General restrictions on betting

Restriction on use of premises for betting transactions with persons resorting thereto.

1.—(1) Subject to subsection (5) of this section and section 9 (1) of this Act, no person shall—

 (b) use, or cause or knowingly permit any other person to use, any premises for the purpose of the effecting of any other betting transactions by that person or, as the case may be, that other person with persons resorting to those premises ;

and every person who contravenes any of the provisions of this subsection shall be guilty of an offence :

Provided that paragraph (b) of this subsection shall not apply where both the person using the premises as mentioned in that paragraph and all the persons with whom the betting transactions so mentioned are effected—

- (i) either reside or work on those premises or on premises of which those premises form part ; or
 (ii) are, or are acting on behalf of, holders of bookmaker's permits which are for the time being in force.

(2) Any person who, for any purpose connected with the effecting of a betting transaction, resorts to any premises which are being used in contravention of the foregoing subsection shall be liable on summary conviction to a fine not exceeding fifty pounds.

(3) For the purposes of the last foregoing subsection, proof that any person was on any premises while they were being used as mentioned in that subsection shall be evidence that he resorted to the premises for such a purpose as is so mentioned unless he proves that he was on the premises for bona fide purposes which were not connected with the effecting of a betting transaction.

(4) The last foregoing subsection shall not apply to Scotland, but, in any proceedings in Scotland under subsection (2) of this section, if any person is proved to have been on any premises while they were being used as mentioned in the said subsection (2), that person shall be held to have resorted to the premises for such a purpose as is so mentioned unless he proves that he was on the premises for bona fide purposes which were not connected with the effecting of a betting transaction.

(5) Subsection (1) (b) of this section shall not apply—

(7) If any such tribunal, in dismissing any appeal by a bookmaker, or on the abandonment of any appeal after the tribunal has taken some action towards its determination, thinks it just that the bookmaker should make a payment towards expenses incurred by the tribunal in connection with the appeal, the

(b) unless he is of such opinion as aforesaid shall refer the application to the appropriate authority.

SCH. 1

27.—(1) Where an application for the cancellation of a permit is referred to the appropriate authority under the last foregoing paragraph, the clerk to the authority shall, unless the application has been withdrawn, give to the applicant, to the holder of the permit and to the appropriate officer of police not less than twenty-one days notice in writing of the date, time and place appointed for the consideration of the application by the authority, and shall send to the holder of the permit together with that notice a copy of the applicant's statement of the grounds on which the application is made.

- (b) as if the reference therein to any person who made an objection as mentioned in that paragraph were a reference to the person by whom the application under paragraph 26 of this Schedule was made.

(3) The appropriate authority shall refuse the application if they are satisfied that it is made on grounds which—

Provided that for the purposes of this sub-paragraph the authority shall disregard any conviction such as is mentioned in paragraph 18 of this Schedule.

SCH. 1

- (a) as if any reference therein to the applicant for renewal were a reference to the holder of the permit ; and
- (b) as if any reference therein to a person who opposed the application before the appropriate authority were a reference to the person by whom the application under paragraph 26 of this Schedule was made ;

and, in the case of an appeal to the sheriff under this paragraph, the sheriff may make such order as to the expenses of the appeal as he thinks proper.

TOTALISATORS ON DOG RACECOURSES

1. The totalisator shall be a mechanically or electrically operated apparatus complying with the prescribed conditions.

2. The person, whether the occupier of the track or a person authorised in that behalf in writing by that occupier, by whom the totalisator is operated (in this Schedule referred to as “ the operator ”) shall take all such steps as are necessary to secure that, so long as the totalisator is in use, it is in proper working order and is properly operated.

3. The operator shall, before receiving any bets in connection with any race, post in a conspicuous position on the track a notice showing the minimum stake (hereinafter referred to as “ the betting

unit”) which will be accepted at the totalisator from persons betting on that race ; and that notice shall also—

SCH. 5

- (a) specify the percentage, not exceeding six per cent., which will be deducted by the operator from amounts staked by means of the totalisator ; and
- (b) if the terms on which the operator invites persons to bet include such a condition as is mentioned in paragraph 6 of this Schedule, specify the time referred to in that paragraph.

4. The operator shall, in the case of any bets made by means of the totalisator on any race or combination of races—

- (a) deduct from the aggregate amount staked—
 - (i) any sums payable by the operator by way of the pool betting duty in respect of those bets ; and
 - (ii) subject to paragraph 5 of this Schedule, the percentage specified in the notice posted in pursuance of paragraph 3 thereof ; and
- (b) subject to paragraphs 5 and 6 of this Schedule, distribute the whole of the remainder of that amount among the persons making such of those bets as are winning bets.

5. Where the number of pence in the amount payable in respect of each betting unit staked by a person winning a bet is not exactly divisible by three, then—

- (a) if the remainder does not exceed three halfpence, it may be retained by the operator ; but
- (b) if the remainder exceeds three halfpence, the amount payable in respect of each betting unit staked by the said person shall be deemed to be increased to the next greater number of pence which is so divisible.

6. The terms on which the operator invites persons to bet by means of the totalisator may include a condition entitling the operator to retain any sum payable to a person winning a bet unless the money won on the bet is claimed before such time, not being earlier than forty-eight hours after the conclusion of the race, or as the case may be, of the last of the races, in connection with which the bet was made, as may have been specified in the notice posted in pursuance of paragraph 3 of this Schedule.

7. The licensing authority, that is to say, the authority by whom any track betting licence in respect of the track falls to be granted, shall appoint a qualified accountant (hereinafter in this Schedule referred to as “the accountant”) who shall be charged with the duty of examining and certifying the accounts relating to the operation of the totalisator and, after consultation with the accountant, shall also appoint an experienced mechanic (hereinafter in this Schedule referred to as “the technical adviser”) who shall act as technical adviser to the accountant and be charged with the duty of advising him as to the condition of the totalisator and all matters connected with the operation thereof.

SCH. 5

8. Subject to paragraph 9 of this Schedule, the accountant and the technical adviser shall hold office on such terms (including terms as to remuneration) as may be determined by the licensing authority after consultation with the occupier of the track, and the remuneration of the accountant and the technical adviser shall be payable by the licensing authority; but so much of that remuneration as is paid to the accountant or the technical adviser in respect of the performance of his functions under this Schedule in relation to the totalisator and is attributable to any period during which a track betting licence was in force in respect of the track shall be recoverable by the licensing authority as a debt due to them from the holder of that licence.

9. The terms on which the accountant is appointed shall include a term that on every betting day fixed by the licensing authority in pursuance of paragraph 14 of Schedule 3 to this Act either he or a servant of his authorised by him in that behalf in writing must be in attendance at the totalisator during such period or periods as may before that day have been notified to him in writing by the operator.

10. The totalisator shall not be operated at any time when neither the accountant nor a servant of his authorised by him in that behalf in writing is present.

11.—(1) The accountant, the technical adviser and their respective servants authorised in that behalf in writing may at all reasonable times enter the premises in which the totalisator is set up and examine any part of the mechanism and test and watch the working thereof, and may require the operator or any servant of his to give to them all such information, and to produce to them all such accounts, books and other documents, as they deem necessary for the purpose of ascertaining whether the provisions of this Schedule are being complied with.

(2) Every person who—

- (a) obstructs any of the persons upon whom powers are conferred by the foregoing sub-paragraph in the exercise of any of those powers; or
- (b) neglects or refuses to give to any of the said persons any such information, or to produce to him any such document, as may have been called for by him in pursuance of the said sub-paragraph; or
- (c) knowingly gives to any of the said persons any information which is false or misleading,

shall be liable on summary conviction to a fine not exceeding fifty pounds.

12. The operator shall, within seven days after the close of each month, submit to the accountant for examination by him a complete statement of account for that month, giving all such information as the accountant may require for the purpose of ascertaining whether the provisions of this Schedule have been complied with.

SCH. 5

13. The accountant shall examine the statements of account submitted to him under the last foregoing paragraph and shall, so often as he thinks proper, consult with the technical adviser and carry out, or cause to be carried out, such inspections as either of them deem necessary for the purpose of ascertaining whether the provisions of this Schedule are being complied with, and shall forthwith make a report to the licensing authority if he has reason to believe that the totalisator no longer complies with the prescribed conditions, or is not being kept in proper working order, or is not being properly operated, or if in his opinion any of the provisions of this Schedule are not being complied with.

14. The accountant shall retain for a period of two years all statements of account submitted to him as aforesaid and shall at any time during that period give facilities for their examination by any person authorised in that behalf by the licensing authority.

15. Without prejudice to his duties under the foregoing paragraphs, the accountant shall, as soon as may be after the close of each calendar year, audit the accounts of the operator for the year and, if such be the fact, certify thereon that satisfactory statements of account have been submitted to him monthly in accordance with the provisions of paragraph 12 of this Schedule and have been examined by him, and that to the best of his information and belief, formed after consultation with the technical adviser, the accounts for the year are complete and accurate and the totalisator complies with the prescribed conditions and has throughout the year been maintained in proper working order and properly operated in accordance with the provisions of this Schedule; and the operator shall forthwith cause the accounts and certificate to be printed and, subject to paragraph 16 of this Schedule, shall transmit two copies thereof to the licensing authority, who shall cause one of those copies to be deposited at their offices for inspection at any time during office hours by any member of the public free of charge.

16. Where by virtue of paragraph 1 of Schedule 3 to this Act the licensing authority are a joint committee such as are mentioned in paragraph 1 (4) of Schedule 2 to this Act, the operator shall transmit to the licensing authority such number of copies of the accounts and certificate referred to in paragraph 15 of this Schedule as are sufficient to enable the licensing authority to keep one copy at their offices for the purposes of record and to deposit for inspection as mentioned in that paragraph one copy at their offices and one copy at the offices of each council whose functions under Schedule 3 to this Act are delegated to that committee.

17. Without prejudice to paragraph 11 (2) of this Schedule, if the operator contravenes any of the provisions of this Schedule other than the said paragraph 11 (2) he shall be guilty of an offence.

2. Subject to the provisions of this Schedule, the grant or renewal of a permit under this Schedule shall be at the discretion of the local authority, and if the permit is granted or renewed it shall cease to be in force on such date, not being earlier than three years after the date of the grant or renewal, as the authority may specify :

Provided that, where application for the renewal of a permit is made not less than one month before the date specified as aforesaid, the permit shall not cease to be in force before the authority have made their determination on the application or the application has been withdrawn.

3. The local authority shall not refuse an application for the grant or renewal of a permit under this Schedule without giving the applicant or a person acting for him an opportunity of appearing before and being heard by the authority or a committee thereof, and shall not refuse an application for the renewal of such a permit otherwise than by reason of the conditions in which amusements with prizes have been provided under the permit or the manner in which those amusements have been conducted.

4. On any grant or renewal by the local authority of a permit under this Schedule there shall be paid to the authority by the applicant for the grant or renewal a fee of one pound.

5. A permit under this Schedule shall not be transferable and shall be of no effect at any time when the holder of the permit is not the occupier of the premises to which it relates ; but in the event of the death of the holder of such a permit, then during the period of six months commencing with the death the permit shall be deemed to continue in force and, except for the purposes of a renewal of the permit, his legal personal representatives shall be deemed to be the holder thereof ; and the local authority may from time to time, on the application of those representatives, extend or further extend the said period of six months if the authority are satisfied that the extension is necessary for the purpose of winding up the deceased's estate and that no other circumstances make it undesirable.

6. Where a local authority in England refuse any application for the grant or renewal of a permit under this Schedule, the authority shall forthwith inform the applicant of the refusal and furnish him with a written statement of the grounds thereof, and the applicant may appeal in accordance with the provisions of the Quarter Sessions Act 1849 to the next practicable court of quarter sessions having jurisdiction in the area of the authority and held not less than twenty-one clear days after notice of the refusal is given to him, and notice of any appeal under this paragraph shall be given to the local authority and to the clerk of the peace.

SCH. 6

8. In the case of a refusal by the local authority to renew a permit under this Schedule, the permit shall not cease to be in force by virtue of paragraph 2 of this Schedule—

- (a) until the expiration of the time within which notice of an appeal under paragraph 6 or, as the case may be, paragraph 7 of this Schedule may be given; nor
- (b) if such notice is duly given, until the determination or abandonment of the appeal; nor
- (c) if the appeal succeeds, until such date as may be specified by the local authority under paragraph 2 of this Schedule on renewing the permit in consequence of the allowing of the appeal.

9. In this Schedule, the expression “local authority”, in relation to any premises, means—

- Schedule 1—Supplementary provisions as to pool betting duty.
- Schedule 2—Supplementary provisions as to bookmakers' licence duty.
- Schedule 3—Repeals.

An Act to consolidate certain enactments relating to the pool betting and bookmakers' licence duties.
[28th February 1963]

B E IT ENACTED by the Queen's most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, as follows:—

Pool betting duty

Pool betting duty.

1.—(1) There shall be charged on all bets made by way of pool betting other than sponsored pool betting, being bets, wherever made, either—

- (a) made by means of a totalisator situated in Great Britain; or
- (b) in the case of which, being bets made otherwise than by means of a totalisator, the promoter of the betting is in Great Britain,

a duty of excise, to be known as the pool betting duty.

(2) Subject to any order for the time being in force under section 9 of the Finance Act 1961, the pool betting duty shall be an amount equal to the following percentage of the amount of the stake money paid, that is to say—

- (i) in the case of bets on dog races made by means of a totalisator on a licensed track, ten per cent.;
- (ii) in any other case, thirty-three per cent.

(3) The pool betting duty shall be paid, in the case of bets made by means of a totalisator, by the operator, that is to say, the person who, as principal, operates the totalisator, and, in the case of other bets, by the promoter.

(4) The supplemental provisions set out in Schedule 1 to this Act shall have effect with respect to the pool betting duty.

(5) For the purposes of the pool betting duty, any payment which entitles a person to make a bet by way of pool betting shall, if he makes the bet, be treated as stake money on the bet, and this subsection shall apply to any payment entitling a person to take part in a transaction which is, on his part, only not a bet made by way of pool betting by reason of his not in fact making any stake as if the transaction were such a bet, and the transaction shall accordingly be treated as a bet for the purposes of the pool betting duty.

2.—(1) With a view to protecting the revenue derived from the pool betting duty, any person who—

Prohibition of certain activities for protection of pool betting duty.

(a) conducts in Great Britain any business or agency for the negotiation, receipt or transmission of bets to which this section applies ; or

(b) knowingly issues, circulates or distributes in Great Britain, or has in his possession for that purpose, any advertisement or other document inviting or otherwise relating to the making of such bets,

shall be guilty of an offence.

(2) This section applies to all bets made by way of pool betting except—

(a) bets in the case of which, being bets made otherwise than by means of a totalisator—

(i) the promoter of the betting is in Great Britain ;
or

(ii) the promoter of the betting is in Northern Ireland and the bets are such as to be chargeable with a duty corresponding to the pool betting duty under an Act of the Parliament of Northern Ireland ;
or

(iii) the promoter of the betting is in the Isle of Man and the bets are such as to be chargeable with a duty imposed by or under an Act of Tynwald and corresponding (both as to rate of duty and otherwise) with the pool betting duty ;

(b) bets made by means of a totalisator situated in Great Britain.

(3) A person guilty of an offence under this section shall be liable—

(a) on summary conviction, to a penalty not exceeding one hundred pounds or, in the case of a second or subsequent conviction, to imprisonment for a term not exceeding three months or to a penalty not exceeding two hundred pounds or to both ; or

(b) on conviction on indictment, to a penalty not exceeding five hundred pounds or, in the case of a second or subsequent conviction, to imprisonment for a term not exceeding one year or to a penalty not exceeding seven hundred and fifty pounds or to both ;

and for the purposes of this subsection a conviction for an offence under section 5 of the Finance Act 1952 shall be deemed to have been a conviction for an offence under this section.

(4) A person who makes or tries to make a bet by way of pool betting, or who gets or tries to get any advertisement or other document given or sent to him, shall not be guilty of an

D

offence by reason of his thereby procuring or inciting some other person to commit, or aiding or abetting the commission of an offence under this section.

Definition
of pool
betting.

3.—(1) For the purposes of this Act, any bet shall be deemed to be made by way of pool betting unless it is a bet at fixed odds; and, in particular, bets shall be held to be made by way of pool betting wherever a number of persons make bets—

- (a) on terms that the winnings of such of those persons as are winners shall be, or be a share of, or be determined by reference to, the stake money paid or agreed to be paid by those persons, whether the bets are made by means of a totalisator, or by filling up and returning coupons or other printed or written forms, or otherwise howsoever; or
- (b) on terms that the winnings of such of those persons as are winners shall be, or shall include, an amount (not determined by reference to the stake money paid or agreed to be paid by those persons) which is divisible in any proportions among such of those persons as are winners; or
- (c) on the basis that the winners or their winnings shall, to any extent, be at the discretion of the promoter or some other person.

(2) A bet is a bet at fixed odds within the meaning of this section only if each of the persons making it knows or can know, at the time he makes it, the amount he will win, except in so far as that amount is to depend on the result of the event or events betted on, or on any such event taking place or producing a result, or on the numbers taking part in any such event, or on the starting prices or totalisator odds for any such event, or on there being totalisator odds on any such event, or on the time when his bet is received by any person with or through whom it is made.

In this subsection the expression “starting prices” in relation to any event means the odds ruling at the scene of the event immediately before the start, and the expression “totalisator odds”—

- (a) in relation to a recognised horse race means the odds paid on bets on that race made by way of sponsored pool betting;
- (b) in relation to any other event means the odds paid on bets made by means of a totalisator at the scene of the event.

(3) A bet made with or through a person carrying on a business of receiving or negotiating bets, being a bet made in the course of that business, shall be deemed not to be a bet at fixed

odds within the meaning of this section if the winnings of the person by whom it is so made consist or may consist in whole or in part of something other than money.

(4) Subject to subsection (6) of this section, where payments are made for the chance of winning any money or money's worth on terms under which the payors have a power of selection which may (directly or indirectly) determine the winner, then, for the purposes of this Act, those payments shall be treated as bets notwithstanding that the power is not exercised.

(5) Where a person carries on a business of receiving or negotiating bets and there is or has been issued in connection with that business any advertisement or other publication calculated to encourage in persons making bets of any description with or through him a belief that the bets are made on the basis mentioned in subsection (1) (c) of this section, then any bets of that description subsequently made with or through him in the course of that business shall be deemed for the purposes of this Act to be made on that basis.

(6) In this Act the expression "bet" does not include the taking of a ticket or chance—

- (a) in any lottery which is declared by section 43, 44 or 46 of the Betting, Gaming and Lotteries Act 1963 not to be unlawful; or
- (b) in any lottery to which section 45 of that Act applies and in the case of which all the conditions specified in subsection (3) (b), (c) and (g) of that section are observed;

and does not include any bet or stake at any gaming conducted in such circumstances that no offence under Part II of that Act is committed.

Bookmakers' licence duty

4.—(1) No person shall carry on bookmaking in any enclosure on a licensed track at a dog race-meeting at which a totalisator is operated unless he has taken out an excise licence authorising him to carry on bookmaking in that enclosure at that meeting.

(2) There shall be charged on any such licence as aforesaid a duty of excise, to be known as the bookmakers' licence duty, which, subject to any order for the time being in force under section 9 of the Finance Act 1961, shall be of an amount determined in accordance with the following Table.

An Act to extinguish certain rights of common, private rights of way and other rights in respect of lands forming part of Towyn Trewan Common in the county of Anglesey, and to enable certain works to be carried out on other lands forming part of the Common; to provide for compensation in respect of the extinguishment of, or interference with, the said rights of common and private rights of way; to provide for the use by the public of a track across part of the Common; to extend the powers of the Conservators of the Common; and for purposes connected with the matters aforesaid.
 [28th February 1963]

WHEREAS the common lands known as Towyn Trewan Common (in this Act referred to as "the Common") in the parishes of Llanfair-yn-neubwll, Llechlched and Llanfaelog in the rural district of Valley in the county of Anglesey are regulated by an order (in this Act referred to as "the Order of 1908") made by the Board of Agriculture and Fisheries in pursuance of the Inclosure Acts 1845 to 1899 and the Board of Agriculture and Fisheries Acts 1889 to 1903 and scheduled to and confirmed by the Commons Regulation (Towyn Trewan) Provisional Order Act 1908, and by an award (in this Act referred to as "the award") made pursuant to the said Inclosure Acts for giving effect to the purposes of the Order of 1908:

And whereas the present extent of the Common is that remaining after the extinguishment by the Towyn Trewan Common Act 1950 of the rights of common formerly subsisting over part of the lands originally comprised in the Order of 1908 and the award:

And whereas provision was made by the Order of 1908 and the award for the administration of the purposes thereof by a body of Conservators appointed in accordance with the Order of 1908 (in this Act referred to as "the Conservators"):

And whereas it is expedient that such rights of common, private rights of way and rights or privileges exercisable by the public or any section of the public as subsist in respect of certain lands forming part of the Common (being lands acquired or proposed to be acquired by the Secretary of State for the defence of the realm or the purposes of Her Majesty's air force) should be extinguished by the authority of Parliament:

And whereas it is expedient to authorise the carrying out of certain works on other lands forming part of the Common, to provide for compensation in respect of the extinguishment of, or interference with, rights of common and private rights of way by virtue of this Act, and to provide for certain other matters as hereinafter mentioned:

And whereas in connection with the Bill for this Act plans and a section (in this Act referred to as "the deposited plans and section") have been deposited with the clerk of the administrative county of Anglesey and in the Office of the Clerk of the Parliaments and the Private Bill Office of the House of Commons, together with a book of reference to the deposited plans and section containing the names of the owners or reputed owners, lessees or reputed lessees, and occupiers, of the lands in respect of which rights of common and private rights of way are to be extinguished, or may (otherwise than with the permission of the Conservators) be interfered with, by virtue of this Act:

Be it therefore enacted by the Queen's most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, as follows:--

1.—(1) As from the passing of this Act—

- (a) all such rights of common as immediately before the passing of this Act subsisted in or over any part of the land to which this section applies, and
- (b) all such rights or privileges of access, recreation or playing games as immediately before the passing of this Act were exercisable by the public or any section of the public in respect of any part of that land, and

(3) In this Act "rights of common", in relation to any land, means all such rights as, on a compulsory acquisition of that land under an enactment incorporating all the provisions of the Lands Clauses Consolidation Act 1845, would (subject to compliance with the requirements of that Act) be capable of being extinguished by virtue of section 99 or section 107 of that Act.

Provision for
new drain and

2.—(1) For the purpose of carrying away storm water from the land to which the preceding section applies, the Secretary of State is hereby authorised to lay a drain, in accordance with the next following subsection, and to construct manholes and other works accessory thereto, and from time to time to maintain, repair, renew or remove the drain or any such works, notwithstanding that the doing of anything authorised by this subsection involves interference with the exercise of any rights of common or rights or privileges of the public or any section of the public or any duties, powers or rights of the Conservators.

(2) The said drain shall be laid in the position shown on Sheet No. 2 of the deposited plans and section and according to the level shown on the section contained in that sheet:

respect to any compensation payable by virtue of this section, as if the Secretary of State were the promoters of the undertaking within the meaning of that Act.

(3) Section 22 of the Inclosure Act 1852, sections 15 to 20 of the Inclosure Act 1854, and section 2 of the Commonable Rights Compensation Act 1882 (which make provision respectively for the application of compensation money paid for extinguishment of rights of common) shall apply (with the necessary modifications) to any compensation payable by virtue of this section.

(4) For the purpose of determining any question of title arising in consequence of the preceding provisions of this section, the Secretary of State may refer that question to one of the conveyancing counsel of the High Court for his opinion; and, where any question is so referred in pursuance of this subsection, the opinion of the counsel to whom it is referred shall for the purposes of this Act be conclusive and binding on all persons concerned:

Provided that, if a committee is appointed under section 103 of the Lands Clauses Consolidation Act 1845 as applied by subsection (2) of this section, the Secretary of State shall not refer any question in pursuance of this subsection except where requested to do so by or on behalf of that committee.

(5) The costs and expenses of and incidental to the reference of any question under the last preceding subsection shall be paid by the Secretary of State.

4.—(1) All private rights of way over any part of the land to which section 1 of this Act applies are hereby extinguished.

Extinguishment of private rights of way.

(2) If, on a claim made to the Secretary of State within the period of one year beginning with the passing of this Act, it is shown that any person entitled to such a right of way has suffered loss or damage in consequence of the coming into operation of the preceding subsection, the Secretary of State shall pay to that person compensation in respect of that loss or damage.

(3) Any question of disputed compensation under this section shall be referred to and determined by the Lands Tribunal; and the provisions of sections 2 and 4 of the Land Compensation Act 1961 shall apply (with the necessary modifications) in relation to the determination of any such question.

5.—(1) The provisions of this section shall have effect with respect to the track shown and coloured brown on Sheet No. 1 of the deposited plans and section (in this section referred to as "the track"), being a track leading from the western end of the bridge over the River Crigyll and ending at the Trewan Sands crossing over the railway:

Use by the public of track from river bridge to level crossing.

Provided that the provisions of this section shall not have effect with respect to any part of the track which is not for the

time being vested in the Secretary of State, unless (whether by agreement or in the exercise of any power conferred by or under an enactment) the Secretary of State has previously entered upon and taken possession of the land comprising that part of the track.

(2) In so far as the provisions of this section have effect with respect to the track, the Secretary of State shall permit the public—

(a) to use the track at all times for the purpose of passing and repassing along it on foot, with or without animals of any description, and

(b) to use the track, with the consent of the officer commanding the airfield and subject to such limitations and conditions as he may impose, for the purpose of driving vehicles along the track.

(3) The obligation of the Secretary of State under the last preceding subsection shall be subject to the exercise of any of the powers of the Gwynedd River Board or of any other authority required or authorised by or under any enactment to perform any functions in relation to the River Crigyll.

(4) In this section “the airfield” means the airfield established by the Secretary of State and situated mainly on lands which, immediately before the passing of the Towyn Trewan Common Act 1950, were comprised in the Order of 1908 and the award, and “vehicle” includes any machine or implement used for agricultural purposes, whether self-propelled or hauled by another vehicle, and the reference to driving vehicles shall be construed accordingly.

Power for Conservators to permit additional works.

6.—(1) Where it is represented to the Conservators by the Secretary of State that, in connection with the use for the defence of the realm or for the purposes of Her Majesty’s air force of any land acquired or proposed to be acquired by him, additional works are required on any part of the Common to which this section applies, the powers of the Conservators under the Order of 1908 shall include power, with the consent of the owners of the soil of that part of the Common, to permit the Secretary of State to construct and use those works and from time to time to maintain, repair, renew or remove them.

(2) This section applies to every part of the Common, except that part in respect of which the rights of common are extinguished by section 1 of this Act.

(3) The powers of the Conservators under the Order of 1908 shall also include power to receive pecuniary consideration in respect of the construction and use of any additional works permitted by them in pursuance of this section; and any such consideration received by the Conservators shall be applied by them for the purposes of the improvement or protection of other parts of the Common to which this section applies.

(4) For the purposes of section 194 of the Law of Property Act 1925 (which restricts the erection or construction of works which would impede access to land which at the commencement of that Act was subject to rights of common) anything done in pursuance of permission given by the Conservators, in the exercise of the powers conferred by the Order of 1908 as extended by this section, shall be taken to be specially authorised as mentioned in subsection (4) of that section (whereby certain works, including works specially authorised by or under an Act, are excepted from the operation of the section).

Increase of amount by reference to which county court jurisdiction is limited in actions for recovery of, or relating to, land.

1.—(1) The amount by reference to which the jurisdiction of a county court in actions for the recovery of land, or in which the title to a hereditament comes in question, is limited by sections 48 and 51 of the County Courts Act 1959 (hereafter in this Act referred to as "the principal Act") shall be increased from one hundred pounds in net annual value for rating to four hundred pounds in net annual value for rating, and there shall be similarly increased—

- (a) the amount by reference to which the jurisdiction of such a court to grant relief where a lessor has exercised a right of re-entry for non-payment of rent is limited by section 191 (3) of the principal Act;

- (b) the amount by reference to which the jurisdiction of such a court under section 146 of the Law of Property Act 1925 to grant relief where a lessor is proceeding to enforce a right of entry or forfeiture otherwise than by action is limited by Schedule 1 to the principal Act; and
- (c) the amount by reference to which the jurisdiction of such a court under section 147 of the said Act of 1925 to grant relief against notices to effect decorative repairs is limited by that Schedule;

(2) Section 49 (1) of the principal Act (which, in a case where an action for the recovery of land is commenced in a county court, empowers the defendant or his landlord to apply to a judge of the High Court for a summons to the plaintiff to show cause why the action should not be transferred to the High Court on the ground that the title to land having at the time when the action was commenced a net annual value for rating exceeding one hundred pounds would be affected by the decision in the action) shall, in the case of an action so commenced after the commencement of this Act, have effect with the substitution, for the words "one hundred pounds" of the words "four hundred pounds".

2.—(1) In section 109 (2) of the principal Act, in paragraph (a) (by virtue of which there is included, amongst the proceedings in which a right of appeal to the Court of Appeal is conferred by that section, an action founded on contract or tort, or for money recoverable by statute, where the title to a hereditament comes in question, and the net annual value for rating of that hereditament or, in the case of an easement or licence, that of the hereditament in respect of which the easement or licence is claimed, or on, through, over or under which it is claimed, exceeds sixty pounds) and in paragraph (b) (by virtue of which there is included, amongst such proceedings, an action for the recovery of land of a net annual value for rating exceeding sixty pounds) for the words "sixty pounds" there shall be substituted the words "two hundred pounds".

Increase of amount by reference to which right of appeal from county court on question of fact is conferred in certain actions relating to land.

(2) The amendments made by the foregoing subsection shall not apply to an action commenced before the commencement of this Act or have effect so as to limit the operation, in the case of an action so commenced, of paragraph (c) of the said section 109 (2) (by virtue of which there is included, amongst the proceedings referred to in the foregoing subsection, any action where

there is a counterclaim to which either paragraph (a) or (b) of that subsection would apply if the counterclaim had been the subject of a separate action).

Amendment of provisions of County Courts Act 1959 as to construction of references to net annual value for rating.

3.—(1) In section 200 (2) of the principal Act (which requires that, where property of which the value is in question does not consist of one or more hereditaments having at the time when the relevant proceedings are commenced a separate net annual value for rating, the property or such part of it as does not so consist shall, for the purposes of that Act, be taken to have a net annual value for rating equal to three fifths of its value by the year) the words “ three fifths of ” shall be omitted.

(2) The said section 200 (2) shall not apply in a case where the property of which the value is in question forms part of a hereditament having at the time in question a net annual value for rating of an amount not exceeding four hundred pounds, and in such a case the property shall, for the purposes of the principal Act, be taken to have a net annual value for rating equal to that of the hereditament of which it forms part.

Increase of amount determining assignment by Landlord and Tenant Act 1954 of jurisdiction between county court and High Court in certain proceedings relating to land.

4. In relation to an application or reference made to the court after the commencement of this Act under Part I of the Landlord and Tenant Act 1927, Part II of the Landlord and Tenant Act 1954 or Part II or V of Schedule 7 to the Opencast Coal Act 1958, section 63 (2) of the said Act of 1954 (which assigns jurisdiction to the county court in a case in which the rateable value of the holding that is the subject of the application or reference does not exceed five hundred pounds, and to the High Court in a case in which that value exceeds five hundred pounds) shall have effect with the substitution, for the words “ five hundred pounds ” (in both places where they occur), of the words “ two thousand pounds ”.

Short title and commencement.

Higher contributions and benefits under National Insurance Act 1946.

(4) The amount of maternity grant shall be increased from fourteen pounds to sixteen pounds, and Schedule 2 Part II of the said Act of 1946, as set out in Schedule 4 Part II of the National Insurance (No. 2) Act 1957 and amended by section 2 (3) of the National Insurance Act 1960, shall have effect accordingly.

(5) The provisions of this section increasing retirement pensions shall not be taken as affecting the provisions of section 74 of the said Act of 1946 relating to non-contributory pensions.

2.—(1) A widowed mother's allowance shall not be reduced under section 17 (3) of the National Insurance Act 1946 (which applies an earnings rule to the allowance)— Amendments of National Insurance Act 1946.

(a) to less than 26 shillings, or

(i) 26 shillings, plus

(ii) the difference between the two weekly rates of widowed mother's allowance as set out in Schedule 2 Part I column 2 of the said Act of 1946, plus

(iii) any increase in the allowance in respect of any child of the family other than the elder or eldest.

(2) In the said subsection (1) (b) (i) (which, as amended by Schedule 4 paragraph 2 of the National Insurance Act 1960, makes the widowed mother's allowance conditional in certain cases on the widow contributing to the cost of providing for a child at not less than 25 shillings a week) for the words "at the rate of 25 shillings a week or more" there shall be substituted the words "at a weekly rate not less than the difference between the two weekly rates of widowed mother's allowance as set out in the second column of Part I of the Second Schedule to this Act".

(3) So much of the said subsection (1) (b) (i) and of section 19 (3) proviso of the Industrial Injuries Act as authorises the making of regulations reducing the amount of an allowance or payments under either of those sections shall cease to have effect.

(4) In section 24 (1) of the said Act of 1946 (under which the increase of benefit in respect of a wife is not payable if her weekly earnings exceed 40 shillings) for the reference to 40 shillings there shall be substituted a reference to the amount of the increase as set out in Schedule 2 Part I column 5 of that Act and, accordingly, for the words "40 shillings" there shall be substituted the words "that amount".

Graduated contributions.

3.—(1) The upper limit on the amount of weekly pay taken into account under section 1 (1) (b) (iii) of the National Insurance Act 1959 (which fixes the graduated contributions payable by employees and employers) shall be increased from £15 to £18 and, accordingly, for the words "six pounds" in that subparagraph there shall be substituted the words "nine pounds".

(2) As respects service after such date as may be appointed by order of the Minister, in section 8 (1) (d) of the National Insurance Act 1959 (which defines equivalent pension benefits for the purpose of distinguishing non-participating employments from other employments) for the words from "the pension or the said part of it is of an amount" to the end of the paragraph there shall be substituted the words—

"the pension or the said part of it is of an amount not less, when expressed as an annual rate, than, in the case of a man, 69 shillings and 7 pence a year, and, in the case of a woman, 58 shillings a year, for each year of the period of service",

and regulations may, in order to facilitate the computations needed to ascertain equivalent pension benefits for the purpose of section 7 (3) of that Act (payments in lieu of contributions) or of any other provision of that Act, convert the formula in the said section 8 (1) (d) (as respects service before or after the

date appointed by the Minister under this subsection, or in respect of both kinds of service) into a formula expressed in terms—

- (a) of a minimum annual rate of pension for a period of service expressed in terms of weeks, or
- (b) of a minimum rate of pension, as a rate for a week or month or other period shorter than a year, for a period of service expressed in terms of weeks,

adjusting the figures so as to admit of tabulation and so as to avoid fractional amounts or otherwise facilitate computation, and making special provision for a period of service which does not amount to a whole number of weeks and for a week of service which includes the date appointed under this subsection.

(3) In applying section 7 (2) (a) of the National Insurance Act 1959 (which distinguishes non-participating employments from other employments by reference to equivalent pension benefits) to any employment after the date appointed under the last foregoing subsection no account shall be taken of service before that date.

(4) As respects service after such date as may be appointed by order of the Minister, in section 7 (3) (a) (payments in lieu of contributions), and in section 7 (5) (dual employments), of the National Insurance Act 1959 for the words "fifteen pounds" there shall be substituted the words "eighteen pounds".

- (c) falling partly before and partly after the date of any change in the said percentage or the sums of money mentioned in the said section 1 (1) (b) (iii), or of any change in the rates of contributions set out in Schedule 1 of the National Insurance Act 1946, effected by or in pursuance of any Act passed after this Act,

and the amount of the payment is less than the full amount required, the Minister may allocate the payment as between the two parts of the period as he may think fit, and the said section 7 (3) shall apply to the payment as if the two parts of the period were separate periods.

(6) Any statutory instrument containing an order under this section shall be laid before Parliament after being made.

