JAPAN PROTESTS NEW IMMIGRATION BILL!

Increased Bank Deposits Show City's Prosperity

BLUNT NOTE TO UNITED STATES IS REVEALED

CONDITIONS EXCELLENT, DEPOSITS INDICATE

Financial Institutions of Glendale Reflect Fine Business Growth

Total deposits of \$12,430,901.75 in the nine Glendale banking institutions are shown by the call as of the close of business on March 31, 1924, an increase of \$359,504.30 over the call for statement on December 31, 1923, reflecting a very sound local condition.

A resume of the six independent banks and branches which published their statements in yesterday's advertising columns of The Glendale Evening News, in full, shows that they have increased their loans during this period, and have also increased their holdings in United States and other bonds and securities, while at the same time their cash reserve has been increased.

The percentage of reserve held by the independent banks on December 31 was 20.09 per cent and the reserve on March 31, 1924, was 19.7 per cent, showing that there has been considerable demand on the banks for loans which have been absorbed by them.

DAUGHERTY BANK SECRETS SOUGHT

Report of Hidden Thousands Sends Senate Probers Into Ohio Town

WASHINGTON COURT HOUSE, Ohio, April 11.—With its torch light of investigation turned away temporarily from the nation's capital, the Wheeler-Brookhart committee today followed a trail of alleged corruption to this Ohio town on a "tip" that evidence of a sensational character is locked within the vaults of the Midland National bank.

Senator Burton K. Wheeler, Democrat of Montana, acting prosecutor, and Senator Brookhart, Republican of Ohio, chairman, arrived here this morning from Washington, D. C., to conduct a personal examination of the bank's records.

The investigation was prompted by secret reports that thousands of dollars were deposited in the bank by men high in public life, under circumstances which could not easily be explained.

Delay Acceptance of Arbitration Offer

FRANKFORT, Ky., April 11.—Up until a late hour today Governor Fields was without a reply from Bell county coal operators to his second invitation to arbitrate their differences with miners in that district.

Inter-City Motor Exhibit Will Open 1 p. m. Saturday

Announcement is made today by George Beck, representing the management of the inter-city automobile show, that is being held this week at Eagle Rock, that the show will open Saturday afternoon at 1 o'clock and will remain open until 10 at night.

HAMON'S CABINET HOPES REVEALED

Senate Committee Uncover Evidence of Ambition For High Position

WASHINGTON, April 11.—The political aspirations of the late Jake Hamon, one-time Republican national committeeman in Oklahoma, and his activities at the Republican national convention in 1920 in connection with the nomination of Warren G. Harding, were subjected to further scrutiny by the Senate public lands committee.

E. G. Costello, a Chicago newspaperman, and Jack Smith of Paris, Texas, testified that Hamon expected to get a cabinet post, while James J. Sloane, former White House secret service operator, told of a dinner at Ardmore, Okla., during the 1920 campaign, at which both Harding and Hamon were present.

Checking Career of 'Doctor' Held In Jail

LOS ANGELES, April 11.—While charges and denials flew thick and fast today in the strange case of "Dr." R. H. V. Albrext-dare, self-assured "research scientist," alleged to have practiced medicine in Southern California without a state license and to have victimized a Pasadena family out of \$37,000, investigating officers checked back over the career of the debonair "doctor," who was arrested at Orange on Tuesday.

Meanwhile, Mrs. James McFadden, said to be the widow of a pioneer California railroad man, and her daughter, Miss Jennie McFadden, claimed to have been victims, and prepared to recover their money.

Seek More Proof In Fight Picture Plot

WASHINGTON, April 11.—Another effort to prove that a conspiracy, involving federal officials, existed for the purpose of exhibiting the Dempsey-Carpentier fight pictures throughout the country was made today by the Daugherty investigating committee.

Hendrix Hanged for Murder of Partner

SAN QUENTIN PRISON, Cal., April 11.—J. W. Hendrix walked calmly to the scaffold here today and was hanged for the murder of Thomas Kemper, his partner.

REFUSES SUMMONS

WASHINGTON COURTHOUSE, Ohio, April 11.—The Daugherty investigating committee ran into a stone wall today when Mel S. Daugherty, brother of the former attorney-general, flatly refused to obey a subpoena issued by the Wheeler-Brookhart committee.

DESPONDENT GIRL TRIES SUICIDE

Love Affair With Rich Man Leads Woman to Drink Deadly Poisons

LOS ANGELES, April 11.—Despondent over difficulties in her love affair with a wealthy and aged San Diego business man, according to her father, Ruth Hibbard, 27, a Long Beach girl, early today attempted to commit suicide in a downtown hotel here by swallowing two deadly poisons, according to the police. At the receiving hospital it was declared she was in a dying condition.

Harry Hubbard, the girl's father, said that some years ago his daughter filed suit against a wealthy Long Beach man, but that the case was settled out of court. Later, he said, his daughter fell in love with another man, 65 years old, then a resident of Long Beach, but now of San Diego. The man in question was said to be married, but his wife was killed in an accident shortly after the breach of promise suit was settled. The girl is declared to have become despondent over the affair.

Suit to Quiet Title Involves Bank Stock

LOS ANGELES, April 11.—To straighten out a tangled estate, suit to quiet title to property at Inglewood, including stock in the Inglewood First National Bank, Citizens Savings Bank and the Inglewood Manufacturing Company, was filed by Samuel M. Green against J. Gordon Mills, administrator of the estate of Vesta L. Green.

ASKS IMPROVEMENT

LOS ANGELES, April 11.—The Hollywood Chamber of Commerce submitted a petition to the City Council today, requesting the improvement of La Mirada avenue from Vine street to Calhoun avenue by construction of a five-inch concrete pavement, curbs and sidewalks.

BROADCAST SPEECH

MADRID, April 11.—General Primo Rivera, head of the directory, will broadcast a speech tomorrow night which he expects to be heard in North Africa, France, England and Portugal.

LATEST NEWS

OFFER U. S. MEDIATION IN HONDURAS
WASHINGTON, April 11.—Sumner Welles, American commissioner in the Dominican republic, has been ordered by President Coolidge to revolution-torn Honduras, to offer the friendly assistance of the United States in bringing about a solution among the warring factions and the establishment of peace, it was announced at the state department today.

BAD WEATHER DELAYS AIR CRUISERS

SITKA, Alaska, April 11.—The four air cruisers flying around the world were all gassed and ready for hopping off today for Cordova, Alaska, but weather reports were unfavorable and it seemed probable the flight would be delayed.

GOVERNOR REFUSES TO CALL SESSION

SACRAMENTO, April 11.—Governor Richardson told a committee representing fifteen state organizations late today that "I will not be swayed by any delegation into calling a special session of a legislature hostile to my administration." The meeting was marked by frequent clashes between Richardson and members of the delegation.

REPARATION REPORT IS ADOPTED

Inter-Allied Commission to Hear German Envoys On Settlement

PARIS, April 11.—The inter-allied reparations commission this afternoon unanimously adopted the Dawes report recommending ways to balance the German budget, stabilize currency and restore economic conditions. The commission met informally at the office of the chairman, Louis Barthou. The members had been studying the report ever since it was issued Wednesday.

The commission recommended the allied governments accept the report, provided Germany accepts and takes the necessary measures to carry it out. The reparations commission will hear German representatives on April 17.

BAN SMOKING BY COLLEGE GIRLS

TUCSON, Ariz., April 11.—Campus smoking by college girls has been condemned by delegates to the convention of associated women students, meeting here, it was learned today.

PRESIDENT RAPS FOES OF MELLON

WASHINGTON, April 11.—President Coolidge today assumed a determined stand against further interference by senatorial investigators with the affairs of the treasury department.

In a special message which fairly bristled in its outspoken condemnation of attacks on Secretary of the Treasury Mellon, the president told the Senate that an immediate halt should be called in such practices and that the executive branch of the government be permitted to function in the future unhindered and unimpeded.

COMMISSION TO STUDY REPARATIONS REPORT

PARIS, April 11.—The inter-allied reparations commission is scheduled to meet informally this afternoon to begin discussions of the Dawes report.

BANK STARTS ACTION

WASHINGTON COURTHOUSE, Ohio, April 11.—Retaliating against the Wheeler-Brookhart committee, the Midland National bank this afternoon filed a civil injunction suit against United States Senators Smith W. Brookhart, Republican, of Iowa, and Burton K. Wheeler, Democrat, of Montana.

ATTACKS ON TREASURY CHIEF MUST STOP, WARNING TO SENATE PROBERS

WASHINGTON, April 11.—President Coolidge today assumed a determined stand against further interference by senatorial investigators with the affairs of the treasury department.

THREE WILL FACE MURDER CHARGES

SANTA BARBARA, April 11.—Warrants have been issued for the arrest of William Downs, postmaster at Los Olivos; Taylor Downs, the postmaster's aged father, and W. F. Crawford, prominent rancher, in which first degree murder is charged in connection with the killing last December of J. J. McGuire, Los Olivos blacksmith, who was blown to his death by a dynamite charge placed beneath his home and touched off while he was asleep.

Commission to Study Reparations Report

PARIS, April 11.—The inter-allied reparations commission is scheduled to meet informally this afternoon to begin discussions of the Dawes report.

Blame Epidemic of Coughs on Weather of Last Two Days

LOS ANGELES, April 11.—"Wazza matter with th' weather?" Col. H. B. Hershey's office was asked this morning. "Nothing at all," is the best answer, but the meteorologist added the sea breezes blow in a high fog which the sun cannot penetrate until late in the day.

WARRANTS FOR MURDER CHARGES

SANTA BARBARA, April 11.—Warrants have been issued for the arrest of William Downs, postmaster at Los Olivos; Taylor Downs, the postmaster's aged father, and W. F. Crawford, prominent rancher, in which first degree murder is charged in connection with the killing last December of J. J. McGuire, Los Olivos blacksmith, who was blown to his death by a dynamite charge placed beneath his home and touched off while he was asleep.

ROADWAY CHANGE

LOS ANGELES, April 11.—City council will consider today a recommendation by City Engineer John A. Griffin for the improvement of Hazeltine from Rucare street to Sherman way. He recommends that the roadway be changed to 40 feet between El Nido and Sherman way and 30 feet of the rest. The owner of the property between El Nido and Sherman way desires a 40-foot width and will pay the assessment

DROP BOMBS NEAR U. S. BLUEJACKETS

WASHINGTON, April 11.—The American naval force at Tegucigalpa, Honduras, narrowly escaped injury this morning when a revolutionary airplane flew over the city and dropped four bombs near where the bluejackets were exercising, according to a dispatch to the navy department from the United States cruiser Milwaukee.

The owner of the property between El Nido and Sherman way desires a 40-foot width and will pay the assessment

'Grave Consequences' Might Follow If Measure Is Adopted, Claim

WASHINGTON, April 11.—The Japanese government has filed a vigorous protest with the United States against the provisions of the new immigration bill now pending in Congress, it was announced at the state department today.

Notes exchanged between the two governments were read to the Senate this afternoon by Senator Colt, Republican, of Rhode Island, during the debate on the immigration bill.

The Japanese note, remarkably blunt for a diplomatic communication, charged that enactment of the Japanese exclusion proposal would "seriously offend the just pride of a friendly nation," and intimated strongly that "grave consequences" might follow its adoption.

The only effect of this phase of the immigration bill, the Japanese ambassador declared, would be to exclude but 146 Japanese per year.

"It is indeed difficult to believe," he advises Secretary Hughes, "that it can be the intention of the people of your great country, who always stand for high principles of justice and fair play in the intercourse of nations, to renege—in order to secure the annual exclusion of 146 Japanese—to a measure which would not only seriously offend the just pride of a friendly nation, but has been always earnest and diligent in its efforts to preserve the friendship of your people, but would also seem to involve the question of the good faith, and therefore of the honor, of their government, or, at least, of its executive branch."

The Japanese note, remarkably blunt for a diplomatic communication, charged that enactment of the Japanese exclusion proposal would "seriously offend the just pride of a friendly nation," and intimated strongly that "grave consequences" might follow its adoption.

Place Guards to Keep California Cars Out

PHOENIX, Ariz., April 11.—The state order closing the Arizona-California border to east-bound automobile traffic was placed in effect this morning. Guards on the Yuma and Needles bridges are instructed not to permit cars from California to enter Arizona until the foot and mouth disease is controlled in California.

FAMOUS PRISON DOOMED

MEXICO CITY, April 11.—Belanga prison, one of the oldest buildings in the western hemisphere, which was built in the sixteenth century as a church, is to be torn down, it was announced today. It has been used as a jail for fifty years and has housed many famous prisoners.

WANT PIPE LINE

LOS ANGELES, April 11.—The Southern Pacific Railroad company petitioned the city council today for the right to construct, maintain and use a 39-inch concrete pipe line between the Pacific Electric tracks at Los Angeles Harbor.

Issue Permit To Wreck Sanitarium On East Broadway

The Whiting Wrecking company was granted a permit this morning by H. C. Vandewater, municipal building superintendent, to commence the wrecking of the Glendale Sanitarium and Hospital at 511 East Broadway.

Convention Most Successful In District's History

NOBLES, LADIES MAKE MERRY AT OAKMONT DANCE

Members of Glendale Shrine Club and Guests Enjoy Festive Occasion

By H. THOMPSON RICH
 Of The Evening News Staff.
 The dinner-dance held last night by the Glendale Shrine club at the Oakmont Country clubhouse, and attended by 235 nobles and ladies, not only made good the promise of President Percy J. Hayselden that it would be "A Night of Nights," but proved itself the greatest social event in the history of the club.

Opening with an excellent dinner, prepared by the Oakmont chefs and served by the club's efficient staff of waiters, it continued on through vocal, radio and vaudeville numbers, liberally sprinkled with dancing, ending only when "the witching hour" loomed unwelcome on the gala scene.

Dinner Favors
 Dinner favors were wooden whistles that never wore out during the remainder of the evening. During the progress of the meal, President Hayselden of the Glendale Shrine club introduced his assistants in arranging the party. Vice-President E. F. Heisser, Secretary Charles F. Hahn and H. C. Vandewater, program chairman. Mr. Hayselden also presented President Dan Tucker of the Alhambra Shrine club and Harry Ellison, general house manager of the Oakmont Country club.

At this time Mrs. Virginia Freeman rendered a group of soprano solos, with piano accompaniment by Mrs. Alma Geiger Phelps and violin obligato by Julius Kranz, one of the most enjoyable numbers being "Spring Song," by Weil.

Mr. Kranz then played a group of his own compositions, by special request, "Soliloquy," "At Twilight" and "Enchantment." Mrs. Phelps offered piano numbers by Rachmaninoff and Monzucca.

Radio Concert
 Following the dinner, a radio concert was provided in the lounge room, through the courtesy of the J. A. Newton Electric company, the new "Super-Heterodyne" receiving apparatus being

Loyal Glendale People To Have Chance To Make Small Investment That Will Be Means Of Bringing Them Great Returns

The publisher of The Glendale Evening News has, for the past eleven years, advertised Glendale as an ideal city in which to live and, too, has always maintained the policy that every citizen of Glendale should do his or her part in broadcasting the community's advantages. For, in the past eleven years, the publisher of The Glendale Evening News has always been of the opinion that Glendale DESERVED all of the good things said about it; that the TRUTH was being told; that the city's FUTURE was assured; that PROSPERITY would continue; that FACTS rightly placed before our friends elsewhere would create a desire in them to come here and in coming they would be WON to Glendale. For years loyal citizens of Glendale have been spreading the advantages of living here—and the city has grown and prospered. The result: THE CITY IS NOW IN A POSITION TO WARRANT AN IMMEDIATE, COMPREHENSIVE AND WELL FINANCED NATIONAL ADVERTISING CAMPAIGN. The pioneer work has been done. The loyal citizens who have for years, in various ways, advocated Glendale as a home city, who have built it from a village to a metropolitan community, who have seen their dreams come true, realize more than ever that Glendale is built on a solid foundation and that they—the newcomers—all of us—50,000 united people—are JUSTIFIED in an immediate national advertising campaign to bring here new people, new capital, new houses, new business AND MORE PROSPERITY. In past years loyal citizens knew that our building program was justified; that our new stores were needed,

that new subdivisions were required. For, the homes became filled, the stores prospered, the subdivisions sold out and were built up. Glendale became a metropolitan city. WE WILL NOT STOP WHERE WE ARE. Loyal citizens, 50,000 of them, will unite and back a national advertising campaign to tell the TRUTH about Glendale. Advertising makes a business; more advertising makes a bigger business—ask any successful merchant; ask any big corporation. NATIONAL ADVERTISING WILL MAKE GREATER GLENDALE GREATER! The Chamber of Commerce is sponsoring a meeting of 200 representative citizens to be held next Monday night to discuss a comprehensive campaign. No doubt the plan will call for financial INVESTMENT. Don't hesitate to INVEST. You will not be asked to make a DONATION. You are to have the privilege of making an INVESTMENT that will bring CERTAIN returns; that will put dollars in your pocket; that will be the means of eventually DOUBLING our population. Glendale's remarkable growth of the past few years is the result of the stamina and OPTIMISM of our loyal citizens. We have a wonder city. LET'S TELL THE WORLD! You INVEST and the world will INVESTIGATE. And, as has been shown by our past history, when people investigate Glendale they decide to live here. LET US INVEST OUR SHARE OF THE FINANCING THAT IS NECESSARY FOR THE NATIONAL ADVERTISING CAMPAIGN. We cannot over-praise Glendale AND WE CANNOT OVER-ADVERTISE IT!

Appoint Borah Head Of Wheeler Probers

WASHINGTON, April 11.—Senator William E. Borah, Republican of Idaho, today was named chairman of the special Senate committee which will investigate the indictment of Senator Burton K. Wheeler, Democrat of Montana, by a federal grand jury. Other members will be Senator McLean, Republican of Connecticut; Sterling, Republican, South Dakota; Swanson, Democrat, Virginia, and Caraway, Democrat of Arkansas.

Grand Jury Finishes Probe of Dry Agent

LOS ANGELES, April 11.—The federal grand jury investigating alleged irregularities in the conduct of the office of Harold H. Dolley, chief field agent of California prohibition forces, completed its inquiry. Samuel F. Rutter, state prohibition director, and Dolley were the principal witnesses at a night session. A report will be filed within the next several days.

Claim Man Drove Car While Intoxicated

Charged with driving a car while intoxicated and being in the possession of intoxicating liquor, a man giving the name of Dr. Shaw of Hollywood, arrested last night by Motor Officer Jones at 815 South Central avenue, is held at police headquarters, with bail set by Judge F. H. Lowe at \$500.

It is charged that, while driving on the wrong side of the Central avenue, according to the police, his machine collided with another driven by J. R. Graham, 1122 South Central avenue. Mrs. Graham was slightly injured in the crash and received medical aid at her home from Dr. Eames. Dr. P. S. Traxler examined Dr. Shaw at police headquarters and, according to the police, stated that there was evidence to indicate that the Hollywood physician had been drinking. A gallon bottle of wine, said by the police to have been found in Dr. Shaw's car, was held as evidence.

Daughter Born to Mr. And Mrs. V. W. Killick

Little Miss Phoebe Ann Killick arrived at 9:30 o'clock last night, Thursday, April 10, 1924, at the Glendale Sanitarium and Hospital, where she was greeted by her parents, Mr. and Mrs. Victor W. Killick of 605 West Wilson street. Phoebe Ann is the granddaughter of Mr. and Mrs. Fred H. Killick and niece of Miss Gertrude A. Killick of 421 Oak street. She was named for her maternal grandmother, the late Mrs. Phoebe Ann Crump.

Mrs. Victor W. Killick was formerly Miss Susie Crump, at one time kindergarten director at the Broadway school. Mr. Killick is statistician of the Independent Petroleum Marketers' Association of California and a writer on technical subjects.

50-Mile Clip Brings Five Day Jail Term

R. C. Brown, 1037 North San Rafael avenue, Glendale, was sentenced to serve five days in the county jail in Los Angeles by Judge F. H. Lowe yesterday, on pleading guilty of violating the provisions of Section 113 of the California Vehicle Act. Brown was charged with driving his motorcycle at a rate of fifty miles per hour on Central avenue from California to Colorado on the morning of March 31. He was arrested by Motor Officers Kenneth Butler and R. Baugh. He was taken to the county jail this morning.

MANY UNITE IN CELEBRATION FOR AGED RESIDENT

Mrs. Mary L. Paine Honored On Her Seventy-Eighth Birthday Yesterday

Beautiful flowers from California's gardens, artistic gifts, telegrams, postcards and letters from all parts of the United States and greetings from relatives and friends combined to add to the happiness of Mrs. Mary L. Paine, who celebrated on Thursday her seventy-eighth birthday anniversary at an informal affair arranged for by her daughter, Dr. Caroline Lester Paine at their home, 515 North Kenwood street. The first event of the day was a violin serenade rendered for her by Mr. Walton, a neighbor, early in the morning. This was followed by a radio program broadcast from radio station KHJ in honor of the occasion, and dedicated to Mrs. Paine. The program included violin selections by Marjorie Vorhes who took her guests "Marching Through Georgia" and cheered them with "The Battle Cry of Freedom." The strains had scarcely died when over the bridge of her instrument came the "Tramp, Tramp, Tramp of the Boys Marching." Tilda Rohr, a well known vocalist, rendered several selections with a rich contralto voice.

