MISSOURI BAPTIST SANITARIUM

909 Taylor Avenue, ST. LOUIS, MO.

The Missouri Baptist Sanitarium is legally chartered and in the hands of fifty men and women, among the strongest and best that the Baptists of Missouri could select. It is founded on business and benevolent principles, and it is a combination of all that is good in a sweet christian home, hospital, health resort and medico-surgical institution. While it is owned and controlled by the Baptists of Missouri (130,000 in number), it is non-sectarian in its benefits. It is one of the most complete and thoroughly equipped hospitals in the West.

Its charges to patients are reasonable. It is peculiarly the hospital for physicians in or out of the city.

We are even more liberal toward the physicians, surgeons, and specialists in the city and out, in the practice of the Institution, than with our own staff, for we allow them to regulate their own prices, and give them equal rights in the Institution, while we require our own physicians to make only very moderate charges, and require one-fourth of said charges to be turned into the Sanitarium treasury to help defray its expenses.

The hotel department meets with much favor among physicians who bring their patients here, as they can remain a number of days in the same building, near the patient when they so desire, at the cost of \$1.50 per day.

The elegant dining room is a great attraction to convalescents and visitors.

The bathing department, Turkish baths, &c., are of the most modern, and adds greatly to the usefulness of the Institution.

A cordial invitation is extended to the profession to visit and inspect the Sanitarium.

W. H. MAYFIELD, M. D.,
SURG. CHIEF AND SUPERINTENDENT,
909 Taylor Ave., ST. LOUIS, MISSOURI.

THIRTEENTH ANNOUNCEMENT.

The Thirteenth Annual Session of the University Medical College of Kansas City will open about the middle of September, 1893, and continue twenty-six weeks.

Instruction in this Institution is given by lectures, clinics, practical courses in the dissecting room and laboratories, and by repeated examinations covering three collegiate years.

CLINICAL LECTURES. It is the determination of the Faculty to furnish to students such information as will best fit them to meet the requirements of active professional life. To reach this end no effort has been spared to make the College essentially a practical and demonstrative school.

REQUIREMENTS FOR ADMISSION. Every applicant for admission must be of good moral character, and possess the evidence of a good English education. He should also possess a sufficient knowledge of Latin to read and write current prescriptions.

For Catalogue, or further particulars, apply to

CHAS. W. ADAMS, M. D., Dean, Twelfth and Grand Avenue.

L. A. BERGER, M. D., Secretary, Twelfth and Grand Avenue.

BARNES MEDICAL COLLEGE, OF THE CITY OF ST. LOUIS, MO.

Session of 1893-'94 opens September 11, 1893, and continues six months.

Instruction specially practical. New and spacious building, located in the heart of the city, within five blocks of the new Union Depot. Modern in all appointments. Ample clinical and laboratory facilities. Course of study conforms to the requirements of all health boards. Tuition moderate. Hospital and dispensary privileges free. Special terms to sons and brothers of physicians, sons of the clergy and graduates in Pharmacy and Dentistry. Matriculates for past winter session numbered two hundred and sixty. Largest college west of the Mississippi. Announcements sent on application.

C. H. HUGHES, M. D., President, 421-2-3 Commercial Building.

PINCKNEY FRENCH, M. D., Secretary Board of Trustees, 904 Olive Street.

(EXACT SIZE)

HUGHES' ÆSTHESIOMETER.

This instrument, now in use over ten years, is the only instrument of the kind which **Folds up like a Pocket Knife**, has reversible sharp and blunt points, the **English and Decimal Scale** and **Weber's Distance Points** engraved on it. The best physicians prefer it to all others.

It is now manufactured by the inventor, and the price reduced from the original figure (fifteen dollars) to five dollars, so as to place it within the reach of every physician. Address and remit to

DR. C. H. HUGHES, Rooms 421-2-3 Commercial Bldg., ST. LOUIS.

A DELIGHTFUL NEW SANITARIUM AND HEALTH RESORT HOTEL for the entertainment and the physiological and surgical treatment of CHRONIC INVALIDS. A thoroughly scientific institution dedicated to the physicians and intended for the chronic cases they may desire to send away for treatment. Fully equipped for "massage," "Swedish movement" "gymnastics," "physical training," "rest cure," "dieting," electrical treatment in all its forms; hydropathy in every department. Prepared to give Russian baths; Turkish baths; shower baths; water electric baths; shampoo baths; salt glow baths; medicated vapor baths (for lung troubles). Elevation of Lebanon, 1,280 feet; dry, pure atmosphere; exceedingly pure water; medicinal springs. The most successful resort for rheumatism. Trained nurses employed. Endorsed and sustained by the leading physicians of Missouri.

