Waxahachie Nursery

WAXAHACHIE, TEXAS

CATALOG—Fall 1937—Spring 1938

WHY YOU SHOULD BUY YOUR NURSERY STOCK FROM US—

- (1) We offer in this catalog only choice, selected stock; full of vitality and sure to grow.
- (2) It is absolutely true to name.
- (3) We have been growing and selling nursery stock since 1898. We know how to grow stock suitable for the South.
- (4) We have the largest assortment of stock in the South; one of the largest in United States.
- (5) Our prices are low, for high grade stock, compare with others.
- (6) We prepay all transportation charges, mail, express, freight.
- (7) We guarantee our stock to live; to be as represented, and to be true to name and will replace **FREE OF CHARGE**, any item you buy from us that fails to live; that is not true to name, or that is not as represented.

DARWIN TULIPS

FEU BRILLIANT. A glorious scarlet tulip; large and beautifully shaped flower, on strong stem. One of first to bloom.

INGLESCOMBE YELLOW. Canary yellow, with yellow anthers. Beautiful yellow tulip, and fine cut flower.

THE SULTAN. Glossy maroon-black; frequently called a small form of the Black Tulip.

WM. COPELAND. Lovely lilac; beautiful early bloomer.

CLARA BUTT. Clear, self-colored salmon rose-pink; very popular. Cannot be beat for beds.

GRETCHEN. Silvery pale rose, flushed white, inside soft pink with white center marked blue.

PRIDE OF HAARLEM. Cerise scarlet; an enormous flower of superb form and grand beauty. One of finest cut flower and bedding varieties.

KING GEORGE V. Glowing salmon scarlet, shaded bright rose; inside brilliant orange-scarlet with blue base. (We ask that you look at prices asked by other dealers of this grand tulip and compare with ours).

PROF RAUWENOFF. Bright cherry red, with scarlet glow inside; brilliant blue base.

FARNCOMBE SANDERS. Scarlet; inside vivid cerise-scarlet with white base. Very large flower of perfect shape. Excellent cut flower.

BARTIGON. A very showy fiery crimson, with pure white base, ringed deep blue. One of best for lower South and warmer climates, as it blooms very early, and seems to do better in warm sections.

PRICES ON ALL ABOVE DARWIN TULIPS

Each 5c; 3 for 13c; 10 for 37c; 25 for 79c; 100 for \$2.98; 250 for \$7.15; 1000 for \$26.00. All first-class No. 1 Bulbs. Do not buy No. 2 and No. 3 bulbs sold by Tom, Dick and Harry; they produce fodder but no flowers.

HYACINTHS

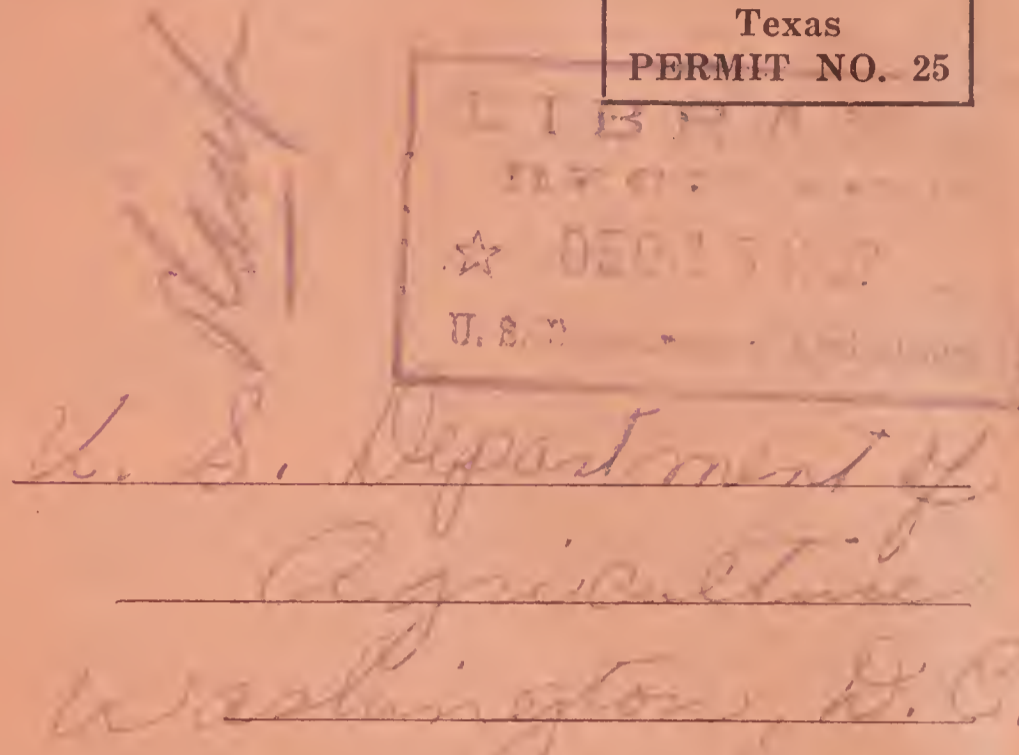

We offer large Hyacinth bulbs, 17 centimeters and up. When comparing prices, be sure you get the large bulbs, as smaller bulbs give only puny flowers, and are not worth the space they occupy in the garden.

GERTRUDE. Rosy-pink; well shaped compact truss, fine for pots and bedding.

SHIPPING DATES

We begin shipping November 1st, and ship until May 1st, 1938

PERMIT NO. 25

RETURN POSTAGE GUARANTEED

LA VICTOIRE. Bright carmine-red, strong stem, heavy truss, good bedder.

L'INNOCENCE. Pure white, large, well shaped bells. The best pure white.

QUEEN OF THE BLUES. Light blue, with beautiful silvery shade.

KING OF THE BLUES. Deep glossy blue, splendid well formed long spike.

CITY OF HAARLEM. Bright golden yellow, large truss, very fine.

PRICES ON HYACINTHS ABOVE

Each 13c; 3 for 35c; 10 for 98c; 25 for \$2.25; 50 for \$4.25 and 100 for \$8.00.

NARCISSUS

(For pots and pans inside)

PAPER WHITE, Texas Grown (better than others). Plant in pot or pan inside, in bulb fiber we furnish with bulbs, keep in cool place for three weeks. Lovely white trusses of bloom on strong spikes. Price: Each 7c; 3 for 19c; 10 for 49c. (With bulb fiber).

GRAND SOLIEL D'OR (Yellow). Same as above, except pure deep yellow. Price: Each 9c; 3 for 25c; 10 for 69c. (With bulb fiber).

(Both above varieties also do well in pebbles and water).

DAFFODILS AND NARCISSUS

(For outdoor planting)

EMPEROR. Perianth primrose yellow, trumpet pure yellow. Produces year in and year out, lovely flowers on strong, long stems. Price: Each 7c; 3 for 19c; 10 for 55c, 100 for \$4.75.

ORANGE PHOENIX. Double orange and sulphur yellow, very lovely. Price: Each 6c; 3 for 17c; 10 for 45c; 100 for \$3.95.

POETICUS ORNATUS. Short cup pure white, scarlet eye. Very ornamental. Price same as on Orange Phoenix above.

JONQUILS. Two or three golden yellow flowers, on strong stems, delightfully fragrant. Excellent cut flower. Price: Each 8c; 3 for 21c; 10 for 59c; 100 for \$4.95.

FLORIST'S MIXTURE. A choice mixture of numerous hardy varieties, in first size blooming bulbs. Excellent for garden display, or choice cut flowers. Price: 10 for 39c; 25 for 87c; 100 for \$3.65.

MISCELLANEOUS BULBS, ETC.

CROCUS

The first flowers to bloom in spring are Crocus; sometimes pushing their lovely heads through the snow to greet you with their dainty beauty.