A special treat and one which reminded Mrs. Paine of her husband, the late Walter N. Paine who served three years in the Civil War in Company B, 83rd Illinois Infantry, was the pleasant voice of Major S. H. M. Byers, who recited his celebrated poem, "Sherman's March to the Sea." Preceding this recitation, the major, who claims to be the only survivor

Coolidge Pleased By Plan of Dawes to Assist Germans

WASHINGTON, April 11.—Commenting on the Dawes reparations report, administration officials described it as the first real constructive effort made in Europe since the armistice to solve the problem of German reparations and European reconstruction. President Coolidge and Secretary of State Hughes are well pleased and highly satisfied, it was stated, with the general tone of the report and the course recommended to the reparations committee.

Police Find Stolen Auto In Quick Time

The local police obtained quick action on a Chevrolet car stolen from the rear of the Chevrolet agency Wednesday night, when it was picked up yesterday afternoon at 4 o'clock in front of the Glendale theatre. The car was returned to the agency by Sergeant Kerns.

Loss of Money, Gems, Reported to Police

Mrs. Hoffman of the Quality Grocery, 543 North Brand boulevard, reported to the police yesterday the loss of her handbag, containing \$30 in money, a diamond ring and a pearl ring. She missed the bag on South Central avenue and although she conducted an immediate search, no trace of the bag has been found.

By inducing ants to enter, and making it impossible for them to leave, an ant trap, recently invented, is proving effective.

CLUB WOMEN TERMINATE MEETING WITH BANQUET

President of State Federation in Message Points Way to Accomplishment Through Adherence to Spiritual Ideals

By KATHERINE V. SINKS
 Of The Evening News Staff.
 "This convention in Glendale has been the most wonderful, beneficial and successful convention the Los Angeles District has ever had," was the preface to the message given at the annual District banquet last night by Mrs. John C. Urquhart, president of the California Federation of Women's clubs.

The banquet, featured by the annual message from the state president, concluded the twenty-third annual convention of the Los Angeles District, and was a brilliant affair, attended by 400 club women and guests.

It was a decided relaxation from the tense routine of two days and a half of continuous sessions and was a time of enjoyable sociability before the disbanding of the club delegates, who left early this morning for their homes in the five counties composing the district.

Meet at Clubhouse
 The beautiful Tuesday Afternoon clubhouse proved most adequate for every phase of the convention work and last night it accommodated most satisfactorily the 400 persons for the banquet.

The banquet was planned, prepared and served entirely by Tuesday Afternoon club women, directed by Mrs. A. B. Montgomery, first vice-president and chairman of ways and means; Mrs. Homer Lockwood, chairman of hospitality; Mrs. C. W. Houston, second vice-president, and Mrs. Alexander Mitchell, courtesy chairman.

Long tables were placed the full length of the banquet hall, with the table of honor on the extreme north side of the room on a platform. Blue and gold, the colors of the California Federation of Women's clubs, predominated in the table appointments. At each place was a clever place card, decorated in futuristic design, and a nutcup in either blue or gold. Blue cornflowers and yellow daisies were the flowers used.

It was a most happy occasion for every woman of the Los Angeles District, but a specially happy time for Mrs. Charles H. Toll, for the success of the convention of her district in her own home city had far surpassed her greatest dreams.

Seated about her at the banquet were those whom she chose to call "my official family" and during the evening she graciously presented them: Mrs. J. B. Lorbeer, first vice-president of the District, who throughout the entire convention ably assisted Mrs. Toll whenever possible; Mrs. Harry S. McCormack, corresponding secretary; Mrs. A. L. Drown, president of Ventura county federation, and one of the vice-presidents of the district; Mrs. O. G. Houghton, president of the federation of Inyo county, also a vice-president of the district; Mrs. Daniel J. Baptiste, treasurer; Mrs. Charles S. McKelvey, parliamentarian; Mrs. John Woods Dor-

CLUB WOMEN END 1924 CONVENTION

Most Successful in History Of District Is Verdicit Of President

(Continued from page 3)

rance, president of the federation of Santa Barbara county and vice-president of the district; Mrs. C. T. Trussler, president of the San Luis Obispo county federation and vice-president of the district. Mrs. W. W. Slayden, recording secretary; Mrs. H. T. Wright, chairman of co-operation with ex-service men and women; Mrs. John Stearns Thayer, chairman of information and reciprocity; Dr. Luna B. Phelps, chairman of child welfare; Mrs. L. B. Hogue, chairman of surveys of public institutions and philanthropy; Dr. Julia R. Johnson, chairman of public health; Mrs. Howard U. Sheppard, chairman of the district; Mrs. Frank Simmons, chairman of Indian welfare; Mrs. O. B. Manchester, chairman of general federation headquarters in Washington, D. C.; Mrs. R. W. Meeker, chairman of the Redwoods Memorial Grove; Mrs. E. E. Leighton, chairman of art. Miss Ann McPherson, vice chairman of music; Mrs. Margaret D. Yale, chairman of political science; Miss Eloise Forman, chairman of community service; Mrs. Mabel Copeland, Lineman, chairman of legislation; Adah V. McGorray, chairman of education; Mrs. Clara Bryant Heywood, chairman of drama; Mrs. E. M. Lazard, chairman of emblems; Mrs. E. F. Timmerhoff, chairman of circulation; Mrs. W. A. McCormick, chairman of country life. Tribute to Club Following the introduction of her "official family" Mrs. Toll paid tribute to Glendale and the Tuesday Afternoon club, saying: "The Tuesday Afternoon club is worthy of being in 'The Fastest Growing City in America' and this worthy club has a president who is worthy of being head of such an organization." With this complimentary introduction Mrs. Daniel Campbell, president of the hostess club, spoke a final word to the convention delegates, expressing the pleasure her club women had taken in being hostesses to the District and expressing hope that in due time in the future Glendale may be hostess again to the same body of club women. She introduced the following members of the Tuesday Afternoon club board: Mrs. A. H. Montgomery, first vice-president; Mrs. C. W. Houston, second vice-president; Mrs. William Hunter, recording secretary; Mrs. Frank Ayars, corresponding secretary; Mrs. M. E. Piasterer, treasurer; Mesdames H. T. Bartlett, E. W. Hayward, Lillian Dow, E. B. Sutton and B. O. Holbrook, directors. Praises Chairman Then with brief words of praise she mentioned those women who had taken responsibility as chairmen during the convention; Mesdames S. C. Packer, Hugh Blue, A. H. Montgomery, Alexander Mitchell, J. M. Eyerick, W. E. Evans, Charles H. Temple, H. C. Wilcox, Homer Lockwood, Mabel Franklin Ocker, E. W. W. Hayward, Lillian Dow, H. A. McPherson, E. W. Gilliland, C. W. Houston, Allen Fairchild, Emma Johnson, May C. Church, C. G. Putnam, H. R. Boyer, Warren Newton and Miss Eva Daniels. She also presented Mesdames Mattison B. Jones, C. E. Hutchinson and R. A. Blackburn, past presidents of the club. When the presentations of these "official families" were dispensed with, Mrs. Campbell took the seat but quickly rose again and, in her jovial, witty manner, asked Mrs. Toll to be seated, and, as the dignified district president reluctantly obeyed, Mrs. Campbell presented Mr. Toll, who was seated at the honor table with other of the "club husbands." This started a round of informal introductions, Mrs. Toll next presenting Dan Campbell, and then Mrs. D. G. Murray of the local biennial board; Mrs. Mattison B. Jones and Mrs. Ayers, C. Bryant and Mrs. Sidney Thomas Exley, past presidents of the district; Mrs. Frank Wagner of Santa Monica; W. W. Slayden, who received hearty applause from his wife, who sat at the other end of the honor table; H. S. McCormack, Dr. Wagner, Mr. Baptiste, Mrs. J. S. Trehella; Mrs. Wine-up, sister of Mrs. Urquhart; Mrs. Spalding, an aunt of Mrs. Thayer. Musical Honors Highest honors went to the Pomona Ebell club for the talented musical entertainment given during the banquet by the Ganesa Quartet, including Mesdames F. P. Rossiter, W. A. McCormack, H. E. Brewster and Miss Vera Best, accompanied by Walter E. Hartley. These are all well-known musicians and every selection they gave was a finished piece of art. Mrs. Urquhart's message to the clubwomen and their guests followed the theme she has emphasized in the California federation work throughout the year. "The Spiritual Force of Understanding." "Women are seekers for truth," she said, "but I don't believe that they are yet trained to talk about the things they are thinking about." Education for Peace Blending the state theme with that of the district, "Education for Peace," she added: "We are on the verge of the greatest period of all times, that of universal peace. Don't stress the channels of work, but stress our goal, world peace. "All our work will amount to nothing if we allow another world slaughter." In closing, she made an eloquent plea to the clubwomen of the Los Angeles district to unite in striving for "The Spiritual

Noted Vocalist Aids At Community Sing

Reports of a splendid program and large attendance come from the community "sing" last night at the Harvard High school. Flora Myers Engel, well-known vocalist of the southland, gave a program, and Alexander Stewart led in community singing, with Miss May Orcutt at the piano.

Force of Understanding," and "Education for Peace."

Carrying on her thought, Dr. Franklin Thomas Baker of Columbia university, the next speaker, acknowledged his introduction with the matter-of-fact statement, "No man but an insane man can want war."

Dr. Baker's contention was that education for peace rested with the American schools. "The responsibility rests with the schools," he said. "The churches and Sunday schools don't reach enough people."

War Is Cowardly "Let's put the soft pedal on this talk about the glory of war. Killing our neighbor is not pretty business. War is cowardly and is the work of a big bully. In war, both the victor and vanquished lose. "I would not put into the schools a course on peace, but emphasize the benefits of it in every phase of school work. I would eliminate from the teaching of literature the glorification of war. I would teach how wars are made. In geography, I would teach how interdependent nations are on trade with each other and how the prosperity of the world depends on the international trade. In civics, I would show that 92 per cent of our taxes are going to pay for past wars. "If the children think right and feel right there can be no more war."

Dr. Baker paid high tribute to David Starr Jordan, who addressed the convention on Tuesday night.

He laughed at Kellogg's Bran!

Now read this letter of thanks from Mr. Kane. It speaks for itself. Remember, it is because Kellogg's Bran is ALL bran that it was so effective in his case—just as it has been in thousands of others. Only ALL bran can produce 100 per cent results.

My dear friend: Imagine a young man weighing 165 pounds in the course of a few months packed in bed, a weakling weighing 74 pounds. An elderly lady whom I knew since I was a kid paid me what she thought was a last visit. Upon being told of my plight she immediately mentioned your product for such an ailment. Maybe some of us didn't look upon her views very lightly . . . it was to laugh! My dear friend, I am still laughing . . . not at your product, but because I am able to. I am telling you and the world at large, "Eat Kellogg's Krumbled Bran!" It should be called "Constipation's worst enemy." I owe you my heartfelt gratitude. I can talk, and whenever the opportunity presents itself, my mouth is always full of Bran—Kellogg's Krumbled. Wishing you countless days of progress, I am Yours for success, John M. Kane, 228 Salem St., Woburn, Mass.

ASK WOMEN TO AFFORD SUPPORT IN PLAGUE FIGHT

Convention Speaker Outlines Rules to Be Followed to Check Spread

A plea for all club women of Los Angeles District join in the state-wide fight against the dreaded foot and mouth disease, that is sweeping away thousands of California's choicest live stock, was made to convention women yesterday afternoon by Mrs. Kenneth Oliver of Imperial valley, president of the Southern District, California Federation of Women's clubs.

Mrs. Oliver was heartily welcomed to the convention yesterday and was given a seat of honor on the platform by Mrs. Toll at the afternoon session.

"I bring a message to you from the peoples of the Southern District," said Mrs. Oliver, "we urge you to join us in the fight against this dreaded foot and mouth disease, which unless curbed will mean the isolation of California by complete quarantine."

Rules to Follow
"Don't go on picnics and keep out of great crowds out of doors. This disease can be taken from the soil."

"However, the peoples of the Southern District also asked me to tell you that you may feel safe in the meat you buy and the dairy products you use for they are all rigidly inspected by government and state officers."

The other honored guest of the afternoon was Mrs. D. L. Murray, chairman of credentials, badges and emblems for the General Federation of Women's clubs, who came to California with an enviable reputation in club affairs in Ohio. She knows more perhaps than any other woman in California about the procedure at a convention of the General Federation, and had lots of interesting data on the biennial June 3 to 13 in Los Angeles.

Makes Suggestions
The two suggestions she made to those contemplating attending the biennial were "Learn to listen," and "Be sure to make a note of what they said and not what you think they said or what you think they ought to say."

She stated that the biennial program will be featured by seven departments representing the seven departments in club affairs. Interesting points she pointed out will be seating on the platform, reports of officers, chairman of standing committees, of departments, the music, reports from foreign clubs, the president's report, resolutions, program, timekeeper, the state presidents' night June 4 and their two minute reports and the work of the organization and revision committees.

Reports Given
She also paid tribute to the leaders and members of the thirty-two local committees making ready for the biennial. The afternoon was largely devoted to reports from the individual clubs, grouped on a basis of membership. Outstanding features in the various reports were "We are registered 100 per cent," and "We have paid our biennial dues 100 per cent."

Each report was indicative of material and spiritual growth, and while time and space will not permit of printing them, the various clubs are to be complimented on the splendid work they are doing as live units of the District, State and General federations.

DRAKE LAUNCHES NEW OIL STATION

Grandview and Glenwood Road Location Will Serve Foothill Folks

L. C. Drake's many friends in Glendale will be glad to know that he has established another oil and gas station in this neighborhood, his newest venture being at Grandview and Glenwood Road. The location conveniently serves foothill residents out towards Burbank as well as the thousands of motorists going to and from Burbank and San Fernando points who prefer the new pavement on Glenwood and Grandview to San Fernando boulevard. C. C. Julian's gasoline and oils are handled exclusively by Drake at this station. The station is readily recognized by its distinctive Julian green color, the only Julian station in this vicinity. Mr. Drake is well-known in Glendale having been associated in oil station and garage enterprises here for the past several years. He has established several of Glendale's most prominent service stations, garages and storage garages.

Lift Quarantine for Westbound Tourists

BLYTHE, April 11.—Tourists stopped by Arizona authorities for the last two days at Ehrenburg ferry, a deserted village across the river from this place, have been permitted to continue westward, although all eastern motor traffic is tied up here by the absolute quarantine established by Arizona state authorities. All passengers leaving trains in Arizona must submit to fumigation. A tense situation prevails among business interests along the border, it is reported by travellers making their routes by train.

LA CRESCENTA DELEGATES FROM VALLEY AT MEET

Club Officials and Others Attend Convention of District Members

A group of local club women attended the Dramatic Arts section program at the Tuesday Afternoon clubhouse in Glendale on Wednesday. Those present were President Mrs. C. A. Haskins, Vice-President Mrs. C. A. Collins, Mrs. Anna Aiken, chairman of Drive Fund; Mrs. Jessie Hansen, chairman of Dramatic section; Mrs. Mary B. Darrow, chairman of Program committee, and Mesdames R. Wildhack, L. Erwin, Sluiteman and C. O. Miller.

Mrs. J. Frazer of Hermosa street has been called to the bedside of her father in Toronto, Canada. Mrs. Frazer's father is very low with inflammation of the lungs and is not expected to live till Mrs. Frazer can complete her four-day journey. Mrs. Frazer will be unable to appear as a schoolgirl in the presentation of Si Slocum's Country Store in Tujunga tonight.

Mr. and Mrs. George Rapson are very happy over the arrival of a new daughter who came yesterday morning. Mrs. Rapson and the new visitor were removed to the Glendale hospital, where they are resting easily.

Start Drive
Commander Sullivan of Verdugo Hills Post No. 288 announces the American Legion is getting ready to conduct an Americanization drive whereby they will sell the Legion to the citizens of U. S. A.

Eugene Wix of Glendale has called the commanders of the following posts to meet with him at Glendale Post No. 12 on Saturday, April 12, at 7:30 p. m.: La Crescenta Valley, Green Verdugo, Hills Post No. 288, Burbank No. 150, San Fernando No. 176, Lankershim No. 178, Van Nuys No. 193, Owensmouth No. 243, Girard No. 277, Monte Vista, Tujunga No. 250, and T. C. Koelten, Eagle Rock, No. 227.

The commanders will learn the duties outlined for them in this work. There are forty districts, each of which will have a district commander who will direct and supervise the work.

Local club members present at open house held by the Tuesday Afternoon club, at Oakmont Country club were Mrs. Sluiteman and Mary B. Darrow of Montrose. Tea was served in the usual efficient manner of the house corps of the Oakmont Country club, under the direction of Manager J. Ellison and his hostess wife, Mrs. J. Ellison.

It is expected work on the grading and paving of Montrose avenue will be started probably at the beginning of next week, as three weeks was the time placed for the cement piers on the bridge over the wash to set. Property owners on the road and north of it are very anxious to see the work finished, as this will cut a new way through the valley. The improvement association is to be thanked for its splendid work in putting this work through with the county road supervisors.

Si Slocum Again
The cast of Si Slocum's Country Store will motor up to Tujunga tonight to present this hilarious comedy for the fourth time. Tonight it will be given to raise money for the Tujunga Parent-Teacher association to procure seats for their auditorium. A number of local people plan to drive up to see the skit for the third and fourth time.

Tomorrow night the Woman's club will give their regular monthly dance under the supervision of Mrs. Mark S. Collins and Mrs. John Martin. Everyone is invited to enjoy the dance.

On account of the first annual mess of the Verdugo Hills Post No. 288 on Wednesday of next week, the librarian, Mrs. Mary B. Darrow, announces the La Crescenta branch of Los Angeles County Free Libraries will be open on Tuesday instead of Wednesday, as the "buddies" are entertaining the full cast of Si Slocum's Country Store as their guests of honor. The public will be welcomed as the guests of the "buddies," and, as this is the first of what they expect to make a yearly occurrence, the residents of the valley are asked to support this dinner by buying as many tickets as possible, and be present. The charter for the post will be presented on this occasion to the local Legion. The dinner will be held in the school auditorium.

T. A. Blanford is back again in his official capacity as principal of the school. While not fully recovered yet, Mr. Blanford felt the call of duty and so returned as soon as able.

Dr. E. Wemple was the principal speaker of the Verdugo Hills Post No. 288 on Wednesday evening. Dr. Wemple gave a talk on China, where he lived for a number of years. The talk was illustrated by colored slides.

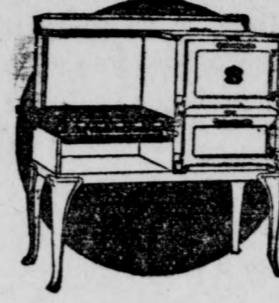

W. U. Will Refuse to Turn Over Telegrams

WASHINGTON, April 11.—The Western Union Telegraph company Thursday notified the Wheeler-Brookhart committee that it would furnish no more private telegrams for the Senate investigation of Senator Brookhart, chairman, indicated that legal proceedings would be resorted to obtain telegrams if they were wanted.

BURBANK PARADE WINNERS ARE ANNOUNCED

Six Schools Participate in Event to Boost Thrift System Idea

The full list of winners in Burbank's big "Thrift Parade" of Wednesday afternoon, announced by L. F. Collins, superintendent of schools, spreads the honors generously among the six local schools participating.

To Abraham Lincoln school went the first prize for originality of idea, while first prize in group one, for the best float, went to the Luther Burbank school for the beautiful entry, "The Garden of Thrift." The John Muir school won first prize in group three, for the best float, with the "Goddess of Thrift" entry.

First prizes for marching, in groups one, two and three, respectively, went to the Joaquin Miller, Thomas A. Edison and High schools.

All arrangements for the mammoth parade were made by the various schools in the short period of one and one-half days, with the co-operation of E. T. Smith, supervisor of thrifts.

Movie Star Unit
A special feature was the participation of the Ruth Roland film unit, at the special invitation of the school authorities.

The parade had its origin in the thrift work being conducted in Burbank by Mr. Smith. It had two objects, according to Superintendent Collins: First, to develop in the pupils the idea of thrift; and second, to spread this idea to other cities.

"There are in the United States 115 cities with operative thrift systems among the pupils," says Mr. Collins. "Burbank leads the entire list, with over 60 per cent of the school children possessors of savings accounts. Los Angeles comes a close second. The thrift idea among school children is gaining rapidly, throughout the country."

Kent Buys Corner
Roy L. Kent of Glendale has again purchased an important Burbank corner, adding to his valuable realty holdings in this city. The present purchase is 100 by 155 feet at the southwest corner of Tujunga avenue and Third street.

The former owners of the property were Victor and Rudolph Nemecheck. The sale was made through the realty office of Frank Anderson. The consideration is said to establish a new high level for property in this section.

Mr. Kent has reached no definite conclusion as to how he will improve the corner, although it is thought likely he will erect a business block there in the near future. He also owns the Talleverd corner on San Fernando boulevard and Tujunga avenue.

Changes in Command Of Army Departments

WASHINGTON, April 11.—Three important changes in territorial commands of the war department were announced at the war department today. Major-General Charles P. Sumner is relieved from the Hawaiian islands and assigned to command the Eighth corps area which includes the states of Texas, Oklahoma, Colorado, New Mexico and Arizona.

He will be succeeded by Major-General Charles T. Menoher, former chief of air service, Major-General Edward M. Lewis is relieved of command of the Eighth corps area and ordered to command the Hawaiian division under General Menoher.

