### SAYS TRADE WITH AUSTRALIA WILL FOLLOW NEW PACT

Hon. Newton W. Rowell, Leading Toronto Barrister and Distinguished Politician, Impressed With Tour, Australia Anxious to Develop Canadian Trade.

Great satisfaction over the completion of the trade pact between Canada and Australia is evidenced by leading businessmen of the Commonwealth, and an expansion of trade between the two British Dominions will result, according to Hon. Newton Wesley Rowell, K.C., leading Toronto barrister, who arrived here to-day on board the Empress of Russia from Australia and New Zealand, via the Orient.

To The Times on board to-day Hon. Mr. Rowell expressed the view that the new trade pact would mark the beginning of an era of expanding inter-Empire trade in respect to the two signatories.

Australian and New Zealand business houses were anxious to give preferential treatment to Canadian goods, and for ready markets for their products. A growing trade could be built up in this connection on the firm basis of the well received and popular trade pact now accomplished.

While in Australia Hon. Newton Rowell saw with interest a revival of activity along many lines, including the extension of the Ford plant in Melbourne and the start on the new Sydney harbor bridge.

Accompanied by his daughter, Miss Mary Rowell, Hon. Newton Rowell sailed from this coast in July on a three months pleasure tour of Antipodean points. They toured New Zealand and Australia before returning by way of the Far East.

KEEN OVER ELECTION  
Asked whether he would take any part in the Federal election campaign now under way, the former leader of the opposition in the Ontario war Legislature stated he had definitely retired from public life.

He was, however, to hear news of the impending election and asked eagerly after candidates in the various ridings.

DISTINGUISHED CAREER  
Few men have had a more distinguished career in their chosen profession than Hon. Newton W. Rowell, K.C. Born of British parents in Middlesex County, Ontario, he received his education in Canadian public schools and was called to the Bar in 1891.

For many years he was active in practice in the firm of Rowell, Reid, Wood & Wright, and later in the firm of Rowell, Reid, Wood & Wright, which he became a member of the Law Society of Upper Canada.

### BOAK APPEAL DISMISSED BY COURT TO-DAY

No Misdirection of Trial Jury By Mr. Justice Murphy is the Ruling

Sentence Pronounced on Auto Manslaughter Conviction Was Four Years

Vancouver, Oct. 6.—By unanimous judgment the five judges of the Court of Appeal of British Columbia decided that Mr. Justice Murphy had not misdirected the jury which convicted Dr. E. W. Boak, Victoria physician, of manslaughter.

Dr. Boak had successfully appealed from his conviction to the Court of Appeal, but the Supreme Court of Canada, on the appeal of the prosecution, reversed the decision of the British Columbia judges, held Dr. Boak was not entitled to a new trial on the grounds of a juror's deafness and the jury's empanelment, and remitted the case to the Court of Appeal to have considered whether there was anything in Dr. Boak's contention that the trial judge had misdirected the jury.

FOUR-YEAR SENTENCE  
Four years' imprisonment in the New Westminster penitentiary, which was the sentence pronounced by Mr. Justice Murphy, will be served by Dr. Boak, unless he should succeed in habeas corpus or other technical proceedings.

On behalf of Dr. Boak, W. J. Taylor, K.C., to-day argued the point whether there had been improper admission of testimony.

NO OTTAWA ARGUMENT  
"It was rather unfortunate and inexplicable that counsel did not appear for Boak before the Supreme Court of Canada," remarked Mr. Justice McPhillips.

"It is to be lamented you were not before the Supreme Court of Canada to safeguard the interests of your client," added Mr. Justice Martin to Mr. Taylor.

Counsel explained that by agreement the appeal had been confined to one ground.

CONTRARY TO PRACTICE  
"It is very extraordinary and contrary to the jurisprudence of the country for counsel to confine an appeal to one ground," said Mr. Justice McPhillips.

Chief Justice Macdonald, after conferring with his brother judges, announced the Court of Appeal had nothing further to do with the case. (Concluded on page 2.)

### MOTOR TROUBLE ENDS FLIGHT OF DIRIGIBLE

R-33 Returns to Pulham, England, With Test Voyage Uncompleted

New Metal Nose Fitted Since She Was Torn From Her Mast Last April

Pulham, Eng., Oct. 6.—The dirigible R-33 returned to her moorings here this morning without finishing her test flight, having developed engine trouble. The ship had started out last night on her first trip since undergoing repairs made necessary by the damage sustained in a gale last April, when she was torn from her mooring mast and driven over the North Sea.

### HERE TO-DAY FROM FAR EAST; HON. N. W. ROWELL

### MAN KILLED BY FALL FROM SHINGLE MILL

Charles H. Ellis Died Yesterday Afternoon Shortly After Reaching Hospital

Was Employed on McMaster-Horton Mill Under Construction on Reserve

Falling from the new shingle mill under construction for the McMaster-Horton Cedar Manufacturing Company on the Songhees industrial area across the harbor, early yesterday afternoon, Charles H. Ellis, fifty-three, struck his head heavily and died shortly after being removed to St. Joseph's Hospital.

Ellis, who was working on the timbers of the new mill, did not fall from a great height, but injured his head in striking the ground.

Fellow workmen saw Ellis lose his balance, and rushed to his assistance, it being apparent that the man was seriously hurt.

Medical aid was promptly summoned by telephone and the injured man was rushed to St. Joseph's Hospital. He lived but a few minutes after reaching the institution.

INQUEST TO BE HELD  
Coroner E. C. Hart announces that an inquest over the remains will be held to-morrow.

According to the police reports, Charles H. Ellis has been a resident of Victoria for fifteen months. He came here from Saskatoon, where he was a member of the I.O.O.F. His widow and a daughter survive him here, and are residing at 1409 Blanshard Street.

Witnesses, who will be summoned at the inquest to-morrow are Herbert Dunton, 2207 Sayward Avenue, and A. Goodman, 121 Lurline Street, both being at the scene of the accident.

### TAX SALE BRINGS MUCH CASH INTO CIVIC TREASURY

Many Owners Pay Land Charges to Remove Properties From Sale List

Building Operations Also Reflect Civic Prosperity

With fifteen properties disposed of this morning at the city's annual tax sale at the City Hall council chamber, the city treasury has benefitted by \$14,767.57 in the course of the first week, fifty-five properties having been sold under the hammer by City Treasurer Edwin C. Smith.

The sales during the past week have been as follows: Wednesday, September 30, fourteen properties, \$5,405.91; Thursday, October 1, eight properties, \$2,187.90; Friday, October 2, ten properties, \$3,468.50; Saturday, October 3, three properties, \$397.45; Monday, October 5, five properties, \$1,131.92; Tuesday, October 6, fifteen properties, \$2,176.69.

MANY REDEMPTIONS  
In addition, there has been a continuous stream of redemptions from the sale, the clerks being busy throughout each day of the past week in settling accounts with property owners. The mails have also brought in much tax sale redemption cash each day, the aggregate income making this tax sale the most successful ever held by the city.

A large number of lots sold last year are now being redeemed by the owners who permitted their properties to go to sale, there being a few days remaining during which this course is open to previous owners.

MUCH BUILDING  
Building operations in the Fairfield district also reflect the boom in the tide of civic prosperity, there being more activity in new construction in this district than for many years past. In the area between May Street and the waterfront, six new residences are well towards completion, this condition being notable throughout the southern portions of the city.

### GENERAL ELECTION IN NEW ZEALAND IS SET FOR NOV 4

Coates Ministry Has Decided on One-month Campaign Before Polling

Changes in Cabinet Were Made Following Death of Massey in May Last

Wellington, N.Z., Oct. 6.—(Canadian Press Cable)—The New Zealand general election will be held on November 4. This is the first election under the premiership of J. G. Coates, successor to W. E. Massey, the veteran Premier who died on May 10 last after having been at the head of the New Zealand Government continuously from July 19, 1912.

Premier Coates on August 25 stated in the House of Representatives that while he did not contemplate a reshuffle of his cabinet, the possibility of changes in the leadership of the Government following the death of Mr. Massey, the country should have an opportunity as soon as possible of saying whether the Coates administration should continue in office.

The present standing of the parties is: Reform Party, 38; Liberals, 25; Laborites, 17.

TWO ARMEN KILLED  
Long Beach, Cal., Oct. 6.—Watson Keerle and Harold Chuck, were killed almost instantly to-day at Daugherty Field, near here, when they were flying a biplane. Both men were said to be experienced pilots. Keerle was at the helm when the plane crashed.

### PARLIAMENTARIANS' UNION DECLARES FOR DISARMAMENT

Washington, Oct. 6.—The Interparliamentary Union went on record to-day in support of the establishment of demilitarized zones between nations, and for a general reduction in world armaments.

An Athens dispatch on Saturday said the former Premier would be brought to trial in connection with his issuance of a proclamation to the Greek nation making serious charges of bad faith against the Government of Premier Pangalos.

### MEIGHEN REACHES ISLAND TO SPEAK HERE TO-NIGHT; TORY CHIEF IS UNWELL ON ARRIVAL

Rt. Hon. Arthur Meighen, Leader of the Conservative Party, arrived on Vancouver Island to-day on his way to Victoria for the Armories meeting to-night. The Tory chieftain reached Nanaimo about noon from Vancouver on the Ss. Princess Patricia.

Suffering from an attack of neuritis, which seriously interferes with his rest, Mr. Meighen decided not to board the speed boat which was waiting for him in Vancouver to convey him to the island, but remained in his car until the C.P.R. boat sailed.

On account of Mr. Meighen's indisposition his island programme was somewhat altered to-day. Senator Gideon Robertson and Brigadier-General J. A. Clark addressed the noon meeting at Royston, while Mr. Meighen will give greater time than had been intended to the afternoon meeting in Nanaimo. He will motor down to Victoria in the evening, arriving here about 9 o'clock.

No steps have been taken by Mr. Meighen's campaign managers to disarrange to-morrow's meetings on whose interests the rally is being held, while Mr. Meighen is striving to have his leader's speaking programme curtailed to some extent, so that he may conserve his health for the big night meetings in the larger cities.

Final arrangements for to-night's meeting in the Armories were completed to-day. Hon. S. F. Tolmie, in whose interests the rally is being held, will be the first speaker, commencing his address at 8:30 o'clock. Mr. Meighen will speak about 9 p.m.

Senator Gideon Robertson, who is traveling with Mr. Meighen, is striving to have his leader's speaking programme curtailed to some extent, so that he may conserve his health for the big night meetings in the larger cities.

Final arrangements for to-night's meeting in the Armories were completed to-day. Hon. S. F. Tolmie, in whose interests the rally is being held, will be the first speaker, commencing his address at 8:30 o'clock. Mr. Meighen will speak about 9 p.m.

The doors of the Armories will open at 7:30 o'clock, and until the meeting commences a musical programme will be rendered by Roger's orchestra. This, as well as the speeches, will be broadcast by radio.

NEW YORK THUGS' TWO-DAY TOTAL ABOUT \$200,000

New York, Oct. 6.—Five well-dressed men entered the jewelry store of John Linnerr in downtown Manhattan at closing time yesterday and, ordering Linnerr and three clerks into a back room at the point of guns, made off with jewelry valued at between \$50,000 and \$75,000. The holdup brought the total loss from robbers in New York during forty-eight hours to nearly \$200,000.

### LABOR DELEGATES DEBATE RESOLUTIONS

Atlantic City, N.J., Oct. 6.—Preliminary ceremonies out of the way, the American Federation of Labor to-day settled down for its real work that will keep it in daily session nearly two weeks. Many resolutions have been submitted, but the resolutions committee has adjourned to the policy of making some of them public until they are formally presented to the convention.

### YUMA HOTEL'S FREE MEAL BET IS SAFE

Yuma, Ariz., Oct. 6.—After waiting twenty years without cost at the Pacific Hotel in Yuma, the 7,000 residents of this city were out into gloom yesterday when the sun shone for fifty-seven minutes, and proved the hotel's sign, erected forty years ago "Free meals to everybody on any day the sun doesn't shine," was a safe offer.

Nearly an inch of rain fell Sunday night.

Early yesterday Yuma people began to watch a dark, dripping sky and to neglect their breakfasts. The outlook was fine until the sun broke through the clouds for less than an hour and the hotel won.

### MACMILLAN PARTY FOUND VIKING RUINS IN LABRADOR

Sydney, N.S., Oct. 6.—Expeditions to the north show conclusively that the Vikings not only crossed the Atlantic Ocean ages ago but formed settlements in Labrador similar to those found in Greenland, according to Commander Donald F. MacMillan, who arrived in day from his latest Arctic expedition.

Commander MacMillan was successful in locating Viking ruins in Labrador at Fain, but did not have time to do more than make a hasty survey. Next year he will go back to make a thorough study of them.

Drigibles are the only craft that will be able thoroughly to explore the Arctic, he said.

The steamer Bowdoin is expected to leave this afternoon for Halifax.

The steamer Esmer, which preceded the Bowdoin with the United States naval personnel and supplies of the expedition, has been ordered to put in at Halifax and wait for the Bowdoin, and the two vessels will later proceed to the Wisconsin, Maine.

### TRIAL OF EX-PREMIER OF GREECE CANCELLED

Athens, Oct. 6.—The trial of former Premier Papanastasiou, set for to-day, has been cancelled. No explanation is given.

An Athens dispatch on Saturday said the former Premier would be brought to trial in connection with his issuance of a proclamation to the Greek nation making serious charges of bad faith against the Government of Premier Pangalos.

### DENIAL MADE HE WAS GIVEN POISON; DR. G. STRESEMANN

Locarno, Switzerland, Oct. 6.—Rumors filled Locarno to-day to the effect that Dr. Gustav Stresemann, German Foreign Minister, was not ill from a fever caused by the change in climate as announced, but rather as the result of the administration of poison by political enemies.

Spokesmen for the German delegation continued indignantly to deny the stories, declaring poisoning was impossible as Dr. Stresemann had brought his own

Locarno, Switzerland, Oct. 6.—Rumors filled Locarno to-day to the effect that Dr. Gustav Stresemann, German Foreign Minister, was not ill from a fever caused by the change in climate as announced, but rather as the result of the administration of poison by political enemies.

### ROBBERY IN MANITOBA TOWN

Brandon, Man., Oct. 6.—While provincial police were concentrating their forces in search of the five prisoners who escaped from the Winnipeg jail, robbers entered the general store and post office in Nesbit, Manitoba, early this morning and escaped with \$1,100 in cash and a quantity of goods. They also carried off a 400-pound safe, which contained only \$400.

The combination on a larger safe had been broken and the \$1,100 in grain money secured.

### PRISONERS THREATENED

Winnipeg, Oct. 6.—(Canadian Press)—In one of the most daring jail breaks in the history of the city, five prisoners, including two men held on charges of murder, escaped from the provincial jail here early to-day, and despite a vigilant search on the part of the city, provincial and mounted police, were still at liberty early this afternoon.

Under the leadership of John Stanton, awaiting trial for the "hammer" murder of John Penny, seventy years old, here in 1922, and whose gang is said to have engineered the break, the men sawed bars of their cells this morning, bound and gagged two turnkeys and escaped from the front entrance of the jail. Stanton and two of the men made their escape in an automobile. The two others ran down a side street, presumably to meet another automobile.

The Stanton car is reported to have passed through a southern Manitoba town, headed for the United States border, at 4:30 a.m. They escaped from the jail at about 2:30 a.m.

The men who escaped were John Stanton, Alex Scupeniuk, who were being held for trial on charges of murder, and three others sawed way out of cells, bound two turnkeys, got out of prison at 2:30 a.m. to-day and made off in automobiles; police now hunting for them.

DR. HARVEY J. HOWARD IS NOW IN HARBIN
U. S. Doctor Who Escaped From Chinese Bandits Made Long Trip

Harbin, Manchuria, Oct. 6.—Dr. Harvey J. Howard of the Rockefeller Hospital in Peking, who was captured by bandits last July and recently made his escape, has reached the Harbin. He showed little effect of his captivity, except leanness and a two-months' beard.
Except for the hardships to which the bandits themselves were subjected, the scant food, chiefly millet, while hounded over trackless wastes by the soldiery, the captive appears not to have been badly treated. The fact that he was wearing, when captured, a pair of stout American boots which withstood the strain of hundreds of miles through mountains and forests saved him from a possibly a worse fate, for he saw a Chinese prisoner whose foot gear was in shreds and who could not make pace, finally killed with an axe.
The original intention of the bandits was to hold him for ransom, but he escaped September 24 when his captors became involved in a pistol fusillade in a village they entered.

SAYS TRADE WITH AUSTRALIA WILL FOLLOW NEW PACT

(Continued from page 1)
In 1900 he was liberal candidate for the riding of Esquimaux in the House of Commons. He became a Liberal member of the Ontario Legislature in 1911 for North Oxford, and was leader of the Liberal opposition from 1911 to 1917 in the Ontario House.
During the war years, in October, 1917, Hon. Newton Rowell entered the Federal (Liberal) Government, as President of the Council and vice-chairman of the war committee of the Cabinet. In December of that year he was elected member for Durham County in the House of Commons.

