INSURANCE PROGRAM**

Title 24—Housing and Urban Development  
CHAPTER X—FEDERAL INSURANCE AD-  
MINISTRATION, DEPARTMENT OF  
HOUSING AND URBAN DEVELOPMENT

SUBCHAPTER B—NATIONAL FLOOD  
INSURANCE PROGRAM

[Docket No. FI 2973]

PART 1914—AREAS ELIGIBLE FOR THE  
SALE OF INSURANCE

Suspension of Community Eligibility

AGENCY: Federal Insurance Adminis-  
tration, HUD.

ACTION: Final rule.

SUMMARY: The purpose of this rule is  
to list communities where the sale of  
flood insurance as authorized under the  
National Flood Insurance Program will  
be suspended because of noncompliance  
with the program regulations.

DATES: The last date that appears in  
the fourth column is the effective date of  
the suspension of the sale of flood insur-  
ance.

FOR FURTHER INFORMATION CON-  
TACT:

Mr. Richard Krimm, Assistant Admin-  
istrator, Office of Flood Insurance, 202-  
755-5581 or Toll Free Line 800-424-  
8872, Room 5270, 451 Seventh Street  
SW., Washington, D.C. 20410.

SUPPLEMENTARY INFORMATION:  
The Flood Disaster Protection Act of  
1973 (Pub. L. 93-234) requires the pur-  
chase of flood insurance as a condition  
of receiving any form of Federal or  
Federally related financial assistance for  
acquisition or construction purposes in  
a flood plain area having special hazards  
within any community identified by the  
Secretary of Housing and Urban De-  
velopment.

The requirement applies to all identi-  
fied special flood hazard areas within  
the United States, and no such financial  
assistance can legally be provided for  
acquisition or construction in these areas  
unless the community has entered the  
program and insurance is purchased. Ac-  
cordingly, for communities listed under  
this Part such restriction exists as of  
the effective date of suspension because  
insurance, which is required, cannot be  
purchased.

Section 1315 of the National Flood In-  
surance Act of 1968, as amended (42  
U.S.C. 4022) prohibits flood insurance  
coverage as authorized under the Na-  
tional Flood Insurance Program (42  
U.S.C. 4001-4128) unless an appropriate  
public body shall have adopted adequate  
flood plain management measures with  
effective enforcement measures. The  
communities suspended in this notice no  
longer meet that statutory requirement  
for compliance with program regulations  
(24 CFR Part 1909 et seq.). Accordingly,  
the communities are suspended on the  
effective date in the list below.

The Federal Insurance Administrator  
finds that delayed effective dates would be  
contrary to the public interest. The Ad-  
ministrator also finds that notice and  
public procedure under 5 U.S.C. 553(b)  
are impracticable and unnecessary.

Section 1914.6 of Part 1914 of Sub-  
chapter B of Chapter X of Title 24 of  
the Code of Federal Regulations is  
amended by adding in alphabetical se-  
quence new entries to the table. In each  
entry, a complete chronology of effective  
dates appears for each listed community.

The entry reads as follows:

§ 1914.6 List of eligible communities.

[Docket No. FI-2972]

**PART 1914—COMMUNITIES ELIGIBLE FOR THE SALE OF INSURANCE**

**Status of Participating Communities**

AGENCY: Federal Insurance Administration, HUD.

ACTION: Final Rule.

SUMMARY: The purpose of this rule is to list those communities where the sale of flood insurance is authorized under the National Flood Insurance Program.

Flood insurance policies for property located in the communities listed can be obtained from any licensed property insurance agent or broker serving the eligible community, or from the National Flood Insurers Association servicing company for the state.

DATE: The date that appears in the fourth column of the table is the effective date of authorization for the sale of flood insurance.

**FOR FURTHER INFORMATION CONTACT:**

Mr. Richard Krimm, Assistant Administrator, Office of Flood Insurance, 202-755-5581 or Toll Free Line 800-424-8872, Room 5270, 451 Seventh Street Southwest, Washington, D.C. 20410.

**SUPPLEMENTARY INFORMATION:** The Flood Disaster Protection Act of 1973 (Pub. L. 93-234) requires the purchase of flood insurance as a condition of receiving any form of Federal or Federally related financial assistance for acquisition or construction purposes in a flood plain area having special hazards within any community identified for at least one year by the Secretary of Housing and Urban Development. The requirement applies to all identified special flood hazard areas within the United States, and no such financial assistance can legally be provided for acquisition or construction except as authorized by

Section 202(b) of the Act, as amended, unless the community has entered the program. Accordingly, for communities listed under this Part no such restriction exists, although insurance, if required, must be purchased.

The addresses of the National Flood Insurers Association servicing companies, where flood insurance policies can be obtained, are published at § 1912.5 (24 CFR Part 1912).

The Federal Insurance Administrator finds that delayed effective dates would be contrary to the public interest. The Administrator also finds that notice and public procedure under 5 U.S.C. 553(b) are impracticable and unnecessary.

Section 1914.6 of Part 1914 of Subchapter B of Chapter X of Title 24 of the Code of Federal Regulations is amended by adding in alphabetical sequence new entries to the table. In each entry, a complete chronology of effective dates appears for each listed community. The entry reads as follows:

**§ 1914.6 List of eligible communities.**

**PART 1917—APPEALS FROM FLOOD ELEVATION DETERMINATION AND JUDICIAL REVIEW**

**Final Flood Elevation Determination for City of Alamosa, Colorado**

AGENCY: Federal Insurance Administration, HUD.

