French Prepare to Take Further Steps Against Germany

Cabinet and Foch and Weygand Discuss Penalties to Be Enforced if Berlin Remains Obdurate on Reparations Question.

Paris, April 15.—The Cabinet met to-day with President Millerand in the chair and with Marshal Foch and General Weygand present. The Ministers discussed with the generals, the question of an eventual extension of military penalties to be applied to Germany in case she should fail to give by May 1 satisfactory assurances of the payment of reparations.

Paris, April 15.—Warning has been given the Austrian Government by the French Minister to that country that if the Government is unable to render ineffectual plans looking to the fusion of Austria and Germany, France will suspend any contemplated assistance to Austria, it is said in a message received here from Vienna. In addition, the Minister is said to have declared that in such case the Allied Reparations Commission would receive restored authority in the republic.

DECLARES WAGE BURDEN TOO HEAVY

Senator Turriff Speaks of Railway Situation

Ottawa, April 15.—Senator Turriff, referring to certain remarks made by Hon. F. B. Carvell, chairman of the Railway Commission, said in the Senate last evening that there were cases where railway station agents were drawing \$200 a fortnight for overtime. It was clear no country could stand wages like that.

Remedy. Senator Fowler believed the only remedy for the existing railway situation was to get rid of direct government operation. The Grand Trunk and the Hudson's Bay Company, with their managements 1,000 miles away, were among the curses of Canada. He was glad to see the Government, even at the eleventh hour, standing up for Canada.

TWO SUSPECTS IN MURDER CASE

Men Arrested Following Death of W. F. Salsbury

Vancouver, April 15.—Two men who were "wearing their wigs" on a Canadian Pacific train were arrested at Mission last night and are detained there as suspects in the Salsbury murder case. Their description is said to agree with that given by 17-witnesses of the shooting.

SALSUBURY FUNERAL HELD IN VANCOUVER

Vancouver, April 15.—A funeral service for the body of the late W. F. Salsbury, victim of street thugs, was held at the residence of his sister, Mrs. E. A. Earle, 1302 Matthews Avenue, yesterday afternoon. A public service followed at Christ Church, Rev. W. Craig and Rev. M. A. Jackson officiated, and burial was in the family plot at Mountain View Cemetery.

NEW INTERNATIONAL ACCEPTANCE BANK

Montreal, April 15.—The Merchants Bank has become affiliated with and is to be the Canadian representative of the new International Acceptance Bank, which has been organized in New York with a capital and surplus of \$15,000,000. The new bank provides effectively for the financing of foreign trade.

Four Battlecruisers and Other Craft French Plan

Paris, April 15.—The Finance Commission of the Chamber of Deputies recently requested Deputy Chappedelaine to prepare a report on the carrying out of the naval programme as adopted by the Government and the Marine Commission.

The Deputy has presented his report to the Commission, recommending that the Commission endorse the following building programme: Immediate resumption of work on four battlecruisers of the type of the Normandie, interrupted during the war; transformation of a fifth battlecruiser of similar type now in a shipyard into an aeroplanes mother ship; and the laying of the keels of three cruisers of 8,000 tons each, and torpedo boat destroyers, twelve torpedo boats, six submarines of 1,200 tons each and six submarines of 500 tons each.

YOUNG WOMAN IN EASTERN STATES SLEPT FIVE WEEKS

Winchendon, Mass., April 15.—Miss Eva Lashau, aged twenty-two, daughter of Mr. and Mrs. Peter Lashau, of Winchendon, awoke yesterday after having slept continuously for five weeks. Her physician says he believes she will recover.

Chain of Liquor Stores Here Planned By Board

British Columbia's Liquor Control Board got down to actual work at the Parliament Buildings to-day, when J. H. Falconer, the Vancouver man, about whose willingness to accept \$5,500 a year there were doubts, arrived and took his seat. Attorney-General Farris spent his whole morning with the Board.

LIVES LOST IN DISORDERS IN ITALY

Clashes Between Nationalists and Socialists

Rome, April 15.—Grave incidents are reported from Northern, Central Italy, where extreme Nationalists and Socialists have clashed in a number of cities and towns. Several lives were lost and great property damage was done during the disorders, which were a result of the bitter feelings arising from the electoral campaign.

Upwards of 100 Nationalists from Leghorn and Pisa marched to the town of Cecina, twenty miles south-east of Leghorn, where they sacked a Communist club and burned the furniture as reprisal for a Socialist attack on local Nationalists.

Three Stores Here. Victoria will have at least three liquor stores, according to the decision of the Board this morning. The Board has decided to permit the sale of liquor by water and rail will be taken there and "broken," to be reshipped to other parts of the Province as required.

Re-Registration. The change in the Elections Act whereby electors who had been disqualified through not voting at the last Provincial election would be given notification, and every opportunity of being reinstated was required by the Premier, who ordered that the Liberal Association do everything possible to see that everyone eligible to vote should be placed on the voters' list.

Robber Killed. Another affray occurred at Parma, where a Socialist club was destroyed, and at Rovigo Nationalists are alleged to have killed Luigi Massin, a Socialist leader.

ROBBER KILLED BY BANK CASHIER

Chicago, April 15.—S. B. Witowski, cashier of the State Bank of Chicago, a suburb, shot up and defeated a gang of six automobile bandits to-day. He killed one robber, wounded two, captured two and only the driver of the car, who remained outside the bank, escaped.

LAUNCHING MAY 12. Prince Rupert, April 15.—The steel steamship Canadian—Scottish, being built here for the Canadian Government, will be launched May 12.

Board Hears Discussion Of Telephones at Nelson

Nelson, April 15.—An attack on the B. C. Telephone Company for applying in the Kootenays a wage scale framed to suit Vancouver was made before the Railway Commission here this morning by Larne A. Campbell, general manager of the Kootenay Power and Light Company, representative of the Roseland Board of Trade.

SEATTLE JAPANESE WAS MURDERED. Seattle, April 15.—M. Honma, aged thirty-eight, a Japanese, died in a hospital here this morning a few hours after he had been shot by an unidentified assailant, who escaped. Police began a search for the assassin in connection with the shooting.

CHANCE FOR VOTERS TO DECLARE STAND

London, April 15.—(Canadian Associated Press).—In the by-election in Bedford, where Frank O. Kellaway is seeking re-election on his promise to the Postmaster-Generalship, it is expected that the ordinary citizen will take the opportunity to show what he thinks of the present industrial dispute and of the attitude of the Government in respect to the crisis.

EXPECT TO RAISE TAXES TWO MILLS

Mayor Anticipates 28 Mill Levy Here This Year

Victoria's land tax rate this year probably will be boosted up two mills, Mayor Porter stated to-day. This increase would make the tax rate twenty-eight mills.

Two Men Executed in Missouri. Port Gossion, Miss., April 15.—Jesse Watts, murderer of Dr. D. S. Alvera, prominent Vicksburg physician, was hanged here in the county jail at noon to-day.

CHAMBER OF COMMERCE. The annual meeting of the Victoria Chamber of Commerce will be held this evening at the rooms, Arcade Building.

SPECIAL CHURCH PARADE. As a method of raising funds for the G. W. V. A. Red Fund there will be a special service at St. John's Church on Sunday at 7.30 p. m., at which members of the G. W. V. A. will attend.

DOMINION NOTE CIRCULATION NOW TOTALS \$277,882,884

Ottawa, April 15.—Dominion note circulation on April 12, according to monthly statement issued by the Finance Department, amounted to \$277,882,884. It was covered by gold to the extent of \$179,574,480, and to a further amount of \$134,652,875 by approved securities deposited.

MAN DROWNED

Prince Rupert, B. C., April 15.—Justus Stevins, a 70-year-old fisherman, was drowned as the result of a gas boat accident, it is stated.

SAYS C.N.R. NOT MANAGED WELL

Senator Bostock Believes Lines Losing Business

Ottawa, April 15.—Dealing with the question of railway management, Senator Bostock said in the Senate last night that the management of the Canadian National Railway and the Canadian Pacific Railway showed an extraordinary difference in the way of handling their business.

Confession. London, April 15.—Premier Lloyd George announced in the House of Commons this afternoon, that the striking coal miners had refused to reopen negotiations for a settlement of their strike on the basis that had been suggested.

GERMAN PROPERTY IN ALSACE SOLD. Total Above 2,000,000,000 Francs; Treaty Provision.

FOUR PERSONS KILLED BY TRAIN. Gossow, Mich., April 15.—Three persons were killed instantly, and another was fatally injured early to-day, when their automobile was struck by a Grand Trunk passenger train at a street crossing in Perry, a village sixteen miles south of here.

NO ARBITRATION UNLESS OTTAWA CONTROLS G.T.R. Ottawa, April 15.—There will be no resumption of the Grand Trunk arbitration proceedings unless and until the Grand Trunk Railway Company complies with the Government's demand and surrenders control of the road.

CALGARY GAS CO. TO CEASE TO EXIST. Calgary, April 15.—The Calgary Gas Company, Ltd., will go out of business. Its functions will be taken over by the parent company, the Canadian Western Natural Gas, Light, Heat and Power Company, Ltd.

RAILWAY SERVICE. Superintendent F. W. Peters submitted new data on the Canadian Pacific Railway application for a tri-weekly service on the Skeena branch, which was opposed by the Nelson Board of Trade.

CHIEF COMMISSIONER CARVELL STATED HE WOULD ANSWER THE VERY PRACTICAL CASE SUBMITTED BY ROSLAND, AND WOULD REQUIRE IT TO SHOW WHAT PROPORTION OF ITS KOOTENAY WAGE COST BORE TO THE COMPANY'S TOTAL WAGE COST.

Split in Ranks of Triple Alliance of Workers in Britain

Railwaymen and Transport Workers Will Not Join Idle Coal Miners; Strikers Refuse to Re-open Negotiations As Suggested.

London, April 15.—An unexpected and sensational split in the ranks of the powerful "Triple Alliance" of workers this afternoon completely changed the complexion of the blackest industrial crisis Great Britain has ever faced and averted the projected strike of railwaymen and transport workers in sympathy with the striking miners set for ten o'clock to-night.

Events developed with such sudden and startling changes as to leave the public in amazement. Simultaneously with the announcement in the House of Commons by Premier Lloyd George that the striking coal miners had declined to accept his invitation to open negotiations with the mine owners on the terms advanced last evening by Frank Hodges, the miners' secretary, came the announcement that the railwaymen and the transport workers had "cancelled" the strike called for to-night.

BOSTOCK ANSWERS LABOR MINISTER

Senate Opposition Leader Speaks of Railways

Ottawa, April 15.—Senator Bostock, Opposition Leader in the Senate, speaking yesterday afternoon to the speech delivered by Senator Gideon Robertson Wednesday, said that the Minister of Labor evidently regarded himself as a special advocate for labor in the Government. He had dealt with the railway problem not from the standpoint of the whole country but from the standpoint of a class. Senator Robertson's claim that the McAdoo wage award had been voluntarily granted by the Canadian Railway Board did not appear to be borne out by the facts. Senator Bostock, in support of this, submitted an Order-in-Council passed by the Government on July 16, 1918, which, after setting out that representations had been made by organized railway employees requesting the application of the McAdoo Award in Canada, gave approval to a recommendation of the Minister of Railways that the award should be granted on all Canadian roads and that there be an increase in rates to compensate the roads. This was further confirmed by statements appearing in the order of the Railway Commission giving reasons for the increase in railway rates shortly afterward put into effect.

ONE HOUR LONGER FOR CONDEMNED MAN TO LIVE

Chicago, April 15.—Sentenced to be hanged for murder while Chicago was laying standard time, Sam Cardinella yesterday objected to being executed to-day under daylight saving time. "This rearrangement deprives me of one hour of life," said Cardinella. "That won't mean anything after I'm dead, but it will mean a lot Friday morning. The Governor can change his mind in that time." But officials charged the time to 9 o'clock Chicago time.

MARRIAGE MIX-UP IN UNITED STATES

Grand Island, Neb., April 15.—Two men of this city are en route to Chicago in search of a girl whom both claim as wife. A veteran of the A. E. F., who lost an arm in battle, returned to Grand Island yesterday after his release from an Eastern rehabilitation hospital, only to find that in the war he had also lost his wife. Erroreously advised of the death of her husband, the bride of a few months had recently remarried. While the two husbands debated the problem, the wife departed for Chicago with a third man. They are being pursued.

SILVER STRIKE IN THE MAYO DISTRICT

Dawson, April 14.—Arrivals from Keno Hill, in the Mayo district, confirm the report that a nine-foot silver vein has been struck in the Mayo tunnel which pierces the side of a thousand-foot bluff. The ore continues to the surface 75 feet above the tunnel, and also runs 75 feet below the tunnel in a shaft. The lay extends further down. Two feet in the middle of the vein is solid high-grade galena assaying over \$200 to the ton, while on either side are carbonates quite as rich. The vein is probably the richest ever struck in either the Yukon or Alaska.

LIQUOR SEIZURE IN SASKATOON

Saskatoon, April 15.—A stock of liquor valued at between \$20,000 and \$30,000 was seized by city police here yesterday in a raid on the warehouse of the Saskatoon Lighters, Ltd. An employee of the company was found in a taxi cab with eighteen bottles.

MORE AID FOR UNIVERSITIES

Government of Ontario Increases Its Grants

Toronto, April 15.—Hon. R. H. Grant, Minister of Education, told the Ontario Legislature that following conferences with representatives of Toronto University, the Western University, London, and Queen's University, Kingston, arrangements had been completed for adequate financing of these institutions this year. The Western University would receive \$200,000, compared with \$84,000 last year. Queen's, \$225,000, compared with \$165,000, and Toronto University \$900,000 more than last year, and be enabled to qualify for the Rockefeller Endowment of \$1,000,000. Premier Drury pointed out that last year the Government had increased its expenditure on education by \$1,600,000. There was no intention to curtail educational expenditures, but the Government had to remain within reasonable bounds.

CANON CODY MAY BE ARCHBISHOP IN AUSTRALIA

St. John, N. B., April 15.—Rev. Canon H. J. Cody, of Toronto, who has been invited to accept office as Archbishop of Melbourne, Australia, said at yesterday's session of the Anglican Synod of New Brunswick, that he had not as yet made up his mind what he would do. Discussing the position of the Anglican Church in Canada, he said the human factor must overcome geographical limitations. "We must hold hands with the West," he declared. "There are great possibilities in every part of Canada. The Church has a great opportunity. These are pressing days, but let us carry on the fight for better things."

FINANCING OF CUBAN SUGAR CROP

New York, April 15.—Extension of a six-months open credit to the Sugar Financing and Export Company of Cuba, drafts under which are to be secured by sugar stored in independent warehouses in Cuba or in process of exportation, is announced by a banking syndicate headed by the Guaranty Trust Company, the National City Bank of New York and the Royal Bank of Canada. The principal amounts of the drafts at any time outstanding are not to aggregate more than \$20,000,000.

INTERIM SUPPLY BILL WAS PASSED

Commons Also Discussed Civil Servants' Bonus

Ottawa, April 15.—After completing the interim supply bill by giving it third reading, the Commons dealt with amendments to the Judges' Act and the Post Office Act, and finally, in late last evening, had a discussion of the new trade treaty between France and Canada. The session was remarkable for a lack of the fighting spirit displayed during the preceding three days and the members were plainly forging ahead toward a quiet week-end. During the discussion of the interim supply bill, objection to the reduction of the bonus to civil servants was registered by several members. A. B. McCollicke argued for stipulated salaries sufficient to meet living conditions without a bonus. The bonus system worked a hardship on the low-salaried men, inasmuch as they suffered more under reduction. J. F. Reid, Mackenzie, did not think it wise to reduce the bonus too soon, and in this he was supported by W. C. Kennedy, Essex, and others. Sir Henry Drayton said the bonus was merely to tide the civil servants over the "high price" period, and that it was the policy of the Government to reduce it as necessity for it disappeared. The Prime Minister produced figures to show that living costs had declined 15 per cent, and that in view of this the 25 per cent. reduction was not a large one.