G. STRESEMANN ILL BUT AT CONFERENCE

(Continued from page 1)
cook from Berlin and all the food served him had been carefully prepared.
Among the reports current was one to the effect that the police had seized a bottle of wine, part of the contents of which Dr. Stresemann had drunk on Sunday.
Foreign Minister Briand of France was the first to hasten to the German statesman's bedside and he returned for another visit with Foreign Minister Vanderveelde of Belgium and delegates of other countries.
Dr. Stresemann had sufficiently recovered from his illness to attend the session of the assembly, postponement having been made from this morning.

ALL B.C. MINING RECORDS FOR QUALITY AND VALUE SHATTERED IN 1925

(Continued from page 1)
Mr. Sloan points out that the estimate of \$60,000,000 for the whole year of 1925 is based upon the expected steady shipping by mines now producing for the remainder of the year at about the same rate as in the latter part of 1924. Owing to the commencement of operations by the Altonby Copper Company in August, a larger monthly output of copper will be made during the last four months of this year, while many small properties are expected to make shipments towards the end of the year.
Coal production is generally higher in the last four months of the year than in the summer months. It is, therefore, not surprising that the output of coal for the year will be at least as large as the indicated output based on the eight months period.

CHIEF INCREASES

"The increased production during the current year," says Mr. Sloan, "measured in the common denomination of dollars, is caused partly by increased metal and coal production and partly by increased metal prices. The largest increases reported are in part due to the immense production now being made by the Sullivan Mine of the Consolidated Mining and Smelting Company of Canada, Limited—the greatest lead-zinc mine in the world. It is interesting to note that the metals, silver, lead and zinc, contained in the crude ore of these mines, refined and prepared in finished condition for the market at the Company's metallurgical works at Trail, Copper, also shows an increased rate of production, owing to larger outputs by the Granby and Britannia Companies. Gold and silver productions are at about the normal rate with the latter showing a slight increase."

HIGH PRICES

The general high average of metal prices, the Minister points out, has been one of the factors acting as a strong incentive to mining, not only in British Columbia, but the world over.
Mr. Sloan believes that the present prices of the metals are likely to be maintained or increased in the future, owing to the keen demand for the metals. The ever-growing use and demand for lead and zinc, and the comparatively small-known world reserves of ores, containing these metals, are causes which are practically certain to keep these metals at a high price. The price of copper has been low for the last five years, mainly due to the world production being greater than the demand, but this disparity between the supply and demand is gradually being lessened, and, in the last two months, the price of copper has advanced about one cent a pound. The present price level of close to 15 cents is expected to be maintained, and this price is high enough to encourage extensive mining and development of the copper deposits in the Province, a fact indicated by the recent action of the Granby Company in opening the Copper Mountain Mine and Mill C.M.C. (Allentby-Copper Co.) showing it

PROSPECTS DEVELOPED

"A most significant feature of the present activity of mining," Mr. Sloan points out, "is the fact that many partially developed properties and also prospects, which have been lying dormant for some years, are now being taken up and developed. There are certainly a number of the Province which there has been more pronounced activity than in others, but it cannot be too strongly emphasized that the known prospective areas of the Province still contain many properties that at least warrant careful examination. With higher metal prices, and improved transportation, properties that were unattractive a few years ago, now appear as possible profitable mines. In the past, comparatively few mines in British Columbia have been found, most of them have been made by intelligent development, and abundant opportunities still remain for the capable examining engineer to recognize the hidden merits of many prospects."

MOTOR TROUBLE ENDS FLIGHT OF DIRIGIBLE

(Continued from page 1)
pounds the R-33 has been fitted with a new metal nose, and about sixty feet of her forward frame has been rebuilt.
When the aircraft left the station at Pulkham the weather was warm and calm. The plan was to maintain a flight of about twenty-four hours. During the night the vessel was in radio communication with Pulkham and early this morning she was cruising successfully over the mouth of the Thames.
MAJOR SCOTT COMMANDS
Major Scott, who navigated the R-34 to the United States in 1919; is in command of the R-33. He is aided by Lieut. Booth, who was in command during the April misadventure. The airship had aboard the same crew as was swept out to sea during the blow. Also on board were a staff of scientists to record the aerodynamic forces encountered and to make various technical experiments for the purpose of obtaining data for guidance in the building of the two new air giants contemplated.

FIREMEN FIGHT EARLY MORNING OUTBREAK AND SAVE HEAVY PROPERTY LOSS

At 5.30 a.m. to-day city firemen were called out to a fire adjacent to Turpell's Marine Railway, where a new tugboat is under construction for the Victoria Tug Company. Four engines responded to the call and found a column of flame spouting skyward from an old frame building built for Soldiers' Civil Re-establishment work along the roads.
Not many yards away with the frame work of the new tugboat threatened. The firemen fought hard to check the spread of flames and succeeded. There was no property loss outside of the old frame building and a portion of Turpell's equipment which was stored there. The building itself is a dead loss.
At the fire hall this morning it was stated that the fire was well under way before an alarm was turned in. A tower of flame and smoke belched into the sky and was easily discernible from the street when the engines thundered out of the hall.

BOAK APPEAL DISMISSED BY COURT TO-DAY

(Continued from page 1)
The court had been asked to consider one point, and had rendered its judgment.
A. M. Johnson, K.C., appeared for the crown. Deputy Attorney-General W. D. Carter, K.C., and M. B. Jackson, K.C., were present, but not sworn.
W. J. Taylor, K.C., senior counsel for the defence in the hearing of Rex vs. Boak, is in Vancouver to-day, where he attended the session of the B.C. Court of Appeal. In the absence of Mr. Taylor confirmation could not be obtained in Victoria of a mention of an appeal to the Supreme Court of Canada. It is understood, however, that such an appeal may be made.
Dr. Eric W. Boak is in Vancouver to-day, so could not be reached here.

POWDER WORKER KILLED

Oakland, Cal., Oct. 5.—J. Roim, a mixer, was instantly killed and other employees were reported injured in an explosion at the Trojan Powder Company's works near here this afternoon. One man is reported dying.
W. J. Taylor, K.C., senior counsel for the defence in the hearing of Rex vs. Boak, is in Vancouver to-day, where he attended the session of the B.C. Court of Appeal. In the absence of Mr. Taylor confirmation could not be obtained in Victoria of a mention of an appeal to the Supreme Court of Canada. It is understood, however, that such an appeal may be made.
Dr. Eric W. Boak is in Vancouver to-day, so could not be reached here.

## VANCOUVER ISLAND NEWS

### Ganges

**(Special to The Times)**  
Ganges, Oct. 6.—The September report of the Gulf Islands Laidy Minto Hospital is as follows: Patients admitted and discharged during month of September: Admitted 17, discharged 13, medical 9, surgical 3, obstetrical 3, infants 2, hospital days 102. Remaining in hospital four patients. Matron, Ethel Craig, R.N. Donations for September were: Blackberries, Mrs. Wagg; plums, Mr. Abe Wright; flowers, jam, magazines, flannel, Mrs. Alfred Clark; flowers, Fall Flower Show; sack of pears, Rev. A. Collins; sack of apples and vegetables, Mr. Jaglio; pears, Mrs. Purdy; vegetables and fruit, Mr. Deane; trout, Mr. Johnson; fruit and flowers, Mrs. Oxenham; magazines, Mrs. Price; two large boxes of apples, Mr. James Akerman; Beaver Point, eggs, Mrs. Lacey; fruit, Mrs. Tom Akerman; vegetables, fruit, potatoes, flowers, Ganges Fair; fruit and vegetables, Fernwood Harvest Festival; flowers, fruit and vegetables, Mr. H. Robertson; grouse, Mr. Gavin; Meost; fruit, flowers and vegetables, St. Mary's Festival; Fulford; salmon, Mrs. Frank Crofton; flowers, Mrs. James; chicken and vegetables, Mr. Joe Akerman; green tomatoes, Mrs. Ringwood.

The Mahon Hall was well filled when the Conservatives held their first meeting on Friday evening. The chairman was Major Turner and the speakers were Col. Cy. Peck, M.P.P., Mr. Twigg and Senator Green.

A large number of radio fans listened in to Premier King's address in Vancouver on Saturday night, his voice coming through clear and strong. He received much applause, and cheers and tigers at the close of the meeting.

Mr. and Mrs. Fred Wagg are spending the week in Vancouver and Victoria on business.

Harvest festival services will be held at St. Paul's Church, Ganges, next Sunday, October 11.

Mr. G. H. Ainslie expects to leave

### Chemainus

**Special to The Times**  
Chemainus, Oct. 6.—Mrs. Walter Laidlaw was recently a hostess at a very enjoyable vanishing tea. The house and tea table were very prettily decorated with Autumn flowers and leaves. Amongst those present were: Mrs. Rivett-Carnac; Mrs. Gilbert Read; Mrs. Koch; Mrs. Grossman; Mrs. Chatters; Mrs. Adam; Mrs. Taylor and Miss Aird.

On Thursday afternoon, St. Michael's W.A. held its monthly meeting in the parish room. Eleven members were present, the president in the chair. Final arrangements were made for the sale of work. An excellent report of the W.A. convention was read by Mrs. Maurice Haldred. Tea was served by Mrs. A. Work and Mrs. Toyne.

### Duncan

**Special to The Times**  
Duncan, Oct. 6.—The competition for the men's monthly medal was played over the Cowichan golf course on Sunday. Owing to the dry weather and consequent run on the ball the scores turned in were exceedingly low and close. The winner was H. T. Reid, gross score 88, less net 64. E. W. Carr-Hilton was second, 83, less net 59, and H. R. Punnett third with 88, less net 59.

On October 11 a team of fourteen or sixteen players of the "A" division are invited to play at Uplands. The composition of the team will be announced later.

On the same day a "B" team from Nanaimo will visit Duncan to play a "B" team there.

Duncan, Oct. 6.—The directors of

### Sayward

**Special to The Times**  
Mrs. Kathleen Collett left on Sunday's boat for a visit to Vancouver.

### Metchosin

**Special to The Times**  
Metchosin, Oct. 5.—The regular monthly meeting of the Metchosin Women's Institute will be held in the Metchosin Hall on Wednesday, October 7 at 2:30 p.m. In addition to ordinary business, Mrs. H. S. Jordan will address the meeting, choosing for her subject "Home Economics." Amongst the important matters to come up for discussion at this meeting will be the value of night classes and technical education, the community library, entertainment and the local potato show.

The weather keeps very dry and the seeders are taking full advantage of the very long spell of dry weather by keeping the clearing fires burning which will bring more land into cultivation.

E. E. Gark has been compelled to go to Vancouver for medical examination. Mr. Gark was very severely wounded during the late war and as the result of these wounds he has suffered considerable during the past month.

Mrs. George Cook was a passenger on Sunday's boat for Vancouver.

### 5,000 CANADIANS RETURNED FROM U.S. DURING SEPTEMBER

Border Figures Show Extent of Movement Which is Benefiting Dominion

1,800 Immigrants Came During Month; Tourist Traffic is at High Level

Ottawa, Oct. 6.—The following statement was handed out by the Department of Immigration yesterday: "Canadians continue to return to Canada from the United States in large numbers. Although the September returns are not yet complete, it is estimated that in that month alone 5,000 Canadians who had been resident in the United States for more than six months returned to Canada, declaring their intention of remaining permanently in this country. "In the same period about 1,800 persons entered Canada from the United States as immigrants, largely of the agricultural class and bringing with them cash and effects to enable them to begin farm operations in Canada. "Some idea of the traffic in tourist and non-immigrant classes is gained from the fact that it is estimated that in September 2,000,000 persons of those classes entered Canada from the United States. "While the movement to Canada is increasing, the movement of Cana-

### HOME BANK ASSETS ABOUT \$10,000,000

Toronto, Oct. 6.—Assets of the Refunct Home Bank of Canada will total in the neighborhood of \$10,000,000, according to G. T. Clarkson, liquidator of the bank, who gave evidence Monday before Charles Garrow, master of the Supreme Court of Ontario. Mr. Clarkson stated the bank's assets were roughly \$6,900,000 over preferred and lien claims, which totaled between \$2,500,000 and \$3,000,000. The liabilities as reported by depositors totaled \$16,000,000, while the total assets were between \$9,500,000 and \$10,000,000. Over and above the \$16,000,000 deposits was a liability of \$1,750,000 circulation and \$1,400,000 provincial and preferred claims. "All claims to be submitted by the shareholders who are fighting the double liability is now in. Counsel will start argument on October 20 next and is anticipated will occupy about four days.

### Anti-polygamy Ruling Affects Jews in India

London, Oct. 6 (Jewish Telegraphic Agency)—An adherent of the Jewish religion living in India must follow the dictates of his own faith regarding matrimony and may not take more than one wife, although polygamy is permitted by the law of India to Hindus and Moslems, a British judge in Bombay has just ruled in a polygamy trial. The defendant, named Jamin, argued that as a resident in India, he had the same right to take more than one wife as the Mohammedans and the Hindus, and also that the Bible did not prohibit polygamy, which he said, had been banned only since the twelfth century with the growth of Jewish communities in Europe. The judge, however, ruled that a Jew in India is subject to the laws of Great Britain.

### RAIN RECORD IN FRESNO, CALIFORNIA

Fresno, Cal., Oct. 6.—A report from the weather bureau here states yesterday afternoon's rain broke the record for a one-hour period of thirty-eight years standing, 1.15 inches falling in sixty minutes. Barefooted pedestrians were common in the downtown district where the stores were flooded and automobiles were stranded. Aid from the fire department was asked to pump water out of the Southern Pacific subway, where several automobiles were covered by rising water. Sandbags were used to keep water out of some stores, while a boat was busy carrying pedestrians across one of the flooded streets.

### Four Persons Were Killed by Gas

Seattle, Oct. 6.—R. E. Sampson and William E. Holmes each twenty-one years of age and two unidentified sixteen-year-old girls were asphyxiated yesterday in a room of a hotel in Renton, south of Seattle. Sampson lived in Renton and Holmes in Kenydale. The two girls were believed to be from North Bend. Mrs. Mildred Costello, proprietress of the hotel, said she was attracted to the room when she smelled gas. After failing to open the door she summoned help. The gas was escaping from a heater. Three bottles of beer were found in the automobile Holmes had owned, which was standing near the hotel.

### Australia To Have New Housing Scheme

Melbourne, Oct. 6 (Canadian Press Cable via Reuter)—In the course of an election speech at Dandenong, Victoria, yesterday, Premier M. Bruce declared the Government was determined to defeat the extremists and their nefarious designs and would take all necessary steps to achieve that end. The Government, said the Premier, proposed to introduce legislation providing for an increase in the expenditure on air defense and for a national scheme of social insurance which would enable the workers to insure against the deadliest causes of their anxiety and unrest, namely, sickness and unemployment. As soon as possible legislation would be introduced to provide more than £20,000,000 to enable workers to acquire their own homes, he stated, and about £20,000,000 would be advanced to the various States to build good roads.

### MURDERER HUNTED

Longview, Wash., Oct. 6.—John W. Smith, aged fifty-three, a cook with three fingers missing from his right hand, is named as the slayer, or one of the slayers, of Thomas Doversy, Kelso editor, who was shot down June 10 last, in a wasp-issued yesterday charging him with first-degree murder. Smith has not been seen since June 26, when he abandoned a rented automobile in Portland.

## HON. E. J. McMURRAY WINNIPEG CANDIDATE

Former Solicitor-General is Nominated; North Winnipeg Has Four-cornered Contest

Nominations For House of Commons Made in Other Constituencies

Winnipeg, Oct. 6.—With the nomination of Hon. E. J. McMurray, former Solicitor-General in the King Cabinet, to contest North Winnipeg for the Liberal Party in the coming Federal election, a four-cornered election battle looms up for that constituency. The candidates are Dr. R. M. Blake, Conservative; A. A. A. Heaps, Independent Labor; H. M. Bartholomew, Canadian Labor Party; and Mr. McMurray.

### DRURY CANDIDATE

Sydney, Ont., Oct. 6.—Liberals of North Simcoe, in convention here yesterday, decided to support E. C. Drury, former Premier of Ontario, Progressive candidate in the riding, in the coming Federal contest.

### NOMINATIONS REPORTED

Ottawa, Oct. 6.—Nominations for the House of Commons have been reported as follows:

Parkdale, Toronto—Kenneth Christie, Liberal.

Royal, N.B.—Dr. D. H. McAllister, Liberal.

Brantford, Ont.—Robert E. Ryerson, Conservative.

Beauce County, Que.—Louis Morin, K.C., Conservative.

North Battleford, Sask.—C. C. Davies, Progressive.

### DRAYTON'S PROPOSAL

Milverton, Ont., Oct. 6.—Sir Henry Drayton, former Conservative Finance Minister, opened his Western Ontario Federal election series of meetings here yesterday.

Recognizing the force of the argument that protected industries might take advantage of the tariff for price fixing, Sir Henry said it could be made unprofitable for any greedy manufacturer to exploit the tariff.

