PROCLAMATION 2689

MOTHER'S DAY 1946

BY THE PRESIDENT OF THE UNITED STATES
OF AMERICA
A PROCLAMATION

WHEREAS it has become customary on one day of each year to unite our hearts in public celebration of the common bond of humanity which we share in the memory and enjoyment of a mother's love, a mother's training, and a mother's care; and

WHEREAS it is especially appropriate this year after the achievement of victory on a thousand momentous fields of battle that we express the debt of gratitude which each of us owes to his own mother and which we all owe to the mothers of America; and

WHEREAS by Public Resolution 25, 63d Congress, approved May 8, 1914 (38 Stat. 770), the second Sunday in May is designated as Mother's Day and the President is authorized and requested to issue a proclamation calling for the observance of that day:

NOW, THEREFORE, I, HARRY S. TRUMAN, President of the United States of America, do hereby request that Sunday, May 12, 1946, be observed as Mother's Day with public and private expressions of honor, reverence, and love; and I call upon the officials of the Government to display the flag of the United States on all Government buildings on that day and the people of the United States to display the flag at their homes or other suitable places as a public expression of honor for the mothers of this country.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the United States of America to be affixed.

DONE at the city of Washington this 27th day of April, in the year of our Lord nineteen hundred and [SEAL] forty-six, and of the Independence of the United States of America the one hundred and seventieth.

HARRY S. TRUMAN

By the President:

DEAN ACHESON,
Acting Secretary of State.

PROCLAMATION 2690

NATIONAL FARM SAFETY WEEK, 1946

BY THE PRESIDENT OF THE UNITED STATES
OF AMERICA
A PROCLAMATION

WHEREAS an increased supply of food is vitally needed to promote peace and happiness in the postwar world; and
WHEREAS farm accidents rob the nation of thousands of lives and millions of dollars worth of food and other property each year; and

WHEREAS experience in previous observances of National Farm Safety Week has clearly shown the necessity and benefits of a coordinated and constant educational farm-safety program:

NOW, THEREFORE, I, HARRY S. TRUMAN, President of the United States of America, do hereby call upon the Nation to observe the week commencing July 21, 1946, as National Farm Safety Week.

And I request all persons and organizations concerned with agriculture and farm life to do everything in their power to discover and publish the facts about farm accidents, and to develop practical safety programs which farm people everywhere can translate into direct action against hazards which daily threaten their lives and happiness. As a start, I specifically suggest that the farm people of the country observe National Farm Safety Week by resolving to eliminate at least one hazard a day until their farms are as safe as they can possibly make them.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the United States of America to be affixed.

DONE at the City of Washington this 27th day of April in the year of our Lord nineteen hundred and [SEAL] forty-six, and of the Independence of the United States of America the one hundred and seventieth.

HARRY S. TRUMAN

By the President:

DEAN ACHESON,
Acting Secretary of State.

§ 260.40 *Philadelphia suburban and other designated Pennsylvania areas—* (a) Commodity will make a payment to each handler, regardless of whether or not such handler purchases milk from producers, on Class I milk containing not more than 6.0 percent butterfat disposed of in the Philadelphia, Pennsylvania, suburban area and in the Pennsylvania Areas Nos. 4, 6, 8, and 12, by such handler, as determined by Commodity or its designated agent, from July 1, 1945 through June 30, 1946; except (1) any such milk sold by such handler to another handler, and (2) any such milk disposed of by such handler for use by the armed forces of the United States, as follows:

REMOVAL OF TRESPASSING HORSES, MULES, AND BURROS IN THE NORTHERN NEW MEXICO GRANT LANDS PROJECT—RIO ARRIBA, SANDOVAL, SANTA FE, AND TAOS COUNTIES, N. MEX.

Whereas these horses, mules, and burros are consuming forage needed for livestock grazing under permits, are causing extra expense to permittees, and are injuring project lands;

PART 1401—DAIRY PRODUCTS

REQUIREMENTS FOR PRODUCERS AND AUTHORIZED RECEIVERS TO SET ASIDE BUTTER

The fulfillment of requirements for the defense of the United States will result in a shortage of the supply of butter for defense, for private account, and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 1401.202 *Butter to be set aside—* (a) *Definitions.* (1) "Butter" means the food product usually known as butter and which is made exclusively from milk or cream, or both, with or without common salt, and with or without additional coloring matter, and containing not less than 80 percent by weight of milk fat, all tolerances having been allowed. Unless otherwise specified by the Administrator, such term shall include butter made from milk or cream containing whey cream and shall exclude butter made entirely from whey cream.

(2) "U. S. 89 score," means U. S. Grade C, or 89 score, butter, determined in accordance with the Official United States Standards for Grades of Creamery Butter, issued by the Secretary of Agriculture on January 30, 1943 (8 F. R. 1327).

(3) "Person" means any individual, partnership, corporation, association, or any other business entity or organized group of persons, whether incorporated or not.

(4) "Authorized receiver" means any person who holds a letter of authority in force and effect, issued to him by the Administrator, to receive butter set aside pursuant to the provisions hereof. The term "authorized receiver" shall also include any person who is authorized pursuant hereto to receive such butter.

(5) "Set aside" means to set aside and hold for sale and delivery to any designated agency.

(6) "Designated agency" means (i) the Armed Services of the United States (excluding, for the purposes of this order, the United States Army post exchanges, the United States Navy ship service departments, and the United States Marine Corps post exchanges); (ii) War Shipping Administration; (iii) Veterans' Ad-

ministration; and (iv) any other agencies designated by the Administrator.