ACTION: Final Rule.

SUMMARY: The Federal Insurance Administrator hereby gives notice of his final determinations of flood elevations for the City of Alamosa, Colorado, in accordance with Section 110 of the Flood Disaster Protection Act of 1973 (P.L. 93-234), 87 Stat. 980, which added Section 1363 to the National Flood Insurance Act of 1968 (Title XIII of the Housing and Urban Development Act of 1968 (P.L. 90-448), 42 U.S.C. 4001-4128, and 24 CFR Part 1917).

Final base flood elevations (100-year flood) are listed below for selected locations. Maps and other information showing the detailed outlines of the flood-prone areas and the final elevations are available for review at City Hall, P.O. Box 419, Alamosa, Colorado 81101.

FOR FURTHER INFORMATION CONTACT:

Mr. Richard Krimm, Assistant Administrator, Office of Flood Insurance, 202-755-5581 or Toll Free line 800-424-8872, Room 5270, 451 Seventh Street Southwest, Washington, D.C. 20410.

DATES: In accordance with Part 1917, an opportunity for the community or individuals to appeal this determination to or through the community for a period of ninety (90) days has been provided. No appeals of the proposed base flood elevations were received from the community or from individuals within the community. The effective date of the Flood Insurance Rate Maps will be published in the FEDERAL REGISTER under § 1915.4.

**SUPPLEMENTARY INFORMATION:**

The Administrator, to whom the Secretary has delegated the statutory authority, has developed criteria for flood plain management in flood-prone areas. In order to continue participation in the National Flood Insurance Program, the community must adopt flood plain management measures that are consistent with these criteria and reflect the base flood elevations determined by the Secretary in accordance with 24 CFR Part 1910.

The final 100-year flood elevations for selected locations are:

Source of flooding	Location	Elevation in feet, national geodetic vertical datum
Rio Grande.....	D & RGV Railroad Bridge.	7,537
	State Street Bridge....	7,541
Rio Grande Left Overbank.	North River Rd. Bridge.	7,541
Rio Grande Right Overbank.	State Ave.....	7,537
	Main St.....	7,540
	Murphy Dr.....	7,542

(National Flood Insurance Act of 1968 (Title XIII of Housing and Urban Development Act of 1968), effective January 28, 1969 (33 FR 17804, November 28, 1968), as amended; 42 U.S.C. 4001-4128; and Secretary's delegation of authority to Federal Insurance Administrator, 34 FR 2680, February 27, 1969, as amended (39 FR 2787, January 24, 1974).)

Issued: May 24, 1977.

**RULES AND REGULATIONS**

[Docket No. FI-2705]

**PART 1917—APPEALS FROM FLOOD ELEVATION DETERMINATION AND JUDICIAL REVIEW**

**Final Flood Elevation Determination for County of Walton, Florida**

AGENCY: Federal Insurance Administration, HUD.

ACTION: Final rule.

SUMMARY: Final base flood elevations (100-year flood) are listed below for selected locations in the County of Walton, Florida.

These base flood elevations are the basis for the flood plain management measures that the community is required to either adopt or show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

EFFECTIVE DATE: On publication of the Flood Insurance Rate Map for Walton County, Florida.

FOR FURTHER INFORMATION CONTACT:

Mr. Richard Krimm, Assistant Administrator, Office of Flood Insurance, 202-755-5581 or Toll Free Line 800-424-8872, Room 5270, 451 Seventh Street, Southwest, Washington, D.C. 20410.

SUPPLEMENTARY INFORMATION: The Federal Insurance Administrator gives notice of his final determinations of flood elevations for the County of Walton, Florida.

This final rule is issued in accordance with Section 110 of the Flood Disaster Protection Act of 1973 (P.L. 93-234), 87 Stat. 980, which added Section 1363 to the National Flood Insurance Act of 1968 (Title XIII of the Housing and Urban Development Act of 1968 (P.L. 90-448)), 42 U.S.C. 4001-4128, and 24 CFR Part 1917).

An opportunity for the community or individuals to appeal this determination to or through the community for a period of ninety (90) days has been provided. No appeals of the proposed base flood elevations were received from the community or from individuals within the community.

The Administrator, to whom the Secretary has delegated the statutory authority, has developed criteria for flood plain management in flood-prone areas in accordance with 24 CFR Part 1910.

Maps and other information showing the detailed outlines of the flood-prone areas and the final elevations for the County of Walton, Florida are available for review at the Walton County Courthouse, DeFuniak Springs, Florida.

The final 100-year flood elevations for selected locations are:

ing the detailed outlines of the flood-prone areas and the final elevations are available for review at City Hall, Pensacola, Florida 32521.

FOR FURTHER INFORMATION CONTACT:

Mr. Richard Krimm, Assistant Administrator, Office of Flood Insurance, 202-755-5581 or Toll Free Line 800-424-8872, Room 5270, 451 Seventh Street, Southwest, Washington, D.C. 20410.

DATES: In accordance with Part 1917, an opportunity for the community or individuals to appeal this determination to or through the community for a period of ninety (90) days has been provided. No appeals of the proposed base flood elevations were received from the community or from individuals within the community. The effective date of the Flood Insurance Rate Maps will be published in the FEDERAL REGISTER under Part 1915.4.

