DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

REPORT ON TRANSPORTATION IN AND OUT OF EXEMPT EQUIPMENT

Date; 30 Oct. 1950

TO; Tokaihokuriku Civil Affairs Team

THRU; Commerce and Industry Section
Gifu Prefectural Government

FROM; Custodian of Kayaba Sangyo K. K. Gifu Plant
No. 505, Dota-mura, Kani-gun, Gifu-Prefecture
Code No.; 09-11 Category; Aircraft

Sirs;

We hereby report to you Transportation in and put of Exempt machinery and equipment as follows;

(Moved in) 2 items

Inventory No.	Name of machine	Reson	Date
09-11-2428 EX	Drying equipment, ultra red lay----2 pets	Own made, Ultra red lay bulbs purchased from Mazda Co..	1 Oct. 1950
09-11-2429 EX	Portable drill, ¾	Purchased from Gifu Shoji Co.	10 Oct. 1950

(Moved out) 2 items

09-11-1330 EX	(Wood) Band saw machine	Soled off to Gifu Tecnical High School	2 Oct. 1950
09-11-1332 EX	(Wood) Pattern lathe	-ditto-	2 Oct. 1950

Remarks;

a. 2 Inventoried EX have moved out, therefore, No. of Inventoried EX (200 - 2) = (198)
b. 2 Not Inventoried EX have moved in, therefore, No. of Not Invdntoried EX
(56 + 2) = (58)

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

Wada Iron Works & Co..
No.1249, Nagamori-kiridoshi,
Gifu-city

9. Oct. 1950

SUBJECT; Application for Movement and Authorized Use of designated reparation machinery and equipment

TO; The Ministry of International Trade and Industry

FROM; Director of Wada Iron Works & Co.

ACCOUNT

1) Name and Location of the plant which intends to use designated reparation machinery and equipment;
Wada Iron Works & Co. (not designated as reparation)
No.1249, Nagamori-Kiridoshi, Gifu-city

2) Name, Code No., Category and Location of the plant where designated reparation machinery and equipment to be used actually exist;
Kayaba Sangyo Co., Ltd., Gifu plant
Code No. 09-11, Category AIRCRAFT
No.505, Dota-mura, Kani-gun, Gifu-prefecture

3) List of designated reparation machinery and eqipment to be moved and used;
8' -0" Lathe-----1, 18" Horizontal Shaper-----1.
details as show in ANNex sheet

4) Necessity for movdment and use of machinery and equipment;

We are engaging in the manufacture and repair of agricultural and textile machinery as designated subcontractor of Nanboku ryo-nagamori (Both South and North) Agricultural Cooperating Association and Gito-chiku (Est and Gifu ara) Textile Cooperating Association, cooperating toward the revival of Japanese Industry day and night.

Now we have extended shop building and electric power, though, equipment for machining are not satiafactory, as to the turning of long length ano large diameter works such as rollers of textile machines, and as to the rough cutting of cast iron parts of agricultural machines.

So,we have a desire to have a 8 feet lathe and a 18" horizontal shaper, which belong to Kayaba Sangyo Co., Ltd., Gifu plant for promotion of our production

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

5) Outline of the plant which intends to use designated reparation machinery and equipment;

a. Present employee; Workers----------5

b. Present equipment;

1. Lathes --------	2	
2. Drilling machines	2	
3. Milling machines	1	
4. Hack saw machine	1	
5. Grinder --------	1	
6. 5kg Belt hammer	1	
7. Oxyasetylene welder	1	
Total	9	items

c. Present products;
1. Manufacture and repair of agricultural machines
2. Textile machines
3. Metal parts of building and Steel frame works
4. Machining of various kinds

d. Present monthly production; Y 100,000.00

e. Monthly production after machinery moved in;

Y 150,000.00

10/16

APPLICATION FOR MOVEMENT AND AUTHORIZED USE OF
DESIGNATED REPARATIONS MACHINERY AND EQUIPMENT

Date. 30 September, 1950

TO: Ministry of International Trade and Industry
FROM: Shinko Raito Kogyo-sho
Address: No. 120, 3-chome, Imaike-cho, Chikusaku, Nagoya City, Aichi Prefecture

1) Name (Code No.) and Location of the Plant which intends to use designated reparations machinery and equipment:
Shinko Raito Kogyo-sho (non-reparations plant)
No.120, 3-chome, Imaike-cho, Chikusa-ku, Nagoya City, Aichi Prefecture

2) Name (Code No. & Category) andLocation of the Plant where designated reparations machinery and equipment to be used actually exist:
Kayaba Sangyo Co. Ltd. Gifu Seizosho
09-11 AIRCRAFT
No. 505, Dota-mura, Kani-gun, Gifu prefecture

3) List of designated reparations machinery and equipment to be moved and used:
Industrial Equipment.....6 (Idle) at Kayaba Sangyo Co. Ltd, Gifu Seizosho
Total.....6
Specifications: You will find them attached.

4) Necessity for movement and use of machinery and equipment:
a) History of Factory:
February 1, 1947: Since starting the business of moulding of plastic at the capital ¥150,000.00 , we have made electric goods and special parts.
October, 1948: Supplied Toyota Motor Co. Ltd. and Mitsubishi Electric Co. Ltd., with the parts of electric ornament and now engage in the line.
November, 1949: Made plastic tables for doll swing clock & other clocks which are to be supplied to Meiko Clock Co. Ltd. and now engage in the line.

b) Scale of Factory:
Factory Site.....80 tsubo
Floor Space.....22 tsubo
Machines & Equipments..... 8 sets
Number of Workers..... 8 persons

c) Reason of Application:
Both new demand for the items above mentioned (for motor car and special parts) and the necessity of progress in quality made it necessary for us to increase the equipment of machines. This is the reason we apply fpr the movement and use of this equipment.

d) Monthly Production after enlargement of equipment:

You will see in the attached sheets the results after using machines applied for.

