RUSSIAN SUCCESSES

MANY PRISONERS CAPTURED BY THE SLAV TROOPS IN FACE OF FIRE

PETROGRAD, Nov. 27.—The following statement has been received from the Russian commander-in-chief:

"On the Czenstochowa-Cracow front our successes are assuming a marked importance. Our troops on November 26 captured more than 400 prisoners. Our offensive was particularly fortunate on the lower Szroniawa river, where a whole battalion of the Thirty-first Honved regiment surrendered.

"Our troops also stormed a powerfully fortified Austrian position on the left bank of the Raba, where some of our attacking units forded the river during the breaking up of the bank and attacked the enemy. The water was neck deep in the river.

"The Austrians desperately defended Bohnia (thirty-five miles southeast of Cracow), which we stormed, capturing more than 2000 prisoners, machine guns and ten field guns. On the left bank of the Vistula the enemy in the region of Cracow is beginning to retreat in disorder. Our troops are pursuing them energetically.

"According to the reports of the commanders of the armies the morale of our troops, who have been hardened by almost continuous fighting for forty-five days, is very high.

"Trustworthy reports show that the Austrians have mounted in the steeple of the cathedral in the center of Cracow wireless apparatus and machine guns for protection against attacking aeroplanes."

WHY EDITORS ARE SKEPTIC

One of the greatest trials of the newspaper profession is that its members are compelled to see more of the shame of the world than in any other profession. Through every newspaper office, day after day, all the wickedness of the world, church bickerings, and all the mistakes that want to be corrected, all the dull speakers that want to be thought eloquent, all the meanness that wants to get its wares noticed gratis in the editorial columns in order to save the tax of advertising columns; all the cracked brain philosophers whose stories are as long as their hair and as gloomy as their finger nails in mourning because bereft of soap, all the bores who come to stay a few minutes, but stay hours. Through all the editorial and reportorial room all the follies and shame of the world are seen day by day and the temptation is to believe neither in God, nor man, nor woman. It is no surprise to tell me that in this profession there are so many skeptical men. I only wonder that journalists believe anything.—Talmage.

ADVERTISING FOR GLENDALE

Mr. J. H. Shugart of 224 Belmont street recently wrote a letter describing Glendale to the Farmers' Mutual Insurance Journal, published at Lincoln, Nebraska. This paper has a circulation of more than 80,000 and as Mr. Shugart was connected with the company for five years, his letter has reached a number of his old friends. Letters of inquiry have come to Mr. Shugart in regard to climate, rainfall and other conditions here, and he is preparing himself to answer these queries intelligently.

R. Barrows of 443 West boulevard is in San Diego on a business trip.

MR. MCGOWAN INJURED

PROMINENT MOVIE STAR IS IN THE HOSPITAL WITH BROKEN BONES

Mr. J. P. McGowan, manager and leading man of one of the Kalem motion picture companies, was quite seriously injured Friday. While taking a scene, Mr. McGowan was supposed to cross hand over hand on a rope stretched between two telegraph poles, but when about half way across he weakened and fell to the ground, a distance of about thirty-five feet.

Mr. McGowan is in the Sisters' hospital in Los Angeles now and physicians stated Friday that it would be at least four months and perhaps longer before he would be able to walk, as there are several bones broken.

Another sad feature of the accident is the fact that Mrs. McGowan, better known as Helen Holmes, is very ill at her home, having contracted pneumonia some time ago, and of course is unable to be at the bedside of her husband.

UNIVERSITIES NOT FOR RECRUITING ARMIES

Since certain undergraduates of Harvard university and of the Massachusetts Institute of Technology have taken steps to organize a gun corps to operate with the artillery division of a Massachusetts militia regiment, discussion at once has begun at Harvard as to the desirability of these institutions being committed in this way to militant national policies.

A considerable body of opinion in the student ranks and in the faculty will be adverse to this move just at this time. The quasi-indorsement previously given by the university to the army's efforts to induce university and college men to enter the service, and recent pleas by military men addressed directly and verbally to the undergraduates, have run counter to the desires of this same group of non-militants, who look on a university as set apart for other uses than a recruiting ground.

This criticism is more freely voiced just now, because recent events have shown how superficial is the feeling of amity between scholars of eminence and much experience when they are forced to choose between nationalism and internationalism. It is argued, and with much force, that until adults that make up teaching faculties can show a higher stage of mastery of themselves as combatants it is hardly timely for undergraduate students to become recruits for any form of physical combat.

The belief is general that, taking the universities and colleges of the land as a group, they will count on the side of the "war against war" program, and not go with the "big army, big navy" champions. If after a debate of this issue undertaken on a national scale a moderate program of a defensive sort is defined, probably neither men nor money will be lacking. But here again much depends on the outcome of the war, and of the congress of nations that will follow it. If military expansion follows, the educated man will have his share in making it effective. But all this may come to pass without any need arising for men now in universities or colleges to begin making paths between dormitories and armories and between classrooms and drill halls. C. S. Monitor.