SUPPLEMENTARY INFORMATION: The Administrator, to whom the Secretary has delegated the statutory authority, has developed criteria for flood plain management in flood-prone areas. In order to continue participation in the National Flood Insurance Program, the community must adopt flood plain management measures that are consistent with these criteria and reflect the base flood elevations determined by the Secretary in accordance with 24 CFR Part 1910.

The final 100-year flood elevations for selected locations are:

**PART 1917—APPEALS FROM FLOOD ELEVATION DETERMINATION AND JUDICIAL REVIEW**

**Final Flood Elevation Determination for Town of Sparks, Ga.**

AGENCY: Federal Insurance Administration, HUD.

ACTION: Final Rule.

**SUMMARY:** Final base flood elevations (100-year flood) are listed below for selected locations in the Town of Sparks, Georgia.

These base flood elevations are the basis for the flood plain management measures that the community is required to either adopt or show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

**EFFECTIVE DATE:** On publication of the Flood Insurance Rate Map for the Town of Sparks, Georgia.

**FOR FURTHER INFORMATION CONTACT:**

Mr. Richard Krimm, Assistant Administrator, Office of Flood Insurance, (202) 755-5581 or Toll Free Line (800) 424-8872, Room 5270, 451 Seventh Street, Southwest, Washington, D.C. 20410.

**SUPPLEMENTARY INFORMATION:** The Federal Insurance Administrator gives notice of his final determinations of flood elevations for the Town of Sparks, Georgia.

This final rule is issued in accordance with Section 110 of the Flood Disaster Protection Act of 1973 (Pub. L. 93-234), 87 Stat. 980, which added Section 1363 to the National Flood Insurance Act of 1968 (Title XIII of the Housing and Urban Development Act of 1968 (Pub. L. 90-448), 42 U.S.C. 4001-4128, and 24 CFR Part 1917).

An opportunity for the community or individuals to appeal this determination to or through the community for a period of ninety (90) days has been provided. No appeals of the proposed base flood elevations were received from the community or from individuals within the community.

The Administrator, to whom the Secretary has delegated the statutory authority, has developed criteria for flood plain management in flood-prone areas in accordance with 24 CFR Part 1910.

Maps and other information showing the detailed outlines of the flood-prone areas and the final elevations for the Town of Sparks, Georgia are available for review at Town Hall, P.O. Box 186, Sparks, Georgia.

The final 100-year flood elevations for selected locations are:

Source of flooding	Location	Elevation in feet, national geodetic vertical datum
Bear Creek	Patterson Ave.	231
	Gay Ave.	232
	McOranle Rd.	234

(National Flood Insurance Act of 1968 (Title XIII of Housing and Urban Development Act of 1968), effective January 28, 1969 (33 FR 17804, November 28, 1968), as amended; 42 U.S.C. 4001-4128; and Secretary's delegation of authority to Federal Insurance Adminis-

trator 34 FR 2680, February 27, 1969, as amended (39 FR 2787, January 24, 1974).)

Issued: May 25, 1977.

AGENCY: Federal Insurance Administration, HUD.

ACTION: Final rule.

SUMMARY: The Federal Insurance Administrator hereby gives notice of his final determinations of flood elevations for the Borough of East Newark, New Jersey, in accordance with Section 110 of the Flood Disaster Protection Act of 1973 (Pub. L. 93-234), 87 Stat. 980, which added Section 1363 to the National Flood Insurance Act of 1968 (Title XIII of the Housing and Urban Development Act of 1968 (Pub. L. 90-448), 42 U.S.C. 4001-4128, and 24 CFR Part 1917).

Final base flood elevations (100-year flood) are listed below for selected locations. Maps and other information showing the detailed outlines of the flood-prone areas and the final elevations are available for review at Borough Hall, 34 Sherman Avenue, East Newark, New Jersey 07029.

**FOR FURTHER INFORMATION CONTACT:**

Mr. Richard Krimm, Assistant Administrator, Office of Flood Insurance, 202-755-5581 or Toll Free Line 800-424-8872, Room 5270, 451 Seventh Street SW., Washington, D.C. 20410.

DATES: In accordance with Part 1917, an opportunity for the community or individuals to appeal this determination to or through the community for a period of ninety (90) days has been provided. No appeals of the proposed base flood elevations were received from the community or from individuals within the community. The effective date of the

Flood Insurance Rate Maps will be published in the FEDERAL REGISTER under § 1915.4.

**SUPPLEMENTARY INFORMATION:** The Administrator, to whom the Secretary, has delegated the statutory authority, has developed criteria for flood plain management in flood-prone areas. In order to continue participation in the National Flood Insurance Program, the community must adopt flood plain management measures that are consistent with these criteria and reflect the base flood elevations determined by the Secretary in accordance with 24 CFR Part 1910.

The final 100-year flood elevations for selected locations are:

Source of flooding	Location	Elevation in feet, national geodetic vertical datum
Passaic River (tidal).	I-280 (downstream side of road). Central Ave.	10
Passaic River (tidal).	North 370 ft along Passaic Ave. from intersection of Central and Passaic Ave.	10

(National Flood Insurance Act of 1968 (Title XIII of Housing and Urban Development Act of 1968), effective January 28, 1969 (33 FR 17804, November 28, 1968), as amended; 42 U.S.C. 4001-4128; and Secretary's delegation of authority to Federal Insurance Administrator, 34 FR 2680, February 27, 1969, as amended (39 FR 2787, January 24, 1974).)

Issued: May 24, 1977.

HOWARD B. CLARK,  
Acting Federal  
Insurance Administrator.

