INFORMATION

(KOKURA)

About 100 soldiers of the 24th regiment, the "Negro detachment" of the 25th Infantry Division, escaped armed from the Shirono barracks around 9:20 p.m. on July 10 and fired shots against the Japanese to intimidate them in the neighborhood of Kurohara Eidan (Kurohara Corporation), Saburomaru, Mihagino and Shirono. They committed 12 cases of rape, 7 cases of burglary and larceny, 4 cases of injury and six cases of destruction and damage of property. Confusion reigned in the city temporarily. Twenty of the soldiers were arrested by the military police. The Kokura city police were mobilized on emergency and are maintaining strict watch and guard. (The crime cases are those which had been reported to the Kokura police station as of 9 a.m. July 11th.)

M/R: 1. Basic is memo fr Philippine Mission requesting entry for Mr. Bautista, civic leader and President of the Town Hall of the Philippines, in connection with the activities of the Fellowship of Reconciliation, inclosing a letter from the Deputy Mayor of Hiroshima, inviting Bautista to come to Japan to participate in activities for the World Peace Day to be held at Hiroshima City on 6 Aug 50.

2. CIE informs that the Fellowship of Reconciliation is a pacifist organization founded during the first World War and a branch of the fellowship was established in Japan prior to the second World War.

3. State Dept msg 140906 Z, 15 Jul 50, stated that Bautista has has a very bad reputation based on alleged economic collaboration with Japanese during the occupation and suspicion that he utilizes Town Hall contributions for own purposes and has through the press stated that the Philippines, though politically free, is still a colony of the U.S. and dependent on the U.S. economically. This description is considered by State as obviously unfriendly and can be fit only for Communists who seek to portray the Philippine Govt as puppet U.S. imperialists.

4. G-2 does not concur in indiv's ent for the purpose stated and further reveals that files indicate that the Fellowship of Reconciliation is definitely Communist infiltrated and has a long record of pacifist activity which cannot be sponsored at this time. 2 1. CIE concurs in action recommended in paragraph 4 of check note 1 because of the dubious character, viewpoint, and associations of the individual for whom entry clearance is requested.

2. In view of article 9 of the Japanese constitution, however, and of the fact that to discourage pacifism per se among the Japanese would be a reversal of Occupation policy, CIE does not associate itself with the G-2 comment (TAB E) that pacifist activity "is an activity that we can ill afford to sponsor at this critical time in the Far East."

G-1 C/S 27 July 50

1 1. The Philippine Mission has forwarded a request for the entry of Lorenzo Bautista, civic leader and President of the Town Hall of the Philippines, to enter Japan in connection with activities of the Fellowship of Reconciliation (Tab A). This request was returned to the Mission for further information concerning the purpose of entry and logistic assurances.

2. a. The Mission has now replied and indicates that Mr. Bautista will find accommodations from Japanese facilities and incloses a letter from the Deputy Mayor of Hiroshima, inviting Bautista to come to Japan to participate in activities for the World Peace Day (Tab B). Also inclosed is a letter from the Chairman of the International Fellowship of Reconciliation, informing that Bautista is an official delegate of this organization (Tab C).

b. CIE informs that the Fellowship of Reconciliation is a pacifist organization founded during the first World War and a branch of the fellowship was established in Japan prior to the second World War.

c. State Department message 140906 Z, 15 July 50 (Tab D) states that Lorenzo Bautista has had a very bad reputation based on alleged economic collaboration with Japanese during the occupation and suspicion that he utilizes Town Hall contributions for own purposes and has through the press stated that the Philippines, though politically free, is still a colony of the U.S. and dependent on U.S. economically. This description is considered by State as obviously unfriendly and can be fit only for Communists who seek to portray the Philippine Government as puppet U.S. imperialists.

d. Travel of Japanese Mariners Outside of Japan

G-1 C/S 28 July 1950

4 1. In C/N 1, G-1 proposes a SCAPIN and a Staff Memo to implement the documentation of Japanese mariners serving as crew members of Japanese merchant vessels operating under private owners as provided for in SCAPIN 2086, dated 3 March 1950.