Signed. Yukio Hasegawa
Name. Yukio Hasegawa
Representative, Shinko Raito Kogyo-sho

Attached Paper

Results after using machines applied for:

(Items of Products)	(Monthly Output, Present)	(Monthly Output, After Enlargement)	(Remarks)
Table for clock ...	2,000 pcs. (¥120,000.00)	3,000 pcs. (¥180,000.00)	Meiko Clock Co. Ltd. (for export)
Terminal table of lock switch ...	3,000 pcs. (¥25,000.00)	4,000 pcs. (¥32,000.00)	Toyota Motor Car Co. Ltd. (for home demand)
Turf plate of lock switch ...	3,000 pcs. (¥25,000.00)	4,000 pcs. (¥32,000.00)	-do-
Thumb of tail lamp ...	2,000 pcs. (¥10,000.00)	3,000 pcs. (¥15,000.00)	-do-
Cord for sewing machine ...	2,000 pcs. (¥40,000.00)	3,000 pcs. (¥60,000.00)	Mitsubishi Electric Co. Ltd. (for home demand)
Name plate of electric fan ...	2,000 pcs. (¥100,000.00)	4,000 pcs. (¥200,000.00)	-do-
T O T A L ...	14,000 pcs. (¥320,000.00)	21,000 pcs . (¥519,000.00)	

* Prescribed number of workers is 12.

APPLICATION FOR MOVEMENT AND AUTHORIZED USE OF
DESIGNATED REPARATIONS MACHINERY AND EQUIPMENT

Date. 30 September, 1950

TO: Ministry of International Trade and Industry
FROM: Nitto Gosei-Jushi Kogyo Co. Ltd.
Address: No. 1441, Inaba, Inazawa-cho, Nakashima-gun, Aichi Prefecture

1) Name (Code No.) and Location of the plant which intends to use Designated Reparations Machinery and Equipment:
Nitto Gosei-Jushi Kogyo Co. Ltd. (non-reparations plant)
No. 1441, Inaba, Inazawa-cho, Nakashima-gun, Aichi Prefecture

2) Name (Code No. & Category) and Location of the Plant where designated reparations machinery and equipment to be used actually exist:
Kayaba Sangyo Co. Ltd., Gifu Seizosho
09-11 AIRCRAFT
No. 505, Dota-mura, Kani-gun, Gifu Prefecture

3) List of designated reparations machinery and equipment to be moved and used:
Industrial Equipment.....6 (Idle) at Kayaba Sangyo Co. Ltd., Gifu Seizosho
Total.....6
Specifications: You will find them attached.

4) Necessity for movement and use of machinery and equipment:
a) History of Factory:

September 29, 1942.	Established at Atsuta-ku, Nagoya City at the capital of ¥180,000.00.
June, 1945.	Removed to Inazawa-cho, Nakashima-gun, Aichi Prefecture, and busily engaged as subcontract plant of Shin Aichi Tokei Co. Ltd., Matsushita Denki Co. Ltd., and Inaki Gomu Co. Ltd. With the present facilities, it is impossible for us to meet the demand. So, the need of theenlargement of our machinery and equipment has become pressing.

b) Scale of Factory:
Factory Site.....120 tsubo
Floor Space..... 70 tsubo
Machine and Equipment:
Lathe..... 3 sets
Shaper..... 1 set
Press..... 20 sets
Total..... 24 sets
Number of Workers..... 15 persons

c) Tp increase our production, the production of capacity and enlargement of machinery and equipment have become urgent need. We apply fpr movement and authorized use of machines shown in attached paper.

d) Monthly production after enlargement:
As you see in the following list, monthly production after using machines we applied for increase 50% compared with present production, and prescribed number of workers is 21.

(Items of Productions)	(Present)	(After Enlargement)
Parts of water meter (for Shin Aichi Tokei Co. Ltd.)	¥200,000.00 (20,000 pcs.)	¥300,000.00 (30,000 pcs.)
Parts of dry battery (for Matsushita Denki Co. Ltd.)	¥150,000.00 (100,000 pcs.)	¥225,000.00 (150,000 pcs.)
Packing (for Inaki Gomu Co. Ltd)	¥100,000.00 (40,000 pcs.)	¥150,000.00 (60,000 pcs.)

10/16

APPLICATION FOR MOVEMENT AND AUTHORIZED USE OF
DESIGNATED REPARATIONS MACHINERY AND EQUIPMENT

Date. 30 September, 1950

TO: Ministry of International Trade and Industry
FROM: Tokai Kagaku Kogyo Co. Ltd.
Address: No. 38, 2-chome, Toyomae-cho, Higashi-ku, Nagoya City, Aichi Prefecture

1) Name (Code No.) and Location of the plant which intends to use designated reparations machinery and equipment:
Tokai Kagaku Kogyo Co. Ltd. (non-reparations plant)
No.38, 2-chome, Toyomae-cho, Higashi-ku, Nagoya City, Aichi Prefecture

2) Name (Code No. & Category) and Location of the plant where designated reparations machinery and equipmentto be actually exist:
Kayaba Sangyo Co. Ltd., Gifu Seizosho
09-11 AIRCRAFT
No. 505, Dota-mura, Kani-gun, Gifu Prefecture

3) List of designated reparations machinery and equipment to be moved and used:
Industrial Equipment.....15 (Idle) at Kayaba Sangyo Co. Ltd., Gifu Seizosho
Total.....15
Specifications : You will find them attached.

