14 November, 1950.

1. The Reparations Agency hereby submits to your Headquarters an application for movement and authorized use of 51 items of reparations equipment belonging to the Tsu Naval Arsenal (23-12), Suzuka Naval Arsenal (23-10a) and Kusu Factory, Nagoya Military Arsenal (23-09) filed by the Yanada Plant, Shinko Electric Co., Ltd. (non-reparations plant), together with an application of the Ministry of Finance and a recommendation of the Ministry of International Trade and Industry as enclosed herewith.
2. These reparations equipment applied herein have already been permitted to be moved and used as "temporary operation" by the Mie Military Government Team on 30 November, 1948, 21 February, 1949 and 2 August 1949 respectively.
3. The subject company wishes to be officially granted by your Headquarters the movement and authorized use of these equipment without which they can not meet urgent demands from the Occupation Forces and civil markets abroad as well as domestic.
4. These equipment are considered to be hardly available in privately-owned sources and the interested government agencies have decided to recommend this application after very careful investigation thereof.
5. It is requested that your most favorable consideration be given to this application at the earliest practicable date.

(Y. Katsuno)
Director, Reparations Division,
Reparations Agency.

Incls:

1. ~~Application of the Ministry of Finance.~~
2. ~~Recommendation of the Ministry of I.T. & I.~~
3. Application of the subject plant.

THE MINISTRY OF FINANCE

MINAMI SOTOBORI CHO

NAGOYA

Oct. 12, 1950.

