

INDEX

The index is keyed to the DIGEST as published with the DAILY CONGRESSIONAL RECORD; the page references below are listed accordingly, as D5, D6, etc.

The bill numbers of proposed legislation are affixed to the subject references so that the subject matter of each measure will be readily available. The breakdown under each subject divides the action on the proposals according to: Messages from the President, hearings or actions by House or Senate committee or joint or conference committee, consideration or action by House or Senate Chamber on the measures, and the public law number when the bill or resolution has been enacted.

The use of an index so devised serves a twofold purpose: Gives all references to such legislation in the DIGEST as well as accounts for the status and history of each bill or resolution.
