General Scrapping of Armaments Not Now Being Promised

Members of League of Nations Assembly Committee Believe Peace Advocates' Scheme Impossible At Present; Bourgeois Stated His Views.

Geneva, Nov. 24.—That the sentiment prevails among the members of the League of Nations Assembly committee on disarmament that it is impossible to secure at present a general scrapping of war materials has become known.

On the other hand, Signor Schanzer, an Italian member, pointed out the danger to the League in the disappointment of the masses if nothing should be done.

During the discussion on reduction of armaments, which was lengthy one, yesterday, the project for an international staff, proposed by Leon Bourgeois, of France, at the Versailles conference, and rejected there, was revived.

M. Bourgeois first of all declared that the carrying out of the Versailles Treaty must be assured before disarmament was possible. He declared that in order to make that treaty effective, some military organization such as he had proposed at the Peace Conference was required.

M. Bourgeois said he believed that four things must be done before the nations could proceed to disarmament. First, would have to come complete execution of treaties; next the organization of a complete and obligatory investigation of all armaments; then appointment of a responsible military commission, and finally an exchange of all information relative to armaments between nations.

H. A. L. Fisher, at present head of the British delegation, seems to agree with the viewpoint of M. Bourgeois.

NEW INTERNATIONAL POSTAL CONVENTION

Congress Decides Meeting in 1924 Will Be Held in Stockholm

Madrid, Nov. 24.—Stockholm was chosen to-day as the scene of the 1924 congress of the International Postal Union. A neutral country was favored by the delegates, Holland being supported by Great Britain and the United States.

A hot debate occurred to-day when Ecuador moved that only sovereign countries should vote at meetings of the organization. The United States supported the motion, but Great Britain and France opposed it and it was lost by a vote of forty-one to twenty-four.

The new postal rate was fixed at a minimum of twenty-five cents and a maximum of fifty cents and each country was given permission to determine a rate between those figures.

The gold franc was adopted as the basis for payment. It is expected the postal convention will be signed November 29.

Two Killed by Bomb in Cork

Two Injured Reported in Critical Condition; Raid in Dublin

Cork, Nov. 24.—Two persons injured by the explosion of a bomb in Patrick Street last evening died later in a hospital and two others are reported to be in a critical condition.

A dispatch from Cork last night said an explosion had occurred in Patrick Street, but it was postponed because of the bomb had come. The people thereabouts scattered in panic.

In Dublin, Dublin, Nov. 24.—Troops raided the offices of The Freeman's Journal early this morning and searched vainly for men wanted in connection with the recent disorders.

New Consul, Montreal, Nov. 24.—Bouslay K. Ryssner, D.Sc., of Prague, has been named Consul of the Czech-Slovak Republic to Canada.

Outrages in Ireland Condemned by Asquith

London, Nov. 24.—Rt. Hon. H. H. Asquith, former Prime Minister and leader of the Opposition in the House of Commons, was prepared to-day to move a resolution condemning outrages against crown forces and civilians in Ireland.

The Government had indicated there was no objection to debate on the subject, but fear was expressed that the resolution would be defeated.

Opponents of the Government (Continued on page 12)

FARRIS SMASHINGLY REPLIES TO BOWSER

Audience in Vancouver Cheers Attorney-General After Fighting Speech

In Letter Sir Charles Tupper Deplores Unfair Attack on Farris

Vancouver, Nov. 24.—The largest audience which ever packed itself into the ballroom of the Hotel Vancouver gathered last night to hear Attorney-General Farris defend himself against the attacks of W. J. Bowser, at the Opposition.

Two thousand more electors failed to gain admission. It was the Attorney-General's first appearance since he left hospital and the audience, which showed its sympathy with him when he rose to speak, gave him an ovation when he resumed his seat at the end of a fighting speech of an hour and a half's duration.

Answers Challenge. "I apologize to you for raking up these things and turning back to a page of history which we thought was closed in 1918, but Bowser has challenged me to compare my four years of administration with his years of office—years marked by a definite public opinion and disregard for law enforcement," said Mr. Farris, who answered all of Mr. Bowser's accusations of maladministration almost entirely in plain statement in the history of Canada, and with allowing traffic in the womanhood of the nation to go unpunished by his speech.

"Though now in the last week of the campaign," said Mr. Farris, "it has been my misfortune for the past week to have been unable to take part in the public discussion of the election issues.

Fair Discussion. "It has been the policy of the Government and of the various candidates supporting the Government in this election, to present to the public a fair and businesslike discussion of the public issues and business questions relating to the campaign. If you will read the speeches which we have made, or the newspaper advertisements, you will find that they contain almost entirely plain statements of the Government's record of its legislation and business administration."

Mr. Farris proceeded to deal in turn with charges made against him in connection with law enforcement, the Scott and Cook cases and the liquor question.

Prohibition Act. "So far as the enforcement of the Prohibition Act is concerned, responsibility for enforcement is set forth in section 29 of the Act as passed in the last year of Mr. Bowser's rule," he said. "The section reads almost entirely in plain statement of the provisions of this Act are complied with and of enforcing the same and prosecuting persons offending against such provisions."

Mr. Farris proceeded to deal in turn with charges made against him in connection with law enforcement, the Scott and Cook cases and the liquor question.

Prohibition Act. "So far as the enforcement of the Prohibition Act is concerned, responsibility for enforcement is set forth in section 29 of the Act as passed in the last year of Mr. Bowser's rule," he said.

Mr. Farris proceeded to deal in turn with charges made against him in connection with law enforcement, the Scott and Cook cases and the liquor question.

Homes for Aged Needed Clothing

Statement Made Militia Department Sold Garments For Low Prices

Hamilton, Ont., Nov. 24.—Charges that the Militia Department at Ottawa has sold war supplies to junk dealers at such prices as \$1 per pair for leather boots, 10 cents per shirt for flannel fatigue shirts, 25 cents per garment for woolen underwear, 90 cents per pair for woolen trousers and \$1 each for ostermor mattresses, were made at the first annual convention here yesterday of the Ontario Association of Managers of Homes for the Aged and Infirm.

Criticizing this action, one delegate asserted that the homes for the aged and infirm were "starved for clothes and equipment."

Inmates. A statement was made that of those of professional classes who were inmates of these homes, school teachers predominated and physicians came next. It was stated that in one home for aged and infirm in Western Ontario was the contractor who had erected the building.

FUNERAL OF LATE A. S. GOODEVE

Ottawa, Nov. 24.—(Canadian Press)—The funeral of the late A. S. Goodeve, a member of the Board of Railway Commissioners, will take place here to-morrow afternoon.

Many messages conveying expressions of regret at the death of Mr. Goodeve have been received at the offices of the Railway Board.

KILLED BY AUTO. Vancouver, Wash., Nov. 24.—Mrs. N. Notovich died here to-day as a result of being hit by an automobile (Continued on page 12)

BRYCE SEES WORLD AT ABYSS WHEREIN WAR PLUNGED IT

Boston, Nov. 24.—James Bryce, former British Ambassador to the United States, pictured the world at "the abyss of calamity into which the war plunged it," in a letter to the Colonial Society of this city, which has been made public. The American and British peoples he said, are especially called to try to rescue the world from the danger.

Plans to Hold B. C. Money For Developing B. C.

Hon. John Hart Announces New Finance Policy; Proposes Provincial Bank To Break Monopoly of Eastern Institutions Here.

The Hon. John Hart, Minister of Finance, announced his financial policy to-day, following his statement at the Liberal meeting at the Princess Theatre last night.

The policy includes the first of the future plans of the Government now that they have put the finances of British Columbia back on a sounder basis. Its features are:

1. The establishment of a capital reserve fund for the Province, in which all moneys from the sale of natural resources must be placed; this capital fund never to be impaired, but loaned out on interest for the development of the Province.

2. The interest income from the capital reserve fund loans to be used to reduce taxation.

3. The establishment of a Provincial bank, so that the Provincial Government can accept deposits and keep the money of the people of this Province here for the development of this Province instead of having it sent East by the big banks through their branch system and loaned out at high rates in Toronto, Montreal and New York, while business men here cannot get credit.

Beginning To Build Now. "So far, we of this Government have been building the sub-structure for the big fine financial edifice we plan to build for the people of this Province," said the Hon. Mr. Hart.

"We are going to recommend to the House the establishment of a special fund called the capital reserve fund. When the resources of this Province are sold the money derived from the sale will be placed in this fund, there to remain, until it is loaned out for the capital development of this Province.

Only Loaned, Not Spent. "The proceeds of this fund may be loaned out, but cannot be spent. The interest income from the loans will be used to reduce the taxation of the people of this Province."

Hon. Mr. Hart explained that the Province would always maintain its capital wealth, although some of the natural resources may be gradually depleted, as the wealth of the natural resources as developed or used will be changed into the money equivalent to be held perpetually by the Province.

B. C. to Share in Big Profits. In connection with this, Hon. Mr. Hart explained his plan for an increment fund into which men developing and making big profits out of the natural resources of the Province will be graded down so that firms making small or no profits would not have to pay it.

"By this means," Hon. Mr. Hart said, "the people of this Province will share in the big profits made from the development of their natural resources and at the same time entirely free will not be impeded, as it will be only when profits get over a certain height that we will take our percentage, and what we take over that height, the corporations will never miss at all."

Banks Take B. C.'s Heart Blood. "I am also going to recommend that the Government go into the (Continued on page 4)

MONEY BY LAWS IN TERMINAL CITY

Vancouver, Nov. 24.—Through the addition of by-laws amounting to \$300,000 recommended by the civic Board of Works and the Water Commissioners, the ratemakers of Vancouver will have submitted to them at the January elections by-laws totalling \$2,666,000.

McDERMAND GOT 3,094 VOTES IN EAST ELGIN, ONT.

St. Thomas, Ont., Nov. 24.—According to figures given out by H. H. Huntley, Chief Returning Officer in the East Elgin Federal by-election, the plurality of McDermand, Farmer candidate, over J. A. Stansell, the Government candidate, has been increased by 254. Mr. McDermand's total vote is given as 3,094, Stansell's 2,823, and Charlton's (Liberal) 2,000.

COVENANT CHANGES DESIRED BY SWISS

Fixed Meetings of League of Nations Assembly Proposed

Meetings of Committees and League Council To-day at Geneva

Geneva, Nov. 24.—To-day's League of Nations program comprises assembly committee meetings and a meeting of the Council of the League at which it was expected action would be taken on the Assembly's request for negotiations with Mustafa Kemal, leader of the Turkish Nationalists, through one of the powers.

Notwithstanding the decision of Committee No. 1 on general organization yesterday, which ruled that there should be no amendments to the covenant of the League at this session of the Assembly, some proposed amendments will be brought up again by the Swiss delegation.

The delegation will ask the committee on general organization to consider a proposition to choose the four elective members of the Council from among different states, successively, with only one term expiring each year.

The Swiss representatives, with the support of Scandinavian delegates, also will ask if the committee will report a proposition for fixed meetings of the Assembly.

QUICK REDUCTION OF PRICES BAD

Toronto, Nov. 24.—F. W. Stewart, of Montreal, vice-president and managing director of a prominent collar concern, in an interview with The Star says that so short-sighted and serious is the present determination of the public to break prices immediately that it is almost certain that a great percentage of this same public will not be able to buy if it would.

The ordinary consumer does not see, Mr. Stewart says, how a quick reduction will drastically strike him in the long run.

WOMEN FACTOR IN COMMERCE CHAMBER

The New Organization Gives Women Equal Rights With Men

That women as well as men play a big part in the activities of a modern Chamber of Commerce was emphasized by the campaign executive committee at headquarters this morning. It is expected that the women of Victoria will be as well represented in the new institution as they are in practically every other organization in every other city that has a progressive civic-commercial club. Women as well as men are eligible to join the Chamber of Commerce of Victoria, and it is hoped that a large number will seize this opportunity during the next two days of the intensive drive.

The First. Miss E. Noonan, of the Sproull-Shaw Business Institute, was the first woman to take out membership in the Chamber of Commerce. She was followed yesterday by Miss Julia de Blaquiere of 1723 Quadra Street, who was canvassed by Team Captain Scudell. The group would several more will be seen in the complete list of new members.

The Chamber of Commerce of London, Ont., has only about twenty women members, but they are particularly active in housing, education, playgrounds and social welfare work. A woman is vice-chairman of the members' council and is classed by her associates as an exceptionally good executive.

Inquiries were received this morning as to how a club or lodge could take out membership, and just what privileges the group would have. On Sunday, after hearing Blair Clerk explain the plan of the club system, two groups of young men of the First Presbyterian Church decided to support two memberships in the Chamber of Commerce. A levy can be made on each member to raise the membership fee, or the treasury of the club can stand for the investment. The club then appoints a member to be their representative in the Chamber. If the president is chosen as the delegate, as is the case of the Tilicum and On-We-go Bible Classes, then representing the class in the Chamber is part of his duties as president of the group. He will have equal privileges with all other members of the Chamber of Commerce and will be able at all meetings, to express the ideas of his own group. By this method, unions, lodges, Bible classes, women's clubs, teachers associations, fire halls, police stations, athletic clubs and the dozens of other organizations in the city, are enabled to have representation in the Chamber.

Finance Minister Refutes "Whiskey Mud" Insinuations

Hon. John Hart Produces Evidence to Show His Firm Has Not Profited By Government Connection; "No Business" Rule Strictly Enforced.

Six hundred persons in the Princess Theatre last night cheered the Hon. John Hart, Minister of Finance, when he dealt with the insinuations made against him and his connection with his firm of Gillespie, Hart & Todd Monday night by Ernest Miller and H. W. B. Moore, Conservative campaign speakers.

"I am going to deal with a few remarks by Mr. Miller, whose political record you can find in the records," said Hon. Mr. Hart. "Political mud and whisky do not make good cement," said Hon. Mr. Hart, referring to the incident of the campaign bottle of King George whisky and its accidental smashing the night before on the platform of the Conservative meeting at the Princess Theatre.

"Then tenders were called for P. G. E. insurance. The tender of this firm was for 42 1/2 cents. The next lowest tender was for 80 cents, and there were some as high as 10 1/2."

"When tenders for the insurance were called, the next year, Mr. Schofield, member for Trail, who represented some small companies, knew the rate and the Vancouver agency of these companies underbid. What was the result? It was found that one of the companies he represented was practically insolvent and they had only \$134,000 net surplus, and they could not carry the insurance. Last year a Vancouver agency bid 25c under the rate and the company, being considered at light, was given the business."