Higher contributions and benefits under Industrial Injuries Act.

4.—(1) In Schedule 2 Part I (Rates of contributions) of the National Insurance (Industrial Injuries) Act 1946 (in this Act referred to as the “Industrial Injuries Act”) for the table set out in Schedule 1 Part I of the National Insurance Act 1960 there shall be substituted the table set out in Schedule 3 Part I of this Act.

(2) In the provisions of the Industrial Injuries Act specified in Parts II and III of Schedule 3 of this Act (of which those in Part II relate to the rates and amounts of benefit described in column 2 thereof and those in Part III are connected with certain of the benefits so described) for the words set out in column 3 of the said Parts II and III there shall be substituted the corresponding words set out in column 4 thereof.

Allowances in respect of incapacities arising from pre-1948 employment.

5.—(1) The Workmen’s Compensation and Benefit (Supplementation) Act 1956 (which provides for the payment of allowances out of the Industrial Injuries Fund in cases of injury or disease arising out of pre-1948 employment and resulting in total disablement or incapacity for work), as amended by section 1 (1) of the Family Allowances and National Insurance Act 1961, shall have effect with the substitution in section 2 of a rate of allowance of 65 shillings a week for the rate of 32 shillings and 6 pence a week.

(2) The Family Allowances and National Insurance Act 1961 (which among other things provided for the payment of improved allowances in respect of incapacities arising from pre-1948 employment) shall, in relation to the payment of allowances for periods of incapacity for work falling after the coming into force of this subsection, be amended—

(a) by the substitution for section 1 (2) (a) (which altered to 66 shillings and to 50 shillings the monetary references in section 2 of the Workmen’s Compensation (Supplementation) Act 1951 which operate to limit the maximum weekly rate of allowance which under any scheme under the said Act of 1951 may be paid in cases of injury or disease arising out of pre-1924 employment) of the following paragraph—

“ (a) shall be amended by the substitution in section 2 (2) and (8) of references to 86 shillings and to 70 shillings for the references to 66 shillings and 50 shillings (which operate to limit the maximum weekly rate of allowance under any scheme); and ”,

and

(b) by the substitution in section 1 (2) (b) and in paragraph 1 (d) of Schedule 1 of references to 30 shillings for the

references to 10 shillings (which operate to limit the maximum weekly rate of allowance which under any scheme under the said Act of 1951 may be paid in cases of injury or disease arising out of post-1923 employment).

(3) The Industrial Diseases (Benefit) Acts 1951 and 1954 (which authorise the making of schemes for the payment of allowances out of the Industrial Injuries Fund in cases of disease arising out of pre-1948 employment but not entitling the sufferer to workmen's compensation) shall be amended by the substitution in section 3 (2) of the Pneumoconiosis and Byssinosis Benefit Act 1951 of the words "or, if the disablement is not total, 42 shillings and 6 pence" for the words "or, if the disablement is not total, 27 shillings and 6 pence" (which were substituted by section 1 (3) of the said Act of 1961); and any scheme under those Acts of 1951 and 1954 which is in force at the coming into force of this subsection shall have effect accordingly.

(4) If an allowance under the Workmen's Compensation and Benefit (Supplementation) Act 1956 is awarded to a person who has previously been awarded an allowance under the Workmen's Compensation (Supplementation) Act 1951 or the Industrial Diseases (Benefit) Acts 1951 and 1954, and the conditions for entitlement to the two allowances are inconsistent, the decision awarding the allowance under the Act of 1956 shall direct that any sums paid under the other award to which the beneficiary cannot be entitled in addition to the allowance under the Act of 1956 shall be treated as paid on account of the allowance under the Act of 1956:

Provided that the award shall be subject to the condition that if there is a requirement to repay any sums paid on account of the allowance under the said Act of 1951 or the said Acts of 1951 and 1954 the direction shall not have effect in relation to those sums.

6.—(1) This section shall apply if the increases of benefit under this Act do not all take effect on the same date, and, after the passing of this Act, regulations are made under section 5 of the National Assistance Act 1948—

Transitory provisions as respects assistance grants.

- (a) which alter the scales used in computing the requirements of applicants for assistance grants by making increases in those scales which are to the advantage of the applicants, and
- (b) which are expressed to come into force on a date which is not later than the date by which all the increases of benefit under this Act have taken effect.

(2) If, in computing resources in connection with any assistance grant to be made for any period ending before the date on which the said regulations are expressed to come into force,

account is taken of a payment of benefit part of which represents an increase attributable to the provisions of this Act, the computations required in determining the amount of the assistance grant shall be made as if the said regulations were in force except that the amount of the assistance grant shall not thereby be increased beyond what it would have been if this Act had not been passed.

(3) In this section—

- (a) “assistance grant” has the meaning given to that expression by section 8 (1) of the National Assistance Act 1948,
- (b) “the date by which all the increases of benefit under this Act have taken effect” shall be that date as stated in an order under Schedule 4 paragraph 1 of this Act

Financial provisions.

An Act to consolidate the enactments relating to purchase tax.
[28th March 1963]

BE IT ENACTED by the Queen's most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, as follows:—

Preliminary

1.—(1) Purchase tax shall be charged under the following provisions of this Act on or in respect of the wholesale value of chargeable goods which are purchased from or appropriated or applied by persons required by this Act to be registered, or which result from the application by such persons of chargeable processes, or are imported or otherwise dealt with as mentioned in those provisions. Charge and management of purchase tax.

(2) The tax shall be under the care and management of the Commissioners of Customs and Excise, who may do all such acts as may be deemed necessary and expedient for raising, collecting, receiving and accounting for the tax in the like and as full and ample a manner as they are authorised to do with relation to any duties under their care and management.

(3) All money and securities for money collected or received for or on account of the tax shall—

- (a) if collected or received in Great Britain, be placed to the general account of the Commissioners kept at the Bank of England under section 11 of the Customs and Excise Act 1952;
- (b) if collected or received in Northern Ireland, be paid into the Exchequer in such manner as the Treasury may direct.

2.—(1) Subject to the provisions of this section, the goods which are chargeable goods are those comprised in the Groups listed in Part I of Schedule 1 to this Act, other than goods which are exempt from all charge to tax under the said Part I; and the rates of tax chargeable in respect of chargeable goods of any class are those prescribed by the said Part I. Chargeable goods and rates of tax.

(2) The list of Groups in the said Part I shall be interpreted in accordance with the rules set out at the beginning of the said Part I.

(3) The Treasury may by order made by statutory instrument—

(a) make any change in the classes of goods which are chargeable goods ;

(b) substitute for the rate of tax chargeable in respect of goods of any class either—

(i) any lower rate, or

(ii) a higher rate at which tax is for the time being chargeable in respect of goods of another class ;

(c) amend Part I of Schedule 1 to this Act.

(4) Subsection (3) of section 39 of this Act applies to any order under this section which extends the incidence or increases the rate of tax ; and subsection (4) of that section applies to any other order under this section.

**Wholesale
value.**

3.—(1) Subject to the provisions of this section, the wholesale value of any goods in respect of which tax is chargeable shall be taken to be the price which in the opinion of the Commissioners the goods would fetch, on a sale made at the time when the tax in respect of the goods becomes due by a person selling by wholesale in the open market in the United Kingdom to a retail trader carrying on business in the United Kingdom only, if no tax were chargeable in respect of the sale and it were made in the circumstances specified in Schedule 2 to this Act.

(2) Where the goods to be valued are goods bought by a retail trader under a chargeable purchase (whether from a wholesale merchant or from the manufacturer of the goods), or imported in pursuance of a purchase by such a trader, then, unless it appears to the Commissioners—

(a) that by reason of the quantity of goods comprised in the purchase, the price payable thereunder is lower than the price which would be paid by retail traders in general for goods of the like description ; or

(b) that the retail trader, in carrying on his business in respect of such goods—

(i) performs any of the functions usually performed by wholesale merchants, or

(ii) otherwise enjoys any purchasing advantage over retail traders in general ; or

- (c) that the seller mainly sells to persons whose purchases are substantially greater than those made by the majority of retail traders,

the wholesale value of the goods as determined under this section shall not exceed a sum equal to the price payable under the purchase, exclusive of tax and properly adjusted so as to take account of any circumstances differentiating the purchase from a sale made in the circumstances specified in Schedule 2 to this Act and of any difference between the actual state of the goods and the state in which they are to be assumed to be for the purposes of valuation.

(3) Where the goods to be valued are not goods bought or imported as mentioned in subsection (2) of this section or, being such goods, are excluded from the operation of that subsection under paragraph (a), (b) or (c) thereof, the Commissioners shall, in determining the price which the goods would fetch on a sale made as mentioned in subsection (1) of this section, have regard to the extent to which goods of the like description are sold to retail traders in general by manufacturers as well as by wholesale merchants.

Registration

4.—(1) Subject to the provisions of this section and of section 8 of this Act, the following persons shall be registered under this Act, that is to say:—

Registration of
wholesalers
and manu-
facturers.

- (a) every wholesale merchant or manufacturer whose business includes the selling of any chargeable goods ;
- (b) every manufacturer whose business includes the letting out on hire of chargeable goods manufactured by him ;
- (c) every manufacturer who appropriates or applies to use in or in connection with a business carried on by him chargeable goods manufactured by him in the United Kingdom for that purpose ; and
- (d) every person who, in the course of or for the purposes of his business, applies a chargeable process.

(2) Unless he falls within paragraph (d) of subsection (1) of this section, a person shall not be registered by virtue of that subsection if the following amount or, as the case may be, the aggregate of the following amounts, that is to say—

- (a) the gross takings from his sales of chargeable goods (excluding in the case of a manufacturer who is not also a wholesale merchant any sales by retail of goods not made by him) ; and
- (b) the wholesale value of all chargeable goods in respect of which he is, or but for this subsection would be,

accountable for tax by virtue of an appropriation to such a business as is mentioned in paragraph (b), or by virtue of any such appropriation or application as is mentioned in paragraph (c), of the said subsection (1),

has not on the average exceeded five hundred pounds per annum or, in the case of a business recently commenced, is unlikely to do so.

(3) A manufacturer who is not required by subsection (1) of this section to be registered shall be registered if he satisfies the Commissioners in the prescribed manner that he uses chargeable goods in substantial quantities as materials.

(4) The Treasury may by order made by statutory instrument direct—

(a) that subsection (2) of this section shall have effect with the substitution for the amount of five hundred pounds therein mentioned of such larger or smaller amount as may be specified in the order; or

(b) that the said subsection (2) shall be suspended during the continuance in force of the order.

(5) Section 39 (2) of this Act applies to any order of the Treasury under this section.

Applications
for
registration.

5.—(1) Every person carrying on business in such circumstances that he is required under section 4 (1) of this Act to be registered shall, before the expiration of fourteen days from the relevant date, make an application for registration in the prescribed form to the Commissioners.

(2) In the foregoing subsection “the relevant date”, in relation to any person to whom the subsection applies, means the date on which that person begins to carry on business in such circumstances as aforesaid, or on which the circumstances become such as aforesaid (whether by reason of a change in the circumstances of his business or otherwise), as the case may be.

(3) Where a wholesale merchant or manufacturer who is by virtue of section 4 (2) of this Act not for the time being registered becomes aware, or has reasonable cause for believing, that such a change in the circumstances of his business has occurred as to render that subsection no longer applicable to him, he shall forthwith give information to the Commissioners of the change.

Duties of
Commissioners
with regard to
registration.

6.—(1) The Commissioners shall, subject to the provisions of section 8 of this Act, register every person who is required by this Act to be registered, and on registering any such person shall, subject to the provisions of this section, issue to him a certificate of registration.

(2) Where a person who is registered ceases to be required by this Act to be registered, the Commissioners shall cancel his registration.

(3) Not less than fourteen days before registering a person (otherwise than in accordance with an application for registration made by him) or cancelling the registration of a registered person (otherwise than with his assent under subsection (1) of the said section 8), the Commissioners shall serve notice on him of their intention to register him or to cancel the registration, as the case may be.

(4) The Commissioners may, where it appears to them to be requisite for the security of the revenue to do so, impose as a condition of issuing a certificate of registration to a registered person or of the continuance in effect of such a certificate issued to such a person—

- (a) a requirement that he shall give security up to an amount and in a manner approved by the Commissioners for the payment of tax for which he may be or become accountable; or
- (b) a requirement that he shall make representations as being the holder of a certificate of registration only in such circumstances or as respects such classes of goods as the Commissioners may from time to time direct,

or both of those requirements.

(5) Without prejudice to subsection (4) of this section, the Commissioners shall not be required in any case to issue a certificate of registration to a person who is registered, if he is required to be registered by virtue only of paragraph (d) of section 4 (1) of this Act.

(6) The fact that a person who is required to be registered is by virtue of any provision of this section not for the time being entitled to a certificate of registration shall not be treated as derogating in any respect from the effect of that requirement.

7. Where the Commissioners are satisfied that a person makes, for the purposes of a business of selling by retail carried on by him, purchases of chargeable goods which in value and character are such as in the ordinary course of trade are made by wholesale merchants, he shall be registered; and this Act (except sections 4 (1), 4 (2) and 5) shall have effect in relation to a person required by this section to be registered as it has effect in relation to a wholesale merchant, and references in this Act to a wholesale merchant shall be construed accordingly.

Registration of retailer purchasing on wholesale scale.

Cases in which registration may be withheld.

8.—(1) If, in the case of any wholesale merchant or manufacturer who, apart from any exercise of the power conferred on the Commissioners by this subsection, is required by section 4 (1) of this Act to be registered, the Commissioners are satisfied, on a comparative estimate of—

- (a) the amount of the tax which, apart from any exercise of the said power, will become chargeable by virtue of purchases from him as being a person required by this Act to be registered, and of appropriations and applications such as are mentioned in section 10 of this Act made by him as being a person so required ; and
- (b) the amount of the tax which, if he is not registered, will become chargeable by reason of the fact that the provisions of this Act relating to the tax as to purchases by or sales to or importations for a registered person as stock for his business or as materials will not in that event apply to him,

that the latter amount will on the average be not less than the former, they may, if he is not already registered, refrain from registering him so long as they are so satisfied, or, if he is already registered, cancel his registration and thereafter refrain from registering him so long as they are so satisfied.

(2) Any estimate of the amount of tax chargeable in any circumstances to be made by the Commissioners for the purposes of subsection (1) of this section shall be made by reference to section 3 of this Act as that section would have effect if subsections (2) and (3) were omitted.

(3) If, in the case of a person who is required to be registered by virtue only of section 4 (1) (d) of this Act, the Commissioners think fit to do so, they may, if he is not already registered, refrain from registering him, or if he is already registered, cancel his registration and thereafter refrain from registering him.

(4) As respects any period during which the Commissioners refrain under this section from registering a person who would otherwise be required by subsection (1) of section 4 of this Act to be registered, that person shall be treated for the purposes of this Act (other than subsection (3) of the said section 4) as being a person not required to be registered.

General provisions as to charge of tax

Tax on wholesale purchases.

9.—(1) Tax shall be charged, subject to and in accordance with the provisions of this Act, on the wholesale value of all chargeable goods bought under chargeable purchases.

- (4) Tax chargeable in respect of any goods by virtue of a purchase becomes due on the delivery of the goods under the purchase, and the seller under the purchase is accountable for it.

10.—(1) Tax shall be charged, subject to and in accordance with the provisions of this Act, on the wholesale value of chargeable goods which, being in the ownership of a wholesale merchant or manufacturer who is required by this Act to be registered and being goods to which this section applies, are appropriated or applied by him to any of the following purposes:—

Tax on goods appropriated or applied by wholesalers and manufacturers.

- (a) to the purposes of any business carried on by him of selling chargeable goods by retail (otherwise than to registered manufacturers as materials) ; or

(4) The references in subsection (1) (c) of this section to spirits, beer and British wine shall be construed as if they were contained in the Customs and Excise Act 1952.

Tax on goods imported.

11. Tax shall be charged, subject to and in accordance with the provisions of this Act, on the wholesale value of all chargeable goods imported into the United Kingdom except goods imported for a registered wholesale merchant as stock for his business or imported for a registered manufacturer as materials.

Tax on goods of persons ceasing to be registered.

12.—(1) Subject to the provisions of this section, when a person ceases to be required by this Act to be registered, tax shall become chargeable in respect of any chargeable goods then in his ownership, being goods to which section 10 of this Act applies and in respect of which tax has not become chargeable under that section on any appropriation or application by him, as if they had been delivered by him under a chargeable purchase from him while he was required by this Act to be registered.

(2) Payment of tax due by virtue of this section shall, subject to any conditions the Commissioners may impose for the purpose of protecting the revenue, be deferred for such period as the Commissioners may allow having regard to the said purpose and to the time when tax in respect of the goods might have been expected to become payable if the person accountable for the tax had continued to be required to be registered; and if that person satisfies the Commissioners that any of the goods have been sold to a registered person as stock or as materials or exported by him within the period so allowed, or within any further period which the Commissioners may allow, the tax chargeable under this section in respect of the goods so sold or exported shall be remitted or, if it has been paid, shall be repaid.

(3) While any tax for which a person is accountable by virtue of this section remains unpaid, any regulations for the time being in force under section 31 (1) of this Act shall apply to him as if he were a registered person.

Representations as to the purpose of a purchase or importation.

13.—(1) Subject to subsection (2) of this section, a purchase shall be deemed for the purposes of this Act to be a purchase of goods by a registered wholesale merchant as stock for his business, or by a registered manufacturer as materials, if a representation is made to the seller in the prescribed manner and at the prescribed time by the buyer that he is the holder of a certificate of registration issued under this Act, and that he intends to sell the goods or to use them as materials, and not otherwise.

(2) A purchase made by a registered person otherwise than in the United Kingdom or made by a person required by this Act to be registered before the date on which he is registered shall be deemed for the purposes of this Act to be such a purchase as aforesaid if the Commissioners are satisfied, on a representation to that effect made to them, that the purchase was so made and that the buyer intended to sell the goods or to use them as materials.

(3) Imported goods shall be deemed for the purposes of this Act to be imported for a registered wholesale merchant as stock for his business, or for a registered manufacturer as materials, if the Commissioners are satisfied, on a representation to that effect made to them in the prescribed manner and at the prescribed time by a person claiming to be the holder of a certificate of registration, that he is the holder of such a certificate and that he intends to sell the goods or to use them as materials.

(4) Where under subsection (3) of this section any imported chargeable goods are, in consequence of such a representation as is mentioned in that subsection, deemed to be imported as therein mentioned, the Commissioners may from time to time require the person by whom the representation was made to account for the goods; and in any such case, unless that person proves—

- (a) that he has sold the goods under a chargeable purchase, or to a registered wholesale merchant as stock for his business, or to a registered manufacturer as materials; or
- (b) that he has used the goods as materials; or
- (c) that he has appropriated or applied the goods as mentioned in section 10 of this Act,

or the goods are otherwise accounted for to the satisfaction of the Commissioners, the tax which, if the goods had not been deemed to be imported as aforesaid, would have been payable under section 11 of this Act by virtue of their importation shall be deemed to have become payable on the making of the requirement and shall be recoverable as a debt due to Her Majesty from the person by whom the representation was made.

(5) The Commissioners may, where it appears to them to be necessary for the security of the revenue to do so, impose upon any person, as a condition of his having the benefit of subsection (2) of this section, either or both of the requirements which they are authorised by section 6 (4) of this Act to impose as a condition of issuing a certificate of registration.

(6) If any person for the purposes of subsection (1), subsection (2) or subsection (3) of this section falsely represents that he is

a holder of a certificate of registration or that he is, or is by this Act required to be, registered, the amount of any tax which would have been chargeable in respect of the purchase or importation in question if the representation had not been made to the seller, or had not been acted on by the Commissioners, as the case may be, shall be recoverable from that person in like manner as if it had been chargeable and he had been accountable for it, without prejudice to any punishment to which he is liable under section 33 of this Act.

Special classes of chargeable goods

Tax on goods resulting from chargeable processes.

14.—(1) For the purposes of this Act a person shall be deemed to apply a chargeable process if he applies any process of manufacture which results in chargeable goods of any of the classes specified in Schedule 3 to this Act, whether or not the goods to which the process was applied were, before it was applied, goods of the same class or any other class specified in that Schedule.

In this subsection “ process of manufacture ” means a process applied so as to make goods or in the course of making goods.

(2) Subject to the provisions of this section, where any person required by this Act to be registered applies a chargeable process, tax shall be charged on the wholesale value of the resulting chargeable goods.

(3) Tax under this section becomes due on the completion of the chargeable process, and the person who applies the process is accountable for it.

(4) A person is not accountable for tax under this section in respect of goods resulting from the application of a chargeable process where those goods are his property at the time of the completion of the process, but nothing in this subsection shall prejudice the application to him of section 10 of this Act in relation to those goods.

(5) Where a chargeable process is applied to any goods under a contract and the person to whose order the process is applied under the contract makes, at such time and in such manner as the Commissioners may direct, a representation to the other party to the contract that he is a registered person and undertakes to account for any tax payable, then—

- (a) that other party shall not become accountable for tax under this section by reason of the application of the process ; and
- (b) if at the time of the completion of the process the person making the representation is not registered he shall (without prejudice to any liability to punishment in respect of any false statement in the representation)

be accountable for the tax chargeable by reason of the application of the process if he is not otherwise accountable for it.

(6) Where in respect of the application of a chargeable process to chargeable goods it is shown to the satisfaction of the Commissioners—

(a) that those goods were at the time of the application of the process the property of the person to whose order the process was applied and were last acquired by him more than two years, or such shorter period as the Commissioners may allow, before that time, or were acquired by him under any testamentary disposition or intestacy; and

(b) that the goods were not held by him at any time as stock for the purposes of any trade carried on by him,

any tax chargeable by virtue of the application of the process shall, instead of being chargeable on the wholesale value of the resulting goods, be chargeable on the amount by which that value exceeds the wholesale value of so much of the chargeable goods to which the process was applied as is incorporated in the resulting goods.

(7) If the person referred to in paragraph (a) of subsection (6) of this section, in furnishing any information for the purpose of, or in connection with, the obtaining of any relief under the said subsection (6), makes any statement which he knows to be false in a material particular or recklessly makes any statement which is false in a material particular, he shall, without prejudice to any liability to punishment in respect thereof, be accountable for the tax which would be chargeable by virtue of the application of the process apart from the said subsection (6).

(3) Subsection (3) of section 39 of this Act applies to any order under this section which has the effect of increasing the tax chargeable in respect of any goods or which extends the incidence of tax; and subsection (4) of that section applies to any other order under this section.

(4) It shall be for the Commissioners to determine for any class of goods to which this section applies, or for any type of goods of any such class—

(2) The Commissioners may, subject to such conditions as aforesaid, remit the tax chargeable in respect of a wireless receiving set, by virtue either of a purchase of the set or of such an appropriation or application of it as is mentioned in section 10 of this Act, if they are satisfied, by a certificate to that effect given to them on behalf of a charity registered in accordance with section 41 of the National Assistance Act 1948 or any corresponding enactment of the Parliament of Northern Ireland, that the purchase, appropriation or application was made for the purpose of making the set available for the use of the blind, to the exclusion of use otherwise, and that the property in it will be retained by the charity for that purpose.

(4) Subject to such conditions as aforesaid, the Commissioners, upon an application in writing made to them in that behalf, may

if they think fit remit the tax chargeable in respect of any article if they are satisfied that the purchase, importation or other act by virtue of which the tax is chargeable was made or done for the purpose of enabling the article to be used as an exhibit or specimen in a gallery, museum or similar institution, being an institution approved by the Treasury for the purposes of this subsection, and that the article is not intended for subsequent sale.

21.—(1) If an importer into the United Kingdom of any goods to which this section applies makes application to be relieved of tax payable on the importation of the goods, the Treasury, if in all the circumstances of the case, and having regard to the fact that tax is payable on the like goods on chargeable transactions in the United Kingdom, they think fit to do so, may direct that tax shall not be payable on the importation of the goods or, if it has been paid thereon, shall be repaid. - (b) to articles intended, and reasonably required, for the purpose of subjecting the articles, or any material or component in the articles, to examination or tests with a view to promoting or improving the manufacture in the United Kingdom of goods similar to those articles or to that material or component, as the case may be, or for the purpose of subjecting goods capable of use with those or similar articles (including goods which might be used as materials or components in such

articles or in which such articles might be used as materials or components) to examination or tests with a view to promoting or improving the manufacture in the United Kingdom of those or similar goods ;

- (c) to articles intended to be used in scientific research, or for a purpose connected with the advancement of any branch of learning or art or with the promotion of any sport, and not intended to be sold, or to be used for any purpose which is substantially a commercial purpose ;

Relief for re-imported goods.

22. Tax shall not be chargeable by virtue of an importation into the United Kingdom of chargeable goods in any case where it is shown to the satisfaction of the Commissioners that the goods had been previously exported from the United Kingdom and are in substantially the same state as they were in at the time of their exportation, and—

[15th May 1963]

B E IT ENACTED by the Queen's most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, as follows:—

PART I

Exchequer grants and apportionment

Continuation of provisions relating to Exchequer Equalisation and Transitional Grants.

1. Notwithstanding anything in section 29 of the Act of 1956 the following provisions (being provisions relating to Exchequer Equalisation and Transitional Grants), that is to say—

- (a) sections 22, 24, 30, 31 and 32 of the Act of 1948,
- (b) the Act of 1954, and
- (c) Part IV of the Act of 1956,

so far as in force immediately before the commencement of this section, shall continue in force, subject to the provisions of this Act.

Condition for, and amount of, Exchequer Equalisation Grants.

2.—(1) As respects the year 1963–64 and subsequent years the condition for the payment to a county council or the town council of a burgh of an Exchequer Equalisation Grant under the Act of 1954 for any year shall be that the product of a rate of one penny in the pound for the area of the council for that year is less than the standard penny rate product for the area for that year; and, subject to the next following section, the amount of the grant shall be the amount which bears to the relevant local expenditure for the area for that year the same proportion as the difference between the said products bears to the standard penny rate product.

(2) For the purposes of this section—

- (a) the area of a county council is the landward area of the county and the area of a town council of a burgh is the burgh ; and
- (b) the expression “ relevant local expenditure ” in relation to any area for any year means so much of the total expenditure for the year as would fall to be met out of moneys raised by rates levied in the area if no exchequer grants applicable towards meeting such expenditure were payable under the Act of 1954.

(3) Accordingly the Act of 1954 shall have effect as respects the year 1963-64 and subsequent years as if for section 3 thereof there were substituted the following section:—

“ 3. Where for the year 1963-64 or any subsequent year the product of a rate of one penny in the pound as defined for the purposes of the Local Government (Financial Provisions) (Scotland) Act 1963 for the landward area of a county, for a large burgh or for a small burgh is less than the standard penny rate product, as so defined, for the landward area or burgh there shall be paid to the county council or, as the case may be, the town council an Exchequer Equalisation Grant of such amount as is provided by sections 2 and 3 of the said Act of 1963 ”.

3.—(1) Where for the year 1963-64 or any subsequent year the actual rent income of a county council or town council is less than the council's notional rent income there shall (notwithstanding anything in section 1 of the Act of 1954 or section 26 of the Act of 1956) be deducted from any Exchequer Equalisation Grant which would, apart from this section, be payable to the council for that year under section 3 of the Act of 1954 an amount equal to the difference between—

Reduction of Exchequer Equalisation Grants in respect of low rent income.

- (a) the amount of the grant as calculated for the year in question under the said section 3, and
- (b) the amount which would result from that calculation if for the council's actual rent income for that year there were substituted their notional rent income for that year.

(2) Notwithstanding any reductions made in the Equalisation Grant payable to councils consequent on subsection (1) above the total Equalisation Grant disbursed to Scottish local authorities shall not fall below an amount ascertained in accordance with section 1(1)(b) of the Act of 1954.

(3) In this section—

- (a) references to a council's actual rent income for any year are references to the income receivable for the year by

H

PART I

the council and credited to their housing revenue account for the year under paragraph (a) of section 138(1) of the Housing (Scotland) Act 1950 in respect of the relevant subjects, together with any sums so credited under subsection (2) or (3) of the said section 138, but excluding any such income as aforesaid which by reason of the granting of any rent rebates is not actually received ; and

- (b) references to a council's notional rent income for any year are references to such percentage of the aggregate of the gross annual values of the relevant subjects, as shown in the valuation roll for the year in question, as is specified in the second column of the following Table in relation to that year :

Provided that, if he is requested by any council to do so, the Secretary of State shall direct that, in relation to that council and in relation to such year as may be specified in the direction, this section shall have effect as if references therein to the council's notional rent income for that year were references to such percentage of the aggregate of the gross annual values of the relevant subjects, as shown in the valuation roll for the year in question, as is specified in the third column of the said Table in relation to that year, less an amount equal to the aggregate of any rent rebates granted in respect of those subjects by the council for that year in pursuance of any rent rebates scheme approved by the Secretary of State for the purposes of this section.

TABLE

<i>Year</i>	<i>Percentage first referred to above</i>	<i>Percentage second referred to above</i>
1963-64... ..	85 per cent.	90 per cent.
1964-65... ..	90 per cent.	95 per cent.
Any subsequent year ...	95 per cent.	100 per cent.

(4) In the last foregoing subsection—

- (a) references to the relevant subjects, in relation to any council and in relation to any year, are references to any houses, buildings, land or dwellings let by the council and shown in the valuation roll for that year ;
- (b) references to the aggregate of the gross annual values of the relevant subjects, in relation to any council, are references to that aggregate exclusive of such part of the gross annual value of any house or dwelling comprised in those subjects as may be certified by the assessor to be attributable to any garage provided otherwise than by the council ;

- (c) the expression "rent rebates" means rebates to which section 73(4) of the Housing (Scotland) Act 1950 or section 29 of the Housing (Scotland) Act 1962 refers;
- (d) the expression "rent rebates scheme" includes any scheme for the granting of rent rebates (including so much of any rents scheme made under the said section 29 as relates to rent rebates); and
- (e) the expression "valuation roll" does not include "supplementary valuation roll".

(5) The Secretary of State may by order provide that the Table set out in subsection (3) of this section shall have effect as respects any year of revaluation specified in the order, and in relation to such local authority or local authorities as may be so specified, as if for the percentages specified for that year in the Table there were substituted such lower percentages as may be specified in the order.

(6) An order under the last foregoing subsection shall not have effect unless approved by a resolution of the Commons House of Parliament.

4. The Act of 1954 shall have effect as respects the year 1963-64 and subsequent years as if for section 8 thereof there were substituted the following section:—

District
councils' share
of Exchequer
Equalisation
Grants.

"8.—(1) A county council shall, out of any Exchequer Equalisation Grant paid to them under the foregoing provisions of this Act for the year 1963-64 or any subsequent year, pay to the council of any district in the county an amount which bears to the amount of the Exchequer Equalisation Grant which was so paid (or, in a case to which section 3 of the Local Government (Financial Provisions) (Scotland) Act 1963 applies, would have been so paid if no deductions under that section had been made) the same proportion as the expenditure of the district council for that year bears to the relevant local expenditure for the landward area of the county for that year.

(2) In this section—

"district" has the same meaning as in the Local Government (Scotland) Act 1947;

"expenditure" in relation to a district council for any year means so much of that council's expenditure for that year as is reckoned in calculating the relevant local expenditure for that year for the landward area of the county in which the district is situated for the purposes of section 2 of the said Act of 1963; and

PART I

“relevant local expenditure” in relation to the landward area of a county for any year has the same meaning as it has for the purposes of the said section 2”.

Reduction and discontinuance of Exchequer Transitional Grants.

5. Notwithstanding anything in subsection (3) of section 6 of the Act of 1954 (which relates to Exchequer Transitional Grants) the amount of any Exchequer Transitional Grant payable to a county council or the town council of a burgh under that section for any year specified in the first column of the following Table shall be such percentage as is specified in relation to that year in the second column of that Table of the amount which would be payable apart from this section; and no such grant shall be payable for the year 1967-68 or any subsequent year:—

TABLE

Year		Percentage
1963-64	...	80 per cent.
1964-65	...	60 per cent.
1965-66	...	40 per cent.
1966-67	...	20 per cent.

Increase of limit of contributions under section 1 of Rural Water Supplies and Sewerage Act 1944.

6.—(1) The limit imposed by subsection (5) of section 1 of the Rural Water Supplies and Sewerage Act 1944 as read with section 7 of that Act on the aggregate amount of the contributions which may be made under the said section 1 towards expenses incurred by local authorities (within the meaning of that Act) in Scotland shall be increased from thirty million pounds to forty-five million pounds.

(2) Subsection (3) of section 1 of the Rural Water Supplies and Sewerage Act 1955 (which relates to the amount to be taken into account for the purposes of the limit imposed by the provision aforesaid where contributions are made by way of a series of periodical payments) shall apply in relation to that limit as increased by this Act.

Apportionment.

7.—(1) Subject to the following provisions of this section, where, in pursuance of any enactment, any statutory order or instrument or any agreement, any sum is required—

(a) to be calculated according to, or according to a formula based in whole or in part on, the following valuation, that is to say the rateable valuation or standard rateable value, whichever is the higher, of any area for any year, or

(b) to be apportioned or allocated among local authorities or other bodies according to that valuation for each of

two or more areas for any year, or according to any such formula as aforesaid,

such calculation or such apportionment or allocation, as the case may be, shall be made with the substitution for that valuation of the product of a rate of one penny in the pound or the standard penny rate product, whichever is the higher, for the area, or, as the case may be, each of the areas, in question for that year.

(2) The foregoing subsection shall apply to any calculation, or apportionment or allocation required to be made for the year 1963-64 or any subsequent year:

Provided that in the case of such calculation, or apportionment or allocation required to be made under an agreement the said subsection shall not apply thereto if the parties concerned so agree.

(3) For the purposes of this section the standard penny rate product for any area for any year shall be taken to be—

(a) in the case of the year 1966-67 or any subsequent year of revaluation, such sum as may be determined by the Secretary of State by reference to the estimate of the rateable valuation of the area for that year received by him from the appropriate assessor under the next following subsection; and

(b) in the case of any other year, an estimate of the standard penny rate product for that area for that year made by the Secretary of State for the purposes of this section on the basis of such figures as are, in his opinion, the best available to him at the time when the estimate is made.

(4) The assessor for each valuation area shall, not later than the fifteenth day of March in the year preceding any year of revaluation, estimate the rateable valuation in that year of revaluation of the landward area of each county and of each burgh situated within the valuation area and shall send certified copies of the estimate so made to the rating authority of such county or burgh and to the Secretary of State.

(5) Schedule 1 to this Act shall have effect for the purpose of the recalculations mentioned therein, being recalculations in respect of the year 1961-62.

8.—(1) The Secretary of State may by order vary the method by which the weighted population of a county or a burgh is calculated, for the purposes of paragraph 1 of Schedule 2 to the Act of 1958 (which relates to the apportionment to local authorities of the aggregate amount of General Grants), under paragraph 5 thereof; and, without prejudice to the foregoing generality, may in particular by such order vary the manner

Weighted population for purposes of General Grants.

PART I

in which, and the date as at which, population or the number of persons of any description, or the number of miles of roads, is to be calculated.

(2) Paragraph 5 of the said Schedule 2 shall have effect as if after the words "purposes of" where they first occur there were inserted the words "paragraph 1 of".

(3) An order under this section may be made so as to have effect for the purposes of the year 1964-65 or any subsequent year.

(4) Before making any order under this section, the Secretary of State shall consult with such associations of local authorities as appear to him to be concerned; and any such order shall not have effect unless approved by a resolution of the Commons House of Parliament.

Meaning of product of a rate of one penny in the pound and standard penny rate product.

9.—(1) References in this Part of this Act to the product of a rate of one penny in the pound for any area for any year are references to an amount calculated for that area for that year in accordance with rules made in that behalf by the Secretary of State under this subsection.

(2) Before making any rules under the foregoing subsection, the Secretary of State shall consult with such associations of local authorities as appear to him to be concerned; and any such rules shall be subject to annulment in pursuance of a resolution of the Commons House of Parliament.