"While it is true," he said, "that our consumers suffer far less from the exploitation of the tariff by Canadian manufacturers than they do from the foreign manufacturers left uncontrolled by the Canadian tariff and unchecked by Canadian production, the evil ought to be met and checked. This can be done and will be done by the simple, cheap and effective process of taking from the offending manufacturer—the profits resulting from tariff exploitation and resultant unfair prices."

### CHARGE OF MURDER AGAINST WOMAN

Hull, Que., Oct. 6.—Mrs. Iona Paquette, charged with murdering her common law husband, William H. MacNeil, by administering Paris green, thirty-five and George Richards, twenty-five, were the victims.

The truck was being driven over a private crossing when it stalled just as the high speed car came along.

### T. C. Norris For Federal Cabinet Post; Nominated

Winnipeg, Oct. 6.—T. C. Norris, former Premier of Manitoba and veteran leader of the Liberal Party in the Province, formally accepted the Liberal nomination in the constituency of South Winnipeg at a convention last night.

Mr. Norris announced Premier King had invited him to accept a seat in his Cabinet, and that this was a factor in his acceptance of the nomination.

Mr. Norris will be opposed for election by Hon. Robert Rogers, Conservative, and J. Kelly, Laborite.

### Four Persons Were Killed by Gas

Seattle, Oct. 6.—R. E. Sampson and William E. Holmes each twenty-one years of age and two unidentified sixteen-year-old girls were asphyxiated yesterday in a room of a hotel in Renton, south of Seattle. Sampson lived in Renton and Holmes in Kenydale. The two girls were believed to be from North Bend. Mrs. Mildred Costello, proprietress of the hotel, said she was attracted to the room when she smelled gas. After failing to open the door she summoned help. The gas was escaping from a heater. Three bottles of beer were found in the automobile Holmes had owned, which was standing near the hotel.

### Australia To Have New Housing Scheme

Melbourne, Oct. 6 (Canadian Press Cable via Reuter)—In the course of an election speech at Dandenong, Victoria, yesterday, Premier M. Bruce declared the Government was determined to defeat the extremists and their nefarious designs and would take all necessary steps to achieve that end. The Government, said the Premier, proposed to introduce legislation providing for an increase in the expenditure on air defense and for a national scheme of social insurance which would enable the workers to insure against the deadliest causes of their anxiety and unrest, namely, sickness and unemployment. As soon as possible legislation would be introduced to provide more than £20,000,000 to enable workers to acquire their own homes, he stated, and about £20,000,000 would be advanced to the various States to build good roads.

THE MODERN PROPHETS

EVERY TIME DR. TOLMIE RETURNS from a trip to Conservative headquarters in the East he makes a prediction of the result of the election. His latest as announced in the morning paper is that "Mackenzie King cannot win."

We recall that the Doctor did say something of the kind a few weeks ago. He said the same thing no less than six times in the election of 1921. He said then that the Liberals had not a ghost of a chance, that it was merely a question of Mr. Meighen's majority.

It will be seen from the foregoing that there is nothing the matter with Canada. No serious fault is found with collections by the Association. Conditions in almost every centre reporting are quite satisfactory—and it must be remembered that the Association is every bit as conservative as the average banker—while the prospects immediately ahead call for almost enthusiastic comment in the report.

FOR ITS OWN REASONS THE VANCOUVER PROVINCE prefers to adopt an independent attitude and watch its contemporaries wage the election battle. But the Mainland journal could not help itself in the case of the trade treaty with Australia.

The Doctor, of course, has to make these predictions this time in somewhat difficult circumstances. He knows that the three Prairie Provinces are quite closed to his party.

Mr. Meighen is reported to have said that the question of Senate reform has become a joke. We recall that once upon a time Mr. Meighen wanted the Senate abolished and voted for a resolution to that effect in the House of Commons.

Dr. Tolmie declares that the Liberals are fighting with their backs to the wall. Whenever the British Army has had to fight in this figurative position, it has always come through victoriously.

Something of the loss which British Columbia sustained by fire each year—omitting forest fires from the calculation—is understood by a per capita bill of no less than \$7.36.

MR. TWIGG ON THE HALF-SHELL

THIS IS AN EXTRACT FROM THE morning paper's report of Mr. Despard Twigg's contribution to the political campaign which Mr. Dickie is waging in order to try and defeat Mr. Booth on October 29.

"He—Mr. Twigg—spoke on the large importation of eggs from California, which are allowed into Canada for three cents a dozen, as against eight cents exportation to the States from Canada."

From a national standpoint the figures are also illuminating. In the last fiscal year of the Meighen Administration Canada imported 8,140,547 dozen eggs. Under the present Government at Ottawa this annual bill for foreign eggs has been reduced to 2,699,887 dozen.

is by no means unique. Liberal speakers supporting Mr. Booth and Mr. Ivel find it necessary to spend a good deal of time putting their opponents right in these important matters.

WHAT HAS THE MODERN MRS. GUMMIDGE TO SAY TO THIS REPORT?

THE CANADIAN CREDIT MEN'S Trust Association seems quite satisfied with general economic conditions throughout Canada. Its weekly report, published yesterday, contains some gratifying information about business conditions in Canada, from which we note the following:

Wholesale and retail trade showing marked improvement, but better conditions looked for as fall advances. Collections picked up with St. John's—Wholesale trade satisfactory and retail trade fair. Collections normal for this time of the year.

Wholesale and retail trade sections for the Province report that trade has suffered slight relapse and sales not up to standard. Collections have also fallen off.

It will be seen from the foregoing that there is nothing the matter with Canada. No serious fault is found with collections by the Association.

"A HARMFUL EXPERIMENT"

FOR ITS OWN REASONS THE VANCOUVER PROVINCE prefers to adopt an independent attitude and watch its contemporaries wage the election battle.

British Labor is sorting itself out. Mr. Ramsay MacDonald has completely put the ban on the bolshes and the party has just elected a right wing chairman at Liverpool.

FIRE PREVENTION WEEK

THIS WEEK IS FIRE PREVENTION Week throughout Canada. It is a period in which every citizen should think and think seriously about the size and cost of this country's annual ash heap.

Recent experiences on Vancouver Island should bring home to the people of this part of the Dominion something of the horror of fire when fire is the master and not the servant.

A new British submarine is now in commission. It displaces 3,500 tons and is 350 feet long and can remain submerged for two and one-half days.

WORDS OF WISE MEN

Where there is no hope there can be no endeavor.—Johnson. Those who without knowing us enough think ill of us, do us no wrong; they attack not us, but the phantom of their own imagination.—De La Bruyere.

Other People's Views

Letters addressed to the Editor and intended for publication must be short and clearly written. The longer an article is, the more likely it is to be cut.

THE HOWLING DOG SIGNAL

To the Editor:—One morning recently I was proceeding on foot from Gonzales' Heights toward the city when I was attracted by a weird dog.

I felt certain there was going to be a dirty war between the two sides. I decided to make a flank movement and knew that a bloody conflict was on in which a canine would be put to rest.

I relentlessly pursued the foe and did not cease my maneuvers until I had pushed the adversary well into the inner harbor.

Those who might say "Should have been the way" FRANK HIGGINS, Victoria, B.C., Oct. 5, 1925.

A CANADIAN NATIONAL ANTHEM

To the Editor:—The following is a hymn which I have, for some time, believed the most appropriate for adoption as our national anthem.

"Lord of the lands, beneath Thy bending skies, On flood, beneath Thy banner, Thy people lift their hearts to Thee. Thy name be praised in every land. Thy will alone let all enthroned. Lord of the lands, make Canada thine own."

This hymn has the advantage of being in the metre of "O Canada," to fit the tune of which was evidently composed; and it has the honor of being written by a Canadian.

VICTORIA'S WATER PROBLEM

To the Editor:—Taxpayers and water-consumers, who are keenly interested in the water supply of this city, are protesting against the fallaciousness of the alleged impulsive attempt of a majority of the Aldermanic Board to bid this municipality to take over the Sooke Lake System.

REV. JOHN GOODFELLOW

Rev. John Goodfellow, the new assistant pastor at the First Presbyterian Church, was introduced to the congregation at the evening service following the election of officers of the young people's society.

THE WEATHER

Victoria, Oct. 5-5 a.m.—The barometer remains low over the Pacific Slope, but high over the Northern Interior. Heavy rains prevail in California and moderately cold weather is general in the Prairie Provinces.

MAYBLOOM TEA The Triumph of Expert Tea Blending Sold by Grocers throughout Canada

First Presbyterian Young People Elect Officers For Year Don Purvis was elected president of the First Presbyterian Young People's Society at the annual meeting held last night.

IMPLEMENT SAVINGS On the tariff, the Prime Minister said Mr. Meighen is pledged to restore the customs duties on farm implements to the level from which they had been reduced by the present Government.

PRELIMINARY TARIFF Mr. King turned to the imperial preference. Mr. Meighen, he charged, wanted preference for preference.

AUSTRALIAN TREATY Speaking of the Australian treaty, Mr. King declared that it were found to be injurious to the dairy industry, the Government would not hesitate to amend the treaty or abolish it.

RAILWAY DISCUSSION He charged Mr. Meighen with laying the way for amalgamation of the Canadian Pacific and the Canadian National Railways.

BOVIN SPOKE Hon. G. H. Bolvin, Minister of Customs, said that under the King

PREMIER URGES WEST TO MAKE VOICE HEARD By Sending Liberals to Commons Electors Can Aid Forward Development

Edmonton, Oct. 6.—The issue for the people of Western Canada is whether or not they will be on the side of the Government and have their voice heard in the next five years or whether they won't.

Every man of progressive or liberal views, every man with a forward outlook, would be welcome in the Liberal Party, he said.

The Premier declared his message to Alberta was the same that he had conveyed to the electors of every other province in the Dominion.

One reason why Parliament had been dissolved, he said, was that had Parliament been continued for another year, the voice of the West would not have been heard in as great measure.

Mr. King turned to the imperial preference. Mr. Meighen, he charged, wanted preference for preference.

Mr. King declared that it were found to be injurious to the dairy industry, the Government would not hesitate to amend the treaty or abolish it.

He charged Mr. Meighen with laying the way for amalgamation of the Canadian Pacific and the Canadian National Railways.

Hon. G. H. Bolvin, Minister of Customs, said that under the King

FOUR out of FIVE are caught. Give Your Dentist a chance

IT'S sheer carelessness to let your teeth loose in your mouth. Yet your dentist knows that four out of five past forty, and many younger, suffer from this serious gum disorder.

Forhan's FOR THE GUMS More than a tooth paste—it checks Pyorrhea

VAL TAXI PHONE 1 REMEMBER THE NUMBER

Government taxes had been reduced. The sales tax had been abolished on certain necessities of life, and on other things it had been cut in two.

### The "Easy" Vacuum Electric Washer

The "Easy" is the original vacuum cup machine. It is made in Canada in the largest factory in the British Empire, devoted exclusively to the manufacture of electric washers.

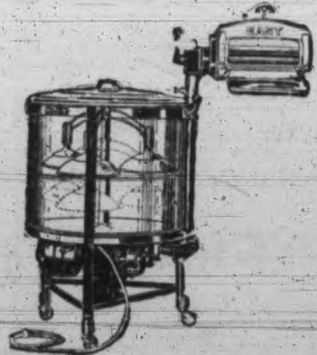

Capacity—The "Easy" will wash ten single sheets, gently and thoroughly, without friction, wear or tear, in less time than any other washer will perform the same service. The "Easy" occupies less floor space in proportion to its large capacity than any other washer. Washes medium and small loads equally well.

**Solid Sheet Copper Tank**, specially finished on the inside, easy to load and unload; no projections, as easy to clean as a large dishpan.

Easy to operate—Simply press a button; wringer operates in four positions; special rolls, special safety release; cannot injure buttons.

See the "Easiette" for the smaller family. Ideal for apartments or where space is limited. Each month we add many Victoria housewives to our list of satisfied users. We have proved to them conclusively that the "Easy" saves the most in time, labor and money. Phone now for your demonstration.

—Hardware, Lower Main Floor

Stylish "Bobs" Easy to Keep Thick, Wavy, Lustrous

Earl and Countess Here on Canada Tour Archibald Brabson Sparrow Acheson, Earl of Gosford, arrived in Victoria late yesterday on his tour of this continent, and is making his home at the Empress Hotel during a stay, the length of which is so far indefinite. The Earl was prominent in British society a few years ago as Lord of the Bedchamber to King George when he was Prince of Wales.

Girls! Try this! When combing and brushing your hair, just moisten your hair with a little "Dandine" and brush it through your hair. The effect is startling! You can dress your hair immediately and it will appear twice as thick, faded, heavy, an abundance of gleamy, wavy hair sparkling with life, incomparably soft, fresh, youthful. Besides beautifying the hair, a 35-cent bottle of refreshing, fragrant "Dandine" from any drug or toilet counter will do wonders, particularly if the hair is dry, thin, brittle, faded or streaked with gray from constant curling and waving which burn the color, lustre and very life from any woman's hair. "Dandine" acts on the hair like fresh showers of rain and sunshine act on vegetation. It goes right to the roots, invigorates, nourishes and strengthens them, stopping falling hair and helping the hair to grow thick, healthy and luxuriant. (Adv.)

WOMAN'S DOMAIN

MANY GUESTS AT PRETTY WEDDINGS

Miss Jenny Stubbs and H. G. Rough United in Marriage The First Congregational Church was the scene of a pretty wedding on Saturday evening when the principals were Miss Jenny Stubbs and H. G. Rough, both of Victoria. Rev. A. K. McEmin officiated in the presence of about two hundred and fifty guests. The church was prettily decorated by girl friends of the bride with chrysanthemums, dahlias, sweet peas and Michaelmas daisies. The bride was given in marriage by her father. Her gown was of ivory ripple satin, trimmed with ivory pearls, and she wore a veil of embroidered silk net with coronet of orange blossoms. Her bouquet was of Ophelia roses and carnations.

En route for Regina, Sask, where he will spend about ten days, Canon Hinchliffe of Victoria visited on Saturday. He is on his way to Regina, Sask, where he will spend about ten days, Canon Hinchliffe of Victoria visited on Saturday. He is on his way to Regina, Sask, where he will spend about ten days, Canon Hinchliffe of Victoria visited on Saturday.

Mr. and Mrs. W. Troup have returned from Seattle, where they were the guests of Mr. and Mrs. Joshua Green over the week-end. Captain and Mrs. W. Troup have returned from Seattle, where they were the guests of Mr. and Mrs. Joshua Green over the week-end.

Mr. A. W. Miller and Miss Vera Casey were joint hostesses at a bridge party given last evening at the home of the former on Cook Street in honor of Miss Noelle Cutler.

Mr. H. White of Steilly's Cross Road, Saanich, has sold his home and is leaving on Sunday for England to join Mrs. White and where they will live in future reside.

Mrs. J. Mathews of Tacoma, who is visiting in Victoria and is a guest at the James Jay Hotel, will accompany her father to Vancouver on Sunday on her return home.

Mr. and Mrs. John Thornton Marshall (nee) have returned from their trip to the Yukon and are resident at Suite 7, Alisa Mansions.

General and Mrs. H. A. Panet who left Victoria on Friday for Ottawa spent the week-end in Vancouver, where Major Tobin entertained at a luncheon in their honor on Saturday.

Mr. Balfour Strath, who returned from a winter holiday in England on Saturday last, left this afternoon for Portland where he will continue his studies at the Northwestern Dental College.

The first of a series of small bridge parties, the proceeds of which are to augment the school fund of the University Women's Club, was held last night at the home of Mrs. J. C. Hyndman, Granite Street, when four tables were set for the play.

Miss Forsyth and Miss Jessie Forsyth of Durban, Cal., while on their return from a visit to Eastern Canada, are spending a few days in Victoria as the guests of Major and Mrs. J. C. Hyndman, Granite Street, on their route to their home in the South.

Mrs. J. O. Barrett-Lennard, who has been visiting in Victoria, is the guest of Mrs. J. C. Hyndman, Granite Street, for the summer months, left to-day for Vancouver en route to New York and England.

Mrs. J. A. F. Campbell of Prince George, who was a guest of Mrs. Campbell of "Broadbent" for several weeks, left for her home yesterday afternoon. Her husband, Lieut. Colonel Campbell, F.R.G.S., has been during the summer in the employ of the Federal Government as an electrical engineer in that part of the Cariboo.

In honor of Miss Betty Munis's fifth birthday, Mrs. W. H. Munis entertained yesterday afternoon at her home on Belmont Avenue at a children's party. The guests were present: The Misses Marjorie Brown, Grace Stuart, Mary Louise Bryant, Betty May Cameron, Lulu Newton Cameron, Anne Brown, Peggy McFarlane, Masters Jack Stuart, Bill Cameron, "Sonny" Brown, Jack Kirk, Griffiths Cameron and Raymond Dunn.

