The first thing I did was to
write down the names of the

down the names of the
places where they were
born. I then wrote down

The first thing I saw when I stepped
out of the plane was a vast, flat
landscape stretching to the horizon.
The ground was a mix of brown and
green, with small patches of trees
and shrubs scattered across it. In
the distance, a range of low mountains
could be seen under a clear blue
sky. The air was fresh and cool,
a welcome change from the hot
climate of the city I had just
left. I took a deep breath and
felt a sense of freedom and
adventure. This was my first
experience of a new world, and
it was everything I needed.

When I stepped out of the plane, I
was greeted by a warm smile and
a friendly hand. The man in the
uniform was young and full of
energy. He led me to a small
house with a thatched roof and
a porch. The house was simple
but comfortable. I sat on the
porch and watched the sun set
over the mountains. The sky was
a mix of orange and red, and
the mountains were silhouetted
against it. I felt a sense of
peace and tranquility. This was
my first experience of a new world,
and it was everything I needed.
