Editors - Wikidata - Jan 18, 2018

H39. The next section is about **Wikidata**

PR24. Wikidata is a Wikimedia project for structured data. Which of the following activities have you done? (select all that apply)

- I have no experience with Wikidata
- I have experience editing Wikidata
- I have looked at Wikidata pages
- I have integrated information from Wikidata in Wikipedia (e.g. in infoboxes)

- I have linked to Wikidata from other Wikimedia projects (e.g. by creating interwiki links, by adding links to Wikidata items in Wikimedia Commons)
- I have written a query in the Wikidata query engine
- I have uploaded at least one dataset to Wikidata
- I have explained wikidata to other Wikimedians
- I have explained wikidata to non-Wikimedians
- I have facilitated a partnership, workshop or activity with others around Wikidata

PR25. Do you agree or disagree with the following statements about your experience with Wikidata:

	Strongly disagree	Disagree	Neither agree nor disagree	Agree	Strongly agree	Not applicable
I often try to contribute to Wikidata in my volunteer time	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Contributing to Wikidata is one of the most valuable uses of my volunteer time	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
I can easily explain how Wikidata works to a friend who edits Wikipedia	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
I know enough about Wikidata to form opinions about its future	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
I can easily explain the value of Wikidata to a friend or relative who has never edited Wikipedia	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

PR27. Do you agree or disagree with each of the following statements about Wikidata's role among the Wikimedia projects:

	Strongly disagree	Disagree	Neither agree nor disagree	Agree	Strongly agree	Not applicable
Editors on Wikipedia, Wikimedia Commons, Wiktionary and other sister projects will lose control over information, when structured data (like information from infoboxes or information templates) is moved to Wikidata.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
The Wikidata community embraces the standards for reliability and verifiability held by the Wikimedia community at large.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Strongly disagree	Disagree	Neither agree nor disagree	Agree	Strongly agree	Not applicable
-------------------	----------	----------------------------	-------	----------------	----------------

Wikidata has great potential for the Wikimedia Community to link and integrate its content with that held by other knowledge organizations (such as libraries, archives, museums and research institutes).

Having multilingual data in Wikidata helps the community resolve many challenges.

Applying structured data from Wikidata to Commons, Wikisource, Wiktionary and other Wikimedia projects will strengthen those projects and the Wikimedia ecosystem at large.

The data that is collected on Wikidata lacks quality.

Wikidata editing interfaces are too challenging to use while contributing to other Wikimedia projects (e.g. Wikipedia)

GR27. Do you agree or disagree with the following statements:

	Strongly disagree	Disagree	Neither agree nor disagree	Agree	Strongly agree	Not applicable	Don't know
The Partnerships and Global Reach team at the Foundation should pursue partnerships with non-Wikimedia organizations to address the digital gender gap.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

This project allows mobile phones without internet capability to receive Wikipedia content via text messages. This expands the reach of Wikipedia content to people who do not have smartphones or cannot afford mobile data charges.