[Docket No. FI-2517]

#### PART 1917—APPEALS FROM FLOOD ELEVATION DETERMINATION AND JUDICIAL REVIEW

Final Flood Elevation Determination for the City of Wenatchee, Chelan County, Wash.

AGENCY: Federal Insurance Administration, HUD.

ACTION: Final rule.

**SUMMARY:** The Federal Insurance Administrator hereby gives notice of his final determinations of flood elevations for the City of Wenatchee, Chelan County, Washington, in accordance with the Flood Disaster Protection Act of 1973

which added to the National Flood Insurance Act of 1968.

Final Base Flood Elevations (100-year flood) are listed below for selected locations. Maps and other information showing the detailed outlines of the flood-prone areas and the final elevations are available for review at City Hall in the main lobby, 129 South Chelan Avenue, Wenatchee, Washington.

FOR FURTHER INFORMATION CONTACT:

Mr. Richard Krimm, Assistant Administrator, Office of Flood Insurance, (202) 755-5581 or Toll Free Line (800) 424-8872, Room 5270, 451 Seventh Street, Southwest, Washington, D.C. 20410.

**DATES:** In accordance with Part 1917, an opportunity for the community or individuals to appeal this determination to or through the community for a period of ninety (90) days has been provided. No appeals of the proposed base flood elevations were received from the community or from individuals within the community. The effective date of the Flood Insurance Rate Maps will be published in the FEDERAL REGISTER under § 1915.4.

**SUPPLEMENTARY INFORMATION:**

The Administrator, to whom the Secretary has delegated the statutory authority, has developed criteria for flood plain management in flood-prone areas. In order to continue participation in the National Flood Insurance Program, the community must adopt flood plain management measures that are consistent with these criteria and reflect the base flood elevations determined by the Secretary in accordance with 24 CFR Part 1910.

The final 100-year flood elevations for selected locations are:

Areas flooded: Flooding in Wenatchee is mainly caused by drainage from Canyons No. 1 and 2, and Dry Gulch. For the 100-year flood, shallow sheet flooding occurs in the western part of the City to an estimated depth of one foot. The flood insurance Zone A0 is located north of Cherry Street. The eastern boundary is formed by the following streets: Pearl Street, Charles Street, Princeton Street, Pear Lane, Elliott Avenue and Berg Avenue. The rest of the City, except for a small section in the southwest, is subject to shallow flooding with depth less than one foot.

(National Flood Insurance Act of 1968 (Title XIII of Housing and Urban Development Act of 1968), effective January 28, 1969 (33 FR 17804, November 28, 1968), as amended; 42 U.S.C. 4011-4128; and Secretary's delegation of authority to Federal Insurance Administrator 34 FR 2680, February 27, 1969, as amended by (39 FR 2787, January 24, 1974).)

Issued: May 16, 1977.

J. ROBERT HUNTER,  
Acting Federal  
Insurance Administrator.

PROPOSED RULES

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

Federal Insurance Administration

[ 24 CFR Part 1917 ]

[ Docket No. FI-2933 ]

PROPOSED FLOOD ELEVATION DETERMINATIONS FOR CITY OF LEE'S SUMMIT, MO.

AGENCY: Federal Insurance Administration, HUD.

ACTION: Proposed rule.

SUMMARY: Technical information or comments are solicited on the proposed base flood elevations (100-year flood) listed below for selected locations in the City of Lee's Summit, Missouri. These base flood elevations are the basis for the flood plain management measures that the community is required to either adopt or show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

DATES: The period for comment will be ninety days following the second publication of this notice in a newspaper of local circulation in the above-named community.

FOR FURTHER INFORMATION CONTACT:

Mr. Richard Krimm, Assistant Administrator, Office of Flood Insurance, 202-755-5581 or Toll Free Line 800-424-8872, Room 5270, 451 Seventh Street SW., Washington, D.C. 20410.

SUPPLEMENTARY INFORMATION:

The Federal Insurance Administrator gives notice of the proposed determinations of base flood elevations (100-year flood) for the City of Lee's Summit, Missouri in accordance with Section 110 of the Flood Disaster Protection Act of 1973 (Pub. L. 93-234), 87 Stat. 980, which added Section 1363 to the National Flood Insurance Act of 1968 (Title XIII of the Housing and Urban Development Act of 1968, Pub. L. 90-448), 42 U.S.C. 4001-4128, and 24 CFR Part 1917.

These elevations together with the flood plain management measures required by § 1910.3 of the program regulations are the minimum that are required. They should not be construed to mean the community must change any existing ordinances that are more stringent in their flood plain management requirements. The community may at any time enact stricter requirements on its own, or pursuant to policies established by other Federal, state, or regional entities. These proposed elevations will also be used to calculate the appropriate flood insurance premium rates for new buildings and their contents and for the second layer of insurance on existing buildings and contents.

Maps and other information showing the detailed outlines of the flood-prone

areas and the proposed base flood elevations are available for review at City Hall, 220 South Main Street, Lee's Summit, Missouri.

Any person having knowledge, information, or wishing to make a comment

on these proposed elevations should immediately notify Mayor W. R. McKee, City Hall, 220 South Main Street, Lee's Summit, Missouri.

The proposed 10-year flood elevations for selected locations are:

[ Docket No. FI-2931 ]

PROPOSED FLOOD ELEVATION DETERMINATIONS FOR BOROUGH OF MILLSTONE, N.J.

AGENCY: Federal Insurance Administration, HUD.

ACTION: Proposed rule.

