ELECTION IN BRITAIN CAUSES DECLARATIONS OF DISSATISFACTION

Baldwin's Call For Test on Tariff Issue Found to Be Very Unpopular; Statements of Disapproval Come From All Sides; Government Supporters Only Reluctantly Acquiesce

London, Nov. 14.—Dissatisfaction with the decision of the Government to hold an immediate election is manifest on all sides. The views expressed by newspapers and the public to-day indicate that the idea of an election is extremely unpopular.

Some of the comments are vicious and Premier Baldwin is charged variously with unexampled levity, shabby manoeuvring, trickiness and with having lapsed from the traditional honor and decency of British public life.

There is no doubt that the Liberals, Laborites and Socialists are very angry. The Conservative newspapers, while in some cases scarcely disguising their disagreement with the Premier's decision, say in effect: "The die is cast. It can not be helped now, so let's fight it out."

FIGHTING SINGLE-HANDED. These first comments also emphasize the complete hostility among the three political parties and the determination of each to fight single-handed. Government papers denounce alike Liberal free trade and the Socialist proposal of a capital levy; the Liberals scorn alike protection and the levy, while the Socialist-Labor Party refuses to be hoodwinked or tricked by either the old parties, and banks on "the comprehensive policy of constructive reform," to which its party is pledged.

IN MINORITY. To-day's lineup of the press for and against the Premier probably is not final, but thus far newspaper supporters are in the minority. The "Conservative" chief organ, The "Morning Post," says: "The forces arrayed against the Government are exceedingly powerful. All the enemies of this country and its industries are arrayed behind the free trade and the Socialist banners."

The fight now to be waged is nothing less than whether Great Britain is to maintain its place in the world as a solvent industrial power or whether it is to sink deeper and deeper into unemployment and social discontent until it flares up in the red ruin of revolution.

READY FOR EXPERIMENT. The Times cordially approves Mr. Baldwin's "honesty and frankness" and keeps an open mind on some aspects of the problem. It believes the country also has an open mind, but thinks it is ready at least for inquiry and tentative experiments.

A capital levy is cited by both Liberal and Conservative newspapers as a danger against which their parties will have to fight. There are underground rumors of a forthcoming agreement for a pact between the Liberals and Labor. By such an agreement split votes would be avoided. The Liberal Daily News hints at the possibility of such an arrangement, which if effected might considerably jeopardize the Government's chances.

JURY IN PRAGUE ACQUITS NICKOLOFF. Bulgarian Killed His Country's Ambassador There. Prague, Nov. 14.—Atanas Nickoloff, twenty-six-year-old Bulgarian, tried on a charge of having assassinated M. Daskoloff, the Bulgarian Ambassador in Prague on August 28, was acquitted to-day by a vote of eight to four after the jury had been out fourteen hours. The Supreme Court has yet to pass upon the verdict and may reject it.

Nickoloff confessed he had committed the crime, saying it was by order of the secret Macedonian organization to which he belonged, which also had placed three other Ministers of Bulgaria on the death list. M. Daskoloff was ordered killed, the accused said, because he opposed the Macedonian separatist movement and had signed the Nish Convention for better relations between Bulgaria and Jugoslavia.

MINERALS FORMED MILLIONS OF YEARS AGO NOW EXHIBITED. Philadelphia, Nov. 14.—Specimens of mineral claimed to have been extracted from strata of earth in Greenland antedating the Garden of Eden by 10,000,000 years are on exhibition at the Academy of Natural Science here. The minerals were discovered by Dr. Samuel G. Gordon, of the academy, who has just returned from an expedition tour of the Arctic country. The minerals are imbedded in quartz and will be analyzed by the academy to determine their nature and value.

U.S. SENATE URGES MARGIN TRADING BE PROHIBITED. Washington, Nov. 14.—Margin trading in stocks, bonds, grain and cotton would be prohibited by a bill which Senator King, Democrat, Utah, is preparing for introduction in Congress.

LAPOINTE SAYS REPORT OF CABINET CHANGE UNFOUNDED. Ottawa, Nov. 14.—"This is the first I have heard of," said Hon. Ernest Lapointe, Minister of Marine and Fisheries, to-day when his attention was called to a report that Sir Lomer Gouin, Minister of Justice, would resign on account of ill-health and that Mr. Lapointe would assume the portfolio of Justice.

COLLIERIES NAME GENERAL MANAGER

Lieut.-Col. Charles Villiers Succeeds Late Mr. Savage

Has Had Great Mining Experience in South Africa

Lieut.-Col. Charles Villiers has been appointed General Manager of the Canadian Collieries (Dunsmuir), Limited, in succession to the late J. M. Savage, who died suddenly last Summer. Mr. Thomas Graham, who has been acting general manager, since the death of Mr. Savage, remains with the company as general superintendent in charge of operations.

Lieut.-Col. Villiers, the new general manager, is at present in Montreal and is expected to arrive in Victoria at an early date to take up his duties. For many years the new general manager has been identified with mining enterprises, having been formerly assistant manager of the Johannesburg Consolidated Investment Company, one of the principal gold mining groups in South Africa. His experience of non-metalliferous mining was gained as general manager of the African and European Investment Company, which controls several important coal mines in the Transvaal.

As an administrative officer he secured valuable experience with the Transvaal Chamber of Mines, perhaps the most important organization of mining operators in the world. With that body he held a staff appointment for some time. Lieut.-Col. Villiers won distinction during the Great War, entering the Coldstream Guards as a subaltern, and reaching the rank he now holds before the termination of hostilities.

For many years the new general manager has been identified with mining enterprises, having been formerly assistant manager of the Johannesburg Consolidated Investment Company, one of the principal gold mining groups in South Africa.

Among the other women candidates is Miss Williams, daughter of Anourin Williams, who has been a prominent figure in past Parliaments. Miss Williams probably will be the youngest woman seeking election, she being only twenty-seven years of age.

WAS TOLD BOY WOULD NOT MEET ADULT CRIMINALS. Storm of Indignation That Boys Were Brought in Contact With Van Horst

A storm of indignation over the apparent fact that young prisoners like the two Victoria lads, Burton and Smith, were allowed to come in contact with such hardened criminals as Van Horst, has broken out since the news of their escape and recapture was published. "Scores of women have phoned me up since the news was published," says Mrs. C. De V. Schofield, president of the local Council of Women, "expressing their disapproval that the two lads were able to associate with an older criminal like Van Horst. The phone has been busy continually. I think it proves that if people will get behind the juvenile court such possibilities would be eliminated."

That Mrs. Buzan was assured by the Department of Justice that her boy would not be in contact with adult criminals was the statement made by Dr. Clem Davies, in coming upon a resolution of protest forwarded by the Department of the Centennial Church. It is possible, said Mr. Davies, that the Department of Justice are under the opinion that the lads were segregated from adult criminals.

Mrs. John Harvey, district president of the Women's Christian Temperance Union, suggested that the matter might be made the subject of a resolution at the next meeting. It was brought up after a meeting last night addressed by Mrs. Nellie McConch (Concluded on page 2.)

U.S. SENATE URGES MARGIN TRADING BE PROHIBITED. Washington, Nov. 14.—Margin trading in stocks, bonds, grain and cotton would be prohibited by a bill which Senator King, Democrat, Utah, is preparing for introduction in Congress.

LAPOINTE SAYS REPORT OF CABINET CHANGE UNFOUNDED. Ottawa, Nov. 14.—"This is the first I have heard of," said Hon. Ernest Lapointe, Minister of Marine and Fisheries, to-day when his attention was called to a report that Sir Lomer Gouin, Minister of Justice, would resign on account of ill-health and that Mr. Lapointe would assume the portfolio of Justice.

Paris Police Seek in Vain to Arrest New Councillor

Paris, Nov. 14.—The newly-elected municipal councillor, Leon Midot, formerly secretary of the Paris, Lyons and Mediterranean Railway Union, succeeded in eluding arrest all day yesterday although the entire Paris police force was searching for him. Midot, who recently returned to France from Switzerland, is under sentence of imprisonment for his connection with the railroad strike in 1920.

French Ask British Help Force Ex-Prince To Leave Germany

London, Nov. 14.—France is bringing strong pressure to bear on Great Britain looking to joint action for the expulsion of the former Crown Prince from Germany. For the moment the British Government believes it to be useless to try to undo the accomplished fact, but no decision regarding a final policy will be announced until the Cabinet, which is meeting to-day, has carefully examined the whole subject in the light of Premier Poincaré's latest overtures.

Paris, Nov. 14.—The Allied Council of Ambassadors failed to consider at its meeting to-day the question of what action should be taken in connection with return of the former Crown Prince to Germany and as to Germany's attitude regarding the resumption of Allied military control. The entire session was devoted to routine work. The questions may come up at the meeting of the Ambassadors tomorrow.

Belgium Effort. Brussels, Nov. 14.—Deputies Van Hock, Bouesses and Mathieu, respectively members of the Catholic, Liberal and Socialist parties, served notice on the Government to-day that they would interpellate it as to the measures the Belgian Government intends to take in view of the return of the former Crown Prince to Germany. The interpellators will demand that the Government ask the Crown Prince to renounce the French Prince in conformity with Article 223 of the Versailles Treaty.

The three deputies, the first of whom belong to the governmental majority, also will request the Government to take measures to prevent a similar return to Germany of the ex-Kaiser, "which is in course of preparation."

PENALTIES DISCUSSED. Paris, Nov. 14.—The occupation of Hamburg and important railroad centres east of the Rhine are spoken of in French circles as possible penalties for the return of the former Crown Prince to Germany. French officials realize that the British Government, in the throes of an election, would dislike to commit that country to an extended naval military operation, yet the Government would cut a sorry figure before the voters, if it left the Hohenzollerns were allowed to resume possession of German territory without attempts of the Allies to interfere. (Concluded on page 2.)

SECOND DONATION OF \$5,000 GIVEN. Jubilee Hospital Receives Handsome Gift From Anonymous Donor. Will Make Another Appeal to Council For War Trophies

A second donation of \$5,000 to the Jubilee Hospital fund, from an anonymous donor, cheered the campaign committee to-day. A number of the canvassers have yet to make reports upon the first day's appeal to the generosity of a selected number of citizens, so that the list attached to this article is not complete, representing only totals reported until noon.

In connection with the general development scheme at the Hospital grounds, where considerable improvements have been made, and are yet contemplated in keeping with the (Concluded on page 2.)

S. LIVINGSTON, BARRISTER, DIED IN VANCOUVER. Vancouver, Nov. 14.—Stuart Livingston, a prominent local barrister and a resident of British Columbia for twenty-five years, died here last night. He was born in Hamilton, Ont., fifty-eight years ago. A widow and three children survive him.

Mr. Livingston, besides being a lawyer, was a poet and painter of some note. He had written a number of books on law, and some of his poems had been adopted for use in the reading books of Ontario and English schools. One of his best known books is "In Various Moods," a book of poems.

Bavarian Leaders Ask People to Aid in Keeping Order

Berlin, Nov. 14.—In view of the existing situation in Bavaria, the Munich Cabinet has decided to maintain the state of emergency vesting plenary powers in Dictator von Kahr. The Bavarian Government calls on the people to place the common weal above everything and to support the authorities in their effort to maintain order.

CO-OPERATION IS IMMIGRATION NEED, SAYS MINISTER

HON. J. A. ROBB. Minister of Immigration, who addressed the Immigration Conference in Ottawa to-day.

Two Killed By Bandits In New York

New York, Nov. 14.—Two bank messengers were murdered by two bandits, who stole \$43,600 from them in a spectacular hold-up to-day at the Fifty-Fifth Street Station of the West End Subway line in Brooklyn. The station was filled with people on their way to work when the bandits opened fire, later fleeing with the money in an automobile.

The messengers shot were William S. Barlow and William H. McLaughlin, both of Brooklyn, and employed by the West End Bank. They were taking the money to another bank.

JUDGING STARTS THIS MORNING AT POTATO EXHIBIT. Windermere Carries Off the Honors For District Displays. High Standard Shown in Exhibits; Lectures During Week

With many attractive features in addition to the exhibits the Provincial Potato Show was thrown open to the public this afternoon, Mayor Reginald Hayward declaring the show open, after a few introductory remarks by J. A. Griffith, chairman of the Agricultural Group of the Chamber of Commerce. The Hon. E. D. Barrow, Minister of Agriculture, extended a welcome on behalf of the Provincial Government to the farmers gathered from all parts of British Columbia attending the show which is held in the basement of the Arcade Building. Reeve Watson, of Saanich, followed with a short address.

Each of the speakers referred to the increasing importance of the potato industry to British Columbia and the value of encouraging the growth from certified seed of the potatoes best suited to the district. Lectures were given for this afternoon and evening. To-night C. E. Whitney Griffith will speak on the "Crisis in Agriculture." P. W. Anketell-Jones will talk on "How to Grow an Acre of Potatoes" and an illustrated lecture on Potato Diseases will be given by J. W. Eastman, Provincial Plant Pathologist. The exhibit contains a great variety of subjects of interesting to potato and seed growers. Demonstrations on cooking potatoes and the competition for cooked potatoes should (Concluded on page 2.)

U.S. URGED TO BAR ALIENS INELIGIBLE FOR CITIZENSHIP. Washington, Nov. 14.—More drastic provision for exclusion from the United States of aliens ineligible to citizenship will be urged upon Congress at its coming session by Senators and Representatives from a number of western states.

NEW YORK TIMES SAYS IT IS PROBLEM FOR BRITISH EMPIRE AREAS. New York, Nov. 14.—"Everybody loves the Hindus so long as they stay at home," says The New York Times to-day in the course of a lengthy editorial reviewing the discussions on the Hindu immigration question at the recent Imperial Conference in London.

The Times points out that the Duke of Devonshire, Colonial Secretary and spokesman for the Motherland, in accepting the Indian delegates' proposal for the appointment of Dominion committees to confer with an Indian committee upon the subject, made it clear "that the question of status of the Hindus in South Africa could not be re-opened."

Thus in the only case in which the Colonial Office had to deal with an Indian immigration problem, the answer was to keep the Indians out.

One Killed and Twenty Hurt in Dusseldorf Clash. Dusseldorf, Nov. 14.—One person was killed and twenty more wounded during a clash last night between police and a crowd of the unemployed holding a demonstration. The demonstrations continued to-day, the crowds, which paraded the streets all day yesterday, protesting against the unemployment situation. The singing of the "Internationale" was a feature of the demonstration.

DECKERS, RHINE SEPARATIST LEADER, PUT UNDER ARREST. Cologne, Nov. 14.—Leo Deckers, the separatist leader, has been arrested at Verviers, just over the Belgian frontier, according to reports from Aix-la-Chapelle.

IMMIGRATION TO-DAY CONFERENCE SUBJECT IN FEDERAL CAPITAL

Officials of Dominion and Provincial Governments and Ocean and Railway Transportation Companies Discussing Plans in Ottawa; Co-operation Desired, Says Hon. J. A. Robb

Ottawa, Nov. 14 (Canadian Press)—A conference on immigration, attended by officials of the Federal and Provincial Governments and of ocean and railway transportation companies is in progress in the railway committee-room of the House of Commons, where it was opened this morning.

The object is to inform provincial and transportation officials fully of the steps taken and proposed by the Federal Government to secure satisfactory immigrants. On the other hand, Federal officials expect to gain a closer knowledge of provincial immigration requirements and of the problems before the transportation lines. W. J. Egan, Deputy Minister of Immigration, is presiding.

Hon. J. A. Robb, Minister of Immigration, in a brief speech opening the conference, expressed the view that the presence of provincial delegates could be taken as an indication that the Provincial Governments were prepared to co-operate with the Federal Government in solving the immigration problems. He referred to the representatives of transatlantic steamship companies and railway transportation companies as officials who were greatly interested in immigration and who had shown considerable disposition in the past to co-operate with Federal officials.

HOUSEKEEPERS NEEDED. "Experienced housekeepers do not exist in England anymore," Miss M. V. Burnham, Federal Supervisor of Women Immigration, told delegates to the conference. She was discussing the Empire settlement scheme as it affected the domestic help problem. "Now that the Dominion Government is meeting part of the expense of bringing these women to our shores," she declared, "we should have the power to insist that they have a brief period of preliminary training which would be sufficient to make them familiar with some of the simple rudiments of domestic service in Canada."