EAGLE ROCK BIBLE IS TOPIC AS CLUB MEETS

Noted Educator Addresses Women at Luncheon on Book's Contents

The Bible was the center of discussion at today's meeting of the Women's Twentieth Century club. At the noon luncheon Mrs. Abigail C. Sherriff, an educator of note who is wintering in Pasadena, talked on "Women of the Bible," stressing the idea that throughout recorded history women have striven for the better things of life.

At the afternoon session, Miss Winifred Rouzee, a lecturer of note, talked further on the Bible, developing the idea presented by Mrs. Sherriff and adding many illuminating thoughts.

Musical numbers were rendered by Mrs. Charles Oden, soprano, with Mrs. Merle Smith at the piano.

The local W. C. T. U. will meet at 2:30 o'clock tomorrow afternoon, April 11, with Mrs. Grace Kimberley, of 4624 Westview avenue.

Views on Values

Interesting views on the realty situation in Eagle Rock are expressed by O. F. Kroehle, who answers the question, "Will Values Hold?"

The value of a man, woman or child, added to our population is about one thousand dollars.

People make the land values, and the assessed value of any community will be found to rise or fall about one thousand dollars for each person added to or taken away from its population.

This explains the rise in property values with Eagle Rock's growing population. The only thing that can possibly reduce present values is for us to lose our population.

On the other hand, if our community continues to grow values are sure to increase commensurate with that growth.

Here and There
Mrs. Callen Moorh of 5062 Shearwin way is entertaining Mr. and Mrs. G. Hamilton Heffner, who have just returned from a nine-months' trip abroad.

Mr. and Mrs. L. M. Foote of 2250 Norwalk avenue have removed to a six-acre ranch in Glen Avon Heights, a suburb of Riverside, where they will make their future home.

L. W. Lee and family, formerly of Inyo county, are now residents of Eagle Rock, living on Sierra Villa avenue. Mr. Lee recently purchased the business of E. R. Sauborn and is conducting the same with the assistance of his son, C. H. Lee.

Liner Makes Up Time Lost While Aground

LOS ANGELES, April 11.—The liner President Monroe, sixth of the seven around-the-world liners of the Dollar line to call at the local port, arrived yesterday afternoon after making up fifty-six hours in her sailing schedule. The ship was aground for fifty hours on the shoals off Fowey Rocks, Fla., but succeeded in floating herself.

Among her passengers are C. D. and J. C. Brackenridge, noted sportsmen of Kew Gardens, L. I., N. Y. Miss Florence Burger of New Rochelle, Mr. and Mrs. Robert Blake of New York, Miss Marjorie Chisholm of Seattle, Wash., and Mrs. A. M. Pope of Redlands, California.

OPEN EVENINGS

Conditions Excellent, Bank Reports Show

(Continued from page 1)
care of by the banking institutions, there has been a tendency to curtail certain classes of loans which might be termed "speculative" in nature.

Shows Prosperity
This temporary curtailment of credit does not reflect any anticipated financial difficulties and the healthy financial condition of the city is well shown by the statements published under date of March 31, in which local people may take just pride.

The figures which have been made available here were compiled by C. E. Pyle of the commercial development department of the Glendale branches of the Pacific-Southwest Trust & Savings bank, and have been taken from the published reports of the banks in question.

It is noteworthy that deposits in the banks of this city have shown an increase since the first of the year and this increase shows that Glendale has a very stable community from a financial viewpoint. It also reflects due credit upon residents of the city, as it is very evident that they are depositing their funds in Glendale.

Valley Chambers to Meet at Owensmouth

The monthly meeting of the Associated Chambers of Commerce of the San Fernando valley will be held at Owensmouth next Tuesday night, April 15, at 7 o'clock, when matters of importance will be discussed.

SELECT TRAFFIC COMMISSION TO SOLVE PROBLEM

Nine to Serve in Advisory Capacity, Appointed by City Council

Pursuant to the provisions of a resolution presented two weeks ago by Councilman Sam Davis and adopted unanimously by the members of the City Council, that body, in an adjourned session held in the committee room yesterday afternoon, appointed nine men to serve on an "advisory traffic committee" to advise with the City Council relative to traffic conditions.

The members of the committee appointed are Gil Cowan, of The Glendale Evening News; A. P. Priest, Albert Marple, Stephen Packer, Robert Adams, Alex Mitchell, M. B. Towman, H. Kuehn and W. F. Yeou.

The councilmen stated that in appointing this committee they did not wish to criticize the way traffic had been handled in the city, but it was their wish that the situation could be handled in a comprehensive way, one that would be acceptable alike to the authorities and the citizens at large.

Is Big Problem

The traffic question is rapidly assuming a conspicuous place in the problems with which the Council has to cope, stated Mayor Spencer Robinson after the meeting, and he felt that many helpful suggestions could be given by the newly appointed members of the committee. The date of the first meeting of the committee has not been set.

Confer With Governor On Spread of Disease

SAN FRANCISCO, April 11.—A delegation representing the San Francisco Chamber of Commerce went to Sacramento today for a conference with Governor Richardson on the hoof and mouth situation.

The committee, headed by several influential representatives of business and banking interests, were prepared to urge upon Governor Richardson the calling of a special session of the legislature to deal with the scourge.

High Lights On Old Home News

By Southland News Service

PENNSYLVANIA
PITTSBURGH—Hearing for applications for licenses to sell near beer will be held next week in the Quarter Sessions court. Twenty brewers and 80 wholesalers have applied for the right to sell near beer.

PHILADELPHIA—Radium golf balls may be the next thing. A moonlight 18-hole match was played here recently and the players reported no trouble in keeping track of the balls.

KANSAS
KANSAS—His wife refused to move nearer to his place of employment because his home would be in a "dry" district, so she deserted him, is the testimony of John Kilpatrick, in his suit for a divorce.

WICHITA—A mass meeting here decided to determine the disposition of the \$11,000 fund and interest, raised by the community here during the war. Chairman John Lee, of the fund committee stated that in view of the fact that the soldiers have not received a bonus, it may be distributed among them.

IOWA
DES MOINES—A plea that the court order the administration of "truth serum," in order that he could not tell a falsehood, was made in the district court here, by court authorities, in the case of Williams Jones, alleged slayer.

BOISE—A tree said to be over 350 years old was cut down here today. It filled an entire lumber car, when hauled away to the sawing mill.

BOISE—Old time lumber man here says that if the cutting down of forests continues at the present rate of speed, our coming generations will have to look elsewhere for materials to make their furniture and other commodities that the forest supplies.

KENTUCKY
FRANKFORT—The companies of Kentucky National Guardsmen were ordered to the mining camps following an outbreak of labor trouble in which several miners were wounded.

LOUISVILLE—One hundred and ten liquor law violations were reported by local authorities, for the past four days. Federal, county and city authorities have combined forces to cut down the extent of the lawlessness.

OHIO
CLEVELAND—A campaign to educate the public against cancer will open here next week. Local physicians have offered their services free in an aid to preventing this mortal disease.

DAYTON—There is no perfectly

happy man or woman anywhere. This is the contention Rabbi Samuel Mayer, well known Jewish educator, who blames all unhappiness on our scheme of life.

LIVERPOOL—This town claims to have the most travelled child in the world. Mary Paton arrived after having completed 15,000 miles of traveling.

INDIANA
INDIANAPOLIS—The Midwest Edwards Heris' Association, seeking to recover property valued at millions located in New York City, will meet here next week, and determine a course of action, in their desperate attempt to acquire their inherited wealth.

FRANKFORT—It cost the Indiana Power company, \$28,500, for injuries incurred by William Sacks, an employe.

EVANSVILLE—John Williams was fined \$750, for violation of the National Prohibition act. This was his second offense. This is the highest fine ever paid here by a law violator.

OREGON
PORTLAND—The fifth annual forest protection week will be observed here, from April 21 to 27. Plans for the formulation of adequate forest protection are now being formulated.

EUGENE—Women here have invited Dr. A. G. Bettman to read his paper on plastic surgery, presented recently before the Portland City and County medical society.

MONTANA
GREAT FALLS—The entire corps of teachers employed in the city grade schools have been re-employed for the next school year beginning September 1924.

BUTTE—A class of 84 students, the second largest in the history of the institution, will be graduated from the Central High school this year.

HELENA—The supreme court here is testing the constitutionality of the city and county consolidation amendment to the constitution and the act of the Legislature, consolidating the city of Butte and the county of Silver Bow.

BRITISH COLUMBIA
VANCOUVER—Archer Gerston told the police that he was afraid to go home, without the comforting protection of the law. When he arrived home last night he found a skull and cross bones neatly drawn on his door. He thinks it is the work of pirates, and he "don't like 'em" he told the police.

CALGARY—Heavy rainfall here caused a traffic tie up. The

Respect For Laws Helps to Protect Weak From Strong

WASHINGTON, April 11.—Enforcement and observance of the law is a popular movement because it is for the purpose of protecting the weak from the strong, President Coolidge yesterday afternoon told 1,000 delegates to the women's national committee for law enforcement when he received them at the White House.

streets were turned into veritable lakes.

NEBRASKA
OMAHA—A man by the name of William Smith celebrated his eighth auto-escape, from death under the wheels of his car which struck a declivity and overturned.

NEBRASKA CITY—A burglar here does not believe in signs. He entered a dry goods store, and despite a tag on the safe which read "this safe is open," blew the handle.

COLORADO
DENVER—Bob, a particularly well bred Airedale, underwent an operation, following an encounter with a bulldog in which his aristocratic nose was severely lacerated.

GRAND JUNCTION—A move was started here for a campaign for the reduction of loss of life and property by fire. Chamber of Commerce is preparing a series of demonstrations "how to avoid fires."

WASHINGTON
SPOKANE—Spokane shed tears as they said goodbye to the horse-drawn ambulances, when motor ambulances took their places. Old time drivers and nurses paid their last respects to the old reliables which have been permanently "vacationed."

SEATTLE—Lying prostrate on the ground, with an angry bull endeavoring to gore him to death, George H. Meyer, resisted the attack desperately, until two men rescued him.

SEATTLE—Appropriations by the state department of fisheries will provide additions to the University of Washington Aquatoriums.

ARIZONA
PHOENIX—Governor Hunt proclaimed two emergency appropriations of \$10,000, for the purpose of eradicating and preventing the spread of the boll weevil, in the cotton districts of Arizona.

Highest mountain peak in South America is Aconcagua, 23,910 feet high; in North America, Mt. McKinley, 29,300; in Africa, Kilimanjaro, 19,710; in Europe, Mt. Blanc, 15,780, and in Asia, Mt. Everest, 29,003.

FRIENDS JOIN IN CELEBRATION OF GOLDEN WEDDING

Mr. and Mrs. James Larson Are Guests of Daughters On Anniversary

Mrs. Charles E. Nelson of 458 Riverdale drive and her sister, Mrs. L. C. Stroner, were hostesses on a happy occasion when they entertained at dinner Tuesday, April 8, in honor of their parents, Mr. and Mrs. James Larson, of this address, who were celebrating their golden wedding anniversary.

A color scheme of gold and wisteria was carried out effectively in floral decorations with California poppies and blossoming wisteria. On the table at which were seated the honor guests was a handsomely decorated wedding cake.

Covers were laid for twenty, including the guests of honor, Mr. and Mrs. James Larson. Out-of-town guests were Miss Anna Rasmussen of Pasadena, Mr. and Mrs. J. Frandsen, Hans Rasmussen of Willowbrook, Mrs. William Oltman, Mrs. William Bustemante of Long Beach, Oscar Reinholdt, J. A. Benedic and son George of Los Angeles, Mr. and Mrs. L. G. Rindkrnecht of Whittier, Mr. and Mrs. E. L. McCormick and son of Britt, Ia.; Mr. and Mrs. F. C. Stroner, Mr. and Mrs. Charles E. Nelson and son Vernon.

Mr. and Mrs. Larson were recipients of many beautiful gifts. Mr. Larson is 81 years of age and Mrs. Larson is 69.

They were married April 8, 1874, in Fulgse, near Copenhagen, Denmark, of which country they are natives, and it was on their wedding journey that they crossed the Atlantic to make their home in America, and became pioneers in the scarcely settled farming country in Iowa, where they lived and prospered for thirty-five years. From the town of Britt, Ia., where they left so many life-long friends, they received a shower of congratulations and many beautiful gifts on this occasion.

Of their four daughters and five grandchildren, two daughters, Mrs. Nelson and Mrs. Stroner, and one grandson, Vernon Nelson, were the only ones who could be present to share in the celebration. The others, Mrs. E. J. DeVang and sons Dwight and James, reside in Havan, N. D., and Mrs. Edward Jensen and children, Carol and Irene, make their home in Bradgate, Ia. Mr. and Mrs. Larson have made their home in California for four years, coming to Glendale two years ago. They have purchased the home on Riverdale drive, and expect to remain here permanently.

“TRADE AT ELK AND BRAND AND SAVE”

Stocks, Bonds And Markets

By Southland News Service

LOS ANGELES, April 11.—Re-
 actionary influences on Los An-
 gels investment stock, which yester-
 day forced it down from its
 new high mark of \$4.45, today
 were overcome to a slight degree.
 Opening at \$4.38 1/2, a 3-point ad-
 vance over yesterday's closing, it
 quickly rose to \$4.39, where it
 remained at 11 o'clock this morn-
 ing. Indications at that time were
 that no remarkable advance, such
 as has been the rule the past two
 weeks, will develop during the
 day's trading.

The oil list was somewhat de-
 pressed this morning, Union As-
 sociates opening at \$54.40, later
 being forced down to \$50. Sun-
 nyside Mining led the mining list,
 7000 sales being recorded during
 the first half hour of trading to-
 day at 4 1/2c advance over yester-
 day's close.

The public utilities list was
 headed today by Edison common
 with a 1/4 advance to \$102.75.
 Pacific Gas first preferred was up
 1/2, with sales at \$90. Bond trad-
 ing at the morning session was
 inactive.

Bonds Authorized
 Southern California Edison
 Company has been authorized by
 the State Railroad commission to
 issue and sell \$10,000,000 par
 value of a 6 per cent cumulative
 non-participating preferred stock,
 known as Series B. The proceeds
 are to be used for the construction
 of new generating plants, both
 water and steam, which are
 now under construction or to be
 started soon.

E. R. Hutton & Company wires
 today reported the government
 grain report, just issued, looked
 bullish on its face, showing 23,
 000,000 bushels of winter wheat
 less than last year. It should not
 be taken seriously, it is held, as
 there has been good growing
 weather throughout the country
 this year. Unless something hap-
 pens to the crop in the southwest
 there will be upwards of 50,000,
 000 bushels more wheat than last
 year. Grain prices are sagging
 more from the effect of the lim-
 ited outside buying than because
 of any other influence.

LOS ANGELES, April 11.—
 Pan-American Pete will await
 placing of Elk Hills Development
 company well on production be-
 fore starting naval reserve offset,
 permission for drilling of which
 was granted receivers by court
 when federal action was taken
 here. Elk Hills Development well
 reports 275 feet of stratified oil
 sand and production test has re-
 vealed commercial producer,
 though no estimate of flow has
 been attempted and size of well
 will not be known for several
 days. Well is on section 14-30-22
 and offsets naval reserve on the
 west.

Twin Sisters, 75, Meet After 43 Years Apart

YUBA CITY, April 11.—Sepa-
 rated for nearly a half century by
 the stretch of territory lying be-
 tween Nebraska and California,
 Mrs. Emma Lancaster of Omaha
 and Mrs. A. E. Wagner of this
 place, twin sisters, managed to
 get together on the seventy-fifth
 anniversary of their birthday,
 which occurred March 18. It was

the first time in forty-three years.
 Mrs. Wagner resides at the resi-
 dence of her daughter, Mrs. Verne
 Tripplett, in Yuba City. Mrs.
 Tripplett gave a “young folks”
 party in honor of the twins,
 twenty-five being present, of all
 ages. Mrs. Lancaster's trip to
 California was made by automo-
 bile.

Pessimistic Mr. A. B. See says
 the women are going to the bow-
 wows with their ultra-modern-
 ism.

SCORES HOMELESS AS CITY FLOODED

Belle Fouché River Highest In History; Houses Are Carried Away

BELLE FOUCHÉ, S. D., April
 11.—With flood waters of the
 Belle Fouché river the highest in
 the history of the city, more than
 twenty-five homes are flooded and
 many families were homeless
 early today. Many of the flood
 victims were forced to flee from
 their homes without saving any
 of the household goods.
 Half of the homes were washed
 from the foundations and dashed
 to kindling wood against the piers
 of two steel bridges.

A man in Des Moines prefers
 to live in the county jail rather
 than in his home. Says he's
 afraid of his wife.

Professor As Mayor, Teaches Whole City

NORTHAMPTON, Mass., April 11.—Northampton has had a college professor as its mayor for a little more than two months, and already it has stopped calling him “Professor.” That, Mayor Edward J. Woodhouse declares, is his greatest triumph so far as the city's chief executive.
 “It means the people no longer think of me as isolated in Smith College,” he said the other day, “but as completely identified with

the city. I am Mayor Woodhouse, or Mr. Woodhouse, or just Woodhouse. You don't know what a satisfaction that is.”

But, “professor” or not, the new mayor is putting the city government through school. A teacher of government at Smith, he is practicing municipal management by discussion and study. Northampton is a forum for debate on civic problems.
 Not long ago the mayor issued a proclamation for “law and order.” It called on all the people to support the authorities in stamping out liquor traffic and the gambling evil.
 “I am going to have the law

enforced in Northampton, no matter what steps are necessary,” he declared.

Trains Raccoons to Ride on Dog's Back

SHOES REPAIRED BY AN EXPERT

Official Minutes Of City Council

Following are the minutes of the Glendale City Council as prepared by the city clerk.

Council assembled at 10 a. m., April 10. All members present. Minutes of April 30 read and approved.

Maps
On motion of Councilman Hall, seconded by Councilman Gilhuly, was referred back to the city engineer.

Hearing
This being the time set for hearing on appeals from the determination of the superintendent of streets in making his assessment, warrant and order assessing the costs and expenses for the improvement of Alameda avenue, in accordance with Resolution of Intention No. 2094, adopted on the 30th day of August, 1923, clerk reported he had received no protests against said appeal, and there were no protestants present. On motion of Councilman Kimlin, seconded by Councilman Gilhuly, the appeal of Alvena I. Smith in relation to assessments Nos. 29 and 30 was sustained and superintendent of streets instructed to amend and modify said assessment in accordance with the appeal.

Councilman Davis introduced a resolution entitled, "A resolution of the City of Glendale, California, relating to the determination of the appeals from the assessment for the improvement of Alameda avenue in said city, directing the superintendent of streets to amend and modify certain assessments according to the decision of said Council," which was read and on his motion, seconded by Councilman Hall, the same was numbered Resolution No. 2348 and adopted.

Protests
The clerk notified the Council that this was the time, hour and place fixed for hearing protests or objections against the proposed improvement, or the extent of the district for the improvement of Reynolds Court, Brier lane, Cottage Grove avenue, the first alley north of Green street and portions of Palmer avenue, Green street and certain rights-of-way owned by the city of Glendale, in the city of Glendale, as particularly described in Resolution of Intention No. 2325, passed by the said Council on the 20th day of March, 1924, and the clerk also reported to the council that he had not received any written protests or objections up to the time set for hearing. Whereupon, the mayor asked if there were any interested persons present who desired to be heard, and all interested persons having been given full opportunity to show cause why the proposed improvement should not be carried out in accordance with the said resolution of intention, and all objections having been heard and considered, on motion of Councilman Gilhuly, seconded by Councilman Hall, duly carried, all protests were denied. Whereupon, Councilman Kimlin introduced a resolution entitled, "A resolution of the Council of the City of Glendale, California, relating to the improvement of Reynolds Court, Brier lane, Cottage Grove avenue, the first alley north of Green street and portions of Palmer avenue, Green street and certain rights-of-way owned by the city of Glendale, in the city of Glendale," which was read and on his motion, seconded by Councilman Hall, the same was numbered Resolution No. 2349 and adopted.

Commercial District
This being the time for continued hearing to set aside as commercial district, property on the west side of Verdugo road between Opceeha way and Wabasso way, same having been referred to the planning commission, was returned recommending that petition be denied. On motion of Councilman Hall, seconded by Councilman Davis, recommendation of the planning commission was accepted and request of petitioners was denied.

Out of Industrial
This being the time set for hearing to take out of industrial district, tract No. 8219, and set aside as commercial district, lots 1 to 13 and lots 44 to 56, both inclusive, and set aside as residential district lots 14 to 43, both inclusive, clerk reported no protests received and there were no protestants present. Same having been referred to the planning commission, was returned with favorable report. On motion of Councilman Davis, seconded by Councilman Kimlin, duly carried, request of petitioners was approved and city attorney instructed to draft the necessary amendment.

Property owners on Harvard street at Sycamore Canyon road addressed the Council relative to conditions existing, occasioned by recent rains. On motion of Councilman Kimlin, seconded by Councilman Hall, city engineer and city manager were instructed to proceed at once to relieve conditions in that district, to take up and request action by the Los Angeles county flood control, and in the event that immediate service is not available from that source, to have work performed by the city.

Railway
City attorney reported notice from Railroad Commission whereby Glendale and Montrose Railway Company had petitioned to stop the sale of commutation books on their line from Glendale to Eagle Rock. On motion of Councilman Davis, seconded by Councilman Gilhuly, city attorney was instructed to enter a no protest in behalf of the city.