Islands people who are in Victoria to-day include Mr. and Mrs. C. R. Young and their child, of Salt Spring. Also present: Mr. and Mrs. Ben H. Park of James Island, Geoffrey Scott of Ganges, G. Lindsay-Dickson of Denman Island, who are all at the Dominion Hotel. Also present: Mr. and Mrs. J. S. Stynes of Port Washington, and Mrs. E. Ashwell Mitchell of Valdez, who are at the Strathcona.

The Macaulay Point Golf Club was the scene of a delightful bridge party on Saturday evening. Miss Bradshaw and Mr. F. Sehl being the winners of the prizes. There were twelve tables of bridge and one of mah jong. The ladies' committee desires to thank all those who so generously donated the delicious refreshments. The club intends to hold the first dance of the season on Friday, November 13, at the Alexander Club. Tickets for which will be on sale shortly.

APPEAL BROUGHT MANY DONATIONS

Protestant Orphanage Received \$379 in Cash at POUND PARTY The Protestant Orphan's Home Committee met at the Home on Monday, the president, Mrs. Hiscocks, in the chair and the following members present: Mesdames Fraser, Hughes, Dillabough, Elliott, Dorman, Edwards, Grimison, Brown, Dinmore, McKewen, Wilkerson, Cox, Berry, Walkley, Holmeck, Shepherd and Sherwood. Misses Deany and Murray. Grateful thanks were received from the committee for the generous response to the pound party, \$379 being given in cash, besides groceries, fruit, clothing, candy, etc.

Miss Grace Watson entertained last evening at her home on Tenynson Avenue at a miscellaneous shower in honor of Miss Lois Mellor, a popular bride-elect. The many pretty and useful gifts were presented in a large hat box, artistically decorated. A guessing contest and musical selection formed the evening's amusement. The guests included Miss Lois Mellor, Mrs. Frank Mellor, Mrs. E. R. Watson, Mrs. Fontes of San Francisco, Mrs. H. U. Hitchcock, Mrs. G. Norris, Mrs. R. Shaw, Mrs. P. Ridd, Mrs. M. F. French, the Misses Esias and Agnes Steele, Lillian Mercer, Alice Mellor, Alice and Claire Graham, Marie Spolter, Pirney Cummings and Norma Richards.

Mrs. Weaving was hostess at her home, 1917 Quadra Street, last evening with a whist drive and a social. The affair was in charge of the Ladies' Auxiliary of the Primrose Lodge, Daughters of England, the affair proving an enjoyable success. Eleven tables were in play and the ladies' prizes were won by Mrs. E. J. Langley, second and Mrs. Crawford, consolation. The prizes for gentlemen went to Mr. Sadler, first; Mr. James Hillness, second; and Mrs. Hunt, playing as gentleman, consolation. Delicious refreshments were served by Mrs. Bradley and Mrs. Hall. Announcement was made at the home of Mrs. Pearson, 2253 Dalhousie Street, on Monday, October 18.

WOMEN'S CANADIAN CLUB SCHOLARSHIP WAS PRESENTED

Chas. Dupont of Oak Bay Winner of Margaret Jenkins Memorial Bursary To perpetuate the memory of the late Mrs. Margaret Jenkins, who was for nine years a president of the club and for many years a member of the Board of School Trustees, the Women's Canadian Club this year inaugurated a Margaret Jenkins memorial bursary. This bursary is of the value of \$100, and is awarded to the boy student securing the highest marks at matriculation in the local high schools and going on to college. The first winner of this scholarship is Charles Dupont of the Oak Bay High School, and the formal presentation was made at the school yesterday afternoon.

Mrs. H. P. Hodges, retiring president, and Mrs. J. H. Fletcher, secretary, represented the club, and in the absence of the winner, who has already taken up his studies at Kingston, the gift was received by Principal Downes in the presence of the assembled students, and will be forwarded to the recipient.

Mrs. Hodges, in making the presentation, complimented the school upon its excellent record, four of the five bursaries awarded previously to girl students by the club being won by pupils at the Oak Bay High School. The club's annual bursary to the girl securing the highest marks at matriculation and going on to college was presented a few weeks ago to Peggy Gourlay of Oak Bay.

Sale of Work—The ladies of the Queen of the Island Lodge No. 529, L.O.B.A. are busy preparing for the sale of work, which will be held November 24.

Craigflower P.T.A.—A five hundred card party will be held at Craigflower school under the auspices of the Parent-Teacher Association on Friday, October 9, at 8 p.m. Refreshments will be served.

Beeskeepers Will Meet on Wednesday The next meeting of the Vancouver Island Beeskeepers' Association will be held on Wednesday, October 7, at Mr. Straight's House, Experimental Station, Sidney, at 2:30 p.m. This will be the first general meeting to be held since March, it having been decided that practical demonstrations at different centres would be of more benefit to the majority of members besides giving those members in outlying districts the same advantages as the members near headquarters.

It has been said that the Vancouver Island honey is superior to all other, and the chief reason for this is the large variety of honey sources. Beeskeeping is growing in popularity, all over the island, judging by the many inquiries as to suitable locations and bee literature.

A prize has been offered by the V.I. Beekeepers' Association for the best records kept during the season, and also one for the "best results from package bees."

All members are eligible for entry, and papers must be in by the end of the season.

SAYS PRAYER RESTORED HIS SIGHT—William R. Davis, Eastern farmer was blind for seven years. Then he dreamed that his brother told him to pray for three days and then go to his pasture. He did so and recovered his sight, he says. Photo shows Davis, his wife, and the calf he was leading to pasture when his sight returned to him.

EDUCATION THE BIGGEST FACTOR IN WORLD PEACE A. A. Somerville, British M.P., Advocates Teaching of Sane Principles Education can be used as a powerful factor in the attainment of world peace by developing character, by teaching the younger generation the value of self-control and right thinking, by ensuring the teaching of accurate historical facts concerning other nations, and by generally encouraging the appreciation of the world's common heritage.

Spanish Dressing Adds Zest to Meats, Fish and Croquettes Finely minced and cooked in enough water to cover, a slice of carrot and a tablespoonful of parsley, a bit of bay leaf and onion. Combine this with a plain brown sauce and stir in a tablespoonful of LEA & PERRINS SAUCE THE ORIGINAL WORCESTERSHIRE

PARKSVILLE W.I. HELD BANQUET The first women's banquet ever held in Parksville took place on Friday, October 2, when fifty-six women partook of good things to celebrate the tenth birthday of the Parksville Women's Institute. It was a tremendous success from every point of view. Toasts were many and numerous with intermissions of community singing; the evening terminated with bridge, whist, mah jong and music. At the close, Rev. Dr. Clay moved the vote of thanks, and reported to the organization in Victoria of the first branch of the Alliance for the Promotion of Peace through the Churches.

Church "At Home"—The ladies of St. Barnabas Guild will hold an "at home" on Thursday afternoon from 3 to 5 in the schoolroom. A table of plain and fancy work will be displayed and afternoon tea served by the members. It is hoped that many of the parishioners will attend and spend a pleasant social hour.

OTHER FELLOW'S VIEWPOINT How could education be so utilized as to improve this state of affairs, asked the speaker. He suggested as a remedial measure the adoption of an international understanding, the cultivation of an appreciation of the other fellow's point of view. For instance, Great Britain should realize France's difficulty in paying its debts owing to the havoc wrought in this country by the war; the other hand France should realize Great Britain's tremendous burden imposed by its payment of war debts in an employment situation and other problems.

NATIONAL SELF-CONTROL One of the most hopeful things about the League of Nations was its provision of facilities for arbitration between nations, which in effect was the giving to each nation of the time to think and opportunity for the exercise of national self-control, thus averting much of the danger of precipitate action. Without self-control, men and women and nations were pitifully weak.

One of the greatest difficulties in applying education to the cause of international understanding was human nature. The natural love of combat inherent in every boy should be directed, through wise teaching in the home and in the schools, into the proper channels. The British nation had a great deal to preserve in the tradition of 1,000 years of struggle for liberty. Her navy, supreme since Trafalgar, had never been ready for defence in a just cause, and one of the greatest responsibilities of the race was to see that Britain retained its traditions of fighting only in defence of a just cause, the only justification war ever had.

Teachers' Association introduced the subject of "Education and International Understanding, and his lecture was one of a series which he has given throughout the Dominion under the auspices of the National Council of Education.

AN UNSETTLED WORLD Briefly reviewing the unsettled condition of the world, the speaker touched upon each country's problems. In Great Britain the unemployment situation had been materially affected by the closing of many of the basic industries of the Old Country, while the increasing birthrate and lower rate of emigration also produced unemployment.

Conditions in France with her devastated areas, in Germany, smarting under the loss of Alsace-Lorraine and her colonies, were reviewed. Mr. Somerville, while agreeing that Germany should be called upon to pay her indemnities to the utmost farthing, spoke of the difficulties attendant upon the extraction of this payment. The United States had its problems, the best part of which was the gold situation, while the color question was an ever-recurring difficulty.

EDUCATED AGITATORS Further East was Egypt, which the speaker described as an ungrateful country in chronic state of unrest, largely due to the machinations of Egyptian students; India, with its turbulent agitators wanting home rule on the one hand and on the other, the masses who wanted the retention of British rule. China, too, was in the throes of disturbance, where the chief malcontents were often the students who had been educated through the medium of colleges founded by the indemnity money paid to Great Britain and the United States after the Boxer rebellion.

These conditions all caused a good deal of comment as to the wisdom of educating these Orientals according to Occidental standards. "It is the other fellow's viewpoint."

"DIAMOND DYE" ANY GARMENT, DRAPERY Just Dip to Tint or Boil to Dye Each 15-cent package contains directions so simple any woman can tint soft, delicate shades or rich, permanent colors in lingerie, ribbons, skirts, suits, dresses, curtains, draperies, coverings, hangings, everything. Buy Diamond Dye—no other kind—and tell your druggist whether the material you wish to color is wool or silk, or whether it is linen, cotton or mixed goods. (Adv.)

# FOG DELAYED EMPRESS OF RUSSIA ON LAST STAGES OF TRANSPACIFIC VOYAGE

### Canadian Pacific Ship Brings 750 Tons of Raw Silk From Orient; Agent for Tokio Administration Will Negotiate Foreign Loan.

Running in fog for the last twenty-four hours of her voyage the C.P.S.S. Empress of Russia docked at 8.25 a.m. today from Yokohama with a heavy silk cargo and 1,500 bags of mail. The raw silk freight amounted to 750 tons.

Capt. A. J. Holland, R.N.R., reported a fine run with smooth seas and a good crossing to within a day's run of this port when fog was encountered. The Empress of Russia reached William Head soon after daybreak and docked later when the fog lifted.

Hon. Newton W. Rowell, K.C., former leader of the Liberal opposition in the Ontario Legislature from 1911 to 1917, accompanied by Miss Mary Rowell, was a passenger on board, returning from a three months' pleasure tour in the Antipodes.

Mr. Kemps Mori, financial agent for the Tokio administration in negotiations to be opened at New York and London for a new Japanese loan, was on board, en route to New York on the first stage of his mission.

H. M. Birch-Jones, a former Victorian and son of parents resident in this city, is en route to London after a ten-day stay here. Mrs. Birch-Jones accompanied him.

C. Haseltine, prominently identified with shipping at Yokohama, disembarked and will take up residence at 841 Transit Road.

E. M. Eachrach, well known automobile dealer of Manila, was a passenger on board, en route to business mission to the United States.

A foreign film group on board was that of a number of Russian immigrants, survivors of Czarist regime, coming with their wives and children to settle in this country. They were met at the dockside by General Merkuloff and friends here.

Of a 1,500 ton consignment of mail the Empress of Russia set 900 tons ashore here. She had only a light tonnage for local discharge and cleared at 9.50 a.m. for her terminal port.

## PAIN IN BACK AND SIDES

### Ended by Taking Lydia E. Pinkham's Vegetable Compound

Fuslier, Sask. "For two or three days every so often I would have such pain in my back and sides that I could not do anything - could not even lie quietly in bed, and my head ached, too. I was this way about three years, but was worse after I was married. I was on a farm with not a house nearer than five miles and there was not a person to advise me, as my folks lived in Manitoba. My sister-in-law told me about Lydia E. Pinkham's Vegetable Compound and told me to try it. I took her advice and have been thankful for it ever since. After taking the medicine for two months I can say it has helped me a lot and I am doing fine. I am glad to recommend the Vegetable Compound to others and you may publish my testimonial." - Mrs. HELEN BALANOFF, Fuslier, Saskatchewan.

Often women slight trouble will cause a general upset of the system. Such symptoms as nervousness, painful times, irregularity, backache and headache indicate some form of female weakness.

Women so bothered should give Lydia E. Pinkham's Vegetable Compound a trial. This dependable medicine has helped thousands of women and it is reasonable to expect that it will help you. Try it today. Your druggist sells this medicine.

# SS PEARY BACK FROM MACMILLAN ARCTIC VOYAGE

### Commander MacDonald Convinced Aircraft Operation Feasible

### Short Wave Radio Established Efficient Service on 35.7 Metres

Sydney, N.S., Oct. 6.—After a brief call here the United States steamer Peary has sailed for Wisconsin, Maine, on her return from the Far North as part of the MacMillan expedition. Commander MacDonald said that MacMillan himself, in the Peary, probably would not call here, but would go through the Bering Sea, via St. Peter's to save a day on his trip south.

The Peary had a hard time of it last Friday night in the storm which raged in the gulf and the wings of the aeroplane which she carries on deck were damaged. She is well laden with supplies and trophies of the expedition North.

Slight damage to the upper-deck was caused by fire which broke out near the aeroplane when the ship was at sea on Friday. Sparks from the funnel were the cause of the fire. Commander MacDonald reports that the expedition has proved the feasibility of aircraft for Arctic exploration and that the short wave radio is effective for communication with the Far North, 35.7 metres having given the best satisfaction.

One of the trophies—a rare blue fox captured in North Greenland, was missing when the Peary arrived. Two of the animals, which were intended for presentation to the New York Zoo, escaped while the Peary was at Curling, Nfld. One of them was recaptured later.

## PRESENT CASE FOR SIDNEY BREAKWATER

### Subject Discussed at Conference at Chamber of Commerce

The need of better facilities for shipping at the head of Saanich Peninsula was discussed yesterday afternoon at a conference at the Chamber of Commerce of representatives of the Victoria Chamber of Commerce and the Sidney Board of Trade when J. P. Forde, during the discussion on breakwaters pointed out a vast expenditure would be involved. A suggestion he offered which received considerable approval was that the best way to meet the situation appeared to him to be the transferring of the work to Roberts Bay, where nature had provided well for the protection of the small shipping. It was easy of reach from Sidney and if the people of Sidney were agreeable to the carrying out of an expenditure of a few thousand dollars to do the work, it would stand the stress of the occasional weather conditions that prevailed off Sidney an expenditure of about \$100,000 would be required. The work at Roberts Bay would be easily done with the expenditure of a few thousand dollars.

The suggestion was made that if the people of Sidney were agreeable to the Roberts Bay proposition arrangements could be made for the carrying out of a general scheme looking to the centering of all the shipping business there, with the exception of that carried by large vessels which had no difficulty at the present time. In Roberts Bay the present temporary facilities could be converted into a place where small craft could tie up and there would also be a landing in time for the landing of the ferry steamers that operate during the Summer.

## DISTRESS SIGNALS TRACED TO UMATILLA LIGHTSHIP OPERATOR

Portland, Ore., Oct. 6.—Three men in a rowboat from the Umatilla Lightship, which was drifting early today, causing the sending of radio distress signals from the lightship, have been rescued by the Umatilla Company's radio station here reported today.

The plight of the men caused radio calls all along the Oregon and Washington coasts to stand by in the belief that a ship was in trouble, according to a special message to the Portland Telegram from the North-head naval radio station.

The message said the men had failed to return to the lightship and as the radio man of the light vessel was in the small boat, the captain of the Umatilla sent out SOS calls in an effort to have coastguard men search for the missing men.

Radio operators at first were unable to receive clear messages from the supposed distressed vessel, and expressed the opinion that some of the crew unfamiliar with radio was attempting to send out the call in the absence of the regular radio man.

North-head radio station first distress call about 4 a.m.

On her own behalf the Russia's wireless cabin had another long distance call to announce, that of continuous reception from the Australian Government station at Sydney nightly across the Pacific until the liner was steaming into this port. His regular sea was 2,000 miles. Press bulletins from the Australian Press Association were copied every night, and at times when station on regular sea was so had to render normal reception impossible on the longer wave lengths.

A full report of the feat will be made to Superintendent Haughton of the Canadian Government Wireless service here by W. Fricker, senior operator, and W. Adams, his assistant, while the Russia is at her terminal port.

Regina operator is completing his 100th voyage across the Pacific on this run. He gives the credit for the long distance reception to his assistant, Mr. Adams, who had one of the original operators on the Russia, when that vessel captured the wireless record of the Empress fleet in pioneer short wave work.