(7) "Armed Services of the United States" means the Army, the Navy, the Marine Corps, and the Coast Guard of the United States.

(8) "Producer" means a person who produces butter subject to the provisions of this order.

(9) "Administrator" means the Administrator, Production and Marketing Administration, United States Department of Agriculture, or any officer or employee of the Department to whom the Administrator has heretofore lawfully delegated, or to whom he may hereafter lawfully delegate, the authority to act in his stead.

(b) *Restrictions on producers and authorized receivers of butter.* (1) Each person who produced more than 12,000 pounds of butter in any calendar month from May 1945 to April 1946, inclusive, shall set aside in May 1946, and in each subsequent calendar month, a quantity of butter equal to such percentage as the Administrator may order of all butter produced by such person during each such calendar month, regardless of the quantity of butter produced by him during or after May 1946.

(2) Each person who did not produce more than 12,000 pounds of butter in any calendar month from May 1945 to April 1946, inclusive, but who produces more than 12,000 pounds of butter in May 1946 or in any subsequent calendar month shall, during each calendar month thereafter, set aside a quantity of butter equal to such percentage as the Administrator may order of all butter produced by such person during each such calendar month, regardless of the quantity of butter produced by such person in such month.

(3) In the event of a change in ownership with respect to a creamery, the production record of the former owner with respect to such creamery shall be the basis for reporting and setting aside butter by the new owner; and the purchaser of the creamery shall so report and set aside butter if (i) the person from whom he purchased the creamery was obligated to report and set aside butter, or (ii) such purchaser is required by other provisions hereof to report and set aside butter.

(4) Notwithstanding the restrictions in paragraphs (a) (1), (2), and (3) hereof, any person required by the provisions of such paragraphs to set aside butter may, at his option, sell and deliver all or part of the butter set aside pursuant to the provisions hereof to any authorized receiver who agrees to set aside, upon receipt of such set-aside butter and out of butter owned by him, a quantity of butter equal to the quantity of such set-aside butter so sold and delivered to him; and such authorized receiver shall so set aside such quantity of such butter. An authorized receiver may sell and deliver set-aside butter to another authorized receiver who agrees to set aside, upon receipt of such set-aside butter, out of the butter owned by him and in addition to all other butter required to be set aside by him, a quantity of butter equal to the quantity of set-aside butter so sold and delivered to

him. Each person who sells and delivers set-aside butter to an authorized receiver shall deliver, with each such delivery, a certificate, in duplicate, in substantially the following language (with the appropriate information inserted in the blank spaces):

This is to certify that of the ---- pounds of butter sold and delivered by me on ----, ----- pounds are butter set aside pursuant to the provisions of War Food Order No. 2, issued on April 29, 1946, and you are required, pursuant to the provisions of said order, to set aside, upon receipt of such set-aside butter, out of butter owned by you, a quantity of butter equal to the aforesaid quantity of set-aside butter. The balance of ---- pounds is butter free from the restrictions of said order.

I ----- an authorized receiver.
(am) (am not)

Name	Location	Signature
This will acknowledge receipt of the above indicated quantity of set-aside butter.		
Name	Location	Signature

The aforesaid certificate, in duplicate, shall be signed (i) by the person selling and delivering set-aside butter, and (ii) by the authorized receiver accepting such set aside butter; and such authorized receiver shall retain, for two years, one copy of such certificate and return the other to the person who sold and delivered such set-aside butter.

(5) All butter set aside pursuant to the provisions hereof shall be salted and shall be U. S. 89 score, or better, and shall be packed as bulk in domestic packages, unless otherwise specified by the Administrator, or, with respect to any particular quantity of butter required to be set aside, as aforesaid, unless

(i) The producer arranges with an authorized receiver to sell and deliver to such authorized receiver unsalted butter, butter below U. S. 89 score, or butter packaged other than as specified herein and such authorized receiver agrees to set aside, upon receipt of such butter, an equal quantity of butter which is salted, is U. S. 89 score, or better, and is packaged as specified herein; or

(ii) The producer or authorized receiver has previously arranged with a designated agency to sell and deliver to such agency unsalted butter, butter below U. S. 89 score, or butter packaged other than as specified herein; or

(iii) The producer manifests by butter grading certificates issued by the Production and Marketing Administration, as aforesaid, or by other written evidence satisfactory to the Administrator, that the total quantity of U. S. 89 score, and better, produced by such producer in the calendar month in which such butter is required to be set aside, is less than the total quantity required to be set aside by such producer in such month, in which event the producer shall set aside all of the U. S. 89 score, and better, produced by him in such month; and thereupon he shall be deemed to have fulfilled the set-aside requirements, as aforesaid. The Administrator may require any person who is required to set aside butter pursuant to the provisions hereof to submit butter grading certificates issued by the aforesaid Production and Marketing Ad-

ministration or other evidences satisfactory to the Administrator relative to the grade of all butter produced or owned by such person.

(6) All butter set aside pursuant to the provisions hereof shall be stored under the same conditions of storage customarily observed to maintain the quality of butter.

(7) Any person who sold and delivered any quantity of butter to any designated agency during April 1946 may consider such quantity of butter as having been set aside, pursuant to the provisions hereof or Administrator's order pursuant hereto, by such person during May 1946 or any subsequent calendar month of 1946. Any person who sells and delivers any quantity of butter to any designated agency during any calendar month of 1946 subsequent to April 1946 in excess of the quantity thereof required to be set aside during such month by such person, pursuant to the provisions hereof or Administrator's order pursuant hereto, may consider such excess quantity of butter as having been set aside by such person during any calendar month of 1946 subsequent to May 1946.

