Clearance of Application.

Govt Sect G-2/CIS 3 June 46

On the basis of information currently available, the following person, previously screened by the Japanese Government and passed by Counter Intelligence Section is cleared by this Section. Request clearance be transmitted to the Japanese Government under existing arrangements with the Central Liaison Office:

KISHIMOTO, Hikoe (1) Member, House of Peers

Incls: Questionnaire on above person.

C. W.

MEMO FOR RECORD:

See G-2/CIS ck sht 23 May 46, subj: Prospective Appointee to House of Peers - KISHIMOTO, Hikoe. Technically, KISHIMOTO does not fall under G because he was a plain director and not a standing director of Osaka Pig Iron Co. Also, it is doubtful whether this company produced 10% of all steel. These are the detailed specifications in the Japanese Government's implementing instructions on category G. Standards ~~new~~ in use by Japanese Government are now under discussion with a view to their being tightened up. When details have been worked out, all these cases will be rescreened. This matter discussed with Maj. Aiso (G-2/CIS/Compliance Br), who agreed with above conclusion and action.

Clearance of Personnel for Government Service under SCAPIN 550 -- Toshikazu KASE.

G-2/CIS 2 June 46

On the basis of information now available, the following person, previously screened by the Japanese Government and passed by your Section, is cleared by this Section as not subject to removal or exclusion under SCAPIN 550. Request this information be transmitted to the Japanese Government under existing arrangements with the Central Liaison Office.

Applicant	Position
Toshikazu KASE (1)	Counsellor of Embassy, Assigned to General Affairs Bureau, Ministry of Foreign Affairs

Incls: Questionnaire and supplemental statement submitted by applicant.

C. W.

MEMORANDUM FOR THE RECORD:

KASE was made Director of the Third Division of the Board of Information in August 1945, which would make him purgeable under the Japanese Government's application of Category G if there were conspicuous evidence that he has been an ultra-nationalist. Since his appointment took place on 30 Aug 45 and he did not report for duty until on or after 3 Sept 45, and since there is no evidence that he has been an ultra-nationalist, but some evidence that he was "moderate", this position does not make him undesirable within the meaning of SCAPIN 550.