(3) Except so far as otherwise provided in this Part of this Act references therein to the standard penny rate product for any year for any area which is a burgh or the landward area of a county are references to the amount which bears to the weighted population of the burgh or landward area, as the case may be, for the year the same proportion as the governing factor for that year bears to the aggregate of the weighted populations for that year of all the landward areas and all the burghs in Scotland.

(4) The governing factor for any year to be used for the purposes of the last foregoing subsection shall be determined by the Secretary of State, and shall be so determined that its use as aforesaid would, apart from section 3 of this Act, result as nearly as may be in the distribution to county councils and town councils of that part of the amount available by virtue of section 26 of the Act of 1956 for the payment of exchequer grants in respect of that year which remains after payment of the Transitional Grants payable under section 6 of the Act of 1954.

(5) For the purposes of subsection (3) of this section the weighted population of an area for any year shall be determined in accordance with the provisions of Schedule 2 to this Act.

(6) In the case of any area which is part of a burgh or of the landward area of a county, references in this Part of this Act to the standard penny rate product of the area are, except so far as otherwise provided therein, references to so much of the standard penny rate product of the burgh or, as the case may be, the landward area as bears to the whole the same proportion as the rateable valuation of the area in question bears to the rateable valuation of the burgh or, as the case may be, the landward area.

(7) Schedule 6 to the Act of 1956 (which relates to Exchequer Grants) shall, as respects 1963-64 and any subsequent year, have effect as if for sub-paragraphs (a) and (b) of paragraph 2 there were substituted the words "the weighted population of any burgh or landward area shall be the weighted population thereof as it would be calculated under Schedule 2 to the Local Government (Financial Provisions) (Scotland) Act 1963, for the purposes of section 9(3) of that Act, if any reference in the said Schedule to the variation weighting for the burgh or landward area were omitted".

PART II

Valuation and Rating

10.—(1) As respects the year 1966-67 and subsequent years the rateable value of the industrial and freight transport lands and heritages to which section 45 of the Local Government (Scotland) Act 1929 applies shall, subject to the next following subsection, be the net annual value thereof as ascertained under subsection (6) or subsection (8), as the case may be, of section 6 of the Act of 1956; and accordingly subsection (9) of that section shall, as respects those years, have effect as if the words "save as provided in section forty-five of the Local Government (Scotland) Act 1929" were omitted.

Rateable value of industrial and freight transport lands and heritages.

(2) Notwithstanding anything in the foregoing subsection the Secretary of State may by order provide that in respect of the year 1966-67 and such immediately subsequent years, if any, as may be specified in the order the rateable value of the said lands and heritages shall be the amount produced by deducting from the net annual value thereof such percentage of that value as may be so specified; but an order under this subsection shall not have effect unless approved by a resolution of the Commons House of Parliament.

(3) In an order under the last foregoing subsection different provision may be made for lands and heritages in different rating areas.

(4) As respects the year 1966-67 and subsequent years subsection (4) of section 47 of the Local Government (Scotland) Act 1929 (which confers upon certain occupiers of industrial lands and heritages the right to recover in each year from the

PART II

owner of the lands and heritages a sum equal to three times the owner's share of the rates payable in respect of the lands and heritages for that year) shall not have effect.

(2) A scheme may apply to such additional payments, being payments which by virtue of an enactment or by custom are charged on or otherwise payable in relation to land wholly or partly in lieu of tithes, as the Commissioners think fit.

(3) As respects payments such as are mentioned in subsection (1) or (2) of this section (hereinafter referred to as "rents") a scheme may include provision for the extinguishment thereof in cases where—

- (a) a rent has been redeemed, or
- (b) a person is entitled in the same capacity both to the rent and to the land in respect of which it is payable, or
- (c) all persons having an interest either in the rent or the land in respect of which it is payable agree to its extinguishment.

(4) A scheme, in regulating the redemption of rents, shall provide that a rent is not to be redeemed otherwise than on the application or with the consent of the person who, under the scheme, would be liable to defray the consideration money:

Provided that the scheme may enable the consent of that person to be dispensed with where the amount payable by him or his predecessor in title in respect of the rent in the calendar year immediately preceding the year in which redemption is proposed did not exceed forty shillings, or where the land in respect of which the rent is payable is, or is about to be, divided into plots.

(5) A scheme may in particular (but without prejudice to the generality of this section)—

(a) include provisions reproducing, with such modification as the Commissioners think fit, the effect of any of those enactments comprised in the Tithe Acts 1836 to 1925 which were applied to corn rents and other payments by section 30 (1) of the Tithe Act 1936;

(b) apply to matters arising in connection with or in consequence of the redemption of a rent any enactments having effect in relation to matters arising in connection with or in consequence of the redemption of tithe rentcharge (as defined by section 47 of the Tithe Act 1936);

14 Geo. 6. c. 27.

(c) apply provisions of the Arbitration Act 1950, with or without modification, for the purposes of proceeding under the scheme;

(d) provide for the payment of fees to the Commissioners in connection with proceedings under the scheme.

(6) A scheme may be revoked or amended by a subsequent scheme.

(7) Any power conferred by this section to make a scheme shall be exercisable by statutory instrument; and a statutory instrument containing a scheme shall be subject to annulment in pursuance of a resolution of either House of Parliament.

Transfer to Treasury of certain functions as to extinguishment of corn rents.

2. Section 30 (2) of the Tithe Act 1936 (which empowers the Minister of Agriculture, Fisheries and Food to provide for the extinguishment of corn rents and other payments either generally or in particular cases) shall have effect as if for references therein to the said Minister there were substituted references to the Treasury, and as if references therein which have effect as references to the Commissioners were omitted.

Short title, extent, repeal and savings.

3.—(1) This Act may be cited as the Corn Rents Act 1963.

(2) This Act shall extend to England and Wales only.

(3) This Act binds the Crown.

(4) With effect from the coming into operation of the first scheme under this Act, the enactments mentioned in the Schedule to this Act, being enactments superseded by this Act or otherwise spent or obsolete, are, so far as not repealed by any other enactment, hereby repealed to the extent specified in the third column of that Schedule.

(5) In section 191 (12) of the Law of Property Act 1925 (by 15 & 16 Geo. 5. which payments redeemable under the Tithe Acts 1836 to 1918 c. 20. are precluded from being redeemed or apportioned under that section) for the words "the Tithe Acts 1836 to 1918" there shall be substituted, with effect from the coming into operation of the first scheme under this Act, the words "the Corn Rents Act 1963".

(6) Proceedings under section 30 (1) of the Tithe Act 1936 in progress at the coming into operation of the first scheme under this Act may be continued and completed as if this Act had not passed.

BE IT ENACTED by the Queen's most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, as follows:—

General provisions for protection of depositors

Fraudulent inducement to invest on deposit.

1.—(1) Any person who, by any statement, promise or forecast which he knows to be misleading, false or deceptive, or by any dishonest concealment of material facts, or by the reckless making (dishonestly or otherwise) of any statement, promise or forecast which is misleading, false or deceptive, induces or attempts to induce another person—

(a) to invest money on deposit with him or with any other person, or

(b) to enter into or offer to enter into any agreement for that purpose,

shall be guilty of an offence, and liable on conviction on indictment to imprisonment for a term not exceeding seven years or to a fine, or to both.

(2) Nothing in this section shall be construed as empowering a court in Scotland, other than the High Court of Justiciary, to pass for any offence under this section a sentence of imprisonment for a term exceeding two years.

(3) In section 13 (1) (a) (i) of the Prevention of Fraud (Investments) Act 1958, the words "or lending or depositing money to or with any industrial and provident society or building society" are hereby repealed.

2.—(1) Subject to the following provisions of this section, no person shall, after the commencement of this Act, issue any advertisement inviting the public to deposit money with him. General restriction of advertisements for deposits.

(2) This section does not apply to any advertisement with respect to investments of any description falling within Schedule 1 to the Trustee Investments Act 1961, nor to any advertisement with respect to deposits of any description to be made with any banking or discount company within the meaning of paragraph 23 of Schedule 8 to the Companies Act 1948, or with any building society, friendly society or industrial and provident society.

(3) This section does not apply to any advertisement with respect to deposits to be made with a company incorporated in, or having an established place of business in, Great Britain, if the advertisement complies with regulations made by the Board of Trade under section 3 (1) (a) and any accounts required by this Act to be delivered by the company before the issue of the advertisement are duly delivered.

(4) This section does not apply—

(a) to an advertisement with respect to deposits of any such class as may be prescribed by regulations made by the Board of Trade under section 3 (1) (b); or

(b) to any advertisement (not being an advertisement with respect to deposits to be made with any such company as is mentioned in subsection (3)) which is issued with the permission in writing of the Board;

and any permission for the purposes of paragraph (b) may be granted in respect of a particular advertisement or in respect of advertisements of any specified class issued by a particular person, and subject to such conditions, if any, as the Board think fit.

(5) Any person who issues an advertisement in contravention of this section shall be guilty of an offence and liable—

(a) on conviction on indictment, to imprisonment for a term not exceeding two years or to a fine, or to both;

- (b) on summary conviction, to imprisonment for a term not exceeding three months or to a fine not exceeding two hundred pounds, or to both :

Provided that a person who in the ordinary course of his business issues an advertisement to the order of another person, being an advertisement the issue of which by that other person constitutes an offence under this section, shall not himself be guilty of the offence if he proves that the matters contained in the advertisement were not (wholly or in part) devised or selected by him or by any person under his direction or control.

Regulations of Board of Trade as to advertisements.

3.—(1) The Board of Trade may by statutory instrument make regulations—

- (a) for prescribing the matters which must or must not be included in any advertisement which is to qualify for exemption under subsection (3) of section 2, and generally for regulating the form of such advertisements ;
- (b) for exempting from that section advertisements with respect to deposits of such classes as may be prescribed by the regulations subject to such conditions, if any, as may be so prescribed.

(2) Regulations under this section may make different provision in relation to advertisements of different classes or descriptions.

(3) Any statutory instrument made by virtue of this section shall be subject to annulment in pursuance of a resolution of either House of Parliament.

Status of private companies which advertise for deposits.

4. If an advertisement for deposits is issued after the commencement of this Act by a private company, the company shall, so long as the provisions of this Act as to periodical accounts apply to the company, be deemed not to be a private company for the purposes of the following provisions of the Companies Act 1948, that is to say :—

- (a) section 31, section 222 (d) and paragraph (a) of the proviso to section 224 (1) (several liability of members, power of the court to wind up, and power of contributors to petition for winding up, on reduction of number of members below the statutory minimum) ;

- (e) section 190 (1) (prohibition of loans to directors).

*Special accounting obligations of companies advertising
for deposits*

5.—(1) Before any advertisement for deposits is issued by any company after the appointed day, the company shall deliver to the Registrar and the Board of Trade accounts complying with the requirements of this section. Accounts required before advertising.

(2) The accounts required under this section in connection with an advertisement for deposits are—

(a) in every case, audited accounts comprising—

(i) a balance sheet dated not more than fifteen months before the date on which the advertisement is issued, and

(ii) a profit and loss account for the period between the date of that balance sheet and that of the last relevant balance sheet which was dated not less than six months before that date ; and

(b) where the date of the balance sheet comprised in the accounts delivered for the purposes of paragraph (a) is more than nine months before the date on which the advertisement is issued, interim accounts comprising—

(i) a balance sheet dated not less than six months after the date of the first-mentioned balance sheet, and

(ii) a profit and loss account for the period between the dates of those balance sheets.

(3) In this section “ relevant balance sheet ” means a balance sheet comprised in accounts delivered by the company for the purposes of any provision of this Act requiring the delivery of audited accounts or, where no such balance sheet has been so delivered, an audited balance sheet laid before the company in general meeting.

(4) Within fourteen days after the first occasion after the appointed day on which an advertisement for deposits is issued by a company which has delivered the accounts required by this section, the company shall deliver to the Registrar and the Board of Trade a notice specifying the date on which the advertisement was issued.

6.—(1) Every company which issues an advertisement for deposits after the appointed day shall from time to time (unless and until this section ceases to apply to the company under the following provisions of this Act) deliver to the Registrar and the Board of Trade accounts complying with the requirements of this section. Periodical accounts after advertising.

(2) The accounts required to be delivered by a company to which this section applies are—

(a) audited accounts, each comprising—

(i) a balance sheet dated twelve months after the date of the balance sheet last delivered by the company for the purposes of any provision of this Act requiring the delivery of audited accounts, and

(ii) a profit and loss account for the period between the dates of those balance sheets ; and

(b) interim accounts, each comprising—

(i) a balance sheet dated six months after the date of the balance sheet last delivered as aforesaid, and

(ii) a profit and loss account for the period between the dates of those balance sheets ;

and those accounts shall be delivered, in the case of the audited accounts described in paragraph (a), within fifteen months, and in the case of the interim accounts described in paragraph (b), within nine months, of the date of the balance sheet last delivered as aforesaid.

(3) Where this section applies to a company by virtue of the issue of an advertisement for deposits but no accounts complying with section 5 have been delivered by the company, the dates of the balance sheets to be comprised in the first accounts required by paragraph (a) and paragraph (b) of subsection (2) respectively, the periods for which the profit and loss accounts comprised in those accounts are to be made up, and the times within which those accounts are to be delivered, shall be such as the Board of Trade may direct.

(4) For the purposes of this section a balance sheet shall be treated as dated in accordance with paragraph (a) or paragraph (b) of subsection (2) if dated within seven days before or after the date prescribed by that paragraph.

(5) The delivery of any accounts pursuant to this section shall, so far as those accounts comply with the requirements of section 5 in respect of any advertisement for deposits thereafter issued by the company, or would so comply if the balance sheet comprised therein were dated as required by this section apart from subsection (4), be sufficient compliance with section 5 in relation to that advertisement.

Termination of requirements as to periodical accounts.

7.—(1) If, throughout any period of fifteen months, a company to which section 6 applies has issued no advertisement for deposits and has retained no money deposited with the company, the company may deliver a notice to that effect to the Registrar and the Board of Trade ; and thereupon section 6 shall cease to apply to the company.

(2) Without prejudice to subsection (1), a company to which section 6 applies may at any time deliver to the Registrar and the Board of Trade a notice stating that the issue of advertisements for deposits will be discontinued as from the delivery of the notice; and if no such advertisement is issued by the company during the period of three years after the date of delivery of the notice, section 6 shall cease to apply to the company at the expiration of that period or, if the company then retains any deposit which—

(a) was made before the delivery of the notice; and

(b) has not become repayable within the said period,

as soon as all such deposits have become repayable.

(3) Where a notice is delivered by a company under subsection (2), it shall be the duty of the company to give notice in writing to that effect (including a statement of the effect of that subsection)—

(a) within six months after the delivery of the first-mentioned notice, to all persons appearing to the company to be persons who then were and have not ceased to be depositors with the company; and

(b) before accepting, at any time within the period of three years mentioned in subsection (2), a deposit from any person to whom notice under this subsection has not already been given, to that person;

and if the notice required by paragraph (b) is not given in the case of any deposit, the deposit shall, notwithstanding anything to the contrary in the terms on which it was made, be repayable on demand.

(4) Nothing in this section shall affect the application of section 6 to any company which, after that section has ceased to apply by virtue of this section, issues a further advertisement for deposits; and in relation to the first such advertisement issued by such a company—

(a) the reference in section 5 to the last relevant balance sheet shall be construed as a reference to the audited balance sheet last delivered under section 6 (2) (a), or last laid before the company in general meeting, whichever is the later; and

(b) subsection (4) of section 5 shall apply as if no advertisement for deposits had previously been issued by the company.

(5) For the purposes of this section a deposit shall be deemed to have become repayable on the earliest date on which the depositor could have called for repayment if he had exercised all options or rights available to him.

(6) Any notice required to be given to any person under subsection (3) shall be deemed to have been given to that person if sent to him by post at his last known address.

Relaxation of requirements as to periodical accounts.

8.—(1) If it appears to the Board of Trade, on application made by any company, that by reason of any of the following circumstances, that is to say:—

- (a) any scheme of reconstruction or amalgamation to which the company has been party ;
- (b) any alteration of the company's financial year effected for the purpose of complying with the requirements of section 153 of the Companies Act 1948 as to the financial years of holding companies and their subsidiaries ;
- (c) any requirements of the law of, or any exceptional circumstances existing or arising in, any country outside Great Britain in which the company carries on business ; or
- (d) any other exceptional circumstances affecting the production or audit of the company's accounts,

it would be impracticable or unduly onerous for the company to comply with the requirements of section 6 as to the date as at which or the period for which any accounts are to be made up, or the period within which they are to be delivered, the Board may by order relax any of those requirements with respect to those accounts.

(2) Where an order made under subsection (1) in the case of any company extends the period allowed by section 6 for delivering any such audited accounts or interim accounts as are described in paragraph (a) and paragraph (b) respectively of section 6 (2), then, unless the order includes a direction that this subsection is not to apply in relation to that order, section 5 (1) shall not apply to the company in respect of any advertisement issued during the extended period allowed by the order for delivering those accounts.

Application to advertisements issued before appointed day.

9.—(1) The following provisions of this section shall apply to any company which either—

- (a) has issued an advertisement for deposits within six months before the appointed day ; or
- (b) having issued such an advertisement within three years before that day, has retained at any time within three months before that day any money deposited with the company.

(2) On or before the appointed day, every such company shall deliver to the Registrar and the Board of Trade the like

accounts as would be required under section 5 if an advertisement for deposits were to be issued by the company immediately after that day; and section 6 shall apply in relation to any such company, as from that day, as if such an advertisement had been so issued.

(3) In relation to any company to which section 6 applies by virtue only of this section, the reference in section 7 (1) to any period of fifteen months shall include a reference to any such period beginning before and ending after the appointed day; and where the issue of advertisements by any such company has been discontinued before the appointed day, the company may, not later than one month after that day, deliver to the Registrar and the Board of Trade a notice to that effect, specifying the date from which the issue of such advertisements was discontinued, and subsections (2) and (3) of section 7 shall apply in relation to any such notice as they apply in relation to a notice under the said subsection (2) except that any reference to the period of three years after the delivery of the notice shall be construed—

- (a) in the said subsection (2), as a reference to the period of three years after the date specified in the notice; and
- (b) in the said subsection (3), as a reference to so much of that period as is unexpired at the date of the delivery of the notice.

10.—(1) Section 5 (1) shall not apply in relation to any advertisement for deposits issued by a company within nine months after the date of its incorporation if, before the date when that advertisement is issued—

- (b) a copy of that prospectus, statement or document has been delivered to the Board of Trade.

(2) A company which was incorporated within nine months before the appointed day shall not be required to deliver accounts under section 9 (2) by virtue of any advertisement for deposits issued before that day if, before that day, the conditions specified in paragraphs (a) and (b) of subsection (1) of this section have been complied with.

(3) Where an advertisement for deposits is or has been issued by a company within nine months after the date of its incorporation, and the requirements of section 5 (or of that section as applied by section 9 (2)) with respect to the delivery of accounts have not been complied with in respect of that or any other advertisement issued by the company, the company shall—

- (b) except where section 9 applies to the company, deliver to the Registrar and the Board of Trade, within fourteen days after the first occasion after the appointed day on which an advertisement for deposits is issued by the company, the like notice as is required by section 5 (4) in the case of a company which has delivered the accounts required by that section.

(4) In any case where accounts are required to be delivered by a company under section 5 before an audited balance sheet has been delivered by the company under this Act or laid before the company in general meeting, the profit and loss account required by subsection (2) (a) of that section shall be an account for the period (not being less than six months) between the date of the balance sheet to be delivered thereunder and the date of the incorporation of the company.

(2) Subject to subsection (3), any such company as aforesaid shall furnish a copy of the accounts or other document mentioned in subsection (1) on demand and without charge to any depositor with the company and to any other person who signifies to the company that he requires a copy of the accounts or document with a view to becoming a depositor with the company.

(3) A company shall not be required to furnish a copy of any accounts or other document under this section to any person to whom a copy of the accounts or document in question has already been furnished by the company and, without prejudice to the foregoing provision, a company shall not be required to furnish a copy of any accounts or other document—

or

(b) under subsection (2), to any person (not being a depositor with the company) to whom the company gives notice that it is unwilling to receive a deposit.

12.—(1) Subject to the provisions of this section, if any company to which section 6 applies, having issued after the commencement of this Act an advertisement for deposits describing the business or any particular business carried on or proposed to be carried on by the company, thereafter carries on any business not described in that advertisement and not being a business of the same character as a business so described, any deposit to which this section applies shall, notwithstanding anything to the contrary in the terms on which it was made, be repayable on demand. (b) if, before the business in question is commenced, the company has given notice in writing to the depositor describing that business and the depositor has not within such period as may be specified for that purpose in the notice (not being less than fourteen days) signified to the company in writing his intention of demanding repayment if the business is commenced ;
or

(c) if the notice given in respect of the deposit under subsection (2) specifies a period (not being less than fourteen days) within which a demand for repayment may be made by virtue of this section and no such demand is made within that period.

- (a) the company is unable to pay sums due and payable to its depositors, or is able to pay such sums only by obtaining additional deposits or by defaulting in its obligations to its other creditors ; or
- (b) the value of the company's assets is less than the amount of its liabilities ; or
- (c) default has been made by the company in complying with any requirement of this Act as to the delivery of accounts ; or

(3) If any deposit is accepted or any payment made in contravention of subsection (2), the company shall be guilty of an offence, and shall be liable, on conviction on indictment or on summary conviction, to a fine which, on summary conviction, shall not exceed two hundred pounds.

(4) Notwithstanding any rule of law, any sum deposited or paid in contravention of subsection (2) may be recovered by the depositor or the company, as the case may be, as money had and received or, in Scotland, as a debt.

(5) In determining for the purposes of this section whether the value of a company's assets is less than the amount of its liabilities, account shall be taken of contingent and prospective liabilities of the company.

(6) Notwithstanding section 399 (2) of the Companies Act 1948, an unregistered company having a principal place of business situate in Northern Ireland may be wound up by virtue

- (b) if the court thinks fit, prohibiting the acceptance of deposits with the company until the default is made good ;
- (c) ordering the costs to be paid by any persons who, in the opinion of the court, are responsible for the default.

(2) If, on an application by the Registrar or the Board of Trade for an order under subsection (1) in respect of any default, it appears to the court that the default is incapable of being made good, the court may, in lieu of making an order under that subsection, order the company to be wound up.

(3) Nothing in this section shall be taken to prejudice the operation of any provision of this Act imposing penalties on a company or its officers in respect of any such default as aforesaid.

18.—(1) For the purposes of securing compliance with the provisions of this Act, or of determining whether or not the Board of Trade should exercise any of their powers under this Act or their power of investigation under section 165 of the Companies Act 1948, the Board shall have power to give directions to any company being—

Power of Board to require production of documents.

- (a) a company which appears to the Board to be a company to which section 6 applies or to which that section has applied at any time during the previous six months ;
- (b) a company which is a subsidiary of such a company as aforesaid ;
- (c) a company whose affairs appear to the Board to be so connected with those of such a company as is mentioned in paragraph (a) of this subsection as to affect materially the question whether the conditions described in paragraph (a) or paragraph (b) of section 16 (1) apply in the case of the last-mentioned company, requiring the company, at such time and place as may be specified in the directions, to produce such books or papers as may be so specified.

(2) Any officer of the Board of Trade duly authorised in that behalf shall have power, on producing (if required to do so) evidence of his authority, to require any such company as aforesaid to produce to him forthwith any books or papers which the officer may reasonably require for any of the purposes mentioned in subsection (1).

(3) Where by virtue of the preceding provisions of this section the Board of Trade, or an officer of the Board, has power to require the production of any books or papers from any company, the Board or officer shall have the like power to require the production of those books or papers from any person who appears to the Board or officer to be in possession of those books or papers: but where any such person claims a lien on books or papers produced by him, the production shall be without prejudice to the lien.

(a) if the books or papers are produced—

(i) to take copies of them or extracts from them, and

(ii) to require that person, or any other person who is a present or past officer of, or is employed by, the company in question, to provide an explanation of any of them ;

(b) if the books or papers are not produced, to require the person who was required to produce them to state, to the best of his knowledge and belief, where they are.

(5) If any requirement to produce books or papers or provide an explanation or make a statement which is imposed by virtue of this section is not complied with, the company or other person on whom the requirement was so imposed shall be guilty of an offence and liable on summary conviction to imprisonment for a term not exceeding three months or to a fine not exceeding two hundred pounds, or to both :

Provided that where a person is charged with an offence under this subsection in respect of a requirement to produce any books or papers, it shall be a defence to prove that they were not in his possession or under his control and that it was not reasonably practicable for him to comply with the requirement.

Entry and search of premises.

19.—(1) If a justice of the peace is satisfied on information on oath laid by an officer of the Board of Trade, or laid under the authority of the Board, that there are reasonable grounds for suspecting that there are on any premises any books or papers of which production has been required by virtue of section 18

and which have not been produced in compliance with that requirement, the justice may issue a warrant authorising any constable, together with any other persons named in the warrant and any other constables, to enter the premises specified in the information (using such force as is reasonably necessary for the purpose) and to search the premises and take possession of any books or papers appearing to be such books or papers as aforesaid, or to take in relation to any books or papers so appearing any other steps which may appear necessary for preserving them and preventing interference with them.

(2) Every warrant issued under this section shall continue in force until the end of the period of one month after the date on which it is issued.

(3) Any books or papers of which possession is taken under this section may be retained for a period of three months or, if within that period there are commenced any proceedings for an offence under this Act to which they are relevant, until the conclusion of those proceedings.

(4) Any person who obstructs the exercise of any right of entry or search conferred by virtue of a warrant under this section, or who obstructs the exercise of any rights so conferred to take possession of any books or papers, shall be guilty of an offence and liable on summary conviction to imprisonment for a term not exceeding three months or to a fine not exceeding two hundred pounds, or to both.

(5) In the application of this section to Scotland, any reference to a justice of the peace includes a reference to the sheriff and to a magistrate.

20.—(1) No information or document relating to a company which has been obtained under section 18 or section 19 shall, without the previous consent in writing of that company, be published or disclosed, except to the Board of Trade or an officer of the Board or an inspector appointed under the Companies Act 1948 by the Board, unless the publication or disclosure is required—

Provision for security of information.

- (a) for the purposes of any proceedings arising out of this Act (including proceedings under section 19) or the Companies Act 1948, or of any criminal proceedings whether so arising or not, or for the purposes of a report of any such proceedings; or
- (b) for the purpose of complying with any requirement, or exercising any power, imposed or conferred by the Companies Act 1948 with respect to reports made by inspectors appointed as aforesaid.

(2) Any person who publishes or discloses any information or document in contravention of this section shall be guilty of an offence and liable—

- (a) on conviction on indictment, to imprisonment for a term not exceeding two years or to a fine, or to both;
- (b) on summary conviction, to imprisonment for a term not exceeding three months or to a fine not exceeding two hundred pounds, or to both.

SCHEDULE—Condition treated as applicable to rebuilding and alterations.

An Act to make further provision with respect to development comprised in Schedule 3 to the Town and Country Planning Act 1962 and Schedule 3 to the Town and Country Planning (Scotland) Act 1947.

[10th July 1963]

BE IT ENACTED by the Queen's most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, as follows:—

Amendments relating to development comprised in Town and Country Planning Act 1962, Schedule 3.

1.—(1) In any case where the value or depreciation in value of an interest in land falls to be determined on the assumption that a planning permission would be granted for development of any class specified in Schedule 3 to the Town and Country Planning Act 1962, it shall be further assumed, as regards development of any class specified in paragraph 1 or paragraph 3 of that Schedule (rebuilding and alteration of existing buildings), that such a planning permission would be granted subject to the condition set out in the Schedule to this Act; and in determining—

(a) for the purposes of section 123 (2) of the said Act of 1962 whether and to what extent the value of an interest in land affected by a planning decision is less than it would have been if the permission had been granted or granted unconditionally; and

(b) for the purposes of section 129 of that Act, whether the conditions for the service of a purchase notice are fulfilled,

no account shall be taken of any prospective use which would contravene the said condition.

(2) In the application of the said Schedule 3 for the purpose of any determination to which subsection (1) of this section

applies and for the purposes of section 123 (1) of the said Act of 1962, paragraph 3 of that Schedule shall be construed as not extending to works involving any increase in the cubic content of a building erected after the appointed day (including any building resulting from the carrying out of such works as are described in paragraph 1 of that Schedule); and paragraph 7 (extension of use) shall not apply to any such building.

(3) For the purposes of sections 113 and 114 of the said Act of 1962, so far as applicable (by virtue of section 122 of that Act) to compensation calculated under section 118 of that Act as amended by this section, the expression "new development" shall include—

- (a) any development to which subsection (1) of this section applies which is carried out otherwise than subject to the condition set out in the Schedule to this Act; and
- (b) any development excluded by subsection (2) of this section from Schedule 3 to that Act;

but except as aforesaid nothing in this section affects the meaning of that expression in that Act, or any determination to be made for the purposes of Part VI of that Act.

(4) In relation to a building erected after the appointed day, being a building resulting from the carrying out of any such works as are described in paragraph 1 of the said Schedule 3, any reference in that Schedule or in the Schedule to this Act to the original building is a reference to the building in relation to which those works were carried out and not to the building resulting from the carrying out of those works.

(5) For the purposes of this section, so far as applicable to any determination of existing use value as defined by section 134 (5) of the said Act of 1962, references to Schedule 3 to that Act, and to paragraphs 1, 3 and 7 of that Schedule, shall be construed as references to Schedule 3 to the Town and Country Planning Act 1947, and to the corresponding paragraphs of that Schedule.

2.—(1) In any case where the value or depreciation in value of an interest in land falls to be determined on the assumption that planning permission would be granted for development of any class specified in Schedule 3 to the Town and Country Planning (Scotland) Act 1947 as amended by any enactment, it shall be further assumed, as regards development of any class specified in paragraph 1 of Part I or paragraph 1 of Part II of that Schedule (rebuilding and alteration of existing buildings), that such permission would be granted subject to the condition set out in the Schedule to this Act; and in determining for the purposes of section 18(1) of the said Act of 1947 whether and to what extent the value of an interest in land affected by a planning decision is

Amendments relating to development comprised in Town and Country Planning (Scotland) Act 1947, Schedule 3.

less than it would have been if the permission had been granted or granted unconditionally, no account shall be taken of any prospective use which would contravene the said condition.

(2) Where, for the purpose of determining whether the conditions specified in paragraphs (a) to (c) of section 17 (1) of the said Act of 1947 (purchase notices) are fulfilled in relation to any land, any question arises as to what is or would in any particular circumstances be a reasonably beneficial use of that land, then, in determining that question for that purpose, no account shall be taken of any prospective use of that land which would involve the carrying out of development of any class not specified in Schedule 3 to that Act or which would involve any contravention of the condition set out in the Schedule to this Act.

(3) In the application of the said Schedule 3 for the purposes of any determination to which subsection (1) or subsection (2) of this section applies and for the purposes of section 18 (1) of the said Act of 1947, paragraph 1 of Part II of that Schedule shall be construed as not extending to works involving any increase in the cubic content of a building erected after the appointed day (including any building resulting from the carrying out of such works as are described in paragraph 1 of Part I of that Schedule); and paragraph 6 of Part II of that Schedule shall not apply to any such building.

(4) For the purposes of section 30 of the Town and Country Planning (Scotland) Act 1954, so far as applicable (by virtue of section 43 of that Act) to compensation under section 20 of the Town and Country Planning (Scotland) Act 1947 as amended by this section, the expression "new development" shall include—

- (a) any development to which subsection (1) of this section applies which is carried out otherwise than subject to the condition set out in the Schedule to this Act; and
- (b) any development excluded by subsection (3) of this section from Schedule 3 to the said Act of 1947;

but except as aforesaid nothing in this section affects the meaning of that expression in the said Act of 1954, or any determination to be made for the purposes of Part II of that Act.

##### SCHEDULES:

- Schedule 1—Stock Transfer Form.
- Schedule 2—Brokers Transfer Form.

An Act to amend the law with respect to the transfer of securities. [10th July 1963]

**B**E IT ENACTED by the Queen's most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, as follows:—

1.—(1) Registered securities to which this section applies may be transferred by means of an instrument under hand in the form set out in Schedule 1 to this Act (in this Act referred to as a stock transfer), executed by the transferor only and specifying (in addition to the particulars of the consideration, of the description and number or amount of the securities, and of the person by whom the transfer is made) the full name and address of the transferee.

Simplified transfer of securities.

(2) The execution of a stock transfer need not be attested; and where such a transfer has been executed for the purpose of a stock exchange transaction, the particulars of the consideration and of the transferee may either be inserted in that transfer or, as the case may require, supplied by means of separate instruments in the form set out in Schedule 2 to this Act (in this Act referred to as brokers transfers), identifying the stock transfer and specifying the securities to which each such instrument relates and the consideration paid for those securities.

(3) Nothing in this section shall be construed as affecting the validity of any instrument which would be effective to transfer securities apart from this section; and any instrument purporting to be made in any form which was common or usual before the commencement of this Act, or in any other form authorised or required for that purpose apart from this section, shall be sufficient, whether or not it is completed in accordance with the form, if it complies with the requirements as to execution and contents which apply to a stock transfer.

(4) This section applies to fully paid up registered securities of any description, being—

- (a) securities issued by any company within the meaning of the Companies Act 1948 except a company limited by guarantee or an unlimited company;
- (b) securities issued by any body (other than a company within the meaning of the said Act) incorporated in Great Britain by or under any enactment or by Royal Charter except a building society within the meaning of the Building Societies Act 1962 or a society registered under the Industrial and Provident Societies Act 1893;
- (c) securities issued by the Government of the United Kingdom, except stock or bonds in the Post Office register or the register of the Bank of Ireland in Dublin, and except national savings certificates;
- (d) securities issued by any local authority;
- (e) units of a unit trust scheme, or other shares of the investments subject to the trusts of such a scheme, being a scheme in the case of which there is in force an order of the Board of Trade under section 17 of the Prevention of Fraud (Investments) Act 1958.

Supplementary provisions as to simplified transfer.

**2.—(1)** Section 1 of this Act shall have effect in relation to the transfer of any securities to which that section applies notwithstanding anything to the contrary in any enactment or instrument relating to the transfer of those securities; but nothing in that section affects—

- (a) any right to refuse to register a person as the holder of any securities on any ground other than the form in which those securities purport to be transferred to him: or
- (b) any enactment or rule of law regulating the execution of documents by companies or other bodies corporate, or any articles of association or other instrument regulating the execution of documents by any particular company or body corporate.

(2) Subject to the provisions of this section, any enactment or instrument relating to the transfer of securities to which section 1 of this Act applies shall, with any necessary modifications, apply in relation to an instrument of transfer authorised by that section as it applies in relation to an instrument of transfer to which it applies apart from this subsection; and without prejudice to the generality of the foregoing provision, the reference in section 79 (1) of the Companies Act 1948 (certification of transfers) to any instrument of transfer shall be construed as including a reference to a brokers transfer.

(3) In relation to the transfer of securities by means of a stock transfer and a brokers transfer—

- (a) any reference in any enactment or instrument (including in particular section 75 of the Companies Act 1948 and section 56 (4) of the Finance Act 1946) to the delivery or lodging of an instrument (or proper instrument) of transfer shall be construed as a reference to the delivery or lodging of the stock transfer and the brokers transfer;
- (b) any such reference to the date on which an instrument of transfer is delivered or lodged shall be construed as a reference to the date by which the later of those transfers to be delivered or lodged has been delivered or lodged; and
- (c) subject to the foregoing provisions of this subsection, the brokers transfer (and not the stock transfer) shall be deemed to be the conveyance or transfer for the purposes of the enactments relating to stamp duty.

(4) Without prejudice to subsection (1) of this section, section 1 of this Act shall have effect, in its application to Scotland, notwithstanding anything to the contrary in any enactment relating to the execution of instruments or the validity of instruments delivered with particulars left blank; but so much of subsection

(2) of that section as provides that the execution of a stock transfer need not be attested shall not apply to a transfer executed in accordance with section 18 of the Conveyancing (Scotland) Act 1924 on behalf of a person who is blind or unable to write.

