Labor side:

2. If changed, the minimum wage should be 45 yen per hour.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 OK3

C. Date of dispute occurrence:

5 March 1951

H. Effect on the Occupation Forces:

None.

I. Others:

The company changed the piece work wage system heretofore into a hour wage system (average 40.15 yen)and handed an appointment order dated on the same day to each worker.

The union opposed the company to change the wage system in one-sided way without consulting the union, and demanded the minimum wage of 45 yen per hour, if changed (peice work wage heretofore calculated in terms of hour wage is about 43 yen per hour).

But the management refused the demand completely, and on March 7 at 8.00 a.m.the workers went on an indefinite strike.

Now the Chief of Kawaguchi Labor Office is conciliating them.

2. A. Name and location of factory:

Kawaguchi Plant of Beads Machine Kogyo K.K.

D. Name of federation:

E. No. of union members:

F. Cause of dispute:

Opposed to the shut down of the plant by the management, as the workers had a meeting to organize a labor union.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 OK3

G. Date of dispute occurrence:

16 February 1951

H. Effect on the Occupation Forces :

None.

I. Date dispute settled:

1 March 1951.

J. Terms of settlement:

To cancel the shut-down of the plant unconditionally.

K. Others:

On Feb. 13 workers opened a mass meeting to organize a trade union.

On Feb. 15 the company gave a notification verbally that the plant was to be shut-down from Feb. 16 because of business depression.

Workers asked Kawaguchi Labor Office, under which jurisdiction they are, to take suitable action to solve the problem.

The Chief of the Labor Office met both the labor and management and heard how the matter stood from both sides and advised the company to open the plant again, to which the company answered that they would give a formal answer on Feb. 19 shutting the plant for a while.

On Feb. 19 the company gave the following answer to the Chief of Labor Office.

1. They would cancel the close-up of the plant, but would discharge some undesirable workers to reconstruct the company.
2. As to the detail of the reconstruction of the company, the labor and management would talk together in the presence of the Chief of Labor Office on Feb. 21.

On Feb. 21 the labor and management had a meeting to reconstruct the company. But before this meeting the directors of the company had a conference of themselves, and investigated the financial status of the company and decided to shut down the plant as they made public before.

The directors attended the meeting of Feb. 21 sticking to the decision of their meeting, but the union exposed the actual financial status of the company and stated that there was no reason to shut down the plant.

The directors, for the first time, knew the actual financial status of the company (because the directors left all the financial management to the chief of the plant) and answered that they would give a definite answer after consulting with one another among the directors again, and they could not come to a conclusion, and dispersed promising to have a meeting on Feb. 25.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 OK3

The meeting of Feb. 25 was postponed by the company, and they had a meeting on Feb. 26. But on this day the directors tried to persuade the workers to the shut-down of the plant saying they could not carry on the business because of the business depression, but the workers opposed them pointing the contradiction of the management, and the meeting was ended in an endless dispute and could not come to a conclusion, and they decided to open the meeting again on March 1.

In the meeting of March 1 by the conciliation of the Chief of Labor Office and also being driven to disadvantageous status, the company canceled the notification of the shut-down of the plant unconditionally, and the dispute was ended.

従業員は事態解決のため適切な措置を所轄川口労政事務所に依頼した。

2月21日会社再建協議会が開かれたが　=れより先重役は会議を開いて各理内容を検討し工場閉鎖は画告のとおり実行しなければならないことを決定した。

21日の会議は会社側はこの方針で出席したが組合側は会社の経理面の実態をバクロして工場閉鎖の根拠のないことを指摘したため重役一同も始めて(工場長に経理面を一任していたため)会社の経理面の実態を知り再度重役間で協議して確答するということとなり何等の結論を得ず25日再び会議を開く予定で散会した。

2月25日は会社の都合により流会となり26日更めて会議

3月1日の会議では労政事務所長の斡旋が効を奏し諸種の事情から不利な立場となった会社側は遂に最初の通告を無条件で撤回することとなり解決した。

J. Others :

On Nov. 14 the company purged two red workers. The union had a mass meeting at once, and after discussion they demanded the abovementioned claims of the company, and bargained collectively on Nov. 16. But the bargaining ended in failure in the afternoon of the same day. The union had a mass meeting again. In the meeting they decided to go on strike (69 in favor and 61 against the strike). They began a 24 hour strike at 6.00 p.m. on Nov. 16. But fearing the breakdown of the union on Nov. 17 the two purged workers declared that they would resign their posts. Therefore the union left the retiring terms of the two persons in the hand of the company, and decided to negotiate on the other three items later, and the dispute was settled.

By the way the two persons purged were on communist and one fellow-traveller.

The company published the close up of Kuni Plant on Oct. 23, 1949. At that time the wages for September were lagged behind. Demanding the unpaid wages and against the discharge of the workers because of the close-up of the plant, the union bargained with the company collectively and on Jan. 25, 1950 they went on 24 hour strike to attain their object. Since that time this case had not been settled up till recently (This is because

orders had increased, and they were busy.) But lately this case was revived again, and the company published the close-up of the Kuki Plant on July 19, and sent discharge notice to individual worker. But all the union members returned the notices in a lump to the company, and had been disputing. But on Aug. 31 they came to an agreemant and the dispute was settleled by the terms mentioned above.