THE PROSPEROUS CITY

No city or town in this state or in any other place, for that matter, can expect to thrive and prosper without the concentrated effort of its citizens and the judicious expenditure of money. The towns in our state today that are prosperous are the ones that have donated liberally to enterprises which employ labor. Thus it is and always will be that the liberal and broad-gauged town will thrive, while the tight-fisted ones are struggling along for the necessities of life.—Venice Vanguard.

TOY SHOP FOR GLENDALE

One of the largest stocks of toys in Los Angeles county can be found at the Glendale Toy shop, just opened at 413 Brand boulevard. Several local Glendale men travel for and are interested in the wholesale importation of toys, and the three, P. J. Case, W. E. Farlander and J. M. Maroney, decided to put their sample lines, as well as an immense stock of American and foreign made toys, into the large vacant storeroom at 413 Brand boulevard, where they will be sold at exceptionally low prices until the holidays. This is certainly a fine chance for the children and their parents of this city to secure Christmas toys at a great saving and at the same time have a huge assortment to select from.

UNIQUE FIGURE

CHARLES H. RANDALL IS FIRST PROHIBITIONIST ELECTED TO U. S. CONGRESS

At a great prohibition banquet held in Pasadena on Wednesday evening in honor of Charles H. Randall, the United States congressman-elect and first prohibitionist to be given that honor, Mr. Randall spoke on "The Outlook in the Nation." Mr. Randall said he is not making many promises. He wants rather to come back next year and tell of things accomplished. He says he is beginning to view with alarm the difficulties that he may encounter as a congressman, and thinks it will require patience at least to convince half of the 435 members of the House of Representatives that they should vote with him. He thinks the world's millions are awakening to the true character of the liquor business and the outlook for national prohibition becomes brighter every day despite the difficulties of legislative procedure. In regard to the Hobson resolution, Mr. Randall said:

"Whether the Hobson resolution for a constitutional amendment shall finally be adopted in this congress or in the next, or whether it is the true solution of the question, I do not know. I do know that Mr. Hobson has accomplished more in bringing the nation to think of this question than probably any other man in all America. A federal constitution party to the manufacture and sale of alcohol is necessarily the ideal method of destroying the traffic forever. Mr. Hobson tells me that this plan has encountered the opposition of southern congressmen, who fear that it invades states' rights. He thinks that objection may be overcome."

Mr. Randall spoke of prohibition in Russia. On the day war was declared the grand duke, remembering the disorganization due to drunkenness in the army in 1904, ordered all liquor placed under the imperial seal. From that day drunkenness vanished in Russia and the results were soon apparent.

"The second month of abstinence made the manifold advantages so clear to everybody that when we called upon his majesty, the czar of all the Russias, to thank him for his recent orders, he promised that the liquor business of the government would be given up forever."

This promise was promulgated in a telegram to the Grand Duke Constantine, and the Russian empire, occupying one-sixth of the world's surface, is now free from the great destroyer.

The speaker predicts that in 1916 one or more of the old parties will embody in their national platform a prohibition plank. He says the Prohibition party, pioneer in the crusade, welcomes the co-operation of other parties and of other forces to fight together in the last days of the reign of King Alcohol.

GLENDALE GIRLS, READ!

(Contributed)
Backward, turn backward, oh time in your flight!
Give us a girl whose skirts are not tight;
Give us a girl whose charms, though few,
Are not exposed by so much peek-a-boo.

Give us a girl, no matter what age,
Who won't use the street for a vaudeville stage;
Give us a girl, not too sharply in view,
And dress her in skirts that the sun can't shine through.

Just give us a girl dressed simple and clean,
That isn't so anxious about being seen,
Just dress her in clothes that are not quite so thin,
And don't be afraid to use thread and some pins.

CARPENTER-ALLEN

Friends of Miss Hazel Allen and Mr. Duane Carpenter, both of Tropic, were greatly surprised Wednesday of this week. The couple went to Los Angeles, supposedly to attend a matinee, but instead of going to the theater, they got married and returned home husband and wife. Mr. and Mrs. Carpenter will make their future home on Louise street.

THANKSGIVING FOR JAPANESE

A very delightful occasion was the Thanksgiving dinner for the Japanese at the home of Mrs. Fred E. Hagin, 226 South Central avenue. About twenty-five were present. They seemed perfectly at home and enjoyed themselves with games and speeches. Mrs. Hagin is doing a great work with these people. They meet at her home every Sunday afternoon for Bible study.

MARY PICKFORD

"TESS OF THE STORM COUNTRY" WILL OPEN NEW THEATER ON MONDAY EVENING

The attraction to be offered for the formal opening on Monday evening of the handsome new picture house on Brand boulevard is "Tess of the Storm Country," with the celebrated film favorite, Mary Pickford, in the title role. This five-part photoplay version of Grace Miller White's famous novel gives Miss Pickford ample opportunity in which to display her wonderful talent as a motion picture actress; in fact, little Mary herself considers this one of her greatest pictures. The music will be especially attractive on account of the great number of dramatic scenes and climaxes in the picture that require appropriate musical numbers to give them their full strength and understanding.

