NO. 135.

INDIANS ARE ON THE WARPATH

MANY PERSONS MASSACRED IN MEXICO

Troops Hurrying to State of Yucatan Where Thousands of Natives Are in Revolt

(Times Leased Wire.)
Mexico City, June 7.—General orders to the army to prepare for active duty in Yucatan in suppressing the revolt of 10,000 Maya Indians were issued to-day. The entire standing army of Mexico will be used to crush out the rebellion if necessary.

Varying reports indicate that hundreds of persons in Yucatan have been massacred and that thousands of natives are joining in the revolt.

The government is rushing troops to Merida to protect hundreds of Mexican refugees who have fled for their lives from towns which the rebellious Indians have sacked.

The gunboat Morelos with 500 soldiers aboard is steaming under forced draught for Campeche, where the force will leave for Merida. The gunboat Zaragoza is at Vera Cruz taking on supplies, ammunition and troops for Yucatan.

The Indians are reported to have destroyed telegraph and railroad communication between Campeche and Merida.

President Porfirio Diaz personally will direct the military campaign against the rebellious Maya Indians. The decision of the president to take active part in suppressing the revolt leads to the belief that the government faces a crisis in the province of Yucatan.

Reports reaching the government offices here indicate that a well planned revolution by Indians and insurgent Mexicans has broken out to gain freedom for Yucatan. The revolt is being led by disgruntled Mexicans. The agents of the government were the first object of attack. The Indians are well armed.

REFUSED TO SHOOT FATHER

TURKISH SOLDIER COMMITS SUICIDE

Placed Under Arrest for Firing in Air When Forced Into Execution Squad

(Times Leased Wire.)
Berlin, June 7.—A court-martial to-day is preparing to investigate the death of a Turkish soldier named Affa who hanged himself in his cell at Uskub after having been imprisoned for refusing to take part in the execution of his own father by a firing squad.

The soldier's father, Affa Bey, was a prominent Albanian of wealth who joined the revolution against the young Turkish regime. He was taken to prison by a detachment of soldiers from a regiment of volunteers in which his son was serving as a private.

Major Risa Mirsa Bey, seeking to add a more tragic note to the execution of Affa Bey, ordered the young man into the execution squad.

The soldier pleaded to be excused from the terrible ordeal but without avail. The major was obstinate, and compelled Affa to take his place in the squad.

The volley was fired. Young Affa shot into the air and for this he was placed in prison. Affa's suicide—followed and an official investigation is the result.

CHARGED WITH MURDER

Edmonton, Alb., June 7.—William Oscar King, under sentence for horse-stealing, is on trial for his life before Judge Scott of the supreme court. King is charged with murdering Joseph Kendall, on the Millett trail last year. Kendall was seen in company with King one day on the trail and has not been seen since. King was on his way to stand trial last summer for horse-stealing when he told the mounted police he could show where the body of a murdered man lay. The police were taking him to the spot when he was shot in the back and apprehended. He was seen suspicious of King's story of the hidden body and investigated with the result that they have laid a charge against King.

EXPPELLING JEWS FROM KIEV

Kiev, Russia, June 7.—Authentic figures have been obtained on the exodus that is being made from Kiev. These show that 12,000 Jews have been expelled up to June 5th inclusive. Of these 517 came under the rolling mill during a short time in which to prepare for their departure, with restrictions, while 944 received passports, good only over the route to their specified destinations. Two hundred and eighty-eight persons were originally ordered to reside in the province. The previous estimates of expulsions were based on families, not individuals, and the present figures confirm the earlier reports.

BYE-ELECTIONS IN ALBERTA

PREMIER SIFTON NOT LIKELY TO BE OPPOSED

Hon. A. J. McLean, Provincial Secretary, Will Be Returned by Acclamation

(Special to the Times.)
Edmonton, June 7.—Writs were issued for bye-elections to-day in Vermillion, Medicine Hat and Lethbridge districts.

Premier Sifton will run in Vermillion, Former Judge Mitchell in Medicine Hat and A. J. McLean in Lethbridge district. Nominations will take place on Wednesday, June 22nd, and the elections on Wednesday, June 23rd.

Arch. Campbell, member for Vermillion, has resigned in favor of the premier, who will probably be elected by acclamation.

Hon. S. R. Mitchell, the new minister of education and attorney general, will have opposition in Medicine Hat, his brother-in-law having been nominated by the conservatives.

Hon. A. J. McLean, provincial secretary, will be elected by acclamation.

OXFORD HONORS COLONEL ROOSEVELT

Degree of Doctor of Civil Law Conferred Upon Former U. S. President

(Times Leased Wire.)
Oxford, England, June 7.—Before a large gathering at Magdalen college, Oxford university, former President Theodore Roosevelt lectured to-day on "Biological Analogies in History." The audience was hearty and frequent. After Roosevelt was presented to the audience, he was given an ovation and another burst of applause testified the approval of his hearers when the address was concluded. If the Guildhall speech has created any ill-feeling towards the former president, it was not apparent to-day.

Roosevelt was greeted heartily by the town and university authorities. Accompanied by Ambassador Reid, Roosevelt arrived shortly after 10 o'clock. He was received by the town council at the municipal hall.

Roosevelt was conducted first to Christ college then to Magdalen, where his address was delivered.

In the course of Roosevelt's visit to Oxford, Lord Curzon, chancellor of the university, conferred the degree of Doctor of Civil Law upon the colonel.

METHODIST CONFERENCE

Montreal Delegates to Meeting in Victoria Are Elected

Brockville, Ont., June 7.—At the session of the Montreal Methodist conference held here yesterday the following delegates were elected to attend the next general conference which meets in Victoria, B. C., next August: Ministers, C. Deacon, W. R. Young, W. H. Spurling, Wm. Timberlake, Mr. Philip, F. G. Lett, J. F. Marby, Melvin Taylor, W. I. Shaw, C. F. Bland, S. J. Hughes and T. Cummings.

MUST STAND TRIAL ON CHARGE OF BRIBERY

Judge Denies Writ of Habeas Corpus Sought by Lee O'Neill, Browne's Attorney

(Times Leased Wire.)
Chicago, June 7.—Lee O'Neill Browne must stand trial for bribery in connection with the election of William Lorimer to the United States Senate. Judge Scanlan to-day denied the writ of habeas corpus sought by Browne's attorneys.

The decision is based on two points, one being that the Chicago courts have jurisdiction in the case, but it is alleged by the indictment that money said to have been paid to secure a vote for Lorimer was paid in Chicago. The second point is the election of a United States senator does not change the state legislature into a federal department freeing its members from any obligation to abide by the state laws.

Browne was at once remanded to the custody of the sheriff. His attorneys moved for an appeal and an argument was begun. Counsel for the defense also asked that Browne be released on bond pending the decision of the appeal court.

Judge McSherry, wanting to try Browne on the indictment charging bribery, ordered the sheriff to bring Browne into his court immediately.

Browne's trial had been set for yesterday. It was postponed on motion of his attorneys pending the decision on the habeas corpus proceedings argued yesterday.

Browne was minority leader of the House of Representatives. His legislative record is charged that he took Charles A. White, a Democrat, to vote for Lorimer for the senate.

THE HOUR AND THE MAN!

THE MAYOR—"Oh, if these foolish aldermen and people would only give you a chance!"

PEACE PACT HAS BEEN ARRANGED

RAILWAYS WILL NOT ENFORCE INCREASES

Interstate Commerce Commission Will Investigate Advances When New Bill is Passed

(Times Leased Wire.)
Washington, D. C., June 7.—President Taft today will meet the representatives of eastern railroads who have planned rate increases. President Brown, of the New York Central, President McCrea, of the Pennsylvania, President Underwood, of the Erie, and other eastern railroad officials will attend the conference. That it will result in an agreement similar to that between the heads of the western lines and the president reached after a conference yesterday is the general belief here to-day.

Browne, McCrea and Underwood have already entered openly the peace pact reached yesterday and it is believed there will be no hitch in the proceedings.

The eastern railroads, it seems certain, will fall into line and agree to hold off any rate increases or withdrawal any that have been filed until the new railroad law becomes effective and the rate increases come under the jurisdiction of the interstate commerce commission.

It is understood that the president will use the threat of a suit similar to that filed at Hannibal against the eastern railroads should there be any difficulty in bringing the railroads to terms. It is not believed here, however, that any such club will be necessary.

The agreement reached between the railroads and the administration provides that the rate increases will be held off until the new railroad regulation bill goes into effect. The bill (concluded on page 7.)

TWO MEN KILLED BY LIGHTNING

Struck While Sitting on Bench Under a Tree During a Thunder Storm

(Times Leased Wire.)
Belle, Mont., June 7.—A dispatch from Salmont, Mont., to-day says that Elmer Rankin and Arthur Malcolm, two farm laborers, were instantly killed by a bolt of lightning yesterday afternoon during a thunderstorm at Salmont. The two men were sitting under a tree on a bench.

Neither their bodies nor the tree was struck by the lightning, but the bench on which they were sitting was torn up and splintered.

SWORN IN

Charlottetown, P. E. I., June 7.—Lieut.-Governor Rogers was sworn in yesterday, the oath being administered by H. B. Boudreau, clerk of the privy council.

CONSERVATION OF RESOURCES

RESERVE ON EASTERN SLOPE OF ROCKIES

Use of Timber and Minerals to Be Permitted Under Certain Restrictions

(Special to the Times.)
Ottawa, June 7.—The entire eastern slope of the Rocky Mountains from the international boundary northwards to a short distance north of the 54th parallel of latitude has been reserved by order-in-council from settlement or occupation and will be administered strictly with a view to the proper utilization and reproduction of the forest, protection of the water supply of the prairie provinces and other related objects.

The total area of the district reserved is about 14,000 square miles. Adjoining this to the south is an area of 14,000 square miles, similarly reserved by the United States government, known as Glacier National Park.

The entire area reserved by the government equals two-thirds of Nova Scotia and over seven-eighths of Vancouver Island. The most northerly boundary of the reserve is situated between forty and fifty miles north of the latitude of Edmonton and about a hundred miles northwest of Yellow Head pass. The western boundary is between Alberta and British Columbia. The width of the strip aside varies from ten to thirty miles from the international boundary up to the latitude of Calgary, and from three northward widens out to from thirty to fifty miles.

It is not intended to withdraw the resources of the area from use. The use of the timber, minerals, stone and other building materials, under certain specified restrictions, will not be allowed but will be encouraged. For hunting and trapping it will be necessary to have a permit.

GIRL SHOTS HERSELF

Ends Her Life When Reprimanded for Going to Dance Against Wishes of Grandfather

Reno, Nev., June 7.—Because her grandfather reprimanded her for secretly attending a dance against his wishes, 17-year-old Lois Holland, daughter of Charles Holland, proprietor of a hotel at Yerrington, is said to have committed suicide, according to a dispatch published here to-day. She wrote three letters asking for forgiveness and addressed them to her elder sister, her grandfather and a man friend.

Lois and her sister were visiting their grandfather, 17 miles from Yerrington. Sunday they asked permission to attend a dance and the grandfather refused to grant it. The girls retired to their rooms and after the family had gone to bed they slipped out and drove to town.

Their grandfather noticed the condition of the horse Monday morning and questioned the girls, who confessed to the trip. A reprimand was given them and later in the day the sound of a shot brought members of the family to Lois' dead body back of the house.

WILL ADVISE ON ASSESSMENT

COUNCIL WILL ENGAGE EXPERT VALUATORS

Personnel of Court of Revision Fixed at the Meeting Last Evening

The personnel of the court of revision was named at last evening's meeting of the city council as follows: The mayor and Aldermen McKewen, Sargison, Bannerman and Raymond. Mayor Morley suggested that before sitting the court should go thoroughly over the assessment roll and study it so as to be in a position to intelligently adjudicate upon possible disputes. On motion of Ald. Sargison, seconded by Ald. Mable, it was decided to ask James Forman and John Dean to revise the roll and advise the council of any changes which, in their judgment, were deemed advisable.

H. D. Helmecken, K. C., wrote complaining of the inactivity of the council in respect to defining the position of the Bowling Club in its occupancy of a piece of land within the boundaries of Beacon Hill park. Mr. Helmecken thought that discourtesy was being shown the B. C. Pioneers Society, on whose behalf he was acting.

Mayor Morley explained that some weeks ago he had obtained from the city barrister an opinion as to what ought to be done about the Bowling Club. Mr. Taylor advised that as the city is not at liberty to give any privileges or rights of an exclusive character, it would probably be as well in future to have the clubs give an undertaking that at any time, upon request from the city, they would remove their property from the park premises and make a declaration denying that they possess any rights of privileges whatsoever at the park. After some little debate it was decided to adopt the advice of the city barrister and seek to secure such an undertaking from the Bowling Club.

(Concluded on page 16.)

GERMAN COLONIAL SECRETARY RESIGNS

Opposes Proposal to Tax Companies Which Are Engaged Developing African Colonies

(Times Leased Wire.)
Berlin, June 7.—The resignation of Bernhard Dernburg, secretary of state for the colonies, is in the hands of Emperor William to-day and it is reported the secretary took his action because he disapproved of the order of the Reichstag which levies a tax on companies developing the African colonies. The object of the tax is to recover about \$50,000,000 which the German government spent in suppressing colonial insurrections.

Herr Dernburg is of the opinion that the tax will discourage investors. The Emperor has not announced his desire to accept or refuse the resignation.

TWO HUNDRED REPORTED KILLED BY EARTHQUAKE

Property Loss in Italian Provinces Estimated at Over \$2,000,000—Hundreds of Persons Injured—King Leaves for the Scene.

(Times Leased Wire.)
Naples, June 7.—Two hundred persons are reported killed and a property loss of more than \$2,000,000 inflicted by an earthquake in the provinces of Campania, Basilicata and Calabria to-day.

Ten bodies have been recovered at San Soss. Eleven persons are known to have been killed at Castel Baronia. Scores of killed are reported from other cities.

Hundreds of injured refugees are camping in the open country having abandoned their homes through fear of recurrent shocks.

The towns of Galatzi, Avellino, Benevento, Castellamare Di Stabia and Rocca suffered the most serious damages.

The government is sending troops to the stricken region. King Emmanuel left Rome to-day for the scene of the disaster.

The Italian red cross already has taken action and is forwarding supplies of food and clothing and sending detachments of doctors and nurses.

The government sent \$10,000 to be used for urgent relief and to provide shelter for the homeless and injured. The great cathedral at Foggia sustained serious damage and other buildings were shaken.

The tremor was volcanic in its nature, apparently lifting and then subsiding. The vibrations lasted only seven seconds, but the damage done is second only to that of the earthquake at Messina nearly two years ago.

Aid for Sufferers.
Rome, June 7.—The Italian parliament to-day voted \$100,000 for relief of sufferers from the earthquake in southern Italy. The money will be placed at the disposal of government agents in the stricken region for the purchase of supplies of clothing, medicines, and of lumber for temporary shelter for the homeless.

NEW BUSINESS BLOCK FOR DOUGLAS STREET

Charles Haywood May Erect Fine Structure on Corner of Pandora Avenue

Though no definite plans have yet been formulated, it is likely that Chas. Haywood, the owner of the fine business site at the southwest corner of Douglas street and Pandora avenue, will replace the wooden structure, occupied by Geiger's planing shop, which was gutted by fire the other day with a fine block three stories in height. This would be known as the "Haywood block" and would constitute a handsome monument to the enterprise of a pioneer citizen who has ever been foremost in all tending to advance the interests of Victoria.

The building, which was the scene of the fire on Friday last, was one of the landmarks of the city. It was erected in 1880 by the late Eli Harrison, and was occupied by him up to the time of his death. Now that there are to be big improvements on Douglas street, the property, which is just opposite the city hall, is regarded as one of the choicest business sites in that section of the city.

TAKES POISON

Stonewall, Man., June 7.—A man named McKenzie, aged forty, and recently arrived from South Africa, committed suicide at the home of his brother-in-law, Sam Sept, at Brant Argyle, nine miles from here, Saturday, by taking an overdose of laudanum. Business troubles are supposed to have been the cause.

NOMINATED FOR DAUPHIN

(Special to the Times.)
Dauphin, Man., June 7.—J. A. Campbell, the sitting member, was nominated by the Liberals of Dauphin for the provincial legislature.

VANCOUVER ISLAND CALLS ALL CLASSES

Random Selection From Development League Mail Shows Wide Appeal is Being Made

"The eyes of the world are on Vancouver Island."

"Speaking generally this is so. But it is interesting to note just what kind of people are behind the eyes which are actually turned this way. Here are some selections from a sample batch of mail received by the Vancouver Island Development League yesterday.

"An American dentist, now practicing in Japan, writes: 'I want to come to British Columbia. Kindly send me all the information you can.'"

"A Winnipeg barber is 'sick of the cold winters' and wants to pull stakes for Victoria or some other island point if there is any inducement."

"Hart's-wooden-farmers in the east have 'a fair amount of capital' and 'would like to know what farming prospects there are' on the island."

There are two letters from Japan, three from the United States, four from French-Canadians in Quebec, and one from London, England to Yokohama.

"The eyes of the world are upon Vancouver Island."

RACE MEETING WILL BE HELD

COURT GRANTS COUNTRY CLUB AN INJUNCTION

Judge Characterizes Raising of Rental as "Fraudulent Attempt to Get Possession"

Horse racing at the Willows will commence on June 18th and will continue for six days.

This announcement was made this morning in chambers, where Mr. Justice Gregory granted an injunction to the Victoria Country Club, restraining the B. C. Agricultural Association from trespassing upon or interfering with the former concern's enjoyment of the driving park.

