TITLE 7—AGRICULTURE

Chapter VII—Production and Marketing Administration (Agricultural Adjustment), Department of Agriculture

PART 705—AGRICULTURAL CONSERVATION PROGRAM; HAWAII

SUBPART—1953

The United States Department of Agriculture offers every farmer in the Territory of Hawaii an opportunity to improve and conserve the fertility of his land through participation in the 1953 Agricultural Conservation Program.

Under this program, part of the costs of the conservation practices is defrayed by the Government and this represents the Nation's interest in what happens to its basic resources.

Payment will be made for performance of recommended practices at approved rates to the extent of the individual farm allowance and available funds. Developed under the provisions of the Soil Conservation and Domestic Allotment Act the program is designed to meet local conservation needs.

Information contained in this subpart outlines the general provisions of the 1953 Agricultural Conservation Program for Hawaii and specifications and rates of payment for practices.

CONTROL OF FUNDS

Sec.
705.201 Amount of assistance.
705.202 Adjustments.
705.203 Allocation.

APPROVAL OF CONSERVATION PRACTICES

705.205 Selection of practices.
705.206 Adaptation of practices and rates of assistance.
705.207 Pooling agreements.
705.208 Prior notice to State Office.
705.209 Program year and technical aid.
705.210 Practice specifications.

CONSERVATION PRACTICES AND MAXIMUM RATES OF ASSISTANCE

705.211 Practice 1: Constructing continuous terraces and/or diversion ditches to control the flow of water on sloping farm land.
705.212 Practice 2: Constructing field interception ditches and/or outlet channels for disposing of, diverting, or collecting water to control erosion or for impounding purposes.
705.213 Practice 3: Constructing individual terraces around coffee, fruit, and nut trees.
705.214 Practice 4: Establishing a protective sod lining in waterways.
705.215 Practice 5: Building erosion control dams or stone or vegetative barriers to prevent or heal the gullying of farm land and reduce runoff of water.
705.216 Practice 6: Constructing permanent riprap or revetment of stone to control erosion of stream banks, gullies, dam faces, or water courses.
705.217 Practice 7: Contour farming of intertilled crops on nonterraced land.
705.218 Practice 8: Planting orchards on the contour.
705.219 Practice 9: Maintaining a permanent vegetative cover in nonterraced orchards to prevent erosion.
705.220 Practice 10: Planting leguminous crops for use as green manure, stubble mulch, or cover.
705.221 Practice 11: Planting adapted nonlegumes for green manure, stubble mulch cover, or filter strip.
705.222 Practice 12: Organic manuring of fields with compost or dehydrated peat moss.
705.223 Practice 13: Seeding or planting in prepared land or in unprepared and depleted range land adapted grasses, legumes, or other forage plants for establishing or improving permanent pastures.
705.224 Practice 14: Applying ground limestone or its equivalent where soil analysis shows the need.
705.225 Practice 15: Applying potash or phosphate.
705.226 Practice 16: Clearing suitable land to permit conservation of other land in the farm.
705.227 Practice 17: Clearing suitable new land for permanent pasture.
705.228 Practice 18: Controlling weeds in established pasture or range land by grubbing out, or poisoning of undesirable plants.
705.229 Practice 19: Applying sugarcane mill refuse to cane fields harvested or started in fallow during the program year.

(Continued on p. 9057)

FEDERAL REGISTER

Published daily, except Sundays, Mondays, and days following official Federal holidays, by the Federal Register Division, National Archives and Records Service, General Services Administration, pursuant to the authority contained in the Federal Register Act, approved July 26, 1935 (49 Stat. 500, as amended; 44 U. S. C., ch. 8B), under regulations prescribed by the Administrative Committee of the Federal Register, approved by the President. Distribution is made only by the Superintendent of Documents, Government Printing Office, Washington 25, D. C.

The regulatory material appearing herein is keyed to the Code of Federal Regulations, which is published, under 50 titles, pursuant to section 11 of the Federal Register Act, as amended June 19, 1937.

The FEDERAL REGISTER will be furnished by mail to subscribers, free of postage, for $1.50 per month or $15.00 per year, payable in advance. The charge for individual copies (minimum 15¢) varies in proportion to the size of the issue. Remit check or money order, made payable to the Superintendent of Documents, directly to the Government Printing Office, Washington 25, D. C.

There are no restrictions on the republication of material appearing in the FEDERAL REGISTER.

CODIFICATION GUIDE

A numerical list of the parts of the Code of Federal Regulations affected by documents published in this issue. Proposed rules, as opposed to final actions, are identified as such.

CODIFICATION GUIDE—Con.

AUTHORITY: §§ 705.201 to 705.288 issued under sec. 4, 49 Stat. 164; 16 U. S. C. 590d. Interpret or apply secs. 7–17, 49 Stat. 1148, as amended; 16 U. S. C. 590g–590q.

CONTROL OF FUNDS

§ 705.201 *Amount of assistance.* The State Office will determine the amount of assistance for each farm, taking into consideration the needs of other farms in the State as well as the conservation work for which assistance is most needed in 1953 to enable the farm to make the maximum contribution to production needed in the defense effort.

§ 705.202 *Adjustments.* If the total estimated earnings under the program exceed the total funds available for pay-

ments the assistance will be reduced equitably.

§ 705.203 *Allocation.* The amount of funds available for conservation practices under this program is $182,000. This amount does not include the amount set aside for administrative expenses and the amount required for size-of-payment adjustments in § 705.257.

APPROVAL OF CONSERVATION PRACTICES

§ 705.205 *Selection of practices.* Practices included in the 1953 program are only those which by maintaining or increasing soil fertility, controlling and preventing soil erosion caused by wind or water, encouraging conservation and better agricultural use of water, conserving and increasing range and pasture forage, or conserving or improving farm woodland, assist in making possible the production of agricultural commodities needed in the defense effort. The practices included are those which will not be carried out in the desired volume on the basis of relative conservation needs unless assistance is given therefor.

§ 705.206 *Adaptation of practices and rates of assistance.* In order to encourage the performance of practices which are needed most, the State Office may designate from the practices listed in this subpart those practices which will be applicable on designated groups of farms.

§ 705.207 *Pooling agreements.* Producers in any local area may agree in writing, with approval of the State Office, to perform designated amounts of practices which the State Office determines are necessary to conserve or improve the agricultural resources of the community. For purposes of payment, practices carried out under such an approved written agreement will be regarded as having been carried out on the farms of the producers who performed the practices.

§ 705.208 *Prior notice to State Office.* The State Office requires notification, in advance, of the farmer's intentions to participate in the 1953 program and of his designation of practices to be used. Intentions may be filed on Form ACP-201-Hawaii (52), by letter to the Honolulu or Hilo office of the Production and Marketing Administration, or by telephone or personal contact with authorized PMA farm checkers, but must be submitted on or before September 30, 1953. Information must include a description of the practice(s) and extent of the performance anticipated.

§ 705.209 *Program year and technical aid.* (a) Payment will be made at the rates specified and within the limitations set forth in this subpart for carrying out during the period from January 1, 1953, to December 31, 1953, inclusive, the conservation practices included in this subpart which are approved for a farm, except that farmers, who before December 31, 1952, (1) complete all practices for which they will make claim for payment under the 1952 program, or (2) have carried out practices to the maximum extent of their allowance under the 1952 program, may enroll and perform practices under the 1953 program any time after September 30, 1952. No payment will be made under the 1953 program for any part of a practice carried out for payment under the 1952 program.

(b) Of the permanent-type conservation practices authorized under this subpart, the Soil Conservation Service is responsible for the technical phases of the permanent-type practices contained in §§ 705.211, 705.212, 705.214 through 705.216, 705.234, 705.236, and 705.238 through 705.241. In addition the Soil Conservation Service is responsible for the technical phases of the practices contained in §§ 705.217 and 705.218 if guidelines must be established under the 1953 program. This responsibility shall include (1) a finding that the practice is needed and practical on the farm, (2) necessary site selection, other preliminary work, and lay-out work of the practice, (3) necessary supervision of the installation, and (4) certification of performance (or application of the practice to the land). Also, in areas where the State Office, the designated representative of the Soil Conservation Service in the area, and the Forest Service representative having jurisdiction of farm forestry in the area determine that there is a need for making a prior determination that land to be cleared under § 705.226 or § 705.227 is suitable for clearing for the purpose of the practice, the Soil Conservation Service technician shall have the responsibility for such prior determination of suitability. The practices listed in this paragraph are not considered to be the only permanent-type practices in the program. However, it is hereby determined that they are the only practices in the 1953 program for which the Soil Conservation Service has been delegated responsibility for the technical phases under Secretary's Memorandum 1278.

(c) The Forest Service is responsible for the technical phases of the practices contained in §§ 705.242 and 705.243. This responsibility shall include (1) providing necessary specialized technical assistance, (2) development of specifications for forestry practices, and (3) working through the State Office, determining compliance in meeting these specifications.

§ 705.210 *Practice specifications.* Minimum specifications which practices must meet to be eligible for assistance are set forth in this subpart. Additional specifications may be secured from PMA area office or SCS territorial office in Honolulu.

CONSERVATION PRACTICES AND MAXIMUM RATES OF ASSISTANCE

§ 705.211 *Practice 1. Constructing continuous terraces and/or diversion ditches to control the flow of water on sloping farm land.* Credit will be allowed, provided the structures are properly laid out and constructed in accordance with detailed specifications provided by the State Office (see Practice Specification No. 1—Revised), adequately protected against siltation, overflowing, or washing, and supplied with outlets and waterways for the discharge of accumulated water. If the land terraced is planted to clean-tilled crops, the crop rows must follow contour lines on all slopes greater than 2 percent and less than 20 percent. Diversion ditches should be used on slopes between 16 percent and 20 percent. Only bench-type terraces will be recognized as effective on cultivated land of 20 percent or more slope. With soils of very light texture appropriate filter strips immediately above each terrace channel are required where slope conditions threaten heavy siltation during rainstorms. No payment will be allowed for reconstructing old terraces.

Maximum assistance. (a) $2 per 100 linear feet of terrace constructed in clear soil.

(b) $4 per 100 linear feet of terrace constructed in very rocky soil or exposed rocky substratum.

(c) $8 per 100 linear feet for bench terraces.

(d) $0.10 per cubic yard of earth moved in ditch construction.

§ 705.212 *Practice 2: Constructing field interception ditches and/or outlet channels for disposing of, diverting, or collecting water to control erosion or for impounding purposes.* Channels exceeding ½ percent in grade must be protected against erosion damage by adequate sod or other lining. Outlets must be protected to discharge water without gullying. The amount of material moved in channel construction shall be that which is determined by direct measurement of ridge or berm material above normal ground level or that determined by prior and subsequent sectional surveys. Payment will be allowed only once and that for the year of construction. Detailed specifications are contained in Soil Conservation Service Technical Standards on file in the State Office.

Maximum assistance. $0.10 per cubic yard of material moved.

§ 705.213 *Practice 3: Constructing individual terraces around coffee, fruit, and nut trees.* Terrace ridge should be not less than 5 feet long and high enough to provide catchment capacity of not less than 3 cubic feet. Terrace ridge should be of firmly packed soil or rock set in soil. Wherever possible orchard land should be protected by permanent vegetative cover.

Maximum assistance. $1 per 100 linear feet of terrace.

§ 705.214 *Practice 4: Establishing a protective sod lining in waterways.* This practice will be applicable to waterways built or reshaped in the program year and used for removing excess water from farm land that is contoured, terraced, and/or trash mulched. Satisfactory sod lining (dense enough to prevent soil cutting) must be established before credit may be given for this practice. Detailed specifications are contained in Soil Conservation Service Technical Standards on file in the State Office.

Maximum assistance. $0.75 per 1,000 square feet of surface established by shaping and seeding or sodding.

§ 705.215 *Practice 5: Building erosion control dams or stone or vegetative barriers to prevent or heal the gullying of farm land and reduce runoff of water.* Receipts or invoices showing purchase of pipe and/or flume material, and receipts

or records showing payment for labor will be required by inspectors as evidence of accomplishment under (d) and (f) of this section. Detailed specifications are contained in Soil Conservation Service Technical Standards on file in the State Office.

Maximum assistance. (a) $0.14 per cubic yard of earth moved in the construction of the dams, wings, and walls.

(b) $12 per cubic yard of concrete used.

(c) $7 per cubic yard of rubble masonry used.

(d) 50 percent of the average cost of pipe and/or flume material delivered to the farm.

(e) $1.50 per cubic yard of rock used, for rock or rock and brush dams.

(f) 80 percent of the cost of constructing stone barriers for diverting and spreading surface runoff.

(g) $0.25 per 100 linear feet for planting single line vegetative barriers to impede the flow of surface runoff.

(h) $1.50 per 1,000 square feet for planting suitable permanent massed vegetative barriers.

§ 705.216 *Practice 6: Constructing permanent riprap or revetment of stone to control erosion of stream banks, gullies, dam faces, or water courses.* Detailed specifications are contained in Soil Conservation Service Technical Standards on file in the State Office.

Maximum assistance. $0.50 per square yard of exposed riprap surface.

§ 705.217 *Practice 7: Contour farming of intertilled crops on nonterraced land.* Credit will be given for farming intertilled crops planted during the program year on the contour on nonterraced land of 2 percent or more slope. However, no credit will be given if payment is authorized for the practice contained in § 705.218 on the same land in the same year. Credit will not be given for this practice on land under furrow irrigation. Credit will not be given for this practice on land of 6 percent or more slope, unless adequate ditching or terracing protection is provided in accordance with specifications in this subpart covering such practices. If the land is not promptly put into another crop, the crop residue must be left standing, or a cover crop established.

Maximum assistance. (a) $3 per acre per year where all cultural operations (plowing, harrowing, planting, and cultivating) are on the contour or where cultivating space between contour planted rows is furrowed to a depth not less than 6 inches.

(b) $1 per acre per year where only planting and cultivating are on the contour.

§ 705.218 *Practice 8: Planting orchards on the contour.* Credit will be given for planting orchards on the contour on land having more than 2 percent slope. The land must be protected by at least one of the following: terracing, ditching, ridging, or vegetative cover.

Maximum assistance. $5 per acre.

§ 705.219 *Practice 9: Maintaining a permanent vegetative cover in nonterraced orchards to prevent erosion.* If cover is mowed residue must be left on the land. Where mowing is impractical moderate grazing may be employed but not to the extent of endangering the vegetative cover.

Maximum assistance. $1 per acre.

§ 705.220 *Practice 10: Planting leguminous crops for use as green manure, stubble mulch, or cover.* In order to qualify, a good stand and a good growth of the leguminous crops must be grown and left on the land or turned under during the program year. Receipts or invoices showing purchase of seed, or records of collecting, will be required by inspectors as evidence of seed used. In case of mixed seeding with acceptable nonlegumes, see § 705.221 (Practice 11), the ratio of one-third of the required poundage of legume seed for unmixed plantings to two-thirds of the required poundage of nonlegume seed for unmixed plantings shall provide the basis for determining eligibility and payment. Any of the following crops or any other locally-adapted crops approved by the State Office may be used.

	Minimum seeding rate (pounds per acre)
(a) Pigeon peas	30
(b) Velvetbeans	50
(c) Field beans	30
(d) Purple vetch	20
(e) Clover	5
(f) Kudzu	8
(g) Crotelaria juncea	10
(h) Crotalaria spectabilis	10
(i) Cowpeas	30

Maximum assistance. 50 percent of the cost of seed at the farm, but not in excess of $5 per acre of area planted.

§ 705.221 *Practice 11: Planting adapted nonlegumes for green manure, stubble mulch, cover, or filter strip.* Para grass (Panicum purpurascens), molasses grass, Rhodes grass, feather fingergrass, acceptable small grains and other nonlegumes determined by the State Office as suitable for this purpose, are eligible for payment. In order to qualify, a good stand and a good growth must be secured during the program year and be left on the land or turned under. Acreage harvested for seed or hay is not eligible for assistance. Receipts or invoices showing purchase of seed, or records of collecting, will be required by inspectors as evidence of seed used. In case of mixed seeding with acceptable legumes, see § 705.220 (Practice 10) for ratio specifications.

Maximum assistance. 50 percent of the cost of seed at the farm, but not in excess of $5 per acre of area actually planted.

§ 705.222 *Practice 12: Organic manuring of fields with compost or dehydrated peat moss.* Farm compost must consist of agricultural waste material protected against leaching. In order to qualify, compost volume must be determined by county agent or PMA farm checker prior to spreading. To qualify as "compost" organic material must be decomposed to the extent that (a) there is no readily detectable heat of oxidation in the compost pile, (b) there is no readily detectable odor of any of the original materials employed, and (c) the original nature of organic material used is indistinguishable. In order for dehydrated peat moss to qualify, the farmer must provide analysis of the product and receipted bills showing amounts purchased and price. Analysis must show not less than 75 percent organic matter on the dry basis and a water absorbing ratio of not less than 7:1.

Maximum assistance. (a) Farm compost—$4 per cubic yard in the composting pit or pile.

(b) Dehydrated peat moss—50 percent of the cost at warehouse, but not in excess of $25 per acre.

§ 705.223 *Practice 13: Seeding or planting in prepared land or in unprepared and depleted range land adapted grasses, legumes, or other forage plants for establishing or improving permanent pastures.* Applicable only to ranches of 1,000 acres or less in size. The seed must be well distributed over the area sown to insure a good stand at maturity. No area seeded shall be grazed until grass and/or legumes are established. Receipts or invoices showing purchase of seed, or records of collecting, will be required by inspectors as evidence of seed used. Any of the locally adapted crops approved by the State Office may be used but must be seeded at not less than the minimum seeding rates per acre prescribed by the State Office. The use of Koa haole under this practice is restricted to coastal areas of Maui between Kihei and Kaupo. In order to meet the minimum requirements, slips or stools of grasses may be planted in continuous rows.

Maximum assistance. 50 percent of the cost of seed at the farm, but not in excess of $5 per acre actually planted.

§ 705.224 *Practice 14: Applying ground limestone or its equivalent where soil analysis shows the need.* Lime material must contain at least 80 percent calcium carbonate equivalent and be fine enough to pass through a 20 mesh screen and must be evenly applied to the land. Receipts or invoices showing the purchase of lime, properly dated and signed by the vendor, will be required as evidence by the farm inspector at the time of inspection.

Maximum assistance. 60 percent of the average cost delivered to the farm.

§ 705.225 *Practice 15: Applying potash or phosphate.* Payment will be made for applying potash or phosphate to grasses or legumes (excluding all crops for sale) or to green manure or cover crops in orchards (excluding all crops for sale). Payment will be made only for the application of phosphate (P_2O_5) and potash (K_2O) separately or in mixed form, and for not more than 100 pounds of each ingredient per acre. Application of phosphate or potash to the soil may be made to a growing scrop or at the time of seeding a new crop. Application must be made at a time so that the eligible crop will receive the principal benefit of the material. Receipts or invoices showing the purchase and analysis of the fertilizer used, properly dated and signed by the vendor, will be required as evidence by the farm inspector at the time of inspection.

Maximum assistance. (a) Potash—$3 per 100 pounds of available K_2O.

(b) Superphosphate or ammo-phos (16–20–0 analysis)—$6.10 per 100 pounds of available P_2O_5.

(c) Ammo-phos (11–48–0 analysis)—$5.46 per 100 pounds of available P_2O_5.

(d) Raw rock phosphate—$3.90 per 100 pounds of P_2O_5 content.

§ 705.226 *Practice 16: Clearing suitable land to permit conservation of other land in the farm.* This practice is applicable only where clearing is necessary for the adoption, on not less than equal acreage, of a better soil conserving cropping system, reforestation, or retirement from cultivation of severely eroded lands (but not lands in common rotation). No payment will be made for clearing a stand of merchantable timber. Records of labor and equipment used in the clearing operation will be required as evidence of cost.

Maximum assistance. 50 percent of the cost of the clearing operation, but not in excess of $10 per acre cleared.

§ 705.227 *Practice 17: Clearing suitable new land for permanent pasture.* This practice is applicable only to ranches of 1,000 acres or less in size and to land which has undergone no clearing operation within the past 25 years while under control of the present operator; or within 10 years in the case of a recent change in ownership or tenancy, except where the State Office determines otherwise. This practice is applicable only where clearing is necessary for the establishment of perennial legumes and grasses which must be established as soon as practicable and within the program year. No payment will be made for clearing a stand of merchantable timber. Records of labor and equipment used in the clearing operation will be required as evidence of cost.

Maximum assistance. 50 percent of the cost of the clearing operation, but not in excess of $10 per acre cleared.

§ 705.228 *Practice 18: Controlling weeds in established pasture or range land by grubbing out, or poisoning of undesirable plants.* Payment will be made only once for "grubbing" on the same land during 1953 regardless of the number of times weeds are removed during the year. Payments for poisoning will be repeated for each application made according to accepted practices. Receipts or invoices showing purchase and analysis of poisons used will be required by inspectors as evidence.

Maximum assistance. (a) $0.50 per acre per year for grubbing.

(b) 50 percent of the average cost of State Office approved chemicals, but not in excess of $1 per acre per application.

§ 705.229 *Practice 19: Applying sugarcane mill refuse to cane fields harvested or started in fallow during the program year.* Eligible materials will include separately or in any combination, cane leaf trash, soil washings, bagasse, and filter cake. Records of volume transported and identity as well as areas of fields treated will be required by inspectors before determining payments.

Maximum assistance. 50 percent of the hauling expense, but not in excess of $15 per acre treated.

§ 705.230 *Practice 20: Applying coffee pulp and/or husks around coffee trees.* Payment will be made for not more than 5 tons of pulp (unfermented weight) and/or husks applied per acre. Satisfactory evidence of the quantity of pulp applied will be required.

Maximum assistance. $2 per ton for mill produced pulp requiring truck hauling.

§ 705.231 *Practice 21: Applying organic mulch material to land in truck crops, fruit and nut trees, or pineapples.* Organic material must be of a fibrous nature and shredded, chopped, or crushed. Material such as sugarcane bagasse, cane leaf trash, pineapple trash, tree fern stumps, coarse grasses, coffee husks, sawdust and wood shavings as well as macadamia nut husks and shells will be eligible. The mulch must be thick enough to completely cover the surface of soil areas treated. Receipts or invoices showing purchase of materials and cost of transportation will be required by inspectors as evidence of compliance.

Maximum assistance. (a) 50 percent of the cost of material at the farm, but not in excess of $25 per acre treated with materials secured from outside the farm.

(b) $5 per acre treated with materials, other than pineapple trash produced on the farm.

(c) $2.50 per acre treated with pineapple trash produced on the farm.

§ 705.232 *Practice 22: Deferred grazing.* Payment will not be made on more than 25 percent of the grazing land in the unit, except that the State Office, with approval of the ACP Branch, may waive the percentage limitation for any local area where deferment of a larger area is necessary to conserve range resources, nor on any part of the deferred area which is cut for hay. For payment purposes, the deferment period may not be less than 12 months, credit being given for deferment time originating in the previous year for which payment was not made under the 1952 program. The following conditions must be observed in order to qualify for payment:

(a) The land on which the practice is carried out must be kept entirely free from grazing during the period.

(b) The range land in the farm must not be grazed to such extent as to injure the forage, tree growth, or watershed.

(c) This practice shall not be applicable to land which normally is not used for grazing during the period in which livestock is removed.

(d) Rested area must have a vegetative cover of forage crop acceptable to the State Office.

Maximum assistance. $1 per acre for the acreage deferred.

§ 705.233 *Practice 23: Producing during 1953 seed of grass and/or legumes for use in range or pasture improvement or for cover cropping or green manuring.* Receipts or invoices showing purchase of seed and other materials used and records of production expenses including harvest, will be required by inspectors as evidence of cost. The following species or others approved by the State Office will qualify for credit:

Kaimi clover (Desmodium canum).
Spanish clover (Desmodium uncinatum).
Crotalaria juncea.
Purple vetch.
Pigeon peas.
Canary grass.
Clovers.
Paspalum dilatatum.
Feather fingergrass (Chloris virgata).
Rhodes grass.
Bromegrass.
Australian bluegrass.
Guinea grass.
Orchard grass.
Ryegrass.
Mesquite grass.

Maximum assistance. 50 percent of the cost of production, but not in excess of $25 per acre.

§ 705.234 *Practice 24: Construction of dams, pits, or ponds for livestock water, including the enlargement of inadequate structures.* The development must contribute to a better distribution of grazing or better pasture management. No assistance will be given for cleaning or maintaining an existing structure. Receipts or invoices showing purchase of material used in construction will be required by inspectors as evidence of cost. Detailed specifications are contained in Soil Conservation Service Technical Standards on file in the State Office.

Maximum assistance. (a) $0.14 per cubic yard of material moved.

(b) $12 per cubic yard of concrete used.

(c) $7 per cubic yard of rubble masonry used.

(d) 50 percent of the cost of fencing materials, pipe, and seeding or sodding the dam and filter strips.

§ 705.235 *Practice 25: Installation of pipelines for livestock water.* The project must contribute to a better distribution of grazing. Receipts or invoices showing purchase of pipe used will be required to determine cost.

Maximum assistance. 50 percent of the average cost of pipe at the farm, except that the payment for pipe in excess of 2 inches in diameter may not exceed the payment which may be made for 2-inch pipe.

§ 705.236 *Practice 26: Construction of permanent artificial watersheds and/or storage tanks for accumulating livestock water.* The project must contribute to a better distribution of grazing. No payment will be made if part of the water impounded or supplied is used for irrigation or domestic purposes. Receipts or invoices showing purchase of materials used will be required to determine cost. Detailed specifications are contained in Soil Conservation Service Technical Standards on file in the State Office.

Maximum assistance. (a) 50 percent of the cost of material used, other than concrete and rubble masonry.

(b) $12 per cubic yard of concrete used.

(c) $7 per cubic yard of rubble masonry used.

§ 705.237 *Practice 27: Construction of permanent fences to obtain better distribution of grazing on range or pastureland, or to protect farm woodland from grazing.* No payment may be made for the maintenance of existing fences or for construction of boundary fences. Required fencing of forest reserve land is not eligible. Any fencing necessary to the working of cattle (including pens and corrals) is ineligible. Receipts or invoices showing purchase of materials will be required to determine cost.

Maximum assistance. (a) 50 percent of the average cost at the farm of posts, wire,

poles, lumber, staples, or other similar fencing materials used.

(b) $0.10 per linear foot of rock wall, minimum dimensions of which shall be: Height, 4 feet; base width, 36 inches; and top width, 24 inches.

§ 705.238 *Practice 28: Constructing or enlarging dams, pits, and ponds to impound surface water for irrigation.* No assistance will be given for material moved in cleaning or maintaining a reservoir. Receipts or invoices showing purchase of materials used will be required by inspectors as evidence of cost. Detailed specifications are contained in Soil Conservation Service Technical Standards on file in the State Office.

Maximum assistance. (a) $0.14 per cubic yard of earth material moved.

(b) $12 per cubic yard of concrete used.

(c) $7 per cubic yard of rubble masonry used.

(d) 50 percent of the average cost of pipe and outlet gates.

(e) 50 percent of the average cost of seeding or sodding dams or filter strips.

(f) 50 percent of the average cost of materials, other than concrete and rubble masonry, used in permanent structures, including soil sealing.

§ 705.239 *Practice 29: Reorganizing farm irrigation systems to conserve water and prevent erosion.* The reorganization (a change for the better in style or method of conveying water to and in the fields) must be carried out in accordance with a written plan approved by the State Office. Receipts or invoices showing purchase of materials or equipment and records of labor employed will be required by inspectors as evidence of installation costs. Detailed specifications are contained in Soil Conservation Service Technical Standards on file in the State Office.

Maximum assistance. (a) $0.14 per cubic yard of earth material moved in the construction or enlargement of permanent ditches, dikes, or laterals. No assistance will be given for cleaning a ditch.

(b) Lining ditches or reservoirs:

(1) 50 percent of the average cost of approved material used, other than concrete and rubble masonry.

(2) $12 per cubic yard of concrete used.

(3) $7 per cubic yard of rubble masonry used.

(c) Constructing or installing siphons, flumes, drop boxes or chutes, weirs, diversion gates, and pipe. No assistance will be given for repairs or replacements of existing structures.

(1) 50 percent of the average cost of material used in permanent structures, other than concrete and rubble masonry but excluding forms.

(2) $12 per cubic yard of concrete used.

(3) $7 per cubic yard of rubble masonry used.

(d) 50 percent of the average cost of pipe and fittings used for sprinkler irrigation. No assistance will be given for repairs or replacements of existing structures. Total assistance for portable pipe and fittings under this item shall not exceed $500 per farm.

§ 705.240 *Practice 30: Leveling land for more efficient use of irrigation water or to prevent erosion.* No assistance will be given for floating or for carrying out this practice on land for which assistance for leveling was given under a previous program. Not applicable to land for which no irrigation water is available. Receipts or records showing expense of labor used will be required by inspectors as evidence of earth moving costs. Detailed specifications are contained in Soil Conservation Service Technical Standards on file in the State Office.

Maximum assistance. 50 percent of the average cost of earth moving, but not in excess of $10 per acre.

§ 705.241 *Practice 31: Construction or enlargement of open permanent farm drainage ditches.* No payment will be made for material moved in cleaning or maintaining a ditch. Receipts or invoices showing purchase of seed or materials and records of labor employed and soil moved will be required by inspectors as evidence of construction work costs. Detailed specifications are contained in Soil Conservation Service Technical Standards on file in the State Office.

Maximum assistance. (a) $0.10 per cubic yard of material moved.

(b) $12 per cubic yard of concrete used.