SUMMARY: Technical information or comments are solicited on the proposed base flood elevations (100-year flood) listed below for selected locations in the

Borough of Millstone, New Jersey. These base flood elevations are the basis for the flood plain management measures that the community is required to either adopt or show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

**DATES:** The period for comment will be ninety days following the second publication of this notice in a newspaper of local circulation in the above-named community.

**FOR FURTHER INFORMATION CONTACT:**

Mr. Richard Krimm, Assistant Administrator, Office of Flood Insurance, 202-755-5581 or Toll Free Line 800-424-8872, Room 5270, 451 Seventh Street SW., Washington, D.C. 20410.

**SUPPLEMENTARY INFORMATION:** The Federal Insurance Administrator gives notice of the proposed determinations of base flood elevations (100-year flood) for the Borough of Millstone, in accordance with Section 110 of the Flood Disaster Protection Act of 1973 (Pub. L. 93-234), 87 Stat. 980, which added Section 1363 to the National Flood Insurance Act of 1968 (Title XIII of the Housing and Urban Development Act of 1968, Pub. L. 90-448), 42 U.S.C. 4001-4128, and 24 CFR Part 1917.

These elevations together with the flood plain management measures required by § 1910.3 of the program regulations are the minimum that are required. They should not be construed to mean the community must change any existing ordinances that are more stringent in their flood plain management requirements. The community may at any time enact stricter requirements on its own, or pursuant to policies established by other Federal, state or regional entities. These proposed elevations will also be used to calculate the appropriate flood insurance premium rates for new buildings and their contents and for the second layer of insurance on existing buildings and contents.

Maps and other information showing the detailed outlines of the flood-prone areas and the proposed base flood elevations are available for review at Borough Hall, Main Street, Millstone, New Jersey.

Any person having knowledge, information, or wishing to make a comment on these proposed elevations should immediately notify Mayor Mary Patrick, Borough Hall, Main Street, Millstone, New Jersey 08849.

The proposed 100-year flood elevations for selected locations are:

Source of flooding	Location	Elevation in feet, national geodetic vertical datum
Millstone River.....	Amwell Rd.....	44

(National Flood Insurance Act of 1968 (Title XIII of Housing and Urban Development Act of 1968), effective January 28, 1969 (33 FR 17804, November 28, 1968), as amended; 42

U.S.C. 4001-4128; and Secretary's delegation of authority to Federal Insurance Administrator, 34 FR 2680, February 27, 1969, as amended (39 FR 2787, January 24, 1974).)

Issued: May 25, 1977.

HOWARD B. CLARK,  
Acting Federal  
Insurance Administrator.

**PROPOSED FLOOD ELEVATION DETERMINATIONS FOR BOROUGH OF NORTH ARLINGTON, NEW JERSEY**

**AGENCY:** Federal Insurance Administration, HUD.

**ACTION:** Proposed Rule.

**SUMMARY:** Technical information or comments are solicited on the proposed base flood elevations (100-year flood) listed below for selected locations in the Borough of North Arlington, New Jersey.

These base flood elevations are the basis for the flood plain management measures that the community is required to either adopt or show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

**DATES:** The period for comment will be ninety days following the second publication of this notice in a newspaper of local circulation in the above-named community.

**FOR FURTHER INFORMATION CONTACT:**

Mr. Richard Krimm, Assistant Administrator, Office of Flood Insurance, (202) 755-5581 or Toll Free Line (800) 424-8872, Room 5270, 451 Seventh Street, Southwest, Washington, D.C. 20410.

**SUPPLEMENTARY INFORMATION:** The Federal Insurance Administrator gives notice of the proposed determinations of base flood elevations (100-year flood) for the Borough of North Arlington, in accordance with Section 110 of the Flood Disaster Protection Act of 1973 (Pub. L. 93-234), 87 Stat. 980, which added Section 1363 to the National Flood Insurance Act of 1968 (Title XIII of the Housing and Urban Development Act of 1968, Pub. L. 90-448), 42 U.S.C. 4001-4128, and 24 CFR Part 1917.

These elevations together with the flood plain management measures required by § 1910.3 of the program regulations are the minimum that are required. They should not be construed to mean the community must change any existing ordinances that are more stringent in their flood plain management requirements. The community may at any time enact stricter requirements on its own, or pursuant to policies established by other Federal, state or regional entities. These proposed elevations will also be used to calculate the appropriate flood insurance premium rates for new buildings and their contents and for the sec-

ond layer of insurance on existing buildings and contents.

Maps and other information showing the detailed outlines of the flood-prone areas and the proposed base flood elevations are available for review at Borough Hall, 214 Ridge Road, North Arlington, New Jersey.

Any person having knowledge, information, or wishing to make a comment on these proposed elevations should immediately notify Mayor Ernest Cerone, Borough Hall, 214 Ridge Road, North Arlington, New Jersey 07032.

The proposed 100-year flood elevations for selected locations are:

Source of flooding	Location	Elevation in feet, National Geodetic vertical datum
Passaic River.....	Upstream side of Belleville Turnpike. Intersection of River Rd. and Janucey Ave.	10 12

(National Flood Insurance Act of 1968 (Title XIII of Housing and Urban Development Act of 1968), effective January 28, 1969 (33 FR 17804, November 28, 1968), as amended; 42 U.S.C. 4001-4128; and Secretary's delegation of authority to Federal Insurance Administrator 34 FR 2680, February 27, 1969, as amended (39 FR 2787, January 24, 1974).)