This injunction is good until the trial of the pending action between the two concerns.

His Lordship, during the hearing of the case, expressed himself in unequivocal terms concerning the intention of the defendant association in raising the rent of the park. It was said, worse than exorbitant and was evidently intended to get rid of the tenant and to give possession of valuable improvements made by the plaintiff to the defendant.

H. W. R. Moore, representing the plaintiff club, sought an injunction restraining the defendant association from trespassing on the park. It was asked a declaration that the plaintiff should only pay a rent of \$60 a day when racing was in progress during the present year.

He put in an affidavit of G. A. Fraser, manager of the Country Club, alleging that the plaintiff club had fully observed all the conditions of the lease and had paid the defendant the rent due for the year ending April 19th, 1910. The defendant did not, or before the 1st day of April this year, as the lease provided it should do, fix a rental for the year. On the 7th day of April the association wrote to the Country Club a letter which purported to fix the rental for the year at \$25 a day when no races were held and \$50 a day when races were in progress.

The plaintiffs claimed that this rent was prohibitive and expressed the belief that it was not bona fide, but for the purpose of fraudulently preventing the plaintiff from continuing in possession. During the year 1910 the club erected on the driving park improvements valued at \$13,000 with the consent of the association, and in the belief that it would continue in possession of the lands for four more years. A further allegation was that the defendant had put rails across the entrances of the park and had hindered the use of the land by the club. Owing to this fact the club was forced to abandon a race meeting advertised to be held in May this year.

H. Dallas Helmecken, K. C., for the defendant association, denied any original intention on the part of the society to get possession of the lands with the improvements erected by the plaintiff.

Mr. Justice Gregory—Do you think it a fair thing to ask a rental of \$5,000 a year when no races are held and the plaintiff gets no earthly benefit from the property?

Mr. Helmecken submitted that the sole question before His Lordship was the right of the defendant to raise the rental after the lease got forth in the lease had expired. He quoted authorities dealing with the principle involved in this question.

"As far as the rent is concerned," he said, "I suppose our association thinks that the club is able to pay the rent, as racing is popular in Victoria and."

DECREE NISI GRANTED IN CERTIORARI CASE

Imposition of Fine on Chinese for Watching Game to Come Before Supreme Court

With a view to testing the conviction and imposition of a fine of \$25 each by Magistrate Jay some weeks ago on a party of 26 Chinese, found guilty of watching a gambling game, certiorari proceedings were started in Chambers this morning before Mr. Justice Gregory. J. W. de B. Farris, of the Vancouver law firm of McDonald, Killan and Farris, appeared on behalf of Sam Wong Jim and twenty-five other Chinese and was granted an order nisi returnable on Monday next. J. A. Alkman has been engaged for the Crown. The grounds upon which the order was asked are that the game of "piggy" which the Chinese were charged with having watched is not a gambling game and that no evidence was presented to the magistrate to show that the Chinese were on-lookers.

PANTAGES HOLDS SEANCE

If no one believed in hypnotic influence, mind reading and telepathy, still everyone who saw Svingali and Madame Helene at Pantages would at least say that their work was marvellous, especially in that part of the entertainment devoted to mind-reading and thought transference. This portion of the programme is in a class by itself, completely away from anything else ever attempted here, and while attaining similar results, in a decided way in the field of public mind-reading demonstrations. The hypnotic tests suffered last night in comparison to the mind-reading, owing to an insufficient number of subjects volunteering from the audience, but the half-dozen or more who did fall under the control of Svingali afforded a very interesting as well as amusing half hour. The vaudeville part of the show consisted of the regular Pantages house numbers, and the Christiani Hill Co. In a new comedy satire called "My Wife's Red Hair." Miss Hill leads a very clever company, is herself an actress of no mean ability, and their act should be seen.

PRETTY JUNE WEDDING

Mr. Percy Sheritt and Miss Maude Stember Married Yesterday.

At St. Andrew's Presbyterian church, mass wedding, yesterday afternoon the marriage of Mr. Percy Sheritt, only son of Mr. and Mrs. E. Sheritt, of McClure street, and Miss Maude Stember, eldest daughter of Mr. and Mrs. Lewis Stember, of the Pioneer Coffee and Spice Mills, was solemnized by Rev. W. Leslie Clay.

The wedding was a quiet one, only intimate friends of the contracting parties attending. Miss Cora Sheritt, sister of the groom, acted as bridesmaid, and Mr. F. Stember, brother of the bride, supported the groom. Immediately at the close of the ceremony the friends gathered at the residence of the bride's parents, corner of Blanchard and Pembroke streets, where a luncheon was served. Mr. and Mrs. Sheritt are both well known in this city, having resided here for some years. Many presents were given the young couple by their friends. They have left for Shawinigan, Lake, where they will spend two weeks. On their return to this city they will take up their residence at 715 Princess avenue.

APPEALS TO-MORROW

This morning the June sitting in Victoria of the Court of Appeal was opened. The following cases were set for to-morrow: Stoddart vs. Railton; Bingham vs. Powell; Rolison vs. Kolosoff; Guthrie vs. Hunting; Williams vs. Hunting; Beattie vs. Montreal Fire Insurance Co. All these are from the Mainland.

KAISER'S SALARY

Berlin, June 7.—With the Socialists crying "waste and extravagance," the Prussian Diet today passed the first reading of the bill to increase the Kaiser's salary from \$1,000,000 to \$5,000,000.

OVER THOUSAND REPORTED SLAIN

INDIANS ATTACK MEXICAN TOWNS

Dispatches Received Over Railway Wires Tell of Massacre of Women and Children

(Times Leased Wire.) El Paso, Texas, June 7.—The slaughter of 1,300 Mexicans in the Yucatan peninsula is recounted in reports received to-day over railroad telegraph wires. The reports have not been confirmed. The reported massacre is said to have been carried on by Maya Indians and their Mexican allies. Among the slain are said to be many women and children. The towns of Valladolid, Miguil and Chama are reported to have been attacked, looted and their inhabitants slain or dispersed.

THREATEN TO SHOOT NEGRO SOLDIERS

Residents Near Fort Lawton Are Aroused by Attack on Women

(Times Leased Wire.) Seattle, Wash., June 7.—With the threat that "any soldier who appears outside the reservation is liable to stop a rifle bullet or a charge of buckshot," a mass meeting of citizens in the Interbay district last night notified Lieut. Colonel Miller, commander at Fort Lawton, to keep all soldiers on federal property, and warned him that any of them who failed to do so did so at their own risk. With this the mass meeting adjourned to the city council, where without a dissenting voice that body passed a resolution similar to the one adopted at Interbay, and demanding the withdrawal of the troops.

To-day the matter will be taken up with the chamber of commerce and the commercial club. The text of the resolution follows: "Whereas, a negro soldier in a brutal attack, permanently disfigured a white woman of our community by biting off her entire lower lip, in the presence of her two children, and in the immediate vicinity of Fort Lawton; and whereas, we have established beyond a reasonable doubt that there have been many instances of outrageous conduct and open insult to our women by negro soldiers now stationed at Fort Lawton; and whereas, the mayor of our city realizes and has expressed his inability to cope with a situation such as exists in this outlying district, because of the roughness of the country and the thick timber, making it impossible to guard against maliciously inclined persons; therefore, we demand, in justice to our community, the immediate removal of the negro troops, they having shown themselves unworthy of trust and a danger and menace to peaceful, law-abiding citizens."

Nathaniel Bledser, the negro soldier suspected of having been the assailant of Mrs. J. W. Redding, was taken to a lodging home and finally identified to-day. The negro was unmoved. Mrs. Redding, who was hysterical after identifying the soldier. The man accompanied by two policemen boarded a street car and was taken to the city jail. A crowd of neighbors watched his departure and talked angrily, but made no attempt at violence. The street car was followed closely by a motor car filled with officers. A special guard surrounds the reservation to-day to prevent any enlisted men from leaving and to stop any outsiders from entering the grounds.

TAKES POISON

(Special to the Times.) Niagara Falls, Ont., June 7.—By taking corrosive sublimate, Lavinia Campbell, a 19-year-old St. Catharines girl, committed suicide, dying in the hospital. She was employed as a domestic at the hospital till recently when she was discharged.

CHURCH UNION

Question Discussed at the Hamilton Methodist Conference. (Special to the Times.) Guelph, Ont., June 7.—A discussion on the basis of church union was precipitated in the Hamilton Methodist S. Church, treasurer of the Yorkhama Nursery Co., limited, Yorkhama. Address Box 3, Victoria, B. C. Enclose 3c postage stamps for an illustrated catalogue of 1910-1911.

TRIBUTE TO DR. BURWASH

Trenton, Ont., June 7.—Nothing makes one feel one's own nothingness more than to hear all these things, said while they who say them do not know how poor and weak I am, and that it is all God's grace. I returned to the depths of his being by expressions of appreciation and outspoken reverence with which the Bay of Quinte Methodist conference has greeted his jubilee address on Sixty Years of Canadian Methodism, Rev. Dr. N. Burwash, chancellor of Victoria University, in tones fearful with emotion and with grand humility, gave voice to the above expression last evening.

A moment later a motion put to the meeting asking that a service of early morning address, given by the chancellor since the conference convened, be printed and distributed, carried.

OPPOSES CHANGE IN ACCESSION OATH

Lord Kinnaird Declares Anglicans Will Not Barter Liberties to Demand of Irish Members

(Special to the Times.) London, June 7.—Opposition to proposed change in the form of the accession oath has reached the form of a public demonstration. This was shown yesterday when three thousand people, members of the Established church, assembled at Albert Hall and organized a church organization which will be identified with the evangelist section of the Church of England in future. Lord Kinnaird, who presided, denied that there was the slightest desire in the world to vex their Roman Catholic brethren, but as he stated the matter, those who were taking the question in hand did not even dare to risk the possibility of seeing a priest-riding monarch ascend the throne of Great Britain. They were not, he added, going to barter their liberties to the demand of John Redmond and other of the Roman Catholic members of the House of Commons who chanced to represent Ireland at this time.

BRITISH TROOPS FOR EGYPT

Aldershot, June 7.—It is reported that two battalions of infantry and a cavalry regiment have been ordered to Egypt.

LIBRARIANS COMING

One of the largest party of visitors to come to Victoria in one body will be here in June of next year, on the occasion of the annual convention of the American Librarians' Association. It is planned that the members and friends to the number of 500 shall visit Victoria and arrangements have been made for their accommodation. E. O. S. Schoenfeld, provincial librarian, has the arrangements in hand and Dr. Bostick, of Portland, the general president of the association, is at present in town assisting him in this end. As many of the party as possible will be accommodated at the Empress. Manager Jackson is promising to reserve all the rooms that can be made available.

FREIGHT RATE INCREASES

Eastern Railways Decide to Follow Action of Presidents of Western Roads. Washington, June 7.—The Eastern railway presidents in conference with President Taft have agreed to follow the action of the presidents of Western roads in postponing freight rate increases until the interstate commerce commission is empowered to act in the matter, according to an announcement at the White House this afternoon. If the amendment President Taft recommended making the railroad law immediately effective upon passage by Congress, many of the interstate commerce commission will investigate the Eastern rate increases. No agreement on this point was necessary. If the enactment of the railroad law is deferred the Eastern railroads have agreed to submit their schedule of increases to the interstate commerce commission for investigation and decision. Among those in conference with President Taft were Attorney-General Wickes, President Brown, of the New York Central lines, President McCrea, of the Pennsylvania lines, and President Finley, of the Southern railway.

DOCTOR LIBERATED

St. Louis, Mo., June 7.—Dr. Loper Doney, indicted for complicity in the alleged murder of William J. Erder, was released from custody to-day following the dismissal of the indictment. Mrs. Doney was recently acquitted of a murder charge.

SEALED TENDERS

Plans, specifications and form of contract can be seen and forms of tender obtained at this Department, at the office of J. L. Michaud, Esq., District Engineer, Merchants Bank Building, 811 Broadway, Montreal, J. G. Sturges, Esq., District Engineer, Confederation Life Building, Toronto, Ont., and G. K. Kefer, Esq., District Engineer, New Westminster, B. C.

PERSONS TENDERING

Persons tendering are notified that tenders will not be considered unless made in the printed forms supplied, and signed with their actual signatures, stating their occupations and places of residence. In the case of firms, the actual signature, the nature of the occupation and place of residence of each member of the firm must be given.

TENDERS MUST SPECIFY TIME OF DELIVERY OF BRIDGE AT VANCOUVER B. C., FREE OF ALL RISKS AND CHARGES.

Each tender must be accompanied by an accepted cheque on a chartered bank, payable to the order of the Honorable the Minister of Public Works, for twenty-five thousand dollars (\$25,000.00), which will be forfeited if the person tendering declines to enter into a contract when called upon to do so, or fail to complete the work contracted for, or if the tender is not accepted. The cheque will be returned. The Department does not bind itself to accept the lowest or any tender.

By order, NAPOLEON TESSIER, Secretary.

Department of Public Works, Ottawa, Ontario, May 31st, 1910.

Newspapers will not be paid for this advertisement if they insert it without authority from the Department.

Municipality of North Cowichan

TWENTY-FIVE KILLED BY AUTOS IN YEAR

Over 560 Others Injured in Chicago—Accidents Increasing According to Official Report

Chicago, June 7.—Walter J. Raymer, track elevation superintendent, in a report submitted to Mayor Busse, declared that autos were rapidly becoming a greater menace to life in this city than the railway grade crossings.

Raymer's report shows that since June 1, 1909, twenty-five persons have been killed and 568 injured in motor-car accidents of all kinds, while the grade-crossing record is thirty-five dead and only eighty-three injured. The feature that makes the issue more serious is that motor accidents are increasing, while grade-crossing mishaps are being reduced in number by elevating the railway tracks. The existing state auto law generally is regarded as the root of the evil. Automobileists generally declare it a "fine" statute. The police and general public declare it has many and serious shortcomings.

HEARING FISHERY DISPUTE AT THE HAGUE

British Case is Presented by Sir Robert Finlay—May Last Until August

The Hague, June 7.—The first business session of the tribunal which is to decide the Newfoundland fisheries question between the United States and Great Britain was held yesterday. The president of the court is Professor Heinrich Laumusch of Austria.

The case opened with the presentation of the British case by Sir Robert Finlay, Senator Ellis Root heads the delegation of attorneys representing the United States.

The international dispute grew out of interpretations of Newfoundland fisheries treaty of 1818.

Four Sessions a Week.

London, June 7.—A correspondent at The Hague writes that The Hague tribunal will meet four days a week and remain in session four hours a day. At this rate the argument in the North America fisheries dispute will not be completed before the end of August and possibly not before the middle of September.

The preliminary meeting of the court was held in the arbitration building, but the room was not sufficiently large for the court representatives and the contending parties, so it was decided to try to get more commodious quarters. It was expected that Dutch official life would put itself out for the purpose of meeting the wishes of the tribunal, but it took no interest whatever in the search for more commodious quarters. Eventually the tribunal discovered the top flat of the parliament building, a huge, unlighted and unfurnished attic, vacant. At the moment they are undecided whether to take possession of the roof garden or to apply for permission to use the "chevalier's" hall, the headquarters of the Netherlands knights.

The correspondent adds that the prevalent idea of Dutch official life going down on its knees to the great powers of the world, begging them to come to The Hague is erroneous. The Dutch are not unwilling that they should come, but at the same time they are quite willing that they should find their own accommodations.

CURED BRONCHITIS

Mrs. Hopkins Says Her Life Was Saved—Choked and Gaped for Breath

"Some five years ago I was taken with a bad attack of bronchitis. I was affected with a bronchial cough and cold, the cough was generally much more apparent at night, and I would wake up choking and gasping for breath, and there seemed to be a terrible stoppage in my throat and tubes. My throat was tender and irritable, and had an aching sensation, which was especially bad at times. I doctored and used several remedies, but received no permanent relief, until I used Hyomei. This remedy is certainly infallible, and it saved my life, and I accord it the credit which it deserves. There is nothing too strong for me to say regarding Hyomei."—Mrs. Ada Hopkins, 8 Cutter Ave., Coldwater, Mich., August 22, 1908.

D. E. Campbell sells Hyomei (pronounced High-oh-mey) and he guarantees it to cure bronchitis, catarrh, asthma, croup, hay fever, coughs and colds, or money back.

The price for a complete outfit is only \$1.00, which includes a bottle of Hyomei and a neat hard rubber inhaler.

MI-ONA Cures Dyspepsia.

Your money back if it don't. Gives immediate relief from heartburn, sour stomach, stomach distress and sick headache. 50 cents a large box at D. E. Campbell.

TALKING ROSES.

A number of people have already indicated their intention of entering roses at the forthcoming show, which will be held in Assembly hall on the 24th. This is unusually early to hear from exhibitors and the inference is that more interest than usual is being taken in the event. A great many people pruned their early roses late in the spring for the express purpose of keeping them back, so that the bloom might be available for the occasion required.

Miss Thain's orchestra has been engaged to provide music throughout the day. This year nothing but stringed instruments will be used, these being preferred.

THE SAFETY OF "FRUIT-A-TIVES" MAY BE TAKEN FOR YEARS

The Ideal Medicine for Young and Old

Nature's gifts do us good, if used judiciously. We eat bread from baby-hood to old age without ever tiring of it. We drink water, year in and year out, with the greatest benefit to our health. So too, we eat fruit in season and are better for the change of diet. This is true, because such things are the natural foods and drink of mankind. It is for this reason that "Fruit-a-tives" may be used for years in correcting some ill of the body. As is well known, "Fruit-a-tives" is made of the juices of apples, oranges, figs and prunes.