PEOPLE ALARMED BY EXPLOSIONS

Fireworks Plant in Missouri Was Destroyed

Randolph, Miss., April 15.—Randolph was rocked early to-day by a series of explosions in the plant of the United States Fireworks Company, which, with the subsequent fire, wiped out that plant, shook houses for twenty-five miles around, and tossed sleeping people from their beds. A core of more of persons suffered minor burns, but none was seriously injured. The property damage was estimated at about \$50,000. Families fled to the woods, parents carrying children all in nightclothes. Flames broke out in the debris of the fireworks plant and gained headway in wood lots nearby and destroyed a number of homes of the refugees.

BANK CLEARINGS IN CANADIAN CITIES

Table with 2 columns: City and 1921 Clearings. Includes Montreal (\$105,721,103), Toronto (\$7,456,251), Vancouver (\$13,641,707), Ottawa (\$7,745,451), Calgary (\$6,271,389), Hamilton (\$6,117,509), Quebec (\$4,408,639), Edmonton (\$4,835,943), Halifax (\$5,503,353), London (\$2,357,749), Regina (\$2,510,224), Winnipeg (\$2,784,100), Victoria (\$2,760,939), Saskatoon (\$1,776,046), Moose Jaw (\$1,254,816), Brandon (\$1,178,720), Ft. William (\$704,582), Lethbridge (\$586,607), Medicine Hat (\$382,589), Westminster (\$439,357), Prince Albert (\$361,832).

TELEPHONE FROM OTTAWA TO CUBA

Meighen and Others Carry on Conversation

Ottawa, April 15.—The first long distance telephone conversation between Ottawa and Cuba took place yesterday afternoon, when Right Hon. Arthur Meighen, Hon. W. S. Mackenzie King, Hon. W. S. Fielding and Hon. R. Lemieux spoke in turn from the Parliament Buildings to President Menocal, who has called upon from the presidential palace at Havana to extend the greetings of the Republic of Cuba to the Dominion of Canada. The conversation could be plainly heard. Part of the line used was under water, some seventy miles from West Florida, to the coast of Cuba, being an underground cable. The first conversation between Ottawa and the United States took place Monday, when President Harding and President Menocal exchanged greetings. Telephone conversation between Ottawa and Havana probably will be somewhat limited, the regular charge being \$17.55 for three minutes.

COAL COMPANIES ASKED TO EXPLAIN THEIR PRICE LEVEL

Ottawa, April 15.—Roy M. Wolvin, president of the Dominion Coal Company, and titular head of the Nova Scotia Steel and Coal merger, will be summoned before the Parliamentary Fuel Committee to answer charges made at a session of the committee yesterday that the coal companies which entered the merger are "holding up" the Canadian National Railways.

LIQUOR SEIZED

Riviere du Loup, Que., April 15.—A seizure of intoxicating liquors valued at around \$30,000 was made here in the Temiscouata Railway yard, where a freight car filled with cases of liquor was discovered.

HIGHER PRICES AT FUR AUCTION

New York, April 15.—(Canadian Press)—Bidding continued active at yesterday's session of the Spring fur auction. Northern mink showed a rise of 2 1/2 per cent, while southwestern skins went up 30 per cent. A collection of 198,000 skunk skins was sold at prices ranging from unchanged for southwestern to 5 per

cent higher than January for northern and 10 per cent higher for eastern. Badger advanced 15 per cent. To-morrow will be "Baby Bunting" Day at the auction, when about 175 tons of rabbit skins from the Antipodes will be sold. These are the only skins in the entire auction that will be auctioned by weight. D. T. Walkham, Sault Ste. Marie, has been appointed school inspector for Timiskaming.

EYES OF MINERS TURN TO SIBERIA

Visitor Here Says Lift of Embargo on Entrance Would Lead to Development

While applications for concessions, particularly mining men, continue to be made to the Central Government of the Far Eastern Republic, and to the Soviet Government in Petrograd for rights in Far East Siberia, there is evidence that there will be a movement from the Pacific Northwest to Siberia this year, both by mining concerns and by individual miners.

H. E. Jones, a veteran miner, who went overseas with the Yukon contingent, is now at the Dominion Hotel, and he stated to The Times last evening that he has just come from Seattle, where three syndicates are planning to send in expeditions into Eastern Siberia this Summer, providing only that the United States Government will authorize the movement from Alaska. Mr. Jones, who is now on his way to the Mayo camp in the Yukon, states that he made an unsuccessful effort last year to get through to Siberia, having learned something of the country when with the Siberian Expeditionary Force, but was prevented by the American authorities from crossing the Strait. That action was taken in other cases of adventurous miners who desired to prospect for themselves along the Pacific seaboard of Siberia. The projects based at Seattle, he states, will be of a thorough character, involving preparations of supplies for from two to five years, this arrangement being necessary owing to the desolate character of the country, and the absence of towns and other bases of supplies after the parties leave Nome.

Many miners in the Yukon and Alaska, he states, are looking forward to the opportunity to prospect the placer deposits of Siberia, of which hitherto little has been known. He is enthusiastic about the Mayo camp, which he considers will be a substantial producer this Summer.

Had Bad Cough For Three Years

The constant hacking, racking, persistent cough that sticks to you in spite of everything you have done to get rid of it, is the kind that is dangerous.

The longer the cough sticks, the more serious menace it becomes to your health. There is no remedy that will relieve coughs—coughs that won't let go—like Dr. Wood's Norway Pine Syrup.

It has a healing and soothing action on the air passages, and at the same time acts as a disinfectant of the respiratory organs, destroying germs that produce serious lung complications.

Mrs. John Miller, Minburn, Alta., writes:—"I had a very bad cough for three years. I went to several doctors and tried different cough medicines, but nothing seemed to help me. One day a friend told me about Dr. Wood's Norway Pine Syrup, and I bought a bottle. I was completely relieved. I always keep a bottle in the house, and also recommend it to others."

Dr. Wood's Norway Pine Syrup has been universally used for over 30 years, and so great has been its success, it is only natural that a great many imitations have been placed on the market. The genuine is put up in a yellow paper, pine trees the trade mark; price 35c. and 60c. a bottle; manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

BRITISH ISRAEL IN TALENTED SERIES OF BIBLE LECTURES

Rev. W. P. Goard Lecturing at Congregational on Divine Constitution

Rev. W. P. Goard, of Vancouver, a lecturer of the British Israel Association, who is lecturing all this week at the First Congregational Church, under the auspices of that society, added another interesting address to his course of lectures last night, speaking on the land, labor and financial constitution of the British Empire, as differentiated from man-made laws.

The speaker based his address on the opening remarks in which he stated that without necessity of further elaboration the British were the lost tribes of Israel, and therefore would have as their inheritance that which was set down for them; in the Word of God. The fact that the British were so-called was founded on ample proof that did not require elaboration at this stage.

Land Tenure. Long ago the tribes of Judah and Israel took the laws of the divine constitution and set up laws for themselves, he stated, since that time the nations of men have made their own laws, and were successful only in the degree to which they approached the regulations of the divine constitution.

Under the divine constitution man only was in tenancy of the land and could not sell it. It was for him to keep it for the Lord. He could let his tenancy for the price that would be raised by the crops that could be grown thereon in a certain period, but at the end of that period he would have to return to occupy the land for his own.

The Time of Exodus. The industrial crisis had passed, stated the speaker, but yet the men trod on one another's heels in the city, and would not go back to the land. The time of the exodus from the cities would come though, and at no very distant date. The world was growing under its burden of war debt, but another war was ahead, a war seven times as great as the last, and in this war the British Empire would manage to struggle through on its present constitution, but would adopt the divine constitution some day. A central parliament of the Dominions and Mother Country would adopt the divine law again and the children of Israel would enter into their rightful heritage.

Seventh Day of Rest. The divine constitution provided for the laborer and his hire. But though it said "the seventh day shalt thou rest," it also said "six days shalt thou labour and do thy work," and the trouble with the world was that a good many people forgot about the six days of work, while harping on the seventh day of rest.

The divine constitution provided for six years' work, with the proceeds of the sixth year being sufficient to allow one year's rest, and that after 45 years of work the forty-eighth year would yield enough to allow the toiler to rest for two years. The worker was everyone who worked, and in Canada everyone was a worker.

As the speaker saw it, the daily hire of the worker would be sufficient to keep him for one day and a seventh—so that the six days paid for the week, with comfort and ample for his family and dependents.

Under the divine law all would be truly equitable, not the man-made travesty of equity that now existed, but truly equitable in the sight of God. The day would come when the children of Israel would again take unto themselves the divine constitution, and if that was not done by Parliament it would be done by the Lord himself when He came on earth again. The speaker delivered a stirring address to a large audience, with E. E. Richards in the chair, assisted by Secretary Parsons.

In conclusion Rev. Mr. Goard stated he would deal with finance at a future date. The lectures continue to-night and to the end of the week.

AN APT RETORT. A temperance enthusiast was giving a lecture on his pet subject, and when well warmed up to his theme someone asked him how he could account for the miracle of the turning of the water into wine.

His answer was given in all seriousness. As was as follows: "That," replied the lecturer, "was the one act performed by the founder of the Christian religion which He ever after regretted!"

ESQUIMALT BOARD OF TRADE FORMED

Will Secure Charter Immediately; Capt. R. P. Matheson Made Secretary

The Esquimalt Board of Trade was launched last night amid great harmony and enthusiasm on the part of the thirty or more business men who attended the initial meeting in the Sailors' Club to discuss the question.

Esquimalt is now well over half a century old. The population is between 4,000 and 5,000. The district has been steadily improved for business and residence purposes, and the time has now arrived that Esquimalt cannot do without a Board of Trade, particularly in view of the fact that Esquimalt will be the great drydock port of Canada's Pacific Coast, and will very shortly be furnishing the biggest payroll in this vicinity, it is stated.

"Esquimalt should have been the metropolis, instead of Victoria, if a good live Board of Trade had been established twenty years ago. It has a magnificent harbor and all the natural advantages that go to make a successful port," said George I. Warren, President of the Associated Boards of Trade of Vancouver Island, who was present and addressed the meeting along very optimistic lines, and gave those present a resume of the details of organization, and explained the benefits that would accrue from getting together.

R. C. Lang opened the meeting, but relinquished the chair to Reeve Lockley, as he explained that the Reeve had been responsible for calling the first meeting of business men together for the purpose of forming an association, and as this Board of Trade was an outgrowth of the movement started by Reeve Lockley, it was proper that the Reeve should occupy the chair on that auspicious occasion.

Messrs. Lang, Lockley and Warren, all spoke of the absolute necessity, in a district like Esquimalt, of a good live Board of Trade.

Everyone present agreed. Mrs. F. Ricketts, president; Mrs. Read, secretary, and Mrs. A. T. Watt, M.B.E., organizer of the Esquimalt Women's Institute, were present and expressed their willingness to cooperate in the movement in every way possible.

Capt. R. P. Matheson was appointed permanent secretary, and was instructed to at once apply to the Secretary of State, Ottawa, for a charter. The new Board starts off with twenty-nine members signed on, and it is expected that there will be at least fifty in the charter membership.

Watch Esquimalt Grow. "Watch Esquimalt Grow," exclaimed one of the members last night after the meeting. "This organization will prove the greatest influence toward organized development that Esquimalt has ever experienced. The enthusiasm displayed by every member present at the meeting shows that there is no difference of opinion as to the value of such an organization to this community. We expect that Esquimalt will have one of the largest, if not the largest, payroll on the southern section of Vancouver Island when the project is in operation."

"Our industries are bound to increase tremendously, and it will be the purpose of the Board of Trade to see that they do. We have here every facility for small industries, and we want the world to know it, and not only to know it, but to take advantage of the opportunities which await them."

It was the general opinion of all present that last night's organization constituted one of the most important steps ever taken in the history of Esquimalt.

The following are the charter members signed on at last night's meeting: Reeve J. Lockley, R. H. Pooley, M.P.E., W. A. Deaville, Wm. Angus, R. S. Ross, Manager Bank of Commerce; F. J. Daniels, Manager Bank of Montreal; Wm. Wilson, Wm. Strachan, A. A. Young, Wm. Brown, W. Lockhart, George Wise, F. W. Tribe, G. E. Hodgson, W. C. Arthur, H. Craven, J. E. Day, Ed. Ord, T. J. Brundson, P. E. Gibson, S. Clarke, Greig Nielsen, J. F. Menzies, W. Scott, Ritchie and James E. McDonald.

"WHAT MY CAR MEANS TO ME"

Willis-Overland, Ltd., Offers \$5,000 For Prize Letters

Putting Canada on wheels. That's the keynote of a nationwide contest, sponsored by Willis-Overland Limited, first to prove that the motor car is a positive necessity for the proper development of Canada as a progressive nation, and incidentally to stimulate the entire automotive industry.

It is a contest unique in the annals of the industry and is calculated to awaken Canada to her opportunities for advancement through the motor car and what it adds to personal and national efficiency.

It is a contest in which the public will have an intimate interest. Thomas Pitmeley, Overland dealer in Victoria, will furnish full particulars, but here is the plan of the contest in a nutshell: Willis-Overland Limited, offers \$5,000 in prizes for the best letters from owners of any make of automobile on "What my car means to me."

The judges to be influential Canadians. Entry blanks for the contest can be secured from any Overland dealer. Winning letter will be published in one of Canada's leading magazines. Contest to open on April 16 and to close on June 1.

The letter need not be a literary masterpiece. The thought and the clearness with which it deals with the subject will occupy first consideration of the judges. The prizes will be divided as follows:

\$250 for the best letter. \$250 each for the best letter from a farmer, a doctor, a commercial traveller, and a woman motorist. \$100 each to ten others, \$50 each to twenty others and \$25 each to forty others.

Municipal and Real Estate Finance

The pamphlet entitled "Municipal and Real Estate Finance in Canada" just issued by the Commission of Conservation touches upon some of Canada's most difficult financial problems. It is a clear and convincing statement by Thomas Adams, Town Planning Adviser to the Com-

mission, regarding housing, land speculation and high taxation, resulting from municipal waste and mismanagement. No national problem in Canada is of greater importance than that which has to do with the conservation of human and financial resources in our cities and towns. This publication emphasizes the fact that until we employ sane methods in developing our community life, any efforts being made to conserve our natural resources must be nullified as a result of the careless way in which the wealth derived from these resources is dissipated by bad forms of land development. This pamphlet may be obtained free on application to the Commission of Conservation, Ottawa.

PUBLIC OPINION WINS.

Public opinion in Great Britain is a strikebreaker which has never failed. It is as effective to-day as it always has been.

In other words the British workingman knows that there is no organization in existence which can dictate to majority sentiment.

To-day's startling development came as a surprise to the people themselves in spite of the many precedents of calamity so nearly realized but invariably averted.

COURSE NOT JUSTIFIED.

At a time when the financial condition of the country demands the strictest form of economy it is difficult to justify any movement which may add to the strain upon the national exchequer.

Patients of the Department of Soldiers' Civil Re-establishment have made good progress on Vancouver Island.

The argument of centralization will be urged. But if the Government at Ottawa lacks the imagination required in a matter of this kind the appeal to be made next week may provide a timely reminder of its obligation—outside the demand for general economy—to the men who suffered in France and Flanders.

GROWING SIGNS.

It is wise to take most of the reports which emanate from Bolshevik sources with more than usual reserve. At the same time there appears to be some foundation for a statement from Moscow to the effect that the extraordinary commission appointed to combat the counter-revolutionary movement has refused to permit the publication of a number of speeches from Lenin.

JAIL THE LOT.

Those who traffick in what is popularly known as "dope" will be discouraged in their nefarious calling if it can be borne in upon their disordered minds that a long prison sentence awaits them if they should be landed by officers of the law.

VICTIM OF POLICY.

One of the tragedies of a mistaken appreciation of public sentiment by the leaders of the British Labor movement is reflected in its candidature for the Bedford election.