JUVENILE IMMIGRATION. C. Brogue Smart, Commissioner of Juvenile Immigration, dealt with some of the work accomplished by his department in the last twenty-five years. He quoted figures to show that at the present time there are 2,898 boys and girls living in Canada under the supervision of Federal Immigration authorities. During the fiscal year 1,754 juvenile immigrants were brought from the Old Country. Experience, the Commissioner declared, showed that ninety five per cent of the young settlers made satisfactory citizens.

It is expected the conference will end Thursday afternoon. The proposal that British Columbia, Alberta, Saskatchewan and Manitoba co-operate in dealing with the increasing pauper problem, the Premier announced, the Premier announced, "It will be up to each province to handle the matter alone now," the Premier said. "The plan to have the four western provinces co-operate fell through when Saskatchewan refused to take this course."

Until he can hear from the Dominions of Trade the Premier, intimated, he will not be ready to announce the policy of his Government.

CIVIC STATEMENT SOON TO BE ISSUED. Eighty-One Per Cent of Taxes Have Been Received. Prospects Good Council Will Leave Office Without Deficit

City authorities will be in possession of full information with regard to the tax collections up to October 31 in the next few days. It is known that the collections will approximate eighty-one per cent of the levy, on land tax and improvement tax. While that figure, on the face value, does not look as high as twelve months ago, it was stated to the civic finance committee yesterday that by the end of the year the total will aggregate another four or five per cent, or approximately equal the total of 1922.

When some figures have been compiled, which are being prepared for presentation to the City School Board this evening, and which will indicate that the board will keep within its estimates, it is expected that the details by collections according to the classes of taxes can be furnished. City Treasurer Smith is now working on this report, which will be one of the most important laid before the council this year.

Mayor Hayward this afternoon forecast that the Council assuming that collections reached the 1922 percentage would be able to finish the year without leaving a deficit to be carried into the new year, such as occurred twelve months ago.

Apparently authentic reports were in circulation yesterday that the Government was to proclaim an autonomous Rhineland state and considerable surprise was manifested last night when an official statement declared the Government would "never sanction the proclamation of a Rhineland republic."

REVISION OF POLICY. It was in this statement, issued at the conclusion of the secret conference, that the Government explained anew the seriousness of the unemployment problem and of the general social and industrial conditions in the Ruhr and Rhineland, giving the impression that the Reich could no longer consider itself responsible for the occupied provinces. This inference was strengthened when it was learned in official quarters that the Government considered a revision of its policy to be the only possible course at its disposition.

NOBEL LITERATURE PRIZE AWARDED TO WILLIAM B. YEATS. Stockholm, Nov. 14.—The Nobel Prize for Literature has been awarded to William Butler Yeats, the Irish author, it was announced to-day.

OLIVER MOVES TO DEAL WITH RAISE IN EXPRESS RATES

Asks Business Interests to Suggest Action on Proposed Increase. Plan of Four Western Provinces to Work Together Collapses

Premier Oliver moved to-day to find out what British Columbia business interests want to do about the present effort of express companies to have express rates increased by five per cent. He wrote to the Associated Boards of Trade of the Province, the Victoria Chamber of Commerce and the Vancouver Board of Trade, and asked them to suggest what action on the express rate question should be taken.

The proposal that British Columbia, Alberta, Saskatchewan and Manitoba co-operate in dealing with the increasing pauper problem, the Premier announced, the Premier announced, "It will be up to each province to handle the matter alone now," the Premier said. "The plan to have the four western provinces co-operate fell through when Saskatchewan refused to take this course."

Until he can hear from the Dominions of Trade the Premier, intimated, he will not be ready to announce the policy of his Government.

BERLIN FINDS RUHR BURDEN IS TOO HEAVY

Withdraws Federal Support From Ruhr and Rhineland. Berlin, Nov. 14.—Political leaders are discussing to-day the apparent decision of the central Government to withdraw all federal support from the Ruhr and Rhineland provinces, leaving those territories to their own devices or to the pleasure of France and Belgium.

The impression grew that the Cabinet Ministers, state Premiers and spokesmen of the occupied region, in their secret conference here yesterday, had decided upon the abandonment of federal jurisdiction over these areas as a means of saving the rest of the country. The fact that further support of the Ruhr and Rhineland population would constitute an unbearable burden on the Reich is believed to have influenced Germany's leaders.

Apparently authentic reports were in circulation yesterday that the Government was to proclaim an autonomous Rhineland state and considerable surprise was manifested last night when an official statement declared the Government would "never sanction the proclamation of a Rhineland republic."

REVISION OF POLICY. It was in this statement, issued at the conclusion of the secret conference, that the Government explained anew the seriousness of the unemployment problem and of the general social and industrial conditions in the Ruhr and Rhineland, giving the impression that the Reich could no longer consider itself responsible for the occupied provinces. This inference was strengthened when it was learned in official quarters that the Government considered a revision of its policy to be the only possible course at its disposition.

WEEK OF PRAYER BEING OBSERVED

Y.M.C.A. Has Special Prayer Meeting This Week In furtherance of a world-wide movement to observe this week as one of prayer, the Y.M.C.A. are holding daily prayer meetings at the Institute building. The direct object of the devotional meetings is to unite in intercession for the moral and spiritual needs of the youth of Christendom to-day. Marked interest is being taken in these meetings under the auspices of the Y.M.C.A. Ira Dilworth directed the opening meeting on Monday, pointing to the responsibility devolving on the present generation in training the mind of youth for the work of the world in their day. The youth of to-day was living in the most glorious and the most handicapped generation, he said.

JUDGING STARTS THIS MORNING AT POTATO EXHIBIT

prove of great interest to women. Many of the uninitiated expressed great surprise at the variety of ways the potatoes were shown in the exhibit. DISTRICT DISPLAYS Judging started this morning. The outstanding event, the District Exhibit Class—was carried off by the Windermere District which was also the front in the individual competitions. Vancouver Island secured second and third place, Gordon Head being second and Comox third. Results are as follows: Class A: District Potato Display—1. Windermere, 771.5 points; 2. Gordon Head, 768.5; 3. Comox, 749.0; 4. Chilliwack, 746.0; 5. Metchoan, 723.5; 6. East Sooke, 723.0; 7. Bulkley, 702.5; 8. Sayward, 682.5. Class A. Certified Seed Potatoes—Consisting of seed potatoes that have passed the two field inspections under the British Columbia certification standards for 1923. Netted Gem—1 and special, A. J. Walker, Windermere, 99 points; 2. J. K. Horsfall, Duncan, 98; 3. S. F. Harvey, Victoria, 97 1/2; 4. F. L. Hutcheon, Westholme, 97. Burbank—1 and special, H. P. Alberry, Courtenay, 95 1/2; 2. D. E. Evans, Courtenay, 94 1/2; 3. J. Blackburn, Courtenay, 93 1/2; 4. P. Swan, Courtenay, 91 1/2. Green Mountain—1 and special, Clifton Ranch, Kelowna, 92; 2. Idens Bernard, Parksville, 91; 3. J. E. Guinet, Chilliwack, 90 1/2. Early St. George—1 and special, W. T. Perrey, Comox, 98 1/2; 2. E. E. Wilson, Chilliwack, 97; 3. W. W. Duncan, Shugarts, 96 1/2. Irish Cobbler—1 and special, J. E. Guinet, Chilliwack, 94 1/2; 2. T. H. Hain, Victoria, 93; 3. R. C. Stanyer, Francois Lake. Gold Coin—1 and special, W. D. Schell, Kelowna, 94 1/2; 2. L. F. Hornby, Langford, 94 1/2; 3. A. H. Garver, Springton, 94 1/2. Sir Walter Raleigh—1 and special, G. A. Vainwright, Victoria, 98 1/2; 2. H. Bowman, Sidney, 97; 3. T. Houlihan, Gordon Head, 97 1/2; 4. W. W. Duncan, Shugarts, 97. Class I. Boys' and Girls' Exhibits, Junior, any named, any variety—1. A. Guinet, Chilliwack, Early Ohio; 2. W. T. Gar, Forestdale, Irish Cobbler; 3. G. H. Gar, Forestdale, Early 8 Weeks. Any late variety—1. Stanley Hanham, Courtenay, Burbank; 2. A. Guinet, Chilliwack, U. B. C. Boys' and Girls' Senior, any late variety—1. Osmond Richmond, Chilliwack, Netted Gem; 2. Austin Winch, Chilliwack, A.B.C.; 3. Trene Hanham, Courtenay, Burbank. Any variety—No entries.

ELECTION IN BRITAIN CAUSES DECLARATIONS OF DISSATISFACTION

London, Nov. 14.—Knowledge in the financial district of London that a general election was imminent caused a loss of \$25,000,000 in the value of gilt-edged stocks on the London Exchange in the short space of two days. Another cause of the present depression has been the fear that a Labor victory would mean an immediate capital levy. The selling of securities on the London Exchange has greatly increased. Government consols, loans and bonds dropping from three-quarters 2 1/2 points.

CHURCHILL TO ASK MANCHESTER VOTES

London, Nov. 14 (Canadian Press Cable)—Without doubt the main battle in the coming general election will be fought in the industrial constituencies, especially in the north of England. The invitation to Winston Churchill to contest the Rusholme Division of Manchester, is a clear indication of how Lancashire intends to accept the challenge to its old principles. Churchill, whatever may be thought of the different incidents of his career and aspects of his character, is a thoroughly sincere free trader by conviction. He has declared that Lancashire is his "natural battleground." There is a strong probability therefore that when he speaks in Manchester on Friday he will accept the invitation to become a candidate there. UNIONIST CANDIDATE Captain J. H. Thorpe, the present Unionist candidate in the Rusholme Division, is well known to many Canadians as having been a staff officer in Europe during the war. His majority in the last general election was 5,344 in a three-cornered contest in which he was opposed by a Liberal and a Labor candidate. Labor has contested the division ever since its formation, but at present is without a candidate. BIRKENHEAD'S POSITION Churchill's probable appearance as a candidate in Lancashire gives an active stimulus to the protectionists to gather Lord Birkenhead within the fold. The former Lord Chancellor might very well say ditto to Churchill when talking about natural battlegrounds. His early battles were all fought in Lancashire, and his House of Commons career was spent entirely as member for the Walton Division of Liverpool. His hold upon Liverpool is still strong, and although Liverpool is not considered to reflect the common political opinion of the country owing to its cosmopolitan character, as does Lancashire, yet Birkenhead's oratory upon the protectionist's side would be an immense asset. WOULD RELISH CONTEST Birkenhead and Churchill in personal matters have a regard for each other like that of David and Jonathan. Politically, however, and with free trade versus protection as the issue, they would tear one another to pieces with huge enjoyment. NEW VICE-CONSUL Regina, Nov. 14.—Blair Beyer, of the Interior Department, has been appointed Vice-Consul here for Norway. For some years no consular office has been maintained in Saskatchewan, all business being done through Winnipeg.

FRANK KELLOGG TALKS WITH HARVEY AND U.S. PRESIDENT

Washington, Nov. 14.—George Harvey entertained upon a series of conferences here early to-day with President Coolidge, Secretary Hughes and Frank B. Kellogg, his successor as Ambassador to Great Britain. Among the subjects considered was the recently negotiated agreement with Great Britain giving the United States the right to search run-rigging ships outside the three-mile limit. OLD COUNTRY FOOTBALL London, Nov. 14 (Canadian Press Cable)—Results of football games were as follows: Oxford University 1, Football Association eleven 2. The Rugby Union Northumberland 10, Monmouthshire 10. Kent 21, Eastern Counties 3. Northern Union Leigh 11, Rochdale 2. Hull-Kingston Rovers 9, Wakefield 5.

F. G. T. LUCAS AGAIN HEADS VANCOUVER BAR ASSOCIATION

Vancouver, Nov. 14.—F. G. T. Lucas was unanimously elected to a second term as president of the Vancouver Bar Association, which held its annual meeting yesterday. Similarly, J. A. Robertson was again elected vice-president. The secretary-treasurer, A. C. Desbrisay, and the assistant secretary, W. H. S. Dixon, were re-elected. The membership of the association's membership was reduced through the deaths of Joseph Martin, K.C., D. G. Marshall, K.C., and I. I. Rubinowitz, and appropriate expressions of sympathy were made over their passing were contained in the secretary's report. FIREMAN KILLED IN TRAIN SMASH Lindsay, Ont., Nov. 14.—Fireman F. R. Preck, of Ottawa, was almost instantly killed when a light freight engine which he was driving was struck from behind by No. 53, the Peterboro evening train on the Canadian National Railway. The engineer, George Hooper, of Lindsay, was badly scalded. Thomas McCabe, of York, engineer on No. 53, was hurt about the head and his fireman, J. L. Evely, was scalded. Conductor Hooper, of Lindsay, who was riding on the freight coach, was thrown off and injured.

T. H. PURDON DIED IN LONDON, ONT

London, Ont., Nov. 14.—Thomas Hunter Purdon, K.C., prominent London citizen, died to-day after a short illness. Born here in 1853, Mr. Purdon was called to the bar in 1876. As president of The London Advertiser Co. he gave a full history of the employees of the plant in the opinion of Walter Holley, one of the workmen at the steel company plant, who gave evidence at the session of the Royal Commission yesterday. He was of the opinion that if this plan were allowed to continue for the next few months something worth while for the workers would result.

Many Depositors of Home Bank Delay Receipt of Money

Toronto, Nov. 14.—That the payment of twenty-five per cent. to the Home Bank depositors in being held up by scores of the depositors themselves was the statement made to-day by E. I. Weldon, solicitor for the depositors. In the last two weeks only a few of the depositors themselves have filed their claims. Mr. Weldon stated that no payment can be made until all the claims are in.

SEEKING SHARE IN BIG ESTATE R. E. and H. K. Williams Given Opportunity to Prove Case

Vancouver, Nov. 14.—Claimants to a third interest in the James Alexander Estate, which includes the Engineer Gold Mine, worth millions, on Taku Arm near Atlin, Robert E. Williams, of Milwaukee, and his brother, Howard Chester Bigham, of Los Angeles, by unanimous judgment of the Court of Appeal are given an opportunity to prove their case. Previously, Mr. Justice Morrison had dismissed the claims of the Williams brothers, deciding the Williams brothers could not possibly succeed and the litigation was therefore frivolous and vexatious.

B.C. Appeal Court Ruling Affects Alexander Estate

Vancouver, Nov. 14.—The court of appeal has ruled in favor of the Williams brothers, who are claiming a third interest in the James Alexander Estate, which includes the Engineer Gold Mine, worth millions, on Taku Arm near Atlin, Robert E. Williams, of Milwaukee, and his brother, Howard Chester Bigham, of Los Angeles, by unanimous judgment of the Court of Appeal are given an opportunity to prove their case. Previously, Mr. Justice Morrison had dismissed the claims of the Williams brothers, deciding the Williams brothers could not possibly succeed and the litigation was therefore frivolous and vexatious.

DR. SIPPRELL HERE FOR FIFTH YEAR Pastor of the Metropolitan Church Accepts Pressing Invitation

Rev. Dr. W. J. Sipprell, pastor of the Metropolitan Methodist Church and one of the leading divines in Canadian Methodism, has accepted an invitation to remain with his present charge for a fifth year. The invitation was extended at the meeting last evening of the quarterly conference and it was accepted in fitting words by Dr. Sipprell. This is the first time in the history of the Metropolitan Church that the honor of a fifth year has been extended to a pastor. The board felt that Dr. Sipprell had been such an inspiring factor in the life of the church that it could not do better than ask him to remain. Since he came to the Metropolitan church in 1918, the congregation and the church membership has been increased tremendously, and his influence in the city at large has been felt in no uncertain manner. Dr. Sipprell came to Victoria from Mount Pleasant Church, Vancouver, where his pastorate extended over a period of seven years. He was pastor of that church when the Mission Board of Columbia College, New Westminster, was started.