Just as fresh fruit may be eaten at every meal, so "Fruit-a-tives" may be taken every night for 20 years or more with the greatest benefit.

The absolute safety of "Fruit-a-tives" has been a great factor in its success. Those who suffered with chronic troubles such as Constipation, Dyspepsia, Rheumatism, etc., naturally took a number of boxes of "Fruit-a-tives."

As they became better, they found that instead of being compelled to increase their doses as in most medicines, they were decreasing it, and gradually taking fewer doses.

50c. a box, 6 for \$2.50, or trial box, 25c. At dealers, or sent on receipt of price by Fruit-a-tives Limited, Ottawa.

PREDICTS BLOCKADE ON WESTERN ROADS

James J. Hill Says it Will Be the Worst in History if Western Crops Are Good

Chicago, June 7.—Predicting one of the worst blockades in the history of western railroads, James J. Hill, head of the Great Northern, took a suddenly pessimistic view of the future yesterday. Hill's prediction of calamity was based on the government's attempted interference with railroad rates.

"A freight blockade is coming this autumn," he said, "which will be the worst in history if western crops are good. Chicago, as a trade centre, will suffer most. By unwarranted interference with the railroads, the people will be hurt.

"The recent attempt of the government to effect western rates was underhanded. Rates must not be kept down if the country is to have adequate service.

"People do not believe this now, but they will when the truth of the statement later and will suffer for it."

POLICE OFFICER PROBABLY MURDERED

Chief of Spokane Force Has Received Letter Threatening Him With Death

Spokane, Wash., June 7.—Much importance is attached to an anonymous letter received several days ago by Chief of Police John Sullivan, telling of the murder of Mexican Police Officer Sautbein and threatening the chief's death. Sautbein's mutilated remains, bearing only shell belt and scabbard and shoes, was pulled from the Spokane river several miles east of here. He disappeared March 10th, most mysteriously, while on his way to headquarters to go to work. The letter follows:

"Traitor John Sullivan. If you want to know where the missing officer is, he is in the Spokane river. We had to get him out of the way. He is number 1, you are No. 3. You need not think because you let the I. W. W. out of jail, you are saved, for you will sure get it and get it hard. Get out in the car with you the other night and found where you lived."

Whether the clothing was washed from Sautbein's body while in the river or torn to shreds in a fight for his life, is a matter of conjecture. There are no gun-shot or knife wounds present on any part of the body and the skull is whole. Purple blotches at the pit of the stomach indicate that the victim received a blow there and it is thought probable that Sautbein was thus disabled and hurled into the river.

NEW FLOWERS.

San Francisco, Cal., June 7.—Luther Burbank, the plant wizard of Santa Rosa, has announced the perfection of two new flowers. One is a white primrose and the other he terms Oenothera Burbankii. Burbank left yesterday for Lompoc, Cal., where he has a ranch, where he performs many of his experiments. He believes the climate and conditions there are suitable for raising white primroses and the Oenothera Burbankii.

BOUNDARY DISPUTE.

Washington, D. C., June 7.—The house yesterday passed a joint resolution authorizing the governor of Oregon and the governor of Washington to adjust the boundary dispute between the two states where the boundary follows the Columbia river channel. The senate has already passed the resolution.

It will now go to the president for his signature.

WILD MAN AT LARGE.

Wabigoon, Ont., June 7.—That he was abducted bodily by a demented trapper is the latest theory concerning the disappearance of Walpole Roland, the eighty-year-old prospector, who has been missing now for over three weeks. One of the search parties report that a wild man, believed to be a

WANTS FIREMEN WITH STRONG LUNGS

New York Chief Denounces System of Making Scholarship Prime Requisite

New York, June 7.—The New York fire department widely lauded as the best in the world, is only forty per cent efficient in the opinion of its chief. Two firemen were smothered yesterday in a down town warehouse blaze, and Chief Croker's sorrow at the loss was blended with anger over the manner in which the loss came to pass.

"There was a panic in that fire," he said, "and I want it known that the majority of the men fighting that fire were young civil service firemen. When they got into the thick of the smoke, their lungs could not stand the strain. They got frightened, dropped the hose and ran. It was not much of a fire at that.

"In many fires of late, I have seen these civil service firemen drop their hose and run. When one of them weakens the whole bunch goes down like a row of dominoes. I want some men with brains, yes, but I want all of them with lungs. The cigarette smoking, weak lunged, undersized civil service firemen have been demoralizing the department for the last 20 years, ever since the civil service commission began to pass on applications. We continue to make scholarship the prime requisite for admission, and it is only a question of time when the department will fall to pieces."

MILLER ANTI-GAMBLING LAW.

Nine Cases at Toronto Are Adjudged for Week.

Toronto, June 7.—Nine cases arising out of the alleged breaking of the new betting law were again remanded yesterday, and will come up on June 13th. Three points are being raised by the crown upon which a decision will be required. The managers of the Globe, the World and the Mail and Empire are charged with having broken the law by publishing the racing odds in their form charts. The proprietor of the Daily Racing Record is alleged to have furnished racing information which is against the law. The other defendants are news dealers, charged with selling papers published in the United States which contain tips on the races.

McClary Gas Ranges

Heat, moisture, sulphur and acid fumes have no effect on iron or steel protected with Anti Rust Coating—our own exclusive invention. That is why the Anti Rust Oven Linings of McClary Gas Ranges are absolutely rust and acid proof. They are good for twice the length of service of unprotected oven linings. You want a gas range built to last, as well as to cook and bake things to perfection. Therefore, invest in the McClary Gas Range.

McClary Gas Ranges are made in eight different styles. All sizes of kitchens can be accommodated. Each style can be supplied with or without two burner extension, oven thermometer, water heater, reservoir, high shelf, high closet and canopy top. Can be changed from artificial to natural gas in a few minutes.

Go to our nearest agent and look at the McClary Gas Ranges. See the new direct action oven bottom, the enamelled broiler and drip pans, and other new features. Then you'll have proof of their up-to-dateness.

—Enamel measuring bowls. Will measure exactly from 1/2 pt. to 5 pts. Handy, durable, 50c. at H. A. Brown & Co's, 1302 Douglas street.

Parkdale.

WEATHER BULLETIN

Daily Report Furnished by the Victoria Meteorological Department.

Victoria, June 7.—In low areas still cover British Columbia and the Rocky Mountain region, showers have fallen on Vancouver Island, the Lower Mainland, and at Edmonton. Temperatures are below normal on the Pacific slope and cloudy weather is general on the coast. East of the Rockies the high area is coming central over the Great Lakes, and the weather is chiefly fair, with normal temperatures.

Forecast.
For 24 hours ending 5 p. m. Wednesday, Victoria and vicinity—Southwesterly and westerly winds, generally fair, with not much change in temperature.

Lower Mainland—Light to moderate winds, partly cloudy, with occasional showers.

Observations at 5 a. m.

Victoria—Barometer, 30.02; temperature, 48; minimum, 48; wind, 4 miles W.; rain, .62; weather, cloudy.

New Westminster—Barometer, 30.02; temperature, 48; minimum, 48; wind, calm; rain, .06; weather, cloudy.

Barkhead—Barometer, 29.90; temperature, 34; minimum, 32; wind, calm; weather, clear.

San Francisco—Barometer, 30.00; temperature, 50; minimum, 50; wind, 8 miles E. W.; weather, cloudy.

Edmonton—Barometer, 29.86; temperature, 46; minimum, 46; wind, 8 miles N. W.; rain, .10; weather, part cloudy.

Winnipeg—Barometer, 30.18; temperature, 56; minimum, 44; wind, 8 miles E.; weather, clear.

Victoria Daily Weather.

Observations taken 5 a. m., noon and 5 p. m., Monday.

Highest Temperature, 62

Lowest Temperature, 52

—Parkdale.

WHAT IT COSTS MAN AND WIFE TO LIVE

Interesting Document Provided by Debtor for Enlightenment of Judge in County Court

What does it cost a man and his wife, of normal tastes and thrifty propensities, to live in Victoria? This was the question that a debtor, called into the county court before Judge Lampman, endeavored to answer. He estimated that \$81 a month would cover all expenses outside of pleasure and clothing, and gave a detailed statement of this expenditure, which the court declared was not excessive.

Here is the statement handed in for the court's enlightenment:

Rent (or payments on a house) \$25 00
Groceries 20 00
Meat 5 00
Light 2 00
Water 1 00
Land and street taxes 4 00
Car fare 5 00
Fuel 6 00
Bread 2 00
Milk 2 00
Laundry 3 00
Life insurance 3 00

Total \$81 00

And the plaintiff's counsel remarked that the defendant is spending about \$20 a month more than he need do.

"Don't think for a moment that I believe you spend too much," remarked his honor, in refusing an order.

DEBENTURES SELLING RAPIDLY.

The B. C. Permanent Loan Company, of Vancouver, are just in receipt of a message from London to the effect that the recent issue of Debentures of the Company is being rapidly subscribed. The Company has a large amount of available funds for loaning purposes, and is prepared to settle promptly all applications for first mortgage loans on dwelling houses. Apply Branch Office, 1210 Government Street.

OAK BAY COUNCIL PAYS HIGHER WAGES

Explanation Made by Councillor McGregor—General Business of Municipality

At the regular fortnightly meeting of the Oak Bay council, held last night, an explanation was made by Councillor McGregor in regard to the wages paid by the municipality to the laborers employed by them. The writer of a letter to the Times stated last night that the city wages should be increased, and gave as one reason for this the paying of higher wages to the Oak Bay employees.

Councillor McGregor said they did this because the cost of taking the car on Oak Bay's street amount to ten cents a day, and the men had to leave home earlier in the morning and did not arrive back until late. The result was that they felt it their duty to pay \$2.50 a day instead of the city rate of \$2.25.

The clerk said that it was difficult to get good men even at the price they were paying.

A by-law introduced by Councillor Newton to provide for the destruction of caterpillars was passed through its first three readings. This by-law gives permission for the municipal officers or employees to enter on any person's land to see if it is infested with caterpillars. If it is found that action is necessary it gives still further power to compel the owner of the property to destroy the pests at once, otherwise the municipal officer can destroy them and tax the owner of the property with the costs. The penalty for not destroying the caterpillars is to be not less than \$5 and not more than \$50.

The old Oak Bay school will probably be sold to J. J. Shalleross, who lives next door on Foul Bay road. That gentleman made the council an offer of \$2,500 for the acre of land and the school building which is on it, that being the price set upon it by the council. The offer was referred to the finance committee with power to close the deal. Objection was made to a local improvement assessment by Swinerton and Musgrave.

The by-law providing for the abolition of the ward system of electing councillors was reconsidered and finally passed, thus insuring a change in the system at the next election. Formerly this municipality was divided into three wards, each with two representatives. Now the whole of the council will be elected by the whole municipality, thus preventing any sectionalism.

The report of the roads committee showed that it had been decided to provide the constable with a bicycle to be used in the course of his duties. The same not to cost more than \$75.

All the members of the council, with the exception of Councillors Hargrave and Sproule, were present.

MONTHLY REPORTS FROM ORPHANAGE

Children All Well and Happy—Many Donations Received From Friends

The ladies of the Orphanage committee met yesterday afternoon at the Home. The following members being present: Mesdames McTavish, McColech, Higgins, Scowcroft, Teague, Metcalf, J. Langley, Cochenour, Viglious, Toller, Few, E. A. Andrews, Sprague, Shakespeare, Sherwood, McLean, Munroe, R. Croft.

Appreciative comments were made upon little Daisy's good health on her return from treatment at the Jubilee hospital, to which institution the committee desired to tender their very sincere thanks.

Fire Chief Davis kindly visited the Home during the month, and on his recommendation a fire song was initiated, to which the children respond in quick time. Gratitude was expressed for the very kind manner in which he responded to the committee's request for an inspection.

A great inconvenience has been caused by leaking boiler pipes which are now under repair.

An invitation has been given for the children to attend "children's day services" at First Baptist church next Sunday, which was accepted with thanks.

Two applications were received for children but none being available. Great pleasure was expressed at the receipt of a letter from a grateful mother, such events being rare but delightful.

An interesting and comprehensive report was read from the visiting ladies, in which it will be noted that the annual pound party will be held at the Home Thursday, June 23rd, 2 to 6 p.m. The committee hope old and new friends will not forget this event. Mrs. Teague and Mrs. Sprague were appointed visitors for June. Bills were passed amounting to \$263.90.

Mr. Quigotti kindly invited the children to the moving pictures of the late King's funeral, but school hours, unfortunately, prevents acceptance. After reading the donation list the meeting closed with prayer.

Mesdames Andrews and Sherwood, visitors for May, reported as follows: Your committee visited the Home each week, and found the children all in good health. The matron has had a woman helping her sew. So many clothes need making over for the smaller children we thought it a good sign that they were being well fed and cared for, when their clothes are getting too small for them.

On May 29th the matron took 11 of the oldest children to the memorial service of our late King. On the next visiting day we wondered what little treat to give the children instead of the usual 24th celebration. While we were there the president and treasurer came, so between us we arranged that they should have their tea out doors, and ordered fruit, candy and other things for tea, but like many others they were disappointed when the rain came on.

We expect to have the pound party as usual, and hope the kind friends who donated the nice box of toilet soap will not forget us this year. No children have come to the Home this month.

Tea!

CALIFORNIAN TRAINING FOR RACE WITH SWEENEY

Six-Footer Rounding Into Form For Mile Race With Local Runner on Saturday

Tom Davidson, the husky big giant, who hails from the University of California, where he has a good reputation as a mile runner and an oarsman, is getting into splendid form for the mile race against Jack Sweeney, the local miler, which will take place at Oak Bay next Saturday afternoon.

The big Californian is being trained for the race by A. J. Brace, of the local Y. M. C. A., who declares he has the best chance of being the winner on Saturday. Davidson laid off work at the end of last week that he might be able to be in tip-top form, as he no doubt realizes that he will have no easy time beating Sweeney over his favorite distance. However, John E. is training equally as hard and will be ready to give the giant a hard fight before surrendering the race.

There is no doubt but what Davidson and Sweeney are the most evenly matched milers that have ever competed on a British Columbia track. On May 20th, at the Scotch sports, the California athlete romped in the winner in the fast time of 4:42, while Sweeney won the British Columbia championship last September in 4:44. On the 24th Sweeney showed he had more speed than that, for he ran the distance in the record time of 4:37 in the Nanaimo sports.

With but a few seconds in the difference of the time of the two runners, the Victoria followers of sport will have an opportunity of seeing what should be a neck-and-neck finish in the mile on Saturday. The race will be held in conjunction with the big ball game between the J. B. A. A. and the Washington Athletic team of Seattle, which will be played on the Oak Bay diamond.

played in the Antipodes, defeating the English touring fifteen by 28 to 14. There were 35,000 people present.

Friday week and Saturday there will be the annual dog show at Duncan. Entries close on June 8th. C. M. C. rules will govern and \$1,500 will be given in prizes.

The Y. M. C. A. swimming club will meet to-night. The meeting has been called by Secretary Fred Carne, and will take place at the Gorge camp. The secretary wants all members present by 8 o'clock.

The North Ward lacrosse team will play a practice match at the North Ward park to-night against the North Ward Intermediate team. Thursday night, when the recreation park is formally opened, the North Ward club will play an exhibition match between teams selected from the club. The Fifth Regiment band will dispense music.

DISCOVERED—The reason that Billy Ditchburn is willing to referee lacrosse games when he is old enough to know better has been discovered. He has been appointed an inspector of Indian agencies on Vancouver Island and during the last three lacrosse matches he has been getting into training for the job. The lacrosse men consider that Ditchburn has played them low. They have been paying him, when he ought to have been getting with his own hands for criticism in the art of handling Indians.—Westminster-News.

TOO MANY TEACHERS.

There are fully qualified teachers in London who are acting as clerks, shop assistants, printers, readers, typists, and envelope addressers, and one young man is driving a cab. It was stated a few days ago at the L. C. C. Education Committee's meeting during a debate on the advisability of retaining the "college list."

The latter is a list of names selected from various training colleges as suitable candidates for teacherships in the Council's elementary schools. It was urged that only a comparatively few teachers trained under the auspices of the London County Council were placed on the list, and that the remainder, though they were "allike as peas," were refused by the country authorities, who thought they were inferior because London had not taken them.

Mr. Gaufrey said he took a plebiscite last year and found that on December 1st there were 1,175 teachers in London, trained under the auspices of the London educational authority, out of employment. These teachers were all handicapped against those of the rest of the country simply because they were London trained.

Some of the correspondence he had received was heart-rending. One young man wrote that since December 1, 1909, he had applied for over 100 vacancies in London or the neighborhood, and had found that the number of applicants for each post was between 100 and 200. Another had got an appointment at a labor exchange.

A third, failing to get work in England, had accepted employment at a school of languages abroad, while in another instance—the most distressing case of all—a young lady who had failed to get employment after leaving Chesham worried so much because she was dependent on her mother that she lost her reason.

In some German tobacco shops each purchase entitles the patron to one telephone call.

Next Saturday afternoon the Westminster amateur lacrosse twelve will play Vancouver Terminal in the B. C. league. A report received from Westminster last Friday is that Vancouver will defeat Westminster, which makes Victoria's chance for the Kilmarnock cup all the brighter.

That tip from the east last week about the Toronto looks good. On Saturday the Toronto twelve trimmed the Capitals by 11 to 3. Rough play by the Capitals handicapped them considerably.

Riley, who left the Empress hotel to go back to the turf again, commenced operations at Minoru with two winners last Saturday afternoon. Nellie Baine, Preen, Reene W. Workbox, Eloula B. and Ripper were the winners.