GERMAN HUMOR.

In the only interview given by the German financial delegation to Paris Dr. Julius Ruppel is reported to have said that it was impossible for him and his colleagues to estimate Germany's reparations liabilities in the seventeen days which remained for them to do so.

granted to Germany for consideration of the claim and the presentation of counter proposals. At first sight there would appear to be something in the contention advanced by the head of the German delegation; but he seems to forget that if von Hindenburg had entered Paris at the head of a victorious army the bill would have been laid on the table and payment would have been demanded on the spot.

NOTE AND COMMENT

British Communists will be quite annoyed with the Triple Alliance for spoiling the field for a preliminary center towards a Soviet form of Government.

An Irish protest against the attention being given to the industrial strike in England and Scotland to the virtual exclusion of the trials and tribulations of the Sinn Feiners is now in order.

This newspaper has an excellent telegraphic service with which it provides its readers with the news of the day. But even its British Columbian collecting agency has failed to run across some mild form of revolution in the city of Vancouver which seems to be disturbing the peace of mind of many Victorians.

In spite of official opinion upon the rate of remuneration that should be paid to members of the Liquor Control Board the people of this Province would be prepared to pay a good deal to be spared some of the practices which obtain under the Prohibition Act.

HOROSCOPE

FRIDAY, APRIL 15, 1921.

The stars incline, but do not compel.

During the business hours of this day sinister stars prevail, according to astrology. Mars, Uranus, Jupiter and the moon are in malefic aspect.

FINE TYPE OF SETTLERS.

The settlers nearly all, Old Country, Canadian, or American, with the earlier settlers rather mostly of the French Canadian Race, who in those days intermarried with the Natives.

The affliction of Venus ruler of the first by Mars and Neptune is evil for the younger generation.

Persons whose birthdate it is should avoid speculation and not lend money or give security.

Children born on this day may be careless and happy-natured, but inclined to be improvident.

PEACE RIVER COUNTRY IS LAND OF FUTURE

J. S. Dunn Describes Visit to Great Prairie Expanse PROVINCE HAS EMPIRE IN MAKING

The Peace River Country, according to J. S. Dunn, of Vancouver, who is now in the city, possesses the richest agricultural land, oil possibilities, but dimly realized, coal in some sections right on the surface.

Cost of Living Mr. Dunn, who recently returned from a tour of that country, in which he probably saw it at its worst in last December and January, where he went in the interests of the Vancouver Sun and Farm and Home, and who is now investigating Saanich and Cowichan at the lower end of Vancouver Island in the interests of those journals.

Some Contrasts All these are grown or produced in the country, and as it cost 1c. per pound to bring grain out to the world's market, it is easily seen that not much is shipped, as wheat was only bringing \$1.13 per bushel and corn \$1.00 per bushel.

Mr. Dunn found hotel accommodation fair and rates very reasonable. He entered the country by way of the Canadian Pacific Railway to Edmonton, thence by the Edmonton, Dugway and E. C. now leased and operated by the C. P. R. to Grand Prairie, by auto ninety miles to Pouce Coupe, a town of about 400 population, which is the chief town in the B. C. section of the block, and headquarters of the B. C. Government agent.

Pouce Coupe. The town is linked up with the outside world by the Dominion Government telegraph line and also by the Alberta Government telephone system, which runs through the Pouce Coupe by the way of Grand Prairie. The town has a bank, which is a source of keen satisfaction to the ranchers and business men of that district.

Another of the wonders of this great country is the big game in great quantities; bear, moose, and all kinds of game birds, with coyotes in the mountains. It was during one of his hunting trips that the late Lord Rhonda, who went through the Stikine River Valley after big game, first became interested in the country and became a heavy owner of many and autos, though in Summer there are several steamers operating on the Peace River as well as launches and canoes.

WHAT'S IN A NAME?

Yesterday's discussion of Loretta suggests Lulu as an interesting parallel study. Lulu is also the result of modern spelling. Its correct form is Loulou, a version which originated, and is still a favorite, in France.

name is even regarded as a diminutive of Louise. Jet is Lulu's talismanic stone. It is the symbol of sorrow, but according to an old superstition it will protect its wearer from sorrow, since it has an almost unique power among gems of becoming a part of the very body and soul if guarded with jealous care. Friday is Lulu's lucky day and a her lucky number.

Try Phosphate if You Are Thin and Under Weight

Nothing like Bitro-Phosphate, says Dr. Harrigan, of New York, to make thin, delicate, nervous, discouraged men and women take on needed weight and quickly exhibit a nerve force that radiates health, energy and ambition.

THE RIDDLE OF THE FROZEN FLAME

By MARY E. AND THOMAS W. HANSHEW

The jury filed in one after the other, twelve stout, hardy specimens of the country tradesman, with a local and a farmer or two sprinkled among the group to lighten it. The coroner followed, having taken up in the latest thing in motor cars (for he was going to do the thing properly, as it was at the country's expense). Then the horrible proceedings began.

POSSESS GOOD HEALTH BY LOOKING AFTER THE BOWELS

NEW RECTOR WELCOMED BY CEDAR HILL PEOPLE

Rev. William Carroll, the recently appointed rector of St. Luke's Church, Cedar Hill, was extended a formal welcome to his parish at a meeting in the parish hall last night. A large crowd of parishioners was present to greet the new rector. A. W. Riley, People's Church Warden, presided and delivered the address of welcome. Mr. Carroll made an appropriate reply and said he looked forward optimistically to the future. Bishop Schofield was present, and, in a few words, asked for co-operation between the rector and the parishioners.

Vocal solos were rendered by Mrs. Parker and Mrs. Walsh, accompanied by H. Davis. Miss Patay Robinson gave a piano solo and Miss Mary Walker danced the Highland fling. Refreshments were served by the Women's Auxiliary.

SCOUTS BID FAREWELL TO DEPARTING LEADER

Unstinted praise for the work of Capt. Geoffrey Frampton, Scoutmaster of the Fairfield Boy Scouts, was voiced by members of that organization when, on the eve of Mr. Frampton's departure for England, a formal farewell was tendered him in the Christ Church schoolroom last night.

Ross Sutherland, the principal speaker, referred to the inspiration which Mr. Frampton had excited in the boy scouts and, indeed, all with whom he came into contact. He pointed out that Mr. Frampton had been connected with the scout movement for eleven years and that he had won his captaincy overseas and had been mentioned in dispatches. On his return from overseas, Mr. Sutherland recalled, Mr. Frampton had formed the Fairfield Scout and Cub organizations in March, 1920.

Willie Locke, patrol leader, and Maurice Davis, Wolf Cub, added the tribute of the boys to the departing leader. Mrs. E. W. Haven and Mrs. Merris also spoke in the highest terms of praise regarding Mr. Frampton, who was presented with a gift of military hair brushes bearing the scout and cub emblems. Mrs. Frampton was the recipient of a beautiful bouquet of flowers. Contributors to the musical programme which followed these speeches were: Mrs. W. H. Todd, Miss Loren Gibson and J. O. Dunford. Miss Gladys Shrapnel acted as accompanist during the evening. Refreshments were served by the boys under the direction of E. B. Chow and Miss Alison Chow.

Cecil Frampton, brother of the former leader, will now lead the Fairfield Scouts and Cubs.

LOCAL LAWYER AT CONFERENCE OF UNITARIANS

Henry C. Hall, Ex-M. P. P., Speaks on Task of Denomination

"The need and the task of unitarians at the present time" formed the subject of an address by Henry C. Hall of this city, last evening at a meeting under the auspices of the Unitarian Layman's League Chapters of San Francisco and district, in connection with the triennial conference of Pacific Coast conference of Unitarian Churches.

Mr. Hall said in part: "It gives me pleasure as a Canadian to meet so many of our cousins from across the line," said Mr. Hall. "On many occasions in the United States, I have found a variable welcome; in fact it is typical of what all Canadians feel and say, that we are overwhelmed by the generous hospitality we find here. Naturally some newspapers differ in their views, but if you will take the experience of Canadians in the States—and I hope of Americans when in Canada, and also I may say, the good fellowship existing among such international organizations as ours—we will find a solid substantial friendship that is valuable in itself, but also and especially for the factor that it is in present world affairs.

"It gives me especial pleasure to meet a group of Pacific Coast Unitarians. While we are of different nations—we owe allegiance to different flags—we yet have a common viewpoint, brought about by our geographical location.

"We alike are the last Western frontier of our respective nations and of our joint civilization. We are situated on the shores of the largest ocean, upon whose shores live the most densely populated countries of the world.

All Civilizations
"We recognize that on the shores of the ocean will meet in conflict the alien civilizations of the Occident and the Orient. We recognize that the centre of balance of the world has shifted from the Atlantic to the Pacific, and that upon the waters of that ocean on whose shores we live, will be worked out the destiny of the world.

"We realize that our problems are essentially different from that of our forefathers. Theirs was the settlement of this vast country; ours is twofold. We can no longer 'go West,' as Horace Greeley advised. We are at the last West. We have got to make the best of our conditions, improving them as we may, and we have got to find out a working and giving basis with those alien peoples and civilizations.

"Within and without, we are faced with problems greater than we yet have known. And to come to a solution of them, we must arise to more practical application of conceptions that we yet have known. I will illustrate by the present position of these United States," Mr. Hall continued.

The Great Empire
"May I suggest that your problem is in some respects similar to that of Great Britain of a hundred years or so ago. Those islands that would be lost in this continent to-day, found themselves overcrowded. The energies of her people found outlet throughout the world—in acquiring and developing new and virgin countries, such as Canada, Australia, New Zealand and South Africa, and in the development of nations such as India and Egypt, and in trade with every nation in the world. At the beginning of the war, from every corner in the world came tribute—not by virtue of conquest, but as interest on investments on stored-up capital contributed to those nations' welfare. Thus did the energies of her people find outlet.

"Here, to-day, in the United States, you have a country settled as densely as the British Isles in those days, and you have possibilities of development infinitely greater. With the development of machinery, the productive power is enormously increased.

"It is safe to say that in these United States—in the people of this country—is to-day the greatest storehouse of power that the world has ever conceived.

Leadership Wanted
"And in these days, when leadership is most urgently needed and sought for—when we are in danger of being wrecked as was Frankenstein by his own creation, what contribution to that leadership are Unitarians asking?"

"In the past we did; we combated and defeated many superstitions that have held the mind of man in subjection.

"We held that truth was truth wherever found. And men of our ideals contributed largely to the overthrow in most people's minds, of many dogmas and superstitions that retarded the progress of mankind.

"That leadership was good, and we may well be proud of it; but in the sense of bringing home to men's minds the living force of the eternal verities, we have in many respects failed and are failing to-day, as witness the numbers attending our churches.

ma, is the only one that can take that step.

"The immortality of the soul is the greatest question that has exercised men's minds from the dawn of history. Just as the nations of old filled this world with all sorts of devils, so did they make those regions, beyond the grave. Appalled as they were by the terrors of this world, they created ever greater terrors for themselves in the world to come.

"I sometimes think that the doctrine of salvation is but the result of normal mental reaction against these horrible ideas.

Dread of Hell
"But throughout the ages, mankind has dreaded that hereafter. While the churches have preached a hereafter, they have also preached an impossible heaven and an unbelievable hell, and while they stick to their dogmas are still prevented from going to man that leadership he needs and desires.

The Church's Duty
"It is the duty of the Unitarian Church to bring home to men's minds with dignity and force and truth the immortality of men's souls—that we do go on from this life, divorced from the body, but our personalities that which we have made them in this life.

"I cannot enlarge upon those things that will follow as night the day; the actual practical effect it will have on men's minds and conduct. Nor can I in these few brief minutes, expect to convince you, if you are not already at one with me.

"But I do wish to point out that these are the thoughts and views of an ordinary, every-day man, working with and meeting other ordinary every-day men day by day.

"In this 'Way' on this highway of life, we must have direction; we should know where we are going. We must have perspective.

"I would not suggest that we seek to prove the immortality of the soul or the eternal life. That is known to all men—it is one of the deepest and strongest instincts of the soul, only befogged now and then when an individual has acquired a little knowledge which obscures his vision.

False Values and True
"No, we can safely assume that, but what we should bring to the realization of the people is that this life is but a journey. So will we get a true measure of values.

"Against that background we will know that many of the values of this world are false; we will appreciate character at its true worth. We will know that right is always right, that truth only is permanent; that charity is verily its own reward; that wealth is of value only in so far as it is used for the welfare of mankind, and that the greatest thing in the world is love.

"And these truths will be known to us as actual vital things, not merely as high-sounding phrases. In the application of things so learned, many of our present insuperable problems will find a simple, straightforward solution.

"The world to-day is ready—is the Unitarian Church."

Naval Branch G. W. V. A. — All members of the Esquimalt Naval Branch of the G. W. V. A. are requested to meet to-night at 8 o'clock in the G. W. V. A. building, Fort St., when the election of officers will take place.

Blenkinsop Road Destroyed.—Claiming that Blenkinsop Road was in deplorable condition through the haulage of heavy loads at night with intent to evade the municipal traffic regulations, Councillor Horner last night asked in Saanich Council for a special report by the Road Superintendent. He stated that large sums had been spent on the road in the past two years, and to all intents this was wasted money.

Commend Officials.—The Saanich Council last night passed a resolution commending the action of Municipal Assessor Sewell in securing indefeasible title to the complete area of land occupied by the municipal offices at heavy loads at night, of this was recently claimed by T. Durance and others as not within the tract originally purchased, inasmuch as it comprised the site of a long disused spur track.

Little Too Soon for Thornycrofts.—R. Grenside Nichols of 1025 Yates Street, Western Canadian representative of John I. Thornycroft & Co., Ltd., the engineers and shipbuilders of London, who has charge of the negotiations for the establishment of the Canadian branch of the firm here, has just received word from Sir John Thornycroft that it is a little premature just yet to go ahead with the establishment of their works here. The works proposed by Mr. Nichols here were for the manufacture of motor trucks and light boats. Mr. Nichols was one of the experts of the Thornycroft company for years at their head plant in England before coming out here. He is now working on mechanical models.

BRIEF LOCALS
Action Over Plants.—The hearing of Heil versus Suttle continued in the County Court today, with H. Green for plaintiff, and D. S. Tait for defendant. The action is one involving the intrinsic value and relative worth of some 3,000 mignon strawberry plants, which it is alleged were non-productive.
Will Pick Jurors.—Grand and petit jurors are to be drafted on Tuesday next, according to a notice posted by Sheriff Richards yesterday at the court house. The date of the opening of the Assize Court has been set for Monday, May 17. So far only one trial is pending, that of the three soldiers who elected trial by jury recently, charged with causing the Esquimalt holdups in January.

Lands in Demand.—The Saanich Council last night again received applications to purchase lots taken in at past tax sales, definite offers for properties at Ten Mile Point, Marlborough Avenue and Jasmine Avenue being made. The tenderers will be informed that a series of auction sales of lands will probably be held during the summer months. The Council then decided to have valuations of saleable lands made by the Assessor, and submitted for approval, these to be the upset prices at the proposed sales.

Profess Wooden Schools.—Councillor Kingwell last night at the Saanich Council stated that the proposal of the Saanich School Board to make a two-story addition to Tillamook school was the creation of a death trap for children, and moved that a protest be made to the Board. Councillor Horner seconded, and Reeve Watson said he opposed such a building.

To Continue Fight.—The Saanich Council last night voted \$50 to the Union of B. C. Municipalities as the municipal share of the cost of sending F. A. McDiarmid to Ottawa to oppose before the Board of Railway Commissioners on May 18 the application of the B. C. Telephone Company for an increase in rates. President J. Loutet had telegraphed that the outlook for success was excellent, and the total cost would be \$1,000, including Mr. McDiarmid's retainer and expenses.