WANTED BY TORONTO

It was learned at the meeting of the Metropolitan Board last night that two influential men in Toronto were seeking Dr. Sipprell. In one instance Rev. Dr. Chown, superintendent of the Methodist Church of Canada, had approached the doctor with a view to gaining his transfer to the eastern city. Dr. Sipprell's services have been sought in many quarters. His ability as a speaker, his phenomenal grasp of present-day problems, his aggressive nature and buoyant humor, which make him a welcomed visitor with the sick, have carved for him an enviable niche in the church life of this city. For three years of his ministry in Toronto he has endeavored to get Dr. Sipprell to become missionary superintendent for British Columbia. In each instance he has presented his case before his board and it has been decided that the doctor should stay with his church, and he has accordingly declined the offer each time it has been made.

CAME FOR ONE YEAR

Dr. Sipprell came to the Metropolitan upon call for one year. He did not accept the usual invitation for four years, feeling that if the congregation were to give up its ministry in the meantime that it could terminate the agreement at the end of the year. He has now been in the city for one year and he is in the city until the Spring of 1925.

CO-OPERATION PLAN

Sydney, N.S., Nov. 14.—Bitter contentions for the workers at the steel plant here would undoubtedly obtain if the Biscoff Co-Operative Plan was given a fair trial by the employees of the plant, in the opinion of Walter Holley, one of the workmen at the steel company plant, who gave evidence at the session of the Royal Commission yesterday. He was of the opinion that if this plan were allowed to continue for the next few months something worth while for the workers would result.

AVIATION BOARD'S RULING

W. B. Lanigan, of C.P.R., Speaks of B.C. Freight Rates Says Reprisals by Community or Railway Always a Mistake

Vancouver, Nov. 14.—In the course of an interview on the freight rates question given in Vancouver this morning, W. B. Lanigan, general freight traffic manager of the Canadian Pacific Railway, made the following statement: "I have, of course, read the various expressions of opinion appearing in the British Columbia papers in reference to the question of the freight rate application. I would draw attention to the fact that in no province of Canada and in no city of the Dominion has the Canadian Pacific Railway made the following statement: 'I have, of course, read the various expressions of opinion appearing in the British Columbia papers in reference to the question of the freight rate application. I would draw attention to the fact that in no province of Canada and in no city of the Dominion has the Canadian Pacific Railway made the following statement: 'I have, of course, read the various expressions of opinion appearing in the British Columbia papers in reference to the question of the freight rate application. I would draw attention to the fact that in no province of Canada and in no city of the Dominion has the Canadian Pacific Railway made the following statement: 'I have, of course, read the various expressions of opinion appearing in the British Columbia papers in reference to the question of the freight rate application. I would draw attention to the fact that in no province of Canada and in no city of the Dominion has the Canadian Pacific Railway made the following statement: 'I have, of course, read the various expressions of opinion appearing in the British Columbia papers in reference to the question of the freight rate application. I would draw attention to the fact that in no province of Canada and in no city of the Dominion has the Canadian Pacific Railway made the following statement: 'I have, of course, read the various expressions of opinion appearing in the British Columbia papers in reference to the question of the freight rate application. I would draw attention to the fact that in no province of Canada and in no city of the Dominion has the Canadian Pacific Railway made the following statement: 'I have, of course, read the various expressions of opinion appearing in the British Columbia papers in reference to the question of the freight rate application. ## LANGBAN MINES IN SWEDEN UNIQUE

300 Different Minerals Have Been Taken From One Square Mile

Stockholm, Nov. 14.—Three hundred different minerals mined from a single square mile of ground—that is the unique distinction of the Langban Mines in Sweden, which contain by far the world's most varied assortment of metals.

assaying and describing the curious specimens found at the Langban Mines, the work is being pushed because of the general public interest in the strange ways of Mother Earth, and because experts hope to learn lessons that will give them side lights on the common metals of trade.

### REPUBLICANS SHOULD NOMINATE COOLIDGE, DECLARES BORAH

Washington, Nov. 14.—Senator William E. Borah says he believes President Coolidge is the logical man for the Republican Presidential nomination in the next campaign, and asks the public to "give him a chance to make good." The Senator said: "Fate and circumstances have made Calvin Coolidge President. There are some very difficult problems demanding attention.

### CHINESE GENERAL CHURCH DELEGATE

Peking, Nov. 14.—General Feng Yu-hsiang has been elected by the North China annual conference a delegate to the General Conference of the Methodist Episcopal Church to be held in May, 1924, at Springfield, Mass. The general is the leading lay member of the North China conference

## LIVESTOCK SHOW AT KANSAS CITY

Will Open Nov. 17; More Than Ten Acres of Floor Space

Kansas City, Nov. 4.—The American Royal Livestock Show, which will open here November 17 for a run of seven days, will occupy more than ten acres of floor space in the \$600,000 building erected last year to house the exhibition.

The show will draw 2,000 head of cattle in the car-lot section alone, officials say. These animals are ready or nearly ready to be converted into prime beef, and will be shown in the open stock yards. In the breeding classes of beef cattle, more than 800 head each of Herefords and Short-horns and more than 150 head of Angus cattle already are entered.

The showing of 150 head of milking Shorthorns, arranged for the exhibition, will be an innovation, as this will be the first time this type of cattle has been displayed at any national show west of the Mississippi River. Floor space also has been set aside for the dog and pet stock shows.

### GRAVE OF BISHOP FOUND NEAR PEKING

Peking, Nov. 13.—The body of Bishop della Chiesa, first Christian Bishop of Peking, who died December 21, 1721, has been discovered and re-buried with fitting ceremonies at Hungchialou, a suburb of Tsinan, after being lost for two centuries.

### TWENTY LASHES EACH FOR TWO CONVICTED MEN

Vancouver, Nov. 14.—A total of twenty-four years imprisonment and forty lashes was pronounced by Magistrate Shaw in police court yesterday on Stanley Jones and Harry McDermott, youthful hoodlum men, who pleaded guilty to robbing gas stations here. As the sentences run concurrently they will serve but five years and receive two whippings of ten lashes each.

### AUSTRALIAN DEFENCE PLANS DISCUSSED

Melbourne, Nov. 14 (Canadian Press Cable via Reuters)—Dr. Earle Page, Commonwealth Treasurer and Acting Premier, says he does not share the pessimism of Sir John Monash, a former commander of the Australian-Imperial forces, who recently uttered a warning with regard to Australia's unpreparedness in the event of war.

### SOUGHT THRONE WHEN HE WAS PENILESS

Budapest, Nov. 14.—The late ex-emperor Karl of Austria did not have enough money to buy cigarettes when he was making his final attempt to regain the Hungarian throne, according to an anonymous army officer who was a member of Karl's suite and who is now publishing his memoirs. When the deposed emperor was making the attempt he was forced to ask members of his suite for cigarettes and other luxuries.

### BY-ELECTION IN ENGLAND CANCELLED

London, Nov. 14 (Canadian Press Cable)—The Home Office has cancelled the arrangements for the by-elections in connection with the by-election in the Warwick and Leamington Division of Warwickshire in view of the coming general election.

## 40,000 RUSSIANS REFUGEES PREFER LIVING THERE TO TAKING RISKS IN SOVIET RUSSIA

Belgrade, Jugoslavia, Nov. 14.—No fewer than 40,000 Russians, including a great number of men and women of the best type, are to-day finding refuge in Belgrade from the rigors of the Soviet regime. They evidently prefer to take their chances of voluntary exile than risk a return to Russia, no matter what promises are held out from that country.

It is not unusual to see a Russian who once graced a drawing-room do a manual labor in Belgrade, and doing it with a will and efficiency.

Gen. Wrangel, the head of the late "White Army," is living at Novi Sad, near Belgrade, and he and his companions are on short rations.

## LABORITES PREPARE MOTION OF CENSURE

Will Voice Criticism of British Government in Commons Thursday

Say Ministry Calls Election While Many People in Want

London, Nov. 14.—The Labor motion of censure which J. Ramsay Macdonald, leader of the Opposition, announced yesterday he would move against the Government in the Commons on Thursday declares:

"This House censures the neglect of the Government to deal with the pressing needs of the unemployment question, regrets its failure to devise and pursue a national policy calculated to restore the interests of the country abroad and re-establish international peace and trade, and condemns the decision of the Government to leave millions of British people in want in order to fight an election on an undisclosed scheme of tariffs and preferences conceived by sections of capitalists in their own interests, the effect of which must be to increase the cost of living and encourage the formation of anti-social trusts and combines."

## VANCOUVER BANK CLERK ENDED OWN LIFE, SAYS JURY

South Vancouver, Nov. 14.—William Woodruff Bayley, twenty-three-year-old bank clerk, found shot to death last Saturday morning in his rooms over the Bank of Commerce branch at the corner of Victoria Road and Forty-third Avenue, South Vancouver, where he was employed, died by his own hand.

This verdict, without any comment, was returned by a coroner's jury which yesterday heard evidence to show that young Bayley, having brought his books up to date and left them in perfect order, visited his mother at 3 1/2 a. m. on Friday, returned to the bank to sleep, wrote a cheque in his mother's favor for the exact amount standing to his credit in the savings bank, telephoned his mother at 3 1/2 a. m. on Saturday, and his relatives refuse to believe that it was not a case of murder.

## FRUIT TRADERS OF BRITAIN ARE OPPOSING PREFERENCE PLAN

London, Nov. 14 (Canadian Press Cable)—The united fruit and vegetable sections of the National Federation of Fruit and Potato Traders' Association passed a resolution yesterday protesting against a tax being imposed on this country, and that nothing further should be done in the matter of the proposed preferential tariff without the Government consulting representatives of the fruit growers of the Dominion.

## \$7,000 ROBBERY IN PRINCE RUPERT REPORTED TO-DAY

Prince Rupert, Nov. 13.—That he had robbed of his savings, amounting to \$7,000, was the report made by J. H. Smith to the police to-day. He stated that while he was in a theatre last night thieves entered his home and took the money which was hidden in a bureau drawer.

## CALIFORNIAN IS AWARDED THE NOBEL PRIZE FOR PHYSICS

Stockholm, Nov. 13.—The Nobel prize for physics has been awarded to Dr. Robert Andrew Millikan, of Pasadena, Calif.

## JAPANESE DIET IS SUMMONED TO MEET DECEMBER 10

Tokio, Nov. 14.—An extraordinary session of the Diet has been called for December 10 and an ordinary session for December 25.

## WRIGLEY DISTRIBUTION

Chicago, Nov. 13.—Directors of the William Wrigley Jr. Company, gum manufacturers, yesterday authorized a stock "melon" which will reach the stockholders as a Christmas gift.

## SPEAKS OF PROBLEM OF THE CHURCHES

Rev. J. W. Woodside, Ottawa, Urges Work With Canada's Foreign Population

Montreal, Nov. 14.—Only twenty-five per cent. of Saskatchewan's forty-eight per cent. British population is being reached by the Protestant churches to-day, declared Rev. J. W. Woodside, Ottawa, in addressing the Montreal Presbytery yesterday.

He was speaking on the matter of the church's financial needs and took the opportunity of presenting the non-Anglo-Saxon problem, particularly as it exists in the Western provinces. Anglo-Saxon civilization was the only hope for the world to-day, he declared.

Since British ideals had been largely drawn from the teachings of Jesus Christ, said that if Canada was to remain British, the spiritual needs of her large foreign population must be properly attended to.

The problem of the churches in Canada closely resembled that of the railways, Mr. Woodside said. In both cases there was a big country to work in and few people in it. In the matter of whether Canada was to remain British or not, Mr. Woodside said that fifty-two per cent. of Saskatchewan's population were non-British, forty-two per cent. of Alberta's, and forty-five per cent. of Manitoba's, while in British Columbia every fifth person was an Oriental.

## BRITISH PAYMENT TO U.S. DEC. 15 TO BE LIBERTY BONDS

Washington, Nov. 14.—The British government has notified the treasury that its next payment on the war debt, due December 15, will be made in Liberty Bonds. The payment will include \$23,000,000 on the principal of the obligation and \$69,000,000 in interest.

The formal notice from the British Government, through its Embassy here, merely stated that the payment would not be made in gold or available funds, leaving the alternative of Liberty Bonds, which the refunding settlement permits.

## CONSUMPTION OF HORSE MEAT IN FRANCE GROWING

Washington, Nov. 14.—Consumption of horse meat as an article of daily diet is increasing in France, the Department of Commerce is informed, and the annual slaughter of horses is estimated at about 120,000 head of French origin, while the greater portion of the balance is imported from Great Britain.

The advantages claimed for horse meat are its comparative cheapness and nutritive qualities. Its sale is regulated by law to avoid its substitution for other meats and it is usually sold in butcher shops especially adapted for that purpose.

## INVENTORS CLAIM NEW SYSTEM OF HEATING HOUSES

Toronto, Nov. 14.—By the use of a system of mirrors called a "fluxostat" the rays of the sun can be utilized to heat houses, so Dr. W. J. Harvey, of this city, and Percival Byche, an engineer of Toronto, claim. The sun's rays are reflected to the mirrors and then concentrated on a "burner" which is contained in a tank and can be heated to 600 degrees, and in which the heat can be preserved. The heated oil can be used to heat coils of any hot water system, just as now they are heated from the furnace, it is asserted.

## CHURCH UNION PLAN ABANDONED IN AUSTRALIA

Montreal, Nov. 14.—Church Union, which is likely to be consummated in Canada next year, has been abandoned as a practical project in Australia, according to Dr. H. Angus, a professor in the University of Sydney, N. S. W., who addressed the Montreal Presbytery yesterday.

The question of union, he said, had occupied the minds of Australian churchmen for the past twenty years and had recently been dropped as it threatened to disrupt the church.

## WILL DECIDE IF GRAPE JUICE IS FRUIT JUICE

London, Nov. 14 (Canadian Press Cable)—What is grape juice? Tricton Government officials will shortly have to decide whether grape juice is classified as fruit juice.

It is a point of importance to Ontario producers, for the decision will determine whether or not grape juice shall be entitled to enter the British markets under the preferential tariff rates recently offered for fruit. The Canadian representatives here are preparing a memorandum urging the position of grape juice to this end.

## POINCARÉ CABINET UPHELD TO-DAY ON VOTE IN CHAMBER

Paris, Nov. 14.—The French Chamber of Deputies held a vote of confidence in the Poincaré Government yesterday by 275 to 165.

## NEW SOVIET FLAG

Moscow, Nov. 14.—The Parliament of the Soviet Federation closed yesterday with the adoption of a new flag. The flag will be of red color with a gold sickle, a hammer and a five-pointed star in the corner.

**Angus Campbell & Co. Ltd.**  
1008-10 GOVERNMENT STREET

Knitted Shetland Wool Nightgowns with V neck and half-length sleeves; ribbon trimmed. Women's size **\$5.75**  
Out-Size **\$6.25**

## INDIAN WOMAN OWNS A LOT IN STANLEY PARK

Vancouver, Nov. 14.—Whatever the result of eight similar claims pending in the Supreme Court, Mariah Kulkalem, daughter of the Indian Aunt Sally, who died several months ago after a life of more than a century, is conceded to have made out her case for squatter's rights to half an acre in Stanley Park west of the Lumbermen's Arch and fronting on the Narrows.

To Mr. Justice Murphy, George E. McCrossan, counsel for the Dominion Government and the City of Vancouver, owner and lease of Stanley Park respectively, announced that the trial of the eviction action against Mariah Kulkalem would be adjourned indefinitely pending negotiations for a settlement between the parties.

In this case there was no question but Aunt Sally and her daughter lived on the plot beside the Narrows more than sixty years, the period necessary to establish squatter's rights against the crown.

Aunt Sally, it is said, was born there when the site was occupied by the Indian village of Wai-wai.

The settlement intimated will, it is understood, be the purchase of the property by the city.

## GOOSE CAUSED DEATH OF FARMER

Melfort, Sask., Nov. 14.—Slowly freezing in the icy waters of a lake near Nalsberry while friends made unavailing efforts to rescue him, Robert Thorpe, a farmer, lost his life Sunday in an attempt to save a wounded goose which had become frozen in the ice.

