Recording of Telephone Conversations

A short "beep" tone heard over the telephone about every 15 seconds indicates that the person with whom you are talking is recording your conversation by means of his electrical recording machine connected to the line. The "beep" signal is produced automatically by a device which connects the recorder to the telephone line and which is provided by the Telephone Company for your protection.

Use of a recorder without this signal is unlawful. If you do not want a record made of what you are saying, ask the person with whom you are talking to disconnect his recording machine. When he disconnects his recorder, the signal is no longer heard.

Dial Instructions

1. Always refer to your Directory for the correct number.
2. Listen for dial tone. If no dial tone is heard, hang up and try again.
3. Dial promptly and accurately. Touch the finger stop with each number dialed and then let the dial return free. If your finger slips, hang up and dial the complete number again.
4. When you have finished dialing you should hear the ringing signal or the busy signal. If you hear the recording "The number you have reached is not a working number—" you have dialed an incorrect office or a non-existent number. Check the directory and dial again.

If you have trouble in dialing, dial Operator (zero). She will be glad to help you.

If you want to know who shares your party line, dial Repair Service and ask.

Service Calls and Emergency Listings

Refer to service codes, emergency listings, reverting call information (to call a party on your party line), and Inter-office Dial Instructions preceding the Alphabetical Listings of each exchange.

IF YOU ARE ON A PARTY LINE

always listen to make sure the line is not in use BEFORE YOU ATTEMPT TO DIAL.

SUBSCRIBERS ON SAME PARTY LINE

TO CALL ANOTHER PARTY ON YOUR LINE

Two (2) methods are used in the Kannapolis Exchange. Please use the method applicable to your line.

(1) **Kannapolis subscribers who receive** a "PARTY LINE CARD" will dial the "SPECIAL NUMBER" as listed on the card.

Do not attempt to dial the number as it is listed in your directory, but refer to your "PARTY LINE CARD" and dial the "SPECIAL NUMBER" as listed on the card. Hang up your receiver after dialing the special number. Your telephone and the called party's telephone will ring. Ringing of both telephones will continue until the called party answers. When ringing stops remove your receiver and talk in the usual manner.

If your telephone does not stop ringing it is evident that the called party will not answer. To stop the ringing remove your receiver and then replace it.

IF INFORMATION FOR DIALING on your party line is required dial 14.

(2) **Kannapolis subscribers who DO NOT** receive a "PARTY LINE CARD" will determine who is on the same party line as follows:

The exchange name and all but the last digit of the directory number will be the same.

EXAMPLE: 932-3456
 932-3457
 932-3458

Do not attempt to call the number as it is listed in your directory, but listen for the dial tone and then dial the numbers 19 followed by the last digit of your listed number and the last digit of the subscriber's number you are calling.

Hang up your receiver after dialing as above. Your telephone and the called party's telephone will ring. Ringing of both telephones will continue until the called party answers. When ringing stops remove your receiver and talk in the usual manner.

If your telephone does not stop ringing it is evident that the called party will not answer. To stop the ringing remove your receiver and then replace it.

IF INFORMATION FOR DIALING on your party line is required dial 14.

TO CALL ANOTHER PARTY ON YOUR LINE

Each party line subscriber will receive a "PARTY LINE CARD" on which will be listed the name and the "SPECIAL NUMBER" of each party on the same party line.

Do not attempt to call the number as it is listed in your directory, but refer to your "PARTY LINE CARD" and dial the "SPECIAL NUMBER" as listed on the card. Hang up your receiver after dialing the special number. Your telephone and the called party's telephone will ring. Ringing of both telephones will continue until the called party answers. When ringing stops remove your receiver and talk in the usual manner.

If your telephone does not stop ringing it is evident that the called party will not answer. To stop the ringing remove your receiver and then replace it.

IF INFORMATION FOR DIALING on your party line is required dial 14.

TO CALL PARTY ON YOUR PARTY LINE

Each party line subscriber will receive a "PARTY LINE CARD" on which will be listed the name and the "CODE NUMBER" of each party on the same party line.