2. CTS and ComNavFe concurred in proposal.

3. In C/N 2, G-2 concurs in principle and comments on the magnitude of the task of investigating a potential 145,000 individuals for security check. G-2 proposes a procedure by which masters and officers be checked first and the remainder in periodic groups.

4. In C/N 3, AG concurs in the proposed plan but comments to the effect that additional personnel would be required to handle the program. AG recommends a rewording of par 2 of the proposed SCAPIN with the addition of a recommended application form and a rewording of the proposed Staff Memorandum.

5. a. G-1 concurs with AG recommended rewording of par 2 of proposed SCAPIN, the addition of the recommended application form and the reworded proposed Staff Memorandum. G-1 has rewritten the proposed SCAPIN and the proposed Staff Memorandum to include AG's recommendations.

b. G-1 considers that comments by G-2 and AG relative to workload anticipated and procedures to be employed in implementing proposed directives are properly matters of an operational nature and no objection is seen to these sections coordinating with SCAP sections concerned and with the Japanese Ministry of Transportation to control the flow of applications for consideration by this hq in order to be handled within current personnel ceilings.

c. The delay in forwarding this study was caused by the necessity of concentrating the manpower effort of this section on higher priority work resulting from the Korean situation. Accordingly, the effective date of the proposed SCAPIN in changed from 1 July 1950 to 1 August 1950.

6. Recommend approval of:

a. Proposed draft SCAPIN revised, with inclosure (Tab E).

MEMORANDUM FOR: JAPANESE GOVERNMENT

SUBJECT: Travel of Japanese Mariners Outside of Japan

1. Effective 1 August 1950, all Japanese nationals to be employed as mariners on Japanese merchant vessels authorized to engage in private overseas trade shall be required to obtain the approval of the Supreme Commander for the Allied Powers for travel in the waters and areas outside of Japan.

2. Individuals shall make application in person to the Marine Authority of the Ministry of Transportation for the Supreme Commander for the Allied Powers' permission to travel as mariners. The attached application form will be used and will contain a certification by the Ministry of Transportation that the individual is a qualified mariner. Applications, accompanied by Personal History Statements, shall be forwarded to the Supreme Commander for the Allied Powers for consideration.

3. Upon receipt of the Supreme Commander for the Allied Powers' approval of the application, the Marine Authority of the Ministry of Transportation shall cause the following indorsement to be made in the Mariner's Pocket-Ledger which is issued under the provisions of Japanese Law No. 100, Mariners' Law and Regulation for the Enforcement of the Mariners Law:

ADMINISTRATIVE PROCESSING OF REQUESTS FOR
TRAVEL OF MARINERS OUTSIDE OF JAPAN

1. Reference. Memorandum for the Japanese Government, AG 544 ( )GA, SCAPIN _____, subject: Travel of Japanese Mariners Outside of Japan, __ _____ 1950.

2. The purpose of this staff memorandum is to designate agencies responsible for processing requests for authorization of Japanese mariners to travel outside of Japan.

3. Japanese nationals desiring approval of travel as mariners on Japanese vessels engaged in trade outside Japan will make application in person to the Marine Authority of the Ministry of Transportation, the agency of the Japanese Government designated to process administratively and forward to the Supreme Commander for the Allied Powers for approval all applications for such travel as prescribed in SCAPIN _____.

4. Approval of applications of mariners to travel will be based on the following criteria:

a. Individual is a qualified mariner.

b. Individual is in possession of a valid Mariner's Pocket-Ledger.

c. Individual is not a security risk.

5. The approval of the application for travel as a mariner, in the form of an indorsement in the Mariner's Pocket-Ledger, will be valid for the

duration of the validity of the Mariner's Pocket-Ledger as provided in Japanese Law No. 100, Mariners Law and Regulation for the Enforcement of the Mariners Law, unless prior to that time it is rescinded by the Supreme Commander for the Allied Powers for cogent reason, and will serve as an authorization by the Supreme Commander for the Allied Powers for the mariner to enjoy shore privileges at foreign ports of call, provided specific authorization for shore leaves is included in the clearance granted the vessel by the Supreme Commander for the Allied Powers for each voyage.