SPLENDID EXAMPLE

Even if no other reflection shall be permitted them, the Canadian Pacific Railway Company, the anonymous donor, Sir Frank Barnard, and Mr. D. J. Angus may rest content with the knowledge that their magnificent gifts to the fund which the directors of the Jubilee Hospital have set out to raise will remain a tangible expression of their belief that wealth can serve no greater or nobler purpose than that of contributing to the relief of human suffering.

It is not given to all to be able to write large cheques. The great majority of the people in these days are compelled to watch the cents with more than ordinary care. But in both cases there will be felt an instinctive appeal to assist the local institution in as liberal a manner as possible. The two contributions to which we have referred will no doubt set the standard for those other public spirited citizens in our midst who are not inconsiderably supplied with this world's goods—whose benefactions from time to time have materially assisted many good works.

Nor will the average individual with average means be found less practically sympathetic. Among his many obligations he will willingly include that to helpless and suffering humanity. And if this shall be the prevailing sentiment and atmosphere in which those responsible for the movement under way may labor their task should be neither unpleasant nor protracted. This much we bespeak for them.

BERLIN'S NEW MOVE

Berlin's economic abandonment of the occupied area, and the Central Government's intimation that the proclamation of a Rhineland Republic will be positively "verboten," present an interesting and anomalous situation.

We can well imagine that the German Government cannot help the Rhinelanders to support themselves under the conditions that obtain at present. But it would appear that the latest move has a much more sinister object than that implied by this figurative display of the white flag. It would surprise nobody if it is not a part of Berlin's scheme to create a condition that would draw Great Britain into the open and occasion a definite statement of policy. For when it shall become apparent that a situation exists in the occupied region that could be cited as an argument for further exploitation by France, the authorities in London would be confronted with the prospect of French domination in one of the largest and most productive industrialized areas in Europe, a factor with a very definite meaning to industrial Britain.

It does not follow that Germany will be successful in a move of this sort. But she undoubtedly considers the experiment worth trying. She knows that while Britain is not bound to preserve German unity—and Berlin, of course, cannot prevent the Rhineland from declaring a republic if it is abandoned economically—her chief interest centres upon the country's return to normal conditions.

THE WORLD MUST WORK

Few will disagree with Mr. Ian Mackenzie when he declares that the four essentials needed to cure the world's ills are duty, honor, patriotism and sacrifice. And to these might be added one word which embodies all of them—work.

Before the Old World can hope to recover the progress which the war held up it must revert to a practical application of the principle upon which peace and progress rested before the August days of nine years ago. It must go even further than that because progress that has been arrested in progress completely lost. Consequently there must be a new adjustment that will outlaw every retarding agency. Disarmament of the mind must accompany the disarmament of the fortress and the reduction of all kinds of war's paraphernalia. For it cannot be supposed that depleted wealth will produce higher wages for shorter hours of labor—especially when that condition of poverty is still called upon to bear the cost of the very things that brought about the collapse of the world's economic, and very nearly the moral, fabric of the world.

There are more than one and a half million people idle in Britain to-day. Blood cannot be got out of a stone and it may well be folly to tell them to go to work when no work awaits. But it all comes back to the point that here in Canada is a vast storehouse of natural wealth which the world needs and needs urgently. All that is required is the labor of hundreds of thousands who will accept conditions as they are and govern themselves accordingly.

Until patriotism and duty of this kind are in practical form to the people of the world—and it will have to be if the world is to get back to a normal condition—the sacrifices which 10,000,000 men made will have been in vain.

THE LAST STRAW?

If anything else was wanted to discourage American participation in any investigation into Germany's capacity to pay reparations President Coolidge might find it in the vote of confidence which the French Chamber of Deputies gave to

Premier Poincare yesterday. Such a demonstration proves beyond all doubt that the people of France are behind their Government upon its policy in the Ruhr and in respect of its general attitude towards the obligations which it seeks to have discharged without further reduction. Whether France is going to profit by a continuance of this course without extending her policies to a point at which other complications might well inject themselves is a matter which almost defies speculation. In the meantime she has expended nearly half a billion francs on this policy since last June—and John Bull is getting nothing from the Quai d'Orsay to help him to pay his debts to Uncle Sam.

STILL WAITING

Mr. Bowser addressed the annual gathering of the Liberal-Conservative Association of Vancouver last night. Last night's telegraphic report of his speech records the fact that the Leader of the Opposition attacked the Liberal policies at Victoria and called the Government incompetent and extravagant.

From the brevity and character of the dispatch we may assume that Mr. Bowser followed time-honored custom and spent his energy "hammering these fellows over the Bay." It should be pointed out, however, that Mr. Bowser did urge the reduction of taxation and the encouragement of new industries.

We should like to know whether the Conservative chief told his Vancouver constituents that the Province was on its way to the dogs. Or if he told them that the interest which Old Country and American industrialists were manifesting in his own riding was all poppycock.

Note and Comment

Did Mr. Baldwin really intend to say as much as he did when he first blundered with the protection cry? Was it the blunder of political inexperience or does he fancy he can win an election on it? It is an interesting speculation.

Greek kings are becoming experts at "moving." The present military republican faction has suggested to the King that he take a holiday out of the country for a couple of months until the "general situation" has cleared. And His Majesty has consented to go.

One of the interesting features of the forthcoming election in Great Britain will be the number of women candidates. One of the things that Mr. Baldwin would like to know is how the women will vote for the first time on the fiscal policy of the country.

The officials responsible for judging the Bok peace proposals have received remedies to prevent war from all over the world. Soviet Russia is the only country without an entry for the contest. This is an isolation policy with a vengeance. For \$100,000 in good American money would look like a national budget in roubles.

Some thrifty individual in Prince Rupert had saved \$7,000 and had hidden it in a bureau drawer. While he was at a theatre somebody broke in and stole it. This might have been usefully employed or in the Post Office Savings Bank. This is usually the money, however, that the fake promoter gets and not the country wherein it was made.

Much has been made of the Safeguarding of Industries Act by those who seem to think that Great Britain is ready for protection. They conveniently forget that the measure in question was merely designed to protect certain articles of a highly scientific nature which Britain was beginning to manufacture for the first time. The market was previously monopolized by Germany.

Some Thoughts for To-day

In other men we faults can spy, And blame the mote that dims their eye; Each little speck and blemish find, To our own strong errors blind.

What song the Syrens sang, or what name Achilles when he hid himself among the women.

How fading are the joys we dote upon! Like apparitions seen and gone; But those which soonest take their flight Are the most exquisite and strong; Like angel's visits short and bright, Mortality's too weak to bear them long.

Our Contemporaries

A STRONG ARGUMENT London Morning Post—A break with France means an appalling increase in British armaments. Let there be no mistake about that. If we wish to defend our territories overseas, without placing too great a strain upon our resources, we must come to a frank and friendly understanding with the greatest military power in Europe.

BLOOD RELATIONS Providence Journal—A peculiarly close relationship exists between us and our Anglo-Saxon cousins, and there is a work to be done, at Washington as at London, such as Ambassador Page performed in his heroic years of service during the conflict of 1914-18. It is a labor of interpretation, of co-operation, a task of the first importance. The common ideals of the two nations must be insisted upon and ceaseless efforts must be made to minimize such friction and misunderstanding as are bound to arise between the best of blood relations. There must be appreciation, on the part of both peoples, of the necessity of standing together, in essentials for the future welfare of the world; and the share that a wise ambassador may have in fostering the appreciation is incalculable.

Other People's Views

Letters addressed to the Editor and intended for publication must be short and to the point. The Editor reserves the right to shorten or to omit any article. All communications should be addressed to the Editor, and not to the publisher. The Editor is not responsible for the return of articles. No responsibility is assumed for the return of articles submitted to the Editor.

WASTE

To the Editor—As an old woodsman, it has always been an eyesore to me the amount of timber that is wasted in the woods around the city and all over the island.

Now, Sir, in order to give employment this winter and avoid the danger of fire which is a costly item, I would suggest that some arrangement be made between the Government, property owners, wood dealers, mill owners and loggers. The brush should be piled up and burned, and the tops and windfalls could be utilized for wood, logs, cedar bolts or pulp timber, etc., and sold. The men could be paid by the day or cord. The work would have to be financed by the Government or banks under the direction of the firewarden. There should be a ready sale for this timber in our own locality. Hoping to see something done in the near future.

F. J. MURTON. R.M.D., N.I.

THE PLAYHOUSE

To the Editor—In your issue of the 8th, "A Victorian" writes in reference to the patronage accorded the Compton Players:

"It seems a reflection on Victoria that we could offer him no better place in which to work than the Playhouse. The objection has been often raised that it was not an attractive place in which to sit. Be that as it may; if the Playhouse was good enough for Francis Compton to work in then it was quite good enough for the wealthiest and most exalted citizen of Victoria to sit in."

If I recollect correctly, in 1913, when this same theatre was used for Red Cross entertainments, which were gotten up by the wealthiest and most exalted citizens of Victoria, with an orchestra led by Mrs. Huntley Green (a talented musician whose presence in Victoria will be most heartily welcomed should she elect to return here), these same W. and M. E. citizens did not find it "infra dig." to sit in that very theatre and incidentally I might remark some of them chattered to such an extent that they nearly drowned the orchestra, to the annoyance of the music-loving patrons, as well as

A TRAMP.

WHITE LABOR ONLY

To the Editor—The Vancouver Sun of Nov. 10, publishes a letter from Mr. J. W. Coburn, president of Associated Boards of Vancouver Island, in support of the "Coast Range Steel Project." The establishment of this industry in British Columbia should receive the assistance of every good citizen provided the people are protected to the hilt in the agreement and not otherwise.

What are the stipulations required to protect the people? 1. That white labor only be employed from its inception to its close, should the latter come to pass. 2. Since its establishment must result in the rejuvenation of the coal mining industry in British Columbia, there must be a hard and fast contract to the effect that no fuel be used in connection with the plant that is produced or handled by Orientals.

If Mr. Coburn and his colleagues on the Boards throughout the Province are prepared to consent to the insertion of these safeguards in the agreement as drawn they can reasonably expect the endorsement of Labor. On the other hand, if it is intended to prostitute the industry to the level at present obtaining in our lumber, fishing and certain portions of our coal mining industry, it will be opposed by those who "Pay the Piper," viz. the working man. It would appear we are well on the ultimate success of this new industry if these gentlemen would replace those Orientals at present employed by white labor that we may secure a goodly portion of that most desirable element now coming from the "Old Land."

ARMISTICE

Vancouver, B.C., Nov. 11, 1923.

REPLY TO ALDERMAN LEEMING

To the Editor—I would be obliged if you would publish the following copy of a letter I have written to the secretary of the Toronto Board of Trade:

City Hall, Victoria, B.C., Nov. 1, 1923. The Secretary, Board of Trade, Toronto.

Dear Sir: May I be permitted to supplement the letter from Alderman Leeming, addressed to yourself, on the subject of so-called single tax in the city of Victoria? You will notice that the alderman does not claim to write with understanding. In a significant sentence he writes: "Single tax, so far as I understand its operation, means the destruction of all land values." It is further noteworthy that the alderman admits that his opposition is not rooted in goodwill, but in bitterness. May I add the following: "I am bitterly opposed to single tax."

Of even more significance is his third declaration: "You will realize that my views are not those of a disinterested person." Lack of understanding; bitterness of heart; private interest. It would be difficult indeed to conceive a more unholier trinity. What a sorry equipment for the discussion of a great moral question such as single tax!

The alderman's ignorance of subject is disclosed in every line of his letter. He speaks of the destruction of all land values when every well-informed person knows that single taxpayers propose to foster land values for the purpose of defraying public expenditures. He speaks of single tax as savoring of communism when every well-informed person knows that single tax is a system of individualism. Single taxpayers propose to exempt from taxation all property of every description, but to secure possession of same in undisturbed possession of same. Was it lack of understanding, or malice, or bitterness, or selfishness, or malice which led the alderman to charge single taxpayers with communism and confiscation when he and his friends were engaged in a campaign to confiscate by taxation the value of privately owned buildings and other forms of private property against the vigorous protests of the single taxpayers? State seizure of private property is called communism in Russia.

BLUNDERS

In what way does this operation show a poor knowledge of practical mechanics?

The answer will be found among to-day's want ads.

What is it called when performed by Alderman Leeming and his friends? Dealing with the financial position of the city of Victoria, I proceed to give a few facts which will not be challenged by any well-informed person.

1. The city's financial position is due entirely to unwise and ill-considered public expenditures. A city of 40,000 persons has incurred a debt of \$17,000,000. 2. Alderman Todd—a former Mayor (Concluded on page 12.)

Canadian Anniversaries

Benedict Arnolds Attack on St. Louis, 1775

Nov. 14, 1775—This is the historic date on which the gate of St. Louis, Quebec, was unsuccessfully attacked by Benedict Arnold, then an American officer, jointly with General Richard Montgomery in an attempt to take Canada as one of the spoils of the Revolutionary war. Montgomery was killed and Arnold suffered the fracture of a leg during the attack. Arnold was in smaller engagements near Montreal before being driven out of the country.

Subsequently he betrayed an important American post to the British and escaping from his own country joined the British forces. In consequence his memory is in bad repute with the people of the United States.

# That Label, Sir, is your Health Insurance Policy

"True,—it may sound far-fetched. Nevertheless, in the case of "CEETEE" it is your assurance of pure wool, and wool is the only sure protection against winter's chills and sudden changes in temperature with consequent doctors' bills. The "CEETEE" label also insures a fine wool underclothing—

- That will not shrink
- That will not "prickle" or irritate the body
- The only Canadian-made underwear
- That is reinforced at wearing parts.
- That is knit to fit the natural lines of the body.

Favoured by Ladies this year are: Vests and bloomers to match in CEETEE No. 225, or TURNBULL'S No. 420.

For Men: CEETEE No. 220 fine pure wool, CEETEE No. 432 a cashmere and wool mixture Under-clothing "de luxe"

Made only by **Turnbull's** Sold by the Best Dealers Worn by the Best People of Galt, Ont.

## for Loss of Appetite

This weakening condition arises from some failure of the body to dispose effectively of the waste products of digestion. The natural way to tone up, stimulate, and regulate the system—thus inducing a healthy appetite—is to take plenty of fresh air and drink ENO'S "Fruit Salt" first thing every morning. All druggists throughout Canada sell

## Any Pain or Swelling will feel better after being rubbed with

### Absorbine Jr.

THE ANTISEPTIC LINIMENT

Varicose Veins are stubborn to reduce. Yet "ABSORBINE JR." has been used with wonderful success in allaying the pain, taking out the soreness and inflammation, and reducing the swollen, congested veins.

For Rheumatism and Gouty Swellings—for Stiff Neck, Tonsillitis and Neuralgia—for strained or torn ligaments—for Lameness and Soreness from overwork or accident—a brisk rubbing with a few drops of "ABSORBINE JR." makes the pain a lot easier. Try it every few hours and see how fast you get relief.

When an accident happens—a cut, burn, bruise, dislocation—apply "ABSORBINE JR." to heal the injury and prevent infection.

"ABSORBINE JR." is a vegetable germicide—absolutely safe to use—pleasant odor—contains no grease and does not stain.

\$1.25 a bottle—sent drugists' or sent postpaid by

W. F. YOUNG, Inc., Montreal.

## MUST ACCEPT RESPONSIBILITY FOR UNPAID BILLS

### Aldermen Are Critical of Un-Published Order-in-Council

### St. Joseph's Hospital on the Same Plane Under Hospitals Act

Asserting that the Provincial Executive had perpetrated an act of robbery in removing from its shoulders a hospital liability which now had to be assumed by the city, Alderman Todd, in speaking to the question of liability to St. Joseph's Hospital, remarked in Council last evening that the Government had taxed, and surtaxed the people beyond all common sense.

The discussion arose when a copy of the Order-in-Council passed in March of this year, was forwarded by the City Solicitor, the order placing St. Joseph's Hospital on the same footing at the Jubilee Hospital in respect to unpaid bills of its patients.

**TERMS IT OUTRAGE**  
Alderman Woodward said they were placed in respect to St. Joseph's as a body without any representation, nor control of its policy, yet under the order the hospital could turn over its unpaid bills to the city for responsibility. He declared it to be a private institution running for profit, and that the facts were an outrage, and for which there was no redress so far as he could see.