The advertising took the novel form of rotogravure sections of eight pages issued monthly, bearing illustrations of the hunting fishing and other sports of the Pacific Northwest. The advertising was substituted to the point where the names of the responsible firms are cited in a brief column of the rotogravure section, which was devoted wholly to pictures of the Pacific Northwest.

In the current issue of the publication, which is mailed by the office of the line in every city to residents who are likely to be interested, contains excellent illustrations of Victoria and Vancouver islands, and woodlands activities of British Columbia are also shown.

The campaign was instituted in March, 1923, and has been kept up steadily ever since. The appropriation this year was \$150,000, shared by the issuing firm, the University of the Philippines and the office in which King Saul's battle armor was hung as a trophy of the Israelites' defeat at the battle of Gilboa, has been found.

A cablegram notifying the museum of the University of Pennsylvania in Philadelphia, recognized in the Old Testament as the office of the University of the Philippines and the office in which King Saul's battle armor was hung as a trophy of the Israelites' defeat at the battle of Gilboa, has been found.

# SHORT WAVE RADIO OCEAN CROSS REACHES ENORMOUS DISTANCES AT SEA

### R.M.S. Empress of Russia Operators, While in Oriental Waters, Heard Chilean Station 10,000 Miles Distant.

Short wave wireless records have been so frequent and so numerous in the past few months that little interest is paid to details of the various feats, yet the wireless operators of the C.P.S.S. Empress of Russia surely challenge attention by a record made in reception on her most recent voyage.

While nearing Shanghai in the Orient the operators on the Russia picked up an amateur station in Chile, working with a United States warship while the Empress liner was 10,000 miles from the scene. Only one tube was used, a Marconi radiotron 201-A, which, together with a condenser and a few feet of wire in a coil composed the home made set upon which the long distance reception was heard. The wave length used was about forty metres.

On her own behalf the Russia's wireless cabin had another long distance call to announce, that of continuous reception from the Australian Government station at Sydney nightly across the Pacific until the liner was steaming into this port. His regular sea was 2,000 miles. Press bulletins from the Australian Press Association were copied every night, and at times when station on regular sea was so had to render normal reception impossible on the longer wave lengths.

A full report of the feat will be made to Superintendent Haughton of the Canadian Government Wireless service here by W. Fricker, senior operator, and W. Adams, his assistant, while the Russia is at her terminal port.

Regina operator is completing his 100th voyage across the Pacific on this run. He gives the credit for the long distance reception to his assistant, Mr. Adams, who had one of the original operators on the Russia, when that vessel captured the wireless record of the Empress fleet in pioneer short wave work.

The advertising took the novel form of rotogravure sections of eight pages issued monthly, bearing illustrations of the hunting fishing and other sports of the Pacific Northwest. The advertising was substituted to the point where the names of the responsible firms are cited in a brief column of the rotogravure section, which was devoted wholly to pictures of the Pacific Northwest.

In the current issue of the publication, which is mailed by the office of the line in every city to residents who are likely to be interested, contains excellent illustrations of Victoria and Vancouver islands, and woodlands activities of British Columbia are also shown.

The campaign was instituted in March, 1923, and has been kept up steadily ever since. The appropriation this year was \$150,000, shared by the issuing firm, the University of the Philippines and the office in which King Saul's battle armor was hung as a trophy of the Israelites' defeat at the battle of Gilboa, has been found.

# GRAIN RUSH IS SETTING RECORDS

### New Marks Established in Loading and Marketing

Winnipeg, Man., Oct. 5.—With daily marketings of grain on Canadian National lines in the West having topped the three million bushel mark, the rush to the head of the lakes and Pacific points continues unabated and new loading records are being established daily.

Monday's loadings reached a new high mark with 1,580 cars loaded with 2,099,000 bushels. During the week ending Monday a total of 17,317,000 bushels has been marketed at Canadian National shipping points in the West, and in the six days 8,402 cars, containing 11,344,000 bushels have been loaded.

These loadings are far in excess of even the record loadings of 1923, and with good weather conditions threatening to continue loadings will continue to increase. On same date 1923, marketings totaled 1,753 bushels, loadings 491 cars, 809,000 bushels.

Marketings on Monday were 3,444,000 bushels. Saskatchewan grain is beginning to pour into the elevators and cars now. On Monday marketings in this Province reached 2,200,000 bushels and loadings at Manitoba grain in store on lines has now reached 15,208,000 bushels against 5,457,000 bushels last year.

Monday's arrivals and loadings at the Lakes with 24 vessels cleared carrying 4,356,000 bushels. Canadian National arrivals and loadings at the Lakes Heads have passed the thousand mark with 1,166 cars unloaded on Monday.

Over 7,000 Canadian National cars are en route to the head of the Lakes and a total of 344 cars have been delivered at Vancouver.

**NEWS IN BRIEF**

John Robertson was fined \$25 in the city police court this morning for driving to the common danger.

A meeting of Ward Seven Saanich Liberals will be held on Thursday, October 8, at the Liberal Rooms, 3600 Douglas Street, at 8 p.m.

Mrs. Amq Dadds in police court to-day was fined \$50 for having liquor in bottles without a government seal on hotel premises. The fine was paid.

Saanich Ward Four ratepayers' regular meeting has been postponed one week in order not to conflict with a Liberal meeting at Marigold on Wednesday, October 7.

C. H. Dickie, seeking re-election in Nanaimo Federal Riding, will address Saanich Conservatives to-morrow evening at 8 o'clock at the West Saanich Women's Institute Hall, West Saanich Road.

The initial supper of the Triangle Club of the Y.M.C.A. will be held this evening at the Y.M.C.A. commencing at 8:15 o'clock. The election of officers will take place and a programme will be lined up for the coming season.

The members of the Music and Arts Club will entertain friends and new members in the Victoria Club on Friday, October 3, at 8 p.m. This is the first meeting of the season and the ready response of the members promises to make it a success.

Vital statistics of Victoria, for the past nine months, were reported to the City Council last night by Dr. A. S. Price, city medical health officer. There were 554 births, 211 deaths and 318 marriages. Infant mortality being 32.4 of the deaths.

Camoussin Assembly No. 25, Native Sons of Canada will meet Thursday 8 o'clock in the Sons of Canada hall. All members are requested to attend this meeting. The winter programme will be arranged and discussion will take place on junior assemblies.

The regular monthly church business meeting will be held in the Pilgrim United Church on Wednesday evening, October 7, at 8 o'clock. As this will probably be the last business meeting all members are asked to attend.

Motorcycle Constable R. S. Brown of the Saanich police force was severely cut about the head last Saturday evening when the front wheel of his machine buckled on the Bay Road Hill. Seven stitches were required to close the wound.

At the Memorial Hall this evening at 8 o'clock, J. Francis Bursill (Felix Penne) of Vancouver will give an illustrated address on the life and works of Charles Dickens. The lecture will be under the auspices of the Cathedral Women's Parish Guild.

"Cattle are an absolute nuisance in the northern areas of the city," declared Alderman Dewar, last night, when supporting Alderman Woodward's plea for more restrictions upon grazing of cattle unattended. City Solicitor Pringie will report upon tethering of all cattle.

Damage to the city's asphalt plant, resulting from the fire on Sunday, October 5, was estimated at \$1,200, the City Council was last night informed by City Engineer Preston. No insurance was carried, the rate on such structures being prohibitive. Reconstruction is now in hand.

October 10 is the last day for payment of taxes in Saanich at the net amount, and a great increase in receipts is notable. According to municipal officials a larger number of receipts has been issued than at the same time last year; the bank loan is smaller and all indications point to a higher percentage of collections.

The City Council last night telegraphed the Dominion authorities at Ottawa its objection to operation of the tugboat at the entrance to the Inner Harbor, and urged the removal of the equipment as unnecessary to navigation. Mayor Penderay declared Capt. W. T. M. and Capt. C. D. Neroutos consider the horn unnecessary.

St. Matthias Church, Foul Bay, will hold a harvest supper in Margaret Jenkins' School auditorium on Friday, October 9, at 6:30 p.m. Major Harry Watta's orchestra will play and an interesting programme of songs and violin selections will be rendered. Rev. H. T. Archbold will be the chairman.

At St. Andrew's Church to-morrow, commencing at 8 o'clock, Rev. Robert Johnston, D.D., will address a public meeting. Dr. Johnston was for many years pastor of the American Church, Montreal, and has on a number of occasions conducted special missions for the church. He is at present minister in Grace Church, Calgary, which has one of the largest Sunday schools in Western Canada.

The Victoria and District Gardeners' Association will hold their regular meeting to-night at the City Hall at 8 o'clock. The gardeners will hear something of the Pacific Coast Nurseries' Association meeting which will meet here in convention next July. E. Layritz, vice-president for B.C. will be the speaker. A full attendance of members is requested, as new rules and regulations regarding the monthly competition will be discussed.

Mayor Carl Penderay will be in Vancouver to-morrow on behalf of the Victoria and Island Publicity Bureau. He will assist in the drive for funds for the Victoria Bureau, a similar campaign last year among the terminal City business houses with branches in Victoria having netted the bureau over \$1,000 in contributions. The Mayor is confident this will be greatly exceeded this year, as a result of the good results which followed last year's advertising campaign.

Alderman Marchant last night brought before the city council a resolution supporting bonusing new industries by exemption of land and improvements taxes for a term of five years, and also by granting free or cheap water. Sale of city-owned lands in industrial areas at less than list prices to new industries was also proposed to the council. Alderman Marchant, however, has a number of amendments along these lines, but the council tabled the resolution until next week after brief discussion.

The Liberal Women's Forum, at a meeting of its executive yesterday decided to keep the rooms at Broughton Street open each day during the

**MEIGHEN PRESENTS TARIFF VIEWS TO NANAIMO MEETING**

Nanaimo, Oct. 6 (Canadian Press)—"I am not going to enter a promising competition with the Prime Minister," said Right Hon. Arthur Meighen, speaking here today.

He referred to the coal industry of Vancouver Island and urged that the best way to benefit that industry was to protect all industry and build up a bigger market for the island coal.

Mr. Meighen said Premier King was scattering promises over the Dominion. He would promise anything adequate to the needs of all industry any compromise with any conflicting policy to gain power.

The Conservative leader was not prepared to promise any special protection for any industry.

A consistent policy of tariff protection is necessary to enable Canada's manufacturers to compete with those of other countries, was what he aimed at. And he believed that this could not fail to benefit the Dominion as a whole, the coal industry along with every other.

As far as freight rates were concerned, equalization had always been the goal of the Conservative Party.

The basis on which equalization is to be achieved must be fixed on the properly constituted tribunal, the Board of Railway Commissioners and not by parliament or government.

The Railway Commission, if left free of political interference, would fix rate structures on an equitable basis for all the Dominion.

**MANY COMPLAINTS WITHDRAWN FROM REVISION COURT**

The Court of Revision of the Assessment roll, at its session this morning in the City Hall Council Chamber, was agreeably surprised to find that a large number of protesting owners have withdrawn their appeals over the week-end. The list of protests is the smallest to come before the Court of Revision in twelve years.

The Court of Revision consisted of Alderman Todd, chairman, Aldermen Brown, Cullin, Marchant and Blair. After delving into complaints for nearly two hours the court adjourned at mid-day until to-morrow afternoon at 2 o'clock, when visits will be paid to a number of properties alleged to be over-assessed.

**VICE-ADMIRAL GAUNT TO OUTFIT SCHOONER ERIC FOR TRIP AROUND WORLD**

British Naval Officer Lays Plans for Ambitious Project; 150-foot Schooner Bought in Seattle to Be Remodeled Into Yacht; Auxiliary Engines to Be Installed in Sailing Vessel Now Lying at Esquimalt.

The romance of the sea is not dead. Now lying at Yarrow's wharves at Esquimalt is the schooner Eric, 150-foot relic of the days when sailing ships swept in all their glory down the Coast before trade winds to the balmy breezes of the South Sea Isles.

Her owner is Vice-Admiral Sir Guy R. Gaunt, retired from active service in the Royal Navy and a former member of the Imperial House of Commons, where his voice was often raised in defence of naval power.

The Eric was bought in Seattle last week and was towed to Esquimalt, where she is to be remodeled into a yacht for a cruise around the globe. Sir Guy R. Gaunt arrived in Victoria on board the Empress of Asia last July and prolonged his stay in the city for several days so taken was he with the attractions of the city.

The Eric, it is understood, is to be fitted out sumptuously with every conceivable luxury and will have auxiliary engines installed. The world cruise will take in the South Sea Islands, the Mediterranean and British waters, with the possibility of a call at Cowes for the yacht racing classic of the British Isles.

Plans for the adventurous voyage are not yet definitely settled, but it is known the Eric will be outfitted here for her trip.

Sir Guy R. Gaunt, after a brilliant career in the Navy and a prominent one in Imperial politics, played a leading part in the British secret service during the latter stages of the war. Sir Guy sprang into prominence again at New York, where he was in connection with the secret work of the British during the years of the war, when he uncovered a system of espionage which resulted in an exciting run-up in which Sir Guy had many narrow escapes.

**SAYS LEGAL MINDS BEST IN POLITICS**

Lieut.-Governor Addresses Gathering of Bar Association at Luncheon

"Canada needs trained minds in the business world and in the political world," said His Honor W. C. Nichol, Lieutenant-Governor of British Columbia, at a luncheon meeting of the Victoria Bar Association held in the private dining room to-day. "Legal minds are the best for the good of the country politically," he said.

His Honor urged that the members of the Bar Association give more thought to public life.

H. A. Maclean, K.C., moved a vote of thanks to His Honor and declared that the average lawyer of the day interested himself in the affairs of the country at least once a year, and that was when he began to wonder what the government did with his income tax.

J. S. Yates warmly seconded the vote of thanks. The Hon. Mr. Lindley Crease, K.C., chairman of the meeting, introduced the speaker.

A bureau of information will be in charge of Mrs. Crocker after the luncheon meeting with the general meeting on Friday afternoon, tea will be served daily between the hours of 3 and 5 o'clock. Mrs. Crocker will be in charge of the luncheon and Mrs. Bradshaw for Saturday. The ladies of the several wards will take turns at serving tea on the subsequent days.

Saturday's collection in aid of the milk fund of the Dr. J. Jones Hospital, which was held at the Victoria Hotel, was a result for which the committee is most grateful although the amount falls short of similar collections in former years. The Chapter wishes to thank the general public for its wholehearted support, also the Colonist and Times for their advertising assistance. Misses Sara and Monique and the students of Victoria College, the Normal School, H. H. Smith of the High School and Messrs. A. Grogan, J. Sherratt, Permain and Little, who counted the money. Thanks are extended to the Melrose Club for the use of their shop as a headquarters and to all who assisted in making the tag day such a success.

The concert given last night at St. Martin's, Tibbicum, by the Lyric Male Quartette, Messrs. F. L. Tupman, J. M. Thomas, J. W. Buckler and E. T. Hughes, and an instrumental trio, including the Misses Dorothy MacCoy, Mary McKay and Inez Penzer, was a decided success and greatly appreciated. The trio gave two selections from Bohm, "The Gondoliers" and "Alta Maria," and the male quartette gave Perry's "Sailors' Chorus," "Doan You Cry, Ma Honey," "Sweet Sixteen" and "Vocal for a Compadre." The quartette also sang "The Tollers" and "You Better Ask Me." The numerous songs and instrumental pieces by Mr. Tupman and the other members of the quartette were much enjoyed.

The Victoria Fire Department Band will broadcast in connection with Fire Prevention Week from station CFRT by courtesy of the B.C. Electric Co. to-morrow night at 8 to 9:30 o'clock. The following "attractive programme" under the leadership of Albert E. Rumsby: March, "Laurels of Victory"; overture, "Lustspiel"; tenor solo, "Nivars"; George Farmer, concert duet, "Norma"; Messrs. Newall and Coe, characteristic, "Darkey's Dreamland"; tenor solo, "Roses"; George Farmer, concert duet, "We Are Two Wandering Minstrels"; Messrs. Newall and Coe, selection, Sullivan's "Gem of the Opera"; concert value, "Silver Glade"; selection, "Old Favorites"; march, "Sons of Britain"; God Save the King.

**BOOTH MEETINGS**

Thomas H. Booth, the Nanaimo Liberal candidate, will speak this evening at Sidney, assisted by W. M. Ivel, Liberal candidate in the city of Victoria, and C. H. O'Halloran.

Brother-in-law, Mr. Booth will speak at St. Luke's Hall and Marigold Hall.

**SENATOR ROBERTSON AND BRIG.-GEN. CLARK IN DANGER AT SEA**

Nanaimo, Oct. 6 (Canadian Press)—Another vacancy in the Senate might have resulted from a mishap which befell a power boat in the Strait of Georgia to-day. Senator G. D. Robertson was speeding from Vancouver to address a meeting in Comox-Alberni when Brig.-Gen. J. A. Clark, Conservative candidate in Burrard, he set out in a fog in a small launch. A faulty compass led the party on a wrong course. The steamer Princess Alice, en route to Victoria, loomed out of the fog and a collision was avoided by a narrow margin.