Do not attempt to call the number as it is listed in your directory, but refer to your "PARTY LINE CARD" and dial the "CODE NUMBER" as listed on the card. Then hang up your receiver. Your telephone bell, and the bell at the called telephone, will ring at regular intervals until the called party answers. Your bell will stop ringing when

the called party answers. Then remove your receiver and talk in the usual manner. If ringing continues it is evident that the called party does not answer, so remove your receiver and then replace it in order to stop the ringing and to clear the line for further use. When the called party answers a tone will be heard by this party indicating that someone on the line is calling.

If assistance is required "to call a party on your party line" or if a "Party Line Card" is misplaced or lost—DIAL 14.

TO CALL ANOTHER PARTY ON YOUR LINE

Each party line subscriber will receive a "PARTY LINE CARD" on which will be listed the name and the "SPECIAL NUMBER" of each party on the same party line.

Do not attempt to call the number as it is listed in your directory, but refer to your "PARTY LINE CARD" and dial the "SPECIAL NUMBER" as listed on the card. Hang up your receiver after dialing the special number. Your telephone and the called party's telephone will ring. Ringing of both telephones will continue until the called party answers. When ringing stops remove your receiver and talk in the usual manner.

If your telephone does not stop ringing it is evident that the called party will not answer. To stop the ringing remove your receiver and then replace it.

IF INFORMATION FOR DIALING on your party line is required dial 114.

TO CALL ANOTHER PARTY ON YOUR LINE

Two (2) methods are used in the Mt. Pleasant Exchange. Please use the method applicable to your line.

(1) Mt. Pleasant subscribers who receive a "PARTY LINE CARD" will dial the "SPECIAL NUMBER" as listed on the card.

Do not attempt to dial the number as it is listed in your directory, but refer to your "PARTY LINE CARD" and dial the "SPECIAL NUMBER" as listed on the card. Hang up your receiver after dialing the special number. Your telephone and the called party's telephone will ring. Ringing of both telephones will continue until the called party answers. When ringing stops remove your receiver and talk in the usual manner.

If your telephone does not stop ringing it is evident that the called party will not answer. To stop the ringing remove your receiver and then replace it.

IF INFORMATION FOR DIALING on your party line is required dial 114.

(2) Mt. Pleasant subscribers who DO NOT receive a "PARTY LINE CARD" will determine who is on the same party line as follows:

The exchange name and all but the last digit of the directory number will be the same.

EXAMPLE: 436-2081

436-2082

436-2083

Do not attempt to call the number as it is listed in your directory, but listen for the dial tone and then dial the numbers 8 followed by the last digit of your listed number and the last digit of the subscriber's number you are calling.

Hang up your receiver after dialing as above. Your telephone and the called party's telephone will ring. Ringing of both telephones will continue until the called party answers. When ringing stops remove your receiver and talk in the usual manner.

If your telephone does not stop ringing it is evident that the called party will not answer. To stop the ringing remove your receiver and then replace it.

IF INFORMATION FOR DIALING on your party line is required dial 114.

TO CALL ANOTHER PARTY ON YOUR LINE

Each party line subscriber will receive a "PARTY LINE CARD" on which will be listed the name and the "SPECIAL NUMBER" of each party on the same party line.

Do not attempt to call the number as it is listed in your directory, but refer to your "PARTY LINE CARD" and dial the "SPECIAL NUMBER" as listed on the card. Hang up your receiver after dialing the special number. Your telephone and the called party's telephone will ring. Ringing of both telephones will continue until the called party

answers. When ringing stops remove your receiver and talk in the usual manner.

If your telephone does not stop ringing it is evident that the called party will not answer. To stop the ringing remove your receiver and then replace it.

When the called party answers a tone will be heard by this party indicating that someone on the line is calling.

If assistance is required "to call a party on your party line" or if a "Party Line Cord" is misplaced or lost—DIAL 14.