3.—(1) References in this Act to the forms set out in Schedule 1 and Schedule 2 include references to forms substantially corresponding to those forms respectively. Additional provisions as to transfer forms.

(2) The Treasury may by order amend the said Schedules either by altering the forms set out therein or by substituting different forms for those forms or by the addition of forms for use as alternatives to those forms; and references in this Act to the forms set out in those Schedules (including references in this section) shall be construed accordingly.

(3) Any order under subsection (2) of this section which substitutes a different form for a form set out in Schedule 1 to this Act may direct that subsection (3) of section 1 of this Act shall apply, with any necessary modifications, in relation to the form for which that form is substituted as it applies to any form which was common or usual before the commencement of this Act.

(4) Any order of the Treasury under this section shall be made by statutory instrument, and may be varied or revoked by a subsequent order; and any statutory instrument made by virtue of this section shall be subject to annulment in pursuance of a resolution of either House of Parliament.

4.—(1) In this Act the following expressions have the meanings hereby respectively assigned to them, that is to say— Interpretation.

(2) Regulations made under the said section 83 shall prescribe the date from which those regulations are to have effect, and different dates may be prescribed for different provisions of the regulations, and any date so prescribed may be a date earlier than the date on which the regulations are made :

Provided that—

- (a) where in making the regulations the Secretary of State has had regard to recommendations made by any council or other body constituted under subsection (4) of the said section 83, any date so prescribed shall not be earlier than the date on which recommendations

Provision may be made for the payment by the Secretary of State of any sums received by him under provisions of the said Regulations giving effect to this paragraph either into the Exchequer or into a fund established for that purpose by the said Regulations, and for the exclusion of any such sums and of any expenditure of the Secretary of State under provisions of the said Regulations giving effect to this paragraph from the teachers superannuation account kept under section 107 of this Act.

The said Regulations may make such consequential, ancillary and incidental provisions as appear to the Secretary of State to be necessary or expedient for the carrying out of the purposes of this paragraph: ”.

Keeping and inspection of collections.

3.—(1) Subject to the provisions of this Act, it shall be the duty of the Trustees of the British Museum to keep the objects comprised in the collections of the Museum within the authorised repositories of the Museum, except in so far as they may consider it expedient to remove them temporarily for any purpose connected with the administration of the Museum and the care of its collections.

(2) Where it appears to the Trustees that any such objects cannot conveniently be kept within the authorised repositories, they may store them at other premises in Great Britain if satisfied that they can be stored in those premises without detriment to the purposes of the Museum.

(3) It shall be the duty of the Trustees to secure, so far as appears to them to be practicable, that the objects comprised in the collections of the Museum (including objects stored under the preceding subsection) are, when required for inspection by members of the public, made available in one or other of the authorised repositories under such conditions as the Trustees think fit to impose for preserving the safety of the collections and ensuring the proper administration of the Museum.

(4) Objects vested in the Trustees as part of the collections of the Museum shall not be disposed of by them otherwise than under section 5 or 9 of this Act.

4. The Trustees of the British Museum may lend for public exhibition (whether in the United Kingdom or elsewhere) any object comprised in the collections of the Museum:

An Act to grant certain duties, to alter other duties, and to amend the law relating to the National Debt and the Public Revenue, and to make further provision in connection with Finance. [31st July 1963]

Most Gracious Sovereign,

WE, Your Majesty's most dutiful and loyal subjects, the Commons of the United Kingdom in Parliament assembled, towards raising the necessary supplies to defray Your Majesty's public expenses, and making an addition to the public revenue, have freely and voluntarily resolved to give and grant unto Your Majesty the several duties hereinafter mentioned; and do therefore most humbly beseech Your Majesty that it may be enacted, and be it enacted by the Queen's most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, as follows:—

PART I

CUSTOMS AND EXCISE

1.—(1) The period after which orders of the Treasury under section 9 of the Finance Act 1961 may not be made or continue in force (which by section 1(3) of the Finance Act 1962 was extended until the end of August 1963) shall extend until the end of August 1964 or such later date as Parliament may hereafter determine. Amendments as to surcharges and rebates in respect of revenue duties.

PART I

(2) In reckoning, in the case of such an order of which the effect is—

- (a) to reduce or further reduce duty, or
- (b) to revoke or reduce an increase of duty,

the period of twenty-one days specified in paragraph 2(2) of Schedule 3 to the Finance Act 1961 (orders to cease to have effect unless approved by the Commons House within twenty-one days after being made), no account shall be taken of any time during which Parliament is dissolved or prorogued or during which the Commons House is adjourned for more than four days.

Information
as to gaming.

2.—(1) The following provisions of this section shall have effect to provide information for determining whether, and in what manner and to what extent, it is expedient to impose taxation in respect of gaming.

(2) Any person not exempted from the operation of this subsection who in the year ending with July 1963 provided facilities for gaming, otherwise than on private premises and on a domestic occasion, shall before the end of August 1963 notify that fact to the Commissioners.

(3) Any person not exempted from the operation of this subsection who in the year ending with July 1964 provides facilities for gaming, otherwise than as aforesaid, shall unless he has previously given a notification under this or the foregoing subsection notify the Commissioners, within one month after the date on which he provides the facilities, of the fact that he has provided them.

(4) Any person required to give a notification under the foregoing provisions of this section shall within such time and in such form as the Commissioners may require furnish the Commissioners with such information as to the provision or intended provision by him of facilities for gaming, the premises and nature of the gaming concerned, and other matters as the Commissioners may by notice in writing require.

(5) Where any officer has reason to believe that facilities for gaming are being provided, otherwise than as aforesaid, by any person on any premises and are not being provided in such circumstances that the person providing them is exempted from the operation of subsection (3) of this section, and—

- (a) no notification has been given by that person under the foregoing provisions of this section, or

- (b) if such a notification has been given, the person giving it has failed to comply with any requirement made on him under those provisions,

the officer may (but by night only in the company of a constable) enter on and inspect the premises and search for and examine any apparatus capable of being used for gaming.

(6) Any person who in the course of a trade or business manufactures, imports or deals in machines to be used for gaming (including such machines as are described in section 50(2) (amusement machines) of the Betting, Gaming and Lotteries Act 1963) shall, if required to do so by the Commissioners or an officer, furnish such information as may be so required as to his dealings in such machines and shall produce to the Commissioners or an officer any of his records relating to such dealings which he may be so required to produce.

(7) The Treasury may by order made by statutory instrument direct that persons providing facilities for gaming who provide them only in such circumstances (whether related to the kind of gaming, the place or occasion at or on which the facilities are provided, or any other consideration) as may be prescribed by the order shall be exempted from the operation of subsections (2) and (3), or subsection (3), of this section ; and—

- (a) an order under this subsection may be varied or revoked by a subsequent order of the Treasury made by statutory instrument ;
- (b) if an exemption is revoked, anything which but for the exemption would have been required to be done before the revocation (and has not been done) shall be done before the expiration of one month beginning with the revocation.

Any order under this subsection shall be subject to annulment in pursuance of a resolution of either House of Parliament.

(8) The Commissioners, if satisfied in any case that there is good reason why anything required to be done by or under the foregoing provisions of this section cannot be, or was not, done within the time limited by or under those provisions, shall extend the time by such period as appears to them to be required.

(9) Any person who fails to give the notification required by subsection (2) or (3) of this section, or to comply with any other requirement of the foregoing provisions of this section, shall be liable to a penalty of one hundred pounds, and if after conviction of a failure to furnish any particulars or information,

PART I

or to produce any records, the failure continues he shall be liable to a further penalty of ten pounds for each day on which it so continues.

(10) References in this section to the provision of facilities for gaming shall be construed as references to—

(a) the provision of accommodation for the carrying on of gaming, or

(b) the provision of apparatus to be used for gaming or the getting together of persons to take part in gaming, or both, and references to facilities shall be construed accordingly, so however that a person shall not be treated for the purposes of the foregoing provisions of this section as a provider of any accommodation or apparatus if he provides it for a person who in turn provides it for other persons or another person.

(11) In this section “gaming” has the same meaning as in the Betting, Gaming and Lotteries Act 1963.

(12) A person receiving any entrance fee or subscription giving a right to use facilities for gaming shall be treated for the purposes of this section as providing such facilities.

Further reductions of customs duties on E.F.T.A. goods.

(b) the duties of customs charged on matches by section 4 of the Finance Act 1951 and on mechanical lighters by section 6 of the Finance Act 1928 shall be reduced to the level of the corresponding rates of excise duty,

an amount specified in relation thereto in the third column of that Schedule there were substituted a reference to the corresponding amount specified in relation thereto in the fourth column of that Schedule.

- (b) the duties of excise so charged shall be charged on matches sent out from a manufacturer’s premises, and accordingly, in the said subsection (1), for the words “manufactured in the United Kingdom” there shall be substituted the words “sent out from the premises of a manufacturer of matches”.

- (a) in paragraph (a), for the words “the place of their manufacture”, there shall be substituted the words “the premises of a licensed manufacturer”;
- (b) for paragraph (d) (allowance for matches to be exported or shipped as stores), there shall be substituted the following:—
 - “(d) for authorising the removal from the premises of a licensed manufacturer without payment of duty of matches removed for exportation or shipment as stores or for warehousing, or removed to other premises of that manufacturer or to premises of another licensed manufacturer of matches;”;
- (c) in paragraph (e) (number of matches to be notified on container in the case of imported matches) for the word “imported” there shall be substituted the word “any”.

PART I

(3) In the case of any matches which, immediately before the 1st September 1963, were on the premises of a manufacturer of matches—

- (a) if excise duty on those matches was paid at any time before that date it shall, unless otherwise falling to be repaid, be set off against duty thereafter becoming payable in respect of the matches by virtue of subsection (1)(b) of this section ; or
- (b) if not so paid, excise duty charged on those matches before that date shall be remitted, but without prejudice to any duty thereafter becoming payable by virtue of the said subsection (1)(b).

(2) An excise licence under section 125 of the Act of 1952 may be granted authorising the person to whom it is granted to brew beer not for sale and only for his own domestic use or for consumption by any persons employed by him in the actual course of their employment ; and on every such licence there shall be charged a duty of four shillings.

(3) The Act of 1952 shall have effect subject to the amendments specified in Schedule 2 to this Act, being amendments consequential on the foregoing provisions of this section.

(4) Subsection (1) of this section, and subsection (3) thereof and Schedule 2 to this Act so far as they exempt from duty and from requirements as to licensing such persons as are specified in subsection (1) of this section, shall be deemed to have had effect as from the 4th April 1963.

Tobacco dealers.

7.—(1) The excise duty on a tobacco dealer's licence (that is to say, a licence under section 187 of the Act of 1952) is hereby abolished, and no person shall require any excise licence to deal in or sell tobacco ; but a tobacco dealer shall nevertheless be deemed for the purposes of the Act of 1952 to be carrying on an excise trade and to be an excise trader.

(2) In the foregoing subsection and in the Act of 1952 "tobacco dealer" shall mean a person who deals in or sells tobacco in the course of a trade or business carried on by him.

(3) Any person who at the passing of this Act is the holder of a tobacco dealer's licence (or, if the last holder of such a licence is then dead, his personal representative) shall be entitled in respect of the duty on it to a repayment—

if the licence would have expired with the year 1963, of 2s. 6d. ;

if with the year 1964, of 7s. 6d. ;

(4) Section 248(1) of the Act of 1952 (searching of excise trader's premises) shall apply to vehicles, vessels, aircraft or structures in or from which tobacco is sold or dealt in as it applies to premises.

(5) Subsection (1) of this section shall be deemed to have come into force on the 4th April 1963.

8.—(1) Part II of Schedule 2 to the Finance Act 1960 (which makes provision with respect to samples of heavy oils taken in pursuance of regulations made by virtue of section 9 of that Act) shall apply in relation to light oils as it applies in relation to heavy oils, and accordingly the word "heavy" in section 9(4) of that Act and in paragraph 3 of Part II of the said Schedule 2 shall cease to have effect.

Amendments
as to samples
of hydrocarbon
oils.

(2) In Part II of the said Schedule 2, paragraph 2 (which provides that the result of an analysis of a sample so taken shall not be admissible in certain criminal proceedings unless the requirements there specified have been complied with) and paragraph 3 (which, in such proceedings, enables the results of an analysis to be proved by the production of an analyst's certificate) shall apply to all proceedings under the customs and excise Acts, and accordingly—

(a) in sub-paragraph (1) of the said paragraph 2, for the words from "proceedings" to "that Act" there shall be substituted the words "criminal proceedings under the customs or excise Acts or on behalf of the Commissioners in any civil proceedings under those Acts"; and

(b) in the said paragraph 3, for paragraphs (a) and (b) of the proviso there shall be substituted the following—

(b) if any of those other parties, not less than three days before the hearing or within such further time as the court may in special circumstances allow, serves notice on the prosecutor or, as the case may be, the Commissioners requiring the attendance at the hearing of the person by whom the analysis was made."

Pipe-lines.

9.—(1) The Commissioners may, for the purposes of either or both of the two next following subsections, approve a pipe-line for such period, and subject to such conditions, as they think fit.

(2) So long as a pipe-line is approved for the purposes of this subsection, then (subject to any conditions which the Commissioners think fit to impose) goods of such class or description as may for the time being be specified by them in relation to the line may, by means of it, be delivered on importation without payment of any duty chargeable thereon in any circumstances in which, apart from this subsection, the delivery on importation of goods of that class or description without such payment would not be lawful; but where, by virtue of this subsection, goods are, by means of a pipe-line, delivered on importation without payment of duty with which they are chargeable—

- (a) the owner of the line shall, at the time of the discharge of the goods from the line, pay on the goods, at the rate in force at that time with respect thereto, any duty of customs then chargeable thereon, and section 34(2) of the Act of 1952 (duties, and rates thereof, chargeable on imported goods) shall not apply;
- (b) if at any time the goods are found to be missing or deficient, and it is not shown to the satisfaction of the Commissioners that their absence or deficiency can be accounted for by natural waste or other legitimate cause, then without prejudice to any penalty or forfeiture incurred under any provision of the Act of 1952 the Commissioners may require the owner of the line or the proprietor of the goods to pay immediately in respect of the missing goods or of the whole or any part of the deficiency, as they see fit, the duty on the goods.

(3) The following provisions shall have effect with respect to the removal of goods from a warehouse without payment of duty chargeable thereon, namely,—

- (a) where, apart from this subsection, goods may lawfully be removed from a warehouse without such payment as aforesaid, it shall not be lawful for them so to be removed by means of a pipe-line that is not for the

time being approved for the purposes of this subsection ;

- (b) so long as a pipe-line is so approved, then (subject to any conditions which the Commissioners think fit to impose) goods of such class or description as may for the time being be specified by them in relation to the line may, by means of it, be removed from a warehouse without payment of any duty chargeable thereon in any circumstances in which, apart from this subsection, the removal of goods of that class or description from the warehouse without such payment would not be lawful ;

but where, by virtue of paragraph (b) of this subsection, goods are, by means of a pipe-line, removed from a warehouse without payment of duty with which they are chargeable, the owner of the line shall, at the time of the discharge of the goods from the line, pay on the goods, at the rate in force at that time, any duty of customs or excise then chargeable thereon, and section 88(1) of the Act of 1952 (duties, and rates thereof, chargeable on warehoused goods) shall not apply.

- (4) The Commissioners may at any time for reasonable cause vary the terms of their approval of a pipe-line under subsection (1) above and may at any time for like cause (provided that they have given to the owner of the line not less than three months' written notice of their intention so to do) revoke their approval of a pipe-line under that subsection.

Section 49 of the Pipe-lines Act 1962 shall apply to a notice required by this subsection to be served on the owner of a pipe-line as it applies to a document required by that Act to be so served.

- (c) who, except with the authority of the proper officer or for just and sufficient cause, obtains access to goods in course of conveyance by a pipe-line, being goods chargeable with a duty of customs or excise which has not been paid, shall be liable to a penalty of five hundred pounds and may be detained.

- (6) Section 82(3) of the Act of 1952 (which, save in the circumstances therein mentioned, protects the Commissioners

PART I and their officers from claims for loss or damage to goods in warehouse or for unlawful removal of goods from a warehouse shall have effect so as to protect them, save in corresponding circumstances, from claims for loss or damage to goods in pipe-line or for unlawful removal of goods from a pipe-line; references to a pipe-line, to goods in a pipe-line and to the owner of the pipe-line being substituted for references respectively to a warehouse, to warehoused goods and to the occupier of the warehouse.

(7) In this section—

“owner”, in relation to a pipe-line, means (except in the case of a pipe-line vested in the Crown which pursuant to arrangements in that behalf is operated by another) the person in whom the line is vested and in the said excepted case, means the person operating the line;

“pipe-line” has the same meaning as it has for the purposes of the Pipe-lines Act 1962.

(8) In the application of this section to Northern Ireland references to the Pipe-lines Act 1962 shall have effect as if the Act extended to Northern Ireland.

14.—(1) For the purpose of removing from the charge to income tax the occupier's beneficial interest in land in the United Kingdom,—

Abolition of charge on owner-occupiers.

- (a) Schedule A shall cease to have effect ; and
- (b) the provisions in that behalf of this Chapter shall have effect for charging under a new Case of Schedule D rents and certain other receipts from such land.

(2) The foregoing subsection has effect, as respects the year 1963-64, subject to the transitional provisions hereinafter contained.

15.—(1) Without prejudice to any other provisions of the Income Tax Acts directing income tax to be charged under Schedule D, tax under that Schedule shall be charged, subject to and in accordance with the provisions of this Act, on the annual profits or gains arising in respect of any such rents or receipts as follow, that is to say—

Charge to income tax of profits and gains arising from land.

- (a) rents under leases of land in the United Kingdom ;
- (b) rentcharges, ground annuals and feu duties, and any other annual payments reserved in respect of, or charged on or issuing out of, such land ;
- (c) other receipts arising to a person from, or by virtue of, his ownership of an estate or interest in or right over such land or any incorporeal hereditament or incorporeal heritable subject in the United Kingdom :

Provided that the said rents or receipts do not include yearly interest or any payment charged to tax under section 180 (mineral rents and royalties, etc.) of the Act of 1952.

(2) Tax charged under Schedule D by virtue of this section shall be charged under a new Case VIII of that Schedule (hereinafter referred to as " Case VIII "), and shall be charged by reference to the rents or receipts to which a person becomes entitled in the year of assessment.

(3) In computing for the purposes of Case VIII the profits or gains arising to a person in any year of assessment, such deductions shall be made from any rents or receipts to which he becomes entitled in the year as are provided for by Schedule 4 to this Act.

(4) Notwithstanding anything in subsection (2) of this section, where rent is payable under a lease under which the tenant is entitled to the use of furniture, and tax in respect of the payment for its use is chargeable under Case VI of Schedule D, tax in

PART II

respect of the rent shall be charged under Case VI of Schedule D unless the landlord, by notice in writing to the surveyor given within two years after the end of the year of assessment, requires that this provision shall not apply.

Where notice is given under this subsection any adjustment of the liability to tax of the person giving the notice which is required in consequence thereof may be made by an additional assessment or by repayment or otherwise, as the case may require.

Assessment
and collection
of tax
under
Case VIII.

16.—(1) The profits or gains arising to a person for any year of assessment which are assessable to tax under Case VIII may either be assessed in one assessment—

- (a) in a division in which they would be assessable apart from this subsection, or
- (b) in a division in which are situated all or any of the premises from which profits or gains so assessable may arise to him for the year of assessment,

or may be assessed in one or more separate assessments in any division in which there are such premises, or may be assessed partly in the one way and partly in the other.

(2) Where an assessment to tax under Case VIII for any year of assessment is made in that year,—

- (a) it shall be made on the basis that all sources of income and all amounts relevant in computing profits or gains are the same as for the last preceding year of assessment, and
- (b) tax shall be leviable accordingly, but any necessary adjustments shall be made after the end of the year, whether by way of additional assessment, repayment of tax or otherwise, to secure that tax is charged by reference to the rents or receipts to which the person assessed becomes entitled in the year of assessment:

Provided that if before the 1st January in any year a person delivers a statement in writing to the surveyor—

- (i) showing that since the beginning of the last preceding year of assessment he has ceased to possess one or more sources of income chargeable under Case VIII; and
- (ii) giving the aggregate of the rents and receipts relevant for purposes of Case VIII to which he has become or is likely to become entitled in the current year; and
- (iii) showing that that aggregate is less than the aggregate of such rents and receipts to which he became entitled

in the last preceding year, and that it would not have been less if he had not ceased to possess the said source or sources,

PART II

then, if the surveyor is satisfied as to the correctness of the declaration, an assessment made on that person in the current year shall be made on an amount which bears to the amount arrived at under paragraph (a) of this subsection the same proportion as the said aggregate for the current year bears to the said aggregate for the last preceding year, and paragraph (b) of this subsection shall apply accordingly.

(3) Any additional assessment under Case VIII may be made and signed by the surveyor.

(4) Where any tax under Case VIII is charged in respect of profits or gains arising from any land to a person who is not the occupier of the land, but the tax is not paid by that person (in this subsection referred to as "the person in default"), it may be recovered in accordance with the following provisions:—

- (a) subject to the following paragraph, the collector may from time to time by notice in writing, in such form as may be prescribed by the Commissioners of Inland Revenue, require any lessee of the land or any part thereof whose interest is derived (directly or indirectly) from that held by the person in default (in this subsection referred to as "a derivative lessee") to make to him payment, on the date or dates specified in the notice, of such sum or sums as may be required to satisfy the tax;
- (b) the sum demanded from a derivative lessee to be paid during any period shall not exceed the amount of the rent or other payments arising out of the land which becomes due from him at the end of the period and payable to the person in default or to another derivative lessee;
- (c) in default of payment by a derivative lessee of any amount duly demanded of him under this subsection, that amount may be recovered from him in like manner as if he had been charged with tax of that amount;
- (d) where any sum on account of tax has been collected from a derivative lessee in pursuance of this subsection, he may deduct that sum from any subsequent payment arising as aforesaid and payable to the person in default or to another derivative lessee, and shall be acquitted and discharged of the amount so deducted;
- (e) where under the foregoing paragraph, or under that paragraph as applied by this paragraph, a sum is

L

PART II

deducted from an amount payable to another derivative lessee, that paragraph shall apply as if the sum had been collected from him under a demand made under this subsection by the collector, and where the amounts from which under that paragraph he is entitled to make deductions in respect of that sum during the following twelve months are less than that sum, he shall be entitled to recover from the Commissioners of Inland Revenue an amount equal to the difference, which shall be treated as reducing the tax recovered under this subsection.

(5) Where any person (hereinafter referred to as "the agent") is in receipt of rents or receipts from land on behalf of another person (hereinafter referred to as "the principal"), and any tax under Case VIII charged on the principal has not been paid, the collector may by notice in writing, in such form as may be prescribed by the Commissioners of Inland Revenue, require the agent to pay to the collector in or towards the satisfaction of the tax any sums from time to time received by the agent on behalf of the principal on account of rents or receipts from any land (including any sums so received which are in his hands when the notice is given) until the liability in respect of the tax has been satisfied; and the agent shall pay all such sums over to the collector accordingly and the payment shall acquit and discharge him as against the person on whose behalf he received them.

If the agent fails to comply with the requirements of a notice duly served on him, he shall be liable to a penalty not exceeding fifty pounds for each failure, non-compliance as respects sums in his hands when the notice is given, or as respects any one payment subsequently received by him, being treated as a separate failure.

(6) Section 369 of the Act of 1952 (taxation of non-residents in name of agent) shall not apply to tax on profits or gains chargeable to tax under Case VIII, or on any of the profits or gains chargeable under Case VI of Schedule D—

- (a) in a case falling within subsection (4) of the foregoing section, or
- (b) which arise under the terms of a lease, but to a person other than the landlord, or otherwise arise out of any disposition or contract such that if they arose to the person making it they would be chargeable under Case VIII,

where payment is made (whether in the United Kingdom or elsewhere) directly to a person whose usual place of abode is outside the United Kingdom, but section 170 of the Act of 1952 shall apply in relation to the payment as it applies to other

payments being annual payments charged with tax under Schedule D and not payable out of profits or gains brought into charge to tax.

PART II

(7) Where by virtue of the foregoing subsection the tax chargeable for any year of assessment on a person's profits or gains chargeable to tax under either or both of the Cases therein mentioned would apart from this subsection be greater than the tax which would be chargeable thereon apart from subsection (2) of this section, then on a claim in that behalf being made relief shall be given from the excess, whether by repayment or otherwise.

- 17.—(1) Where on a claim in that behalf a person proves—
- (a) that he has not received an amount which he was entitled to receive in respect of any rents or receipts on the profits or gains arising from which he would be chargeable under Case VIII, and
 - (b) if the non-receipt of the said amount was attributable to the default of the person by whom it was payable, that the claimant has taken any reasonable steps available to him to enforce payment,
 - (c) if the claimant waived payment of the said amount, that the waiver was made without consideration and was reasonably made in order to avoid hardship,

Relief for
rent, etc.
not paid.

the claimant shall be treated for tax purposes for all relevant years of assessment as if he had not been entitled to the said amount, and such adjustment shall be made, by repayment or otherwise, as the case may require; but if all or any part of the said amount is subsequently received, the claimant or, if he is dead, his executors or administrators shall not later than six months thereafter give notice in writing of its receipt to the surveyor, and such re-adjustment of liability to tax (for all relevant years of assessment) shall be made as may be necessary and may be made at any time at which it could be made if it related only to tax for the year of assessment in which the amount, or the part of the amount, is received.

(2) The foregoing subsection shall be deemed to be included in the third column of Schedule 6 to the Finance Act 1960 (relating to penalties on persons failing to furnish particulars or furnishing false particulars).

18.—(1) For the purpose of obtaining particulars of profits or gains chargeable to tax under Case VIII, the surveyor may by notice in writing require—

Returns, etc.
for purposes
of Case VIII.

- (a) any lessee, occupier, or former lessee or occupier of land (including any person having, or having had, the use of land) to give such information as may be prescribed by the Commissioners of Inland Revenue as

PART II

to the terms applying to the lease, occupation or use of the land, and where any of those terms are established by any written instrument, to produce the instrument to the surveyor ;

- (b) any lessee or former lessee of land to give such information as may be so prescribed as to any consideration given for the grant or assignment to him of the tenancy ;
- (c) any person who as agent manages land or is in receipt of rent or other payments arising from land to furnish the surveyor with such particulars relating to payments arising therefrom as may be specified in the notice.

(2) The foregoing subsection shall be deemed to be included in the second column of Schedule 6 to the Finance Act 1960 (relating to penalties on persons, other than the taxpayer, failing to furnish particulars or furnishing false particulars).

Provisions as to repayments.

19. The provisions of Schedule 6 to the Act of 1952 shall apply to any claim for relief under the provisions of this Chapter :

Provided that—

- (a) any such claim shall be made in such form as the Commissioners of Inland Revenue may direct and shall be delivered to the surveyor ;
- (b) where the surveyor objects to a claim, it shall be heard and determined by the Commissioners concerned in like manner as in the case of an appeal against an assessment under Schedule D, and the provisions of the Act of 1952 relating to the statement of a case for the opinion of the High Court on a point of law shall apply ;
- (c) any claim to which objection is made shall, if the claimant so elects when he makes the claim, be heard and determined by the Special Commissioners.

Transitional provisions for Schedule A tax for 1963-64.

20.—(1) Section 15 of this Act shall not have effect as respects tax for the year 1963-64, and—

- (a) paragraph (a) of section 14(1) of this Act shall not have effect as respects tax for that year, but
- (b) the occupier of a unit of assessment shall not be assessed to tax under Schedule A for that year unless he is liable in respect of the unit to pay rent under a short lease (within the meaning of section 173 of the Act of 1952) or to make any other payment, not being one specified in the proviso to section 15(1) of this Act, on which he may deduct tax, and if so assessed shall not be

assessed on any amount such that as reduced for the purpose of collection it exceeds the amount on which tax may be deducted ;

(c) the landlord shall not be so assessed (by virtue of section 109 or 110 of the Act of 1952) on any amount such that as reduced for the purpose of collection it exceeds the greater of the two following amounts, that is to say—

(i) the rent to which he is entitled, less any rates or other charge or composition specified in section 86(1) of the Act of 1952 (deduction for tenant's rates etc.) paid by him,

(ii) the amount of any payment on which tax may be deducted by him as mentioned in paragraph (b) above.

(2) Subject to the provisions of this section,—

(a) no claim under section 101 of the Act of 1952 (maintenance claims) shall be made as respects tax for the year 1963-64 by the occupier of the unit of assessment, and

(b) a landlord shall not be entitled under the said section 101 to repayment of tax for 1963-64 on an amount greater than the excess (if any) of the amount specified in sub-paragraph (i) above over that specified in sub-paragraph (ii) above.

(3) References in the foregoing provisions of this section to the occupier shall be construed, where different parts of a unit of assessment are the subject of separate occupations, and an immediate lessor (within the meaning of Chapter II of Part VII of the Act of 1952) is in occupation of a part, as references to the immediate lessor, but in such a case—

(a) subsection (1)(b) of this section shall apply only (and with any necessary apportionment) as respects so much of the unit as is in the occupation of the immediate lessor, and

(b) subsection (2) (a) of this section shall not prevent a claim by the immediate lessor in respect of so much of the cost of maintenance, repairs, insurance and management as is attributable to any part of the unit of assessment not in his occupation.

(4) Where any of the circumstances relevant to the existence or amount of liability to tax under Schedule A for the year 1963-64 are not the same at the time as at which that liability falls to be determined as at another time (whether earlier or later) in the year, the relief (if any) from such tax to be given under the foregoing provisions of this section shall be such as

PART II

is appropriate having regard to the different circumstances and the proportion of the year for which they obtained ; and for the purpose of securing that any amount of tax to be levied shall be borne by the right person and in the right proportions such assessments or additional assessments, or repayments of tax, shall be made as may be just, regard being had to any arrangements made between the persons concerned.

(5) Paragraph 7 of Schedule 4 to this Act shall apply in relation to the year 1963-64 as it applies in relation to subsequent years, but with the substitution for sub-paragraph (1) of the following sub-paragraph :—

“(1) Where this paragraph applies to an estate for the year 1963-64 the owner shall be treated for the purposes of tax under Schedule A or under Chapter II of Part VII of the Act of 1952 (excess rents) as if he were not the occupier of any part of the estate occupied by him, and as if—

- (a) in relation to a part of the estate which for any period in the year is not comprised in a lease under which he is the landlord, he were entitled under a lease of that part to rent for the said period, becoming due from day to day, at a rate per annum equal to the annual value of that part ascertained in accordance with Schedule 5 to this Act ; and
- (b) in relation to a part of the estate which for any period in the year is comprised in a lease under which he is the landlord, the rent, so far as it relates to that part, were at a rate per annum not less than the annual value of that part ascertained in accordance with the said Schedule 5.”

but as respects any period during which the sub-paragraph (1) hereinbefore contained does not exclude the operation of sub-section (2)(a) of this section, the cost of the maintenance, repairs, insurance and management of any part of the land referred to in that sub-paragraph as the estate, being a part in the occupation of the owner, shall be disregarded in the application of section 101(4) of the Act of 1952 to the land.

(6) Paragraph 9 of Schedule 4 to this Act, and the provisions of paragraph 10 of that Schedule modifying the application of the said paragraph 9 in certain cases, shall apply for the purpose of computing rent payable by a person in determining his liability to tax for the year 1963-64 under section 175 or 176 (excess rents) of the Act of 1952 as they apply for the purpose of computing amounts deductible for purposes of Case VIII in subsequent years.

(7) The amounts of tax deductible or repayable under section 157 (pay as you earn) of the Act of 1952 before the 6th July

1963 shall not be deemed to have been affected by the foregoing provisions of this Chapter, but any necessary adjustment of a person's liability to tax shall be made by adjusting subsequent deductions or repayments or, if need be, by an assessment.

PART II

21.—(1) In the case of any person who became the owner of a unit of assessment during the year 1963-64, an allowance under section 101 of the Act of 1952 in respect of the unit of assessment for that year shall be computed as if that section required the cost of maintenance, repairs, insurance and management to be ascertained on the basis of the actual cost in the year instead of according to the average of the preceding five years, and as if subsection (2) of that section (by virtue of which "maintenance" includes the replacement of farm buildings, etc.) were omitted.

Cost of maintenance, repairs, insurance and management for 1963-64.

(2) The foregoing provisions of this section shall apply in relation to section 176(1)(g) of the Act of 1952 (deduction for maintenance etc. in taxing excess rents under certain short leases) as they apply in relation to section 101 of that Act, but with the substitution—

- (a) for references to a unit of assessment of references to land in respect of the excess rents for which the person in question is chargeable to tax under the said section 176, and
- (b) for the reference to an owner of a reference to a lessor.

Provisions as to premiums, etc.

22.—(1) Where the payment of any premium is required under a lease, or otherwise under the terms subject to which a lease is granted, and the duration of the lease does not exceed fifty years, the landlord shall be treated for the purposes of the Income Tax Acts as becoming entitled, when the lease is granted, to an amount by way of rent (in addition to any actual rent) equal to the amount of the premium reduced by one-fiftieth of that amount for each complete period of twelve months (other than the first) comprised in the duration of the lease.

Treatment of premiums, etc. as rent.

(2) Where the terms subject to which a lease is granted impose on the tenant an obligation to carry out any work on the premises, the lease shall be deemed for the purposes of this section to have required the payment of a premium to the landlord (in addition to any other premium) of an amount equal to the amount by which the value of the landlord's estate or interest, immediately after the commencement of the lease, exceeds what its then value would have been if the said terms did not impose that obligation on the tenant:

Provided that this subsection shall not apply in so far as the obligation requires the carrying out of work payment for which

PART II

would, if the landlord and not the tenant were obliged to carry it out, be deductible from the rent under Schedule 4 to this Act.

(3) Where, under the terms subject to which a lease is granted, a sum becomes payable by the tenant in lieu of the whole or a part of the rent for any period, or as consideration for the surrender of the lease, the lease shall be deemed for the purposes of this section to have required the payment of a premium to the landlord (in addition to any other premium) of the amount of that sum ; but—

- (a) in computing tax chargeable by virtue of this subsection in respect of a sum payable in lieu of rent, the duration of the lease shall be treated as not including any period other than that in relation to which the sum is payable ;
- (b) notwithstanding anything in subsection (1) of this section, rent treated as arising by virtue of this subsection shall be deemed to become due when the sum in question becomes payable by the tenant.

(4) Where, as consideration for the variation or waiver of any of the terms of a lease, a sum becomes payable by the tenant otherwise than by way of rent, the lease shall be deemed for the purposes of this section to have required the payment of a premium to the landlord (in addition to any other premium) of the amount of that sum ; but in computing tax chargeable by virtue of this subsection the duration of the lease shall be treated as not including any period which precedes the time at which the variation or waiver takes effect or falls after the time at which the variation or waiver ceases to have effect, and notwithstanding anything in subsection (1) of this section rent treated as arising by virtue of this subsection shall be deemed to become due when the contract providing for the variation or waiver is entered into.

(5) Where a payment falling within subsection (1), (3) or (4) of this section is due to a person other than the landlord, no charge to tax shall arise under that subsection, but any amount which would otherwise fall to be treated as rent shall be treated as profits or gains of that other person chargeable under Case VI of Schedule D :

Provided that where the amount relates to a payment falling within the said subsection (4) it shall not be so treated unless the payment is due to a person connected with the landlord.

(6) Where an amount by reference to which a person is chargeable to tax by virtue of this section is payable by instalments, he may, before the expiration of the year of assessment following that in which he becomes entitled to the first such instalment, by notice in writing to the surveyor claim that the

tax chargeable by reference to that amount shall, instead of being computed in accordance with the foregoing provisions of this section, be computed as if each instalment were rent payable under the lease or, in the case of instalments payable to a person other than the landlord, or payable to a person after he has ceased to be the landlord, were an annual profit or gain chargeable to tax under Case VI of Schedule D, and where a claim is so made all such additional assessments, alterations of assessments and repayments of tax shall be made as may be necessary.