Mary Pickford, as the ragged little squatter girl, dirty but beautiful, rude, wilful, saucy, but self sacrificing, renders a portrayal of inexhaustible fascination as Tess in this powerful story. The picturesque environment of scenery, the rich variety of character types, the vital heart interest and most of all, the irresistible charm of "little Mary," makes this picture one of the most eventful and delightful motion picture productions ever shown. Tess is a character that will live in the memory of the audience long after the shallow conventional heroine of the average picture is forgotten. Idealized by Mary Pickford, who renders a performance of compelling beauty and forcefulness, the picture ascends to the realms of art that words alone cannot describe.

Mary Pickford's is easily the most potent name in pictures today, and it seems only fitting that this favorite picture star should be chosen by the management for the opening attraction. The music will be equal to the picture production.

MRS. BEST PURCHASES THE RUSSELL BRANCH

Russell's purity bakery branch store, located in the new Jones & Evans building, corner of Brand and Second, has been purchased by Mrs. Best, who will manage the place and continue to sell Russell's bread and bakery supplies, as well as candy, canned goods, etc. This store was established a little over four months ago and the patronage has been exceedingly good. Mr. Russell turned it over to Mrs. Best's able management in order to give him an opportunity to establish his third store at 914 West Broadway, formerly occupied by the Iowa bakery and later by the Royal Baking Co., which store will be opened about Dec. 5th after being thoroughly renovated and remodeled.

THE CALIFORNIA STATE POPPY LEAGUE GIVES INSTRUCTION

Under the auspices of the California State Poppy league, Leonard Coates of Morgan hill, who has had years of experience in the nursery business, has formulated the following suggestions for the propagation of the state flower:

The California poppy (*eschscholtzia*) should be sown at once or within the next few weeks.

Take a little pinch of the seed between the thumb and forefinger and sow on the top of ground that has been broken and pulverized. It is advisable with such small seeds to mix with several times their bulk in sand, sowing all together.

If the soil is not wet, press it in firmly and cover with a little sand or pure leaf mold. This is to prevent baking of the surface after heavy rains.

It is better to sow the seed in groups, rather than in rows, so that the effect will be more natural. If planted along a roadway or railroad, the more suitable spot would be between fence posts or at each fence post, where the soil is looser and, being more or less on a ridge, the conditions will be more favorable than if the seed were planted where the ground is level.

The *eschscholtzia*, being a perennial, when once established, will continue to bloom annually, the roots getting stronger from year to year. March 30, 1915, has been set aside by the expositions as "poppy day."

\$228 FOR WAR VICTIMS

GRAND BENEFIT CONCERT WHEN PROFESSIONALS APPEAR NETS A NEAT SUM

The benefit concert under the auspices of the Sons and Daughters of the British Empire, for the benefit of the British-Belgian and general relief work of that society, was given Friday evening in the Glendale Union high school auditorium.

The attendance was large and the interest was very encouraging for those having the work in charge. Mayor O. A. Lane, president of the association, presided. After calling the meeting to order, Mr. Lane expressed himself as being pleased that so many people were present, and said that a cause like this should bring out a large number of people. He emphasized the fact that the cause is a worthy one and should receive the aid of every citizen of Glendale.

The program was carried out as previously published and every appearance of the artists was met with round after round of applause. The first was a musical number of the violin and piano, with Mr. Julius Kranz on the violin and Mrs. Mattison B. Jones at the piano, and was repeatedly encored. Mr. Kranz and Mrs. Jones also appeared in the second part of the program.

The second number, a solo in two parts by Madame Norma Rockhold Robbins, with Miss Adelaide Trowbridge accompanist, was also enthusiastically encored by the appreciative audience. Mrs. Edmond Shank, who is well known and loved by Glendale people, sang a solo in her usual beautiful way and was of course recalled. Mrs. Shank was accompanied by Mrs. William Welch Stone.

The last number of the first part of the program was played by Brahms van den Berg, considered the greatest pianist in America and called the second *Paderewski*. The audience showed their appreciation of his beautiful playing by their repeated applause. Each of the artists gave a second number during the last half of the program and each was enthusiastically encored.

At the close of part one, the chairman introduced Rev. W. E. Edmonds, who said he had been requested to ask those present to subscribe to the benefit fund. He stated that this was not a task to him, but a pleasure, and reminded members of the audience that while we are cheering the entertainers of the evening, there is not any cheering going on among the people of Belgium, who are in a starving and destitute condition. Mr. Edmonds said in looking over the audience that he would set the amount which should be subscribed at the meeting at \$500. He called forward half a dozen gentlemen who were provided with subscription cards. All present were given an opportunity to subscribe \$25; then the amount was placed at \$10, and then at \$5, \$3, \$2 and \$1. After the cards were collected and footings made, the announcement was made that \$228.80 had been the receipts of the evening's entertainment.