4) Necessity for movement and use of machinery and equipment:
a) History of Factory:
June 3, 1946 : Established factory on a private account.
March 20,1949: Changed the organization to the juridical person at the capital of ¥500,000. oo managing the moulding and working up of plastic. The items are as follows:
lid of ink bottles, receptacle of toilet articles, chessman of mah jong & other sundry goods
March & July, 1950 : Sent samples of chessman of mah jong to South America, and Spain, and received order of 1,000 sets from them.

b) Scale of Factory:

Factory Site	200 tsubo
Floor Space	55 tsubo
Machine Tools	20 sets
Number of workers	15 persons

c) Monthly Production after enlargement:of equipment:

(Items of products)	(Present)	(After enlargement)
Lid of ink bottle	100,000 pcs	200,000 pcs.
Chessman of mah jong	30 sets	100 sets
Receptacle of toilet article	50,000 pcs.	100,000 pcs..
other sundry goods	100,000 pcs.	200,000 pcs.

d) We have 10 sets of pressing machines (one set consists of 2 presses; one, for compressor moulding, the other, for cooling), and all of them are operated by hand,and sufficient efficiency is not obtained. It demands great power to secure the pressure required (20ton) for moulding and it is excessive labour for the workers. To produce excellent articles for export, we need oil-press which can give constant pressure uniformly and promote the mass production of excellent articles for export.

Signed. Shinrokuro Ogawa.

4) List of Machinery and Equipment to be Used temporarily

Inventory No.	Name of Item	Name of Mfg. Co.	Type and Dimension	No. of Item	Remarks
09-11-~~1654~~ 1564	Surface plate	Unknown	Cast iron Size; (L)3050X(W)1525X(T)205 mm	1	Evaluated plant Integrated facility, Work sheet Sheet 61 Of 222 sheets
	Total (Equipment)			1	item

5) Period of Temporary Use; from 1 Oct. 50 to 30 Oct. 50

6) Reason for Neccesity of Temporary Use of designated reparation machinery and equipment.

We engaged in the manufacturing of Roller Conveyers (20.000 ft) by contract of Procurement Section, Headquarters Japan Logistical Command APO 343 as per the application dated 15 Sept. 1950. We have already delivered 3,000 ft of Conveyers to Kokura Ordnance Center dated 27 Sept 1950 and manufacturing remaining 17,000 ft continuously.

To streightning of mild steel band (Channel of Conveyer, 5/32" thickness), we need one more surface plate as above dimension, so we hereby apply to you for permit of Temporary Use of above Item.

For the Chief Custodian of
Gifu Plant, Kayaba Sangyo K. K.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

APPLICATION FOR MOVEMENT AND AUTHORIZED USE OF
DESIGNATED REPARATION MACHINERY AND EQUIPMENT:

Date: 31 August, 1950.

TO : Ministry of International Trade and Industry
FROM : Director of Maruwa Seisakusho
Address: No. 16, 7-chome, Yada-cho, Higashi-ku,
Nagoya City, Aichi Prefecture.

1) Name (Code No.) and Location of the Plant which intends to use designated reparation machinery and equipment:
Maruwa Seisakusho (non-reparations plant)
No. 16, 7-chome, Yada-cho, Higashi-ku, Nagoya City,
Aichi Prefecture.

2) Name (Code No. and Category) and Location of the Plant where designated reparations machinery and equipment to be used actually exist:
Kayaba Sangyo Co., Ltd., Gifu Seizosho
09-11 AIRCRAFT
No. 505, Dota-mura, Kani-gun, Gifu Prefecture.

3) List of designated reparations machinery and equipment to be moved and used:

Machine Tools	4	at Kayaba Sangyo Co., Ltd., Gifu Seizosho (not operating)
Industrial Equipment	1	- do -
Supply	1	- do -
Grand Total	6	

Specification: you will see in the enclosed.

4) Necessity for movement and use of machinery and equipment:

a) Since our factory was established on December 1, 1946, we have been engaged in repairing war-damaged machine tools. At the request of Washino Seiki Shoji Co., Ltd., January 1948, our chief works have been making machine tools (drilling machines). When Nagoya Export Machine & Tool Industrial Cooperative Association was established on January 21, 1950, Banzo Sato, the representative member of Maruwa Seisakusho, was erected as a director of it. Through Shinyo Trading Co., Ltd., we received an inquiry of chain blocks (500 pcs) from Canada and sent samples on May 8, and also in Japan there is a great demand for our chain blocks.

b) Scale of Factory:-

Factory Site:	182	tsubo
Floor Space :	96.5	tsubo
Machine Tools:	10	sets
Workers :	10	persons

c) As it is incapable to increase production of drilling machine and chain blocks w th present equipments, we need new types of machines. We beg removement and authorized use of machines as attached paper.

d) Monthly Production will be increased about 50% after enlargement of present equipments.
Pedestal Type 16" Production Drilling Machine
15 sets (at present 10 sets)
1 ton Chain Block
40 sets (at present 25 sets)

Signed: Banzo Sato
Director of Maruwa Seisakusho

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

APPLICATION FOR MOVEMENT AND AUTHORIZED USE OF DESIGNATED REPARATIONS MACHINERY AND EQUIPMENT

Date: 31 August, 1950.

TO : Ministry of International Trade and Industry
FROM : Nagase Tekkosho
Address: No. 25, Hyakunin-cho, Higashi-ku, Nagoya City, Aichi Prefecture.

1) Name (Code No.) and Location of the Plant which intends to use designated reparations machinery and equipment
Nagase Tekkosho (non-reparation plant)
No. 25, Hyakunin-cho, Higashi-ku, Nagoya City, Aichi Prefecture.

2) Name (Code No. and Category) and Location of the Plant where designated reparations machinery and equipment to be used actually exist
Kayaba Sangyo Co., Ltd., Gifu Seizosho.
09-11 AIRCRAFT
No. 505, Dota-mura, Kani-gun, Gifu Prefecture.

3) List of designated reparations machinery and equipment to be moved and used
Machine Tools ..... 32 at Kayaba Sangyo Co., Ltd., Gifu Seizosho (idle)
Supply ..... 2 - do -
Grand Total 34
Specifications: You will find them attached.