**PROPOSED FLOOD ELEVATION DETERMINATIONS FOR VILLAGE OF HEWLETT HARBOR, NASSAU COUNTY, NEW YORK**

**AGENCY:** Federal Insurance Administration, HUD.

**ACTION:** Proposed rule.

**SUMMARY:** Technical information or comments are solicited on the proposed base flood elevations (100-year flood) listed below for selected locations in the Village of Hewlett Harbor, Nassau County, New York. These base flood elevations are the basis for the flood plain management measures that the community is required to either adopt or show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

**DATES:** The period for comment will be ninety days following the second publication of this notice in a newspaper of local circulation in the above-named community.

**FOR FURTHER INFORMATION CONTACT:**

Mr. Richard Krimm, Assistant Administrator, Office of Flood Insurance, (202) 755-5581 or Toll Free Line (800) 424-8872, Room 5270, 451 Seventh Street, Southwest, Washington, D.C. 20410.

**SUPPLEMENTARY INFORMATION:**

The Federal Insurance Administrator gives notice of the proposed determinations of base flood elevations (100-year flood) for the Village of Hewlett Harbor, Nassau County, New York in accordance with Section 110 of the Flood Disaster Protection Act of 1973 (P.L. 93-234), 87 Stat. 980, which added Section 1363 to the National Flood Insurance Act of 1968 (Title XIII of the Housing and Urban Development Act of 1968 P.L. 90-448), 42 U.S.C. 4001-4128, and 24 CFR Part 1917.

These elevations together with the flood plain management measures required by § 1910.3 of the program regulations are the minimum that are required. They should not be construed to mean the community must change any existing ordinances that are more stringent in their flood plain management requirements. The community may at any time enact stricter requirements on its own, or pursuant to policies established by other Federal, State or regional entities. These proposed elevations will also be used to calculate the appropriate flood insurance premium rates for new buildings and their contents and for the sec-

ond layer of insurance on existing buildings and contents.

Maps and other information showing the detailed outlines of the flood-prone areas and the proposed base flood elevations are available for review at the Village Hall, 449 Pepperidge Road, Hewlett Harbor, New York.

Any person having knowledge, information, or wishing to make a comment on these proposed elevations should immediately notify Honorable Beryl P. Shapiro, Mayor of Hewlett Harbor, 449 Pepperidge Road, Hewlett Harbor, New York 11557.

The proposed 100-year flood elevations for selected locations are:

Source of flooding	Location	Elevation in feet above mean sea level
Hewlett Bay	Thixton Dr. extended to shoreline of Thixton Creek	8.3

**[24 CFR Part 1917]**

[Docket No. FI-2955]

**PROPOSED FLOOD ELEVATION DETERMINATIONS FOR VILLAGE OF WHITESBORO, ONEIDA COUNTY, NEW YORK**

**AGENCY:** Federal Insurance Administration, HUD.

**ACTION:** Proposed rule.

**SUMMARY:** The Federal Insurance Administrator hereby gives notice of the

proposed determinations of base flood elevations (100-year flood) for the Village of Whitesboro, Oneida County, New York, in accordance with Section 110 of the Flood Disaster Protection Act of 1973 (P.L. 93-234), 87 Stat. 980, which added Section 1363 to the National Flood Insurance Act of 1968 (Title XIII of the Housing the Urban Development Act of 1968 P.L. 90-448), 42 U.S.C. 4001-4128, and 24 CFR Part 1917. Any person having knowledge, information, or wishing to make a comment on these determinations should immediately notify the Honorable Ambrose Carey, Mayor of Whitesboro, 8 Park Avenue, Town Hall, Whitesboro, New York.

**DATES:** The period for comment will be ninety days following the second publication of this notice in a newspaper of local circulation in the above-named community.

**FOR FURTHER INFORMATION CONTACT:**

Mr. Richard Krimm, Assistant Administrator, Office of Flood Insurance, (202) 755-5581 or Toll Free Line (800) 424-8872, Room 5270, 451 Seventh Street, Southwest, Washington, DC 20410.

**SUPPLEMENTARY INFORMATION:** These base flood elevations are the basis for the flood plain management measures that the community is required to either adopt or show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

These elevations together with the flood plain management measures required by § 1910.3 of the program regulations are the minimum that are required. They should not be construed to mean the community must change any existing ordinances that are more stringent in their flood plain management requirements. The community may at any time enact stricter requirements on its own, or pursuant to policies established by other Federal, state or regional entities. These proposed elevations will also be used to calculate the appropriate flood insurance premium rates for new buildings and their contents and for the second layer of insurance on existing buildings and contents.

Proposed base flood elevations (100-year flood) are listed below for selected locations. Maps and other information showing the detailed outlines of the flood-prone areas and the proposed base flood elevations are available for review at the Town Hall on the bulletin board, 8 Park Avenue, Town Hall, Whitesboro, New York.

The proposed 100-year flood elevations for selected locations are:

Source of flooding	Location	Elevation in feet above mean sea level
Sauguot Creek	Oriskany Blvd.....	420
	Main St.....	416
	Sauguot St. (extended).	418
Mohawk River	Ellis St. (extended)...	418
	Mohawk St. (extended).	418
	Linwood Pl. (extended).	415
	New York State Thruway.	416
	Glendale Ave. (extended).	416

(National Flood Insurance Act of 1968 (Title XIII of Housing and Urban Development Act of 1968), effective January 28, 1969 (33 FR 17804, November 28, 1968), as amended; 42 U.S.C. 4001-4128; and Secretary's delegation of authority to Federal Insurance Administrator 34 FR 2680, February 27, 1969, as amended by (39 FR 2787, January 24, 1974).)