BARON VON BRUNOW. Lovely clear blue.
MONT BLANC. Pure snow white of chaste loveliness.
SIR WALTER SCOTT. White, striped lilac. A dainty beauty.
MAMMOTH YELLOW. Golden yellow flowers in abundance.
WINTER BLOOMING MIXTURE. All colors, well balanced.
 Price on above Crocus: Each 3c; 3 for 7c; 10 for 20c; 25 for 45c; 100 for \$1.75; 250 for \$3.95; 1000 for \$14.50.

PARROT TULIP

FANTASY. The loveliest tulip grown. Salmon pink with green markings on outer petals. Flowers quaint and of beautiful form, being lacinated. This tulip a year or two ago sold for as much as 75c each. Our low price puts them in the reach of all gardeners. By all means try some. Price: Each 15c; 3 for 39c; 10 for \$1.15, 25 for \$2.25.

AMARYLLIS

There is nothing that will give the amateur gardener more pleasure than these giant-flowering Amaryllis, in rose, red, crimson, with varied markings. Giant bulbs ready to flower 39c each.

CALADIUM BULBS (Elephants Ear). Immense light green leaves give a tropical effect. The bulbs we offer are extra large, for immediate effects. Price: Each 14c, 3 for 39c; 10 for \$1.15.

CALADIUM FANCY LEAF. These have much smaller leaves than Elephants Ear, and are in varied colors, red, salmon, white, light green, dark green, striped and blotched leaves. Fine for pots inside, and in shady places. Price: Each 29c; 3 for 75c.

CALLA, WHITE. Large, pure white calla lily, with yellow stamens. Price: Each 15c.

CALLA, YELLOW. A magnificent flower of pure golden yellow. Price: Each 19c.

GLADIOLA

Gladiolus are too well known to go into detail. They are the easiest of all bulbs to grow, and their range of color is so varied, and the beauty and usefulness of their flower spikes so great that every home should plant liberally. They are so inexpensive.

***ALICE TIPLADY.** Orange.
BARON J. HULOT. Violet-blue.
CAPTAIN BOYNTON. Large lavender.
CHICAGO. Pure white, early.
 ***HALLEY.** Deep salmon pink.
MR. MARK. Light blue.
 ***MRS. F. PENDLETON.** Rose-pink.
 ***PANAMA.** Deep pink.
PERSIA. Velvety maroon; splendid.
 ***1910 ROSE.** Deep rose pink, very early.
 ***SOUVENIR.** Pure yellow of rare beauty.
VIRGINIA. Intense scarlet red.
 ***AMERICA.** Light pink.
BETTY NUTHALL. Coral pink.
CHARLES DICKENS. Radiant purple.
 ***E. J. SHAYLOR.** Deep rose, ruffled.
LAVENDER BRIDE. Deep lavender rose.
MRS. DR. NORTON. Peaches and cream.
ORANGE QUEEN. Apricot yellow.
PEACE. Large, late, white.
PICARDY. Sensational shrimp pink.
 ***SCHWABEN.** Sulphur yellow.
THE ORCHID. Pure orchid.
VEILCHENBLAU. Blue-violet.

Prices on above Gladiolus: Each 4c; 3 for 10c; 10 for 29c; 25 for 69c; 100 for \$2.45; 250 for \$5.95; 500 for \$11.00; 1000 for \$19.00.

These are large No. 1 high-quality bulbs.

SUNSET GLADIOLUS MIXTURE. 12 bulbs, 1 each, choice cut-flower varieties, 30c.

LILIES FOR THE GARDEN

Many of our loveliest flowers are Lilies, but, unfortunately, many of them are difficult to grow, and often disappointing. The varieties we list are easily grown, generally, and will repay you many times for your trouble.

CRINUM LILY (Angel Lily) Large trumpet shaped flowers, white with pink and lavender markings. Get bigger and better every year. Price: Each 24c; 3 for 65c.

EASTER LILY. Pure white, the florist's Easter Lily. For pots inside. Price: Each 29c; 3 for 75c.

ELEGANS, ORANGE QUEEN LILY. Very handsome, large orange colored flowers, with small black spots. Establishes easily. Price each 39c.

MARTIGON LILY. Strong growing lily, producing 20 to 30 light spotted purple lilies. Very graceful and vigorous grower. Rare. Price: Each 69c.

MADONNA LILY. The most beautiful, and most dependable pure white lily for the South. One planted, always with you. Price: Each 29c; 3 for 75c; 10 for \$2.15.

SUPERBUM LILY (American Turscap Lily). Color varies from pale yellow to deep crimson, more or less spotted on inner surface. Fine established plants often reach a height of 10 feet. Price: Each 29c.

TIGER LILY (Tigrinum Splendens). The finest form of Tiger Lily; color rich, dark salmon-orange, spotted glossy black. Of easy culture. Price: Each 19c; 3 for 53c; 10 for \$1.50.

MUSCARI (Grape Hyacinth)

These charming plants will grow under trees and shrubs, also do well in full sun. Also, may be forced in house. Their clean, deep blue in early spring is something different. Price: Each 4c; 3 for 10c; 10 for 27c; 100 for \$2.15.

TUBEROSE

These Mexican bulbs have tall spikes of waxy white flowers, with a heavy fragrance. Do unusually well all over the South. Price: Each 4c; 3 for 10c; 10 for 25c; 100 for \$2.15.

DAHLIA

Dahlias are as easily grown as potatoes. Simply plant the strong tubers we offer, give them plenty of fertilizer and water, and cut beautiful blooms throughout spring, summer and fall.

NAMED VARIETIES

DARLENE. Shell-pink, blended white at center. (Decorative).

JANE COWL. Bronzy buff and old gold. (Decorative).

JERSEY BEACON. Scarlet and buff. (Decorative).

JERSEY BEAUTY. Real rose-pink. (Decorative).

JUDGE A. B. PARKER. Deef buff, exhibition variety.

MRS. CARL SALBACH. Solferino-pink. (Decorative).

MRS. HARTONG. Soft bronzy-buff. (Show).

MRS. I. de VER WARNER. Orchid-pink, large. (Decorative).

NATHAN HALE. Rich autumn bronze. (Decorative).

PRID EOF CALIFORNIA. Vivid red, long stem. (Decorative).

SEBASTAPOL. Deep orange. (Decorative).

VIVIAN. White, heavily tipped violet. (Show).

JEAN KERR. Pure solid white.

Price: Strong tubers, each 19c; 3 for 52c; 10 for \$1.55.

CUT FLOWER VARIETIES BY COLOR

Lavender, Pink, Red, Yellow, White, Bronze, (un-named).

Price: Each 12c; 3 for 32c; 10 for 95c; 25 for \$2.19; 100 for \$8.50.

PEONIES

This grand flower is only surpassed by the rose in popularity. The selected growing varieties we offer are especially adapted to growing in the South, Southwest and Southeast. At the low price we are offering these splendid 3 to 5 eye divisions, plant liberally.

NAMED VARIETIES

DUCHESS DE NEMOURS. Sulphur white.

EDULIS SUPERBA. Popular pink.

FESTIVA MAXIMA. Snow-white, red flecks and markings.

LA PERLE. Lilac-white.

MADAME EMILE GALLE. Seashell pink.

MADAME MECHIN. Deep red.

MARGUERITE GERARD. Hydrangea-pink.

PIERRE DUCHARTE. Lilac-pink.

Price for above varieties, 3 to 5 eye divisions: Each 25c; 3 for 69c.

CUT FLOWER PEONIES BY COLOR (un-named)

Red, pink, Light Buff, white. 3 to 5 eye strong divisions. Each 19c; 3 for 53c; 10 for \$1.55; 25 for \$3.60; 100 for \$12.50.

PEACHES

No long-winded talk about peach trees is necessary. They are entirely at home in the South and Southwest, and certain varieties may be grown on any kind of soil, and in every county in Texas, Oklahoma, Louisiana, Arkansas and the South. If you do not know what varieties are best for your locality, leave it up to us, we will select those varieties that will give you fruit. The trees we offer you this year are the best that can be grown; fine root systems, smooth, healthy bodies and limbs. You could not buy a better tree at \$1.50 each.

