

Your
Seattle
City Light

Gordon Vickery, Superintendent

June 12, 1974

Ms. Hildreth Durham

██████████
Seattle, Washington 98144

Dear Ms. Durham:

Congratulations!

You have been selected as one of the ten electrical trades trainees at City Light. After exhaustive reviews of all the applicants, the five-person interviewing panel designated a slate of ten whom they considered the most highly qualified to undertake this pilot project in equal job opportunity for women. The panel feels sure that you will justify their confidence in you and display the stability and determination needed to become a journeywoman electrician.

The job begins on Monday, June 24th. Please report to the 9th Floor Conference Room in the City Light Building at 8:30 a.m. sharp. Work clothes will not be necessary at this time. [You will participate in a one-week Orientation, to be followed by a two-week pre-placement training program.] On-the-job training will not begin until July 15.

Please call us immediately at 447-3226 to confirm your availability on June 24th.

We extend our sincerest best wishes to you for a successful and exciting career as a utility electrician.

Sincerely,

GORDON VICKERY
Superintendent