Issued: May 24, 1977.

## PROPOSED RULES

**[24 CFR Part 1917]**

[Docket No. FI-2929]

**PROPOSED FLOOD ELEVATION DETERMINATIONS FOR THE VILLAGE OF HAMMONDSPORT, STEUBEN COUNTY, NEW YORK**

AGENCY: Federal Insurance Administration, HUD.

ACTION: Proposed rule.

**SUMMARY:** Technical information or comments are solicited on the proposed base flood elevations (100-year flood) listed below for selected locations in the Village of Hammondsport, Steuben County, New York.

These base flood elevations are the basis for the flood plain management measures that the community is required to either adopt or show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

**DATES:** The period for comment will be ninety days following the second publication of this notice in a newspaper of local circulation in the above-named community.

**FOR FURTHER INFORMATION CONTACT:**

Mr. Richard Krimm, Assistant Administrator, Office of Flood Insurance, 202-755-5581 or Toll Free Line 800-424-8872, Room 5270, 451 Seventh Street, Southwest, Washington, D.C. 20410.

**SUPPLEMENTARY INFORMATION:** The Federal Insurance Administrator gives notice of the proposed determinations of base flood elevations (100-year flood) for the Village of Hammondsport, Steuben County, New York in accordance with Section 110 of the Flood Disaster Protection Act of 1973 (P.L. 93-234), 87 Stat. 980, which added Section 1363 to the National Flood Insurance Act of 1968 (Title XIII of the Housing and Urban Development Act of 1968 P.L. 90-448), 42 U.S.C. 4001-4128, and 24 CFR Part 1917.

These elevations together with the flood plain management measures required by § 1910.3 of the program regulations are the minimum that are required. They should not be construed to mean the community must change any existing ordinances that are more stringent in their flood plain management requirements. The community may at any time enact stricter requirements on its own, or pursuant to policies established by other Federal, state or regional entities. These proposed elevations will also be used to calculate the appropriate flood insurance premium rates for new buildings and their contents and for the second layer of insurance on existing buildings and contents.

Maps and other information showing the detailed outlines of the flood-prone areas and the proposed base flood elevations are available for review at the Glenn H. Curtiss Museum Building, Village Clerk's Office, 41 Lake Street, Hammondsport, New York 14840.

Any person having knowledge, information, or wishing to make a comment on these proposed elevations should immediately notify Mrs. Carol G. Jenkins, Village Clerk of Hammondsport, 41 Lake Street, Hammondsport, New York 14840.

The proposed 100-year flood elevations for selected locations are:

Source of flooding	Location	Elevation in feet above mean sea level
Keuka Inlet.....	Keuka Lake.....	724
	State Route 54A.....	721
	Curtiss Ave. (extended).	722

(National Flood Insurance Act of 1968 (Title XIII of Housing and Urban Development Act of 1968), effective January 28, 1969 (33 FR 17804, November 28, 1968), as amended; 42 U.S.C. 4001-4128; and Secretary's delegation of authority to Federal Insurance Administrator, 34 FR 2680, February 27, 1969, as amended (39 FR 2787, January 24, 1974).)

Issued: May 24, 1977.

[Docket No. FI-2948]

**PROPOSED FLOOD ELEVATION DETERMINATIONS FOR CITY OF RALEIGH, N.C.**

AGENCY: Federal Insurance Administration.

ACTION: Proposed rule.

**SUMMARY:** The Federal Insurance Administrator hereby gives notice of his proposed determinations of flood elevations for the City of Raleigh, North Carolina, in accordance with Section 110 of

PROPOSED RULES

31279

the Flood Disaster Protection Act of 1973 (Pub. L. 93-234), 87 Stat. 980, which added Section 1363 to the National Flood Insurance Act of 1968 (Title XIII of the Housing and Urban Development Act of 1968, Pub. L. 90-448), 42 U.S.C. 4001-4128, and 24 CFR Part 1917 (Section 1917.4(a)).

Due to recent engineering analysis, this notice revises the proposed determinations of base flood elevations published in 41 FR 50286 on November 15, 1976, and in the Raleigh Times-Observer published on February 1, 1977, and February 2, 1977, and hence supersedes those notices. Proposed flood elevations (100-year flood) are listed below for selected locations. Maps and other information showing the detailed outlines of the flood-prone areas and the proposed flood elevations are available for review at City Hall, Raleigh, North Carolina 27602.

Any person having knowledge, information, or wishing to make a comment on these determinations should immediately notify Mr. L. P. Zachary, City Manager, P.O. Box 590, Raleigh, North Carolina 27602.

**DATES:** The period for comment will be ninety days following the second publication of this notice in a newspaper of local circulation in the above-named community.

**FOR FURTHER INFORMATION CONTACT:**

Mr. Richard Krimm, Assistant Administrator, Office of Flood Insurance, 202-755-5581 or Toll Free Line 800-424-8872, Room 5270, 451 Seventh Street SW., Washington, D.C. 20410.

**SUPPLEMENTARY INFORMATION:** These base flood elevations are the basis for the flood plain management measures that the community is required to either adopt or show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

These modified elevations will also be used to calculate the appropriate flood insurance premium rates for new buildings and their contents and for the second layer of insurance on existing buildings and contents.