"To-day Gillespie, Hart & Todd has not one cent of the Government's insurance and they are not going to have it as long as I am across the Bay unless they can get it in open competition, where all firms have an equal chance to tender." (Continued on page 5.)

EVERETT DETECTIVE MURDERED BY THUG

Everett, Nov. 24.—Detective J. H. Fox of the Everett police department was shot and instantly killed on South Colby Street in Everett at 7:15 o'clock last night by a man whose tactics were so similar to those used by the man who shot Patrolman H. J. Hayes and Mrs. Clara Ransom in Seattle Monday night that the police believe he may be the same.

Officers of Snohomish and King counties are engaged in a search for the murderer.

Finances of City Are Revealed in Statement

Complete details of Victoria's present financial position are set forth in an important document drawn up by City Comptroller James L. Raymur and made public at the City Hall yesterday by Alderman W. J. Sargent, chairman of the Civic Finance Committee.

Mr. Raymur's figures, which were compiled for the information of the civic authorities, reveal size of the city's bonded debt, floating debt, tax arrears, sinking fund shortages and other statistics, and show how the city's revenue has been spent during the year. The statement as a whole is considered perhaps the most important issued at the City Hall this year.

A summary of Mr. Raymur's statement is as follows:

Details of Payments. The total arrears of city taxes, other than those being paid on the ten-year instalment plan on January 1, 1920, were as follows:

General ..... \$1,983,296.79  
Local Improvement ..... 857,913.40  
Total ..... \$2,841,210.19

Taxes paid between January 1, 1920, and October 5 on properties that were in arrears since 1916 or previously were:

General ..... \$ 63,038  
Local Improvement ..... 53,176  
Total ..... \$116,214

Taxes paid between January 1 of present year and November 1 on properties other than those owing for 1916 and previously, and other than those paying on the instalment plan were:

General ..... \$112,553.29  
Local Improvement ..... 88,378.54  
Total ..... \$200,931.83 (Including receipts for Tax Sale)

The total receipts on instalment payments since January 1, 1920, to November 1 were:

Instalments ..... \$164,154.23  
Interest ..... 61,629.80  
Total ..... \$225,784.03

The total amount of unpaid taxes now overdue (other than those being paid on the instalment plan) is \$2,841,210.19.

The number of properties purchased by parties other than the city and the total amount charged against them were:

Number, 1648; amount charged, \$1,200,525.45.

The number of properties purchased by parties other than the city and the total amount charged against them were:

Number, 148; amount charged, \$1,119,704.54.

The total amount of unpaid taxes now overdue (other than those being paid on the instalment plan) is \$2,841,210.19. (Continued on page 5.)

SASKATCHEWAN NOT GOING INTO COURT

Will Not Sue Dominion Government For Natural Resources

Regina, Nov. 24.—Saskatchewan, as a Government, does not intend to embark on a law suit at the present time to obtain control of its natural resources, according to a statement made by Hon. W. F. A. Turgeon, Attorney-General, who seconded a motion in the Provincial Legislature yesterday. Mr. Turgeon seconded a Government motion that "the Government of Saskatchewan should continue to urge upon the Government of Canada the necessity of arranging for the transfer to the Province of the public domain within its limits without further delay."

MORE PUBLICITY FOR LEAGUE ACTIVITIES

Geneva, Nov. 24.—At to-day's session of the Assembly of the League of Nations, the Secretary-General, Mr. Robert Cecil, of Great Britain, demanded greater publicity for the proceedings of the Council, and a promise was made to comply.

News of the application of Montenegro for membership in the League of Nations leaked out to-day. No information whatever was given on the subject by the Secretary-General of the League. This eleventh hour application necessarily will come up on the floor of the Assembly before being referred to committee. It is announced from a semi-official source that it is nearly certain that Bulgaria, Austria, Albania, Finland and Luxembourg will be admitted to the League. On the other hand, it is said the commission deems it better at present not to admit states formerly forming part of Russia which have not yet been officially recognized.

OUCH! RUB BACKACHE, STIFFNESS, LUMBAGO

Rub Pain From Back With Small Trial Bottle of Old "St. Jacobs Oil."

Back hurt you? Can't straighten up without feeling sudden pains, sharp aches and twinges? Now listen! That's lumbago, sciatica or maybe from a strain, and you'll get relief the moment you rub your back with soothing, penetrating "St. Jacobs Oil." Nothing else takes out soreness, lameness and stiffness so quickly. You simply rub it on your back and out comes the pain. It is harmless and doesn't burn the skin. Limber up! Don't suffer! Get a small trial bottle of old, honest "St. Jacobs Oil" from any drug store, and after using it just once, you'll forget that you ever had backache, lumbago or sciatica, because your back will never hurt or cause any more misery. It never disappoints and has been recommended for 60 years.

NEGRO WAS LYNCHED IN UNITED STATES

Tylertown, Miss., Nov. 24.—Harry Jacobs, a negro, yesterday was taken from the court room and lynched by a mob which gained access down two doors.

Despite efforts of court officials to prevent violence, a mob seized a rope was placed about his neck, and he was dragged two blocks through the main street, after which the mob of a tree and riddled with bullets. One man was accidentally shot.

Unsuccessful attempts were made by the judge and the husband of the woman assaulted to permit the court to proceed in an orderly manner.

OLD RESIDENT DIED.

Lulu Island, B.C., Nov. 24.—Thomas Smith, a resident of Lulu Island thirty-three years, died in the family home, Puck's Station, yesterday. He was eighty years old. Surviving Mr. Smith are the widow, two sons and five daughters.

Keeps Children Well

Makes Them Robust

HERE IS GOOD ADVICE FOR THE HEAD OF EVERY FAMILY.

Rapid growth, work at home and in the school-room, are sure to tax the strength of every child, and often prove the beginning of a chain of weakness that lasts through life.

Give your sons and daughters a fighting chance! Give them good home surroundings, fortify them with education—but above all else do everything possible to insure for them perfect health in years to come.

In no way can you destroy weakness and build up health so surely as with Ferrozine. It's the concentrated nourishment in Ferrozine that enables it to do so much good. It contains the very elements that are useful in building up bone and sinew, in vitalizing and strengthening the blood. The simple Ferrozine brings will gladden any parent's heart, and when color, spirits, vim, and energy increase day by day then you know what grand work Ferrozine is doing. Because it makes and keeps you healthy, because it is pleasant, harmless and sure to do enormous good—you and your children should use Ferrozine every day. Sold by all dealers in 50c. boxes, six for \$2.50, or direct by mail from the Catarrhose Co., Kingston, Ont.

TOBACCO GROWERS

AWAIT BUYERS

No Sales of This Year's Crop in Ontario Yet; Flax Situation

Blethelm, Ont., Nov. 24.—Tobacco growers all through this district are decidedly anxious regarding the disposition of this year's crop, which is one of the largest they have ever had. Up to the present no buyers have put in an appearance. Usually by this time the growers have turned over a large percentage of their crop.

Flax. London, Ont., Nov. 24.—Canadian flax growers, in season here, after discussing market conditions and opportunities for the Canadian flax crop this season, appointed a committee to take up with representatives of British firms the question of disposing of the entire crop to British mills in bulk. The representatives present held out hopes to the Canadian growers of higher prices than those now available in the open market.

BRUTAL NEGRO BOY

AT ZION CITY, ILL., BEAT A WOMAN

Zion City, Ill., Nov. 24.—Mrs. John Mason, fifty-five years old, a semi-invalid for many years, was attacked and beaten by a negro in her home here late yesterday and physicians fear she may not recover.

Before she could call for help she was after an assault her husband returned from work and found her moaning and semi-conscious in a house. Two negroes were brought before her by Chief of Police Decker when she had been revived and she identified the negro as a young man, old, of North Chicago, as her assailant. Late last night Garner was bound over to the grand jury.

The negro youth appeared at the home of Mrs. Mason, she said, and discovered his presence. The negro asked her if she "had any chickens to sell?" She replied, "No." The negro seized her and dragged her to the bedroom, and after assaulting her beat her on the head with a heavy flashlight, thrusting her unconscious form into a closet.

SHAWNIGAN HAS CAMPAIGN MEETINGS

Shawnigan Lake, Nov. 24.—Shawnigan is having its fair share of political meetings this week. Mr. Helgesen, Liberal candidate, and Mrs. Watt, M.P.E., will appear at the hall this evening and G. Cheeke, Conservative candidate, will speak on Friday evening.

Kenneth Duncan, Independent candidate, spoke in the S. L. A. Hall on Saturday evening last. Some forty or more voters attended. Mr. Duncan went over his platform, plank by plank, and answered the questions. Messrs. Prevost, Patterson and Wingate-White also spoke. An opportunity was given to the audience to ask questions, but only two were asked.

The bi-monthly meeting of the Shawnigan Women's Institute, held at the home of Mrs. Eardley-Wilmut, the feature of the afternoon was a book contest which proved most interesting. Mrs. Frank Elford winning the prize. The Misses Clark and Alexander assisted the hostess in serving afternoon tea.

At the last weekly whist drive of the Shawnigan Community Club, there were nine tables of cards, a record. These social evenings are much enjoyed and quite looked forward to from week to week.

Mrs. Spath, M.P.E., of Dungeness, Washington, is visiting her sisters, Mrs. Lingsley, Mrs. Harth and Mrs. Bloomquist.

AUSTRALIANS ARE KILLING SEALS

Melbourne, Nov. 24.—(Canadian Press)—In order to meet the large increase in operating expenses and in the salaries of employees, the state Department is now granting permits for the killing of seals off the south coast of Victoria. The state sealers are being granted preferential to returned soldiers or to persons who are willing to kill up to 1,000 seals on payment of a small royalty to the Department.

RAILWAY RATES IN NEW ZEALAND RAISED

(Auckland, Nov. 24.—(Canadian Press)—In order to meet the large increase in operating expenses and in the salaries of employees, the state Department is now granting permits for the killing of seals off the south coast of Victoria. The state sealers are being granted preferential to returned soldiers or to persons who are willing to kill up to 1,000 seals on payment of a small royalty to the Department.

At the beginning of the war he was commander-in-chief of the Home Fleet.

Admiral Callaghan was born in 1852.

ADMIRAL CALLAGHAN DIED IN LONDON

London, Nov. 24.—Sir George Astley Callaghan, an Admiral of the Fleet since 1919, died in London yesterday.

At the beginning of the war he was commander-in-chief of the Home Fleet.

Admiral Callaghan was born in 1852.

Catarrh Brands You

An "Undesirable"

So Loathsome Is the Disease That Few Will Associate With a Catarrhal Victim.

Is Your Trouble Catarrh?

Poor remedies have given Catarrh the reputation of being incurable. But it is curable, easily and quickly, if the right method is employed. Snuffing a powder or ointment up the nose won't cure Catarrh, neither will tablets, douching, or stomach medicines cure. Treatments fall because they only affect local conditions, they do not remove the cause which is germ life established in the lungs, bronchial tubes, and nasal passages. Ordinary remedies do not reach these remote parts, but Catarrhose does, for it is breathed through the inhaler into every air cell in the lungs, into every air passage in the head and throat. No matter where the Catarrh is, Catarrhose will reach it. It kills the germs, heals sore spots, clears the nose and throat instantly. Universally used; pleasant and clean; guaranteed to cure or money refunded.

Don't be an object of aversion to everyone you meet—get Catarrhose to-day and use it regularly; it will cure your Catarrh, Bronchitis, Throat trouble, spitting, and gagging. Large size 50c. All dealers or the Catarrhose Co., Buffalo, N.Y., and Kingston, Canada.

OBJECTS TO GIVING UP OF ZEPPELINS

German Engineer of Zeppelin Company Bitter Against Allies

Stuttgart, Germany, Nov. 24.—If confiscation of Zeppelin airships at Lake Constance and Nordstern should be permitted by Germany, the Allies "undoubtedly would claim the right to new building plans farouah which the Zeppelin concern has intended to promote vastly the use of airships for commercial purposes." This statement is made in an article printed in the Schwabische Kurier by Dr. Eckener, one of the constructing engineers employed by the Zeppelin Company.

Dr. Eckener savagely attacks the action of the Allies in seizing Zeppelin machines, characterizing the taking of these vessels as "naked robbery."

"The only purpose of such procedure," he adds, "is the Entente's desire to get hold of the best products of German skill and further cripple Germany economically."

RULINGS BY SUPREME COURT OF CANADA

Ottawa, Nov. 24.—(Canadian Press)—The Supreme Court of Canada has rendered judgments in the following British Columbia and Alberta cases:

"British Columbia—Jones vs. Lee. Appeal allowed and action remitted to the Supreme Court of British Columbia to add parties and declare trusts. Plaintiff to have general costs of action and of appeals, but to bear costs occasioned by his raising issue of duration of the trusts."

Rodgers versus Williams—Appeal dismissed with costs.

Kidston versus Stirling and Pitcairn—Appeal with costs in this court and Court of Appeal and cross appeal dismissed with costs. Trial judgment restored in both cases with following modifications: on the reference directed by the learned trial judge the value of the fruits delivered by the plaintiff (by which a reasonable price for them is meant) should be ascertained by deducting from the average price realized by the defendants in each year for all fruit sold by them of each kind and grade furnished by the plaintiff, the expenses incurred by the defendant in handling the plaintiff's fruit and a reasonable sum for profits on the sale thereof.

Prodeur J. dissenting altogether and Mignault J. in part to the extent indicated in his notes.

WHEAT IN INDIA.

Calcutta, Nov. 24.—The final official forecast of the Indian wheat crop places the acreage at 29,978,000 and the yield at 10,092,000 tons, which is 2,500,000 tons more than last year's crop.

NO AGREEMENT.

London, Nov. 24.—Premier Lloyd George, speaking in the House of Commons late yesterday afternoon, said that so far as he was aware no agreement of arrangement had been made with the United States Shipping Board by which United States ships would be permitted to trade on British lines to the Far East.

HIGHER AUTOMOBILE FEES IN ONTARIO

Provincial Government Hopes to Increase Revenue by \$750,000

Toronto, Nov. 24.—Increased license fees will be charged owners of motor cars by the Ontario Department of Public Works next year, when Hon. F. C. Higgins, Minister of Public Works, hopes to increase the revenue of the Province from this source by \$750,000. The revenue this year amounted to more than \$2,000,000.

The number of cylinders in automobile engines will be taken into account by the new licenses, which was never done before.

NO AGREEMENT.