6. The Chief, Civil Transportation Section, has primary responsibility in ascertaining that appropriate instructions to the vessel master, relative to permission for or prohibition of mariners' enjoyment of shore privileges at foreign ports of call, are contained in all vessel clearances granted by the Supreme Commander for the Allied Powers. Direct communication in this matter is authorized between the Chief, Civil Transportation Section, General Headquarters, Supreme Commander for the Allied Powers, and the Commander, United States Naval Forces, Far East (Administrator, United States Shipping Control Authority, Japanese Merchant Marine).

7. The Adjutant General is responsible for:

a. Administrative processing and final approval of requests for Mariner's Pocket-Ledger which are within policy.

b. Maintenance of the necessary liaison between the Supreme Commander for the Allied Powers and the Japanese Government.

8. The Assistant Chief of Staff, G-1, is responsible for staff supervision. Unusual cases or those within policy cases where disapproval is indicated will be referred to the Chief of Staff for consideration.

Travel of Japanese Mariners Outside of Japan — V. R. Fegley 26-5758

AG — O-1 — 30 June 1950

3 1. The Adjutant General concurs in the attached plan for processing applications from Japanese mariners for travel in waters and areas outside Japan but desires to make the following comments:

a. The administrative processing of such applications by the AG will create an additional workload which could not be handled by present personnel. It is pointed out that the personnel authorized to AG to perform travel functions are working at capacity. This function would require a minimum of one DAC clerk in addition to a portion of one officer's time.

b. Recommend paragraph 2 of the proposed SCAPIN be amended to read as follows:

"2. Individuals shall make application in person to the Marine Authority of the Ministry of Transportation for the Supreme Commander for the Allied Powers' permission to travel as mariners. The attached application form will be used and will contain a certification by the Ministry of Transportation that the individual is a qualified mariner. Applications, accompanied by Personal History Statements, shall be forwarded to the Supreme Commander for the Allied Powers for consideration."

Attached as Inclosure 5 is a copy of the recommended application form.

c. Recommend initial processing include only applications from crews on those vessels currently authorized to engage in oversea trade. When processing of these crews is completed, other applications could be considered.

Dear Mr. Laidlaw:

Reference is made to your letter of 14 August 1950 concerning the status of yourself and Mr. James A. Welsh.

Since you entered Japan as evacuees from Korea, you are not authorized to change your status without specific authorization from the Supreme Commander for the Allied Powers. In the event you do not receive such authority, it will be necessary that you depart Japan by 31 August 1950.

If it is your desire to engage in business activities in connection with the Korea American Enterprises, you should submit a formal request to the Supreme Commander for the Allied Powers outlining the scope of your activities. Further, it will be necessary that you deposit $1500.00 in a fixed account to guarantee your repatriation.

If favorable action is taken on your application, consideration will be given to a change in Mr. Welsh's status provided the Korea American Enterprises:

a. Guarantees employment.

b. Assumes responsibility for Mr. Welsh's acts and actions.

c. Guarantees Mr. Welsh's logistic support and repatriation.

Very truly yours,
Major, AGC

Dear Mr. Cline:

Reference is made to your letter dated 14 August 1950 in which you submit information concerning the status of Mr. James A. Welsh.

Mr. Welsh, as you point out, was evacuated from Korea. However, he is not authorized to assume the status of a commercial entrant without specific authorization from the Supreme Commander for the Allied Powers. In the event Mr. Welsh does not receive such authorization, it will be necessary that he depart Japan by 31 August 1950.

Prior to further consideration of this case, it will be necessary that Mr. Welsh's employer submit a request for a change in status to include the following:

a. That employment is available.

b. That he will be responsible for Mr. Welsh's acts and actions.

c. That he will be responsible for Mr. Welsh's logistic support and repatriation.

1. Ralph W. Chaney was granted entry clearance into Japan for a 6-week period (Tab A).

2. DA in W 89324 (Tab B) forwards derogatory information on Chaney, and requests information of action taken as a result of information furnished in cited message.