(8) No person may serve as an authorized receiver unless he has received from the Administrator a letter of authority in force and effect to serve as an authorized receiver pursuant hereto. Any letter of authority heretofore issued pursuant to War Food Order No. 2, as amended on April 1, 1945 (10 F.R. 3512), shall be deemed to be a proper letter of authority in force and effect as if issued pursuant to the provisions of this order.

Any person who desires to serve as an authorized receiver on or after May 1, 1946, and who does not hold a letter of authority as aforesaid, shall file with the Administrator an application therefor, upon a form approved by the Administrator, setting forth the information requested in said form of application. Thereupon, the Administrator shall consider such application and issue a letter of authority if, in the opinion of the Administrator, the issuance of such letter of authority is necessary or appropriate in the public interest and to promote the national defense. Any letter of authority effective hereunder may be revoked at any time by the Administrator; and all letters of authority issued to become effective on or after April 1, 1945, shall expire on March 31, 1947, or on such other date as the Administrator may specify by order. No person shall represent himself to be an authorized receiver unless he holds a letter of authority, as aforesaid, in force and effect. No person other than an authorized receiver shall, unless otherwise authorized herein, purchase, receive, or deal in butter set aside pursuant to the provisions hereof.

(c) *Inventory restrictions.* (1) On and after June 1, 1946:

(i) No producer shall, during any calendar month, unless authorized in writing by the Administrator, produce butter so long as the total quantity of butter, set aside pursuant to the provisions of this order, owned by such person is equal at least to the total quantity of all butter

required, by the provisions of this order, to be set aside by such person during the immediately preceding calendar month; and

(i) No authorized receiver shall, during any calendar month, unless authorized in writing by the Administrator, buy, contract to buy, accept delivery of, or otherwise acquire butter so long as the total quantity of butter, set aside pursuant to the provisions of this order, owned by such person is equal at least to the total quantity of butter required, by the provisions of this order, to be set aside by such person during the immediately preceding calendar month.

(2) Each producer and each authorized receiver, respectively, shall retain in his possession at all times a quantity of set-aside butter which is equal to the total quantity of butter required to be set aside by each such person minus the quantity of set-aside butter (i) sold and delivered by such person to authorized receivers or designated agencies, and (ii) released from the set-aside provisions hereof.

(d) *Releases by the Administrator.* The Administrator shall release any set-aside butter from the restrictions of this order upon receipt of a request for such release from the person owning such set-aside butter, if the Administrator determines that no designated agency has contracted for, or declared its intention or desire to contract for, such butter within 15 days after the date on which such butter was offered to designated agencies in accordance with the respective agency's customary procedure for accepting offers.

(e) *Existing contracts.* The provisions of this order and of any regulation or order pursuant hereto shall be observed without regard to contracts heretofore or hereafter entered into or any rights accrued or payments made thereunder. This order shall not, however, be construed as reducing the amount of butter which any person is required to offer or deliver, under existing contracts or contracts subsequently entered into with any designated agency, to any such agency.

(f) *Records and reports.* (1) The Administrator shall be entitled to obtain such information from, and require such reports and the keeping of such records by, any person as may be necessary or appropriate, in the discretion of the Administrator, for the enforcement or administration of the provisions of this order, subject to the approval of the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

(2) Every person subject to this order shall, for at least two years (or for such other period of time as the Administrator may designate), maintain an accurate record of his transactions in butter.

(g) *Audits and inspections.* The Administrator shall be entitled to make such audits and inspections of the books, records and other writings, premises or stocks of butter of any person and to make such investigations as may be necessary or appropriate, in the discretion of the Administrator, for the enforcement or administration of the provisions of this order.

(h) *Petition for relief from hardship.* Any person affected by this order who

considers that compliance herewith would work an exceptional or unreasonable hardship on him may file a petition for relief with the Administrator. Such petition shall be addressed to Administrator, Production and Marketing Administration, United States Department of Agriculture, Washington 25, D. C. Petitions for such relief shall be in writing and shall set forth all pertinent facts and the nature of the relief sought. This section also covers sales by resellers who purchase repair or replacement parts covered by this section at prices adjusted pursuant to the provisions of this section.

(iii) *Adjustment of "manufacturers' ceiling prices.* (a) For purposes of this § 1499.75 (a) (28) a "manufacturer" is (1) a person who operates a plant fabricating repair or replacement parts covered by this section, or (2) a person who is a manufacturer of the articles of consumer durable goods for which repair or replacement parts covered by this section are designed to be used, under the provisions of the regulation covering manufacturers' sales of those articles.