Intense interest in the cause which brought these people together was shown throughout the evening. Young ladies were busily engaged in the vestibule and at times passed up and down the aisles selling boxes of home made candy, the proceeds of which will be added to the benefit fund. One extra large box was auctioned off, selling for \$1.50 to Mr. Chandler, who asked Chairman Lane, the auctioneer, to resell it. It was resold and brought 75c.

Before closing the chairman made a request that all persons who had clothing which they wished to donate could do so at the headquarters of the committee, 343 South Brand boulevard. There was \$200 subscribed to the relief fund at a previous meeting of this association.

PRISONERS IN BEET FIELDS

The American high priced sugar bubble has burst, according to authentic reports from eastern refineries, and the cane and beet districts of the South and West. The great refineries of New York are said to have lost more than three millions of dollars as a result of skyrocketing the market at the beginning of the European war. It was taken as a foregone conclusion that the beet crops of Europe would rot in the fields and the American grower, manufacturer and refiner looked for an era of prosperity, but they failed to take into account the prisoner of war, the element that has saved the European beet crop.

In Austria-Hungary alone there are 50,000 Russian and Servian prisoners at work in the fields. In Germany the number is almost twice as large, and in France and Russia the prisoners are being used in both field and factory.

NEW ENGLAND DINNER

MR. AND MRS. LEARNED HOST AND HOSTESS AT "DOWN EAST" THANKSGIVING

A New England Thanksgiving without the usual accompaniment of snow and frost, which characterizes that locality where our forefathers first gave thanks for a bountiful harvest and sat down to a sumptuous repast of wild turkey with the red men as their guests, was celebrated at the H. E. Learned ranch near Burbank, with Southern California sunshine and flowers casting a glow and fragrance over all, when more than forty people, nearly all from the New England states and all relatives but four, partook of a real "down east" dinner. Turkey, baked beans, cranberry sauce, pumpkin pie and all the good old New England dishes were provided and everything was in abundance and brought back to many memories of the old home. The dinner was served at noon and happy social intercourse filled the hours following.

Among those so fortunate as to be present on this occasion were Mr. and Mrs. H. E. Learned, Mr. and Mrs. G. S. Learned, Mr. and Mrs. M. D. Learned, Mr. and Mrs. Geo. E. Adams and daughter Emma, Mr. W. D. Learned, Mr. and Mrs. Willis Adams and daughter Flora, Mr. Lloyd Wilson, Mr. Albert Bartlett of Pasadena, Miss Ethel Learned, Miss Mary Learned, Miss Lovisa Learned, Mr. and Mrs. F. Bartlett and baby of Pasadena, Mr. and Mrs. M. G. Bartlett and six children of Pasadena, Mrs. Trask, Mr. and Mrs. George Miller and two children, Mr. and Mrs. Everett Adams and daughter of Los Angeles, Mrs. Elsie Koronski of Philadelphia and Miss Josephine Breed of Los Angeles.

NORTH GLENDALE

Thanksgiving day was observed at the North Central school by a very interesting program before a large attendance of parents and friends on the afternoon of Wednesday, Nov. 25th. Following is the program that was given: Song by the first grade, Reading, "First Thanksgiving Day," by Maynard Toll. Piano solo by Merle Nash. "Thanksgiving Quotations" by two first grade boys. Songs by the second grade. Recitation, "Thanksgiving in the Country," by Cornelia Wilson. "In the Clock Store" on the Victrola. Recitation, "Thanksgiving Story," by David Irskin. Song by the fifth and sixth grades. "Thanksgiving Quotations" by five of the second grade. Piano solo by David Kelley. Reading, "Thanksgiving Then and Now," by Eleanor Mellin. Songs by the third and fourth grades. Dramatization of the "Barnyard Story," by group of first grade children. Tenor solo by John McCormack on the Victrola. Recitation by the fifth and sixth grades in concert. "The Landing of the Pilgrims." Flag salute by the school. "America" by the school, accompanied by Miss Esther Black on the piano. The children of the school are very proud of their new Victrola, which was given to them by the Parent-Teacher association and is a very fine instrument.

Playing at war proved too much for one little North Glendale lad, Master Webster Kurtz, son of Mr. and Mrs. I. Ross Kurtz of 1001 Melrose avenue, was badly cut in the head during a terrific battle Friday. Webster and a little playmate had built a fortification and one of the lads was on each side of the fort attacking it with stones. One of the rocks struck Master Webster in the forehead, inflicting a laceration that required the services of a physician to close. The lad will be confined to his bed for some time as a result of the accident and will carry a scar on his forehead for the remainder of his days.

Mrs. A. B. Clement of 1321 North Pacific avenue entertained as her guest at dinner Friday evening Miss Barbara Mitchell of Kenneth road.

Mrs. James Littell of 900 Dryden street is having a very neat addition built on her house in the form of an extended gable and porch, making a very substantial improvement.

Mrs. A. H. Herr and family, also Mrs. Herr's mother, Mrs. J. Barber, recent newcomers from Denver, Colo., have leased the property of Mr. Stacy at 1601 Ruth street for six months and have taken possession.