(c) $7 per cubic yard of rubble masonry used.

(d) 50 percent of the average cost of seed or planting materials for establishing suitable cover for protection against erosion on ditch banks and right-of-way.

§ 705.242 *Practice 32: Planting forest trees and shrubs on farm land for forestry purposes, windbreaks, or erosion control.* Plantings must be protected from fire and grazing. For recommended species and planting specifications see State Office.

Maximum assistance. $2 per 100 trees or shrubs planted.

§ 705.243 *Practice 33: Maintaining a stand of trees and shrubs in windbreaks, planted between January 1, 1948, and January 1, 1953.* Trees and shrubs must be of types suited to windbreak purposes. For recommended species and planting specifications see State Office. Plants must be protected from fire and grazing.

Maximum assistance. $2 per 100 trees or shrubs replanted.

§ 705.244 *Practice 34: Building temporary check dams of materials such as rock, wire, wood, or brush supplemented by vegetative cover of close-growing grasses or legumes.*

Maximum assistance. $0.10 per linear foot of dam crest.

§ 705.245 *Practice 35: Preventing cattle trail gullies.* Diversion of cattle from use of trails worn in pasture and/or range land at grades in excess of 6 percent must be effective so as to permit regrowth of vegetation in the old trails.

Maximum assistance. $1 per 1,000 linear feet of cattle trails so protected.

PAYMENTS

§ 705.256 *Division of payments*—(a) *Conservation practice payments.* The payment earned in carrying out practices shall be paid to the producer who carried out the practices. If more than one producer contributed to the carrying out of such practices, the payment shall be divided in the proportion that the State Office determines the producers contributed to the carrying out of the practices. In making this determination, the State Office shall take into consideration the value of the labor, equipment, or material contributed by each producer toward the carrying out of each practice on a particular acreage, assuming that each contributed equally, unless it is established to the satisfaction of the State Office that their respective contributions thereto were not in equal proportion. The furnishing of land will not be considered as a contribution to the carrying out of any practice.

(b) *Death, incompetency, or disappearance of producer.* In the case of death, incompetency, or disappearance of any producer, his share of the payment shall be paid to his successor, determined in accordance with the provisions of Part 716 of this chapter (ACP-122).

§ 705.257 *Increase in small payments.* The payment computed for any person with respect to any farm shall be increased as follows:

(a) Any payment amounting to $0.71 or less shall be increased to $1.

(b) Any payment amounting to more than $0.71 but less than $1 shall be increased by 40 percent.

(c) Any payment amounting to $1 or more shall be increased in accordance with the following schedule:

Amount of payment computed:	*Increase in payment*
$1 to $1.99	$0.40
$2 to $2.99	.80
$3 to $3.99	1.20
$4 to $4.99	1.60
$5 to $5.99	2.00
$6 to $6.99	2.40
$7 to $7.99	2.80
$8 to $8.99	3.20
$9 to $9.99	3.60
$10 to $10.99	4.00
$11 to $11.99	4.40
$12 to $12.99	4.80
$13 to $13.99	5.20
$14 to $14.99	5.60
$15 to $15.99	6.00
$16 to $16.99	6.40
$17 to $17.99	6.80
$18 to $18.99	7.20
$19 to $19.99	7.60
$20 to $20.99	8.00
$21 to $21.99	8.20
$22 to $22.99	8.40
$23 to $23.99	8.60
$24 to $24.99	8.80
$25 to $25.99	9.00
$26 to $26.99	9.20
$27 to $27.99	9.40
$28 to $28.99	9.60
$29 to $29.99	9.80
$30 to $30.99	10.00
$31 to $31.99	10.20
$32 to $32.99	10.40
$33 to $33.99	10.60
$34 to $34.99	10.80
$35 to $35.99	11.00
$36 to $36.99	11.20
$37 to $37.99	11.40
$38 to $38.99	11.60
$39 to $39.99	11.80
$40 to $40.99	12.00
$41 to $41.99	12.10
$42 to $42.99	12.20
$43 to $43.99	12.30
$44 to $44.99	12.40
$45 to $45.99	12.50
$46 to $46.99	12.60
$47 to $47.99	12.70
$48 to $48.99	12.80
$49 to $49.99	12.90
$50 to $50.99	13.00
$51 to $51.99	13.10
$52 to $52.99	13.20
$53 to $53.99	13.30

Amount of payment computed—Continued	*Increase in payment*
$54 to $54.99	$13.40
$55 to $55.99	13.50
$56 to $56.99	13.60
$57 to $57.99	13.70
$58 to $58.99	13.80
$59 to $59.99	13.90
$60 to $185.99	14.00
$186 to $199.99	(1)
$200 and over	(2)

[1] Increase to $200.
[2] No increase.

§ 705.258 *Payments limited to $2,500.* The total of all payments made in connection with the 1953 program to any person with respect to farms, ranching units, and turpentine places in the United States (including Alaska, Hawaii, Puerto Rico, and the Virgin Islands) shall not exceed the sum of $2,500. All or any part of any payment which has been or otherwise would be made to any person under the 1953 program may be withheld, or required to be refunded, if he has adopted, or participated in adopting, any scheme or device including the dissolution, reorganization, revival, formation, or use of any corporation, partnership, estate, trust, or any other means designed to evade, or which has the effect of evading, the provisions of this section.

GENERAL PROVISIONS RELATING TO PAYMENT

§ 705.261 *Maintenance of practices.* Any payment for the performance of approved conservation practices under the 1953 program will be subject to the condition that the person to whom the payment is made will maintain such practices in accordance with good farming practices. If the State Office determines that any conservation practice carried out under previous agricultural conservation programs is not maintained in accordance with good farming practices, or the effectiveness of any such practice is destroyed during the 1953 program year, a deduction shall be made for the extent of the practice destroyed or not maintained. The deduction rate shall be the 1953 practice rate or, if the practice is not offered in 1953, the practice rate in effect during the year the practice was performed. The deduction shall be made from the payment of the person responsible for destroying or not maintaining the practice after the payment has been increased in accordance with the provisions of § 705.257.

§ 705.262 *Practices defeating purposes of programs.* If the State Office finds that any person has adopted or participated in any practice which tends to defeat the purposes of the 1953 or any previous program, it may withhold, or require to be refunded, all or any part of any payment which has been or would otherwise be made to such person under the 1953 program.

§ 705.263 *Depriving others of payment.* If the State Office finds that any person has employed any scheme or device (including coercion, fraud, or misrepresentation), the effect of which would be or has been to deprive any other person of any payment under the program, it may withhold, in whole or in part, from the person participating in or employing such a scheme or device, or require him to refund in whole or in part the amount of any payment which has been or would otherwise be made to him in connection with the 1953 program.

§ 705.264 *Filing of false claims.* If the State Office finds than any producer has knowingly filed claim for payment under the program for practices not carried out, or for practices carried out in such a manner that they do not meet the required specifications therefor, such person shall not be eligible to receive any payment under the program and shall refund all payments that may have been made to him under the program. The withholding or refunding of payments will be in addition to and not in substitution of any other penalty or liability which might otherwise be imposed.

§ 705.265 *Payment computed and made without regard to claims.* Any payment or share of payment shall be computed and made without regard to questions of title under State law; without deduction of claims for advances (except as provided in § 705.266 and except for indebtedness to the United States subject to set-off under orders issued by the Secretary (Part 718 of this chapter)); and without regard to any claim or lien against any crop, or proceeds thereof, in favor of the owner or any other creditor.

§ 705.266 *Assignments.* Any person who may be entitled to any payment in connection with the 1953 program may assign his payment, in whole or in part, as security for cash loaned or advances made for the purpose of financing the making of a crop in 1953. No assignment will be recognized unless it is made in writing on Form ACP–69 and in accordance with the instructions in ACP–70–Insular Region. These forms may be obtained from the State Office or from any office of the Agricultural Extension Service.

§ 705.267 *Practices carried out with State or Federal aid.* The assistance for any practice shall not be reduced because it is carried out with materials or services furnished by the ACP Branch or by any agency of a State to another agency of the same State, or with technical advisory services furnished by a State or Federal agency. In other cases of State or Federal aid, the total assistance for any practice performed shall be reduced for purposes of payment by the value of the aid, as determined by the State Office. Materials or services furnished or used by a State or Federal agency for the performance of practices on its land shall not be regarded as State or Federal aid for the purposes of this section.

§ 705.268 *Compliance with regulatory measures.* Producers who carry out conservation practices for assistance under the 1953 program shall be responsible for obtaining the authorities, rights, easements, or other approvals necessary to the performance of the practices in keeping with applicable laws and regulations. The producer who receives assistance for the practice shall be responsible to the Federal Government for any losses it may sustain because the producer infringes on the rights of others, or fails to comply with applicable laws.

APPLICATION FOR PAYMENT

§ 705.271 *Persons eligible to file applications.* An application for payment with respect to a farm may be made by any producer who is entitled to share in the payment determined for the farm.

§ 705.272 *Time and manner of filing applications and information required.* (a) Payment will be made only upon application submitted on the prescribed form to the State Office. Payment may be withheld from any person who fails to file any form or furnish any information required with respect to any farm which such person is operating or renting to another. Any application for payment may be rejected if it is not submitted to the State Office by May 1, 1954. At least 2 weeks' notice to the public shall be given of the expiration of any time limit established for filing other prescribed forms or required information, and any time limit fixed shall afford a full and fair opportunity to those eligible to file the form or information within the period prescribed. Such notice shall be given by making copies available to the press.

(b) Any farmer wishing to apply for payment who has not been contacted by the State Office should communicate with the Production and Marketing Administration, 303 Dillingham Building, Honolulu, T. H., 140 Federal Building, Hilo, Hawaii, T. H., or any office of the Agricultural Extension Service, before May 1, 1953.

(c) If an application for a farm is filed within the time prescribed, any producer on the farm who did not sign the application may subsequently apply for his share of the payment, provided he does so on or before December 31, 1954.

APPEALS

§ 705.276 *Appeals.* Any producer may, within 15 days after notice thereof is forwarded to or made available to him, request the State Office in writing to reconsider its recommendation or determination in any matter affecting the right to or the amount of his payment with respect to the farm. The State Office shall notify him of its decision in writing within 30 days after receipt of written request for reconsideration. If the producer is dissatisfied with the decision of the State Office, he may, within 15 days after the decision is forwarded to or made available to him, request the Director, ACP Branch, to review the decision of the State Office. Written notice of any decision rendered under this section by the State Office shall also be issued to each other producer on the farm who may be adversely affected by the decision.

BULLETINS, INSTRUCTIONS, AND FORMS

§ 705.277 *Bulletins, instructions, and forms.* The ACP Branch is authorized to make determinations and to prepare and issue bulletins, instructions, and forms containing detailed information

with respect to the 1953 program, and forms will be available in the State Office. Requests for information concerning the Agricultural Conservation Program, as well as inquiries of any other nature with respect to the program, may be directed to the Production and Marketing Administration, 303 Dillingham Building, Honolulu, T. H., or the Production and Marketing Administration, Room 140, Federal Building, Hilo, Hawaii, T. H.

DEFINITIONS

§ 705.281 *Definitions.* For the purposes of the 1953 program:

(a) "Secretary" means the Secretary of Agriculture of the United States.

(b) "Director" means the Director of the Agricultural Conservation Programs Branch, Production and Marketing Administration.

(c) "ACP Branch" means the Agricultural Conservation Programs Branch of the Production and Marketing Administration.

(d) "State" means the Territory of Hawaii.

(e) "State Office" means the Office of the Production and Marketing Administration in Honolulu, Territory of Hawaii.

(f) "Person" means an individual, partnership, association, corporation, estate, or trust, or other business enterprise or other legal entity, and, wherever applicable, a State, Territory, or Possession, or a political subdivision or agency thereof.

(g) "Producer" means any person who, as landlord, tenant, or sharecropper, participates in the operation of a farm.

(h) "Farm" means all adjacent or nearby farm or range land under the same ownership which is operated by one person, including also: (1) Any other adjacent or nearby farm or range land which the State Office, in accordance with instructions issued by the ACP Branch, determines is operated by the same person as part of the same unit in producing range livestock or with respect to the rotation of crops, and with workstock, farm machinery, and labor substantially separate from that for any other land; and (2) any field-rented tract (whether operated by the same or another person) which, together with any other land included in the farm, constitutes a unit with respect to the rotation of crops.

(i) "Cropland" means farm land which in 1952 was tilled or was in regular crop rotation, excluding (1) bearing orchards and vineyards (except the acreage of cropland therein), (2) plowable noncrop open pasture, and (3) any land which constitutes or will constitute, if tillage is continued, a wind-erosion hazard to the community.

(j) "Orchard land" means the acreage in planted fruit trees, nut trees, coffee trees, papaya trees, banana plants, or vineyards.

(k) "Pasture land" means farm land, other than range land, on which the predominant growth is forage suitable for grazing and on which the spacing of any trees or shrubs is such that the land could not fairly be considered as woodland.

(l) "Range land" means any land which produces or can produce, forage suitable for grazing by range livestock without cultivation or general irrigation.

AUTHORITY, AVAILABILITY OF FUNDS, AND APPLICABILITY

§ 705.286 *Authority.* The program contained in this subpart is approved pursuant to the authority vested in the Secretary of Agriculture under sections 7–17 of the Soil Conservation and Domestic Allotment Act, as amended (49 Stat. 1148; 16 U. S. C. 590g–590q).

§ 705.287 *Availability of funds.* (a) The provisions of the 1953 program are necessarily subject to such legislation as the Congress of the United States may hereafter enact; the making of the payments herein provided is contingent upon such appropriation as the Congress may hereafter provide for such purpose; and the amounts of such payments will necessarily be within the limits finally determined by such appropriation.

(b) The funds provided for the 1953 program will not be available for the payment of applications filed in the county office after December 31, 1954.

§ 705.288 *Applicability.* (a) The provisions of the 1953 program contained in this subpart are not applicable to (1) any department or bureau of the United States Government or any corporation wholly owned by the United States; (2) grazing lands owned by the United States which were acquired or reserved for conservation purposes, or which are to be retained permanently under Government ownership, including, but not limited to, grazing lands administered by the Forest Service or the Soil Conservation Service of the United States Department of Agriculture, or by the Bureau of Land Management (including lands administered under the Taylor Grazing Act) or the Fish and Wildlife Service of the United States Department of the Interior; and (3) nonprivate persons for performance on any land owned by the United States or a corporation wholly owned by it.

(b) The program is applicable to (1) privately owned lands; (2) lands owned by the Territory of Hawaii or a political subdivision or agency thereof; (3) lands owned by corporations which are partly owned by the United States, such as production credit associations; (4) lands temporarily owned by the United States or a corporation wholly owned by it, which were not acquired or reserved for conservation purposes, including lands administered by the Farmers Home Administration, the Reconstruction Finance Corporation, the Federal Farm Mortgage Corporation, the United States Department of Defense, or by any other Government agency designated by the ACP Branch; and (5) any cropland farmed by private persons which is owned by the United States or a corporation wholly owned by it.

Done at Washington, D. C., this 8th day of October 1952.

[SEAL] CHARLES F. BRANNAN,
Secretary of Agriculture.

Chapter IX—Production and Marketing Administration (Marketing Agreements and Orders), Department of Agriculture

PART 931—MILK IN THE CEDAR RAPIDS-IOWA CITY, IOWA, MARKETING AREA

ORDER AMENDING ORDER REGULATING HANDLING

§ 931.0 *Findings and determinations.* The findings and determinations hereinafter set forth are supplementary and in addition to the findings and determinations made in connection with the issuance of this order; and all previous findings and determinations are hereby ratified and affirmed, except insofar as such findings and determinations may be in conflict with the findings and determinations set forth herein.

(a) *Findings upon the basis of the hearing record.* Pursuant to Public Act No. 10, 73d Congress (May 12, 1933), as amended and as reenacted and amended by the Agricultural Marketing Agreement Act of 1937, as amended (hereinafter referred to as the "act"), and the rules of practice and procedure governing the formulation of marketing agreements and orders (7 CFR, Supps. 900.1 et seq.), a public hearing was held at Cedar Rapids, Iowa, on August 7, 1952, upon a proposed amendment to the tentative marketing agreement and to the order regulating the handling of milk in the Cedar Rapids-Iowa City marketing area. Upon the basis of the evidence introduced at such hearing and the record thereof, it is hereby found that:

(1) The said order, as hereby amended, and all of the terms and conditions of said order as hereby amended, will tend to effectuate the declared policy of the act.

(2) The parity prices for milk as determined pursuant to section 2 of the act are not reasonable in view of the price of feeds, available supplies of feeds, and other economic conditions which affect market supply of and demand for such milk and the minimum prices specified in the order, as hereby amended, are such prices as will reflect the aforesaid factors, insure a sufficient quantity of pure and wholesome milk, and be in the public interest; and

(3) The said order, as hereby amended, regulates the handling of milk in the same manner as and is applicable only to persons in the respective classes of industrial and commercial activity specified in a marketing agreement upon which a hearing has been held.

(b) *Additional findings.* It is necessary, in the public interest, to make this order amending the order effective not later than October 16, 1952. Any delay beyond October 16, 1952, in the effective date of this order amending the order

will seriously disrupt the orderly marketing of milk for the Cedar Rapids-Iowa City marketing area. The changes effected by this order amending the order do not require of persons affected substantial or extensive preparation prior to the effective date. In view of the foregoing, it is hereby found that good cause exists for making this order effective October 16, 1952 (see sec. 4c, Administrative Procedure Act, 5 U. S. C. 1003 (c)).

(c) *Determinations.* It is hereby determined that handlers (excluding cooperative associations of producers who are not engaged in processing, distributing, or shipping the milk covered by this order amending the order, which is marketed within the Cedar Rapids-Iowa City marketing area) of more than 50 percent of the milk which is marketed within the said marketing area, refused or failed to sign the proposed marketing agreement regulating the handling of milk in the said marketing area, and it is hereby further determined that:

(1) The refusal or failure of such handlers to sign said proposed marketing agreement tends to prevent the effectuation of the declared policy of the act;

(2) The issuance of this order amending the order is the only practical means pursuant to the declared policy of the act of advancing the interests of producers of milk which is produced for sale in the Cedar Rapids-Iowa City marketing area; and

(3) The issuance of this order amending the order is approved or favored by at least two-thirds of the producers who during the determined representative period (June 1952), were engaged in the production of milk for sale in the Cedar Rapids-Iowa City marketing area.

Order relative to handling. It is therefore ordered, that on and after the effective date hereof, the handling of milk in the Cedar Rapids-Iowa City marketing area shall be in conformity to and in compliance with the terms and conditions of the aforesaid order, as hereby amended, and the aforesaid order is hereby amended as follows:

1. Delete § 931.50 (a) and substitute:

(a) *Class I milk.* The price for Class II milk for the previous delivery period plus the following premiums during the delivery periods indicated:

December through April	$0.85
May, June	.65
July through November	1.15

Provided, That for any delivery period prior to January 1, 1954, the Class I price shall be not less than the price established per hundredweight for Class I milk under Order No. 44, as amended, regulating the handling of milk in the Quad Cities marketing area, minus 15 cents.

2. In the list of plants in § 931.50 (b) (1) insert "Carnation Co., Waverly, Iowa."

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. and Sup. 608c)

Issued at Washington, D. C., this 8th day of October 1952, to be effective on and after the 16th day of October 1952.

[SEAL] CHARLES F. BRANNAN,
Secretary of Agriculture.

[F. R. Doc. 52-11037; Filed, Oct. 10, 1952; 8:54 a. m.]

[Lemon Reg. 456]

PART 953—LEMONS GROWN IN CALIFORNIA AND ARIZONA

LIMITATION OF SHIPMENTS

§ 953.563 *Lemon Regulation 456*—(a) *Findings.* (1) Pursuant to the marketing agreement, as amended, and Order No. 53, as amended (7 CFR Part 953; 14 F. R. 3612), regulating the handling of lemons grown in the State of California or in the State of Arizona, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and upon the basis of the recommendation and information submitted by the Lemon Administrative Committee, established under the said amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of the quantity of such lemons which may be handled, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule making procedure, and postpone the effective date of this section until 30 days after publication thereof in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001 et seq.) because the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient, and a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions of this section effective as hereinafter set forth. Shipments of lemons, grown in the State of California or in the State of Arizona, are currently subject to regulation pursuant to said amended marketing agreement and order; the recommendation and supporting information for regulation during the period specified herein was promptly submitted to the Department after an open meeting of the Lemon Administrative Committee on October 8, 1952; such meeting was held, after giving due notice thereof to consider recommendations for regulation, and interested persons were afforded an opportunity to submit their views at this meeting; the provisions of this section, including its effective time, are identical with the aforesaid recommendation of the committee, and information concerning such provisions and effective time has been disseminated among handlers of such lemons; it is necessary, in order to effectuate the declared policy of the act, to make this section effective during the period hereinafter specified; and compliance with this section will not require any special preparation on the part of persons subject thereto which cannot be completed by the effective time thereof.

(b) *Order.* (1) The quantity of lemons grown in the State of California or in the State of Arizona which may be handled during the period beginning at 12:01 a. m., P. s. t., October 12, 1952, and ending at 12:01 a. m., P. s t,, October 19, 1952, is hereby fixed as follows:

(i) District 1: Unlimited movement;

(ii) District 2: 225 carloads;

(iii) District 3: Unlimited movement.

(2) The prorate base of each handler who has made application therefor, as provided in the said amended marketing agreement and order, is hereby fixed in accordance with the prorate base schedule which is attached to Lemon Regulation 455 (17 F. R. 8895) and made a part hereof by this reference.

(3) As used in this section, "handled," "handler," "carloads," "prorate base," "District 1," "District 2," and "District 3," shall have the same meaning as when used in the said amended marketing agreement and order.

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. and Sup. 608c)

Done at Washington, D. C., this 9th day of October 1952.

[SEAL] S. R. SMITH,
Director, Fruit and Vegetable Branch, Production and Marketing Administration.

[F. R. Doc. 52-11065; Filed, Oct. 10, 1952; 9:02 a. m.]

PART 993—DRIED PRUNES PRODUCED IN CALIFORNIA

ESTABLISHMENT OF SALABLE AND SURPLUS PERCENTAGES FOR 1952–53 CROP YEAR

Notice was published in the September 19, 1952, issue of the FEDERAL REGISTER (17 F. R. 8441) that the Secretary of Agriculture was considering a proposed rule to establish a salable percentage of 100 and a surplus percentage of zero in connection with dried prunes which are produced in California during the 1952–53 crop year. These percentages were recommended by the Prune Administrative Committee in accordance with the provisions of Marketing Agreement No. 110, as amended, and Order No. 93, as amended (7 CFR 1951 Supp., Part 993), regulating the handling of dried prunes produced in California, effective under the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.). In said notice, opportunity was afforded all interested persons to file written data, views, or arguments with respect thereto. No such written data, views, or arguments were filed within the period provided therefor.

After consideration of all matters pertaining thereto, including the recommendations of the Prune Administrative Committee, it is hereby found by me on behalf of the Secretary of Agriculture that to establish a salable percentage of

100 and a surplus percentage of zero, as hereinafter provided, will tend to effectuate the declared policy of the act, and it is, therefore, ordered, that such salable and surplus percentages shall be as follows:

§ 993.203 *Dried prune salable tonnage and surplus tonnage regulation for the 1952–53 crop year.* The salable percentage of dried prunes produced in California for the crop year beginning August 1, 1952, and ending July 31, 1953, shall be 100 percent, and the surplus percentage of such dried prunes for said crop year shall be zero percent.

It is hereby found that delaying the effective date of this order for 30 days after its publication (see section 4(c) of the Administrative Procedure Act; 5 U. S. C. 1001 et seq.) is impracticable, unnecessary, and contrary to the public interest in that deliveries of dried prunes to handlers by producers and dehydrators for the 1952–53 crop year have begun; the salable and surplus percentages of 75 and 25, respectively, established for the 1951–52 crop year remain effective under provisions of the marketing agreement and order until the percentages established by this order become effective; and it is necessary in order to avoid confusion and to relieve handlers of the continuing obligation under such 1951–52 regulation that this order be made effective as promptly as practicable. In these circumstances, this order must be made effective on the date of its publication in the FEDERAL REGISTER.

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. and Sup. 608c)

Issued at Washington, D. C., this 8th day of October 1952, to become effective on the date of the publication of this document in the FEDERAL REGISTER.

[SEAL] S. R. SMITH,
Director,
Fruit and Vegetable Branch.

[F. R. Doc. 52-11035; Filed, Oct. 10, 1952; 8:53 a. m.]

TITLE 14—CIVIL AVIATION

Chapter I—Civil Aeronautics Board

Subchapter A—Civil Air Regulations

[Supp. 14]

PART 3—AIRPLANE AIRWORTHINESS; NORMAL, UTILITY, AND ACROBATIC CATEGORIES

MISCELLANEOUS AMENDMENTS

This supplement: (1) Recodifies our interpretations of "nonacrobatic operation" and "limited acrobatic maneuvers"; (2) recodifies our policies relating to "accelerated service test for aircraft" and makes the policies applicable to larger aircraft only; (3) recodifies our rules regarding "changes of engines", makes the provisions policies rather than rules, and revises one paragraph; (4) recodifies our rules relating to the "approval of materials, parts, processes, and appliances", and adds our policies regarding such approval; (5) deletes our policies regarding "weighing procedure for new production aircraft not falling within the transport category", and recodifies our policies regarding "weight and balance limitations for flight tests"; (6) alters references contained in our policies regarding "allowable bending moments of stable sections in the plastic range"; (7) alters our policies regarding "new float designs"; (8) alters our policies regarding alternate standards for water loads; (9) adds interpretations of "approved tire rating", and alters our policies regarding tires "satisfactory for use on civil aircraft"; and (10) deletes our policies regarding "approval of seats and berths, and their installations", adds interpretations of "approved seats and berths", and adds policies concerning "proof of strength for seats and berths and their installations".

Substantive rule alterations are minor and do not impose additional burdens upon interested persons. Compliance with the notice, procedures, and effective date provisions of section 4 of the Administrative Procedure Act would be unnecessary, and therefore is not required.

1. Sections 3.6–1 and 3.6–2, published on April 14, 1951, in 16 F. R. 3278, are amended by substituting "§ 3.20" for "§ 3.6", "§ 3.20 (a) (1)" for "§ 3.6 (a) (1)", "§ 3.20 (a) (2)" for "§ 3.6 (a) (2)", "§ 3.20–1" for "§ 3.6–1", and "§ 3.20–2" for "§ 3.6–2".

2. Section 3.19–1, published on April 14, 1951, in 16 F. R. 3279, is amended by substituting "§ 3.16–1 *Accelerated service tests for aircraft having a maximum certificated take-off weight of more than 6000 pounds*" for "§ 3.19–1 *Accelerated service test for aircraft*", by rearranging paragraph (a) to read (b) and paragraph (b) to read (a), and by deleting from the footnote to subparagraph (d) (1) the words "for small, simple airplanes" and inserting in lieu thereof the words "wherever possible".

3. Section 3.23–1, published on April 14, 1951, in 16 F. R. 3281, is amended by substituting "§ 3.19" for "§ 3.23" and "§ 3.19–1" for "§ 3.23–1", by substituting "policies" for "rules" in § 3.19–1, and by revising paragraph (b) to read:

(b) Aircraft alterations involving weight or speed changes beyond those set forth above will be approved by the Administrator, if the applicant shows compliance with the applicable airworthiness requirements.

4. Section 3.31–1, published on April 14, 1951, in 16 F. R. 3281, is deleted, and in lieu thereof new § 3.18–1 and § 3.18–2 are adopted to read:

§ 3.18–1 *Approval of aircraft materials, parts, processes, and appliances (CAA rules which apply to § 3.18).* Aircraft materials, parts, processes, and appliances made the subject of Technical Standard Orders shall be approved upon the basis and in the manner prescribed in Part 514[1] of this title, Technical Standard Orders — C-Series — Aircraft Components.

§ 3.18–2 *Application of the Technical Standard Orders (TSO) System; C Series (CAA policies which apply to § 3.18)*—(a) *Purpose of Technical Standard Orders.* Technical Standard Orders are a means by which the Administrator adopts and publishes the specifications for which authority is provided in § 3.18 (a).

(b) *Applicability of Technical Standard Order requirements.* (1) The applicability of and effective dates for TSO items are set forth in each TSO.

(2) Each Technical Standard Order sets forth the conditions under which materials, parts, processes, and appliances approved by the Administrator prior to establishment of an applicable TSO, may continue to be used in aircraft.

(3) The establishment of a Technical Standard Order for any product does not preclude the possibility of establishing the acceptability of a similar product as part of an aircraft, engine, or propeller, under the type certification or modification procedures, if there is established a level of safety equivalent to that provided in the Civil Air Regulations as implemented by the appropriate Technical Standard Order and the product is identified as part of the airplane, engine, or propeller.

(c) *Administration of the Technical Standard Order (TSO) system.* The principles which apply in administering the Technical Standard Order system are as follows:

(1) Technical Standard Orders will reference performance provisions of recognized government specifications, or established industry specifications which have been found acceptable by the CAA. If no satisfactory specification exists, the Orders will include criteria prepared by the Administrator. In preparing criteria of this type, the Administrator will give consideration to recommendations made by the industry.

(2) Minimum performance requirements established by the Civil Aeronautics Administration and published in Technical Standard Orders will serve as a means by which materials, parts, processes, and appliances intended for use in certificated aircraft will be accepted.

(3) TSO's set forth the minimum requirements for safety. Every effort will be made by the CAA to keep the requirements at the minimum levels of safety and TSO's will not be used to set forth "desirable" standards.