London, Nov. 24.—Premier Lloyd George, speaking in the House of Commons late yesterday afternoon, said that so far as he was aware no agreement of arrangement had been made with the United States Shipping Board by which United States ships would be permitted to trade on British lines to the Far East.

GRANDMA USED SAGE TEA TO DARKEN HAIR

She Mixed Sulphur With it to Restore Color, Gloss, Youthfulness.

Common garden sage brewed into a heavy tea with sulphur added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Just a few applications will prove a revelation if your hair is fading

“But why should I be interested in Dr. Chase’s Nerve Food?”

BECAUSE it will make a better human being of you mentally, physically—everyway.

Are you living a full and successful life? Or are you lacking in energy and vigor?

Perhaps you find that you are losing grip on life and beginning to slump physically. Then it is time to give some attention to the nerves.

When the nerves give out there’s sure to be a slowing up of all bodily functions, both mental and physical.

Dr. Chase’s Nerve Food is admirably suited to overcome this condition and thereby prevent a serious nervous breakdown. For this reason it is of interest to everybody—young, old or in middle age.

Because it restores in Nature’s way by forming new, rich blood, and by feeding the starved nerves back to health and strength it appeals to every reasoning person.

Try it when you feel worried and tired out. Try it for sleeplessness and irritability. Try it for nervous headaches and indigestion. For these are the indications that the nerves are becoming exhausted.

It is not a mere relief for these symp-

toms, and for this reason you must persevere in its use until lost vigor is restored to the nerves.

We know that Dr. Chase’s Nerve Food possesses exceptional restorative properties. We have seen it tested in many thousands of cases. Many of your friends and neighbors can vouch for its merits from their own personal experience.

But how are you going to prove this to your own satisfaction unless you give it a trial? You are the one to be benefited. So it remains for you to make the test.

It is well worth your while, for health is your biggest asset, no matter what the size of your bank account may be.

Rest and plenty of wholesome, nutritious food will help. But your system has failed to supply to the nerves the nourishment they require. So you must look to Dr. Chase’s Nerve Food to establish the rebuilding process which is necessary for your complete restoration to perfect health and vigor.

Dr. Chase’s Nerve Food, 50¢ a box, all dealers, or Edmanson, Bates & Co., Ltd., Toronto. On every box of the genuine you will find the portrait and signature of A. W. Chase, M.D. Refuse substitutes.

SHOWS WOMEN’S BENEFITS FROM OLIVER REFORMS

Mrs. Spofford Praises Government’s Social Legislation

Appearing on the platform of F. A. Pauline, Government candidate for Saanich, in Keating Temperance Hall last night, Mrs. C. Spofford, the well-known social worker, described the Oliver Government’s work in the interests of women.

“The Mother’s Pension Act is one of the finest pieces of legislation on the statute books of any country,” she declared. Several hundred women had applied under this Act, she stated, and those who were assisted would not have to leave their homes and children to earn a living. The pensions being paid, she said, were the largest in effect in any province of Canada, any state of the Union or dominion of the Empire.

Mrs. Spofford traced the development of the women’s suffrage movement in British Columbia to the point where a referendum on the subject had been put and carried. “And now we find,” she remarked, “that the Conservatives claim credit for putting the referendum to the people while the Liberals claim the credit for putting the law into force. It is to the credit of the Liberal Party that before women’s suffrage was a popular movement it had this plank in its platform.”

Government Had Vision

The speaker also praised the Minimum Wage Act, the Deserted Wives Act and similar legislation. It had been claimed that no credit was due to the Oliver administration for this social legislation because such reform was part of a great world movement.

It was an unfortunate thing that the Conservative Government lacked the vision to recognize this movement. “I would be just a little afraid that if the Conservatives got in they might not have the vision to see other great world movements,” she added.

Mr. Pauline, at the outset of his address, denied Mr. Bowser’s statement that he had been a director of the Dominion Trust Company. As a matter of fact, he had been only a shareholder, and had lost what money he had invested in the concern. He had been a member of an advisory board of local shareholders which had passed on a number of loans made. Mr. Pauline stated that Mr. Reid, member of the firm of Bowser, Reid & Wallbridge, solicitors for the Dominion Trust Company, had been a director of the ill-fated company. W. J. Bowser, K.C., leader of the Opposition, was a member of this law firm, he said.

P. G. E. Matters

Explaining why the Finance resolution asking for further investigation of the P. G. E. question had been rejected by the Government, Mr. Pauline said:

“Mr. Bowser would have dearly loved to have been backed by the bar of the House and there refuse to tell what he has intimated he knows. He would then have to either be committed for contempt or be allowed to go back to his seat. If he had been committed for contempt the Conservative Government would then have said that we had a brute majority and that we were not content with this, but were going to shut Mr. Bowser’s mouth by giving him over into the custody of the sergeant-at-arms. Mr. Bowser is now before a tribunal of his fellow-countrymen. If he has the knowledge he claims he has, now is the time to tell it, and if he does not, it is a sure conclusion that he is hiding something he is afraid to disclose.”

Mr. Bowser, Mr. Pauline said, had so impaired the credit of the Province by the P. G. E. undertaking that the Provincial resources had been used up, and the Oliver Government had been unable to give further assistance to the municipalities. Mr. Oliver had promised a conference of the municipal officials to discuss the question of further aid.

H. E. Tanner presided at the meeting which was attended by some sixty or seventy people. Mr. Tanner described Mr. Bowser’s promise of a per capita grant as a bribe for the municipalities. Farmers, he observed, were peculiar people. They continually decried the presence of so many lawyers in the Legislature, but when one of their own number was elevated to the head of a government they still were ready to “fall for” a lawyer-politician with his plausible promises and clever tongue.

VANDERBILT RETURNS TO COAST AFTER TRIP ON P.G.E. RAILWAY

Vancouver, Nov. 24.—After a week’s trip along the Pacific Great Eastern as far as McKenzie and the end of steel, Cornelius Vanderbilt, Jr., the “millionaire reporter” who is “covering” the Great Northwest for his paper, the New York Times, and in addition is exceedingly busy with “feature stuff” and articles for current magazines, accompanied by Mrs. Vanderbilt, returned to the city yesterday and is registered at the Hotel Vancouver.

When the train stopped at Deep Creek, where one of the highest bridges on the continent spans a space of 1029 feet, at a height of 285 feet, it was discovered that the “millionaire reporter” was quite an athlete, when he made the descent into the bed of the river,

across the foot bridge, and up the other side, all in twenty-three minutes. A considerable amount of money was thereafter interchanged between members of the train crew and onlookers, who were placing odds that it could not be accomplished under thirty-five or forty minutes. On the ascent of the further side, the climber was forced to use the aid of a stick for an alpenstock, as owing to lack of sun, the high bank was coated with ice. In admitting to this performance, Mr. Vanderbilt accused himself on the ground that he made the descent to secure some photographs from below.

The Vanderbilts, who traveled in a private car loaned by the company, were accompanied by the engineer of the road, A. F. Proctor and Dr. and Mrs. F. G. Ewing. They are remaining in the city until Saturday night, and then return to New York, where The Times has offered Mr. Vanderbilt the position of second-in-command of their Albany office. He intends to try and return here next year.

LYNCHED A HORSE.

Poughkeepsie, N.Y., Nov. 24.—When his horse balked, Edward Byrne, a farmer of Crumb Elbow, lynched the animal. He tied one end of a rope around the horse’s neck, threw the rope over the limb of a tree and fastened the other end to the bridle of another horse, which became frightened and pulled so hard that it strangled its mate. Byrne was fined \$25.

A NARROW ESCAPE.

Seattle, Nov. 24.—Crashing through a wooden railing on Fairview Avenue yesterday, an automobile driven by W. H. Littlefield, manager of an electric supply house, plunged into Lake Union, carrying Mr. Littlefield with it to the bottom. Although the car was submerged under fifteen feet of water, Littlefield managed to extricate himself and reached the shore in safety.

Another Price Suggestion

PIES and PASTRIES

FOR light, tender, flaky pastry you have only to add that spoonful of Dr. Price’s Cream Baking Powder.

And once you have seen how easy these deliciously filled pies are to make, you will want one or more of them every day in the week!

Custard Pie 1 cup pastry flour 1/2 teaspoon Dr. Price’s Baking Powder 1/2 teaspoon salt 1/2 cup shortening cold water Sift together flour, baking powder and salt; add one-half shortening and rub in lightly with fingers; add water slowly until of right consistency to roll out. Roll out very thin; put on in small pieces remaining shortening; fold upper and lower edges in to center; fold sides in to center; again roll out thin and put on pie plate.

Made from Cream of Tartar, derived from grapes.

MADE IN CANADA

Custard 3 eggs 1/2 cup sugar 1/2 teaspoon salt 2 cups scalded milk 1 teaspoon vanilla extract

Beat eggs, add sugar, salt, flavoring and milk very slowly. Line pie plate with paste made as above, and bake in very hot oven about 10 minutes. Pour custard into the baked crust and bake in moderate oven about 25 minutes. The pie is done when a knife put in center of custard comes out dry.

Cocoanut Pie is made the same way, adding 1 cup of shredded cocoanut, and using only 3 eggs.

Pumpkin Pie

3 cups stewed and strained pumpkin 3 cups rich milk or cream 1/2 cup brown or granulated sugar 2 eggs 1/2 teaspoon ginger 1/2 teaspoon salt 1 teaspoon cinnamon

Mix pumpkin with milk, sugar, well-beaten eggs, ginger, salt, cinnamon, and beat 2 minutes. Pour into pie tin which has been lined with pastry. Place in hot oven for 15 minutes, then reduce heat and bake 45 minutes in moderate oven. To bring out flavor of pumpkin it must be very well baked.

All measurements for all materials are level

**MR. HART'S SPEECH.**

If the enthusiasm which marked the reception to the Hon. John Hart at the Princess Theatre last night may be taken as an indication of Victoria's attitude towards the Oliver Government there should be very little doubt about the result of the election next Wednesday. Not a single interruption interfered with the Minister's presentation of an excellent report upon the conduct of the Department over which he presides. He found it necessary to deal with a number of charges reflecting upon his personal relationship with Government undertakings alleged to have been conducted between himself and the corporation with which he is associated in a business way. But his complete refutation supported by sufficient documentary evidence to satisfy the most ardent Bowserite should dispose of this particular crop of canards once and for all. Mr. Hart's references to financial matters and his clear explanation of the healthy condition of British Columbia today compared with its depreciated credit in 1916 present a timely commentary upon the policy prosecuted by the Oliver Government.

**IRELAND.**

While the Villard Committee is investigating the Irish question at a safe distance Sinn Fein and Republican elements in the Emerald Isle are renewing their campaign of murder with fresh vigor. Sunday's events have surpassed all previous outbreaks and suggest the need for martial law if the officers of the Government are to be afforded protection from these maniacal murder raids. A stage appears to have been reached when reprisals will be unavoidable unless a new policy of control is inaugurated. The members of the R. I. C. and the "black and tans" are only human. Flesh and blood will stand so much without loss of respect for law and order. Beyond that it relies upon itself. Either a much more determined effort to rule Ireland is due, or else the British Empire had better make up its mind to do without this disunited part of the United Kingdom.

**HOW THE VOTE WENT.**

When the Bowser Party attempts to take the credit of giving the women of British Columbia the vote it is just as well that the electorate should be reminded that Mr. Bowser and all his colleagues voted solidly against the bill extending the franchise to women when it reached the second reading in the Legislature in 1909. At that time the present Premier of the Province was the stalwart supporter of the measure and such Liberals as were in the House recorded a solid vote in favor of the bill. Twelve months later when the Liberal Party held its annual convention at Revelstoke the plank of woman's suffrage was nailed stronger than ever in the platform of the forces led by Mr. Oliver. The Government, which seeks endorsement at the hands of the electorate next Wednesday passed the Act—for which the women of British Columbia had pleaded in vain for a quarter of a century—as soon as it came into office.

**VOTING ON TINO.**

Nobody will quarrel with Greece in her decision to settle her domestic policy in her own way. The submission of a plebiscite to seek authority either to dispose of King Constantine's claim to the throne or to invite him back to Athens conforms to

the most improved democratic idea. If the Grecians, on the other hand, are prepared to give the exiled monarch another chance they must also accept the effect of practical disfavor on the part of Great Britain and France with which such a course would be attended. It goes without saying that the Entente is not in the mood to remain an idle spectator while a reactionary Court is re-entrenched in the Balkans. France already has announced her attitude and Great Britain has dropped the hint that Constantine's return would result in the withdrawal of her own economic and financial support to the Hellenic Kingdom. It is a question whether Greece is in a position to incur the displeasure of both these countries.

**CRESTON SETTLEMENT.**

If an impartial observer himself a returned soldier and an experienced agriculturalist is satisfied with the general programme adopted by the Provincial Land Settlement Board at Creston it is safe to assume that the anti-Oliver element is less concerned about the welfare of the settlers than it is about its ability to play the political tune composed by Mr. Bowser.

As soon as the Premier realized that there was an objectionable feature in the agreement of sale under which the land would be acquired by the soldier-settlers he recommended its removal, although according to our correspondent who presented his views upon the undertaking in general through our columns yesterday, the agreement is the ordinary standardized form with the customary safeguards.

Whatever may be the virtue of mass settlement for returned men it may be taken for granted that the people of Creston and the people who have watched the progress of settlement at Meriville are convinced that the Oliver Government has gone more than the trodden mile in behalf of the former member of the C. E. F. And it will be the Administration's record of achievement in a field rightly belonging to the Dominion Government that will outweigh the political machinations of those who have consented to become the tools of the Leader of the Opposition.

**MORE IDIOCY.**

Osborn Garrison Villard's committee has invited Sir Hamar Greenwood, Viscount French, and Sir Edward Carson to testify before its Commission of seven which has just commenced to investigate the Irish question. This is about the most ridiculous farce ever presented to the people on this side of the Atlantic. As if there would be any point to testimony given to a body without status, even if the three exalted personages had nothing better to do than present themselves before a tribunal which had made up its mind where lay the guilt for conditions in Ireland before a word of "evidence" was taken!

**NOTE AND COMMENT**

Transportation companies complain of the paucity of recreational facilities in the city of Victoria. When the Chamber of Commerce gets its wind the cause of the complaint ought to vanish quickly.

Mr. Bowser's condemnation of the Oliver Government's borrowings and his own recommendations for colossal expenditures are becoming so involved that it must be hard for the electors to discover just what he really means.