Miss Barbara Mitchell of Kenneth road, with a party of young ladies who are Occidental students, left this morning for Santa Monica, where they form a house party and will enjoy the week-end at that popular resort.

Mrs. Tom Osborn of 1095 San Rafael street was the guest of her parents, Mr. and Mrs. Stephens of Los Angeles at the Corona auto races last Thursday. The trip was made by machine and a very delightful trip was the report of the party.

UNIFORM LAND LAWS NEEDED

In the governors' conference at Madison, Wis., the committee on rural credits strongly favored uniform legislation regarding registration of land titles, foreclosures and taxation of mortgages. Incidentally the Torrens land title system was endorsed. As a matter of fact, uniformity of legislation is so desirable that it seems like begging the question to confine recommendations along this line to any specific subject. It would be well to avoid confusing or contradictory laws among the states on any subject and the governors' conference could hardly do better than to attack this great question as a whole rather than in parts.

AS TO THE ITALIAN SHIP DEPOSITS

It is pleasant to be informed that Italy had no intention of discriminating against the United States merchant marine in ordering that all American steamship lines engaged in the Italian passenger carrying trade should deposit in an Italian bank in New York 20,000 lire for each vessel engaged in this service and 100 lire for every passenger. The explanation given to the state department at Washington is that this order does not apply to vessels already in the trade and licensed, but to vessels at present unlicensed by the Italian government, and that the deposits are designed simply to compel the taking out of licenses which involve an agreement to provide certain accommodations for Italian emigrants. The state department appears to be content with this explanation, but it would seem to have been better all around had it been made earlier.

Mrs. Frank Williams of Los Angeles spent Tuesday with Mrs. M. G. Taylor of 1521 Patterson street.

PERSONALS

Friends of Mrs. W. D. MacRae of 1436 Salem street will be sorry to hear that she is quite ill at her home.

F. L. Cary of Los Vegas, New Mexico, is spending a few days in Glendale visiting Mr. and Mrs. H. M. Lake of this city.

Mrs. John R. Barrows of 443 West Colorado boulevard entertained Mrs. David Brant and children of Glendale and Miss Murray of Los Angeles at dinner on Thursday.

Mr. and Mrs. George Byram and family of Redondo Beach are spending a few days with different relatives in Glendale. They will return to Redondo on Sunday.

Mrs. Geo. Fowler of 1230 Chestnut street gave her son, Master Freeman, a birthday party Friday night, at which plates were laid for fourteen, seven boys and seven girls.

Mrs. Frederick Baker of 109 North Maryland avenue entertained Miss Velma Ball of Toledo, Ohio, over Thanksgiving. Miss Ball is the daughter of a schoolmate of Mrs. Baker.

The Christmas committee of the Congregational church met Friday to discuss plans for the Christmas exercises at the church. A very excellent program is being prepared.

Mr. and Mrs. E. R. Naudain of 903 Lomita avenue were guests of Mrs. Jennie Winchester at a very pleasant dancing party Friday night at the Abbottsford Inn of Los Angeles.

Mr. and Mrs. Paul Ward of 200 East Second street attended a gathering of the Ohio State University Alumni association held at the Hollenbeck hotel in Los Angeles Friday evening.

This afternoon Master Norman Bosserman is having a little party for ten guests, it being the occasion of his first birthday. The color scheme of the party is pink and green and the hours are from 2:30 to 5:30.

Mrs. E. T. Byram of 218 Glendale avenue entertained with a family dinner party on Thursday. Covers were laid for sixteen. The table decorations were of beautiful poinsettias and the house was profusely decorated throughout with carnations and greenery.

The person who furnished us with the copy concerning the formation of the "Robbinette club" gave the name of Helen Wright as one of the second sopranos, but we find since the paper went to press Friday that the name should be Ruby Frances Wright and we now desire to make the correction. Let us "give credit to whom credit is due."

Friday evening after the benefit concert at the high school Mr. and Mrs. LeRoy Bosserman were host and hostess at a supper given at their home, 814 South Central avenue. Those present were Mr. and Mrs. Brahm van den Berg and their house guest, Mrs. G. P. Miller; Mr. and Mrs. Charles Bosserman of La Porte, Ind., mother and father of Mr. LeRoy Bosserman; Mr. and Mrs. Lyman B. Ashton, and the host and hostess.

Mrs. C. W. Van Dyke of 1430 West Third street received word Wednesday telling of the death of her mother in St. Louis. The news came as a great shock to Mrs. Van Dyke, as she was expecting her mother and sister to visit her this winter and had just received a letter telling her that they would come. Though her mother had been in delicate health for some time, her condition was not thought dangerous and the shock of her death has prostrated Mrs. Van Dyke.

Mr. and Mrs. Kenton Robertshaw of 628 South Adams street entertained Thursday with 6 o'clock dinner. The house was beautifully decorated with red carnations and poinsettias throughout and the good old fashioned turkey dinner was enjoyed by all and the evening spent in talking and music. Those present were Mr. and Mrs. H. M. Robertshaw, Mr. and Mrs. G. H. Barager, Miss Mina Robertshaw, Mr. Teddy Robertshaw, Kenneth and Donald Barager and Master Lawrence Robertshaw.