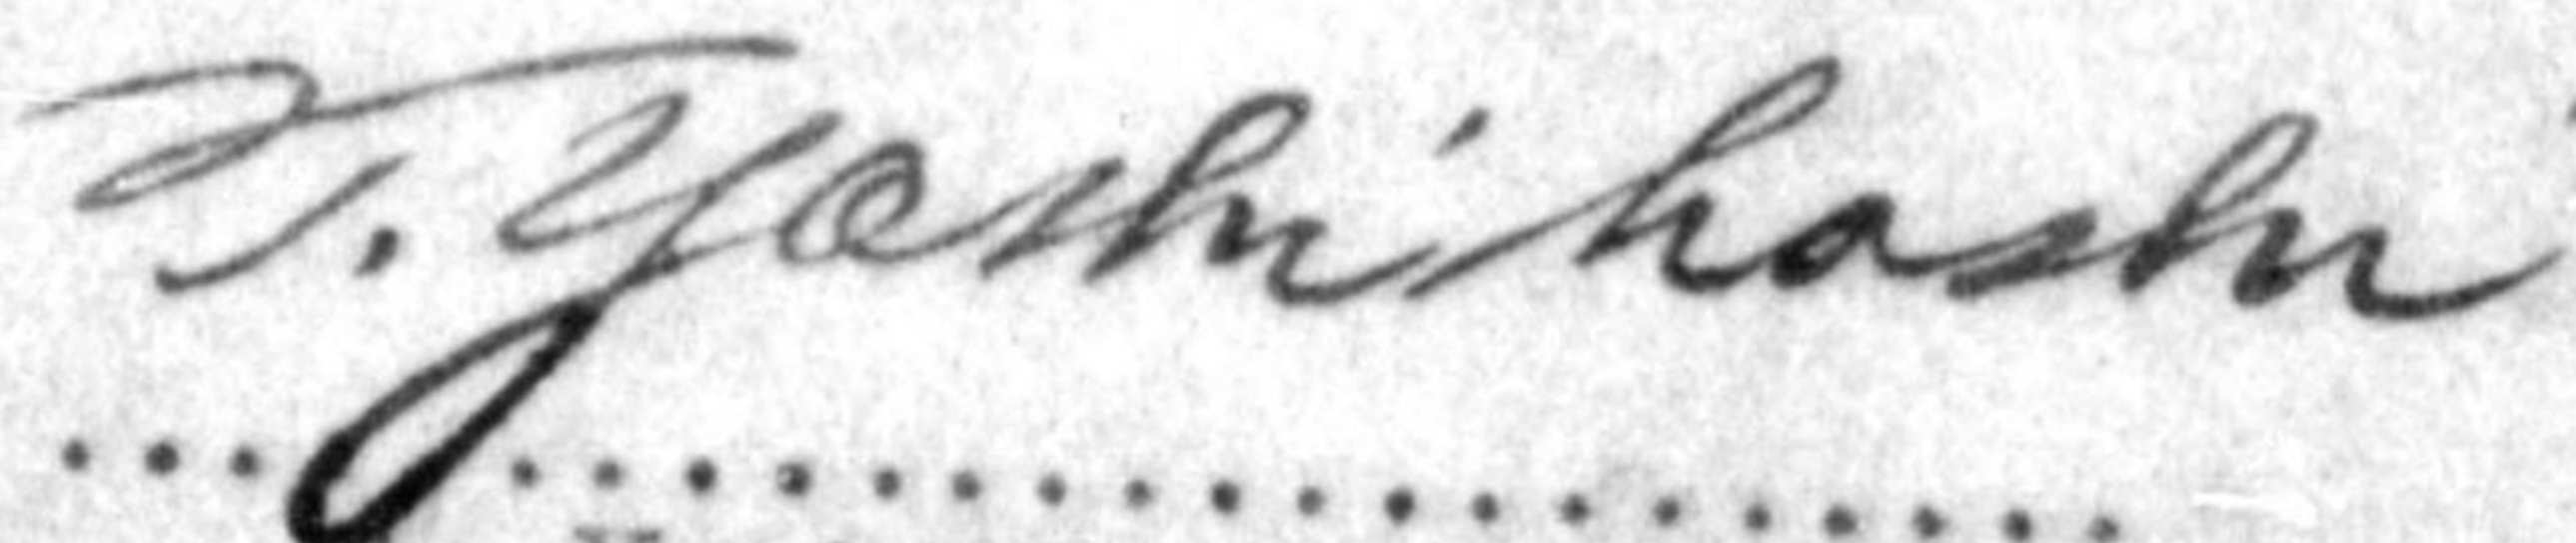

Chief,
Tokai Hokuriku Civil Affairs Region,
Nagoya, Honshu.

Dear Sir,

We should like to make a report to your headquarters that our Suzuka Office has turned over on September 9, 1950 the items mentioned on the attached sheets to Capt. Jack Gibbs of Camp Nara, 8027 Composite Service Company.

Copies of papers including the approval given by SCAP in this connection are attached herewith as reference.

Yours very faithfully,

.....
T. Yoshihashi,
Director.

Dear Sir,

Machinery Returned from the Camp Nara
Directed to the Suzuka Naval Arsenal.

On February 21st 1951, a drilling machine with a number of R-23-10A-1076 and a transformer without any number addressed to Suzuka Naval Arsenal from the Camp Nara arrived at the Yokkai-chi Railroad Station, Mie prefecture.

Investigation has come to show that the above-mentioned two machines had not been taken out to the Camp Nara and that the drilling machine marked as "R-23-10A-1076" does exist in the Arsenal. And we presume that the number of R-23-10A-1076 was mistakenly placed by the Camp Nara on the returned drilling machine.

When we received the machines, we got in touch with the Nara Camp regarding this matter, but they did not reply to us. So we have been keeping them in one of the buildings in the former 2nd Naval Fuel Depot near the Railroad Station.

Please give us instructions how to handle these two items.

Yours very respectfully,

T. Yoshihashi

On February 21st 1951, a drilling machine with a number of R-23-10A-1076 and a transformer without any number addressed to Suzuka Naval Arsenal from the Camp Nara arrived at the Yokkai-chi Railroad Station, Mie prefecture.

Investigation has come to show that the above-mentioned two machines had not been taken out to the Camp Nara and that the drilling machine marked as "R-23-10A-1076" does exist in the Arsenal. And we presume that the number of R-23-10A-1076 was mistakenly placed by the Camp Nara on the returned drilling machine.

When we received the machines, we got in touch with the Nara Camp regarding this matter, but they did not reply to us. So we have been keeping them in one of the buildings in the former 2nd Naval Fuel Depot near the Railroad Station.

Please give us instructions how to handle these two items.

Yours very respectfully,

Y. Yoshihashi

Dear Sir,

Report on Reparations Machines
Moved Out.

On January on 10th, 1951 Sgt. Charles T. Messre and other five men of the 79th Engineer Maintenance Company, Okubo, Kyoto, came to the Suzuka Arsenal, and took out therefrom seven (7) reparations items and one thousand (1,000) pieces of Milling Cutters inventoried, when Sgt. Messre showed to our Chief Custodian stationed there an order issued by Headquarters Southwestern Command.

The Chief Custodian asked Sgt. Messre to leave with the custodian office, a copy of the order. Thereupon, he said to the custodian that he could not leave it there and that the Finance Bureau had to get it from the Kinki C.A. Region. Therefore, we can not produce it here. However, we have enclosed herewith receipts for the items we have turned over to the Company.

Dear sir,

Application for Permission for
Centralizing Parts and Accessories
attached to the 13 Inventoried
Oil-storage Tanks (Code Nos.23-11-1T
23-11-13T).

The Idemitsu Kogyo K. Kaisha obtained permission of temporary use of the above-mentioned items from the Mie M.G. Team right after the close of the War. However, owing to the change of the oil distribution channels in the country and also to the present business conditions, the Idemitsu has come propose to us to waive the temporary use of the tanks as of May 15th.

At present the oil storage facilities are left as they are without guard and fences, and we are afraid the parts and accessories weighing about 30 tons in all attached to the tanks may be taken down and stolen away.

We should like to be permitted to bring them (not the main bodies of the tanks) for observance of better and safer custody and maintenance into the Suzuka Arsenal (Code No.23-10) compound at an early date.

Wishing you would approve this application as soon as possible, we are

Yours very faithfully,

Dear Sir,

Application for Release of Buildings in the Suzuka Naval Arsenal (Code No.23-10A) and the 2nd Fuel Depot made Vacant after Removal for Consolidation therefrom of the Reparations Items.

At the suggestion of G.H.Q. for the purpose of saving custody expenses, we have removed and consolidated, reparations machinery from Building No.6 in the Suzuka Arsenal, and from Building No. 215 in the 2nd Naval Fuel Depot to buildings available for accommodating them in each of the installations. And the two buildings aforesaid have become empty.

We should like to ask you that you would release these two buildings to the Japanese Government for civilian use.

Yours very respectfully,