To Maintain Road Rights.—The Saanich Council last night instructed the municipal officials to apply for an injunction against W. McFadden, who recently placed a fence across Brookley Road. Suit will also be brought for damages. Councillor Kingwell expressing himself strongly in favor of making an example of the defendant in Saanich, the three-fourths of the time of the Council was taken up with efforts to prevent encroachment by individual persons on the rights and the total cost would be \$1,000, including Mr. McFadden's retainer and expenses.

Ditches Cause Debate.—The Saanich Council will shortly devote an evening to consideration of the fairest manner in which effect may be given to the Ditches and Watercourses Act. This course was decided upon last night after a prolonged and fruitless discussion of many aspects of the question in many committee. If routine business will permit the discussion will take place at next Thursday's regular session, otherwise a special meeting will be held.

Arbitration Costs.—Councillor Kingwell last night suggested that the Saanich Council ask the School Board as to the source from which it expected to draw the expenses incidental to arbitration proceedings. Reeve Watson maintained there was no available source, and he would be placed if asked to sign a cheque for \$1,000 or more. Councillor Simpson remarked on the possibility of the Trustees having to pay the costs out of their own pockets. The discussion was then abandoned without a vote being taken.

Army and Navy Veterans.—Various matters of routine business were dealt with at a meeting of the Army and Navy Veterans last night. The Veterans expressed the hope that the captured German trophy guns would be placed in the grounds of the Parliament Buildings, and they favored the unveiling of the Queen Victoria statue in front of the buildings on May 24, so all citizens could witness the ceremonies. The association endorsed the bond bonus scheme of Comrade B. A. Kidner, recently placed before the Ottawa authorities. The Veterans went on record as appreciating the work which has been performed by Major Fullock-Webster for ex-service men, and expressed regret that he would be unable to serve them in connection with the construction of the Esquimalt drydock. Major Seymour Rawlinson presided at the meeting.

Egg Testers Free.—The Provincial Department of Agriculture has just received a fresh supply of egg testers for use with either electric light bulbs or coal oil lamps. These testers will be sent post free upon receipt of post card addressed to the Poultry Division, Department of Agriculture, Victoria.

Judgment Reserved.—In the County Court yesterday before His Honor Judge Lampman, judgment was reserved in the action of Constantine versus McPherson. Miss M. Constantine is seeking to recover \$60 damages for alleged wrongful dismissal from the post of elevator attendant in the Central Building. J. S. Yates appeared for the plaintiff, and H. H. Standley for the defendant.

To Probe Gravel Pit Deal.—R. J. Wark, right-of-way agent with the Department of Railways here, has been appointed commissioner by the Government to investigate the purchase of a gravel pit at Coquitlam by the Greater Vancouver Joint Sewerage Board. W. J. Bowser, C. C. Leader of the Conservative Opposition, urged an investigation because he said it was alleged that the Board paid H. J. Perrin \$75,000 for the property in 1919 although this man paid only \$25,000 for it at the height of the boom. The Commission handed over to Mr. Perrin \$75,000 worth of bonds of the Board for his gravel pit. The investigation will start in Vancouver next Wednesday morning.

ELECTED TO SENATE OF B. C. UNIVERSITY
SCHOOL TRUSTEE GEORGE JAY
who has been chosen to represent Victoria Arts College on the Senate of the British Columbia University. Mr. Jay is well qualified to represent the Arts College as he has been intimately associated with the institution since its establishment. When Victoria College was affiliated with McGill University Mr. Jay held a similar position on the Board of Governors, so that he is more familiar with college matters than any other member of the City School Board.
Opens Branch Here.—An insurance branch has been opened by the Department of Soldiers' Civil Re-establishment, Central Building, for the purpose of administering the Returned Soldiers' Insurance Act.
Supreme Court Chambers.—Mr. Justice Macdonald heard a long list of applications in the Supreme Court Chambers this morning. The divorce action of Bonna versus Bonna was opened later.
Columbia Musical Club.—The members will hold their usual fortnightly social on Wednesday evening at the studios of the Columbia School of Music, 1106 Broad Street. Members are asked to please telephone 1378 if they want seats reserved.
Did Not Take Fire.—The report of a fire at the Columbia rooming house Wednesday night was proved to be an error to-day, when it was stated at fire headquarters that flames were seen rising from the chimney, and that no fire followed. One truck responded to the call, it was stated.
Victoria Week Celebration.—Owing to the small attendance last evening, the public meeting called by the Mayor to consider plans for the celebration on May 23, 24 and 25 was adjourned until Wednesday evening next at 8 o'clock at the City Hall, when it is hoped there will be the large attendance of interested citizens that the undertaking warrants.

In Esquimalt Court.—In the Esquimalt police court yesterday afternoon before Magistrate Jay, J. Lock & Son were fined \$15 for speeding. Lim Young paid \$5 for driving a car without adequate lights after dusk. F. Edwards, R. Askey, L. Colton, J. Price, W. Day, and E. Warren were each fined \$3 for riding bicycles on the sidewalk.

Women's Canadian Club.—The usual monthly meeting of the Women's Canadian Club scheduled for Tuesday next has been cancelled out of deference to the Fair of Nations at the Drill Hall, Bay Street, in aid of the Y. W. C. A. building fund. It is hoped that members will lend their support to this project, at which the Women's Canadian Club is taking charge of a booth.

Bridge Tea to-morrow.—Play will commence sharp at 3 o'clock at the bridge tea to be held to-morrow afternoon at the home of Mrs. T. W. Paterson, Lansdowne Road, Uplands. The affair is being held under the auspices of the Margaux Kocoroff Robertson Chapter, L. O. D. R. Players are requested to bring their own cards and score cards. It is hoped that friends unable to join in the card games will join the guests at the tea-house.

To Receive Consideration.—In reply to a wire sent to the Parliamentary Committee on Pensions and Re-establishment, endorsing the action of Major Andrews in advocating permanent homes and hospitals for disabled veterans, the Clerk to the Committee has informed the Victoria G. W. V. A. that the subject will be given very careful consideration. The wire called attention to the offer made by the City Council to provide a free site at Elk Lake.

Committed for Trial.—Stephen Lafoy, charged with having improper connections with a young girl, was committed for trial by the higher court to-day. Frank Higgins, K. C., appeared for the accused in Police Court and reserved his defence until trial. The accused pleaded not guilty and elected trial by a higher court, previous to the preliminary police hearing. The evidence of Mr. and Mrs. Alfred Nelson, 2712 Ross Street, Electric Pump, rooming house keeper, was taken to-day.

To Serve Chicken Dinner.—The West Saanich Women's Institutes were all represented at the final meeting held at the Armories yesterday afternoon when plans were completed for the Y. W. C. A. Fair of Nations next week. Real enthusiasm was displayed in the arranging for the chicken dinner which the Saanich Institute members will serve on Wednesday evening, and chickens, homemade pies, bread, cakes, pickles, real country butter and cream, were among the delicacies eagerly volunteered. If the citizens are eager in their response as the promoters have been in giving, then the success of this effort for a very worthy cause is assured. Tickets for the dinner may be obtained at Fletcher's music store. Parties of six or over may make table reservations through the Y. W. C. A. up till Monday evening.

Double the Quantity at half the cost. Feathery light biscuits made from the nuttiest blends of Canadian wheats. As wholesome as they are tempting! Look for the big, moisture-proof package with diamond design in chocolate and white.

RAMSAY'S FAMILY CREAM SODAS

UNIVERSITY PROFESSORS TO EXAMINE TEACHERS
High School and University matriculation examiners for British Columbia teachers' certificates and University matriculation for this year have been named by S. J. Willis, Superintendent of Education. They are: Dr. S. H. Archibald, Dr. H. Ashton, Dr. D. Buchanan, J. E. DeLong, Mrs. D. W. J. Fee, G. A. Ferguson, J. K. Henry, H. P. Hope, Dr. A. H. Hutchinson, Annie B. Jamieson, R. A. Little, S. W. Matthews, D. M. Robinson, and T. Rogers.
To Consider Memorial Plan.—Mayor Porter announced this morning that he had called a meeting of the Inter-Municipal Committee of Victoria and Saanich for next week to consider the plan to establish a memorial avenue flanked with trees on Shelburne Street. This meeting will deal with the project from the standpoint of the two municipalities.

Times Latest Sporting News

Eighteen Ball Players Are Now Showing Wares

Hilderbrand, Handley and Willetts Look Like This Year's Sensations; John Cummings Working Out; Two Practices to Be Held Every Day; Rego, Star Catcher on Los Angeles Team, Signed by Blankenship.

Victoria may have been a little late in getting its ball club organized, but the team which is going after the second Pacific International League pennant is going to be one of the niftiest aggregations ever seen in this part of the country. Anyone who doubts this statement ought to drift down to the Stadium some time during the day and give the young athletes the once over.

Players Enthusiastic.

Every player who has so far arrived is dead anxious to get into top form and is taking to his training with a light heart and a keen mind. The team is one of the youngest that has been assembled here. So far fifteen of the players have reported in, and they are all smart clean looking athletes.

Blankenship has been doling up his help in some old uniforms and putting them through light workouts. He was hoping for a fine day to-day in order to inaugurate a day of double action, practices in the morning and afternoon.

A few days ago when the ball club was up where balloons go Manager Blankenship had a heart full of doubts, and was figuring on cancelling the dates for the Colored Giants on Wednesday and Thursday of next week. But right now Cliff wouldn't cancel the games for a large-sized farm. He is anxious to see his team pitted against a first-class crowd of ball players and see just how they stack up.

Blankenship Is Pleased.

"We're going to give those colored boys a hot run," said Cliff this morning. "The more I see these youngsters in action at the ball park the more I'm convinced that we're going to have a team that is capable of going after the pennant and driving away until we get up top."

Yesterday Cliff was quite enthusiastic over the team.

"See that lad over there, Hilderbrand's name, he's going to make the folks in this league forget about Carter Elliott," said Cliff. "He's big, fast, fields nicely, and is reputed to be a good hitter. And there's another Handley, holding down third, will be without question one of the finest third basemen that this league has ever seen."

Real Good Infield.

Cliff enthused over the whole team. He has certainly got a wonderful looking infield with Handley on third, Hilderbrand at short, Jimmy Church at second, and Art Murphy at first.

Some of the outfielders are already showing volumes of speed. Marshall is about the fastest man that ever paddled about in a uniform in the West, and has more speed than Shouts, who held the records last year. Light, the former St. Louis recruit, is showing splendid form in the outfield.

Ed Willetts looks like the big noise on the pitching staff. He is a six-foot-ten, right-handed pitcher, and will prove one of the league sensations, and make the fans forget about Harry Morton.

Players Who Are Here.

The players who are already working out in the local lot are Washington, Talley, Willetts, Watters, Lawson, and Anderson, pitchers; McAlpine, J. Cummings, Hilderbrand and Handley, infielders; and Light, Marshall, Jones, Shouts and Thuresten, outfielders. Gatewood, Murphy and Toots Shank hill, outfielders, arrived in to-day, Church and Vache are expected up early next week.

Regarding Johnnie Cummings, the local boy, who is working out with the pros, Manager Blankenship says he shows nice action, and looks very good in the field, and will be given every chance to make good.

Blankenship gave out a good piece of news this morning. He has been successful in signing Rego, a catcher

of the Los Angeles ball club. Rego has not only been loaned for the season, but guaranteed by Red Kellifer, manager of the Los Angeles club. Rego will probably prove one of the best receivers Victoria has had for many years. In view of Rego's coming Blankenship has cancelled the contract he had with Lewellyn, a "Prisco" catcher. Anfinson will be here shortly. It is not known which of the catchers will win the first-string honors.

Clean-Cut Crowd.

"The fans in this town are anxious to have a clean-cut gentlemanly lot of players," said Manager Blankenship this morning, "and that's what every town should look for. I am quite sure that the players who have so far reported will meet with the approval of the fans in every respect. They have plenty of fighting spirit, but they know the bounds of right-eous enthusiasm."

Vanover, April 15.—Twenty-seven players to-day through their training licks at the Vancouver Ball Club's training quarters in Mount Vernon, Wash., and three more are scheduled to report within the next couple of days, according to President Bob Brown, of the local club, who returned yesterday after giving the squad the once over. The players were kept in the gymnasium early in the week but Tuesday and Wednesday Manager Billy Purcell had all hands in action on the field. The team will be here one week from to-day drills from early morning until sundown will be on tap. Purcell, according to Brown, is enthusiastic over the prospect and believes he has material into which he can mould a pennant-winning aggregation. The new boys has about the same amount of pep and the same keen rivalry among the ballplayers.

"It looks like the best outfit we ever assembled," President Brown declared to-day. "Purcell is the type of manager who will make a hit with fans on this circuit and I am satisfied he will give us a club that will be in the front row for the start."

Mose Solomon, who hails from Columbus, where he laced the ball for an average of 314 in one of the inland leagues, reports to-day that he is the first base job cinched, although there are a couple of other candidates who must be reckoned with before a final decision is made. Solomon is a medium-sized gent who hurls from the right side. He works smoothly around the primary bag and so far as hitting is concerned appears to be one of the best stickers on the club. Unless the unexpected happens he will land the berth which practically fills all of the first base positions with the exception of the following: Ed Vache, who is second, Billy Purcell will play third, Brother Mark will again perform in the short field, Jake Messner is back with the squad again and may be given a trial second while McNabb is also a candidate for this berth.

Wilson Returns.

Frank Wilson, the hefty centre gardener and hard hitter, is back again in the local lot. He was here last year, and towards the close of the season was turned over to the Portland Beavers. He has been in the South with the Portland club, but McCredie had too many outfielders, and decided to send Wilson back to the Vancouver club. He reported in first-class condition, following five weeks' workout in sunny California.

Included in the pitching staff are four left-handers, Rapp, Buttsbaugh, Finn and Hartman. Rebach, who comes from Montana, is said to be the best twirling prospect in the West.

Purcell has three hard-hitting batters to report to-day along with Dorman, who comes from the Oakland club, and arrived yesterday. Gleason, another high-class backstop, reported to-day. The club paid a fancy price for the latter's services and he is regarded as a certainty for the first string job. Over a dozen fingers are being ten over at the camp. Frank Rapp, veteran pitcher, who was with the club last year, will be back again. Brinda, who came all the way from Poughkeepsie, N. Y., is showing a lot of stuff, while great things are expected from Anderson, a Portland semi-professional, whom Fielder Jones sent along for a trial.

CAPABLANCA AGAIN MAKES LASKAR QUIT

Havana, April 15.—Pose R. Capablanca, Cuban expert, won the eleventh game in the international chess match shortly after midnight, when Dr. Emanuel Lasker, German master, resigned. Dr. Lasker failed to make his forty-eighth move. This is the third game which has been won by the Cuban player.

Dr. Lasker has as yet failed to gain a victory. Eight of the games of the match have resulted in draws.

The time of play of the eleventh game was 3 hours 55 minutes. The twelfth game will be started to-night.

Think Bluenose No Match For Mayflower in Big Race

Lunenburg, N. S., April 15.—Bluenose, one of Nova Scotia's entries for the elimination races which will determine the Canadian Challenger in the great International Fisherman's schooner races for The Halifax Herald trophy to be sailed this Fall, is rapidly being tuned up for a trip to Halifax, where she will be thrown open for inspection, preparatory to a start being made for the Grand Banks about the middle of the month.

Immediately following her launching from the yards of Smith & Rhoads on March 26, the work of stepping her masts was begun. This was completed in jig time without incident and the schooner was turned over to the riggers, who are now engaged in applying the finishing touches to what she agreed in the language of the Banks is a "right smart boat."

Mayflower Not So Good.

Captain Angus Walters, expert fisherman, master and part owner of the Bluenose, is enthusiastic over his new charge and confident that she will prove one of the high-liners of the great Lunenburg fleet of upwards of one hundred sail. He is not so optimistic concerning the fishing capabilities of the possible American defender, Mayflower, now building at Essex, Massachusetts, and expresses the belief that she has not got the necessary carrying capacity to go per way as a Banks fisherman, which he holds should be the first qualification for entrance in the elimination races.