FOOT AND MOUTH DISEASE SPARES MANKIND, CLAIM

Cattle Disease Never Found In Human Beings, Says L. A. Scientist

That he had never seen a case of foot and mouth disease in a human being, was a declaration made by Dr. J. Mark Lacey of Los Angeles, principal speaker yesterday noon at the meeting of the Glendale Physicians' club at the Egyptian Village.

Dr. Lacey made this statement in connection with his detailed scientific discussion of a disease similar to tuberculosis, known as coecidial granuloma. He states that the disease was observed in the southwestern part of the United States, and in California the cases have generally been traceable to the San Joaquin valley. It is of chronic character, frequently affects bony tissues and produces abscesses. The treatment is largely surgical. The affection is not readily transmitted since no scientist working with it in the laboratory or at the bedside has been affected.

In answer to the question as to whether the disease might be confused with foot and mouth disease, Dr. Lacey stated that coecidial granuloma was a disease of long duration, which would serve to differentiate the two affections, but he had never seen a case of foot and mouth disease in a human being. The diagnosis of coecidial granuloma is easily made in the laboratory by microscopic methods.

Recalls Epidemic
Dr. E. H. Sawyer called attention to a report by Nichol in the epidemic of a foot and mouth disease in 1888-91, pointing out that foot and mouth disease had a short incubation period, three to five days, that there was a headache, vomiting, fever, redness of the mouth, forming blisters on the mucous membrane, and the skin appearing as in measles or scarlet fever, in some cases forming blebs and blisters.

No cases of foot and mouth disease in human beings have been reported in Glendale, and it is indeed rare in any locality.

The next regular meeting of the club will be Thursday noon, April 24, at the Oakmont Country club, when papers will be given by Dr. A. E. Mack and Dr. C. W. Rook.

A special meeting is to be held Tuesday night, April 15, at the office of Dr. O. A. Dieterich, 208 West Broadway, for the transaction of business and arranging fee schedules.

Recalls Epidemic
Dr. E. H. Sawyer called attention to a report by Nichol in the epidemic of a foot and mouth disease in 1888-91, pointing out that foot and mouth disease had a short incubation period, three to five days, that there was a headache, vomiting, fever, redness of the mouth, forming blisters on the mucous membrane, and the skin appearing as in measles or scarlet fever, in some cases forming blebs and blisters.

CONNECTICUT IN CAR FARE FIGHT

Little Towns Hold 'Edge' in Demand for Higher Trolley Rates

HARTFORD, Conn., April 11.—Connecticut is a house divided against itself in the matter of trolley fares. The big towns want low trolley fares, the little towns high fares. So the Public Utilities Commission, which has the final say in the matter, is decidedly up against it trying to satisfy both sides.

With two minor exceptions, all trolley lines in the State are owned by the New Haven Railroad through a subsidiary, the Connecticut Company. For months the trolleys supplied service at the rate of two rides for 15 cents. Then, after due advertising, they jumped the rate to three rides for 25 cents. A storm of protest rose from Hartford, Waterbury, New Britain, Stamford, Bridgeport and New Haven—centres totalling 700,000 people.

Protests Flow In
Aiming to soothe troubled waters, the Public Utilities Commission suggested a hearing. Under the law the company could increase its fare first, and the Commission then—only—could decide whether the fares were proper. When the hearing came a score of little towns sent representatives protesting against a smaller rate of fare. Other towns mailed in resolutions to the same protesting effect.

"We, the big towns, should not pay the burden of increased fares just to keep trolleys running in little towns," said one side.

"We, the little towns, must not lose our trolleys when the big towns can well afford to keep them running for us," said the other side.

The Public Utilities Commission astonished by the situation, decided to lay the whole thing on the table for six weeks. Temporarily at least the little towns have won. "We'll win every time," they say. "We have votes enough in the Legislature to swamp you city fellows."

"Very true," reply the big towns.

Ozark Town at Last Has Phone Installed

MANSFIELD, Mo., April 11.—After being isolated from the outside world for the past seven years, Gainesville, the county seat of Ozark county, has at last secured a telephone line, one having been constructed recently from that place to West Plains, the county seat of Howell county. Residents of Ozark county can now talk to the rest of the world.

Ozark county has not a single mile of railroad, but is now having its first bridge constructed over the north fork of the White River on the state highway.

SECRET WEDDING SHOWN BY DEATH

Husband, Unknown to Wife's Family, Tells Romance After Funeral

ROME, Ga., April 11.—A death-shattered marriage romance was revealed here the other day when George Bray, of Detroit, appeared in the home of L. A. Farr, of this city, and, although a stranger to the family, requested the privilege of paying the funeral expenses of Miss Catherine Farr, 17-year-old schoolgirl, who died and was buried only twenty-four hours before.

It was the first time the girl's parents had seen or heard of Bray. The young man claimed the right of paying the funeral expenses on the grounds that the pretty girl was his wife. He explained that they were married by a local minister on February 9 last and that immediately following he had to depart for Detroit. He said he received news of his wife's death from a brother who knew of his wedding. He rushed to Rome, but too late for the funeral. The sweetheart that had become his wife only a few weeks before had been carried to the grave without his seeing her since the wedding.

Records in the Ordinary's office here substantiated Bray's statement. The young wife died without revealing to her parents that she had been married. Pneumonia struck with terrible and swift effect in the romance. It was believed that the young wife was rendered unconscious before she realized that her illness was of such serious nature, and thus failed to disclose on her deathbed the secret marriage.

Oldest Elm In Bay State Is Blown Down

NORTH ANDOVER, April 11.—The Hubbard elm, situated in Dale street, North Andover, and said to be the largest, tallest and oldest elm tree in Massachusetts, was blown down in the storm that swept this section of New England, March 11.

The tree, which was 50 feet in circumference and 125 feet high, was 300 years old, according to the State Forestry department.

Two Dogs Sentenced To Death by Judge

NASHUA, N. H., April 11.—Judge Walter E. Kittredge of the Merrimack Town Court, who sentenced two dogs to death, following their running a deer and killing it, has received a number of protests over his sentence. Judge Kittredge sentenced E. C. Purinton, owner of the dogs, to pay \$100 fine and costs and on condition that the dogs be killed, he suspended the fine.

LOCAL TEMPLARS PLAN TO ATTEND PASADENA MEET

Commandery's Delegates to Share in Conclave on Next Monday

The Knights Templar of Glendale Commandery and visiting knights of other and other jurisdictions are urged to attend the conclave to be held in Pasadena, beginning Monday morning, April 14. A large attendance is especially desired for the parade to be staged Thursday afternoon, April 17, at 2 o'clock, when Glendale Commandery expects to make a good showing.

The following is the program for the week:

Monday, April 14

10 a. m.—Grand council, Royal Select Masters.

12 o'clock—Adjourn for lunch.

2 p. m.—Grand council, Royal Select Masters.

8 p. m.—Super-excellent degree, exemplified by Santa Ana Chapter No. 14.

Tuesday, April 15

9 a. m.—Grand chapter convenes.

12 o'clock—Adjourn for lunch.

1 p. m.—Grand chapter convenes.

4 p. m.—Order of High Priesthood.

8 p. m.—Exemplification of past and most excellent degrees by Los Angeles Chapter No. 33.

Entertainment and auto rides during the day for the women of the Grand Chapter and Council.

Wednesday, April 16

9 a. m.—Grand council convenes.

12 o'clock—Adjourn for lunch.

1 p. m.—Grand council convenes.

2 p. m.—Adjourn for sightseeing.

6:30 p. m.—Grand Commandery formal dinner.

8:30 p. m.—Reception to newly elected grand high priest at Hotel Maryland.

Entertainment and auto rides for the ladies of the Grand Commandery during the day.

Thursday, April 17

10 a. m.—Grand Commandery.

12 o'clock—Adjourn for lunch.

2 p. m.—Grand parade moves over public route.

4 p. m.—Grand Council.

8:30 p. m.—Grand Commandery ball.

Entertainment for ladies of Grand Commandery during the day.

Friday, April 18

8:30 a. m.—Competitive drill at Tournament Park.

10 a. m.—Grand Commandery.

12 o'clock—Adjourn for lunch.

2 p. m.—Grand Commandery.

2:15 p. m.—Auto tour for the ladies, members of drill teams and band.

Owner Won't Ship Her Highbred Cat By Common Carrier

LOS ANGELES, April 11.—Humorous situations are found in the fight against the foot and mouth disease among livestock, as well as pathetic stories of people being ruined by losing their herds. A lady this morning appealed to the authorities for a permit to take her cat east with her. "You may ship it by common carrier," she was informed. "But my cat is not a common cat," she countered. And the fight was on, but to no avail. No cats, dogs or other pets are allowed to go out of prescribed confines. It is rumored there will be a shortage of sausages in the southland, this being the only meat products which cannot be readily imported. Telegrams for sausages are being sent east by the packers and strings of the hot dogs and other delicacies are expected to arrive shortly.

URGES RADIO TO BOOST GLENDALE

Broadcasting News of City's Advantages Suggested By Dr. A. Vack

Editor The Evening News—Kindly permit me to make a timely suggestion through your paper how best to advertise Glendale. We are living in a new age, where millions of people all over the world are interested in the conquest of the air by radio and it is my firm belief that Glendaleans are a type of people who believe in letting the world know of the great opportunities and beauties surrounding our city. Glendale could have and operate a Class B radio broadcasting station, which could broadcast every month the building permits taken out, the newcomers arriving here to make their home, giving their full name and the town and state from which they come. There could also be broadcast the condition and the beginning of Glendale's marvelous growth, and the clubs and societies with their unlimited amount of local talent could furnish the rest of the evening's program. There are numerous details which could be worked out for broadcasting so that every listener would be interested. Financial Support Such a station would receive its full financial support of every citizen of Glendale, as I believe there are enough business men, members of clubs and professional men in our city who would be glad to become a member of the Glendale Radio Broadcasting club with a membership of \$10 or \$15 per year to pay for the running expenses of operating. This way millions of radio fans in the United States would listen to the development and progress of Glendale, "the fastest growing city in America." It would not only attract the poorer classes or the sick, who would come on account of our climate, but the business man, the capitalist and the manufacturer who would be able to see unbounded opportunity of locating here in our city. Most stations are operated through a business firm or newspaper. Glendale's station would be something new, owned and operated by the citizens of Glendale who are only too glad to spread the great tidings to our friends in their former home, no matter if music, business, professional or any other feature of interest. Respectfully yours, DR. ALBERT VACK, 205 East Harvard street.

Grill Newspaperman in Fresno Bond Case

FRESNO, April 11.—C. W. Kettle, Los Angeles, former Fresno newspaperman, who admitted selling city bonds for former commissioner of finance, Charles V. Dillon, on trial for embezzlement of the bonds, was subjected to a severe grilling at the hands of defense attorneys. Kettle is said to have disposed of \$7,000 worth of bonds.

U. S. Sleuths Arrest Chinese, Seize Opium

FRESNO, April 11.—With the opening of the international Bing Kong convention in Chinatown, federal officers swooped down on one of the convention headquarters, arrested ten tong leaders and seized a large quantity of opium. The ten leaders were charged with a violation of the Jones-Miller act.

Would Share Gas Tax With Cities of State

LOS ANGELES, April 11.—W. J. Locke, secretary of the League of California Municipalities presented before the City Council the resolutions which were adopted recently by city officials at Sacramento, a measure which would give the cities a share in the Motor Vehicle fund and gasoline tax fund. As it now stands the State gets one half and the counties one half. This measure would give the State one half and one half to the cities and the counties in proportion to their assessed valuation.

HOUSEHOLD PETS TO BE CONFINED OR FACE DEATH

Strict Orders Are Issued to Keep Animals From Running at Large

By GIL A. COWAN For Southland News Service LOS ANGELES, April 11.—All dogs and cats, as well as other domestic animals in Southern California, must be kept in confines or be subject to extermination. That is the edict put out by the State Board of Health and State Department of Agriculture this morning. A special force of men has been assigned to enforcing the law in this respect, the whole of the southland now being under strict quarantine. No dogs or cats will be permitted to pass in cars from one section to another—in other words, they must be kept at home. Subject to Fine Further, according to Jay Dutcher, secretary of publicity, anyone who permits animals to roam at large is subject to heavy fine. To explain these regulations, as well as matters of sanitation nearly 100 speakers started at noon today to visit all luncheon clubs, theatres, schools and other public meeting places. They are to be accorded the courtesy of the stage. A closed area has been established near Lamanda park. Other premises are being cleaned up and every sanitary precaution is being taken to protect the food supply. Following is a summary regarding the goods which will be admitted from Los Angeles county, according to Harold J. Ryan, horticultural commissioner: Ventura County Feedstuffs require individual permit stating origin outside of infected area. Vegetables the same. Fruit accepted without permit. Manure refused entry. Livestock products refused except those official stamped as inspected. Riverside County Feedstuffs accepted only by railroad or with individual permit showing origin in unaffected area. Vegetables accepted under permit stating origin. Manure and livestock and livestock products refused entry (as defined in state regulations.) San Bernardino County Requirements same as Riverside. No fruit peddlers' wagons allowed. Kern County State regulations governing movement of commodities in close quarantine are applied. This means fruits and vegetables are admitted without permit. San Diego County Vegetables accepted under individual permit stating origin. Grains and products the same. Hay not accepted. Nursery stock must be packed in shavings, excelsior or sawdust. If barley sacks are used they must be accompanied by permit certificates that they have not been in warehouse since March 24. Santa Barbara County Vegetables accepted under individual permit. No permit needed for fruit. Livestock and products refused entry. Feedstuffs admitted under permit stating point of origin and certificates that it has not come from infected area.

Uncle Wiggily Bedtime Stories

By HOWARD R. GARIS

UNCLE WIGGILY'S FOUNTAIN PEN

BEDTIME 16 APRIL 10, 1924

"Uncle Wiggily, will you please direct this envelope for me?" asked Nurse Jane Fuzzy Wuzzy in the hollow stump bungalow one day. "I have written a letter to Aunt Lettie, the goat lady. I have asked her to come over and visit me."

"That is very kind of you," said Mr. Longears, a she took out his fountain pen. "I wrote the letter in pencil, though I would like the envelope to be directed in ink."

"Perhaps it does," agreed the rabbit. So he shook the pen, but no ink came out and it would not make a mark on the envelope.

Ink on his white trousers!

So he did this and handed the envelope back to Nurse Jane, who put in it the letter for Aunt Lettie the goat lady. "I must take my fountain pen to the store and have it mended," said Uncle Wiggily after a while.

"Now, look what you made me do!" howled the Wolf. "Just look! Ink on my new white trousers! Oh, what will my wife say? Oh, I must take my trousers to the cleaner's at once! Oh, look what you made me do!"

"Because," growled the wolf, "Uncle Wiggily may look at them and think I am his friend, Mr. Whitewash the polar bear. He will let me come close to him and then I shall catch him."

He's New Cabinet Member

Folks, meet HARLAN FISK STONE, the new member of President Coolidge's cabinet. He gave up a job paying \$100,000 a year to take one paying \$12,000 a year. How many of you would do that? Just hold up your hands. What? No hands go up?

It is not easy to give up a \$100,000 job for a \$12,000 one, even if the latter does carry with it the honor of being a member of the cabinet of the president of the United States.

Diet and Health

By LULU HUNT PETERS, M.D.
Author of Diet and Health, with Key to the Calories

ANSWERS TO MOTHERS

"Dear Doctor Lulu:—You have written such wonderful articles on the care of babies, that I am going to ask your help for the young woman who hopes some day to become a mother. I am to be married soon, and birth to me will probably be an ordeal, as I am already 28 and may be 30 or past when my longed-for baby comes.

"Now, what I want to know is this—are there certain exercises that will strengthen and prepare a woman for that wonderful event? Of course, I know all exercise helps to a certain degree. I think there are a great many women who would be interested in an article on that subject. Yours for preparedness.—Hopful."

My dear, if all young women would have the same ideas of preparing for marriage and motherhood that you have, the millennium would be with us.

If you will keep yourself in the best of physical condition by proper diet and exercise, you need not worry about the ordeal of childbirth because of your age. Of course, you will put yourself under the care of your physician as soon as your hope is realized. In exercising, special attention should be given to the abdominal wall and back muscles. I have an article called "The Atonic Abdominal Wall" that explains the exercises. You may have it by sending a self-addressed and stamped envelope to me, through the newspaper.

By the time you have your baby, I am confident there will be a new method of anesthesia during delivery which will take away the greater share of the pain of labor, without injury to the mother or child. I heard a preliminary report on the method that is being used now in a great institution, and in a few months the final report is going to be given. If it proves what is expected of it, it will be the greatest boon to womankind that the world has known, for the method can be used by the family physician in the home, and it is without danger to the mother or baby. I cannot tell you more about

this now because the physicians who are perfecting it do not want it to be broadcasted until they are sure, but it gives great promise. I will keep you posted as soon as I have permission. I am watching some cases myself in this institution.

"Dear Doctor:—My baby vomits considerably after nursing and seems in distress for a long period afterwards. Her bowel movements are orange in color with considerable curds.—Mrs. C."

The bowel movements of breast fed babies are almost always a little curdy and orange in color. That seems to be normal. Do not worry about it. And if your baby is gaining and is happy otherwise, do not worry about her vomiting. It is probably just a little excess she gets. Perhaps she nurses too fast. Take her from the breast once in a while and hold her over your shoulder to let the gas up.

Mrs. B.:—Sometimes babies' breasts begin to swell soon after birth, and there will be some milky-like fluid in them. You mustn't worry about this, and you mustn't touch them. If you massage them they may become infected and require an operation. Nature will take care of them if you just let them alone.

Tomorrow—Answers to Correspondents.

My Dear Followers—When sending for material which we offer you, please remember to enclose a stamped envelope bearing your full name and address. The pamphlet on reducing and gaining is the only one for which you must enclose four cents in stamps extra. Address your letters to me in care of this paper. Make them as brief as possible. They should not exceed 200 words, and type or write them legibly with ink. Please sign your name as evidence of good faith—we will not use it in any way. Remember it is impossible for me to diagnose for you or to give you much of the beautiful letters you send me and regret it is impossible to give you individual advice. The questions you ask will be answered in the column as soon as possible, if they are of general interest. Don't forget to send us if you expect me to send you the

Finds Road To Wealth

This is "MIDGE" BRISCOE, and she finds that the way to riches is in doing thrilling stunts for the movies. A little more than a year ago she was a penniless widow. Today she is wealthy and prominent in the film world.

LOS ANGELES, April 11.—A little more than a year ago "Midge" Briscoe, widow, was penniless, an unknown unit in the vast floating population of Hollywood.

Her boundless nerve is responsible. She traveled the road to fame rapidly by doubling for stars in difficult stunts. Nothing was too dangerous for her to undertake. She proved herself an especial daredevil on horseback. Life was just one thrill after another for her. She thrived on them. Between stunts she sold real estate and raised thoroughbred dogs. Now she is able to retire.

Heart and Home

By MRS. ELIZABETH THOMPSON

SHE WANTS LOVE

Dear Mrs. Thompson: There is a young man who takes me out and shows me a good time. He used to go with another girl before I knew him but lately he doesn't go to see her. His mother, I believe, thinks he cares for her yet and is always talking about this girl in my presence. It makes me want to cry. She said once that I mustn't take her son as being serious. What his mother said to me hurt. His mother put her arms around me and said her other son, who never acts like the one I love acts, was the serious one. How can I tell whether he loves me or not? If I'm gloomy he takes me in his arms and wants to know what is the matter. Of course, I never really am gloomy, just pretend to be. Lovers do act that way, don't they?

HELEN.

THE BEHOMIAN: 1. It is not "proper" for a girl to sit on a boy's lap when two couples are riding in a coupe, but propriety is usually thrown to the winds on such an occasion. Very nice girls have been known to ride that way. 2. The young man should refer to the girl's tastes and then do the ordering himself. 3. It is correct to wear an evening gown to the theatre at night. 4. It is not advisable for a girl to go to a roadhouse and dine and dance unless properly chaperoned. A girl throws her reputation to the winds if she does that sort of thing.

MISS J. C. O.: You will have to be stern with your neighbor's children and see that they mind you. A neighbor who does not help you by seeing that her children behave, is not of so sensitive a nature that she will be offended merely because you will not let the children handle valuable articles in your home.

FRITZY AND BILLY: It would be useless to try to win back the young men, because if they wanted to come they would seek you. Profit by this experience and do not quarrel.

WILLING WORKER
A British colonel once advertised for a servant and an Irishman applied for the job.

"What I want," said the colonel, "is a useful man—one who can cook, drive a car, look after my horses, clean boots and windows, feed poultry, milk the cow and do a little painting and paper-hanging."

JUST LIKE MIRROR
The great barrister, John Philpott Curran, was a noted wit, but he sometimes met his match. Curran once examined a hostler who was witness in a dispute over a horse trade. Curran desired to break down the credibility of the witness by making him contradict himself, but to no avail; the witness' common sense, equanimity and good nature were not to be overturned.

How can a man tell if a girl loves him?
PUZZLED.
You would be so distantly related that you would scarcely be considered cousins. Your mothers would be second cousins. You would be a second cousin once removed to the girl's mother, and a second cousin twice removed to the girl herself. There would be absolutely no objection or danger in marriage between you. If a girl seems ready to have you call and to go places with you whenever you ask her, she is certainly interested in you. To know whether or not she loves you could only be determined by

DAD'S HUNTING
"Well, sir, my shotgun let out a roar, and there lay a dead wolf ahead of us."
"How long had it been dead?"

