 - Introduction of Wikipedia to the Open-Source forks
- Articles on OSSF Epaper

The screenshot shows the OpenFoundry website interface. At the top left is the logo "openFoundry Your project hosting". To the right are links for "登入 | 註冊 | English" and a search bar with "專案" and "search...". Below the header is a navigation menu with "首頁", "專案", "Who's Who", "新聞", "法律源地", "活動", "資源表列", and "關於". The main content area displays a blog post titled "維基化·話維基(3)－誰是條目的所有人?". The post is dated "2011-11-24 09:15" and written by "Reke". The text of the post discusses the history of Wikipedia and the concept of "wiki-ization".

Trends in Taiwan Open Data Movement

- The meaning of open data is wildly spread in Taiwan
- National Archive Project in Taiwan
 - mass government budget support (project end this year)
 - Currently the data is not open licensed
 - Possible progress: Demand these data to be released by the open data movement
- Large amount of data will enrich the content of Wikipedia
- The data business will bloom in Taiwan

Plans for the future

- Corporation with GLAMs
 - Goal: Create article of NTU Heritage Hall of Physics and other physics related articles
 - I work there :)
- Corporation with other communities
 - OpenStreetMap Taiwan Community
 - Ex: Mapping Party + Editathon
 - MozTW

**NTU
HERITAGE
HALL OF
PHYSICS**

**物理
文物
廳**

Problems

- We need new members to participate in holding activities.
 - How to increase more active editor.
- How to be financial sustainable.
- Be more professional.
- Outreach with other group need more work to do.
 - Deal with conservative GLAM in Taiwan.