Walters points out that in the preservation of a proper spirit in college athletics it was found necessary to rule that no man should represent

his university unless he maintained a certain standard in his studies, and considering that it is understood that the rule should be applied to fishing schooner racing, if the sport is to be saved from degenerating into a game for designers expert in creating freak boats. He holds that no boat should be permitted to enter the International Fisherman's Race unless it is able to demonstrate its ability to deliver the goods as a fisherman.

"Of course," said Walters, "the proof of the pudding is in the eating, and if the Mayflower can pay her way as a Banks fisherman I will be among the first to take off my hat to her."

Only a Match in a Blow.

Yachting experts who have examined the plans of both schooners are inclined to agree with "Captain Angus." They say that in order to give her sufficient carrying capacity to prove a successful fisherman, it was necessary to carry Bluenose's beam well below the waterline, while in the case of the Mayflower slightly lower the deck level is almost immediately in the hairlines of a racing machine. The consensus of their opinion is that the "Bluenose" will prove no match for Mayflower except in a blow or extremely light airs.

The respective merits of the two boats form the chief topic of discussion at present throughout the fishing communities of Nova Scotia. Members of the Canadian Committee in charge of the event are more reticent, declining to be quoted for the time being, but a delegation representing this committee is proceeding shortly to Massachusetts to inspect the Mayflower on the spot.

COBB'S TEAM WINS ITS OPENING GAME

Heilman's Drive Into Bleachers Gives Detroit Verdict; Other Games

New York, April 15.—Philadelphia Americans turned the tables on New York yesterday, defeating the Yankees 4 to 3, after Hawkins, young pinch hitter for New York, stole the lead in the seventh. Philadelphia rallied in the ninth and scored two runs on Quinn with a triple by Perkins, a sacrifice and singles by Welch and Dykes.

Senators Slug Hard.

Washington, April 15.—The locals knocked Penneck out of the box and hit two other Boston pitchers opportunely yesterday, winning 8 to 2. Schacht pitched effectively for Washington. Score: R. H. E. Boston 010010000—2 7 4 Washington 10120111—8 12 0 Batteries: Penneck, Russell, Fuller and Ruel; Schacht and Garrity.

Tigers Beat White Sox.

Detroit, April 15.—A seventh-inning rally and a single by Heilman in the ninth gave Detroit the opening game of the season yesterday with a six-to-five victory over Chicago. The game was played in a steady drizzle. Approximately 25,000 persons witnessed the contest.

Detroit was on the short end of a five-to-one score at the end of the sixth. In the seventh the Tigers launched an attack that drove Dick Kerr to cover and netted four runs, tying the score. Morris, who relieved Kerr, held Detroit in the eighth, but lost control of the slippery ball in the ninth and passed Young and Bush. Cobb sacrificed and each was purposely passed. Heilman's ninth-inning rally, trimmed by the Presbyterians after a close game.

PLAY GETS KEEN IN BASKETBALL SERIES

Christ Church and First Presbyterians Survive; Great Games Coming Up

Teams from Christ Church and the First Presbyterian churches survived last night's games in the first round of the tournament for the senior basketball championship of Victoria. The vanquished quintettes were the I. A. A. and the St. Andrew's, the former losing to Christ Church by 13 points to 31, while the latter were trimmed by the Presbyterians after a close game.

One more game remains to be played in the first round. The Crusaders are billed to meet the J. B. A. A. at the Y. M. C. A. on Monday night.

In the second round will open on Monday night, when the First Presbyterians and Christ Church must decide which shall suffer elimination.

Huskies vs. Belmonts.

The remaining games in the second round will be played on Thursday night when the Huskies will tangle with the Belmonts. This will be a thrilling affair and the Huskies are favored by many to come through with the honors. The Belmonts, however, have a very fast and active team and cannot be counted on too lightly.

NATIONAL LEAGUE.

Boston, April 15.—Boston pummeled Ruether and Mitchell, of Brooklyn, yesterday, while McQuillan pitched well after the first and won, 11 to 4. Boston made sixteen hits for twenty-six bases. Nicholson, playing his first game for the Braves, made two singles, a double and a triple in four times at bat.

REDS GO UNDER.

Cincinnati, O., April 15.—Pittsburgh bunched hits on Marquard in the sixth and eighth and defeated Cincinnati yesterday, 7 to 2. Errors by Bohne were responsible for Pittsburgh's runs in the first and fourth, the rest of their tally being earned by hitting. The Reds could not do much with Cooper.

Score: R. H. E. Pittsburgh 100103020—7 10 9 Cincinnati 01000000—2 8 3 Batteries: Cooper and Schmidt;

New Standard Ball and Golf Rules Coming In

All Clubs in Canada Will Adopt New 1.62 Ball and Rules on May 1; "Swatters" Will Get Great Chance to Prove That Lighter Ball Can Be Driven As Far As Older One; Stymie to Be Eliminated.

(By Ralph Revillo)

In two weeks' time now, to be exact, May 1, the new standard ball, or more properly speaking, the new "limit" ball and the new rules come into force on Canadian courses.

This new limit ball will be imperatively used in all championships and in all probability in all club competitions. The ball must not weigh more than 1.62 inches in diameter. A lighter weight ball than 1.62 can be used and a larger sized ball than 1.62, at the option of the player.

All manufacturers are now making these "limit" balls, but there are still a large number of heavier balls than 1.62 in the hands of players and dealers, left over from last year and it will be some months yet before these will be used up by the ordinary player.

GOLFERS ATTENTION!

Victoria's ever increasing circle of golfers will be glad to know that The Times has arranged for a series of articles on "Golf For Everybody," by W. J. Thompson.

Mr. Thompson is a well-known Canadian golfer, and has won many titles. In 1915 he went to the fourth round in the American amateur championship at Pittsburg. He is a Canadian amateur medalist, was the medalist at the British Isles invitation tournament at Washington, D.C., and is one of the well-known Thompson brothers, who, as a team, won several championships.

Mr. Thompson writes golf, its fascinations and problems in a manner that novice and good player alike will understand and enjoy.

The first article will appear in to-morrow night's Times. Other articles will appear every Saturday night thereafter.

SOCCER TROPHY AT STAKE TO-MORROW

West's Will Defend Jackson Cup Against Mets; Fast, Clean Game Expected

Soccer fans will have but one game to occupy their attention to-morrow, but it will be one of the most interesting that has been played in the city for some time. The Mets and Wests are billed to appear in the final for the Jackson Cup, which denotes the city championship, and the trophy will go to the winner of the British Columbia championship, of which the McBride Shield is emblematic. The Wests won the title last year.

Both teams are confident that they will win. The Mets believe that they have the best form, and that their young and aggressive forward line will succeed in running through the Wests' defence. The Wests, however, are equally well prepared for a victory. They consider that their backs will be able to break up the Mets' line, and that the forward line, led by the vigorous Archie Muir, who at present is at the top of his form, will prove equally as effective as the Mets.

Big Drawing Card.

Followers of the game will recall many other grim battles in which both teams have competed. The Mets and Wests have always been vigorous rivals, and to-morrow's game should prove a big drawing card, and an exceptionally fast and clean game.

Pearson will handle the whistle and the kick-off will be at 3 o'clock.

The teams will be as follows: Wests—Goal, Shandley; backs, Whyte and Cooper; half-backs, Thomas, Sid Sherritt and Baker; forwards, Mulcahy, Muir, Youson, Allan and Jim Sherritt.

Metropolitans—Goal, Leeming; backs, Taylor and Chalk; half-backs, Douglas, Brynjolfsson and Wale; forwards, Totty, J. Cummings, Pettigrew, Plump and McInnes.

NATIVE SONS WILL PLAY IN VANCOUVER

On Saturday of this week the newly formed basketball team of the Native Sons of B. C. Post No. 1, Victoria, will make a trip to Vancouver to play a game with the Native Sons there.

A few weeks ago a challenge was sent to Vancouver and they readily accepted. A return game will be played here sometime in May.

The team will consist of players picked from V. Jones, J. Wenger, E. McIntyre, D. Moore, S. Hopkins, W. Huxtable and P. McQuade.

MINERS IN HOT GAME TO-MORROW AT NANAIMO

Cumberland, April 15.—All roads point to Nanaimo on Saturday, when Cumberland United, B. C. soccer champions and holders of the McBride Shield, are there to meet Nanaimo United, to decide which Upper Island team shall compete for the McBride Shield this year. The winners of this game will meet the champions of the lower part of the Island or the Mainland.

The fans will leave here by the regular train at 9 a. m., and will return by a special at 2 p. m.

sider that in Mrs. Hope Gibson, of Hamilton, Canada, possesses her best woman player. Owing to the lamentable loss of her husband, a brilliant all-round athlete, Mrs. Gibson has for over a year now been out of the game, but recently at Pinehurst she signalled her re-appearance on the links by participating in the North and South championship there and giving her former club-mate and former British, Canadian and U. S. champion, Mrs. Dorothy Campbell Hurd, a tremendous battle, she eventually had to acknowledge defeat, 2 and 1.

Mrs. Gibson went out in 40, one stroke better than her opponent, and outdrew Mrs. Hurd by a full thirty yards to drive the hole. She had Mrs. Hurd one down on the way to the thirteenth, and finally lost at the seventeenth green as the result of a chapter of accidents which affected both players. Mrs. Hurd showed the greater recuperative powers. Mrs. Gibson's misfortunes on that deciding hole included two almost unplayable lies in successive traps. Mrs. Hurd included a drive placed in the woods, where the ball dropped into a bee's nest among the tangled roots of a tree, and so placed that it required left-handed playing with one hand for its extraction. Mrs. Hurd, to defeat the Hamilton player, had to go around in 41-42-33. Mrs. Gibson should certainly be heard from the coming season in Canada. She gets an exceptionally long ball off the tee and uses her iron as crisply and well. Her re-appearance in championship golf will be quite one of the events of the Canadian golfing year of 1921.

Blue Laws Fail.

Baltimore, Md., April 15.—Blue laws, as far as they apply to Sunday baseballs, were given a hard blow yesterday, when Jerry in criminal court acquitted Jack Dunn, manager of the Baltimore International League team. Dunn was tried under an indictment based upon the fact that Sunday games had been played at Oriole Park.

The same law under which Dunn was indicted provided for the death penalty for those convicted of blasphemy, according to counsel for Dunn.

Black Sox in Dutch.

Chicago, April 15.—Directors of the Chicago baseball team were called to meet in an emergency session to-day to take action against a team said to have booked a game with the "Black Sox," as the barnstorming team formed from discharged members of the Chicago White Sox have termed themselves.

Joe Jackson, Claude Williams, Happy Felsch, Swede Risberg and Fred McMullin are the former White Sox players forming the nucleus of the Black Sox.

Dates for the Canadian appearance of George Duzan and Abe Mitchell, British professional golfers, three in Ontario and two in Quebec, were announced yesterday, as follows: Scarborough course, Toronto, August 24; Bradford, August 25; Lambton Country Club, Toronto, August 26; Country Club, St. Lambert, August 27; Grand Mere Country Club, August 28.

RICKARD NOW BUSY LOOKING FOR SITE

Took Trip Around New Jersey Yesterday; Dempsey Thinks He Will Land K.O.

Jersey City, N. J., April 15.—Tex Rickard here yesterday, inspected several sites for the Dempsey-Carpentier bout, but made no decision.

Chicago, April 15.—Jack Dempsey, heavyweight champion, dodged a crowd of a thousand admirers yesterday by climbing out of his train from the wrong side, and left for New York to begin training for his match with Georges Carpentier, July 2.

Dempsey announced that he would rest for a couple of weeks in New York, going to his training camp May 2.

Dempsey conferred with Floyd Pittsmons, Benton Harbor, Mich., promoter, and agreed to meet an unnamed opponent in Pittsmons's open air arena, Labor Day. He said he had no definite information as to where the Carpentier bout would be held, but thought it would be Jersey City, N. J.

"I'm not worrying about the fact that decisions cannot be given in New York," said Dempsey. "There will be

VARIETY
Scenes of gay Parisian life, produced with unusual realism, are features of Erich von Stroheim's latest Universal-Jewel production, "The Devil's Pass Key," which is at the Variety Theatre. This picture has proved an extraordinary attraction all week. Mr. von Stroheim is the author and director of "Blind Husbands," the recent Universal success, said to be one of the best photoplays of several seasons. The production in "The Devil's Pass Key" of life in Paris, where the story is laid, is genuine in every detail. Mr. von Stroheim has spent a good deal of time there himself, and much of the local color of the scenes in the French capital is the result of his own experience.

PRINCESS
"The Three Twins," now playing at the Princess Theatre, is a musical comedy which cannot be beaten for speed and real humor, and the musical numbers are an achievement which one considers the fact that they were prepared, rehearsed and produced all within a week's time.
The charming story is well trained and their singing and dancing makes a splendid background for the clever work of all the principals.
Miss Page is wearing some stunning gowns and hats, and is surprising many of her admirers with her singing and dancing. It is unusual to see a dramatic leading woman who can also handle musical comedy so well. Mr. Coote, as usual, sings well and makes the most of his part. Mr. Alden is again delighting his old time friends with a glimpse of his wonderful character acting. Lee Jaxon sings "Canada I Love You," and he knows just how to "put it over," as the saying goes; in fact, from beginning to end the scenery, lighting, gowns, acting, singing and dancing is all it should be.
Have you sent in your guess for the Capt. Kidd contest? Though many guesses were received last week the prize (\$5) had to be laid aside, as none were correct. If anyone guesses it

ROYAL VICTORIA
The secret is out—the secret which for six months had been jealously guarded by Louis B. Mayer in connection with the First National picture which was directed by John M. Stahl and which, until very recently, had no name.
Everybody now knows that the name selected for this big picture, which will be shown again to-day at the Royal Victoria Theatre, is "The Woman in His House." But everyone does not know how this particular title happened to be chosen.
On her arrival in New York from the coast Mildred Harris, former wife of the famous "Charlie" Chaplin, inadvertently let the cat out of the bag. In speaking of her domestic affairs, she happened to let fall the statement that she had proven with Charlie simply "the woman in his house."
As this happens to be the title of her picture, she was asked whether or not she was responsible for its selection. She finally admitted that the title was her own and given to the picture by her because of the similarity between the leading character of the picture and her own private life.

ROMANO
The programme at the Dominion this week is one well worth seeing. The great feature is DeMille's "Forbidden Fruit," which has been filmed in the skill of this well-known producer. In the "Fruit" appears some very good views of the arrival of the Canadian squadron at Esquimaut.
Audiences always marvel at the skill of Cecil B. DeMille, and with each succeeding photoplay presented by him his admirers are led to believe the apex of the cinema art has been reached. His latest offering, "Forbidden Fruit," which was presented at the Dominion Theatre with extraordinary success last night, is in many respects more lavish than any of his previous efforts, and runs the gamut of the human emotions. "Forbidden Fruit" tells the story of a young woman who is torn between her widely duties to a rascally gambler and crook husband, and a true love for another that comes to her. The story by Jeanie Macpherson is replete with pathos and thrills which stir the heart.
Included in the cast of notable players are Agnes Ayres, Forrest Stanley, and Clarence Burton, who play the roles of the three central characters, and who in this production made their initial appearance under the DeMille banner; Theodore Kosloff, the Russian dancer; Kathryn Williams, who has starred in many Paramount productions; and Theodore Roberts, the veteran character actor, Shannon Day, Julia Pay and Bertram Johns.

PANTAGES
Madame Zulleka, the only woman hypnotist in vaudeville, is the stellar feature of the week's bill at the Pantages. This unusual woman has come direct from Europe where she scored a real sensation for many months and was engaged on her arrival in New York for the tour of the Pantages circuit. She offers a series of remarkable demonstrations that puzzle and mystify.
Joe Thomas and his Sax-o-tette contribute a real musical treat to the programme, mixing comedy and music in just the right proportions. The act consists of five men and one lone but good-looking woman, all of whom can play real music.
Hector, King of Canines is without a doubt the best animal act ever seen on the circuit. Hector is supported by several highly-educated fox-terriers and poodles in a remarkable routine: these animals display almost human intelligence in the way they perform the most difficult of tricks that it looks as if they were at play with their trainer.