4) Necessity for movement and use of machinery and equipment
a) History of Factory :-
Feb. 1937: Began to make bolt for machine on a private account.
Mar. 1939: Became a cooperative plant of Nakajima Aireraft Mfg. Co., Ltd.
Post War : Being designated as the subcontract plant of Toyoda Automatic Loom Works, Ltd. and Howa Industry Co., Ltd. specially have engaged in making spindle and shaft for spinning and weaving machines.

b) Scale of Factory :-

Factory Site	300 tsubo
Floor Space	162 tsubo
Machine Tools	25 sets
Number of Workers	18

c) At present the order from Toyodaand Howa amounts to ¥10,000,000, moreover increase for both export and home demand on account of taking off the restriction for equipment of cotton spinning made us impossible to meet a demand.
As we need equipment of machine as attached sheets, apply for the movement and authorized use of the machines concerned.

d) Increase of monthly product after enlargement of equipment amounts to about 200 % compared with that of present equipment.

	Present	After enlargement
Spindle for spinning & weaving machines	1,000 pcs.	3,000 pcs.
Shaft " " " "	1,000 pcs.	3,000 pcs.

Application for movement and authorized use of Designated reparation machinery and equipment

Date May 8, 1950

TO: Ministry of International Trade and Industry.

FROM: Mitsushige Asano, President of Asano Iron Works Co., Ltd.

Address: No. 13 Shimo-chaya-cho, Gifu City.

1) Name (Code No.) and Location of the plant which intends to use designated reparation machinery and equipment.

Name: Asano Iron Works Co., Ltd (Not Reparation)

Location: No. 13 Shimo-chaya-cho, Gifu City

2) Name (Code No. Category) and Location of the plant where designated reparation machinery and equipment to be used actually exist.

Name (Code No.): Gifu Plant, Hayabe Industry Co., Ltd.
(09 - 11) Aircraft
No.505, Dote-mura, Hani-gun, Gifu Prefecture.

3) List of designated reparation machinery and equipment to be moved and used

The annexed sheets

4) Necessity for movement and use of machinery and equipment

Our company has been engaging in the production of agricultural machines and implement according to the production directive of the Ministry of Agriculture and Forestry and the Trade and Industry Ministry. But on the one hand, owing to the policy of giving in order to big manufacturers by the authorities in order to rationalize enterprises, the number of orders we receive has remarkably increased and, on the other, as the goods manufactured by us are the necessaries of life in order to prepare for the export of agricultural machines and implements hereafter, the more betterment of the quality and the cut of manufacturing prices have come to the required. On the contrary, as most of the equipments of our factory are superannuated and their power of production is low, the majority of the parts used for machines must be replenished by outside products. So in order to rationalize the present system of our production by employing the method of thorough process, replenishing necessary machines, and improving the machines on hand we have received the financing of the funds paid from the Counterpart Funds for equipment of smaller enterprises and have laid a plan for improving some machines. But on account of production suspension by many of the manufactures of machine tools, it is extremely difficult for us to get good machines in general markets, so we beg to grand permission to our application for the authorized use of the reparation machine tools under the jurisdiction of Hayabe Industry Co., Ltd.

Mitsushige Asano
President of Asano Iron Works Co., Ltd.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

10 April 1950

TO: The Ministry of International Trade and Industry.

FROM: Custodian of Gifu Pamt, Kayaba Industry Co., Ltd..

Sir

We hereby, assent to rent the Reparation designated machinery and equipmets, list of which is attached to the application herein, belong to Gifu Plant, Kayaba Industry Co., Ltd., (code No. 09-11) and movement of the same to Asano Iron Works Co., Ltd..

For Kayaba Industry Co., Ltd., Gifu Plant

REPORT ON TRANSPORTATION IN AND OUT OF EXEMPT EQUIPMENTS

Date: 3 June 1950

TO: Tokaihokuriku Civil Affairs Team

THRU: Commerce and Industry section
Gifu Prefectural Government

FROM: Custodian of Kayaba Industry Co., Ltd., Gifu Plant
No. 505 Dota-mura, Kani-gun, Gifu-prefecture
Code No.: 09-11 Category: Aircraft

Sirs:

We hereby report to you Transportation in and out of Exempt machinery and equipments as follows:

(Moved in)

Inventory No.	Name of machine	Reason	Date
09-11-2412 EX	Boiler, warm water	own made	February 50
09-11-2413 EX	Double head boring mach. for bicycle frame	-do-	February 50
09-11-2414 EX	Fun, for chrom plating vessel	-do-	February 50
09-11-2415 EX	Test drying oven, ultra red ray	Own made Lump purchased from Shibaura	March 50
09-11-2416 EX	Test drying oven, electrical.	Own made	March 50
09-11-2417 EX	Tapping machine, for bicycle handle	Own made	May 50
09-11-2418 EX	Hydraulic jack load testing machine	Own made	May 50
09-11-2419 EX	Portable electric power indicater	Purchased from Nagoya	May 50
	Total	8 items	

(Moved out)

09-11-1438 EX	Tumbler	Damaged	May 50
09-11-1439 EX	Tumbler	Damaged	May 50
09-11-1440 EX	Tumbler	Damaged	May 50
09-11-1441 EX	Tumbler	Damaged	May 50
	Total	4 items	

Remarks: above 4 items moved out are Inventoried EX

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

GIFU PREFECTURAL GOVERNMENT

25 Sho No. Mar. , 1950

SUBJECT: Application for Permission of Use of Designated Reparations Items Necessary to be Transferred

TO General Douglas MacArthur,
Supreme Commander for the Allied Powers.
Hayato Ikeda, Minister of the International Trade & Industry.

Sir,

As we received the application on the above subject as shown in the annexed sheets from Gifu Kosakukikai Seisakusho K.K. (Gifu Machine Tool Mfg. Co., Ltd.) under our jurisdiction, we have conducted a detailed investigation into the actual circumstances.

As a result, we recognize the necessity of increasing efficiency of the factory as mentioned in the annexed sheet.

We should be very glad if you would grant us permission after your special consideration.