(4) It will be the responsibility of the person submitting a statement of conformance to the CAA, certifying that his product meets the requirements of the TSO, to conduct the necessary tests demonstrating compliance therewith. This person will be held responsible for maintaining quality control adequate to assure that products which he guarantees to meet the requirements of a TSO do, in fact, meet these standards. The CAA will not formally approve such products as meeting the requirements of TSO's nor exercise direct inspection control over them. The statement of conformance with the provisions of a Technical

[1] Part 514 is available only through the Federal Register where it appeared on October 12, 1951, 16 F. R. 10403. Copies of individual TSO's contained therein are available upon application to the Aviation Information Office, Civil Aeronautics Administration, Department of Commerce, Washington 25, D. C.

Standard Order normally will be accepted by the CAA as sufficient indication that the applicable requirements have been fulfilled.

Any TSO item which is modified must continue to comply with the requirements of the TSO; and the person authorizing the modification will be responsible for such compliance.

(d) *Numbering of Technical Standard Orders.* Each Technical Standard Order will be assigned a designation consisting of the letters "TSO," a series code letter "C" indicating aircraft materials, parts, processes, and appliances, and a serial number to be assigned in sequence for each of the TSO's issued in the "C" series, e. g., TSO–C–1, "Smoke Detectors." Revisions are indicated by the addition of letters a, b, c, etc., after the number.

5. Section 3.71–1, published on April 14, 1951, in 16 F. R. 3282, is deleted, and § 3.71–2 is renumbered § 3.71–1.

6. Sections 3.174–3 and § 3.174–7, published on April 14, 1951, in 16 F. R. 3285, are amended by substituting "1943" for "1948" in § 3.174–3 (a), and "ANC–5" for "ANC–5a" in § 3.174–3 (a) (1) and § 3.174–7 (c).

7. Section 3.265–1 (b), published on April 14, 1951, in 16 F. R. 3288, is amended to read:

(b) New float designs which are submitted for approval should be investigated for the structural design requirements of this part.

8. Section 3.265–2, published on April 14, 1951, in 16 F. R. 3289, is amended to read:

§ 3.265–2 *Water loads; alternate standards (CAA policies which apply to §§ 3.10 and 3.265).* ANC–3 provides a level of safety equivalent to, and may be applied in lieu of, § 3.265.

9. Section 3.362–1, published on April 14, 1951, in 16 F. R. 3289, is amended to read:

§ 3.362–1 *Approved tire rating (CAA interpretations which apply to § 3.362).* An approved tire rating is a rating assigned by the Tire and Rim Association or by the Administrator.

§ 3.362–2 *Tire rating standards (CAA policies which apply to § 3.362).* Approved tire ratings or experimental tire ratings assigned by the Tire and Rim Association may be used in determining whether a tire is satisfactory for use on civil aircraft.

10. Section 3.390–1, published on April 14, 1951, in 16 F. R. 3291 is deleted, and §§ 3.390–1 and 3.390–2 are added to read:

§ 3.390–1 *Approved seats and berths (CAA interpretations which apply to § 3.390).* An approved seat or berth is one which complies with the pertinent requirements in the Civil Air Regulations as implemented by TSO–C25 "Aircraft Seats and Berths".

§ 3.390–2 *Proof of strength for seats and berths and their installations (CAA policies which apply to § 3.390).* (a) Proof of compliance with strength and deformation requirements for seats and berths, approved as a part of the type design, and for all seat and berth installations, may be shown by one of the following methods:

(1) Structural analysis alone when the structure conforms with conventional types for which existing methods of analysis are known to be reliable.

(2) A combination of structural analysis and static load tests to limit loads.

(3) Static load tests alone when such tests are carried to ultimate loads.

(Sec. 205, 52 Stat. 984, as amended; 49 U. S. C. 425. Interpret or apply secs. 601, 603, 52 Stat. 1007, 1009, 62 Stat. 1216; 49 U. S. C. 551, 553)

This supplement shall become effective October 31, 1952.

[SEAL] F. B. LEE,
Acting Administrator of Civil Aeronautics.

TITLE 20—EMPLOYEES' BENEFITS

Chapter V—Bureau of Employment Security, Department of Labor

PART 604—POLICIES OF THE UNITED STATES EMPLOYMENT SERVICE

OCCUPATIONAL TESTING

Notice is hereby given that § 604.10 (a) is amended to read as follows:

§ 604.10 *Occupational testing.* * * *

(a) To use objective tests and related techniques for the measurement of skills, aptitudes, and interests when such use will contribute to sound employment counseling and placement of applicants by local employment offices.

(Sec. 12, 48 Stat. 117; 29 U. S. C. 49k)

Signed at Washington, D. C., this 6th day of October 1952.

ROBERT C. GOODWIN,
Director of the Bureau of Employment Security.

[F. R. Doc. 52–10993; Filed, Oct. 10, 1952; 8:46 a. m.]

TITLE 32—NATIONAL DEFENSE

Chapter VII—Department of the Air Force

Subchapter C—Claims and Accounts

PART 836—CLAIMS AGAINST THE UNITED STATES

CLAIMS FOR COMBAT PAY

Sections 836.151 to 836.155 are added to Part 836 as follows:

Sec.
836.151 Purpose.
836.152 Claims from separated or retired personnel.
836.153 Claims on behalf of deceased or incompetent members.
836.154 Appeals.
836.155 Forms.

AUTHORITY: §§ 836.151 to 836.155 issued under secs. 701–707, Pub. Law 488, 82d Cong.
DERIVATION: AFL 173.3.

§ 836.151 *Purpose.* Sections 836.151 to 836.155 prescribe the procedure to be followed by former members of the Air Force or their beneficiaries in making application for combat duty pay as authorized by the Combat Duty Pay Act of 1952 (secs. 701–707, Pub. Law 488, 82d Cong.).

§ 836.152 *Claims from separated or retired personnel.* Persons who are separated or retired and who are entitled to combat pay not previously paid will forward their claims to the Air Adjutant General, Headquarters United States Air Force, Attention: Personnel Records Service Division, Washington 25, D. C., on DD Form 667. The Air Adjutant General or subordinates acting in his behalf will forward the DD Form 667, completed as to determination of facts, to the Military Pay Division, Air Force Finance Center, Denver 5, Colorado, for processing for payment.

§ 836.153 *Claims on behalf of deceased or incompetent members.* Claims on behalf of deceased members, incompetent members, or members who for any reason are unable to submit their own claims, may be submitted by the legal representative or a member of the immediate family of such person. DD Form 667, forwarded as stated in § 836.152, should be accompanied by a letter explaining the reason the former member is unable to submit his own claim, and in the case of deceased veterans the letter should include the name and address of the veteran's next of kin in the following order: Wife; if no wife, children; if no wife or children, parents. If there are no living relatives of the foregoing categories, then the names and addresses of the deceased veteran's brothers and sisters should be stated.

§ 836.154 *Appeals.* The Air Adjutant General, or subordinates acting in his behalf, will notify each person out-of-service for whom an unfavorable determination has been made. This notification will advise the individual of his right to submit further information and evidence.

§ 836.155 *Forms.* DD Form 667, Claim for Combat Pay, may be obtained from local post offices, or from Headquarters United States Air Force, Personnel Records Service Division, Washington 25, D. C.

[SEAL] K. E. THIEBAUD,
Colonel, U. S. Air Force, Air Adjutant General.

[F. R. Doc. 52–10990; Filed, Oct. 10, 1952; 8:45 a. m.]

TITLE 32A—NATIONAL DEFENSE, APPENDIX

Chapter III—Office of Price Stabilization, Economic Stabilization Agency

[Ceiling Price Regulation 24, Amdt. 20]

CPR 24—CEILING PRICES OF BEEF SOLD AT WHOLESALE

RECORD OF CLASS OF BUYER AND SELLER

Pursuant to the Defense Production Act of 1950, as amended, Executive Or-

der 10161 and Economic Stabilization Agency General Order 2, this Amendment 20 to Ceiling Price Regulation 24 is hereby issued.

STATEMENT OF CONSIDERATIONS

This amendment to Ceiling Price Regulation (CPR) 24, and accompanying amendments to CPRs 92 and 101, discontinue the requirement of recording the class of buyer and seller on each record of a sale, transfer, purchase or receipt covered by these regulations and substitute, instead, a much simpler record keeping requirement. Symbols are no longer mandatory and records may be in the form of a card file, alphabetical list, or in some other suitable form. In whatever form maintained, the record must permit an objective determination of the legality of each sale, delivery, transfer or receipt.

In formulating this amendment, the Director of Price Stabilization has consulted so far as practicable with industry representatives, including trade association representatives, and has given full consideration to their recommendations. In his judgment the provisions of this amendment are generally fair and equitable, are necessary to effectuate the purposes of the Defense Production Act of 1950, as amended, and comply with all the applicable standards of the act.

It is not believed that this amendment will cause any substantial changes in business practices, cost practices or methods, or means or aids to distribution; however, to the extent that such changes may be compelled, they are necessary to prevent circumvention or evasion of Ceiling Price Regulation 24, as amended.

AMENDATORY PROVISIONS

Ceiling Price Regulation 24 is amended as follows:

Section 9 (a) (5) is amended to read as follows:

(5) A suitable record of the class of buyer or recipient and the class of seller or transferor. This record may be in the form of a card file, alphabetical list, your existing method of recording or in some other suitable form, provided it clearly shows the correct class of buyer or recipient and seller or transferor with regard to each sale, transfer, purchase, or receipt of beef.

(Sec. 704, 64 Stat. 816, as amended, 50 U. S. C. App. Sup. 2154)

Effective date. This amendment shall become effective October 15, 1952.

NOTE: The record keeping and reporting requirements of this amendment have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

TIGHE E. WOODS,
Director of Price Stabilization.

OCTOBER 10, 1952.

[F. R. Doc. 52-11170; Filed, Oct. 10, 1952; 11:18 a. m.]

[Ceiling Price Regulation 34, Amdt. 10 to Supplementary Regulation 3]

CPR 34—SERVICES

SR 3—APPROVAL OF CERTAIN AUTOMOTIVE AND FARM TRACTOR REPAIR SERVICE FLAT RATE MANUALS

INTERIM MODIFICATIONS OR SUPPLEMENTS

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161, and Economic Stabilization Agency General Order No. 2, this Amendment 10 to Supplementary Regulation 3 to Ceiling Price Regulation 34, is hereby issued.

STATEMENT OF CONSIDERATIONS

This amendment provides for approval of interim modifications or supplements of a minor or routine character covering time allowances for operations or combinations of operations contained in an edition of or supplement to a flat rate manual or labor schedule previously specifically approved by OPS or published prior to January 26, 1951, which it would be impracticable or uneconomic to withhold from the repair trade until such time as it becomes feasible to include them in a new edition of, or major supplement to, the manuals or schedules affected. Such minor or routine changes and supplemental time allowances are customarily released by manufacturers in the form of manufacturers' service bulletins, or supplemental dated pages for insertion in loose-leaf type binders. Irrespective of any such interim approval, however, a new edition of or major supplement to a flat rate manual or labor schedule published thereafter may include all modifications or time allowances submitted to OPS for approval as provided by this supplementary regulation.

A new section is added to the supplementary regulation authorizing such interim approval and specifying the information required in an application therefor. Approvals will be granted by Special Order and published in the Federal Register, since such interim modification or establishment of time allowances will ordinarily apply to a number of sellers using the manuals or labor schedules.

The character of the approval granted by this amendment made it impracticable and unnecessary to consult formally with representatives of the industry and trade associations, although in each instance representatives of the publishers of the manuals were consulted and consideration was given to their recommendations. In the judgment of the Director of Price Stabilization the provisions of this amendment are generally fair and equitable and are necessary to effectuate the purposes of Title IV of the Defense Production Act of 1950, as amended.

AMENDATORY PROVISIONS

Supplementary Regulation 3 to Ceiling Price Regulation 34 is amended by adding a new section 5 to read as follows:

SEC. 5. *Approval of minor or routine interim modifications of or supplements to approved manuals and schedules.* (a) Any publisher of a flat rate manual or labor schedule approved under section 2, as amended, of this supplementary regulation or published prior to January 26, 1951 who wishes to issue minor or routine modification of or supplement to such manual or schedule of the nature customarily issued by the publisher as an interim matter pending publication of a new edition of his flat rate manual or labor schedule, may apply under this section for an order approving the use of such interim modification or supplement.

(b) The application should be addressed to the Director, Office of Price Stabilization, Washington 25, D. C., and should include:

(1) The name and address of the applicant;

(2) The name and edition of the manual or labor schedule being modified or supplemented, and the operation or combination of operations which are to be modified or added by the supplement;

(3) Two copies of the part of the manufacturers' service bulletin which contains the proposed modification or supplement reprinted page or other method by which the users of the manual or schedule will be notified of the approved change in time allowance.

(c) If the application is approved, OPS will issue and publish in the Federal Register a special order, subject to such terms and conditions as OPS shall deem to be appropriate, approving such interim modifications or supplements.

(Sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Sup. 2154)

Effective date. This Amendment 10 to Supplementary Regulation 3 to Ceiling Price Regulation 34 shall be effective October 15, 1952.

NOTE: The record-keeping and reporting requirements of this regulation have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

TIGHE E. WOODS,
Director of Price Stabilization.

OCTOBER 10, 1952.

[F. R. Doc. 52-11171; Filed, Oct. 10, 1952; 11:19 a. m.]

[Ceiling Price Regulation 168, Amdt. 1]

CPR 168—CEILING PRICES FOR SITKA SPRUCE AND WEST COAST HEMLOCK MANUFACTURED AND SOLD IN ALASKA

TABLE OF ESTIMATED WEIGHTS

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161, and Economic Stabilization Agency General Order No. 2, this Amendment 1 to Ceiling Price Regulation 168 is hereby issued.

STATEMENT OF CONSIDERATIONS

Section 21 of Ceiling Price Regulation 168 refers to the Table of Estimated Weights, Appendix B of the regulation. This table is to be used to determine the charge which may be made in the ceiling

price for lumber sold on a delivered basis. Inadvertently, however, and through a clerical error, this appendix was omitted from the regulation. This amendment, therefore, adds Appendix B, Table of Estimated Weights, to the regulation.

Because consultation with industry representatives, including trade association representatives, was had in the formulation of Ceiling Price Regulation 168, further consultation was not practicable. In the opinion of the Director, this amendment is necessary to effectuate the purposes of the Defense Production Act of 1950, as amended.

AMENDATORY PROVISIONS

1. A new appendix, Appendix B, is added to Ceiling Price Regulation 168 following Appendix A, as follows:

APPENDIX B—TABLE OF ESTIMATED WEIGHTS

In arriving at transportation charges and delivered prices (see. 21), the use of the following estimated weights (even if higher than actual weights) is permitted:

SITKA SPRUCE WEIGHT SCHEDULE

(Including comparative weight for west coast hemlock)

Flooring	Finished thickness	Weight per M b. m. dry, pounds
1 x 3 and 4"	25/32"	1,800
1 x 6"	25/32"	1,900
3/4 x 3 and 4"	11/16"	2,000
5/8 x 4"	9/16"	1,400

Square edge flooring—add 200 pounds.
Hemlock same weight as Sitka Spruce.

Ceiling, all patterns	Finished thickness	Weight per M b. m. dry, pounds
1½ x 4"	7/16"	1,000
3/4 x 4"	9/16"	1,200
5/8 x 6"	9/16"	1,300
1 x 4"	11/16"	1,500
1 x 6"	23/32"	1,700

Ceiling worked 25/32" net—deduct 100 pounds from flooring weight.
Hemlock same weight as Sitka Spruce.

Drop siding, rustic, clear shiplap	Finished thickness	Weight per M b. m. dry, pounds
1 x 4", pat. 119, 121	3/4"	1,300
1 x 4", pat. 120, 122	3/4"	1,400
1 x 4", pat. 106	3/4"	1,500
5/8 x 6", pat. 105, 106, 115, 117 and V rustic.	9/16"	1,300
1 x 6", pat. 107, 113, 115, 117, 124	3/4"	1,500
1 x 6", pat. 103, 108, 111, 114, 118	3/4"	1,600
1 x 6", pat. 101, 104, 105, 106, 112 and rustic.	3/4"	1,700
1 x 6", pat. 102, 109, 110, 116 and V rustic.	3/4"	1,800
1 x 8", pat. 116, and shiplap	3/4"	1,900

8" width—add 100 pounds to 6" pat.
Hemlock same weight as Sitka spruce.

Stepping	Finished thickness	Weight per M b. m. dry, pounds
5/4 x 10 and 12"	1 1/16"	2,200
6/4 x 10 and 12"	1 5/16"	2,300

Hemlock same weight as Sitka Spruce.

Clears and ship decking	Weight M b. m. dry, S4S Std., pounds	Weight M b. m. green, S4S Std., pounds
1 x 2"	1,700	2,200
1 x 3 and 4"	1,800	2,400
1 x 5" and wider	1,900	2,600
1¼ x 2"	1,900	2,400
1¼ x 3 and 4"	2,000	2,600
1¼" x 5" and wider	2,100	2,800
1½" x 2"	2,000	2,500
1½" x 3 and 4"	2,100	2,700
1¼" x 5" and wider	2,200	2,900
2 x 2"	1,800	2,300
2 x 3 and 4"	1,900	2,500
2 x 5" and wider	2,000	2,700
3 x 3 and 3 x 4"	2,400	2,700
3 x 5, 3 x 6, and 3 x 8"	2,500	2,800
3 x 10 and 3 x 12"	2,600	2,900
4 x 4, 4 x 5, 4 x 6 and 4 x 8"	2,600	2,900
4 x 10 and 4 x 12"	2,700	3,000
6 x 6"	2,700	3,000
6 x 8"	2,800	3,100
6 x 10"	2,800	3,100
6 x 12"	2,800	3,100
8 x 8"	2,800	3,100
8 x 10"	2,900	3,200
8 x 12"	2,900	3,200
10 x 10"	2,900	3,200
10 x 12"	2,900	3,200
12 x 12"	3,000	3,300

S. L. or S2S & M, deduct 100 pounds.
Hemlock, dry, add 100 pounds.
Hemlock, green, add 400 pounds.

Clears	Weight M b. m. dry, S1S or S2S only, pounds	Weight M b. m., green, S1S or S2S only, pounds
1" surfaced to 7/16"	1,200	1,550
1" surfaced to 1/2"	1,300	1,750
1" surfaced to 9/16"	1,500	2,000
1" surfaced to 5/8"	1,700	2,200
1" surfaced to 11/16"	1,900	2,400
1" surfaced to 3/4"	2,000	2,650
1" surfaced to 25/32"	2,100	2,750

6 x 6	3,050
6 x 8 and 6 x 10	3,100
6 x 12	3,150
8 x 8, 8 x 10, and 8 x 12	3,150
10 x 10 and 10 x 12	3,150
12 x 12	3,200

Hemlock, green, add 400 pounds.

SHIPPING WEIGHT FORMULA FOR SIZES NOT LISTED

When lumber is surfaced to a nonstandard size, or where the established weights are not specifically listed established weights for transportation are computed by applying to the appropriate average rough weight shown below, a percentage factor determined by the ratio of the area of the rough to the surfaced sizes. The resulting weight should then be rounded to the nearest 50 pounds.

	Pounds
Rough green clears	3,500
Rough dry 1" clears	2,700
Rough dry, clears over 1" and under 3" in thickness	2,800
Rough dry, clears 3" and thicker deduct 200 pounds from corresponding green weight.	
Rough green, all other grades	3,300
Rough dry, all other grades under 3" in thickness	2,800
Rough or surfaced dry 3" and over in thickness, deduct 200 pounds from corresponding green weight.	

Hemlock, rough green, all grades, add 500 pounds.
Hemlock, rough dry, all grades, add 100 pounds.

(Sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Sup. 2154)

Effective date. This Amendment 1 to Ceiling Price Regulation 168 is effective October 15, 1952.

TIGHE E. WOODS,
Director of Price Stabilization.

[Ceiling Price Regulation 34, Amdt. 1 to Supplementary Regulation 24]

CPR 34—SERVICES

SR 24—LINEN SUPPLIERS LOCATED IN NEW YORK CITY AREA: SALES OF CERTAIN LINEN SUPPLY SERVICES TO SMALL COMMERCIAL USERS

CLARIFICATION

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161 (15 F. R. 6105), and Economic Stabilization Agency General Order No. 2 (16 F. R. 738), this Amendment 1 to Supplementary Regulation 24 to Ceiling Price Regulation 34 is hereby issued.

STATEMENT OF CONSIDERATIONS

This Amendment 1 to Supplementary Regulation 24 to Ceiling Price Regulation 34 clarifies the coverage of this supplementary regulation to indicate clearly that it applies only when both the buyer and the seller of linen supply services are located in the New York City Area (the counties of New York, Kings, Queens, Bronx, Richmond, Nassau, Suffolk and Westchester in New York State). If either the buyer or seller is located outside of the New York City Area, the transaction continues to fall within the provisions of Ceiling Price Regulation 34.

If a buyer or seller has several places of business, some of which are within the New York City Area, the ceiling prices established by this supplementary regulation apply to sales or purchases made to and by those places of business only. Thus, there are two criteria for the applicability of this Supplementary Regulation 24: the location of buyer and seller, and the volume of linen supply services purchased by the buyer.

In view of the clarifying nature of this amendment, special circumstances have rendered consultation with industry representatives, including trade association representatives, impracticable.

AMENDATORY PROVISIONS

Supplementary Regulation 24 to Ceiling Price Regulation 34 is amended in the following respects:

1. The second sentence of section 1 is amended by inserting after the word "purchasers" the phrase "located in the New York City Area" so that the new sentence reads as follows: "It establishes dollars and cents ceiling prices for your sales of linen supply services listed in Appendix A to all commercial purchasers located in the New York City Area which are small accounts."

2. Subparagraph (a) (3) of section 4 is amended by inserting after the word "establishments" the phrase "located in the New York City Area" so that the new subparagraph reads as follows:

(3) If a commercial purchaser operates more than one establishment, all of these establishments located in the New York City Area for which linen supply services listed in Appendix A were purchases during the period specified in paragraph (b) of this section shall, for the purposes of this supplementary regulation, be considered a single purchaser for the purpose of determining whether the commercial purchaser is a large account.

3. Paragraph (c) of section 5 is amended by adding at the beginning thereof the following new subparagraph:

(5) This paragraph sets forth the information that your application must contain. If the purchaser operates more than one establishment, all of such establishments located in the New York City Area shall be considered a single purchaser. Data which relates to any establishments outside of the New York City Area operated by the purchaser cannot be used as a basis for redesignation and therefore the information submitted under this section must be limited to establishments located in the New York City Area.

4. Paragraph (b) of section 8 is amended by adding at the end thereof the following new sentence: "For the purposes of this regulation the term 'commercial purchaser' refers only to such purchasers located in the New York City Area."

(Sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Sup. 2154)

Effective date. This Amendment 1 is effective October 15, 1952.

TIGHE E. WOODS,
Director of Price Stabilization.

OCTOBER 10, 1952.

[Ceiling Price Regulation 51, Amdt. 7]

CPR 51—FOOD PRODUCTS SOLD IN PUERTO RICO

CEILING PRICES FOR MILK

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161, and Economic Stabilization Agency General Order No. 2, this amendment to Ceiling Price Regulation 51 is hereby issued.

STATEMENT OF CONSIDERATIONS

This amendment increases by one cent per quart the ceiling prices for cow's milk at all levels of distribution determined under Article 5 of Ceiling Price Regulation 51. Under the regulation the prices of milk are frozen to the weighted average prices received by the seller on 75 percent of sales by dollar volume during the period from January 15, 1952, to February 15, 1952, inclusive.

In the period between 1948 and the issuance of the General Ceiling Price Regulation prices for fresh milk in Puerto Rico were frozen under directive of the General Supplies Administration, a territorial governmental agency. The General Ceiling Price Regulation therefore also froze these prices until the inclusion in Ceiling Price Regulation 51 of Article 5 which established ceiling prices for cow's milk.

Producers have incurred cost increases both in labor and materials used prior to the subsequent freeze order and have requested adjustment of their ceil-

ing prices to take account of these increases. It has been determined by the Office of Price Stabilization that an increase in ceiling prices for milk is necessary in order to enable producers to receive their pre-Korean margins on sales of milk. In determining the amount of the increase to be granted in this regulation, studies were made of costs of representative groups of large, medium and small producers.

Although distributors also sustained certain cost increases after the freeze order was issued, it has been determined that they have compensated the increased costs by shifting to higher priced milk, i. e., homogenized, on which an added markup is received.

The Director has consulted the advisory committees for the cow's milk industry to the fullest extent practicable prior to the issuance of this amendment and has given due consideration to their recommendations. In the judgment of the Director, this amendment is necessary to effectuate the purposes of Title IV of the Defense Production Act of 1950, as amended.

AMENDATORY PROVISIONS

Paragraph (b) of section 5.1 of Ceiling Price Regulation 51 is amended to read as follows:

(b) *Ceiling prices.* Your ceiling prices for sales of raw milk, pasteurized milk, and pasteurized-homogenized milk for fluid consumption, are the weighted average prices you received on 75 percent of your sales by dollar volume, for fluid consumption, of raw milk, pasteurized milk, or pasteurized-homogenized milk, respectively, in the same size container to purchasers of the same class during the period from January 15, 1952, to February 15, 1952, inclusive, plus an increase computed at the rate of one cent per quart. On sales at retail in containers of less than a quart the increase on the total quantity sold shall be rounded to the nearest cent. For example: If you sell one pint of milk, the increase is one half cent which rounded to the nearest cent results in an increase of one cent. However, if you sell two pints of milk, then the increase results in an increase of one cent for the two pints.

(Sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Sup. 2154)

Effective date. This amendment is effective October 15, 1952.

TIGHE E. WOODS,
Director of Price Stabilization.

OCTOBER 10, 1952.

[Ceiling Price Regulation 74, Amdt. 15]

CPR 74—CEILING PRICES OF PORK SOLD AT WHOLESALE

RECORD OF CLASS OF BUYER AND SELLER

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161 and Economic Stabilization Agency General Order 2, this Amendment 15 to Ceiling Price Regulation 74 is hereby issued.

STATEMENT OF CONSIDERATIONS

This amendment makes the following changes in Ceiling Price Regulation (CPR) 74:

1. This amendment conforms CPR 74 to the wholesale veal, lamb and beef regulations by requiring records to be kept clearly showing the correct class of buyer, receiver, seller or transferor with regard to each sale, transfer, purchase or receipt of pork.

2. This amendment, and companion amendments to CPRs 92 and 101, also permit sellers who began doing business prior to April 30, 1951, to qualify as hotel supply houses or combination distributors, as the case may be, on the basis of their sales made from January 1, 1951, to April 30, 1951, for the reasons stated in the Statement of Considerations accompanying Amendment 19 to CPR 24. That Statement of Considerations is therefore incorporated in this amendment.

In formulating this amendment, the Director of Price Stabilization has consulted so far as practicable with industry representatives, including trade association representatives, and has given full consideration to their recommendations. In his judgment the provisions of this amendment are generally fair and equitable, are necessary to effectuate the purposes of the Defense Production Act of 1950, as amended, and comply with all the applicable standards of the act.

It is not believed that this amendment will cause any substantial changes in business practices, cost practices or methods, or means or aids to distribution; however, to the extent that such changes may be compelled, they are necessary to prevent circumvention or evasion of Ceiling Price Regulation 74, as amended.

AMENDATORY PROVISIONS

Ceiling Price Regulation 74 is amended in the following respects:

1. Section 11 (a) is amended by adding immediately following section 11 (a) (4) and immediately before the first unnumbered paragraph of section 11 (a) the following new subparagraph:

(5) A suitable record of the class of buyer or recipient and the class of seller or transferor. This record may be in the form of a card file, alphabetical list, your existing method of recording or in some other suitable form, provided it clearly shows the correct class of buyer or recipient and seller or transferor with regard to each sale, transfer, purchase, or receipt of pork.

2. Section 46 (c) is amended by deleting the last undesignated paragraph and substituting the following therefor:

Any statement filed in accordance with the similar provisions of CPR 24, 92 or 101 shall also satisfy the requirements for filing under this section. If no sales were made in 1950 but sales were made between January 1, 1951, and April 30, 1951, the sales made during this four-month period of 1951 may be reported in lieu of those specified herein for the year 1950.

3. Section 47 (c) is amended by deleting the last undesignated paragraph and substituting the following therefor:

Any statement filed in accordance with the similar provisions of CPR 24, 92 or 101 shall also satisfy the requirements for filing under this section. If no sales were made in 1950 but sales were made between January 1, 1951, and April 30, 1951, the sales made during this four-month period of 1951 may be reported in lieu of those specified herein for the year 1950.

4. Section 60 (d) is amended to read as follows:

(d) "Combination distributor" means any establishment which does not sell to ultimate consumers more than 50 percent of the total volume, by weight, of all meats, including sausage, variety meats and edible by-products, sold or delivered by it; and which sold or delivered to purveyors of meals during the year 1950, or if no sales were made in 1950, during the period from January 1, 1951 to April 30, 1951, not less than 25 percent of the total volume by weight of all meats including sausage, variety meats and edible by-products sold or delivered by it, excluding sales to defense procurement agencies.

5. Section 60 (g) is amended to read as follows:

(g) "Hotel supply house" means any establishment which sold or delivered to purveyors of meals during the year 1950, or if no sales were made in 1950, during the period from January 1, 1951 to April 30, 1951, not less than 70 percent of the total volume by weight of all meats, including sausage, variety meats and edible by-products, sold or delivered by it, excluding sales to defense procurement agencies.