Advocating the restoration of Bowserism undoubtedly is a heavy task but it ought to be possible to do even this without resorting to persistent misstatement. For example, the morning paper to-day repeats its charge that the present Government has increased the cost of civil administration from \$1,664,222 to \$3,208,482, although the actual figures have been shown in The Times to be \$2,175,712 and \$2,901,438. No doubt this practice will be continued right up to election day.

**WHY IS THANKSGIVING DAY THE LAST THURSDAY IN NOVEMBER?**

(Copyright, 1920, By The Wheelwrights, Inc.)

The history of the celebrations of "days of thanksgiving" in general, is a long one, for many of these were mentioned in the Bible and they were not uncommon in England prior to the Reformation and among the Protestants ever afterwards. The first thanksgiving held in America was conducted by an English minister named Wolfall, in 1578, on the shores of Newfoundland, and the earliest record of an observance of a similar nature within the territory now occupied by the United States, is that of a ceremony held at Sagadahoc, on the coast of Maine, in August, 1607. These, however, were mere thanksgiving services. The real origin of Thanksgiving as a day set apart for prayer and gratitude for benefits received, must be attributed to Governor Bradford, the first governor of Massachusetts. In view of the abundance of a harvest of 1621, the governor proclaimed a day of general thanksgiving to be observed on December 23<sup>rd</sup> of that year. Incidentally, this is the first time in American history that turkeys are mentioned in connection with any feast of this nature, Governor Bradford sending men out to bring in a number of the wild birds. During the succeeding years, Thanksgiving was celebrated as a more or less movable feast, but it always took place in the Fall after the harvest had been gathered. The Continental Congress, however, recommended no less than eight days of Thanksgiving, two days each in April, May, July and December. Washington also issued a Thanksgiving proclamation, appointing November 26<sup>th</sup>, 1789, as the day for public fasting and rejoicing, but while several other presidents followed his example, the general observance of the festival of all the states was made an appeal during the early fifties to the governors of all the states, and since then the Presidents have recommended that the last Thursday in November be dedicated to the giving of thanks.

**WHERE IT STARTED TALKING MACHINES**

(Copyright, 1920, By The Wheelwrights, Inc.)

Thomas A. Edison made the first machine to reproduce the human voice in 1877. His machine made a record on tinfoil wrapped around a cylinder. A few years later, C. S. Tainter and C. A. Bell invented the wax cylinder record. The first disc machine was invented by Emil Berliner in 1888.

**NO STATEMENT MADE BY MRS. SMALL**

(Continued from page 1.)

"What for?" asked "Cooper." "On a serious charge," Mitchell then saw "Cooper," and having known Doughty in Toronto, exclaimed: "Jack, how could you do it?" Mitchell and Fortune said Doughty lied, and later made a confession concerning the theft of \$100,000 in bonds, with which he was charged. Mitchell declared Doughty refused to discuss the disappearance of Small beyond the statement that he had last seen him at a theatre to which he took him on the night of Small's disappearance.

**43 Years Old.** Doughty is in his forty-fourth year and a man of powerful physique. He used to pull stroke oar for a local rowing crew, and in his youth was no mean athlete. He was, however, not known as a quarrelsome man, nor was he ever known to have been involved in any act of violence. He has two children by his first wife. He and his second wife, separated, and he took his children to live at the home of his sister.

The charge of conspiracy to kidnap arises out of the statements to the police made by two Toronto men, who are alleged to have received propositions to kidnap the missing theatrical manager.

According to the two men, who claim that he suggested the kidnaping of his then employer, he is alleged to have remarked: "There is a lot of money in making away with Small." At the time neither regarded this seriously.

**Bonds.** The charge of theft of the missing Victoria Bonds grows out of the disappearance of securities from the safety deposit box of the missing millionaire. Doughty, the records show, opened the box the day that Small disappeared, though he later told Mr. Small that it had been done at Mr. Small's request. Asked for the key, he said he had given it back to Mr. Small.

A reward of \$5,000 offered in Toronto for the arrest of Doughty was later increased to \$15,000, at which figure it now stands.

Doughty had been in the employ of Small for eight years, having worked himself up to a salary of \$45 a week as Small's confidential secretary. The day Small sold his theatrical holdings Doughty went on the payroll of the Trans-Canada Theatres interests at a salary of \$75 a week. He went to Montreal, returned to Toronto for Christmas, and himself disappeared the following Sunday, December 23.

**Profits From People's Money.** "This money that the banks loan out is the money of the people." "If a man deposited with the bank \$1,000 at 3 per cent, with interest half-yearly, it would double itself in 24 years." "But if the bank were only able to lend it out at 6 per cent, it would double itself in 12 years. Consequently in 24 years, the bank, paying only 3 per cent to the depositor, would be in possession of \$4,000, as a result of the earnings of the depositor's \$1,000. Of this money \$2,000 would belong to the depositor and \$2,000 to the bank. Although the whole capital to start with belonged

The National Capital will be greatly improved within a decade by the construction of splendid edifices. There is a sign denoting a shrinkage in prices and a gradual decline in wages, but the seers declare that the low standards prevailing before the war never will be reached. Persons whose birthdate it is should be careful to avoid new enterprises. They should not dispute or go to law, for they will not be lucky. Children born on this day are likely to be trustworthy and sensitive. They should be trained to self-reliance and confidence in their own possibilities.

Mr. and Mrs. Neil S. Dow, of Winnipeg, have arrived at the Empress Hotel.

K. C. Campbell, of London, England, is a guest at the Empress Hotel.

W. A. Foot, of Revelstoke, is staying at the Dominion Hotel.

NATIVES CRITICISE DRINKING HABITS OF OFFICIALDOM

Miss Agnes Slack Describes India to Women's Canadian Club

That Christianity as exemplified by British officialdom in India with its acceptance of intoxicating liquor is conducive to a lessening of loyalty among the Mohammedans, whose religion forbears the use of intoxicants, was the statement made by Miss Agnes Slack, the noted temperance advocate and secretary of the World's W. C. T. U., in the course of an intensely interesting address on "Our Eastern Empire" before the Women's Canadian Club yesterday afternoon.

Temperance a Potent Factor. To show the value of temperance as a potent factor in making for successful rule in India, Miss Slack cited the case of a resident magistrate at whose house she had been a visitor some years ago.

Afternoon tea will be served in the lecture room, the arrangements being in the capable hands of Mrs. Sylvester and Mrs. Sinclair. The pleasure of the afternoon will be enhanced by an attractive musical programme, to which Miss Lucille Hall, a little pupil of Miss Heming, will contribute pianoforte solos, and Miss Howard will give violin selections, while other well-known talent will assist.

On Saturday afternoon next the advanced higher and intermediate grade music pupils of St. Ann's Academy will give a recital at the Empress Hotel.

WHAT'S IN A NAME?

One of the quaintest and most whimsical of oracles is that from which Dorothy sprang. Theos and Zeus, father of the gods, were identical terms in ancient Greece. From Theos came many masculine names and one feminine, Theodora, which signified "gift of God" or "divine gift." Curiously enough, the reversal of the name into Dorothy was speedily accomplished and though absolutely incorrect, gained more prevalence in the Western world than Theodora has ever achieved.

TO-DAY'S JEWELS
The diamond, which might almost be called a victory stone, is to-day's talismanic gem. Those who wear it will never suffer defeat, according to ancient superstition.

### IS GLAD SHE TOOK ADVICE OF FRIEND

Mrs. Godbout Says She Has Regained Health by Taking Tanlac

"My friend certainly was right when she told me Tanlac was the best medicine in the world," said Mrs. C. Godbout, Coquitlam, B. C., in relating her experience with the medicine recently.

"For more than a year I could hardly eat enough to keep me up, and many days I wouldn't even sit down to the table. I had to eat only the lightest of foods, and even these bloated me until it looked like I would smother, my heart palpitated frightfully, and I could hardly endure the pains in my stomach. Every day I had sick headaches which nearly set me wild, and at times the small of my back hurt me so bad I could scarcely move around. I was so nervous I couldn't sleep, and always felt so tired and worn out I could scarcely do my housework.

"One day a friend called to see me and told me Tanlac was the best medicine she ever heard of for troubles of my kind, so I took her advice and started taking it. Well, I've taken seven bottles now, and my appetite was never better, and although I am eating just anything I want, nothing gives me the least pain or distress. I never have a headache or pain in my back, sleep like a child every night, and, in fact, am feeling just as well as I ever did in my life, and my housework is once more a pleasure. Since Tanlac has done so much for me, I just can't praise it highly enough.

Tanlac is sold in Victoria by D. E. Campbell, corner Fort and Douglas, and Lang's Drug Store, Esquimalt Road.

### CABARET LAST NIGHT

The Mayor and Mrs. Porter were among the many patrons of the cabaret held under the auspices of the ladies' committee of the Boys' Scouts' Association at the Criterion last evening. All the tables were taken and the affair proved an unqualified success and should materially augment the funds of the Association. Dancing commenced at 9 o'clock and continued till 11 o'clock, the number of dancers being augmented by an influx of late-comers after the close of counter-attractions in the city. Crimson and green were the coloring used in the effective decorative scheme. Mrs. W. H. Brown and Lieut. R. E. Webb interpolated vocal numbers between the dances. Miss Bolt acting as their accompanist. Mrs. C. F. Gardiner, Mrs. North and Mrs. Pierpoint formed the reception committee and had charge of the arrangements, considerable credit being reflected on them for the success of the entertainment.

A modern Chamber of Commerce means a bigger, better and more prosperous Victoria for you.

"Say it with cards," Diggon.

### Premier Challenges Mr. Bowser to Debate

Premier Oliver, through Dr. Lewis Hall, honorary president of the Victoria Liberal Association, last night issued a public challenge to W. J. Bowser, K. C., leader of the Conservative party, to meet him on a public platform in Victoria in open debate.

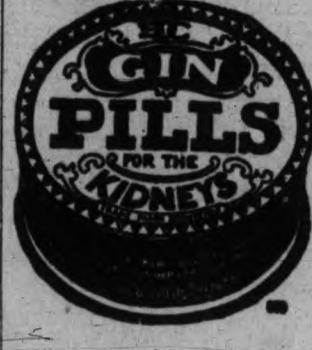

"The Premier will meet him any night Mr. Bowser or his supporters choose," Dr. Lewis Hall announced. "The Premier will meet him on equal terms. If Mr. Bowser and the Conservatives want to accept this they can come to me and we will have a joint debate."

Following his announcement, Dr. Lewis Hall, sent this letter to-day to J. O. Dunford, president of the Victoria Conservative Association:

"Dear Mr. Dunford: Through, and on behalf of, the Honorable, the Premier, John Oliver, I beg to challenge Mr. W. J. Bowser, K. C., to a joint debate to discuss the issues of the day, relative to politics; the place and time of meeting in Victoria, to be arranged, and on equal terms either by yourself or an agent of Mr. Bowser with the undersigned.

"An early reply will greatly oblige, as we have not any time to spare before election.

LEWIS HALL."

### HOPE TO SETTLE SAANICH STREET CAR DISPUTE SOON

B. C. Electric Manager and Saanich Representatives Hold Conference

As a result of a conference this morning between representatives of Saanich municipality and A. T. Goward, local manager of the B. C. Electric Railway Company, the company's application for permission to charge a six-cent fare on local lines, it is expected, will go before the Board of Railway Commissioners within the next few days. While no definite agreement was reached at the conference to-day the Saanich representatives, it is understood, will take the matter up with the Saanich Council to-morrow and give the company an answer soon.

At last meeting last week Saanich Council decided to withhold its approval of the company's request for permission to charge a six-cent fare on lines operated in Saanich unless the company agreed to allow a seven-cent lighting rate beyond the three-mile limit. At a meeting yesterday afternoon the company received a letter from Mr. Goward, who stated that, should Saanich refuse to agree to a six-cent fare on the Saanich lines, the company would withdraw his voluntary offer of the seven-cent lighting rate in the three-mile zone. The Council decided not to hold out for the extension of the seven-cent lighting rate beyond the three-mile limit but to request from the company a written agreement that the Railway Board rate would be granted in the three-mile zone if the six-cent fare were allowed.

At this morning's conference the whole question was discussed and after the meeting the hope was expressed that the last remaining issue in the long-drawn out street car question would be settled in time to allow the Railway Board to pass upon it this week. Reeve Watson and Municipal Clerk Cowper represented Saanich at the conference.

Esquimalt, Oak Bay and the city have agreed to the company's request for six-cent fare privileges.

Victoria Sinking Fund Short.

"Conditions in our municipalities are bad. In the city of Vancouver as well as in Victoria they are short in their sinking fund.

"I want to see order brought into the municipalities, like that which has been brought into the Government across the Bay by bringing expenditure within the revenue. There must be greater supervision over City Hall expenditure.

Premises Cure No Ills.

"These are illis that must be cured and they can be cured permanently by no 25 per cent tax such as Mr. Bowser promises. Municipal finances cannot be solved by pre-election promises.

Hon. Mr. Hart explained that one of the causes of the trouble into which municipalities have now put themselves is that they went on spending recklessly until their borrowing limit of 10 per cent, on the total assessment was reached. Then they went to Mr. Bowser's Government, which was in power and the Government gave permission for the assessments to be increased so that the municipalities could go on and borrow more money.

"The municipalities will share in the profits of the sale of liquor under Government Control," Hon. Mr. Hart went on.

"The Government will give every consideration to the placing of municipalities on a sound financial basis."

Denial of Hon. John Hart's charge that a coterie of Bowser supporters at the City Hall got together and tried to make a "political situation" a "political issue" were voiced by members of the City Council to-day. Indeed, with the dispute over whether the city faces a current deficit or not in full swing, and provincial politics involving the venerable institution, the hall is a lively place to-day.

Number of the city aldermen who visited the hall this morning discussed Mr. Hart's charges, and declared that they were utterly without foundation. Mayor Porter was consulted also and he also expressed this opinion. "There was no political motive whatever behind our request that the municipalities of the Province be given financial relief," said the Mayor. "We simply wanted to put before the leaders of the two parties the situation of the municipalities about which a group of Bowser supporters engineered the matter is concerned, actually a majority of the Council, I understand, has voted Liberal in the past."

Home-made, but Has No Equal for Coughs

Makes a family supply of really dependable cough medicine. Easily prepared, and saves about \$2.

If you have a severe cough or chest cold accompanied with soreness, throat tickle, hoarseness, or difficult breathing, or if your child wakes up during the night with cough and you want quick help try this reliable old home-made cough remedy. Any drug-rist can supply you with 2½ ounces of Pinex. Pour this into a 16-ounce bottle and fill the bottle with plain granulated sugar syrup. Or you can use clarified molasses, honey, or corn syrup, instead of sugar syrup, if desired. This recipe makes 16 ounces of really remarkable cough remedy. It tastes good, and in spite of its low cost, can be depended upon to give quick and lasting relief.