The Vancouver police sports will be held on July 6th. The object of the meet is to provide funds to send Vancouver's champion police athlete, J. H. Gilles, to New York to compete against Martin J. Sheridan.

The swimming championships will be appropriated as follows this year: Victoria, half mile, 220 yards, 50 yards and diving; junior 100 yards and ladies 100 yards; Vancouver, one mile, quarter mile, 100 yards, and relay race, junior 50 yards and junior 220 yards.

The conditions to govern the diving contests follow: Fancy diving, four dives, two of which are compulsory; first, standing not more than one foot from the water; second, the same not less than five feet from the water; forward summerault, backward summerault, backward dive, not less than fifteen feet from the water; German dive, hand stand with dive, hand spring dive, standing, sitting and standing dive.

A Toronto man dropped dead while playing bowls, on one of the Toronto greens last week. Where did it hit him? And they talk about prize fighting.

Jack Johnson, yesterday afternoon weighed 210 pounds after his daily work out. The black is trying to hold his weight, and thinks 210 is too light for the present.

Rickard and Gleason, the night promoters, yesterday applied to the San Francisco supervisors for a permit to erect the big arena for the Johnson-Jeffries fight at Market and Eighth streets.

Governor Gillett is back in San Francisco, and says his Chicago interview is correct. He maintains, however, that he gave it in confidence and that his confidence was violated.

The J. B. A. A. big four is out every night. The crew rows to the Gorge bridge and back again. Kennedy, who will row in the singles at the N. P. A. A. O., is also getting into form for the July event.

June 4th, Sydney, N. S. W., won the first international Rugby game ever

TEN PERSONS INJURED.
Butte, Mont., June 7.—Mrs. M. F. Buck, wife of Supt. Buck, of the Madison River Power Company, was seriously burned and nine other persons were hurt when struck by a bolt of lightning at Ennis yesterday, according to information reaching here today.

Mrs. Buck and a party of friends were watching a baseball game when the lightning struck her parasol. Five men and four women in the immediate vicinity were knocked down and burned. Mrs. Buck's corsets were torn from her body, and her shoes from her feet. She was burned down one side. It is believed, however, that she will recover.

A dog standing at her feet was killed by the bolt.

The Roman roads, according to their importance, were from 8 to 30 feet in width.

In India there are nearly 25,000,000 widows.

EILER'S PIONEERS IN DOUBLE HEADER

Ed. Steels Will Be Seen in the Box Again After the Big Match

Next Friday and Saturday the Victoria ball team will line-up against Eiler's Pioneers of Seattle for another week-end double-header. In these games the fans should see some more excitement of the hair-raising variety, as the Seattle bunch, according to the dope, are there.

They have defeated the Seattle Spauldings by a score of four to two. The fans have already had a taste of the brand of ball the Spauldings can put up, so it doesn't take a great deal of thinking to conclude what the local favorites are up against.

The local boys are certainly giving the fans their money's worth these days and on all sides, nothing but praise is being handed out to them.

They are practicing hard, and the balance of this week will be devoted to batting practice exclusively, not the slugging variety, but good inside ball, and no doubt those fans who journey out to the Royal Park on Friday and Saturday will see a big improvement. The games will start at the usual time: Friday, 6:30 p.m.; Saturday, 2:30 p.m.

Beacon Hill and Empress.

The Beacon Hill and Empress teams will play at Royal Park on Saturday afternoon, after the game between the Victoria and Eiler's Pioneers played through. The second game will commence about 4:30, and Ed. Steels will pitch for the Hills. These teams played together at North Ward park last week, and the Empress team defeated the Hills by one run. The game was close enough to be in doubt until the last innings, and as there is intense rivalry between these nine, there should be an exciting nine innings when they meet Saturday afternoon.

CIGAR MEN TOO GOOD FOR FIFTH REGIMENT

Teams Played Opening Match of City Ball League Last Night

The city ball league opened last night at Beacon Hill stadium, with the Prides and the Fifth Regiment teams. The former won by a score of 5 to 3.

For second division ball, the game was good class. It was not errorless, but the two nines worked very well, and as the season advances will put up even a better brand of ball.

The Regiment opened the score with a run in the second innings, after each side had disposed of the other for no score in the first. Some hard hitting and loose play in the field, however, gave the Prides five runs in the second innings. In the fifth innings the Prides put on five runs, completing their total.

The Regiment pitcher then held the side down to no score for the remainder of the game, while his own team scored four more before the end. They got two in the third, one in the fourth and one in the seventh. J. Whyte refereed.

Beacon Hill v. Knights of Columbus.

To-morrow night the second game of the league will be played, when the Beacon Hill team meets the Knights of Columbus nine. The game takes place at Beacon Hill.

VICTORIA WEST AND CLOVERDALE TEAMS

Clubs Select Men Who Are to Play in Lacrosse Match To-morrow Night

Cloverdale and Victoria West lacrosse teams, which meet to-morrow night in the city lacrosse league at the Royal park, have practically selected the teams.

Cloverdale has made its final selection and will be represented by a strong contingent, as follows: Goal, Clark; point, Lorimer; cover point, Redgrave; first defence, Owen; second, Thrall; third, L. Redgrave; centre, Sweeney; third home, Harris; second, Caras; first, Young; outside, Hancock; inside, Dempster.

Victoria West team, while not definitely selected, will be chosen from the following: Campbell, P. Brown, Styles, McLaughlin, Ross, Wilson, C. Brown, Perkins, Johnston, Jenkins, Bailey, A. Campbell and Thomas. The game will start at 6:15.

MONTREAL WILL GET DOMINION ATHLETICS

Championship Meet to Be Held on Fast Track September 24th

Montreal, June 7.—The Canadian track championships will probably be decided on the M. A. A. grounds this fall and the meet is likely to prove the most representative gathering of athletes brought together in Canada for a long time. It will be the first championship meet under the new A. A. U. of Canada, and probably every athlete of note in the country will be sent on by his respective district.

The athletic peace was just dawning when the federation championships were held here last September and several C. A. A. U. men took part, but the meet was not a representative one of the best in Canada by any means. As a result the United States cracks won nearly everything. Under the new order the best in Canada will be competing and the United States cracks will be given a hard run to repeat their successes as track material is abundant in Canada now.

Nothing definite has been decided with regard to the meet, but Mr. E. Brown, president of the Quebec Association of the A. A. U. of C., received a letter from the A. A. U. president, Mr. Merrick, asking whether the Quebec association would be willing to have the meet held on the M. A. A. grounds. Mr. Merrick seemed to think that it should be held here and it is more than likely that his suggestion, when formally submitted from the A. A. U., will be adopted here. The date suggested for the meet is September 24th.

This year the United States championships are to be decided at New Orleans. The date will be late, sometime in October, and as a good many of the New York cracks, will not be able to make the trip it is likely that they will all come to Montreal to measure strength. The Montreal track is easily the best in Canada and has few equals on the other side of the line. The United States athletes themselves have often stated that they would rather run here than anywhere in America. Lugh's half mile in 1:52.4-5, a world's record, last September, was good proof that the track is as fast as ever.

RESULTS OF GAMES IN BASEBALL LEAGUES

VANCOUVER CREWS FOR THE N. P. A. A. O.

Last Year's Senior Four Remains Intact—Three New Men in the Junior

The crews which will represent Vancouver in the N. P. A. A. O. next month have been selected, and the men have some fine training. The senior four which rowed last year successfully remains intact. The junior four, however, contains three new men, Shapson being the only one who was in last year's boat. The crews are as follows: Senior Four, Sweeney (stroke), Gale (No. 2), Stacey (No. 3), N. C. Sowers (bow).
Junior Four—Wright (stroke), Black (No. 2), Bennett (No. 3), J. K. Simpson (bow).
Senior Double—Tennant (stroke) and Chaffey (bow).
Junior Double—P. Bell Irving (stroke) and Owen Sowers (bow).
Junior Single—Godfrey will probably pull in this event.

SPORT NOTES

The J. B. A. A. will play its first ball game this season at Oak Bay park next Saturday afternoon, when the Washington Athletic Club nine will come over from Seattle.

To-morrow night the lacrosse schedule will be continued at the Royal Park. Cloverdale will meet Victoria West. The latter has worked hard since last Wednesday to turn out a winning team, and considerable improvement will be seen in it.

The Victoria ball nine will play a double header at the end of the week against Eiler's Pioneers from Seattle. The visitors will play the first game Friday night and the second game on Saturday afternoon. Both matches take place at Royal Park.

RESULTS OF GAMES IN BASEBALL LEAGUES

AMERICAN.
St. Louis, June 7.—The scores in yesterday's game follow: R. H. E.
New York 2 6 1
St. Louis 1 7 2
Batteries—Quinn and Mitchell; Powell and Killifer.
Detroit, June 7.—The scores in yesterday's game follow: R. H. E.
Washington 1 3 1
Detroit 4 10 1
Batteries—Gray and Street; Mullen and Stange.
Chicago, June 7.—The scores in yesterday's game follow: R. H. E.
Boston 0 1 1
Chicago 1 4 1
Batteries—Hall and Carrigan; Walsh and Block.
Cleveland, June 7.—The Philadelphia-Cleveland game postponed yesterday on account of rain.

NATIONAL

New York, June 7.—The scores in yesterday's game follow: R. H. E.
St. Louis 1 3 1
New York 5 9 1
Batteries—Sallee and Phelps; Mathewson and Miller.
Philadelphia, June 7.—The scores in yesterday's game follow: R. H. E.
Chicago 2 5 3
Philadelphia 12 13 3
Batteries—Riehe, Pfeiffer and Archer; Neegham; Moore and Moran.
Brooklyn, June 7.—The scores in yesterday's game follow: R. H. E.
Cincinnati 1 6 1
Brooklyn 0 2 1
Batteries—Rowan and McLean; Bell and Bergen, Erwin.
Boston, June 7.—The Pittsburg-Boston game was postponed yesterday on account of rain.

SPORT NOTES

The J. B. A. A. will play its first ball game this season at Oak Bay park next Saturday afternoon, when the Washington Athletic Club nine will come over from Seattle.

To-morrow night the lacrosse schedule will be continued at the Royal Park. Cloverdale will meet Victoria West. The latter has worked hard since last Wednesday to turn out a winning team, and considerable improvement will be seen in it.

The Victoria ball nine will play a double header at the end of the week against Eiler's Pioneers from Seattle. The visitors will play the first game Friday night and the second game on Saturday afternoon. Both matches take place at Royal Park.

America will not send a tennis team to England to play the semi-finals there for Mr. Davis, but a team will go to Australia during the summer to make another try for the trophy. England will either have to come to America or go to Australia to play the semi-finals.

Next Saturday afternoon the Westminster amateur lacrosse twelve will play Vancouver Terminal in the B. C. league. A report received from Westminster last Friday is that Vancouver will defeat Westminster, which makes Victoria's chance for the Kilmarnock cup all the brighter.

That tip from the east last week about the Toronto looks good. On Saturday the Toronto twelve trimmed the Capitals by 11 to 3. Rough play by the Capitals handicapped them considerably.

Riley, who left the Empress hotel to go back to the turf again, commenced operations at Minoru with two winners last Saturday afternoon. Nellie Baine, Preen, Reene W. Workbox, Eloula B. and Ripper were the winners.

The Vancouver police sports will be held on July 6th. The object of the meet is to provide funds to send Vancouver's champion police athlete, J. H. Gilles, to New York to compete against Martin J. Sheridan.

The swimming championships will be appropriated as follows this year: Victoria, half mile, 220 yards, 50 yards and diving; junior 100 yards and ladies 100 yards; Vancouver, one mile, quarter mile, 100 yards, and relay race, junior 50 yards and junior 220 yards.

The conditions to govern the diving contests follow: Fancy diving, four dives, two of which are compulsory; first, standing not more than one foot from the water; second, the same not less than five feet from the water; forward summerault, backward summerault, backward dive, not less than fifteen feet from the water; German dive, hand stand with dive, hand spring dive, standing, sitting and standing dive.

A Toronto man dropped dead while playing bowls, on one of the Toronto greens last week. Where did it hit him? And they talk about prize fighting.

Jack Johnson, yesterday afternoon weighed 210 pounds after his daily work out. The black is trying to hold his weight, and thinks 210 is too light for the present.

Rickard and Gleason, the night promoters, yesterday applied to the San Francisco supervisors for a permit to erect the big arena for the Johnson-Jeffries fight at Market and Eighth streets.

Governor Gillett is back in San Francisco, and says his Chicago interview is correct. He maintains, however, that he gave it in confidence and that his confidence was violated.

The J. B. A. A. big four is out every night. The crew rows to the Gorge bridge and back again. Kennedy, who will row in the singles at the N. P. A. A. O., is also getting into form for the July event.

June 4th, Sydney, N. S. W., won the first international Rugby game ever

FINE CORPS IS THE H. S. CADETS INSPECTED YESTERDAY BY CAPT. MACDONALD

Splendid Appearance of the Lads in Their New Uniforms—Faultless in Drill

Performing the various movements with the steadiness of veterans, the High School cadet corps underwent their annual inspection yesterday afternoon at the college grounds. Capt. Macdonald, R. C. A., acted as inspecting officer in the absence of Capt. Bennett, R. C. A., who has not yet returned from his visit to the interior. The cadets assembled at 2:30 o'clock in their new uniforms and peak caps, in review order. A large number of the students of the school waited to witness the inspection of the corps and many others gathered. Trustee Mrs. Jenkins, who takes a great interest in the High school boys, was among those present.

Yesterday the cadets numbered 60 strong, and when the inspecting officer entered the school grounds they were

OFFICERS OF THE HIGH SCHOOL CADET CORPS.

Reading from left to right—Front row: Lieut. J. Dowler, Capt. R. Hartmann, Lieut. Muleahy, R. C. A., instructor; Lieut. H. Boggs. Rear row: Sergt. Harrington, Sergt.-Major V. Stevens, Sergt. Yuill, Sergt. Brown.

brought to the present by Capt. Hartmann, who was in command. He was ably assisted by Lieuts. J. Dowler and Boggs. Capt. Macdonald then issued the order for the march past, which was performed in excellent style by the cadets. The lines were as straight as an arrow and the inspecting officer took note of this and complimented them on it at the close. The corps returned from the march past in quarter column.

The knowledge of the officers was then tested by the inspector, Lieut. Dowler took charge of the company and put them through the various movements indicated by the inspecting officer. Lieut. Boggs and Corp. Stevens were in turn placed in command. Capt. Hartmann formed his men in line for

the largest number of points. Last year the local cadets were competitors for this trophy but were out-distanced in the race by the Vancouver High School cadet corps. The cause attributed for losing last time was that they had no uniforms. As they have paraded in neat suits this time and looked more soldierly they entertain high hopes of winning the premier honors this year. The rivalry existing between the cadets is just as keen as that in sports and the local corps will not stop until the flag is brought to this city.

Lieut. Muleahy, R. C. A., Work Point barracks, is the instructor of the High School company and he takes great pride in his work. He is always on hand and imparts to the cadets all the knowledge that will better their condition. He pays great attention to their shooting and expects to have the cadet corps of Victoria win the Royal Military College challenge shield, which is being shot for by cadets all over the British Empire. His ability, zeal and personal popularity with the cadets constitutes him an ideal instructor.

A bugle band has been organized in the corps. Two buglers, E. Yates and F. Beckwith, and a drummer, R. Wilkie, will lead the cadets when they parade. They attended yesterday and blew several calls while the company was being inspected.

PAYMASTER ROBBED.

Asheville, N. C., June 7.—Two detectives today were put on the trail of the thief who robbed George Cooke, paymaster of

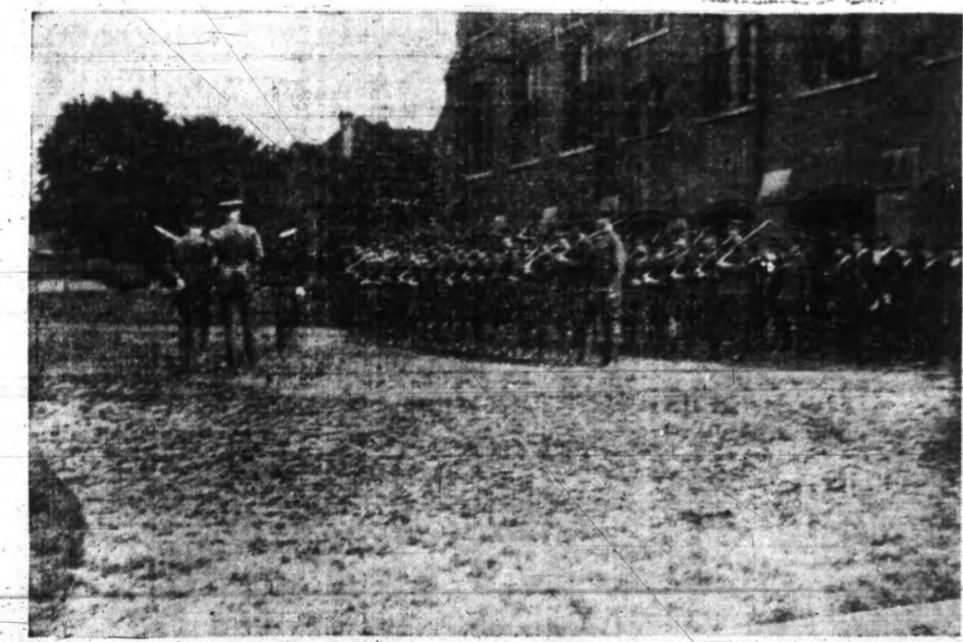

OFFICERS OF THE HIGH SCHOOL CADET CORPS.