(b) A "manufacturer" of repair and replacement parts covered by this § 1499.75 (a) (28) who has established his ceiling price for the particular part under the General Maximum Price Regulation before April 30, 1946 or who thereafter establishes his ceiling prices under § 1499.2 of the same regulation may adjust his ceiling price so established by the percentage set forth below opposite the article for which the particular repair or replacement part is designed to be used:

Article	Percent
Domestic cooking and heating stoves covered by Maximum Price Regulation No. 64 except electric ranges.....	5.0
Domestic washing and ironing machines covered by Revised Maximum Price Regulation No. 86.....	9.5
Vacuum cleaners and attachments covered by Revised Maximum Price Regulation No. 111.....	6.0
Household mechanical refrigerators covered by Revised Price Schedule No. 102 and Maximum Price Regulation No. 598.....	16.5
Business and office machines covered by Maximum Price Regulation No. 188.....	12.0

(c) A "manufacturer" of repair and replacement parts covered by this section who delivered or offered for delivery during March 1942 an article which meets the definition of "most comparable article" contained in § 1499.3 (a) of the General Maximum Price Regulation except that it need not be currently offered for sale, and who, because he purchased that part for resale must establish his ceiling price for the repair or replacement part under § 1499.3 (a) of the General Maximum Price Regulation after April 30, 1946, shall calculate his ceiling prices by adding to his invoice cost for the article being priced his mark-up on that comparable article computed by dividing its current ceiling price as ad-

justed under this section by its current invoice cost, according to the method and procedure set forth in § 1499.3 (a).

(d) A "manufacturer" of repair and replacement parts covered by this section who is currently producing or has produced within the preceding twelve months an article which meets the definition of "most comparable commodity" contained in § 1499.3 (b) (1) of the General Maximum Price Regulation and who establishes his ceiling prices for such an article after April 30, 1946 under § 1499.3 (b) (1) of the General Maximum Price Regulation shall calculate his ceiling price by applying to his current direct cost for the article being priced the percentage determined by dividing the current ceiling price of the most comparable commodity (as adjusted under this section) by the current unit direct cost of such commodity.

(e) If a "manufacturer" cannot determine his ceiling price for a repair or replacement part under any of the three preceding subparagraphs he shall apply to the Office of Price Administration for the establishment of his ceiling price under § 1499.3 (b) (2) of the General Maximum Price Regulation if he produces the part himself or under § 1499.3 (c) if he purchases the part for resale. Ceiling prices established under either of those sections will reflect either the price of the "most comparable commodity" or the supplier's prices as the case may be, adjusted in accordance with this paragraph.

(iv) *Resellers' ceiling prices.* A purchaser for resale, other than a "manufacturer" as defined above, of repair or replacement parts covered by this § 1499.75 (a) (28) who purchases such parts after April 30, 1946 shall determine his ceiling price as follows:

(a) A purchaser for resale who delivered or offered for delivery during March 1942 an article which meets the definitions of "most comparable article" contained in § 1499.3 (a) of the General Maximum Price Regulation, except that it need not be currently offered for sale, shall determine his ceiling prices for resales of such parts by adding to his invoice cost the same mark-up he had on that comparable article, according to the method and procedure set forth in that section.

(b) If a purchaser for resale cannot determine his ceiling price under the above method, he shall apply to the Office of Price Administration for the establishment of his ceiling price under § 1499.3 (c) of the General Maximum Price Regulation. Ceiling prices established under that section will reflect the supplier's prices adjusted in accordance with this paragraph.

(v) *Filing.* The determination of a ceiling price under subdivisions (iii) (c), (iii) (d), or (iv) (a) need not be reported to the Office of Price Administration. Each seller, however, must keep complete records showing all the information called for by OPA Form 620-759 with regard to how he determined his resale ceiling price for inspection by the Office of Price Administration, for so long as the Emergency Price Control Act of 1942, as amended, remains in effect.

(vi) *Notification.* At the time of, or prior to the first invoice to a purchaser for resale of articles covered by this § 1499.75 (a) (28) showing prices adjusted or determined in accordance with this paragraph, the seller shall notify the purchaser in writing of the method established by this paragraph for determining resale ceiling prices for the articles. This notice may be given in any convenient form.

(vii) *Definitions.* Unless the context requires otherwise, the definitions set forth in the General Maximum Price Regulation shall apply to the terms used herein.

This amendment shall become effective on the 30th day of April 1946.

NOTE: The reporting and record-keeping provisions of this amendment have been approved by the Bureau of the Budget in ac-

cordance with the Federal Reports Act of 1942.

Issued this 30th day of April 1946.

RENEGOTIATION REGULATIONS

The changes and additions to Parts 1602, 1603, 1604 and 1607 set forth below are also contained in Revision 24 of the Renegotiation Regulations dated April 5, 1946.

MAURICE HIRSCH,
Colonel, General Staff Corps,
Chairman.

PART 1602—PROCEDURE FOR RENEGOTIATION

SUBPART E—COMPLETION OF RENEGOTIATION

In § 1602.254 paragraph (b) is amended to read as follows:

§ 1602.254 *Progress reports.* * * *

(b) The several Departmental Boards and Services will prepare and furnish to the Assignments and Statistics Branch biweekly as at the close of business each alternate Friday (counting from Friday, March 22, 1946) the appropriate Progress Report covering 1944 and 1945 fiscal year assignments, and every four weeks (counting from Friday, March 22, 1946) the appropriate Progress Report covering the 1943 fiscal year assignments. (Form SPRA-O in the case of Departments, see §§ 1607.751-1 and 1607.751-2 of this chapter, and Form SPRA-I in the case of Services, see §§ 1607.751-3 and

1607.751-4 of this chapter.) On the basis of the information supplied in the Progress Reports of the several Departments, the Assignments and Statistics Branch will prepare Status of Renegotiation Reports (Form SPRA I-BB) and Operations Reports (Form SPRA I-CC) and will furnish the same to the War Contracts Board and the Departmental Boards (see §§ 1607.751-6 and 1607.751-8 of this chapter). On the basis of the information supplied in the Progress Reports of the Services, the Assignments and Statistics Branch will prepare Status of Renegotiation Reports (Form SPRA I-B, set forth in § 1607.751-5 of this chapter) and Operations Reports (Form SPRA I-C, set forth in § 1607.751-7 of this chapter). In reporting for 1943, 1944 and 1945 cases, separate reports in similar form will be used for each year.