Dr. and Mrs. E. H. Willisford of 231 Orange street entertained eleven gentlemen at dinner Friday evening, all of the guests being members of the official board of the First Congregational church. A beautiful centerpiece of roses and ferns reposed on the banquet table, around which the guests were seated and the excellent three-course dinner was enjoyed by all. After dinner different church plans and business was discussed, stories were told and songs were sung, and the guests departed feeling that they had spent a very pleasant and profitable evening.

The legislative section of the News-Examiner club held a very important and interesting meeting at the Masonic temple on Tuesday afternoon of this week. Mrs. Charles E. Hutchinson, the curator of the club section, presided. A very complete and instructive paper on "Community Property Law" was read by Mrs. Harriet White. The paper had been prepared by Mrs. White's son, who is an attorney, and it brought forth an interesting discussion as to the need of changes in the now existing law to make it fair to the women. A vote of thanks was extended to Mr. White for the paper.

PROTECTION OF GAME

The official vote on proposition No. 18, the non-sale of game, in Los Angeles city and county, shows that the Wild Life Protective league, which led the fight for conservation and the protection of wild life, won its fight by the large majority of 57,565. The actual vote here was: "Yes" 112,345, "no" 54,780. The strong negative vote in Northern California, particularly around San Francisco bay, was so large that the measure was defeated throughout the state. Southern California placed itself on record for wild life and its protection by a splendid vote, most encouraging to conservationists.

To more easily carry on the campaign throughout the state, it was divided up into halves. Dr. Taylor of the University of California took charge north of Fresno, while Dr. Charles F. Holder of Throop college of technology, president of the Wild Life Protective league, and Henry W. Keller of Los Angeles, had the work in hand in the South. Dr. Taylor carried on a remarkable campaign, but he could not stem the tide against the active and alert enemy around San Francisco bay.

It was conceded that the fight for the non-sale of game was won, up to a few days before election, but in some way the San Francisco Examiner secured a photograph of the president of the fish and game commission, Mr. Newbert, standing with some of his friends behind a string of ducks that the Examiner claimed exceeded the legal limit. This was published by the Examiner on the Sunday previous to the election and was exploited to the full, thousands of copies being sent around the state, costing No. 18 thousands of votes. It was an illustration of "rum, Romanism and rebellion" applied to game and most disastrous.

Dr. Holder received a letter from President Newbert in which he denounces the incident as a malicious lie. While the incident has created a very unfavorable impression in Southern California among conservationists, of course no one believes for a moment that Mr. Newbert was caught breaking the law, as he is known as a strong conservationist, and one of the framers of the law. The incident is one of those unfortunate things that a wily enemy can use at the last moment to defeat a good cause.

GUARDING THE TRANSIT OF FOREIGN EXHIBITS

To point a moral and adorn a tale probably was not the intention of the naval officer who, cruising in South Atlantic waters, recently sent to the bottom priceless collections that the Argentine Republic and other nations adjacent thereto were sending to the Panama-Pacific exposition at San Francisco. But the lesson has been learned, and it is not surprising that plans are under way to make possible shipment to the United States of exhibits from European governments in a 15,000-ton vessel of the United States navy that is built to carry freight and now is in a European port. To be courteous toward another nation and at the same time effective in guarding its treasure is a double service not often permitted to a government. Consequently such use of a United States collier just at the present time would seem very opportune.

Just how far this free and safeguarded transit of exhibits should go, it is not for us to say. But certainly collections made under governmental authority and representing distinctly national interests must be protected from possibility of such a swift extinction as befell the Argentine's exhibits. Less can hardly be done without the United States undergoing loss of prestige.

No doubt the war will modify to some extent the plans of some exhibitors, national and private; but in the main it has made surprisingly little difference of this sort. Pledges are to be kept. Something is to be done to show that even while war goes on the forces of a pacific state of society are still operative.

NEARLY THE LARGEST

Again this year the University of California has been proved second in size of American universities. With 8481 students, its registration is 1215 more than it was a year ago. Purity of Milk

means more than sanitary stables and the thorough washing of bottles. Purity at MacMullin's means healthy cows, ideal stable conditions, careful feeding of wholesome cows, careful handling of the milk by the milkers, aeration of the milk to destroy bacteria, proper sterilization and washing of bottles before bottling, then prompt delivery, insuring milk that is as near pure as it is possible to deliver it at no greater cost than ordinary dairies charge.

WAGES HIGHER IN 1913 THAN IN 1912

The average weekly wage in forty leading cities of the United States for more than sixty industries in 1913 was higher, according to a statement issued by the United States bureau of labor statistics. The greatest average increase was for marble setter, which was 6.6 per cent. The following increases were made in the period stated:

Bricklayers, 1.7 per cent; carpenters, 1.7 per cent; hodcarriers, 1.3 per cent; painters, 4.2 per cent; plasterers, 1 per cent; plumbers and gasfitters, 3.1 per cent; structural iron workers, 2.6 per cent; stone cutters, 2.2 per cent; iron molders, 5.3 per cent; compositors (newspaper work), 2.1 per cent.