Reading from left to right—Front row: Lieut. J. Dowler, Capt. R. Hartmann, Lieut. Muleahy, R. C. A., instructor; Lieut. H. Boggs. Rear row: Sergt. Harrington, Sergt.-Major V. Stevens, Sergt. Yuill, Sergt. Brown.

the Hans Res Sons Tannery, of 5,000 yesterday afternoon, without Cooke's knowledge. Cooke carried the money in a grip when he left the bank. He was sure that the money was in the case. Opening the receptacle at the office Cooke found that every cent had been abstracted during his last journey across town. Cooke entered two stores while en route from the bank to the office, and it is the theory of the police that some nimble-fingered thief abstracted the bills while Cooke's attention was attracted by something else.

GOING TO ALASKA!

Seattle, Wash., June 7.—J. H. Young, formerly of San Francisco, the new president of the Alaska Steamship

ANNUAL INSPECTION OF HIGH SCHOOL CADET CORPS.

skirmish and had them perform this movement, which was carried out in a most satisfactory manner. Capt. Hartmann then brought his company to attention while Capt. Macdonald spoke to them on the inspection. He gave high praise to the officers for the fine manner in which they controlled the corps, and informed them that there would be a place awaiting them in the Canadian militia at any time. As to the cadets he expressed himself well satisfied with them. He complimented them on their smart appearance and also on the promptness with which they executed all the manoeuvres. At the conclusion of this brief address he made his inspection of the army of the school, which he stated was well kept. This inspection is held every year and the cadet corps throughout the province are inspected by the officer chosen for the work, who awards the flag presented to the company making

Company and the Alaska Commercial Company, and C. J. Jones, traffic manager, leave tomorrow morning on the steamer Alameda for a tour of Alaska, and inspection of the Guggenheim properties. They will go to Seward on the Alameda and return to Cordova, where they will go inland.

ELECTION IN WINNIPEG.

Labor Party Decide to Contest Only One Seat in Prairie Capital. (Special to the Times.) Winnipeg, June 7.—The Labor party of Winnipeg decided last night to contest only Centre Winnipeg at the approaching elections. F. J. Dixon was nominated to contest the seat and the party will concentrate all its work in the one constituency. —Parkdale.

TO UNRAVEL THE TANGLE CALL SPECIAL MEETING OF STREET'S COMMITTEE

Mayor Morley Makes Explanation of His Action Re City Barrister's Report

At a special meeting of the streets committee which will be held tomorrow evening, the city barrister, W. J. Taylor, K. C., will be asked to be present and advise the board as to the best method of unravelling the tangle which has developed in connection with the execution of the various works of local improvement.

At the same meeting it is hoped that some plan of action will be taken in respect to project for the widening of Fort street and the alterations to the width of the cement sidewalks on Douglas street. This decision was reached at the meeting of the city council last evening, when reports on both Douglas and Fort streets complications were to hand from Mr. Taylor. Before taking up the regular business of the session, however, Mayor Morley directed attention to what he termed an entirely unwarrantable attack on himself appearing in the Times that evening. The article suggested that His Worship had deceived the other members of the board as to the fact that a report from the city barrister had reached him, when it really had not.

The charge implied in this suggestion was entirely false. The newspapers seemed to have entered into a conspiracy against him. He could not understand it. The article he complained of had mentioned an alleged conversation between himself and a member of the aldermanic board, in which the mayor is quoted as admitting that he knew that the report had been received. He asked the Times reporter if he would explain.

The reporter informed the mayor that he did not feel called upon to make an explanation. If His Worship wished any information he should seek it from his (the reporter's) superior officer. He would say, however, that he had been in the city clerk's office when Mr. Taylor brought the report in question in and handed it to the city clerk. Mayor Morley then appealed to the city clerk to say at what time he had shown it to him (the mayor).

City Clerk Dowler—On Saturday morning. Mayor Morley—You showed it to me on Saturday morning for the first time, did you not? Mr. Dowler—I showed it to you on Saturday morning. Mayor Morley invited any alderman who felt inclined to say something on the matter to do so, but the members of the board were all silent, and the incident closed. The report of the special committee of the council which had considered the Fort street widening problem and obtained the report from Mr. Taylor criticized the action of the city solicitor in failing to keep the board informed as to how to avoid legal tangles. It was a lengthy document. It recited the various steps taken up to date to carry out the proposed scheme, and sums up the committee's findings by saying that the city engineer and assessor should have gone fully into the question of the manner of assessing the owners for the work, and the council should have adopted a mode of procedure prior to the report of the engineer and assessor on the amounts to be assessed. Also, that if the city solicitor had tendered advice when

consulted as to the details of the scheme for the widening of Fort street. He had been astounded when he saw what proposals were made as to assessment, when he read the notices in the press.

Ald. Bannerman was curious to know what the city solicitor considered his duties to be. Mr. Mann—Well, I am not expected to give advice until I am asked to do so.

Ald. Bannerman thought this was a most extraordinary statement. The city solicitor should, in his opinion, when he saw the board about to make a mistake, utter a warning which would avoid difficulties.

Mayor Morley was of the opinion that many of the blunders of the past were due to the fact that aldermen new to the board had not yet assimilated the system for carrying on works of local improvement. There should be a short by-law framed for the guidance of the aldermen.

The report of the city barrister on the widening of the Douglas street sidewalks was next taken up. Mr. Taylor advised that as not a word has been said in the by-law authorizing the work of general improvement as to sidewalk work, the money authorized under the measure already passed must be spent on the roadway improvement and the sidewalks left untouched. It was decided to again discuss the question of what to do at the special meeting of the streets committee to be held tomorrow evening.

PEACE PACT HAS BEEN ARRANGED

(Continued from page 1)

which has reached the conference stage, but which has not yet been finally acted upon by congress, has been held up for the past few days, pending conference action. The bill provides that it shall become effective within sixty days after it is signed by the president. It was tacitly understood at the conference that if the railroads held up their rates, the provision of the bill giving the interstate commerce commission power to suspend increases pending their investigation of such increases would be made immediately effective.

It was hinted by the president that it would be necessary for the conference committee to incorporate this idea. President Taft and some of the leaders of both houses are expected to confer to-day regarding the matter and the bill may soon be rushed to the conference committee in order to allow the provision to be inserted.

Message to Congress. Washington, D. C., June 7.—President Taft to-day sent a special message to congress urging that the railroad bill provision empowering the interstate commerce commission to suspend rates pending investigation be immediately effective. The message outlined the controversy between railroads and the administration.

The message was prepared after Taft had conferred with Representative Mann (Ill.) and Senator Crane (Mass.). The object of the conference was the most effective method of securing the desired amendments. Both Crane and Mann declared they believed the most effective method of altering the bill would be to send the measure to the conferees, who could insert a clause making the bill immediately effective.

The message recites the history of the Hannibal suit and the conference with the railroad presidents yesterday and the agreement that had been reached. "I hope all other railroads will take like action," the message continues. "In order that each should have the benefit of speedy determination whether the proposed increases are justifiable, provision should be made to suspend the interstate commerce commission with the proper jurisdiction as soon as possible."

Referring to the senate amendment empowering the commission to determine the fairness of rate increases and providing that this power shall become effective in sixty days after the passage of the bill, the message says: "This provision, if allowed to remain in the bill would enable carriers between the time of the bills enactment and the time of its taking effect to file increases which would become effective in 30 days, and which would remain effective and be collected from the public during the pendency of the proceeding to revise them, whereas, if the bill were made effective immediately such an investigation will be made before the public is asked to pay the increased rate. I recommend that at least the section of the senate bill authorizing the commission to suspend the rate increase take effect immediately upon passage."

MURDER AGENCY.

St. Petersburg Doctor Admits Having Been Paid to Poison Number of Wealthy Persons. St. Petersburg, June 7.—The mysterious death of a young and wealthy army officer, Count Bouterlin, has led to the discovery of an extensive murder agency. Bouterlin's brother-in-law, Count De Lassy, and his physician, Dr. Palchenko, who attended Bouterlin at De Lassy's suggestion, are both under arrest. Dr. Palchenko has confessed to the police that he inoculated Bouterlin with cholera bacilli.

He further admitted that he poisoned other wealthy persons in a similar manner during the recent cholera epidemic in the presence of inoculating them against the disease. For this work he was paid huge sums by relatives of the victims.

PRISONER RELENTS.

Submits to Being Photographed After Having Spent Some Time in Dungeon. Kingston, Ont., June 7.—When two photographers were taking pictures in the penitentiary Carl Dullman, leader of the dynamite plot to blow up the Welland canal, refused the camera men a sitting. He was put in the dungeon and then yielded. Dullman raised the technical objection that he was not an ordinary criminal, but a political prisoner. He is regarded, however, as an ordinary lifer. —Parkdale.

Mind Your Own Business And Put Others in Mind of It!

It's a Long Time Since the Days of Cariboo

Time was when the Victoria merchant thought he didn't need advertising. He knew all the miners who came down from Cariboo in the winter, for he played black-jack with them in a back room of the hotel. Later, conditions became stereotyped, and he expressed his lack of enterprise by the reflection that "everybody knows me anyway."

Modern Shoppers 'Know Not Joseph'

Victoria has increased in population from 22,000 to 40,000 in the past four or five years. What does that mean? Simply that apart from the natural changes, a new city has sprung up with all the needs that inevitably follow. Thousands of new kitchens to stock, new tables to spread, new homes to furnish, new people to clothe and feed and house. Count the new faces on the streets. Where do these people go to shop? The answer is obvious. To the stores and shops which seek their trade. The stores which advertise are naturally the ones which catch the trade, for while there may be some poor shops that do advertise, there are very few good shops that don't.

Methods of 'Fifty-Eight Gone Like the Dodo

Some of the best firms in the city—and the most enterprising—were doing business in '58. But they are not using '58 methods now. They are modern and up-to-date. They are holding their own with the new banks, new clothing stores, new butchers, new druggists, etc., that have invaded the local field. They enjoy the advantage of long standing in the community and of the prestige which comes from years of honorable dealing.

Advertising Never Takes a Day Off

But prestige is a fickle thing—hard to gain and hard to maintain. The merchant or manufacturer must continue his leadership as an advertiser, or he will surely drop from the public mind. It has been demonstrated time and again that few proprietary articles can be so firmly established as to need no longer the aid of advertising. Some manufacturers have assumed that they were so placed that their goods would be their own advertisement, only to discover that prestige diminished the moment the effort to sustain it ceased.

There Are No Frontiers In Advertising

Those frontiers of trade territory which personal salesmanship has always had to acknowledge are absolutely banished by the advertising methods. An advertisement goes everywhere. A stove was recently sold by mail to a man on an island in the Pacific who rowed it laboriously from his nearest station and post office to his island home.

No Day Without An Advertisement

Advertising, like liniment, doesn't do much good when applied with a feather. It needs to be rubbed in for results. Apply it through the right mediums to the right people at the right time, and keep on rubbing it in until returns begin to come. Then, still keep on a rubbing.

If You Don't Advertise Your Business The Sheriff May

A shipbuilder who would construct a staunch vessel all ready to take to the water, and then forbear to launch it on the plea that he couldn't afford to buy the tallow wherewith to grease the ways, would speedily be the central figure of a lunacy commission's inquiry and the occupant of a padded cell. Yet why should such a man be subject to restraint when merchants run at large who have laboriously put together their little barques for adventure upon the seas of business, and left them high and dry upon the margin of the flood that others successfully navigate, because forsooth, they "cannot afford to advertise?" Every business man can afford to advertise. He who thinks he cannot is the victim of a costly hallucination which a first-class daily newspaper like the Times can infallibly help him to dispel.

Every Advertisement Hits Somebody; Some Hit Everybody. Don't Let the Public Guess; Tell Them

PEAT PLANT IN OPERATION

DESCRIPTION OF WORK AT ALFRED, ONTARIO

Established by Dominion Department of Mines—Output 20 Tons a Day

The only plant of its kind in Canada which is designed to manufacture and does successfully manufacture peat into fuel is now in operation at Alfred, Ont., a little French village about 45 miles from Ottawa that nestles between the parallel lines of the C. P. R. and C. N. R. and is touched by both. The property of the Dominion government, it has been established by the mines branch of the department of mines as a demonstration of the possibilities of the peat bogs, with which Canada, but more especially Ontario, abounds. It first started operations on May 10th and is now in full swing. A representative of the Ottawa Citizen, who paid the plant a visit was courteously received and shown about by A. Anrep, who is in charge. Mr. Anrep is a son of A. Anrep, Sr., of Sweden, the inventor of the Anrep plant; one of which is in operation at the Alfred bog. He has had experience in England, Scotland and Ireland, and under direction of the mines branch, has prepared several valuable reports.

There are 300 acres of peat available at Alfred, the peat going to an average depth of ten feet under which is clay. The quality of the peat improves with depth. The Dominion government peat plant, as it is called, is situated on a section of bog, two miles west of Alfred station on the C. P. R. A passenger sees a broad level expanse of boggy field on which are situated one long peat shed for storage purposes, two small frame houses, one Mr. Anrep's office, and the other a blacksmith's shop, and, on the opposite side of the field, a large engine, very much like an ordinary steamshovel.

This engine constitutes the main feature of the plant which was imported from Sweden, where there are about 500 others in operation. It is known as a peat machine or pulper and its method of operation is as follows: A long trench, 19 feet wide is cut, eight feet down the peat and the pulper is placed in this. A carrier conveys the peat as it is dug from the trench to a hopper. A 600-foot circular track in the middle of the bog furnishes a right of way for eight peat carriers, each of which holds seven tons of peat. As each car passes by the pulper the ground peat is dropped from the hopper of the latter into it. A carrier conveys the peat which itself burns about four tons of peat fuel per day and thus costs practically nothing to operate, furnishes motive power for both hopper and cable cars.

The next process is to convey the peat in the carriers to what is known as a field press. This is done by means of the ground in long parallel rows and it is then shaped into bricks by means of a three-knived instrument turned over by boys and left to dry in the sun and air for three or four weeks, when it is stored in the peat shed ready for transportation.

The peat pulper is moved along every three or four hours, the press three times a day and the track, along which the cable pulls the peat carriers are moved about twice a month when the exhaustion of one part of the bog renders it necessary.

The average capacity of the plant is 25 tons per day though it can be run up to 30 tons. Altogether fourteen men and two boys are employed.

"We can produce peat here for from \$1.75 to \$1.80 per ton," said Mr. Anrep. "One and four-fifths tons of peat equals one ton of anthracite. It costs us 80c per 1,000 peat bricks (about one ton) to manufacture and spread them. \$c. per 1,000 to turn and dry; 25c. for stocking and moving; 20c. to transport to Alfred station which, allowing 25 per cent. for extra labor, means that the peat delivered at Alfred station costs from \$1.80 to \$2 per ton. The cost of transportation to the city is unfortunately somewhat high at present, about the same as grain."

The peat can be used in any stove except that for houses a special stove is necessary on account of the fineness of the ash. "I use it in my own stove and light it with paper. Peat takes about twice as much room for its weight as coal. It is a splendid fuel to use in connection with producer gas."

The Alfred peat bog, it must be remembered, is practically useless for agricultural purposes so that its employment as a source of fuel means the reclamation of land otherwise waste. The importance of the peat deposits of Ontario in connection with

the future of the coal-lacking province has long been recognized by the mines branch under Dr. Eugene Haanel, its able director. As is generally known, a peat using plant for the production of producer gas has been established in Ottawa and receives its fuel supplies from the peat manufacturing plant at Alfred.

The American Peat Society which meets in Ottawa on July 25th, 26th and 27th, will visit the Alfred plant.

CANADIAN COURIER.

The fourth annual tourist number of the Canadian Courier appears this week. The cover design is an artistic kodak girl done in colors, from a sketch by R. O. Martin, one of the best known Canadian illustrators. In addition to a general review of tourist resorts in Canada, there are a number of special articles, Bonnycastle Dale writes of "Naturalizing on the Pacific"; Douglas W. Clinch tells his experience in fishing for "Pollock" on the New Brunswick coast; W. W. Road describes some picturesque spots in Nova Scotia; C. S. Norris analyzes "The Dizzy Art of the Diver"; Charles G. D. Roberts contributes an excellent lion story entitled "The Sentry of the Sedge Flats"; and there is a full page drawing of Old Quebec by J. E. H. MacDonnell. In addition to these features there are two full pages of portraits of the funeral of King Edward, with a special article descriptive of this great event. The Monocle Man tells of some interesting experiences in Palestine, and Marjorie MacMurphy contributes an article on Professor Leacock's "Literary Lapses."

This completes one of the finest numbers of the Canadian Courier which has ever been issued, and thus marks fittingly the opening of volume eight of that publication.

YEARS WITHOUT SLEEP.

Physicians Puzzled Over Case of Man Who Never Closed His Eyes For Weeks at a Time.

A puzzle to physicians was M. Petrovitch, a lawyer, who died a few days ago at Nikolai-Lassukoff, Russia. M. Petrovitch had hardly enjoyed a wink of sleep since he fractured his skull six years ago in a train collision. For some weeks he was at the brink of death, but his strong constitution triumphed and he recovered and was discharged as cured from the hospital. A curious phenomenon then manifested itself. He found he could not sleep, but that did not worry him, as he did not feel the need of it.