Yours sincerely,

K. Mato
Kamon Mato,
Governor, Gifu Prefecture.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

Opinion

Gifu Kosakukikai Seisakusho K.K.(Machine Tool Mfg. Co., Ltd.) is the sole factory which produces precision machines in this prefecture and has excellent technical personnel, and this factory has gained public favor by producing the machine for which this factory was noted in the prewar days and the machine tools (such as scroll chuck and independent chuck) and by exporting them to the oriental markets such as India, Formosa and Singapore, etc. The monthly output of them is 400.

This factory is making every effort for the rationalization of production by replacing inefficient and tired machines for effecient ones in an effort to promote export. As we recognize that this factory is one of the best factories which will be able to attain the above purpose, kindly oblige us by granting us permission after the special consideration.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

APPLICATION FOR MOVEMENT AND AUTHORIZED USE OF DESIGNATED REPARATION MACHINERY AND EQUIPMENT.

March 16, 1950.

TO: Mr. Hayato Ikeda,
Minister of International Trade and Industry.

FROM: Yasuichi Kodama,
President of Kabushiki Kaisha Gifu Kosakuki Seizosho.
(Present Name: Gifu Kosaku Co., Ltd.)

Address: No.1,791-1, Rokujyo, Gifu-city.

1. Name (Code No.) and Location for the plant which intends to use designated reparation machinery and equipment.

   Name: Kabushiki Kaisha Gifu Kosakuki Seizosho.

   Code No. 09 - 22

   Location: No.1,791-1, Rokujyo, Gifu-city.

2. Name (Code No.) and Location of the plant where designated reparation machinery and equipment to be used actually exist.

   Name: Gifu Plant of Kayaba Sangyo Co., Ltd.

   Code No. 09 - 11

   Location: No.505, Dote-mura, Kani-gun, Gifu-pref.

3. List of designated reparation machinery and equipment to be moved and used.

Milling Machine	7 sets
Shaping Machine	2 "
Lathe	6 "
Sewing Machine	2 "
Mechanical Press	1 set
Centrifugal Separator	1 "
Total	19 sets

   Details are shown in the attached sheet.

4. Necessity for movement and use of machinery and equipment.

   Our plant is chiefly manufacturing scroll chucks and independent chucks. (monthly production approximately 400 p'cs.)

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

Goods manufactured in our plant were exported to India, Formosa and other Far Eastern markets under the mark of "ROODE", and they were much appreciated, however, in order to promote the exportation in future it is requested to raise the production capacity by replacing the machines, as follows:

1. Machine equipments in our company are old ones except 20 sets, accordingly they are inefficient.

2. Among the workers, twenty or more persons are operating the inefficient machines, accordingly their working capacity is lower compared with other workers, and weges sometimes become unbalanced.

3. Time needed for manufacturing 9" scroll chuck is 18 hours, while time used in milling process is 4.36 hours, which come to 0.242 (24,2%) of the above, however, milling machines in our plant are old and worn, in addition, their numbers are shortage.

4. Japanese makers, at present, are stoping to manufacture the efficient and direct driven machines, because of their price, further the second hand machines now on sale in the markets are chiefly inefficient ones of pulley driving.

In view of the aforementioned reason, we wish to rent the none-use machines owned by the Gifu Plant of Kayaba Sangyo Co., Ltd. and wish to replace the old machines, then we intend to raise the production capacity. And we hereby wish to submit an application.

K.K. GIFU KOSAKUKI SEIZOSHO.
(GIFU KOSAKU CO., LTD.)

T. Kadowaki

President.

GIFU PREFECTURAL GOVERNMENT

Mar. 10, 1950

25 Sho No.627

SUBJECT: Application for Permission of Use of Items Designated for Reparation Which Needs Transfer.

TO : General Douglas MacArthur, SCAP

Dear Sir,

Receiving an application concerning the above subject from the Gifu Electric Industry Co. Ltd. in our jurisdiction as annexed sheets, we investigated the matter in detail.
The company is manufacturing the insulating parts used for the electric fans, electric refrigerators, etc. for export.
The metal models for formation used in the process of manufacturing the above goods are now being ordered to the town factories by the company. But as the town factories are using the worn-out machines and their equipments are not sufficient, the metal models manufactured there are not similar and the manufacturing processes are too tardy to be in time for the proper date.
So that the company this time intends, for the purpose of bettering the situation, to borrow the machine tools, make the manufacturing process thorough, manufacture the ezquisite metal models and cut the production price.

We beseech you consider the above circumstances and take special steps for granting immediate permission.

Yours truly,

Kamon Muto,
Governor, Gifu Prefecture

SM/ko

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

GIFU DENKI KOGYO CO., LTD.

DATE: March 1, 1950.

TO : Mr. Hayato Ikeda, Minister of International Trade and Industry.

SUBJECT : Application for permission of removal and use of Reparation's Machinery.

FROM : Yoshio Kasai, President of Gifu Denki Kogyo Co., Ltd.

1. Name and location of the plant which is in application for use of designated machines.

Name : Gifu Denki Kogyo Co., Ltd.
Non-designated as reparation's plant.

Location : No.8, 4-chome, Shinhonmachi, Kano, Gifu City.
Gifu Prefecture.

2. Present location and name (code number) of the designated machines applied for use.

Name of plant in which reparation machines are installed: Gifu Plant of Kayaba Sangyo Co., Ltd.

Location where the reparation machines are installed:

No.505, Dota-mura, Kani-gun, Gifu Prefecture.

Code Number: 09-11

Name of Prefecture: Gifu Prefecture.

Relation with the plant which makes the application for removal and use:

No special relation exists.