You can feel this fake hold of a cough in a way that means business. It loosens and raises the phlegm, stops throat tickle and soothes and heals the irritated membranes that line the throat and bronchial tubes with such promptness, ease and certainty that it is really astonishing.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, and is probably the best known means of overcoming severe coughs, throat and chest colds. There are many worthless imitations of this mixture. To avoid confusion, ask for 2½ ounces of Pinex, with full directions and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Toronto, Ont.

### City Aid Issue Alleged As Plot of Politicians

Hon. John Hart Comes Out For Complete Reorganization of Municipal Government in British Columbia Because of Councils' Failures; B. C. Union President Behind Stand of Premier.

The whole issue of aid to municipalities put up to the Government last week, only a few days before election, is nothing but a political move, according to information given out when the Hon. John Hart to-day issued the telegram from Councillor Jack Loutit, president of the Union of B. C. Municipalities, explaining to Premier Oliver the stand taken by the official municipal body towards the delegation that demanded promises from the Premier and Mr. Bowser last week.

This telegram was sent from Vancouver to the Premier on November 14, the day before the delegation arrived at the Parliament Buildings, by Mr. Loutit:

"We understand a delegation is interviewing you to-morrow re municipal taxation. We respectfully request that no decision be reached until the Union of B. C. Municipalities has the opportunity of placing its view before you. We have delayed asking for an interview with the Cabinet as we desired to avoid making this subject a political issue. We would appreciate an interview as soon after election as convenient.

"Jack Loutit, President."

Coterie of Politicians Busy.

Mr. Loutit is a councillor of North Vancouver, and was re-elected president of the Union this Fall at Nelson. In making public this telegram, Hon. Mr. Hart dealt with the whole inefficient system of administration at City Halls throughout the Province, and came out for a complete reform of Municipal Government in British Columbia.

"A few of Mr. Bowser's supporters around the City Hall here got together this little coterie of politicians and tried to make the question of aid to municipalities a political issue," said Hon. Mr. Hart.

Bribery to Get City Votes.

"Premier Oliver took the view that the whole question is too serious for that. We could easily have promised anything like Mr. Bowser does, but it is all an effort to bribe you by paying you \$5, for your votes. People are thinking too seriously just now to be misled by Mr. Bowser in this way.

"We would rather think of our efforts to make the question of aid to municipalities a political issue," said Hon. Mr. Hart.

City Hall System Wrong.

"We find the whole system at our City Hall wrong. The members of the council spend their whole year trying to get elected again.

"Why they have no policy, no vision, no future, not even a spotless future!

"The term of service, in the first place, should be increased to four years.

"To get efficient service we might have a city manager with mayor and aldermen as an advisory council.

City Manager Success.

"As an example of this, take South Vancouver, where we had to step in because of the state their affairs had got into, and where we put a manager in. That municipal manager is rapidly bringing the municipality back on its feet.

"It is not the fault of our administration when you find municipal conditions like you have in the city of Victoria with debts piled up for all sorts of schemes brought in by in-

fluence brought to bear on the aldermen.

Victoria Sinking Fund Short.

"Conditions in our municipalities are bad. In the city of Vancouver as well as in Victoria they are short in their sinking fund.

"I want to see order brought into the municipalities, like that which has been brought into the Government across the Bay by bringing expenditure within the revenue. There must be greater supervision over City Hall expenditure.

Premises Cure No Ills.

"These are illis that must be cured and they can be cured permanently by no 25 per cent tax such as Mr. Bowser promises. Municipal finances cannot be solved by pre-election promises.

Hon. Mr. Hart explained that one of the causes of the trouble into which municipalities have now put themselves is that they went on spending recklessly until their borrowing limit of 10 per cent, on the total assessment was reached. Then they went to Mr. Bowser's Government, which was in power and the Government gave permission for the assessments to be increased so that the municipalities could go on and borrow more money.

"The municipalities will share in the profits of the sale of liquor under Government Control," Hon. Mr. Hart went on.

"The Government will give every consideration to the placing of municipalities on a sound financial basis."

Denial of Hon. John Hart's charge that a coterie of Bowser supporters at the City Hall got together and tried to make a "political situation" a "political issue" were voiced by members of the City Council to-day. Indeed, with the dispute over whether the city faces a current deficit or not in full swing, and provincial politics involving the venerable institution, the hall is a lively place to-day.

### JAPAN EDITOR VISITING IN CITY

Hauzan Ishikawa, an editor-in-chief of Yoro-zu-Choho of Tokio, one of the largest newspapers in Japan, was due here from Vancouver on his way to Seattle this afternoon.

He has brought with him from Japan a special edition called "America"

Printed in English, published by the Yoro-zu-Choho, and personally delivered them to the prominent persons in the United States trying to create a better understanding between the United States and Japan. He is now touring and studying the conditions along the Pacific Coast.

Just a year ago, Mr. Ishikawa personally presented to King George V. famous Japanese sword in the name of Yoro-zu-Choho.

He is expected to stay here two hours.

### DON'T FUSS WITH MUSTARD PLASTERS!

Musterole Works Without the Blister—Easier, Quicker

There's no sense in mixing a mess of mustard, flour and water when you can easily relieve pain, soreness or stiffness with a little clean, white Musterole. Musterole is made of pure oil of mustard and other helpful ingredients, combined in the form of the present white ointment. It takes the place of mustard plasters, and will not blister. Musterole usually gives prompt relief from sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bite, colds, the chest (it often prevents pneumonia).

### TO AUCTION CARTOON

Capt. Bairnsfather Invited to Help Rotary Christmas Tree Fund To-morrow.

Owing to the indisposition of the Lieutenant-Governor, the G.O.C., Brig-Gen. J. M. Ross, C.M.C., D.S.O., has kindly consented to introduce Capt. Bruce Bairnsfather in his talk "Old Bill, Me, and the Income Tax" to be given at the Royal Victoria Theatre to-morrow evening.

Capt. Bairnsfather has been invited to draw a cartoon, during his talk, in reference to the Rotary Christmas Tree, the cartoon to be auctioned off in aid of the Christmas tree fund.

### CORNER STONE READY TO BE LAID

Saanich War Memorial Health Centre Ceremony on Saturday Afternoon

The corner stone of the Municipal Health Centre in Canada is to be laid at Royal Oak on Saturday next, when the Saanich Municipality will formally inaugurate the building of its War Memorial Health Centre. Dr. Henry E. Young, Secretary of the Board of Health for British Columbia, is to officiate at the laying of the corner stone, which is to take place at three o'clock at the buildings, corner of Clifford Avenue and Saanich Road.

Brigadier-Gen. J. M. Ross, G.O.C., M.D. 11; Col. the Rev. G. A. Wells, and Col. the Rev. G. H. Andrews have been invited to attend. A number of veteran organizations will be represented.

The proceedings will be under the supervision of the Women's Auxiliary to the Victorian Order of Nurses for Saanich, while Reeve G. F. Watson is to officiate as master of ceremonies. The first municipal health centre to be laid anywhere in Canada is to be in course of construction, and the roof will be on by the end of this month, according to the joint architects, Mayor E. B. Bourke and H. G. Rice, who drew up the plans for the structure. Williams, Terise and Williams are the contractors in charge of the building operations. The building is to be completed early in the new year, most probably in the month of January.

BRIEF LOCALS J. B. A. A. Practice.—A practice of J. B. A. A. rugby players will be held in the J. B. A. A. gymnasium at 8 o'clock to-night. Women and Labor Party.—To-night at the Crystal Theatre Mrs. Rose Henderson will give her final address of the series for the Federated Labor Party. As For Guns.—The civic authorities of Victoria at present are considering the request of Sooke residents that one of the war memorial guns presented to the city be sent as a present to Sooke. Turn Down Bond Drive Plan.—While no definite decision has been reached on the matter, it is understood that the civic authorities do not favor the plan suggested to them by local bond dealers, that they float a domestic loan and stage a miniature victory loan drive to sell the bonds. They prefer, it is stated, to finance through the banks.

Reciprocal Meeting.—The Young People's Society of Emmanuel Baptist Church held a "Reciprocal" meeting on Monday evening at eight o'clock. Miss Osborne Jones, Miss Violet Parfitt and Robert Jones were the vocal soloists; George Green gave a cornet solo; the president, Geo. Francis, gave a paper entitled "Gleanings," and Miss Violet Davies gave a short address. G. A. U. V. Ladies' Auxiliary.—The general meeting of the Ladies' Auxiliary to the G. A. U. V. was held last night at the club rooms, with the president in the chair. Business matters were discussed and new members admitted, while final arrangements were made to help the men who are running their regular semi-monthly dance to-night.

"Women of the Guard."—A capacity house greeted the performance of Gilbert and Sullivan's "Women of the Guard" by the Victoria Operatic and Dramatic Society at Pantangas Theatre last evening. The performance will be repeated at the same theatre on Monday and Tuesday evenings of next week. Victoria Dramatic Club.—The postponed social and business meeting of the Victoria Dramatic and Operatic Society will be held at the club rooms this evening. Owing to unavoidable circumstances the usual type of convoked programme has had to be abandoned, and members are requested to come prepared to assist with items for an impromptu entertainment.

Kiwanis Club Aid Youth.—As a result of the plea of the Rev. A. de B. Owen, who yesterday addressed the Kiwanis Club on behalf of a case that had attracted his notice in the police court, a fund was donated by the members towards a fund for the youth, who was charged with theft while desperate from lack of work. Several Kiwanians also promised to aid the boy, and his two brothers in their efforts to find work.

Hearing Adjourned.—In the case of Twigg vs Belmont Investment Company, which was called before Mr. Justice Gregory in Supreme Court Chambers this morning, the matter was stood over until a transcript of the evidence of Mr. Twigg taken on discovery is returned, twenty-four hours notice being required. The case affords a question of costs and an interpleader action. H. A. Maclean, K.C., is acting for Twigg and J. R. Green for the company.

Valuable Antique Clock.—Being impressed with the urgent need for funds for the starving children in Europe, Mrs. M. Malon has given the British Empire Relief Fund a very valuable old French clock, which it is hoped to dispose of to advantage. The campaign to raise funds for this deserving cause will be continued all week and contributions will be welcomed at 841 Fort Street and by the Hon. Treasurer Red Cross Society, Belmont House, and at the office of the daily newspapers of the city.

Parent-Teachers' Met.—About sixty members attended the meeting of the Parent-Teachers' Association of the Margaret Jenkins' school last evening, when the conveners for the various standing committees were appointed as follows: Educational, Mrs. J. W. de B. Farris; Building and Equipment, W. Hyslop; Ground and Gardens, J. W. Clarke; Library, Mrs. Green; Piano Fund, W. H. Gee and J. R. Hartley, secretary. Various reports were presented, and Mrs. Baylis announced that in aid of the funds a sale of work would be held in the Presbyterian Schoolroom, Wildwood Avenue, on December 2. The Willis Piano Company had kindly lent a piano for this meeting, and Miss Winifred Redfern sang a solo, "The Bells of Twilight," which was received with such enthusiasm that an encore was granted. Miss Ford was the accompanist.

OBITUARY RECORD The funeral of the late Herbert T. Yarwood, who died on Saturday night as the result of an accident the same day, took place yesterday afternoon from the B. C. Funeral Chapel at 2:30 o'clock, where an impressive service was conducted by the Rev. G. H. Andrews. There was a very large attendance of friends, the chapel being filled to overflowing, and the large number of floral tributes demonstrated the high esteem in which the young man was held. The members of the A. O. F. paraded in a body, as also did the ladies' lodge, which announced that they had a large number of floral tributes. The funeral was conducted by the Rev. G. H. Andrews, and at the graveside P.C.R. Arthur Manson officiated. The hymns sung were "Nearer My God to Thee" and "Abide With Me." Interment was made in Ross Bay Cemetery. The pallbearers were A. Jackson, A. Market, H. F. Bowers, A. G. Manson, C. M. Richie and L. G. Macdonald.

The funeral of Mrs. Alice Lynch, whose death occurred on the 19th inst., took place yesterday afternoon from the Thomson Funeral Home at 2 o'clock, Rev. F. H. Fatt officiating. Many friends gathered to show their last respects to her. She leaves to mourn her loss her husband, Charles H. Lynch, and two young children. The casket was covered with beautiful floral tributes, among them being a large wreath from the Grand Army of United Veterans. The pallbearers were M. A. Orford, H. S. Webb, T. N. Hibben, Jr., T. Mould. Interment was in Ross Bay Cemetery.

The death took place this morning at Craigdarroch Hospital of William Anonadale Taylor, beloved husband of Mrs. Florence Helen Taylor, 1128 Burdett Avenue, aged 44 years. He was born in London, England, and had been a resident of this city for the past eight years. He is survived by his widow, of this city, a mother, two brothers and two sisters in London, England. Before enlisting in the C. A. S. C. in 1914 he was travelling salesman for the Island and B. C. Hardware Co. of this city, and was a member of the Grand Army of United Veterans. The funeral will take place on Friday, November 26 at 2 o'clock from the Sands Funeral Chapel. Interment will take place at Ross Bay Cemetery. The funeral took place this morning of Mrs. Agnes Mary Renz. The cortege left the B. C. Funeral Chapel at 8:45 for St. Andrew's Cathedral, where requiem mass was sung by Rev. Father Silver. Rev. Father Letemier officiated at the graveside at Ross Bay Cemetery. The pallbearers were F. A. Bentley, W. Ahern, F. J. Sehl, J. Danes, L. Toye and G. E. Hartnell.

