To Mie Military Goverment Team

In THE NIPPON KEMMO MFG.CO.,LTD.,they are doing their best for manufacturing fishing nets now, and contributing to fishing and hunting. Because some netting machines have been burnt down by wars, they are repairing successfully the machines by the lathes and the drills which we lended. Now we have recieved the proposition from them that because they want to repair their netting machines with their best, they wish for us to withdraw with delay the lathes and the drills. So we petition that their desire will be accomplished and then they will take all the responsibilities.
