DIRECTORY ADVERTISING BRINGS
SATISFACTORY RESULTS

THE CITY DIRECTORY is the most effective and most economical method of reaching all the people all the time. Those who buy without looking at the list of those who sell do themselves great injustice. The classified lists in the BUSINESS DIRECTORY form the best BUYER'S GUIDE on earth. A modern up-to-date method of getting what you want.

CAN

CANCER

BE

CURED?

IT CAN

WE WANT EVERY man and woman in the United States to know what we are doing. We are curing Cancers, Tumors and Chronic Sores without the use of the knife or X Ray. We are endorsed by the Senate and Legislature of Virginia. Come and see what we have done and are doing; if then you are not satisfied that we do all we claim, we will pay your railroad fare.

The Best Fertilizers for Corn

That the yield of corn from the average farm can be greatly increased by intelligent and liberal fertilization has been repeatedly demonstrated. Large crops of good corn result from preparing the land well, using the right kind and quantity of fertilizer, good seed and proper cultivation.

Virginia-Carolina Fertilizers

will greatly "increase your yield per acre" of corn or any other crop. In some cases remarkable results have been obtained.

Mr. C. W. Caruthers of Sumpter County, Fla., writes: "Words cannot express the value of your fertilizer. It is really so far ahead of other companies' goods, that it would not pay anyone to use other brands, were they given free and put in the field. I can prove what I say to be a fact. I made a test on five acres. I used on one half the land your fertilizer and on the other half another company's fertilizer, same grade; the land received the same cultivation every time. *I kept a correct account of the amount of money I got off each half and I got \$300 more from the land on which I used Virginia-Carolina Fertilizer than I did off the other half. I got four times as much corn from the land on which I used your fertilizer.*"

Write today to nearest office of the Virginia-Carolina Chemical Company for a free copy of the new 1909 Farmers' Year-Book or Almanac, full of the most valuable and unprejudiced information for planters and farmers; or ask your fertilizer dealer for a copy.

I used on one half the land your fertilizer and on the other half another company's fertilizer, same grade; the land received the same cultivation every time. *I kept a correct account of the amount of money I got off each half and I got \$300 more from the land on which I used Virginia-Carolina Fertilizer than I did off the other half. I got four times as much corn from the land on which I used your fertilizer.*"

Write today to nearest office of the Virginia-Carolina Chemical Company for a free copy of the new 1909 Farmers' Year-Book or Almanac, full of the most valuable and unprejudiced information for planters and farmers; or ask your fertilizer dealer for a copy.

SECTION 28 COPYRIGHT LAW IN FORCE JULY 1st, 1909

That any person who willfully and for profit shall infringe any copyright secured by this Act, or who shall knowingly and willfully aid or abet such infringement, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by imprisonment for not exceeding one year, or by a fine or not less than one hundred dollars nor more than one thousand dollars, or both, in the discretion of the court.

...Loyalty...

If you work for a man, in Heaven's name WORK FOR HIM. If he pays you wages that supply your bread and butter; work for him; speak well of him; stand by him and stand by the institution he represents. If put to a pinch, AN OUNCE OF LOYALTY is worth a pound of cleverness. If you must vilify, condemn and eternally disparage, why, resign your position, and when you are outside condemn to your heart's content. But as long as you are a part of the institution do not condemn it. If you do, you are loosening the tendrils that hold you to the institution, and the first high wind that comes along you will be uprooted and blown away, and probably you will never know why.