Beauty Chats

By EDNA KENT FORBES

DRINK ENOUGH WATER

Once a year I feel it necessary to talk about drinking water as a means of clearing and beautifying the complexion. To drink enough water is to cleanse the system internally just as you cleanse the body externally with a bath. The most aggravated case of constipation must yield to this in time, the most sluggish liver and kidneys must have their impurities washed through them if such a treatment is adopted.

The question always is how much water is healthy and how much will merely cause annoying rumbles in the stomach. A great deal of water, of course, is taken in with the diet, in a healthy diet anywhere between three to five pints a day. You drink water with your tea and coffee, you consume it in quantities with fruits and vegetables, you get a small proportion of it in practically every food. In spite of this there is a certain value in drinking it separately. For one thing you digest your food more readily, and if you are too thin you put on weight. If you are too stout you are never allowed to drink water with your meals.

If you want a splendidly clear complexion drink two glasses of hot water when you get up in the morning. Do it as soon as you awake for there should properly be an interval of half an hour between this and breakfast. Between breakfast and lunch another glassful, and between lunch and dinner drink another glass. Before going to bed drink one, and if possible two glasses full. In this way you are taking three, or nearly three extra pints of liquid into your system.

Keep up this treatment for three or four weeks. Unless your diet is all wrong you should have a very good complexion at the end of the time. This treatment cannot possibly harm you and must do you some good, though it may not be the perfect cure for your special case.

Admiring Reader:—Unless a nose is so badly formed as to be a serious defect, it should be left as nature intended it. In many

cases where people object to the shape of their noses, any change would so alter their expression as to detract from their natural expression.

A. W.:—To reduce the hips, lie flat on floor with arms high above the head, roll to right a number of times, and then to the left as often as possible without getting dizzy.

This Clears the Complexion

Miss M. A. P.:—Massaging the bust with cocoa butter will help to fatten the tissues.
E. N. S.:—Consult a specialist about the bald spot to get at the cause for it as quickly as possible.

Tomorrow—Pimples

All inquiries addressed to Miss Forbes in care of the "Beauty Chats" department will be answered in these columns in their turn. This requires considerable time, however, owing to the great number received. So, if a personal or quicker reply is desired, a stamped and self-addressed envelope must be enclosed with the question.—The Editor.

Preserves
Cake

She then conceals them in various hiding places around the living room—all ready to be found by the little folk in the five minutes allowed for the search. A chocolate candy bunny might be a good prize to give to the child who finds the most hidden eggs.

Chicken Tag: This is a good out-of-door game. Give each child a yellow cotton chicken (such as may be bought for five cents or less) and tell them to play tag in the old way, except that the one who is "it" must tag the other children by touching them with his chicken or else the touch will not be counted.

All inquiries addressed to Miss Kirkman in care of the "Efficient Housekeeping" department will be answered in these columns in their turn, however, owing to the great number received. So, if a personal or quicker reply is desired, a stamped and self-addressed envelope must be enclosed with the question. Be sure to use your full name, street number, and the name of your city and state.—The Editor

Copyright 1924, George Matthew Adams.

For children the refreshments should be very simple: Iced Cocoa or Hot Cocoa, simple cupcakes decorated by yellow frosting (to obtain this color mix raw egg-yolk with ordinary uncooked frosting before spreading), chicken sandwiches, jelly sandwiches, and simple candies.

Finally Curran, in a towering rage, exclaimed: "You are incorrigible! The truth is not to be got from you, for it is not in you. I see the villain in your face."
"Faith, yer honor," replied the witness, "me face must be moity clane and shinin' if it can reflect like that."

TWILIGHT LEAGUE IN GLENDALE IS FOUND POSSIBLE

Luncheon Clubs, Lodges and Trades Orders Might Be Represented

By AL DIX
Of The Evening News Staff.
Local baseball bugs are very much worked up over the proposition of a twilight league for Glendale, in which the various luncheon clubs, lodges and trades organizations would have entries if the plan goes through.

Plan Successful
In other cities where the plan has been tried out with great success, it has been of material help in interesting the general public in baseball. In some places they even go so far as to close the stores on a designated afternoon, in order that everyone desiring to do so may attend the game.

The plan, as suggested for Glendale, does not contemplate the closing of the stores at this time. Leaders of the various clubs who have been talking the matter over consider that the days will soon be long enough to play a five or seven inning game by starting at 5:30 or 6 o'clock.

Represent Clubs

There are many organizations in the city which could place a team in the field and give them good support. The K. C.'s already have a fast team. There are the Elks, the Scots, the M. W. A., Kiwanis, Exchange Club, Rotary club, American Legion and a host of other organizations that should be able to recruit a baseball team. The newspapermen, in an unguarded moment, proposed to have a team in the field. They evidently figure that with the practice obtained in running down news they should make great fielders.

The bankers, the clothiers, the barbers and automobile men would undoubtedly want to be represented, and Kerwin thinks that there would be no difficulty in organizing an eight-team league with one or two games each week.

Lots of Sport

There is undoubtedly a barrel of fun as amateur ball is played in the ordinary twilight. Every one is familiar with the players and the play, while ordinarily of a very medium class, affords lots of sport for the onlookers, who have the privilege of seeing the players who make magnificent plays in the national drive to get people to spend more time in the open, twilight leagues and golf have been recognized as the two greatest factors in the campaign. Baseball provides exercise and amusement for a lot of men that otherwise would never get out into the open air for a romp.

With suitable prizes hung up for the winners in the city league, a great deal of friendly rivalry can be developed. Meeting to discuss the formation of such a league will be called in the near future.

Baseball Players Limbering Up Now With Joint-Ease

After the game or practice, Joint-Ease takes the kinks, lameness and soreness out of your throwing arm so quickly that you'll want to start all over again in a few hours. It's great stuff—speedy and sure, and many stars are wise to it. Just two minutes' rubbing and this great, painless, stainless Joint-Ease soaks right in through skin and flesh, right to the ligaments and tendons and bones—exactly where the soreness is. 60 cents a tube. Ask any live druggist for a tube of Joint-Ease and keep limbered up, as thousands of other ball players do.

Always remember when Joint-Ease gets in joint agony gets out—Quick.

SOUTHERN STARS OFF FOR STANFORD

Combined Conference Team to Meet Cardinals in Annual Clash

The all-southern conference combined track team left last night for their annual clash with the Stanford varsity. Twenty-nine tracksters from the south, two coaches and a trainer made up the party.

Occidental had the largest quota, fifteen Tigers having qualified for the trip. Pomona had ten, S. B. U. C. two, Caltech and Redlands one each. The Occidental student body went down to the station to give the team a rousing send-off.

The all-conference team is conceded a victory over the Cardinals Saturday. Coach Templeton's Cardinals are considered the best collegiate aggregation in the country and they will give the favorites a hard battle.

From the six Southern California conference colleges, the track men who placed first or second in the conference meet last week are entitled to represent that league in the Stanford meet. The combined team is as follows:

One mile, Carter, Rojas; 100-yard dash, Argue, Buckman; 220-yard dash, Buckman; 440-yard dash, Gardner, Morey; 880-yard run, Montgomery, Ellsworth, Drake; two-mile run, Snyder, Lavelle; shot put, Giles, Clark; high jump, Bradshaw, Hill, Hamilton; pole vault, Graham, Goodenough; discus, Ridderhoff, Giles; hammer throw, Merritt, Ridderhoff; broad jump, Frisbee, Hall; javelin, Eaton, Ridderhoff; relay, Occidental team, Spangler, Powers, Buckman, Morey.

Jury Frees Woman In Third Murder Trial

SAN FRANCISCO, April 11.—Her third trial brought acquittal for Mrs. Grace Baratti, who was tried on a charge of having murdered her husband, a local musician. One hour and 12 minutes after the jury retired last night they returned the verdict of "not guilty." It was contended by the defense that Baratti, a musician, killed herself. The state alleged the wounds could not have been self-inflicted. The first two juries disagreed.

Make Plans for Golf Tournament Tonight

LOS ANGELES, April 11.—Plans for the Southern Branch golf championship will be made at a meeting of the tournament committee tonight at the Los Angeles Athletic club. Drawings for the title matches will probably be made the first of the week and the play will start at Annandale later in the week.

College Tank Stars To Compete Tonight

LOS ANGELES, April 11.—Swimming teams of the U. S. C. and U. C. Southern Branch institutions will meet in the tank tonight.

OPEN GAME WITH 'GANG'S ALL HERE'

Orchestra at Ball Park to Play 'Blues' When Sox Lose, Is Plan

Believing that the umpires have come in for more than their share of blame and criticism at the White Sox park, Frank Kerwin announced this morning that he had engaged for the summer "The Six Glendale Jazz Bandits" to appear before and during the White Sox contests.

This is undoubtedly counter move on his part to attract some of the unfavorable comment from the press which won them national honors last year on the Hudson.

Use Same Stroke
When the Husky-Bear shells glide out in their race this month both will use the same stroke. Ehrlich and Callow are both products of the Hiram Conbar system, both being graduates of Washington.

Tiger Freshmen Make Seven Straight Wins

Coach Wilkie Clark's crippled freshmen baseball team continued their winning streak yesterday when they trimmed Lincoln High 4-2 in a fast game on the Tiger diamond. The Tiger babes have gone through the season with seven straight victories. Lincoln started the scoring runs in the first and third. Oxy came back in the fifth inning for two runs and tied the game. In the seventh the Tigers annexed two more tallies and The Railsplitters were unable to even up the count.

Captain Les Hasserot of the yearlings had a sprained ankle and Solly Miskin, star first baseman, was out with a broken hand. Coach Clark was over at L. A. H. S. where the Romans drubbed the Tiger varsity 10 to 0.

Sport Events to Mark Bears' University Day

University day at the University of California on April 19 will be composed of a day given over entirely to sports. In the morning the freshman teams of Stanford and California will cross bats on the diamond in the morning, while the Varsity tennis squads will battle it out over the nets. At 1:30 the varsity track team will meet the University of Illinois, and at 2 o'clock the varsity baseball squad will meet the Stanford nine.

FIGHT RESULTS

AT MASON CITY, Iowa.—Teddy Blatt, Minneapolis, outpointed Bobby Sowash of Rock Island, Ill., ten rounds.
AT YONKERS.—Jack McAuliffe, St. Detroit, and Joe Stoessel, New York, draw. Ten rounds.
AT MARKEESP, PA.—Cuddy De Marco of Chester, Pa. outpointed Johnny Sorah of Mansfield, Ohio, ten rounds; Joey Gans of Allentown, won decision over Andy (Kid) Palmer, Dayton, ten rounds.

OPEN GAME WITH PICK SEATTLE TO WIN SHELL RACE

California Crew to Meet Huskies Tomorrow on Northern Water

By COPELAND C. BURG
For International News Service.
SAN FRANCISCO, April 11.—"California has only an outside chance to win!"

That's what Ky Ebricht, new University of California crew coach, thinks of the chances of the blue and gold in the annual shell race with Washington in Seattle tomorrow. Because he's short of material and handicapped by the inauguration of a new system, Ebricht thinks the California crew outlook is dismal, at least for 1924.

At the same time California undergraduates and alumni think Ebricht has something up his sleeve. That the Bears will give the Huskies at least a hard fight is confidently expected.

Washington has been sending out "gloom" reports, which place the northerners far below the shape which won them national honors last year on the Hudson.

ANGELS CAPTURE THIRD STRAIGHT WIN OFF INDIANS

Tigers Trim Solons, Seals Nose Out Beavers, Oaks Defeat Salt Lake

Wade Killifer's Seattle Indians dropped the third straight game to Los Angeles yesterday, score 3-3. Root, obtained from the St. Louis Browns, toiled for the Angels, and after Jimmy Welch had poled one into the bleachers, scoring Brady ahead of him in the first inning, performed with ease and precision, allowing only two hits during the remaining eight innings.

Wheeler Dell was elected by Killifer, but gave way in the fifth to Steuland, who fared little better. The Angels hit hard and often, especially when hits meant runs. Marty Krug took a day off and Billings held down second. Josh Ellison also received his baptism of fire.

Killifer's infield, with Ted Baldwin and Crane out with sprained ankles, looks and acts bad. Red stated last night that with the two regulars in their position he would show up the Angels yet.

By COPELAND C. BURG
SAN FRANCISCO, April 11.—A triple steal in the third, with Charley Deal registering, and a home run by Pete Schneider in the eighth, scoring Mike Menosky ahead of him, featured Vernon's third straight win over the Senators here yesterday. The score was 9 to 6.

Essick used four pitchers. Keck, Gilder, Carson and Cruise. To stop Sacramento, the latter finally turning the trick.

LOS ANGELES, April 11.—Baseball tests of the Southern conference will open the 1924 season tomorrow, with Occidental, Caltek, Whittier, Pomona, Redlands and Southern Branch, U. C. of C., playing. Because of their showing last season the Grizzlies are favored as one of the strong nines, although Pomona is reported as having one of the strongest diamond squads in many years. Occidental's chances will be hampered somewhat due to two of her mainstays taking the eastern track trip. Johnny Powers, pitcher, and Cliff Argue, infielder, were both classy diamond acrobats last season and their services will be missed. Not much is known of the strength of the Redlands, Caltek and Whittier nines but they are reported as a better class than last season.

More than 150 radio stations in the United States are broadcasting weather reports.

VALLEY PLEDGES CO-OPERATION IN INDUSTRY DRIVE

San Fernando Region Rallies In Support of Greater L. A. Association

Business men from all sections of the San Fernando valley last night rallied to the support of the plans that have been formed by the Greater Los Angeles association, looking to the maintenance of the industrial prosperity of this region, at a banquet held in the Black Cat cafe at San Fernando, and which was attended by close to one hundred guests, which the slogan, "Keep the White Spot White," was enthusiastically endorsed.

The purpose of the association, as explained by its president, H. R. Merrick, is to bring together 25,000 men and women in the metropolitan area of Los Angeles for the purpose of stabilizing business conditions in that district, bringing needed industries to the southland, helping to finance those that can prove their right to support and assistance, and helping to provide employment for the thousands who are flocking here every year in search of work and a place to make their homes.

Finance Plans

One channel through which the aims of the association will be formed, he said, is by the organization of the Industrial Finance corporation of Los Angeles, with a capital of \$50,000,000, of which the first unit of \$5,000,000 is now being raised. Every district and all lines of business in Greater Los Angeles will be represented in the association, and loans will be made to deserving industries, and those now established will be furnished capital when they can put up security that is adjudged to be sound.

Banks in southern California, he asserted, have not, in the past, been able to originate finances for capital investment, and it will be the aim of the association to assist in the development of this branch of banking here, working toward the plan to keep home money at home instead of permitting it to be invested in eastern and foreign securities, as well as to furnish employment for the southland's growing population.

Guthrie Speaks

Charles B. Guthrie of Glendale, one of the directors of the association, declared, is the duty and the privilege of every far-sighted business man in southern California to identify himself with the project, not only in his own interest, but also as a patriotic duty toward his own part of the state.

Greater Los Angeles association, he declared, will accomplish three things: It will furnish an outlet for capital, it will eliminate any prospect of labor troubles, and it will take care of the homes that are going up by thousands every year.

Valley Represented

Other speakers included R. H. Glenn, president of the San Fernando Chamber of Commerce; Fred W. Prince, San Fernando banker, who has been appointed a director of the association; Robert Hanley, assistant Los Angeles city attorney; Van Nuy, S. H. Woodruff, Los Angeles real estate man; J. W. Charleville, secretary of the Burbank Chamber of Commerce; R. L. Forsyth, president of the Lankershim Realty Board; John H. Blair, Los Angeles real estate chairman of the membership drive; A. M. Fellows, president of the Zelzah Realty Board; E. DeWitt Rayburn, chief engineer of the Mulholland drive; Will E. Chapin, manager of the Hollywood Hills association.

The organization among the San Fernando valley clubs will be completed as rapidly as the committees assigned to the work can secure the members, and a drive has already been launched to secure signers to the pledges that were circulated at the banquet.

A meeting of the Glendale branch of the association will be held on April 23, Mr. Guthrie announced, details of which will be announced later.

Among the Glendale guests at the banquet were Alexander Mitchell, John M. Boland, O. M. Newby, Albert Marple and Ralph A. Lynd.

Local Rotarians Will Attend Pasadena Meet

Fully fifty local Rotarians, under the leadership of President George B. Karr, will journey to the Annandale Country club tonight with their Rotary "Anns," where they will be entertained by the Pasadena Rotary club, along with members of the Los Angeles club and other Rotary chapters in this section.

There will be dancing and a buffet lunch will be served during the course of the evening. The affair is said by President Karr to be similar to one held two months ago at the Biltmore hotel, Los Angeles, with the Los Angeles club as host.

The object of these Rotarian affairs is to stimulate inter-city relations, Mr. Karr states.

Instruction on land in how to become a deep sea diver is possible in London with the aid of a large tank in which conditions encountered under deep water are duplicated.

Why I Am In Glendale

"GLENDALE," the dream of the pioneer come true; the garden of rosy health and golden sunshine for childhood days; the distant land of achievement for the youth to find at home; the quiet valley of peace and content for those in the evening of life; the municipality of goodly fellowship and harmonious business; the city of beautiful homes, flooded with glorious sunlight and ocean breezes; the vista of wooded vale, nestling canyons and snow-clad peaks; the miracle of structural accomplishment and civic growth, has been my abode for three decades and will be for three more.

"Westward is the court of Empire" and I wish to spend my days in a western land where wonderful climate and opportunities abound and where I know the art, literature, science and industry of the civilized world are coming. That is why I am in Glendale.

W. J. MCINTYRE,
1011 E. Lexington Drive,
Glendale.

DEAN OF ACTORS MISSES SUNSHINE

Theodore Roberts on First Day Out After Long Siege of Sickness

By MARIAN MARSHALL,
For Southland News Service
HOLLYWOOD, April 11.—Theodore Roberts, dean of the film actors, awoke early this morning, hoping for sunshine. It was to be his first day out of the house, after months of critical illness. Needless to say he was disappointed, but he did have the pleasure of walking around a bit. He was on his feet for an hour or so yesterday afternoon. It will be several weeks, however, before he will be permitted to resume picture work.

Pauline Frederick has been assigned to play the leading role in the next Ernest Lubitsch production for Warner Brothers, it was announced at their studio today. Lew Cody will play opposite her. The title of the film is not named, but it has New York for a background which gives the European director something to think about. Only star performers will be in the cast.

Estelle Taylor has arrived! With her raven black hair she will replace Leatrice Joy in the production of Cecil B. DeMille. Miss Joy is raised to Paramount stardom, it has been announced as the result of her work in "The Ten Commandments," "Triumph," and other recent starring vehicles. Miss Taylor will appear in person at the Hollywood Egyptian theatre next Sunday to celebrate her promotion.

Now that Rudy Valentino's row has been patched up and "the sheik's" stock of cosmetics sold out by personal advertising he is to once again begin work for Paramount. Joseph Henabery, veteran director, left here last night for "the other Broadway" to make Valentino make love some more—in the films.

San Francisco will be honored the last of the month by the yearly gathering of Paramount studio and exchange executives. Several foreign representatives will be present to give their views of Hollywood production, it is said. Considerable foreign criticism has caused producers to introduce European stars to the American public, at the same time saving the multinationals attending photoplay performances all the way 'round the earth.

Western production for the time being is limited to lone locations. On account of the quarantine regulations, it is said, they cannot conveniently move their horses. The William Fox studio is using large motor trucks to take Tom Mix's stock across country otherwise closed.

"The Code of the Sea" featuring Rod LaRoque and Jacqueline Logan, is now completed. The company has been at sea two weeks filming four ships in a storm. And they sure did get wet!

Mrs. Mary L. Paine Honored by Friends

(Continued from page 3)

ing member of General Sherman's staff, told of his incarceration in the stockade prison at Columbia, S. C., when he thought Sherman was still in Chattanooga. It was when he discovered Sherman had left Chattanooga and forged his way to the sea at Savannah that Major Byers penned the poem which was later to give its name to one of the greatest campaigns of the Civil War.

This was followed by the birthday dinner. The decorations were attractively carried out with arrangements of spring flowers in the pastel shades and the table decorations were also carried out in the same tints. A birthday cake, presented to Mrs. Paine by her niece, Mrs. Mary Ratekin, formed the centerpiece for the dinner table. It was a large two-tiered white angel food cake artistically decorated with an arrangement of flowers made of candied fruit. It was lighted with tiny yellow candles. A delicious turkey dinner was served, the turkey coming from the ranch belonging to Mr. and Mrs. Frankquert.

Radio Fan

Covers were laid for Mr. and Mrs. L. L. Ratekin and daughter, Glady, of Covina, Mr. and Mrs. Sylvester Ratekin, Mr. and Mrs. Loren Ratekin and son, Byron Kent Ratekin, of Laverne, Mr. and Mrs. Dale Ratekin of Huntington Park, Miss Emma McGrady of Orange, and the honoree, Mrs. Mary L. Paine, and hostess, Dr. Caroline Lester Paine.

Mrs. Paine and daughter have

YEAR SHOWS GAIN BY GAS COMPANY

Many Improvements Planned For Glendale During Coming Season

The year which has just closed has been one of remarkable growth and prosperity for the Southern California Gas company. This statement was made by S. C. Singer, the local manager, today. Not only have they been keeping pace with the growth of Southern California as a whole and of the section north of Los Angeles served by them, but their far-sighted policies have enabled them to show today the same sound financial position as they have been able to show during previous years.