(Sec. 704, 64 Stat. 816, as amended, 50 U. S. C. App. Sup. 2154)

Effective date. This amendment shall become effective October 15, 1952.

NOTE: The record keeping and reporting requirements of this amendment have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

TIGHE E. WOODS,
Director of Price Stabilization.

OCTOBER 10, 1952.

[F. R. Doc. 52-11174; Filed, Oct. 10, 1952; 11:20 a. m.]

[Ceiling Price Regulation 92, Amdt. 11]

CPR 92—LAMB, YEARLING AND MUTTON PRODUCTS SOLD AT WHOLESALE

RECORD OF CLASS OF BUYER AND SELLER

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161 and Economic Stabilization Agency General Order 2, this amendment to Ceiling Price Regulation 92 is hereby issued.

STATEMENT OF CONSIDERATIONS

This amendment makes the following changes in Ceiling Price Regulation (CPR) 92:

1. This amendment eliminates the requirement of recording by the use of symbols the class of buyer, seller, transferor or recipient on each record of a sale, transfer, purchase or receipt of lamb.

2. This amendment also permits sellers who did not engage in business in 1950 but were in business prior to April 30, 1951 to qualify as hotel supply houses or combination distributors, as the case may be.

The reasons for both of these actions are explained in the statements of consideration accompanying amendment 20 to CPR 24 and amendment 15 to CPR 74 and therefore those statements of consideration are incorporated in this amendment.

In formulating this amendment, the Director of Price Stabilization has consulted so far as practicable with industry representatives, including trade association representatives, and has given full consideration to their recommendations. In his judgment the provisions of this amendment are generally fair and equitable, are necessary to effectuate the purposes of the Defense Production Act of 1950, as amended, and comply with all the applicable standards of the act.

AMENDATORY PROVISIONS

CPR 92 is amended in the following respects:

1. Section 6 (b) is amended by substituting the following for the last undesignated paragraph thereof:

A statement filed by you in accordance with the similar provisions of Ceiling Price Regulation 24, 74, or 101 shall also satisfy the requirement of filing under this section. If no sales were made in 1950 but sales were made between January 1, 1951, and April 30, 1951, the sales made during this four-month period of 1951 may be reported in lieu of those specified herein for the year 1950.

2. Section 9 (a) (2) is amended to read as follows:

(2) A suitable record of the class of buyer or recipient and the class of seller or transferor. This record may be in the form of a card file, alphabetical list, your existing method of recording or in some other suitable form, provided it clearly shows the correct class of buyer or recipient and seller or transferor with regard to each sale, transfer, purchase, or receipt of lamb.

3. The definition of combination distributor in section 50 is amended to read as follows:

"Combination distributor" means any establishment which does not sell to ultimate consumers more than 50 percent of the total volume, by weight, of all meats, including sausage, variety meats and edible by-products, sold or delivered by it; and which sold or delivered to purveyors of meals during the year 1950, or if no sales were made in 1950, during the period from January 1, 1951, to April 30, 1951, not less than 25 percent of the total volume by weight of all meats including sausage, variety meats and edible by-products sold or delivered by it, excluding sales to defense procurement agencies.

4. The definition of hotel supply house in section 50 is amended to read as follows:

"Hotel supply house" means any establishment which sold or delivered to purveyors of meals during the year 1950, or if no sales were made in 1950, during the period from January 1, 1951, to April 30, 1951, not less than 70 percent of the total volume by weight of all meats, including sausage, variety meats and edible by-products, sold or delivered by it, excluding sales to defense procurement agencies.

(Sec. 704, 64 Stat. 816, as amended, 50 U. S. C. App. Sup. 2154)

Effective date. This amendment shall become effective October 15, 1952.

NOTE: The record keeping and reporting requirements of this amendment have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

TIGHE E. WOODS,
Director of Price Stabilization.

OCTOBER 10, 1952.

[Ceiling Price Regulation 101, Amdt. 9]

CPR 101—CEILING PRICES OF VEAL SOLD AT WHOLESALE

RECORD OF CLASS OF BUYER AND SELLER

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161 and Economic Stabilization Agency General Order 2, this Amendment 9 to Ceiling Price Regulation 101 is hereby issued.

STATEMENT OF CONSIDERATIONS

This amendment makes the following changes in Ceiling Price Regulation (CPR) 101:

1. This amendment eliminates the requirement of recording by the use of symbols the class of buyer, seller, transferor or recipient on each record of a sale, transfer, purchase or receipt of veal.

2. This amendment also permits sellers who did not engage in business in 1950 but were in business prior to April 30, 1951, to qualify as hotel supply houses or combination distributors, as the case may be.

The reasons for both of these actions are explained in the statements of considerations accompanying Amendment 20 to CPR 24 and Amendment 15 to CPR 74 and therefore those statements of considerations are incorporated in this amendment.

In formulating this amendment, the Director of Price Stabilization has consulted so far as practicable with industry representatives, including trade association representatives, and has given full consideration to their recommendations. In his judgment the provisions of this amendment are generally fair and equitable, are necessary to effectuate the purposes of the Defense Production Act of 1950, as amended, and comply with all the applicable standards of the act.

AMENDATORY PROVISIONS

CPR 101 is amended in the following respects:

1. Section 10 (a) (2) is amended to read as follows:

(2) A suitable record of the class of buyer or recipient and the class of seller or transferor. This record may be in the form of a card file, alphabetical list, your existing method of recording or in some other suitable form, provided it clearly shows the correct class of buyer or recipient and seller or transferor with regard to each sale, transfer, purchase, or receipt of veal.

2. The first paragraph of section 21 (a) is amended to read as follows:

SEC. 21. *Schedule II, fabricated veal cuts*—(a) *Sales of fabricated veal cuts by a hotel supply house to purveyors of meals or sales by a ship supplier to ship operators.* No hotel supply house shall make sales to purveyors of meals until such selling establishment shall have filed a statement, in duplicate, with the appropriate District Office of the Office of Price Stabilization showing:

(1) The total volume by weight of all meats, including sausage, variety meats and edible by-products, sold or delivered by it during 1950, excluding sales to defense procurement agencies; (2) the total volume by weight of all meats, including sausage, variety meats and edible by-products, sold or delivered by it during 1950 to purveyors of meals; (3) the percentage obtained by dividing the figure derived in (2) by the figure derived in (1). If no sales were made in 1950 but sales were made between January 1, 1951, and April 30, 1951, the sales made during this four-month period of 1951 may be reported in lieu of those specified herein for the year 1950. A statement filed by you in accordance with the similar provisions of CPR 24, 74 or 92 shall also satisfy the requirement of filing under this section.

3. The first paragraph of section 21 (b) is amended to read as follows:

(b) *Sales of fabricated veal cuts by a combination distributor or a peddler truck seller to purveyors of meals.* No combination distributor shall make sales to purveyors of meals until such selling establishment shall have filed a statement, in duplicate, with the appropriate District Office of the Office of Price Stabilization showing:

(1) The total volume by weight of all meats including sausage, variety meats, and edible by-products, sold or delivered by it during 1950, excluding sales to defense procurement agencies; (2) the total volume by weight of all meats, including sausage, variety meats, and edible by-products, sold or delivered by it during 1950 to purveyors of meals; (3) the percentage obtained by dividing the figure derived in (2) by the figure derived in (1). If no sales were made in 1950 but sales were made between January 1, 1951, and April 30, 1951, the sales made during this four-month period of 1951 may be reported in lieu of those specified herein for the year 1950. A statement filed by you in accordance with the similar provisions of CPR 24,

74 or 92 shall also satisfy the requirement of filing under this section.

4. Section 50 (d) is amended to read as follows:

(d) "Combination distributor" means any establishment which does not sell to ultimate consumers more than 50 percent of the total volume, by weight, of all meats, including sausage, variety meats and edible by-products, sold or delivered by it; and which sold or delivered to purveyors of meals during the year 1950, or if no sales were made in 1950, during the period from January 1, 1951, to April 30, 1951, not less than 25 percent of the total volume by weight of all meats including sausage, variety meats and edible by-products sold or delivered by it, excluding sales to defense procurement agencies.

5. Section 50 (g) is amended to read as follows:

(g) "Hotel supply house" means any establishment which sold or delivered to purveyors of meals during the year 1950, or if no sales were made in 1950, during the period from January 1, 1951, to April 30, 1951, not less than 70 percent of the total volume by weight of all meats, including sausage, variety meats and edible by-products, sold or delivered by it, excluding sales to defense procurement agencies.

(Sec. 704, 64 Stat. 816, as amended, 50 U. S. C. App. Sup. 2154)

Effective date. This amendment shall become effective October 15, 1952.

NOTE: The record keeping and reporting requirements of this amendment have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

TIGHE E. WOODS,
Director of Price Stabilization.

[Ceiling Price Regulation 137, Amdt. 2]

CPR 137—CEILING PRICES FOR SALES OF BULK SUPERPHOSPHATE

REVISION OF CEILING PRICE FOR LAKE CHARLES, LOUISIANA

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161, and Economic Stabilization Agency General Order No. 2, this Amendment 2 to Ceiling Price Regulation 137 is hereby issued.

STATEMENT OF CONSIDERATIONS

This amendment effects an increase in the ceiling price per unit of APA for sales of run-of-the-pile pulverized superphosphate at the production point of Lake Charles, Louisiana.

A ceiling price of $0.94 per unit of available phosphoric acid for ordinary superphosphate when sold in bulk to other fertilizer manufacturers now prevails at Lake Charles under Ceiling Price Regulation 137. The establishment of this price was arrived at by grouping Lake Charles with other Gulf Coast production points in Louisiana and Texas, who receive shipments of the basic raw material, phosphate rock, by barge from sources of supply in Florida.

Additional information received since the issuance of Ceiling Price Regulation 137 discloses that shipments of phosphate rock to Lake Charles are not made by barge and therefore a superphosphate producer at that production point does not enjoy the same low freight costs as are available to producers operating plants at other Gulf Coast production points. Freight costs for phosphate rock constitute nearly 25 percent of the current selling price of superphosphate at Lake Charles and accordingly is a very substantial item to be considered in establishing a fair and equitable ceiling price for that area.

Shreveport, Louisiana, is the closest competitive inland production point to Lake Charles. The ceiling price established by this amendment reflects the difference in incoming freight costs for phosphate rock from the same area of supply, Florida, to Shreveport and to Lake Charles.

In the formulation of this amendment there has been consultation with industry representatives to the extent practicable and consideration has been given to their recommendations. In view of the corrective nature of the amendment, special circumstances have rendered consultation with trade association representatives impracticable.

AMENDATORY PROVISIONS

Section 3 (a) of Ceiling Price Regulation 137 is amended by changing the ceiling price for ordinary pulverized superphosphate at the production point of Lake Charles, Louisiana, from $0.94 per unit of available phosphoric acid to $1.015 per unit of available phosphoric acid.

(Sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Sup. 2154)

Effective date. This Amendment 2 to Ceiling Price Regulation 137 is effective October 15, 1952.

TIGHE E. WOODS,
Director of Price Stabilization.

[F. R. Doc. 52-11180; Filed, Oct. 10, 1952; 11:23 a. m.]

[General Overriding Regulation 6, Amdt. 7]

GOR 6—EXEMPTIONS RELATING TO SPECIFIC NONPROFIT ORGANIZATIONS

SALES BY ASSOCIATION OF JUNIOR LEAGUES OF AMERICA, INC., AND AFFILIATED JUNIOR LEAGUES

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161, and Economic Stabilization Agency General Order No. 2, this amendment to General Overriding Regulation 6 is hereby issued.

STATEMENT OF CONSIDERATIONS

This amendment to General Overriding Regulation 6 adds certain sales to those exempted by the regulation from any price regulations issued by the Office of Price Stabilization. The sales here exempted are sales by the Junior Leagues chartered by the Association of Junior Leagues of America, Inc. These are nonprofit organizations which sell used, waste and damaged goods, handmade articles made by handicapped persons or members of the Junior Leagues, and used personal articles consigned to the Junior Leagues for sale. Sales are made by the Thrift and Gift Shops of the Junior Leagues. The affiliated Junior Leagues operate throughout the United States and conduct a program of rehabilitation and training for underprivileged persons. These organizations also provide a selling outlet for merchandise made by handicapped persons which, together with other activities, further the fulfillment of the organizations' philanthropic and charitable purposes.

These organizations receive donations from members of the public of various types of merchandise, such as apparel, furniture and household appliances which are sold either in the condition received or as reconditioned. In addition, handmade articles made by members of the Junior Leagues and by handicapped persons, and merchandise received on consignment are sold through the Thrift and Gift shops. With respect to the consignment sales, a small amount of the proceeds of such sales is returned to the consignors of the articles and the balance is used to defray the administrative, charitable and educational expenses of the organizations.

Generally, the considerations stated in support of General Overriding Regulation 6 and the amendments thereto are likewise applicable to the sales here referred to. In the judgment of the Director of Price Stabilization the exemptions provided for by this amendment will not impair the carrying out of the Defense Production Act of 1950, as

amended, and it is accordingly not necessary for ceilings to be applied to these sales.

To the extent practicable under the circumstances, the Director has consulted with persons involved prior to the issuance of this amendment and has given consideration to their recommendations.

AMENDATORY PROVISION

General Overriding Regulation 6 is amended as follows: By adding the following new section numbered 11:

SEC. 11. *Sales by Association of Junior Leagues of America, Inc. and affiliated Junior Leagues.* No price regulation issued by the Office of Price Stabilization applies to sales by the Junior Leagues chartered by the Association of Junior Leagues of America, Inc. of used, waste or damaged goods donated by members of the public to those organizations and sold in the condition received or as reconditioned by the organizations, of articles handmade by handicapped persons or members of Junior Leagues, and of used personal articles consigned to the Junior Leagues for sale by the organizations.

(Sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Sup. 2154)

Effective date. This amendment to General Overriding Regulation 6 is effective October 10, 1952.

TIGHE E. WOODS,
Director of Price Stabilization.

Chapter XIV—General Services Administration

BERYL REGULATION: PURCHASE PROGRAM FOR DOMESTICALLY PRODUCED BERYL ORE

Sec.
1. Basis and purpose.
2. Participation in the Program.
3. Duration of the Program.
4. Inspection and acceptance.
5. Price.
6. Government purchase depots.

AUTHORITY: Sections 1 to 6 issued under sec. 704, 64 Stat. 816, as amended, Pub. Law 429, 82d Cong.; 50 U. S. C. App. Sup. 2154. Interpret or apply sec. 303, 64 Stat. 801, as amended, Pub. Law 429, 82d Cong.; 50 U. S. C. App. Sup. 2093; E. O. 10161, Sept. 9, 1950, 15 F. R. 6105, 3 CFR, 1951 Supp., E. O. 10281, Aug. 28, 1951, 16 F. R. 8789, 3 CFR, 1951 Supp.

SECTION 1. *Basis and purpose.* The purpose of this regulation is to encourage expansion in the production of beryl ore by small producers by providing a uniform price scale, and the establishment of Government purchase depots for such ore. It is issued pursuant to Delegation of Authority from the Defense Materials Procurement Administrator[1] of even date with this regulation. In accordance with the Program described herein as authorized by the Defense Production Administration, the Administrator of General Services will buy domestically produced beryl ore containing not less than eight percent (8%) beryllium oxide (BeO) by weight, in accordance with the terms and conditions set forth herein. For the purpose of this regulation, domestically produced beryl ore means beryl ore produced within the continental United States.

SEC. 2. *Participation in the Program.* (a) Any producer whose total anticipated or actual production of domestically produced beryl ore is less than twenty-five (25) short dry tons per calendar year shall be eligible to participate in this Program. Producers whose total annual production exceeds twenty-five (25) short dry tons may negotiate for the sale of their production of domestically produced beryl ore.

(b) Any producer wishing to participate in the Program shall give notice to the Regional Director of the General Services Administration having jurisdiction over the Government purchase depot located nearest to the producer. Such notice shall be in the form of a letter, postcard or telegram, postmarked or dated by the telegraph office not later than June 30, 1953, and shall state: (1) That the producer has read this regulation and accepts its terms and conditions, (2) that the producer desires to participate in the Program and will offer domestically produced beryl ore to the Government pursuant thereto, and (3) location of beryl deposit. The notice must be signed and a return address given. Any eligible producer giving notice in the required form will be sent a certificate authorizing delivery of beryl ore which conforms to the requirements of this regulation.

SEC. 3. *Duration of the Program.* This Program shall terminate and be of no further force and effect at the close of business June 30, 1955, or when deliveries under the Program total fifteen hundred (1,500) short dry tons, whichever first occurs.

SEC. 4. *Inspection and acceptance.* (a) All offers of beryl ore to the Government under this Program shall be delivered f. o. b. Government purchase depot located nearest to the producer.

(b) Ores containing less than eight percent (8%) beryllium oxide (BeO) shall not be accepted.

(c) Beryl ores acceptable under this Program shall be in the form of clean crystals, cobbed free of waste.

(d) Shipments of beryl ore weighing less than five hundred (500) pounds shall be inspected only at the Government purchase depot; shipments weighing in excess of five hundred (500) pounds but not in excess of two thousand (2,000) pounds may be inspected at the place of production or at such other place as may be mutually agreed upon by the producer and the Government: *Provided, however,* That such inspection shall not be made beyond a three hundred (300) mile radius of the Government purchase depot to which the producer will ship.

(e) Except as provided in paragraph (f) of this section, inspection shall be on the basis of visual inspection by the Government whose decision as to the acceptability of the ore (including grade and other requirements) shall be final.

(f) Shippers of lots of beryl ore weighing in excess of five hundred (500) pounds may request the Government to sample and analyze such lots for the purpose of establishing the actual beryllium oxide (BeO) content. If the Government determines, from visual inspection, that sampling and analysis are justified, the Government shall arrange for sampling and analysis. The cost of sampling and analysis shall be for the account of the producer.

(g) The Government may reject any shipment failing to meet the requirements of this regulation, and all costs to the Goverment, in case of rejection, shall be borne by the producer.

SEC. 5. *Price.* (a) Shipments accepted by the Government on the basis of visual inspection shall be purchased at the rate of $400 per short dry ton (20 cents per pound avoirdupois).

(b) Shipments accepted on the basis of sampling and chemical analysis shall be purchased on the basis of short ton units of contained beryllium oxide (BeO) as follows:

Beryllium oxide (BeO) content:	*Price per unit*
8.0% to 8.9% inclusive	$40
9.0% to 9.9% inclusive	45
10.0% and over	50

SEC. 6. *Government purchase depots.* The purchase depots for the purposes of this Program shall be located at:

1. Franklin, N. H.: Under the jurisdiction of Regional Director, General Services Administration, 620 Post Office and Courthouse, Boston, 9, Mass.

2. Spruce Pine, N. C.: Under the jurisdiction of Regional Director, General Services Administration, 50 Whitehall Street SW., Atlanta 3, Ga.

3. Custer, S. Dak.: Under the jurisdiction of Regional Director, General Services Administration, 1800 Federal Office Building, 911 Walnut Street, Kansas City 6, Mo.

Dated: October 7, 1952.

JESS LARSON,
Administrator.

Chapter XVII—Housing and Home Finance Agency

[CR 2, Amdt.]

CR 2—RESIDENTIAL CREDIT CONTROLS: REGULATION GOVERNING PROCESSING AND APPROVAL OF EXCEPTIONS AND TERMS FOR AREAS AFFECTED BY SAVANNAH RIVER (S. C. AND GA.) PADUCAH (KY.), AND REACTOR TESTING STATION (IDAHO) INSTALLATIONS OF THE ATOMIC ENERGY COMMISSION

MISCELLANEOUS AMENDMENTS

Housing and Home Finance Agency Regulation CR 2 (originally issued at 16 F. R. 2232, March 10, 1951, and last amended at 17 F. R. 1721, February 27, 1952) issued pursuant to sections 601 through 605 and section 704 of Pub. Law 775, 81st Congress (64 Stat. 813, 814, 815, 816), as amended, sections 501, 502, and 902 of Executive Order 10161, September

9, 1950 (15 F. R. 6106), sections 101, 102 and 611 of Pub. Law 139, 82d Congress (65 Stat. 293), paragraph 3 of Executive Order 10296, October 2, 1951 (16 F. R. 10103) and the approval and authorization of the Board of Governors of the Federal Reserve System of HHFA Regulation CR 1 (16 F. R. 3834, May 2, 1951); is hereby amended as follows:

1. Section 1 *Statement of purpose,* is amended to read as follows:

SECTION 1. *Statement of purpose.* In order to reduce serious inflationary pressures and to assist in limiting the volume of new residential construction to a level which could have been maintained with the materials and labor available in the light of national defense requirements, restrictions on residential real estate credit (applicable where construction was started after noon of August 3, 1950) were imposed, with the concurrence of the Housing and Home Finance Administrator, by Regulation X (Chapter XV of this title) issued by the Board of Governors of the Federal Reserve System (hereinafter called the "Board"). Related credit restrictions (applicable to both new and old residential property) were contained in regulations of the Federal Housing Commissioner and the Administrator of Veterans' Affairs. Actions restricting residential credit were taken under the authority of Title VI of the Defense Production Act of 1950, approved September 8, 1950, and amendments thereto and of Executive Order 10161, issued September 9, 1950. The Housing and Home Finance Administrator made surveys with respect to the housing needs within the areas affected by the Savannah River, Paducah (Kentucky), and Idaho Reactor Testing Station installations of the Atomic Energy Commission and designated such areas, with the concurrence of the Board and in accordance with section 6 (p) of such Regulation X chapter XV of this title) as areas in which exceptions from residential real estate credit restrictions were to be granted in order to help provide the housing needed to support the development and operation of the three installations. Such exceptions were granted in accordance with this regulation.

In addition to the authority and actions referred to above, and pursuant to the provisions of Title I of the Defense Housing and Community Facilities and Services Act of 1951, approved September 1, 1951, and of Executive Order 10296, issued October 2, 1951, the Director of Defense Mobilization was authorized, upon a finding that certain conditions set forth in the Defense Housing and Community Facilities and Services Act of 1951 exist, to designate specified areas as critical defense housing areas for purposes of that act. Under such authority, the Director of Defense Mobilization designated the areas affected by the Savannah River, Paducah (Kentucky) and Idaho Reactor Testing Station installations of the Atomic Energy Commission to be critical defense housing areas for purposes of that act. The Housing and Home Finance Administrator was also authorized under said Defense Housing and Community Facilities and Services Act of 1951 and under paragraph 3 of Executive Order 10296, upon such a finding and designation by the Director of Defense Mobilization, to suspend or relax residential real estate credit restrictions imposed under the authority of the Defense Production Act of 1950, as amended.

The purpose of this regulation, issued by the Housing and Home Finance Administrator, was to prescribe uniform conditions and procedures under which such exceptions from residential real estate credit restrictions were made available in order to assure that the housing for which such exceptions were granted (whether or not such housing was financed with Government assistance) would meet the needs of the persons employed or stationed at the three installations and of certain other defense workers, military personnel and persons displaced from their homes by defense activities. This procedure for granting exceptions from credit restrictions was in addition to other programs of the Housing and Home Finance Agency designed to assist in meeting housing needs in critical defense housing areas.

The approval of an application under this regulation (or under Housing and Home Finance Agency Regulation CR 3 which concerned exceptions from credit restrictions in all other critical defense housing areas) was required as a condition to the approval by the Federal Housing Administration of an application for mortgage insurance under the provisions of Title IX (National Defense Housing Insurance) of the National Housing Act, as amended.

On September 15, 1952, following certification by the Secretary of Labor that new non-farm housing starts had fallen below an annual rate of 1,200,000 units for three consecutive months, the Board of Governors of the Federal Reserve System and Housing and Home Finance Administrator acting simultaneously pursuant to the provisions of Title I of the Defense Production Act Amendments of 1952, approved June 30, 1952, providing for a period of residential credit control relaxation upon such a certification by the Secretary of Labor, announced respectively, the suspension of restrictions on residential real estate credit imposed by Regulation X and a relaxation of related credit restrictions in the regulations of the Federal Housing Commissioner and the Administrator of Veterans' Affairs.

2. Section 7 *Where and how to apply,* is amended by adding an additional paragraph at the end of the section reading as follows:

No application will be accepted under the provisions of this section after October 10, 1952, except that applications may be submitted up to and including October 20, 1952, with respect to needed rental housing appearing in the area program schedules announced by the Housing and Home Finance Administrator (pursuant to section 5 of this regulation) prior to September 16, 1952. Any applicant whose application was submitted under the provisions of this section on or before October 10, 1952 (or on or before October 20, 1952, with respect to programmed rental housing announced by the Housing and Home Finance Administrator prior to September 16, 1952) and who has not commenced construction of defense housing under this regulation may elect to be released from the obligations, conditions and restrictions arising out of, or incurred by the execution of, such application and from the terms and provisions of this regulation. To obtain such release, the applicant will be required to file in writing with the appropriate local office of the Housing and Home Finance Agency at Aiken, South Carolina, Paducah, Kentucky, or Idaho Falls, Idaho, in which the application was filed, a written notice of his intention to withdraw the application filed by him, and, if the application has been approved, such written notice must include a statement that the applicant is surrendering the quota of defense housing allocated to him in the approved application. An applicant who does not elect to be released will have his application processed or treated as provided elsewhere in this regulation and the housing covered by such an approved application will be eligible (if otherwise eligible) for FHA mortgage insurance under Title IX of the National Housing Act and for the special benefits provided in Title III of that Act in connection with purchases by the Federal National Mortgage Association of mortgages covering defense housing programmed by the Housing and Home Finance Administrator. Any applicant who prior to October 11, 1952, has commenced construction of the programmed defense housing described in his approved application, or any applicant whose application was filed prior to October 11, 1952 (or on or before October 20, 1952, with respect to programmed rental housing announced by the Housing and Home Finance Administrator prior to September 16, 1952), and who does not elect to be released from the obligations, conditions and restrictions arising out of, or incurred by the execution of, such application and from the terms and provisions of this regulation, shall continue to be bound by all of the obligations, conditions, restrictions and liabilities arising out of or resulting from the execution of the application and from the terms and provisions of this regulation. After October 10, 1952 (or after October 20, 1952, with respect to programmed rental housing announced by the Housing and Home Finance Administrator prior to September 16, 1952) applications relating to the construction of programmed defense housing may be filed with the local office of the FHA serving the particular critical defense housing area in which the proposed defense housing is to be located, under appropriate regulations of the FHA.

3. Section 12 *Certificates of eligibility for financing, pursuant to excepted credit terms, of owner-occupied housing,* is amended by having paragraph (a) of section 12 read as follows:

(a) The Atomic Energy Commission or any officer or employee of the Commission designated by it (herein collectively referred to as the "Commission")

is hereby authorized to certify (by the issuance of appropriate certificates of ownership eligibility) persons who shall be eligible to finance the construction or purchase of family dwellings for their own occupancy under suspended or relaxed residential credit terms made available for the Savannah River, Paducah, and Idaho Reactor Testing Station areas by the Board of Governors of the Federal Reserve System, the Federal Housing Commissioner and the Administrator of Veterans' Affairs. Such certificates of ownership eligibility shall be issued only for one- and two-family dwelling properties (whether existing or to be built) located in the three areas described in section 3 of this regulation and shall be issued in accordance with program schedules announced prior to September 16, 1952, for sales-type houses prescribed by the Housing and Home Finance Administrator from time to time pursuant to section 5 of this regulation. Such certificates (which will not exceed the number authorized by the HHFA in the program schedules announced prior to September 16, 1952) shall be granted by the Commission only to (1) persons whom the Commission determines to be essential, in-migrant personnel employed (or to be employed) in permanent positions by the Commission or its contractors and (2) persons who have been or are about to be displaced from their homes (whether owned or rented by them) as a result of the acquisition (by purchase or condemnation) of land in one of the three areas described in section 3 of this regulation for an installation of the Atomic Energy Commission or its contractors. No person shall be eligible to receive such a certificate unless he is in need of a family dwelling and has declared his intention to occupy at least one family dwelling unit in the property, the construction or purchase of which is financed pursuant to such a certificate of ownership eligibility. Such delegation of authority to the Commission to issue certificates of ownership eligibility shall terminate on January 1, 1953.

4. Section 13 *Housing for persons employed by, stationed at, or displaced from their home by, installations of the Department of Defense,* is amended by having the first paragraph of paragraph (c) *Over-occupied housing,* of section 13 read as follows:

(c) *Owner-occupied housing.* With respect to housing built or sold for owner-occupancy, the Department of Defense is hereby authorized to certify, by the issuance of appropriate certificates of ownership eligibility within the number authorized by the Housing and Home Finance Agency, persons who shall be eligible to finance the construction or purchase of family dwellings for their own occupancy under suspended or relaxed residential credit terms announced for the three areas referred to in section 3 of this regulation. Such certificates of ownership eligibility shall be issued only for one- and two-family dwelling properties (whether existing or to be built) located in the three areas and shall be issued in accordance with program schedules announced prior to September 16, 1952, for sales-type housing prescribed by the Housing and Home Finance Administrator pursuant to section 5 of this regulation. Such certificates of ownership eligibility shall be granted only to (1) persons whom the Department of Defense determines to be military personnel stationed at, or essential in-migrant defense workers employed by, a listed Defense Department installation and (2) persons who have been or are about to be displaced from their homes (whether owned or rented by them) as a result of the acquisition on or after November 1, 1950 (by purchase or condemnation) of land in one of the three areas described in section 3 of this regulation for such a listed Defense Department installation. No person shall be eligible to receive such a certificate unless he is in need of a family dwelling and has declared his intention to occupy at least one family dwelling unit in the property, the construction or purchase of which is financed pursuant to such a certificate of ownership eligibility. Such delegation of authority to the Department of Defense to issue certificates of ownership eligibility shall terminate on January 1, 1953.