3. Outline of the designated machines applied for use:

Name of plant in which reparation machines are installed.	Total number of reparations machines	Number of reparation's machines under application for removal and use			Remarks
		Number of operation's machines	Number of non-operation machines	Total	
Gifu Plant of Kayaba Sangyo Co., Ltd.	1,355 sets		17 sets	17 sets	

Remarks: Details are shown in the attached sheet No.1

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

4. Outline of the applicants company.

a) Description of present production:

Names of the present production are as follows:

Name of articles	Quantity	Delivered to	Remarks
Switch lever, insulator and other several items.	18,000 p'cs	Oshikiri Plant of Tokyo Shibaura Denki Co., Ltd.	Parts of electric refrigerator, electric fan and electric drill.
Atachment plug, handle switch and other several items.	7,000 p'cs	Nagoya Plant of Mitsubishi Denki Co.,Ltd.	Parts of electric fan, elevator and motor.
Various kinds of electric wiring goods.	35,000 p'cs	Arao Denki Jitsugyo Co., Ltd. and other several companies.	Key socket, switch, plug. various kinds.
Total	60,000 p'cs		

b) Outline of designated facility and relation with the employees:

We omit the outline of designated facility, because of non-designated as the reparation's plant.

With reference to number of employees, in case seven sets of designated machine-tool are to be used, four labourers will be increased, however, in case of ten sets of press, no change will be seen in number of employees, because it aims to replace the machines.
Details are shown in the attached sheet No.4.

c) Experience and technique in production and future plan in production:

In 1946, the company was established.

The employees were experts who had been mostly discharged from the former war munition's plants owing to the war's termination.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

We utilized their technique in manufacturing of electric machines which are essential for the rehabilitation of industries, and getting the license of manufacturing electric good from the Ministry of Commerce and Industry (No.1,755), under the advice and assistance of Osaka Industrial Laboratory, Mitsubishi Denki Co., Ltd. and Tokyo Shibaura Denki Co., Ltd. etc, we made an effort in order to improve our technique, and we are, at present, ranked highly both in technique and output in the Tokai Region.

We have delivered several ten kinds of plastic electric goods to Mitsubishi Denki Co., Ltd. and Tokyo Shibaura Denki Co., Ltd. etc. where our goods have been assembled and finished, and put into markets as the export good or essential good for domestic rehabilitation.

However, with the transition of age we have known that the plastic industries in this country are far behind of Anglo-American countries, and felt a bit of uneasyness for our future production, and realized the necessity of improving urgently our technique.

We are, at present, devoting ourselves for the improving of technique, reference books, machines and equipments, and striving for our goal in order to attain to the international level.

The Government also have recognized the necessity to promote the growth and development of this enterprise as the small and medium industry, and promotion plan has been made by the Board of Small and Medium Enterprises as such the business category to be promoted its growth and development. We much anticipate its success.

5. Reason for necessity of removal.

a.)Machine-tool-7 sets.

Superiority or inferiority of plastic goods is determined by the structure and condition of forming metal die used in their manufacturing process.

Goods manufactured in using of superior metal die have a lot of special excellence: equal and beautiful in fugure, high in production capacity, little in worn-out of metal die and useble for long time.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

Accordingly, we pay much attention for the planning and manufacturing of metal die, and make it a rule to manufacture it in our own plant, however, at present we are obliged to order its manufacturing to other town works, but for the shortage of machine equipment, it is chiefly finished by the hand i-craft, which lowers the capacity, lacks in equality and postphones the manufacturing period. as a consequence, our working process are much hampered: we are obliged to wait a lot of time without working, and find a many absurdity.

Therefore, again and again, we have planned to equip new machines, however, machine-tools in markets are old, worn-out and unusable ones, beside of it, super-fine machine-tools are unobtainable for our small enterprise, because their price is very high.

Under such circumstance, upon removal and use of designated machines, we wish to delate the aforementioned weak points, and cutting down 30% or 40% of manufacturing cost, minimizing the indirect cost, more increasing the rationalization of enterprise and establishing a new plan we intend to manufacture finer articles, and to contribute for the manufacturing of export goods and essential goods needed for domestic rehabilitation. It is our sincere desire to do our utmost in order to meet with the demand of nation.

b) Press - 10 sets.

Hand presses used at present, are repaired ones which had been burnt by the air-raid. They are suitable in manufacturing of simple goods, however, as the use of plastic goods are extended further and further, we find a lot of inconvenience.

Accordingly we wish to replace the machines, and planning the manufacturing of new products, increasing the production capacity and effecting the rationalization of operation, we wish to meet with the demand of new age.

GIFU DENKI KOGYO CO., LTD.

Y. Kasai

Yoshio Kasai
President.

SUBJECT: A Change of Official Custodian.

TO : Tokaihokuriku Civil Affairs Team.

THRU : Commerce and Industry section
Gifu prefectural Government

1. This is to report you a change of the official Custodian of the Reparation Plant. The kayaba Industry Co., Ltd., Gifu Plant. No. 505, Dota-mura, Kani-gun, Gifu-prefeture will change the custodian your approval as follows:

New Custodian: Kiyoshige Suzuki
(Manager of Plant)

Former Custodian: Masataro Tanaka
(Inspecter)

2. Mr. Tanaka, former custodian, was appointed Inspecter of Kayaba Industry Co., Ltd., and expected to leave Gifu Plant on 3 March 1950 for Tokyo.

3. Mr. K. Suzuki, new custodian, will take place of Mr. Tanaka and be responsible for custody of Reparations machinery and equipments in accord with your instructions.

1.Encl. Brief Personal History of Mr. K. Suzuki.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

BRIEF PERSONAL HISTORY

Name in Full: Kiyoshige Suzuki.

Birth Date : 19 January 1910

Permanent Domicile:
No. 18, 6-chohme, Itsutsudani, Sendai-city.

Present Adress:
No.528-5, Dota-mura, Kani-gun, Gifu-prefecture.

School Education:

Graduated from Ohdomari Middle School (Karafuto), March 1928

Graduated from Sendai Technical Callage, Mechanical Engineering Section (Miyagi), March 1931.

Business Appointment:

In April 1931, Entered Army Airial Engineering Hgs., Supply Div., Tokorozawa Company, Engineering Department.

In Nov. 1934, Retired from above mentiond Company.

In Dec. 1934, Entered Kayaba Works Co., Ltd., Tokyo. (Kayaba Seisakusho K. K..)

Appointed Engineering Department Clark.
" Designing Department Head.
" Engineering Division Assist. Head.
" Manufacturing Division Head.

