for instance, had 21 members in the returns indicate Left successes. verians, who have now joined the Christian. National Peasants. The National-Socialists have not really lost two seats. Their actual strength in the last Reichstag was seven, the remainder representing other Fascist groups such as Ludendorff's, which have since seceded and have failed to obtain a single seat this time. Fourteen other small groups, including the Left Communists, also secured no seats; nearly a million votes were wasted on! them. In the last Reichstag, 111 seats were often attributed to the Nationalists' and Land Union together, and only 14 to the Fascists, owing to the hesitations of a Fascist member, but the figures! qualified voters, almost the same number tional system the new Reichstag will have only 489 members, compared with 493 Locarno spirit. in the last, although the final adjustments will probably add one or two more.