5. Section 14 *Housing for persons employed by defense plants or agencies, other than AEC or Defense Department installations, or for persons engaged in defense-supporting service activities,* is amended by having the first paragraph of paragraph (c) *Owner-occupied housing,* of section 14 read as follows:

(c) *Owner-occupied housing.* With respect to housing built or sold for owner occupancy, the local or regional office or representative of the Housing and Home Finance Agency will certify, by the issuance of certificates of ownership eligibility, persons who shall be eligible to finance the construction or purchase of family dwellings for their own occupancy under suspended or relaxed residential credit terms announced for the three areas referred to in section 3 of this regulation. Such certificates of ownership eligibility will be issued only for one- and two-family dwelling properties (whether existing or to be built) located in the three areas and will be issued in limited numbers in accordance with program schedules announced prior to September 16, 1952, for sales-type housing prescribed by the Housing and Home Finance Administrator pursuant to section 5 of this regulation. Such certificates of ownership eligibility will be issued only to persons who are found by the Housing and Home Finance Agency to be eligible for occupancy in accordance with the standards set out in paragraph (a) of this section. Any person who is eligible for the acquisition of housing under the standards set out in paragraph (a) of this section may apply for a certificate of ownership eligibility to the local or regional office or representative of the Housing and Home Finance Agency for the particular area.

NOTE: No person is eligible for such a certificate unless his employer, or the defense-supporting service activity in which the applicant is engaged, appears on a defense activity list included in the area program announced for the area.

Each person applying for such a certificate of ownership eligibility is required to declare his intention to occupy at least one family dwelling unit in the property, the construction or purchase of which is financed pursuant to such a certificate. Each person receiving a certificate of ownership eligibility is required to comply with all applicable provisions of this regulation and is hereby also required to comply with such conditions and provisions governing the use, expiration and cancellation of such certificate received by him as may appear thereon.

(Sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Sup. 2154)

RAYMOND M. FOLEY,
Housing and Home Finance Administrator.

TITLE 33—NAVIGATION AND NAVIGABLE WATERS

Chapter I—Coast Guard, Department of the Treasury

Subchapter G—Marine Regattas or Marine Parades

[CGFR 52-48]

PART 100—SAFETY OF LIFE ON NAVIGABLE WATERS DURING MARINE REGATTAS OR MARINE PARADES

PERMISSIBLE STATE REGULATION OF MARINE REGATTAS OR MARINE PARADES

• The purpose of the following new regulation is to clarify the status of the marine regattas or marine parades on navigable waters of the United States which could be controlled by State authorities. It is hereby found that compliance with the notice of proposed rule making, public rule making procedure thereon, and effective date requirements of the Administrative Procedure Act is unnecessary because the new regulation is a relaxation of requirements applicable to marine regattas or marine parades.

By virtue of the authority vested in me as Commandant, United States Coast Guard, by Treasury Department Order No. 120, dated July 31, 1950 (15 F. R. 6521), as well as the statute cited with the regulation below, the following new regulation is prescribed which shall become effective on the date of publication of this document in the FEDERAL REGISTER:

Part 100 was amended by adding a new § 100.30, reading as follows:

§ 100.30 *Permissible state regulation of marine regattas or marine parades.* (a) In the exercise of his discretion as provided in section 1 of the act of April 28, 1908, as amended (sec. 1, 35 Stat. 69, as amended; 46 U. S. C. 454), the Commandant has determined that the regulations in this part shall not be applicable to a marine regatta or a marine parade occurring on the interior waters of a state if:

(1) The state directs and controls the operation of such a marine regatta or marine parade in a manner such as to insure the safety of life on navigable

waters during a marine regatta or marine parade; and,

(2) The state submits to the Commander of the Coast Guard district in which the marine regatta or marine parade is to occur its complete plans for regulation of such regatta or parade, such plans to be submitted at least two weeks before the occurrence of such regatta or parade.

(b) Upon the completion of his study of the plans and at least one week before the occurrence of a marine regatta or marine parade, the Commander of the Coast Guard district will notify the state which submitted the plans:

(1) That the plans are approved and the regulations in this part shall not be applicable to such regatta or parade; or,

(2) That the interest of safety of life on the navigable waters require specific change or changes in the plans before they can be approved; or,

(3) That the plans are not approved, with reasons for such disapproval, and that the regulations in this part are applicable to the marine regatta or marine parade.

(Sec. 1, 35 Stat. 69, as amended; 46 U. S. C. 454)

Dated: October 7, 1952.

[SEAL] A. C. RICHMOND,
Rear Admiral, U. S. Coast Guard,
Acting Commandant.

TITLE 46—SHIPPING

Chapter I—Coast Guard, Department of the Treasury

Subchapter B—Merchant Marine Officers and Seamen

[CGFR 52-49]

PART 10—LICENSING OF OFFICERS AND MOTORBOAT OPERATORS AND REGISTRATION OF STAFF OFFICERS

EXAMINATION FOR LICENSE AS DECK OFFICER OF OCEAN OR COASTWISE STEAM OR MOTOR VESSELS; INTERNATIONAL AND INLAND RULES OF THE ROAD

The purpose of the following amendment to the regulations is to correct the lists of subjects for deck officers of ocean or coastwise steam or motor vessels to agree with the type of questions presently used in examinations for all grades of ocean and coastwise licenses. It is hereby found that compliance with the notice of proposed rule making, public rule making procedure thereon, and effective date requirements of the Administrative Procedure Act is unnecessary.

By virtue of the authority vested in me as Commandant, United States Coast Guard, by Treasury Department Order No. 120, dated July 31, 1950 (15 F. R. 6521), as well as the statutes cited with the regulations below, the following amendment to the regulations is prescribed which shall become effective on the date of publication of this document in the FEDERAL REGISTER:

Section 10.05-45 (b) is amended by correcting Table 10.05-45 (b)—Subjects for Deck Officers of Ocean or Coastwise Steam or Motor Vessels, as follows:

a. Subject "28. International and Inland Rules of the Road" shall be applicable to: Master: Ocean, coastwise, coastwise limited 300 miles, sail, yachts; chief mate: Ocean, coastwise, coastwise limited 600 miles; second mate: Ocean, coastwise, coastwise limited 600 miles; and third mate: Ocean, coastwise.

b. Subject "29. International Rules of the Road" is deleted.

(R. S. 4405, as amended, 4462, as amended; 46 U. S. C. 375, 416. Interpret or apply R. S. 4417a, 4426, 4427, 4438, 4439, 4440, as amended, 49 Stat. 1544, 1545, sec. 5, 55 Stat. 244, 245, as amended; 46 U. S. C. 391a, 404, 405, 224, 226, 228, 367, 50 U. S. C. App. 1275)

Dated: October 7, 1952.

[SEAL] A. C. RICHMOND,
Rear Admiral, U. S. Coast Guard,
Acting Commandant.

TITLE 47—TELECOMMUNICATION

Chapter I—Federal Communications Commission

[Docket No. 9808]

PART 3—RADIO BROADCAST SERVICES

EFFECTIVE DATE OF AMENDMENTS; CONTINUANCE

In the matter of amendment of §§ 3.191, 3.291, 3.591, 3.655 and 3.790 of the Commission's rules and regulations; Docket No. 9808.

At a session of the Federal Communications Commission held at its offices in Washington, D. C., on the 1st day of October 1952;

The Commission having under consideration its Report and Order adopted May 14, 1952, in this proceeding; its Order of August 27, 1952, postponing until October 2, 1952, the effective date of the amendments to its rules and regulations adopted on May 14, 1952; petitions filed by National Broadcasting Company, Inc. and National Association of Radio and Television Broadcasters requesting further postponement of the effective date of the amendments to the rules; and petitions in opposition to postponement of the effective date filed by Honorable Harry R. Sheppard and Gordon P. Brown; and

It appearing, that the Commission also has before it petitions seeking reconsideration of the Report and Order of May 14, 1952, and petitions in opposition thereto, which have not been determined;

It is ordered, That the effective date of the amendments to §§ 3.191, 3.291, 3.591, 3.655 and 3.790 of the Commission's rules and regulations adopted on May 14, 1952, be, and it is hereby, stayed for a further period to, and including, October 31, 1952.

(Sec. 4, 48 Stat. 1066 as amended, 47 U. S. C. 154. Interprets or applies sec. 303, 48 Stat. 1082, as amended; 47 U. S. C. 303)

Released: October 2, 1952.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] T. J. SLOWIE,
Secretary.

[F. R. Doc. 52-11021; Filed, Oct. 10, 1952; 8:50 a. m.]

[Docket Nos. 8736, 8975, 8976, 9175]

PART 3—RADIO BROADCAST SERVICES

TELEVISION BROADCAST SERVICE

In the matters of amendment of § 3.606 of the Commission's rules and regulations, Docket Nos. 8736 and 8975; amendment of the Commission's rules, regulations and engineering standards concerning the television broadcast service, Docket 9175; utilization of frequencies in the band 470 to 890 Mcs. for television broadcasting, Docket No. 8976.

1. The Commission has before it a Petition for Reconsideration or Rehearing filed by Lamar Life Insurance Company on June 20, 1952, requesting the Commission to reconsider "* * * its 'Sixth Report and Order' in the above entitled and numbered proceedings and upon reconsideration of said 'Sixth Report and Order' to (1) amend or modify Reference Point (e) used in locating or defining the Northern boundary of Zone II as fixed by paragraph 3.610 (A) (1) (iii) of said Sixth Report and Order by modifying said Reference Point (e) so that the location or coordinates of said Reference Point (e) when so modified or amended will be North Latitude 30° 05′ 00″ and West Longitude 90° 38′ 30″, thus placing Jackson, Mississippi North and outside of Zone III and including that city in Zone II, and (2) to assign or allocate VHF Television Channel 3 for use in the operation of a commercial television station at Jackson; or if the Commission should decline or refuse to assign VHF Television Channel 3 to and for such use at Jackson on the ground or claim that such assignment would not meet or comply with the minimum separation requirements between Jackson and some other city to which said VHF Television Channel 3 was assigned or allocated, (3) then and in that event petitioner requests and petitions the Commission to set aside its Sixth Report and Order adopted April 11, 1952, and released April 14, 1952, and thereafter to issue a definite and adequate notice of issues to be inquired into and on which evidence will be received; to hold a hearing thereafter in accordance with said notice and permit Petitioner and other interested parties to participate fully therein to the end that they may be permitted to show that (a) said Sixth Report and Order is arbitrary, capricious and legally invalid, (b) that Petitioner and other parties were never given adequate or legal notice with respect to any proposal to establish Zones I, II and III as set out in said Sixth Report and Order, (c) that

Petitioner and other parties were never given adequate or legal notice that the Commission would depart substantially from the minimum separation requirements proposed by it for adoption through its Third Notice of Further Proposed Rule Making in these proceedings and (d) permit Petitioner and other parties in and to these proceedings to show that Petitioner was led to believe that the proposals as to minimum separations as proposed in the Commission's Third Notice of Further Proposed Rule-Making could be relied upon and would be followed in the allocation or assignment of television channels to various cities of the country, contrary to what the Commission did in its Sixth Report and Order."

2. In the Third Notice the Commission proposed to assign Channels 3, 10, 15, *21 to Pensacola, Florida, Channels 3, 12, *19 and 25 to Jackson, Mississippi, and Channels 10 and 25 to Albany, Georgia.

3. In its final decision in the Sixth Report and Order the Commission stated:

In the Third Notice the Commission proposed the assignment of Channel 3 to Pensacola and to Jackson at a separation of 218 miles; and the assignment of Channel 10 to Pensacola, and to Albany at a separation of 199 miles. Since these separations are below the minimum for Zone III we are required to delete one assignment of Channel 3 and one assignment of Channel 10 to provide the requisite separations.

With respect to Channel 10 we are presented with the choice of deleting that channel from Pensacola or Albany. The City of Pensacola with a population of 43,000 is somewhat larger than the City of Albany. In the Third Notice two VHF and 2 UHF channels were proposed to be assigned to Pensacola, and only one VHF and one UHF channel were proposed to be assigned to Albany. In view of the fact that Channel 10 is the only channel proposed for Albany we believe that the deletion of that channel from Pensacola and the assignment to Albany is warranted. In replacement for Channel 10 in Pensacola we are assigning UHF Channel 46. With respect to Channel 3 we are presented with the choice of deleting that channel from Pensacola or from Jackson. The City of Jackson has a population of 98,000 and the standard metropolitan area has a population of 142,000. In the Third Notice we proposed the assignment of two VHF and two UHF channels to Jackson. Since our decision herein has deleted Channel 10 from Pensacola, there remains assigned to that city only one VHF channel. It is our view that the deletion of the second channel assigned to Jackson is to be preferred to the deletion of the only remaining VHF channel assigned to Pensacola. In replacement for VHF Channel 10 in Jackson we are assigning UHF Channel 47.

4. Jackson, Mississippi, was determined to be in Zone III where the minimum co-channel VHF mileage separations of 220 miles obtained on the basis of the designation of a certain portion of the Gulf Coast Area as Zone III. This Gulf Coast area was designated as a separate zone for the reasons set out in the Sixth Report and Order as follows:

As we have pointed out in the Third Notice, in certain areas of the country, particularly the Gulf Coast area, high levels of tropospheric propagation may be expected. In such areas greater separations are necessary to compensate for the reduction in service areas that is caused by the interference resulting from the high level of tropospheric propagation. We have carefully re-examined the record and the comments that have been filed pursuant to the Third Notice and we have determined that only the Gulf Coast area should, by rule, be treated differently from other areas which may be affected by a high level of tropospheric propagation. In reaching this conclusion we are aware that wide separations will have to be maintained in other areas as well to protect against the effects of high levels of tropospheric propagation. We believe, however, that these situations can be considered on a case-to-case basis, and we have attempted to take care of this problem on such a basis in establishing the Table of Assignments in this proceeding.

5. With respect to the manner of designating the Gulf Coast area the Commission stated:

We have designated the Gulf Coast area as Zone III. Zone III consists of that portion of the United States located south of a line, drawn on the United States Albers Equal Area Projection Map (based on standard parallels 29½° and 45½°; North American datum), beginning at a point on the east coast of Georgia and the 31st parallel and ending at the United States-Mexico border, consisting of arcs drawn with a 150 mile radius from the following specified points:

	North latitude	*West longitude*
(a)	29°40′	83°24′
(b)	30°07′	84°12′
(c)	30°31′	86°30′
(d)	30°48′	87°58′30″
(e)	30°23′	90°12′
(f)	30°04′30″	93°19′
(g)	29°46′	95°05′
(h)	28°43′	96°39′30″
(i)	27°52′30″	97°32′

When any of the above lines pass through a city, the city shall be considered to be located in Zone II. A map of Zone III is included in the rules adopted herein.

The Commission also pointed out that:

In establishing Zone III we are taking into account the fact that we do not have sufficient data at this time to determine exactly at what point the effects of the high level of propagation in the Gulf need no longer be considered in establishing minimum assignment spacings. We believe, however, that the figure we have chosen provides an adequate margin of safety and yet does not prevent assignments that could appropriately be made at this time.

6. Petitioner alleges here that the Commission erred in its designation of the portion of the United States which shall constitute the Gulf Coast area or Zone III. The engineering statement in support of the petition for reconsideration states:

We have examined the criteria for determining the boundary of Zone III as set forth in paragraph 3.610 (A) (1) (iii) of the Sixth Report. The Northern limits of Zone III are defined by arcs with radii of 150 miles drawn about reference points located near the Gulf Coast. The reference points and their distances from the Coast are as follows:

Reference point	North latitude	West longitude	Approximate north from Gulf Coast	Distances minimum to Gulf Coast
			Miles	*Miles*
(A)	29°40′	83°24′	10	2
(B)	30°07′	84°12′	2	2
(C)	30°31′	86°30′	9	9
(D)	30°48′	87°58′30″	39	39
(E)	30°23′	90°12′	88	48
(F)	30°04′30″	93°19′	22	22
(G)	29°46′	95°05′	43	38
(H)	28°43′	96°39′30″	34	30
(I)	27°52′30″	97°32′	----------	26

It is noted that Reference Point (e) is located well to the east of a point midway between Reference Points (d) and (f). It is further noted that Reference Point (e) should be moved south to follow the contour of the coast line.

In view of the above comments it is believed that Reference Point (e) should be moved to the West and to the South so as better to satisfy the proposed requirement that the Gulf Coast area extend 150 miles inland from the Gulf of Mexico. It is herein proposed that the location of Reference Point (e) be amended so as to show the following coordinate position.

Reference point	North latitude	West longitude	Approximate north from Gulf Coast	Distances minimum to Gulf Coast
			Miles	*Miles*
(E)	30°05′	90°38′30″	65	59

The proposed change, which affects only one Reference Point, will result in Zone III conforming more nearly to the 150 mile distance from the Gulf Coast suggested by the Federal Communications Commission and will permit a more equitable distribution of television services. In particular, it would permit the assignment of Channel 3 to both Jackson, Mississippi, and to Pensacola, Florida, which was not possible using the proposed separations and the proposed Reference Point (e).

7. In establishing the boundaries of Zone II the Commission attempted to keep all points on the boundary line dividing Zones II and III at least 150 miles away from every point on the Gulf Coast itself. In order to establish a line of readily describable accuracy the Commission defined this boundary by means of a series of arcs of 150 miles in radius drawn from specified points selected at appropriate spacings along the Gulf Coast and inland penetrations of Gulf waters. The boundary line which was thus established in nearly all cases achieved the objective of keeping the points on the boundary line at least 150 miles from every point on the Gulf Coast and inland penetrations of Gulf waters. The effect of this objective in the establishment of the boundary line, of course, was to make every point on the boundary line be more than 150 miles away from other points on the Gulf Coast. In general, however, every point on the Gulf Coast was no more than 185 miles away from the boundary.

8. Petitioner here calls our attention to the fact that Reference Point (e) because of the irregularities of the shore line of the Gulf Coast area particularly

the form of the peninsula at the southern end of Louisiana creates a situation where some points on the Gulf Coast are as far away as 240 miles from the boundary of Zone III. The petitioner claims in effect that the Commission should take into consideration the unusual situation whereby, because of the irregularities in the Gulf Coast shore line near Reference Point (e), the boundary of Zone III has been placed farther north from the Gulf Coast relatively than any other part of the boundary line separating Zones II and III. It indicates this by calculating the distance of the Reference Point north from the Gulf Coast at the Louisiana Peninsula and noting that Reference Point (e) so measured is 45 miles farther north from the Gulf Coast than any other Reference Point. Petitioner suggests that this be corrected by placing Reference Point (e) 33 miles to the south and 11 miles to the west. Reference Point (e) would still be 22 miles farther north from the outermost extremity of the coast than any other Reference Point. The adoption by the Commission of Reference Point (e) as proposed by petitioner would make the boundaries of Zone III more closely approximate the outline of the shore of the Gulf Coast.

9. We have reconsidered our determination with respect to the boundaries of Zone III and we have decided it is reasonable to accept the reference point proposed by petitioner. Such action places Jackson, Mississippi, outside of Zone III and includes that city in Zone II. The assignment of Channel 3 to Jackson would meet the required separations for VHF assignments in Zone II.

10. In order to assign Channel 3 to Jackson, Mississippi, it is necessary to designate the carrier frequency offset which may in addition require changes in the carrier frequency offset of existing asignments on Channel 3. An examination of these assignments in the area adjacent to Jackson shows that the most feasible offset designations to adopt are:

City:	*Carrier frequency offset designation*
Jackson, Miss.	3+
Pensacola, Fla. (formerly 3+)	3−

11. We are aware that the assignment of Channel 3 to Jackson, Mississippi, conflicts with certain proposals filed pursuant to the Commission's "Memorandum Opinion and Notice of Further Rule Making" (FCC 52–817) issued in this proceeding on August 4, 1952. The Commission in the above Memorandum Opinion and Notice of Further Rule Making proposed to correct the Sixth Report and Order by assigning Channel 10 to Lafayette, Louisiana. James A. Noe filed a comment suggesting an alternative means of assigning Channel 10 to Lafayette thereby making possible an additional VHF assignment to New Orleans, Louisiana. In accomplishing such proposed assignments, James A. Noe, among other things, would assign Channel 3 to Baton Rouge, Louisiana. This assignment would not meet the required minimum spacing to the assignment of Channel 3 at Jackson, Mississippi. A joint comment was filed pursuant to the above Memorandum Opinion and Notice of Further Rule Making by Baton Rouge Broadcasting Company, Inc., and Air Waves, Inc., proposing an alternative means of assigning a VHF channel to Lafayette making possible the assignment of an additional channel to Baton Rouge, Louisiana. This would be accomplished among other things, by assigning Channel 3 to Mobile, Alabama. The assignment of Channel 3 at Mobile would not meet the minimum required spacing to the co-channel assignment to Jackson, Mississippi. Concurrently with the issuance of the instant memorandum opinion and order, the Commission is issuing its final report and order in the aforesaid rule making proceeding for the assignment of Channel 10 in Lafayette. In that report and order the Commission has rejected the conflicting comments of James A. Noe and Baton Rouge Broadcasting Company, Inc., and Air Waves, Inc. for the reasons there stated.

12. In view of the foregoing, the petition of Lamar Life Insurance Company is hereby granted: *And it is ordered*, That effective 30 days after publication in the FEDERAL REGISTER § 3.610 (a) (1) (iii), including Appendix I, Figure 2 thereof, and § 3.606 of the Commission's rules and regulations are amended as follows:

1. Section 3.610 (a) (1) (iii) is amended to read as follows:

(iii). Zone III[1] consists of that portion of the United States located south of a line, drawn on the United States Albers Equal Area Projection Map (based on standard parallels 29½° and 45½°; North American datum), beginning at a point on the east coast of Georgia and the 31st parallel and ending at the United States-Mexican border, consisting of arcs drawn with a 150 mile radius to the north from the following specified points:

	North latitude	*West longitude*
(a)	29°40′00″	83°24′00″
(b)	30°07′00″	84°12′00″
(c)	30°31′00″	86°30′00″
(d)	30°48′00″	87°58′30″
(e)	30°05′00″	90°38′30″
(f)	30°04′30″	93°19′00″
(g)	29°46′00″	95°05′00″
(h)	28°43′00″	96°39′30″
(i)	27°52′30″	97°32′00″

When any of the above arcs pass through a city, the city shall be considered to be located in Zone II. (See Appendix I, Figure 2.)

2. In § 3.606, *Table of assignments*, make the following changes:

Florida:	*Channel No.*
Pensacola	3—, 15—, *21, 46.
Mississippi:	
Jackson	3+, 12+, *19+, 25—, 47.

In view of the action taken herein, it is unnecessary to consider the alternative relief requested by the petitioner.

(Sec. 4, 48 Stat. 1066 as amended, 47 U. S. C. 154. Interprets or applies sec. 303, 48 Stat. 1082 as amended; 47 U. S. C. 303)

Adopted: September 25, 1952.

Released: September 30, 1952.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] T. J. SLOWIE,
Secretary.

PROPOSED RULE MAKING

FEDERAL COMMUNICATIONS COMMISSION

[47 CFR Part 1]

[Docket No. 10326]

NETWORKS AND LICENSEES OF BROADCAST STATIONS

ANNUAL FINANCIAL REPORT FORM

In the matter of amendment of FCC Form 324, Annual Financial Report (Including Associated Data) for Networks and Licensees of Broadcast Stations; Docket No. 10326.

1. Notice is hereby given of proposed rule making in the above-entitled matter.

2. It is proposed to amend FCC Form 324 in the manner indicated by the proposed revision attached as an appendix to this notice.[1]

3. The proposed revision of Schedules 10–A and 10–B (Employees and Their Compensation) of Annual Report Form 324 is being handled under separate proposed rule making.

4. A conference was held on June 10, 1952, among staff representatives of the Federal Communications Commission, representatives of the Budget Bureau, and the Committee on Radio Broadcasting of the Advisory Council on Federal Reports. The changes which have been made in the proposed form represent substantially the consensus of the aforementioned conferees.

5. The principal changes proposed to be effected by the attached revision are as follows:

(a) The instructions with respect to the balance sheet and associated schedules have been clarified.

(b) Schedule 1 (the balance sheet) has been revised. However, if the respondent prepares for other purposes, a detailed balance sheet as of December 31 of the calendar year showing substantially the same data required in Schedule 1, provision is made in the instructions for the respondent, if he so elects, to file

[1] Filed as part of the original document.

such a balance sheet in lieu of the one provided in Schedule 1.

(c) Present Schedule 1A, Analysis of Notes and Accounts Payable, Note 1 to present Schedule 7, Analysis of Broadcast Expenses, and present Schedule 9, Analysis of Time Devoted to Networks, have been deleted.

(d) Schedule 1B, Contingent Amounts, has been deleted and provision made for supplying these data, if any, as footnotes to the balance sheet.

(e) Provision has been made in proposed Schedule 6, Analysis of Broadcast Expenses, for the segregation therein of expenditures for film rentals, film purchases, and other film expense.

(f) A new form of verification has been inserted. Various other minor and editorial changes have been made.

6. The proposed amendment is issued under authority of sections 4 (i) and 303 (r) of the Communications Act of 1934, as amended.

7. Any interested party who is of the opinion that the proposed amendment should not be adopted or should not be adopted in the manner set forth herein may file with the Commission, on or before November 3, 1952, a written statement or brief setting forth his comments. At the same time, persons favoring the amendment as proposed may file statements in support thereof. Replies to such comments may be filed within ten days from the last day for filing original comments. The Commission will consider all comments that are received before taking final action in the matter.

8. In accordance with the provisions of § 1.764 of the Commission's rules and regulations, an original and 14 copies of all statements, briefs, or comments filed shall be furnished to the Commission.

Adopted: October 1, 1952.

Released: October 2, 1952.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] T. J. SLOWIE,
Secretary.

HOUSING AND HOME FINANCE AGENCY

Home Loan Bank Board

[24 CFR Part 161]

[No. 5540]

DEFINITION OF WHO ARE INSURED MEMBERS FOR PURPOSES OF INSURANCE OF ACCOUNTS

NOTICE OF PROPOSED RULE MAKING

OCTOBER 7, 1952.

Whereas by Resolution No. 5524, dated September 26, 1952, the Home Loan Bank Board provided for a hearing on October 31, 1952, upon certain amendments to the rules and regulations for the Federal Savings and Loan System with respect to the purchase of loans by Federal savings and loan associations beyond their regular lending area and

Whereas it is deemed advisable to consider at the same time an amendment to § 161.2 of the rules and regulations for insurance of accounts (24 CFR 161.2), which, as it would relieve a restriction and is called for by reason of the enactment of Public Law 558 of the 82d Congress, approved July 16, 1952, would not require 30 days' notice as provided in § 108.12 of the general regulations of the Home Loan Bank Board (24 CFR 108.12).

Resolved, that pursuant to Part 108 of the general regulations of the Home Loan Bank Board (24 CFR Part 108) and § 167.1 of the rules and regulations for insurance of accounts (24 CFR 167.1) an amendment of § 161.2 of the rules and regulations for insurance of accounts (24 CFR 161.2) to read as hereinafter set forth is hereby proposed.

Resolved further, that a hearing will be held on October 31, 1952, at 10 o'clock in the forenoon in Room 827, Federal Home Loan Bank Board Building, 101 Indiana Avenue NW., Washington, D. C., before the Home Loan Bank Board, a member thereof, or a hearing officer designated by the Board, for the purpose of receiving evidence, oral views and arguments on said proposed amendment of the rules and regulations for insurance of accounts, if written notice of intention to appear at said hearing is received by the Secretary to the Home Loan Bank Board at least five days before said date. If no such written notice of intention to appear has been received by the Secretary to the Board at least five days before the date set for the hearing, the hearing will be dispensed with. Whether or not a hearing is held, written data, views or arguments on said proposed amendment which are received by the Secretary to the Home Loan Bank Board on or before October 27, 1952, or prior to the conclusion of the hearing, if held, will be considered by the Home Loan Bank Board in connection with its consideration of the proposed amendment of the said rules and regulations.

§ 161.2 *Insured member.* An "insured member" may be an individual, a partnership, an association, or a corporation holding an insured account. Each officer, employee, or agent of the United States, of any State of the United States, of the District of Columbia, of any Territory of the United States, of Puerto Rico, of the Virgin Islands, of any county, of any municipality, or of any political subdivision thereof, herein called "public unit", having official custody of public funds and lawfully investing the same in an insured account is an insured member in such custodial capacity separate and distinct from any other officer, employee, or agent of the same or any public unit having official custody of public funds and lawfully investing the same in the same insured institution in custodial capacity. Each valid trust estate invested by the fiduciary in an insured account is an insured member separate and distinct from any other valid trust estate invested by the same or another fiduciary in the same insured institution. If the owner or the beneficiary of any such trust estate has any other investment in the same insured institution, held in a different capacity and right, he is, as to such investment, an insured member separate and distinct from such trust estate. In the event the funds of more than one trust estate are invested by the fiduciary in one insured account in an insured institution and the interest of each particular trust estate in such insured account is disclosed upon the records of the insured institution or upon the records of the fiduciary maintained in good faith and in the regular course of business, each such trust estate will be considered as a separate insured account as disclosed upon such records. In the event a fiduciary invests in one insured account funds of more than one trust estate which are commingled, each such trust estate in such insured account will be considered as a separate insured account for an amount determined by apportioning the total amount in the insured account to the trust estates having an interest therein upon the same ratio as the interest of such trust estates in the total commingled fund out of which the investment was made by the fiduciary.