The 1½ to 2 foot trees quoted below are fine young trees, used largely by orchardists, commercial growers and large home orchards. They usually bear three years after planting.

The 3 to 4 foot trees quoted below are bought generally by people who want a good young tree, at a low price, and are in no particular hurry. These 3 to 4 foot trees usually bear two years after planting.

The 5 to 6 foot, well-branched, bearing size trees quoted below are the best that can be had, at any price, and are selected from thousands of trees for customers who want the best. These trees usually bear the year following planting.

ARP BEAUTY (Free). The earliest of the yellow-fleshed peaches. Fruit of medium size, skin yellow mottled with red. A desirable variety because of its firm flesh and good flavor. Early June.

AUGBERT. Yellow freestone, similar to Elberta; ripens two weeks later.

BELLE OF GEORGIA. Large freestone, white with red cheek; heavy bearer, fine quality. Ripe two weeks before Elberta.

CARMAN. Large freestone, white, slight blush. Excellent home variety, ripens about July 10th.

CHAMPION. Freestone, white with red cheek; sweet and delicious; bears young and very prolific. Ripens long season, through June and July.

EARLY WHEELER. We consider this the most profitable of all early peaches; fine color, firm flesh, good shipper. Early peaches are more profitable—try them.

ELBERTA (Free). Too well known to need description. Very large; yellow skin with red cheek, flesh yellow and juicy. A sure bearer, ships well and no orchard should be without it. Middle July.

EARLY ELBERTA (Free). Very large; yellow fleshed, firm and juicy. Without a trace of bitterness as is sometimes noticeable in the Elberta. Fine quality. Follows Carman.

OLD MIXON CLING. This splendid old variety is still one of the best. Large, white, cling, juicy sweet, and splendid bearer. Ripens in July.

GOLDEN JUBILEE. Beautiful large yellow freestone, Elberta type, but without tinge of bitterness noticeable in Elberta. Begins ripening 25 days before Elberta. Very profitable and excellent home variety.

HALEHEAVEN. Fruit large, round, red and yellow freestone of the finest quality. Ripens about 17 days before Elberta.

HART CLING. By far the best late cling. Very large, creamy white with blush. Juicy, sweet and delicious. Ripens about Sept. 15th when peaches are scarce.

HEATH CLING. An old favorite. Large creamy-white cling. Fine for preserves and pickles. Ripens August.

HOBSON. Large red cheek cling; excellent quality for eating; also ships extra well, ripens June.

HENRIETTA. Large brownish-yellow cling; ripens last of August.

HILEY, Early. One of the finest early yellow freestone peaches. Like Elberta, except ripens in June.

HONEY. Medium size, skin marbled white and red; flesh white, tender, juicy and sweet. Especially adapted to Rio Grande Valley, Coastal Section and warmer sections of country.

INDIAN CLING. This is the genuine, old-fashioned, large Indian Cling, creamy white mottled deep red; flesh juicy and rich. Ripens July.

PRICES ON ALL PEACHES

	Each	10	100
1 to 1½ foot size, commercial orchard size---	.17	\$1.50	\$11.00
3 to 4 foot, regular orchard size-----	.32	2.90	21.50
5 to 6 foot, well-branched bearing size-----	.45	4.10	35.00

Throughout this catalog, you will find 5 to 6 foot extra selected bearing size fruit trees listed. These trees are the pick of our entire crop. We grow about 125,000 peach trees, and at grading time, we select the largest, straightest trees with the best root systems, and put them in this 5 to 6 foot bearing size grade. Most of them will bear the year after planting. Get the best and save time by planting these extra selected trees.

HOW TO PLANT booklet will be sent with each order, giving you explicit instructions on planting and care of trees. Remember! We pay all transportation charges, and deliver your nursery stock free of charge.

 If you are not sure of the best varieties for your locality; leave the selection to us.
 We will select good varieties that will bear well in your section of the country.

PEACHES

LOOK OUT!

When you get ready to place an order for nursery stock, think twice before giving it to some peddler who is here today and gone tomorrow, or to the large mail order houses. Those people grow no nursery stock; they never see the nursery stock they ship. They buy from anybody and everybody. Your order is delayed from five to ten days, and generally reaches you in dried out, worthless condition. Our stock is much superior; our service faster, our prices lower, and our guarantee is liberal and fair. Keep the South's money in the South.

J. H. HALE (Free). Large in size and of somewhat better flavor than Elberta. Deep red skin, yellow meated. An excellent variety from every standpoint. Ripens a few days later than the Elberta.

JAPAN DWARF. Tree dwarf, very prolific. Skin and flesh red; freestone of best quality. Ripens last of May. Fine for Rio Grande Valley, and warmer parts of country.

MAMIE ROSS. Large, white, almost covered with carmine. Flesh white, juicy and of good quality. One of the best for family use, and probably the best early commercial variety. Semi-cling. Ripens first of July.

MAYFLOWER (Free). The earliest peach known. Fruit medium size, entirely covered with red; blooms late. A good shipper and its high color makes it an attractive market variety. Last of May.

Minnie Stanford. This is one of the finest yellow clingstone

MINNIE STANFORD. This is one of the finest yellow clingstone peaches on the market. Large deep yellow; firm flesh, delicious flavor and sweet. Ripens August. Makes excellent sweet pickles and preserves.

SALWAY. Large brownish-yellow freestone, splendid quality, ripens September.

SLAPPY. A fine yellow freestone, larger than Elberta, and of better quality. Ripens July.

STINSON. The best late peach. Cling, sweet and juicy, ripens in October and November.

TEXAN. In our judgment this is the best eating peach ever grown. Of medium to large size, red cheek with creamy back-grown, luscious, juicy, sweet and the finest peach flavor. Very thin skin, will not ship well. Ripens early to middle July.

HOME ORCHARD COLLECTION

4 Peach Trees	1 Apricot Tree
2 Plum Trees	1 Pecan Tree
1 Pear Tree	1 Fig Tree
1 Apple Tree	1 Cherry Tree

12 FOR \$5.75

All 5 to 6 foot bearing size trees except Fig, which is 3 to 4 foot bearing size.

(We will select varieties best adapted to your locality, if you prefer, or you make your own selection.)

CHERRIES

Cherries may be grown with some success, throughout the South and Southwest. Plant a few trees in and around your home. Sour cherries make wonderful pies and preserves, and the sweet cherries are delicious to eat. We especially recommend the Hansen Sweet Cherry, where other sweet cherries will not thrive.

NEW CENTURY. We take pleasure in recommending this fine cherry for Texas and Southwest planting. Originated in Grayson County. Fruit medium to large, bright red, juicy, tart, fine flavored. Splendid for eating off the tree, cooking and pies. Tree strong grower and bears abundantly. If you like cherries, try New Century.

BLACK TARTARIAN (Sweet). Large size of purplish black, excellent flavor. This is the large California Cherry that is sold everywhere on the market. Worthy of a trial.

EARLY RICHMOND. One of the earliest cherries, medium size, light red fruit, tart and juicy. A most satisfactory cherry. makes excellent pies.

PRICES ON ABOVE CHERRIES

1½ to 2 foot Two-Year-----	Each 10	45c \$4.00
3 to 4 foot Two-Year-----	55c	5.00
4 to 6 foot Two-Year, well branched extra selected bearing size trees -----	85c	8.00

We prepay postage, express and freight.

NURSERY STOCK INSURANCE

We guarantee every tree to be true to name.

We guarantee every tree to live.

We will replace any tree that is not true to name, or that dies. A liberal guarantee, and we live up to it.

We pay all carrying charges.

We will replace any tree that is not true to name or that

HANSEN SWEET CHERRY

At last a sweet cherry that will bear in the South and Southwest. A large, sweet, juicy cherry that has the rare trait of bearing every year. A strong, thrifty grower and bears early. Blooms after danger of frost is past.