Alderman Todd observed that words failed him to express his feelings. The whole matter threw doubt on the honesty of members of the Government. "It is simply ridiculous," he said, "and the worst outrage that has been perpetrated in this city. The action should be related to the utmost limit." He regretted that the various organizations in the city did not back up the council in defence of the city's privileges.

**"TO THE PRIVY COUNCIL"**  
Efforts to secure improvements, said the aldermen, were ridiculed, or made the subject of semi-political attacks. For his part, he was ready to see the question taken to the Privy Council if necessary.

Alderman Dewar remarked that the matter should be taken up with the Executive of the Union of British Columbia Municipalities at its meeting here next week.

Alderman Dewar's remarks were backed up by the Mayor, who pointed out that the word "indigent" removed from the Act some years ago, had added greatly to the responsibilities of municipalities.

Alderman Sargent declared that when a deputation from the Council had waited on the Government, it did not appear that the Provincial Secretary was aware of the existence of the Order-in-Council, at least no allusion was made to it.

**NOT PUBLISHED**  
In answer to a question the City Solicitor remarked that the Order-in-Council had not been published in the British Columbia Gazette, and until the letter from the advisory board of the hospital he was unaware of its existence.

Alderman Woodward said he was not in full agreement with the terms of the question of removing the word "indigent." The conditions at the Jubilee Hospital were entirely different, he stated, as they had representation on that board.

The Council, finding it had no power to refuse to pay the amounts, decided through the Union of B. C. Municipalities to secure amending legislation to the Hospitals Act at the present session.

No resolution was submitted, the communications being tabled until next week.

the union executive has met here next week.

**THE ORDER**  
The Order-in-Council provides that where certain private hospitals can show that they have suitable buildings and equipment for hospital purposes and a staff of trained nurses, and can give assurance that they will submit to inspection both as to their treatment of patients and investigation of their financial condition and will comply with the Hospital Act, the Government grant shall be discontinued and the institutions shall receive aid on the same footing as existing public hospitals.

**BAND CONCERTS**  
The band committee of the Chamber of Commerce reported to the council that it had conducted thirty-two concerts, and had \$400 in hand for next season, the total cost being \$2,749, and the receipts from concert grants and subscriptions \$1,139. It suggested a larger programme next year. The council will express to F. Landsberg, chairman of the committee, its thanks for the work, which has been much appreciated by the citizens and visitors.

**NEW TELEPHONE OPERATOR**  
The council gave a majority vote for Miss Mary Powers, Heywood Avenue, as telephone operator in succession to Miss Edna Castle, who has resigned. There were twenty-two applications for the position, but only four girls received votes. Miss Powers had a clear majority on the first ballot.

**DEBENTURE PURCHASES**  
The council adopted the finance committee's recommendation that the following purchases of debentures for sinking fund purposes be made:

From Royal Financial Corporation, \$2,000 City of Victoria 4 1/2 per cent bonds, due January 31, 1925, at 98.55 and accrued interest, yield six per cent; \$1,000 City of Victoria 4 1/2 per cent bonds, due July 3, 1943, at 87.96 and accrued interest, yield 5.53.

From Burdick Bros., Ltd., \$1,000 bond No. 36, issued under Point Ellice Bridge Accident Loan By-law, due April 1, 1925, at four per cent, at price of 87.55 and accrued interest, yield 5.70.

From British-American Bond Corporation, \$1,000 A. & G. W. Railway five per cent bond, due January 1, 1925, guaranteed by the Province of Alberta as principal and interest, at price of 91 and accrued interest, yield 5.57.

From Gillespie, Hart & Todd, £100 City of Victoria four per cent bond, due 1937, at 84 and accrued interest, yield 5.75.

**EXCHANGE OF LAND**  
The recommendation of the reverted lands committee that the city acquire from the British America Paint Company, Lot 1272A at the northeast corner of Belleville and St. John Streets, in order to complete the block of lots owned by the city, was adopted at that point, was adopted. The lot in question will be exchanged for one which the city owns on Montreal Street, between Belleville and Kingston Streets.

## DAK BAY COUNCIL LACKED QUORUM

### Meeting Abandoned After Reeve Had Waited Thirty Minutes For Quota

Failure to get a quorum terminated the projected meeting of the Oak Bay Council last night. An agenda of routine matters was to have been considered, including complaints as to the action of certain dairies in failing to agree to the terms of the Oak Bay Milk Protection By-law. Reeve H. F. Hewlett abandoned hope of getting a quorum after a wait of thirty minutes, and called off the meeting.

In connection with the milk by-law it was stated that certain milk vendors did not take the measure seriously. The by-law was passed with the object of regulating the sale and condition of milk and would be enforced to the letter, it was stated last night.

## Summary of Twelfth Egg-Laying Contest at Victoria

## MEMORIAL AVENUE ISSUE IS RAISED

### Council Sends on Request For Maintenance Grant to Incoming Council

The City Council will send on to the incoming council a request to provide a sum in the estimates for maintenance of Memorial Avenue in 1924. Similar requests are to be sent to Saanich, Oak Bay and Esquimalt. The matter came up when a communication last evening was read from the Victoria-Saanich beaches and parks committee conveying the decision reached by the committee at its meeting on Friday.

**TENDERS FOR SCOWS**  
Tenders were received from six firms for two new scows, or for reconstruction of a scow for the garbage collection, and one new scow, and all were referred to the city purchasing agent and city engineer for report.

**JURY SERVICE**  
The council was informed, in answer to its query to the Deputy Attorney-General, that while no immediate amendment of the Jury Act is planned, excluding members of municipal councils from jury service, until such change in the law is made, the selectors will be notified not to call council members on juries.

## TWO GUNS HELD FOR MEMORIAL AVE.

### G.A.U.V. Will be Informed That Trophies Are Not Forgotten

Two German field guns are stated to be reposing at the city yards, Garbally Road, and to the City Council last evening the Victoria Unit of the Grand Army of United Veterans made application through its executive to have the guns saved. The executive said the treatment accorded to the guns savored of "disrespect and lack of appreciation" and believed that the guns should be placed in one of the public squares properly mounted.

Sites at Memorial Avenue were suggested by Alderman Todd, after the Mayor said he had discussed the subject with Brigadier-General Clark. Alderman Dewar stated that when the other guns were mounted the two in question were held for Memorial Avenue.

Thereupon Alderman Todd moved that the Victoria-Saanich Beaches and Parks Committee should be notified in case it was found possible to take over maintenance of the avenue.

Alderman Dewar seconded, and on the suggestion of Alderman Sargent the G.A.U.V. will be informed that the guns have not been forgotten.

**RAILWAY BRIDGE USE**  
The council resolved to take the opinion of the city solicitor and engineer to be presented a committee of the council as to the Johnson Street bridge in relation to its remaining closed ten minutes before arrival and departure of trains at the Esquimalt and Nanaimo Railway depot.

Alderman Woodward asked for the report to state whether the railway company had the right to use the bridge as a portion of the yard, in view of the opinion expressed previously that the council had agreed to the order under the terms of the agreement of 1919, although the members considered it contrary to the public interest.

This course will be taken, and it was stated that the matter will come before the Railway Board at its meeting here on November 29, the company being anxious to have the matter settled finally.

**CHURCH EXEMPTIONS**  
Although invited to resume discussion to the vexed questions affecting church tax exemption, and the larger question of all exemptions being withdrawn, the council declined to discuss the question until the return of Aldermen Sangster and Ker. The legislative committee made a recommendation to the council on November 5, it being a subject of dispute whether the committee intended to ask the Legislature to withdraw the section of the Municipal Act covering all exemptions of taxation, or only in reference to churches.

The communication was laid on the table until the afternoon named, when Alderman Woodward remarked "anything to facilitate the tax dodger."

## MARCEL DUPRE

after trying over a WILLIS Piano in our store, remarked—

"IT IS MAGNIFIQUE"

Such an opinion from such an artist is worthy the attention of piano seekers. You pay no duty on a Willis.

OCEAN AND COASTWISE SHIPPING

PRESIDENT JEFFERSON IS HERE AFTER ROUGH TRIP

Ship Delayed Thirty-six Hours by Strong Gales and Heavy Seas; Brought Large Cargo For Victoria; Big Silk Cargo and 294 Passengers

Carrying the first of Japan's orange crop to the United States and the last of the Japanese tea crop, together with a large raw silk shipment and a passenger list of 294 passengers, the Admiral Oriental liner President Jefferson, Captain F. R. Nichols, docked at Ogden Point at 9.15 o'clock this morning after battling all night with a strong south-easterly gale which delayed the vessel in anchoring at quarantine.

The Jefferson was thirty-six hours behind schedule owing to rough weather which she encountered during the trip. At the outset of her journey she was held up a whole day by strong gales, and heavy seas off the Straits last night delayed her in making quarantine. The Jefferson anchored at quarantine this morning at 8 o'clock.

The vessel had an unusually large cargo this trip and carried a fair list of passengers, ninety-four of whom traveled in the first class saloons.

LARGE CARGO

In her hold there was stored one of the largest cargoes for Victoria that an Admiral Oriental liner has brought from the Far East for nearly a year. The Jefferson was here until 8 o'clock this afternoon discharging 455 tons of cargo, which included a big consignment of oranges, totaling 52,000 bundles, and some 600 cases of tea. There were also consignments of ginger, Japanese merchandise, porcelain, rattan and rugs.

The Seattle cargo comprises 4,000 bale silk valued at \$5,000,000 and the first Japanese orange shipment that the United States has received this year. The oranges total 350,000 boxes. In addition to this there is 3,500 tons of general cargo, including the last large shipment of Japanese tea that will move east for some time. The mail consignment for Seattle amounts to 2,800 bags of mail, while for Victoria sixteen bags were discharged here.

PROMINENT PASSENGERS

Among the first class passengers on the President Jefferson was a large delegation of Chinese students. There were twenty-one students, who will enter various universities throughout the United States. Among the passengers were the following: Ivan Athrosheff, a commercial traveler in the Orient, who is returning to San Francisco; A. Brostedt, manager for the C.N.R. in the Orient at the Hongkong office; Mrs. Brostedt; Edward Bell, of the Shanghai-Building Company, who is on his way to Montreal; Arthur Brower, a prominent silk merchant returning to Patterson, N.J., after a buying trip for the New York firm; Percy S. Crocker, who deals with the Yukon Gold Company and is returning to Salem, Cal., from a project in the Malay States; Curtis R. Clausen, of the Research Department of Agriculture at Washington, D.C.; Joseph L. King, also of the Agricultural Department at Washington; John F. De Vault, Peikin exporter, en route to Oakland, Cal.; Walter Eckman, of the Swedish Import and Export Company at Tokio, who is en route to New York on business, and Mike Hussey, a mining engineer for Russia en route to Seattle. There were ninety-five saloon passengers and 199 steerage.

PACHENA STATION OFFICIALLY OPENED

The new wireless direction-finding station that has been erected at Pachena Point as a result of an investigation by authorities after recommendations had been made was officially opened to-day. There are three operators stationed at the point, and a twenty-four-hour service will be given.

The work took three months to complete. E. J. Haughton, superintendent of Government radio in British Columbia, was advised from Ottawa to go ahead with the operations, and three operators have been established to carry on the work at Pachena.

LOYD'S REGISTER HAS NEW TABLES

This year's issue of Lloyd's Register Book shows the addition of two new tables which are of considerable interest, and which show: (1) The type of machinery used for the propulsion of vessels. (2) Particulars of oil tankers, of the trawlers and other fishing vessels, and of steamers fitted for burning oil fuel.

In looking over the first table one is struck with the remarkable development which has taken place in the use of steam turbine engines. As the table shows, there are now 1,385 turbine engines and 1,795 vessels fitted with steam turbine engines, including auxiliary vessels of 1,666, 385 tons, fitted with internal combustion engines, at a cost of 730,000 tons and 220,000 tons respectively in 1914.

Of the 917 tankers (of 1,000 tons and over), with a total tonnage of 1,169,973 tons, 212 of 1,691,287 tons are registered in the United States. Of the 3,049 steamers fitted for burning oil fuel 810, of 3,792,674 tons, are registered in the United States and 1,709, of 3,798,774 tons, are registered in the United States.

Table with 4 columns: Item, 1914, 1923, 1923-1914. Rows include Oil power only, Oil, etc. in internal combustion engines, Oil fuel for boilers, Coal.

Frontiersman Has Been Ordered Sold

Los Angeles, Nov. 14.—The British yacht Frontiersman, which was piloted into San Pedro several weeks ago by a crew of young men who declared themselves to be London gentlemen who were blasting a trail for an around-the-world aeroplane flight, was ordered sold by the Admiralty Court here yesterday to satisfy claims for more than \$5,000 against the vessel.

JAPAN'S RAW SILK PRICES WEAKENING

Arthur Brower, Silk Merchant, Returns From the Orient

Prices on Yokohama's silk market are weakening, according to statements made by Arthur Brower, of the Brower Bros. Silk Company, of New York and New Jersey, who returned from a buying trip in the Orient this morning aboard the Admiral Oriental liner President Jefferson.

Prices soared immediately following the earthquake disaster, but they have fallen as rapidly as they went up," stated Mr. Brower.

The Christmas demand for silk is over in the Orient, all the buying having been completed, and Yokohama alone has 25,000 bales of raw silk on hand that has not yet been sold.

Regarding the condition of the silk market and crops, there will be no scarcity, and as far as Yokohama is concerned she still is the leading export centre for silk, he added.

Mr. Brostedt spoke enthusiastically of the first shipment of British Columbia lumber and fruit direct to Bombay, India, by one of the C.G.M.M. boats.

Mr. Brostedt will attend the business conference of the Canadian National Railways at Montreal, the outcome of this conference may mean a lot to Canada's export policy," he says.

Noted Business Increase Over the Canadian Pacific

Fort William, Ont., Nov. 14.—Considerable increases are noted in business over Canadian Pacific freight docks for that period of the season of navigation ended October 31, over the corresponding period of 1922, according to information given out by Superintendent A. E. Hawkins.

Eastbound flour and millstuffs handled during that period of the season of 1922 amounted to 171,716 tons, against 239,985 tons this year.

Westbound package freight in 1922 totaled 114,400 tons. This year the tonnage to October 31 was 109,681. In 1922 coal received from boats at the docks was 674,934 tons. On October 31, this year, that tonnage amounted to 725,276 tons.

ALL EFFORTS TO SETTLE STRIKE PROVE FUTILE

Labor Department Officials Find Shipping Firms and men Irreconcilable

All efforts to end the longshoremen's strike in Vancouver have failed, J. D. McNiven, Deputy Minister of Labor, announced to-day after he had tried vainly to bring the striking longshoremen and the Vancouver shipping companies together.

In a brief statement to-day Mr. McNiven expressed deep regret that the results of his efforts so far have been negative. He and F. E. Harrison, fair wage officer of the Dominion Government, had looked anxiously for any sign that would give them the slightest opportunity of bringing conciliatory pressure to bear, but the attitude of the Federation and the Union gave them no encouragement, he said.

Regarding the condition of the silk market and crops, there will be no scarcity, and as far as Yokohama is concerned she still is the leading export centre for silk, he added.

Mr. Brostedt spoke enthusiastically of the first shipment of British Columbia lumber and fruit direct to Bombay, India, by one of the C.G.M.M. boats.

Mr. Brostedt will attend the business conference of the Canadian National Railways at Montreal, the outcome of this conference may mean a lot to Canada's export policy," he says.

NEW LINER WILL BE BUILT FOR HONOLULU PASSENGER SERVICE

San Francisco, Nov. 14.—Bids have been asked for construction of a fast passenger and freight liner for service between San Francisco and Honolulu by the Matson Navigation Company. The new liner would have accommodations for 500 first class passengers and would carry only high class shipments, it was said.

O.W. STATION—SEATTLE, WASH.

DETAILS OF NEW N.Y.K. BOAT ARE RECEIVED HERE

Local Office Gets Information; Hakusan Maru Takes Maiden Voyage

Details concerning the latest addition to the fleet of the Nippon Yusen Kaisha, the Hakusan Maru, which sailed recently on her maiden voyage from Japan to Europe, have been received by W. R. Dale, local agent for the Nippon Yusen Kaisha Line.