OBJECTIVE ALMOST REACHED THIRD DAY Total of 541 New Members For Chamber of Commerce Reported at Noon PLURALS R. P. Rithat & Co. 7 David Spencer, Ltd. 6 Gordons, Ltd. 4 Sprout-Shaw Business Institute 4 Smith & Champion 3 Angus Campbell & Co., Ltd. 3 Ship Chandlers, Ltd. 2 Brett & Ker, Ltd. 2 B. C. Cement Co. 2 Turner Beeton Co., Ltd. 2

With the objective almost reached at the end of the third day's canvass, the total number of members signed on for the new Chamber of Commerce stood at 541 at noon to-day. The total which the several teams set out to get on Monday morning was 600 and to all appearances the membership will run up to at least 1,000, and possibly 1,200 before the end of the campaign. Great enthusiasm prevailed at the luncheon at the Dominion Hotel to-day when the results were made known. The greatest harmony and co-operation exists among the workers and all are determined to secure as many members as possible and to make the organization the biggest factor possible in the development of the city. As already announced, the total at noon Tuesday was 375, which means that 166 new members were signed on since then. With only 59 more new applications required to reach the objective of 600 members, it is safe to say that before night the total will have been reached. Team Captain Scurrah, Team 14, again repeated yesterday's performance by walking off with the record for the most members secured during the day. Yesterday and to-day he led the field with a score of 20 new members. He leads also the entire campaign, having secured a total of 48 members during the three days. In the divisional contest, R. A. Playfair, Division No. 1, led the field with 31 new members and he also leads the whole divisional contest with a total of 142 members. President J. H. Beatty announced that at noon Thursday the whole city would be thrown open, all territory limits being then abolished and canvassers free to approach anyone in any section of the city. Thursday's spot luncheon will be held at the Empress Hotel with the Rotary Club. A short programme will be given and the luncheon then turned over to the campaign crews for reports.

New Members. The following is the list of new members signed up yesterday: B. Anderson, E. G. Adams, W. E. Adams, A. M. Aitken, Wm. Angus, D. Aris, C. Ascroft, C. B. Bagshaw, F. J. H. Baines, W. J. OREGON GOVERNOR HERE In Early Days He Was Prospector in Kootenay and Still Retains Interest in British Columbia. Governor Ben. W. Olcott, of Oregon, arrived in Victoria this morning. He called on Premier Oliver at the Parliament Buildings but found that the Premier was campaigning on the Mainland. He called up Alderman Todd, an old friend, however, and spent part of his time here with him. Governor Olcott in his early days was a prospector in the Kootenay country, and because of this association is much interested in British Columbia. He is now on his way to the Eastern States to attend the convention of the Governors from all parts of the United States. He is making the trip by British Columbia and the C. P. R.

Many Tonics fail to strengthen because they are minus true food values. Scott's Emulsion is the worthwhile tonic that builds up the body and restores strength through nourishment. Action For Trespass.—In the Supreme Court this morning, before Mr. Justice Gregory, the action of Goddard vs. Bainbridge Lumber Company was continued and is still proceeding. The action is one of trespass, it being alleged that the company did not take the proper measures to secure appropriation of a strip of roadway necessary to permit

DR. J. C. DOUGLASS' KIDNEY PILLS FOR WINTER MONTHS With the exception of some flying being done by the B. C. Air Station in completion of the aerial survey work in the Kamloops district, little or no flying is now being carried on in British Columbia. The B. C. Air Station completed a series of aerial photographs of the Kamloops district, operating from Kamloops Lake in an F3 flying boat, working in conjunction with a field party for the Department of Lands, Eddie Hubbard, U. S. aerial mail service pilot, is still flying his regular schedule, meeting incoming and outgoing vessels for the Orient with late mails from the United States. George Weiler and Mrs. Weiler were among the most recent Victoria passengers to visit the States by this means. Mr. Weiler is acquainted personally with the mail pilot, having flown with him in Texas and San Diego, instructing for the U. S. Department of Aviation during the war. Call Soldier Meeting.—A special meeting open to all returned soldiers will be held in the New Trades Hall, formerly known as Boltermakers' Hall, Broad Street, opposite the Crystal Theatre, to-morrow evening at eight o'clock. The speakers will be C. K. Christian and Robert F. McLerman, two of the candidates of the Soldier-Labor-Farmer Party in Victoria, who will deal with the position of Canon Hinchliffe and J. B. Clearius in the present campaign. This will be the only occasion on which Mr. Christian and Mr. McLerman will be able to meet their former comrades in arms, and they have extended an invitation to all returned men, including Canon Hinchliffe and Mr. Clearius, to be present. "Say it with cards." Digges.

## Amateur Hockey Circles Are Stirred by Charges

### Trouble Has Arisen Over Victoria Not Getting Presidency of B.C.A.H.A.—John Mowat Called on Carpet

Since the annual meeting of the B. C. Amateur Ice Hockey Association two weeks ago there has been a ruffling of waters in local amateur hockey circles. The trouble has arisen over the failure of Victoria to capture the presidency of the provincial organization. John Mowat was the disappointed nominee for the controlling office and he is alleged to have charged Percy Watson, secretary of the Victoria Association, with aiding and abetting in bringing about his downfall. In view of what Mr. Watson considers were unwarranted attacks, he resigned the office of secretary-treasurer of the B. C. Hockey Association a few days after his election.

This matter was brought up at the executive meeting of the Victoria Amateur Hockey Association held last night. Mr. Watson called for an investigation in order to clear up the differences between himself and Mr. Mowat.

**The Charges.**  
Mr. Mowat feels that he was not fairly treated in the election and his alleged charges include an incorrect count of ballots, that some official in Victoria had given official information, without authority, to Vancouver; that there would be no nominations from Victoria for president, and several other minor items.

After listening to the alleged charges President Dan O'Sullivan stated that an investigation would be held and that Mr. Mowat would be called upon to prove his charges.

"A meeting will be called and all the delegates who attended the annual meeting of the B. C. A. H. A. will be asked to be present," said the president. "The charges will be openly discussed. Mr. Watson has re-

signed as provincial secretary until these charges are investigated."

**How Trouble Started.**

For many years Mr. Mowat was President of the local hockey association and did much to boost the game in this city, but just before the annual meeting of the Victoria A. H. A. this year he allied himself with a new body which it is alleged intended to break up the B. C. A. H. A. U. and control amateur sport in this city. At the annual meeting of the hockey body the delegates decided to stand by the B. C. A. H. A. U. and this decision broke the back of the opposition to the Amateur Union. Mr. Mowat was dropped from the presidency and Dan O'Sullivan elected in his place.

Mr. Mowat held the vice-presidency of the B. C. A. H. A. last year and counted on elevation to the presidency at the last annual meeting. Mr. Mowat's stand in the amateur matter imperilled his support. However, when it was announced by W. G. Betschen that a moral obligation rested upon the association to give the presidency to Victoria the local delegates consolidated and voted for Mr. Mowat. Vancouver, however, outvoted the locals and W. G. Chester was elected. It appears that when the B. C. A. H. A. was formed the presidency was to come to Victoria after being held in Vancouver for two years.

**Why He Resigned.**  
Mr. Watson refused to hold office in the B. C. A. H. A. in view of attacks made upon him. If Mr. Mowat can prove his charges Mr. Watson probably will retire from the hockey field but if substantiation is lacking he will more than likely stand by the ship.

**BAYS WILL PRACTICE**  
The J. B. A. A. rugby team will hold a workout in the club gymnasium at 7 o'clock this evening. The players intend to be in the best of shape to meet the Wanderers on Saturday afternoon.

## ARGOS MUST REPLAY GAME WITH TORONTO

### Toronto Claimed They Should Have Had Two Additional Points

Toronto, Nov. 24.—The Canadian Rugby Union has decided that the last half of the Argonaut-Toronto game played last Saturday must be replayed. It will take place next Saturday, and consequently the proposed game between the winners and the losers of the Argonaut-Toronto game has been postponed. It is not known whether Varsity will be prepared to play the final at a later date.

The decision to order the last half of the Argo-Toronto game replayed was the result of a protest entered by Toronto that they were entitled to two more points than they were allowed. The replay will start with the score 2-0 in favor of Argonauts. The final score Saturday stood 14-6 for Argos.

## TO BOOST BOWLING AT ARCADE ALLEY

Indoor bowling is to come back into favor in this city. Frank Moore and Harry Ballou have decided to re-open the Arcade Bowling Alley in the Pemberton Building on Friday evening next. The new managers hope to inaugurate several tournaments, and finally to stage a city championship. They hope to be able to work up sufficient interest to enter into competition with Vancouver bowlers.

Both Mr. Moore and Mr. Ballou are well known in this city, the latter having been in the bowling game for many years. Frank Moore is a prominent baseball player and has captained around the diamond for many years.

Empty whisky barrels at Waynesboro, Pa., distilleries that formally brought \$1.50 are now selling for \$10 each. Before being put to other uses the barrels are put through a process that yields a beverage containing a real "kick."

## HAWAIIAN SWIMMERS SORE AT TREATMENT

Honolulu, T. H., Nov. 24.—It is almost a certainty that Hawaii will send its own swimming team to the next Olympiad, no matter where it is held, and that such a team will not, as it did during the Olympiad of this year, constitute a part of the American team. The Hawaiian swimmers were so disappointed with the poor management of affairs by the Central Amateur Athletic Union that it was a foregone conclusion that it will not send any swimmers to the next Olympiad under the jurisdiction of the mainland Amateur Athletic Union.

The Hawaiian swimmers feel that in having to compete time and time again against scores of second-raters before being allowed to make the team, they were unjustly treated. It is almost certain that unless the mainland Amateur Athletic Union can promise the island swimmers that they need compete but in one tryout before making the team, the Hawaiian team will be sent direct, with island financial backing. This time Hawaiian swimmers had to compete in San Francisco, Chicago, and a third tryout in Antwerp, before they were permitted to become members of the American team.

## HENDERSON CAPTURES BILLIARD HANDICAP

Henderson won the Empress billiard handicap last night. He was the scratch man of the tournament and his opponent was Anderson (r. 75). Henderson played a splendid game and caught Anderson in the first hundred, winning by 31 points. Anderson made several shots, featuring with a carom with both balls in balk. Henderson's best was 33.

## JUVENILES MEETING

The A. O. F. Juveniles' Football Club will meet in the A. O. F. Hall, Broad Street, to-morrow evening at 7:30 o'clock. Important business will be transacted. Any boys wishing a place on the team are invited to attend. For the benefit of boys who cannot attend the meeting and who wish to join the club, Mr. Salloway, honorary secretary, 1121 Pandora Avenue, will be pleased to have their application at any time.

## West and Yarrow to Meet in Keen Battle

### DARTMOUTH RUGGERS PLAYING IN SEATTLE

### Eastern Team Meets University of Washington; Excitement on Sound

Seattle, Wash., Nov. 24.—The Dartmouth football squad arrived in Seattle to-day for the inter-sectional contest with Washington at the Stadium Thanksgiving. The team will work out to-morrow and Friday.

The arrival of the Dartmouth corps only added to the great interest already being shown in the coming struggle. Never in football history has a game attracted as much attention as the Washington-Dartmouth contest.

Coach Leonard Allison and the men of Washington are rushing through their training work. Close followers of the "varsity" who are anxious that the University team make a showing against the famed Hanover eleven are becoming a bit more confident as the date for the game grows near. The purple and gold squad is displaying better form than it has shown all season, according to those who have been watching the players closely. Allison is anxious that in a series of new plays which he hopes will be effective against Dartmouth, and the team is making yardage in scrimmage against the scrubs, using the Dartmouth style of defence.

**Want Dry Field.**  
Washington's chances for victory will be greatly increased on a dry field for the reason that its light backs will be able to obtain a better footing.

If the Stadium field is in good shape the local line should be able to open some holes which would help the backs to slip through for the necessary yardage. The line is undoubtedly favored by a heavy field. Led by Capt. Jim Robertson, the visitors, averaging sixteen pounds heavier than the varsity backs, could easily use their weight to carry the ball down the field.

From the dope on the lineup of the two teams Dartmouth has the advantage in a series of new plays which he hopes will be effective against Dartmouth, and the team is making yardage in scrimmage against the scrubs, using the Dartmouth style of defence.

**ROYAL OAK TO HAVE BASKETBALL TEAMS**  
Royal Oak is going in for basketball. At a meeting held the other night the Royal Oak Basketball Club was formed and the following officers were elected: W. Quick, president; T. Bull, vice-president, and E. Heale, secretary-treasurer. Between fifty and twenty young men and nine young ladies were enrolled as members.

The club will hold its first meeting on Monday, November 29, when it is hoped that arrangements will be made for matches with other clubs. The Royal Oak Hall is to be used by the club.

**LOOKING THINGS OVER**  
It is gratifying to know that the difference between the British Columbia Rugby Union and the B. C. A. U. have been amicably settled. As long as these two unions were at logger-heads the athletic condition of the Province could not be termed healthy. While they kept apart they were able to wage a successful argument, but when they got together and talked the matter over it was discovered that the gap between them was not so big that it could not be bridged. And so to-day the two unions have shaken hands and the athletes who play Rugby are again almost pure amateurs and the other branches of sport will be bolstered up by their re-appearance.

The Rugby union held that the International Rugby Union rules were to be their guide. These rules allow a professional in another branch of sport to play Rugby. The B. C. branch of the A. A. U. of C., which is the leading amateur body in this country, does not allow a professional to play with amateurs. The Rugby people ignored the warning of the amateur official with the result that the personnel of three Rugby teams, about forty-five in number, was suspended. The J. B. A. A. team refused to break these amateur rules. Some of the Rugby players, when they tried to break into other sports, found that they were barred. At the exhibition given here last week by the Australian swimmers D. Grubb and I. Blythe were not allowed to swim owing to the breach they had committed. While the amateur union could not interfere with Rugby it held the upper hand when the players tried to get back into other branches of sport. There are many ruggers who do not play other sports, and consequently were not affected, but most of the younger players are keen on all lines of sport, and it would not have been in the best interests of sports if they had been ruled out.

Victoria needs its amateurs intact if it is to provide keen competition for Vancouver. Now that the Terminal City has the "Varsity" to draw on it has a chance to build up brilliant teams in every line of sport. There must be cohesion in the Capital if the Mainlanders are to be prevented from taking all our trophies across the Gulf.

If you don't believe there's something in having a name, look over this: Babe Ruth has been in Cuba with the Giants and has played in fifteen games at \$1,000 per game. He didn't make a single home run in the fifteen, but batted .500 on the total. Torriente, the "Black Babe Ruth," on the other hand hit three home runs in one game last week and on a fourth trip to the plate made a two-run tanger. For his feat he got \$184, which was showered on him as he rounded the bases—and he had to pick it all up.

The Australasian tells how the Australian stepphase horse, Kinlark, came into the Prince of Wales's possession. On the day that Kinlark won the Australian stepphase of \$10,000 at Caulfield, J. M. Niall, owner of the gelding, was entertaining the Prince of Wales at Midway Station, New South Wales, and on his advice the Prince invested \$50 on Kinlark, whose price was 4 to 1. When the news was received that the horse had won, Mr. Niall begged the Prince to accept the animal, and he gratefully did so, expressing the hope that he would win some races with him in England. In addition to winning the Australian stepphase, Kinlark finished second to Jolana in the Victoria Racing Club grand national hurdle of 1918, and second to Iolana in the Victoria Racing Club grand national stepphase of 1920. In stakes, Kinlark has won \$19,780, of which all but \$500 has been for Mr. Niall. Now nine years old, Kinlark is by Kinsecur—Woodcat.