The highest scale per hour paid in May, 1913, in the above trades was as follows:

Bricklayers, 87 1/2 cents, in Dallas, and San Francisco; carpenters, 65 cents in Chicago; hodcarriers, 50 cents in Portland, Salt Lake City and

San Francisco; painters, 65 cents in San Francisco; plumbers and gasfitters, 81 1/2 cents in Seattle; structural iron workers, 75 cents in San Francisco; stone cutters, 70 cents in Portland; iron molders, 50 cents in San Francisco; compositors (on English newspapers), day work, 75 cents in Seattle.

The bureau reports that thirty-four trades showed a reduction of hours between May, 1912, and May, 1913; twenty-eight reported no change, and one reported an increase.—Builder and Contractor.

FRUIT SHIPMENTS LARGE

Deciduous fruit growers of California do not propose to let the citrus fruit growers of the state get ahead of them, 44,338 carloads of oranges and lemons being shipped from the state during the year ending October 31, 1914. Now the deciduous fruit growers of the state announce that 16,000 carloads of deciduous fruits were shipped the past season to the markets of the world. Shipments of grapes approximate 8000 cars.

NORTH AND SOUTH AMERICAN NEUTRALITY

Any action by the United States of a mediating sort between states of South America charged with violation of neutrality and nations of Europe that protest against such violation probably would depend on production of evidence that should seem to justify such intrusion. In any case the time and manner of such mediating action would depend somewhat upon the precise relations of friendliness or aloofness previously maintained by the nation charged with laxity in enforcing the neutrality law and the nation asked to intervene. That is to say, mediation, if it were to be proffered, would be easier with Brazil or the Argentine to be advised than if it were some one of the smaller states north of the equator and near the Panama canal.

Under the interpretation of the Monroe doctrine that has governed President Wilson in his Pan-American policy, and in his attitude toward other nations, no European power or powers are estopped from action that is punitive unless it involves permanent seizure of territory of a southern republic. On the other hand, it has become customary for nations with grievances against the South American states to inform the United States of any protests made, at the same time that they are formally presented to the alleged offending nation. Such procedure in the past often has facilitated peaceful adjustment of the dispute. No doubt it will continue to do so, the more so because the United States, by its recent recognition of the "A. B. C." powers in an effort to compose the Mexican civil war, seems to have given conclusive proof that the United States has modified prior claims to supremacy in a field where justice demands fraternity of relationship.

RESOLUTIONS OF RESPECT TO THE MEMORY OF COMRADE BRAMAN LOVELESS

The members of N. P. Banks Post G. A. R. are in mourning because of the departure of our dear comrade, Braman Loveless. He came to us a few years ago, a stranger to all, but entered heartily into our work, making himself so helpful and useful that we seem to have known him for a lifetime.

He was born May 27, 1839, in Saratoga county, New York. During his boyhood he removed with his parents to Elgin, Ill., where he lived for many years. For thirty years he was a resident of Wheaton, Ill. For a number of years he was the commander of the G. A. R. Post located at Wheaton. He served one year as chaplain of N. P. Banks Post and at the time of his death was the senior vice-commander.

At an early period of the war for the Union, he enlisted as a member of Co. A, Thirty-sixth Illinois volunteer infantry, and served three years. Comrade Loveless was a man of sterling worth, a strong character, who knew what he believed and was ready to defend his faith at any sacrifice. We were not with him during the three years of his service in the army and have no account of his characteristics and achievements as a soldier, but the character he developed and the whole trend of his life indicate that he was loyal and true. He loved God with a pure heart fervently, and therefore loved men, and spent much of his time in the effort to save them. He hated oppression and wrong of every kind. He fought for the preservation of the Union and the abolition of slavery, and was equally enthusiastic for the overthrow of the traffic in strong drink.

This good man, comrade, brother lover has gone from us. We shall try to follow him, and profit by his example, as he followed him who "spoke as never man spoke."

We shall miss him more than feeble words express, but hope to meet him again when the morning shall dawn for us in the home-land after while.

RESOLUTIONS OF RESPECT TO MEMORY OF COMRADE C. D. RENECKER

Our comrades, one by one, are being mustered out of the ranks here to join the army of the skies. One of the last of our number, for whom taps were sounded and who was called to cross the mystic river, was our highly esteemed and much beloved Comrade Renecker. After a brief illness and a short time of suffering, "he was not, for God had taken him."

He was a brave and faithful soldier under his adopted flag, "Old Glory." Like many another who fought to maintain the unity of the land that had furnished them a home and protection, he gave some of the best and strongest years of his young manhood to keep together this blessed land.

Comrade Renecker was honest, brave, sincere. He did not seek the easy positions, but went courageously into the thickest of the fight for God, home and adopted country. Peace to his ashes. Rest to his body until the resurrection morn, when soul and body, reunited, will as we hope dwell in the Holy Land where no war is.