WHAT THE CLUBS ARE DOING
Does Not Crow
"The Kiwanis spirit was not at Washington when the Lusitania went down. If Teddy Roosevelt had been at the White House things would have been different. I am one of the Americans who is ashamed to acknowledge the fact that we had to get in the war at the eleventh hour and I am not one of those who claim 'We won the War.'"
This frank statement by Mr. Geo. Ellsperman, U. S. Customs officer at Blaine, Wash., cleared the air for a splendid address delivered to the New Westminster Kiwanis Club, the official at the international boundary taking for this text "Internationalism."
Mr. Ellsperman dwelt upon the value of good roads, telling his hearers that there was a great movement northward from the American side, where the people had taken to spiritualism, and, not being able to commune with departed spirits, they are now drifting to British Columbia with a special desire to get acquainted with a Scotch brand of whisky which goes under various names, such as Johnny Walker and Peter Dawson.
He suggested that local Kiwanis fraternize more with American tourists, meet them at the bridge and show them the city.
The Adverse Exchange
"Let everybody work to get rid of this cursed exchange," he said. "We who live near the boundary line care little for this adverse exchange against Canada. I have lived on the boundary for the past 23 years and never did believe that the Canadian dollar was not worth 100 cents. There is no reason why Canada, with all her national resources, should not have a dollar just as valuable as that of the American coin."
Mr. Ellsperman advised Canadians to build their own factories, buy their own products, and tell the people of the United States that they will not trade with them so long as

ROYAL VICTORIA WILL APPEAR HERE
Covitch Amateur Orchestral Society to Hold Concert.

The Covitch Amateur Orchestral Society are to be congratulated on the compliment paid them by the G. W. V. A. branch, in Victoria, says the Covitch Leader. This branch holds every Sunday night, concerts in the Royal Victoria theatre and the Covitch orchestra have been invited to play at one to be given on either April 24 or May 1. They have accepted the invitation.
Victoria cannot boast of a single symphony orchestra in its midst, though it possesses many talented musicians and music lovers.
The Covitch orchestra is at present hard at work practising for its annual concert to be held in Duncan on April 31. Another addition to the instruments includes a set of orchestra timpani, which A. B. Whittaker will play.
Mrs. S. Wilkinson, of Quamichan Lake, is also another welcome member and has become one of the first violinists, of whom there are now five. D. Pollock, a former first violin, having lately played with F. J. Norie as one of the violas. It is hoped to add a bassoonist at some future date.
With these increases to the original members Covitch music lovers may be assured of a real musical treat when the orchestral concert is given.

WILL APPEAR AS J. RUFUS WALLINGFORD IN NEW PRODUCTION
Wilfrid North, for many years well known as an especially capable actor, both on the stage and before the camera, and as a successful producer of stage plays, has been engaged to play the role of J. Rufus Wallingford in Vitagraph's forthcoming special production, "The Son of Wallingford," by Lillian and George Handolph Chester. Mr. North will therefore appear as the screen father of Tom Gallery, who was last week engaged to portray the role of Jimmie Wallingford, a newcomer in the land of fiction.
Mr. Chester, who is editor-in-chief of Vitagraph, not only wrote the original "Wives in White" in which J. Rufus Wallingford and his partner, Blackie Daw were the principal characters, and the new story, "The Son of Wallingford," but he will direct the screen version of the story as well. The production is being made at Vitagraph's West Coast studios.
Having the characters in the play, Mr. Chester has a decided idea as to the types he wants to play them, and in Mr. North he found an ideal Wallingford. Aside from his ability as an actor Mr. North qualified for the role physically. Nearly all of the fifty applicants for the role were of slender proportions, entirely unsuited for the part. Mr. North is more than six feet tall and weighs more than 250 pounds without being corpulent. He is the exact character the directors had in mind that have accompanied the Wallingford stories in magazines for years, and particularly in Collier's Weekly, where "The Son of Wallingford" is now appearing.

Figure It Out For Yourself
Honestly now! Could you get for 60c any other prescription which would give the same all-round service and satisfaction that a box of Zam-Buk does?
Zam-Buk is a combination of powerful, healing, herbal extracts, so refined and compounded that wherever there is any kind of soreness of the flesh, or diseased tissue or abnormal condition (such as inflammation, festering or blood-poisoning) it almost immediately soothes and heals. It stops bleeding. It is highly antiseptic—kills disease germs. It is suitable alike for the hardened skin of the worker or the tender sensitive skin of a child.
Zam-Buk is 100% pure, and contains no opium, no alcohol, no mineral impurity. It cannot go rancid.
"For seven years we have used Zam-Buk in our home," writes L. B. Anderson, of 1407, E. 32nd St., Minneapolis. "We simply could not get along without it. Whenever any of my children, my wife or I, happen an accident, we promptly apply Zam-Buk. It saves many a doctor's bill."

the Canadian dollar is not worth that of American coinage.
Discuss Oriental immigration.
Following the very successful ball given by the Gyro Club Wednesday night was the usual luncheon meeting at the Barron Hotel, Vancouver, Thursday. Mr. Rowe Holland, president of the club, occupied the chair, and the meeting was devoted to discussion, interspersed with tuncful melodies from "Dave" Botiger's Gyro orchestra.
The chief problems brought before the club were the Chinese immigration question, and the undoubted presence of anti-British propaganda in British Columbia.
"We have enough unemployed returned white men in Vancouver to-day without importing Orientals to add to the problem. If we could turn back the 'Komagata Maru' with its load of Hindus, who at any rate were British subjects, surely we can deny entrance to Chinese coolies," said Gyro "Puggie" Woodward, with reference to the imminent influx of 1,000 Chinese to this province. The question was referred to a committee which will go into the immigration policy of the government, and decide what action shall be taken.
A letter from the Navy League of Canada was read regarding an article which appeared some time ago in an issue of "Farm and Home," exception being taken to the strong anti-British sentiments expressed therein. The meeting closed with a very interesting lecture by A. L. Struthers on "Character Analysis," Frank Stuart being the "victim."
Parade to Be in Charge of Kiwanis.
New Westminster Kiwanis will again have charge of the May Day Parade. A report from K. C. Macgowan, made at the last weekly luncheon, to the effect that the club had been invited to again assume charge of this feature, was endorsed on a motion by C. A. Welsh and Dr. J. G. McKay. Dr. Hopkins was the oral booster and dwelt on a portion of the Kiwanis creed which deals with responsibility. Secretary Ing reported that an inter-city ladies' night would be held in Vancouver on April 28, and participated in by New Westminster, Victoria and Vancouver members.

Try These Fruit Meats in a luscious pie
Just bake one pie according to the recipe below. Fill with plump, tender, juicy Sun-Maid Raisins. Bake so the juice forms a luscious sauce.
You'll be delighted, and so will your men folks. You'll serve it frequently because this pie is far too good to miss. Bake it yourself or get it from any first-class bakery.
Rich in nutriment
It's a man's prime dessert—full of energizing nourishment to brace him after a hard day. Its pure fruit sugar is practically pre-digested fuel. And raisins contain organic iron, in assimilable form, which brings the rose tint to women's and children's cheeks.
So raisins promote beauty as well as health.
Serve raisin pie, and other raisin foods to insure your supply of iron.
Every first-class baker sells Sun-Maid Raisin Pie
SUN-MAID RAISINS
Use Sun-Maid Raisins always in your cooking.
Packed in a modern, new, immaculate plant in California—clean, sweet, wholesome American raisins—the kind you know are good. Made from tender, juicy California table grapes with unusually thin skins.
Three varieties: Sun-Maid Seeded (seeds removed); Sun-Maid Seedless (grown without seeds); Sun-Maid Clusters (on the stem). All dealers. Insist upon the Sun-Maid brand.
Send for free book, "Sun-Maid Recipes," describing scores of ways to use.

HOW WOMEN AVOID SURGICAL OPERATIONS

Some Are Extremely Necessary, Others May Not Be

Every Woman Should Give Lydia E. Pinkham's Vegetable Compound a Trial First

Chicago, Ill.—"I was in bed with a female trouble and inflammation and had four doctors but none did me any good. They all said I would have to have an operation. A druggist's wife told me to take Lydia E. Pinkham's Vegetable Compound and I took 22 bottles, never missing a dose and at the end of that time I was perfectly well. I have never had occasion to take it again as I have been so well. I have a six room flat and do all my work. My two sisters are taking the Compound upon my recommendation and you may publish my letter. It is the gospel truth and I will write to any one who wants a personal letter."—Mrs. E. H. HAYDOCK, 6224 St. Lawrence Ave., Chicago, Ill.

A Vermont woman adds her testimony to the long line of these fortunate women who have been restored to health by Lydia E. Pinkham's Vegetable Compound after operations have been advised by attending physicians:

Burlington, Vt.—"I suffered with female trouble, and had a number of doctors who said that I would never be any better until I had an operation. I was so bad I could hardly walk across the floor and could not do a thing. My sister-in-law induced me to try Lydia E. Pinkham's Vegetable Compound and it certainly has helped me wonderfully. I keep home and do my work and have a small child. I have recommended Vegetable Compound to a number of my friends and you may publish my testimonial."—Mrs. H. K. STANON, Apple Tree Point Farm, Burlington, Vt.

In hospitals are many women who are there for surgical operations, and there is nothing a woman dreads more than the thought of an operation, and the long weary months of recovery and restoration to strength if it is successful. It is very true that female troubles may through neglect reach a stage where an operation is the only recourse, but most of the common ailments of women are not the surgical ones; they are not caused by serious displacements, tumors or growths, although the symptoms may appear the same. When disturbing ailments first appear take Lydia E. Pinkham's Vegetable Compound to relieve the present distress and prevent more serious troubles. In fact, many letters have been received from women who have been restored to health by Lydia E. Pinkham's Vegetable Compound after operations have been advised by attending physicians.

Lydia E. Pinkham's Private Text-Book upon "Ailments Peculiar to Women" will be sent to you free upon request. Write to The Lydia E. Pinkham Medicine Co., Lynn, Massachusetts. This book contains valuable information.

MONEY WELL SPENT FOR PUBLICITY WORK

Bring Good Returns, Says J. G. Thomson, Publicity Commissioner

"Money spent on publicity is money well spent," says J. G. Thomson, publicity commissioner of the Victoria and Island Development Association, in a statement to The Times to-day.

Mr. Thomson points to the success attending the publicity campaigns of Portland and other Pacific coast cities, where tremendous returns were obtained from the expenditure of large sums of money on publicity, and argues that the successes of past experience should be sufficient to warrant Victoria following along similar lines.

"Following my visit to the East and the several interviews with heads of big railway companies and county bureaus, I am of the opinion that right at our door, in the Pacific coast of the United States, we will have the greatest field from which to draw tourists this Summer," says Mr. Thomson.

"We should spend every dollar we can in Washington, Oregon and California. The tourist field there is ripe for harvesting, and it should be an easy matter to attract these people to Vancouver Island, not merely for a trip over the island, but to spend their entire Summer vacation here. There are others who can only take their holidays in the Winter, and we should encourage these people to come here at all seasons. With the development of proper attractions for them we can readily insure their returning for another visit.

"I have been told by some of the railway heads that right here on this coast is the greatest opportunity this year for promoting a great influx of tourists and Summer residents," said Mr. Thomson.

NEW TYPEWRITER HERE

Latest Remington Portable Demonstrated—Has Interesting Features.

A novel invention in portable typewriters and what is claimed to be the last word in typewriter construction has been turned out by the Remington Typewriter people, and S. H. Sutton, local manager for the company is in receipt of the first shipment.

Mr. Sutton demonstrated the working of the new machine in the Times office this morning. The great feature of the typewriter is the single shift and standard keyboard, which is not only portable in construction but also with the disappearing keyboard is of interest, the working of a small lever raising the entire keyboard for use, and dropping it when not working. The machine is equipped with two-color ribbon and all modern attachments and, complete in the case, weighs only 11 1/2 pounds.

Victoria, April 15.—A. M.—The barometer is falling on the coast and showery weather may become general. Rain has fallen in Central B. C. and Kootenay, and cool weather is again becoming general in the prairies.

POPULAR COUPLE WED AT PRETTY HOME CEREMONY

Miss Mona Lane, daughter of Mr. and Mrs. Vernon Lane, and H. Stanley Young, were the principals in a very pretty wedding solemnized yesterday afternoon at 2 o'clock at the home of the bride's parents, Princess Avenue. The ceremony was performed by the Rev. Dr. Sippel beneath an arch of apple and cherry blossoms from which hung a wedding bell of the same. Masses of lilies and daffodils were used in the decoration of the reception room, forming a charming setting for the ceremony. The bride who entered the drawing-room to the strains of the wedding march, played by Mrs. E. C. Wilderspin, wore a gown of white, charmingly embroidered; she also wore the conventional veil and orange blossoms. The groom's gift of an antique cameo brooch which he brought from Rome, was the only ornament she wore, while her shower bouquet consisted of opelia roses and white carnations. Miss Mary Egan attended the bride, wearing a frock of silver tulle, with hat en suite, and carried a bouquet of pink carnations. The groom's gift to the bridesmaid was a handsome wrist watch. Gordon Young, brother of the groom, acted as best man. During the ceremony Mrs. Archie Willis sang "A Psalm of Love." After the service a delicious wedding breakfast was served, the bride's mother, Mrs. Lane, who wore a becoming gown of plum-colored taffeta, attended to the guests, and was assisted by the Misses E. Gilman, Mamie and Florence McMillan, My Fraser, Mrs. Lawson and Mrs. Simmers. The happy couple left by the afternoon boat en route for the Arrow Lakes, where the honeymoon will be spent, and later will make their home at Wycliffe, where the groom has a position with the Y. M. C. A. The bride's traveling suit was of niger brown, with which she wore a smart brown hat, an ermine stole, the gift of the groom.

The young couple received many beautiful gifts from a host of friends in the city. The bride is a native daughter and was on the teaching staff of the Oaklands school. During the late war, Mr. Young held a commission with the Y. M. C. A. unit and served three years in France.

NO AGREEMENT YET.

Prince Rupert, April 15.—John Emerson, who has been negotiating with the City Council in connection with water supply for a proposed pulp mill here, left last night for Vancouver. No agreement has as yet been reached.

FORTY-TWO STREET NAMES ARE CHANGED

Oak Bay Acts to Prevent Confusion With City Streets

Forty-two street names in Oak Bay municipality have been changed so as to avoid confusion with similar city street names. Among the streets, the new names of which are of special interest, are Dewdney Avenue, named after a former Lieutenant-Governor; Cayen Avenue, after the family name of the Duke of Devonshire, the Governor-General; Beresford Street, after Lord Beresford; Herkier Street, after Capt. Herkier McGregor, a well-known resident of Oak Bay who was killed in action; Falkland Road after the celebrated naval engagement; Byng Street, after the notable general who, at one time, commanded the Canadian Expeditionary Force; Currie Road, after General Sir Arthur Currie; Eos Road, after the naval base in Scotland; Lincoln Road, after the great President of the United States; Dufferin Avenue, after a former Governor-General, and Oliver Street, after the late Reeve W. E. Oliver. Apparently no names were chosen in memory of women.

The old street names and the new ones are as follows:

Old Name.	New Name.
Alexander Avenue.	Dewdney Avenue.
Beach Avenue.	Broom Road; Map 396; Section 69.
Beach Road.	Dalhousie Street; Map 298A; Section 28.

CAPACITY HOUSE FOR ARION CLUB

Maintains Traditions of Organization; Miss Madden Makes Good Impression

The Arion Club, in its enviable position as the premier male club of the West, and with its proud tradition of the past, and known far and wide for its excellently selected programmes, during a period of over a quarter of a century (1920-1921, its 25th season), completed its season's activities last evening, when its forty-six singing members present appeared before an audience, which filled to overflowing the large and beautiful Empress Hotel ballroom.