4 to 6 foot, well-branched bearing size, extra select. Each \$1.25, ten for \$11.00.

PEARS

The pear very justly ranks as one of the most delicious fruits, by reason of its fine juicy texture, exquisite flavor and aroma. Nothing more delicious than pear preserves. Keiffer, Garder, Le Conte, Pineapple and Douglas fine for preserves. For eating, Bartlett, Sugar Pear, Early Harvest, LeConte and Douglas.

KEIFFER. Fruit large, skin golden-yellow with slight blushed cheek. This variety keeps well and its quality is greatly improved if fruit is ripened in dark cool room. Tree a strong grower and fruit ships well. Matures from September to October.

GARBER. One of the finest and most reliable pears for Southern planting. Large, clear yellow, heavy bearer. Fine market variety; unsurpassed for preserves. Ripens Sept. and Oct.

BARTLETT. One of the best varieties. Large size; yellow, juicy. Ideal for the home orchard as well as for marketing. An abundant bearer, ripening last of July and early August.

PINEAPPLE. A strong, vigorous grower which is very productive. Tree is practically blight-proof and has proven one of the very best for southern planting.

LE CONTE. A bell-shaped yellow pear of good size. Flesh white, firm and juicy. Free, vigorous and bears young. Ripens last of July and early August.

GUARANTEE

We guarantee to replace free of charge any nursery stock you buy from us that does not live, that is not true to name. 32 Years Fair Dealing With Our Customers.

THE NEW DOUGLAS PEAR

The pear is a big money-maker, and if planted extensively will re-establish the pear-growing industry in the South. Quality, very finest, sweet, juicy, highly flavored and melting. Heavy bearer, blight-proof, ripens in July when pears bring a big price. Plant for home use and commercial orchard.

EARLY HARVEST. A very early pear, ripening in July and August. Medium size, sweet, juicy and delicious aroma.

SUGAR PEAR. This is a small pear, very sweet, tender and delicious. For home use only, too tender to ship. Ripens in July and August.

PRICES ON ALL PEARS

Due to the scarcity of pear trees for the past two years, we are forced to advance prices on this splendid fruit, but believe you will still find our prices much under other reliable dealers.

	Each 10	100
1½ to 2 ft. One-Year, commercial orchard size	27c	\$2.50 \$22.50
3 to 4 ft. Two-Year, regular orchard size-----	45c	4.25 40.00
5 to 6 ft. Extra select, 2-year bearing size-----	95c	8.75 80.00

Remember, we pay postage, express and freight charges.

PLUMS

Next to the Peach, the Plum is the most important fruit for the South and Southwest. All of our plum trees are two-years old, budded and grown on heavy, high land, and have a fine root system, as well as well-branched, sturdy tops. Most of these trees will bear the year following planting. Our Plums are grown from buds taken from clean, healthy trees that we know are true to name, as they have been bearing for years. In the varieties shown below, you will find varieties for all parts of the country, from the Rio Grande valley to the Northern part of the United States. If you are not certain what varieties will do the best in your locality, leave the selection up to us, and we will send you trees that will bear fruit in your locality.

ABUNDANCE (Japanese). Large; amber in color changing to red. Fruit cling stone, juicy and good. One of the hardiest of the Japanese varieties. Ripens a week later than Red June.

AMERICA. This is one of the very best plums for the South. Large, yellow, changing to red where exposed to the sun. Fruit delicious for eating or for cooking and canning. Tree very productive. Ripens July.

BRUCE. This plum is largely planted in South Texas, as it seems to do better in that section than any other. Ripens early, large red, fine quality, ships extra well.

BURBANK (Japanese). Fruit large, deep red overlying a yellow ground. Flesh deep yellow and very sweet. A prolific bearer and a cling. July.

BLUE DAMSON Fruit large, dark purple, fine flavor, highly esteemed for preserving and jams. Ripens in August.

EXCELSIOR. The best plum for Rio Grande valley, coastal sections of Texas, Louisiana, etc. Color, wine-red, sweet and juicy, excellent quality. Ripens about June 15th.

GOLD. Fruit large, yellow with some red. Flavorous, firm and of good quality. Tree is very productive. A good market variety. Ripens July.

GUARANTEE

We guarantee to replace free of charge any nursery stock you buy from us that does not live, that is not true to name.

32 Years Fair Dealing With Our Customers.

WHY YOU SHOULD BUY FROM US

- (1) Extra selected stock, true to name.
- (2) Prompt shipment, day order is received.
- (3) Replace free of charge any tree that dies.
- (4) We prepay postage, express and freight.
- (5) Keep the South's money in the South.

SOUTHERN PLUM COLLECTION

6 Trees for \$1.75—3 to 4-foot

This collection includes six of the best plums, to give you fruit continuously from May until September. At this price you may select the trees you want, or you may leave the selection to us and we will pick out the varieties best adapted to your locality, that will give you a continuous crop of fruit from May until September.

METHLEY. The earliest and best-flavored plum we grow. Ripens May 10th. Color bluish red and meat blood red. Fruit seels for \$3.50 bushel on market when others bring \$1.00.

MUNSON. A variety originated by W. B. Richardson of Lukkin from seed of the Normand and crossed with American or some similar variety. It is a very large yellow plum, juicy, and when fully ripe has tinge of pink in the skin. Tree is spreading and sets very full every year. Our trees have never failed its size and color makes it a very showy plum, both on the tree and in the basket. While it ripens early, it blooms late thus escaping freezes that kill the earlier blooming varieties. In quality it is of the best.

THE SANTA ROSA. Quality of fruit is unequalled. Plums are deep purplish crimson; ripens two weeks earlier than the Burbank.

SATSUMA. A Japanese variety. Tree upright. Fruit large round, dark purple skin, with intense blood red flesh. Fine for fancy preserves.

SHIRO. Large to very large, oblong, clear yellow. Quality unsurpassed. One of the finest plums to grow in the South. Ripe last of June.

SIX WEEKS. One of the earliest plums, ripens in early May. Bright red, juicy, brings good price on market, and is good for jellies and preserves.

WILD GOOSE. An old popular variety. Fruit large; deep red when ripe, juicy and richly acid. This is a native plum ripening before the Japanese varieties.

WICKSON. One of the most productive Japanese varieties; originated by Burbank. Fruit largest of this class; deep maroon. Flesh dull yellow, firm and of good quality. Good keeper and fine shipper.

HANSEN HYBRID PLUMS

The varieties of plums shown below were originated by Prof. N. E. Hansen, one of the leading Horticulturists of the United States. The outstanding features of this plum are: (1) Very hardy, will withstand any amount of cold or heat. (2) Very productive, never fail to bear a crop. (3) Bear very young, frequently bear a crop the same year they are planted. (4) Bloom very late, escaping all frost and freeze. If you have had difficulty growing plums, try these; you are sure to get plenty of fruit.

COMPASS CHERRY. Cross between Cherry and Plum. Fruit dark red, almost black, good size. Sure bearer. Good quality and excellent for cooking, preserving and jellies. Makes fine pies.

OPATA. A beautiful sight when in bloom and is very fragrant. Fruit medium; purplish-red, splashed with green; flesh greenish in color and very pleasant in flavor. Clingstone. Ripe last of June and first of July. Tree hardy, a spreading grower, and bears quite young. Sections A, B and C.

SAPA. Tree somewhat dwarfish, thrifty, and often sets fruit in the nursery row at one year. Fruit large, dark purple with greenish splotches; flesh rich, dark purple-red, of rich flavor, and with small pit. Excellent for cooking purposes. Clingstone. Ripe last of July.

HANSKA. Cross between Apricot and Plum, from China. Very hardy, beautiful color, very fragrant, has strong apricot flavor. Bears young and is very prolific.