Comrade Renecker during his last illness said to his chaplain: "I believe in God; I am trusting in the merit of our Lord Jesus Christ for salvation; I believe in immortality; I shall reach home at last."

Resolved, That in the departure of

Comrade Renecker this Post has lost a faithful and true comrade;

Resolved, That we extend our heartfelt sympathy to the bereft wife and sons in the loss they have sustained;

Resolved, That a copy of these resolutions be placed on the record of the Post, given to the family of the deceased and to the press for publication.

Committee: D. D. CHENEY, C. R. NORTON, R. TAYLOR.

GRAND BENEFIT CONCERT

Prominent among affairs scheduled for the near future is the concert to be given Monday evening, Dec. 7, at the new theater, 319 Brand boulevard, under the auspices of the Glendale Choral club, J. B. Poulin, Los Angeles, musical director.

The net proceeds of this concert will be sent as a contribution from the citizens of Burbank, Glendale and Tropic for the Los Angeles Children's hospital.

It is seldom that any charitable movement, however worthy, has met with such loyal support in this valley, although it is but a few days since the pressing need of the institution was brought to the attention of the people. REVENUE STAMPS ON TELEGRAMS

Beginning with the first day of December, the collection of revenue on the transmission of telegrams will commence. On and after that date one cent is placed on every message sent by the telegraph companies, to be collected from the public in addition to the charge of the company for the transmission of the telegram. The one cent will be turned over to the government to help out the diminishing treasury.

PARCEL POST POINTERS FOR CHRISTMAS SENDERS

The establishment of the parcel post has given a wonderful impetus to the use of the mails as a means of distributing Christmas gifts and in view of the increased weight limit reduced postage rates and other extensions of the service during the past year, it is anticipated that the amount of mail during the approaching holiday season will exceed all previous records. In order that the Christmas mail may be handled very promptly and satisfactorily, it is essential that the public co-operate with the postal service to the fullest possible extent. Postmasters are requested, therefore, to make special efforts to impress this fact upon their patrons, and in this connection should emphasize the importance of the careful observance by the public of the following simple conditions: Prepay postage fully on all parcels. Address parcels fully and plainly. Place name and address of sender

on all matter with the word "from."

Pack articles carefully and wrap them securely, but do not seal them, as sealed parcels are subject to postage at the letter rate.

Mail parcels early; they may be marked: "Do not open until Christmas."

Insure valuable parcels; fee 5 to 10 cents.

Written inscriptions, such as "A Merry Christmas," "Happy New Year," "With Best Wishes," and numbers, names or letters for purposes of description, are permissible additions to fourth class (parcel post) mail. Books may bear simply dedicatory inscriptions not of a personal nature. Other written additions subject parcels to letter postage. Communications prepaid at the first class rate may be sent at fourth class rate provided they are securely attached to outside of parcel.

THE GOLDEN RULE

The great good done by the juvenile court can scarcely be exaggerated, but it should not be frustrated by a thoughtless public or a vicious newspaper. Many newspapers seize with positive avidity all stories of the courts, telling the happenings, and publishing the names and pictures of those unfortunate youngsters, who from causes not always understood have gotten into the juvenile court. Such publicity is humiliating beyond words for the boy or girl, who has made a misstep of some sort, but who is of a pretty good sort, with pride and self respect. But for those who have gone farther on the downward road, there is a still greater danger, in that they may take a reckless pleasure in the notoriety, even to the extent of doing things which will put their names in print.

Reporters seemingly do not weigh the consequences. Therefore public pressure should be brought to bear upon papers to suppress such news. Society has assumed the role of parent toward these children who are brought into the juvenile court, so it should see to it that they are given the sort of treatment we should like for our own children.—Redondo Reflex.

FAMILY REUNION

One of the many pleasant affairs in Glendale Thanksgiving day was celebrated at the home of Mr. and Mrs. Fred A. Tarr. The occasion was the annual reunion of the Tarr family, which is celebrated each year on Thanksgiving day.

Prof. L. R. Tarr, as president of the association, presided at the meeting, which was held after the large company of fifty-five persons had partaken of an enjoyable Thanksgiving dinner.

Those present were Rev. and Mrs. C. W. Tarr of Los Angeles, Mr. and Mrs. O. W. Tarr of Glendale, Mr. and Mrs. F. C. Tarr and son of Pasadena, Mr. and Mrs. E. A. Tarr and family of Los Angeles, Mr. and Mrs. F. E. Blinkhorn and son of Los Angeles, Mr. and Mrs. W. E. Tarr and daughter of Glendale, Mr. and Mrs. G. E. Thede and family of Glendale, Mr. and Mrs. A. B. Gillis of Glendale, Mr. and Mrs. J. C. Miller and family of Belleflower, Mr. and Mrs. E. J. Tarr and family of Los Angeles, Mr. and Mrs. W. A. Rogers and family of Graham, Cal., Mrs. C. A.