Send for illustrated prospectus. Address,

PAUL PAQUIN, M. D., Supt., LEBANON, MISSOURI.

Dr. Tuholske's Private Surgical ^{and} Gynæcological Hospital.

This Hospital has been specially designed and built for the care of patients requiring surgical or gynæcological treatment, and it is believed that so far as sanitary conditions, ventilation, light and heating are concerned, this Institution will compare favorably with the best in the land. The rooms are nicely and cosily furnished, the cuisine equals that of first-class hotels, the nurses are thoroughly trained, competent and required to be affable, gentle and attentive. Patients will find in this institution the comforts, and if desired, the luxuries of a home combined with the quiet, seclusion and trained nursing such as one finds in hospitals only, and the security which comes from the knowledge of being under the direct and personal care of the Surgeon. The Hospital has been in successful operation for two years, during which time 237 patients have been received and operated upon.

The Institution is centrally located on
E. Cor. Jefferson Ave. and Locust Street,
St. Louis, Mo.

Ensworth Medical College and Hospital

ST. JOSEPH, MO.

THE Seventeenth annual session begins October 3, 1893, and continues five months. From four to six didactic Lectures are delivered daily, and clinics are regularly held. The Hospital with a capacity of 250 beds, is of the greatest advantage to students. A well appointed Dispensary is operated in connection with the College. Clinical resources, in addition to these, are the State Asylum, City, County and Railroad Hospitals.

Women are admitted on the same terms as men and have a separate dissecting room.

ELIXIR SIX IODIDES

Is prepared not from the commercial, but from the chemically Pure Salts.

FORMULA:

Each fluid drachm contains Arsenici Iodidum 1-125 grain, Ferri Iodidum 1-12 grain, Hydrargyri Iodidum 1-125 grain, Manganesii Iodidum 1-10 grain, Potassii Iodidum one grain, Sodii Iodidum one grain, with Aromatics.

MEDICAL PROPERTIES:

The greatest value of this combination is it relieves those obscure and chronic obstructions to gland action,—the kidney, liver, pancreas as well as the lymphatic system, which may exert so great an influence for evil on the economy. It enjoys the confidence of the Medical profession, as its use is indicated in a wide range of diseases, particularly so in pernicious anaemia, skin diseases both scaly and papular; has remarkable curative effects in specific diseases and other manifestations of systemic infection; chronic uterine and pelvic diseases, and in complaints where an alterative and tonic is indicated.

This combination proves that the united action of remedies is often requisite when either, alone, is insufficient. Physicians when prescribing will please write:

Elixir Six Iodides—WALKER-GREEN'S—One Bottle.

The druggist will please write directions on his own label. ELIXIR SIX IODIDES is always sold in eight oz. oval bottles, and NEVER IN BULK.

THIS ELIXIR is kept in stock by Wholesale Druggists generally, to whom all orders for less than gross lots should be sent. Wholesale price \$8.00 per doz. bottles. Send for circular.

Medical Laws of Missouri.

AN ACT TO REGULATE THE PRACTICE OF MEDICINE AND SURGERY IN THE STATE OF MISSOURI.

Be it Enacted by the General Assembly of the State of Missouri, as follows:

SECTION 1. Every person practicing medicine and Surgery, in any of their departments, shall possess the qualifications required by this act. If a graduate of medicine, he shall present his diploma to the State board of health for verification as to its genuineness. If the diploma is found to be genuine, and the person named therein be the person claiming and presenting the same, the State board of health shall issue its certificate to that effect, signed by at least five of the members thereof, and such diploma and certificate shall be deemed conclusive as to the right of the lawful holder of the same to practice medicine in this State. If not a graduate, the person practicing medicine in this State shall present himself before said board and submit himself to such examination as the said board shall require, and if the examination be satisfactory to the examiners, the said board shall issue its certificate in accordance with the facts, and the lawful holder of such certificate shall be entitled to all the rights and privileges herein mentioned.

2. The State board of health shall issue certificates to all who shall furnish satisfactory proof of having received diplomas or licenses from legally-chartered medical institutions in good standing, of whatever school or system of medicine; they shall prepare two forms of certificates, one for persons in possession of diplomas or licenses, the other for candidates examined by the board; they shall furnish to the county clerks of the several counties a list of all persons receiving certificates. PROVIDED, that nothing in this act shall authorize the board of health to make any discrimination against the holders of genuine licenses or diplomas under any school or system of medicine.

