New Orleans, July 2, 1834. A. B. ROMAN NEW ORLEANS, 12th May, 1832 y his is the invitation of Mr Dolbear, a teacher of Penmanship in our city, upon the Carstairian system; we have carefully examined speciment of the writings of his pupils, whose ages range from 8 to 50 years, written through an entire course of justruction: and after having done so, it is with the highest satisfaction that we can testify to the rapid if not unparalled progress which they have made.

From the specimens seen, and the examination the system made, we cannot withhold the expression of a current opinion, that the system is greatly superior to any hitherto taught. If to write legibly, ele-gantly, rapidly, and in good taste be an accomplishnent useful or desirable, it is upon the principles of this system that it is to be acquired. We therefore anxiously solicit of the public a liberal patronage in favor of an instructor, whose qualifications are of the hignest order, and whose labors promise to be so ex

ceedingly useful to this and other communities.