PART 1603—DETERMINATION OF RENEGOTIABLE BUSINESS AND COSTS

SUBPART A—FISCAL YEAR BASIS FOR RENEGOTIATION AND EXCEPTIONS

In § 1603.313-2 the last sentence is amended to read as follows:

§ 1603.313-2 *Renegotiation with respect to fiscal year ending after July 31, 1945.* * * * The provisions of this section shall not apply (a) with respect to a determination of excessive profits or no excessive profits which is made after the date on which the termination date of the Renegotiation Act, as defined in subsection (h) thereof, becomes fixed or which is made for a part of contractor's fiscal year under § 1603.313-1 (c) (1), which part ended on or before July 31, 1945; (b) with respect to a determination of no excessive profits if the renegotiating agency determines that such determination of no excessive profits would not, under any circumstances, be affected by a change in such termination date. [RR. 313.2]

SUBPART H—COSTS ALLOCABLE AND ALLOWABLE AGAINST RENEGOTIABLE BUSINESS

1. In § 1603.384-2 paragraph (c) is amended to read as follows:

§ 1603.384-2 *Costs in connection with the discontinuance of negotiable business.* * * *

(c) *Losses from and costs in connection with sale, exchange or abandonment of facilities used in performing negotiable contracts and subcontracts.* (1) Losses from sale, exchange or abandonment of facilities used in performing negotiable contracts and subcontracts are allocable to negotiable business in accordance with the provisions of §§ 1603.385-4 and 1603.385-5. Notwithstanding the method of computing such losses for Federal tax purposes, (i) the costs of moving, dismantling, demolishing, protecting and storing such assets will be taken into account in determining whether losses have been sustained and in computing the amount of such losses for the purposes of renegotiation; and (ii) depreciation or amortization incurred with respect to such assets during a period between the end of their use in the performance of negotiable business and their sale or other disposal will be

disregarded in computing such losses. The excess of such losses over gains from the sale or exchange of such facilities or the excess of such gains over such losses, all as computed under § 1603.385-4 (d), is hereinafter referred to as a "net loss" or a "net gain," as the case may be.

(2) If the cost of facilities used in performing renegotiable contracts and subcontracts has been deducted as an expense rather than treated as a capital expenditure, a loss of the type described in §§ 1603.385-4 and 1603.385-5 will not be realized. In such a case, if the facilities are sold, exchanged or abandoned in connection with the discontinuance of war business, the excess of the total cost of moving, dismantling, demolishing, protecting and storing such facilities over the aggregate of the amounts received or accrued (including therein the salvage value of facilities abandoned) from such a sale or exchange will be treated as a discontinuance cost and is allocable to negotiable business to the extent that such facilities were used in the performance of renegotiable contracts or subcontracts. The excess of such expenses over such amounts received or accrued, or the excess of such amounts received or accrued over such expenses, is hereinafter referred to as a "net expense" or a "net receipts or accruals" as the case may be.

(3) The net loss, if any defined in subparagraph (1) of this paragraph shall be allowed as a cost in renegotiation only to the extent such net loss exceeds the net receipts or accruals, if any, as defined in subparagraph (2) of this paragraph. The net expense, if any, as defined in subparagraph (2) of this paragraph shall be allowed as a cost in renegotiation only to the extent such net expense exceeds the net gain, if any, as defined in subparagraph (1) of this paragraph.

2. Paragraph (a) of § 1603.385-4 is amended to read as follows:

§ 1603.385-4 *Losses from sale or exchange of facilities used in performing negotiable contracts or subcontracts.* (a) If, as a result of the sale or exchange of tangible property used in performing negotiable contracts or subcontracts with respect to which depreciation is allowable under section 23 (1), or amortization is allowable under section 124, of the Internal Revenue Code, a contractor sustains a loss, there will be allowed as an item of cost chargeable to negotiable contracts and subcontracts an amount equal to that portion of such loss which bears the same ratio to the whole of such loss as the aggregate amount of depreciation or amortization on such property allocable to negotiable business for all fiscal years of the contractor to the date of such sale or exchange bears to the total amount of depreciation or amortization allowed or allowable on such property as a deduction in computing taxable income of the contractor under the Internal Revenue Code for all taxable years to the date of such sale or exchange; subject, however, to the provisions of paragraphs (d) and (c) of this section and subject to the provisions of § 1603.384-2 (c) (3).

PART 1604—DETERMINATION AND ELIMINATION OF EXCESSIVE PROFITS

SUBPART B—RECOVERY OF EXCESSIVE PROFITS ALREADY REALIZED

Paragraph (b) of § 1604.423 is amended to read as follows:

§ 1604.423 *Withholding as a method of recovery.* * * *

(b) Withholding on subcontracts will be effected by a contractor or subcontractor upon a direction issued by a Secretary of a Department or pursuant to his authority. The contractor should make payment to his subcontractor in accordance with the terms of the subcontract until otherwise so directed. The 1943 Act indemnifies any contractor or subcontractor against all claims on account of compliance with a direction to withhold issued by a Secretary of a Department or pursuant to his authority. Any amount so withheld by a contractor or subcontractor shall be held by him for the account of the United States and shall be paid over to a Department upon a direction issued by or pursuant to the authority of a Secretary of a Department.