This is the first vessel to be built under the new policy adopted by the Japanese steamship lines whereby the Government will help the steamship lines in building newer and more modern steamers.

According to the information given out by Mr. Dale, the Hakusan Maru was launched at the Mitsui Bishi Dockyard. She is spacious and well fitted and accommodates 117 first class passengers, fifty-five second class passengers, thirty-two intermediate class and 102 third class together with a crew of 147 all told.

First-class accommodation is arranged on A and B decks in large staterooms for one, two and three persons each, and in addition there is one full suite with private bath and toilet, and all staterooms have very large square windows, allowing to them plenty of light and air.

The public rooms consist of large dining saloons, writing-room, smoking-room, gymnasium and veranda cafe.

The principal dimensions of the vessel are: Length, 515 feet; breadth, sixty-two feet; and depth, thirty-seven feet. She has a gross tonnage of 10,350 tons and displacement 19,520 tons.

The Hakusan Maru is the first of the N.Y.K. steamers to be installed with gyro compass, better known as "metal mike," and besides several other improvements, some of the winches on board are electrically driven.

The company is planning building several large liners for the trans-Pacific run to compete with the press and other boats. In the meantime not only the N.Y.K. but O.S.K. Line are converting their present trans-Pacific steamers into oil burners. This will enable the steamers to reduce their sailing time from Yokohama to Victoria by one day.

# AT THE THEATRES

## Flaming Screen Romance Proving Record Breaker

A Spanish dancer; a boy; death in a woman's smile; and as sudden; the intrigue of aristocrats in dark Havana against the red menace of Spain; the sinister languor of Cuba's tropic nights; of it, all, Richard Barthelmess has made a pure and flaming romance in that vivid First National picture, "The Bright Shawl." It has proved a sensation at the Royal Theatre this week.

Never before has Barthelmess been seen in anything like it, and Dorothy Gish, as La Clavel, the dancer has the greatest emotional characterization of her career. Story, action, photography and the direction by John S. Robertson are the final word in truly great motion picture production.

"The Bright Shawl," which gives indications of setting new popularity records in hundreds of theatres throughout the land, will conclude its local engagement on Saturday. The production is presented by Inspiration Pictures, Inc.

## Rolling Comedy "Cappy Ricks" at Playhouse To-night

The rolling comedy, "Cappy Ricks," compiled from the well-known stories by Peter B. Kyne, will again hold the boards at this popular theatre to-night and to-morrow night. Mr. Francis Compton, as the bustling old ex-skipper, keeps his audience in fits of merriment, and together with Mr. Herbert Leslie as Skinner, his secretary, and Mrs. Bruce Bredin as the simple Cecyl Bericles Bernard, produces a hilarious fun. Miss Peggy Dundas is as vivacious as ever in the part of Cappy's daughter, Florence, who aids Matt Peasley, the dashing young sea-captain, played excellently by Mr. George Durham, in getting the best of the deal with Cappy. Miss Agnes Burton as Lucy the old skipper's sister, interprets the character in her usual excellent style. The play will be repeated to-morrow evening and the remainder of the week will see a revival of "Grumpy."

## PANTAGES BILL ONE OF COMEDY

Entire Six Acts of Humorous Character; Two Delightful Features

Jose Saxton and Jack Farrell, in a comedy skit entitled "The Elopers," and Eddie Borden, screen, vaudeville and comedy favorite, assisted by Hazel Maye of the movies, and "The Duke," were the two features of a most entertaining comedy programme presented at the Pantages for the first time last night.

The entire performance last night was one of comedy features. The title of the motion picture is "Fashion Follies" and is a very humorous film.

Bill and Blondy in "Just Boys" gave a stellar tumbling act in a way that kept the audience in fits of laughter and also in a state of suspense, for every minute of the act was filled with thrills. Their many stunts proved a diversion from the usual trend of gymnastic performances.

"Bright Bits of Musical Comedy" was the title of Pearl Evans' and John B. Wilson's performance. They entertained the audience with dialogue and song.

The comedy skit "The Elopers" has a most surprising climax and affords opportunity for many witty sayings, jokes and amusing situations. The comedy skit "The Elopers" has a most surprising climax and affords opportunity for many witty sayings, jokes and amusing situations.

## Perfection Means Flawless Plots in Motion Pictures

"Perfection in motion pictures" is a phrase which is used by critics and reviewers alike, and it is a phrase which is well deserved, for a picture which is perfect in its plot, acting which is subtle rather than crude, sets which are beautiful without a jarring note of the inartistic.

This is what the modern theatre audience demands in a motion picture, according to Thomas Meighan, star in the Paramount picture, "Woman-Proof," the feature now playing at the Dominion Theatre.

"To-day motion picture producers are concentrating on giving a fine artistic finish to lavish screen-dramas," said Mr. Meighan. "In the struggle to reach this result, many traditions of the screen have been swept aside."

"The Famous Players-Lasky Corporation, to cite one instance, has cut down its production more than 25 per cent, so that the entire studio forces may be concentrated to a greater degree on making bigger and better pictures. During the past few years, eighty or more pictures have been produced annually. During the ensuing year only fifty-two pictures will be made. This, in my opinion, is one of the most drastic changes in policy ever made by a motion picture corporation."

"It means that the stars and supporting players, the directors and scenario-writers and the scores of departments connected with the production of Paramount pictures will have time to give far greater concentration to the making of each picture. It means that the same amount of effort will be put into fifty-two pictures which was formerly devoted to eighty screen-dramas."

What critics consider to be one of the best examples of pictures made under this new system is Mr. Meighan's latest starring picture, "Woman-Proof," by George Ade.

The picture is a comedy-drama, the story concerning a civil engineer (Thomas Meighan) and his brother and two sisters, all of whom are required to marry within a stipulated period or lose an inheritance of millions of dollars.

## Kipling's Story, Once a Failure, Now Best Seller

Dubbed a failure at first, Rudyard Kipling's famous story, "The Light That Failed," now at Capitol, grew in popular favor until it became one of the best sellers bearing his name. When the story was made into a film by George Ade, the author was communicated with and certain changes made which modernize the narrative and make it quite appealing and dramatic.

Opening on the sea-coast of England, the picture shows Dick Helder, a boy and Maisie Wells, a girl, both orphans, playing together. They love each other. Years go by and Dick, now a man, is down and out and dependent upon the kindness of an inn-keeper and his wife in Port Said. Dick is in despair when an uprising in the Soudan gives him an opportunity to accompany a group of war correspondents as staff artist. The sketches sent to England make him famous with costume-fashioning. He meets Maisie Wells, and finds she still loves her. She inspires him to attempt something really worth while in art and he chooses a wall of the London street, to be painted by him. He finishes the picture and suddenly becomes blind. In revenge upon Dick for interfering in her love affair with Torpenhow, the role of Dick Helder is played by Percy Marmont, Jacqueline Logan is featured as Beattie Broke, David Torrence as Torpenhow and Sigrid Holmquist as Maisie are featured in the cast.

## Exciting Drama Will be Staged at Royal Theatre

"The Cat and the Canary" Will be Presented by Excellent Cast This Month.

"The most exciting play ever written" is the way in which playgoers and reviewers have lauded "The Cat and the Canary," by John Willard, which Kilbourn Gordon, Int., will present at the Royal Victoria Theatre for two nights, Wednesday and Thursday, November 28-29. The drama, which has been creating a furor along the Pacific Coast since early in September, is well to be a drama of the thrilling sort with ample provision of romance and comedy to make it one of the best entertainments announced for the present season.

The story of "The Cat and the Canary" has to do with a young girl who is left an orphan by the death of her father. She comes into the heritage twenty years after his death. There are certain conditions in the will that must be met before she gets free to the property. As soon as the conditions are revealed, things begin to happen that are not to be expected. The girl is person insane. The audience is kept in such tense suspense by these events that not a dull moment ensues.

An excellent company will here to play the part of the heroine, Miss Elizabeth Hilt, Robert Tombs, Edna Kruger, William Bonnell, Albertine Roche, M. J. Briggs, Bertha Low, Harry Oldridge, Roy La Rue and Albert A. Bennett. The production is a high standard of excellence, and during the long engagements in New York, Chicago and other eastern cities.

## Exciting Drama Will be Staged at Royal Theatre

"The Cat and the Canary" Will be Presented by Excellent Cast This Month.

"The most exciting play ever written" is the way in which playgoers and reviewers have lauded "The Cat and the Canary," by John Willard, which Kilbourn Gordon, Int., will present at the Royal Victoria Theatre for two nights, Wednesday and Thursday, November 28-29. The drama, which has been creating a furor along the Pacific Coast since early in September, is well to be a drama of the thrilling sort with ample provision of romance and comedy to make it one of the best entertainments announced for the present season.

# MAGIC BAKING POWDER

Magic Baking Powder is scientifically made and has never failed to give the maximum leavening efficiency. Because of this and the uniformly satisfactory results obtained by its use we recommend it as Canada's perfect baking powder.

## PRAIRIE FARMER LEFT HIS HORSES AND DISAPPEARED

Yorkton, Sask., Nov. 14.—John Schlickemeyer, a farmer at Stony Gulley, and the father of fourteen children, after his crop had been seized for the second time in succession by the bank, drove to Willowbrook the other day, stabled his team there, got a friend to drive him to Melville and then disappeared. Last year his crop was seized for payment on the farm and this year the bank seized it again.

## STOCKBROKER IS CHARGED WITH THEFT

Los Angeles, Nov. 14.—Two indictments containing three counts were returned yesterday by the county grand jury charging embezzlement against A. W. Cootie, stockbroker, whose firm, with branches in several coast cities, was adjudged bankrupt in United States District Court on August 1 last. The amount involved in the indictments was \$38,700. A case is pending in Superior Court against Cootie on a similar charge filed on August 15.

## WINDING UP OF THEATRICAL FIRM IN U.S. ASKED

New York, Nov. 14.—An involuntary petition in bankruptcy was filed today against the Morosco Holding Company, Inc., theatrical and motion picture producers, as well as owners and managers of theatres throughout the United States.

## SKELETON FOUND IN LONDON MAY SOLVE MYSTERY

London, Nov. 14.—Belief that the skeleton of a girl found in a new section of East London last Friday was that of Emma Smith, who disappeared mysteriously in 1888, after years ago and of whom no trace ever has been found, was materially strengthened today. Albert Smith, father of the missing young woman, stated his belief that the bones found might be those of his daughter. The color of the hair corresponded, he said.

## MAYOR OF QUEBEC TOWN DROWNED

Three Rivers, Que., Nov. 14.—Alphonse Cormier, Mayor of St. Germaine, Nicolet County, was drowned Saturday when he fell from the wharf at St. Angele, it was learned today.

## WHY YOUR DOCTOR ADVISES YOU TO TAKE A GOOD TONIC AT THIS TIME OF THE YEAR!

There are lots of people who seldom really feel their best at this time of the year. They are easily tired, they do not get up for work feeling drowsy, dull and tired—easily upset with indigestion, nervous and often constipated. Consequently they cannot do their best or feel their best.

**FACE THESE FACTS!** Build yourself up! Let Dr. Thacher's do for you what this vegetable tonic has done for countless numbers of men and women. Increase your appetite, improve your digestion. Soothe and tone your overtaxed nerves. Wake up the sluggish liver, gently correct constipation and send purer, healthier blood coursing through your veins. This will nourish your body and give you greater strength, energy and vigor to keep you feeling fine this winter.

**TRY THIS TONIC!** Take a whole...

# STEPHEN LEACOCK

WHY THEY DRINK IN SCOTLAND  
Duty Provides an Impressive Variety of Reasons for Taking the Great National Liquid; On the Other Hand England—

Because they manufacture the best whisky in the world, the Scotch, in popular fancy, are often thought to be addicted to the drinking of it. This is purely a delusion.

During the whole of two or three pleasant weeks spent in lecturing in Scotland, I never on any occasion saw a Scotchman use grounds, hereafter, I have seen people take it, of course, as a medicine, or as a precaution, or as a wise offset against a rather treacherous climate; but as a beverage, never.

The manner and circumstance of their offering whisky to a stranger amply illustrates their point of view towards it. Thus at my first lecture in Glasgow where I was to appear before a large and fashionable audience, the chairman said to me in the committee room that he was afraid that there might be a draft on the platform.

Here was a serious matter. For a lecturer who has to earn his living by his occupation, a draft on the platform is not a thing to be disregarded. Nor is it altogether safe for the chairman himself, a man already in a middle life, to be exposed to a current of cold air.

In this case, therefore, the chairman suggested that the thought it might be prudent—that was his word, "prudent"—if I should take a small drop of whisky before encountering the draft.

In return I told him that I could not think of his accompanying me to the platform unless he would let me insist on his taking a very reasonable precaution. Whisky taken on these terms not only seems like a duty but it tastes better.

In the same way I find that in Scotland it is very often necessary to take something to drink on purely meteorological grounds. The weather simply cannot be trusted. A man might find that on "going out into the weather" he is overtaken by a heavy fog or an avalanche of snow or a driving storm of rain. In such a case a

mere drop of whisky might save his life if it were to follow not take it.

Again—"Coming in out of the weather" is a thing not to be trifled with. A person coming in unprotected might be seized with angina pectoris or appendicitis and die upon the spot. No reasonable person would refuse the simple precaution of taking a small drop immediately after his entry.

**Seventeen Reasons for Taking a Drink**

I find that, classified altogether, there are seventeen reasons advanced in Scotland for taking whisky. They run as follows: Reason one, because it is raining; two, because it is not raining; three, because you are just going out into the weather; four, because you have just come in from the weather; five—no, I forgot the one that comes after that. But I remember that reason number seventeen is "because it canna do ye any harm." On the whole, reason seventeen is the best.

Put in other words this means that the Scotch make use of whisky with dignity and without shame, and they never call it alcohol.

In England the case is different. Already the English are showing the first signs that indicate the possible approach of prohibition. Already all over England there are weird regulations about the closing hours of the public houses. They open and close according to the varying regulations of the municipality. In some places they open at six in the morning, close down for an hour from nine till ten, open till noon, shut for ten minutes, and so on; in some places they are open in the morning and close in the evening; in other places they are open in the evening and closed in the morning.

The ancient idea was that a wayside public house was a place of sustenance and comfort, a human need

The House of Lords all stood up in their seats and yelled, "Rah! Rah! Rah!"

thing to go to bed early by Act of Parliament.

When I was in England I amused myself one day by writing an imaginary picture of what England will be like when the last stage has been reached and London goes the way of New York and Chicago. I cast it in the form of a letter from an American prohibitionist of which he describes the final triumph of prohibition in England. With the permission of the reader I reproduce it here:

**THE ADVENT OF PROHIBITION IN ENGLAND**

As written in the correspondence of an American visitor

How glad I am that I have lived to see this wonderful reform of prohibition at last accomplished in England. There is something so difficult about the British, so stolid, so hard to move.

We tried everything in the great campaign that we made, and for ever so long it didn't seem to work. We had processions, just as we did in home in America, with great banners carried round bearing the inscription: "Do you want to save the boy?" But these people looked on and said, "Boy? Boy? What boy?"

Our worst enemy was almost dishonest. "Oh, sir," said one of them, an ex-barkeeper from Oklahoma, "it does seem so hard that we have total prohibition in the States and here they can get all the drink they want. And the good fellow broke down and sobbed.

But at last it has come. After the most terrific efforts we managed to get this nation stamped, and for more than a month now England has been dry. I wish you could have witnessed the scenes, just like what we saw at home in America, when it was known that the bill had passed.

The members of the House of Lords all stood up on their seats and yelled, "Rah! Rah! Rah! Who's bone dry?" We all and the brewers and innkeepers were emptying their barrels of beer into the Thames just as at St. Louis they emptied the beer into the Mississippi.

I can't tell you with what pleasure I watched a group of members of the Athenaeum Club sitting on the bank of the Thames and opening bottles of champagne and pouring them into the river. I got him to give me a few bottles, and I got him to give me some more souvenirs, whisky and liqueurs, when the members of the Beefsteak Club were emptying out their calls into Great Street, so when you come over I shall be able, of course, to give you a drink.