(7) Section 16(2) of this Act shall not apply in relation to amounts which in computing profits or gains under Case VIII are relevant only by virtue of the foregoing provisions of this section.

(8) Where by virtue of this section a person is treated as becoming entitled in the year 1963-64 to any rent in respect of a unit of assessment, the computation under section 175(1) (excess rents) of the Act of 1952 of the amount which would have been the amount of the assessment of the unit for the purposes of Schedule A, as reduced for the purpose of collection, if the annual value had been determined (having regard to that rent) as therein mentioned shall be made without increasing, on account of that rent, the amount by which the assessment would have been reduced for the purpose of collection.

23.—(1) Where the terms subject to which a lease of a duration not exceeding fifty years was granted are such that the grantor, having regard to values prevailing at the time it was granted, and on the assumption that the negotiations for the lease were at arm's length, could have required the payment of an additional sum (hereinafter referred to as "the amount foregone") by way of premium, or additional premium, for the grant of the lease, then, on any assignment of the lease for a consideration—

Charge on assignment of lease granted at undervalue.

(a) where the lease has not previously been assigned, exceeding the premium (if any) for which it was granted, or

(b) where the lease has been previously assigned, exceeding the consideration for which it was last assigned,

the amount of the excess, in so far as it is not greater than the amount foregone reduced by the amount of any such excess arising on a previous assignment of the lease, shall in the same proportion as the amount foregone would under section 22(1) of this Act have fallen to be treated as rent if it had been a premium under the lease, be treated as profits or gains of the assignor chargeable to tax under Case VI of Schedule D.

(2) If there is submitted to the surveyor, by the grantor or any assignor or assignee of the lease, a statement showing

L*

PART II

whether or not a charge to tax arises or may arise under this section, and if so the amount on which the charge arises or may arise, then if the surveyor is satisfied as to the accuracy of the statement he shall certify the accuracy thereof.

Charge on sale of land with right to reconveyance.

24.—(1) Where the terms subject to which an estate or interest in land is sold provide that it shall be, or may be required to be, reconveyed at a future date to the vendor or a person connected with him, the vendor shall be chargeable to tax under Case VI of Schedule D on any amount by which the price at which the estate or interest is sold exceeds the price at which it is to be reconveyed or, if the earliest date at which, in accordance with those terms, it would fall to be reconveyed is a date two years or more after the sale, on that excess reduced by one-fiftieth thereof for each complete year (other than the first) in the period between the sale and that date.

(2) Where under the terms of the sale the date of the reconveyance is not fixed, then—

- (a) if the price on reconveyance varies with the date, the price shall be taken for the purposes of this section to be the lowest possible under the terms of the sale;
- (b) the vendor may, before the expiration of six years after the date on which the reconveyance takes place, claim repayment of any amount by which tax assessed on him by virtue of this section exceeded the amount which would have been so assessed if that date had been treated for the purposes of this section as the date fixed by the terms of the sale.

(3) Where the terms of the sale provide for the grant of a lease directly or indirectly out of the estate or interest to the vendor or a person connected with him, this section shall apply as if the grant of the lease were a reconveyance of the estate or interest at a price equal to the sum of the amount of the premium (if any) for the lease and the value at the date of the sale of the right to receive a conveyance of the reversion immediately after the lease begins to run:

Provided that this subsection shall not apply if the lease is granted, and begins to run, within one month after the sale.

Provisions supplemental to ss. 22 to 24.

25.—(1) Paragraph 8 of Schedule 4 to this Act, and the provisions of paragraph 10 of that Schedule modifying the application of the said paragraph 8 in certain cases, shall have effect for reducing or removing a charge to tax imposed otherwise than under Case VIII by virtue of any of the three foregoing sections (excluding section 22(6)) as they have effect in relation to a charge to tax imposed under Case VIII; and the provisions of Schedule 6 to this Act shall have effect for giving

relief, on a claim being made by him in that behalf, from any increase in an individual's liability to tax which is attributable to amounts being treated by virtue of any of the three foregoing sections (excluding section 22(6)) as receipts for a single year of assessment rather than as receipts for the period in relation to which they are chargeable.

(2) Sections 16(6), 17 and 18 of this Act shall apply in relation to sums chargeable to tax under Case VI of Schedule D by virtue of any provision of the three foregoing sections as they apply to profits or gains chargeable to tax under Case VIII.

(3) In relation to amounts which by virtue of any provision of the three foregoing sections would, in the case of a person resident in the Republic of Ireland and not resident in the United Kingdom, be included in his income if he were not resident in the Republic of Ireland, Chapter IV (prevention of tax avoidance by means of transactions resulting in the transfer of income to persons abroad) of Part XVIII of the Act of 1952 shall apply as if his income included those amounts and as if references to an individual included references to any person, but shall so apply as if subsection (3) of section 412 (which provides relief for certain transactions) were omitted.

(4) For the purposes of section 346 (loss relief under Case VI of Schedule D) of the Act of 1952, a loss sustained in a transaction falling within any of the three foregoing sections shall be disregarded.

(5) In ascertaining for the purposes of the three foregoing sections the duration of a lease, the following provisions shall have effect:—

- (a) where the terms of the lease include provision for the determination thereof by notice given either by the landlord or by the tenant, the lease shall not be treated as granted for a term longer than one ending at the earliest date on which it could be determined by notice;
- (b) where any of the terms of the lease (whether relating to forfeiture or to any other matter) or any other circumstances render it unlikely that the lease will continue beyond a date falling before the expiration of the term of the lease, the lease shall not be treated as having been granted for a term longer than one ending on that date:

Provided that where the duration of a lease falls to be ascertained after a date on which the lease has for any reason come to an end, the duration shall be taken to have extended from its commencement to that date, and where the

PART II

duration falls to be ascertained at a time when the lease is subsisting the provisions of the foregoing paragraphs shall be applied in accordance with circumstances prevailing at that time.

(6) Nothing in the three foregoing sections shall apply in relation to a lease granted or an estate or interest in land sold before the beginning of the year 1963-64 or in pursuance of a contract entered into before the 4th April 1963:

Provided that section 22(4) of this Act shall apply to the variation or waiver of any terms of a lease (not being a variation or waiver made in pursuance of a contract entered into before the 4th April 1963) notwithstanding that the lease was granted before the beginning of the year 1963-64.

(7) In relation to Scotland the expression "term" in this section, where referring to the duration of a lease, means "period".

Miscellaneous

Mines,
quarries and
other
concerns.

26.—(1) Profits or gains arising out of land in the case of any concern specified in Schedule 7 to this Act shall be charged to tax under Case I of Schedule D.

(2) The foregoing subsection shall not apply to tax for the year 1963-64, but in relation to tax for that year the concerns specified in the proviso to paragraph 1 of Schedule A (mining and other concerns the profits of which are charged under Case I of Schedule D) shall include quarries of sand or gravel, sand pits, gravel pits and brickfields.

Collection of
outstanding
Schedule A
tax.

27. Where any assessment to tax under Schedule A falls to be made after the end of the year 1963-64, the assessment may be made on any person liable to bear any of the tax, to the extent of the amount to be borne by him, as if to that extent he were assessable in respect thereof under section 110 of the Act of 1952 (landlord's option to be assessed in lieu of occupier); and where such an assessment is made subsections (3) and (4) of that section (payment of tax by occupier, and deduction of amount paid from rent) shall apply, but not so as to authorise recovery, from a person not liable (apart from this provision) to bear the tax, of tax which he cannot deduct from rent payable to a person so liable.

Amendments
as to
Schedule B.

28.—(1) In paragraph 1 of Schedule B (which specifies the lands which are to be charged to tax under Schedule B) for the words from "all lands" to the end of the paragraph there shall be substituted "woodlands in the United Kingdom managed on a commercial basis and with a view to the realisation of profits, so however that this paragraph has effect subject to the right

given by section 125 of this Act to elect for assessment under Schedule D"; and paragraphs 3 to 5 of Schedule B shall cease to have effect.

PART II

(2) Annual value for the purposes of Schedule B shall be determined in accordance with the provisions set out in Schedule 5 to this Act (being provisions corresponding with the provisions enacted for determining gross value for rating purposes), but as if the land, instead of being woodlands, were let and occupied in its natural and unimproved state, so however that where a person is in occupation of land chargeable to tax under Schedule B for part only of the year, or where land in a person's occupation is so chargeable to tax for part only of a year, the value by reference to which he is chargeable under Schedule B shall be the appropriate proportion of the value determined as aforesaid.

(3) Profits or gains arising in any year of assessment from payments for any easement over or right to use any land made to the person who occupies the land shall not be excluded from the charge to tax under Case VIII by reason only that he is chargeable with respect to the land under Schedule B, but shall be treated for purposes of Case VIII as limited to the amount (if any) by which they exceed the assessable value of the land or, as the case may be, by which they exceed such proportion of that value as corresponds to the proportion of the year for which he occupies the land.

(4) Any assessment to tax under Schedule B made after the end of the year 1963-64 as respects land in England or Wales or in Scotland may be made either in any division where the person assessed is engaged in a trade, profession, or vocation or in which he ordinarily resides, or in any division where the land is situated, and an assessment made in pursuance of the provisions of this subsection shall be valid and effectual notwithstanding the subsequent removal of the person assessed from the division in which he is assessed.

29.—(1) In computing profits or gains under Case I or Case II of Schedule D no deduction shall be made in respect of the annual value of land occupied for the purpose of the trade, profession or vocation; and section 136 of the Act of 1952 (which allows such deductions in the case of land separately assessed and charged under Schedule A) shall cease to have effect:

Cases I
and II of
Schedule D:
amendments
in relation
to land.

Provided that the provisions of Schedule 8 to this Act shall have effect for allowing deductions, in the cases there provided, by reference to deductions which would have fallen to be made if the said section 136 had applied for the years 1963-64 and 1964-65.

PART II

(2) Section 137(n) of the Act of 1952 (prohibition of deduction of rent and certain other payments, being payments made subject to deduction of tax) shall not apply to payments in relation to land made in respect of periods ending on or before the 5th April 1964, and in making any deductions permitted by this subsection the amount of the payment shall be taken to be the gross amount thereof:

Provided that—

- (a) this subsection shall not apply to any payment to which section 180 (mineral rents and royalties, etc.) of the Act of 1952 applies;
- (b) the aggregate amount of the deductions permitted by this subsection as respects any land in computing profits or gains for the year 1963-64 shall not exceed the assessment of the land for that year under Schedule A, as reduced for the purpose of collection.

(3) Where, in relation to any land used in connection with a trade, profession or vocation,—

- (a) tax has become chargeable under section 22 (except subsection (6)), 23 or 24 of this Act on any amount (disregarding any reduction in that amount under paragraph 8 of Schedule 4 to this Act), or
- (b) tax would have become so chargeable on that amount but for the operation of section 22 (6) of this Act or the said paragraph 8, or but for any exemption from tax,

the provisions of Schedule 9 to this Act shall have effect, in the cases there provided, for allowing deductions calculated by reference to that amount in computing the profits or gains of the trade, profession or vocation.

(4) Where during a period in the five years ending with the year 1962-63 any premises were occupied by a person for the purposes of a trade, profession or vocation carried on by him, and payments relating to the premises made by him during that period in respect of maintenance, repairs or insurance were not deducted in computing the profits or gains of the trade, profession or vocation chargeable under Case I or II of Schedule D, he shall be entitled to a deduction in computing those profits or gains for the year 1963-64 of any amount by which the aggregate of the payments exceeds the aggregate of so much of the relief which was or, on a claim in that behalf, could have been allowed to him under sections 99 to 101 of the Act of 1952 as related to the premises and is attributable to any part of the said period.

(5) In computing the profits or gains of a trade of dealing in land, any trading receipt falling within subsection (1), (3) or

(4) of section 22 of this Act shall be treated as reduced by the amount on which tax is chargeable by virtue of that section.

PART II

(6) In a case falling within section 22(6) of this Act,—

- (a) if no claim is made under that subsection, the foregoing subsection shall have effect as if it provided that so much only of any instalment falling within subsection (1), (3) or (4) of section 22 of this Act shall be treated as a trading receipt as exceeds the sum which bears to the amount on which tax is chargeable by virtue of the said section 22 the proportion which the instalment bears to the sum of which it is an instalment ;
- (b) if a claim is made, the foregoing subsection shall not apply, but no part of any instalment shall be treated as a trading receipt.

(7) In computing the profits or gains of a trade of dealing in land, any trading receipts falling within section 23 or 24 of this Act shall be treated as reduced by the amount on which tax is chargeable by virtue of that section, but where on a claim being made under subsection (2)(b) of the said section 24 the amount on which tax was chargeable by virtue of that section is treated as reduced this subsection shall be deemed to have applied to the amount as reduced, and such adjustment of liability to tax shall be made (for all relevant years of assessment), whether by means of an additional assessment or otherwise, as may be necessary and may be so made at any time at which it could be made if it related only to tax for the year of assessment in which the said claim is made.

30.—(1) Where, as respects tax for the year 1964-65 or any subsequent year, any question arises as to the annual value of land, it shall be determined by the General Commissioners for the division in which the land is situated, or if it is situated partly in one division and partly in another the General Commissioners for such one of those divisions as the person in whose case the question falls to be determined may elect ; and those Commissioners shall hear and determine the question in like manner as an appeal made to them against an assessment under Schedule D, and all the provisions of the Income Tax Acts relating to such an appeal (including the provisions relating to the statement of a case for the opinion of the High Court on a point of law) shall apply accordingly with any necessary modifications.

Supplemental provisions as to annual value.

(2) Any person authorised in that behalf by the Commissioners of Inland Revenue may, on producing if so required evidence of his authority, at any reasonable time enter on and

PART II inspect, with a view to establishing its annual value, any land the annual value of which falls to be determined for purposes of tax for the year 1964-65 or any subsequent year.

Deductions in respect of tithe redemption annuities.

31.—(1) A payment made as an instalment, or part of an instalment, of an annuity within the meaning of the Tithe Acts 1936 and 1951 shall be treated for income tax purposes as follows.

(2) Five-sixths of the amount of the payment, but no more, shall be deducted from or set off against the income of the person making the payment for the year of assessment in which the instalment becomes payable, and tax shall be discharged or repaid accordingly.

(3) No part of the payment shall be allowed as a deduction for the year 1963-64 under section 97 of the Act of 1952 (allowance under Schedule A for tithe annuities) or shall be included for any subsequent year among the deductions provided for by Schedule 4 to this Act.

Interpretation of Chapter II.

32.—(1) In this Chapter, except where the context otherwise requires,—

“assignment”, in relation to Scotland, means an assignment ;

“lease” includes an agreement for a lease, and any tenancy, but does not include a mortgage or heritable security, and “lessee”, “lessor” and “letting” shall be construed accordingly, and “lessee” and “lessor” include, respectively, the successors in title of a lessee or a lessor ;

“premium” includes any like sum, whether payable to the immediate or a superior landlord ;

“reversion”, in relation to Scotland, means the interest of the landlord in the property subject to the lease ;

“unit of assessment” means any land forming a unit of assessment for the purposes of Schedule A,

and paragraph 20 of Schedule 9 to the Finance Act 1962 (meaning of “connected person”) shall apply for the purposes of this Chapter.

(2) For the purposes of this Chapter any sum (other than rent) paid on or in connection with the granting of a tenancy shall be presumed to have been paid by way of premium except in so far as other sufficient consideration for the payment is shown to have been given.

(3) In the application of this Chapter to Scotland “premium” includes in particular a grassum payable to any landlord or intermediate landlord on the creation of a sub-lease ; and in this

subsection "intermediate landlord" means, where an occupying lessee is a sub-lessee, any person for the time being holding the interest of landlord under a sub-lease which comprises the property of which the occupying lessee is sub-lessee, but does not include the immediate landlord.

PART II

CHAPTER III CAPITAL ALLOWANCES

33. Investment allowances in respect of expenditure incurred after the 5th November 1962 (other than expenditure on the provision of a ship) shall be increased by one-half, and accordingly, in relation to expenditure incurred after that date, for references in section 16(2) and (5) of the Finance Act 1954 and section 21(4) of the Finance Act 1959 to one-tenth there shall be substituted references to three-twentieths and for references in section 16(3), (4) and (6) of the Finance Act 1954 and section 15 of the Finance Act 1957 to one-fifth there shall be substituted references to three-tenths. Increase of investment allowances.

34. An annual allowance under section 266 of the Act of 1952 in respect of capital expenditure incurred after the 5th November 1962 on the construction of a building or structure, or under section 17 of the Finance Act 1956 in respect of capital expenditure incurred after that date on dredging, shall be equal to one twenty-fifth of the expenditure instead of (as heretofore) one-fiftieth thereof, and accordingly, as respects any such allowance, for the word "one-fiftieth" where it occurs in sections 266(1) and 268(5) of the Act of 1952 and section 17(1) of the Finance Act 1956, there shall be substituted the words "one twenty-fifth", and for the word "fiftieth" where it occurs in sections 266(2) and 267(1) of the Act of 1952 there shall be substituted the word "twenty-fifth". Doubling of annual allowances for industrial buildings and for dredging.

35.—(1) The provisions of this section shall have effect for calculating annual allowances under Chapter II of Part X of the Act of 1952 in respect of machinery or plant to which this section applies, that is to say new machinery or plant capital expenditure on the provision of which was incurred after the 5th November 1962; and such machinery or plant shall continue to be treated as machinery or plant to which this section applies notwithstanding any sale of it or other change of circumstances. Rates of annual allowances for machinery and plant.

(2) Where, for any year of assessment, an annual allowance in respect of machinery or plant to which this section applies falls to be computed in accordance with section 281 (normal method) of the Act of 1952 by reference to a percentage established before the year 1963-64 under that section, the amount

PART II

of the allowance resulting from the application of that percentage—

- (a) where it is less than fifteen per cent. of the relevant capital amount, shall be increased so as to equal fifteen per cent. of that amount ; or
- (b) where it is between fifteen and twenty per cent. of the relevant capital amount, shall be increased so as to equal twenty per cent. of that amount ; or
- (c) where it is less than twenty-five but not less than twenty per cent. of the relevant capital amount, shall be increased so as to equal twenty-five per cent. of that amount.

(3) Where for the year 1963-64 or a subsequent year of assessment a percentage established before the year 1963-64 under the said section 281 falls to be redetermined or a percentage falls to be determined under that section for a new class of machinery or plant, the percentage shall for the purpose of its application to machinery or plant to which this section applies be re-determined or determined, and Chapter II of Part X of the Act of 1952 shall thereafter apply in relation to machinery or plant of the class in question to which this section applies, as if, instead of requiring the annual allowance to be five-fourths of the percentage therein specified of the relevant capital amount, the said section 281 required it to be a percentage of that amount determined by the Commissioners of Inland Revenue by reference to the anticipated normal working life of machinery or plant of the class in question, being such a percentage as is mentioned below, that is to say—

- (a) where that life is eighteen years or more, fifteen per cent. ; or
- (b) where that life is less than eighteen but not less than fourteen years, twenty per cent. ; or
- (c) where that life is less than fourteen years, twenty-five per cent.

(4) Where a percentage has been determined for a year of assessment under the foregoing subsection and is not for any later year superseded by a subsequent determination, it shall be treated as if it had been determined for that later year also.

(5) In deciding, as respects a class to which a percentage established before the year 1963-64 under the said section 281 applies, whether or not, for the purposes of machinery or plant to which this section applies, a redetermination of the percentage is necessary, the amount of the percentage as falling to be adjusted, that is to say as increased by one quarter and further increased, where so required, under subsection (2) of this section, shall be treated as if it were a percentage determined in accordance with subsection (3) of this section:

Provided that where the percentage so established, as increased by one quarter, is greater than the percentage mentioned in paragraph (c) of the said subsection (3), this subsection shall apply as if that greater percentage were instead so mentioned.

(6) Subsections (2) to (5) of this section shall apply in relation to allowances falling to be computed in accordance with section 282 (alternative method) of the Act of 1952 as if references to section 281 of that Act were references to that section, and as if for any reference to fifteen, twenty or twenty-five per cent. there were substituted a reference to six and one quarter, eight and one half or eleven and one quarter per cent. respectively.

(7) If, in relation to any machinery or plant to which this section applies, a direction falls to be made under section 285 (adjustments of annual allowances in cases of abnormal use) of the Act of 1952 for the year 1963-64 or any subsequent year of assessment, the anticipated normal working life of the machinery or plant shall be ascertained as though it were used throughout its working life in the manner in which and to the extent to which it is used in the year in question, and the annual allowance in respect of the machinery or plant for that year shall be calculated as, by virtue of subsection (3) of this section (or by virtue of that subsection as applied by the foregoing subsection), it would be if the relevant percentage for machinery or plant of that class fell to be redetermined for that year and its anticipated normal working life were as so ascertained.

(8) Where, in the case of machinery or plant of any class, annual allowances for the year 1962-63 or any earlier year of assessment falling to be computed in accordance with section 281 or 282 of the Act of 1952 were computed by reference to a percentage which, though not determined or deemed to have been determined by the Commissioners under that section, was commonly treated as if it had been so determined, that percentage shall, notwithstanding that a percentage is after the commencement of this Act so determined for that year, be regarded for the purposes of annual allowances under Chapter II of Part X of that Act for the year 1963-64 or any subsequent year of assessment in respect of machinery or plant of that class to which this section applies as the percentage so determined for the year 1962-63 or that earlier year, as the case may be.

(9) In relation to machinery or plant of any class, references in this section to a percentage established before the year 1963-64 shall be construed as references to a percentage established by a determination made or deemed to have been made under section 281(2) or, as the case may be, section 282(2) of the Act of 1952 and applying for the year 1962-63 to that class, and references to the anticipated normal working life of the machinery or plant shall be construed in accordance with section 281(6) or, as the case may be, section 282(6) of that Act.

PART II

(10) In section 283 of the Act of 1952 (which provides for a change from the normal method of computing annual allowances to the alternative method), in subsection (1)(b), for the words "the percentage mentioned in subsection (2) of the last preceding section" there shall be substituted the words "the percentage that would otherwise apply".

(11) Nothing in this section shall affect the operation of section 284 of the Act of 1952 (by which a person to whom an annual allowance is to be made in respect of machinery or plant used for working mineral deposits may elect to have the allowance computed by a special method).

Scientific
research
allowances.

36.—(1) In the case of expenditure incurred after the 5th November 1962, an allowance under section 336 of the Act of 1952 (allowances for capital expenditure on scientific research) shall be made by allowing in the first of the five years of assessment mentioned in that section a deduction equal to the whole of the expenditure instead of by allowing in that year a deduction equal to three-fifths of the expenditure and in each of the remaining four years a deduction equal to one-tenth of the expenditure, and accordingly, in relation to expenditure so incurred, that section shall have effect as if—

- (a) in subsection (1), for the words from "a deduction" to the end, there were substituted the words "a deduction equal to the whole of the expenditure shall be allowed in charging the profits or gains of the trade for the relevant year of assessment as defined by the following subsections";
- (b) in subsections (2) and (4), for the words "the five years shall be that and the next four years", there were substituted the words "the relevant year of assessment shall be that year"; and
- (c) in subsection (3), for the words from "the five years" to the end, there were substituted the words "the relevant year of assessment shall be the year of assessment next following that in which the trade was set up and commenced."

and section 16(6)(a) of the Finance Act 1954 (which provides for an investment allowance to be made only for the first year of assessment for which an allowance under the said section 336 falls to be made) shall not have effect.

(2) The said section 336, as amended by the foregoing subsection, shall have effect in relation to expenditure incurred after the 5th November 1962 as if the following subsection were inserted at the end:—

- "(5) If the expenditure is incurred during the year of assessment in which the trade is permanently discontinued, the relevant year of assessment shall be that year."

(3) In the case of an asset representing expenditure incurred after the 5th November 1962, Part XI of the Act of 1952 shall apply as if, in section 337 thereof, subsection (1) (which restricts allowances where an asset ceases to be used for scientific research) were omitted and the following were substituted for subsection (2):—

“(2) Where an asset representing scientific research expenditure of a capital nature incurred by the person carrying on a trade ceases to be used by that person for scientific research related to that trade and is then or thereafter sold by him—

(a) if the sale occurs in or after the year of assessment for which an allowance in respect of the expenditure is made under the last preceding section, then—

(i) the sum by which the aggregate of the proceeds of sale and the amount of the allowance exceeds the amount of the expenditure, or (if it is less than that sum) the amount of the allowance, shall be treated as a trading receipt of the trade accruing at the time of the sale or, if the sale occurs on or after the date on which the trade is permanently discontinued, accruing immediately before the discontinuance ; or

(ii) if, by reason of the operation of section 21(4) of the Finance Act 1954 (which requires demolition costs to be treated as expenditure on an asset), the said aggregate is less than the amount of the expenditure, a deduction equal to the difference shall, unless the asset was used for other purposes after it ceased to be used for scientific research related to the trade, be allowed in charging the profits or gains of the trade for the year of assessment in which the sale occurs or, if the sale occurs on or after the date on which the trade is permanently discontinued, for the last year of assessment in which the trade is carried on before the discontinuance ;

(b) if the sale occurs before the year of assessment for which an allowance in respect of the expenditure would fall to be made under the last preceding section, that allowance shall not be made, but if the proceeds of sale are less than the expenditure

PART II

a deduction equal to the difference shall be allowed in charging the profits or gains of the trade for the year of assessment in which the sale occurs:

Provided that no amount shall be allowed or charged by virtue of this subsection in respect of any sale if the sale gives rise to a balancing allowance or balancing charge under Chapter I or II of Part X of this Act ”.

Annual allowances for mineral depletion in the United Kingdom.

37.—(1) Subject to the provisions of this section, where, for the purposes of a trade carried on or about to be carried on by him, a person incurs capital expenditure on the acquisition of a mineral asset the acquisition of which entitles him to work a mine, oil well or other source of mineral deposits of a wasting nature in the United Kingdom, and the trade consists of or includes the working of that source, he shall be entitled for any year of assessment the basis period for which ends after the incurring of the expenditure to an annual allowance in respect of the expenditure.

(2) Subject as aforesaid, the annual allowance for a year of assessment shall be equal to the fraction mentioned below of the royalty value of the output in the basis period for the year from the source to which the expenditure relates, that is to say—

- (a) where the first working of the source after the expenditure was incurred was less than ten years before the end of that basis period, one-half ;
- (b) where that first working was less than twenty but not less than ten years before the end of the basis period, one-quarter ;
- (c) in any other case, one-tenth.

(3) An annual allowance under this section in respect of any expenditure shall not be made to a person for a year of assessment unless the amount of the expenditure exceeds the aggregate of any allowances under this section made to him for previous years in respect of the expenditure together with any capital sums accruing to him in or before the basis period for the year by virtue of his acquisition of the mineral asset in question, and where made shall not be greater than the amount of the excess ; and for this purpose there shall be deemed to have been made for years preceding the year 1963-64 such annual allowances as would have fallen to be made if this section had always had effect.

(4) Where in the basis period for any year of assessment a person ceases to work the source to which capital expenditure incurred by him relates and, apart from this and the foregoing subsection, an annual allowance under this section would fall

to be made to him for that year in respect of the expenditure, the allowance shall not be made, and—

PART II

(a) if the aggregate of any allowances under this section made to him for previous years in respect of the expenditure exceeds so much of the expenditure as represents the cost of acquiring the output got by him from the source (other than output got before the 4th April 1963), a balancing charge on an amount equal to the excess shall be made on him for that year, or

(b) if that aggregate is less than so much of the expenditure as represents the cost of acquiring that output, a balancing allowance equal to the difference shall be made to him for that year.

(5) So much of the capital expenditure incurred by a person on the acquisition of a mineral asset as remains after deducting—

(a) the market value of the asset at the time the source to which the expenditure relates ceases to be worked by him, and

(b) any capital sums accruing to him before that time by virtue of his acquisition of the asset,

shall be taken for the purposes of the foregoing subsection to represent the cost of acquiring the output got by him from the source; and where part of the output was got by him before the 4th April 1963, the cost of acquiring the part got on or after that date shall be taken for those purposes to be an amount which bears to the amount so remaining the same proportion as the royalty value of the output from the source on or after that date bears to the royalty value of the whole output got by virtue of the expenditure.

In this subsection "market value", in relation to an asset, means the price which it might reasonably be expected to fetch on a sale in the open market (whether for use by the purchaser for mining purposes or other purposes) if, before the sale, the owner of the asset had carried out such works (if any) for restoring or otherwise making good the land surface at the site of the source as, having regard to the obligations imposed on him and other relevant circumstances, he might reasonably be expected to carry out whether or not he sold the asset, but reduced by so much of that price as is attributable to matters not representing any part of the capital expenditure in question.

(6) Where a balancing adjustment is made in respect of a person under subsection (4) of this section, or would fall to be so made if the relevant amounts were not equal, and after ceasing to work the source he carries out any works for restoring or otherwise making good the land surface at the site of the source, the cost of those works shall not be taken into account

PART II

in computing for the purposes of tax under Case I of Schedule D the profits or gains of his trade unless it was assumed, in computing the market value of the asset for the purposes of the said subsection (4), that those works would be carried out.

(7) Where any allowance under this section falls to be made to a person in or before a year of assessment in the basis period for which he ceases to work the source to which the expenditure in question relates, and in the basis period for a later year of assessment he again begins to work the source, then—

(a) in computing, in accordance with subsection (2) of this section, the amount of an annual allowance for the later year or any subsequent year, the period between the cessation and recommencement of working shall be disregarded ; and

(b) in computing, for the purposes of subsection (3) or (4) of this section, the aggregate of allowances for previous years, those allowances shall be treated as reduced by the amount on which any balancing charge under paragraph (a) of the said subsection (4) has been made in respect of the expenditure.

(8) Allowances or charges falling to be made under this section to or on any person shall be made to or on him in charging the profits or gains of his trade.

(9) Where a person (in this subsection referred to as “the transferee”) acquires a mineral asset from another person (in this subsection referred to as “the transferor”), and the transferee is a body of persons over whom the transferor has control, or the transferor is a body of persons over whom the transferee has control, or both the transferee and the transferor are bodies of persons and some other person has control over both of them, the capital expenditure incurred by the transferee on the acquisition of the asset shall be taken for the purposes of this section (including this subsection) not to exceed the capital expenditure incurred by the transferor on its acquisition by him or, where the asset consists of an interest or right granted by the transferor, so much of the capital expenditure so incurred by the transferor as, on a just apportionment, is referable to that interest or right ; and the expenditure incurred by the transferee shall where necessary be treated as reduced accordingly.

(10) Where in the basis period for any year of assessment a person, having previously incurred capital expenditure on the acquisition of a mineral asset the acquisition of which entitled him to work a source, incurs for the purposes of the trade capital expenditure on the acquisition of another mineral asset the acquisition of which entitles him to work the same source, this section shall apply as respects that year and subsequent years of assessment as if the assets were one

mineral asset capital expenditure on the acquisition of which was incurred by him when he incurred the first-mentioned expenditure and was of an amount equal to the aggregate of that expenditure and the further expenditure:

Provided that where the first-mentioned expenditure was incurred before the 4th April 1963 and the further expenditure on or after that date—

- (a) no greater allowances shall for the purpose of subsection (3) of this section be deemed by reason of this subsection to have been made before that date;
- (b) the cost of acquiring output got before that date, as computed under subsection (5) of this section, shall not by reason of this subsection be treated as increased.

If the asset to which the further expenditure relates extends to mineral deposits or land not included in the asset to which the first-mentioned expenditure relates, so much of it as so extends shall be treated for the purposes of this section as a separate mineral asset, and the further expenditure shall be apportioned between the assets as may be just.

(11) References in this section to expenditure on the acquisition of an asset do not include—

- (a) expenditure to which Chapter III of Part X of the Act of 1952 applies; or
- (b) expenditure on machinery or plant, or on any asset which has been treated for any year of assessment as machinery or plant; or
- (c) expenditure on any building or structure,

and where expenditure was incurred on the acquisition of an asset in respect of which, for years of assessment previous to a year for which he first becomes entitled in respect of the expenditure to an allowance under this section, the person incurring the expenditure has been allowed any deductions under Schedule 9 to this Act, the expenditure shall be treated for the purposes of this section as reduced by so much of those deductions as, if he had been entitled to an allowance under this section for earlier years, would have been excluded by paragraph 5 of that Schedule.

(12) In this section—

- “mineral asset” means any mineral deposits or land comprising mineral deposits, or any interest in or right over such deposits or land;
- “output” in relation to a source, means mineral deposits lifted or extracted from the source;
- “royalty value” in relation to any output from a source means the amount of the royalties that would be payable on that output if the person working the

PART II

(b) if it is within Northern Ireland, and a certificate given by a person authorised in that behalf by the President of the Board of Trade and stating that at the time or during the period specified in the certificate a place in Great Britain was or was not included in any development district shall be conclusive for the purposes of this section.

(6) In relation to any new town outside a development district which draws or will draw its population mainly from the district, this section shall apply as if the new town were included in the district, and a certificate given by a person authorised in that behalf by the Minister of Housing and Local Government, or (where the new town is in Scotland) the Secretary of State, and stating whether or not a new town draws or will draw its population mainly from a specified district shall be conclusive for the purposes of this subsection.

(7) Where a district in Great Britain ceases at any time to be a development district, this section shall apply in relation to the following machinery or plant as if the district had continued to be a development district, that is to say—

- (a) machinery or plant which at that time is within, and has before that time been used in, the district ;
- (b) machinery or plant provided for use in the district under a contract entered into before that time ;
- (c) machinery or plant provided for use in the district under a contract entered into within two years after that time and in the case of which the following conditions are satisfied—

(i) that it is for use in or about a building or structure provided for use for industrial purposes under a contract entered into after the 3rd April 1963, or is for use in conjunction with other machinery or plant so provided, and

(ii) that its provision was required for the fulfilment of the purpose for which the building or structure or, as the case may be, the other machinery or plant was provided, and

(iii) that contracts for the provision of a substantial proportion of the assets required for the fulfilment of that purpose had been entered into before the district ceased to be a development district.

(8) In this section—

“ industrial purposes ” means the purposes of a trade, or a part of a trade, which—

- (a) is carried on in a mill, factory or other similar premises, or

PART II

(b) consists in the carrying on of a dock, water, electricity or hydraulic power undertaking (as defined by section 271(5) of the Act of 1952) or a gas, transport, inland navigation, tunnel or bridge undertaking, or

(c) consists in the manufacture of goods or materials or the subjection of goods or materials to any process, not being a process in the construction or erection of a building or structure, or

(d) consists in the storage—

(i) of goods or materials which are to be used in the manufacture of other goods or materials, or

(ii) of goods or materials which are to be subjected, in the course of a trade, to any process, or

(iii) of goods or materials which, having been manufactured or produced or subjected, in the course of a trade, to any process, have not yet been delivered to any purchaser, or

(iv) of goods or materials on their arrival by sea or by air into any part of the United Kingdom, or

(e) consists in the working of any mine, oil well or other source of mineral deposits, or

(f) consists in the distribution of hydrocarbon oils by pipe-line ;

“ mobile equipment ” means machinery or plant having its own means of propulsion, or constructed or adapted for being towed, but does not include machinery or plant suitable for use only in or about a building or structure used for industrial purposes or any similar purposes or at a source of mineral deposits ;

39.—(1) Annual allowances under Chapter III (mines, oil wells, etc.) of Part X of the Act of 1952 in respect of capital expenditure incurred after the 3rd April 1963 on new machinery or plant provided for use or used in a development district, or on the construction of any works in a development district, shall, instead of being computed by applying the fraction specified in section 307 of the Act of 1952 to the residue of the expenditure (as defined by that section), be of an amount equal to so much of that residue as is specified by the person to whom an allowance is to be made in making his claim to the allowance, and subsection (3) of that section (adjustment where source ceases to be worked) shall not apply:

Annual allowances for new mining expenditure in development districts.

PART II

Provided that the foregoing provisions of this subsection shall not have effect in relation to annual allowances under the said Chapter III falling to be made to a person in respect of any expenditure if he so elects in making his claim to the first of those allowances.