SUBPART A—FORMS RELATING TO IDENTIFICATION, ASSIGNMENT AND CANCELLATION OF CASES

TITLE 49—TRANSPORTATION AND RAILROADS

Chapter I—Interstate Commerce Commission

[S. O. 87, Amdt. 2]

PART 95—CAR SERVICE

SUSPENSION OF DEMURRAGE RULES

At a session of the Interstate Commerce Commission, Division 3, held at

its office in Washington, D. C., on the 29th day of April A. D. 1946.

Upon further consideration of Service Order No. 87 (7 F.R. 8066), as amended (7 F.R. 8434), codified as § 95.500 of Title 49 C. F. R., and good cause appearing therefor:

It is ordered, That Service Order No. 87, as amended (codified as § 95.500 C. F. R.), be, and it is hereby, further amended by substituting the following paragraph (a) for paragraph (a) thereof:

§ 95.500 Suspension of demurrage rules; Trunk Line Tariff Bureau Tariff No. 139-C I. C. C. No. A-751 (coal). (a) The operation of demurrage rules contained in Trunk Line Tariff Bureau Tariff No. 139-C I. C. C. No. A-751, and supplements thereto, is hereby suspended, to the extent that the free time allowed on cars loaded with bituminous and cannel coal and the coal products described in said tariff exceeds six days; that the average free time on cars delivered to storage plants for subsequent delivery to vessels exceeds three days; subject to the exception shown below, that the settlement period for the average account exceeds two months; and that the operation of all of the provisions of said tariff inconsistent with this order is hereby suspended.

Exception: Any excess debits accruing in the account of any particular consignor or consignee during the settlement period ending at 7:00 a. m., May 1, 1946, which are not offset by credits accruing to the same party during that same period because sufficient such credits have not accrued to the particular consignor or consignee due to presently existing strike conditions at coal mines and the holding of bituminous coal at mines under Solid Fuels Administration for War Regulation No. 1 and orders issued pursuant thereto, may be offset by excess credits accruing to the same consignor or consignee in the settlement period ending at 7:00 a. m., July 1, 1946.

It is further ordered, That this amendment shall become effective at 7:00 a. m.,

May 1, 1946; that a copy of this order and direction shall be served upon the Association of American Railroads, Car Service Division, as agent of the railroads subscribing to the car service and per diem agreement under the terms of that agreement; and that notice of this order be given to the general public by depositing a copy in the office of the Secretary of the Commission at Washington, D. In re: Guaranty Trust Company of New York, Trustee u/w Frederic S. Grand d'Hauteville et al vs. Ida W. Garve Bezner et al; File No. D-28-1870; E. T. sec. 1495.

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order No. 9095, as amended, and pursuant to law, the undersigned, after investigation, finding;

That the property described as follows: All right, title, interest and claim of any kind or character whatsoever of Ida W. Garve Bezner, in and to the trust created under the will of Frederic S. Grand d'Hauteville, deceased,

is property payable or deliverable to, or claimed by, a national of a designated enemy country, Germany, namely,

National and Last Known Address

Ida W. Garve Bezner, Germany.

That such property is in the process of administration by the Guaranty Trust Company of New York, Trustee, J. Seymour Montgomery, Jr. and Charles Francis Adams, as Executors of the estate of Frederic S. d'Hauteville, deceased, acting under the judicial supervision of the Superior Court Newport County, Rhode Island, Equity No. 3042;

And having made all determinations and taken all action required by law, including appropriate consultation and certification, and deeming it necessary in the national interest,

hereby vests in the Alien Property Custodian the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest and for the benefit of the United States.

Such property and any or all of the proceeds thereof shall be held in an appropriate account or accounts, pending further determination of the Alien Property Custodian. This order shall not be

deemed to limit the power of the Alien Property Custodian to return such property or the proceeds thereof in whole or in part, nor shall it be deemed to indicate that compensation will not be paid in lieu thereof, if and when it should be determined to take any one or all of such actions.

Any person except a national of a designated enemy country, asserting any claim arising as a result of this order may, within one year from the date hereof, or within such further time as may be allowed, file with the Alien Property Custodian on Form APC-1 a notice of claim, together with a request for a hearing thereon. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

with the Division of the Federal Register and pursuant to sections 15 and 16 of Revised Supplementary Order No. 119, it is ordered:

(a) *Manufacturer's ceiling prices.* The Carrier Corporation, 303 South Geddes Street, Syracuse 1, New York, may compute its adjusted ceiling prices for the line of portable room coolers and self-contained air conditioners which it manufactures, as follows:

(1) For an article which has a properly established ceiling price in effect before the effective date of this order, the adjusted ceiling price is the article's properly established ceiling price for the particular sale (exclusive of all permitted increases or adjustment charges) increased by 9.1 percent.

(2) For an article which is first offered for sale after the effective date of this order, the adjusted ceiling price is the maximum price hereafter properly determined or established in accordance with Maximum Price Regulation No. 188; and prices so fixed may not be increased under this order.

(3) The manufacturer's adjusted ceiling price fixed in accordance with this order is his new ceiling price if it is higher than his previously established ceiling price including all increases and adjustments otherwise authorized for him individually or for his industry.

(b) *Reseller's ceiling prices.* Resellers of an article which the manufacturer has sold at an adjusted ceiling price determined under this order shall determine their maximum prices as follows:

(1) A reseller who had a properly established maximum price in effect before this order was issued for an article covered by this order may add to that maximum price an adjustment charge in the same dollar-and-cents amount as the adjustment charge authorized by this order for, and which he has paid to, his supplier.