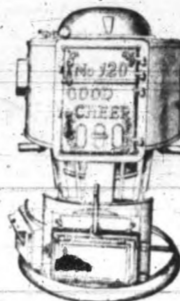

After a while, however, he began to be uneasy under the strain of this unbroken wakefulness. The strongest soporifics had no effect on him. They made him ill, but did not bring sleep. For weeks at a time he never closed his eyes. Then he would drop off into a light dose of two or three hours' duration and wake apparently refreshed. This lasted some years and then he began to complain of intense fatigue, the only remedy for which, he discovered, was vigorous massage of the head. As he was fairly well-to-do he could afford to consult several eminent specialists, but in case baffled them all. After his death his skull and brain were dissected, but the surgeons could find nothing to explain his persistent insomnia.

BULLFIGHTING TAME SPORT DOES NOT COMPARE WITH CANADIAN GAMES

Officers of Georgia Were Present When Horses Were Gored, But No Lives Lost

Steamer Georgia, of the Canadian-Mexican line, arrived in port this morning, concluding what is generally supposed to be her last voyage between Mexico and British Columbia ports.

While the Georgia was waiting to discharge her wheat cargo at Manzanillo the annual fiesta took place. The feature of this was the bullfights, these being held almost every day.

There was a good deal of shipping at Salina Cruz, no less than eight steamers being in port while the Georgia was there.

Manager Clighton, of the Symonds & Co.'s steamers, was unable to meet the Georgia, he being unfortunately ill in Vancouver.

SHIPPING REPORT

Point Grey, June 7, noon—Clear; wind northwest; 20.4; 66. Cape Lazo, June 7, noon—Clear; wind northwest; 20.5; 60; sea smooth.

Blue Funnel liner Keemun was delayed at this port awaiting a consignment of whale oil, which was being brought from the West Coast on the steamer Otter.

Hunyadi Janos Natural Laxative Water. Quickly Relieves: Biliousness, Sick Headache, Stomach Disorders, and CONSTIPATION.

IROQUOIS ARRIVES ON INITIAL TRIP International Steamer Was Gaily Dressed for Opening of the Summer Schedule

Steamer Iroquois, of the International Steamship Company, made her first run to this morning on the new summer schedule.

The putting on of these steamers will be welcomed by business men and others who wish to go to Seattle. It is the general opinion that there should be enough travel between the two cities to keep two steamers running.

Steamer Queen City is in port to-day, but will leave for the logging camps to-night in command of Capt. Douglas Robertson.

UNLUCKY NUMBER FOR ENEMY Proposal to Put Thirteen Guns on Modern Battleships.

Battleships armed with thirteen big guns are the latest proposed addition to the navy of the world, and a naval expert in London asserts that it is well known that a programme of four battleships for Italy has been in the air for some time.

The three other ships will be of 22,000 tons, and their armament will consist of thirteen 12-inch guns.

It may be mentioned that Germany is reported to be using the three gun turret in the battleships Heligoland, Ostfriesland and Thüringen, now being built, but the system was rejected by the superior council of the French navy.

IS PREPARED TO BUILD STEAMBOAT FOR RUN

Board of Trade Receives Definite Assurance Respecting Proposed Westminster Service

*Several definite proposals have been received by the Board of Trade which seem to assure the early establishment of a steamer service, running on a twice-a-week schedule, between Victoria and New Westminster.

A number of other proposals have been made to the board and an early meeting of the committee on transportation will be called to consider them.

The committee met yesterday afternoon and canvassed the possibilities of the service, every member being enthusiastic in his belief that no better opportunity was at present offered for the establishment of a profitable steamer enterprise.

SADO REPORTED Passengers and Freight For This Port on Japanese-Liner Due Tomorrow Morning

Steamer Sado-Maru, with 46 passengers and a quantity of freight for this port, was reported this morning by Dominion government wireless 350 miles west of Cape Flattery.

At her residence, Esquimalt road, Mrs. Fagan gave a delightful musical tea on Saturday afternoon. The guests of honor were the Misses Brown, of New Westminster. Each of the invited guests came representing music and the prize for the best represented song was won by Miss Helmecken. Miss Lawson won the prize in the guessing competition and Miss Bowron succeeded in winning the consolation prize.

The tea table was tastefully decorated with yellow flowers and the hall and dining room were arranged with roses. Among those who attended were: Mrs. Cole, Mrs. Beauchamp-Ty, the Misses Day, the Misses McDowell, the Misses Lugin, the Misses Ellis, the Misses Monteth, the Misses Devereaux, the Misses Lawson, the Misses Brown, Mrs. Johnson, Mrs. Brown, Mrs. Hayward, Miss Brydon, Miss Gaudin, Miss Peters, Miss Heppel, Miss Grayson, Miss Nowling, Miss Murray, Miss Phipps, Miss Cross, Miss Eddy, Miss Blackwood, Miss Mara, Miss Fitzgibbon.

NEW GRAND THEATRE.

It is hard to say which is the best of the five excellent turns offered this week on the New Grand bill, for they are all of about equal merit, although greatly diverse in character.

The show opens with the Australian actress, Florence Darley, in a singing turn with William the singer and comedian.

Miss Darley opened the act with part of Schubert's serenade and sang it in her rich soprano voice delightfully.

The pair appeared in a happy burlesque musical comedy with just a shred of a plot, which gives Bovis great opportunities for his versatility. They conclude the act with a burlesque feature, however, is Mr. Bovis' laughing song, which proved catching and sent the audience into side-splitting laughter.

The Williams Brothers, a pair of clever buck and wing dancers, were the second turn. These boys gave descriptive dances, dancing together and singly. They worked very hard and showed many new steps. Both earned the applause awarded them at the end of their act.

The third act was Dixie Christie, the girl with the golden hair, on which she is found to be an accomplished performer. Her selections were well chosen and greatly applauded. The artist then gave selections on the mandolin and the violin, ending her act with trick bowing, using several odd articles for a bow. Her playing of "Coming Through the Rye," rendered with a rye bottle for a bow, won her much appreciation.

Neil McKinley gave a singing demonstration of syncopated melodies. As a singer of roun songs he is credited with being most perfect and his rendering of the "Southern Melody" yesterday proved that his reputation is just, and not justly.

The fifth act was the largest of all and gave the six English juggling girls in a club-swinging and tennis-request juggling act. All manner of positions were assumed by the performers, who exchanged clubs and passed them one to the other without breaking the motion of the swinging. They are mere girls and their act is the result of long practice and training, through which, their exhibition proves, they have become perfect.

Thomas J. Price sang a delightful illustrated song and there were the moving pictures which, as usual, were enjoyable and interesting. The show this week is all through a good one.

Germany holds the record for the first daily paper—it was printed in 1649.

The Evening Chit-Chat

BY RUTH CAMERON

"Will you kindly tell a girl who has never been entertained very much until recently, and who does not wish to display her ignorance by asking her friends something about the etiquette of dining in a cafe?" is the latest inquiry that I have found in my letter box.

Of course, I will gladly tell her anything that I know about, and as the two specific questions that she propounds are very simple, I guess they come under that heading. "The first is, 'In a party of two or more at a cafe or other public place, does each one give the waiter his order, or does the one who has invited the party order for all?'"

Usually the person who has invited the party gives the order for all, after having consulted his guests as to their preferences.

Her second question is, "In ordering where dinner is served in course, do you order one course at a time, or all at once?"

There is no hard and fast rule about that. Most persons order oysters and soup and perhaps the fish course, and then decide on the latter courses while these are being brought.

I don't often talk on the subject of etiquette, so while I'm on this topic I'm going to make bold to offer one or two little etiquette reminders that may not come amiss.

"When is it etiquette for a man to take a woman's arm?" I heard asked the other day.

Never. A man should never take a woman's arm. He should offer her his.

And it is not etiquette for him to do this in the daytime unless the woman be old and infirm. At night he may offer his arm, although even then it is quite as good taste not to. And as for the habit of perpetually guiding women about by the elbow, which so many men have, I think it is abominable, and any woman is justified in resenting it.

A good many men, I have noticed, step back and allow the woman to leave the car before them. That is very bad form. A man should always get out of the car first and then offer his hand to help his companion out.

"That a man should not smoke when walking with a woman on the street is a rule that I suppose men know, even if, knowing the right they still occasionally pursue the wrong. But there is one rule of smoking etiquette that it seems to me cannot be fully understood, and that is the rule that it is extremely impolite for a man to talk to a woman with a cigar, pipe or cigarette in his mouth."

I stood in front of the finest hotel in this city the other day, and saw a man dressed in the extreme of fashion—tall silk hat and clothes of the very latest cut—hand a fine lady into a very magnificently appointed automobile, with a very gracious and lordly manner, and then climb in and sit beside her, chatting with her while a cigar tilted from the corner of his mouth.

I fancy that man would have hooted at the bare idea of his needing any hints on etiquette. And yet—

If all these little reminders are entirely unnecessary, please just forget them. If not, you are welcome.

Ruth Cameron

New York Stocks

(Times Leased Wire.)
New York, June 7.—Railroads were strong at the opening of the stock market today following the conference yesterday between President Taft and the representatives of the Western railroads. The trading was of considerable volume. As a result of the strength shown by railroads, the whole list moved up from 2 to 4 points.

A sharp reaction followed the early advances and prices slumped, finally steadying at about 3 points over yesterday's close.

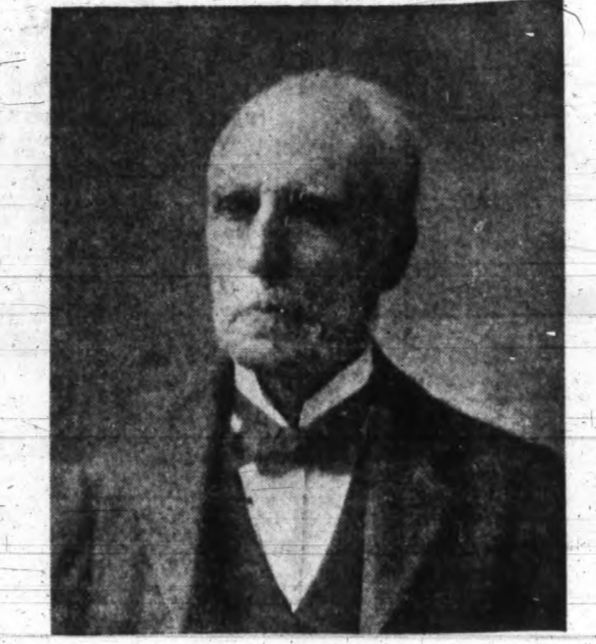

The market closed strong. Early in the day St. Paul gained 51. Great Northern, Consolidated Gas, Reading 41, and Union Pacific and Atchafalpa. Later St. Paul dropped 31 and other railroad leaders lost from 2 to 4.

Bonds were irregular.

DEATH OF GOLDWIN SMITH.

(Times Leased Wire.)
Toronto, June 7.—Goldwin Smith, litterateur and historian, died at 3:30 o'clock this afternoon.

Dr. Smith had been ill for several months, suffering from the effects of a bad fall. While walking in the hall in his home the Grange he slipped and fell, breaking a thigh bone and never regained his health.

Goldwin Smith, who was born August 12, 1823, was the eldest son of the late Thomas Smith, M.P., of Reading, England, and was educated at Eton and University College, Oxford. He was elected a fellow of that college when he was 21 years of age. He was called to the bar at Lincoln's Inn, but never practised. In 1858 he was appointed regius professor of modern history at Oxford, and he held that chair until 1866. He visited America in 1864, during the Civil War, and was enthusiastically received by the people of the North, whose cause he had championed in season and out of season. He finally went to the United States in 1871.

His works on historical and other subjects are many, and include: "Irish History and Irish Character" (1861); "Lectures on Modern History" (1861); "Three English Statesmen" (1867); "Short History of England" (1869); "Canada and the Canadian Question" (1870); "History of the United States" (1882); "Life of James Austen" (1882); "Life of William Lloyd Garrison"; "No Refuge But in Truth."

Goldwin Smith is admitted to have no superior as a master of English prose.

ERECTING BIG PLANT AT ROYAL BAY PITS

Sand and Gravel Co. Establishing Large Enterprise Near Esquimalt Harbor

The Royal Bay Sand & Gravel Company is putting in an immense plant at its pits at the bay, which is located a short distance west of the entrance to Esquimalt harbor. The work of installing the machinery has been entrusted to Charles Chitty, an expert electrical engineer, who has a gang of men at work. The plant will be ready for operation in about two weeks' time.

James Anderson is managing director of the Royal Bay Sand & Gravel Company. It is intended to operate on a large scale. The material will be placed in large bunkers by a system of hydraulics and from the bunkers it goes to scows which may be placed right along side. The company is said to have secured contracts from Vancouver contractors which will keep the plant busy for the next two years.

It is interesting to note in this connection that the sand and gravel obtained on Vancouver Island near Victoria is far superior to the same material found in the vicinity of the Mainland cities. Vancouver gets much of its sand and gravel from Victoria and the business with the Mainland in this material is constantly growing.

PERSONAL

Sergeant Major Caven has received a letter from Staff Sergeant Fred Richardson from Armstrong, B. C., on his way to England, giving the information that he had won the silver and bronze medals at the B. C. Interior shoot, held at Armstrong June 1st. At the same shoot Capt. Wolfenden, son of Col. Wolfenden, I. S. O., of Victoria, won the grand aggregate, with Garrett second and Richardson third.

D. D. Mann, vice-president of the Canadian Northern Railway Association, is in Victoria on the Victoria yesterday afternoon. It is understood that he will be back about the end of the month to meet Garrett Hughes, engineer in charge of the Vancouver Island survey, when a decision will be reached as to the route to be followed to Barkley Sound.

Chief Alex. Hamilton, of the Minneapolis fire department, is in Victoria for the purpose of seeing his brother, Claude Hamilton, who is seriously ill in the Jubilee hospital. Chief Hamilton called on Mrs. Davis at the fire department today.

S. R. Bevis, an ex-member of the B. N. W. M. P. and the Vancouver police department, has been appointed provincial constable and assistant in the government offices at Lillooet.

Dr. A. E. Postwick, president of the American Librarians' Association, is attending a few days in Victoria as the guest of E. O. S. Scholfield, provincial librarian.

H. Macmillan, of Victoria, who is taking a medical course at McGill, has been aggregate in all fourth year subjects.

Dr. White, Gateway, has been added to the staff of provincial veterinarians inspectors and will have his office at the southern end of Vancouver Island.

Mrs. Edna McKelvie will receive at her residence, 112 Government street, on Friday afternoon, but not again during the summer months.

Mrs. F. Robertson, 140 Harrison street, will not receive on Wednesday nor again during the summer months.

H. P. Marchant, of this city, has passed his final examinations for the degree of M. D. at McGill.

Mrs. E. P. Johnson, 101 Johnson street, will not receive to-morrow nor again during the summer.

Mrs. J. McLorie will not receive on Wednesday nor again until September.

OBITUARY RECORD

The funeral of the late Mrs. Minnie M. Haughton, who died yesterday, will take place to-morrow afternoon at 2:30 o'clock from the residence of her mother, Mrs. D. S. Morrison, 41 San Juan avenue.

The remains of the late John Lawson Brown were interred in Ross Bay cemetery this afternoon. The funeral took place from the Home parlors, Yates street, at 2:30 o'clock, where services were conducted by Rev. A. E. Roberts. Many friends were present and several floral offerings were sent to the casket.

Capt. Chas. Matthews passed away at St. Joseph's hospital this morning after a lingering illness extending over a period of six years. Deceased was 77 years of age and was a native of St. Louis, Mo. The remains were forwarded by the U. S. Federal Company to Atlantic City, N. J., where they will be interred. Mrs. Matthews accompanied the body.

Prof. and Mrs. Ernest Claudio mourn the loss of their infant daughter, Assunta. The death occurred this morning at the family residence, 551 Broughton street, after a short illness. Deceased was born on Thursday afternoon at 2:15 o'clock from the residence and at 2:30 o'clock from Christ Church cathedral. Interment will be made in Ross Bay cemetery.

MARINE NOTES

Steamer City of Nanaimo got away this morning bound to Comox, leaving at way ports.

Steamer Tees leaves for the west coast to-night with a large number of passengers and a large freight.

Steamer St. Denis will be here from the north this afternoon, and leave to-morrow night, calling at Kilmait going north.

LOCAL NEWS

—Parkdale.
—The picture of the "Annunciation" was raffled on Saturday night. The winning number was 107, held by Miss Florence Penny, Lloyd street.

—The blind phrenologist, Prof. Cooper, will not lecture to-night but will speak on Tuesday, June 14th, in the Congregational church at 8:30 o'clock. His subject will be "Self Confidence as a Factor in Success."

—The Ladies' Aid Society of First Congregational church will meet to-morrow afternoon at 3 o'clock, at the home of Mrs. J. R. Young, 1438 Johnson street. As business of importance is to be transacted the president desires a large attendance.

—Members of the Men's Bible Class of St. Andrew's Presbyterian church will meet this evening at 8 o'clock in the lecture room for the purpose of meeting Mr. Elliot (the second man the class is assisting) who is en route to the west coast to take up his duties as missionary.

—Waka Kuriya sentenced by Mr. Justice Morrison at the recent Revelstoke assizes to ten years in penitentiary for a savage and unprovoked assault upon Mrs. J. D. Sibbald, was found to be insane when received at the B. C. penitentiary. The provincial authorities, on the request of the department of justice, will have him transferred to the hospital for the insane.

—The Young Women's Club of the Metropolitan Methodist church are having their closing meeting for the summer months to-morrow evening in the schoolroom. Reports will be received and the business of the year closed, after which a social time will be spent. A short programme has been prepared and refreshments will be served. Members are urged to be present and all young ladies of the congregation are cordially invited.