3. Said State board of health shall examine diplomas as to their genuineness, and if the diploma shall be found genuine as represented, the secretary of the State board of health shall receive a fee of one dollar from each graduate or licentiate, and no further charge shall be made to such applicant; but if it be found to be fraudulent, or not lawfully owned by the possessor, the board shall be entitled to charge and collect twenty dollars of the applicant presenting such diploma; the verification of the diploma shall consist in the affidavit of the holder and applicant that he is the lawful possessor of the same, and that he is the person therein named; such affidavit may be taken before any person authorized to administer oaths, and the same shall be attested under the hand and official seal of such officer, if he have a seal. Graduates may present their diplomas and affidavits as provided in this act, by letter or by proxy, and the State board of health shall issue a certificate as though the owner of the diploma was present.

4. All examinations of persons not graduates or licentiates shall be made directly by the board, and the certificates given by the board shall authorize the possessor to practice medicine and surgery in the State of Missouri.

5. Every person holding a certificate from the State board of health shall have it recorded in the office of the county clerk of the county in which he resides, and the records shall be indorsed thereon; any person removing to another county to practice medicine and surgery shall procure an indorsement to that effect on the certificate from the clerk of the county court, and shall have the certificate recorded in the office of the clerk of the county to which he removes, and the holder of the certificate shall pay to said clerk of said county the usual fees for making the record.

6. The county clerk shall keep, in a book provided for the purpose, a complete list of the certificates recorded by him, with the date of the issue. If the certificate be based on a diploma or license, he shall record the name of the medical institution conferring it and the date when conferred. The register of the county clerk shall be open to public inspection during business hours.

7. [Providing for the payment of an examination fee of five dollars was amended by the striking out the entire section.]

8. Examinations may be made in whole or in part, in writing, and shall be of an elementary and practical character, but sufficiently strict to test the qualifications of the candidate as a practitioner.

9. The board of health may refuse certificates to individuals guilty of unprofessional or dishonorable conduct, and they may revoke certificates for like causes, after giving the accused an opportunity to be heard in his defense before the board.

10. Any person shall be regarded as practicing medicine, within the meaning of this act, who shall profess, publicly, to be a physician, and to prescribe for the sick, or who shall append to his name the letters "M. D.;" but nothing in this act shall be construed to prohibit students from prescribing under the supervision of a preceptor, or to prohibit gratuitous services in cases of emergency; and this act shall not apply to commissioned surgeons of the United States army, navy and marine hospital service.

11. Any itinerant vendor of any drug, nostrum, ointment or appliance of any kind intended for the treatment of disease or injury, or who shall, by writing or printing, or any other method, publicly profess to cure or treat diseases, injuries or deformities by any drug, nostrum, manipulation or other expedient, shall pay to the State a license of one hundred dollars per month, to be collected as provided by law, as all other licenses are now collected; and any person violating the provisions of this section shall be deemed guilty of a misdemeanor, and upon conviction thereof, shall be punished by a fine not to exceed five hundred dollars (\$500), or by imprisonment in the county jail not to exceed six months, or by both such fine and imprisonment.

12. Any person practicing medicine or surgery in this State, without complying with the provisions of this act, shall be deemed guilty of a misdemeanor, and be punished by a fine of not less than fifty dollars, nor more than five hundred dollars, or by imprisonment in the county jail for a period of not less than thirty days, or by both such fine and imprisonment for each and every offense; and any person filing or attempting to file, as his own, the diploma or certificate of another, or a forged affidavit of identification, shall be guilty of a felony, and, upon conviction thereof, shall be subject to such fine and imprisonment as are made and provided by the statutes of this State for the crime of forgery in the second degree, but the penalties shall not be enforced until a period of six months after the passage of this bill: PROVIDED, that the provisions of this act shall not apply to those that have been practicing medicine five years in this State.

13. Whenever in this act it is provided that any duty or service shall be performed by any county clerk, such duty and service in the city of St. Louis shall be performed by the city register or health commissioner of the city of St. Louis, as if such officer was specially named to perform these duties and services.

14. All acts and parts of acts inconsistent with this act are hereby repealed.

Went into effect July, 1883.

The act providing for a state board of health also became a law July 1, 1883, and the board has been appointed. By Sec. 8 of this act, physicians, surgeons and accoucheurs are required, under a penalty of ten dollars, to report all births and deaths which may occur under their supervision.

VIENNA, MARCH 24, 1892.

DR BRANSFORD LEWIS,

SIR: I thank you very much for your kind remembrance of me, and I am equally gratified that your exceedingly well-edited journal maintains such a lively intercourse with the scientific circles of the Old World, bridging the wide gulf that separates the two continents. Believe me,

Yours very truly,

FAMILIARIZES ITS READERS WITH THE CHIROGRAPHY OF WELL-KNOWN MEDICAL WRITERS.