In May 1945 Transferred to Gifu Plant, Manufacturing Division Head.

In Sept. 1945 Retired from Kayaba Works K. K. Gifu Plant, because the operations dissolved according to the war ended.

In Oct. 1945 Entered Kayaba Industry Co., Ltd., Gifu Plant, as expected to reconverted and appointed Manufacturing Division Head.

In June 1947 Assigned Directing Manager, and appointed Manager of Sendai Plant.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

Business Appointment--continued:

In Feb. 1948, Appointed Chair man of Tohhoku Regional Commitee of The Evaluation of Arsenals, Aircraft and Private Munitions Plants.

In Feb. 1950, Appointed Manager of gifu Plant, Kayaba Industry Co., Ltd..

I hereby affirm the above statement to be true and correct in every detail.

27 February 1950

SUBJECT: Damaged Reparations Equipment

TO: Commanding Officer
Tokai-Hokuriku Military Government Region
APO 710

1. Reference: Special report, this headquarters, subject: "Report on Fire at Reparations Installation", dated 10 February 1949.

2. As a result of the fire which razed one building of the Kayaba Sangyo K.K.(09-11), No. 505 Dota-mura, Kani-gun, Gifu prefecture, on 3 February 1949, 82 items of reparations equipment were damaged. Out of these, 70 items have been completely rehabilitated and 2 others will be reconditioned during July of this year. Proceeds from the insurance covering the machinery were consumed in the rehabilitation process. The cost of repairing the other ten items which were damaged would be in excess of the replacement cost.

3. Inspection of the ten items not yet reconditioned has revealed the following:

09-11-792 Grinding Machine - Mechanism and piping completely destroyed. No blueprint of the machine is available.

09-11-1026 Grinding Machine - Bed distated beyond repair. Cost of a new bed would be about 400,000 yen.

09-11-400 Electric Welding Machine - All electrical wiring, transformer, magnetic switches, and insulation burned completely. Cost of repair would be about 200,000 yen.

09-11-401 Electric Welding Machine - Same as above.

09-11-407 Electric Welding Machine - Same as above.

09-11-408 Electric Welding Machine - Same as above.

09-11-410 Electric Welding Machine - Same as above.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

GMGT 004
Subject: Damaged Reparations Equipment

24 June 1949

09-11-412 Electric Welding Machine - Same as above.

09-11-416 Electric Welding Machine - Same as above.

09-11-418 Electric Welding Machine - Same as above.

4. Based on the fact that the cost of repair of these 10 items would be in excess of their value, and in view of the fact that the total amount of insurance money has been consumed in the rehabilitation of 72 items of damaged equipment, and for the reconstruction of buildings on the site of the building destroyed by fire, it is recommended by this headquarters that the ten items of unrepairable reparations equipment be released from reparations custody and control. If release is impractical at this time, it is suggested that the inventory records be adjusted to reflect the damaged condition of the machines and the company not be required to maintain this equipment.

1. Reference par. 1, basic letter, 8th indorsement, indicated that further investigation failed to establish the origin of subject fire as attributable to a criminal act or to negligence, and recommended against the prosecution of punitive action.

2. Inasmuch as subject plant is in the category of a privately-owned reparations facility, replacement of the ten (10) items would total approximately ¥3,870,000, which, owing to existing financial stringencies, would have to be raised from the sale of "EX" equipment presently required in the production of bicycles.

3. This headquarters, therefore, concurs in the recommendation of the Team Commander, as contained in par. 4, basic letter.

KAYABA INDUSTRY CO., LTD., GIFU PLANT
No. 506 Deta-mura, Kamigun Gifu-Prefecture.

27 July 1949

SUBJECT: Application for Permission of Temporary Operation of 3 Reparations Equipments

TO: Civil Affairs Team.

THRU: Commerce and Industry Section
Gifu Prefectural Government

1. Application for Temporary Operation of 3 Reparations Equipments as per

Inventory No.	Name, Type	Specification
09-11-20	300 KVA Special High tension Transformer, indoor Type, oil cooling	
09-11-21	(ditto)	Ist voltage 33.000 volt IInd. voltage 3300 volt Single phase, 60 cycle, made by Takaoka works.
09-11-22	(ditto)	

we should be very much appreciated, if you would kindly grant us the captioned permit by following reasons:-

2. We have been manufacturing Bicycles, Hydraulic Jacks and Automobile brake's parts in our plant using 3 Transformer

09-11-16	400 KVA Special High tension Transformer, out door Type water cooling Ist voltage 33000 volt IInd voltage 3,300 volt single phase 60 cycle, made by Hitachi Electric Works.	
09-11-17	(ditto)	
09-11-18	(ditto)	

To transform to 3300 voltage from the electric power of the special high tension of 33.000 voltage which is distributed by the Chubu Haiden K.K.

3. But, Electric Efficiency of these Transformers are insufficient for war type and in addition to this condition, one of these Tranformers (09-11-17) became unusable due to the burn out of coils and other portions, damaged by leakage of water on the occasion of the recent Della typhoon.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

3. Thefore, at present we are using only remaining 2 Transpermers, connecting them to V form. However as mentioned above, Electric Efficiency and Insulating facter of these Transpermers is not sufficient and is fraught with danger which we can not suppose when these Transpermers will be out of order.

4. In case the accident about the transpermers would be happened, we should be obliged To stop our operation for a conciderable long period and a question of vital impertance about our workers and our compony will be come up, as well as the influence on manufacturing of Export Bicycles.

5. The 3 Transpermers (#9-11-20, 21, 22) which we are entrenting for your permit were made in 1926 and their inner condition is in excellent order, although the upper parts such as Terminal, duct had been burnt out in cosey fire of our plant in January 1947. However, the burn out portion is comparatively slight, so for as the Maker of the Transpermers can repair.

6. Therefore, we earnestly desire To get out of danger as soon as possible, using the captioned Transpermers under your Temporary operation permit and repairing the damaged portion.