PRICES ON ALL PLUMS

	Each	10	100
1½ to 2 ft. Commercial Orchard Size-----	17c	\$1.55	\$12.00
3 to 4 ft. Home Orchard Size-----	34c	3.20	25.00
5 to 6 ft. Extra-Select 2-Year Bearing Size--	65c	5.50	45.00

We prepay parcel post, express and freight charges on everything.

PRUNES

Prunes may be grown more or less successfully in all sections of the South and Southwest. The drier sections are better suited for this fruit. The prune has a very large sugar content, and is not quite as juicy as the plum. We offer the Italian Prune, a very large, black, meaty variety, very sweet and dries splendidly. Prices for 5 to 6 ft. bearing size Prune trees, 85c each, postpaid.

APRICOTS

The Apricot is one of the most delicious fruits, and may be grown for home use all over the South and Southwest. Plant them where there will not be too much plowing and cultivating around them. The varieties offered below have been thoroughly tested for the South and Southwest, and are best adapted because of their late blooming qualities.

EARLY GOLDEN. Medium size, orange yellow, fruit sweet, juicy and highly flavored, a fine variety for Southern planting.

MOORPARK. Large size, yellow with orange cheek. This is the variety largely grown in California for canning and drying. Well adapted for West Texas and New Mexico.

CLUSTER. Medium size; golden yellow; of excellent flavor. Originated in Texas from seed of Russian Apricot. Ripe in June. Sections A, B, C and D.

CHERRY COT. Cross between Apricot and Cherry; combining the distinct flavor of both. Bears regularly. This makes preserves of the finest qualities.

APPLES

Apples can be successfully grown in the South and Southwest, if the right varieties are grown. The varieties shown below will thrive and bear fruit all over the South and Southwest; be sure and plant several apple trees around your premises.

RED DELICIOUS. This famous apple does well all over the South and Southwest. Large, juicy and highly flavored. Ripens in Fall.

YELLOW DELICIOUS. Very similar to Red Delicious but seems to bear better in some localities. Of the same high quality. Ripens in Fall.

EARLY HARVEST. Medium size, bright straw yellow; tender, sub-acid, fine for eating and cooking. Ripens in May.

FLORENCE CRABAPPLE. This is the best crabapple for the South and Southwest. Medium size, yellow and red, very juicy and acid. Makes best jelly known. Ripens in August.

RED JUNE. Medium size, bright red, juicy, tart and good quality. Fine for eating and cooking; brings top market price. Ripens in June.

SMOKEHOUSE. One of the finest apples for Texas. Flesh creamy white, tender and juicy. Very productive, ripens in July and August.

SUMMER SWEET. Small, greenish yellow; very sweet and tender, ripe in June and July.

TEXAS RED. Large yellow striped red. Excellent quality, and because it ripens for several weeks (June to August) it is one of the best home garden varieties.

YELLOW TRANSPARENT. Large size, red and yellow. Good quality, crisp, sweet and fine texture. Tree long lived and bears regularly. Ripens in September.

ARKANSAS BLACK. Dark red, almost black, one of the best for Pecos Valley and West Texas. Ripens in September and October.

JONATHAN. Medium size, brilliant red and very juicy. Favorite everywhere. Ripens in September.

WINESAP. Medium size, vivid red. An all purpose apple, ripening throughout fall.

WHY YOU SHOULD BUY FROM US

- (1) Extra select stock true to name.
- (2) Prompt shipment, day order is received.
- (3) Replace free of charge any tree that dies.
- (4) We prepay postage, express and freight.
- (5) Keep the South's money in the South.

JUJUBE

The Jujube is a new fruit from China. Fruit is similar to Date of commerce, and the improved varieties we sell are excellent to eat off the tree when full ripe, and may also be dried and candied (by boiling in sugar and honey), the flavor resembling that of date, and very delicious. Makes a beautiful tree, with beautiful light green, glossy foliage. Plant one or two around your home as novelties. Price: 2 to 3 ft. tree, strong and sturdy, 90c each, delivered free to you.

QUINCE

The Quince is easy to grow if planted in soil where adapted. Over the South and Southwest it should be planted only for home use. For preserves, nothing has ever been found that will equal the quince. Plant a few trees around your home, or in your home orchard. Price for strong 4 to 5 foot bearing size Quince trees, 85c each, 10 for \$7.50, postpaid.

FIGS

Figs thrive in all portions of the Cotton Belt of the South as in no other section of the world; trees may be found growing in door-yards, near trash piles, in chicken runs, and near buildings in a most luxuriant manner and producing enormous crops.

No home pantry is complete without canned and preserved Figs for Winter use. Figs come into bearing very early. With proper spraying to hold leaves on, fruit may be had from May to November.

They require good fertilization, and do best on firm hard ground, kept free from all other growth.

Commercial Fig Growing is extending throughout the South. They can be planted 10 to 18 feet apart and the yield is heavy, thousands of pounds of fruit being produced per acre.

BROWN TURKEY. Probably the best fig for home use. Medium size, purplish brown, very sweet, highly flavored, and fine for eating fresh, with cream, or canned.

MAGNOLIA. Very large, greenish amber, very productive, but not quite so hardy as Brown Turkey. This is the Fig grown so extensively in South Texas for canning and shipping. A very sweet, luscious fig.

CELESTIAL. Sometimes called Little Sugar Fig; the sweetest of all varieties. Ripens in midseason.

A NEW FIG

TEXAS EVERBEARING

This is an astounding new introduction. The facts we set out below are from observation and reliable information, which we checked for correctness. This fig was brought to Mississippi a number of years ago by a Frenchman from the Old Country. Several years later he moved to Tarrant County, Texas, about 15 miles from Ft. Worth. He grew it for a number of years around his place, but its introduction to the Nursery trade was accomplished by Mr. Arch Cannon, of Euless, Texas.

Facts About This Fig:

- (1) It is hardier than any other variety known, and may be grown 100 miles further north than any other variety.
- (2) It is very large, as large as hen eggs.
- (3) Quality is unsurpassed.
- (4) Wonderfully productive. The owner of a one acre orchard in Tarrant county in the summer of 1937 sold more than \$1000,00 worth of figs from his one acre.
- (5) Bears early. I saw cuttings that were planted in the nursery row in April with 18 well developed figs in August.
- (6) Ships well, and holds up well.

PRICES ON TEXAS EVERBEARING FIG

These four trees will give any family all they need to eat and preserve, with lots to sell.

JAPANESE PERSIMMONS

Are destined to become one of the leading fruits of the Cotton Belt and lower South. This may seem an extravagant statement, but as soon as there is enough of the fruit on the market for the people to learn the richness and deliciousness, the demand will increase far in excess of the supply. Where the Persimmon is known on the market, it finds ready sale.

TANE NASHI. The best known and most popular variety; large, conical, pointed. Early bearer, early ripening and productive. Seedless.

TRIUMPH. Yellowish red, tomato-shaped, fine grained and of very fine quality. The choicest of all varieties.

PRICES ON JAPANESE PERSIMMONS

NATIVE PERSIMMONS

We offer a choice, selected variety of Native Persimmon, large, sweet, delicious flavor, size 3 to 4 feet, strong, healthy trees, 50c each delivered. 3 to 4 ft., 30c each.

GRAPES

Grapes are easily grown; they produce a crop every year. The varieties we offer will thrive on any soil. There is always a ready market for whatever surplus you produce. By all means plant a few grapevines for home use, and, if possible, plant a vineyard to bring in ready money in the summer and early fall. Our vines are heavy, thrifty, two-year, ready to bear the first pear. We prepay postage and express.

RIPENS IN JUNE

HEADLIGHT. A clear, dark red grape, very tender, delicious and sweet. The best early grape.

RIPENS IN JULY

BRILLIANT. Vine strong grower; clusters large, color light to dark red, translucent with thin bloom; skin thin, tender; pulps tender and delicious. Yields heavy, Ripens about July 1st.