—Yesterday the British tourists who have been travelling through the province under the guidance of Editor Frier, of the London "Colonist," were taken out to Duncan's. The visitors have been entertained by Deputy Minister Scott during their stay in Vancouver and Victoria. They express themselves as being highly delighted with the fruit districts about this city and have nothing but praise for Victoria as a residential city.

—A small blaze, which was extinguished before any damage was done, caused the fire brigade a run to the new Garesche block yesterday. The fire was started by the explosion of a plumber's torch which set fire to some tar.

—A large gang of men is employed on Douglas street constructing the underground conduit for the telephone wire along that thoroughfare. This work will ultimately become part of the larger underground system in the whole of the downtown business section.

—There is now 15 feet of water in the reservoir at Smith's Hill. The leakage is at the rate of about 150,000 gallons per day. The water will be maintained at this level until the fall, when repairs to the basin will be effected under the direction of Angus Smith, city engineer.

—The chemical engine attachment for the automobile which Fire Chief Davis uses was installed to-day. It is anticipated that the chief, who arrives at the scene of a fire earlier than the rest of the brigade, will be able to render good service in many instances with the chemical extinguisher.

—A special service for children will be held on Sundays in St. John's hall, commencing on June 12th. A choir of children is being formed, and a practice will be held in the hall on Friday at 7:30 p.m. Next Sunday's service will consist of morning prayer and a short address by Rev. Stanley Ard on "A Mother and Her Son." Adults will be made welcome.

—D. D. England, ex-superintendent of parks and boulevards, who spent the week-end in the city, remarked to a Times reporter that the boulevards were "deteriorating in appearance." "I don't want to boast myself or knock my successor," he said, "but some of the boulevards, just for want of a little care and attention, are looking very shabby. Surely it is worth while keeping them green and well-groomed after going to the expense of putting them down."

—In spite of the fact that Victoria Day was not celebrated in the usual manner the tramway returns for May compare very favorably with those of the corresponding month last year, while from the first of the year up to the end of last month much larger

returns were received than in the first five months of 1909. In May this year 445,234 passengers were carried, against a total of 447,968 last year. From January 1st until May 31st the number carried was 2,013,839, a large increase over the same months last year, when 1,520,545 passengers were carried.

—W. E. Duperon, the newly appointed passenger agent in this city for the Grand Trunk Pacific steamers, is in the city and has taken charge of the local office. He was tendered an impromptu send-off in Toronto before leaving the service of the Grand Trunk at that place, where he has been traveling passenger agent.

—A meeting of the Amalgamated Society of Carpenters and Joiners was held in Labor hall last night for the purpose of strengthening the union. The chair was occupied by President Watters, of the Trades and Labor Council, and there was a considerable addition to the ranks of the union as an outcome of the meeting. It was decided that the meetings of the union would be held every alternate Thursday in the future.

MAY-DAY, VICTORIA, B. C.
Far in the east the day is dawning
Mid sunset colors of blue and grey,
While still in slumber the earth's awakening
To all the glories of a fair new day.
On all around the light is deepening,
And here and there a plaintive note
Issuing from some feathered songster,
As yet unseen, but not remote.
Watching now the magic day blush,
Breathing o'er all a plaintive note
Nothing too defined or softness,
Promise of day that's newly born.
Early summer of charm and beauty
Offers much to heart and soul,
Nothing too defined or final,
What may be—a possible goal.
But, ah, uneasy moves a toiler,
His dawning days have nought of song,
Even sleep he is restless,
Such brief oblivion from his toll.
O, spirit of love in boundless spaces,
Send forth thy force as the morning
Man's soul is stirring—he is awakening
To see the dawn of a day that's new.
H. C.
The experiment of tobacco-growing in Ireland is now meeting with success.

Open Saturday Evenings, 8 to 10.

What Other People Think

DOUBT.

To the Editor:—A short time ago Mrs. Kent wrote a very optimistic but somewhat misleading letter to the Times upon the subject of "Fear," but surely I attempted to give Scriptural proof for a fear that builds up instead of the reverse, as there happens to be a right for every wrong. Surely I in no way limited the Almighty or accused Him of being the author of Job's troubles.

none at present. Now I trust my words will not be misconstrued to mean that there are no true Christians in the world today, for I do believe there are many such, but when they receive the power of the Holy Spirit it will not long remain a secret, for all who believe will share in their faith, and the moral atmosphere will soon become purified. The faith that heals the sick and abolishes sin and suffering is a gift that is not bestowed upon many.

When the Word of the Lord came unto Samuel it was soon raised abroad; from Dan to Beersheba, that he was chosen to be a prophet of the Lord. The people rejoiced, for the Word of the Lord was precious in those days, meaning that God seldom spoke through those who were supposed to be His messengers because they were not receptive to His Spirit. Today we suffer from a famine of the kind which the prophet Amos wrote about, not a famine for bread or a thirst for water, but of hearing the words of the Lord, and such a famine occurs at the end of each dispensation. Today the hungry people which the prophet Amos wrote about, are unsatisfied. This age has produced false prophets in plenty, those who claim the open vision and spiritual power, and many are deceived and led astray because they are willing to follow anyone who claims to have knowledge and power. Speaking through the prophet Daniel, God says that at the time of the end many of understanding should fall to try them, and to purge them, and to make them white.

Many people who are full of health and prosperity have but little comprehension or sympathy for those who fall to gain material success; they are liable to look scornfully upon the child of misfortune, the one who is obliged to struggle against adverse circumstances. If they were placed in the same circumstances for a time they would learn much that health and prosperity could never teach them. For such experiences, though bitter, give the understanding heart, the heart of compassion and sympathy for others. It forms in the right spirit. Loving trust in God's

goodness keeps the heart from growing hard, skeptical or bitter. Often we see the wicked flourishing like the green bay tree, full of buoyant health and prosperity, but they neither feel Christ-like or mirror Christ in any way, but are more often like the prodigal son who wasted his substance in riotous living.

Mrs. Kent writes that "A real New Thoughter will bear no envy, hate, malice or uncharitableness, because they know these things retard their own growth spiritually." Is not this after all but a selfish motive, for it places self first, last and always. The still, small voice from within would whisper that such things were against the law of God, for love is the fulfilling of the law, and a true follower of the Master would ask for power to overcome and to root out the weeds from the garden of the heart, and this desire attracts to them the aid of God's unseen messengers to help them to live the higher life. I do not believe that all our life is "cut and dried by a beneficent Providence." We are free-will agents sent here to work out our own salvation with God's help. If we listen to the still, small voice of conscience, the God within us will, and obey His promptings, all will be well with us spiritually, but if we prefer to listen and heed the louder voice of our carnal nature, the little god of self rules the life.

This age is revealing the wonderful power there is in thought force, and here at least we can meet on common ground. For I am a firm believer in the power of thought for good or ill. We are all spiritual magnets attracting to us the things we desire, whether spiritual or material things. We are free to choose what we will, and there are but few who choose the spiritual, for they know it is through tribulation they shall enter the kingdom, for the enemies of our soul are just as active to-day as in the days of Job striving to keep us out of our inheritance—the divine human nature. Trials and tribulations shall surely come to all who live a Godly life, and neither small all men speak well of you. But through all things we are more than conquerors

through Him that loved us, and nothing can separate us from the love of God, neither death or life, angels or principalities or powers, nor things present, or things to come.

To discard the written Word as unreliable and false is to be left without chart or compass to show us the mind of God, and as far as I can judge, of New Thought this is what it is striving to do, undermining faith in the Bible and in Jesus Christ, and building upon the foundation of man's own inherent greatness. They desire to be teachers of the law, understanding neither what they say or whereof they affirm. Truth has many sides, and none so wise that they know it all. I am always ready to learn, for we are ever advancing and we can learn something from everybody, so Mrs. Kent should not conclude that I am "welded and fixed" in Asbestos or in my opinion, I am open to conviction, and easy to influence when truth is presented to me from any quarter.

Just one point more and I will close. You tell us that Christ justified our claim to something by saying that we are all gods. If you will kindly look up that sentence again you will find that it was not Christ who said those words. It is quoting from the law, and said if the law called men gods it must be true, for Scripture could not be broken. If you turn to the quotation you will find that the Psalmist was reproving the judges or rulers of the people, and he said, "because these were unrighteous." If we wish to know what the term "die like me" means, the words of Scripture will enlighten us.

Man that is in honor and understanding is not like the beasts that perish. Therefore I would add: "Take heed how you hear, for whosoever hath not from him shall be taken away, even that which he seemeth to have."
A LOVER OF JUSTICE AND TRUTH.
Ashcroft, B.C., June 4th, 1910.

KING GEORGE HOLDS B. C. MINER'S LICENSE

His Majesty's Claim is Located at Deutchman Caves in Revelstoke Division

Revelstoke, June 6.—A large number of free miners' licenses were renewed at the end of May this year, according to the statement from the local court house officials. It is not generally known that His Majesty King George V. holds by full right a free miners' certificate in the Revelstoke mining division. The renewal of this license was made on May 21st to King George V., who in payment of \$5 in the right of the Dominion of Canada, is entitled to all rights and privileges of a free miner, the certificate signed by W. E. McLachlin being numbered 13440 B. The manner in which King George holds the license is interesting. In 1906 C. Deutchman and A. Johnson discovered the famous "Deutchman Caves" in the Selkirk, east of here, and realizing the great value of their find, at once proceeded to acquire a title to the land wherein the caves were located. This apparently could only be done by taking the land up as mineral claims, which they did, and staked off the three claims, named respectively Skookum, Drum Lummon and Buckhorn Fraction, all situated near Cougar creek near Ross peak. After these marvelous caves had been explored the discoverers transferred their rights to the Dominion government, who took over the mineral claims in the name of the then reigning monarch, King Edward VII. The holder of a mineral claim in British Columbia must hold a miners' certificate, and consequently the license was issued from the local office to the King. On the death of King Edward the license was made out in the name of King George V. and the usual receipt for the license has been made out and forwarded to the Dominion government by W. I. Briggs, agent for the department of justice in Canada, to be forwarded to His Majesty King George. There is a sentimental value attached to the ownership of a British Columbia miners' rights, and the fact that the King is one of the local mineral claim holders is most interesting.

With the councils, well, what can be expected of men saddled with responsibilities many times in excess of their own businesses, or in some cases, their business qualifications? They have also their own affairs to attend to, the people getting the balance of their spare time. Little wonder then that friction develops on the council board, due in no small measure to the lack of opportunity in grappling with the detail. However, they are doing the best possible under the circumstances, and we should cheerfully render them every assistance in our power. Let us take a look at the newspapers and their relation to this matter. Here we have the Colonist giving fair reports of what takes place, actuated by a desire to place the city's interest before any personal feeling they may have towards the man mainly responsible for this year's work. The Times, destroying the very system they would uphold by magnifying the little differences existing between the members of the council; widening the breach and re-igniting the sensational in order to sell a few papers; failing to recognize the mischief created by a meddling interference; failure to recognize the amount at stake to the ratepayers. Preventing other men from taking hold who might do better, but who fall to offer themselves owing to general apathy of the public; and a senseless carping press criticism.

Is it possible that the Times, claiming as it did before last election, a desire to clean up and place civic affairs on a better basis does not recognize the inconsistency of its pretensions or the situation they unwittingly place themselves in? Lack of space forbids more being said and I will have to conclude with one question: Do you not think it would be better to drop personal animosities for the few months the council have to live and unite to a helpful solution of the questions which, when disposed of will give us a clearer conception of what to do next year? PHIL. R. SMITH.

BACK TO PRISON.

Convict From Africa Recognized in London — Had Escaped From Convict Train in Rhodesia.

News is published in London of the death of Joseph Creswick, the prisoner who escaped in Rhodesia and tramped through Africa for months before he reached civilization. On returning to England he was recognized

and sent back to his Rhodesian prison, where he died from the effects of fever he caught during his wanderings.

Creswick was being taken from one prison to another, and jumped out of the train one night when it was travelling slowly between Bulwago and Salisbury. He did not know the country, but made a bee-line away from the railway. He was handicapped by his iron, but after some days he managed to file these through with bits of rock. For several weeks he lived chiefly on wild fruit, and then he stumbled on a hut in which he found an old gun and some ammunition. He commandeered these, and lived on game for several months, until the gun got out of order. Once he met some natives, but luckily they were friendly, and gave him directions to a long water, which he thought might be the Congo. So it proved, and just eight months after his escape he was found by a party of Belgians lying in a weak and feverish condition about 200 miles from Leopoldville. They nursed him back to health. At Bomba, arrayed in a pair of cricket trousers and a football jersey, the fugitive found a ship, on which he worked his passage to Antwerp. From there he went to London, and while walking in Whitechapel was recognized by a detective, who arrested him.

CITY OF VICTORIA

A complete list of Local Improvement Works authorized by By-Law from time to time will be found posted on the Bulletin Board at the Main Entrance to the City Hall.

Civic Notice

The Municipal Council of the Corporation of the City of Victoria having determined that it is desirable:

1. To construct a permanent sidewalk of concrete on the west side of Douglas street from the northern boundary of Lot 4, Block T, Work Estate, northerly to the city limits.
2. To light Yates street from Douglas street to Blanchard avenue by means of electric light posts bearing branch lights, also to construct the necessary conduits for carrying all wires underground.
3. To construct permanent sidewalks on both sides of Duchess, between Fort Street and Leighton road.
4. To construct a permanent sidewalk with curb, gutter and boulevard (including maintenance) on the west side of Richmond avenue from Oak Bay avenue southerly to the north line of Lot 5, Peter's subdivision, Section 6.
5. To construct a permanent sidewalk of concrete on the north side of Collinson street from Vancouver street to Cook street, with curbs, gutters and boulevards, including maintenance.

And that each and all of said works shall be carried out in accordance with the provisions of the "Local Improvement General By-Law" and amendments thereto, and the City Engineer and City Assessor having reported to the Council in accordance with the provisions of section 4 of said by-law, upon each and every of said works of local improvement, giving statements showing the amounts estimated to be chargeable in each case against the various portions of real property to be benefited by the said works, and the reports of the City Engineer and City Assessor as aforesaid having been adopted by the Council:

NOTICE IS HEREBY GIVEN that the said reports are open for inspection at the office of the City Assessor, City Hall, Douglas street, and that unless a petition against any proposed work of local improvement above mentioned, signed by a majority of the owners of the land or real property to be assessed for such improvement, and representing at least one-half of the value of the said land or real property, is presented to the Council within fifteen days from the date of the first publication of this notice, the Council will proceed with the proposed improvement upon such terms and conditions as to the payment of the cost of such improvement as the Council may by-law in that behalf regulate and determine.

WELLINGTON J. DOWLER, C. M. C. City Clerk's Office, Victoria, B. C., May 28th, 1910.

Tenders for Garbage Cans

Tenders will be received up to 4 p. m. on Monday, the 14th of June, for the making and supplying of 1000 Garbage Cans more or less. Specifications can be seen at the office of the undersigned, to whom all tenders must be sent. The lowest or any tender not necessarily accepted.

WM. W. NORTHCOTT, Purchasing Agent, City Hall, June 2, 1910.

COURT OF REVISION

NOTICE IS HEREBY GIVEN that the first sitting of the Annual Court of Revision of the Municipality of the City of Victoria, will be held in the Council Chamber, City Hall, Victoria, B. C., on Tuesday, the 21st day of June, 1910, at 10 o'clock a. m., for the purpose of hearing complaints against the assessments as made by the Assessor, and for revising and correcting the assessment roll.

WELLINGTON J. DOWLER, C. M. C. City Clerk's Office, Victoria, B. C., May 15th, 1910.

Notice to Contractors

Tenders will be received by the undersigned up to 4 p. m. on Monday, June 13th, for the building of a dwelling at Smith's Hill Reservoir for the use of the caretaker, in accordance with plans and specifications which can be seen at the office of the superintendent of public buildings, to whom tenders must be sent. The lowest or any tender not necessarily accepted.

WM. W. NORTHCOTT, Superintendent of Public Buildings in the City of Victoria, City Hall, May 31st, 1910.

Tenders For Construction of Permanent Sidewalks

Tenders will be received up to 4 p. m. on Monday, the 13th day of June, for the construction of Permanent Sidewalks on the following streets: MAPLE STREET, QUADRA STREET, WORK STREET, BLANCHARD AVENUE, and CALLEDONIA AVENUE. Specifications and profiles can be seen at the office of the undersigned, to whom all tenders must be addressed. The lowest or any tender not necessarily accepted.

WM. W. NORTHCOTT, Purchasing Agent, City Hall, June 2, 1910.

Asphalt Wanted

Tenders will be received up to Monday, 13th inst., at 4 p. m., for the following: 100 Tons Asphalt, grade D; 100 Tons Flux; 50 Tons Pavement Filler; to be No. 1 quality, to be delivered forthwith at store house, Yates street. The lowest or any tender not necessarily accepted.

WM. W. NORTHCOTT, Purchasing Agent, City Hall.