The programme was again excellently selected and consisted of ten numbers, to which two were contributed by the now well known and popular soprano, Lotta Madden, the assisting artist, this being her second

appearance here under the auspices of the club.

The club seemed to be on its mettle and the audience were undoubtedly in an unusually receptive and appreciative mood. As an instance of the excellent singing of the club never before has that favorite with all male organizations, Dudley Buck's "On The Sea," been rendered with so much effect and aplomb, as was given by their last evening, the contrasts being admirably in the extreme and the attack well high perfect. In Suttner's "Sweet and Low," and in the Italian popular song, "Marrietta," too, the light and shade were exquisite examples of choral singing and proved delightful, as did the "Canon," which was a perfect riot of good things, so spirited and spontaneous was its delivery under the active and able baton of Conductor Howard Russell. Perhaps the most satisfying number by the club was, "The Nun of Nideros" (Dudley Buck), which received a splendid reading by Mr. Russell. His forceful responding to the nuances and characteristics of the composition with remarkable delicacy, the tenor solo being effectively sung by Miss Madden, in the place of Frank Tupman, who was suffering with a heavy cold, as the least satisfying was Horatio Porter's

"Spirit of Beauty," which even the singers did not seemingly to be in rapport with the work. In this as with "The Nun of Nideros" the Victoria orchestra of fourteen pieces, leader Mrs. R. B. Bennett, and with Mrs. A. J. Gibson at the piano, gave material assistance.

Miss Lotta Madden since she was last heard here has much broadened her art. She appears to be possessed more and more with the true dramatic instinct, and combines the gift to unfold to her hearers the very essence of her interpretative powers and the message of the composer, living examples being the "Old English Melody" (Hill), "Mid Rapture" (Clough-Leigher), and in O'Hara's "The Loving God," all receiving careful and intelligent treatment. She uses her voice with much skill and authority; her intonation is secure and she displays delightful taste and resourcefulness. Her climaxes were thrillingly effective and at the conclusion of the aria (Forza de Desiderio) "Face, Face Mio Dio" (Verdi), the gifted singer met with a storm of applause. Miss Madden during the evening was the recipient of a beautiful bouquet of flowers from a Victoria garden. Her accompanist was Louise Keppel, who gave ade-

quate and delightful support, combining the many gifts of this accomplishment.

Lightning struck the house of J. A. Young at Kincardine, ruining the protective rod.

Lon Chaney, who is now at the Goldwyn studios working in Governor Morris' original screen story "Ace of Hearts," is making plans for a dinner party on April 1st. It is April Fool's Day, but that's not the reason. It happens to be his birthday, too.

SEAL Brand Coffee

THE TEA KETTLE

THIRD BRIDGE CAISSON IS LAUNCHED AT DAWN

Just after dawn this morning the third of the three huge caissons which the City Engineer's Department has been constructing near Point Ellice for use in the installation of the new Johnson Street bridge slipped into the waters of the Inner Harbour. The enormous wooden box slid down the ways with the ease of a ship, and floated into the middle of the water without mishap. She will be towed to the bridge site in the near future. The caisson was launched early

This morning in order that it might float off at high tide. The other two caissons already have been towed to the bridge site and are being sunk on the harbor bottom to enable workmen to install the bridge piers.

OBITUARY RECORD

The funeral of Mrs. Violet Blanch Rye was held yesterday afternoon from the Plymouth Brethren Hall, 617 1/2 Cormorant Street, at 3 o'clock. Many friends attended the service, and the floral tributes were very beautiful. The remains were laid to rest in Ross Bay Cemetery. The following acted as pallbearers: A. Price, A. Wigmore, E. Wigmore, S. Parkinson, G. M. Kerry and W. Adams.

The death occurred at the family residence, 898 Front Street, on Thursday, April 14, of Bernard Gordon Galvin, infant son of Mr. and Mrs. Edward J. Galvin. He is survived by two brothers and one sister. The funeral will take place from the family residence Saturday afternoon at 2:30, and will proceed to St. Mary's Church, Victoria, where Rev. Father Silver will officiate. Interment will be made in Ross Bay Cemetery. The funeral arrangements are in the hands of the Thomson Funeral Home.

PREPARE TO CLEAN UP CABARETS AND LOCAL CHINATOWN

Prepare Cabaret Bylaw; Official to Tour Chinatown

Preparations for putting into effect the City Police Commission's decision to "clean up" Chinatown and tone down the jazz in local cabarets have been commenced by the civic authorities. City Building Inspector Barf, attended by a stout police bodyguard, will make an investigation of Chinatown immediately to decide what regulations, to prevent the erection of objectionable barricades and partitions, can be drawn up. Mr. Barf considers that, in attempting to do away with the barricades and the partitions which honeycomb Chinatown now the civic authorities are faced with a difficult problem. However, he will make a tour of Chinatown and will recommend to the Council regulations which will help to curb the present cabaret evils. Mr. Barf has been warned that he should be accompanied by a policeman when he goes through the buildings and joints of Chinatown.

Debate Cabaret Closing Hours. No less difficult than the clean-up of Chinatown will be the cabaret reforms which the Police Commission desires, the civic authorities believe. A by-law framed to accomplish these reforms will be prepared immediately by City Solicitor H. S. Pringle. The chief bone of contention in such a measure will be the provision governing the closing hour of cabarets. Last year it was proposed to close the cabarets at twelve midnight, but the proprietors of the establishments claimed that it would be impossible for them to operate under such a regulation. It was necessary, they said, to keep open at least until one o'clock. They declared that they were desirous of co-operating with the civic authorities in enforcing any other regulation except that closing cabarets at midnight.

Must Keep Girls Out of Cabarets. A sharp division of opinion as to the closing hour of cabarets, it is anticipated, will develop in the Police Commission, but the Commissioners are agreed that they must not allow young girls in these establishments. It is planned to allow no girls under twenty-one years of age, and no women without escorts in cabarets.

The Police Commissioners are rather worried over the new liquor law, as they are not sure yet what its effects will be. Until the Liquor Control Board makes various regulations, they feel it will be impossible to know just what preparations should be made for enforcing the Act. It is feared by the Commissioners that, in making the law, the police will be sold freely in cabarets under various names and that the police will be powerless to prevent this sale.

ARMENIA, AN APPEAL

By the Armenian Relief Fund Association, British Columbia Branch.

Armenia is a Christian nation, utterly destitute and in danger of starving, calling for food with which to stave off the agony of a lingering death by starvation, little children lying weak and exhausted in the streets, mere skin and bone will not be anything that has a greater need and right for immediate attention on the part of us English-speaking people who are proud of the fact that we are always in the van of the great perennial fight against evils and misery of every description? Who can translate into mere words such a call or make a strong enough appeal on behalf of these poor sufferers? We are all rather tired of drives, tag days, and relief funds, but can we afford to let our own brothers and sisters perishing for want of helping hand? Even a trifling gift now—the price of a picture show, perhaps is better than nothing. It is a small sacrifice from each and all of us that is needed and we shall have the satisfaction of having done our bit.

SUNDAY SCHOOL DAY SET MAY 29

May 29 is specified as Go-to-Sunday-School Day in a proclamation issued to-day by Chief Justice Macdonald, Administrator of the Province during the illness of Lieutenant-Governor Nichol.

"We have thought fit, by and with the advice of our Executive Council of our said Province of British Columbia, to appoint Sunday, May 29, 'Go-to-Sunday-School Day,'" says the Chief Justice in his proclamation, to which is affixed the Great Seal of the Province.

GUARD OF HONOR FOR CEREMONY OF UNVEILING STATUE

Military plans in connection with the unveiling of the Queen Victoria statue by His Excellency the Governor-General on Tuesday morning are announced to-day.

PURE BRED MALES ONLY, IS PLANNED

In Five Years Scrub Goats Illegal in B. C.

Breeders say that undoubtedly the most interesting piece of legislation passed at the last Session of the B. C. Legislature as far as the livestock industry is concerned, was the Act providing for the gradual elimination of the scrub sire in the breeding of goats.

This Act, passed at the request of the goat breeders of the Province, provides that for the next two years only three-quarter bred bucks may be used at public service; for the third year only seven-eighth bucks; for the fourth year only five-sixteenth pure bred bucks, and after that, pure bred bucks only. The idea is gradually raising the standard till pure bred bucks are used, to avoid any hardship on breeders.

WORK OF THE CHAMBER OF COMMERCE

Owing to the many British Columbians who proceeded, at their own expense, from British Columbia to the various parts of the world, with units preceding overseas with the First Contingent, and the large numbers that proceeded overseas individually, and at their own expense, for the purpose of joining Imperial Units, the Director of Overseas has informed the Victoria G. W. V. A. that it is impossible to furnish a nominal roll of British Columbians who were killed in action, or died of wounds while on active service.

Information covering British Columbians who enlisted in Canada will be available in a few months, when the work of a mechanical system, recently installed for the purpose of gathering statistics, is completed. But the names and record of those who proceeded to England individually cannot be obtained.

This information was asked for at the request of the Chamber of Commerce for the purpose of perpetuating the memory of Victorians, who made the supreme sacrifice during the Great War for the proposed Memorial Avenue.

Members are again reminded that the annual meeting of the Chamber of Commerce will be held in the auditorium at 8:30 o'clock to-night. Interesting reports will be given, and a full attendance is requested.

BENEFIT CONCERT FOR MRS. A. J. GIBSON STAGED TO-NIGHT

Mrs. A. J. Gibson, the popular pianiste, will be complimented this evening at a benefit concert to be given at the home of Mrs. George G. Bushby, 9065 St. Charles Street, at 8 o'clock to-night. The leading artists of the city has assisted Mrs. R. H. Pooley in the arrangement of the programme, and the result promises to be one of the most delightful concerts ever given in Victoria.

URGES STATUE BE UNVEILED MAY 24

Mayor Porter took up with the Provincial Government authorities to-day the preparation of arrangements for the visit of the Governor-General to Victoria next Tuesday. The Mayor wishes the city to cooperate with the Government in receiving the Duke of Devonshire.

VANCOUVER HEN LAID BIG EGG

Vancouver, April 15.—This city now lays claim to the championship for the largest hen's egg laid in Canada. Driver Mitchell, of the Police Department, is the owner of a flock of white leghorn hens, one of which laid an egg on Tuesday, the greatest circumference of which was 8 1/2 inches. When opened it was found to contain two perfect whites and two perfect yolks.

FINDS VICTORIANS NICE AND TRANQUIL; CLIMATE IS BLAMED

People Here Not Keyed-up Like Other Canadians, Toronto Paper Says

People of Victoria and Vancouver Island generally have tranquil dispositions and are without the keyed-up nervousness characteristic of the people of Ontario and the other inland provinces of Canada, according to the estimate of this island and its people made by a special investigator for The Toronto Telegram. He finds that this island bears many similarities to England.

Both countries have very moist climates, and English trees, shrubs and flowers, unknown in Ontario, flourish exceedingly on the B. C. coast, says The Telegram. English ivy, clings to the sides of houses and spreads its dark green mass over walls. English roses riot as they do in Devon. The jungle of her flowers and the gorse will be blooming there now just as you would see them in the Kentish country. It would make a Toronto gardener sick with envy to see with what marvelous speed English box or privet turns into a hedge in the genial soil and air of Vancouver Island. Holly bushes with red berries stand in the gardens. And the grass is always green, never withering as here.

Luxuriant Native Vegetation. In addition to other imported flora, lower British Columbia has a wealth of her own ivy and bushes whose evergreen leaves and ferns help to make a veritable forest of her forests. Many Old Country folk, too, are settled there. Moreover, the damp atmosphere makes for a tranquillity of disposition reminiscent of England and unlike the keyed-up nervousness of Ontario and other inland provinces. But there the resemblance ceases. The Winters in lower British Columbia are wetter than in England, and the Summers much warmer. The soft air of the Pacific Ocean lacks disposition reminiscent of England, and the snap of the Atlantic breeze off the English coast. In fact the warm Japanese current gives the shores of Canada it leaves a real touch of the tropics.

Grows Timber Faster Than Ontario

The luxuriance of the vegetation is the first thing to impress new arrivals. It is officially claimed that the climate of the B. C. coast will produce as much timber in sixty years as the rest of Canada in a century. No trees grow all winter out there. The forests in the world have a heavier stand of timber than those on Vancouver Island. Of British Columbia's estimated total stand of 366 billion feet of board measure and pulpwood, it is estimated that 309 billion feet is situated along the coast, and half of this—160 billion feet—on Vancouver Island. The writer who knows the island well also the lower mainland, once saw a single log at Vancouver from which they would cut 18,000 feet of good merchantable lumber. Douglas fir straight as pencils and 200 feet high are common enough, and 50,000-foot-board measure per acre is not regarded as phenomenal in those forests, compared to whose trees our second matchwood. Ontario pine looks like

Toronto Men Catch Whales. Coal mining and fishing are, in addition to lumbering, Vancouver Island's main industries. Soft coal of

Pure, Clean, Economical

Preserved & sold only in Sealed air-tight packets to preserve its native goodness.

"SALADA"

Used in Millions of Tea-Pots Daily

excellent steam quality has long been mined, and a large quantity of it goes to the Pacific coast states. Of fish salmon are of course very plentiful, also halibut—large shipments of which have long been actually shipped to Boston—herring, cod, etc. Toronto capitalists are interested in several big whaling stations on the coast of Vancouver Island. About fifteen years ago the Canadian Pacific Railway bought out the Dunsmuir railway interests, and has since extended the original lines to various parts of the island. Agriculture flourishes moderately on Vancouver Island, but not quite so well as might be imagined. Soil is very rich in the low-lying parts, but the expense of clearing timber is excessive. On the higher land, where smaller timber is encountered, the soil is apt to be light and sandy. And for all the wet winter, the Summers can be very dry on occasion.

LARGE CONSIGNMENT OF NEW RHUBARB

Beautiful and Preserve Your Home With SHINGOLEEN

Shingoleen is undoubtedly the most satisfactory finish for shingles. It gives a maximum protection to the shingles and the colors remain bright and permanent for years. It is far more economical to use than ordinary shingle stains because it brushes out more, thus covering more surface per gallon. Ordinary shingle stains soon become dull in color because there is nothing in them to bind the color while the creosote they contain, on account of its acid nature, soon kills the very life of the color. For Shingoleen results you Must Use Shingoleen.

"Paint Up" With Bapco Paint

No matter what your requirements may be, no better or more satisfactory paint could be found than this famous local product. For ordinary use get BAPCO PURE PAINT. For your steps and porch use BAPCO PORCH FLOOR PAINT. To make your kitchen or bathroom clean, bright and sanitary use Porcelite White Enamel.

Breadth of Banking Service

EVERY Department of Banking Service finds full and adequate expression in the Bank of Montreal. Its Branches cover the Dominion of Canada from end to end; it has its own offices in the financial centres of Great Britain, France and the United States, and its correspondents in every part of the world.

No matter what form of banking service may be required, whether it be in connection with the Savings Department, the financing of business or the carrying on of foreign trade relations, adequate facilities for such service are afforded by this Bank. The Manager of any branch will be glad to have you discuss your requirements with him.

A Direct Wire Service is maintained between the Bank's offices in Montreal, Toronto, Winnipeg, Vancouver, New York, Chicago, and San Francisco.

STRIKE THREATENED

London, April 15.—A serious phase of the threatened strike of the Triple Alliance is that of the British seamen and stewards, whose wages, it was learned today, the owners have announced will be reduced approximately 30 per cent.

Reports received by the union here from the Maritime Workers' Union of America say a reduction of 25 per cent in the wages of seamen will become effective in the United States May 1.

SEES EFFORT TO LOWER WAGES

Nova Scotia Coal Miners' Secretary Speaks

Sydney, N. S., April 15.—Charging that the Dominion Government and coal mine operators in Nova Scotia are on strike against the miners of the province, M. MacLachlan, secretary of the United Mine Workers, in a statement to-day gave details of the much discussed coal order reported to have been offered the Dominion and Scotia Coal Companies by the Federal Government and refused because the price offered was too low.