## PROPOSED FLOOD ELEVATION DETERMINATIONS FOR CITY OF SHELBY, N.C.

AGENCY: Federal Insurance Administration, HUD.

ACTION: Proposed rule.

**SUMMARY:** Technical information or comments are solicited on the proposed base flood elevations (100-year flood) listed below for selected locations in the City of Shelby, North Carolina. These base flood elevations are the basis for the flood plain management measures that the community is required to either adopt or show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

**DATES:** The period for comment will be ninety days following the second publication of this notice in a newspaper of local circulation in the above-named community.

**FOR FURTHER INFORMATION CONTACT:**

Mr. Richard Krimm, Assistant Administrator, Office of Flood Insurance, 202-755-5581 or Toll Free Line 800-424-8872, Room 5270, 451 Seventh Street SW., Washington, D.C. 20410.

**SUPPLEMENTARY INFORMATION:** The Federal Insurance Administrator gives notice of the proposed determinations of base flood elevations (100-year flood) for the City of Shelby, in accordance with Section 110 of the Flood Disaster Protection Act of 1973 (Pub. L. 93-234), 87 Stat. 980, which added Section 1363 to the National Flood Insurance Act of 1968 (Title XIII of the Housing and Urban Development Act of 1968, Pub. L. 90-448), 42 U.S.C. 4001-4128, and 24 CFR Part-1917.

These elevations together with the flood plain management measures required by Section 1910.3 of the program regulations are the minimum that are required. They should not be construed to mean the community must change any existing ordinances that are more stringent in their flood plain management requirements. The community may at any time enact stricter requirements on its own, or pursuant to policies established by other Federal, state, or regional entities. These proposed elevations will also be used to calculate the appropriate flood insurance premium rates for new buildings and their contents and for the second layer of insurance on existing buildings and contents.

Maps and other information showing the detailed outlines of the flood-prone areas and the proposed base flood elevations are available for review at City Hall, Shelby, North Carolina.

Any person having knowledge, information, or wishing to make a comment on these proposed elevations should immediately notify Mayor Lester D. Roark, City Hall, P.O. Box 669, Shelby, North Carolina 28150.

The proposed 100-year flood elevations for selected locations are:

Source of flooding	Location	Elevation in feet, National Geodetic vertical datum
Hickory Creek.....	Gidney St.....	740
	Kings Rd.....	749
	Montrose Dr.....	751
	Forest Hill Dr.....	762

## PROPOSED FLOOD ELEVATION DETERMINATIONS FOR VILLAGE OF CRAIG BEACH, MAHONING COUNTY, OHIO

AGENCY: Federal Insurance Administration, HUD.

ACTION: Proposed rule.

**SUMMARY:** Technical information or comments are solicited on the proposed base flood elevations (100-year flood) listed below for selected locations in the Village of Craig Beach, Mahoning County, Ohio. These base flood elevations are the basis for the flood plain management measures that the community is required to either adopt or show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

**DATES:** The period for comment will be ninety days following the second publication of this notice in a newspaper of local circulation in the above-named community.

**FOR FURTHER INFORMATION CONTACT:**

Mr. Richard Krimm, Assistant Administrator, Office of Flood Insurance, 202-755-5581 or Toll Free Line 800-424-8872, Room 5270, 451 Seventh Street SW., Washington, D.C. 20410.

**SUPPLEMENTARY INFORMATION:** The Federal Insurance Administrator gives notice of the proposed determinations of base flood elevations (100-year flood) for the Village of Craig Beach, Mahoning County, Ohio, in accordance with Section 110 of the Flood Disaster Protection Act of 1973 (Pub. L. 93-234), 87 Stat. 980, which added Section 1363 to the National Flood Insurance Act of 1968 (Title XIII of the Housing and Urban Development Act of 1968, Pub. L. 90-448), 42 U.S.C. 4001-4128, and 24 CFR Part 1917.

These elevations together with the flood plain management measures required by § 1910.3 of the program regulations are the minimum that are required. They should not be construed to mean the community must change any existing ordinances that are more stringent in their flood plain management requirements. The community may at any time enact stricter requirements on its own, or pursuant to policies established by other Federal, state, or regional entities. These proposed elevations will also be used to calculate the appropriate flood insurance premium rates for new buildings and their contents and for the second layer of insurance on existing buildings and contents.

Maps and other information showing the detailed outlines of the flood-prone areas and the proposed base flood elevations are available for review at Craig Beach Mayor's office, 2154 Grandview Road, Village of Craig Beach, Ohio.

PROPOSED RULES

Any person having knowledge, information, or wishing to make a comment on these proposed elevations should immediately notify the Honorable L. J. Clark, Mayor of Craig Beach, Village of Craig Beach, 2154 Grandview Road, Lake Milton, Ohio 44429.

The proposed 100-year flood elevations for selected locations are:

Source of flooding	Location	Elevation in feet above mean sea level
Lake Milton	Glendale Rd. extended.	953
	Edgewater Rd.	953
	Jersey St.	953
	Grandview Rd.	953

(National Flood Insurance Act of 1968 (Title XIII of Housing and Urban Development Act of 1968), effective January 28, 1969 (33 FR 17804, November 28, 1968), as amended; 42 U.S.C. 4001-4128; and Secretary's delegation of authority to Federal Insurance Administrator, 34 FR 2680, February, 1969, as amended (39 FR 2787, January 24, 1974).)

Issued: May 25, 1977.

HOWARD B. CLARK,  
Acting Federal  
Insurance Administrator.
