broomall award in a \$10 tuber order, to be given for the largest dahlia shown; and the third award is a \$5 tuber order for the best vase of Golden West dahlias shown.

The winning displays will be selected the night of the show, it is announced.

**BUYS TWO HOMES IN LA CRESCENTA**

Andrew J. McBride, Retired Business Man, Secures Residence Property

Andrew J. McBride, retired business man from Youngstown, Ohio, was a business visitor in Glendale yesterday when he closed a deal through A. H. Nichols of the Circle Real Estate company, 120 North Brand boulevard, for the purchase of two residences and lots in La Crescenta.

Mrs. Agnes Blumenkrantz, who with her son, J. O. Blumenkrantz, accompanied Mr. McBride from Ohio, was with the elderly man. The party is now staying in Los Angeles, where they arrived several weeks ago, but who will move to the La Crescenta houses as soon as possible.

Mr. Blumenkrantz is an automobile mechanic of considerable experience and intends to open a garage in La Crescenta, where he can be near his mother.

Largest high-grade silver-lead-ore bodies in the world are found in the Baldwin mine, Burma.

**DATE FOR DISCARD OF STRAW HATS GETS PROTEST**

Time Set Much Too Early for Southland One View; Club Holds Debate

(Continued)  
 commented upon the fact that an improvement in any section of the city is an improvement to the whole of Glendale.

Whether the club should pass a resolution condemning the action of citizens who obstruct public improvements for selfish reasons was the subject of considerable discussion.

**Welcomes Discussion**  
 Councilman C. E. Kimlin reported that the city council feels that it should remain open-minded on civic matters and not approach them with minds already made up and unchangeable. He expressed regret at the delay entailed, but admitted his belief that the new basis for the payment of this improvement will be more equitable. He said that the council welcomed a full discussion on such subjects because valuable ideas were often obtained.

Attention to the proposed establishment of street car service on South Glendale avenue was called by Ed N. Radke. He recommended the appointment of a committee to take up this matter. Those appointed were E. T. Johnson, S. F. Bell, A. G. Smith, Dr. James A. Belyea and W. C. Waring.

Pledging \$500 to the bonus fund was the recommendation of James Howarth, secretary of the club. This was agreed upon. Captain Kelly, Mr. Radke and George A. Whitaker each contributed \$10 apiece on the spot.

**Seek Lower Rates**  
 That 500 more families would have located in Glendale this summer if lower rates had existed over the Pacific Electric was Mr. Kelly's comment in heartily endorsing the project. Mr. Radke stated that he knew of several families that had moved from Glendale in the past week for this very reason.

"I believe that we do not fully appreciate the value of this proposed electric line," remarked Councilman C. E. Kimlin.

The financial report from the recent picnic on Admission Day submitted by George A. Whitaker, general manager of the affair, shows that the club will net \$7, if it succeeds in selling all the candy and soda pop still on hand.

**GLORIA SWANSON PROVES DAZZLING**

Portrayal of Little French Cabaret Dancer and Then Noted Actress, Colorful

Gloria Swanson fairly dazzled audiences at the T. D. & L. Theatre yesterday by her colorful portrayal of a little French cabaret dancer who becomes a famous actress and under the stage name of "Fleur d'Amour" makes a sensation. The picture is "Her Gilded Cage" and it is a notable Sam Wood production. Elmer Harris wrote the story from the play by Anne Nichols and Percy Heath penned the scenario. David Powell is her leading man and others in the cast are Harrison Ford, Walter Hiers, Anne Cornwall and Charles Stevenson.

Ten thousand species are in the grass family, and of these 1,300 are indigenous to the United States.