(2) Where a person incurs expenditure on new machinery or plant in connection with a source of mineral deposits, and the machinery or plant is later sold in circumstances such that the person acquiring it is by virtue of section 309(2) of the Act of 1952 deemed to have incurred expenditure in connection with the source, the expenditure so deemed to have been incurred by him shall, so far as it relates to the machinery or plant, be treated for the purposes of the foregoing subsection as capital expenditure on new machinery or plant incurred by him when the first-mentioned expenditure was incurred.

(3) Subsections (5), (6) and (7) of the foregoing section shall apply for the purposes of this section as they apply for the purposes of that section, but so that the said subsection (7) shall apply as if references to machinery or plant included references to works expenditure on the construction of which is expenditure to which the said Chapter III applies, and as if, in the application of paragraph (c) of that subsection to such works, references to a building or structure were omitted.

Contributions
to expenditure
for treatment
of trade
effluents.

40.—(1) Where a sewerage authority in the United Kingdom incurs expenditure on the provision of an asset to be used in the treatment of trade effluents, then, in relation to any contribution of a capital sum made to that expenditure, subsection (3) of section 332 of the Act of 1952 (by virtue of which, in a case where the person receiving a capital sum would, apart from subsection (1) of that section, qualify for capital allowances in respect of his expenditure, the contributor is treated for the purpose of investment, initial and annual allowances as if his contribution had been expenditure on an asset provided for the purposes of his trade) shall apply as if such allowances fell to be made to the sewerage authority in respect of the expenditure as apart from subsection (1) of that section would fall to be made if the asset were to be so used for the purposes of a trade carried on by the sewerage authority.

(2) In this section—

“sewerage authority” means a public body having power under any enactment relating to the public health to construct and maintain sewers;

“trade effluents” means liquid or other matter discharged into public sewers from premises occupied for the purposes of a trade.

(3) This section shall apply only where the contribution was made, and the expenditure in question was incurred, after the 31st May 1963.

PART II

41.—(1) In relation to initial and annual allowances and balancing allowances under Chapter II of Part X of the Act of 1952 falling to be made for the year 1963-64 and subsequent years, the provisions of the six following subsections shall have effect in substitution for the provisions of subsections (2) to (6) of section 23 of the Finance Act 1961 (capital allowances for vehicles costing over two thousand pounds) in cases where that section would otherwise have applied.

Motor cars:
amendments
as to capital
allowances
and deductions
for hiring.

(2) The amount to be allowed by way of initial allowance for any one vehicle shall not exceed six hundred pounds (whether the allowance falls to be made by reference to lump sum expenditure or by reference to the amounts of instalments), the references in paragraph 3(2) of Schedule 14 to the Act of 1952 to seven-tenths of the limit of recharge on the seller having effect accordingly as references to the limit of recharge reduced by six hundred pounds.

(3) The amount of an annual allowance shall not exceed five hundred pounds; and—

- (a) where the amount of an annual allowance, if calculated in accordance with section 281 (normal method of calculating annual allowances) of the Act of 1952, would be reduced by the foregoing provisions of this subsection the allowance shall be so calculated;
- (b) section 291 of that Act (annual allowances where previous use has not attracted full allowances) shall have effect as if at the end of subsection (1) thereof there were added “and in any case where the machinery or plant was not in fact used for the purposes of the trade in the first of those previous years (whether or not the trade was then being carried on) there shall be deemed to have been made to him for that year the maximum allowances permitted by subsections (2) and (3) of section 41 of the Finance Act 1963”.

(4) Where apart from this subsection a balancing allowance would fall to be made in respect of any vehicle, and the event giving rise to the allowance takes place within the basis period for a year of assessment as respects which the foregoing subsection would operate to reduce the amount of any annual allowance falling to be made in respect of the vehicle, or would so operate but for any provision of the Income Tax Acts (other than this section) reducing annual allowances,—

- (a) if the person to whom the balancing allowance would fall to be made proves that as respects the period

PART II

during which the vehicle has been used for the purposes of his trade the amount (if any) falling to be made to him by way of annual allowances in respect of the vehicle is less than an amount at a rate of five hundred pounds a year, the amount of the balancing allowance shall not exceed the amount of the difference, increased, if any amount which could have been allowed by way of initial allowance was not claimed, by that amount ;

- (b) in any other case no balancing allowance shall be made unless any amount which could have been allowed by way of initial allowance was not claimed, and if so the balancing allowance shall not exceed that amount.

(5) It is hereby declared that the provisions of the Income Tax Acts (other than this section) which in special circumstances reduce initial or annual allowances, and balancing allowances, apply to allowances after modification by the foregoing provisions of this section ; and in particular—

- (a) the reference in section 286 of the Act of 1952 to an annual allowance computed in accordance with the preceding provisions of Chapter II of Part X of that Act includes a reference to an annual allowance computed in accordance with those provisions and the foregoing provisions of this section ;

- (b) where, in a case falling within section 293 or the proviso to section 294 of that Act (effect on balancing allowances of part-time use otherwise than for trade purposes, and of subsidies for wear and tear), it is just and reasonable that the foregoing subsection should apply with the substitution for the reference to five hundred pounds of a reference to a smaller amount, that subsection shall so apply, without prejudice to the determination in accordance with the said section 293 or the said proviso whether any balancing allowance falls to be made, or would fall to be made apart from the foregoing subsection.

(6) Where under section 332(1) of the Act of 1952 any part of the expenditure incurred in the provision of a vehicle is to be treated as not having been incurred by a person, or under section 332(3) of that Act a person's contribution to such expenditure is to be treated as expenditure on the provision of a similar vehicle, the foregoing provisions of this section shall have the like effect as if for the references to six hundred and to five hundred pounds there were substituted references to sums which bear the same proportion thereto as the amount of expenditure which is to be treated as having been incurred

by the person providing the vehicle, or as the case may be the amount of the contribution, bears to the whole expenditure incurred in the provision of the vehicle.

(7) Section 296(1) of the Act of 1952 (optional treatment of balancing charge in certain cases of replacement) shall not have effect where the vehicle is the new plant referred to in that subsection, and this provision shall apply in relation to balancing charges as well as in relation to initial and annual allowances.

(8) Section 25 of the Finance Act 1961 (which limits the deduction to be made for the cost of hiring a vehicle of which the retail price exceeds two thousand pounds in the proportion which two thousand pounds bears to the retail price) shall have effect in relation to assessments for the year 1963-64 and subsequent years as if after the words "the proportion which two thousand pounds" there were inserted the words "together with one half of the excess".

(9) Where a person, having on or after the 4th April 1963 hired (otherwise than by way of hire purchase) a vehicle to which section 25 of the Finance Act 1961 applies subsequently becomes the owner thereof, and the retail price of the vehicle at the time it was made exceeded two thousand pounds, then for the purposes of the Income Tax Acts (and in particular this section)—

- (a) so much of the aggregate of the payments for the hire of the vehicle and of any payment for the acquisition thereof as does not exceed the retail price of the vehicle at the time it was made shall be treated as capital expenditure incurred in the provision of the vehicle, and as having been incurred when the hiring began, and
- (b) the payments to be treated as expenditure on the hiring of the vehicle shall be rateably reduced so as to amount in the aggregate to the balance.

(10) In section 26 of the Finance Act 1961 (provisions as to hire purchase, etc.) subsections (2) and (3) shall cease to have effect.

(11) Paragraph 4 of Schedule 3 to the Finance Act 1957 (additional assessments and adjustments of assessments) shall have effect as if references therein to that Schedule included references to subsection (9) of this section; and any claim for an allowance by virtue of that subsection may be made in connection with the making or adjusting of assessments in pursuance of the said paragraph 4, and whether so made or not may notwithstanding anything in section 323 of the Act of 1952 be made at any time not later than two years after the claimant became the owner of the vehicle.

M

PART II

(12) The said paragraph 4 shall have effect in relation to section 27(3) of the Finance Act 1961 as applied for the purposes of this section as that paragraph had effect in relation to that subsection as originally enacted.

42.—(1) As respects expenditure incurred before the 6th April 1963, a provision of the foregoing sections of this Chapter which applies to that expenditure but is not expressed to apply for the year 1963-64 and subsequent years shall apply for the year 1962-63 as well as subsequent years, and for that purpose there shall be made all such amendments of assessments, additional assessments and repayments of tax as may be necessary.

(2) Expenditure shall not be treated for the purposes of any of the provisions of this Chapter as having been incurred after a date mentioned in those provisions by reason only of section 265(6), 279(2) or 309(1) of the Act of 1952 (which relate to expenditure incurred by a person for the purposes of a trade before he begins to carry it on).

(3) In this Chapter—

“ new machinery or plant ” means machinery or plant being unused and not secondhand ;

“ relevant capital amount ” means the amount specified in section 281(1)(a) or, as the case may be, section 282(1)(a) of the Act of 1952 as the amount by reference to which an annual allowance is to be computed.

(4) The provisions of this Chapter (except section 37), so far as they relate to any Chapter of Part X of the Act of 1952, or to Part XI of that Act, shall be construed as if contained in that Chapter or in the said Part XI, as the case may be.

(2) Where the property, or any of the properties, to which any such interest as aforesaid relates is for any period not subject to a tenancy, paragraph (b) of the foregoing subsection shall not apply in relation to so much of the interest as is attributable to the property not subject to a tenancy, but for the purposes of that paragraph as it applies in relation to a tenant of any other property to which the interest relates the association shall be deemed to have received, in respect of the property not subject to a tenancy, rent at the rate payable therefor when it was last let by the association.

SCHEDULE 4

DEDUCTIONS FROM RENTS AND OTHER RECEIPTS FROM LAND

Sections 15, 20,
22, 25, 29, 31, 43.
Schedules 9, 12.

Deductions from rents : general rules

1. The deductions which may be made from rent to which a person (hereinafter referred to as "the person chargeable") becomes entitled under a lease shall be such deductions of the amounts of payments made by him—

- (a) in respect of maintenance, repairs, insurance or management ;
- (b) in respect of any services provided by him otherwise than by way of maintenance or repairs, being services which he was obliged to provide but in respect of which he received no separate consideration ;
- (c) in respect of rates or other charges on the occupier which the person chargeable was obliged to defray ;
- (d) in respect of any rent, rentcharge, ground annual, feu duty or other periodical payment reserved in respect of, or charged on or issuing out of, land,

as are provided by the following provisions of this Schedule.

2. Subject to the provisions of this Schedule, from rent to which the person chargeable becomes entitled in a year of assessment there may be deducted the amount of any such payment as aforesaid which became due in the year of assessment or at an earlier time falling within the currency of the lease, in so far as the payment—

- (a) was made in respect of the premises comprised in the lease, and
- (b) in the case of a payment for maintenance or repairs, was incurred by reason of dilapidation attributable to a period falling within the currency of the lease or, in the case of any other payment, was incurred in respect of such a period :

Provided that where the person chargeable became the landlord after the lease began, references in the foregoing provisions of this paragraph to the currency of the lease shall not include any time before he became the landlord.

SCH. 4

3.—(1) In the case of a lease at a full rent, the foregoing paragraph shall apply as if references to the currency of the lease included any period (hereinafter referred to as “a previous qualifying period”)—

- (a) during which the person chargeable was the landlord in relation to a previous lease of the premises, being a lease at a full rent, or
- (b) which was a void period beginning either with the termination of a previous such lease as aforesaid or with the acquisition by the person chargeable of the interest in the premises giving him the right to possession thereof,

so however that a period shall not be a previous qualifying period if it preceded a period ending before the beginning of the lease which was not itself a previous qualifying period.

(2) Where during any period the conditions necessary for the period to be a previous qualifying period were fulfilled as respects part of the premises, but not the whole, the period shall be treated as a previous qualifying period as respects that part of the premises only, and the foregoing sub-paragraph shall apply accordingly, any necessary apportionment being made of rent, payments or other matters.

(3) In this and the next following paragraph, “void period” means a period during which the person chargeable was not in occupation of the premises or any part thereof, but was entitled to possession thereof.

4. Subject to the provisions of this Schedule, in the case of a lease at a full rent, not being a tenant’s repairing lease, there may also be deducted the amount of any payment made in respect of other premises by the person chargeable—

- (a) in so far as that amount could be deducted under paragraphs 2 and 3 of this Schedule from rent to which he became entitled in the year of assessment under a lease of those other premises, being a lease at a full rent, or could be so deducted if that rent were not insufficient; or
- (b) if any part of the year of assessment is, in respect of those other premises, a void period beginning with the termination of a lease at a full rent, in so far as the amount could be deducted as aforesaid if the lease had continued until the end of that period.

5. Where by reason of any change of circumstances a lease ceases to be, or becomes, a tenant’s repairing lease or ceases to be, or becomes, a lease at a full rent, paragraphs 3 and 4 of this Schedule shall apply in relation to the lease as it subsists after the change of circumstances as if it were a new lease granted when the change occurred.

6. Where the person chargeable retains possession of a part of any premises and that part is used in common by persons respectively occupying other parts of the premises, the foregoing provisions of this Schedule shall apply as if a payment made in respect of the part used in common had been made in respect of those other parts.

Deductions from rents : land managed as one estate

SCH. 4

7.—(1) Where this paragraph applies to an estate for a year of assessment, the owner shall be treated—

- (a) in relation to a part of the estate which for any period in the year is not comprised in a lease under which he is the landlord, as if he were entitled under a lease of that part at a full rent (not being a tenant's repairing lease) to rent for the said period, becoming due from day to day, at a rate per annum equal to the annual value of that part ascertained in accordance with Schedule 5 to this Act ; and
- (b) in relation to a part of the estate which for any period in the year is comprised in a lease under which he is the landlord, not being a lease at a full rent, as if the lease were at a full rent and the rent, so far as it relates to that part, were at a rate per annum not less than the annual value of that part ascertained in accordance with the said Schedule 5,

and the foregoing provisions of this Schedule shall apply accordingly :

Provided that—

- (i) a payment relating to premises comprised in the estate shall not be deductible from rent in respect of premises not so comprised ;
 - (ii) paragraph (a) above shall not apply to premises occupied by the owner wholly and exclusively for purposes connected with the management of the estate or for the purposes of a trade, profession or vocation.
- (2) This paragraph shall apply to an estate if, at the end of the year 1962-63, the land then comprised therein was managed as one estate and the owner for the time being of the estate by notice in writing to the surveyor so elects, but such an election—
- (a) must be made within twelve months after the end of the first year of assessment for which the person making it became entitled to make it or such further time as the Commissioners of Inland Revenue may allow ;
 - (b) except in the case of the first election that can be made under this paragraph, shall not have effect unless the like election has had effect as respects the immediately preceding ownership ;
 - (c) shall apply in relation to the estate throughout the ownership of the person making it.
- (3) Where in any year of assessment the estate comprises premises not included in it at the end of the year 1962-63, sub-paragraph (1) of this paragraph (except the proviso) shall apply in relation to the year of assessment as if the premises were not included in the estate in the year :

Provided that where at the end of the year 1962-63 the owner of the remainder of the estate, as then subsisting, was entitled

SCH. 4 under trusts arising under a settlement or on an intestacy, or was entitled (in Scotland) under a disposition by way of liferent and feu, to an interest such that, on the occurrence of some future event or events, he might become the owner of the said premises, this sub-paragraph shall not apply to the premises if at any time before the end of the year 1962-63 the premises and the remainder of the estate, as then subsisting, were together managed as one estate.

(4) In this paragraph "estate" means land in one ownership managed as one estate.

Deductions from rents : premiums etc.

8.—(1) Where in relation to any premises—

- (a) tax has become chargeable under the provisions of section 22 (except subsection (6)), 23 or 24 of this Act on any amount (disregarding any reduction in that amount under this paragraph), or
- (b) tax would have become so chargeable on that amount but for the operation of section 22(6) of this Act or this paragraph, or but for any exemption from tax,

and, in respect of a lease granted out of, or disposition of, the lease, estate or interest in respect of which tax so became or would have become chargeable on the said amount (in this and the two following paragraphs referred to as "the amount chargeable on the superior interest"), a person would apart from this paragraph be chargeable under the said provisions on any amount (in this and the following paragraph referred to as "the later chargeable amount"), the amount on which he is so chargeable shall, where no claim is or can be made by him under section 22(6) of this Act, be the excess (if any) of the later chargeable amount over the appropriate fraction of the amount chargeable on the superior interest.

(2) Where a person would apart from this paragraph be so chargeable in respect of a lease or disposition which extends to a part only of the said premises, the amount on which he is so chargeable shall, where no claim is or can be made by him under section 22(6) of this Act, be the excess (if any) of the later chargeable amount over so much of the appropriate fraction of the amount chargeable on the superior interest as, on a just apportionment, is attributable to that part of the premises.

(3) For the purposes of this and the following paragraph the appropriate fraction of the amount chargeable on the superior interest is the sum which bears to that amount the same proportion as the period in respect of which the later chargeable amount arose bears to the period in respect of which the amount chargeable on the superior interest arose, and for those purposes the period in respect of which an amount arose—

- (a) where it arose under section 22 of this Act, shall be the period treated in computing the amount as being the duration of the lease ; or

- (b) where it arose under section 23 of this Act, shall be the period treated in computing the amount as being the duration of the lease remaining at the date of the assignment, or
- (c) where it arose under section 24 of this Act, shall be the period beginning with the sale and ending on the date fixed under the terms of the sale as the date of the reconveyance or grant, or, if that date is not fixed, ending with the earliest date at which the reconveyance or grant could take place in accordance with the terms of the sale.

SCH. 4

9.—(1) Where in relation to any premises tax has or would have become chargeable as mentioned in sub-paragraph (1)(a) or (b) of the foregoing paragraph in respect of a lease, estate or interest, then, subject to the provisions of the following sub-paragraph, the person for the time being entitled to the lease, estate or interest shall be treated for the purpose of deductions under the foregoing provisions of this Schedule from rent receivable by him in respect of those or other premises as paying rent for those premises (in addition to any actual rent), becoming due from day to day, during any part of the period in respect of which the amount chargeable on the superior interest arose for which he was entitled to the lease, estate or interest, and in all bearing to that amount the same proportion as that part of the period bears to the whole.

(2) Where the foregoing paragraph has effect in relation to a lease granted out of, or disposition of, the lease, estate or interest in respect of which tax has or would have become so chargeable, sub-paragraph (1) above shall apply for the period in respect of which the later chargeable amount arose only if the appropriate fraction of the amount chargeable on the superior interest exceeds the later chargeable amount, and shall then apply as if the amount chargeable on the superior interest were reduced in the proportion which the said excess bears to the said appropriate fraction :

Provided that where the lease so granted, or the said disposition, extends to a part only of the premises, sub-paragraph (1) above and this sub-paragraph shall be applied separately in relation to that part and to the remainder of the premises, but as if for any reference to the amount chargeable on the superior interest there were substituted a reference to that amount proportionately adjusted.

10.—(1) Where the amount chargeable on the superior interest arose under section 22(2) of this Act by reason of an obligation which included the carrying out of work in respect of which any allowance has fallen or will fall to be made under Part X or Part XI of the Act of 1952, paragraphs 8 and 9 of this Schedule shall apply as if the obligation had not included the carrying out of that work and the said amount had been calculated accordingly.

(2) Where an amount relevant for the purposes of paragraph 8 or 9 of this Schedule arose under section 24 of this Act and the reconveyance or grant in question takes place at a price different from that taken in calculating the amount or on a date different from that taken in determining the period in respect of which the

N

SCH. 4

amount arose, that paragraph shall be deemed to have had effect (for all relevant years of assessment) as it would have had effect if the actual price or date had been so taken, and such adjustment of liability to tax shall be made, by means of an additional assessment or otherwise, as may be necessary and may be so made at any time at which it could be made if it related only to tax for the year of assessment in which the reconveyance or grant takes place.

Deductions from rents : payments made before 1964-65

11.—(1) Except as provided by this and the following paragraph, no payment shall be deductible under the foregoing provisions of this Schedule if made before the beginning of the year 1964-65.

(2) If the cost to the owner of any premises of maintenance, repairs, insurance and management during the five years ending with the year 1963-64 exceeded the relief available to him in respect of those five years, the excess shall be treated for the purposes of the foregoing provisions of this Schedule as if it were a payment in relation to the premises made by him in the year 1964-65 in respect of dilapidation attributable to that year :

Provided that there shall be disregarded for the purposes of this sub-paragraph—

- (a) any payment made during a period when the owner was in occupation of the premises, and any relief so far as it was available to him in respect of such a period ;
- (b) any payment in respect of which a deduction may be made by virtue of paragraph 12 of this Schedule ;
- (c) any payment for works falling within section 101(2) of the Act of 1952 (by virtue of which "maintenance" includes the replacement of farm buildings etc.), being a payment made after the end of the five years which, under section 101(7) of that Act, were treated as the five years preceding the year 1963-64, or would have been so treated if a claim under section 101 of that Act could have, and had, been made for that year,

and where during any period the owner was in occupation of a part only of the premises there shall be disregarded for those purposes so much of any payment made during the period, or relief available to him in respect of the period, as is attributable to that part.

(3) Where relief available in respect of any land managed as one estate fell to be computed in accordance with section 101(4) of the Act of 1952, payments made in respect of the estate, and the relief so available, shall for the purposes of the foregoing sub-paragraph be treated as apportioned between the premises comprised in the estate in accordance with their annual values for purposes of Schedule A, but so that as respects any premises in relation to which the owner was chargeable under section 175 of the Act of 1952 (excess rents) the annual value shall be taken to be that determined as mentioned in subsection (1) of that section.

(4) References in this paragraph to relief available to a person in respect of any premises are references to relief which was or, on a claim in that behalf, could have been allowed to him in respect of the premises under sections 99 to 101 or 176(1)(g) of the Act of 1952.

SCH. 4

12.—(1) If, in respect of any payment such as is mentioned in paragraph 1 of this Schedule made by a person in relation to any premises before the beginning of the year 1964-65, a loss is by virtue of section 346 of the Act of 1952 (relief in respect of losses under Case VI of Schedule D) carried forward to that year, the amount of the loss shall be treated for the purposes of the foregoing provisions of this Schedule as if it were a like payment made by that person in respect of the premises in, and in respect of, that year.

(2) Where by virtue of sub-paragraph (1) above a deduction falls to be made in any year it shall be made notwithstanding anything in subsection (3) of the said section 346 (which requires relief under that section to be given as far as possible from the first subsequent Case VI assessment), and relief shall not be given under that section in respect of a loss in so far as a deduction in respect of it is made under this paragraph.

Deductions from other receipts

13.—(1) Subject to the provisions of this Schedule, where the sum to which a person becomes entitled in the year of assessment is a sum other than rent payable under a lease there shall be deducted from that sum such amounts (if any) as are expressed to be deductible under the following sub-paragraph.

(2) There shall be deductible—

- (a) so much of any payment made by that person as was made in respect of maintenance, repairs, insurance or management of premises to which the said sum relates and constituted an expense of the transaction under which he became entitled to that sum ;
- (b) so much of any rent, rentcharge, ground annual, feu duty or other periodical payment made by that person as was reserved in respect of, or was charged upon or issued out of, premises to which the sum relates and constituted an expense of that transaction ;
- (c) so much of any other payment made by that person as constituted an expense of that transaction, not being an expense of a capital nature ;
- (d) where, in or before the year, that person entered into any like transaction, any amount which, under the foregoing sub-paragraphs, is deductible from a sum to which he is entitled under that like transaction in the year, or was deductible from a sum to which he was so entitled in a previous year of assessment but has not been deducted.

N 2

SCH. 4

14. No payment shall be deductible under the foregoing paragraph if made before the beginning of the year 1964-65 :

Provided that this paragraph shall not prevent the deduction of a payment in so far as a loss in respect of the payment is by virtue of section 346 of the Act of 1952 (relief in respect of losses under Case VI of Schedule D) carried forward to that year, and where the deduction falls to be made it shall be made notwithstanding anything in subsection (3) of that section (which requires relief to be given as far as possible from the first subsequent Case VI assessment), and to the extent that it is made relief shall not be given under that section.

15.—(1) Where the person entitled to possession of any land is in the practice of granting sporting rights over the land for payment, but in any year of assessment such rights are for any reason not granted by him, the aggregate of any amounts paid by him which, if such rights had been granted in the year, would have been deductible under paragraph 13 above from payments receivable by him in respect of the grant shall be treated for the purposes of paragraph 4 of this Schedule as a deduction which by virtue of paragraph 2 thereof might have been made by him from rent to which he was entitled for that year under a lease of the land, being a lease at a full rent :

Provided that if in the year sporting rights over the land are exercised by that person or by any other person at his invitation or, where the first mentioned person is a company to which section 245 of the Act of 1952 applies, by any person who is a director or member of the company within the meaning of Chapter III of Part IX of that Act, the aggregate of the said amounts shall be treated as reduced by an amount equal to the price which might reasonably be expected to have been paid for that exercise of the rights if the person exercising them had had to give full consideration therefor.

(2) For the purposes of the proviso to the foregoing sub-paragraph, an exercise of sporting rights shall be disregarded if it gives rise to a charge to tax under Schedule E by virtue of section 161 (benefits to directors etc.) of the Act of 1952.

(3) In this paragraph "sporting rights" means rights of fowling, shooting or fishing, or of taking or killing game, deer or rabbits.

Expenditure on sea walls

16.—(1) Where in any year of assessment the owner or tenant of any premises incurs expenditure in the making of any sea wall or other embankment necessary for the preservation or protection of the premises against the encroachment or overflowing of the sea or any tidal river, he shall be treated for the purposes of this Schedule as making, in that year of assessment and in each of the succeeding twenty years of assessment, a payment in relation to the premises preserved or protected by the embankment of an amount equal to a twenty-first part of the expenditure and incurred in respect of dilapidation attributable to the year.

(2) Where the whole of that person's interest in the premises, or any part thereof, is transferred, whether by operation of law or otherwise, to some other person, then—

- (a) the amount of the payment which he would be so treated as making for the year of assessment in which the transfer takes place shall be treated as being made partly by the transferor and partly by the transferee, as may be just; and
- (b) the transferee shall, to the exclusion of the transferor, be treated in any subsequent year, where the interest transferred is in the whole of the premises, as having made the whole of the payment for that year, and where the interest transferred is in part only of the premises, as having made so much of the payment for the year as is properly referable to that part of the premises.

For the purposes of this sub-paragraph, where an interest in any premises is a lease and that lease comes to an end, that interest shall be deemed to have been transferred—

- (i) if an incoming lessee makes any payment to the outgoing lessee in respect of the embankment in question, to the incoming lessee; and
- (ii) in any other case, to the owner of the interest in immediate reversion on the lease and, in relation to Scotland, the expression "the owner of the interest in immediate reversion on the lease" shall be construed as a reference to the landlord.

(3) In relation to expenditure in respect of which an allowance under section 94(1)(c) of the Act of 1952 would, but for the provisions of this Act, have fallen to be made in respect of the premises for the year 1964–65, the foregoing provisions of this paragraph shall apply as if the expenditure had been incurred in the year of assessment following that in which it was actually incurred and, so far as the expenditure was incurred in repairing the embankment in question, shall apply as if it had been incurred in making it, but those provisions shall not otherwise apply to expenditure incurred before the beginning of the year 1964–65:

Provided that the person who under the foregoing provisions of this sub-paragraph would be treated, in respect of expenditure incurred in repairing the embankment, as having made in the year 1964–65 a payment as mentioned in sub-paragraph (1) of this paragraph may before the expiration of the year 1965–66 by notice in writing to the surveyor claim that so much of that expenditure as exceeded the total allowances made in respect of it under the said section 94(1)(c) shall instead be treated for the purposes of this Schedule as if it had been an amount paid by him in respect of the maintenance of the premises preserved or protected by the embankment in, and in respect of, the year 1964–65.

(4) This paragraph shall not apply in relation to any expenditure in respect of which an allowance has been made under Part X or Part XI of the Act of 1952.

SCH. 4

Supplemental

17.—(1) Subject to the provisions of this paragraph, where a sum or part of a sum deductible under the foregoing provisions of this Schedule can be deducted for the year of assessment in which the sum is paid it shall be so deducted, and where it cannot it shall be deducted for the earliest year of assessment for which it can be deducted.

(2) Where for any year of assessment the amount from which deductions can be made under the foregoing provisions of this Schedule is sufficient to allow the deduction therefrom of some, but not all, of different sums or parts of sums deductible under those provisions, the sum or parts to be deducted for that year shall in the aggregate be equal to the said amount, and subject to that requirement shall be such as the person whose liability to tax is in question may choose.

(3) No deduction shall be made under this Schedule in respect of a payment made by a person—

(a) to the extent to which the payment has been or will be balanced by the receipt of insurance moneys, or recovered from or in any other manner borne by some other person, otherwise than by means of an amount on the profits or gains arising from which the first-mentioned person would be chargeable under Case VIII, or

(b) if the payment is payable under deduction of tax.

(4) An amount or part of an amount shall not be deducted under this Schedule more than once from any sum or from more than one sum, and shall not in any case be deducted thereunder if it has been otherwise allowed as a deduction in computing the income of any person for purposes of income tax.

(5) Where, on account of a payment made in any year of assessment, a deduction falls to be made under this Schedule from any rents or receipts to which the person making the payment became entitled in a previous year, all such adjustments of liability to tax shall be made, by repayment or otherwise, as may be necessary to give effect to the deduction.

18. This Schedule has effect subject to the provisions of sections 476 and 477 of the Act of 1952.

19. In this Schedule references to a lease extend only to a lease conferring a right, as against the person whose interest is subject to the lease, to the possession of premises;

“premises” includes any land;

“rent” includes a payment made by the tenant to defray the cost of work of maintenance of or repairs to the demised premises, not being work required by the lease to be carried out by the tenant; and

“tenant’s repairing lease” means a lease where the lessee is under an obligation to maintain and repair the whole, or substantially the whole, of the premises comprised in the lease,

and for the purposes of this Schedule a lease shall be taken to be at a full rent if the rent reserved under the lease (including an appropriate sum in respect of any premium under the lease) is sufficient, taking one year with another, to defray the cost to the lessor of fulfilling his obligations under the lease and of meeting any expenses of maintenance, repairs, insurance and management of the premises subject to the lease which fall to be borne by him.

SCH. 4

SCHEDULE 5

ASCERTAINMENT OF ANNUAL VALUE

1. The annual value shall be taken to be the rent which might reasonably be expected to be obtained on a letting from year to year if the tenant undertook to pay all usual tenant's rates and taxes, and if the landlord undertook to bear the costs of the repairs and insurance, and the other expenses, if any, necessary for maintaining the subject of the valuation in a state to command that rent.

Sections 20, 28,
47.
Schedules 4, 12.

2. Section 6 of the Rating and Valuation Act 1961 (adjustment of gross value by reference to provision of or payment for services, etc.) shall apply for the purposes of the foregoing paragraph, and in relation to land in Scotland or Northern Ireland shall apply as if it extended to the whole of the United Kingdom.

SCHEDULE 6

RELIEF WHERE PREMIUM, ETC. TREATED AS RENT

1. The relief shall be computed in accordance with the following provisions of this Schedule, and in those provisions—

Section 25.

“chargeable sum” means an amount to which, under subsection (1), (2), (3) or (4) of section 22 of this Act, the claimant is treated as becoming entitled in the year of assessment, or in respect of which he is, by virtue of subsection (5) of that section or section 23 or 24 of this Act chargeable to tax for the year under Case VI of Schedule D ;

“relevant period”, in relation to any chargeable sum, means the period treated in computing the amount of the sum as being the duration of the lease in respect of which it arises or, where it arises (by virtue of the said section 24) in connection with the sale of an estate or interest in land, means the period mentioned in subsection (1) of that section ;

“yearly equivalent”, in relation to any chargeable sum, means the amount which bears to that sum the same proportion as one bears to the number of years and fractions of years in the relevant period.

2. There shall be computed—

(a) the amount of the tax which, in respect of the chargeable sum or the aggregate of the chargeable sums, as the case may be, would be chargeable if—

(i) the relief were not given, and

SCH. 6

(ii) that sum or aggregate were treated as the highest part of the claimant's total income, and

(iii) amounts deductible in computing the tax so far as possible deducted from other sums from which they are deductible in the year rather than from that sum or aggregate; and

(b) the amount of the tax which, in respect of that sum or aggregate, would be chargeable if calculated by reference to the yearly equivalent of that sum or of each sum comprised in that aggregate, as the case may be, in accordance with the following paragraph,

and the relief shall consist of a reduction or repayment of an amount equal to the difference between those amounts.

3.—(1) Where the relief is to be given in respect of one chargeable sum only, the tax shall be calculated for the purposes of paragraph 2(b) of this Schedule as follows, that is to say—

(a) from the yearly equivalent of that sum there shall be deducted such amounts as, following the principle set out in paragraph 2(a)(iii) of this Schedule, are deductible from that sum;

(b) if any balance of the yearly equivalent remains, the rate in respect of the chargeable sum shall be calculated at the rate which, apart from the relief, would apply if the amount of the sum were reduced to the amount of that balance; were then treated as the highest part of the claimant's total income or, if two or more rates would then apply, at those rates in corresponding proportions;

(c) if no such balance remains, the tax shall be calculated at the rate applicable to the highest part of the remainder of the claimant's total income for the year of assessment,

and whether or not any such balance remains the tax shall be arrived at by applying the said rate or rates to so much of the chargeable sum as remains after deducting such amounts as, following the principle set out in the said paragraph 2(a)(iii), are deductible from that sum.

(2) Where the relief is to be given in respect of two or more chargeable sums, the tax for each shall be calculated for the said purposes as provided by the foregoing sub-paragraph, but that—

(a) the rate of tax on a sum arising in respect of any relevant period shall be calculated before the rate of tax on any sum arising in respect of a shorter relevant period;

(b) in calculating the rate of tax on a sum arising in respect of any relevant period and the deductions from that sum, an amount deducted in respect of a sum tax for which it has already been calculated shall not again be deducted, and in calculating a rate of tax—

(i) any chargeable sum tax for which it has already been calculated or in respect of which no balance of the yearly equivalent remains shall be disregarded;

(ii) as respects any other chargeable sum, the total income of the claimant shall be taken to include the sum, but on the assumption that the amount of it was only that of the balance remaining of the yearly equivalent.

SCH. 6

(3) Where two or more chargeable sums arise in respect of relevant periods of equal duration they shall be treated for the purposes of this paragraph as a single chargeable sum of an amount equal to the aggregate of those sums and arising in respect of a relevant period of like duration.

4. A provision of paragraph 2 or 3 of this Schedule requiring tax to be calculated as if an amount were treated as the highest part of the claimant's total income shall apply notwithstanding any provision of the Income Tax Acts directing other income to be treated as the highest part of his total income, but for the purposes of those paragraphs his total income shall be deemed not to include any amount in respect of which he is chargeable to tax under section 37 of the Finance Act 1960 (payments on retirement or removal from office or employment).

5. A provision of paragraph 2 or 3 of this Schedule shall apply in relation to any part of the claimant's total income (as computed for the purpose of that provision) as respects which he would be entitled under Part VIII of the Act of 1952 (personal and other reliefs) to a deduction equal to tax at the standard rate on that part as if that part were subject to a nil rate of tax, and shall apply in relation to any part thereof as respects which he would be entitled under section 220 of that Act (reduced rate relief) to a deduction equal to tax at any other rate on that part as if that part were subject to a rate of tax equal to the difference between the standard rate and that other rate.

6.—(1) Sections 224 and 227 of the Act of 1952 shall apply, subject to any necessary modifications, in relation to claims for relief under this Schedule as they apply in relation to claims for relief under Part VIII of that Act, and a claim for relief under this Schedule in respect of surtax may be made to the Special Commissioners by an individual at the time of making his return for the year of assessment for the purposes of surtax or at any subsequent time not later than six years after the end of the year of assessment.

(2) Except in relation to a claim in respect of surtax, section 19 of this Act shall not apply as respects relief under this Schedule, and in relation to a claim in respect of surtax shall apply as if references to the surveyor and the Commissioners concerned were references to the Special Commissioners, and as if proviso (c) were omitted.