Resolved further, that this hearing may be consolidated with the hearing provided for in the aforesaid Resolution No. 5524 of the Board (17 F. R. 8708).

(Sec. 402, 48 Stat. 1256, as amended; 12 U. S. C. 1725. Interprets or applies sec. 401, 48 Stat. 1255, Pub. Law 558, 82d Cong.; 12 U. S. C. 1724)

By the Home Loan Bank Board.

[SEAL] J. FRANCIS MOORE,
Secretary.

INTERSTATE COMMERCE COMMISSION

[49 CFR Part 205]

CLASS I MOTOR CARRIERS OF PROPERTY

REPORT OF MAN-HOURS PAID FOR AND COMPENSATION OF DRIVERS AND HELPERS

SEPTEMBER 30, 1952.

The Commission, Division 1, having under consideration the matter of statistical reports to be filed by Class I Motor Carriers of Property has approved a modification of the Quarterly Report of Revenues, Expenses, and Statistics to include data with respect to hours and compensation of Drivers and Helpers, to be compiled and reported in the manner set forth in the attached form.[1]

It is intended that each carrier shall report actual man-hours paid for during one pay period in each quarter and that the sum of the man-hours reported for the four quarters be used as a basis for estimating total man-hours paid for Drivers and Helpers required by Schedule 9002-A in the annual report.

Any interested party may, on or before November 10, 1952, file with the Commission written views or arguments to be considered in this connection, and may request oral argument thereon. Unless otherwise decided, after consideration of representation so received, an order will be entered requiring reports to be filed,

[1] Filed as part of the original document.

commencing with the period January 1, 1953 to March 31, 1953 (both dates inclusive).

[SEAL] GEORGE W. LAIRD,
Acting Secretary.

[49 CFR Part 205]

CLASS I MOTOR CARRIERS OF PASSENGERS

REPORT OF MAN-HOURS PAID FOR AND COMPENSATION OF DRIVERS

SEPTEMBER 30, 1952.

The Commission, Division 1, having under consideration the matter of statistical reports to be filed by Class I Motor Carriers of Passengers, has approved modification of the Quarterly Report of Revenues, Expenses, and Statistics to include data with respect to hours and compensation of Drivers, to be compiled and reported in the manner set forth in the attached form.[1]

It is intended that each carrier shall report the actual man-hours paid for during one pay period in each quarter and that the sum of the man-hours reported for the four quarters be used as a basis for estimating total man-hours paid for Drivers required by Schedule 9002-B in the annual report.

Any interested party may, on or before November 10, 1952, file with the Commission written views or arguments to be considered in this connection, and may request oral argument thereon. Unless otherwise decided, after consideration of representation so received, an order will be entered requiring reports to be filed, commencing with the period January 1, 1953 to March 31, 1953 (both dates inclusive).

[SEAL] GEORGE W. LAIRD,
Acting Secretary.

NOTICES

DEPARTMENT OF THE TREASURY

United States Coast Guard

[CGFR 52-45]

APPROVAL OF EQUIPMENT AND CORRECTION OF PRIOR DOCUMENT

By virtue of the authority vested in me as Commandant, United States Coast Guard, by Treasury Department Order No. 120, dated July 31, 1950 (15 F. R. 6521), and in compliance with the authorities cited below with each item of equipment: *It is ordered,* That:

(a) All the approvals listed in this document which supersede approvals published in the FEDERAL REGISTER dated July 31, 1947, are prescribed and shall be in effect for a period of 5 years from July 31, 1952, unless sooner canceled or suspended by proper authority; and,

(b) All the other approvals listed in this document (which are not covered by paragraph (a) above) are prescribed and shall be effective for a period of 5 years from date of publication in the FEDERAL REGISTER, unless sooner canceled or suspended by proper authority; and,

(c) The correction to an approval published in a prior document shall be made as set forth below.

BUOYANT CUSHIONS, NONSTANDARD

NOTE: Approved for use on motorboats of Classes A, 1, or 2 not carrying passengers for hire.

Approval No. 160.008/512/0, 15" x 15" x 2" rectangular buoyant cushion, 20 oz. kapok, unsupported plastic cover and straps, dwg. dated May 1, 1952, manufactured by Wilber & Son, 590 Howard Street, San Francisco, Calif.

Approval No. 160.008/515/0, 15" x 15" x 2" rectangular buoyant cushion, 20 ounce kapok, unsupported plastic cover and straps, manufactured by Atlantic-Pacific Manufacturing Corp., Brooklyn, N. Y., for Neptune Specialties, Inc., 52 Clark Street, Brooklyn 2, N. Y.

(R. S. 4405, 4491, 54 Stat. 164, 166, as amended; 46 U. S. C. 375, 489, 526e, 526p; 46 CFR 25.4-1, 160.008)

GAS MASKS, SELF-CONTAINED BREATHING APPARATUS, AND SUPPLIED-AIR RESPIRATORS

Approval No. 160.011/22/1, Type WUG-N1 Universal Gas Mask, Bureau of Mines Approval No. 1443, Willson Catalog No. 49, P. 50, manufactured by Willson Products, Inc., Reading, Pa. (Supersedes Approval No. 160.011/22/0 published in the FEDERAL REGISTER dated July 31, 1947.)

Approval No. 160.011/23/1, Type WUG-N2 Universal Gas Mask, Bureau of Mines Approval No. 1445, Willson Catalog No. 49, P. 50, manufactured by Willson Products, Inc., Reading, Pa. (Supersedes Approval No. 160.011/23/0 published in the FEDERAL REGISTER dated July 31, 1947.)

Approval No. 160.011/24/1, Type WIG-G4 Ammonia Gas Mask, Bureau of Mines Approval No. BM-1425, Willson Catalog No. 49, P. 54, manufactured by Willson Products, Inc., Reading, Pa. (Supersedes Approval No. 160.011/24/0 published in the FEDERAL REGISTER dated July 31, 1947.)

(R. S. 4405, 4417a, 4426, 4491, 49 Stat. 1544, 54 Stat. 1028, and sec. 5 (e), 55 Stat. 244, as amended; 46 U. S. C. 367, 375, 391a, 404, 463a, 489, 50 U. S. C. 1275; 46 CFR 61.16, 77.18, 95.17, 114.18, 160.011)

WINCHES, LIFEBOAT

Approval No. 160.015/62/0, Type B135M lifeboat winch, approved for a maximum working load of 13,500 pounds pull at the drums (6,750 pounds per fall), identified by general arrangement dwg. No. 2105-8 dated January 28, 1952, manufactured by Welin Davit and Boat Division of Continental Copper & Steel Industries, Inc., Perth Amboy, N. J.

(R. S. 4405, 4417a, 4426, 4488, 4491, 49 Stat. 1544, 54 Stat. 346, and sec. 5 (e), 55 Stat. 244, 245, as amended; 46 U. S. C. 367, 375, 391a, 404, 481, 489, 1333, 50 U. S. C. App. 1275; 46 CFR 33.10-5, 59.3a, 60.21, 76.15a, 94.14a, 160.015)

LADDERS, EMBARKATION-DEBARKATION (FLEXIBLE)

Approval No. 160.017/1/1, Type 8 PL embarkation-debarkation ladder, chain suspension, wood ears, dwg. dated March 5, 1952, manufactured by H. K. Metal Craft Mfg. Co., 3775-3789 Tenth Avenue at Two Hundred and Third Street, New York 34, N. Y. (Supersedes Approval No. 160.017/1/0 published in the FEDERAL REGISTER July 31, 1947.)

Approval No. 160.017/13/0, Type 8 PL-S embarkation-debarkation ladder, chain suspension, steel ears, dwg. dated March 1, 1952, manufactured by H. K. Metal Craft Mfg. Co., 3775-3789 Tenth Avenue at Two Hundred and Third Street, New York 34, N. Y.

(R. S. 4405, 4426, 4488, 4491, 49 Stat. 1544, 54 Stat. 346, and sec. 5 (e), 55 Stat. 244, 245, as amended; 46 U. S. C. 367, 375, 404, 481, 489, 1333, 50 U. S. C. App. 1275; 46 CFR 59.63, 76.56a, 94.55a, 113.47a, 160.017)

SEA ANCHORS, LIFEBOAT

Approval No. 160.019/11/0, Type JF lifeboat sea anchor, U. S. C. G. dwg. No. MMI-562 and specification dated November 1, 1943, revised August 24, 1944, manufactured by Samuel Fassman Co., 164 Liberty Avenue, Brooklyn 12, N. Y.

(R. S. 4405, 4417a, 4426, 4488, 4491, 49 Stat. 1544, 54 Stat. 346, and sec. 5 (e), 55 Stat. 244, as amended; 46 U. S. C. 367, 375, 391a, 404, 481, 489, 1333, 50 U. S. C. App. 1275; 46 CFR 33.15-1, 33.15-5, 59.11, 76.14, 160.019)

LIFE FLOATS

Approval No. 160.027/10/1, 7.0' x 3.5' (10" x 10" body section), elliptical, solid balsa wood life float, 10-person capacity, dwg. No. G-331, dated December 13, 1943, revised June 5, 1952, manufactured by C. C. Galbraith & Son, Inc., 99 Park Place, New York 7, N. Y. (Supersedes Approval No. 160.027/10/0 published in the FEDERAL REGISTER dated July 31, 1947.)

Approval No. 160.027/11/1, 8.5' x 4.0' (11" x 11" body section), elliptical, solid balsa wood life float, 15-person capacity, dwg. No. G-331, dated December 13, 1943, revised June 5, 1952, manufactured by C. C. Galbraith & Son, Inc., 99 Park Place, New York 7, N. Y. (Supersedes Approval No. 160.027/11/0 published in the FEDERAL REGISTER dated July 31, 1947.)

Approval No. 160.027/12/1, 9.0' x 5.5' (12" x 12" body section), elliptical, solid balsa wood life float, 20-person capacity, dwg. No. G-331, dated December 13, 1943, revised June 5, 1952, manufactured by C. C. Galbraith & Son, Inc., 99 Park Place, New York 7, N. Y. (Supersedes Approval No. 160.027/12/0 published in the FEDERAL REGISTER dated July 31, 1947.)

Approval No. 160.027/13/1, 10.0' x 5.5' (12" x 12" body section), elliptical, solid

MECHANICAL DISENGAGING APPARATUS, LIFEBOAT

Approval No. 160.033/4/1, Rottmer type size C releasing gear, approved for maximum working load of 18,300 pounds per set (9,150 pounds per hook), identified by general arrangement dwg. No. 1498–5 dated January 8, 1951, and revised June 9, 1952, manufactured by C. C. Galbraith & Son, Inc., 99 Park Place, New York 7, N. Y. (Supersedes Approval No. 160.033/4/0 published in the FEDERAL REGISTER dated July 31, 1947.)

Approval No. 160.033/26/1, Rottmer type size 297 releasing gear, approved for maximum working load of 39,800 pounds per set (19,900 pounds per hook), identified by assembly dwg. No. 1895–10 dated November 22, 1948, manufactured by Welin Davit and Boat Division of Continental Copper & Steel Industries, Inc., Perth Amboy, N. J. (Supersedes Approval No. 160.033/26/0 published in the FEDERAL REGISTER dated July 31, 1947.)

Approval No. 160.033/27/1, Rottmer type size 298 releasing gear, approved for maximum working load of 27,700 pounds per set (13,850 pounds per hook), identified by arrangement dwg. Nos. 3367–3 dated November 13, 1951, and 3372–4 dated November 1, 1951, manufactured by Welin Davit and Boat Division of Continental Copper & Steel Industries, Inc., Perth Amboy, N. J. (Supersedes Approval No. 160.033/27/0 published in the FEDERAL REGISTER dated July 31, 1947.)

Approval No. 160.033/28/1, Rottmer type size 299 releasing gear, approved for maximum working load of 15,720 pounds per set (7,860 pounds per hook), identified by arrangement dwg. No. 3372–6 dated December 11, 1951, manufactured by Welin Davit & Boat Division of Continental Copper & Steel Industries, Inc., Perth Amboy, N. J. (Supersedes Approval No. 160.033/28/0 published in the FEDERAL REGISTER dated July 31, 1947.)

Approval No. 160.033/39/1, Rottmer type S–1 releasing gear, approved for maximum working load of 21,300 pounds per set (10,650 pounds per hook), identified by hoist gear assembly dwg. No. M–115–1 dated October 25, 1949, and revised June 6, 1952, manufactured by Marine Safety Equipment Corp., Point Pleasant, N. J. (Supersedes Approval No. 160.033/39/0 published in the FEDERAL REGISTER dated May 10, 1950.)

Approval No. 160.033/44/0, type T–9.5 releasing gear, approved for maximum working load of 1,900 pounds per set (950 pounds per hook), identified by hoist and release gear dwg. No. 3237–2 dated June 8, 1950, and revised July 14, 1950, for use on all vessels other than ocean and coastwise, manufactured by Welin Davit and Boat Division of Continental Copper & Steel Industries, Inc., Perth Amboy, N. J.

KITS, FIRST-AID

Approval No. 160.041/4/0, First-aid Kit, Model No. H–24, dwg. No. H–24–K revised July 11, 1952, submitted by A. E. Halperin Co., Inc., 75–87 Northampton Street, Boston 18, Mass.

(R. S. 4405, 4417a, 4488, 4491, 49 Stat. 1544, 54 Stat. 346, 55 Stat. 244, as amended; 46 U. S. C. 367, 375, 391a, 481, 489, 1333, 50 U. S. C. App. 1275; 46 CFR 160.041)

VALVES, SAFETY

Approval No. 162.001/5/1, Style HRC–MS–1 carbon steel body pop safety valve, 350 p. s. i. maximum pressure, 450° F. maximum temperature, dwg. No. B–33675 dated Aug. 22, 1941, and G–33675 dated July 16, 1952, approved for sizes 2″, 2½″, 3″, 3½″ and 4″, manufactured by the Crosby Steam Gage & Valve Co., 43 Kendrick Street, Wrentham, Mass. (Supersedes Approval No. 162.001/5/0 published in the FEDERAL REGISTER dated July 31, 1947.)

Approval No. 162.001/6/1, Style HRD–MS–2 carbon steel body pop safety valve, 450 p. s. i. maximum pressure, 650° F. maximum temperature, dwg. No. B–33676 dated July 18, 1952, and G–33676 dated July 18, 1952, approved for sizes 1½″, 2″, 2½″, 3″, 3½″ and 4″, manufactured by the Crosby Steam Gage & Valve Co., 43 Kendrick Street, Wrentham, Mass. (Supersedes Approval No. 162.001/6/0 published in the FEDERAL REGISTER dated July 31, 1947.)

Approval No. 162.001/7/1, Style HRD–MS–3 carbon steel body pop safety valve, 500 p. s. i. maximum pressure, 650° F. maximum temperature, dwg. No. B–33677 dated July 18, 1952, and G–33677 dated July 18, 1952, approved for sizes 1½″, and 2″, manufactured by the Crosby Steam Gage & Valve Co., 43 Kendrick Street, Wrentham, Mass. (Supersedes Approval No. 162.001/7/0 published in the FEDERAL REGISTER dated July 31, 1947.)

Approval No. 162.001/8/1, Style HRSA–MS–3 carbon steel body pop safety valve, 500 p. s. i. maximum pres-

sure, 750° F. maximum temperature, dwg. No. D–33678, dated July 16, 1952, and G–33678 dated July 16, 1952, approved for sizes 1½" and 2", manufactured by the Crosby Steam Gage & Valve Co., 43 Kendrick Street, Wrentham, Mass. (Supersedes Approval No. 162.001/8/0 published in the FEDERAL REGISTER dated July 31, 1947.)

Approval No. 162.001/53/1, Type 38SV alloy steel pop safety valve, 1,500 p. s. i. maximum pressure, 1050° F. maximum temperature, dwg. Nos. B31432–2, Alt. 2 dated May 9, 1952, and C32258–1 undated, approved for sizes 1½", 2", 2½", 3" and 4", manufactured by Foster Engineering Co., 835 Lehigh Avenue, Union, New Jersey. (Supersedes Approval No. 162.001/53/0 published in the FEDERAL REGISTER dated July 31, 1947.)

Approval No. 162.001/56/1, Type 1451 Consolidated bronze body pop safety valve, 300 p. s. i. maximum pressure, 450° F. maximum temperature, dwg. No. 3VL953 dated July 28, 1952, approved for 2½" size, manufactured by Manning, Maxwell & Moo ` Inc., Stratford, Conn. (Supersedes Approval No. 162.001/56/0 published in the FEDERAL REGISTER dated July 31, 1947.)

Approval No. 162.001/60/1, Type 1426 Consolidated duplex carbon steel body pop safety valve, 300 p. s. i. maximum pressure for sizes 3" and 4", and 600 p. s. i. maximum pressure for sizes 2" and 2½", 650° F. maximum temperature, dwg. No. 3VK953 dated June 13, 1952, approved for sizes 2", 2½", 3" and 4", manufactured by Manning, Maxwell & Moore, Inc., Stratford, Conn. (Supersedes Approval No. 162.001/60/0 published in the FEDERAL REGISTER dated July 31, 1947.)

(R. S. 4405, 4417a, 4418, 4426, 4433, 4491, 49 Stat. 1544, 54 Stat. 346, and sec. 5 (e), 55 Stat. 244, 245, as amended; 46 U. S. C. 367, 375, 391a, 392, 404, 411, 489, 1333, 50 U. S. C. App. 1275; 46 CFR 52.65)

BOILERS, HEATING

Approval No. 162.003/21/1, Model MSCH, Size 28–260, waste heat boiler, heat recovery silencer type, fitted with spark arrester, steel construction, dwg. Nos. B–476A revised July 24, 1952, and B–743 revised July 24, 1952, maximum design pressure 30 p. s. i., approval limited to bare boiler, manufactured by the Maxim Silencer Co., Hartford, Conn. (Supersedes Approval No. 162.003/21/0 published in the FEDERAL REGISTER dated July 31, 1947.)

Approval No. 162.003/26/1, Model 400 hot water heating boiler, forced circulation coil type, dwg. No. L–33, dated July 17, 1952, maximum design pressure 30 p. s. i., approval limited to bare boiler, manufactured by Preferred Utilities Mfg. Corp., 1860 Broadway, New York 23, N. Y. (Supersedes Approval No. 162.003/26/0 published in the FEDERAL REGISTER dated July 31, 1947.)

Approval No. 162.003/27/1, Model 800T hot water heating boiler, forced circulation coil type, dwg. No. L–33, dated July 17, 1952, maximum design pressure 30 p. s. i., approval limited to bare boiler, manufactured by Preferred Utilities Mfg. Corp., 1860 Broadway, New York 23, N. Y. (Supersedes Approval No. 162.003/27/0 published in the FEDERAL REGISTER dated July 31, 1947.

(R. S. 4405, 4417a, 4418, 4426, 4433, 4434, 4491, 49 Stat. 1544, 54 Stat. 346, and sec. 5 (e), 55 Stat. 244, 245, as amended; 46 U. S. C. 367, 375, 391a, 392, 404, 411, 412, 489, 1333, 50 U. S. C. App. 1275; 46 CFR Part 52)

FIRE EXTINGUISHERS, PORTABLE, HAND, CAREON-TETRACHLORIDE TYPE

Approval No. 162.004/21/1, General Quick Aid Fire Guard Model 85 HD, 1-quart carbon-tetrachloride type hand portable fire extinguisher, assembly dwg. No. BT–185–XJ, Rev. B dated January 21, 1952, name plate dwg. No. AT–185–1D dated March 3, 1952, no revision, manufactured by the General Detroit Corp., 2272 East Jefferson Avenue, Detroit 7, Mich. (Supersedes Approval No. 162.004/21/0 published in the FEDERAL REGISTER dated July 31, 1947.)

Approval No. 162.004/22/1, General Quick Aid Fire Guard Model 95 HD, 1½-quart carbon-tetrachloride type hand portable fire extinguisher, assembly dwg. No. BT–195–XJ, dated March 28, 1952, no revision, name plate dwg. No. AT–195–1D, dated March 3, 1952, no revision, manufactured by the General Detroit Corp., 2272 East Jefferson Avenue, Detroit 7, Mich. (Supersedes Approval No. 162.004/22/0 published in the FEDERAL REGISTER dated July 31, 1947.)

Approval No. 162.004/23/2, General Quick Aid Fire Guard Model 85 HD, 1-quart carbon-tetrachloride type hand portable fire extinguisher, assembly dwg. No. BT–185–XJ, Rev. B dated January 21, 1952, name plate dwg. No. AT–185–1D, dated March 3, 1952, no revision, manufactured by the General Pacific Corp., 1501 East Washington Boulevard, Los Angeles 21, Calif. (Supersedes Approval No. 162.004/23/1 published in the FEDERAL REGISTER dated October 2, 1948.)

Approval No. 162.004/54/0, General Quick Aid Fire Guard Model 95 HD, 1½-quart carbon-tetrachloride type hand portable fire extinguisher, assembly dwg. No. BT–195–XJ, dated March 28, 1952, no revision, name plate dwg. No. AT–195–ID, dated March 3, 1952, no revision, manufactured by the General Pacific Corp., 1501 East Washington Boulevard, Los Angeles 21, Calif.

Approval No. 162.004/65/0, Badger's CTC (Symbol PY), 1-quart carbon-tetrachloride type hand portable fire extinguisher, assembly dwg. No. B–15791 dated June 17, 1949, no revision, name plate dwg. No. A–16174, Rev. 4 dated January 8, 1952, manufactured for Badger Fire Extinguisher Co., 626 Somerville Avenue, Somerville 43, Mass., by the Pyrene Manufacturing Co., 560 Belmont Avenue, Newark 8, N. J.

Approval No. 162.004/66/0, Badger's CTC (Symbol PY), 1½-qt. carbon-tetrachloride type hand portable fire extinguisher, assembly dwg. No. B–16164 dated November 22, 1950, no revision, name plate dwg. No. A–16237, Rev. 4 dated January 8, 1952, manufactured for Badger Fire Extinguisher Co., 626 Somerville Avenue, Somerville 43, Mass., by the Pyrene Manufacturing Co., 560 Belmont Avenue, Newark 8, N. J.

Approval No. 162.004/67/0, Gorham (Symbol PY), 1-qt. carbon-tetrachloride type hand portable fire extinguisher, assembly dwg. No. B–15791 dated June 17, 1949, no revision, name plate dwg. No. A–15759, Rev. No. 6 dated January 5, 1952, manufactured for Gorham Fire Equipment Co., 30 India Wharf, Boston, Mass., by the Pyrene Manufacturing Co., 560 Belmont Avenue, Newark 8, N. J.

Approval No. 162.004/68/0, Gorham (Symbol PY), 1½-quart carbon-tetrachloride type hand portable fire extinguisher, assembly dwg. No. B–16164 dated November 22, 1950, no revision, name plate dwg. No. A–15760, Rev. No. 6 dated January 5, 1952, manufactured for Gorham Fire Equipment Co., 30 India Wharf, Boston, Mass., by the Pyrene Manufacturing Co., 560 Belmont Avenue, Newark 8, N. J.

Approval No. 162.004/69/0, Kidde VL No. 6 (Symbol PY), 1-qt. carbon-tetrachloride type hand portable fire extinguisher, assembly dwg. No. B–15791 dated June 17, 1949, no revision, name plate dwg. No. A–16158, Rev. No. 3 dated July 17, 1951, manufactured for Walter Kidde & Co., Inc., Belleville 9, N. J., by the Pyrene Manufacturing Co., 560 Belmont Avenue, Newark 8, N. J.

Approval No. 162.004/70/0, Kidde VL No. 5 (Symbol PY), 1½-quart carbon-tetrachloride type hand portable fire extinguisher, assembly dwg. No. B–16164 dated November 22, 1950, no revision, name plate dwg. No. A–16159, Rev. No. 3 dated July 16, 1951, manufactured for Walter Kidde & Co., Inc., Belleville 9, N. J., by the Pyrene Manufacturing Co., 560 Belmont Avenue, Newark 8, N. J.

VALVES, SAFETY (FOR STEAM HEATING BOILERS)

Approval No. 162.012/9/0, Cat. No. 2501 pop safety valve, bronze body, for steam heating boilers and unfired steam generators, dwg. No. A–24144, Rev. B, dated April 22, 1948, approved for a maximum pressure of 30 p. s. i. in the following sizes and capacities:

Size (inches):	*Capacity (pounds/hour) at 30 p. s. i.*
¾	189
1	324
1¼	351
1½	495
2	711
2½	900

manufactured by the Crane Co., 836 S. Michigan Avenue, Chicago 5, Ill.

Approval No. 162.012/10/0, Series 70 pop safety valve, cast iron body enclosed spring standard outlet for steam heating boilers and unfired steam generators, dwg. No. P–20119, approved for a maximum pressure of 30 p. s. i. in the following sizes and capacities:

Size (inches):	*Capacity (pounds/hour) at 30 p. s. i.*
1	400
1¼	659
1½	1,356
2	1,989
2½	2,497
3	3,000
4	5,112

manufactured by Marine & Industrial Products Co., 3731 Filbert Street, Philadelphia 4, Pa.

Approval No. 162.012/11/0, Series 70E pop safety valve, cast iron body exposed spring standard outlet for steam heating boilers and unfired steam generators, dwg. No. P–20120, approved for a maximum pressure of 30 p. s. i. in the following sizes and capacities:

Size (inches):	Capacity (pounds/hour) at 30 p. s. i.
1	400
1¼	659
1½	1,366
2	1,989
2½	2,497
3	3,000
4	5,112

manufactured by Marine & Industrial Products Co., 3731 Filbert Street, Philadelphia 4, Pa.

Approval No. 162.012/12/0, Series 72 pop safety valve, cast iron body enclosed spring expanded outlet for steam heating boilers and unfired steam generators, dwg. No. P–20119, approved for a maximum pressure of 30 p. s. i. in the following sizes and capacities:

Size (inches):	Capacity (pounds/hour) at 30 p. s. i.
1	400
1¼	659
1½	1,366
2	1,989
2½	2,497
3	3,000
4	5,112

manufactured by Marine & Industrial Products Co., 3731 Filbert Street, Philadelphia 4, Pa.

Approval No. 162.012/13/0, Series 72E pop safety valve, cast iron body exposed spring expanded outlet for steam heating boilers and unfired steam generators, dwg. No. P–20120, approved for a maximum pressure of 30 p. s. i. in the following sizes and capacities:

Size (inches):	Capacity (pounds/hour) at 30 p. s. i.
1	400
1¼	659
1½	1,366
2	1,989
2½	2,497
3	3,000
4	5,112

manufactured by Marine & Industrial Products Co., 3731 Filbert Street, Philadelphia 4, Pa.

Approval No. 162.012/14/0, Series 5 pop safety valve, bronze body, for steam heating boilers and unfired steam generators, dwg. No. D–5L–2½, dated December 14, 1948, approved for a maximum pressure of 30 p. s. i. in the following sizes and capacities:

Size (inches):	Capacity (pounds/hour) at 30 p. s. i.
¾	219
1	306
1¼	576
1½	1,060
2	1,070

manufactured by Marine & Industrial Products Co., 3731 Filbert Street, Philadelphia 4, Pa.

(R. S. 4405, 4417a, 4418, 4426, 4433, 4491, 49 Stat. 1544, 54 Stat. 346, and sec. 5 (e), 55 Stat. 244, 245, as amended; 46 U. S. C. 375, 391a, 392, 404, 411, 489, 367, 1333, 50 U. S. C. App. 1275; 46 CFR 52.65)

VALVES, PRESSURE VACUUM RELIEF AND SPILL

Approval No. 162.017/64/0, Figure 100 pressure vacuum relief valve, atmospheric pattern, weight-loaded poppets, all bronze construction, dwg. No. 100–A, dated January 12, 1951, approved for sizes 2½", 3" and 4", manufactured by the Mechanical Marine Co., Inc., 17 Battery Place, New York 4, N. Y.

Approval No. 162.017/66/0, Figure 120 pressure only relief and spill valve, atmospheric pattern, weight-loaded poppet, all bronze construction, dwg. No. 120–A, dated January 12, 1951, approved for size 6", manufactured by the Mechanical Marine Co., Inc., 17 Battery Place, New York 4, N. Y.

Approval No. 162.017/67/0, Figure 130 pressure vacuum relief valve, enclosed pattern, weight-loaded poppets, all bronze construction, dwg. No. 130–A, revised February 7, 1951, approved for sizes 3", 4", 5" and 6", manufactured by the Mechanical Marine Co., Inc., 17 Battery Place, New York 4, N. Y.

(R. S. 4405, 4417a, 4491, and sec. 5 (e), 55 Stat. 244, 245, as amended; 46 U. S. C. 375, 391a, 489, 50 U. S. C. App. 1275; 46 CFR 162.017)

INDICATORS, BOILER WATER LEVEL, SECONDARY TYPE

Approval No. 162.025/6/1, Figure 4312, secondary boiler water level indicator, remote reading wall-mounted type, 700 p. s. i. maximum pressure, dwg. Nos. EL–912–108, revision A, dated February 23, 1952, EL–13021, revision E, dated June 16, 1952, and EL–14269, dated July 22, 1952, manufactured by Yarnall-Waring Co., Chestnut Hill, Philadelphia 18, Pa. (Supersedes Approval No. 162.025/6/0 published in the FEDERAL REGISTER dated July 31, 1947.)