During the year 1923 the regular employees of the company sold \$1,000,000 worth of preferred stock to assist in financing the expansion of the company. This was sold, for the most part, to the people who are supplied with gas by the Southern California Gas company, and to the employees themselves.

Growth Is Shown

The remarkable growth of the company is shown by the effect during the year 1923 more than 350 miles of mains were laid, and there was a gain of more than 25,000 consumers. Their total mileage of mains is now approximately 2,000 miles. This does not include hundreds of thousands of feet of smaller pipe which take gas from these larger mains to the premises of the consumers.

For the present year, it is planned to continue the same rapid development of the company's properties. Already over \$3,000,000 has been set aside which will be used for the extension of their system throughout Southern California. Of this, Glendale, and the entire San Fernando valley, will receive a large part, as the development is much more rapid here than in many other portions of Southern California.

Mr. Singer states that the company is again offering a block of \$1,000,000 worth of stock.

DEPARTMENT FOR RETAIL OPENED

Fruit and Produce Company Install New Section To Aid Public

Owing to the demand of the public, a retail department has been opened up by the Glendale Wholesale Fruit & Produce company in their market at 402 South Brand boulevard, states Abe Attell, proprietor of the business with Philip Harris.

Fruit and vegetables will be retailed to Glendale people at wholesale prices, declare the proprietors, who have been in business locally for practically a year and are well established. Through their connections with producers they are able to merchandise market products directly to the consumer, at great savings.

For the last three months the Glendale Wholesale Fruit & Produce company has been located at the above address. Previous to that, Messrs. Attell and Harris supplied local stores with a truck service.

The wholesale department of their business will be maintained, but the entire front of the market has been remodeled into a retail department.

Postpone Sunday Hike On Account of Plague

The Glendale Outing club is forced to call off Sunday's hike to Rubio Canyon on account of the state's restrictions against hiking and picnicking in canyons or other public places, and the request that people do not go off the highways until the foot and mouth disease is under control.

been residents of Glendale for the past four years having come here from Orange, Cal. Before coming to California to make their home they were residents of Parridge, Kan.

Mrs. Paine, who has been an invalid for fifteen years, possesses a sweet disposition and pleasing and charming personality which is attractive to others and has made a host of friends. Since her affliction she has become interested in the radio and derives great pleasure in "listening in" on the splendid programs broadcast.

CITY MUST CALL SPECIAL VOTE IN NEW BOND ISSUE

Library Question Can Not Be Submitted at Regular Election May 6

The proposed \$47,000 bond issue for the Glendale public library will be submitted to the voters at a special election to be called as soon as possible, stated T. W. Preston, chairman of the library board, this morning, following the announcement yesterday afternoon by Ray L. Morrow, city attorney, that under the provisions of the city charter the question could be voted upon at the primaries May 6.

Although the plans and the bond issue were approved by the members of the city Council yesterday, the city attorney on drafting the ordinance discovered that as it could not be introduced until next Thursday and adopted the following week, sufficient time would not elapse to permit of the fourteen days' publication required by law.

Discover Error

"We are, of course, sorry that it cannot be voted upon at the primaries," stated Mr. Preston this morning. "We were under the impression that we had plenty of time. It was not until we looked up the section of the city charter covering elections that we discovered our error."

"With the council behind us, we will take steps to have a special election called as soon as possible. There may be one or two other questions submitted to the voters at the same time, but we are going to rush the library bonds through as fast as possible."

The city attorney spent most of the day yesterday framing the ordinance, in a hope that some means could be found to include the bond issue in the questions to be voted upon May 6, but found it impossible under the provisions of the law. As soon as the date of the special election is settled the ordinance will be introduced.

CEREMONY MARKS SCHOOL OPENING

Dedication Exercises Draw Hundreds to Program At New Building

A program and spring festival attended by 500 persons formally dedicated last night the Park avenue school, located at Alger and Parkdale avenues, just across the Southern Pacific tracks in Los Angeles.

The affair was arranged by the Parent-Teacher association and the school faculty, and to them much credit is due for the successful and delightful evening.

It was an outdoor event, the school grounds being brilliantly lighted and artistically decorated with a profusion of spring flowers and greenery.

Special guests were Mrs. Susan Orsey and J. D. Monlux, superintendent and deputy superintendent of the Los Angeles schools, both of whom spoke; Mrs. E. B. Moore, president of the Glendale Federation of Parent-Teacher associations, who gave a vocal solo and readings.

School Orchestra

Music was given by the twenty-eight-piece orchestra of the Logan school, directed by Mrs. Beach, and community singing led by Mrs. Peterson, director of music for the Los Angeles schools.

During the evening bouquets of flowers were presented to Mrs. Dorsey, Mrs. Moore, Mrs. Raymond L. Crotser, president of the Parent-Teacher association; Miss Helena Morrison, vice president of the Parent-Teacher association, and to Mrs. J. F. Charles, secretary of the Parent-Teacher association.

Later, an entertainment was given by a group of the school pupils.

Miss Jessie Kendrick is principal of the school, which has 250 pupils enrolled.

Montrose C. C. Will Back Fowler's Plan

Addressing the Montrose Chamber of Commerce last night, President H. N. Fowler of the Verdugo City Association of Commerce, won the promise of that body that five delegates would be appointed to a meeting of the La Crescenta Valley Associated Chambers, to be held next Friday night, April 18, at a central point.

The La Crescenta Improvement association has also agreed to send five delegates, Mr. Fowler reports. The meeting will have the following objects:

- First—A bus line from Verdugo City to valley points.
- Second—A county fire department for the district.
- Third—A scenic railway to Glendale, linking with San Fernando.
- Fourth—Improvement of Verdugo Canyon road.

"A united valley" is the slogan of the La Crescenta Valley Associated Chambers.

More than three-fourths of the world's mother-of-pearl shell comes from the coast of Western Australia, it is believed.

While our government gives a name to a city upon application, it prohibits duplication within the borders of any state.

COMMENT That's All

Disciplining One's Mind Learn Value of Dollar Let's All Get Acquainted It's Cash That Talks

By Gil A. Cowan

David Roth, memory expert, who has been won by the southland, attends the Glendale Rotary club meetings occasionally, as do many other noted people. And yesterday at the Oakmont Country club luncheon he favored the Rotarians with a demonstration of his training.

Now Mr. Roth is bold enough to admit he has a poor memory. By so doing he scores a big point, however. That which he knows he has worked hard to develop. Disciplining one's mind to a task is the worst of the job. After that, everything else is easy.

Young people particularly should heed their elders when they insist on concentration. To do, or not to do, always is the question in the undeveloped mind. But the ones who do things right will have no trouble in getting by in this old world.

There is another thing young people are not learning these days. That is the value of a dollar. They do not know what it is to work for small compensation in order to learn how to do something better. They want wages commensurate with their ability to spend. That is the wrong attitude.

First of all, those who are able to "deliver the goods" can command practically any reasonable compensation, while those who fail to make the most of their early opportunities never will rise far above the day laborer's pay.

The teaching of thrift in the Burbank schools, which culminated in a big celebration Wednesday, will long linger in the minds of those who had the pleasure of participating in the event.

Would that there was more thrift taught.

Do you have friends in Glendale? Perhaps, but the circle may be limited. May we not suggest that in this rapidly growing community more efforts be taken on the part of all to get acquainted?

For some weeks it is expected that picnics and the like will not be held in the public parks on account of the cattle disease epidemic, so it is timely for striking up acquaintanceships.

Publicity for the potentialities of this Pacific empire is one of the most essential needs in Southern California today. The work of the All Year Round club, as well as The Californians, Inc., in the northern part of the state, and the San Diego California club in the south, not to mention the many local groups, are doing splendid work.

However, they need the support of the profitless people who profit most by these associations' activities. When there are appeals made by those local Chambers of Commerce, encouragement should be by lending more than moral support. It is cash that talks—money that brings the residents of the east to California to invest, to build up our resources.

At the present time there is a determined effort on the part of many eastern cities to "hammer" the southland. They leap at the opportunity to say something detrimental to this land of sunshine and flowers. They even take advantage of our hospitality to come here and "look-see" only for the purpose of criticism.

Perhaps some of this criticism is merited, yet it appears that it is a matter of emphasis. What is necessary now is for California to be magnanimous, to spend its money to tell the world just what the facts are! That's all.

Safeguards Taken in Care of All Products

The impression has been gained by many people that there is a shortage of meat supply in Los Angeles. This is not the case. There is an ample supply of good meat that has been inspected by federal and state authorities that is in the cold storage plant of Los Angeles adequate to take care of present needs. If this supply becomes exhausted, other supplies ample for the needs of Los Angeles will be brought in by packers from other territory. There is no justification for people refraining from the use of meat and dairy products, as strict inspection is being given to same.

It is announced by the state department of agriculture that guards have been placed on all pasteurizing plants in Los Angeles county. Strict supervision and daily inspection is being given to all raw milk products and no dairy is allowed to operate without a permit from the state department of agriculture office and with daily inspection.

Arizona Debaters at Occidental Tonight

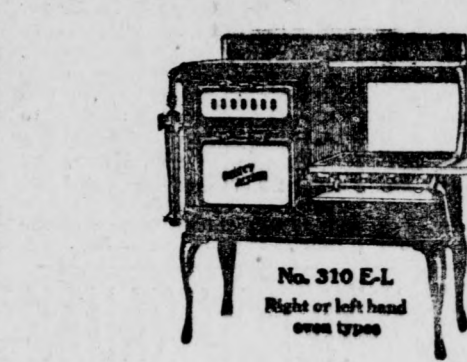

The Occidental varsity debating team will meet the University of Arizona tonight in the college chapel at 8 o'clock. This is the last forensic contest of the season for the Oxy men. Glenn Lembe and Francis Henshaw, both Oxy freshmen, but eligible for the debating team, will represent the Eagle Rock institution. They have the affirmative of the question, resolved, that Congress should be given the power to reenact laws declared unconstitutional by the Supreme Court of the United States.

Briefs From Los Angeles

By Southland News Service.

NOT FUN FOR HER

LOS ANGELES, April 11.—Belle Wygant Day visited the House of Fun at Venice last July. She didn't know the wooden platform on which she stepped was a trick device. Today she filed suit for more than \$11,000 damages for injuries alleged to have been sustained. The National Amusement Company of Venice is the defendant.

TO TEST ORDINANCE

LOS ANGELES, April 11.—A legality of an ordinance adopted last February by the Los Angeles City Council creating a Zone C business district on Wilshire boulevard will be tested in an action brought against Robert Dominguez, city clerk, by W. E. Bigalow. Bigalow asks an injunction to prevent the ordinance from being put in effect, declaring that property owners in the Wilshire district would suffer great loss thereby. He alleges the affidavits filed with the council asking the formation of a business district did not conform with the statutes.

MAKES DISCOVERY

LOS ANGELES, April 11.—W. H. Wright, Long Beach, bought an interest in the Ace Aircraft Company last March. They he discovered that his partner, J. C. Francis, had stolen one of the motors used by the firm; that he was under arrest for receiving stolen property and under federal indictment for alleged violation of the Dyer Act, he declares in a suit for dissolution of the partnership filed today.

SUES FOR DIVORCE

LOS ANGELES, April 11.—

Edith Hutchinson, Inglewood, today brought suit for divorce against Leonard Hutchinson. She charges desertion.

CHARGE OF FRAUD
LOS ANGELES, April 11.—Alleging that Anson De Pue Van Buren Whittier secured title to the home in which he is living in the city by fraud from a person mentally incompetent, suit for recovery of the home was filed today by Martha A. Jewett through her guardian Salde E. Woortman.

NEW PLAGUE OUTBREAKS

LOS ANGELES, April 11.—New outbreaks of the hoof and mouth disease among livestock in Los Angeles county were reported today at El Segundo and Lamanda Park through Jay Dutter, director of publicity of the state department of agriculture. Dutter, in a statement made public this morning, appealed to the patriotism of the people of Southern California to aid in the fight against the malady that has already caused a direct loss of more than \$1,000,000. That sum will be paid in indemnities by the state and federal government to the owners of stock that has been killed. In Los Angeles county 3323 cattle, 1016 hogs and two goats have been condemned and slaughtered since the outbreak.

Another Country Hit Hard by Banana Song

LONDON, April 11.—The Fiji island group have been gradually slipping into a state of depression during the past year owing to the loss of their banana market in Australia. In former years Australia was Fiji's best-customer for this delectable commodity, taking about \$50,000 annually. Since Australia increased its duty on bananas at the instance of the Queensland growers imports from Fiji have dropped to almost nothing. Yes, they have some bananas to sell.

Report Is Demanded

A. N. Bucklin, late foreman of the grand jury, now demands that the district make the report of their expert public and states that the officials have destroyed all the copies but one and are going to destroy that as soon as the last member of the board has time to peruse it. Bucklin also states that instead of whitewashing the management it confirms the observations of the grand jury.

International Conference To Study Reparations

EARLY OPTIMISM FOR DAWES PLAN YIELDS TO DOUBT

Fear French May Fight Plan For Reparations When Meet Is Called

By DAVID M. CHURCH
For International News Service
LONDON, April 11.—An international conference with the United States participating to discuss a final reparations settlement upon the basis of the Dawes' report, was forecast here today.

The first flush of optimism that the problem would be solved through general acceptance of the Dawes' report in its original form gave way to doubts after advice have been received from Berlin and Paris.

Although Premier Macdonald has been studying the experts' report since Wednesday, the official attitude of the British government has not yet been disclosed.

In quarters close to the government, fears were expressed that France would raise objections to the Dawes' program because it does not fix a definite total of German payments. This may mean that France will bring in the question of allied war debts which might return the issue to the old vicious circles of endless discussions.

Premier Macdonald is possible Premier Poincare may consult before either nation makes a move.

Intimation is given semi-officially that Great Britain does not wish to hurry things until after the general election in Germany and France. Meanwhile something may happen which may cause the downfall of the laborite government of England.

Old Coachman Boasts Of Driving Five Popes

ROME, April 11.—To have driven five popes is the boast of Rinaldo Jacchini, coachman to Pope Pius XI, and oldest member of the Pontifical household.

Jacchini entered the service of Pius XI in 1844 as a postillion, and at the age of 80 he still takes the present Pope for his daily ride in the Vatican gardens.

Although he still likes the ceremonial attached to his duties, he declares that present-day ceremonial is nothing compared to the pomp and splendor of the papal equipages of the days when he first joined the Pontifical household.

Jacchini has also a great deal to say about his different masters, all, according to him, very different in character.

Pius IX was very good natured and affable in manner, says Jacchini, though clouded by great sadness in his later years. Leo XIII was cold and aristocratic, a great contrast to his gentle, unassuming successor, Pius X.

Benedict XV, although kind, could be very quick-tempered at times, Jacchini speaks nothing but praise for his present master, who, he says, never fails to have a kind word for him.

Tokio to Have New Costly Art Museum

TOKIO, April 11.—A million-yen fine art museum, long talked of for the capital city of Japan, will be under construction by the first of April, if plans recently announced by the prefectural governor are carried out.

The gift for the museum was made three years ago by a public spirited Japanese named Keitard Sato. The lot was selected in Ueno park, Tokio, but due to differences over the transfer of the land construction was delayed. A recent settlement was made, and, according to the authorities, plans are ready and construction work should start soon.

SPANISH BUS CRASH

MURCIA, Spain, April 11.—Eight persons were killed and twenty seriously injured when an auto bus crashed through a bridge late Tuesday.

Raid Unearths Bomb Factory in Calcutta

CALCUTTA, April 11.—A police raid on a Calcutta suburb unearthed a complete bomb factory. Six live bombs of a peculiarly powerful type were found, with several similar weapons in process of manufacture, also a large quantity of explosives was discovered.

Stinnes' Death To Affect German Economic Status

By S. D. WEYER
BERLIN, April 11.—Hugo Stinnes' death today held public interest, overshadowing even the Dawes report. There is fear of a serious repercussion upon national economics. The general feeling is that his gigantic interests depended too much upon his master hand to be guided by others. This was reflected in the disastrous slump of all Stinnes' stocks.

Stinnes realized the certainty of his death yesterday morning when he called his four sons to the bedside and calmly told them: "I am going, but I depend upon you to live up to traditions. My advice, summed up briefly, is: Work, be honest, be modest, both in demeanor and requirements. Shun soft luxurious living. Remember, successful work is its own reward."

Stinnes' eldest son, Dr. Edmund Stinnes, aged 29, who will take over his father's administration of affairs, gave a brief statement to International News Service:

"My solemn pledge over my father's death is to live up to the traditions he established. If I fulfill this pledge to the best of my ability, I will feel that I have been worthy to bear his name."

The second son, Hugo, Jr., aged 26, remains head of the Hamburg shipping line. The fourth son is a student and the third is still but a boy.

WOMEN'S PARTY IS WET HAWAIIAN MYTH IN ENGLAND

Lady M. P.'s Split on Issues of Vast Importance to Leader's Policies

By F. A. WRAY
For International News Service
LONDON, April 11.—There is still no "Women's Party" in Britain.

The eight women members of Parliament still hang together over most things. But they continue to break asunder over questions where it might be thought they would be most united.

When W. M. Adamson, Labor member of Parliament for Carnock (Scotland) brought in a bill to give all women the suffrage at the age of 21 instead of 30, Miss Dorothy Jewson, Labor member for Norwich, seconded his appeal.

But the direct opposition came from the Duchess of Atholl, who expressed the view that women were not sufficiently educated or experienced to exercise the franchise.

The duchess was supported by Lord Hugh Cecil, who brought forward all the old English arguments supposed to be applicable to women. He was instantly attacked by Lady Astor, who, in a vitriolic speech, announced she was opposed to "mediaevalism," and enthusiastically advocated the bill's passage.

The measure passed its second reading by 270 votes to 82. But to women there were two women—the Duchess of Atholl and Lady Tarrington—in the minority.

Evidently the British women members of Parliament are still not united, even on matters relating to their own sex.

Objects to Payment Of Funds to Royalty

CONSTANTINOPLE, April 11.—The government organ Ileri complains against the item in the budget of about \$160,000 which is still being paid to the princes and princesses of the former imperial family. The Ileri says: "The sultanate has been suppressed, yet the financial burden relative thereto continues. A radical solution must be found by new laws. The Turkish nation has conducted itself generously toward the former dynasty, not imitating the action of the French, Germans or Austrians when they suppressed their reigning families. What is to be done with the numerous palaces erected for the sultans and princesses? A portion thereof should be allotted to the former imperial family, whose relations with the national treasury should be ended."

Death Announcements Disturb Moslem Sick

CONSTANTINOPLE, April 11.—On the ground that it is disturbing to sick people, the practice of announcing deaths from the galleries of the mosques at Caesarea, Anatolia, is to be discontinued.

It is the custom in most Moslem countries for the priest to announce deaths and other matters affecting the community from the high gallery encircling the minarets of the mosques when he calls the faithful to prayer; but in Caesarea in future this duty will be performed by the town crier.

Sixty Millions Asked for London Education

LONDON, April 11.—The London Education Committee has asked for an appropriation of \$60,000,000 for educational purposes during the year 1924-1925. This sum is nearly half a million dollars less than the amount spent last year.

RADIO FOR RUSSIA

MOSCOW, April 11.—Russia is to have a radio broadcasting service in the near future.

According to the newspaper "Izvestia," 290 wireless stations will shortly be established throughout the country.

QUICK FORTUNES IN RUM TRAFFIC THINGS OF PAST

British Bankers Frowning on Smuggling Projects to United States

By DAVID M. CHURCH
For International News Service
LONDON, April 11.—The halcyon days of quick fortunes made in rum-running to the United States appear to have passed.

In London hotel lobbies there are sleek, prosperous-looking men who are pointed out as men who have made fortunes in rum-running, but there are very few who are pointed out as men who are making fortunes in the business at present.

English bankers and capitalists are said to have turned thumbs down on rum-running schemes during the last few months, and it is now most difficult for the adventurous to secure capital for their ventures. The disappointed blame the American bootleggers for this state of affairs. They claim that had the bootleggers paid the piper and played the game square that the business might have gone along making fortunes for years, but as soon as bootleggers began hi-jacking in the high seas, then English capital tightened up and was no longer available for this enterprise.

The tragic death of Sir John Stewart, baronet, who shot himself at Fingask Castle, Perthshire, is said to have been largely due to the rum-running industry. Sir John is reported to have spent the last few weeks of his life in endeavoring to secure capital for a great bootlegging gamble without success.

Even projects which appear safe and sound fail to attract British capitalists. One plan recently drafted provided that British money should buy whiskey and ship it to Holland for transshipment to the United States, with the purchase price paid down in either Hamburg or Rotterdam prior to its shipment and delivery on the high seas. Even this apparently safe plan is understood to have been rejected by British capitalists.

Several British business men of good standing have personally gone to New York to investigate the rum market and its prospects, and while they have found little or no difficulty in getting orders they have not been able to arrange deals of sufficient safety to attract the British capitalists.

Tell Weird Tales
Weird tales of the American bootlegging industry have been brought back by these investigators, one of whom, though refusing to disclose his name for publication, declares that he at first had great difficulty in getting access to the bootleggers.

"The way of the American bootleggers are astounding," said this man. "The 'bootlegger king' spends from 7 to 10 per cent of his enormous profits in propaganda work in the cause of prohibition. He spends another 10 per cent in gratuities to the revenue authorities."

Ship with Liquor
"We were taken to see his wharf on the New Jersey coast. A fast motor-launch took us out beyond the Ambrose lightship, where we found a vessel from Glasgow, with from 3,000 to 4,000 cases of whiskey on board. They were unloading the whiskey into a smaller craft ready to be run ashore. A revenue cutter was waiting for them to cross the three-mile limit.