For Kayaba Industry Co., Ltd., Gifu Plant.

(Signed): M Tanaka
Masatoro Tanaka.

Thru: Commercial and Industry section
Gifu prefectural Government.

To: Gifu Military Government Team.

1. At present we are manufacturing bicycles for Export earnestly, under the Governmet supervision as one of concentrated production factories (15 Companies) of complete bicycles.

2. The cost, in connection with the new exchange rate, is paid our attention to be reduced as possible as we can, considering the reformation of manufacturing proceedure, using Jigs and fixtures, under new method and decreacing the work unit (man-hour) for production of perticular parts of bicycles.

3. In consequence of the above, we would save a great many labour and increase further productions, by using machines and equipments as annex sheet, in addition to the Authorized Used equipments of (490).

4. We wish your kind consideration to permit the temporary use of 30 machines for three months, moving from storage.

24 June 1949

SUBJECT: Damaged Reparations Equipment

TO: Commanding Officer
Tokai-Hokuriku Military Government Region
APO 710

FOR OFFICIAL USE ONLY

1. Reference: Special report, this headquarters, subject: "Report on Fire at Reparations Installation", dated 10 February 1949.

2. As a result of the fire which razed one building of the Kayaba Sangyo K.K.(09-11), No. 505 Dota-mura, Kani-gun, Gifu prefecture, on 3 February 1949, 82 items of reparations equipment were damaged. Out of these, 70 items have been completely rehabilitated and 2 others will be reconditioned during July of this year. Proceeds from the insurance covering the machinery were consumed in the rehabilitation process. The cost of repairing the other ten items which were damaged would be in excess of the replacement cost.

3. Inspection of the ten items not yet reconditioned has revealed the following:

09-11-792 Grinding Machine - Mechanism and piping completely destroyed. No blueprint of the machine is available.

09-11-1026 Grinding Machine - Bed distated beyond repair. Cost of a new bed would be about 400,000 yen.

09-11-400 Electric Welding Machine - All electrical wiring, transformer, magnetic switches, and insulation burned completely. Cost of repair would be about 200,000 yen.

09-11-401 Electric Welding Machine - Same as above.

09-11-407 Electric Welding Machine - Same as above.

09-11-408 Electric Welding Machine - Same as above.

09-11-410 Electric Welding Machine - Same as above.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

GMGT 004
Subject: Damaged Reparations Equipment

24 June 1949

09-11-412 Electric Welding Machine - Same as above.

09-11-416 Electric Welding Machine - Same as above.

09-11-418 Electric Welding Machine - Same as above.

4. Based on the fact that the cost of repair of these 10 items would be in excess of their value, and in view of the fact that the total amount of insurance money has been consumed in the rehabilitation of 72 items of damaged equipment, and for the reconstruction of buildings on the site of the building destroyed by fire, it is recommended by this headquarters that the ten items of unrepairable reparations equipment be released from reparations custory and control. If release is impractical at this time, it is suggested that the inventory records be adjusted to reflect the damaged condition of the machines and the company not be required to maintain this equipment.

KAYABA INDUSTRY CO., LTD., GIFU PLANT.
No.505, Dota-mura, Kani-gun, Gifu-Prefecture.

Jch-Fohie
submission
24 June 49

Date: 14 June 1949.

Subject: Application for permit for Exemption of 10 machines from Reparation Items.

Thru: Commercial and Industry Section, Gifu Prefectural Government.

To: Gifu Military Government Team.

1. 82 Reparations Machines had been damaged, in our Plant premises No.213 Bldg. in case of a fire on 3 Feb. 1949.

2. 70 Machines, part of the above 82 machines, have already been repaired, reassembled and reconditioned, spending almost full amount of the insurance (¥2,150,000.- for machines, ¥1,040,000.-, building and others: ¥1,110,000.-) which we received from the Insurance Companies.

3. And the following 2 machines are being repaired and will be reconditioned in July 1949.

09-11-471 u	200 tons Friction Press
09-11-984	6'-0" Radial Drill.

4. 10 Machines are considered that no use to repair them spending expensive amount as followings:-

1) 09-11-792, 42" Eternal cylindrical Grinding Machine; made by Hakushin Denki K.K., ,Kosaku Kikaibu, Hydraulic Mechanism and piping burnt out. Maker closed up after surrender, no Engineer, No blue print, therefore, we cannot get the way to repair, and new design needs much spence.

2) 09-11-1026. 42" External cylindrical Grinding Machine; Made by Shinohara Iron Works (Shizuoka). Iron bed distorsioned by fire, then it cannot get accuracy. New bed needs ¥400,000.-

3) 09-11-400. 500 KW Flush but welding machine (made by Osaka Denki Co., Ltd.,) Electric parts (Transformer, Magnetic switches, coils, insulatings etc.) almost burnt out, for repair these parts require over ¥200,000.-

4) 09-11-401. 500 KW. Flush butt welding machine (made by Dengensha, Tokyo) The same reason as above.

5) 09-11-407. Electric Arc Welding machine, 20 KVA (Made by Sanyo-sha, Tokyo)

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

6) 09-11-408 Electric Arc Welding Machine, 20 KVA.
(Nippon Yakin, Osaka)

7) 09-11-410 Electric Arc Welding Machine, 10 KVA.
(Hannan Kosaku, Osaka)

8) 09-11-412 Electric Arc Welding Machine, 20 KVA
(Sanyo-sha, Tokyo)

9) 09-11-416 Electric Arc Welding Machine, 20 KVA.
(Sanyo-sha, Tokyo)

10) 09-11-418 Electric Arc Welding Machine, 20 KVA.
(Sanyo-sha, Tokyo)

Remarks: Main part of above 6 Arc Welding Machines, Electric parts (Transformer, coil, Alminium duct, etc.) almost burnt out. Repair means new machine and it needs each ¥45,000.- .

5. We should be very much appreciated your grant of permit for Exemption of the above 10 machines from the reparation items.