Approval No. 162.025/30/1, Figure 4314, secondary boiler water level indicator, remote reading panel-mounted type, 700 p. s. i. maximum pressure, dwg. Nos. EL–912–108, revision A, dated February 23, 1952, EL–13021, revision E, dated June 16, 1952, and EL–14269, dated July 22, 1952, manufactured by Yarnall-Waring Co., Chestnut Hill, Philadelphia 18, Pa. (Supersedes Approval No. 162.025/30/0 published in the FEDERAL REGISTER dated July 31, 1947.)

Approval No. 162.025/31/1, Figure 4316, secondary boiler water level indicator, remote reading wall-mounted type, 1500 p. s. i. maximum pressure, dwg. Nos. EL–912–109, revision B, dated May 12, 1952, EL–13003 dated October 11, 1944, EL–12975 dated February 21, 1949, and EL–14269 dated July 22, 1952, manufactured by Yarnall-Waring Co., Chestnut Hill, Philadelphia 16, Pa. (Supersedes Approval No. 162.025/31/0 published in the FEDERAL REGISTER dated July 31, 1947.)

Approval No. 162.025/32/1, Figure 4318, secondary boiler water level indicator, remote reading panel-mounted type, 1500 p. s. i. maximum pressure, dwg. Nos. EL–912–109, revisions B, dated May 12, 1952, EL–13003 dated October 11, 1944, EL–12975 dated February 21, 1949 and EL–14269 dated July 22, 1952, manufactured by Yarnall-Waring Co., Chestnut Hill, Philadelphia 18, Pa. (Supersedes Approval No. 162.025/32/0 published in the FEDERAL REGISTER dated July 31, 1947.)

(R. S. 4405, 4417a, 4418, 4426, 4433, 4491, 49 Stat. 1544, 54 Stat. 346, and sec. 5 (e), 55 Stat. 244, 245, as amended; 46 U. S. C. 367, 375, 391a, 392, 404, 411, 489, 1333, 50 U. S. C. App. 1275; 46 CFR Part 52)

INCOMBUSTIBLE MATERIALS

Approval No. 164.009/10/2, Fiberglas Insulation Type TW–MC, glass wool insulation type incombustible material identical to that described in National Bureau of Standards Test Report No. TG 3610–1493, FP2569, dated Nov. 10, 1947, and National Bureau of Standards Test Report No. TG 10210–1624:FP2806, dated Aug. 9, 1949, modified by Owens-Corning Fiberglas Corporation letter dated July 9, 1952, approved in a 2 to 3½ pounds per cubic foot density, manufactured by Owens-Corning Fiberglas Corp., Toledo 1, Ohio. (Supersedes Approval No. 164.009/10/1 published in the FEDERAL REGISTER dated Aug. 24, 1951, and Approval No. 164.009/19/0 published in the FEDERAL REGISTER dated Oct. 7, 1949.)

(R. S. 4405, 4417a, 4426, 49 Stat. 1384, 1544, 54 Stat. 1028, sec. 5 (e), 55 Stat. 244, as amended; 46 U. S. C. 367, 369, 375, 391a, 404, 463a, 50 U. S. C. 1275; 46 CFR 164.009)

CORRECTION TO PRIOR DOCUMENT

In FEDERAL REGISTER Volume 17, Number 139, of the issue for Thursday, July 17, 1952, 17 F. R. 6568, under the heading "Buoys, Life, Ring, Cork or Balsa Wood," Approval No. 160.009/40/0 shall be corrected by changing the name of the manufacturer from "George Broom & Sons" to "George Broom's Sons."

Dated: October 7, 1952.

[SEAL] A. C. RICHMOND,
Rear Admiral, U. S. Coast Guard,
Acting Commandant.

[CGFR 52–46]

TERMINATION OF APPROVAL OF EQUIPMENT

By virtue of the authority vested in me as Commandant, United States Coast Guard, by Treasury Department Order No. 120, dated July 31, 1950 (15 F. R. 6521), and in compliance with the authorities cited below, the following approvals of equipment are terminated for the reasons set forth in notes with each item of equipment:

BUOYANT CUSHIONS, KAPOK, STANDARD

NOTE: The following approval is terminated because the manufacturer is no longer in business.

Termination of Approval No. 160.007/74/0, Standard kapok buoyant cushion, U. S. C. G. Specification Subpart 160.007, manufactured by Distin Boat Co., Inc., Saranac Lake, N. Y. (Approved FEDERAL REGISTER dated October 2, 1948.)

(R. S. 4405, 4491, 54 Stat. 164, 166, as amended; 46 U. S. C. 375, 489, 526e, 526p; 46 CFR 25.4–1, 160.007)

VALVES, SAFETY

NOTE: The following approvals are terminated because they do not comply with the requirements of power boiler safety valves.

Termination of Approval No. 162.001/85/0, Cat. No. 2501, Crane Co. pop safety valve, bronze body and bonnet, enclosed spring, single lifting lever, screwed inlet and outlet, maximum working pressure 30 p. s. i., dwg. No. A–24144, Rev. B, approved for sizes 1½" and 2" diameters, sizes ¾", 1", and 1¼" diameter are approved only for heating boiler service, manufactured by Crane Co., 836 South Michigan Avenue, Chicago 5, Ill. (Approved FEDERAL REGISTER dated July 1, 1948.)

Termination of Approval No. 162.001/87/0, Series 70, cast iron body pop safety valve, enclosed spring, expanded outlet, maximum working pressure 30 p. s. i., maximum temperature 450° F., limited to installation on heating boilers and evaporators, not permitted on power boilers, dwg. No. P–20119, approved for sizes 1½", 2", 2½", 3", and 4", manufactured by Marine & Industrial Products Co., 3731 Filbert Street, Philadelphia 4, Pa. (Approved FEDERAL REGISTER dated August 28, 1948.)

Termination of Approval No. 162.001/88/0, Series 70E, cast iron body pop safety valve, exposed spring, expanded outlet, maximum working pressure 30 p. s. i., maximum temperature 450° F., limited to installation on heating boilers and evaporators, not permitted on power boilers, dwg. No. P–20120, approved for sizes 1½", 2", 2½", 3", and 4", manufactured by Marine & Industrial Products Co., 3731 Filbert Street, Philadelphia 4, Pa. (Approved FEDERAL REGISTER dated August 28, 1948.)

Termination of Approval No. 162.001/89/0, Series 72 cast iron body pop safety valve, enclosed spring, standard outlet, maximum working pressure 30 p. s. i., maximum temperature 450° F., limited to installation on heating boilers and evaporators, not permitted on power boilers, dwg. No. P–20119, approved for sizes 1½", 2", 2½", 3", and 4", manufactured by Marine & Industrial Products Co., 3731 Filbert Street, Philadelphia 4, Pa. (Approved FEDERAL REGISTER dated August 28, 1948.)

Termination of Approval No. 162.001/90/0, Series 72E cast iron body pop safety valve, exposed spring, standard outlet, maximum working pressure 30 p. s. i., maximum temperature 450° F., limited to installation on heating boilers and evaporators, not permitted on power boilers, dwg. No. P–20120, approved for sizes 1½", 2", 2½", 3", and 4", manufactured by Marine & Industrial Products Co., 3731 Filbert Street, Philadelphia 4, Pa. (Approved FEDERAL REGISTER dated August 28, 1948.)

Termination of Approval No. 162.001/100/0, Series 5, bronze body pop safety valve, enclosed spring, screwed inlet and outlet, 30 pounds per square inch maximum pressure, 366° F. maximum temperature, limited to installation on heating boilers and evaporators, not permitted on power boilers, dwg. No. D–5L–2½, approved for sizes ¾", 1", 1¼", 1½", 2", 2½", and 3", manufactured by Marine & Industrial Products Co., 3731 Filbert Street, Philadelphia 4, Pa. (Approved FEDERAL REGISTER dated Feb. 19, 1949.)

(R. S. 4405, 4417a, 4418, 4426, 4433, 4491, 49 Stat. 1544, 54 Stat. 346, and sec. 5 (e), 55 Stat. 244, 245, as amended; 46 U. S. C. 367, 375, 391a, 392, 404, 411, 489, 1333, 50 U. S. C. App. 1275; 46 CFR 52.65)

INCOMBUSTIBLE MATERIALS

NOTE: The following approval is terminated because the incombustible material has been incorporated with Approval No. 164.009/10/2.

Termination of Approval No. 164.009/19/0, Fiberglas Insulation Type TW–MC–611, glass wool insulation type incombustible material identical to that described in National Bureau of Standards Test Report No. TG 10210–1624:FP2806, dated August 9, 1949, approved in a 2 pound per cubic foot density, manufactured by Owens-Corning Fiberglas Corp., Toledo 1, Ohio. (Approved FEDERAL REGISTER dated October 7, 1949.)

(R. S. 4405, 4417a, 4426, 49 Stat. 1384, 1544, 54 Stat. 1028, sec. 5 (e), 55 Stat. 244, as amended; 46 U. S. C. 367, 369, 375, 391a, 404, 463a, 50 U. S. C. 1275; 46 CFR 164.009)

CONDITIONS OF TERMINATION OF APPROVAL

The termination of approvals of equipment made by this document shall be made effective upon the thirty-first day after the date of publication of this document in the FEDERAL REGISTER. Notwithstanding this termination of approval on any item of equipment, such equipment in service before the effective date of termination of approval may be used so long as it is in good and serviceable condition.

Dated: October 7, 1952.

[SEAL] A. C. RICHMOND,
Rear Admiral, U. S. Coast Guard,
Acting Commandant.

[CGFR 52–47]

COAST GUARD PORT SECURITY CARDS

The United States Coast Guard is authorized to issue Coast Guard Port Security Cards as one means of identification of persons regularly employed on vessels or on waterfront facilities or of persons having regular public or private business connected with the operation, maintenance, or administration of vessels, their cargoes, or waterfront facilities. The practice is to limit the validity of these Coast Guard Port Security Cards to 2 years from date of issuance. It is not deemed appropriate or necessary to require the rescreening of holders of Coast Guard Port Security Cards and the reissuance of such cards at this time. By virtue of the authority vested in me as Commandant, United States Coast Guard, by 33 CFR 6.10–7 in Executive Order 10173, as amended by Executive Orders 10277 and 10352 (15 F. R. 7005, 7007, 7008, 16 F. R. 7537, 7538, 17 F. R. 4607), notice is given to holders of Coast Guard Port Security Cards (Form CG 2514) that the period of validity of such cards issued on or before June 30, 1952, 2 years from date of issue as shown on the reverse side thereof, is hereby extended for two additional years. New Coast Guard Port Security Cards will not be issued, and Coast Guard personnel and others concerned shall honor such outstanding cards issued on or before June 30, 1952, unless sooner surrendered or canceled by proper authority, for a period of 4 years from date of issue.

Dated: October 7, 1952.

[SEAL] A. C. RICHMOND,
Rear Admiral, U. S. Coast Guard,
Acting Commandant.

OREGON

NOTICE OF FILING OF PLAT OF SURVEY

OCTOBER 2, 1952.

Notice is hereby given that the plat of dependent resurvey and extension survey of T. 39 S., R. 27 E., Willamette Meridian, Oregon, accepted September 13, 1951, will be officially filed in the Land Office, Portland, Oregon, effective at 10:00 a. m., on the 35th day after the date of this notice.

The above plat represents (1) a retracement and reestablishment of the original township boundary and subdivisional lines as shown by plat approved November 15, 1881, designed to restore the corners in their original locations according to the best available evidence, (2) relottings of previously surveyed lands in sections 10, 14, 15, 22, 23, 26, 27, 34, 35, and 36, as shown by plat approved November 15, 1881, and (3) an extension of surveys over the dry bed of Guano Lake in the above-described sections.

In terms of the subsisting plat of survey, the lands in the above-described sections are now described as follows:

WILLAMETTE MERIDIAN

T. 39 S., R. 27 E.,
Sec. 10, Lots 7 to 21 inclusive,
Sec. 14, Lots 5 to 20 inclusive,
Sec. 15, Lots 5 to 20 inclusive,
Sec. 22, Lots 5 to 20 inclusive,
Sec. 23, Lots 5 to 20 inclusive,
Sec. 26, Lots 5 to 20 inclusive,
Sec. 27, Lots 2 to 17 inclusive,
Sec. 34, Lots 3 to 18 inclusive,
Sec. 35, Lots 3 to 18 inclusive,
Sec. 36, Lots 3 and 4.

The area described aggregates 5,796.62 acres.

Public Water Reserve No. 107

By order of April 17, 1926 (Interpretation No. 211 of November 19, 1934—No. 1218080), certain lands in section 34 were included in this withdrawal. The above plat shows relottings of previously surveyed lands in this section as shown by plat approved November 15, 1881. In terms of the subsisting plat of survey, the withdrawn lands are now described as follows:

WILLAMETTE MERIDIAN

T. 39 S., R. 27 E.,
Sec. 34. Lots 11 to 18 inclusive.

The area described aggregates 321.52 acres.

All of the above-described lands are within the exterior boundaries of Grazing District No. 1.

The lands will not be available for filing of applications under the public land laws, including the mining laws, until an order opening them to such application and entry is published in the FEDERAL REGISTER.

Anyone having a valid settlement or other right to any of the lands initiated prior to the survey of the lands should assert the same within 3 months from the date on which the plats are officially filed, by filing an application under the appropriate public land law setting forth all facts relevant thereto.

All inquiries relating to these lands should be addressed to the Manager, Land Office, Portland 18, Oregon.

FRANCES A. PATTON,
Manager.

Southwestern Power Administration

[SPA General Order 83]

CHIEF, DIVISION OF ADMINISTRATION ET AL.

DELEGATIONS OF AUTHORITY WITH RESPECT TO EXECUTION OF CONTRACTS

AUGUST 27, 1952.

SECTION 1. *Revocation.* SPA General Order No. 66, August 14, 1951 (16 F. R. 9666) is revoked.

SEC. 2. *Contracts and leases.* The following authority, with respect to contracts and leases, is redelegated pursuant to, and subject to the provisions of, Order No. 2509, as amended.

.01 *Contractual authority.* (a) The Chief, Division of Administration, and the Supply Officer may, irrespective of the amount involved, enter into contracts for construction, supplies, or services, including, but not limited to, contracts for land surveys, contracts for architectural, structural, or electrical plans or designs, and contracts for the procurement of transformers and oil circuit breakers.

(b) The Chief, Procurement Section, may, irrespective of the amount involved, enter into contracts for services or supplies except contracts for land surveys, contracts for architectural, structural, or electrical plans or designs, and contracts for the procurement of transformers and oil circuit breakers.

.02 *Change orders.* With respect to contracts entered into by them, any of the officials named in subsection .01 of this section may issue change orders and extra work orders pursuant to such contracts, enter into modifications of such contracts, and terminate such contracts when legally permissible; but a change order to a construction contract (Standard Form No. 23), involving an estimated increase or decrease of more than $500.00, must be approved in writing by the Administrator.

.03 *Leases.* The Chief, Division of Administration, the Supply Officer, and the Chief, Procurement Section, may exercise the authority of the Administrator with respect to leases.

SEC. 3. *Effective date.* This order shall be effective on and from September 30, 1952.

JAMES V. ALFRIEND,
Acting Administrator.

SIDNEY LIVESTOCK COMMISSION CO.

DEPOSTING OF STOCKYARD

It has been ascertained that the Sidney Livestock Commission Company, Sidney, Nebraska, originally posted on January 10, 1950, as being subject to the Packers and Stockyards Act, 1921, as amended (7 U. S. C. 181 et seq.), no longer comes within the definition of a stockyard under said act for the reason that it no longer meets the area requirements. Therefore, notice is given to the owner of such stockyard and to the public that such stockyard is no longer subject to the provisions of said act.

Notice of public rule making has not preceded promulgation of the foregoing rule since it is found that the giving of such notice would prevent the due and timely administration of the Packers and Stockyards Act and would, therefore, be impractical. There is no legal warrant or justification for not deposting promptly a stockyard which no longer meets the area requirements of the act and is, therefore, no longer a stockyard within the definition contained in said act.

The foregoing rule is in the nature of a rule granting an exemption or relieving a restriction and, therefore, may be made effective in less than 30 days after publication thereof in the FEDERAL REGISTER. This notice shall become effective upon publication in the FEDERAL REGISTER.

(42 Stat. 159, as amended; 7 U. S. C. 181 et seq.)

Done at Washington, D. C., this 8th day of October 1952.

[SEAL] H. E. REED,
Director, Livestock Branch, Production and Marketing Administration.

DEPARTMENT OF COMMERCE

Federal Maritime Board

[Docket No. M–55 (Sub. No. 1)]

BAREBOAT CHARTERS OF GOVERNMENT-OWNED, WAR-BUILT, DRY-CARGO VESSELS AUTHORIZED UNDER PUB. LAW 591, 81ST CONG., IN EFFECT ON JUNE 30, 1952

ANNUAL REVIEW

In accordance with section 3 (e) of Public Law 591, 81st Congress, an annual review has been made of bareboat charters of government-owned, war-built, dry-cargo vessels authorized under said law and in effect on June 30, 1952.

By order of the Board, dated July 2, 1952, the Federal Maritime Board tentatively found that conditions exist justifying the continuance of the following charters under the conditions previously certified by the Federal Maritime Board:

TABLE I

Charterer	Vessel	Docket No.	Date vessel delivered
Luckenbach-Gulf Steamship Co., Inc	Pine Bluff Victory	M–14	Mar. 28, 1951
	Wayne Victory	M–14	Apr. 23, 1951
	Red Oak Victory	M–50	Feb. 11, 1952
Pacific Atlantic Steamship Co	Jeremiah S. Black	M–43	May 1, 1951
	Elmer A. Sperry	M–43	Feb. 15, 1951
	Thomas Nuttall	M–43	Oct. 27, 1951
Pope & Talbot, Inc	Pere Marquette	M–42	Feb. 23, 1951
	Albert S. Burleson	M–42	Apr. 10, 1951
	M. M. Guhin	M–42	Apr. 2, 1951
Alaska Steamship Co	Coastal Monarch	M–11	Aug. 9, 1948
	Sailors Splice	M–11	Apr. 27, 1949
	Coastal Rambler	M–11	Aug. 18, 1948
	Lucidor	M–11	Dec. 16, 1948
	Palisana	M–11	Do.
	Flemish Knot	M–11	July 26, 1948
	Square Knot	M–11	July 6, 1948
	Square Sinnet	M–11	Aug. 1, 1948
	Ring Splice	M–11	Jan. 14, 1949
	John H. Quick	M–31	June 4, 1951
	George D. Prentice	M–31	July 2, 1951
Coastwise Line	Tarleton Brown	M–24	Apr. 3, 1951
	John W. Burgess	M–24	Apr. 13, 1951
	Charles Crocker	M–30	May 28, 1951
American President Lines	Lightning	M–27	Apr. 16, 1951
	Shooting Star	M–32	May 23, 1951
	Anchorage Victory	M–20	Mar. 7, 1951
	Cuba Victory	M–51	Feb. 20, 1952
Farrell Lines	Vanderbilt Victory	M–52	Apr. 18, 1952
	Brigham Victory	M–52	Apr. 22, 1952
Grace Line, Inc	Gunners Knot	M–9	Sept. 15, 1946
	Coastal Nomad	M–9	Dec. 23, 1946
	Coastal Adventurer	M–9	Jan. 21, 1947
	Anchor Hitch	M–9	Jan. 3, 1947
Lykes Bros. Steamship Co	Roswell Victory	M–21	Oct. 31, 1951
	Cedar Rapids Victory	M–21	Dec. 5, 1951
	Denison Victory	M–35	Oct. 8, 1951
	Drake Victory	M–35	Nov. 2, 1951
	Barre Victory	M–37	Nov. 30, 1951
Mississippi Shipping Co	Cape Horn	M–36	Sept. 14, 1951
Pacific Far East Line	Contest	M–10	Apr. 27, 1947
	Flying Dragon	M–10	May 8, 1947
	Surprise	M–10	Dec. 20, 1948
	Trade Wind	M–10	Jan. 20, 1949
	Fleetwood	M–10	Dec. 27, 1948
	Flying Scud	M–10	Dec. 10, 1948
	Sea Serpent	M–27	Mar. 28, 1951
	Bucyrus Victory	M–26	Aug. 17, 1951
Prudential Steamship Corp	Lindenwood Victory	M–34	July 27, 1951
	Clarksville Victory	M–45	Jan. 29, 1952
South Atlantic Steamship Line	Anniston Victory	M–33	July 18, 1951
	High Point Victory	M–33	Aug. 30, 1951

Notice of the foregoing order was served on all interested parties and was published in the FEDERAL REGISTER on July 10, 1952.

Since the date of the Board's tentative findings, notices of termination have been received with respect to the following vessels:

TABLE II

Charterer	Vessel	Docket No.	Date vessel delivered
Pope & Talbot, Inc	Pere Marquette	M–42	Feb. 23, 1951
American President Lines	Cuba Victory	M–51	Feb. 20, 1951
Farrell Lines	Vanderbilt Victory	M–52	Apr. 18, 1952
	Brigham Victory	M–52	Apr. 22, 1952
Lykes Bros. Steamship Co	Roswell Victory	M–21	Oct. 31, 1951
	Cedar Rapids Victory	M–21	Dec. 5, 1951
	Denison Victory	M–35	Oct. 8, 1951
	Drake Victory	M–35	Nov. 2, 1951
	Barre Victory	M–37	Nov. 30, 1951
Pacific Far East Line	Bucyrus Victory	M–26	Aug. 17, 1951
South Atlantic Steamship Line	Anniston Victory	M–33	July 18, 1951
	High Point Victory	M–33	Aug. 30, 1951

A protest was subsequently filed on behalf of the Committee for the Promotion of Tramp Shipping opposing the continuance of certain charters. On July 29, 1952, the Board ordered a hearing (Docket No. M–55) on the charters placed in issue by the Committee for the Promotion of Tramp Shipping. These charters will be the subject of a report by the Board to be issued at a later date. No objections to the tentative findings of the Board were filed with respect to the following charters:

TABLE III

Charterer	Vessel	Docket No.	Date vessel delivered
Luckenbach-Gulf Steamship Co	Pine Bluff Victory	M-14	Mar. 28, 1951
	Wayne Victory	M-14	Apr. 23, 1951
	Red Oak Victory	M-50	Feb. 11, 1952
Alaska Steamship Co	Coastal Monarch	M-11	Aug. 9, 1948
	Sailors Splice	M-11	Apr. 27, 1949
	Coastal Rambler	M-11	Aug. 18, 1948
	Lucidor	M-11	Dec. 16, 1948
	Palisana	M-11	Do.
	Flemish Knot	M-11	July 26, 1948
	Square Knot	M-11	July 6, 1948
	Square Sinnet	M-11	Aug. 1, 1948
	Ring Splice	M-11	Jan. 14, 1949
American President Lines	Lightning	M-27	Apr. 16, 1951
	Shooting Star	M-32	May 23, 1951
Grace Line, Inc	Gunners Knot	M-9	Sept. 15, 1946
	Coastal Nomad	M-9	Dec. 23, 1946
	Coastal Adventurer	M-9	Jan. 21, 1947
	Anchor Hitch	M-9	Jan. 3, 1947
Mississippi Shipping Co	Cape Horn	M-36	Sept. 14, 1951
Pacific Far East Line	Contest	M-10	Apr. 27, 1947
	Flying Dragon	M-10	May 8, 1947
	Surprise	M-10	Dec. 20, 1948
	Trade Wind	M-10	Jan. 20, 1949
	Fleetwood	M-10	Dec. 27, 1948
	Flying Scud	M-10	Dec. 10, 1948
	Sea Serpent	M-27	Mar. 28, 1951

Findings, certifications, and recommendations. On the basis of evidence considered by the Board, the Federal Maritime Board finds and hereby certifies to the Secretary of Commerce that conditions exist justifying the continuance of the charters listed in Table III, above, upon the conditions originally certified by the Federal Maritime Board.

Dated: October 3, 1952.

By order of the Board.

[SEAL] A. J. WILLIAMS,
Secretary.

[F. R. Doc. 52-11038; Filed, Oct. 10, 1952; 8:54 a. m.]

National Production Authority

[Suspension Order 33; Docket No. 26]

MARDIGIAN CORP.

SUSPENSION ORDER

A hearing having been held in the above-entitled matter on the 5th day of August 1952, before Harrison W. Ewing, a hearing commissioner of the National Production Authority, on a statement of charges made by the General Counsel, National Production Authority, and an answer thereto, in accordance with National Production Authority General Administrative Order 16-06 (16 F. R. 8628), and Implementation 1 to National Production Authority General Administrative Order 16-06 (16 F. R. 8799), redesignated as R. P. 1—Rules of Practice Before Hearing Commissioners (16 F. R. 8894), and upon a stipulation of facts with annexed exhibits, and affidavit filed herein on behalf of the respondents; and

The respondents, Mardigian Corporation, a corporation, and Edward Mardigian, as president and treasurer of said Mardigian Corporation and individually, and Rudolph Stonisch, as vice president of said Mardigian Corporation and individually, having been duly apprised of the specific violations charged and the administrative action which may be taken, and having been fully informed of the rules and procedures which govern these proceedings; and the said respondents, Mardigian Corporation, a corporation, and Edward Mardigian and Rudolph Stonisch as officers of said corporation and individually, being represented by Messrs. Kramer and Mellen, attorneys at law, of Detroit, Mich.; and evidence having been offered and received in respect to the charges; and the hearing commissioner being advised in the premises, it is hereby determined:

Findings of fact. 1. The respondent, Mardigian Corporation, is, and during the period covered by the charges herein was, a manufacturing corporation organized and existing under the laws of the State of Michigan, and having its principal office and place of business at Detroit, Mich.

2. The business of said Mardigian Corporation includes, and during said period included, the production of aluminum cooking utensils, otherwise known as cook ware, from aluminum in controlled forms, and also includes and included the manufacture, both on Government defense contracts and for civilian use, of products made from materials other than aluminum. Aluminum is the only controlled material used by said respondent in the manufacture of cooking utensils. No aluminum has been or is presently used by said corporation in manufacturing products required by said Government defense contracts or in manufacturing said other products for civilian use.

3. During the month of January 1951, said Mardigian Corporation committed acts prohibited by section 26.25 (b), of National Production Authority Order M-7, as amended December 1, 1950 (15 F. R. 8576), in that the said Mardigian Corporation used 278,289 pounds of aluminum in manufacture, while lawfully entitled to use only 185,557 pounds thereof, and thereby used during said month 92,732 pounds of aluminum in excess of the quantity permitted by said regulation.

4. During the calendar quarter year beginning April 1, 1951, said Mardigian Corporation committed acts prohibited by section 5 (c) of National Production Authority Order M-7, as amended March 9, 1951 (16 F. R. 2337), March 31, 1951 (16 F. R. 2922), April 16, 1951 (16 F. R. 3118), April 20, 1951 (16 F. R. 3510), and June 1, 1951 (16 F. R. 5259), in that the said Mardigian Corporation used 803,934 pounds of aluminum in manufacture, while lawfully entitled to use only 452,295 pounds thereof, and thereby used during said period 351,639 pounds of aluminum in excess of the quantity permitted by said regulation.

5. During the calendar quarter year beginning July 1, 1951, said Mardigian Corporation committed acts prohibited by section 4 (a), of National Production Authority Order M-47A, dated July 1, 1951 (16 F. R. 6029), as amended August 2, 1951 (16 F. R. 7679), in that the said Mardigian Corporation used 452,584 pounds of aluminum in manufacture or assembly, while lawfully entitled to use only 347,920 pounds thereof, and thereby used during said period 104,664 pounds of aluminum in excess of the quantity permitted by said regulation.

6. Said Mardigian Corporation committed acts prohibited by section 19 (f), of CMP Regulation No. 1, as amended July 12, 1951 (16 F. R. 6800), August 1, 1951 (16 F. R. 7610), August 22, 1951 (16 F. R. 8548), October 1, 1951 (16 F. R. 10082), and November 23, 1951 (16 F. R. 11860), in that the said Mardigian Corporation, having received an authorized production schedule and an allotment of 139,238 pounds of aluminum for use during the fourth quarter of 1951, used said allotment to place orders for a total of 294,570 pounds of aluminum, a controlled material, and thereby placed controlled material orders for said quarter for 155,332 pounds of aluminum in excess of said allotment.

7. During the fourth quarter of 1951 said Mardigian Corporation committed acts prohibited by section 1 of Direction 3, issued June 25, 1951 (16 F. R. 6032), to CMP Regulation No. 1, dated May 3, 1951 (16 F. R. 4127), as amended July 12, 1951 (16 F. R. 6800), August 1, 1951 (16 F. R. 7610, August 14, 1951 (16 F. R. 8109), August 22, 1951 (16 F. R. 8548), September 17, 1951 (16 F. R. 9518), October 1, 1951 (16 F. R. 10082), and November 23, 1951 (16 F. R. 11860), in that the said Mardigian Corporation placed orders during the said fourth quarter of 1951 which requested delivery in the months of October 1951 and November 1951, of controlled materials, to wit: aluminum in excess of the amounts allowable in any 1 month during said quarter, and in greater amounts than was permitted by the aforesaid regulations, and in greater amounts and on earlier dates than was required to fulfill its authorized production schedule for said fourth quarter of 1951.

8. Said Mardigian Corporation committed acts prohibited by section 23 (a) and (b) of CMP Regulation No. 1, dated May 3, 1951 (16 F. R. 4127), and as amended July 12, 1951 (16 F. R. 6800), August 1, 1951 (16 F. R. 6800), August 22, 1951 (16 F. R. 8548), October 1, 1951 (16 F. R. 10082), November 23, 1951 (16 F. R. 11860), January 5, 1952 (17 F. R. 201), and March 31, 1952 (17 F. R. 2847), in that during the period from May 3, 1951, to July 10, 1952, said Mardigian Corporation failed to maintain accurate records of all allotments received, of pro-

eurement pursuant to all allotments, and of the subdivision of all allotments among its direct secondary consumers, and failed to segregate and keep separately by allotment numbers, and to file in such manner that they could be segregated regularly, and made available for inspection, all documents on which it relied as entitling it to receive or make an allotment or to accept delivery or to deliver controlled materials or Class A products.