CONCORD. This fine variety is still one of the best, and for looks, shipping quality, wine and jelly it cannot be beaten. Vine strong grower, heavy bearer, berry large, black. Ripens about July 25th.

NIAGARA. A vigorous, healthy grower. Large cluster, and berry very large, clear white, of fine quality, ripens about July 20th.

DELAWARE. Berry bright red, juicy and of high flavor. Succeeds well in South and does not rot. Ripens about July 15th.

MOORE'S EARLY. Similar to Concord in size, appearance and flavor, but two weeks earlier.

BLACK SPANISH. Cluster large, berry small, jet black and of fine quality. Ripens in July.

CARMAN. One of the most prolific and popular varieties; splendid for table or for wine, grape juice, preserves and jelly. Cluster very large, sometimes weighing two pounds; shouldered; very compact. Berry medium size; black with thin bloom. Skin, tough, thin, never cracks; pulp meaty; firm, but tender when fully ripe; splendid quality. Ripens in July.

EXTRA. Extra large bunch, berries large and of fine quality. This is a Post-Oak hybrid; very hardy, and extremely prolific. Ripens in July.

R. W. MUNSON. Medium to large bunch, berry black, sweet, juicy and delicious flavor. One of the finest black land grapes. Ripens in July.

RIPENS IN AUGUST

EDNA. Large white of splendid quality; flavor similar to Muscat. Ripens in August.

VALHALLAH. Well suited to black land. A vigorous and productive vine, endures drought well. Berry bright clear red, tender, juicy and fine quality. Ripens July-August.

ARMALAGA. A vigorous, healthy vine, well suited to both black and sandy land. Berry large, yellowish green, slightly long, very sweet with peculiar agreeable flavor. Quality equal to California grapes which it very much resembles. Endures heat and drought. Ripens in August.

RIPENS IN SEPTEMBER

FERN MUNSON. Growth very strong, cluster medium, berries large, very persistent, dark purplish red to nearly black, skin thin and tough, pulp firm and juicy with sprightly flavor. Very profitable as it ripens when all other varieties are gone. Ripens in September.

THOMPSON SEEDLESS. Bunches very large; berries medium size, oval, greenish-yellow, seedless, fine flavor. Valuable for table, shipping, or for making seedless raisins.

HERBEMONT. Berries small to medium, brownish red; juicy and sprightly, especially fine for wines and jellies. Does extra well in South Central and Southwest Texas. Ripens in September.

SUNNY SOUTH GRAPE COLLECTION

6 strong 2-year No. 1 bearing size grape vines, your selection from above varieties, or if you are in doubt about varieties best suited to your locality, just ask us to make the selection for you.

PRICE FOR THE 6 ONLY..... 79c

SOUTHERN MUSCADINE CLASS

This class of Grapes is native to the South and not so large as and loved by all southern people. Fruit clusters not so large as the bunch varieties, but the flavor is excellent. For jellies, preserves, grape juices, wines and table use they are unexcelled. Usually trained on overhead arbors 6½ or 7 feet high, consisting of posts with wire or wood framework. Pruning is not commonly practiced. Plant 20 to 30 feet for arbors.

JAMES. Black, of large size, 5 to 7 berries, which seem to hold in cluster better than most pure muscadines. Skin thick but flavor good.

THOMAS. Very large, black, two to five berries to cluster, not persistent. Best of the pure black muscadines. Good wine.

SCUPPERNONG. Large bronze yellow, juicy, good wine. Four to six berries to cluster.

Prices on James, Thomas and Scuppernong: Good 2-Year No. 1 plants, each 45c; 10 for \$3.90.

MALE MUSCADINE. If planted with other varieties of Muscadine Grapes, it will cause them to bear much heavier crops, as this is a pollinating variety.

SUMMER GRAPE. This is a wild grape that ripens in the summer and makes a very fast growing vine for covering trellises, etc.

FROST GRAPE. This grape ripens late in the fall and is a very desirable cover for trellises, fences, lattice work, etc. Prices on Male Muscadine, Summer and Frost Grapes. Good 2-Year No. 1 plants, each 19c; 10 for \$1.75.

(Note: These Muscadines bear especially well all over East Texas, Louisiana and Arkansas).

GUMERA GRAPES

THE NEW WONDER GRAPE. Brought to Texas from Greece by Jim George, Arlington, Texas, several years ago. This grape should revolutionize the grape industry in Texas and the Southwest. It is a thrifty, fast grower; very prolific bearer, bearing the first year planted. The grapes are as large as plums, very sweet, and with the most delicious flavor. Bunches very large, weighing 5 lbs and more. This grape ripens throughout June and July, before any good grapes from the California market appear, and, being of much higher quality than even the best California grapes, they will bring top prices at all times. Start you a vineyard now and reap the profits from this wonderful new grape.

LADY FINGER. Long purple grape, nearly inch long; sweet, meaty and delicious. Equal to the finest California table grape.

GEORGE'S WHITE SEEDLESS. A very sweet, juicy, clear white grape with no seed. Developed by Jim George, a native of Greece in his vineyard near Fort Worth, from a select Grecian variety.

ALIAGAR. Another Jim George introduction. Bunch very large and heavy, berry small, sweet, delicious; very small seed. Finest wine grape we have ever seen. Bears enormous crop every year. Long ripening period throughout July and August. New Low Prices on These Wonderful Grecian Grapes Above. Good 2-Year No. 1 Plants, each 45c; 10 for \$3.90; 100 for \$30.00

GUMERA GRAPE RECOMMENDATION

El Paso, Texas, August 21, 1937.

I have three fine Gumera Grapevines, bearing wonderfully. A splendid grape. I got these vines from you several years ago. (Name on request.)

SHADE TREES

Here in the South and Southwest, where the sun does get hot, shade trees are a necessity. We are showing varieties below suitable for all locations, climates and purposes.

NEW LOW RICES ON SHADE TREES

New low prices on shade trees shown in this catalog will enable every home-owner to beautify his premises and provide ample shade, at a very small cost. We call particular attention to the small shade trees we catalog. It will take them a year or two longer to make up as large as the larger ones we show, but they do transplant easily, and they are inexpensive.

PLANT MORE SHADE TREES

ARIZONA ASH. One of the most beautiful of all shade trees. Clean growth, holds foliage until nearly Christmas, no leaf-littered lawn. Trunk very straight, foliage dark green, very glossy and beautiful. Recommended for extensive planting in Gulf States. Unexcelled for West Texas, New Mexico, Panhandle and Western Oklahoma planting. El Paso has adopted this tree as the universal street tree.

Price 4 to 5 foot 29c each; 10 for \$2.65.

5 to 6 foot 69c each; 10 for \$6.25.

6 to 8 foot \$1.15 each; 10 for \$9.50.

8 to 10 foot Heavy, well branched each \$1.45; 10 for \$12.00.

BOISE D'ARC. A hardy enduring tree, used extensively for hedges. Makes splendid fence posts. Makes finest kind of shade tree, and endures heat, cold, wet or dry weather. Fast grower, small trees will soon make large ones. 3 to 4 foot size, each 14c; 10 for \$1.00; 100 for \$6.50; 1000 for \$40.00.

BOX ELDER. Grows rapidly into large spreading tree. Makes fine shade trees, and valuable as shelter-belt planting in West and Southwest. Withstands heat and cold. Price 3 to 4 foot tree 14c each; 10 for \$1.00. 6 to 8 foot Heavy, branched, 85c each; 10 for \$7.00.

WESTERN CATALPA. Conspicuous because of its large, broad leaves and massive panicles of white, fragrant flowers. Extensively used for timber plantings. As the wood is very enduring in the ground, it makes fine fence posts, and should be planted on every farm for this purpose.

Price 3 to 4 foot 17c each; 10 for \$1.40.

6 to 8 foot heavy, 95c each; 10 for \$8.00.

COTTONWOOD. The fastest growing shade tree known. Trees 3 years after planting frequently reach 40 foot height. Plant groups of these for shade around home and for livestock.