(2) If the reseller did not have a properly established maximum price for the article in effect before this order was issued he shall first determine a maximum price (exclusive of adjustment charges), and to that price he may add an adjustment charge in the same dollar-and-cents amount as the adjustment authorized by this order for, and which he has paid to, his supplier. To find his maximum price (exclusive of adjustment charges) for this purpose the reseller shall add to his invoice cost, less an adjustment charge stated on that invoice, the same percentage markup which he has on the "most comparable article" for which he has a properly established ceiling price. For this purpose the "most comparable article" is the one which meets all of the following tests:

(i) It belongs to the narrowest trade category which includes the article being priced.

(ii) Both it and the article being priced were purchased from the same class of supplier.

(iii) Both it and the article being priced belong to a class of articles to which, according to customary trade practices, an approximately uniform percentage markup is applied.

(iv) Its net replacement cost is nearest to the net cost of the article being priced.

The determination of a ceiling price in this way need not be reported to the Office of Price Administration: however, each seller must keep complete records showing all the information called for by OPA Form 620-759 with regard to how he determined his ceiling price, for so long as the Emergency Price Control Act of 1942, as amended, remains in effect.

(3) If the maximum resale price cannot be determined under the above method the reseller shall apply to the Office of Price Administration for the establishment of a ceiling price under § 1499.3 (c) of the General Maximum Price Regulation. Ceiling prices established under that section will reflect the supplier's prices as adjusted in accordance with this order.

(c) *Terms of sale.* Ceiling prices adjusted by this order are subject to the seller's terms, discounts and allowances on sales to each class of purchaser in effect during March 1942, or thereafter properly established under OPA regulations.

(d) *Notification.* At the time of, or prior to, the first invoice to a purchaser for resale on and after the effective date of this order, showing prices adjusted in accordance with this order, the seller shall notify the purchaser in writing of the method established in paragraph (b) of this order for determining adjusted maximum prices for resale of the articles. This notice may be given in any convenient form.

(e) The adjustment charge determined in accordance with this order must be separately stated on all invoices of all sellers of the articles covered by this order.

(f) The provisions of Supplementary Order No. 153 shall not apply to sales of any articles covered by this order.

(g) This order may be revoked or amended by the Price Administrator at any time.

(h) This order shall become effective on the 30th day of April 1946.

Issued this 29th day of April 1946.

PAUL A. PORTER,
Administrator.

CAST IRON RADIATION AND ACCESSORIES

MODIFICATION OF MAXIMUM PRICES

An opinion accompanying this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Order 1 under section 22 of Maximum Price Regulation No. 591 is amended by adding a new section to read as follows:

SEC. 5.5. *Cast iron radiation and accessories—(a) Scope of this section.* This section applies to all manufacturers and resellers of the following types of cast-iron radiation and accessories covered by Maximum Price Regulation No. 591:

- I—Cast-Iron Radiation
- Cast-Iron Convectors
- Cast-Iron Convector Radiators
- Cast-Iron Baseboard Radiators
- Cast-Iron Bathroom Radiators
- Cast-Iron Radiators for blower and ventilation systems.

II—Cast-Iron Radiation Accessories

- Cast-Iron Radiator Bushings
- Cast-Iron Radiator Plugs
- Cast-Iron Radiator Nipples
- Cast-Iron Radiator Brackets
- Cast-Iron Radiator Pedestals
- Cast-Iron and Steel Radiator Chaplets

(b) *Manufacturers' maximum prices.* Manufacturers of the type of cast-iron radiation and accessories set forth in (a) above may increase their properly established maximum prices in effect on October 1, 1941, to each class of purchaser by 37 percent.

(c) *Manufacturers' increase for items not having an October 1, 1941, price.* A manufacturer may not increase his properly established maximum price for any type of cast-iron radiation and accessories set forth in (a) above for which he does not have an October 1, 1941, price without specific authorization from the Office of Price Administration.

A manufacturer desiring to modify his presently established maximum price for any of the types of cast-iron radiation and accessories set forth in (a) above for which he does not have an October 1, 1941 price shall file an application for such modification of his maximum price to reflect the increases obtained by other manufacturers for similar articles under (b) above setting forth the following:

(1) Full description of the item. Cuts or detailed sketches should be supplied.

(2) Established maximum price for the item and the section and regulation under which the maximum price was established.

(3) If possible, the name of competitors marketing a similar item for which they had October 1, 1941 prices.

(d) *Optional use of this section.* Since the provisions of this section are not intended to reduce properly established maximum prices, any manufacturer whose price in effect to each class of purchaser on October 1, 1941, plus the increase provided for under (b) is less than his maximum price as established under Maximum Price Regulation No. 591, may continue to use as his maximum price the maximum price properly established under that regulation.

(e) *Notification by manufacturers.* Any manufacturer who applies the increase permitted under (b) shall notify each purchaser, in writing, at or before the issuance of the first invoice after April 30, 1946, of the actual dollar-and-cents increase for each type of cast-iron radiation over his maximum price to that class of purchaser in effect on April 29, 1946.

(f) *Resellers' maximum prices.* The maximum price for sales by any reseller of the types of cast-iron radiation and accessories covered by this section shall be his maximum price to each class of purchaser in effect on April 29, 1946 plus the actual dollar-and-cents increase in cost resulting from the increase granted the manufacturer under this section and of which he is notified by the manufacturer.