"The revenue men at a fixed hour approached the Glasgow ship to obtain liquor rations for lunch, and they went ashore for their midday meal. Immediately afterward the procession of small craft laden with their gunwales with cases of contraband, proceeded to the shore. All the whiskey was landed and stored before the revenue men had finished their luncheon."

Even stories like this, of the apparent safety in rum-running, are failing to attract British capitalists. There is still a considerable amount of capital which has been active in the rum-running industry which is available, but new capital is said to be very hard to attract, and the men who have made their fortunes are too risky.

Diamonds Bought for Investment Purposes

LONDON, April 11.—Diamonds are being bought "for investment purposes," in the countries that have depreciated currency, says the Federation of British Industries, in a special report on the trade in precious stones.

The chief demand under these peculiar conditions is for cheap and medium grades in rough diamonds. The best stones go to America.

Sees Hope

ADMIRAL VON TIRPITZ, chosen by the National party as candidate for president of Germany.

Europe sees a move toward restoration of the shattered German empire in the selection by the German National party of Admiral Von Tirpitz, creator of the German navy, as candidate for president in May. They believe that if he should become president he would merely be a stepping stone toward enthronement of some monarch.

"A woman's name is called. She is charged with drunkenness, but is unable to appear. Her husband, a well-dressed, middle-aged man, gray-haired, keenly sensitive to his position, appears on her behalf. A small fine is imposed. A woman is the offender. A woman imposes the penalty. The man pays."

"A small, girlish figure is directed to the dock by a stalwart policeman. She is said to be 19 years old, and looks no more than a smart-looking and prepossessing, wearing a brick-colored hat, with feathers, and a brown costume. She pleads guilty to a charge of loitering.

"The judge is obviously sympathetic and anxious to get the facts. In a low-toned voice, the girl answers her question. She is living in lodgings and working with a firm of stationers and printers. Her wages are 8 shillings a week. It is her fifth appearance before this court. Tradition places certain limits to the judge's clemency. After a private conversation with the social worker who is always in attendance, the magistrate imposes a fine of 1 pound and gives some words of advice and warning. The girl asks for time to pay, and, as she leaves the bar, throws a swift, appealing glance at some girl friends of about her own age seated on one of the back benches.

Van Is Waiting
"The next case affords a contrast in type. An old, gray-haired woman is charged with being drunk and incapable. She is poorly dressed, without a hat, and, as she has been sixteen times previously before the court, she presents another of the cases which any magistrate, man or woman, must have difficulty in knowing what to do with."

"The magistrate inquires if she would be willing to go to the poorhouse, and the prisoner declares that she would be delighted. On the understanding that she would go direct, the magistrate dismisses her with an admonition, and, by way of precaution, the clerk of court explains that the prison van will be in attendance to take her there."

WOMAN JUDGE ON BENCH IN COURT

Baillie Millar Hears Tales of Woe and Hands Out Advice and Fines

EDINBURGH, Scotland, April 11.—The first woman judge took charge of a police court for the first time here the other day. Her experience, which she no doubt undertook with some apprehension, as a woman naturally would, proved novel, entertaining for the people of the city. But she went through the charge sheet in a businesslike manner.

It was Saturday morning and the roll was long. The magistrate, whose name was Baillie Millar, wore a black hat and fur and a dark gray dress. She listened attentively to evidence recited monotonously by policemen not in uniform or dispiritedly by the prisoners.

The Edinburgh Scotsman described a few of the cases: "Here was a woman, seated in the place of the mighty, and before her a thin-looking, uncharged man about 40-years old, charged with being drunk and begging. He is sober enough now. There are previous convictions. Submissively he receives the sentence of thirty days' imprisonment, and with a quick turn and a bearing that speaks of army training, disappears through a side door."

The Man Pays
"A woman's name is called. She is charged with drunkenness, but is unable to appear. Her husband, a well-dressed, middle-aged man, gray-haired, keenly sensitive to his position, appears on her behalf. A small fine is imposed. A woman is the offender. A woman imposes the penalty. The man pays."

"A small, girlish figure is directed to the dock by a stalwart policeman. She is said to be 19 years old, and looks no more than a smart-looking and prepossessing, wearing a brick-colored hat, with feathers, and a brown costume. She pleads guilty to a charge of loitering.

"The judge is obviously sympathetic and anxious to get the facts. In a low-toned voice, the girl answers her question. She is living in lodgings and working with a firm of stationers and printers. Her wages are 8 shillings a week. It is her fifth appearance before this court. Tradition places certain limits to the judge's clemency. After a private conversation with the social worker who is always in attendance, the magistrate imposes a fine of 1 pound and gives some words of advice and warning. The girl asks for time to pay, and, as she leaves the bar, throws a swift, appealing glance at some girl friends of about her own age seated on one of the back benches.

Van Is Waiting
"The next case affords a contrast in type. An old, gray-haired woman is charged with being drunk and incapable. She is poorly dressed, without a hat, and, as she has been sixteen times previously before the court, she presents another of the cases which any magistrate, man or woman, must have difficulty in knowing what to do with."

Writers of War Song Had Trouble at Start

LONDON, April 11.—The recent death of one of its composers, Henry James Williams, has disclosed the fact that the war song, "It's a Long Way to Tipperary," was hawked about from publisher to publisher before a man was finally found who saw possibilities in it. The music hall singers turned it down flat. It was Miss Florrie Fordo, who on July 24, 1914, gave it a trial, singing it "The Isle of Man."

Balkan Refugees Sing Star Spangled Banner

SOFIA, April 11.—Russia and Bulgarian refugee students at the American Red Cross industrial school here are being taught to sing "The Star Spangled Banner." A concert organized by Harvey Smith, director of the school, the American national anthem was given prominence in a program of folk-songs and dances. The students, mostly children from exiled Russian families, joined lustily.

Czechs Are Champion Newspaper Consumers

PRAGUE, April 11.—Czechoslovakia stakes her claim as the world's biggest newspaper reading nation. Statistics compiled by the newspaper "Lidove Noviny" estimate that there is one newspaper to every 33,000 inhabitants in Prague alone.

French Powder Called Poudre Bleu, Appears

PARIS, April 11.—There is an interesting new powder known as "poudre bleu" which, when carefully applied to the visage, is said to impart a most interesting color. It has been seen on the boulevards.

World-Wide Airlines To Carry Passengers

LONDON, April 11.—World-wide air routes for commercial passenger service are being formulated by a British concern. The plans include luxurious sleeping car accommodations.

IRISH STILL BATTLE

DUBLIN, April 11.—A Free State army officer was killed in a clash between Free State and irregular troops at Carrigaline, near Cork. John Keegan, leader of the irregulars, was captured. Rumors were flying that dissolution within the Free State government may lead to a dissolution of the Dail Eireann and a general election at an early date.

LENIN ABNORMAL

RIGA, April 11.—Two Russian professors are reported to have written a medical work describing Lenin as abnormal. The work takes up the mental phases of Lenin's illness. The book has been suppressed by the Cheka, which has seized the manuscript, warning that "defamation of Lenin's name cannot be tolerated."

LAPLACE THEORY HELD INCORRECT

Hypothesis That All Solar System Was Nebula Is Upset In London

LONDON, April 11.—The secretary of the Royal Society in his discourse at the Royal Institution has made another notable contribution to astronomical theory.

According to the well known nebular hypothesis of Laplace it was supposed that the solar system was originally a very extended rarefied gaseous mass—what we now call a nebula, though Laplace had no knowledge of the actual existence of nebulae—and that, as it contracted through gravitation, it threw off successive rings of matter from its edge which ultimately condensed into the planets. Laplace's theory.

This theory has been under grave suspicion for some time and Dr. Jeans gave what appear to be conclusive reasons for finally rejecting it.

Prof. W. H. Pickering has been extending his study of the mode in which the moon was separated from the earth, and he believes that when that monstrous birth took place 7000 million years ago the earth was not liquid but solid, and had a period of rotation, a day, of three to four hours. The moon tore itself away in the South Pacific; probably the northern point of New Zealand was the last point of contact.

BUILDING TOTALS CLIMB STEADILY

April Permits Approaching \$300,000 As Business Keeps On Growing

Business continues very active at the office of H. C. Vandewater, municipal building superintendent, and permits for the month of April are rapidly approaching the \$300,000 mark.

At noon today a total of \$276,098 in permits had been issued during the month, making the total for the year \$3,079,307.

The following permits were issued recently:

Miss L. A. Walls, duplex, 404 Lincoln	7,800
Mrs. A. R. Trader, residence and garage, 205 Lorraine	2,000
Whiting, wrecking, 3000 Allen, demolishing, 511 East Broadway	3,000
Henry V. Smith, 3 rooms, 1170 Allen	2,000
Allen, 3 rooms, 2 rooms, 612 Kentworth	1,500
J. P. Lukens, 4 garages, 1227-29 East Broadway	800
A. R. Garwood, garage, 722 South San Fernando	200

Glendale Avenue Open To Traffic Once More

Owners of the Terminal Market at 123-125 North Glendale avenue, wishes to inform their many patrons that although Glendale avenue has been more or less torn up during the past week, the street is now clear and Saturday shoppers may gain easy access to this store.

board when eighty Easter hats, donated by Miss Fieda Smith, and the demonstrators of the local organization, were completed in two days.

MOVE CAR QUICKLY

SAN DIEGO, April 11.—Police Judge Chambers has been more than a little annoyed by the accident that if a car figures in an automobile collision and is not immediately removed, the owner may be fined for illegal parking. A. W. Martin paid \$10 because his machine was "parked" more than twelve inches from the curb after an accident.

NO PLAGUE THEORY

SAN DIEGO, April 11.—San Diego county remains free from the foot and mouth disease. Rigid quarantine and all possible precautionary measures have kept out the disease and vigilance of the authorities will not be relaxed until all danger of infection has passed. Quarantine against the rest of the state has been declared for ninety days.

HATS, HATS, MORE HATS

ESCONDIDO, April 11.—All hat making records of the home department of the Escondido Farm Bureau were swept by the

The Glendale Beauty Shop

NEW INVENTIONS
AID BUILDING OF
EDISON CO. BORE

Tunnel From Florence Lake
Through Mountains to
Increase Power

So successful has been the application of new inventions and modern methods, that the great Florence Lake tunnel which the Southern California Edison company is driving under the Kaiser range in the high Sierra mountains of northeastern Fresno county, will be completed one year and four months ahead of schedule time according to an announcement received this morning by District Manager D. H. Rowan from R. H. Ballard, vice president and general manager.

This tunnel, which is nearly fourteen miles in length and which when completed will be the longest tunnel of its type in the world, will increase the water supply of the Edison company's chain of power houses on its Big Creek-San Joaquin river project from 112,000 acre feet to 366,000 acre feet per year, or more than 200 per cent. Explaining the importance of this development District Manager Rowan pointed out that it is now quite certain that the average progress on the tunnel for the year will be in excess of fifteen feet per day per heading on each of the six headings on which a force of about two thousand men are now working. This force however, has at times reached a total of 5000 men, the maximum daily payroll being \$25,000. This assures the completion of the tunnel by about March, 1925, in ample time to catch next spring's run-off from the enormous water-sheds which lie between the Kaiser range and the Minaret range, thus diverting the upper waters of the San Joaquin river into the Huntington lake reservoir.

See Speed Records
During the past winter such remarkable achievements have been made in speed records as to attract the attention of the engineering fraternity of the world. The Elizabeth lake tunnel on the Los Angeles aqueduct, which is a hard rock tunnel almost identical with the rock excavations for the Florence lake tunnel, held the world record for its time, which was a little over eleven heading feet per day. During the past year the maximum weekly progress attained on the Florence lake tunnel at the outlet portal was 140 feet at the average of twenty feet per day. The maximum weekly progress for all of the six headings was made during the month of November of last year, and was 16.7 heading feet per day. The maximum monthly progress for a single heading was made at the outlet portal at Huntington lake. At this portal 570 feet of tunnel was driven in March of this year at an average rate of 18.4 heading feet per day.

The Florence lake tunnel when completed next spring will increase the Southern California Edison company's supply of water-power generated electricity more than one billion kilowatt hours annually. The application of modern methods will save more than one million dollars in the cost of construction.

Some of these are extremely unique. By installing "dining-car service" to carry meals to the men working in the tunnel much time is saved. A train of electric trolley cars dives into the miles of excavated tunnel at meal time bearing hot food to the men.

Trap Gas Fumes
Another invention known as the "air curtain" by which jets of air trap the gas fumes, permits the men to go back to their work after blasting much more quickly than was formerly possible. This saves about one hour's work on each of the six headings per day.

There have also been made some wonderful improvements in "mucking" (carrying out the excavated rock); and by the introduction of high speed drill and steel the length of which have been increased to twenty feet. When the Florence lake tunnel was started, the most conservative estimates placed the time of its completion for the summer of 1926. The cost was then estimated at \$18,000,000, but skill and efficiency will reduce this at least \$1,000,000. Engineers fixed a schedule of twelve feet per day per heading as the highest average progress which could possibly be attained. District Manager Rowan says that the skill, experience and initiative of the company's construction and engineering departments have speeded up the work by about one year and four months.

With the annexation of the Ruhr coal mines, France hopes to become the greatest steel producing country in the world.

Deny Oil Magnate
Gave Over \$75,000
To Campaign Fund

WASHINGTON, April 11.—William Boice Thompson, former chairman of the finance committee of the Republican national committee, who is still in Chicago, today sent the Senate public lands committee a formal denial of charges that Harry F. Sinclair, the oil magnate, contributed more than \$75,000 to the Republican campaign fund in 1920.

E. E. Kent Family
Proud at Arrival
Of Son and Heir

Mr. and Mrs. E. E. Kent of 1141 E. Colorado street announce the birth of a son, Stafford Eaton Kent, at 9 o'clock this morning, Friday, April 11, 1924, at the Glendale Sanitarium and Hospital.

Mrs. Kent is well known in Glendale as assistant supervisor of music in the Glendale public schools. W. S. Kirk of Kirk-Bull Company, local realtors, 1181 East Colorado street, is the proud grandfather of the child.

The Glendale Evening News joins in congratulating the parents of Stafford Eaton Kent.

What's Doing
In Radioland

By Southland News Service

Radioland will be entertained tonight over KFI, 469 meters, Los Angeles, by three distinguished artists of Southern California: Tilda Rohr, noted Swiss contralto; Marjorie Vorles, gifted violinist; and Claire Forbes Crane, concert pianist. At 8 o'clock, soprano and violin solos will be broadcast from KLX, Oakland, 509 meters.

Prof. Hugh Denton's address over KFAE, Pullman, Wash., 330 meters, on "Dehumanizing Effects of the War" will be interesting. He is scheduled to talk at 7:30 o'clock. Judge Charles Hardy of the Los Angeles county superior court will talk over KFSG, 278 meters, Los Angeles, from 8 to 9 o'clock. The Angelus Temple Silver Band will broadcast from KHJ, 335 meters, Los Angeles, also over KFSG from 9 to 10 o'clock.

KFI (Earle C. Anthony)
5:15 to 5:45 p. m., The Examiner—Dr. Charles F. Kennedy, foot specialist, talks on care of the feet; H. A. Marks, manager of the Germain Seed company, talks on garden annuals.
6:45 to 7:30 p. m., Anthony—Concert.

8 to 9 p. m., The Evening Herald—Concert.
9 to 10 p. m., The Examiner—Program presented by Barker Brothers; talk by Olive Ann Alcorn, noted dancer.
10 to 11 p. m., Anthony—Special program.

11 to 12 p. m., Ambassador Hotel—Max Fisher and his Cocomat Groves orchestra.
KHJ (The Times)
6:30 to 7 p. m.—Children's program, presenting Prof. Walter Sylvester Hertzog, telling stories of American history; weekly visit of Richard Headrick, screen juvenile; bedtime story by Uncle John.
7 to 7:30 p. m.—Organ recital from the First Methodist Episcopal church, Arthur Blakeley, organist.
8 to 10 p. m.—Program presenting the Frank Lloyd Studio Trio; Fred M. Mitchell, "Uncle Josh"; Florance Thompson, soprano; Grace Eaton Dow, pianist; Walter F. McEntire, lecturer.
10 to 11 p. m.—Art Hickman's orchestra from the Biltmore Hotel.

AMATEUR SLEUTH
SLUGGED IN ROW

Gasoline Robbery Suspects
Held by Police After
Hollywood Fight

LOS ANGELES, April 11.—Suffering from concussion of the brain, William Hill, aged 22, lies at the Receiving hospital here in a precarious condition as the result of his successful amateur detective work in Hollywood during the early morning hours.

Harold Martin, 18; Paul Mack, 19; and Charles Markie, 16, said to be high school boys, are held as his assailants, having been captured by Hill and his brother Joe in a hand-to-hand combat in front of the Hill home, 1407 Manzanita street.

William returned home shortly before midnight and saw a car parked in the street near his home where it regularly stays. There was a siphon tank standing by it, drawing out gasoline. The amateur detective suspected gasoline thievery was in progress and entering his home he awakened his brother to aid in the captures of the thieves.

Struck With Hammer
The trio named are alleged to have driven up to take away the gasoline. The Hill brothers intercepted them, other members of the family phoning for the police. In the melee in which two were fighting three, some one wielded a hammer, laying out William, but not until the police were able to effect a capture of the trio.

This morning the prisoners are being grilled by detectives who believe they are responsible for the stripping of numerous cars in the Hollywood foothill section recently.

Moves to Halt Probe
of Revenue Bureau

WASHINGTON, April 11.—A move for bringing the Senate investigation of the internal revenue bureau to immediate close was made late yesterday by Senator James E. Watson of Indiana, chairman of the investigating committee.

WAR MOTHERS TO
PAY TRIBUTE TO
MEMORY OF HERO

California Oak Tree Will Be
Planted In Honor of
Lester Myers

Joining in a nation-wide movement, the Lester Myers chapter of the American War Mothers will plant a California oak tree at the Broadway High school grounds tomorrow afternoon at 2 o'clock, with appropriate ceremonies in which all Glendale patriotic organizations, the high school students and the Elks will participate. The tree will be known as the "Lester Myers" tree.

The program will be in charge of Mrs. J. B. Sherwood of the local chapter, under the direction of the national committee, Rev. W. E. Edmonds of the Presbyterian church will have charge of the devotional part of the exercises. Mrs. Houdyshel of the Women's Relief Corps, will give a reading, as will Miss Hill of the Spanish-American War Veterans' Auxiliary.

The following representatives will be present and take part in the tree planting: American Legion, Eugene J. Wix, chairman of the Thirty-second district, American Legion, department of California; American Legion Auxiliary, Mrs. Kaeding; G. A. R., Rev. C. E. Norton; Spanish-American War Veterans, Capt. W. H. Reeves; Elks, James F. McBryde; high school, Principal George U. Moyle. Mrs. Ralph Penland will render as a vocal solo, "The Tree," by Raffach.

Lester Myers, was the first Glendale boy to fall in action in France, hence he has the honor of having the memorial tree named after him. As an addition to the program Miss Ruth Jarret will render "The Message of Trees."

OPTIMIST TELLS
COUNTRY'S NEEDS

International Secretary Is
Speaker for Luncheon
At Oakmont Club

"The optimist is a man who does the best he can under all circumstances, hopefully," was the definition of an optimist as given by Jay C. Goodrich, international field secretary of Optimist International, at the luncheon of the Glendale chapter of the organization that was held at the Oakmont Country club at noon today.

"The Optimist movement," he continued, "rests on four cornerstones: getting together, civic betterment, defense of national institutions, and the boy movement. The world today needs optimism, and one of the greatest needs of the world is for red-blooded men who will devote their energies to the uplift of business and social conditions."

Order Is Growing
The Optimist International has now eighty-six chartered clubs in the United States and Canada, and this number is growing at the rate of one a week, with the Los Angeles club holding the record as being the strongest.

H. O. Henderson, district governor of the fourteenth district, also spoke.

Of the nineteen present at the luncheon, the greatest number signed up the applications for membership in the Glendale chapter of the Optimist club, and on next Friday, when the luncheon is held at the Oakmont Country club, the Pasadena club will be the guests of the local organization.

Catch Woman Sought
For Murder Attempt

SAN BERNARDINO, April 11.—Marie Burton, an Italian woman wanted here by Sheriff William Shay on a charge of assault with intent to commit murder, was returned from Los Angeles yesterday. She was captured by police detectives at a Wall street address.

Weizmann Campaigns
for Palestine Funds

LOS ANGELES, April 11.—Dr. Chaim Weizmann, leader in the Zionist movement among the Jews, arrived in Los Angeles to address a banquet meeting at the Biltmore hotel last night to raise Los Angeles' share of the Palestine foundation.

Mules are able to carry a load of 200 pounds a distance of forty miles per day.

With Falling Snow
in Chicago, Spring
Skidded Backward

CHICAGO, April 11.—Spring skidded on a snow flake in Chicago today and slipped back into the lap of winter when snow fell yesterday more than an hour, then turned into a fine drizzle. The temperature dropped four degrees to 34 under the influence of a stiff wind off Lake Michigan.

Autoist Abducted,
Ditched by Bandit
On Burglary Raid

LOS ANGELES, April 11.—At midnight J. Eisenstein was patiently waiting at the front of the Biltmore hotel to transport members of Dr. Chaim Weizmann's reception committee to their home.