3. a. Subject individual entered Japan 22 Jul 50 and his requested 6-week period will expire on 2 Sep 50.

b. G-1 has ascertained from Chief, NRS, that Chaney is presently in Southern Japan and is expected to return to Tokyo next week or the week after with departure scheduled for early Sep.

3. In view of the foregoing, G-1 feels that no useful purpose could be served at this time to take positive action for deportation, even if the derogatory information is considered sufficient to warrant this action. It is considered more desirable to defer action with respect to Dr. Chaney until 10 Sep 50. It is felt that this action will permit him to complete his authorized stay with a reasonable time allowance to wind up his business. Further, it would avoid the necessity of the hq being placed in the undesirable position of forcibly deporting him.

4. G-1 concludes that no positive action should be taken with respect to Dr. Chaney until 10 Sep 50, and that interim reply concerning this case should be made to DA.

FEC 371, Exercise of Criminal and Civil Jurisdiction over UN nationals

Legal Section CofS 23 Aug 50

1 1. PROBLEM: DA radio W 89039, 18 Aug 50 (Incl 1), transmits a State Department message which requests SCAP's comments on the following:

a. Whether crimes against persons and property of families and dependents of UN Occupation personnel are treated similarly as crimes against Occupation personnel;

b. Whether, at present, servants of UN nationality serving Occupation personnel are, for purposes of criminal jurisdiction, assimilated to the personnel they serve. It is indicated that the majority of the Committee considering the problem believes that such servants are attached to and accompanying the Occupation Forces under para 1 a (ii) of FEC 371/11 (Incl 2).

2. BACKGROUND: Under present FEC directive and SCAP implementation thereof, the Japanese Government can not exercise criminal jurisdiction over UN nationals in Japan (Incl 3). At the request of SCAP, the State Department introduced into the Far East Commission a United States proposal to permit the Japanese Government to exercise criminal jurisdiction over non-Occupation UN nationals in Japan (Incl 4).

a. A DA radio, W 85261, 9 Jul 50 (Incl 5), reported that the French Committee member considering the proposal, suggested that in addition to the exemption from Japanese jurisdiction given Occupation personnel, the Japanese Courts also be barred from exercising jurisdiction over persons, Japanese or otherwise, who commit offenses against Occupation persons, property, law and when the crimes arise out of employment with Occupation Forces.

b. In reply, SCAP message C 58534, 24 Jul 50 (Incl 6), took the position that except for crimes of a political or security nature, the Japanese Government should exercise criminal jurisdiction over all Japanese and non-Occupation UN nationals wherever and whenever possible. In effect, GHQ's position was that the Japanese Government should exercise criminal jurisdiction over all persons, other than members of the Occupation Forces and their immediate families and dependents accompanying them, except when such person commits a crime of a political or security nature.

3. DISCUSSION:

a. The present practice makes no distinction as to crimes

1 (Cont'd) committed against Occupation personnel or their families, for purposes of exercise of criminal jurisdiction by the Japanese. A crime committed by a Japanese against an Occupation Force person or his family or their property would be handled by the Japanese Government if the offender was otherwise subject to Japanese criminal jurisdiction, unless the offense involved the security of the Occupation Forces. Under the United States proposal (FEC 371) no change is contemplated in this practice nor is any intended.

b. The second query raised by the State Department concerns the question of whether UN nationals who are servants of Occupation personnel receive the same immunities from the Japanese Government as Occupation Force personnel. Apparently, this query refers to the immunity granted servants of diplomatic personnel.

c. The extent to which servants of an Ambassador or Public Minister receive the benefit of his diplomatic immunity is not clearly established. If the servant is a national of the state of sojourn, he need not enjoy exemption from jurisdiction. However, if the servant is not a national of state of sojourn, the general practice is to regard him as sharing his master's immunity for the period of his service. (Hyde, International Law, pp 1274-75)