THE NORTH CAROLINA LAW PROVIDES

Relinquishing Telephones for Emergency Calls

Any person who shall willfully refuse to immediately relinquish a party telephone line when informed that such line is needed for an emergency call to a fire department, or police department, or for medical aid or ambulance service, shall be guilty of a misdemeanor. Such a law also provides that any person who shall secure the use of a party telephone line by falsely stating that such line is needed for an emergency call, shall be guilty of a misdemeanor.

USING PROFANE OR THREATENING LANGUAGE TO ANY PERSON OVER TELEPHONE

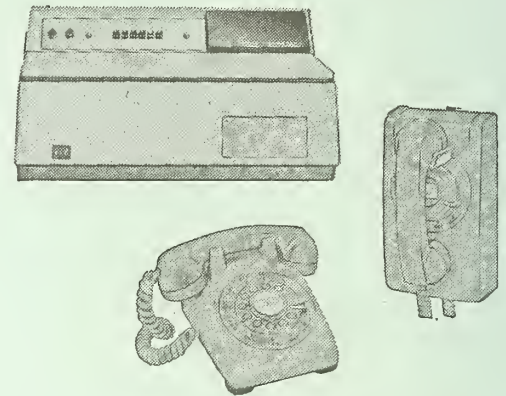

It shall be unlawful for any person without revealing his or her true identity, to threaten any other person over the telephone with violent personal injury or destruction of property. It shall also be unlawful for any person, without revealing his or her true identity, to telephone any other person repeatedly for the purpose of annoying, molesting, or harassing such other person; or to use such vulgar, obscene or lewd language over the telephone, which if published would bring such person into public contempt and disgrace. The violation of the provisions of this section shall be a misdemeanor, punishable in the discretion of the court.

USING PROFANE, VULGAR OR INDECENT LANGUAGE TO FEMALE OVER TELEPHONE

It shall be unlawful for any person to use any lewd or profane language or words of any vulgarity or indecency over the telephone to any female person, or to repeatedly telephone any female person for the purpose of annoying, molesting or harassing such female person. Any person violating this section shall be guilty of a misdemeanor and shall, upon conviction, be fined or imprisoned in the discretion of the court.

TO CALL ANOTHER PARTY ON YOUR LINE

Each party line subscriber will receive a "PARTY LINE CARD" on which will be listed the name and the "SPECIAL NUMBER" of each party on the same party line.

Do not attempt to call the number as it is listed in your directory, but refer to your "PARTY LINE CARD" and dial the "SPECIAL NUMBER" as listed on the card. Hang up your receiver after dialing the special number. Your telephone and the called party's telephone will ring. Ringing of both telephones will continue until the called party answers. When ringing stops remove your receiver and talk in the usual manner.

always listen to make sure the line is not in use BEFORE YOU ATTEMPT TO DIAL.

SUBSCRIBERS ON SAME PARTY LINE

TO CALL ANOTHER PARTY ON YOUR LINE

Two (2) methods are used in the New London Exchange. Please use the method applicable to your line.

(1) **New London subscribers who receive a "PARTY LINE CARD"** will dial the "SPECIAL NUMBER" as listed on the card.

Do not attempt to dial the number as it is listed in your directory, but refer to your "PARTY LINE CARD" and dial the "SPECIAL NUMBER" as listed on the card. Hang up your receiver after dialing the special number. Your telephone and the called party's telephone will ring. Ringing of both telephones will continue until the called party answers. When ringing stops remove your receiver and talk in the usual manner.

If your telephone does not stop ringing it is evident that the called party will not answer. To stop the ringing remove your receiver and then replace it.

IF INFORMATION FOR DIALING on your party line is required dial 914.

(2) **New London subscribers who DO NOT receive a "PARTY LINE CARD"** will determine who is on the same party line as follows:

The exchange name and all but the last digit of the directory number will be the same.

EXAMPLE: 463-2091
463-2092
463-2093

Do not attempt to call the number as it is listed in your directory, but listen for the dial tone and then dial the number 5 followed by the last digit of your listed number and the last digit of the subscriber's number you are calling.