7. For the purposes of any provision of the Income Tax Acts (other than this Schedule) requiring income of any description to be treated as the highest part of a person's income, his income shall be calculated without regard to any chargeable sum; and where for any year of assessment a person claims relief both under this Schedule and under paragraph 7 of Schedule 4 to the Finance Act 1960 then, in calculating relief under the said paragraph 7, the claimant's income shall be deemed to include, in respect of any chargeable sum (including two or more sums treated for the purposes of paragraph 3 of this

N*

- SCH. 6 Schedule as one chargeable sum), no greater amount than the balance (if any) of the yearly equivalent thereof remaining after the making of any deduction required by the said paragraph 3.

SCHEDULE 8

Section 29.

TRANSITIONAL ALLOWANCES FOR ANNUAL VALUE OF TRADE PREMISES

1. Subject to the provisions of this Schedule, an allowance under this Schedule shall be made to the person carrying on a trade where land which was occupied by him at any time before the end of the year 1962-63 for the purposes of the trade permanently ceases to be occupied by him for those purposes.
2. The amount of the allowance shall be the excess of—
 - (a) the aggregate of any deductions in respect of the annual value of the land which, by virtue of section 136 of the Act of 1952, would have been made in computing the profits or gains of the trade for the years 1963-64 and 1964-65 but for section 29 (1) of this Act and the repeal by this Act of the said section 136, over
 - (b) the aggregate of any deductions relating to the land made in computing the profits or gains of the trade for those years, being—
 - (i) deductions permitted by section 29 (2) of this Act, so far as made in respect of the period in respect of which the deductions mentioned in paragraph (a) above would have been made, or
 - (ii) deductions in respect of rent from which an amount representing tax was deducted under section 173 of the Act of 1952, so far as made in respect of that period.

3. The allowance shall be made by—

- (a) treating the amount of it as rent paid for the land by the said person (in addition to any actual rent) becoming due from day to day during the period defined in paragraph 4 of this Schedule, and
- (b) allowing deductions accordingly in computing the profits or gains of the trade chargeable under Case I of Schedule D for any year of assessment the profits or gains for which fall to be computed by reference to a period including that period or any part thereof.

4. The said period is that ending when the land permanently ceases to be occupied by the said person for the purposes of the trade, and of a duration equal to the aggregate of—

- (a) the number of months and fractions of months during which the land was occupied by him for the purposes of the trade in so much of the period by reference to which the profits or gains of the trade for the year 1963–64 fall to be computed as fell before the beginning of that year, and
- (b) the number of months and fractions of months during which the land was so occupied in so much of the period by reference to which the profits or gains of the trade for the year 1964–65 fall to be computed as fell before the beginning of the year 1963–64.

5. No allowance shall be made under this Schedule where the date on which the land permanently ceases to be occupied by the said person for the purposes of the trade—

- (a) falls within a year of assessment and also within a period by reference to which the profits or gains of the trade for that year of assessment fall to be computed, or
- (b) falls within a year of assessment in which he permanently ceases to carry on the trade.

6. Where there is a change in the persons carrying on the trade, but by virtue of section 19(3) of the Finance Act 1953 or section 17(1) of the Finance Act 1954 the trade does not by reason of the change fall to be treated for any of the purposes of the Income Tax Acts as permanently discontinued, this Schedule (including this paragraph) shall apply as if any occupation of the land before the change occurred by the persons carrying on the trade immediately before it occurred were occupation by the persons carrying on the trade immediately after it occurred.

7. Where, by reason of a change in the persons carrying on the trade, the trade falls to be treated for any of the purposes of the Income Tax Acts as permanently discontinued, a person engaged in carrying on the trade immediately before the change occurred who continues to be so engaged immediately after it occurred shall be treated for the purposes of this Schedule as not having been in occupation of the land at any time before it occurred.

- SCH. 8 8. The foregoing provisions of this Schedule shall apply in relation to a profession or vocation as they apply in relation to a trade, as if the reference in paragraph 3 to Case I of Schedule D were a reference to Case II of that Schedule.

Sections 29, 37,
69.

SCHEDULE 9

ALLOWANCE OF TRADING DEDUCTION WHERE PREMIUM ETC. PAID

1. In this Schedule—

“the amount chargeable” means the amount referred to in section 29(3) of this Act, and

“the relevant period”—

(a) where the amount chargeable arose under section 22 of this Act, means the period treated in computing that amount as being the duration of the lease ;

(b) where that amount arose under section 23 of this Act, means the period treated in computing the amount as being the duration of the lease remaining at the date of the assignment ;

(c) where that amount arose under section 24 of this Act, means the period beginning with the date and ending on the date fixed under the terms of the sale as the date of the reconveyance or grant, or, if that date is not fixed, ending with the earliest date at which the reconveyance or grant could take place in accordance with the terms of the sale.

2. Subject to the provisions of this Schedule, where during a part of the relevant period the land in relation to which the amount chargeable arose is occupied by the person for the time being entitled to the lease, estate or interest as respects which it arose for the purposes of a trade, profession or vocation carried on by him, he shall be treated, in computing the profits or gains of the trade, profession or vocation chargeable to tax under Case I or II of Schedule D, as paying in respect of that land rent for the period (in addition to any actual rent) becoming due from day to day of an amount which bears to the amount chargeable the same proportion as that part of the relevant period bears to the whole.

3. As respects any period during which a part only of the land in relation to which the amount chargeable arose is occupied as mentioned in the foregoing paragraph, that paragraph shall apply as if the whole were so occupied, but the amount chargeable shall be treated as reduced by so much thereof as, on a just apportionment, is attributable to the remainder of the land.

4. Where a person, although not in occupation of the said land or a part thereof, deals with his interest in the land or that part as property employed for the purposes of a trade, profession

vocation carried on by him, paragraphs 2 and 3 of this Schedule shall apply as if the land or part were occupied by him for those purposes:

SCH. 9

Provided that—

- (a) where paragraph 8 of Schedule 4 to this Act has effect in relation to a lease granted out of that interest, paragraph 9(2) of that Schedule shall apply for modifying the operation of the said paragraphs 2 and 3 as it applies for modifying the operation of paragraph 9(1) of that Schedule;
- (b) in computing profits or gains for any year of assessment, rent shall not by virtue of this paragraph be treated as paid by a person for any period in respect of land in so far as rent treated under paragraph 9 of Schedule 4 to this Act as paid by him for that period in respect of the land has in any previous year of assessment been deducted, or falls in that year to be deducted, under that Schedule.

5. Where, in respect of expenditure on the acquisition of his interest in the land in relation to which the amount chargeable arose, a person has become entitled to an allowance under section 37 of this Act (mineral depletion) for any year of assessment, then—

- (a) if the allowance is in respect of the whole of the expenditure, no deduction shall be allowed him under this Schedule for that or any subsequent year, or
- (b) if the allowance is in respect of part only of the expenditure, a deduction allowed him under this Schedule for that or any subsequent year shall be of an amount bearing to the amount which apart from this paragraph would fall to be deducted the same proportion as the remainder of the expenditure bears to the whole.

6. Where the amount chargeable arose under section 22(2) of this Act by reason of an obligation which included the carrying out of work in respect of which any allowance has fallen or will fall to be made under Part X or Part XI of the Act of 1952, this Schedule shall apply as if the obligation had not included the carrying out of that work and the amount chargeable had been calculated accordingly.

7. Where the amount chargeable arose under section 24 of this Act and the reconveyance or grant in question takes place at a price different from that taken in calculating that amount or on a date different from that taken in determining the relevant period, the foregoing provisions of this Schedule shall be deemed to have had effect (for all relevant years of assessment) as they would have had effect if the actual price or date had been so taken, and such adjustment of liability to tax shall be made, by means of an additional assessment or otherwise, as may be necessary and may be so made at any time at which it could be made if it related only to tax for the year of assessment in which the reconveyance or grant takes place.

PROVISIONS AS TO CLAIMS UNDER SECTION 43

1. A claim under section 43 of this Act shall be made to the surveyor, and shall not be made later than two years after the end of the year of assessment to which, or to a part of which, it relates.

2.—(1) No such claim shall have effect unless it is proved that during the year or part of a year to which the claim relates—

- (a) no property belonging to the association making the claim was let otherwise than to a member of the association ;
- (b) no property let by the association, and no part of such property, was occupied, whether solely or as joint occupier, by a person not being a member of the association ;
- (c) the association making the claim satisfies the conditions specified in section 43(5)(i) and (ii) of this Act and has complied with the conditions prescribed under section 43(5)(iii) thereof for the time being in force ; and
- (d) any covenants required to be included in grants of tenancies by those conditions have been observed :

Provided that where the Commissioners of Inland Revenue are satisfied that the requirements of sub-paragraphs (a) to (d) of this paragraph are substantially complied with they may direct that the claim shall have effect, but if subsequently information comes to the knowledge of the Commissioners which satisfies them that the direction was not justified they may revoke the direction and thereupon the liability of all persons concerned to income tax for all relevant years shall be adjusted by the making of assessments or additional assessments or otherwise.

(2) For the purposes of sub-paragraph (1)(b) of this paragraph occupation by any other person in accordance with the will, or the provisions applicable on the intestacy, of a deceased member, shall be treated during the first six months after the death as if it were occupation by a member.

3. Any such claim shall be in such form and contain such particulars as may be prescribed by the Commissioners of Inland Revenue, and, without prejudice to the generality of this provision, the required particulars may include an authority granted by all members of the association for any relevant information contained in any return or statement made by a member under the provisions of the Income Tax Acts to be used by the Commissioners in such manner as they may think fit for determining whether the claim ought to be allowed.

Most Gracious Sovereign,

WE, Your Majesty's most dutiful and loyal subjects the Commons of the United Kingdom in Parliament assembled, towards making good the supply which we have cheerfully granted to Your Majesty in this Session of Parliament, have resolved to grant unto Your Majesty the sum

hereinafter mentioned; and do therefore most humbly beseech Your Majesty that it may be enacted, and be it enacted by the Queen's most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, as follows:—

GRANT OUT OF CONSOLIDATED FUND

Power for the
Treasury to
borrow.

1. The Treasury may issue out of the Consolidated Fund of the United Kingdom, and apply towards making good the supply granted to Her Majesty for the service of the year ending on 31st March 1964, the sum of £3,787,264,400.

2.—(1) The Treasury may borrow from any person, by the issue of Treasury Bills or otherwise, and the Bank of England and the Bank of Ireland may advance to the Treasury on the credit of the said sum, any sum or sums not exceeding in the whole £3,787,264,400.

(2) The date of payment of any Treasury Bills issued under this section shall be a date not later than 31st March 1964, and section 6 of the Treasury Bills Act 1877 (which relates to the renewal of bills) shall not apply with respect to those bills.

(3) Any money borrowed otherwise than on Treasury Bills shall be repaid, with any interest payable thereon, out of the Consolidated Fund, at any period not later than the next succeeding quarter to that in which the money was borrowed.

(4) Any money borrowed under this section shall be placed to the credit of the account of the Exchequer, and shall form part of the said Consolidated Fund, and be available in any manner in which such Fund is available.

APPROPRIATION OF GRANTS

Appropriation
of sums voted
for supply
services.

3. All sums granted by this Act and the other Acts mentioned in Schedule (A) annexed to this Act out of the said Consolidated Fund towards making good the supply granted to Her Majesty amounting, as appears by the said schedule, in the aggregate, to the sum of £6,350,776,530 are appropriated, and shall be deemed to have been appropriated as from the date of the passing of the Acts mentioned in the said Schedule (A), for the services and purposes expressed in Schedule (B) annexed hereto.

The abstract of schedules and schedules annexed hereto, with the notes (if any) to such schedules, shall be deemed to be part of this Act in the same manner as if they had been contained in the body thereof.

In addition to the said sums granted out of the Consolidated Fund, there may be applied out of any money directed, under section 2 of the Public Accounts and Charges Act 1891, to be applied as appropriations in aid of the grants for the services and purposes specified in Schedule (B) annexed hereto the sums respectively set forth in the last column of the said schedule.

4.—(1) So long as the aggregate expenditure on Navy, Army and Air Services respectively is not made to exceed the aggregate sums appropriated by this Act for those services respectively, any surplus arising on any vote for those services either by an excess of the sum realised on account of appropriations in aid of the vote over the sum which may be applied under this Act as appropriations in aid of that vote, or by saving of expenditure on that vote, may, with the sanction of the Treasury, be temporarily applied either in making up any deficiency in the sums realised on account of appropriations in aid of any other vote in the same department, or in defraying expenditure in the same department which is not provided for in the sums appropriated to the service of the department by this Act, and which it may be detrimental to the public service to postpone until provision can be made for it by Parliament in the usual course.

Sanction of Treasury for temporary application of surpluses on certain votes for Navy, Army and Air Services, to meet deficiencies on other votes for the same service.

(2) A statement showing all cases in which the sanction of the Treasury has been given to the temporary application of a surplus under this section, and showing the circumstances under which the sanction of the Treasury has been given, shall be laid before the House of Commons with the appropriation accounts of the Navy, Army and Air Services for the year, in order that any temporary application of any surplus sanctioned by the Treasury under this section may be submitted for the sanction of Parliament.

**PART I**  
**United Kingdom primary standards and authorised copies thereof.**

**2.—(1)** The Board of Trade (in this Act referred to as “the Board”) shall cause to be maintained standards of the yard, pound, metre and kilogramme which shall be the standards (in this Act referred to as “United Kingdom primary standards”) by reference to which, in the United Kingdom, all other standards of those units and of any other unit of measurement derived wholly or partly from any of those units shall be maintained.

**(2)** The Board shall from time to time as may appear to them expedient cause—

**(a)** the value of each of the United Kingdom primary standards to be determined or redetermined, and

**(b)** any authorised copy of any of those standards to be compared with, and its value determined or redetermined by reference to, that standard,

in such manner as the Board may direct.

**(3)** Until other provision is made by an order under section 8 of this Act—

**(a)** the United Kingdom primary standards shall be—

**(i)** in the case of the yard, the bar described in Part I of Schedule 2 to this Act ;

**Board of Trade secondary, tertiary and coinage standards.**

**3.—(1)** The Board shall maintain secondary, tertiary and coinage standards in accordance with the provisions of this section, which shall be known collectively as the Board of Trade standards.

**(2)** The secondary standards shall consist of standards of all the measures set out in Parts I and IV and all the weights set out in Part V of Schedule 3 to this Act other than capacity measures of more than one gallon or ten litres ; and any such standard shall be constructed, and, while it remains in use, from time to time at intervals not exceeding five years have its value or values redetermined, by reference to such one or more of

the United Kingdom primary standards or any authorised copies thereof as may appear to the Board to be appropriate.

PART I

(3) The tertiary standards shall consist of such standards of such of the measures or weights set out in the said Parts I, IV and V as may from time to time appear to the Board to be necessary or expedient; and any such standard shall be constructed, and, while it remains in use, from time to time at intervals not exceeding two years have its value or values redetermined, by reference to such one or more of the secondary standards as may appear to the Board to be appropriate.

(b) either be marked in whole or in part with subdivisions representing any smaller unit of measurement or multiples or fractions of such a unit or have no such markings,

as the Board think fit.

(6) Any standard of any such measure, weight or coin as aforesaid provided under section 8 of the Weights and Measures Act 1878 and in use as a Board of Trade standard immediately before the date of commencement of this section shall be deemed for the purposes of this Act to be a secondary or, as the case may be, coinage standard provided under this section; and any other standard of any such measure or weight as aforesaid in use by the Board immediately before the said date constructed, and with its value or values determined, by reference to a Board of Trade standard provided under the said section 8 shall be deemed for the purposes of this Act to be a tertiary standard provided under this section.

**standards.**

4.—(1) Subject to section 37 of this Act, there shall be maintained by each local weights and measures authority such standards (in this Act referred to as “local standards”) of such of the measures and weights set out in Schedule 3 to this Act as the Board may from time to time approve or require in the case of that authority as being proper and sufficient for the purposes of this Act.

(2) Local standards shall be provided and replaced by the local weights and measures authority from time to time as may appear to the authority to be necessary or expedient or as the Board may require, shall be of material and form approved by the Board, shall be kept at premises provided by the authority and approved for the purpose by the Board, and shall not be used elsewhere than at those premises or at other premises approved in that behalf by the Board; and a local standard of any linear or capacity measure shall—

- (a) be provided either as a separate standard or by means of divisions marked on a standard of a larger measure, and
- (b) either be marked in whole or in part with subdivisions representing any smaller unit of measurement or multiples or fractions of such a unit or have no such markings,

as the Board may from time to time direct.

(3) No article shall be used as a local standard unless there is for the time being in force a certificate of its fitness for the purpose issued by the Board.

(4) The Board shall cause any article submitted to them for certification under this section to be compared with such one or more of the tertiary standards as may appear to the Board to be appropriate and, if it falls within the prescribed limits of error and satisfies any other requirements of the Board, shall issue a certificate of its fitness for use as a local standard which, if the authority so request, shall include a statement of the amount of any error therein.

(5) A certificate issued under the last foregoing subsection shall not be valid unless it is signed by an officer of the Board authorised in that behalf by the Board, and shall cease to be in force at the expiration of the following period from the date of issue, that is to say—

- (a) if the certificate contains a statement of an error in the standard, two years;
- (b) in the case of any other standard of a weight, five years;
- (c) in the case of any other standard of a measure, ten years;

and the Board shall keep a record of all certificates issued under that subsection.

(7) The Board may demand and take on any occasion on which an article is submitted to them for certification under this section such fee as they may from time to time with the approval of the Treasury determine.

(8) Any standard of a measure or weight included in Schedule 3 to this Act and lawfully in use immediately before the date of commencement of this section as a local standard within the meaning of the Weights and Measures Act 1878 shall be deemed for the purposes of this Act to be a local standard provided under this section ; and an indenture under the said Act of 1878 evidencing the verification or reverification of that standard on a day falling before the date aforesaid shall be deemed for the purposes of this Act to be a certificate under this section issued on that day.

5.—(1) Subject to subsection (2) of this section and to section 37 of this Act, each local weights and measures authority shall provide for use by the inspectors appointed for the authority's area, and maintain or from time to time replace, such standards (in this Act referred to as "working standards") of such of the measures and weights set out in Schedule 3 to this Act, such testing equipment, and such stamping equipment, as the Board may from time to time approve or require as being proper and sufficient for the efficient discharge by those inspectors of their functions in the authority's area.

(2) If in the case of any particular description of testing equipment and any particular local weights and measures authority the Board are of opinion that, having regard to the expenditure involved and the frequency with which such equipment is likely to be used by inspectors in that authority's area, it would not be reasonable to require such equipment to be provided and maintained by that authority, then, if that authority so request, the Board may instead themselves provide and maintain equipment of that description for hiring by that authority from time to time on such terms as the Board may determine.

(3) Working standards and testing and stamping equipment provided under subsection (1) of this section shall be of material and form approved by the Board and, except so far as may be necessary for the purposes of their use elsewhere, shall be kept

- (b) any weighing or measuring equipment,

submitted by that government or person for the purpose at such place as the Board may direct.

(2) Any report of the Board under the foregoing subsection shall be authenticated by the signature of an officer of the Board authorised in that behalf by the Board.

PART II

(3) Any person requiring any equipment to which this section applies to be passed as fit for use for trade shall submit the equipment to an inspector in such manner as the local weights and measures authority may direct and, subject to the provisions of this Act and of any regulations made under section 14 thereof and to the payment by that person of the prescribed fee, the inspector shall—

**12.—**(1) Where any pattern of weighing or measuring equipment is submitted to the Board for the purpose by any person in such manner as may be prescribed, the Board shall, on payment of such fee as the Board may from time to time with the approval of the Treasury determine, examine in such manner as they think fit the suitability for use for trade of equipment of that pattern, having regard in particular to the principle, materials and methods used or proposed to be used in its construction, and if the Board are satisfied that such equipment is suitable for use for trade, then, subject to section 13 (2) of this Act, they shall issue a certificate of approval of that pattern and cause particulars thereof to be published and may from time to time thereafter authorise such minor modifications thereof as they think fit and cause particulars of those modifications to be published:

Provided that the requirements of this subsection as to the publication of the particulars of any pattern or modification

shall not apply where the certificate of approval is issued subject to such a condition as is mentioned in the next following subsection.

## PART II

(2) A certificate of approval under the foregoing subsection may be granted subject to a condition that, except with the consent of the Board, equipment of the pattern in question shall be used for trade only for a specified period or only for a specified purpose; and if any person, knowing that such a condition has been imposed with respect to any equipment, uses, or causes or permits any other person to use, that equipment in contravention of that condition, or disposes of that equipment to any other person in a state in which it could be used for trade without informing that other person of that condition, he shall be guilty of an offence and the equipment shall be liable to be forfeited.

(5) A certificate granted under section 6 of the Weights and Measures Act 1904 in respect of any pattern of weighing or measuring equipment shall be deemed for the purposes of this Act to be a certificate of approval of that pattern granted under this section.

13.—(1) The Board may by regulations prescribe general specifications for the construction of equipment to which section 11 of this Act applies and, subject to subsection (4) of this section, while any such specification is for the time being so prescribed no equipment which does not conform therewith shall be passed or stamped by an inspector under the said section 11 unless it is of a pattern in respect of which a certificate

(3) Where any specification prescribed by regulations under this section is varied or revoked by further regulations thereunder, then if any person uses for trade, or has in his possession for such use, or causes or permits any other person so to use, any equipment which conformed with that specification but which to his knowledge no longer conforms with any specification so prescribed, or disposes of any such equipment to any other person in a state in which it could be so used without informing that other person that it no longer so conforms, he shall be guilty of an offence and the equipment shall be liable to be forfeited.

(4) Where, in the case of any particular equipment, the Board are of opinion that there are special circumstances which make it impracticable or unnecessary for that equipment to comply with any particular requirement of any specification prescribed under this section, the Board may exempt that equipment from that requirement subject to compliance with such conditions, if any, as they think fit; and if any person knowingly contravenes any condition imposed with respect to any equipment by virtue of this subsection, he shall be guilty of an offence and the equipment shall be liable to be forfeited.

(5) If any difference arises between an inspector and any other person as to the interpretation of any specification prescribed under this section, or as to whether or not any equipment conforms with such a specification, that difference may with the consent of that other person, and shall at the request of that other person, be referred to the Board, whose decision shall be final.

(ii) where the goods are pre-packed or otherwise made up in or on a container for sale or for delivery after sale and are goods such as are required by or under this Act to be pre-packed, or to be otherwise so made up, as the case may be, only if the container is marked with an indication of quantity or only in particular quantities ; or

defence.

(a) that he bought the goods from some other person—

(i) as being of the quantity which the person charged purported to sell or represented, or which was marked on any container or stated in any document to which the proceedings relate ; or

(ii) as conforming with the statement marked on any container to which the proceedings relate, or with the requirements with respect to the pre-packing of goods of this Act and any instrument made thereunder,

as the case may require ; and

(b) that he so bought the goods with a written warranty from that other person that they were of that quantity or, as the case may be, did so conform ; and

(c) that at the time of the commission of the offence he had no reason to believe the statement contained in the warranty to be inaccurate, that he did in fact believe in its accuracy and, if the warranty was given by a person who at the time he gave it was resident outside Great Britain and any designated country, that the person charged had taken reasonable steps to check the accuracy of that statement ; and

(d) in the case of proceedings relating to the quantity of any goods, that he took all reasonable steps to ensure that, while in his possession, the quantity of the goods remained unchanged and, in the case of such or any

other proceedings, that apart from any change in their quantity the goods were at the time of the commission of the offence in the same state as when he bought them.

(2) A warranty shall be a defence in such proceedings as aforesaid only if, not later than three days before the date of the hearing, the person charged has sent to the prosecutor a copy of the warranty with a notice stating that he intends to rely on it and specifying the name and address of the person from whom the warranty was received, and has also sent a like notice to that person.

(3) Where the person charged is a servant of a person who, if he had been charged, would have been entitled to plead a warranty as a defence under this section, subsection (1) of this section shall have effect as if any reference (however expressed) in paragraphs (a) to (d) thereof to the person charged, other than the first such reference in paragraph (c) thereof, were a reference to his employer.

(4) The person by whom the warranty is alleged to have been given shall be entitled to appear at the hearing and to give evidence.

(5) If the person charged in any such proceedings as aforesaid wilfully attributes to any goods a warranty given in relation to any other goods, he shall be guilty of an offence.

(6) A person who, in respect of any goods sold by him in respect of which a warranty might be pleaded under this section, gives to the buyer a false warranty in writing shall be guilty of an offence unless he proves that when he gave the warranty he took all reasonable steps to ensure that the statements contained therein were, and would continue at all relevant times to be, accurate.

(7) Where in any such proceedings as aforesaid the person charged relies successfully on a warranty given to him or to his employer, any proceedings under the last foregoing subsection in respect of the warranty may, at the option of the prosecutor, be taken either before a court having jurisdiction in the place where the first-mentioned proceedings were taken or before a court having jurisdiction in the place where the warranty was given.

(8) For the purposes of this section, any statement with respect to any goods which is contained in any document required by or under this Act to be associated with the goods or in any invoice, and, in the case of goods made up in or on a container for sale or for delivery after sale, any statement with respect to those goods with which that container is marked, shall be deemed to be a written warranty of the accuracy of that statement.

**26.—(1)** In any proceedings for an offence in respect of any goods under this Part of this Act or any instrument made thereunder, it shall be a defence for the person charged to prove—

(b) that he took all reasonable precautions and exercised all due diligence to avoid the commission of such an offence in respect of those goods by himself or any person under his control.

**(2)** In any proceedings for an offence under this Part of this Act or any instrument made thereunder by reason of the quantity—

(a) of any goods made up for sale or for delivery after sale (whether by way of pre-packing or otherwise) in or on a container marked with an indication of quantity; or

(b) of any goods which, in connection with a sale or agreement for the sale thereof, have associated therewith a document purporting to state the quantity of the goods; or

(c) of any goods required by or under this Act to be pre-packed, or to be otherwise made up in or on a container for sale or for delivery after sale, or to be made for sale, only in particular quantities,

being less than that marked on the container or stated in the document in question or than the relevant particular quantity, as the case may be, it shall be a defence for the person charged to prove that the deficiency arose—

(i) in a case falling within paragraph (a) of this subsection, after the making up of the goods and the marking of the container;

(ii) in a case falling within paragraph (b) of this subsection, after the preparation of the goods for delivery in pursuance of the sale or agreement and after the completion of the document;

(4) Without prejudice to any defence under subsection (2) or (3) of this section, in any proceedings for such an offence in respect of any goods as is mentioned in the said subsection (2) it shall not be a defence under subsection (1)(a) of this section for the person charged to prove that the commission of the offence was due to some cause beyond his control if that cause was one which should reasonably have been foreseen and for which allowance could reasonably have been made in stating the quantity of the goods or in making up or making the goods, as the case may be.

(5) If in any proceedings for an offence under this Part of this Act or any instrument made thereunder, being an offence in respect of any deficiency in the quantity of any goods sold, it is shown that between the sale and the discovery of the deficiency the goods were with the consent of the buyer subjected to treatment which could result in a reduction in the quantity of those goods for delivery to, or to any person nominated in that behalf by, the buyer, the person charged shall not be found guilty of that offence unless it is shown that the deficiency cannot be accounted for by the subjecting of the goods to that treatment.

(6) In any proceedings for an offence under this Part of this Act or any instrument made thereunder, being an offence in respect of any excess in the quantity of any goods, it shall be a defence for the person charged to prove that the excess was attributable to the taking of measures reasonably necessary in order to avoid the commission of an offence in respect of a deficiency in those or other goods.

(7) If proceedings for an offence under this Part of this Act or any instrument made thereunder in respect of any deficiency or excess in the quantity—

- (a) of any goods made up for sale (whether by way of pre-packing or otherwise) in or on a container marked with an indication of quantity ;

- (i) if the proceedings are with respect to one or more of a number of articles tested on the same occasion, shall have regard to the average quantity in all the articles tested;
- (ii) if the proceedings are with respect to a single article, shall disregard any inconsiderable deficiency or excess; and
- (iii) shall have regard generally to all the circumstances of the case.

**27.**—(1) A person against whom proceedings are brought for an offence under this Part of this Act or any instrument made thereunder shall, upon information duly laid by him and on giving to the prosecutor not less than three clear days' notice of his intention to avail himself of the provisions of this subsection, be entitled to have brought before the court in those proceedings any other person to whose act or default he alleges that the commission of the offence was due; and if, after the offence has been proved, the original defendant proves that the commission thereof was due to an act or default of that other person—

(4) Where it appears to any authority by or on behalf of whom proceedings for such an offence as aforesaid may be instituted that such an offence has been committed by some person, and that authority is reasonably satisfied that the offence was due to an act or default of some other person and that the first-mentioned person could establish a defence under subsection (1) or (3) of this section, that authority may take or authorise the taking of proceedings against that other person without first taking or authorising the taking of proceedings against the first-mentioned person; and in any such proceedings that other person may be charged with, and, on proof that the commission of the offence was due to his act or default, be convicted of, the offence with which the first-mentioned person might have been charged.

(5) Where by virtue of subsection (4) of this section a person is charged with an offence with which some other person might have been charged, the reference in section 26 (7) of this Act to articles or goods sold by or in the possession of the person charged shall be construed as a reference to articles or goods sold by or in the possession of that other person.

then, subject to subsection (2) of this section, the person charged shall be acquitted of the offence; and if it is proved as mentioned in paragraph (a) of this subsection, then, whether or not the person charged is acquitted, the court shall cause notice of the proceedings to be sent to the Board.

## PART IV

## SCHEDULE 2

## Section 2.

EXISTING UNITED KINGDOM PRIMARY STANDARDS AND  
AUTHORISED COPIES THEREOF

## PART I

*Description of United Kingdom primary standard of the yard*

A solid bronze bar, about 38 inches long and about 1 inch square in transverse section, marked "Copper 16 oz. Tin  $2\frac{1}{2}$  Zinc 1 Mr. Baily's Metal No. 1 STANDARD YARD at 62°·00 Faht. Cast in 1845 Troughton & Simms, LONDON." and having near to each end a cylindrical hole sunk to the depth of about  $\frac{1}{4}$  inch at the bottom of which is inserted in a smaller hole a golden plug about one-tenth of an inch in diameter with, cut upon its surface, three fine lines about one hundredth of an inch apart transverse, and two fine lines about three hundredths of an inch apart parallel, to the axis of the bar, measurement being made of the mean interval between the two plugs on their respective middle transverse lines between their respective longitudinal lines when the bar is at the temperature of 62° Fahrenheit and supported on bronze rollers placed under it in such manner as best to avoid flexure of the bar and to facilitate its free expansion and contraction from variations of temperature.

## PART II

*Description of United Kingdom primary standard of the pound*

A platinum cylinder about 1.35 inches in height and about 1.15 inches in diameter marked "PS 1844 1 lb", having its edges rounded off and a groove about 0.34 inch below the top of the cylinder.

## PART III

*Description of United Kingdom primary standard of the metre*

The British copy of the prototype metre, being a bar about 102 centimetres long with a cross-section of modified X-form and made of platinum iridium alloy (90 per cent. platinum, 10 per cent. iridium), bearing at one end the markings "0°C & 20°C", "A.16 SIP GENEVE 1956" and (on the cross-section) "1" and at the other end the markings "B.16" and (on the cross-section) "2", and having engraved on the exposed neutral plane—

- (a) near each end and also at the centre, two parallel longitudinal lines about 0.12 millimetre apart;
- (b) near the end marked "1" and at the centre, one transverse line; and
- (c) near the end marked "2", two transverse lines about 0.17 millimetre apart,

measurement being made of the mean interval between the portions of the most widely separated transverse lines which are between the respective longitudinal lines when the bar is at the temperature of 0° Celsius, is subjected to an atmospheric pressure of 1013.250 millibars, and is supported on two rollers at least one centimetre in diameter placed symmetrically 571 millimetres apart in the same horizontal plane.

## SCH. 2

## PART IV

*Description of United Kingdom primary standard of the kilogramme*

The British copy of the prototype kilogramme, being a solid cylinder marked "18" of height equal to its diameter made of platinum-iridium alloy (90 per cent. platinum, 10 per cent. iridium).

## PART V

*Authorised copies of United Kingdom primary standards of the yard and pound*

Copies of the bar and cylinder described in Parts I and II respectively of this Schedule of the same construction and form as that bar and cylinder are respectively marked and deposited as follows—

- (a) a bronze bar marked "Copper 16 oz. Tin  $2\frac{1}{2}$  Zinc 1 Mr. Baily's Metal No. 2 STANDARD YARD at  $61^{\circ}.94$  Faht. Cast in 1845 Troughton & Simms, LONDON.", and a platinum cylinder marked "No 1 PC 1844 1 lb", deposited at the Royal Mint;
- (b) a bronze bar marked "Copper 16 oz. Tin  $2\frac{1}{2}$  Zinc 1 Mr. Baily's Metal No. 3 STANDARD YARD at  $62^{\circ}.10$  Faht. Cast in 1845 Troughton & Simms, LONDON.", and a platinum cylinder marked "No 2 PC 1844 1 lb", deposited at the premises of the Royal Society;
- (c) a bronze bar marked "Copper 16 oz. Tin  $2\frac{1}{2}$  Zinc 1 Mr. Baily's Metal No. 5 STANDARD YARD at  $62^{\circ}.16$  Faht. Cast in 1845 Troughton & Simms, LONDON.", and a platinum cylinder marked "No 3 PC 1844 1 lb", deposited at the Royal Greenwich Observatory;
- (d) a bronze bar marked "Copper 16 oz. Tin  $2\frac{1}{2}$  Zinc 1 Mr. Baily's Metal No. 4 STANDARD YARD at  $61^{\circ}.98$  Faht. Cast in 1845 Troughton & Simms, LONDON.", and a platinum cylinder marked "No 4 PC 1844 1 lb", immured in the Palace of Westminster;
- (e) a bronze bar marked "Copper 16 oz. Tin  $2\frac{1}{2}$  Zinc 1. BAILY'S METAL. PARLIAMENTARY COPY (VI) OF THE IMPERIAL STANDARD YARD. 41 & 42 VICTORIA, CHAPTER 49. STANDARD YARD AT  $62^{\circ}$  FAHT. CAST IN 1878. Troughton & Simms. London. (2) There shall, before the journey begins, be delivered to the person in charge of the vehicle a document signed by or on behalf of the seller stating—

- (e) sufficient particulars to identify the vehicle ; and
- (f) the place, date and time of the loading of the ballast in the vehicle.

(3) Where the quantity of the ballast is stated in the document aforesaid by volume, the ballast shall be carried on the vehicle only in such a receptacle as is mentioned in paragraph 4 of this Schedule.

(4) The statement referred to in sub-paragraph (2) (d) of this paragraph shall not be required at any time while the vehicle is travelling between the place where it was loaded and the nearest suitable and available weighing equipment if the whole of the vehicle's load is being delivered to the same person at the same premises and the document aforesaid states that the quantity of the ballast is to be expressed by net weight determined by means of that equipment and specifies the place at which the equipment is situated.

(5) In any case to which the last foregoing sub-paragraph applies, the person in charge of the vehicle at the time when the net weight of the ballast is determined shall forthwith add to the document aforesaid a statement of that net weight, and if he fails so to do he shall be guilty of an offence.

(6) If any of the provisions of sub-paragraph (2) or (3) of this paragraph is contravened, the seller shall be guilty of an offence.

## SCH. 5

(7) If the vehicle is carrying ballast as mentioned in sub-paragraph (1) of this paragraph for delivery to each of two or more persons, sub-paragraphs (1) to (3) of this paragraph shall apply separately in relation to each of those persons:

Provided that this sub-paragraph shall not be construed as prohibiting the use of the same receptacle such as is mentioned in the said sub-paragraph (3) for the carriage of ballast for delivery to two or more different persons.

8. If all or any of the ballast on the vehicle is being carried in such circumstances that paragraph 7 of this Schedule does not apply thereto, there shall before the journey begins be delivered to the person in charge of the vehicle a document containing a statement to that effect signed by or on behalf of the person causing that ballast to be carried and giving the name and address of the last-mentioned person, and if this paragraph is contravened the last-mentioned person shall be guilty of an offence;

Provided that this paragraph shall not apply where all the ballast in the vehicle is being carried in such circumstances as aforesaid and is being so carried in a container which does not form part of the vehicle.