Large Order.
A renewed statement that the companies have been offered a large order is contained in a telegram received by Mr. MacLachlan to-day from John Douglas, M. P.

"Upward of 12,000 miners have been idle during the past winter, and as far as I can see there has been no need of this unemployment," declared Mr. MacLachlan.

"It looks like an effort on the part of the companies to bring about a break in the miners' wages."

REQUEST REPEAL OF SCOTT ACT

Quebec City People Wish Ottawa to Act

Quebec, April 15.—(Canadian Press)—Premier Taschereau will leave for Ottawa where he will have a conference with the Dominion Prime Minister and Hon. C. J. Doherty, Minister of Justice, in connection with the repeal of the Scott Act in Quebec City, for which a memorial bearing some 18,000 signatures has already been forwarded to Ottawa.

Suffered.
New York, April 15.—Leo Busch, a porter, who essayed the role of "Good Samaritan" and placed whiskey to the lips of a plain-clothes policeman who feigned collapse before the door of a saloon, was held in \$500 bond to-day.

The magistrate said he appreciated the porter's good intentions but that even "Good Samaritans" were forbidden before the new law from having liquor in their possessions on the street.

SHEET STEEL IN U. S. IS CHEAPER

New York, April 15.—Price reductions for sheet steel were announced to-day by the American Sheet and Tinplate Company, subsidiary of the United States Steel Corporation. The reductions varied from \$7 to \$14 a ton on various products.

Earlier this week the United States Steel Corporation announced price cuts affecting other lines.

LOANS ARE REPAID BY HENRY FORD

New York, April 15.—Recent reports that Henry Ford contemplated extensive financing in Wall Street in connection with his automobile business were dissipated to-day by bankers who announced that the Detroit manufacturer, instead of being in the market for money, had liquidated loans here aggregating \$24,500,000.

Several of the notes, it was said, had been taken up before maturity.

STOCKS STAGE COMEBACK TO-DAY

(By Burdick Brothers, Ltd.)

New York, April 15.—Stocks showed strength from the opening here to-day, and on reports that the Triple Alliance had cancelled the strike order set for ten o'clock to-night stimulated buying throughout the day. The railroads staged a very satisfactory comeback, C. P. R. and Union Pacific advancing three to four points from the lows of yesterday. Money ruled firm throughout the day at 1 per cent.

VIEWED FIRE LOSS

Sydney, April 15.—Mr. S. P. Moody, representing the Liverpool-Manitoba Fire Insurance Company and W. B. Crombie, of Victoria, Fire Insurance Adjuster, were in Sidney looking over the results of the Rubber Roofing Company fire.

GOES NORTH

Sydney, April 15.—S. Garmus, who visited his parents, Mr. and Mrs. John Garmus, at Sidney Island, has returned to Vancouver to go back into the employ of the B. C. Packers as a gas boat engineer, probably up in the North, where he was previous to coming here.

THE FAMILY Ledger

"If you would be wealthy, think of saving as well as of getting."—Franklin.

THE FAMILY Ledger

HAVE you a family ledger in your home in the form of a Saving's Bank book?

Do you realize that being businesslike inspires greater confidence?

Do you pay your bills by cheque, and thus get a receipt for every item?

Do you use your cheque stubs for keeping track of your household expenditures?

Do you save systematically and consistently?

The road to financial independence starts with the family ledger. If your bank account is only a hope, start to turn it into a pleasant and useful reality today.

IMPERIAL BANK OF CANADA

HAVE YOU \$5,000 TO INVEST

Through illness it has been necessary for the Treasurer of this Company to resign and dispose of \$5,000.00 worth of stock.

His position, carrying a salary of \$150 per month, is open to a good, clean, progressive business man, financially able to acquire his interest. Quick action is necessary.

See Mr. Hamilton

Opportunities Abroad

The markets of the world are inviting Canadian trade. Opportunities for foreign trade expansion were never so favourable, and The Merchants Bank can be of immeasurable value to those seeking business abroad. Our Foreign Department has first-hand information on the market conditions of all importing and exporting nations which are always available.

OIL GETS 'EM

Did you read the big news story in the Sunday Colonist about the C.P.R. exercising its option on the Mackenzie & Mann Stewart Short Line Railway?

This is the first step in the building of a railway from tidewater into the Peace River country (Pouce Coupe) and the oil fields of the Mackenzie River. It is important that you should read it.

If this road is built it means that the oil from the great northern fields will come this way, and Victoria, Vancouver Island and British Columbia generally will secure their share of this trade with its corresponding profits.

The development of these oil fields is of more importance than any other business proposition now before the people of this Province.

It is up to us to do our part of this work and get our share of the profits.

THE CANADIAN U. S. OIL AND REFINING CORPORATION has secured leases at Pouce Coupe in the Peace River Country, two at Fort Norman and at Windy Point and Pine Point.

The company will drill at Pouce Coupe, Fort Norman and Windy Point. Drilling will start at Fort Norman with the opening of navigation, where the company's lease adjoins the Imperial's gusher.

The Imperial has one rig on the ground at Pouce Coupe and three more are being taken in from Grand Prairie.

It is estimated that 30 drilling rigs will be in operation at Fort Norman this Summer.

Three rigs are drilling day and night above Peace River Crossing.

Oil is the one big thing in the business world to-day.

THE CANADIAN U. S. OIL AND REFINING CORPORATION has 58 producing wells and 8 strings of tools drilling day and night on proven territory in the South, where it controls 14,000 acres.

Your investment is safe and income sure. Dividends are paid quarterly. Next dividend will be paid June 1.

This is your opportunity to do yourself a good turn and help develop the oil resources of Canada at the same time.

For further particulars phone, call or write.

BALKS AT OFFER OF CHEAPER WATER FOR GORDON HEAD

Councillor Kingwell Feels City Would Tempt Saanich

The Saanich Council last night received from Water Commissioner F. M. Preston, of Victoria, an offer of lower water charges for a Gordon Head service, identical with that passed on Monday evening by the Victoria Council.

The offer was referred to the Water and Sewers Committee after having been the cause of some caustic criticism by Councillor Kingwell, and an appeal by Councillor Vantreight that it be accepted with thanks and "all we fellows get busy and get the water to Gordon Head."

An Explanation.
After Reeve Watson had informed Councillor Ormond that the discounts offered on Gordon Head consumption are for \$175,000 and he thought as a whole and not solely applicable to Gordon Head water users, Councillor Kingwell moved his resolution to suitably acknowledge the offer and refer it to the sewer and water committee, remarking that he hoped the concession was not an attempt to embarrass the Council in its efforts to arrive at an amicable adjustment of a difficult problem.

He claimed that the proposal of a 75% discount has given people a erroneous idea of the offer, many believing it being intended to aid in paying the cost of the new mains of or more and larger laterals.

Inexpensive Feasible.
Councillor Kingwell suggested that the city was assuming the role of benefactor with a first year discount of 25%, and by so doing was "rushing Saanich into an immediate expenditure of \$75,000," and he thought the offer ill timed, while admitting that to refuse the offer seemed off-hand to be absurd.

Councillor Kingwell took exception to remarks made by the City Fathers, tending to show Saanich was not adhering to the "sewer outfall agreement." He claimed the Council had done all in its power, and the refusal of the ratepayers to support a sewer by-law was not to be charged to the Council, which had acted in strict accord with the agreement.

Tax Free Elk Lake.
The fact that Victoria owned, near the quarter million dollars worth of Saanich property and paid no taxes thereon, although using the lands for other purposes than the waterworks service on which the city was claiming, aggravated Councillor Kingwell severely and he considered such Victoria-Saanich subjects should have been given attention prior to making such concessions on a matter affecting Saanich alone.

Councillor Ormond thought the offer did not go far enough, he would have preferred an offer of a discount on the whole water consumption of Saanich.

Sees Kindly Spirit.
Reeve Watson appealed for acceptance of the offer in the spirit "with which it had been offered, pointing out that Victoria had millions of gallons of water running to waste every day, and while gaining somewhat by the greater consumption, foreseen, would not make as much as the revenue would have been without the offer. It was unfortunate that the aldermen had mixed up the sewer matter, said the Reeve, declaring that his remarks on this head to have been quite uncalled for.

Councillor Vantreight being unable to secure a seconder for his "get busy" motion, Councillor Ormond seconded Councillor Kingwell, though making plain he did not endorse the latter's remarks.

Why Action Now?
Before the vote was taken Councillor McWilliam wanted to know why the civic fathers were taking up the matter at this time, and was told that the offer was the result of efforts made last year by the Victoria and Island Development Association, which had taken a great interest in the progress of Gordon Head and Saanich, as being of vital interest to Victoria's residents.

The offer which the Council, when in Sewer and Water Committee will again consider, provides that, if Saanich ratepayers endorse before July 31 a by-law to extend the waterworks to Gordon Head, and if water is being delivered to that district within twelve months after passage of the by-law, the city will grant a series of special discounts on the water used in the Gordon Head district, these being as follows: First year, 75 per cent; second year, 60 per cent; third year, 45 per cent; fourth year, 30 per cent; fifth year, 15 per cent, with the general charges coming into full effect in the sixth year.

The amount of water used by Gordon Head residents to be determined by the installation of a special meter in the main serving the district, and the offer stipulates that the resulting

saving in water dues shall go to the benefit of Saanich as a whole, the Gordon Head users to be charged the regular water tariff in general effect in Saanich.

HON. MRS. SMITH URGES WOMEN TO BROADEN MINDS

Says They Should Agree to Disagree Without Losing Friendship

The Hon. Mary Ellen Smith, speaking at the Thomas Club, Montreal, as the guest of the Local Council of Women, urged the women of Canada "to grow to a point where they could agree to disagree, and to discuss differences of opinion without losing personal friendships."

"Women in the twentieth century should be big enough for this," Hon. Mrs. Smith said.

She went on to say that in the future it may be possible for women to reorganize their organizations so as to avoid duplication of energy, obtain maximum returns and eliminate breaking up through personal jealousies and factions.

"Women voters should take no narrow view point," Hon. Mrs. Smith went on. "Their success for the future lies in being able to look at things from every side and their incentive is to leave the world a cleaner and more wholesome place and to keep the homes safe and sane for children."

She emphasized the responsibility and power of the ballot.

Hon. Mrs. Smith referred to the aims and objects of the Local and National Councils as founded by Lady Aberdeen in Canada, to bind the women of the country together, to obtain better laws, and to work for better protection for women and children. It had taken persistency and consistency, sometimes the courage of the lion and sometimes the meekness and docility of the lamb to achieve reforms already realized.

"Votes for women" had been a Council plank. She touched on some of the legislation in British Columbia since the women were enfranchised, among them appointment of Judges of Juvenile Courts, equal guardianship for children, the minimum wage, and what she designated as the crowning piece of legislation, a statement of pensions. In connection with this last, she said the Bill in the British Columbia House had been both "fatherly and motherly" having been given to herself to pilot through the House. In the debate she had referred the House to the second Chapter of Exodus as the first mention of mothers' pensions, a statement that caused a run on the library for the Bible for members to read for themselves the story of how Pharaoh's daughter had pensioned the mother of Moses.

Mrs. Walter Lyman and Dr. Grace Ritchie England received with Mrs. Smith, who was wearing a black gown with lace bodice, emerald, diamond, silver, and a black silk hat. Pinned on the corsage was a medal presented to her by the women of British Columbia. Mrs. A. D. Durnford presented Mrs. Smith with a table, which had a bowl of daffodils in the centre.

Instant Relief for Sore, Aching, Tender, Calloused Feet and Corns.

"TIZ" FOR TIRED, PUFFED-UP FEET

Your feet! Your feet! Your feet! You're footsick! Your feet feel tired, puffed up, chafed, aching, sweaty, and they need "Tiz."

"Tiz" makes feet remarkably fresh and sore-proof. "Tiz" takes the pain and buries it out of corns, callouses and bunions. "Tiz" is the grandest foot-gladdener the world has ever known.

Get a box of "Tiz" at any drug store and foot torture for a whole year. Never have tired, aching, sweaty, smelly feet; your shoes will fit fine and you'll only wish you had tried "Tiz" sooner. Accept no substitute.

INSPECTS HATCHERIES.

The practicability of the seaplane was again proved when Major A. Motherwell, chief inspector of the Dominion Fisheries for British Columbia, and John McHugh, resident engineer, Vancouver Island, such as Pitt Lake, New Westminster, Harrison, Cultus, Anderson and Kennedy Lakes, and intends to extend his tour to embrace Seton and Babine Lakes, and the Skeena River.

There they met Alex. Finlayson, Dominion Inspector of hatcheries, who will visit the Government hatchery establishments at Anderson and Kennedy Lakes. A stop-over of about three hours will be made at each of these points, the party returning to Vancouver in the evening. Former methods of transportation would have necessitated a trip of seven or eight days.

Mr. Finlayson arrived on the Coast a short time ago and is particularly interested in the inauguration and development of retaining ponds in connection with hatchery work in British Columbia. He has already inspected the hatcheries of the Lower Mainland and Vancouver Island, such as Pitt Lake, New Westminster, Harrison, Cultus, Anderson and Kennedy Lakes, and intends to extend his tour to embrace Seton and Babine Lakes, and the Skeena River.

WANT SCHOOL CHILDREN TO ATTEND UNVEILING OF QUEEN'S STATUE

Regret that the unveiling of the statue of Queen Victoria in the Parliament Buildings could not have been made the central feature in the May 24 celebrations was expressed at the meeting of the Municipal Chamber, I. O. D. E., yesterday afternoon. Mrs. R. B. McMicking drew attention to the fact that the original intention had been to have the statue unveiled on Victoria Day, when the school children of the city could be present en masse to witness the ceremony, and the I. O. D. E. be represented, with their standard-bearers.

A resolution was passed and will be forwarded to the Provincial Secretary requesting that arrangements be made for the school children to witness the unveiling by the Governor-General. The I. O. D. E. also accepted an invitation to attend the ceremony, the official invitation stating that a place would be left for six members of the Order.

Mrs. W. C. Nichol wrote thanking the Order for their warm welcome on her arrival at Government House, and voicing sympathy with the work of the I. O. D. E. The secretary was instructed to forward a letter of sympathy to Mrs. Nichol expressing regret at the illness of the Lieutenant-Governor.

On the suggestion of the Agnes Deans Cameron Chapter, per the re-

gent, Mrs. L. H. Hardie, to-day and to-morrow will be devoted to the Spring cleaning of the Municipal Chamber headquarters, in preparation for the visit of the provincial officers on Monday. Any chapter having articles at the rooms is requested to send a representative to-morrow morning to sort out and arrange for the care of its property.

Jones: "What's the difference between valor and discretion?"

Bones: "Well, to go to a swell restaurant without tipping the waiter would be valor."

Jones: "I see. And discretion?"

Bones: "That would be to dine at a different restaurant next day."

FOR HERSELF ALONE

The shaded lights, music in the distance, sweet perfumes from the costly flowers about them—everything invited him to chance his luck.

She was pretty, which was good, and he believed, an heiress, which was better.

"Are you not afraid that someone will marry you for your money?" he asked, gently.

"Oh dear, no!" smiled the girl. "Such an idea never entered my head."

"Ah, Miss Deargirl," he sighed, "in your sweet innocence you do not dream how coldly, cruelly mercenary some men are!"

"Perhaps I don't," replied the girl, calmly.

"I would not for a moment have such a terrible fate befall you," he said, passionately. "The man who wins you should love you for yourself alone."

"He'll have to," the girl remarked. "It's my cousin Mabel who has the money—not I. You seem to have got us mixed. I haven't a penny myself."

"Oh—er," stammered the young man, "what pleasant weather we are having, aren't we?"

"Rattle—'Who is that very popular young woman over there?'"

"Prattler—'She's the daughter of a banker.'"

"Ah! No wonder she draws a much interest!"