d. Under the United States proposal (FEC 371), in which SCAP concurred, it is intended that UN nationals utilized by the Occupation Forces, who are secured on a PD basis and paid in yen, i. e. foreign nationals, should be subject to Japanese criminal jurisdiction. This view was expressed to the State Department in SCAP radio C 54317 6 Jan 1950, para 2b (Incl 7). Legal Section believes that for the purpose of exercise of criminal jurisdiction by the Japanese, no distinction should be made on the basis of nationality with regard to servants of Occupation personnel. Since the vast majority of such servants are Japanese, as a practical matter the specific exemption is unnecessary. Those UN servants of diplomatic personnel would be accorded the customary privileges under international law. When the question arose as to whether specific provision should be made to exempt persons from Japanese jurisdiction who possess diplomatic immunity, GHQ took the position that such provision was unnecessary since it already existed. The principle involved herein is similar. (C 54317, para 5, 6 Jan 50, Incl 7) Thus, UN servants of diplomatic personnel would be accorded the customary privileges of international law, and specific provision therefor would be unnecessary.

1

1. Ralph W. Chaney was granted entry clearance into Japan for a 6-week period (Tab A).

2. DA in W 89324 (Tab B) forwards derogatory information on Chaney, and requests information of action taken as a result of information furnished in cited message.

3. a. Subject individual entered Japan 22 Jul 50 and his requested 6-week period will expire on 2 Sep 50.

b. G-1 has ascertained from Chief, NRS, that Chaney is presently in Southern Japan and is expected to return to Tokyo next week or the week after with departure scheduled for early Sep.

3. In view of the foregoing, G-1 feels that no useful purpose could be served at this time to take positive action for deportation, even if the derogatory information is considered sufficient to warrant this action. It is considered more desirable to defer action with respect to Dr. Chaney until 10 Sep 50. It is felt that this action will permit him to complete his authorized stay with a reasonable time allowance to wind up his business. Further, it would avoid the necessity of the hq being placed in the undesirable position of forcibly deporting him.

4. G-1 concludes that no positive action should be taken with respect to Dr. Chaney until 10 Sep 50, and that interim reply concerning this case should be made to DA.

5. Recommend approval of proposed message to DA (Tab C).

MEMORANDUM FOR: CHIEF OF STAFF

SUBJECT: Travel of Japanese National

1. The attached application from the Ministry of Foreign Affairs requests approval for the travel of Mr. Minoru Tachi, head of the General Affairs of the Institute of Population Problems of the Welfare Ministry, to the U. S. for the purpose of inspecting population problems research and real living conditions of the American people viewed from the standpoint of birth and death.

2. AG forwarded the application to G-1 since it could be construed that there was an aspect of "planned parenthood" present.

3. By C/N No 3, attached inclosure, PH&W states that his visit to observe population practices and research should prove beneficial to the development of the Welfare Ministry. The Institute of Population Problems in Japan is a research organization whose primary activities have been population problems closely related to public health and welfare.

4. The only objection apparent to G-1 is the remote possibility that Mrs. Kato and associates will use this as a precedent. However, that eventuality can be resolved when it appears.

5. Since subject individual is traveling in the interest of the Japanese Government and subsidized by Japanese Government funds, and in view of the fact that PH&W does not indicate that the aspect of "planned parenthood" is present, recommend that the application be returned to AG for approval in accordance with existing procedure.

L. V. Phelps 26-6717

From: PHW To: G-1 Date: 29 August 1950

3 1. Mr. Tachi as head of General Affairs of the Institute of Population Problems of the Welfare Ministry, holds an important position. He is well informed regarding Japanese population problems and their relationship to the public health and welfare. A visit to America to observe population practices and research should prove beneficial to the development of the Welfare Ministry. Mr. Tachi has been most cooperative for several years with the Public Health and Welfare Section in furnishing population data.

2. He has never visited America, and therefore has not had an opportunity to observe population research practices there. The Institute of Population Problems in Japan is a research organization whose primary activities have been population problems closely related to public health and welfare. An opportunity for Mr. Tachi to observe the actual conduct of surveys and studies carried out by the American University at Washington, D. C., the Scripps Foundation, and the Population Institute of Princeton University would contribute to the improvement of the Japanese Institute.

3. He also wants to make brief visits to the Oriental Section of the Library of Congress, the Bureau of the Census, and the National Office of Vital Statistics of the U. S. Public Health Service while in the Washington, D. C. area.

4. While in New York, he would like to visit the International Health Division of the Rockefeller Foundation.