And the working class too. It is just wonderful how prohibition has increased the efficiency of the working class. In the old days they used to drop their work the moment the bell struck. Now they "sweep" their calls into Great Street, so when you come over I shall be able, of course, to give you a drink.

Of course, as yet there are a few slight difficulties and deficiencies, just as there are with us in America. There was a very painful scene last week at the dinner of the

**Dr. Thacher's Liver and Blood Syrup TONIC**

Members of Gray's Inn. It seems that one of the chief justices had undertaken to make home brew for the Benchers, just as the people do on our side of the water. He got one of the waiters to fetch him some hops and three raw potatoes, a packet of yeast and some boiling water. In the end, four of the Benchers, who had been out stone-cold. But they are going to give them a public funeral in the Abbey.

There was also a slight sensation when the Chancellor of the Exchequer brought in his first appropriation for maintaining prohibition. From one point of view in America, it was modest enough. But these people are not used to it. The Chancellor merely asked for ten million pounds a month to begin on; he explained that his task was heavy; he has to police not only the entire coast, but also the interior; for the Grampian Hills of Scotland alone he asked a million. There was a good deal of questioning in the House over these figures. The Chancellor was asked if he intended to keep a hired spy at every street corner in London. He answered, "No, only on every other street."

I must admit further, and I am sorry to have to tell you this, that now we have prohibition it is becoming increasingly difficult to get a driver to police, especially in the morning, it is most inconvenient and almost impossible. The public houses being closed, it is necessary to get into a taxi and lean up against the counter and make a gurgling sound like apoplexy. One often sees these apoplexy cases lined up for more than four years.

But I don't want you to think that if you come over here to see me, your private life will be in any way impaired or curtailed. I am glad to see the happy brides of another nation whose husbands are very amply stocked. The Duke of Blank is said to have 5,000 cases of Scotch whisky, and I have managed to get a card of introduction to his butler.

## NO APPEAL AGAINST AWARD OF DAMAGES

Ottawa, Nov. 14.—Leave to appeal was refused yesterday in the Supreme Court against the judgment which awarded Miss Garland, of Hamilton, £150 damages against the Stanley Mills Company of that city, in whose store Miss Garland was formerly employed as a sales woman. She brought suit against her employer because of an advertisement which the store published. She took exception to the words in the advertisement, "Flirting with the pretty blondest of the girls counter, claiming the public took these words to apply to her. She is a blonde and was at that counter. She was awarded \$150 damages at the trial, and allowed for more than four years by the Ontario Appellate Division.

## WENT ABROAD

Philippopolis, Bulgaria, Nov. 13.—A Bulgarian Enoch Arden has solved his problem in a dramatic way. Ernest August Wilhelm, Duke of Brunswick-Lüneburg, was the first married spouse by getting out of this country.

This man, Nikoll Stefanoff, was captured by the Greeks and sent to one of the Egean Islands without notification of his capture to the Bulgarian Government. He was kept at forced labor for more than four years. Escaping, he made his way to his native village in Kurdjali, only to find his wife, who had given him up for dead, the happy bride of another man. He made his discovery when peeping in his house on the evening when she was about to be married. She thereupon took up a passport and went abroad.

## REPLY TO ALDERMAN LEEMING

has publicly stated that single tax has provided ample revenue for the city administration. The average mill rate of 23.85 on land only during the past eleven years, together with local improvement charges, has provided an average yearly revenue of \$1,600,000.

The debt of \$17,000,000 was incurred for the construction of public works and for the payment of interest. Practically all such works were approved by landowners, who thereby authorized future Councils to raise taxes to pay the same.

The cost of many of these works was greatly increased by the extortionate demands of the contractor, the third person of the trinity. Expropriation of landowners cost \$4,000,000. Under single tax no such expropriation would be necessary.

The cost of public works was further increased by reason of the miles of vacant lots which private interest had placed upon the market. The city was obliged to improve water, light, sidewalk and otherwise improve 160 miles of streets, whereas only forty were necessary. Single tax would reduce the cost of such works to actual requirements.

6. Reducing the gross debt by the two new propositions. The charges there would remain the very modest debt of about \$4,000,000. Thus the selfish system of land tenure advocated by the present Council has increased the city's debt by \$11,000,000.

From the foregoing it will be seen that private interest of land speculators has increased the debt of the city of Victoria a debt "speculative to be borne"; that ample public revenues have been squandered on the expropriation of landowners in making expensive improvements to needless vacant lots; that single taxers are opposed to land gambling, and are engaged in an educational campaign designed to root out the evil thing; that anti-single taxers are at the present time seeking to confiscate the value of privately owned buildings and other forms of private property in order that their land holdings and speculations may escape their just contribution; and that what Victoria most needs is a Council pledged to make private gambling interests disgorge their ill-gotten gains, reduce the burden of taxation which rests upon the business enterprise, eliminate all unnecessary public expenditures and allow the citizens to breathe for the first time the fresh mountain air of freedom.

**E. S. WOODWARD.**  
Alderman, Chairman Finance Committee, 1922.

## HOW TO IMPROVE VICTORIA'S TRADE

To the Editor—In the last few weeks I have spoken with a number of persons engaged in the stores of Victoria, especially those which deal in gent's furnishings and ladies' wear. They all seem to be saying that during the Summer they did a fair amount of business with American tourist customers, and a common experience seems to have been that it was easier to sell their goods to tourists English than Eastern Canadian goods. At first sight this may seem strange, but there is a reason for it. The American tourist, when for it. The American tourist, when for it. The American tourist, when for it.

Now, I can imagine some of your readers saying that this sort of thing ought to be stopped; that our tradesmen ought to be more patriotic and show nothing but Canadian goods, and that that ought to be up our tariff duties against these British goods, so as to keep them out of the country. That is the ordinary Protectionist view, and I wish to show how utterly mistaken it is. If these particular goods were not obtainable, the customer who wants them would simply keep his money in his pocket, and not spend it on our tariff duties. The profit that would have been made on the sale.

Another point is that the ship which brings these British goods never goes back without taking a cargo, and the more we purchase the more we shall sell of our wheat, our lumber, our fish and fruit, and other products which are very desirable of exporting in large quantities. The goods coming in pay for the

## TO BE TAKEN BACK TO SCRANTON JAIL

Dominic Delfino at Present Held in Vancouver  
Escaped Before Date Set For Execution

Vancouver, Nov. 14.—Under police escort and securely handcuffed, Dominic Delfino, alias Kenneth Monroe, alleged "Black Hand" murderer, was taken back to Scranton, Pa., where he escaped from prison on the eve of the date set for his electrocution for murder, was brought here late last night from Nelson, B.C., where he was arrested two or three days ago. In making his escape from the Pinery Scranton jail, Monroe shot and wounded four prison guards.

According to police officers, Delfino is said to have admitted his identity. He is being held here pending the arrival of a police escort from Scranton.

## FORMER DUKE OF CUMBERLAND IS SERIOUSLY ILL

Vienna, Nov. 14.—The former Duke of Cumberland has suffered a stroke of apoplexy on his estate near Gmunden, Upper Austria. His condition is serious.

Ernest August Wilhelm, Duke of Brunswick-Lüneburg, was the first married spouse by getting out of this country.

This man, Nikoll Stefanoff, was captured by the Greeks and sent to one of the Egean Islands without notification of his capture to the Bulgarian Government. He was kept at forced labor for more than four years. Escaping, he made his way to his native village in Kurdjali, only to find his wife, who had given him up for dead, the happy bride of another man. He made his discovery when peeping in his house on the evening when she was about to be married. She thereupon took up a passport and went abroad.

## MONTREAL MAN JAILED FOR PERJURY

Montreal, Nov. 14.—Irene Piery was convicted of perjury by Chief Justice DeCarie here today and sentenced to six months in jail. This is the sequel to the sensation created on November 30 last when Piery swore to an affidavit seriously compromising Sir William Stavert, one of the members of the Quebec Liquor Commission.

## TWO MEN LOST LIVES

Sioux Lookout, Ont., Nov. 14.—Two accidental deaths occurred here. Alfred Atkinson, of North Fines, was found dead by his friends. His rifle discharged accidentally, it is believed. Julius McCush, of Sioux Lookout, was also found dead, but it is believed to have died of heart failure brought on by fright.

New Westminster, Nov. 13.—In view of the fact that the local amateur lacrosse team, Mann Cupholders, will be prevented from attempting to take part in the Olympic Games, because the team won its championship title in competition, an effort will be made to send the team to London next Summer to take part in the Empire sports in connection with the Empire Exhibition. Canadian amateur lacrosse finds itself in an embroglio owing to many of the best players in the East having gone into the professional end of the game, but a plan to send the Mann Cup team east to play other teams for the right to send an all-Canadian team to London is tentatively being discussed here.

**THE WEATHER**

## RECONSTRUCTION PLANS IN FRANCE

Government Desires Work Completed by End of 1926

Paris, Nov. 14.—Complete reconstruction of the regions of France devastated in the World War is planned by the Government by the end of 1926. The Minister of Finance, in his proposals for the budget credits next year, contemplates the issuance of 5,000,000,000 francs in credit national bonds, 2,000,000,000 francs in national defence bonds and 1,000,000,000 francs to pay the expense of collective loans floated by the devastated areas themselves.

## CONSERVATIVES OF VANCOUVER HOLD ANNUAL MEETING

Vancouver, Nov. 14.—The Vancouver Liberal-Conservative Association held its annual meeting last night. W. J. Bowser, K.C., provincial Conservative leader, Hon. S. F. Toimie and Hon. H. H. Stevens spoke.

Mr. Bowser promised abolition of the personal property tax if the Conservatives were returned to power at the next election.

## STEVENS'S ATTITUDE

Referring to a statement attributed to Premier Oliver that he (Mr. Stevens) was disloyal to the Provincial Conservative leader, Mr. Stevens said:

"I can answer briefly. I am here as a member of the Liberal-Conservative Party of Canada and I believe that party has a great destiny to fulfill in the near future in the whole Dominion. The proper place for me is within the ranks of the party fighting bravely with the leaders, both Provincial and Federal. I contested last year for the leadership of the party in British Columbia and I can say not boastfully, but with a measure of pride that I am not a quitter. I am large enough to take a trimming and work with those who were elected.

The slate of officers was re-elected, the only important change being the appointment of Miss Edith McFarlane as second vice-president. The list follows:

Honorary presidents: Rt. Hon. Arthur Meighen, W. J. Bowser, K.C., and Hon. H. H. Stevens. Honorary vice-presidents: Senator S. J. Crowe, Brigadier-General J. A. Clark, M.P., and Leon Ladner, M.P. President, Thomas H. Kirk; first vice-president, C. J. White; second vice-president, Miss J. McFarlane; third vice-president, Thomas Brinnan; secretary, N. R. Fisher; treasurer, William Manson.

## SS. "REGINA" FROM MONTREAL NOVEMBER 24, 1923

Passengers for the White Star-Dominion Line steamer "Regina," sailing from Montreal Nov. 24, should leave on the Canadian National Railway "Continental Limited" 9:50 p.m. Sunday, Nov. 18, from Vancouver. This train carries all-steel standard and tourist sleeping and dining cars, drawing-room-compartments, library, observation car, and run through to Montreal, arriving 9:55 a.m., Friday, November 23. Baggage may be checked through to the steamer from Victoria.

As steamer sails at daybreak from Montreal, the passengers during the evening of November 23, thus eliminating hotel expenses in Montreal. Reservations for both the steamer and the train may be made at the C.N.R. City Ticket Office, 911 Government Street, Telephone 124.

## Insist on "PHILLIPS" MILK OF MAGNESIA

Say "Phillips"—Protect Your Doctor and Yourself

Demand genuine "Phillips" Milk of Magnesia, the original Milk of Magnesia prescribed by physicians for fifty years. Refuse imitations of the genuine "Phillips."

Each large 50-cent bottle contains directions and uses—any drug store.

## For the Cough That Sticks

Common Cough Syrups Won't Help—You've Got to Make Your Own

Cheap and Best

For any kind of a cough, but especially for the stubborn one that persists and keeps you awake nights this home-made cough mixture will quickly loosen the phlegm, allay the inflammation and stop the cough.

You can make it yourself at home in two minutes by following these instructions:

Get from any drugstore one ounce of Parmitin (double strength)—to this add a little granulated sugar and enough water to make one half pint—that's all there is to it, and children like it.

Like a soothing, healing poultice one costly substance in this home-made mixture spreads itself completely over the membrane of the throat. This causes the most stubborn hang-on cough to cease almost instantly. No ordinary slow-acting cough syrup contains this expensive ingredient.

It's a mighty fine remedy for chest colds and acute nasal catarrh, and remember that any remedy that overcomes catarrh, partially or wholly, is bound to be of benefit to those who are troubled with head noises and catarrhal deafness.

Get Parmitin and get better. (Adv.)

## BURNING STOMACH

relieved in two minutes with JO-TO

JO-TO relieves gas pains, acid stomach, heartburn, after-eating distress and all forms of indigestion quickly, without harm. All Drug stores.

Fill your pipe with **OGDEN'S** CUT PLUG

"It Satisfies"

15¢ per packet  
80¢ a 1/2 lb tin

If you roll your own, ask for **OGDEN'S FINE CUT** (Green 1554)

# THE TIMES DAILY PICTURE PAGE

RUSSEL AND EDWIN LESLIE, aged ten and nine years, respectively, started out from their home in Toronto, equipped with a hand wagon, to see the world. They walked all night, in a drizzling rain, and were finally apprehended at Whitby.

CASA LOMA, the Toronto residence of Sir Henry Pellatt, and one of the most unique residences in North America, may be purchased by the Dominion Government as a home for disabled soldiers and a war museum. There is a large swimming tank in it. The castle has over 100 rooms and 5,000 electric lights. A price of \$700,000 was fixed upon it some time ago. At the left is Sir Henry Pellatt, its owner.

A HIT WITH RODOLPH.—Rodolph Valentine thinks Katherine Cuddy is the prettiest girl in Seattle. Now, she's getting ready to compete with other beauties in the sheik's pulchritude exhibition in New York, Nov. 28. Her mother, she says, really doesn't want her to make the trip. But Katherine feels she can overcome all parental objections.

TEDDY VISITS DENTIST.—"Teddy," Northwestern University's bear cub mascot, isn't missing any college functions while he's being educated. The other day he visited the dental clinic to let two co-eds give his teeth the once over. And Marie Prestin, left, and Rhea Hart, who performed the examination, say he didn't growl a bit.

MRS. ANNE V. STILLMAN, against whom her millionaire husband is seeking to appeal the famous divorce suit decision.

DEDICATING THE GEORGE WASHINGTON MEMORIAL.—Thousands of Masons from all parts of the country gathered with President Coolidge and other high government officials on Shooter's Hill, between Washington and Alexandria, Va., to lay the cornerstones of the George Washington Memorial. Arrow points to President Coolidge. Inset is close-up of the chief executive, his very latest photograph.

BRIDGING THE ABITIBI.—Where the Temiskaming and North-ern Ontario Railway crosses the river.

HON. J. E. BROWNLEE, Attorney-General of Alberta, will draft legislation providing for sale of liquor under government control, as demanded by the province in the referendum of November 5.

MRS. ZIPPALA NINI ALLEN is active in the campaign for women's rights among the Sioux Indians of the United States.

JEALOUS OF PRINCE.—The former Mrs. Lee Wendell Phillips, whose marriage to Prince Nicholas, Vladimir von der Lippe-Lippe was announced last June, has filed charges against her sister for alienation of her husband's affections. She asks \$100,000.

## SCHOOL DAYS By DWIG

FLYING THROUGH SKY.—Norman Meadowcraft of St. Louis is going up for a little spin in his "flyer" balloon. It's fitted with an aeroplane propeller that is revolved by pulling a rope attached to various gears. The ship's the invention of Meadowcraft and Charles Brannigan, aircraft engineers.

LOOKING AHEAD.—Japan will eventually become master of the Pacific, through diplomatic rather than military activity, according to Dr. G. Sterling Ryerson, retired major-general of the Canadian Army Medical Service, who has returned from a tour of the Orient.