## Youson Clan Must Trim Ship-builders to Keep on Top as Mets Are Almost Sure of Games With Sons

Saturday's soccer feature will be provided by Victoria Wests and Yarrow. They are drawn to play at the Royal Athletic Park. The Wests need to win this game to stay on top for the Metropolis will more than likely annex points when they clash with the Sons of England. The Wests took a tumble on Saturday last when they were defeated by one goal by the Mets. Yarrow is playing a very keen game, and if at full strength will make the Wests step lively to win.

The Mets are drawn against the Sons, and if they are in the same form as last Saturday will no doubt come through on top. The Sons are playing a strong game, and give the Mets an interesting tussle.

The veteran teams are to face each other and the G.W.V.A. should get the points over the Comrades.

**The Draw.**  
The draw for Saturday is as follows:  
**Senior League.**  
Metropolis vs. Sons of England, Central Park; referee, Payne.  
Comrades vs. G.W.V.A. Beacon Hill (lower ground); referee, Lock.  
Yarrow vs. Victoria West, Royal Athletic Park; referee, Jasper.  
Intermediate game postponed from October 9.  
Esquimalt vs. Garrison, Beacon Hill (upper ground); referee, Langton.

**Junior League.**  
S.O.E. Juniors vs. Rocksides Roosters.  
Civil Service vs. Boys' Naval Brigade.  
Victoria Juniors vs. Juvenile Foresters.  
Seaside Rovers vs. James Bay.

The grounds and referees will be settled at the meeting on Thursday. All games will start promptly at 2:45 p. m.

There will be a special meeting of the Junior Division on Thursday evening at 7:30 in the G. W. V. A. rooms, to elect a chairman and secretary to carry out the junior business. All interested are invited to attend.

**SIX BOXING STAGES.**  
Every big boxing match usually has six stages—the talking, the signing, the second talking as to the scene of the conflict, the training, the fight itself and the inevitable aftermath. The Dempsey-Carpenter affair now is in its third stage. Where will the bout be staged? Not so many days ago we were regaled with stories of a bout in Havana—a Cuban syndicate, and so forth and so on. Now all pretense of Cuba seems to have been abandoned. The promoters are anxious to hold the fight in New York, but they are shakier than ever as to the attitude of the boxing commission. The commission itself is reported to be rather shaky. There is a disposition to put on the soft pedal until the situation clears and the new Republican administration indicates just how it wants boxing handled.

**Dolls**  
EVERY imaginable type of doll will be found in Toyland at this store. Prices range from 25c for a little dressed doll up to \$15.00 for "Babs," the wonderful walking doll.

**MACDONALD'S CUT BRIER**

MACDONALD'S "BRIER" has become a Canadian institution. Smoked by the men who made history. In the bush, on the trail, in mining camps, prospectors' huts, factory yards, on trains, steamships, in the luxurious homes and downtown clubs of our Canadian cities—Macdonald's has always been recognized as the smoke.

MACDONALD'S CUT "BRIER"—the same tobacco but in new form—maintains every Macdonald tradition since 1858, and gives to smokers—more tobacco for the money.

### "I Feel as Tho' I Could Not Drag Thru the Day's Work"

is the complaint of many a woman in the household, office or factory. After suffering pain, feeling nervous, dizzy, weak and dragged-down by weaknesses of her sex—with eyes sunken, black circles and pale cheeks—such a woman is quickly restored to health by the Favorite Prescription of Dr. Pierce. Changed, too, in looks, for after taking Doctor Pierce's Favorite Prescription the skin becomes clear, the eyes brighter, the cheeks plump. It is purely vegetable and contains no alcohol.

Druggists sell it in tablets or liquid, or send Dr. Pierce, at Invalids' Hotel in Buffalo, N.Y., 10 cts. for trial package. After taking this well-known remedy you will feel strong and healthy. Such a change in feelings, too—there's sparkle in the eyes, a rose tint in the cheeks, for one has rich, red blood. There's elasticity in every movement and a spring in the step. Love comes to every woman who has bounding health—but when she is pallid, dull-eyed, languid, she has no magnetism, nor does she appeal to any man

### HARDING FRIEND OF BRITISH EMPIRE

Continued Friendship Desired by President-Elect of United States

Halifax, Nov. 24.—In an address before the Halifax Canadian Club, John A. Stewart, chairman of the Board of Governors of the Sulgrave

Institution, New York City, made a strong and moving appeal for good relations and abiding friendship and unity between the English-speaking people, especially urging that the maintenance of Anglo-American friendship and goodwill was essential to the peace of the world.

In the course of his address, Mr. Stewart read a hitherto unpublished letter written to him by Senator Harding, President-elect of the United States. The letter was written during the progress of the presidential campaign and was quoted by Mr. Stewart to show that Senator Harding is not only sympathetic towards a closer understanding between the English-speaking peoples of the world, but believes that it is a great goal toward which the people of both the United States and Great Britain should strive.

An easy way to get rid of headaches and break up colds.

If you are subject to Headaches; often have attacks of Neuralgia; or take cold very easily; you will naturally welcome information of any remedy which has been tested in hundreds of cases just like yours and has given thoroughly satisfactory results.

During the last influenza epidemic, and the wet, slushy days of last spring, DOMINION C.B.Q. TABLETS were recommended to be taken at the first sign of cold; when one felt a headache or Neuralgia coming on.

Those who wisely followed this advice found that one or two tablets relieved the pain, reduced the fever, and broke up the cold.

DOMINION C.B.Q. TABLETS are a combination of Cascara, Bromide and Quinine and are sold by all druggists. They were originated by the National Drug and Chemical Company of Canada, Limited, an assurance in itself of the purity and efficiency of the ingredients. Insist on having Dominion C.B.Q. Tablets.

### ORGANIZED LABOR WILL NOT FORGET

Soldier Labor Candidate Criticizes Government's Scheme to Furnish Work

Complaining severely on the action of Hon. John Hart, in putting men to work on the Indian Reserve at the eleventh hour and characterizing it as a case of a political dodge to catch votes, and also alleging that discrimination had been shown in giving jobs to returned men only, James Dakera, Soldier-Labor candidate for Victoria, last night addressed the electors of Victoria West in Semple's Hall.

Mr. Dakera promised that organized labor in Victoria would not soon forget the action of Mr. Hart. He accused the Government of allowing things to drift along until the eleventh hour and then only one hundred men were put to work, returned men being picked for the pick and shovel jobs. "Returned men are not anxious to have any discrimination shown. There are other men in the city needing work just as well as returned men. Jack Hart has given labor in Victoria the greatest slap in the face that it has ever had and he will pay dearly for it," said the speaker.

Against O. B. U. The speaker explained to his audience why he was no longer associated with Mr. Peirce and he said that the criticism levelled at him by the Federated Labor Party candidates was welcomed, as it only served to clear the atmosphere. It was the One Big Union idea, Mr. Dakera explained, that made him cut away from the Federated Labor party.

Mr. Dooley Speaks. Tom Dooley referred to the record of the Government during the past four years. He said that out of 114 bills passed in the House last session only one dealt with social reform, namely, the Mothers' Pension Act, by which a pittance was handed out in preference to building a workhouse, as the latter would cost more.

Hospitals and schools in the Province should be absolutely free, said Mr. Dooley, if the finances of the Province were in as good a condition as alleged by the Government. He said there were 200 children in Saanich to-day without school accommodation, while poverty prevented others from attending High School.

In his criticism of Mr. Oliver and Mr. Bowser, neither of whom he trusted, Mr. Dooley said, "They are both fish, only one is a hippie and the other a bloater. They call each other sharks and that is what they are. The difference between them is one says he stands for economy with efficiency, and the other claims he represents efficiency with economy." Mr. Dooley pointed out that when war broke out 38,000 men offered themselves for service. Of that number 150,000 were rejected as medically unfit. He had already pointed out that one-third of the Saanich school children were unfit, and in view of the army record it was safe to conclude that one-third of the people of Canada were medically unfit.

It was stated by authorities that if these men had been attended to in their childhood most of them would have been medically fit.

The speaker also pointed out that Dr. Parfitt, a Canadian Medical expert recently reported in The Victoria Times, stated that 35,000 Canadian soldiers were killed in the war and during the same time 42,000 Canadians died from tuberculosis. "Whilst war is hell, there is hell at home with men suffering in silence, while the governments, Provincial and Dominion, being aware of these facts, are doing nothing tangible to relieve the situation.

Mr. Dooley cited a case in Saanich where in a family of the two parents and three children living in a shack formerly occupied by a Hindu who it is said died from tuberculosis, the father is now suffering from the disease, the family is in absolute want, and the Council has to look after the case.

He said that tuberculosis was still on the increase, demonstrating the absolute need of Government hospitals and free treatment.

Mr. Christian Explains. In referring to the attacks that had been made in letters to the press in connection with Mr. Dakera's record, Mr. Christian explained that Mr. Dakera was absolutely medically unfit and was therefore exempted, like many others in the Province. Mr. Christian contended that Mr. Dakera was one of the best workers labor had in the city.

Other political parties had tried their hardest to split the soldier vote by running soldier candidates on their ticket and in other ways. The speaker claimed that the Government had failed in its duty to develop the resources of the Province, which if it had done would have resulted in employment for all and general prosperity throughout the country.

Referring to the work that had been started on the Songhees Reserve, Mr. Christian stated that returned men had worn a trail to the Parliament Buildings during the past two years seeking to induce the Government to start something that would give employment to the large number of men out of work. Making this move on the eve of an election was nothing short of political bribery and corruption.

The Power Government as well as the Liberal administration came in for criticism and the records of both were reviewed.

Owing to continuation of his throat trouble Mr. McLerman did not speak at the meeting.

### FRUIT GROWERS PLAN CO-OPERATIVE SELLING OF CROP

B. C. Fruit Growers' Association to Ballot on Central Selling Bureau

With the idea of establishing a central selling co-operative association of the small fruit growers of the lower Mainland and Island, W. J. Manson, president of the B. C. Fruit Growers' Association, and H. A. Macnaughton, manager of the Gordon Head Fruit Growers Association, have just completed a tour of

the districts named to canvass the growers interested with the idea. Mr. Macnaughton returned to the city Tuesday with the result of his investigations.

Plan Proposed. The B. C. Berry Growers Association was formed last Spring to give co-operation in marketing small fruits," stated Mr. Macnaughton, "and it is now suggested that, owing to the immense growth of the berry producing section of the Province that a central selling organization be established. Some doubt existed as to whether all fruit growers would co-operate, in a scheme that necessitated the enrollment of all to make it a working success."

The idea of the central selling organization would be to further develop existing markets for B. C. soft fruits, and to extend those markets beyond the present limits to absorb the growth of the produce along these lines," he stated.

wack, Central Park, Vancouver and Burnaby, and found that the small and soft fruit growers were unanimous in their decision to establish a central selling association with the objects explained.

"The industry is getting to be immense in size, and the selling association would market the whole crop, and take care to absorb all that was grown, and find a market for the surplus in new fields. We are going to speak here on the island now and in two weeks time will take a ballot on the question.

To Speak On Subject. W. J. Manson, W. H. Eddy, president of the Chilliwack United Fruit Growers, and I are going to address a meeting at the Gordon Head Hall on Friday at 8:00 p.m., and another at the Temperance Hall at Keating at the same time on Saturday. These meetings will not be confined to members of the Fruit Growers Association but will be open to all who intend to enter the commercial production of small fruits. Following this there will be a meeting of the B. C. Fruit Growers Association executive to be held in Vancouver next week when it will probably be decided to take a ballot on the question of the establishment of a central selling association to market the whole crop, and extend the markets."

Mr. Macnaughton explained that the Lower Mainland and Vancouver Island represented almost the entire small fruit growing section of the province, with the single exception of Creston, which has some small fruits, so that the B. C. Fruit Growers Association takes in nearly all in that class of agriculture in the Province.

NO LIFE ON MOON. But There is Likely to Be on Venus. Not Mars, Dr. Plaskett Says.

People are more likely to be found living on Venus than on Mars, Dr. J. S. Plaskett, Director of the Dominion Observatory, said last night at his lecture before the Y. W. C. A. at the Metropolitan Methodist Church. Dr. Plaskett said that there is no life on the moon because of the

absence of air and water. Venus, however, because it is closer to the sun, has a warm climate and a density of atmosphere.

He explained that the Aurora Borealis is caused chiefly by the magnetic energy emanating from the sun. He explained the gases in the sun and had illustrations thrown on the screen.

Star clusters and the Milky Way were described. While two pounds of that gas, stretch around the earth at the equator, the quantity necessary to reach the nearest fixed star is 1,000,000 tons, said Dr. Plaskett.

"Science can only explain the development of the universe, but not its origin. For that we must turn to the Creator." The Rev. Robert Connell and Mrs. Charles Bishop, president of the Y. W. C. A., thanked Dr. Plaskett.

IS STELLAR ACT**

Miniature Musical Comedy  
With Beauty Chorus Fea-  
tures Pantages Bill

"Rolling Along" is the title of a breezy miniature musical comedy that tops the Pantages vaudeville bill this week, beginning with the matinee this afternoon. Kussel and Greenwald, famous on the variety stage for their effective musical productions, are the men behind this offering, and they have spared neither money nor trouble in picking out a top-notch cast to sustain their vehicle.

Charles Wood and Evelyn Phillips are the stars of the show, and then there is a bevy of attractive misses from Broadway composing a beauty chorus which has talent for singing and dancing as well as shapeliness. The girls are stunningly gowned and their settings and atmosphere of the act are such as to brand it one of the best of its kind in stageland.

Vaudeville has a couple of unusually clever farceurs in the persons of Mr and Mrs. Bart Mel-Burn. They

appear here in a novel skit called "On the Sleeping Porch," an incident of New York life, written by Mr. Mel-Burn. Newly-married life presents in this case a series of funny situations and the Mel-Burns make the most of them.

Billy Broad is in Victoria this week to deliver what he calls "The Laugh Barrage," and from advance reports it is well named. Broad works in black face and has a new line of songs, stories and dances with which to entertain.