Sidewalk Construction

The Municipal Council of the Corporation of the City of Victoria having determined that it is desirable:

1. To construct a permanent sidewalk of concrete on the north side of Fairfield road from Cook street to Linden avenue;
2. To grade, drain and rock surface Belcher avenue, between Oak Bay avenue and Fort street, and to construct permanent sidewalks of concrete with curbs, gutters and boulevards (including maintenance) on both sides of said avenue;
3. To construct permanent sidewalks of concrete on both sides of Davis street, between Fort street and Leighton road;

And that each and all of said works shall be carried out in accordance with the provisions of the "Local Improvement General By-Law" and amendments thereto, and the City Engineer and City Assessor having reported to the Council in accordance with the provisions of section 4 of said by-law, upon each and every of said works of local improvement, giving statements showing the amounts estimated to be chargeable in each case against the various portions of real property to be benefited by the said works, and the reports of the City Engineer and City Assessor as aforesaid having been adopted by the Council:

NOTICE IS HEREBY GIVEN that the said reports are open for inspection at the office of the City Assessor, City Hall, Douglas street, and that unless a petition against any proposed work of local improvement above mentioned, signed by a majority of the owners of the land or real property to be assessed for such improvement, and representing at least one-half of the value of the said land or real property, is presented to the Council within fifteen days from the date of the first publication of this notice, the Council will proceed with the proposed improvement upon such terms and conditions as to the payment of the cost of such improvement as the Council may by-law in that behalf regulate and determine.

WELLINGTON J. DOWLER, C. M. C. City Clerk's Office, Victoria, B. C., June 2nd, 1910.

THE SYSTEM TO BLAME.

To the Editor: If we could get away from all ideas of personal friendships, blind devotion, the super-human qualification of the individual, and recognize man as an instrument, working out for good or evil, human destiny, how much better it would be for all concerned. Let us pass over the unworthy institutions contained in your article, "Is the System Responsible?" and pick up where you leave off. Just before the last municipal election the Times newspaper, recognizing the trend of public opinion, made an honest attempt to get to the bottom of our troubles in civic administration. After wallowing around for ideas of its own the subject was put to its readers in an invitation for correspondence. This was accepted and a number of well-written articles of more or less value appeared in the paper, recognizing its limitations, made no effort to follow the matter further.

We have since had an election and a turning over at the city hall. The present council are called upon to meet one hundred thousand dollars direct charge upon this year's revenue; lack of confidence on the part of last year's council.

Nor is this all. A further charge, the

SICK HEADACHE

A Symptom of Troubles Which are Removed by Dr. Morse's Indian Root Pills.

Sick headaches are not merely afflictions to be borne as patiently as possible—they are danger signals. They never come unless the digestive system is out of order, and their regular recurrence is proof positive of serious trouble and a warning that should be heeded promptly.

Sick headaches are caused by Indigestion, Biliousness or Constipation, and no amount of "headache powders" will do more than temporarily relieve them. The only way to get rid of them entirely is to cure the Constipation or Indigestion that is causing them, and nothing will do this quicker or more effectively than Dr. Morse's Indian Root Pills.

Dr. Morse's Indian Root Pills are purely vegetable in character, and are free from any harmful drug. For over fifty years they have been in constant use in Canada, and have proved most effective in regulating the bowels, aiding digestion, banishing sick headaches and restoring vigorous health.

Dr. Morse's Indian Root Pills have stood the test for over fifty years, 25c. at all dealers. W. H. Comstock Co., Ltd., Blackville, Ont.

CLAIM TO SHARE IN RICH MINE DENIED

Action Regarding Nome Property Based on Ownership of Rusty Engine in Old Boat

Seattle, Wash., June 7.—A half interest in the famous Copper Gulch mine No. 8 at Nome, worth over \$1,500,000, based on the ownership of a rusty engine in an old boat high and dry on the beach, was decided before Judge Lindsay in the superior court here yesterday. Joshua McIntyre sued for a half interest in the mine and lost. Captain E. W. Johnson was the defendant and victor.

The story brought to light by the suit is a mining romance of the first water. McIntyre and Johnson entered into a partnership in Tacoma in 1903 to lighter freight at Nome. Johnson paid McIntyre \$500 for a half interest in the ship Hoot Mon, which was to be sent north at Johnson's expense. He was to furnish the initial running expense as well.

The men expected to make \$26 a day on the Hoot Mon, but the venture fell flat. The Hoot Mon was beached and both men thereupon forgot all about it, being glad to get it off their hands. Johnson later acquired two boats called the Two Pups.—He took the two rusty engines out of the Hoot Mon and put them in the new boats. Later on he traded one of the Pups to a miner for the claim which has become Copper Gulch No. 8. At that time it was supposed to be worthless.

To Johnson's surprise the claim began pouring out gold until it became one of the richest properties in the district. Johnson has already received \$1,500,000 and will get considerable more.

McIntyre remembered the Hoot Mon about the time the Copper Gulch No. 8 began turning out gold. Finally he brought suit for one half of the million and a half dollars the mine has netted Johnson so far, and asked a half interest in the property.

The court censured Johnson for suppressing evidence, but held that both men had abandoned the boat and their partnership when the Hoot Mon was beached, and therefore McIntyre's interest had ceased there.

PRINCE RUPERT SCHOOL REQUIREMENTS Trustees Ask for \$9,010 to Carry on Work Until the End of the Year

WOMAN ENDS LIFE AT PRINCE RUPERT Placed Double Barrel Shot Gun to Her Head and Pressed Trigger With Her Foot

LICENSE FEES AT VANCOUVER Finance Committee Will Recommend Increases - Shorter Hours for Sale of Liquor

SIX ROOM COTTAGE COMPLETE FOR \$250. This \$250 does NOT mean a FIRST PAYMENT - It's the price of the house complete.

L. U. CONYERS & CO. 450 VIEW STREET. SOME MORE DESIRABLE RESIDENTIAL BUILTS \$5,000 - Charming residence (nearly new) containing 6 rooms, all modern conveniences, fine basement, large lot all in fruit and vegetables, only one block from government buildings, close to city.

SYNOPSIS OF CANADIAN NORTHWEST LAND REGULATIONS. Any person who is the sole head of a family, or any male over 18 years old, may homestead a quarter section of available Dominion land in Manitoba, Saskatchewan or Alberta.

Princed Rupert, June 6. - The school board requires the sum of \$9,010 to carry on the work of the schools until the 31st December. This information was secured from the following report submitted to the council by the school trustees:

The deceased woman was in a room by herself and the evidence so far points to a case of suicide. There was a man in another room in the house, but he declares that he knows nothing of the affair.

It was resolved to increase fees for transferring licenses to \$250, instead of \$500. Ald. McBride moved to make it \$300, but was voted down. The former fee was \$150.

ALDERMEN ASKED TO DESIGN. Resolution Passed at Mass Meeting of Ratepayers of North Vancouver.

HAS "GOLDEN RULE" CHIEF A DOUBLE?

Detective Searching for Man Who is Alleged to Have Masqueraded as Fred Kohler

(Times Leased Wire.)
 Cleveland, O., June 7.—Indications to-day are that over 100 witnesses will be called in the defence of Fred Kohler, "golden rule" chief of police, who is on trial before the police commission, on charges ranging from habitual drunkenness to gross immorality.

The prosecution rested yesterday. Nine of the 26 counts against Kohler were dropped for lack of evidence.

Kohler is scheduled to take the stand as a witness for himself. He is at present under the care of a physician and is trying to recover his health and strength preparatory for the grueling cross examination which he has every reason to expect. His testimony will be taken on each of the 26 charges.

The defence to-day started detectives on a search for a double of Kohler who it is said has been seen in the restricted district of Cleveland. According to their theory, the reported "double" has been doing the deeds charged to Kohler, who masquerading in a uniform and using Kohler's name to enforce his commands.

The case against Kohler has been considerably weakened owing to the fact that a number who testified against Kohler admitted that they held personal grievances against him.

WILL ADVISE ON ASSESSMENT

(Continued from page 1.)

On the recommendation of the parks committee it was decided to secure from the engineer an estimate of the cost, and plans of suitable public dressing rooms and lavatories to be erected on the western slope of Beacon Hill; the purchasing of 32 folding chairs for band purposes at the North Ward park; the repair of the Douglas Street fountain; the location of a drinking fountain in the old Quadra Street cemetery and other needed park improvements.

The clause in the report recommending that autos be not permitted to run on the roads at Beacon Hill park at a speed in excess of eight miles an hour was rejected, several of the aldermen expressing the opinion that this rate was altogether too low. The question of arranging a speed limit will receive further consideration at the hands of the committee.

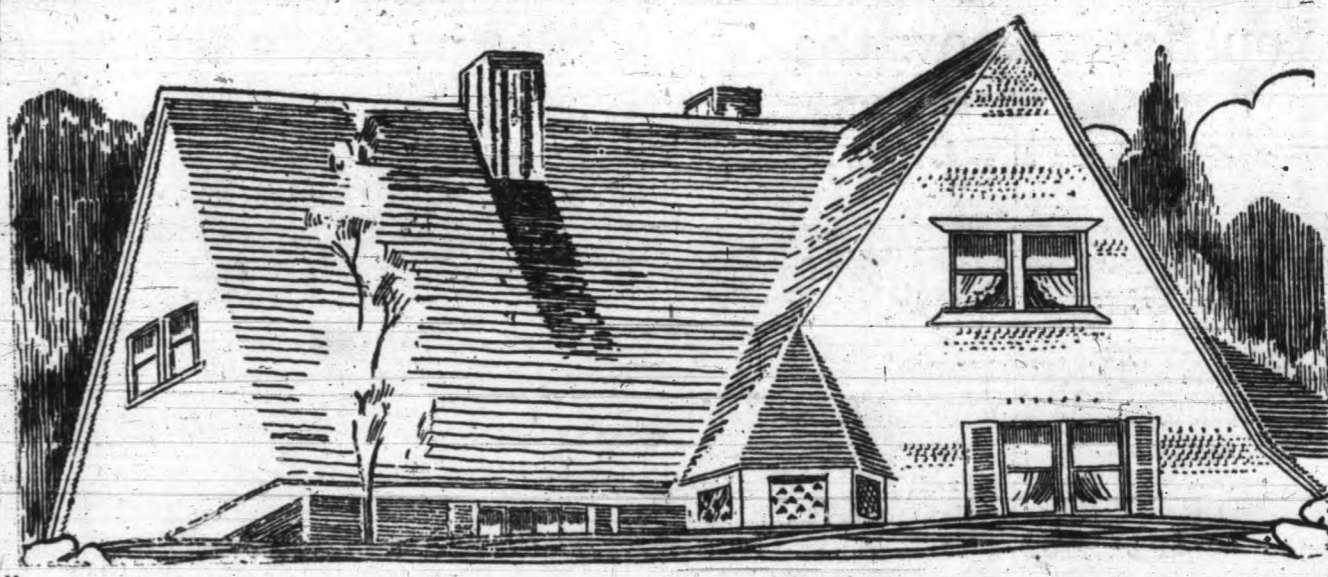

The secretary of the local Christian Endeavor Society asked for a grant of \$250 toward the fund for the entertainment of the 250 delegates who will be in attendance at the forthcoming annual convention of provincial societies. This matter was left in the hands of the finance committee for report.

Mayor Morley made an announcement to the effect that the city, by purchasing its own bonds, recently offered for sale, with its own long-time sinking funds, will be able to make a saving of \$5,000. The offers received from outside firms will be refused.

The Victoria Labor Protective Association wrote asking that the council endorse the arrangement entered into two years ago with the Trades and Labor council providing that \$2.50 be the minimum wage on cycle work. On motion of Ald. Bishop it was decided to have this clause put in all future contracts.

Mayor Morley reported having received a communication from Mayor Hopewell of Ottawa, suggesting that it would be fitting if the heads of the various municipalities throughout Canada should gather at Quebec next autumn on the eve of the departure from Canada of their Excellencies Earl and Countess Grey. It is proposed to present an address on that occasion which would, in a measure at least, express the country's appreciation of the worth and work of his Majesty's representative in Canada.

Messrs. Bodwell & Lawson, representing the D'Oiler Engineering Company, which supplied the pumps for the salt water fire protection system, and which pumps have been rejected by the city, wrote suggesting that one of the following independent engineers be asked to arbitrate as to the merits in the dispute: J. P. Badenhausen, Seattle; T. L. McAllister, Seattle; or Andrew Gray, Victoria. None of these names proved acceptable to the board and Messrs. Bodwell & Lawson will be so informed. The city had previously suggested either James McMillan, Vancouver, Mr. Hardy, chief engineer of Bullen's, at Esquimalt, or Mr. Hermann, of Vancouver, but they were not acceptable to the representatives of the D'Oiler Engineering Company.

What Furniture Are You Going to Put Under Your Roof?

WHAT sort of furniture are you going to put under YOUR roof? That's a big question that every June Bride and Groom should ponder before making any purchases.

Perhaps you have been planning all sorts of "economies" and have decided that you "won't get elaborate, but just cheap pieces." Well, it's alright to dispense with the "elaborate" styles, for they aren't popular any more, but it's mighty poor economy to get "cheap" furniture.

Hundreds of newly-weds have found that "Weiler Quality" furniture is the right sort to buy. It doesn't cost any more to completely equip the home from these stocks—fact is it costs less, because Weiler furniture lasts longer. Our styles are distinctive. Materials and finish superior.

You can furnish your home complete from here—everything necessary is to be found under the one roof. Carpets, curtains, linens, china, glassware, cutlery, tableware, kitchen things. All these are here in great variety.

Come in and see these stocks and learn why so many brides have found it pays to deal—

"Where The Most Furniture Is Shown and Sold"

Wedding Gifts June Brides Like

WHAT sort of a gift do you think a bride would appreciate most? Don't you think that something she could use in the adornment of her new home, or something she could use almost daily in her domestic life, would be the ideal gift? That's the sort of gift to send your friend.

And where is there a store in Western Canada so well prepared to help you in the choosing of such a gift? Here is an establishment with five floors loaded with suitable gift things. The variety includes something for every room and every use and a big choice in every line.

Tableware of silver, dainty china, art pottery, dinner services, brass and copper goods, furniture for every purpose, linens, rugs and carpets, curtains and draperies, etc. In each of these lines are hundreds of suggestions. Come here and choose the wedding gift—you'll save both time and money.

Furniture For Summertime Service

SCREEN DOORS AND WINDOWS.
 Flies are the terror of the Summer homekeeper, but a great deal of this inconvenience may be avoided through the use of good window screens and doors. We have an excellent range of styles and sizes, and these little prices should appeal to you: Come in and see this stock of ours.
 WINDOW SCREENS, adjustable, from..... 25c
 SCREEN DOORS, from..... \$1.25

BAMBOO PORCH SHADES.
 These are ideal for the porch or camp. They'll protect you from the direct rays of the strong sun, yet do not entirely shut off the light. Made of split bamboo and in either natural or green. Many sizes, with prices starting as low as \$1.00.

HAMMOCKS FROM \$1.50.
 If you have never used a hammock, you don't know what great comfort you have missed. We strongly recommend a hammock. The price is little; anyone may own one. Swing one on the porch or from the trees of the Summer camp or lawn.

We have a big choice of styles, and the price range shows one to suit you. Prices start as low as \$1.50.

ICE CREAM FREEZERS FROM \$2.75
 Ice cream is a food, and a healthy food, too—if it's properly made. Make it yourself, and in a Lightning Freezer, and you'll be sure that it's correct.

It's the safe, economical way, and this Lightning Freezer is easy running and is economical on ice and salt. We have all sizes, with prices starting at \$2.75.

REFRIGERATORS FROM \$12.00
 Some people make the great mistake of thinking a refrigerator CHEAP just because the first cost is a dollar or two less than is asked in some other store for a refrigerator that LOOKS the same. They forget that the first named may use twice as much ice as the latter, and therefore be much more expensive in the end.

Ours are acknowledged to be the most economical in ice consumption, and we believe that the prices will stand comparison with those quoted anywhere on the other sorts. Sole agents for the McCray Refrigerator. See our refrigerators from \$12.00.

CAMP FURNITURE
 We stock all good sorts of camp furniture, Summer furniture, Summer floor coverings, camp crockery, etc. Come in and let us show you our splendid stock in all these lines.

RACE MEETING WILL BE HELD

(Continued from page 1.)

"I have decided," interposed Mr. Justice Gregory, "that the rent which the association wishes to fix is unconscionably high."

His Lordship added that the increased rent was not bona fide and appeared to him to be simply set in an attempt to gain possession of the property and the improvements made by the plaintiff. If the defendant wished to get rid of the property, she should have been taken before the expiration of the time for changing the agreement, as shown in the lease.

Mr. Moore informed the court that a race meeting would be held, commencing upon June 18th and lasting six days, if the injunction was granted.

His Lordship, in granting the injunction, said that, while the defendant association might have points of law on its side, it had no merits at all. "Just because the defendant is infected with the present popular objection to racing it has no right to adopt the methods it has adopted. I am," continued His Lordship, "strongly in favor of a moral community. I don't believe races should be held like those of last year. At the same time I do not think that plaintiff should have been allowed to spend a large sum of money on improvements and then be forced to

AMERICAN CARDINAL

Rome, June 7.—An American cardinal may be named at the next Catholic consistory, according to an intimation made by Pope Pius to Archbishop Moeller, of Cincinnati. The archbishop is authority for the report.

—Parkdale.

STEWART WILLIAMS, Auctioneer.

Parkdale.

The date of trial of the action which will result from the dispute between the two parties has not yet been fixed.

—Parkdale.

IN POLICE COURT

Montague Powell, charged on remand with driving an automobile on the night of May 30th on the common danger on Government street, was acquitted this morning in the police court. The magistrate held, in view of the evidence submitted by Mr. Aikman for the defence, that there was a doubt, and that the constable may have been mistaken in taking the number of the machine which passed him at a fast pace.

William Whitaker was sentenced to three months on a charge of vagrancy. He pleaded guilty, saying he had been without food for twenty-four hours and had applied for relief at the police station.

—Parkdale.

The fastest flying of all birds, the sparrow-bird, is able to cover two hundred miles an hour under favorable conditions.

Window plants in Germany are often watered with cold tea or coffee. The effects are said to be beneficial.