IF HE HADN'T FOUND IT.—Scores of Chicagoans might have been killed. Detective Sergeant L. McDonough discovered the "plant" in a building in the heart of the loop. Police blame labor troubles for it. Here is the sergeant examining the sticks. Dangerous firecrackers, all right!

# THE LATEST NEWS OF FINANCIAL CENTRES

## NEW YORK MARKET A BIT REACTIONARY

(By British American Bond Corp., Ltd.)  
 New York, Nov. 14.—The stock market today, especially in the industrial group, acted a bit tired. There appeared to be a substantial amount of selling pressure, especially in American and American Wool. The decline, however, was very small and the market was slow, indicating that the short interest is still in the market. Special issues stood out, like Maxwell Motors, which gained six points and was strong throughout the session. Profit taking appeared in the Erie shares after they had made new highs on this movement. The rail list was generally firm throughout the session. The selling in the market today appeared to be for the account of professional traders, who evidenced by soundings the market for weak points. Conglomerate broke sharply several points during the last hour, before the close. The undertone is strong throughout the list, as evidenced by the meagre setback in values which have enjoyed ten to twelve points advance on the recent upswing.

## GOOD EXPORT DEMAND FOR WHEAT AND RYE

(By British American Bond Corp., Ltd.)  
 Chicago, Nov. 14.—The first two hours of today's grain market gave no evidence of a trend either way. Wheat held well and corn was inclined to sag. There is a report that the export demand for wheat and rye is increasing. The visible supply of wheat, however, is very large and unless something is done on a large scale to dispose of our present large stocks of wheat it will be difficult to bring prices up to the level of last year. Both grains were firm at the finish. The market is expected to be a strong position from a supply and demand standpoint, but futures have lagged during the past few days and there seems to be a long line of orders standing with light buying power. The cash corn price is holding well around 95 cents, but those working for lower prices contend that cash prices will come down with the present increased movement of new corn. New corn receipts, however, are of a poor grade. Both grains were firm at the finish.

## PROFIT TAKING IN EVIDENCE TO-DAY

(By Burdick Bros., Ltd.)  
 New York, Nov. 14.—Further profit-taking was in evidence in the stock market to-day and price changes were about evenly distributed. Strength in the rails was a early feature, but the industrials lagged behind a little. Weekly steel reviews were more optimistic than in some time past. Several extra dividends were announced to-day and this quite naturally had a helpful effect on sentiment. The favorable dividend action announced by the Vacuum Oil Company as regards its effect on the oil group was neutralized by the news of a twenty cent reduction in Pittsburgh Corning Crude Oil.

## GRAINS FIRM IN CHICAGO TO-DAY

(By Burdick Bros., Ltd.)  
 Chicago, Nov. 14.—Wheat—Talk of possibility of a recommendation by the tariff commission that the wheat duty be revised upward caused a little rally in wheat after a dip around midday, but the general status of the market was unchanged, and the buying demand is not urgent. Two cargoes of Canadian wheat have been brought here for local mills the past two days, and it is understood that all sales of Canadian wheat to our mills in the west and throughout the central states have been quite liberal in proportion in the aggregate. This will offset to a great extent the shortage in our supply of wheat, and is another factor of bearing import to add to the troubles of the holders.

## EXPORTERS ACTIVE IN GRAIN MARKET

(By Burdick Bros., Ltd.)  
 Chicago, Nov. 14.—The Chicago Tribune grain news today says: "An encouraging feature in the market appeared after the close in a statement from a large exporter that foreigners and seaboard exporters were inquiring and taking much wheat and rye. They took Manitoba, durums and hard winters. Buying against these sales was a help to the market at the last, causing short covering and weakening the technical position. It was said at the close that the line of the big Eastern holders in December wheat had not been disturbed, but that houses with Eastern connections were fair buyers of December wheat on the break around 102 or within 1/4 of the lowest of the present break."

## DOW JONES SUMMARY

(By British American Bond Corp., Ltd.)  
 New York, Nov. 14.—Dow Jones financial news summary says this morning: South Porto Rico Sugar directors meet to-day. Vacuum Oil Company declared an extra dividend of 50 cents and the regular quarterly dividend 50 cents. Canadian Pacific declared the regular quarterly dividend of 2 1/2% on the common.

## WOUNDED HUNTER DROVE NINETY MILES TO A HOSPITAL

Kingston, Ont., Nov. 14.—William J. McKelick, thirty-six, of Glenburnie, was accidentally shot in the side while out hunting near Elvans Monday. After being shot he got into his automobile and drove ninety miles to a Kingston hospital.

## LAND HOCKEY STAR

Sudbury, Ont., Nov. 14.—"Red" Green, Sudbury Wolves star forward player, will not play amateur hockey with Minneapolis. Instead he will report at once to Hamilton Tigers in the N.H.A.

## ZUNA AGAIN RETURNED WINNER OF LONG RACE

Hamilton, Ont., Nov. 14.—Frank Zuna, of New York City, repeated his performance of 1922 on Thanksgiving Day when he led home a field of 16 starters in the Hamilton Herald's twenty-seventh round-the-bay route race. Zuna's time for the nineteen miles and 168 yards was 1:53.4. Charles W. Hamilton was second and Jimmy Dellow, Toronto, was third.

## COLLINS NOT GOING

Philadelphia, Nov. 14.—Reports that a deal was pending which would send him to Washington as manager, were denied to-day by Eddie Collins, captain and second-baseman of the Chicago American League baseball club.

## NOTICE

To Sculptors, Architects and Artists  
 The Government of Canada proposes erecting in the Parliament Grounds at Ottawa a monument to the memory of the late Sir Wilfrid Laurier. Parties are invited to submit designs in the form of sketch models in plaster of Paris on a uniform scale of 1/4 inch to the foot. The design must take the form of a pedestal on which shall be placed a group of figures representing the late Sir Wilfrid Laurier. The competition is open to architects, artists or sculptors throughout the world. The Minister of Public Works, however, reserves the right, other things being equal, to give preference to architects, artists or sculptors of British birth, resident in the British Empire or elsewhere. The author of the best design who is awarded first place will be given the commission of the work and the author of the second best will be awarded a prize of One Hundred Dollars (\$100.00). The memorial, including pedestal above the level of the ground, when completed and in position, is not to cost more than Twenty-Five Thousand Dollars (\$25,000.00). The designs must be addressed to and received by Mr. Eric Brown, Director of the Department of Public Works, Ottawa, before the 22nd day of April, 1924. Copies of the conditions, and photographs may be obtained on application at the office of the Secretary of the Department of Public Works, Room 784, Hunter Building, Ottawa, Ontario. Parties who intend to compete should notify the undersigned of their intention to do so.

**NOTICE OF APPLICATION FOR PRIVATE BILL**  
 NOTICE is hereby given that an application will be made to the Legislative Assembly of the Province of British Columbia at its next Session by the Corporation of the City of Victoria for an Act to be known as the "Victoria City Act, 1923" providing for the following matters, and giving to the said Corporation and the Municipal Council thereof the following powers, namely:  
 1. Amending "Victoria City Act, 1921" as follows:  
 (a) Amending section 19 to provide for cancellation of "Better Housing" Agreements on default of purchaser and for forfeiture of lands and payments after ninety days' notice.  
 (b) Amending section 19 to provide that the sale lands becoming reverted in the City by cancellation proceedings pursuant to said section, shall be deemed sale lands for purposes of re-sale.  
 (c) Repealing and re-enacting with amendments section 22, requiring Collector to apportion tax arrears and future instalments charged against land, among parcels thereof after subdivision.  
 (d) Amending section 25 to provide for the making of changes and corrections therein referred to in assessment rolls from and after July 15 in each year.  
 2. Repealing Sections 4, 5, 10 and 11 of "Victoria City Act, 1922", Section 17, "Victoria City Act, 1922", providing retroactively for the apportioning of the Principal Sum of the taxes levied among the various parcels into which said land may be subdivided.  
 3. Enabling the Council to acquire lands as follows:  
 (a) To prohibit, regulate, restrict, define and allot areas of highways or public places for the purpose of classifying vehicles, designating what vehicles shall or shall not use such areas.  
 (b) To acquire lands for parking places, to lease or collect fees or rent therefor, or to grant money from current revenue for the acquisition of said lands and equipping same with buildings or other equipment for parking of motor vehicles.  
 (c) To grant money from current revenue for defraying part or all costs of management of the maintenance of tourist camps within or without the City.  
 4. Enabling the Assessor to assess all parcels of land upon which a building stands as one.  
 5. Enabling the Council to appoint any one or more of its own members as Assessor of the Provincial Royal Jubilee Hospital.  
 6. Enabling the Court of Revision to consider complaints against assessments according to districts or otherwise, in the district of the Provincial Jubilee Hospital.  
 7. Enabling the Council to enter into financial agreements for the construction and refunding of part of all of the City's debt.  
 8. Repealing, retroactively, that Section 11 of "Victoria City Relief Act, 1918 (No. 2)", shall not apply to the land upon which stands the Provincial Jubilee Hospital.  
 9. Enabling the Council to increase license fees which, in its discretion, may be considered necessary.  
 10. Validating By-law 2222, entitled "Bank Overdrafts", and providing that the Council may make, alter and repeal by-laws for any of the following purposes:  
 (a) To lease any portion of Elk Lake Reservoir and Water Shed property to any Government, person, firm or corporation for hotel purposes or for game farm purposes for a period not exceeding thirty years, and to agree to terminate lease at any time on one year's notice and to grant money of less than value of improvements thereon.  
 (b) To subscribe for and out of current revenue to acquire shares, not exceeding par value of \$100.00 of any Hotel Corporation Body as lessee of any part of said Water Shed property.  
 (c) By payment out of current revenue to construct and establish camping grounds, bathing beaches, boating, fishing and other sporting facilities, including trap-shooting, tennis, lawn bowling and any other forms of sport, game or amusement, to acquire necessary equipment to operate or lease the same, to make rules and regulations and to charge money of rentals in discretion of the Council.  
 (d) To supply water to the said Hotel Corporation lessee on terms to be fixed by the Council.  
 (e) To enter into necessary agreements for all purposes herein mentioned.  
 11. Defining what a building set apart and in use for the public worship of God shall include; enabling the Assessor to assess the same as a separate parcel, and to assess adjoining land as a separate parcel or parcels, and providing that Subsection 1 of Section 206 of the "Municipal Act" shall not apply in the City of Victoria unless the said parcels are shown as a plan filed in the Land Registry Office.  
 12. Enabling the Council, subject to vote of the ratepayers, to lease municipal lands for a period not exceeding forty years on terms to be agreed upon by the Council.  
 13. Providing that the property known

**FAIRFIELD VALUE EXTRAORDINARY HIGH-CLASS FAIRFIELD HOME, \$3,200**  
 BETWEEN May Street and the Dallas Road, close to Beacon Hill Park, the sea and car. **KITTEN'S EASTER BREAKFAST**  
 Kitten was not very old, as you may have guessed from her name, and Toby was not very old, either, but old enough to know many things that Kitten did not know. So when one day Toby Dog had stood all the teasing he thought he should from Miss Kitten he thought of something that made him hide his face in his front paws and laugh.  
 Kitten humped her back and stepped away from Toby a little distance and watched, for she thought Toby was getting ready to jump at her. And when he did get angry Kitten knew it was time for her to climb a tree.  
 But instead of jumping or barking, Toby only sat up and shook himself. "Kitten," he said, "you are a pretty good sort, only you bother me at times. But for all of that I mean to tell you a secret and do you a favor."  
 Kitten let her back smooth out and sat down to listen, her ears erect and her big yellow eyes looking straight at Toby.  
 "I know you are very fond of birds," said Toby with a wink at Kitten, "and I know, too, that the Mistress does not approve of your taste."  
 Kitten licked her mouth with her small pink tongue and looked around. "Oh, the Mistress isn't afraid, and besides it is not a bird I am going to tell you about. It is a nest full of eggs."  
 "It is almost Easter-time, Kitten, and everybody likes to have eggs for breakfast on Easter morning, so

**SIR CHARLES DARLING, WELL-KNOWN LONDON JUDGE, RESIGNS**  
 London, Nov. 14 (Canadian Press Cable)—Sir Charles John Darling, a judge of the King's Bench Division of the High Court of Justice here since 1897, has resigned from the bench.

**CHILDREN CRY FOR FLETCHER'S CASTORIA**  
 MOTHER:—Fletcher's Castoria is a pleasant, harmless Substitute for Castor Oil, Paregoric, Teething Drops and Soothing Syrup, prepared for Infants in arms and Children all ages.  
 To avoid imitations, always look for the signature of *Dr. J. C. Fletcher*. Proven directions on each package. Physicians everywhere recommend it.

Kitten humped her back and stepped away

**MAGNESIA BEST FOR YOUR INDIGESTION**

Warns Against Doping Stomach With Artificial Digestants

Most people who suffer, either occasionally or chronically from gas, heartburn and indigestion, have now discovered that the use of harmful drugs, stomachics, medicines and artificial digestants, and instead, following the advice so often given in these columns, take a teaspoonful or two tablets of Bisulphate of Magnesia in a little water after meals with the result that their stomachs no longer troubles them, they are able to eat as they please and they enjoy much better health. Those who use Bisulphate of Magnesia never dread the approach of meal time because they know this wonderful anti-acid and food corrective, which can be obtained from any good drug store, will instantly neutralize the stomach acidity, sweeten the stomach, prevent food fermentation, without the slightest pain or discomfort. Try this plan yourself, but be certain to get pure Bisulphate of Magnesia.

**VICTORIA EARNS MORE PUBLICITY**

Residents to Share in Backing up Efforts of Publicity Bureau

Thanks of the Publicity Bureau are extended to residents of Victoria who have co-operated with the Bureau in advertising Victoria and Island. The support to the campaign to exploit Victoria has given the desired results. Since the publication of the Winter circular many people have forwarded a list of names to the Bureau suggesting that circulars be sent. Others have secured circulars to mail themselves, and the distribution extends to all parts of the world.

Other advertising of Victoria and Island is carried in an article in the Chicago Tribune, which publishes a description of the Malahat Drive as a growing tribute to Victoria. A letter from the Publicity Bureau also indicates that Victoria will receive further advertising in future literature, the writer asking for information which will tend to popularize the district as a Winter resort for prairie people.

**DELEGATION WILL SEE GOVERNMENT**

Highway Association Asks Grant to Carry on Work For Roads

A grant from the Provincial Government to carry on the work of the Canadian Highway Association will be sought by a delegation. The association already has a small balance on hand, but money is needed to secure greater ferry facilities particularly a new ferry between Steveston and Sidney. The association is also endeavoring to secure increased Federal aid for highways on Vancouver Island. It was pointed out at a meeting held yesterday at the Chamber of Commerce rooms under the presidency of J. L. Beckwith that in the United States the Federal aid for road building amounts to \$500,000,000 as against \$20,000,000 in Canada.

A campaign will be waged to have the Scott, on Vancouver Island, recognized as the end of the Canadian Highway, as originally drafted in 1912, instead of terminating the highway on the mainland.

Efforts will be made to secure access to Strathcona Park, and other scenic points on Vancouver Island. The Minister of Lands and Forests of Ontario writing in reference to the closing of the Ontario gap, stated: "While nothing definite has been determined on the one section between the Soo and Port Arthur, I believe a survey will be made at an early date, and work will be carried out continuously until the road is completed. This, I believe, will take from five to seven years, as it is an extremely difficult section to build a road through. The remaining roadway, amounting to about 120 miles between Port Arthur and the Manitoba boundary, I believe, will be completed in the next three years."

"I am of the opinion that the Federal Government should assist to some extent in this, and it is my intention to take the matter up with them vigilantly."

**SMALL CARDS HINDER THE POSTAL WORKERS**

Washington, Nov. 14.—The Post Office Department has renewed its campaign against the use of "small cards" by mailers. Holders of postoffice boxes have been urged to seek co-operation of manufacturers, dealers and the public generally in eliminating the objectionable-sized mail matter.

These cards will not pass through the cancelling machines, and cause much annoyance to postal employees during the busiest season of the year. The department is requesting that no cards or envelopes, smaller than two and three-quarters by four inches be used.