9. Any document required by paragraph 7 or 8 of this Schedule shall at all times during the journey be carried by the person for the time being in charge of the vehicle and shall be handed over by him to any other person to whom he hands over the charge of the vehicle in the course of the journey; and in the case of any document such as is mentioned in the said paragraph 7, on the unloading of the ballast to which the document relates at the premises to which that ballast is to be delivered—

- (a) before any of that ballast is so unloaded, the document shall be handed over to the buyer; or
- (b) if the document cannot be so handed over by reason of the absence of the buyer, it shall be left at some suitable place at those premises;

and if at any time any of the provisions of this paragraph is contravened without reasonable cause, the person in charge of the vehicle at that time shall be guilty of an offence.

10. In the case of any document such as is mentioned in paragraph 7 of this Schedule, if at any time during the journey or on unloading at the place of delivery the quantity of the ballast to which the document relates is found to be less than that stated in the document, the statement shall nevertheless be deemed for the purposes of this Act to be correct if, but only if, it is proved that the deficiency is solely attributable to the draining away of normal moisture from, or the consolidation of, the ballast during the journey.

## PART III

*Application to Scotland*

11. In the application of this Act to Scotland, paragraph 2 and Part II of this Schedule shall apply only to such areas as the Board may by order specify; and, in relation to any area so specified, a

### *Weighing of solid fuel at buyer's request*

7. If in the case of any solid fuel sold otherwise than by means of a vending machine the buyer so requests—

- (a) with respect to any of that fuel the delivery of which has not at the time of the request been completed; or
- (b) if the request is made before the departure from the premises at which the fuel is delivered of the person delivering it, with respect to any of that fuel the delivery of which has been completed but which is still capable of identification,

the seller shall cause the fuel to be weighed by means of suitable weighing equipment in the presence of the buyer and, in the case

of any fuel such as is mentioned in sub-paragraph (a) of this paragraph, before the delivery of that fuel is completed; and if this paragraph is contravened, the seller shall be guilty of an offence.

8. Where a request under paragraph 7 of this Schedule is made in respect of the whole load of a vehicle, the requirements of that paragraph shall be deemed to be satisfied, notwithstanding that the weighing is not done in the presence of the buyer, if the seller causes the vehicle to be check-weighed and the statements of the weights found by the person or persons attending to the check-weighing to be delivered to the buyer.

9. Where after any weighing in pursuance of a request under paragraph 7 of this Schedule the weight of the solid fuel is found to be not less than that marked on any container in which the fuel was made up or than that stated by the seller in any document delivered to the buyer at or before the delivery of the fuel to him, the buyer shall be liable to repay to the seller all costs reasonably incurred by the seller in connection with the weighing.

### PART III

#### *Carriage of solid fuel by road*

10. This Part of this Schedule shall have effect with respect to the carriage by a road vehicle on a journey any part of which is along a highway of any solid fuel required by paragraph 2 of this Schedule to be sold only by net weight (in this Part of this Schedule referred to as "relevant goods").

11.—(1) If the vehicle is carrying any relevant goods for delivery to a buyer in pursuance of, or of an agreement for, a sale of a quantity exceeding two hundredweight, then, subject to sub-paragraph (5) of this paragraph, there shall before the journey begins be delivered to the person in charge of the vehicle a document signed by or on behalf of the seller stating—

- (e) where any of the said goods are made up in containers—
  - (i) the number of those containers; and
  - (ii) except where the whole of the relevant goods carried on the vehicle are for delivery to a single buyer, and except where the whole of the vehicle's load consists of such solid fuel as is mentioned in paragraph 3 (3) (a) of this Schedule, the net weight of the goods in each of those containers;

and if this sub-paragraph is contravened the seller shall be guilty of an offence.

(2) Where the whole of the vehicle's load consists of relevant goods not made up in containers and is being delivered to the same person at the same premises, the statement referred to in

Sch. 6 sub-paragraph (1) (d) of this paragraph shall not be required at any time while the vehicle is travelling between the place where it was loaded and the nearest suitable and available weighing equipment if the document aforesaid states that the quantity of the relevant goods is to be expressed by net weight determined by means of that equipment and specifies the place at which the equipment is situated.

(3) In any case to which the last foregoing sub-paragraph applies, the person in charge of the vehicle at the time when the net weight of the relevant goods is determined shall forthwith add to the document aforesaid a statement of that net weight, and if he fails so to do he shall be guilty of an offence.

(4) If the vehicle is carrying relevant goods to which sub-paragraph (1) of this paragraph applies for delivery to each of two or more buyers—

(a) that sub-paragraph shall apply separately in relation to each of those buyers ; and

(b) the relevant goods for delivery to each respectively of those buyers shall be carried on the vehicle made up separately in containers or in separate compartments ;

and if paragraph (b) of this sub-paragraph is contravened the seller shall be guilty of an offence :

Provided that the said paragraph (b) shall not apply where the vehicle is constructed or adapted for the mechanical making up in containers of the fuel carried thereon and incorporates weighing equipment approved by the Board for that purpose.

(5) Sub-paragraph (1) of this paragraph shall not apply to any goods which to the knowledge of the seller are to be loaded into a ship before their delivery to the buyer.

12. If all or any of the relevant goods on the vehicle are being carried in such circumstances that paragraph 11 (1) of this Schedule does not apply, there shall, before the journey begins, be delivered to the person in charge of the vehicle a document signed by or on behalf of the person causing the goods to be carried giving the name and address of the last-mentioned person and containing a statement to the effect that all or part of the relevant goods on the vehicle are goods to which the said paragraph 11 (1) does not apply, and if this paragraph is contravened the last-mentioned person shall be guilty of an offence :

Provided that this paragraph shall not apply where the total quantity of the relevant goods carried on the vehicle does not exceed two hundredweight.

13. Any document required by paragraph 11 or 12 of this Schedule shall at all times during the journey be carried by the person for the time being in charge of the vehicle and shall be handed over by him to any other person to whom he hands over the charge of the vehicle in the course of the journey ; and in the case of any document such as is mentioned in the said paragraph 11, on the unloading of the goods to which the document relates at the premises to which those goods are to be delivered—

(a) before any of those goods are so unloaded, the document shall be handed over to the buyer ; or

(b) if the document cannot be so handed over by reason of the absence of the buyer, it shall be left at some suitable place at those premises ;

and if at any time any of the requirements of this paragraph is contravened without reasonable cause, the person in charge of the vehicle at that time shall be guilty of an offence.

#### PART IV

##### *Carriage of solid fuel by rail*

14. Where any seller of solid fuel causes that fuel to be loaded into a rail vehicle by way of, or for the purpose of, the delivery of that fuel to, or to a person nominated in that behalf by, the buyer, and the fuel is not carried on the vehicle made up in containers, then, except where at the time of loading it is known to the seller that before the fuel is delivered to the consignee it is to be loaded into a ship, paragraphs 15 to 17 of this Schedule shall apply in relation to that vehicle.

15. Subject to paragraph 20 of this Schedule, the vehicle shall not be loaded until its tare weight has been determined or redetermined by means of suitable weighing equipment at the place of loading.

16. As soon as the loading has been completed and the seller has ascertained the weight of the vehicle with its load and the identity of the consignee, the seller shall cause to be attached to the vehicle a document stating—

- (a) the name of the seller and the place and date of weighing ;
- (b) the name of the consignee and the destination of the vehicle ;
- (c) sufficient particulars to identify the vehicle ;
- (d) the tare weight of the vehicle as determined or redetermined in pursuance of paragraph 15 of this Schedule or, if by virtue of paragraph 20 of this Schedule the said paragraph 15 does not apply to the vehicle, the tare weight of the vehicle expressed to be as estimated by the seller ;
- (e) the weight attributed to the solid fuel in the vehicle by the seller for the purpose of calculating its purchase price ;

(2) The authority responsible for railway traffic at that destination shall—

- (a) permit the consignee and, subject to the production if so requested of his credentials, any inspector to inspect the document aforesaid ; and
- (b) permit the consignee either to take possession of that document after the vehicle is unloaded or to make a copy of the particulars stated therein ; and
- (c) if so requested by the consignee with respect to any such copy which the authority is satisfied is accurate, certify the accuracy thereof ;

and if any of the provisions of this sub-paragraph is contravened the said authority shall be guilty of an offence.

## SCH. 6

(3) Any of the following persons, that is to say—

- (a) any inspector, subject to the production if so requested of his credentials ; or
- (b) the consignee, subject to his undertaking to pay any cost reasonably incurred,

may require the vehicle to be weighed either before or after or both before and after it is unloaded, and the vehicle shall be weighed accordingly unless it is certified by or on behalf of the authority aforesaid that in the circumstances of the particular case the carrying out of the weighing would cause undue dislocation of railway traffic at the vehicle's destination ; and any inspector who is present at any such weighing shall if so requested certify the weight found.

(4) If when the fuel is unloaded from the vehicle it is weighed accurately with accurate weighing equipment in the presence of an inspector, the inspector shall if so requested certify that it was so weighed and state in his certificate the weight found.

18. Where, in the case of any rail vehicle used on a journey to carry solid fuel which is not made up in containers, paragraphs 15 to 17 of this Schedule do not apply, the consignor shall cause to be attached to the vehicle before it starts on the journey a document stating the name of the consignor and the place of loading of the vehicle.

19. In the case of a contravention of paragraph 15 or 16 of this Schedule, the seller, or, in the case of a contravention of paragraph 18 of this Schedule, the consignor, shall be guilty of an offence ; and if in the case of any rail vehicle used on a journey to carry solid fuel—

- (a) the authority responsible for railway traffic at the place of loading or any person employed by that authority wilfully prevents or impedes the attachment to the vehicle of the document required by the said paragraph 16 or 18 ; or
- (b) any person, being a person concerned in the sale, carriage or delivery of that fuel, wilfully removes, defaces or alters any such document attached to the vehicle,

that authority or person shall be guilty of an offence.

20.—(1) Paragraph 15 of this Schedule shall not apply to any rail vehicle loaded at a mine of coal with respect to which it is certified by or on behalf of the National Coal Board—

- (a) that production of solid fuel is unlikely to continue after the expiration of the period of five years beginning with the date of the passing of this Act ; or
- (b) that in no year is the aggregate amount of solid fuel loaded as mentioned in paragraph 14 of this Schedule likely to exceed one hundred thousand tons ; or
- (c) that owing to a shortage of rail vehicles compliance with the said paragraph 15 would for the time being cause undue dislocation of the working of the mine ;

and if in the case of any other place any seller of solid fuel who uses that place for causing that fuel to be loaded as mentioned in paragraph 14 of this Schedule makes representations to the

Board of Trade that the provision at that place of weighing equipment suitable for determining the tare weight of rail vehicles is not reasonably practicable or would be unjustified on economic grounds and the Board of Trade are satisfied that there are grounds for those representations, the Board of Trade may direct that, subject to such conditions and for such period as may be specified in the direction, the said paragraph 15 shall not apply to any vehicle loaded at that place.

SCH. 6

(2) The National Coal Board shall cause notice in writing to be given forthwith to the local weights and measures authority within whose area the mine in question is situated of the issue or withdrawal of any certificate such as is mentioned in sub-paragraph (1) (c) of this paragraph, and if without reasonable cause they fail so to do they shall be guilty of an offence.

- (a) any reference to an inner London borough shall be construed as a reference to one of the London boroughs numbered from 1 to 12 in the said Part I;

**PART I**

(b) any reference to an outer London borough shall be construed as a reference to one of the London boroughs numbered from 13 to 32 in the said Part I.

and any charter which purports to be granted in pursuance of the Royal prerogative and this subsection shall be deemed to be valid and within the powers of this Act and Her Majesty's prerogative and the validity thereof shall not be questioned in any legal proceeding whatever.

(3) In the case of any London borough whose inhabitants are not incorporated by such a charter as is referred to in the last foregoing subsection, provision for their incorporation shall be made by the Minister by order (hereafter in this Act referred to as an "incorporation order") which may include any such provision as is mentioned in paragraph (a) or (b) of that subsection.

- (a) the Local Government Act of 1888, 1929, 1933 or 1958 ; or

6. If at any time the Secretary of State is satisfied, whether on representations made to him by the council of a London borough, or by the Greater London Council, or, in relation to borough 1, by the Common Council, or otherwise, that there are sufficient grounds for considering an alteration—

8.—(1) Paragraphs 2 to 5 of Part III of Schedule 1 to this Act shall apply in relation to a notice given under paragraph 5 or 6 of this Schedule (other than a notice relating only to a borough or other area falling within paragraph 7 (1) (b) of this Schedule) as they apply in relation to a notice under paragraph 1 of the said Part III, and accordingly—

- (a) any reference in the said paragraphs 2 to 5 to the said paragraph 1 shall include a reference to paragraph 5 or, as the case may be, 6 of this Schedule (except so far as

9. Except in the exercise of a casting vote when presiding over a meeting of the Council or a committee thereof—

(a) a councillor of the Council elected for an electoral area which includes the City and the Temples shall not vote at any such meeting on any matter involving only expenditure on account of which no part of the City, the Temples or borough 1 is for the time being liable to be charged; and

The expenditure by the Council on capital account or on lending to other persons shall be regulated by annual money Acts, the Bills for which shall be promoted by the Council and each of which shall make provision for a financial period consisting of a financial year (that is to say, a period of twelve months ending on the thirty-first day of March) and the immediately following six months.

26.—(1) During any such financial period as aforesaid, the Council may expend on capital account for such purposes as may be mentioned in the relevant annual money Act such sums as the Council think fit not exceeding the amounts specified in that Act in relation to those purposes for the first twelve months and the last six months respectively of that period.

(2) In addition to any other money which the Council are authorised by any such Act to expend for any purpose in the last six months of the relevant financial period, the Council may also expend for that purpose during those last six months any money which they are by that Act authorised to expend but have not expended for that purpose in the first twelve months of that period.

(3) Any money expended in the last six months of a financial period shall be treated as expenditure on account of the financial year comprising those six months.

27.—(1) During any such financial period as aforesaid the Council may lend to persons of any class mentioned in the next following sub-paragraph such sums as the Council think fit not exceeding the amounts specified in the relevant annual money Act in relation to loans to persons of that class for the first twelve months and the last six months respectively of that period.

(2) The classes of persons referred to in the foregoing sub-paragraph are—

- (a) the London borough councils ;

- (b) any other persons having power to levy or to issue a precept for a rate within Greater London or to make any charge on a rate leviable within Greater London or to take or charge within Greater London any due or imposition in the nature of a rate ;
- (c) the governors or managers of educational institutions, including special or approved schools ;
- (d) committees of school treatment centres ;
- (e) the governors or committees of voluntary hostels, homes, or other establishments ;
- (f) persons desiring to borrow money under the Small Dwellings Acquisition Acts 1899 to 1923 or the Housing (Financial Provisions) Act 1958 ;
- (g) persons of any other class specified in the relevant annual money Act.

(3) In addition to any other money which the Council are authorised by an annual money Act to lend to any class of persons in the last six months of a financial period, the Council may also lend to any persons of that class during those six months any money which the Council are by that Act authorised to lend but have not lent to persons of that class in the first twelve months of that period.

(4) A loan made under this paragraph during the last six months of a financial period shall be treated as a loan made on account of the financial year comprising those six months.

(5) Subject to the provisions of any enactment relating to the borrowing powers of the person concerned, any person shall have power to borrow from the Council any money which the Council are by virtue of the foregoing provisions of this paragraph authorised to lend to that person.

(6) Money lent under this paragraph shall be repaid to the Council with interest within such period as the borrower (with the consent of the Minister where his consent is necessary to the borrowing) and the Council may agree, but the period shall not exceed—

- (a) in the case of money lent to a person borrowing as mentioned in sub-paragraph (2) (f) of this paragraph, eighty years ;
- (b) in any other case, sixty years.

(7) Money lent under this paragraph may be made repayable either in one sum or by instalments or by a series of equal annual or other instalments comprising both principal and interest or otherwise as may be agreed between the Council and the borrower.

(8) Where the Council lend money to a person whose power to borrow is subject to the consent of the Minister, the consent of the Minister to the borrowing of the money shall be conclusive evidence that that person had power to borrow the money at the time when the consent was given.

28.—(1) If the whole of the amount authorised by an annual money Act to be expended for any authorised purpose in the first twelve or last six months of the relevant financial period aforesaid

**SCH. 2** is not required to be so expended, the Council may with the approval of the Treasury expend for any other authorised purpose in those twelve or, as the case may be, six months (in addition to the amount authorised in relation to that other purpose) an amount not exceeding the unexpended portion of the first-mentioned amount.

(2) If by reason of unforeseen circumstances the amount authorised by an annual money Act to be expended for any authorised purpose in the first twelve or last six months of the relevant financial period aforesaid is found to be insufficient, the Treasury may on the application of the Council authorise the Council to expend for that purpose such further sums as it is shown to the satisfaction of the Treasury to be necessary or desirable for the Council so to expend, not exceeding in the aggregate such amount as may be authorised in that behalf by that Act in relation to those twelve or, as the case may be, six months.

(3) In ascertaining for the purposes of paragraph 26(2) or 27(3) of this Schedule the amount which may be expended for any authorised purpose in the last six months of the financial period aforesaid to which an annual money Act relates, there shall be taken into account the extent to which the sum authorised to be expended for that purpose in the first twelve months of that period has been expended under sub-paragraph (1) of this paragraph for any other authorised purpose.

(4) The provisions of paragraph 27(6) to (8) of this Schedule shall apply to any loan under this paragraph as they apply to any loan under that paragraph.

(5) In this paragraph references in connection with an annual money Act to expenditure for an authorised purpose are references to expenditure—

- (a) on capital account for a purpose mentioned in that Act; or
- (b) on loans to persons of a class either mentioned in paragraph 27(2)(a) to (f) of this Schedule or specified in that Act.

29. Notwithstanding anything in section 195 of the Local Government Act 1933, the Council may borrow money for the purpose of expenditure on capital account or on lending if, but only if, the expenditure is authorised by an annual money Act; and where any such expenditure is so authorised the consent of the sanctioning authority within the meaning of Part IX of the said Act of 1933 shall not be required to any borrowing for the purpose thereof.

#### *Insurance fund*

30.—(1) The Council may establish a fund (in this paragraph referred to as “the insurance fund”) to be available for making good such losses, damages, costs and expenses as may from time to time arise in respect of such risks as the Council may determine (in this paragraph referred to as “the specified risks”).

(2) The establishment of the insurance fund shall not prevent the Council from insuring in any insurance office in the United Kingdom against the whole or any part of the specified risks.

(3) The Council shall in respect of each year after the establishment of the insurance fund pay into that fund such sum as they think necessary not exceeding the aggregate of—

- (a) a sum which in their opinion would be the aggregate amount of the premiums which would be payable during the year if the Council were fully insured against the specified risks in an insurance office in the United Kingdom ; and
- (b) a sum equal to the amount of any income arising from the fund which is carried to the general London account of the Council's general fund under sub-paragraph (6) of this paragraph ;

but so long as the insurance fund amounts to or exceeds a sum which in the opinion of the Council is reasonably necessary to cover the specified risks the Council may if they think fit discontinue the yearly payments required by this sub-paragraph.

(4) The amount by which any sum paid into the insurance fund in respect of any year exceeds the sum referred to in sub-paragraph (3) (b) of this paragraph may at the discretion of the Council be provided from the respective revenues, funds or rates which, if the specified risks were insured in an insurance office, would be properly chargeable with the payment of the premiums on that insurance or may be provided as a payment for general London purposes.

(5) Pending the application of the insurance fund for the purposes authorised by this paragraph, the moneys in the fund shall, unless applied in any other manner authorised by any enactment, be invested in any investment for the time being authorised by law for the investment of trust property ; and sections 1 to 6 of the Trustee Investments Act 1961 shall apply in relation to the power of investment conferred on the Council by this sub-paragraph as if the Council were trustees and the insurance fund were trust property.

(6) Any income arising from the investment of money in the insurance fund or otherwise from the application of that fund shall be credited to the general London account of the Council's general fund.

(7) If at any time the insurance fund is insufficient to make good any losses, damages, costs or expenses arising in respect of any specified risk, the Council shall make good the deficiency as a payment for general London purposes and may for that purpose borrow money.

(8) Where the Council insure against any risk in any insurance office in the United Kingdom, the Council may if they think fit pay out of the insurance fund any premiums payable in respect of that insurance ; but no such premium shall be so paid if in consequence of the payment the fund would be reduced to less than the sum which in the opinion of the Council is reasonably necessary to cover the specified risks.

(9) Any covenant or obligation binding on the Council to insure against any risk shall, except in so far as the terms of the covenant or obligation otherwise specifically provide, be deemed to be satisfied by a determination by the Council that that risk shall be a specified risk.

## SCH. 2

(10) Without prejudice to the generality of the last foregoing subparagraph, where the effecting by the Council of an insurance in respect of any risk would satisfy any obligation imposed on the Council by section 119 (1) of the Local Government Act 1933, a determination by the Council that that risk shall be a specified risk shall be deemed to satisfy that obligation.

(11) References in this paragraph to insurance in an insurance office in the United Kingdom shall be deemed to include references to insurance with an underwriter carrying on business in the United Kingdom.

*Extension of certain provisions to Council*

31. The Council shall be a local authority within the meaning of the following enactments—

(2) Any order under this paragraph shall be subject to annulment in pursuance of a resolution of either House of Parliament.

*Provision as to local government elections before 1st April 1965*

17. The polls at an election of councillors for any ward of a London borough and at an election of a councillor of the Greater London Council for any electoral area which includes the whole or part of that ward shall, so far as they relate to polling districts which are the same for both elections, be taken together—

19.—(1) Subject to sub-paragraph (4) of this paragraph and to section 69(3) of this Act, all expenses properly incurred by a returning officer in relation to the holding of an election of London borough councillors shall, in so far as, in cases where the scale fixed for the purposes of this sub-paragraph is applicable, they do not exceed that scale, be paid by the London borough council.

(2) Subject to sub-paragraph (4) of this paragraph and to the said section 69(3), all expenses properly incurred by a returning officer in relation to the holding of an election of a councillor of the Greater London Council shall, in so far as, in cases where the scale fixed for the purposes of this sub-paragraph is applicable, they do not exceed that scale, be paid by the Greater London Council.

(3) The power to fix a scale for the purposes of sub-paragraph (1) or (2) of this paragraph shall be exercisable—

Provided that where one of those elections is an election of a councillor of the Greater London Council for an electoral area which includes the City and the Temples, so much of the expenses of the returning officer at that election as is attributable to things done in or in relation to the City and the Temples shall be left out of account for the purposes of the foregoing provisions of this sub-paragraph and accordingly (so far as properly incurred) shall be payable by the Greater London Council alone.

(5) The amount of any expenses payable under sub-paragraph (4) of this paragraph by the Greater London Council and a borough council and the proportion payable by each of the councils shall be taken to be such as may be agreed between them or as may, in default of agreement, be determined by the Secretary of State.

(3) Where the Greater London Council propose to make an order under this paragraph they shall serve a copy of a draft of the order on such as will be affected of the councils of the boroughs and county districts wholly or partially situate within their sewerage area, and any council affected may within six weeks of the service on them of a copy of the draft order refer to the Minister the question whether the order or any provision thereof should be made or whether it should contain other provisions in addition to or in substitution for those contained in the draft order; and on the determination of the reference the Minister may confirm or disallow the draft order and, if he confirms it, may make such modifications thereof as he thinks fit.

(4) An order under this paragraph shall not be made until the expiration of six weeks beginning with the service of the last copy of the draft order to be served or, if it is referred to the Minister, until the Minister has determined the reference and confirmed the order with or without modifications.

(5) On its coming into force, an order under this paragraph shall be binding on the councils of London boroughs and county districts.

6.—(1) The Greater London Council may make byelaws—

- (a) for regulating the dimensions, form and mode of construction, and the maintenance, cleansing and repair, of pipes, drains and other means of communication with sewers, and the traps and apparatus connected therewith, and for prescribing the levels at which such means of communication, traps and apparatus as aforesaid are to be laid;
- (b) for requiring persons who are about to construct, reconstruct, or alter pipes, drains or other means of communication with a sewer, or the traps or apparatus connected therewith, to deposit with the local authority such plans, sections and particulars of the proposed work as may be necessary for the purpose of ascertaining whether it will comply with the requirements of the enactments mentioned in section 37 (1) of this Act, of this Part of this Schedule and of any byelaws under this paragraph:

Provided that byelaws made under paragraph (b) of this subparagraph—

- (i) shall not require the deposit of plans or sections in the case of any repair which does not involve the alteration or entire reconstruction of any such means of communication as aforesaid or of the traps or apparatus connected with a sewer, and
- (ii) in a case where the alteration of a drain must be carried out at once, shall not require the deposit of plans, sections and particulars of the proposed work before it is begun, but may

## SCH. 9

(2) Byelaws under this paragraph shall only apply to the inner London boroughs.

7.—(1) Where the council of a London borough or county district propose to construct a public sewer or to make a communication between any sewer or drain of theirs and a sewer vested in the Greater London Council, they shall, before beginning any works for the purpose, give notice of the proposal to the Council and shall not proceed with a proposal to make any such communication except with the written approval and in accordance with the directions of the Council.

(2) Any notice under this paragraph shall be accompanied by—

(a) plans and sections of the sewer or communication, as the case may be, drawn to such convenient scale, and showing its location and such other matters, as the Council may direct, and

(b) such other particulars of the proposal as the Council may direct.

(3) Any dispute as to whether any approval under this paragraph has been unreasonably withheld or whether any directions thereunder are unreasonable shall, in default of agreement, be determined by the Minister.

8.—(1) Where proposals for the carrying out of any work have been finally approved under paragraph 7 of this Part of this Schedule, then, without the requisite approval—

(a) the proposals shall not be substantially departed from; and

(b) if the work is not completed within two years of the approval of the original proposals, it shall not be proceeded with.

(2) The said paragraph 7 shall apply in relation to an application for approval under this paragraph as it applies in relation to the original proposal, except that where it is proposed to depart in any respect from the original proposals, the plans, sections and any particulars required by that paragraph shall show the nature of the variation.

(3) This paragraph shall apply in relation to proposals approved thereunder as it applies in relation to proposals originally approved under the said paragraph 7.

9. The Greater London Council or the council of an inner London borough may, so far as may be necessary for the execution in the sewerage area of the Council or in that borough, as the case may be, of any works by that council under the enactments mentioned in section 37 (1) of this Act or under this Part of this Schedule, close or stop up any street.

*Transfer of sewerage responsibilities and of sewers*

SCH. 9

10.—(1) If it appears to the Greater London Council that any part of a London borough or county district is so situate that it would be convenient for the purposes of sewerage and drainage that that part should be placed under the management of the council of an adjoining borough or district, the Greater London Council may by order direct that that part shall, for those purposes, be under the management of that borough or district council.

(2) Where, by virtue of an order under this paragraph, any part of a London borough or county district is placed under the management of the council of an adjoining borough or district, the sums which that council require for defraying the expenses incurred by them in the discharge of their functions relating to sewerage in the said part of the first-mentioned borough or district shall be paid, upon the order of that council, by the council of the first-mentioned borough or district.

## 11. Where—

- (a) a street or line of street is situate in two or more boroughs or county districts, or
- (b) the whole of a street is situate in one borough or county district, but the whole or any part of the buildings abutting on that street is situate in another borough or county district,

the Greater London Council may order that the street or line of street shall, for the purposes of sewerage or drainage or both, be under the exclusive management of the council of one of the said boroughs or districts, and may by order direct in what proportions the costs of constructing and maintaining any new sewer or drain in the street or line of street, or of reconstructing, repairing or maintaining any sewer or drain therein, are to be borne and defrayed respectively by the councils of those boroughs or districts, and the decision of the Greater London Council with respect thereto shall be final.

12.—(1) The Greater London Council may by order declare that any sewer vested in them shall as from such date as may be specified in the order vest in the council of the London borough or county district in which the sewer is situated.

(2) The transfer of a sewer under this paragraph shall not be made without the consent of the council to whom it is to be transferred and shall be made on such terms and conditions as may be agreed between that council and the Greater London Council:

Provided that the foregoing requirement shall not apply if the Minister on the application of the Greater London Council and after consultation with the other council dispenses with the requirement.

(3) Any dispensation granted by the Minister under the last foregoing sub-paragraph may be given either unconditionally or subject to conditions (including conditions requiring the Greater London Council to make payments to the other council in respect of the expenses of repairing or renewing the sewer to be transferred).

**SECT. 9**

(4) Where a sewer transferred under this paragraph is situated in a part of a London borough or county district or in a street to which an order under paragraph 10 or 11 of this Part of this Schedule applies, the Greater London Council may make such amendments of that order as appear to them to be appropriate in consequence of the transfer.

(5) In this paragraph "sewer" includes a part of a sewer.

*Control of drainage works*

13.—(1) It shall not be lawful in an inner London borough—

- (a) to erect any house or other building, or
- (b) to rebuild any house or other building which has been pulled down to, or to a level below, the floor commonly called the ground floor,

unless there are provided to the satisfaction of the borough council drains conforming with the requirements of this paragraph and all such drains and all works and apparatus in connection therewith are constructed to the satisfaction of the council and, in particular, are constructed of such materials and size, at such level and with such fall, as are approved by the council and are provided with a water supply.

(2) In an inner London borough it shall not be lawful to occupy any house or other building which has been erected or rebuilt in contravention of the foregoing sub-paragraph or of section 37 of the Public Health (London) Act 1936.

(3) In order to conform with the requirements of this paragraph a drain must provide for the drainage of the house or building in connection with which it is required—

- (a) into such sewer, situate or intended to be constructed near the house, building or site, as the borough council may direct; or
- (b) if no sewer is or will be available for the drainage of the house or building, into such covered cesspool or other place, not being under any house or other building, as the council may direct;

and the drains must secure efficient drainage by gravitation at all times and under all conditions of all parts of the house or building including any areas, water-closets, privies and offices belonging to the house or building.

(4) In rebuilding in an inner London borough any house or building which has been pulled down to, or to a level below, the floor commonly called the ground floor, the level of the lowest floor of the house or building shall, subject to the provisions of the next following sub-paragraph, be raised so far as may be necessary to allow of the construction of such works as are required by this paragraph, and for that purpose levels shall be taken and determined under the direction of the borough council.

(5) Notwithstanding anything in the foregoing provisions of this paragraph, where it is proposed to erect or rebuild in an inner London borough any house or building at such a level as will not

SCH. 9

allow of the drainage of all parts of the house or building by gravitation as aforesaid, the borough council may, as respects any part of the house or building which cannot be so drained, either—

- (a) allow that part to be constructed so as not to require drainage therefrom ; or
- (b) allow that part to be drained by means of such pumping or lifting apparatus as may be provided to the satisfaction of the council.

Any pumping or lifting apparatus provided under this sub-paragraph shall be deemed to be a drain.

(6) Where separate sewers for the reception of surface water and sewage respectively have been, or are intended to be, provided in any street, the borough council may, in the discharge of their functions under this paragraph in relation to any house or other building which is to be drained into the sewers in that street, require that the house or building be provided with separate drains for discharging surface water and sewage respectively into the appropriate sewers.

(7) Any person aggrieved by any order, direction, requirement or other decision of a borough council under the foregoing provisions of this paragraph may appeal to a magistrates' court.

14.—(1) Where in an inner London borough—

- (b) a sewer is or will be available for the drainage of the house or building,

the council may, by notice served on the owner of the house or building, impose such requirements as are mentioned in the next following sub-paragraph.

(2) The requirements which may be imposed by notice under this paragraph are requirements—

- (a) to construct a covered drain from the house or building into the said sewer and such connections to the drain as are adequate for the purposes of draining the house or building, including any areas, water-closets, privies and offices belonging to the house or building and of conveying the sewage therefrom into the sewer ;
- (b) to construct the drain and the connections of such materials and size, at such level and with such fall, as are adequate for the said purposes ;
- (c) to provide proper paved or impermeable sloping surfaces for carrying surface water into the drain or any connections thereto ;
- (d) to provide proper sinks, and proper inlets and outlets, syphoned or otherwise trapped, for preventing the emission of effluvia from the drain or any connections thereto ;

2 C\*

## SCH. 9

- (e) to provide a proper water supply and water-supplying pipes, cisterns and apparatus for scouring the drain and any connections thereto, and for causing the drain and any connections thereto to convey away the soil ;
- (f) to provide proper sand traps, expanding inlets and other apparatus for preventing the entry of improper substances into the drain or any connections thereto ; and
- (g) to provide all such other proper works and arrangements as appear to the council or their officers necessary to secure the safe and proper working of the drain and to prevent it from obstructing or otherwise injuring, or impeding the action of, the sewer into which it leads.

## (3) Where—

- (a) any house or other building in an inner London borough, whether erected before or after 1st April 1965, is without sufficient drainage ; and
- (b) there is no proper sewer within two hundred feet of any part of the house or building,

the borough council may, with a view to making temporary provision for the drainage of the house or building and for the abatement of any nuisance existing therein or caused thereby, serve on the owner of the house or building a written notice requiring him—

- (i) to construct, elsewhere than under a house and not nearer to any house than the council may direct, a covered water-tight cesspool or tank or other suitable receptacle ; and
- (ii) to construct and lay a covered drain leading from the first-mentioned house or building into that cesspool, tank or other receptacle.

(4) Where a borough council have required any works to be executed under the foregoing provisions of this paragraph, the council may, from time to time during the execution of the works, cause them to be inspected and may by further notice served on the owner of the house or building require such reasonable alterations thereof, additions thereto or abandonment of parts thereof as the council or their officers, with the fuller knowledge afforded by the opening of the ground, consider necessary to secure that the works will be thoroughly effective for their purpose.

## (5) Where—

- (a) it appears to the council of an inner London borough that a group or block of contiguous houses, or of adjacent detached or semi-detached houses, can more economically or advantageously be drained and improved in combination than separately ; and
- (b) a sewer of sufficient size is situate, or about to be constructed, within one hundred feet of any part of the group or block,

the council may by order require that the group or block be drained by a combined operation complying with such of the requirements mentioned in sub-paragraph (2) of this paragraph as may be specified in the order.

(6) Any person aggrieved by an order made by a borough council under the last foregoing sub-paragraph may appeal to a magistrates' court.

(2) If any house or building, or any drain for draining directly or indirectly into a sewer under the control of the council of a London borough, or any connections to such a drain, or any works, apparatus or water supply in connection with such a drain, is or are begun, erected, made or provided in an inner London borough in contravention of the provisions of this Part of this Schedule or of the corresponding provisions of any enactment repealed by this Act, the council of the borough at their option may either—

- (a) serve upon the owner of the house or building or of the drain (as the case may be) a notice requiring him to cause the house or building to be demolished or altered or to cause the drain or the connections or other works and apparatus in connection therewith or the water supply to be relaid, remade, altered or added to, as the case may require; or
- (b) recover from the person in default, as a debt due from him to the council, a penalty not exceeding five pounds, and a further penalty not exceeding forty shillings for every day on which the contravention continues.

(2) If any person fails to comply with the requirements of a notice under this paragraph, he shall be liable to a fine not exceeding five pounds and to a further fine not exceeding twenty shillings for every day on which the failure continues after conviction.

(3) Any person aggrieved by the requirements of any such notice may appeal to a magistrates' court.

(a) knowingly erects or places any building, wall, bridge, fence, obstruction or encroachment in, on, over or under any sewer vested in the Greater London Council or in the council of an inner London borough ; or

(b) obstructs, fills in or diverts any sewer or drain vested in or under the control of, the Greater London Council or the council of an inner London borough,

without the previous consent in writing of the council in whom the sewer or drain is vested or by whom it is controlled, then, without prejudice to any other proceedings which may be taken against him, that council—

(i) may recover from him, as a debt due from him to the council, a penalty not exceeding twenty pounds, and a further penalty not exceeding five pounds for every day on which the contravention continues after notice thereof has been served on him by the council ; and