3 to 4 foot each 14c; 10 for \$1.15.

ELM (American White). The noble, spreading, drooping tree of our own woods. One of the grandest and hardiest of park or street trees.

6 to 8 foot heavy, well branched each 65c; 10 for \$5.50.

2 to 3 foot each 9c; 10 for 75c; 100 for \$6.00.

It takes lots of hard work to plant and care for trees; plant good stock for best results.

We Pay Transportation Charges on Everything Shown in this Catalog, be Sure to Figure this in when Comparing Prices.

CHINESE ELM. This new shade tree, introduced from China by the Government of the United States, has swept the South and southwest with its popularity. We highly recommend it for its beauty and fast growth and dense shade.

Price 3 to 4 foot each 9c; 10 for 75c; 100 for \$6.50.

5 to 6 foot each 55c; 10 for \$4.50; 100 for \$38.00.

8 to 10 foot heavy, well branched, each \$1.25; 10 for \$11.00; 100 for \$90.00.

SWEET GUM. At home all over the South. Yields a gum used in preparation of chewing-gum. Price 3 to 4 foot 19c each. 6 to 8 foot 85c each.

HACKBERRY. A fine shade tree for all the South and Southwest. Fast growing, tough and enduring. Probably planted more extensively for shade than any other. Price 2 to 3 foot 19c each; 10 for \$1.50; 100 for \$9.00. 6 to 8 foot heavy, well branched each 95c; 10 for \$8.00; 100 for \$65.00.

LIRIODENDRON Tulipifera—Tulip-tree. A tall, robust tree of magnificent appearance. Leaves of unusual form. The blossoms are tulip-like in shape and size. Showy.

2 to 3 foot 19c each; -10 for \$1.50.

6 to 8 foot 95c each; 10 for \$8.00.

BLACK LOCUST. Popular for shade in West and Southwest, as it endures long drought. Foliage lacy and fresh green; flowers white and sweet scented. Price 3 to 4 foot each 19c; 10 for \$1.50; 100 for \$10.00. 6 to 8 foot each 35c; 10 for \$2.75; 100 for \$20.00.

HONEY LOCUST. Large tree, spreading branches. Foliage light green turning yellow in fall. Greenish white flowers; large flat ornamental seed pods. Fine for home grounds, park and avenue planting. If planted thick, make impenetrable thorny hedge. Price 2 to 3 foot each 19c; 10 for \$1.50; 100 for \$10.00.

MAGNOLIA

Beautiful broad-leaf ornamental trees.

GRANDIFLORIA. The broad-leaf evergreen giant of the forest. Immense white blossoms. Well known throughout the South. Beautiful from small tree to maturity.

Price 8 to 12 inch trees 35c each. 2 to 3 foot trees 65c.

GLAUCA (Sweet or White Bay). Handsome native evergreen. Leaves green and lustrous on upper surface, pale or pearly white beneath. Fragrant, creamy-white flowers in late spring and early summer.

Price 2 to 3 foot trees 49c each.

M. ACUMINATA (Cucumber Tree). A tree of large pyramidal growth. The fruit resembles a small cucumber when young, but when ripe is of a deep scarlet.

Price 3 to 4 foot trees 49c each.

M-TRIPETALA (Umbrella Tree). A hardy, vigorous, medium-sized tree. Produces white flowers in June. Immense leaves.

Price 3 to 4 foot trees 75c each.

NORWAY MAPLE. A round topped tree of beautiful appearance. Foliage of deep, rich green; in shape resembling that of the Sugar Maple.

SOFT OR SILVER MAPLE. This is the quickest growing and largest of the maples. Its restful shade is much appreciated on the lawn and in the park where its wide spreading head has ample room.

SUGAR MAPLE. The grandest of the Maples, producing tall, stately trees of greatest beauty. Its foliage in autumn is rich with brilliant tones of orange and lemon. For street and boulevard planting it has few equals.

Prices on above Maples: 3 to 4 foot 19c each; 10 for \$1.60. 5 to 7 foot 89c each; 10 for \$7.50.

RUSSIAN MULBERRY. A very hardy drought resisting tree that will thrive and make excellent shade in the driest sections of the country.

3 to 4 foot 19c each; 10 for \$1.60.

5 to 6 foot 57c each; 10 for \$5.00.

VIRGINIANA (Live Oak). One of the finest and most popular Evergreen shade and ornamental trees. Entirely evergreen, has dark, glossy green foliage and is a very clean tree for lawn and avenue planting.

Price on Live Oak, 3 to 4 foot 95c each; 10 for \$8.50.

POPLAR, Lombardy (Populus Italica). One of the most striking and picturesque of trees. Valuable for lending distinction to massed plantings. Indispensable in formal landscape work.

Price 3 to 4 foot 14c each; 10 for \$1.15.

6 to 8 foot 45c each; 10 for \$3.90.

9 to 10 foot 95c each; 10 for \$8.75.

POPLAR, Silver Leaved (Populus Alba). Leaves are dark on upper side, and pure white on lower side. Rapid grower.

Price 4 to 5 foot 24c each; 10 for \$2.10.

SYCAMORE (Platanus Occidentalis). Also called American Plane or Buttonwood. Upright, shapely and beautiful.

Price 4 to 5 foot 39c each; 10 for \$3.35.

6 to 8 foot, heavy, well branched, 89c each; 10 for \$8.00.

TALLOW Chinese (Sapium sebiferum). Cleanest of deciduous trees. Compact, dense head of small bright green leaves. Highly recommended.

Price 6 to 7 foot, fine specimen, \$1.25 each.

CHINA, TEXAS UMBRELLA. A dense, spreading canopy topped tree which does not attain great height but with wide-spreading branches. Fragrant purple flowers are borne in spring, followed by numerous creamy yellow berries.

Price 3 to 4 foot 24c each; 10 for \$2.15.

5 to 6 foot 79c each; 10 for \$6.75.

WILLOW, Common. The common willow adapts itself to any and all surroundings; all it needs is plenty of water. Makes fine shade tree. Price 4 to 6 foot 29c each; 10 for \$2.40.

WILLOW, Weeping (See under Ornamental Trees).

ORNAMENTAL TREES

OUR GUARANTEE

Our guarantee to replace free of charge any tree, plant or shrub that you buy from us that is not satisfactory is your Nursery Insurance Policy against inferior nursery stock and irresponsible nurserymen and houses that do not grow their own stock, and do not know what they are sending out.

Below, listed under ORNAMENTAL TREES, you will find many rare and scarce items that are not generally shown in nursery catalogs. We believe some of our customers will be interested in these beautiful specimens. Many of them make lovely, substantial shade trees, but their main use is for ornamental specimens on lawn and parkway, around the home grounds, in parks, cemeteries, etc.

TREE ALTHEA. With the same blooming qualities as the bush althea, except trained to a single stem about five feet high, with a rounded head of branches. Makes a lovely specimen. See bush Althea for varieties and colors. Price 5 to 6 foot specimens, \$1.00 each.

BEECH, RIVERS BLOOD-LEAVED. Grows to 30 feet; compact, symmetrical growth, crimson foliage early in spring, changing to dark purple in summer. One of the finest of all purple leaved trees. 12 to 15 inch 2-year grafts \$1.25 each.

BIRCH, Cut Leaf Weeping (Betula Pendula Laciniata). An elegant tree with slender drooping branches and fine cut leaves. White bark. Price 12 to 15 inch 2-year grafts, \$1.25 each.

CATALPA, Umbrella (Catalpa Bungei). Foliage large and glossy. Top-grafter on tall stems it forms a perfect umbrella shaped head and makes an effective tree for formal planting. Price 2-year head, 5 to 6 foot stem \$1.65 each.

JAPANESE FLOWERING CHERRIES

These are among the most beautiful introductions to our American gardens. All hardy. Choice and rare.