The line of a tugboat next menaced the little craft, but that also was dodged by a few feet. About noon, the launch was seen by the heavy sea and the party sighted the Vancouver Island shore, effected a landing and found itself near Nanaimo. This afternoon Senator Robertson and General Clark and their party motored out to Royston to address the postponed meeting.

Right Hon. Arthur Meighen, who had intended going with the original party to Royston, came to Nanaimo on the regular boat.

After putting the passengers ashore at Lantville, the launch was headed also by the heavy sea. The launch was broken. The boat's engineer, Sam Johnston, was injured and taken to the hospital when the launch reached Nanaimo.

Vancouver, Oct. 6.—Harry Melnitch, prominent Vancouver lumberman, dropped dead in the court house here to-day as he was running along a corridor in response to a constable calling him to take his place on the Assize Court jury which had been hearing a man slaughter charge. A new jury will have to be empanelled to rehear evidence already given in the case, which involves Alan D. Murphy, who was charged following a traffic accident here.

**MIGRATION PLAN OF BRITISH COMMONS TOLD TO KIWANIAN**

A. A. Somerville, M.P., Sees in Club Means of Supervising Youthful Immigrants

A. A. Somerville, M.P., for Windsor, England, addressed the Kivwanian Club to-day on Empire migration, stressing advantages to Britain and Canada of transfer of unemployed lads from England to Canada's waiting opportunities.

"It seems a great pity that we cannot get one another more in this matter," he said, after describing British conditions.

In each year from 300,000 to 400,000 lads of fourteen years come on the British labor market, finding no trouble in getting errand-boy jobs for two years. Large numbers come on the dole system two years later, when eligible, having no training in any craft.

"These boys are good stuff," he assured the Kivwanians. "Think of the capital value of these young men. It is a pity to let material run to seed which would make good if you had it here.

"The weakness of settlement schemes lies in the need of supervision of these young folk," he said, with praise of the Australian "Brother" innovation.

**MONEY AVAILABLE**

"We want to get these people out to you young. There is a scheme which I and colleagues in the House of Commons have much at heart. We have a fund of £3,000,000 yearly for assisting immigration. We do not need £500,000 of that. We would like to see a million of that yearly grant capitalized, that would give us £100,000,000, wherewith we could select, by the advice of honest men, suitable lads for settlement.

"Why should not a tract of land in this Province be taken up, and with a portion of that capital developed with railway and farms. It will make traffic for your railways, commerce for your people and business with the Old Country.

"This is an idea which, of course, would have to be carefully worked out, and commenced experimentally.

"What I put to you is this, think of the possibility of making your club an imperial instrument to be used in bringing to good use material now running to seed, but of vast potential value to the Empire," he concluded amid applause.

**JURYMAN DROPS DEAD IN VANCOUVER COURT**

Was Running Along Corridor to Take His Seat

Vancouver, Oct. 6.—Harry Melnitch, prominent Vancouver lumberman, dropped dead in the court house here to-day as he was running along a corridor in response to a constable calling him to take his place on the Assize Court jury which had been hearing a man slaughter charge. A new jury will have to be empanelled to rehear evidence already given in the case, which involves Alan D. Murphy, who was charged following a traffic accident here.

**VICE-ADMIRAL GAUNT TO OUTFIT SCHOONER ERIC FOR TRIP AROUND WORLD**

British Naval Officer Lays Plans for Ambitious Project; 150-foot Schooner Bought in Seattle to Be Remodeled Into Yacht; Auxiliary Engines to Be Installed in Sailing Vessel Now Lying at Esquimalt.

The romance of the sea is not dead. Now lying at Yarrow's wharves at Esquimalt is the schooner Eric, 150-foot relic of the days when sailing ships swept in all their glory down the Coast before trade winds to the balmy breezes of the South Sea Isles.

Her owner is Vice-Admiral Sir Guy R. Gaunt, retired from active service in the Royal Navy and a former member of the Imperial House of Commons, where his voice was often raised in defence of naval power.

The Eric was bought in Seattle last week and was towed to Esquimalt, where she is to be remodeled into a yacht for a cruise around the globe. Sir Guy R. Gaunt arrived in Victoria on board the Empress of Asia last July and prolonged his stay in the city for several days so taken was he with the attractions of the city.

The Eric, it is understood, is to be fitted out sumptuously with every conceivable luxury and will have auxiliary engines installed. The world cruise will take in the South Sea Islands, the Mediterranean and British waters, with the possibility of a call at Cowes for the yacht racing classic of the British Isles.

Plans for the adventurous voyage are not yet definitely settled, but it is known the Eric will be outfitted here for her trip.

Sir Guy R. Gaunt, after a brilliant career in the Navy and a prominent one in Imperial politics, played a leading part in the British secret service during the latter stages of the war. Sir Guy sprang into prominence again at New York, where he was in connection with the secret work of the British during the years of the war, when he uncovered a system of espionage which resulted in an exciting run-up in which Sir Guy had many narrow escapes.

**SENATOR ROBERTSON AND BRIG.-GEN. CLARK IN DANGER AT SEA**

Nanaimo, Oct. 6 (Canadian Press)—Another vacancy in the Senate might have resulted from a mishap which befell a power boat in the Strait of Georgia to-day. Senator G. D. Robertson was speeding from Vancouver to address a meeting in Comox-Alberni when Brig.-Gen. J. A. Clark, Conservative candidate in Burrard, he set out in a fog in a small launch. A faulty compass led the party on a wrong course. The steamer Princess Alice, en route to Victoria, loomed out of the fog and a collision was avoided by a narrow margin.

The line of a tugboat next menaced the little craft, but that also was dodged by a few feet. About noon, the launch was seen by the heavy sea and the party sighted the Vancouver Island shore, effected a landing and found itself near Nanaimo. This afternoon Senator Robertson and General Clark and their party motored out to Royston to address the postponed meeting.

Right Hon. Arthur Meighen, who had intended going with the original party to Royston, came to Nanaimo on the regular boat.

After putting the passengers ashore at Lantville, the launch was headed also by the heavy sea. The launch was broken. The boat's engineer, Sam Johnston, was injured and taken to the hospital when the launch reached Nanaimo.

Vancouver, Oct. 6.—Harry Melnitch, prominent Vancouver lumberman, dropped dead in the court house here to-day as he was running along a corridor in response to a constable calling him to take his place on the Assize Court jury which had been hearing a man slaughter charge. A new jury will have to be empanelled to rehear evidence already given in the case, which involves Alan D. Murphy, who was charged following a traffic accident here.

**GYROS HOPE TO PUT OUT ANOTHER COMEDY HERE NEXT SEASON**

C. H. Lewis Intends to Return and Help Clubmen Stage Another Show

There is a strong probability that the Gyro Club will produce another musical comedy next year under the direction of C. H. Lewis. Following the success of "The Beauty Shop" last week the clubmen took up the matter with Mr. Lewis, and he intends to return next year to show equally as good as "The Beauty Shop."

Mr. Lewis's services are in constant demand by the Gyro Club for Nanaimo, where he will direct the Gyro Club in the production of "The Beauty Shop" in two weeks' time. Three members of the Nanaimo Gyro Club attended Saturday night's performance at the Royal Victoria Theatre, and were so enthusiastic over it that they hastened back to Nanaimo, called a meeting and issued an invitation to Mr. Lewis to go there. From Nanaimo Mr. Lewis will proceed to Edmonton, where the Gyro Club will stage "The Beauty Shop." The Gyro Club in Winnipeg is now seeking his services.

Last night at the Chamber of Com-

merce the Gyro Club entertained Mr. and Mrs. Lewis and members of the cast and their friends at an informal dance. Gyro Charlie Hunt and his tantalizing musicians provided the music. Dancing started at 8 o'clock and continued until midnight, save for a supper at 10 o'clock.

After the supper several presentations were made. President Harold Butcher made a presentation to Mr. and Mrs. Lewis of a purse of gold from the Gyro Club for the splendid way in which he had put over "The Beauty Shop." Many kind words were said of the way in which Mr. Lewis had taken Eren talent and whipped it into brilliant form inside of two weeks, and the courteous way he had treated all.

Gyro Art Kerr (Dr. Budd) on behalf of the cast presented Mr. and Mrs. Lewis with a traveling clock. Mr. Lewis, replying in both instances spoke of the keen joy he had had out of associating with the Victoria cast, and said that when he returned to Victoria he would welcome joining up with the same people and putting over his next show.

Gyro Archie Mullie vice-president of the club, presented the prizes to the best ticket-sellers. Mrs. E. W. Bethington won the ladies' prize, and Louise Glazen the men's prize.

**OBITUARY**

Funeral service for the late John Leonard Young was held yesterday afternoon at 2 o'clock at Hayward's B.C. Funeral Chapel by the Rev. F. A. Chadwick. There was a large gathering of friends, and many beautiful floral designs covered the casket and hearse. The following gentlemen acted as pallbearers: Messrs. W. D. Mitchell, J. Turgeon, George Stannard, W. Martindale, J. L. Brooks and M. McClelland. The body was laid to rest at St. Michael's Cemetery, Royal Oak.

# WORLD'S SERIES OF TOMORROW

## Right-handed Pitchers Carry Hopes of Clubs

Walter Johnson to Hurl for Washington and Lee Meadows for Pittsburg; First Time in History of Baseball That Spectated Twirler Has Taken Mound; Pittsburg Greatly Excited; Over Half-million Dollars Turned Back to Fans Seeking Tickets

Pittsburg, Pa., Oct. 6.—The hopes of two champion baseball clubs have been placed in the arms of right-handed pitchers. Stanley Harris, manager of the Senators, has announced Walter Johnson as his choice for the opening game of the world series at 2 p.m. to-morrow, while Bill McKechnie, Pirate leader, has nominated Lee Meadows and Vic Aldridge for the opening two games.

McKechnie has not decided upon the order of his moundsmen's appearance, and Harris, although optimistic, conveyed doubt as to the ability of Stanley Coveleskie to assume the burden in the second game.

Yesterday all indications pointed to a clash between Johnson and Meadows on opening day, to be followed by a Coveleskie-Aldridge duel, leaving third game rivalry to the sturdy left hander of the clubs, Reuther of the Senators and Yde, youthful Pirate.

Injury may play a part in the drama about to be unfolded. The two second basemen, Manager Harris of the Senators and Eddie Moore of the Pirates will be handicapped by lame fingers.

The Washington manager admitted an aching finger, may go back to the Cleveland-Brooklyn series of 1920 would be ready to take his turn. Roger Peckinpaugh, veteran shortstop, will enter the battle with a weak right leg.

Extra seats have been piled in almost every section of the ball park and it is expected that 45,000 can be accommodated here.

The new field, a "hand box," the Pittsburgh sports writers term it, was used by the Senators in their practice to-day. McKechnie insists that a ball must travel fully 300 feet on the right field foul line to reach the stands, although the wall appears to the spectator to be much closer.

Meadows will draw the assignment if the prediction of clear and warm weather is fulfilled. If it is overcast, however, Aldridge, another seasoned right-hander obtained from the Chicago Cubs this year, may be the opening selection.

McKechnie settled definitely, however, the only other question about his moundsmen, Reuther and Moore would be at second base and George Stuffy McIntire, veteran, who is entering his ninth series.

McKechnie, who manages the Pirates, will not play. He is known as a bench manager. He is a clever leader, but does not attract the attention that Harris does.

## World Series Comparisons Pirate Pitchers Loom Up As Being More Consistent

Pitching is considered seventy per cent of a team's strength. Such being the case a comparison of the world series pitching possibilities is interesting. The Pittsburgh club offers a balanced pitching staff made up of likely youngsters and experienced veterans. What more could be desired?

The veteran "Babe" Adams leads the list. I umpired in the 1903 world series between Pittsburg and Detroit, in which "Babe" Adams won undying fame by capturing three games, some feat in a short seven-game clash.

Adams in those days boasted a great curve ball. The Detroit club didn't like curve ball pitching, mixed with a change of pace. Adams had that, too. The result, three victories for "Babe."

That was sixteen years ago. Adams hasn't all of the natural stuff he boasted in 1903 but he still retains the sharp-breaking curve and the master-throwing "Babe" is a right-hander.

In a sense, the Pittsburgh staff might be called a curve ball aggregation. No pitcher in the majors boasts a better curve ball than Johnny Morrison delivers with that good right arm of his. Meadows has always been noted for his hook and Vic Aldridge prizes the curve as one of his best assets.

Thus four right-handers, Adams, Morrison, Meadows and Aldridge, place much dependence on curve-ball pitching. Of course, they also have the usual assortment of other necessary stuff.

Ray Kremer has a great fast ball. He mixes with it a deceptive change of pace. Kremer goes to the curve ball perhaps less than any man on the Pirate staff.

The southpaw burden of the club is carried by Emil Yde. Last season, his first in the majors, he accomplished the remarkable feat of leading the National League pitchers, with sixteen victories and only three defeats.

After a none too good start this year, he is proving that his first-year record was no mere flash-in-the-pan. Then there is the veteran Tom Sheehan, secured from the Cincinnati Reds after the opening of the season. Sheehan is smart and has the average stuff.

The Washington pitching is something of a problem. Walter Johnson, the ace of the world champ's staff, is in a sense a bit of an uncertainty.

Walter, when he has one of his good days, is the Johnson of old. When he has one of his just fair days, he is not so good.

Time and again, however, have taken much out of Johnson's great right arm. Few pitchers can point to nine years of campaigning and still be as good as he is.

The case of Stanley Coveleskie, veteran spitballer, is not unlike that of Johnson. Almost constant use of the spitball has taken much out of Coveleskie's right arm. Still a great pitcher, he is only the Covic of old in spots.

There is also a tendency to weaken later in the game. Despite all these things, Coveleskie has had one of his best years.

"Dutch" Reuther, waived out of the National League to stardom in the American, still has the deceptive curve ball that made him famous, also a keen knowledge of pitching. Reuther is a southpaw.

## Who Will Win World's Series?

Two best clubs in baseball meeting. "Breaks" likely to determine winners. Pittsburg has power and youth. Washington has experience and spirit. Washington infield uncanny.

Who is going to win the world series? That's a question on which every fan seeks enlightenment. Eight National League managers have already picked Pittsburg, while the same number of American League leaders have named Washington.

That is an annual custom. Loyalty usually sways the managerial judgment in picking the winner. It would probably be regarded as high treason to do otherwise.

Pittsburg is regarded as one of the greatest teams that has ever represented the National League in the world series. It has a world of speed and boasts very capable pitching. It is richly deserved to win the National League pennant.

Likewise, Washington is a great club, the best in the American League. There has been no fluke connected with the victory of either club. The two series clash will be a battle between the two logical contenders.

It is doubtful if two more evenly matched clubs have met in the Fall classic. A careful analysis of the strength and weakness of the two teams would probably give the Giants an edge in the series of last year in an admitted margin but didn't win.

PEBBLES DECIDED LAST SERIES. No one knew in advance that the Washington groundskeeper would have two pebbles in just the proper spot to turn apparently easy outs into base hits.

Those two pebbles had much to do with deciding the issue and credit to the fact that in the final inning of the deciding game "Hank" Gowdy would trip over his own back and fall to catch an easy fly from "Muddy" Ruel's bat.

No one knew that Fate would then step into the picture and order the slip by cracking out a two-bagger, the forerunner of the winning rally. It is baseball tradition that the victor in a world series.

There does not appear a distinct mark of superiority between the two clubs which one could definitely pick the winner. After all, a short series is not a true test.

The breaks will no doubt again play a major part in the final outcome. The breaks and courage are two features that cannot be overlooked in a seven-game affair.

The average fan who thinks Pittsburg has the power at the bat but plays seldom run true to form in the blue ribbon classic. Often some ordinary pirates are the shining stars.

Pittsburg has more speed but Washington is far from slow. The standpoint of pilfering bases, as a debatable asset. With each game meaning so much, managers rather than the take-a-chance kind.

Pitching is always the most important factor. In this respect, Washington has a fairly consistent and formidable edge but you can never tell.

During the final month of last season, Southpaws Zachary and Morrison were the American League. Both were pitched out, yet it was these two pitchers who stopped the revival of the Giants and saved Washington's pitcher possible.

## Pictorial Golf Instruction

By H. B. Martin. Pivot Governs Distance in Iron Club Play. Another Vancouver football eleven will perform here on Saturday afternoon when the North Shore United clash with the Veterans at the Royal Athletic Park in the Pacific Coast League match.

North Shore have a formidable club, and last Saturday lost a hard match to Cumberland, being beaten by the odd goal. They have yet to win a match and, as the Vets have not yet chalked up a victory, the battle will determine which club stays in the cellar position.

At present, Cumberland are leading the league, having won five games, of which they have won four, lost none and drawn one for a total of nine points. St. Andrew's of Vancouver are in second place, having performed in four games, two of which they have won, while the other two have been drawn for a total of six points.

Westminster United are holding down third place with two wins, one loss and one drawn match. Cumberland played here a few weeks ago, and defeated the Veterans by a lone goal.