Hang up your receiver after dialing as above. Your telephone and the called party's telephone will ring. Ringing of both telephones will continue until the called party answers. When ringing stops remove your receiver and talk in the usual manner.

If your telephone does not stop ringing it is evident that the called party will not answer. To stop the ringing remove your receiver and then replace it.

IF INFORMATION FOR DIALING on your party line is required dial 914.

TO CALL ANOTHER PARTY ON YOUR LINE

Each party line subscriber will receive a "PARTY LINE CARD" on which will be listed the name and the "SPECIAL NUMBER" of each party on the same party line.

Do not attempt to call the number as it is listed in your directory, but refer to your "PARTY LINE CARD" and dial the "SPECIAL NUMBER" as listed on the card. Hang up your receiver after dialing the special number. Your telephone and the called party's telephone will ring. Ringing of both telephones will continue until the called party answers. When ringing stops remove your receiver and talk in the usual manner.

If your telephone does not stop ringing it is evident that the called party will not answer. To stop the ringing remove your receiver and then replace it.

IF INFORMATION FOR DIALING on your party line is required dial 914.

A BACKGROUND SKETCH OF CONCORD IT'S RESOURCES, BUSINESS, CULTURE, AND POINTS OF INTEREST.

AN AERIAL VIEW . . . "THE FRIENDLY CITY"

HISTORY: Concord was founded in 1793 by Scotch-Irish and German-Dutch settlers, and named Concord when the two factions settled a dispute over the location of County seat. The first court house was built in 1796. In 1872 a new and larger court house was built, but three years later was destroyed by fire. The present court house was built in 1875. The first gold discovered in the United States was in Cabarrus County in 1799. The nugget found weighed approximately 17 pounds. In 1903 a nugget was found which weighed 28 pounds, one of the largest ever found, and a replica of this nugget is in the Smithsonian Institute in Washington, D. C. The name, Concord, has prophetic significance. The city has lived up to its name in mutual understanding and co-operative effort among its citizens.

A thriving city of the rich Piedmont Section of North Carolina, Concord takes pardonable pride in its achievements. Led by prominent citizens imbued with civic pride and community interest, Concord has grown to be one of the leading industrial cities in the South, its citizenship is aggressive and progressive, and it is the home of many industrial enterprises.

CHINA GROVE, NORTH CAROLINA

China Grove is one of North Carolina's oldest towns, being incorporated in 1889. It is located in the Southern part of Rowan County in the Piedmont section of North Carolina, an ideal location for Industry—on main line of Southern Railway Company and on U. S. Highway 29, 601 and Interstate 85 affording excellent transportation.

The first Rural Mail Delivery in North Carolina was made from the China Grove Post Office October 23, 1896. Now three Rural Mail Routes from China Grove serve the area.

The 1960 Census count shows a population of 1502.

China Grove is governed by a Mayor and Board of Aldermen who provide various city services to the people of China Grove, through a Municipally owned Water System, a modern and efficient Volunteer Fire Department, weekly garbage pick-up-service at the rear of homes, well lighted streets and Police protection. The Town now has a new and modern Sewage Treatment Plant. Maintains 12 miles of paved streets and good paved sidewalks.

Ample Electric power service is provided by Duke Power Company—Natural Gas service is provided by Public Service Co. of North Carolina—Telephone service is provided by the Concord Telephone Co. with a modern Dial System and 3919 telephones in the China Grove area.

China Grove has a new and modern Community Building a type found only in large cities. A Library located in the Community Building open five days a week. A lighted, paved Multi-court play area adjoining the Community Building. The Town sponsors a Summer Recreation program with an overall director and four playground directors.

The main Industry of China Grove is Textile—Cannon Mills Co. Plant 8 Weaving with around 400 employees. China Grove Cotton Mills Co. Yarn Manufacturing with approximately 750 employees.

China Grove has Two Schools, an Elementary School and a Consolidated Junior High School, both located in town. The Junior High School has a gymnasium and a well lighted Football and Baseball field. A new and modern High School has been completed and is one of the largest in the State, located one mile west of China Grove, which serves both China Grove and Landis.