9. During the period beginning July 1, 1951, and ending September 30, 1951, said Mardigian Corporation committed acts prohibited by section 1 of CMP Regulation No. 5, dated July 17, 1951 (16 F. R. 6936), as amended August 10, 1951 (16 F. R. 7989), in that the said Mardigian Corporation used the procedure provided in said CMP Regulation No. 5 to obtain MRO (Maintenance, Repair, and Operating) materials in excess of 20 percent of its MRO quota, and obtained materials for MRO purposes costing $84,338.00 when it was not permitted to exceed a cost of $44,250.30 for such materials.

10. There is no evidence tending to show that, as charged respectively in charges numbered 2, 4, 6, 8, 10, 12, and 14 in the statement of charges in the above-entitled proceeding, the individual respondents named in said charges, or any of them, directed and supervised, or participated in, any of the acts or omissions recited in the foregoing findings of fact, numbered from 3 to 9, inclusive, or that said individual respondents or any of them had actual knowledge of any of said acts or omissions.

Conclusions. 1. During the various periods respectively shown by the foregoing findings of fact, the above-named Mardigian Corporation violated the orders and regulations of the National Production Authority, cited respectively in said findings of fact as follows:

(a) By using in manufacture and assembly for civilian use a total of 549,035 pounds of controlled materials, namely aluminum, in excess of the quantities and total permitted by the orders and regulations of the National Production Authority cited in said respective findings of fact and applicable during said respective periods;

(b) By placing controlled materials orders during and for the fourth quarter of 1951 for 155,332 pounds of aluminum in excess of its allotment for said period;

(c) By placing orders during the fourth quarter of 1951 which requested delivery of controlled materials, namely, aluminum, in the months of October 1951 and November 1951 in excess of the amounts permitted by said regulations in any 1 month of said quarter, and by placing orders which requested delivery of controlled materials, namely, aluminum, in the months of October 1951 and November 1951 in greater amounts and on earlier dates than was required to fulfill its authorized production schedule for said fourth quarter of 1951.

(d) By failing during the period from May 3, 1951, to July 10, 1952, to maintain accurate records of all allotments received, of procurement pursuant to all allotments, and of the subdivision of all allotments among its direct secondary consumers, and by failing to segregate and keep separately by allotment numbers, and to file in such manner that they could be segregated readily and made available for inspection, all documents on which it relied as entitling it to receive or make an allotment or to accept delivery or to deliver controlled materials or Class A products.

(e) By using the procedure provided in CMP Regulation No. 5, as amended August 10, 1951, to obtain during the third quarter of 1951 MRO (Maintenance, Repair, and Operating) materials in excess of 20 percent of its MRO quota, to wit: by obtaining materials during said quarter for MRO purposes costing $84,338.00 when it was not permitted to exceed a cost for such materials of $44,250.83.

2. The evidence does not establish that any of the individuals named as officers of said corporation and individually in charges nos. 2, 4, 6, 8, 10, 12, and 14 supervised and directed, as stated in said charges, or participated in any manner in the acts, omissions, and violations recited in the foregoing conclusions and further covered by findings of fact numbered 3 to 9, inclusive.

In order to correct the unauthorized use of aluminum shown by the violations found herein, and in order to prevent future violations by the respondent, Mardigian Corporation, of regulations, orders, and directives of the National Production Authority,

It is accordingly ordered:

1. That the allocations and allotments of aluminum to Mardigian Corporation, a corporation, for the fourth quarter of 1952, now apparently totaling 532,500 pounds, are hereby recalled and ordered to be modified and reduced by deducting and withholding therefrom 274,518 pounds.

2. That the allocation and allotments of aluminum projected to be made to the Mardigian Corporation, a corporation, for the first quarter of 1953, estimated to total 487,500 pounds are hereby directed to be modified and reduced by deducting and withholding therefrom 274,517 pounds.

3. That except in the event that said Mardigian Corporation received additional allotment or additional allotments or allocations, and excepting such aluminum as said corporation may require to fill orders rated 10–A, B, C, E, and Z–2, B–5 and DX, said Mardigian Corporation shall not use in civilian production more than 257,982 pounds of aluminum during the fourth quarter of 1952, nor more than 212,983 pounds of aluminum during the first quarter of 1953.

4. That said Mardigian Corporation is hereby ordered and required forthwith to report and return to the control of the National Production Authority any aluminum which it may have ordered, or of which it has received actual delivery under authority of its said allotments for the fourth quarter of 1952, in excess of the quantity which it is entitled to receive and use under the preceding paragraph of this order.

As to each and all of the corporate officers of said Mardigian Corporation named officially and individually as respondents in the statement of charges herein, this proceeding is hereby terminated and closed.

Issued at Cleveland, Ohio, this 26th day of September 1952.

NATIONAL PRODUCTION AUTHORITY,
By HARRISON W. EWING,
Hearing Commissioner.

DEFENSE MATERIALS PROCUREMENT AGENCY

[Delegation No. 15]

ADMINISTRATOR OF GENERAL SERVICES

DELEGATION OF AUTHORITY TO PURCHASE BERYL ORE OF DOMESTIC ORIGIN

1. Pursuant to the authority vested in me as Defense Materials Procurement Administrator by Executive Order No. 10281 of August 28, 1951 (16 F. R. 8789), and the Defense Production Act of 1950, as amended (Pub. Law 774, 81st Cong., and Pub. Laws 69, 96 and 429, 82d Cong.), and other applicable law, I hereby delegate to the Administrator of General Services the authority to purchase, for Government use and resale, beryl ore, of domestic origin, under the terms, conditions and policies set forth in regulations of even date herewith prescribed by the Administrator of General Services for the administration of the functions hereby delegated.

2. The functions delegated hereby shall be carried out in accordance with such policies as may be established by the Defense Materials Procurement Administrator.

3. The authority hereby delegated may be redelegated to officers and employees of the General Services Administration, with or without authority for further redelegation.

4. This delegation is effective as of the date hereof.

Dated: October 7, 1952.

JESS LARSON,
Defense Materials Procurement Administrator.

SECURITIES AND EXCHANGE COMMISSION

[File No. 7–1460]

NATIONAL ALFALFA DEHYDRATING AND MILLING CO.

NOTICE OF APPLICATION FOR UNLISTED TRADING PRIVILEGES, AND OF OPPORTUNITY FOR HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 7th day of October A. D. 1952.

The Philadelphia-Baltimore Stock Exchange, pursuant to section 12 (f) (2) of the Securities Exchange Act of 1934 and Rule X-12F–1 thereunder, has made application for unlisted trading privileges

in the Common Stock, $1 Par Value, of National Alfalfa Dehydrating and Milling Company, a security registered and listed on the Midwest Stock Exchange and on the New York Curb Exchange.

Rule X-12F-1 provides that the applicant shall furnish a copy of the application to the issuer and to every exchange on which the security is listed or already admitted to unlisted trading privileges. The application is available for public inspection at the Commission's principal office in Washington, D. C.

Notice is hereby given that, upon request of any interested person received prior to October 28, 1952, the Commission will set this matter down for hearing. In addition, any interested person may submit his views or any additional facts bearing on this application by means of a letter addressed to the Secretary of the Securities and Exchange Commission, Washington, D. C. If no one requests a hearing on this matter, this application will be determined by order of the Commission on the basis of the facts stated in the application, and other information contained in the official file of the Commission pertaining to this matter.

By the Commission.

[SEAL] NELLYE A. THORSEN, *Assistant Secretary.*

[File No. 54-191]

STANDARD GAS AND ELECTRIC CO. AND PHILADELPHIA CO.

ORDER APPROVING PLAN

OCTOBER 1, 1952.

Standard Gas and Electric Company ("Standard"), a registered holding company, and Philadelphia Company ("Philadelphia"), a registered holding company and a subsidiary of Standard, having filed an application pursuant to section 11 (e) of the act for approval of a plan, as amended, providing for the liquidation and dissolution of Standard or for its ceasing to have any interest in system companies;

Step I of the said plan providing for the retirement of the Prior Preference Stock of Standard through the allocation to the holders thereof of common stocks of operating utility subsidiaries of Standard, and Step I-A dealing with a joint proposal filed by Standard and Standard Power and Light Corporation ("Power"), a registered holding company of which Standard and Philadelphia are subsidiaries, for the settlement of all claims between Standard and Power except for Power's holdings of stock of Standard;

Public hearings having been duly held after appropriate notice with respect to Steps I and I-A, at which hearings all interested persons were afforded an opportunity to be heard;

Standard and Power having requested that the Commission's order approving Steps I and I-A, at which hearings all cordance with the requirements of the Internal Revenue Code, as amended, including Supplement R and section 1808 (f) thereof;

Standard and Power having further requested the Commission, pursuant to section 11 (e) of the act, to apply to a United States District Court to enforce and carry out the terms and provisions of Steps I and I-A of the plan; and

The Commission having considered the entire record in this matter and having this day filed its Findings and Opinion herein finding that Steps I and I-A are necessary to effectuate the provisions of section 11 (b) of the act and are fair and equitable to the persons affected thereby;

It is ordered, On the basis of the record herein and said Findings and Opinion, pursuant to section 11 (e) and other applicable provisions of the act, that said Steps I and I-A be and they hereby are approved, subject to the terms and conditions contained in Rule U-24 of the general rules and regulations promulgated under the act and to the following additional terms and conditions:

1. That this order shall not be operative to authorize the consummation of the transactions proposed in Steps I and I-A until an appropriate United States District Court shall, upon application thereto, enter an order enforcing Steps I and I-A;

2. That Standard and Power shall pay only such fees and expenses in connection with Steps I and I-A and the proceedings relating thereto as the Commission may approve on appropriate application made to it, and jurisdiction hereby is specifically reserved to determine the reasonableness and appropriate allocation of all fees and expenses and other remuneration incurred or to be incurred in connection with the plan, the transactions incident thereto, and the proceedings thereon and related thereto;

3. That prior to the distribution by Standard of the shares of common stock of Oklahoma Gas and Electric Company ("Oklahoma") and of Wisconsin Public Service Corporation ("Wisconsin"), pursuant to Step I, Standard shall secure from those companies a commitment, in a form satisfactory to and to be filed with the Commission, that Wisconsin and its subsidiaries, on the one hand, and Oklahoma and its subsidiaries, on the other, shall not at any time have, as an officer or director, a person who is also an officer or director of any company presently or formerly in the Power holding company system;

4. That the 31,000 shares of common stock of Duquesne Light Company ("Duquesne") to be acquired by Power pursuant to Step I-A shall be held by Power subject to the Commission's Order, dated June 19, 1942, requiring Power to liquidate and dissolve.

5. That the exchange agent provided for in Step I shall not make any exchanges until further order of this Commission with respect to securities held by Mrs. Mayme E. O'Hara and any other person to be specified by this Commission.

6. That jurisdiction be, and it hereby is, specifically reserved with respect to the following matters:

a. The selection and composition of the boards of directors of Oklahoma, Wisconsin and Duquesne;

b. The supervision of efforts to locate holders of securities to be exchanged under the provisions of Steps I and I-A;

c. The appropriateness of the accounting entries to be made by Standard and Power in recording the transactions incident to the consummation of Steps I and I-A;

d. The selection of the exchange agent provided for in Step I, Standard not to appoint an exchange agent until it has notified the Commission of the agent proposed to be employed and the manner by which such proposed agent was selected and the Commission has entered a further order herein releasing jurisdiction with respect to the agent proposed to be employed;

e. The terms, conditions, and procedures under which the exchange agent may buy or sell any shares for the purpose of carrying out the provisions of Step I;

f. The participation in the exchange of securities pursuant to Step I by Mrs. Mayme E. O'Hara or any officer or director of Standard or Power and their families or associates; and

g. The entertaining of such further proceedings, entering of such further orders and the taking of such further action as may be necessary or appropriate in connection with Steps I and I-A, the transactions incident thereto, and the consummation thereof.

It is further ordered and recited, That all steps and transactions involved in the consummation of Steps I and I-A, including particularly the transfers, conveyances, exchanges, issuances, expenditures, investments, distributions and receipts hereinafter described and recited in subparagraphs I through VIII below, are hereby authorized and approved and are necessary or appropriate to the integration or simplification of the holding company system of which Standard and Power are members, and are necessary and appropriate to effectuate the provisions of section 11 (b) of the act, all in accordance with the meaning and requirements of Supplement R of the Internal Revenue Code, as amended, and section 1808 (f) thereof, the stock and other securities and other property to be transferred, conveyed, exchanged, issued, distributed and received upon such transactions, and the expenditures and investments to be made, being specified and itemized as follows:

I. The issuance and sale by Wisconsin to Standard of 218,070 shares of the Common Stock of Wisconsin, and the payment by Standard to Wisconsin, as consideration therefor of the sum of $2,600,000 in cash: *Provided,* That the authorization and approval of such issuance and sale hereby granted shall be subject to the further action of this Commission upon the application-declaration relating, among other things, to such issuance and sale, filed by Wisconsin, Standard and Menominee and Marinette Light and Traction Company ("Menominee") in File No. 70-2932.

II. The execution and delivery by and between Wisconsin and Menominee, on

the one hand, and Standard, on the other, of an agreement relating to Federal income and excess profits taxes for the periods in which Wisconsin and/or Menominee were included in consolidated Federal tax returns filed for Standard and other companies in the Standard system, in the form filed as an amended exhibit in this proceeding, the payment by Wisconsin and Menominee, respectively, to Standard of the sums provided therein by the initial cash payment therein provided and by the execution by Wisconsin and Menominee (or by Wisconsin alone, if Wisconsin shall so determine) and delivery by them or it to Standard of the promissory notes provided for by said agreement, the distribution to Standard by Wisconsin and Menominee of such rights as Standard may acquire under said agreement to receive any refunds of consolidated Federal income and excess profits taxes and the performance by Wisconsin, Menominee and Standard of the acts and obligations on their parts to be performed under said agreement; provided that the authorization and approval hereby granted of the execution and delivery of such agreement and of the payment and distribution aforesaid shall be subject to the further action of this Commission upon the application-declaration relating, among other things, to such action, filed by Wisconsin, Standard and Menominee in File No. 70–2932.

III. The execution and delivery by and between Duquesne, Allegheny County Steam Heating Company ("Allegheny") and Cheswick and Harmar Railroad Company ("Cheswick"), on the one hand, and Philadelphia, on the other, of agreements relating to Federal income and excess profits taxes for the periods (ending on or prior to December 31, 1950) in which Duquesne, Allegheny, and/or Cheswick were included in consolidated Federal tax returns filed for Standard and other companies in the Standard system, in the forms filed as amended exhibits in this proceeding and heretofore approved in this order, the distribution to Philadelphia by Duquesne, Allegheny and Cheswick of such rights as Philadelphia may acquire under said agreements to receive any refunds of consolidated Federal income and excess profits taxes and the performance by Duquesne, Allegheny, Cheswick, and Philadelphia of the acts and obligations on their parts to be performed under said agreements.

IV. The transfer and payment by Standard to the holders of its 368,348 shares of $7 Prior Preference Stock (the term "holders of $7 Prior Preference Stock" wherever used in this order shall include and be applicable to Power to the extent of its holdings of such stock), in exchange for and retirement of each share presently outstanding and all dividends accrued and in arrears thereon to the effective date of the exchange, of 4.7 shares of Common Stock of Wisconsin, 2.9 shares of Common Stock of Oklahoma and 2.1 shares of Common Stock of Duquesne, together with cash in the amount computed as dividend adjustments under section 4 of Step I, scrip certificates to be issued and delivered in lieu of fractional shares as provided in Step I, and the transfer and delivery by the holders of said $7 Prior Preference Stock of Standard of said shares in exchange for said shares of Common Stock of Wisconsin, Oklahoma, and Duquesne, and/or scrip certificates therefor, and said cash.

V. The transfer and payment by Standard to the holders of its 100,000 shares of $6 Prior Preference Stock, in exchange for and retirement of each share presently outstanding and all dividends accrued and in arrears thereon to the effective date of the exchange, of 4.4 shares of Common Stock of Wisconsin, 2.6 shares of Common Stock of Oklahoma and 1.8 shares of Common Stock of Duquesne, together with cash in the amount computed as dividend adjustments under section 4 of Step I, scrip certificates to be issued and delivered in lieu of fractional shares as provided in Step I and the transfer and delivery by the holders of said $6 Prior Preference Stock to Standard of said shares in exchange for said shares of Wisconsin, Oklahoma and Duquesne and/or scrip certificates therefor, and said cash.

VI. The transfer and delivery by Standard to the exchange agent provided for by Step I, of the cash and 2,171,236 shares of Common Stock of Wisconsin (to be represented by Certificates Nos. 1046, 1068, 1069 and 1072 registered in the name of Standard), 1,328,210 shares of Common Stock of Oklahoma (to be represented by Certificates Nos. CNO 1949 and CNO 6303 registered in the name of Standard), and 953,531 shares of Common Stock of Duquesne (to be represented by Certificate No. PU1 registered in the name of Standard) referred to in subparagraphs IV and V above; the transfer of said certificates for said Common Stock of Wisconsin, Oklahoma and Duquesne to, and the registration of said stock in the name of said exchange agent or its nominees; the transfer and delivery by said exchange agent to said holders of $7 Prior Preference Stock and $6 Prior Preference Stock of Standard, upon the exchanges specified above, of said Common Stock of Wisconsin, Oklahoma and Duquesne (by certificates issued against, and upon transfer by said agent of part of the shares represented by, such certificates so to be registered in the name of said exchange agent or its nominees), scrip certificates for fractional interests in said Common Stocks, and cash; the issuance and delivery by said exchange agent to such holders of $7 and $6 Prior Preference Stock of Standard upon such exchanges, in lieu of any fractional shares of Common Stock of Wisconsin, Oklahoma or Duquesne to which they would otherwise be entitled, of scrip certificates for fractional shares of Wisconsin, Oklahoma and Duquesne Common Stock as provided in Step I; the transfer of such scrip certificates upon the sale thereof for the account of the holders of such scrip certificates; the transfer and delivery by said exchange agent to holders of such scrip certificates of shares of Common Stock to which they are entitled upon presentation (within the period provided in the plan, as amended, and said scrip certificates) of scrip certificates aggregating one or more full shares; the sale, transfer and delivery by said exchange agent, after the expiration of twelve months from the effective date of the exchange, of said shares of Common Stock of Wisconsin, Oklahoma and Duquesne held in respect of said scrip certificates, as well as additional shares of said Common Stocks estimated to be required to provide for fractional share interests in respect of certificates for Prior Preference Stock of Standard then remaining unexchanged, and the purchase by, and transfer and delivery to, said exchange agent of additional shares of said Common Stocks as required for adjustments under section 6 of Step I; the transfer and delivery to said exchange agent by the holders thereof of the aforesaid $7 and $6 Prior Preference Stock of Standard in the exchanges above described; the transfer and delivery to said exchange agent of said scrip certificates by the holders thereof in exchange for shares of Common Stock of Wisconsin, Oklahoma or Duquesne and/or cash; the payment by said exchange agent to such holders of $7 and $6 Prior Preference Stock of Standard and/or scrip certificates, at the time of delivery and transfer by it of shares of Common Stock of Wisconsin, Oklahoma or Duquesne as above provided and/or at the time of surrender of said scrip certificates after the expiration of twelve months from the effective date of the exchange, of any amounts received by said exchange agent as dividends upon the shares so delivered or upon the portions of the shares previously held in respect of said scrip certificates, plus their pro rata share, if any, of the proceeds of sale of any shares held for such scrip certificates and so sold, less any taxes which may have been imposed or paid on said dividends; and the transfer and delivery by said exchange agent to Standard of the certificates for the $7 and $6 Prior Preference Stock of Standard received by the exchange agent upon such exchanges.

VII. Upon the expiration of five years from the effective date of the exchange under Step I, (a) the transfer and delivery by said exchange agent to Standard of all certificates for shares of stock of Wisconsin, Oklahoma or Duquesne, as the case may be, and all cash deposited by Standard with the exchange agent as above provided or received by the exchange agent upon the sale of shares of such Common Stocks held in respect of scrip certificates or received by the exchange agent as dividends or otherwise upon any full shares of Common Stocks of Wisconsin, Oklahoma or Duquesne and which is then held by said exchange agent in respect of $7 or $6 Prior Preference Stock of Standard not theretofore surrendered for exchange or in respect of outstanding scrip certificates, or, (b) in the event that Standard shall then have been liquidated and dissolved, the sale, transfer and delivery by said exchange agent of said shares of Common Stock of Wisconsin, Oklahoma and Duquesne so held, and the delivery by the exchange agent of the cash received upon such sale or sales, together with any other cash received and held by it as aforesaid, to the exchange agent or other agent provided for by Step II of

the plan, as amended, for distribution to the holders or former holders of Common Stock of Standard who may be entitled to receive the residual assets of Standard under said Step II.

VIII. The transfer and delivery by Standard to Power of 31,000 shares of Common Stock of Duquesne (to be represented by Certificate No. PU2 registered in the name of Standard) in exchange for, and in complete retirement and cancellation of, the unsecured promissory note of Standard, dated April 10, 1946, in the principal amount of $983,930 presently held by Power, and the transfer and delivery by Power to Standard of said promissory note in exchange for said 31,000 shares of Common Stock of Duquesne.

By the Commission.

[Region VII, Redelegation of Authority No. 27, Amdt. 1]

DIRECTORS OF DISTRICT OFFICES, REGION VII, CHICAGO, ILL.

REDELEGATION OF AUTHORITY TO ACT ON APPLICATIONS PERTAINING TO CERTAIN ITEMS OF SAUSAGE UNDER SECTIONS 9 AND 10 OF GCPR, SR 34, REVISED

By virtue of the authority vested in the Director of the Regional Office of Price Stabilization No. VII, pursuant to Delegation of Authority No. 35, Amendment 1 (17 F. R. 8201), this Amendment 1 to Redelegation of Authority No. 27 is hereby issued.

1. *Authority to act under section 10 of Revised Supplementary Regulation to the GCPR.* Authority is hereby redelegated to the Directors of the District Offices of Price Stabilization located at Indianapolis, Indiana, and Milwaukee, Wisconsin, to accept filings under section 10 of Revised Supplementary Regulation 34 to the General Ceiling Price Regulation.

2. *Authority to act under section 9 of Revised Supplementary Regulation to the GCPR.* Authority is hereby redelegated to the Directors of the District Offices of Price Stabilization located at Indianapolis, Indiana, and Milwaukee, Wisconsin, to request further information, pursuant to section 9 of Revised Supplementary Regulation 34, to the General Ceiling Price Regulation, with respect to any ceiling price granted, reported or proposed pursuant to Supplementary Regulation 34 to the General Ceiling Price Regulation, issued June 12, 1951, or to Revised Supplementary Regulation 34 to the General Ceiling Price Regulation, except as to an adjusted ceiling price requested under section 5 of Revised Supplementary Regulation 34 to the General Ceiling Price Regulation, and at any time to disapprove or revise, pursuant to section 9 of Revised Supplementary Regulation 34 to the General Ceiling Price Regulation, any such granted, reported, or proposed ceiling price in order to bring it in line with the general level of prices prevailing under Revised Supplementary Regulation 34.

3. The authority hereby redelegated is to be exercised concurrently with the National Office and the Regional Director, Region VII.

This redelegation of authority shall take effect on October 9, 1952.

R. EMMET HARTNETT,
Acting Director of Region Office No. VII.

OCTOBER 8, 1952.

[Delegation of Authority 53, Delegation of Authority Under CPR 98, Amdt. 2]

DIRECTORS OF THE REGIONAL OFFICES

DELEGATION OF AUTHORITY TO ACT UNDER SECTION 47 (B), CPR 98, AS AMENDED

By virtue of the authority vested in the Director of Price Stabilization, pursuant to the Defense Production Act of 1950, as amended (64 Stat. 798, 803; 65 Stat. 131, 66 Stat. 296), Executive Order 10161 (15 F. R. 6105), and Economic Stabilization Agency General Order No. 2, as amended (16 F. R. 738, 11626), this Amendment 2 to Delegation of Authority 53 is hereby issued.

Delegation of Authority 53 is amended by redesignating the present paragraph 4 as paragraph 5 and adding a new paragraph, designated paragraph 4, to read as follows:

4. *Authority under section 47 (b) of Ceiling Price Regulation 98, as amended.* Authority is hereby delegated to the Directors of Regional Offices of the Office of Price Stabilization to accept state-

ments or published lists of factors affecting prices and of extras filed under section 47 (b) of Ceiling Price Regulation 98, as amended, to request further information in connection with such filings, and to take all steps necessary to assure that such filings are corrected in accordance with section 47 (b) of Ceiling Price Regulation 98. The authority herein delegated may be redelegated to the Directors of District Offices of the Office of Price Stabilization.

Effective date. This amendment is effective October 11, 1952.

JOSEPH H. FREEHILL,
Acting Director of Price Stabilization.

OCTOBER 10, 1952.

INTERSTATE COMMERCE COMMISSION

[4th Sec. Application 27447]

CAUSTIC SODA FROM ANNISTON AND LENSANTO, ALA., TO POINTS IN MID-SOUTH, SOUTH, AND SOUTHEAST

APPLICATION FOR RELIEF

OCTOBER 8, 1952.

The Commission is in receipt of the above-entitled and numbered application for relief from the long-and-short-haul provision of section 4 (1) of the Interstate Commerce Act.

Filed by: R. E. Boyle, Jr., Agent, for carriers parties to Agent C. A. Spaninger's tariffs I. C. C. Nos. 1172 and 1295.

Commodities involved: Liquid caustic soda, in tank-car loads.

From: Anniston and Lensanto, Ala.

To: Ashland, Catlettsburg, and Louisville, Ky., Cincinnati, Ohio, and specified points in Virginia, Florida, Mississippi, and Tennessee.

Grounds for relief: Competition with rail carriers, circuitous routes, market competition, and to apply rates constructed on the basis of the short line distance formula.

Schedules filed containing proposed rates: C. A. Spaninger, Agent, I. C. C. No. 1172, Supp. 125; C. A Spaninger, Agent, I C. C. No. 1295, Supp. 8.

Any interested person desiring the Commission to hold a hearing upon such application shall request the Commission in writing so to do within 15 days from the date of this notice. As provided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission, in its discretion, may proceed to investigate and determine the matters involved in such application without further or formal hearing. If because of an emergency a grant of temporary relief is found to be necessary before the expiration of the 15-day period, a hearing, upon a request filed within that period, may be held subsequently.

By the Commission, Division 2.

[SEAL] GEORGE W. LAIRD,
Acting Secretary.

[F. R. Doc. 52-11016; Filed, Oct. 10, 1952; 8:48 a. m.]

[4th Sec. Application 27448]

CRUDE OIL FROM WATFORD CITY, N. DAK., TO POINTS IN MINNESOTA AND WISCONSIN

APPLICATION FOR RELIEF

OCTOBER 8, 1952.

The Commission is in receipt of the above-entitled and numbered application for relief from the long-and-short-haul provision of section 4 (1) of the Interstate Commerce Act.

Filed by: The Great Northern Railway Company.

Commodities involved: Crude petroleum oil, in tank-car loads.

From: Watford City, N. Dak.

To: St. Paul, Minneapolis, Minnesota Transfer, Refinery Spur, St. Paul Park, and Duluth, Minn., and Superior, Wis.

Grounds for relief: Competition with rail carriers and to maintain grouping.

Schedules filed containing proposed rates: GN Ry. tariff I. C. C. No. A-8168, Supp. 62.

Any interested person desiring the Commission to hold a hearing upon such application shall request the Commission in writing so to do within 15 days from the date of this notice. As provided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission, in its discretion, may proceed to investigate and determine the matters involved in such application without further or formal hearing. If because of an emergency a grant of temporary relief is found to be necessary before the expiration of the 15-day period, a hearing, upon a request filed within that period, may be held subsequently.

By the Commission, Division 2.

[SEAL] GEORGE W. LAIRD,
Acting Secretary.

[F. R. Doc. 52-11015; Filed, Oct. 10, 1952; 8:48 a. m.]

[4th Sec. Application 27449]

RUBBER TIRES FROM CAMDEN, N. J., TO THE SOUTH

APPLICATION FOR RELIEF

OCTOBER 8, 1952.

The Commission is in receipt of the above-entitled and numbered application for relief from the long-and-short-haul provision of section 4 (1) of the Interstate Commerce Act.

Filed by: C. W. Boin, Agent, for carriers parties to his tariff I. C. C. No. A-911.

Commodities involved: Tires, rubber, pneumatic, and parts, carloads.

From: Camden, N. J.

To: Specified points in southern territory.

Grounds for relief: Competition with rail carriers, circuitous routes, and to apply over short tariff routes rates constructed on the basis of the short line distance formula.

Any interested person desiring the Commission to hold a hearing upon such application shall request the Commission in writing so to do within 15 days from the date of this notice. As provided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission, in its discretion, may proceed to investigate and determine the matters involved in such application without further or formal hearing. If because of an emergency a grant of temporary relief is found to be necessary before the expiration of the 15-day period, a hearing, upon a request filed within that period, may be held subsequently.

By the Commission, Division 2.

[SEAL] GEORGE W. LAIRD,
Acting Secretary.