Chody Jennings, Dot Bostwick and Midge Morrison, a youth and two stunning women, will be seen in "Rhyme and Reason." The trio are billed as "Chod, Dot and Midge." Song, smart chatter and dance are included in the act, and the gowns worn by the girls are distinctive creations.

Selma Braatz, internationally known as foremost among women jugglers, is one of the stars of this bill. She is assisted by Harry Alfred in an act said to develop some genuine thrills.

The show is opened with another instalment of the exciting adventure serial, "Trailed by Three," one of Pathe's most intensely interesting productions.

been the locale of many a motion picture story, but never before, it is claimed, has it afforded a more striking background than in "The Cradle of Courage," William S. Hart's new Paramount picture, which it is at the Columbia Theatre this week. Fredrick Bradbury, who wrote the story from which the picture was adapted by Lambert Hillier, who also directed, is familiar with the haunts of the underworld in the Golden Gate city, and has depicted faithfully the strange by-falls where the derelicts of the Pacific Coast have their habitant. These scenes have likewise been wonderfully portrayed in the picture, and some of the exteriors and interiors far above the average in motion picture settings. Mr. Hart has a virile role, which differs from his western types, and proves his unmistakable versatility.

**VARIETY**

A tiny toy theatre, measuring not more than three feet high, two feet wide and eighteen inches deep, has been discovered out at the D. W. Griffith studios at Mamaroneck, N. Y. The purpose of the little playhouse reveals the infinite care observed in the preparation of the Griffith photoplays. "The Love Flower," the United Artists' production which will be the feature at the Variety Theatre again to-day. Before a set is accepted for one of Mr. Griffith's productions, it must stand the test of the modern theatre and prove its worth before a very critical jury sitting "out in front." As it would be obviously prodigal to engage a full-sized New York theatre for such experiments, ingenuity has replaced architecture, and this miniature playhouse has been constructed.

**PRINCESS**

To-night at the Princess Theatre the offering is "It Pays to Advertise," that great play that has been the critic talking from coast to coast, not so long ago. This play has to do with the great value of advertising and the romance of the printing press, and the great part it plays in the lives of the people of to-day is brought out very clearly. One might almost expect a play with such a theme to be dull or, but "It Pays to Advertise" is anything but that; it is so full of the snap and dash that appeals to us nowadays that it might well be said to sparkle. It is intensely human and bound to make a strong appeal to all. Each lady who attends the performance of "It Pays to Advertise" to-night will receive a souvenir photo of Tom Sullivan. Also at the Saturday matinee of "It Pays to Advertise" the prizes will be given for the best letter of criticism (from a child) of last week's play, "Boss of Bar Z Ranch." Send your letters early, kiddies, and avoid the rush. To-night the balance of the week "It Pays to Advertise" will be presented with the usual Saturday matinee.

**ROYAL VICTORIA**

Francis McDonald, a good actor, can testify to the truth of the statement that a bear as an opponent in mortal combat is a bad actor. He had an honest-to-goodness fight with a husky of the Burns and he knows whereof he speaketh. This experience came as a part of his lot in the role of a villain in James Oliver Curwood's sensational photodrama, "Nomads of the North," which is showing at the Royal Victoria Theatre again to-night. As the disturbing factor in the plot of the story, McDonald ably catches the heroine (Betty Blythe) all alone in her lonely cabin away out in the woods of the Far North and, when he proceeds to gain his revenge for her wedding another man, her husband's pet bear, Neewa, breaks into the house and accomplishes a spectacular rescue by engaging McDonald in a fight closely resembling the man-to-man battles you often see on the screen, but much fiercer and more exciting. McDonald fought for all he was worth—he simply had to, because though it was only a make-believe on his part, it was not possible to hold the bear very much in check. "I thought I was going to stage a 'play' scrap and the bear got serious then I had to dig in and really try to hurt the big brute, but I really got hurt instead," Mr. McDonald said soon after the picture was completed. "And, let me add just one thing more, an unarmed man in a flesh-to-flesh fight with a bear has no chance in the world—he's sure headed for the other world."

**DOMINION**

Feminism is the underlying theme of "The Restless Sex," the picture attraction at the Dominion Theatre to-day. However, the photoplay, which is the film version of Robert W. Chambers' recent novel of the same name, has nothing to do with suffrage. It treats of the woman who having a taste of independence, wishes to become more than merely a wife and to attain a place for herself in the world of art and letters. Marion Davies, the pretty young star, plays the role of the heroine, an impetuous society girl. Her love of excitement leads her away from the man she loves into an unfortunate marriage, but later true romance asserts itself and the ending is a happy one. Ralph Kellard and Carlyle Blackwell have the leading male parts. "The Restless Sex" has been filmed upon an unusually elaborate scale, with Robert Z. Leonard as the director. A ballroom scene in which over six hundred people take part, a thrilling automobile accident, and scenes in a millionaire mountain camp are features. The picture was made by Cosmopolitan Productions, producers of "Humoresque," and is a Paramount release.

**British Columbia Industries  
have developed under the  
Oliver Government**

THE British Columbia Government Department of Industry, established on July 16th, 1919, while primarily created to assist returned soldiers in starting industrial enterprises, is, after amply fulfilling its first objective with a record of some seventy important industries assisted and launched, now devoting its attention to the wider sphere of general industrial development.

Prospects are good for the increased production of pulp and paper by the erection of new mills, and also for the early establishment of a plant for producing pig iron.

The Government will spare no effort to secure the establishment of these and other important industries.

Aid to mineral development by the construction of roads and trails will be continued.

It is the intention of the Government to direct the efforts of the Department of Industry also along the line of research as well as along the line of loans.

Real assistance has been given to new industries by the Oliver Government. Previous administrations talked about it, but "did nothing in particular and did it very well."

**Vote for Liberal Candidates, Dec. 1**

**CAPT. BAIRNSFATHER  
DUE HERE TO-MORROW**

New Joy With Music at Opera-  
tions, Says Cartoonist  
Facetiously

Captain Bruce Bairnsfather, while serving at the front and incidentally becoming famous as the world's greatest cartoonist, underwent several operations, more or less serious, as the result of the casualties of war. Like Irving Cobb, who has described the humorous side of an operation for appendicitis, Bairnsfather delights in finding scope for his humor in the latest developments of surgical science.

"A new joy is in store for us, he wrote recently. Professor Fisher of Harvard University thinks that surgeons might perform their operations to the accompaniment of music. They hope to make operations a real pleasure. But I have never been able to make a hobby of them. When surgeons want to operate on me and they stand around stripped to the waist, chalking out the various sections until I look like the ground floor plan, and the head surgeon says cheerfully 'Nice day, I get annoyed. Nice day for what, I want to know. When I am being operated on any old day suits me.'

"Professor Fisher suggests that music eases the pain. Many a man with a great future before him has been wrecked on the piano next door. 'My daughter is a fine player,' that is how they all start. 'You ought to suggest what we should do with her. I have often felt like suggesting an operation. You never know. There might be a piece of bone pressing on the brain.'

"But the suggestion that a New York surgeon performs his operations to the accompaniment of music interests me. I have often wondered why they don't make operations more enjoyable. It seems an awful waste of time sitting there being operated on, looking like Sunday's hot joint served up cold on Monday. Besides it is an awful bore.

"At one of the performances in the

**operating theatre the symphony might open with a few bars of a sinister and morbid nature, indicating the presence of nasty symptoms and a delightful phrase suggesting the arrival of the family doctor.**

"Then would follow a poignant and agitated theme on the oboe, indicating the sufferings of the patient and a figure on the violin depicting the patient's wife's anxiety on being told that the temperature was 104 and that an immediate operation was necessary."

In a similar bright vein Captain Bairnsfather will discuss some of the foremost topics of the day, when he makes his appearance to-morrow at the Royal Victoria Theatre. He has selected for his lecture subject "Old Bill, Me and the Income Tax."

**Had An Annoying  
Hacking Cough**  
GOT NO REST AT NIGHT.

Hacking coughs are very wearing on the system. The constant coughing disturbs the rest, and keeps the lungs and bronchial tubes in such an irritated and inflamed condition, that unless you get immediate relief the cough may become settled and serious lung trouble ensue.

There is no better remedy than Dr. Wood's Norway Pine Syrup for relieving all kinds of coughs or colds, combining as it does the lung healing virtues of the pine tree with which is combined wild cherry bark, and the soothing and healing expectorant properties of other excellent herbs and barks.

Mrs. E. J. Ross, Penhold, Alta., writes: "About three years ago I caught a very bad cold, accompanied with a sore throat and hoarseness. I was so hoarse you could not hear me speak. I could get no rest at night with the terrible annoying, hacking cough. I tried several remedies, but they did me no good. I finally saw Dr. Wood's Norway Pine Syrup advertised so I got a bottle. It at once gave me relief, and after using four of them my cough had all gone. Now I always keep it in the house."

"Dr. Wood's" is put up in a yellow wrapper; three pine trees the trade mark, price 35c. and 90c. a bottle. Manufactured only by The T. M. Munn Co., Toronto, Ont.

**RELIEF FUND DRIVE

Red Cross Appeals For Help  
For Stricken Peoples  
of Europe

A writer recently returned from the war stricken areas says of the conditions there "the picture I got was of a too numerous and terrible population plodding through deep mud, its eyes on the ground, seeking, searching. I thought of hungry dogs in quest for food; how they thrust their muzzles here and there sniffing at everything. Ghastly unforgettable faces were lifted up for me to see, and awful hands pawed at me. There was a constant whine of physical distress, a hopelessness that was emphasized by the fact that there was just one day's meagre rations of bread on hand. And the people were dying very fast; dying of weakness and exhaustion and epidemic disease.

"There was a lot of typhus. They talked about the death toll as we might talk about the score in a game of some kind. Everybody, as though it were the most natural thing to do, was eating grass. The women nearly all carried little bunches of grass in their aprons or tied up in loops in their ragged skirts, while one saw grasses sticking out of the men's pockets. There was a constant

**SLOAN'S GOES RIGHT  
TO THE ACHING SPOT**

You Can Just Tell by Its Healthy,  
Stimulating Color, That It Is  
Going to Do You Good.

THOUSANDS of men and women when the least little rheumatic "crick" assails them, have Sloan's Liniment handy to knock it out. Popular over a third of a century ago—far more popular to-day. That's because it is so wonderfully helpful in relieving external aches and pains—sciatica, lumbago, back-ache, neuralgia, overstrained muscles, stiff joints, weather exposure results. A little is all that is necessary, for it soon penetrates without rubbing, to the sore spot. No mass, no stained skin.

12 Druggists—35c, 70c, \$1.40. Made in Canada.

**ROSE TO KING'S COUNSEL FROM DRUDGERY OF FARM**

Although M. B. Jackson, K. C., Liberal candidate for re-election in the Islands, is not now living on a farm, he is able to boast of having gone through more of the drudgery of farm work probably than the men who are running against him as well as many others who are living on farms.

Mr. Jackson was born on a farm in Elgin County, Ontario, educated in the public school there, the Collegiate Institute and finally in Manitoba University. Until he was called to the bar in Manitoba in 1896 all his activities were connected with the farm.

Even after that, when he went as a lawyer to Hamilton, Man., his chief interests were still agricultural. He was chosen by the farmers as their representative to the farmers' annual conventions for years. When his abilities became known the farmers made him a director then secretary and finally president of the Agricultural Society of Manitoba, which corresponds to the Farmers' Institutes of B. C.

**His Ability Recognized**  
"After all this farming experience is the fact that I have the mental equipment to be called to the bar and to be appointed a King's Counsel any detriment to my representing a farming community?" Mr. Jackson said to a friend who asked how he, a lawyer, happened to be chosen and then elected to represent a farming constituency in the British Columbia Legislature.

Mr. Jackson ran for both the Manitoba Legislature and the House of Commons in 1907 and 1908. It was not long after he moved to Victoria that he became noted as a speaker, and was made president

**ORFORD CAMPAIGNS IN PENINSULA**  
The Saanich Soldier-Labor Farmer Candidate Has Aid of City Candidates

**REPORT INDICATES PLACEMENTS BETTER**  
Employment Service Record For the Week Ending October 30

Addresses in the interests of Captain M. A. Orford, the Soldier-Farmer-Labor candidate in Saanich, were delivered last evening at St. Mary's Hall, Oak Bay, and on Monday at Gordon Head Hall.

The city Soldier-Farmer-Labor candidates being free on Monday, the Gordon Head meeting was utilized to hear Councillor Thomas Dooley and James Dakers, who are two of the Soldier-Labor-Farmer candidates in the city.

Mr. Dooley spoke at length on the urgent need of proper representation in the provincial house, and of a carefully constructed educational scheme in connection with the municipal schools. The time was ripe for some action on the lines of planks 11 and 12 in the platform of the Soldier-Labor-Farmer party, viz: Free and periodical examination of the health and dentition of all children during the period of school age, with free dental clinics and hospital treatment, he said, and also for free and compulsory education, including textbooks, with scholarships awarded for University course in accordance with the attainments of the pupils.

Mr. Dakers dealt with the provincial banking system, and took up the plank of the platform. He dealt especially with irrigation and rural credits. He outlined a scheme of conservation of the vast water power of the Province, which is at present going to waste, and which would result in increased production, and a large permanent wage proposition, paying and self-supporting.

H. H. Webb analyzed the legislation of the Oliver Government, and attacked the Bowser irrigation policy. He also had criticism for the Provincial land settlement scheme.

The candidate dealt with the various planks of the platform. He showed that he was prepared to come forward with constructive measures that would undoubtedly be of benefit to the community at large. The iron and steel industry, shipbuilding especially, was on a matter of well thought out co-operation, he argued, and should not be left in the hands of private enterprises (yielding no return, but to the big corporations) but the large natural resources of iron and steel were an asset which could make B. C. on the way to rival any country in commercial supremacy.

**OAK BAY WILL HAVE SURPLUS THIS YEAR**

Both in general and school financing Oak Bay municipality will have a surplus at the end of this year. It is expected that the general expenditure will be several thousands of dollars below the estimates, while the revenue will be sufficiently above the estimates to leave a surplus for the year of about \$10,000.

The Oak Bay School Board should have about \$5,000 on hand at the end of the year. Money will be saved as a result of the Board's decision not to spend certain sums laid aside for school additions and other extraordinary expenditures.

"Say, waiter, there must be some mistake—this steak is actually tender!"  
"Mistake? If it is tender I should say so, sir, and there is going to be trouble. We've gone and served you the head waiter's steak!"—Philadelphia Public Ledger.