Cumberland are also the best goal getters, having scored thirteen counters, while nine have been scored against them. Last season, second with eleven for and six against.

VETS TO PRACTICE. The Veterans' football team will hold a work-out to-night at the Veterans of France clubrooms and another on Thursday evening. A meeting of the Veterans' Council will be held this evening at the clubrooms sharp at 7 o'clock.

The First Division has three matches scheduled for Saturday afternoon. Esquimalt, who are leading the league, will clash with Victoria United at Central Park with Alcock in charge. James Island will take on the Islanders at the first time this season. Payne will referee this match. The Sons of England and United States will meet at the Beacon Hill in the third game with Stokes handling the whistle.

All games will start at 3 o'clock. The Wests, who are in second place on their schedule, will go after another mark in the win column. The Islanders have suffered two defeats, but hope to chalk up their initial victory in the Saturday League.

A good match should be seen when the Sons of England tangle with the United Services at Beacon Hill. The Services demonstrated they have a great team by their decisive victory over the Victoria United last week. The Sons have a strong Services step which will make them a hard team to beat.

The Victoria United will attempt to retrieve their lost honors at the expense of Esquimalt at the Central Park. Esquimalt have been traveling at a fast clip, and will be a hard team to beat.

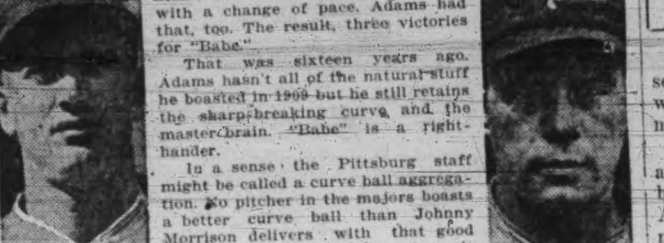

Chantilly, France, Oct. 6.—Jean Cassels, Chantilly, former titleholder, playing remarkable steady golf, put France ahead in the French golf open championship yesterday, leading at the start of the first 36 holes with a score of 146. Arthur Compton and George Duncan, of England, were tied for second place with 147.

LEXINGTON RACING. Lexington, Ky., Oct. 6.—The fifty-third annual meeting of the Kentucky Trotting Horse Breeders' Association was started here yesterday with a grand circuit card under auspicious circumstances. One of the largest crowds that has attended a first day here in years saw Arden Homestead's stable's Peter Malmy, driven by Will Dickerson, win the Kentucky Trotting Cup for two-year-olds. The Walnut Hall Cup for 2:08 trotters went to Crawford, driven by T. W. Murphy. Both horses were comparatively new winners.

The sport was marred by a spill in the first heat of the Walnut Hall. Fortunately none of the drivers or horses were seriously injured, the drivers were White and Murphy were considerably bruised.

The evidence presented in the grand stand to show that Driver Harry Putnam, behind Todd Hart, was in fault. His mount was declared distanced and judgment in his case was reserved until after Crawford, driven by Murphy, and Harry Ford, driven by White, had been up. It was then that Driver Todd Hart was pulled up, going a short distance in the race and was further due to injury to his horse and wheel. This left only Bob Armstrong to finish the heat, he trotted out of the slowest heat ever trotted in the Walnut Hall.

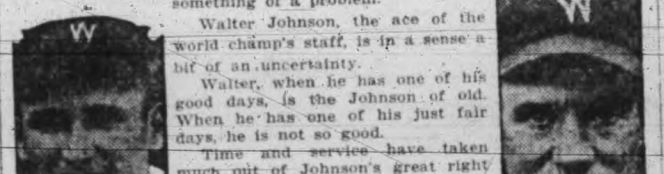

NEW YORK, Oct. 6.—Finishing the 1925 baseball season with a mark of 280 Ty Cobb, manager of the Detroit Tigers, equaled one of the few major league batting records that he had not previously held or shared. The Georgia mark this year made the twelfth season in which he has batted better than .300, the only other player in the major leagues to have accomplished that being the late Adrian C. "Duke" Fuld, who in 1912 and 1913 batted .300 or better. Cobb's record was made in a string of 300 marks, which include three seasons above .400 in consecutive years, while Anson tumbled out of the select circle two seasons.

NOTE THE EXTREME PIVOT. THE TOP OF THE SWING FOR THE FULL IRON SHOT. PICTORIAL INSTRUCTION.

Iron club play is simple enough when one understands the fundamentals. Most golfers do not understand how an iron should be played. The picture shows a player at the top of his swing about to descend on the ball with his midiron.

It will be observed that he has pivoted quite a great deal, just as much as if he was using a wooden club. There has been the same foot action also but the swing is not so wide. Bobby Jones plays his irons in the manner described. Bob can get just as much or just as little distance as he requires by a full pivot or a half pivot. For shorter shots the club would not be taken back quite so far.

(Copyright, 1925, by the Bell Syndicate Inc.)

## English Eleven is Selected For First International Match

London, Oct. 6 (Canadian Press Cable).—The following team has been selected to represent the English in the international soccer game against Ireland, to be played in Belfast on Saturday, October 24.

Smart, Aston Villa and Wadsworth, Middlesbrough, backs; Dan, the Wednesday, G. Armitage, Charlton Athletic, and Bromley, Liverpool, half-backs; Austin, Manchester City; Puddefoot, Blackburn; Claude Ashton, Corinthians; Walker and Doxey, Aston Villa, forwards. The team will be captained by Ashton.

## B.C. Amateur Ball Makes Much Money; Talk Amateurism

Vancouver, Oct. 6.—At the British Columbia Amateur Baseball Association on Saturday night statements of receipts and expenditures covering the recent provincial championship series in "A" and "B" grades were presented and approved. The figures show that in the senior "A" series the total gate receipts of \$1,800, of which ten per cent of the eighty-one course were nearly \$6,000, of which ten per cent of the eighty-one course were taken out to set aside to form the nucleus of the new benevolent fund.

Several amendments to the constitution were proposed, most of which will be forwarded to member leagues for their consideration and action at the annual meeting in the March. One of the amendments, withdrawal of the Association from the A.A.U., but discussion at the meeting was unfavorable to the amendment. The residence for six months prior to August of any player participating in the play-offs.

## GLENNA COLLETT OFF GAME

Chicago, Oct. 6.—Glenna Collett, winner of the women's national golf championship at St. Louis on Sunday, had a score of ninety-four yesterday over the par of the course in the qualifying round of the club's invitational tournament. She leads the field with a score of eighty-three.

"Cove" doesn't tire. He is certain to better the Pirate, the possibility that Alex Ferguson will be a factor in the series from a Washington standpoint. His varied assortment of league batting records that he had not previously held or shared. The Georgia mark this year made the twelfth season in which he has batted better than .300, the only other player in the major leagues to have accomplished that being the late Adrian C. "Duke" Fuld, who in 1912 and 1913 batted .300 or better. Cobb's record was made in a string of 300 marks, which include three seasons above .400 in consecutive years, while Anson tumbled out of the select circle two seasons.

## Wednesday League Managers Active Moulding Elevens

Clubs Take Advantage of Tomorrow For Final Practices; Open Next Week

Wednesday League football teams intend to use to-morrow afternoon as a practice day, as it will be their last chance to get a line on their material before the season opens. The teams are billed to get into action on Wednesday of next week, two games being scheduled.

The Wednesday League managers are rounding up strong, fast clubs, and intend to provide the mid-week ball during the winter months.

The Wednesday League has proved extremely popular in the past, and always attracts big crowds. Those behind the league are always anxious to provide the very best attractions for those who pack the side-lines and, as a result, are sparing no efforts to have the league well-attended.

Five clubs have entered, and this will assure two matches each week. The Hudson's Bay and United Services will hold a joint practice to-morrow afternoon at 3 o'clock at Work Point barracks. Both clubs will be well rounded out and expected to figure in the battle for the Pendry Cup, emblematic of the title.

## Seventy-five Elk Stop Golf Match In Quick Style

Benf. Alta., Oct. 6.—Seventy-five elk met to-morrow to a golf match here Sunday. They stampeded across the thirteen green while a young bull, more daring than the rest, charged a party of players. It was Johnny Dundee and Babe Herman in the fifteen-round headliner, was postponed until next Monday afternoon, Columbus Day, at 3 o'clock.

## Tatra Ousts Bellman As Favorite in Race At Newmarket Oct. 14

London, Oct. 6 (Canadian Press Cable).—Latest betting on the Cesarewitch, run at Newmarket on October 14, shows Tatra, winner of the Jockey Club stakes last week, installed as firm favorite at 100-14 against. Other prices: Bellman 100-8 against; Mandelstam and Viennet, 100-7 against; Winatol and Ormuzd, 16-1 against; Confirmation, 22-1 against; Onyx, Shining Spear, D.S. and Dumas 25-1 against; Julio, 23-1 against; and Magnum Bonum, 33-1 against.

Betting on the Cambridgehire, run at Newmarket, on October 28; Twelve Pointer, 100-7 against; Brighter, Lexion 18-1 against; Amerysthery, Diaphone and Blue Gate, 20-1 against; Popsinorum, 33-1 against.

## Girl Ball Team Too Smart For Seattle

Seattle, Oct. 6.—After handing the Seattle Indians the small end of a 14 to 1 score in a baseball game here yesterday the Philadelphia Bobbies, a team of girl athletes, leave here to-night on the President Jefferson of the American Oriental Mail Line to tour the Far East. Seattle regular players started to-day's game but later dropped out and gave the Indian substitutes a chance. The game is being managed by Eddie Anshutt, former major league catcher.

## FIGHT POSTPONED

New York, Oct. 6.—The programme of boxing exhibitions scheduled for the Polo Grounds last night in which Paul Berlenbach, world's light heavyweight champion, was matched to fight King Solomon of Panama in the fifteen-round headliner, was postponed until next Monday afternoon, Columbus Day, at 3 o'clock.

The New York State Athletic Council sanctioned the postponed date after it had been assured that the field was in no condition for the match in consequence of rain last night and this morning.

Promoter James J. Johnston announced that the card as originally arranged would be retained next Monday. Johnny Dundee and Babe Herman will clash in the semifinal, and Jack Bernstein and Sid Ferris in one of the preliminaries.

JOHNSON MAY BE EASY. Speed is also said to be to the liking of the Pirate and speed is still one of Walter Johnson's best assets. It wouldn't surprise if Coveleskie's spittball proved troublesome to the

## Amateur Football Eleven Badly Beat Professional Team

Ashton Plays Phenomenal Game For Simon-pure in Annual Match at London

London, Oct. 6.—The amateur team yesterday defeated the professional eleven in the annual charity cup soccer contest, played this year at Tottenham. The score was 6-1.

The professional team was composed of players who recently visited Australia. The game was played in fine weather and attracted a crowd of 5,000.

The teams were: Professionals—Hardy, Stockport County, Charlton, Exeter City, Poynton, Tottenham Hotspurs; Hamilton, Crystal Palace; Spencer, Newcastle; Graham, Millwall; Hannaford, Clapton Orient; Walsh, Liverpool; Simm, Southampton; Bikes, Tottenham, and Seymour, Manchester.

Amateurs—Howard Baker, Chelsea; Smart, Aston Villa and Wadsworth, Middlesbrough, backs; Dan, the Wednesday; G. Armitage, Charlton Athletic, and Bromley, Liverpool, half-backs; Austin, Manchester City; Puddefoot, Blackburn; Claude Ashton, Corinthians; Walker and Doxey, Aston Villa, forwards. The team will be captained by Ashton.

## Ty Cobb Shares Anson's Record of 300 Hitting

New York, Oct. 6.—Finishing the 1925 baseball season with a mark of 280 Ty Cobb, manager of the Detroit Tigers, equaled one of the few major league batting records that he had not previously held or shared. The Georgia mark this year made the twelfth season in which he has batted better than .300, the only other player in the major leagues to have accomplished that being the late Adrian C. "Duke" Fuld, who in 1912 and 1913 batted .300 or better. Cobb's record was made in a string of 300 marks, which include three seasons above .400 in consecutive years, while Anson tumbled out of the select circle two seasons.

The evidence presented in the grand stand to show that Driver Harry Putnam, behind Todd Hart, was in fault. His mount was declared distanced and judgment in his case was reserved until after Crawford, driven by Murphy, and Harry Ford, driven by White, had been up. It was then that Driver Todd Hart was pulled up, going a short distance in the race and was further due to injury to his horse and wheel. This left only Bob Armstrong to finish the heat, he trotted out of the slowest heat ever trotted in the Walnut Hall.

NEW YORK, Oct. 6.—Finishing the 1925 baseball season with a mark of 280 Ty Cobb, manager of the Detroit Tigers, equaled one of the few major league batting records that he had not previously held or shared. The Georgia mark this year made the twelfth season in which he has batted better than .300, the only other player in the major leagues to have accomplished that being the late Adrian C. "Duke" Fuld, who in 1912 and 1913 batted .300 or better. Cobb's record was made in a string of 300 marks, which include three seasons above .400 in consecutive years, while Anson tumbled out of the select circle two seasons.

NEW YORK STOCKS  
NEW YORK STOCK EXCHANGE, OCTOBER 6, 1925  
(Supplied by two local stockbrokers over direct New York wire)

Last Minute News on Stocks  
and Financial  
Affairs

New York, Oct. 6 (By R. Clark & Co.)—A sharp reactionary tone featured today's dealings in securities in a large number of stocks extending from one to five points and many of the recent favorites were in free supply.

Table with columns: High, Low, Last, Bid, Asked. Lists various stocks including Am. Sugar, Am. Tobacco, Am. Cotton, etc.

WINNIPEG GRAIN  
Winnipeg, Oct. 6.—Following a last-minute upturn in United States markets wheat prices here to-day advanced sharply and closed at gains ranging from 3/4 cents for October at 125 3/4 to 3 3/8 in May at 127 3/4. Coarse grains followed the general advance and all closed substantially higher.

Early strength was recorded with the buying largely in "shorts." Both local and Eastern interests were in the market. The export business was featureless. All declines were stubbornly contested and there was no pressure and offerings were light.

Money Market  
To-day

New York, Oct. 6.—Call money strong, high 5 1/2; low 5 1/4; ruling rate 5 1/2; closing bid 5 1/2; offered 5 1/2; last loan 5 1/2; call loans against acceptances 4 1/2.

Big Baking Merger  
Runs up Against  
Anti-trust Law

Washington, Oct. 6.—The Continental Baking Corporation, one of the largest bakers in the United States, is being formally charged by the Federal Trade Commission with violation of the Clayton Act through its acquisition of control in a number of smaller concerns.

Retail Market

## MAD MEN'S LUCK

By E. PHILLIPS-OPPENHEIM  
 Copyright 1925, Metropolitan Newspaper Service, New York

"Good!" Londe exclaimed. "I have reasons for wishing to preserve my incognito."  
 "Sir," Brookes said firmly. "I am not likely to forget that you saved my life. You have only to hint at a request."  
 "Under those conditions," Londe assured him, "my wife and I—you realize, of course, that I married Nurse Judith—will be happy to renew our acquaintance with you. If my memory serves me right, you were not in the regular army," he went on.  
 Brookes shook his head.  
 "I am a tea and rubber planter in a small way, sir," he announced. "I came home to join-up and I've been back in Ceylon two years. I got off the P. & O. boat at Marseilles to take a fortnight-of-my-holiday here—the first since the war."  
 "Then you have no friends in the place," Londe persisted.  
 "I haven't come across a soul I know yet," the young man answered, a little disconsolately.  
 "You will dine with us, I trust, to-night," Londe invited.  
 "We have a small villa at Cap Martin. A carriage will take you there in a very short time. The Villa Violette, at 9 o'clock, if that hour is agreeable."  
 "I shall be delighted," was the enthusiastic assent.  
 It was, in its way, a wonderful dinner. Brookes expanded with the wine and the glamor of his surroundings. He told them both his story. After the war, he had gone back to Ceylon, to find his small estate in a parlous condition. Then the price of rubber, of which half his planting consisted, had fallen to nothing.  
 In despair, after two years of unsuccessful toiling, he had closed down the estate, collected all the money he could, which amounted only to about £300, and come to England, for a holiday first and then to make a fresh start. That £300 he had lost at the tables that afternoon.  
 "I must make money somehow," he declared. "I can't think why I can't win at the tables like you do. Everything you touch seems to turn up."  
 Londe's smile became more evident.  
 "There is a reason for that," Londe remarked.  
 "What do you mean? Do you play on a system?"  
 "We need no system," Londe confided.  
 "We win always because neither my wife nor I are perfectly sane. A mad person, as you know, will win at any game of chance. I beg your pardon," the young man ventured.  
 "You, yourself, know something of our activities during the war. In the end, a small portion of my brain became affected. My wife, curiously enough, developed sympathetic symptoms."  
 "Bless my soul!" the young man gasped.  
 "A small spot in my brain became discolored; it became, in fact, red instead of the ordinary gray, which, you may be aware, is the color of a normal person's brain."  
 "An operation was indicated. All that I needed was a small atom of healthy matter to be annexed to mine. I advertised for a subject. Shall I tell you the result?"  
 "Yes, yes, certainly."  
 "I was incarcerated in a lunatic asylum—my wife and I—for over a year."  
 Brookes was past speech.  
 "When they let me out," Londe continued, "I tried again to find a subject, only this time I knew better than to advertise. I investigated the brains of several persons who happened to come my way. But in each case I found a small red discolored spot in the same position as my own. My efforts seem to have created an absurd prejudice against me on the part of the police."  
 "You really believe that you are both a little mad still, then?" Brookes faltered.  
 "Without a doubt," his host assented.  
 Judith's hand rested on the young man's arm.  
 "I shall go to my salon," she murmured, moving toward the door. "Please come soon."  
 Brookes resumed his place at the table.  
 "I have a proposition to make to you, Mr. Brookes," Londe announced. "You know, of your own experience, that I am a great surgeon."  
 "I have heard of it," said the young man. "It is possibly true," Londe acquiesced.  
 "I am also a great scientist. I have invented a new anesthetic, which has marvelous properties."  
 "I have a tube in my pocket now. I could take the strength out of your limbs with a single whiff, while leaving your brain normal. Or I have another one, with which I could entirely reverse the process. Would you like me to experiment?"  
 "No! For heaven's sake, no."  
 "Just as you like, of course. Now I have made another discovery which I am anxious to try," he continued, leaning back.  
 "I can make you insane like me. I could give you a draught to-night and you would awake to-morrow, so all appearances exactly the same."