(g) *Reports.* Any manufacturer who increases his maximum prices under this section must submit to the Prefabrication and Building Equipment Price Branch, Office of Price Administration, Washington, D. C., his new price list,

discounts sheets or other notification made to his purchasers, within 20 days after such adjustment is put into effect.

This amendment shall become effective April 30, 1946.

NOTE: All reporting requirements of this amendment have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Issued this 30th day of April 1946.

SECURITIES AND EXCHANGE COMMISSION.

[File No. 70-1271]

COLUMBIA GAS & ELECTRIC CORP. AND DAYTON POWER AND LIGHT COMPANY

NOTICE OF FILING AND ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 29th day of April 1946.

Notice is hereby given that Columbia Gas & Electric Corporation (Columbia), a registered holding company and a subsidiary of The United Corporation (United), also a registered holding company, and Columbia's public utility subsidiary, The Dayton Power and Light Company (Dayton), have filed a joint application-declaration pursuant to the provisions of the Public Utility Holding Company Act of 1935. All interested persons are referred to said joint application-declaration, which is on file in the offices of the Commission, for a statement of the transactions therein proposed, which may be summarized as follows:

(1) Columbia will offer to its stockholders the right to purchase 1,530,000 shares of common stock of Dayton and, concurrently therewith, it will, pursuant to the competitive bidding provisions of Rule U-50, publicly invite bids for the underwriting of such offer and the purchase by the underwriters of such shares of common stock as are not purchased by Columbia stockholders. In its public invitation, Columbia will request that the bidders specify the price per share which they will pay for the shares of common stock which they will purchase, which price will also be the price at which the common stock will be offered to the common shareholders of Columbia. The bidders will also specify the compensation to be charged Columbia by the bidders for their services in underwriting the stockholders' offering and purchasing the shares of common stock which are not disposed of pursuant to such offering.

Columbia common stockholders will be offered the right, evidenced by warrants, to purchase Dayton common stock on the basis of one share of Dayton common stock for each eight shares of Columbia common stock held by them.

(2) Columbia will apply the proceeds realized from the sale of Dayton common stock, together with treasury cash, if required, to redeem, at the redemption price, all of its 5% Debentures, presently outstanding in the principal amount of \$44,854,000.

(3) Incidental to the above transactions Dayton will (i) increase the authorized amount of its common stock from 500,000 shares without par value to 2,000,000 shares of a par value of \$7 a share and will issue and exchange 1,530,000 shares of new common stock for 360,000 shares of its present common stock, all of which are owned by Columbia; and (ii) transfer to Common Capital Stock Account \$2,000,000 of capital surplus and \$680,000 of earned surplus.

(4) Dayton will amend its Articles of Incorporation to provide, among other things, for contingent voting rights for preferred stockholders in connection with the issuance of additional shares of preferred stock, the merger of the company, the issuance of unsecured debt and the sale of assets. The Articles of Incorporation will also be amended to limit the payment of common stock dividends under certain circumstances.

The proposed issue and exchange of new common stock have been submitted to the Public Service Commission of Ohio for its approval and Dayton seeks exemption from the provisions of sections 6 (a) and 7 of the act in respect of such matters.

Columbia requests that the order to be issued with respect to the proposed transactions conform with the provisions of sections 371, 373 and 1808 (f) of the Internal Revenue Code, as amended, and Section 270-c (10) of the New York Stock Transfer Tax.

It appearing to the Commission that it is appropriate in the public interest and in the interests of investors and consumers that a hearing be held with respect to said application-declaration and that said application should not be granted or said declaration should not be permitted to become effective except pursuant to further order of the Commission;

It is hereby ordered, That a hearing be held upon said matters on May 15, 1946 at 10 a. m., e. d. s. t., in the offices of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia, Pennsylvania. On such day the hearing room clerk in Room 318 will advise as to the room in which such hearing will be held.

It is further ordered, That Willis E. Monty, or any other officer or officers of the Commission designated by it for that purpose, shall preside at such hearing. The officer so designated to preside at such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of the act and to a trial examiner under the Commission's rules of practice.

It is further ordered, That the Secretary of the Commission shall serve, by registered mail, a copy of this order on the Public Service Commission of Ohio, United, Columbia, and Dayton; and that said notice of said hearing be given to all other persons by publication of this order in the FEDERAL REGISTER. Any person desiring to be heard in connection with these proceedings or proposing to intervene herein shall file with the Secretary of the Commission on or before May 13, 1946 his request or application therefor, as provided by Rule XVII of the rules of practice of the Commission.

It is further ordered, That without limiting the scope of the issues presented by said application-declaration, particular attention will be directed at said hearing to the following matters and questions:

(1) Whether the proposed issue and exchange of new common stock is solely for the purpose of financing the business of Dayton and has been expressly authorized by the State Commission of the State in which it is organized and doing business;

(2) Whether the proposed method of sale of the common stock of Dayton and the terms and conditions thereof are appropriate in the public interest and the interests of investors and consumers;

(3) Whether the proposed accounting entries to be recorded on the books of Columbia in connection with the proposed transactions are consistent with sound accounting principles and conform to the standards of the act;

(4) Whether the fees, commissions or other remunerations to be paid in con-

nection with the issue, sale or distributions of the Dayton common stock are reasonable;

(5) Generally, whether the proposed transactions comply with the applicable provisions of the act and the rules, regulations and orders promulgated thereunder;

(6) Whether, in the event the application-declaration shall be granted and permitted to become effective, it is necessary to impose any terms or conditions to ensure compliance with the standards of the act.

By the Commission.