China Grove has four fine Civic Clubs:

The Civitan Club that meets 2nd & 4th Mondays at 6:30 P.M.

The Lions Club that meets 2nd & 4th Wednesdays at 6:45 P.M.

The Rotary Club that meets each Thursday at 6:15 P.M.

All of the above clubs meet at Miller's Hotel.

The China Grove Woman's Club meets the 4th Monday in each month at 7:30 P.M. at the Community Building.

Also a Junior Chamber of Commerce which meets the 1st & 3rd Tuesdays of each month.

An American Legion Post and Auxiliary, V. F. W. and Auxiliary which are very active and supports Civic projects.

Two Fraternal organizations—The Masonic Order and Woodmen of the World.

There are one or more churches of each denomination in China Grove and surrounding areas.

China Grove now has a park, located on Main St., bequeathed by the late Mrs. A. M. Hanna and called Honno Memorial Park. It is equipped with swings and rides for children. It has a 7 foot illuminated water fountain, drinking fountain, lily pond, flower gardens and an adjoining parking lot.

HARRISBURG, NORTH CAROLINA

Harrisburg is a small urban community of approximately 1400 population. It's citizens are cooperative and friendly, making it an ideal place to live. It is 15 miles from Charlotte, 9 miles from Concord, and only 4 miles from University of N. C. at Charlotte. It is an excellent and beautiful farming area with typical Piedmont North Carolina weather.

The community and surrounding area are served by 5 Churches; 3 Baptist, 1 Methodist, and 1 Presbyterian. The spiritual needs of the community are served by these Churches.

The Harrisburg High School and Grade School has grown from 12 teachers and 12 classrooms in 1926, to 40 teachers and 35 classrooms. We have 1030 pupils enrolled in school. We have a modern gymnasium and modern cafeteria facilities.

The Harrisburg Volunteer Fire Department is another community project and has been in operation since 1954. The men of the community are most interested and very active, which gives us a feeling of security.

The community has been very active in recent years in the Piedmont Area Development Association (PADA) work. They have all cooperated in the projects that have achieved them recognition in the State-wide competition.

We also have a newly organized Lion's Club which is very active.

We now have 2 manufacturing establishments in our midst.—Winsor-Jerould Manufacturing Co., and Galvan Industries, Inc., employing a number of Harrisburg residents.

The Concord Telephone Company provides the communication service required. 374 telephones connect with the Harrisburg Exchange.

A new home development in under way with many homes already built and many more being constructed.

Utilities include a dial telephone exchange and adequate power service since 1928.

Other community activities include the Ground Observer Corps with over fifty volunteer members taking their daily turn at watch, that not only shows a spirit of community cooperation but an aid in the defense of our country. An outlook tower for that purpose is now under construction on the same site with the fire station.

The town is governed by a Mayor and 5 Commissioners, elected the first Monday in May every two years.

The town's population is 1,200, surrounded by a labor-shed of skilled and semi-skilled available labor, unequalled any other place within the State of North Carolina. A very active Lions Club meets the second and fourth Thursday nights at 7:00 P. M. at the Lions Hut. This club sponsors the High School band, Boy Scouts and Cub Scouts, also aids the blind and visually handicapped. The Mt. Pleasant Jaycee Chapter meets the first Tuesday night of each month at 7:00 P. M. at the Lions Hut. The local Junior Chamber of Commerce' most active area is Community Development. It also sponsors the Pop Warner Football Team and Junior Baseball Team. The American Legion is very active and sponsors numerous projects, the most outstanding is sending boys to Boy's State of Chapel Hill each year.

A very modern 19 unit motel is located on Highway 49.

Two schools, the consolidated high school and the elementary school, are located in our town, with a total enrollment of over 1400 students. A new high school unit was completed in 1957 together with the new gymnasium. There is a modern lighted football stadium and baseball field. Plans for 1966 are being formulated to enlarge the present high school and to build an auditorium and vocational building.