Oh, he is so sad! I came to see if you would come over and cheer him up, Uncle Wiggily. I'm glad to hear that you are so happy. I'll be glad to see you as soon as I finish shaving. But if Mr. Twistytail is sad why doesn't he read some funny stories? He can read, can't he?  
 "Of course!" granted the lady pig. "He just got himself a new pair of glasses. But the more funny stories he reads the sadder he is!"  
 "I'll take him for a walk and see what is the trouble," said Mr. Longears, as he washed his face. And he stepped over to the pen where the gentleman pig lived. There sat Mr. Twistytail with a jolly funny paper in his paws, looking at the pictures through his glasses.  
 "Ha! Ha!" laughed Uncle Wiggily as he looked at one of the funny pictures. "Why don't you laugh at that, Twisty old dear?"  
 "I don't see anything funny!" grunted the pig. And it was just the same when he and Uncle Wiggily went walking.  
 "What a lovely day it is!" said Mr. Longears.  
 "I don't think so!" grunted Mr. Twistytail. "The sun hardly shines at all, and I think it is going to rain!" Now this astonished Uncle Wiggily very much, for the sun was shining brightly. So, all of a sudden, Mr. Longears snatched off the pig's spectacles and cried:  
 "Why, no wonder you're sad and grouchy! You're wearing smoked glasses! You've been looking at everything, even the funny paper, through dark glasses. How did they get smoked like this?"  
 "Well, I made a bonfire to burn the leaves the other day," said the pig. "Maybe some smoke got on my glasses then."  
 "I should say it did!" laughed Uncle Wiggily. "Here, I'll wipe them clean," which he did. And when Mr. Twistytail put on the bright glasses and looked at the sunshine he laughed and said:  
 "Oh, how jolly everything is! Let's go get an ice cream soda!" And after that Mr. Twistytail laughed all the while.  
 So this teaches us that we should never try to look through keyholes, but always get out into the bright sunshine. And if the milk bottle doesn't tickle the umbrella in the ribs when it is trying to take the doormat to the movies, I'll tell you next about Uncle Wiggily's raincoat.

**Insist on "PHILLIPS" MILK OF MAGNESIA**

Unless you ask for "Phillips," you may not get the original Milk of Magnesia prescribed by physicians for 50 years as an antacid, laxative, corrective.  
 Each bottle contains full directions—any drug store. (Adv.)

## BEDTIME STORY

### Uncle Wiggily and the Smoked Glasses

Copyright, 1925, McClure Newspaper Syndicate  
 (By Howard R. Garis)

"There's some one at the door, my dear," spoke Uncle Wiggily to his wife one morning as he stood in front of the looking glass shaving his whiskers. "Would you mind opening it to see who is knocking?"  
 "Perhaps it is some of the children," suggested Mrs. Longears, for there were about forty-seven little rabbit boys and girls now living with Uncle Wiggily. You know, and they certainly made the old hollow stump bungalow lively.  
 "I think it isn't any of the bunnies," said Uncle Wiggily. "And I do hope it isn't the Fuzzy Fox, whose nose Buddy Pigg bumped with the basket with an apple turnover in it yesterday. Perhaps you had better let me open the door," went on the rabbit gentleman.  
 "Well, even if it is the Fox you look funny enough to scare him into a conniption fit of laughing," said Mrs. Longears. And truly Uncle Wiggily looked very funny. For he had shaving lather on one side of his face and a white dab of it on the end of his pink, twinkling nose.  
 Carefully opening the door just a crack, to be ready to jump back and shut it in case the knocker should prove to be the bad chap, Uncle Wiggily looked out. Then he laughed in a jolly fashion, for Mrs. Twistytail, the big lady acted Uncle Wiggily asked:  
 "What's the matter?"  
 "It's Twisty's husband! Oh, how changed he is!" sobbed the lady pig. "Do you mean he has gotten thin?"  
 "No, indeed!" answered his wife. "He is fatter than ever, and that's just what I can't understand. We fat folks are always jolly and happy. But the fatter my husband gets of late, the more gloomy and sad he is."

## 714 Divorce Cases On List in London

London, Oct. 6 (Canadian Press cable)—The law courts in the Strand will reopen their doors to judges, counsel, litigants, witnesses and hundreds of mere idle lookers-on on October 12. There are 714 divorce cases on the lists for trial, 532 of these being undefended. Only a short time ago the divorce cases averaged 1,000 a court session.

The peak load, however, was during the period immediately following the Great War, when there were as many as 2,900 divorce cases on for trial. Simple divorce cases now are held at twenty centres outside of London and this relieves the London courts considerably.

## CITY PLANS TO RAISE PRICES OF LANDS SOON

Council Authorizes Preparation of Advanced Price List of City Lands

Prices of city owned lands are to be advanced, the City Council last night decided, the lands committee being instructed to at once commence preparation of a new schedule of prices.

Alderman Dewar intimated that the new price list is expected to be come effective on November 15. Alderman Woodward led opposition to any increase, being supported by Aldermen Marchant and Shanks. In connection with the city's printing advertising campaign in prairie newspapers the council agreed to refund railway fares to residents of Alberta, Saskatchewan and Manitoba who purchase city owned lands valued at \$750 or more. The discount is to remain in effect until February, 1926, unless previously withdrawn by the council. The lands department will make application for membership in the Real Estate Board of Victoria. To provide larger office accommodation for the lands department, the council authorized remodelling of a nearby room in the City Hall, at a cost of \$250.

1087 THE PHARMACY

## COUNCIL URGES ALL CITIZENS TO PAY TAXES

Taxpayers Have Already Contributed Half-million Dollars in Advance

Land Sales Expected to Roll Up Revenue of \$300,000 by Year's End

Over \$500,000 has been received at the city treasury this year on account of current taxes, an increase of \$125,000 over similar collections in 1924. The City Council expects that land sales by the city will this year exceed \$300,000. By a proclamation endorsed last night, the Council urges all citizens to pay their taxes, as the most patriotic means of supporting the city's progress towards general prosperity.

The following official statement was issued last night by the Council and will be distributed to all taxpayers.

"As the last date for the payment of the current year's taxes is drawing near, October 31, your Council considers it would be very certain that the fact that the taxpayers may not be aware, should be made public.

**BIG INCREASE**  
"Collections of taxes to September 30, 1925 show a very satisfactory increase over the same period in 1924. The amount of current year's taxes collected was \$505,012.56 against \$379,522.63 or an increase of \$125,489.93.

**SMALL BANK LOAN**  
"The amount of arrears collected was 20.24% of the amount outstanding at the beginning of the year, against 18.67% last year. The amount owing to the Bank in the current loan at the same date was \$365,200.00 against \$553,800.00 last year, a reduction of \$188,600.

"For the first time since the War the assessed value of properties sold by the City Land Department this year and put back on the Tax Rolls is greater than the assessment of those properties, which fall into the City's hands through Tax Sale. This means that in the year, 1925, there will be a greater number of properties upon which the taxes will be levied, and will tend to reduce the individual's share.

**BOND HOUSES PLEASED**  
"The City's programme of refunding short term Local Improvement Debentures was completed this year, and from now on the debt of the City will show a steady reduction each year. The keen competition among dealers for the City's debentures shows marked confidence in Victoria in the eyes of investors.

**MUCH CASH EXPECTED**  
"The recent auction sale of city-owned real estate has had a decided effect in strengthening prices. The number of sales by the City Land Department has increased very considerably, and it is anticipated that the amount of these sales for this year will reach \$300,000, before the end of the year.

**CIVIC DUTY**  
"Your Council suggests that taxpayers can render no higher service to their city than to pay their taxes promptly, this being at the present time the highest form of civic duty, as by this means alone can the city meet its obligations, and continue its policy of 'Pay as you go'.

"By paying taxes promptly, the taxpayers also increase the possibility of a further reduction in taxes next year."

**REGIMENTAL ACTIVITIES**  
Fifth B.C. Coast Brigade C.A. Brigade Orders by Lieut. Col. J. C. Harris

Provisional School of Instruction Visual Telegraphy, commenced October 13 to November 25, 1925. Battery Commanders will notify all men wishing to take up this Class. The Brigade Commander wishes as many men as possible to take this course.

Militia staff course, 1925-26—All officers from artillery brigade wishing to take this course will please send in their names to O.C. as soon as possible.

## BOOTH PREDICTS UTTER DEFEAT OF TORY CHIEFTAIN

Meighen Will Not be Even Opposition Leader After Election, He Asserts

Shows How Government Has Reduced Cost of Administration and Cut Taxes

That after the Federal election on October 29, Rt. Hon. Arthur Meighen will neither be Prime Minister of Canada nor leader of the Opposition, was the prediction made by T. B. Booth, Liberal candidate in Nanaimo, when he spoke last night at meetings at Langford and Keating's.

Four years ago when he was a candidate, Booth said, the general feeling of the electors was that the Meighen Government would be returned to power. As most people like to see the winning side they voted for representatives of the Conservative Party, but to-day the general opinion is changed, he said. After four years of faithful administration, the general opinion is that the Liberal Government will be returned to power, he affirmed.

Mr. Booth expressed his confidence in the state of the electors of the Nanaimo Federal riding and said he believed he would be sent to Ottawa to represent this district.

**COSTS ARE CUT**  
"In speaking of the Government's management of finances, Mr. Booth said that by the practice of economy the total expenditures have been steadily curtailed. In the three civil services—the Civil Government, the National Defence and Mounted Police, there has been a reduction of approximately 5,000 people and a saving of at least \$5,000,000 annually on salaries. The outlay of \$464,000,000 on expenditures in the fiscal year, 1921-22, was reduced to \$380,000,000 in the fiscal year ended March 31, 1925.

Mr. Booth reviewed the records of Mr. Meighen from the time of his election in 1920, and expressed his opinion that "as sure as day follows night, on October 29, Mr. Meighen will not be Premier of Canada, but will not even be leader of the Opposition."

**ORIENTAL MENACE**  
Mr. Booth again reiterated his views concerning the Oriental in British Columbia, saying that the Oriental was as big a menace, or bigger, to-day than he had ever been. He took a firm stand in favor of the total exclusion of Orientals from British Columbia. The candidate concluded his remarks by saying that the Liberal Party was the one party in Canada to-day that the working man could look to for support and fair play.

David Ramsey dealt with the immigration question showing by figures that the tide of immigration had now swung back to Canada and that Canadians were now returning to this country in large numbers.

Speaking of the better conditions which have been brought about by the administration of the Mackenzie King Government.

**EXPLAINS RATE ISSUE**  
Norman Whittier discussed the freight rates question and trade treaties. The speaker pointed out that the National Liberal conventions of 1919, at which Mr. Mackenzie King was chosen leader of the party, adapted a resolution to the effect that the best interests of Canada demanded that substantial reductions be made with a view to the reduction in the very high cost of living.

The convention, he recalled, had also urged the reduction in the cost of instruments of production in the industries based on the natural resources of the Dominion. The 1924 budget of 1924 was an important measure of fiscal reform, Mr. Whittier declared. Though opposed by Mr. Meighen and his followers, who argued that the duties should be raised instead of lowered, the budget proposals were adopted by a majority of 112 in the Commons. Instead of being ruined, as was predicted by the Opposition, the industries affected by the tariff have prospered appreciably.

**FRUIT TARIFFS**  
J. McFarlane gave an interesting address at Keating in which he dealt exhaustively with the tariff policy and how it affected the fruit industry. It is the policy of the Liberal Government, he said, to frame a tariff for revenue as well as to afford all that industry may require in the way of moderate protection and at the same time relieve the people of any sense of injustice arising from unfair or undue exactions.

The fruit growers of this Province have been seriously handicapped in the marketing of their product because of the high cost of transportation, he said. There is a good market on the prairies for fruit and with cheaper transportation facilities, fruit growing can be made an exceedingly profitable industry, but an increase in the rates of transportation instead of a reduction will result in seriously retarding this business, he warned.

J. Stuart Yates, chairman at the Langford meeting, said that it was the duty of every elector carefully to weigh the pros and cons before exercising the vote. The Conservatives should listen to the Liberals and the Liberals should listen to the Conservatives, so that they hear both sides and are thus more able to decide for themselves and vote intelligently.

**PRODUCTION COSTS**  
H. W. Davey dealt with Canada's resources, saying that the Pacific Coast produces probably over fifty per cent of Canada's fish, and the prairie provinces produce enormous quantities of wheat while Ontario has her mines. The speaker went on to say that Canada has not sufficient population to use all that can be produced, therefore, find a market must be found in outside fields. Canada has also to compete in the world's markets with other countries—some that can produce these articles for a much smaller sum than Canada can.

"If we want to develop these mar-

kets," continued Mr. Davey, "we shall have to meet the prices set by these other competitors. This will be an impossibility if the high tariff is imposed upon the people, since taxes must be cut down to enable the producers of Canada to compete in the world's markets. The Liberal Party have recognized this, and have cut the taxes of the country twenty-five per cent, and expressed the conviction that the effect of that cut must have been felt by the public."

**DEFENDS FARMERS' STAND**  
C. H. O'Halloran dealt with the main issues of the campaign, as they affect Canada from East to West. Discussing the tariff, Mr. O'Halloran pointed out the difference in opinion between the East and the West. In Western Canada, said Mr. O'Halloran, the farmers object to a high tariff for the reason that the particular product of the western provinces, wheat, is sold in the open markets of the world. It is estimated that three-quarters of Canada's wheat must be sold in the open markets of the world in competition with other countries, Burek, then, said, when they have to buy their farming implements in order to produce the wheat, they should have to buy them in a protected market, and then sell their product in an open market.

In speaking of the effects of one industry upon another, Mr. O'Halloran pointed out that when one industry started in one place it was an encouragement to other industries to establish in that place. The proof of this argument, said Mr. O'Halloran, is the elevator already arranged for in Victoria and that the contract to build a second elevator is now in the hands of the Minister of Marine and Fisheries awaiting signature.

The necessity for the shipping of Canadian wheat to Victoria and Vancouver ports was strongly stressed by the speaker, who stated that instead of it going to build up American cities it should help to build up our own. In 1924 alone America earned some \$18,000,000 by the carrying of Canadian wheat, while some 25,000 employees of American railroads earned their wages during a certain portion of the year solely through the transportation of Canadian wheat.

## COUNCIL DEFERS ACTION ON CITY PLANNING BILL

Principle Praised by Majority But Measure to be Probed Further

The City Planning Act, proposed to be brought before the Legislature this Fall, was last night discussed by the City Council, Alderman Clearhue approving the principle of the bill, but, while asking adoption of the measure in principle, declared his opinion that "redrafting throughout is necessary." The measure permits municipalities to set up an independent body of nine persons, with wide powers over civic planning.

Alderman Todd led opposition to "experimental legislation at the expense of Victoria." He pointed out that while Vancouver at present comes within the scope of the measure, amendment could exempt that city, as it has a special charter. He also objected to the setting up of a new governmental group, pointing out that the proposed central and supervising planning bureau, dominated by provincial officials, would be vested with powers beyond any appeal.

Alderman Woodward remarked "whenever forward-looking legislation is proposed, there are always backward looking folk ready to obstruct." He warmly supported the principle of the measure, pointing out that similar legislation, in other large Coast cities, would have saved many millions to those communities.

"Alderman Brown favored town planning but believed the proposed measure gives too much authority to the suggested commission.

Alderman MacFarlane asked "how can we continue as we have in the past, planning higgledy-piggledy without foresight?" He cited instances of bad results from lack of co-ordination, and declared "We should be ashamed to refuse endorsement."