A stranger stepped into his car. "Drive away from here," he peremptorily commanded. Eisenstein was to be convinced. And he was—with a gun.

He drove his passenger to Pico street and Bonnie Brae avenue. "Get out of the car," the stranger ordered. Again Eisenstein was obdurate.

"Be a good boy and you will find your machine in front of the Biltmore sometime tomorrow," said the stranger. "I have a burglary job out on Alvarado to do before daylight."

Eisenstein still is waiting at the Biltmore door for his car.

And Dr. Weizmann's friends went home in a taxi.

KIWANIANS HEAR
MUSIC PROGRAM

Soloist Of Temple Baptist
Church Entertains at
Weekly Luncheon

Members of the Kiwanis club listened with pleasure to a program of well-rehearsed vocal solos, presented by Frank Geiger, soloist of the Temple Baptist church of Los Angeles, at the regular meeting of the club held today noon at the Tuesday Afternoon clubhouse.

Mr. Geiger was introduced by Mayor Spencer Robinson, who said he considered Mr. Geiger the leading vocalist of California. Miss Ruth Heistand, also of Los Angeles, was the accompanist. In presenting a group of songs, the soloist covered a wide range, from dialect to sacred selections. Mr. Geiger is the manufacturer of Unity coffee, Mayor Robinson announced, sold extensively in Glendale.

Rev. Bentley presided as chairman of the meeting today and was assisted by President A. L. Baird.

Talks On Church Work
Rev. Charles M. Calderwood of the Congregational church was called upon by Rev. Clifford Cole, chairman of the educational committee, for a brief address on his work. Rev. Calderwood told of the endeavors of pastors in seeking to acquaint people with the fact that they are living souls, and gave several humorous accounts of incidents which had arisen in his church work.

The silent host, a cartridge pencil, was placed at each plate by E. P. Hayward, of Hayward & McCartney, realtors, contractors and builders. The attendance prize, donated by Frank Pilling, was won by Mayor Robinson.

Sing Special Songs
The silent host, a cartridge pencil, was placed at each plate by E. P. Hayward, of Hayward & McCartney, realtors, contractors and builders. The attendance prize, donated by Frank Pilling, was won by Mayor Robinson.

Plants that may be set out now include the begonia, chrysanthemum, columbine, pansy, petunia, Shasta daisy and such bulbs as cannas, gladioli and tuberoses.

A fifty foot lot may well include two peach trees, two fig trees, one plum and possibly one English walnut, while berries set along the back fence take up little room and yield a delicious harvest. A little patch of strawberries in a sunny place will care for the needs of the family. An ugly tree may be trussed and allowed to run with rambling roses or wisteria, while the beautiful ficus vine, green the year around, does well at any unsightly point.

All in all, there is no excuse for not having a beautiful lot in Glendale, where trees, shrubs, flowers and vegetables of almost infinite variety yield so readily to the beguilements of nature and man.

Roomers, Trapped in
Hotel, Leap to Safety

KLAMATH FALLS, Ore., April 11.—Fire early Thursday destroyed the hotel at Bly, sixty miles east of here, the damage of \$25,000. Ten roomers trapped on the upper floors, jumped to safety.

Split Committee;
Half at Capitol,
Balance In Ohio

WASHINGTON, April 11.—While one-half of the Daugherty investigating committee was picking up threads of evidence today in Ohio, the other half continued weaving its blanket of evidence against the former attorney-general in Washington.

Two Boys Killed As
Scooters Hit Truck

SAN PEDRO, April 11.—Benny Lomelin, aged 10, and Ferdinand Parra, aged 8, are dead, the result of four small boys' scooter race down the First street hill into Harbor boulevard. They ran into a truck driven by Ersie Howell. Police absolved the driver of blame.

PLANT TIME NOW
HERE; GET BUSY
YOU GARDENERS!

Month of April Is Right
Period for Planning and
Planting, Is Claim

By H. THOMPSON RICH,
Of The Evening News Staff.

A trip around the Glendale nurseries establishes that April is the time for planting nearly all varieties of trees, shrubs, flowers and vegetables. The average fifty foot lot can be made to bloom like a veritable Garden of Paradise at a nominal cost.

Plant in April, is the nurserymen's advice—but plan before you plant. To find the number of plants needed, walk around your house and count your heel marks. Then go inside and look out of each window. If the view isn't all that it should be, plants are needed.

For All Tastes
What kind of plants? There are a myriad! Every taste can be met. Only remember, canines and confers are a bad combination. Either screen the arborvitaes with low-growing shrubs or tie up the family pup. Neighbors' children are also a handicap but a policy of watchful waiting is best in this case.

Three fundamental principles for successful horticulture are given by one Glendale nurseryman:

- 1.—Fertilizer.
- 2.—Water.
- 3.—Work.

The successful gardener is the one who achieves an adroit combination of these fundamentals. Fertilizer may be obtained from your nurseryman, your chicken yard, your grocer or even your dairyman. Water just at present is being delivered to the premises free of charge by Jupiter Pluvius. In fairly liberal doses, water is the only fly in the gardener's ointment. Many have spent their lives trying to solve this problem. A small boy, however, is not infrequently useful in a garden when of no evident value elsewhere. And there are always those who earn their living in such a practical manner.

Joys—and Joys!
And oh, the joys of gardening! To find something you didn't plant coming up, falling to find what you planted, finding that some voracious animal or insect has found it first, and the rapture of having a flower twelve months out of the year.

The average fifty foot Glendale lot can be made not only to blossom as the rose but, with only a modicum of care, will yield enough vegetables, berries and fruit for the family and in addition will produce flowers twelve months out of the year.

Two rows of potatoes will care for the household, as will two rows of sweet corn, and it is surprising how few tomato vines are needed to have quantities of this healthy vegetable. Squash, carrots, beets, artichokes, cucumbers, radishes, peppers, parsnips, rhubarb, spinach and a multiplicity of other common vegetables will thrive on Glendale soil, in a tiny garden, and with very little of the aforementioned work.

Variety of flowers. As for flowers, there are literally hundreds of varieties that may be planted in April with a certainty of success, among them aster, candytuft, balsam, carnations, dahlias, daisies, marigold, mignonne, nasturtium, phlox, poppies, stocks, verbena, sunflowers and zinnias.

Plants that may be set out now include the begonia, chrysanthemum, columbine, pansy, petunia, Shasta daisy and such bulbs as cannas, gladioli and tuberoses.

A fifty foot lot may well include two peach trees, two fig trees, one plum and possibly one English walnut, while berries set along the back fence take up little room and yield a delicious harvest. A little patch of strawberries in a sunny place will care for the needs of the family. An ugly tree may be trussed and allowed to run with rambling roses or wisteria, while the beautiful ficus vine, green the year around, does well at any unsightly point.

All in all, there is no excuse for not having a beautiful lot in Glendale, where trees, shrubs, flowers and vegetables of almost infinite variety yield so readily to the beguilements of nature and man.

Democrats to Offer
New Bonus Measure

WASHINGTON, April 11.—Democrats in the Senate have decided to offer a substitute for the House bonus bill which will have cash payments to veterans of the world war, Senator Simmons, Democrat of North Carolina, has announced. The cash payment would be based on \$1 for each day of service, both at home and abroad.

Split Committee;
Half at Capitol,
Balance In Ohio

WASHINGTON, April 11.—While one-half of the Daugherty investigating committee was picking up threads of evidence today in Ohio, the other half continued weaving its blanket of evidence against the former attorney-general in Washington.

Two Boys Killed As
Scooters Hit Truck

SAN PEDRO, April 11.—Benny Lomelin, aged 10, and Ferdinand Parra, aged 8, are dead, the result of four small boys' scooter race down the First street hill into Harbor boulevard. They ran into a truck driven by Ersie Howell. Police absolved the driver of blame.

Works by Day But
At Night Swings
Orchestra Baton

John Henri Sugden

John Henri Sugden loves his city. He is responsible for Youngstown, Ohio, being one of the American cities with its own symphony orchestra. Days he works selling adding machines, nights he gives to the orchestra. He is its conductor. He pays dues to belong to the society which sponsors the orchestra, and so do all of the musicians, who do not receive salaries. Sugden has been a member of some of the most important orchestras and bands in the country.

Payroll Saved By Girl,
Gets Thief By Collar

NEW YORK, April 11.—A man who described himself as Vincenzo Logiudize of Manhattan was arrested in less than twenty seconds after he had snatched a payroll containing \$375 from the hands of Miss Ruth Spielberger, cashier in the Independent Car Front Manufacturing company at 495 West Broadway, Manhattan.

Miss Spielberger had been to the bank and withdrawn the \$375. She was walking through West Houston street when Logiudize, who apparently had been trailing her, suddenly grasped her right hand, in which she carried an envelope containing the money, wrenched it from her and ran. The young woman grabbed him by the collar and screamed. A score of persons rushed to her assistance and Logiudize was caught.

Ideal Juror Willing
to Serve in Texas

GARDNER, Mass., April 11.—John Shay of this city, World War veteran and former resident of El Paso, Tex., may be America's perfect juror. On receiving a summons to serve in the regular panel of the thirty-fourth district court of Texas, at the order of Judge W. D. Howe, Shay put in a telephone call, reversing the charges, by Chief Deputy Sheriff Edward Bryant.

The sheriff was informed the toll charges would be nearly \$20 and refused to accept the call. Shay then wrote to the sheriff that he would be willing to serve, provided the county would pay his fare. The summons had been sent to his former El Paso address and forwarded here.

Rare American Book
Is Gift to Harvard

CAMBRIDGE, Mass., April 11.—Gift of a rare volume to the Harvard university library by Dr. James Buell Munn of New York, in honor of the nineteenth birthday of President emeritus Charles W. Eliot is announced. The book is Heylyn's "Cosmographic and Historie of the Whole World," second edition, printed in London in 1657.

The volume was originally owned by John Eliot, apostle to the Indians in Massachusetts, and bears his autograph and marginal notes in his hand. At one time it was owned by Benjamin Wadsworth, president of Harvard college from 1725 to 1737, and his autograph also appears on the flyleaf.

Officials Differ As
to Intent of Letters

WASHINGTON, April 11.—The mysterious legend, "B. Y. O. B.," inscribed on invitations to a dinner to be held in New York under the auspices of former army officers stirred up something of a commotion in prohibition circles here. The Anti-saloon league interpreted the inscription to mean "Bring your own booze." Secretary Weeks did not share the apprehension of the dry leaders. He indicated that he regarded the four cabalistic letters as a jest, or perhaps as meaning, "Bring your old Buddies."

Dry Agents Seize
Vessel, Crew and
Cargo of Liquor

SAN FRANCISCO, April 11.—The schooner Mae Hyman was seized in San Francisco bay today by prohibition agents. Seven men, said to have been carrying liquor, were arrested. Eight hundred cases of liquor were seized with the schooner.

Glacier Bay Region
Not Open to Entry

WASHINGTON, April 11.—The already long list of land reservations in Alaska were added to recently when President Coolidge issued an executive order withdrawing from settlement and homestead entry the entire Glacier Bay region of 2,500,000 acres.

An elevator that can be operated automatically by a penny-in-the-slot device has been invented.

DENVER CHURCH
FLOCK MOURNS
BAN ON CLARET

Motives of Liberal Group
Rouse Suspicion of
State Officials

DENVER, April 11.—Sorrow reigns amongst the parishioners of Bishop Frank H. Rice's Liberal church here, following refusal by the Secretary of State's office of Colorado to sanction the purchase by Bishop Rice of two gallons of claret wine for sacramental purposes.

Scores of worshippers, many carrying their own individual tin cups, milled frantically in the church on a recent Sunday, uttering disappointment as Bishop Rice announced that the first holy communion, scheduled for the morning service, could not be given.

"Put away your cups," announced the bishop, "for the state says we can't have the wine." A noisy demonstration ensued. The regular members of the flock who had heard Bishop Rice announce previously that communion would be given in the form of sparkling claret wine groaned in despair, but managed to maintain a semblance of dignity.

U. S. Approves
"The federal government approved our application for two gallons of inspirational claret for Sunday," said Bishop Rice, "and mailed a permit to a local drug company authorizing them to deliver the fluid. The Secretary of State, however, refused to sanction the transaction, doubting the character of the Liberal church."

There was a stir in the audience. The attendance had broken all records, and the bishop and his board of directors wondered where all the maverick sinners had come from so suddenly, clamoring for salvation.

The comparative calm manner in which the sad announcement was accepted by the regular parishioners is believed to have had a restraining effect upon the newcomers.

"It was, indeed, a keen disappointment to us all, though," Bishop Rice said later.

Must Have Wine
"We shall not submit to fanatic persecution," he declared, "and they shall have wine. I am taking the case into the courts. 'My flock shall have their wine.'"

Attorney-General Wayne Williams was just as firm. "I find after investigation that this is not a church or a religion," the attorney-general announced, "and they shall have wine."

The Liberal church was organized about a year ago by Rice, a former publicity agent, who was elected bishop of the congregation. The organization was incorporated and Bishop Rice announced that flying machines, radios and all modern lawful means would be used by the Liberal church in spreading the true gospel of religion.

Pending settlement of the controversy over the sacramental wine Bishop Rice has decided to use near beer. Eight gallons of this were used in filling the tin cups that were brought to the communion rail the first Sunday.

Took Dog to Bed, Wife
Says, Seeking Divorce

ST. LOUIS, April 11.—A dog, part Airedale and part wolf hound, permanently disrupted the domestic felicity of Louis Sommerhauser, president of the Spuck Iron and Foundry company, and a College somewhere, both of College avenue, according to a suit for divorce brought by the wife.

The dog, when a mere pup, was brought to their home by Lulu Sommerhauser, daughter of her husband by a former marriage. Mrs. Sommerhauser stated in her petition. As the pup attained the proportions of a dog, she asserted, Sommerhauser developed a great affection for it, and took it to the office with him every day in his automobile. He even insisted that the dog occupy the same bed with him at night, she alleged.

SEEKS BUS PERMIT

LOS ANGELES, April 11.—Felicien Landler today applied for appointment from the State Railroad Commission to operate a motorbus line from Point Firmin to White's Point, north of San Pedro.

HONOR FORMER FOE

CARTEGENA, Spain, April 11.—Sailors from the United States cruiser Pittsburg took part in ceremonies today when a wreath was placed upon a monument to the memory of Spanish sailors who fell at Santiago and Cavite in the Spanish-American war.

Dry Agents Seize
Vessel, Crew and
Cargo of Liquor

SAN FRANCISCO, April 11.—The schooner Mae Hyman was seized in San Francisco bay today by prohibition agents. Seven men, said to have been carrying liquor, were arrested. Eight hundred cases of liquor were seized with the schooner.

LARGE INCOMES
OF DRY FORCES
PROBED IN OHIO

Extortion and Irregularity
Are Charged; Resent
Invasion of Homes

By WILLIAM J. HUSKE
For International News Service
CLEVELAND, April 11.—Following disclosures that special deputies working under the provisions of state dry laws have been making, in some instances, more than \$40,000 per year, and that justices of the peace, mayors and village marshals and township constables having their places in the same manner, the entire state has become embroiled in a discussion of dry law enforcement methods.

After a decision by Attorney General C. C. Crabe that men employed by the state can only be employed on a straight salary basis, Prohibition Director B. F. McDonald, at the direction of Governor A. V. Donahy, summarily dismissed more than 100 "card" deputies who received as their compensation a portion of the fines assessed by justices of the peace for alleged violations of the dry laws.

Methods Attacked
Hard on the heels of this official's action Judge John M. Killits of the United States district court at Toledo wrote to the governor and the attorney general a scathing denunciation of alleged methods of law enforcement followed by justices of the peace and constables in the neighborhood of Toledo. He declared that gross irregularities had been committed and that, in his opinion, some of the men whose duty it was to enforce the law had been guilty of extortion and other crimes in connection with its operation.

Similar stories come from all sections of the state. Citizens declare their homes are invaded on illegal search warrants, while at the same time bootleggers continue, they say, to ply their trade unchecked. An investigation, just completed by the state disclosed that in one county—Jefferson—more than \$60,000 had been collected illegally by law enforcement officers.

As a result of these disclosures, Governor Donahy and Attorney General Crabe—He declared that he would conduct an investigation and the other a Republican—are conducting independent probes of the conditions existing with regard to enforcement of liquor laws throughout the state.

STUDENTS PLEASE IN 'FIRE PRINCE'

Spanish Operetta Delights Spectators; Music Has Charming Style

A good audience was well entertained last night at the Broadway High school auditorium with the presentation of "The Fire Prince," a Spanish operetta, by pupils of the music department, under the direction of Mrs. Charles A. Parker and Mrs. Dora L. Gibson.

Howard Elliott, in the role of Prigio, the too-wise youth who refused to believe in fairies and there-by roused the ire of his parents, the king and queen of Pantoflino, again made a popular hit, singing well and carrying the difficult part with genuine ability.

Irvin Carver as Benson, the extraordinary butler, created many laughs. Others who were outstanding included Donald Dietrich in the role of the king, Gwenllan Warn as the queen, Elmer Fitz and Robert Laird as their two younger sons, Mildred Sooy as the duchess, Frederika Marshall as Molinda and Winifred Parker and Marie Hearnshaw as the Spanish gypsies.

The music, particularly charming, is the work of Henry Hadley, considered one of America's leading composers. The libretto is by David Stevens. The high school orchestra played the overtures and furnished the accompaniment.

In all, seventy-five students were in the well selected cast of "The Fire Prince," which will long be remembered as one of the most pleasing operettas ever rendered by students of the Glendale Union High school.

Radio Brings First News of Judge's Post

Radio beat the telegraph in appraising Superior Judge John W. Shenk of his appointment by Governor Friend W. Richardson as an associate justice of the state supreme court.

Judge Shenk and his family were gathered before the radio outfit in their home at 1425 Laurel street, South Pasadena, Wednesday night, when a Sacramento broadcasting station was tuned in—and the first announcement on the air was that Mr. Shenk had received the above appointment. A few moments later a telegram arrived, confirming the news.

Judge John W. Shenk, named associate justice of the California supreme court to succeed Louis W. Myers, who becomes chief justice, is a graduate of the University of Michigan and had practiced law in Los Angeles for many years. He is a Spanish-American war veteran and has served eleven years on the superior bench, receiving his appointment there in 1913, after being city attorney. He has acted as presiding judge and his recent experience has been in the trial of criminal cases.

SHRINERS GATHER AT OAKMONT CLUB

Dinner Dance for Nobles and Ladies Is Social Event of Season

(Continued from page 3)

demonstrated. The Nobility were entertained with a specially arranged program, including selections from several bands, songs by cantors and addresses by potentates of three Pacific coast temples. Islam of San Francisco came on the air at 9:15 o'clock, broadcasting from KPO. Al Malakiah of Los Angeles came on at 10 o'clock from KHJ, and Al Kar of Portland at 10:20 o'clock from KGW.

Following the radio concert, the Nobles and their ladies lined up for the "Grand Promenade," led by President Percy J. Hayesden of the Glendale Shrine club, to the strains of the Hollywood-Land Community orchestra. They made a brilliant scene, as they wound onto the great ballroom

of fireworks, as they continued to explode during the progress of the dance.

Enter "Hot Dogs"

The last number on the program was Tutamazuki and his "hot dog divan," which proved the genuine article and was much sought after, as a long time had intervened since the dinner hour. The winner of the bean-guessing contest was then announced and proved to be Mrs. John C. Kraus of Eagle Rock, whose estimate of 9348 beans in the big jar proved the nearest approach to the actual number. Her reward was a bona fide can of a nationally advertised pork and beans.

Among the special guests of the evening was Lee Moran, well known film star from Hollywood, who came as the escort of Miss Bernice Sibeck.

The hundreds of parked automobiles outside the Oakmont Country club came to life one by one as midnight approached, taking their occupants down the winding drive and home over the various highways, all with the feeling that they had enjoyed one of the greatest affairs of their lives.

Shoots Landlady to Prove God Is Devil

PORTLAND, Ore., April 11.—So people would have driven home to them "the fact that the living God of the Bible is in reality Satan, the evil one" Miss Nora Hollis, 49, a stenographer, shot and killed Mrs. Eva Bradley, her landlady.

"It isn't because I was afraid that I shot her in the back," Miss Hollis explained to police headquarters and surrendered herself. "I shot her in the back because I could not bear to look at her as I did it, though I knew the shot had to be fired."

The woman still had the revolver with her when she reached the police station.

Rapid rivers flow three miles an hour, or four feet a second.

Judge Denies Alimony Cut For Bootlegger

CHICAGO, April 11.—It's a poor bootlegger that can't pay his wife \$10 a week alimony, in the opinion of Judge Joseph B. David. Judge David so expressed himself in domestic relations court here in refusing a petition of alimony reduction presented in behalf of Arnold Mittleman. Counsel for the former Mrs. Mittleman opposed the reduction and testified in opposition to Mittleman's pleas of poverty that the man was a bootlegger. "That clinched the argument. "Plea denied," ruled Judge David.

Ragpicker Finds Cash in Discarded Wallet

SPRINGFIELD, Vt., April 11.—Harry Caine, an employe of a Springfield shoddy mill, intends to be more thorough in the future. His job in the mill is to sort incoming rags of all descriptions. He picked out a woman's handbag, ragged and torn. Giving it a hurried glance, he found nothing and threw it down on the floor. A Polish workman picked it up, examined it carefully and found \$44 in bills of various denominations. He did not divide the money with Caine.

When beating up egg whites, add a pinch of cream of tartar and they will have considerable more body.