Four churches are situated in the town proper: Baptist, Lutheran, Methodist, and Evangelical and Reformed.

We feel that we definitely can offer new industry what it seeks in a new location.

A vital factor in the highly specialized work of providing dependable, low cost telephone service is that telephone supervisors—foremen, wire chiefs, chief operators, managers—start at the bottom. Every part of your service is managed by men and women whose judgment and decisions are based on experience with the job.

A vital factor in the highly specialized work of providing dependable, low cost telephone service is that telephone supervisors—foremen, wire chiefs, chief operators, managers—start at the bottom. Every part of your service is managed by men and women whose judgment and decisions are based on experience with the job.

telephone. Whispered words are indis-

RULES AND REGULATIONS APPLYING TO ALL SUBSCRIBERS' CONTRACTS

1. The rules and regulations specified herein are in addition to the rules and regulations contained in other sections of The General Exchange Tariff or in the Local Exchange Tariff of The Concord Telephone Company.
2. Telephone equipment and facilities are furnished for the use of the subscriber, employees, agents or representatives of the subscriber, or persons residing in the subscriber's premises, except in connection with semi-public telephone service, and except as the use of the service may be extended to joint users.
3. All equipment furnished by the Telephone Company shall remain the property of the Company. Such equipment shall not be used for any toll or consideration to be paid by any other person than the subscriber, nor for performing any part of the work of transmitting, delivering, or collecting any message, where any toll or consideration has been or is to be paid any party other than the Telephone Company, without the written consent of the Company.
4. Subscribers may not disconnect or remove, or permit others to disconnect or remove any apparatus installed by the Telephone Company, except upon the written consent of the Company.
5. The telephone equipment, apparatus, and lines furnished shall be carefully used and no instrument, appliance, or device of any kind, not furnished by the Telephone Company shall be attached to or in any way used in connection with such telephone equipment, apparatus and lines. In case any instrument, apparatus, or device of any kind other than that furnished by the Telephone Company is attached to or connected with any part of the Company's property, the Telephone Company reserves the right to remove such instrument, apparatus or device and to suspend or disconnect service without any claim on the part of the subscriber.
6. The subscriber has no property right in the telephone number or any right to continuance of service through any certain central office, and the Telephone Company may change the telephone number or the central office designation whenever it deems it desirable in the conduct of its business.
7. When party line service is furnished, the Telephone Company may, in consideration of the rate at which service is furnished, establish and furnish service to one other subscriber in the case of two-party line service, to others in the case of multi-party (or four-party) line service. The Telephone Company reserves the right to cancel any two-party line, four-party line, or multi-party line contract, upon thirty days' notice, whenever in the judgment of the Company, the use by the subscriber holding such contract is such, from large use or other causes as to interfere with the reasonable use of others connected with the same line.
The continuous use of a party line for a local message should be limited to five minutes.
8. All ordinary expense of maintenance and repairs, unless otherwise specified in the General Exchange Tariff or the Local Exchange Tariffs, is borne by the Telephone Company. The subscriber is billed the actual cost of each instrument or apparatus damaged or destroyed other than by unavoidable accident.
9. The Telephone Company's obligation to furnish telephone service is dependent upon its ability to procure and retain suitable facilities and rights for the construction and maintenance of the necessary circuits.
10. The subscriber shall pay monthly in advance or on demand all charges for exchange service and equipment, and shall pay on demand all charges for toll service. The subscriber assumes responsibility for all charges for exchange service and toll messages originating at the subscriber's telephone, and for toll messages received at the subscriber's telephone on which the charges have been reversed with the consent of the person called.
11. All charges due are payable by the subscriber at the Telephone Company's Commercial Office or at any other agency duly authorized to receive such payments. If objection in writing is not received by the Telephone Company within thirty days after bill is rendered, the account shall be deemed correct, and binding upon the subscriber.
12. In the event of (a) the abandonment of service, (b) the non-payment of any sum due, (c) impersonation of any other person, (d) the use of telephone service by a customer in connection with a plan or contrivance to secure a large volume of telephone calls, to be directed to such customer at or about the same time, resulting and preventing, obstructing or delaying the telephone service of others, (e) intentionally leaving receiver off hook, (f) any violation of the Company's regulation, where positive proof is submitted the Company may, without notice, either suspend the service or terminate the service without suspension.
13. When service is suspended for violation of any Company rules, or regulation, restoration of service will be made only when the subscriber furnishes the Company reasonable assurance that there will be no recurrence of the violation and the applicable reconnection charge has been paid.
14. When service has been suspended for non-payment of charges, restoration of service will be made only when indebtedness with the Company is fully satisfied and when the reconnection charge is paid. Telephone removed for non-payment may be re-installed only upon the execution of a new contract.
15. In view of the possibility of errors and difficulties in the transmission of messages by telephone and the impossibility of fixing in all cases the causes thereof, the subscriber assumes all risks connected with the service, as the Telephone Company cannot guarantee uninterrupted working of its lines and instruments. In case service is interrupted otherwise than by the negligence or willful act of the subscriber, an allowance is made, computed on the basis of the minimum monthly rate for such of the telephone service, equipment and facilities furnished as are rendered useless or inoperative. Such allowances cover the period the interruption continues after notice in writing is received by the Telephone Company. No other liability shall in any case attach to the Telephone Company.
16. For the purpose of inspecting, repairing or removing any part of the Telephone Company's equipment, apparatus, and lines on the subscriber's premises, the Company's employees shall have access thereto at any reasonable hour.
17. No liability shall attach to the Telephone Company by reason of any defacement or damage to the subscriber's premises, resulting from the placing of the Company's instruments, apparatus, and associated wiring on such premises, or by the removal thereof when such defacement or damage is not the result of negligence on the part of the Company or its employees.
18. The Telephone Company shall not be liable for damages or statutory penalties in any case where a claim is not presented in writing within sixty days after the alleged delinquency occurs.
19. When suitable arrangements can be made, lines of other companies may be used in conjunction with the Telephone Company's lines in establishing wire connections to points not reached by the Telephone Company's lines. In establishing connections with the lines of other companies, the Telephone Company will not be responsible or liable for any action of the connecting company.
20. The Telephone Company will not transmit messages, but offers the use of its facilities when available, and will not be liable for errors in transmitting or for failure to establish connections. Employees of the Telephone Company are forbidden to accept either oral or written messages to be transmitted over the lines of the Company.
21. The Telephone Company may transfer an unpaid balance of a previous account to that of an existing account so long as it is the same legal entity. After the transfer has been completed the Telephone Company will then treat the account as though it were one and the Company's collection policy as authorized will apply.
22. THE TELEPHONE COMPANY SHALL NOT BE LIABLE FOR DAMAGES OR OTHER PENALTIES DUE TO ERRORS OR OMISSIONS IN THE TELEPHONE DIRECTORY.
23. TELEPHONE DIRECTORIES DISTRIBUTED FROM TIME TO TIME BY THE COMPANY REMAIN THE PROPERTY OF THE TELEPHONE COMPANY, SHALL NOT BE MUTILATED, AND SHALL BE SURRENDERED UPON REQUEST OR UPON DELIVERY OF THE SUBSEQUENT ISSUE. NO BINDER, HOLDER, INSERT, AUXILIARY COVER OR ATTACHMENT OF ANY KIND NOT FURNISHED BY THE TELEPHONE COMPANY SHALL BE ATTACHED TO OR USED WITH THE DIRECTORIES OWNED BY THE TELEPHONE COMPANY, EXCEPT THAT THIS PROHIBITION SHALL NOT APPLY TO A SUBSCRIBER-PROVIDED BINDER, HOLDER, INSERT OR AUXILIARY COVER WHICH CONTAINS NO ADVERTISING, AND WHICH IS NOT SO ATTACHED AS TO IMPEDE REFERENCE TO ESSENTIAL SERVICE INFORMATION OR OTHERWISE INTERFERE WITH SERVICE.