YOSHINO (Yedoensis; Single Blush-pink). First to bloom. Single; pink. This is the species famous in Washington, D. C. Price 3 to 4 foot trees \$1.65 each.

FLOWERING CRAB (Betchel's). A low bushy tree, rarely over 20 feet high. This is the most beautiful of all the fine varieties of Flowering Crab. At a distance the tree seems to be covered with dainty little soft pink roses. Blooms quite young. It is very fragrant. Price 3 to 4 foot \$1.25 each.

FLOWERING DOGWOOD

The first show of glorious spring in our American woods. The large showy flowers in massed effect make a sight never to be forgotten.

WHITE DOGWOOD—TREE FORM. 3 to 4 foot stem. Rounded, well balanced top. \$1.25 each.

RED FLOWERING DOGWOOD. Same as above, except flowers deep pink. 1½ to 2 foot grafted 79c each. 3 to 4 foot \$1.45 each.

FLOWERING PEACH. A lovely sight in early spring, makes fine specimen in any planting. Colors Double Red, Double Pink, Double White. Price 3 to 4 foot trees 69c each.

HAWTHORNE (Pauls Scarlet). Flowers carmine-scarlet, very large and double. Considered far superior to any other variety. Price 2 to 3 foot trees 89c each.

MAIDENHAIR-TREE (or Ginkgo). Leaves resemble maiden-hair fern. A valuable and ornamental tree for specimens or avenue planting. Price 3 foot trees \$1.15 each.

MAGNOLIA, Saucer. Probably the hardest of all Chinese magnolias. Large saucer like pink flowers that hold color throughout blooming period. Price 18 to 24 inch 79c each.

MAGNOLIA, Purple Lily Flowered. A vigorous growing magnolia, unusually attractive with its wine-colored flowers and large distinct shiny leaves. Blooms early in spring before leaves appear. Price 18 to 24 inch trees, 79c each.

MAGNOLIA, Star. Spreading, shrubby habit; fragrant, semi-double white flowers before leaves appear. Price 12 to 18 inch 75c each.

MULBERRY, Tea's Weeping (Morus Tartarica Pendula). A graceful and beautiful hardy tree, forming a perfect umbrella-shaped head, with long, slender, willowy branches, drooping to the ground and gracefully swaying in the wind; foliage small, lobed and of a delightful, fresh, glossy green. The tree is exceedingly hardy, of rapid growth and abundant foliage, and can be trained into almost any shape. Price 2-year heads, 5 to 6 foot stems, heavy, \$1.39 each.

MIMOSA (Albizza Julibrissan, or Silk Tree). A beautiful ornamental tree, related to the Acacias, with fine-cut, fern-like foliage. Beautiful, fragrant, feathery pink blossoms. Hardy anywhere. Price 1 to 3 foot plants 29c each; 10 for \$2.25. 3 to 4 foot well branched trees 59c each; 10 for \$5.00.

PARKINSONIA (Jerusalem Thorn). A showy ornamental tree with smooth bright green bark, and many feathery, reed-like branchlets which take the place of leaves. During early summer covered with bright yellow flowers. Hardy and withstands extreme drought and heat. Native of Southwest Texas. Price 2 to 3 foot 69c each.

PURPLE LEAF PLUM. Strong growing small tree with deep colored leaves of rich purple, and quantities of white flowers in spring. Price 4 to 5 foot 59c each.

PUSSY WILLOW. Small willowy tree or large shrub covered in early spring with long, silky silvery catkins, which make the branches so valuable for decorating. Grows anywhere. Price 2 to 3 foot 35c each.

RED BUD (Tree Form). This is the well known Red Bud, but trained to tree form. Unusually attractive as ornamental lawn tree, or when mixed with other plantings. Price 4 to 5 foot stem, well branched head, \$1.50 each.

ROSE ACACIA (Robina Hispida or Moss Locust). One of the most striking of spring blooming trees, with large rose-colored flowers covering the trees in early spring. Tree form 5 to 6 foot stem, well balanced head, \$1.65. (See shrubs for shrub form).

TREE ROSES

Tree roses differ from bush roses, in that they are budded on a stalk of some strong growing variety 3½ feet above ground, with several branches forming a well rounded head and produce even more flowers than bush variety. One of the most striking features of all California landscapes is the abundance of these beautiful Tree Roses in full bloom. They will do well throughout the Southern half of the United States. You may order any variety shown on our general rose list, under Bush Roses. Price each, 3½ foot stem, well balanced head, \$3.00 each; 10 for \$25.00.

TREE OF HEAVEN (Alianthus Grandulosa). A lovely ornamental tree from Japan. Rapid grower, feathery foliage. Useful to produce tropical effects. Price 4 to 5 foot 39c each.

SALIX BABYLONICA. 40 ft. The well-known picturesque "Weeping Willow." Large spreading top and long pendulous branches. Thrives in wet or dry soils.

Price 3 to 4 foot 19c each; 10 for \$1.60.

5 to 6 foot 49c each; 10 for \$4.25.

8 to 10 foot \$1.19 each; 10 for \$9.50.

VITEX (Tree Form). Flowers deep blue, leaves have a spicy fragrance. This is same as bush form Vitex, except trained to single stem. 4 to 6 foot with well balanced rounded head. Unexcelled for specimen or lawn decoration in Southwest and West. Price \$1.50 each.

WISTERIA (Tree Form). Lovely lavender purple flowers in long racemes. Same as climbing Wisteria, except trained to tree form, stems 3 to 4 foot with heavy, well balanced heads grafted. Amazingly beautiful lawn specimen. Price \$2.95 each.

WEIGELA (Tree Form). Flowers deep pink, like bush Weigela, except trained to single stem 4 to 5 feet high with rounded well balanced head. Very decorative. Each \$1.25.

We pay all Transportation Charges on Every Item Shown in this Catalog.

ORNAMENTAL EVERGREENS

The list of Ornamental Evergreens we offer is quite complete; varieties for every section in the South, Southwest and Gulf Coast sections. The plants we list are young stock, full of life and vigor. They are shipped balled in damp sphagnum moss. Plant carefully day received. Remove moss before planting. Water well. Stake to keep wind from blowing plants around. You will get a lot of pleasure and satisfaction watching these young plants grow and develop into lovely specimens. The five best plants for general beautification of home, we think are as follows: Bakers Arborvitae, Pfitzers Juniper, Yellow Jasmine, Abelia, Wax Leaf Ligustrum. These should be planted around the house as foundation planting. Arizona Cypress is the best all around evergreen to plant on lawn as specimen, or for background.

ABELIA. A grand evergreen shrub for the South. Shiny, bronzy-green foliage with rosy-pink and white blossoms from early spring until frost. Price 12 to 18 inch plants 39c each; 10 for \$2.40.

ARBORVITAE

These symmetrical, compact hardy evergreens are the most useful, ornamental and dependable plants in the Southern landscape. They will thrive in our climate.

BAKERS ARBORVITAE. For a tall, pyramidal symmetrical evergreen, this is the best one for the South. Plant at entrances, in background of other lower growing evergreens, as lawn specimens, etc. Price 12 to 18 inch, each 49c.

BERKMANS GOLDEN ARBORVITAE. A dense, cone shaped medium height evergreen, with green and gold foliage. Used extensively in Southern plantings. Price 8 to 12 inch plants 29c each.

GLOBE ARBORVITAE. This is a dwarf, round, dark green dense foliage, evergreen. Used for planting in front of higher evergreens, also in urns, and in cemeteries. Price 8 to 12 inch plants 49c each.

GOLD TIP ARBORVITAE. This is like Bakers in size and shape, with beautiful gold tipped foliage. A valuable plant in general landscape work. Price 10 to 12 inch 49c each.

RAMSEY HYBRID ARBORVITAE. A tall, columnar arborvitae of rare grace and elegance. Dark green evergreen. For accent plant against bare walls, tall buildings, backgrounds, etc. Price 12 to 18 inch plants 49c each. --

ROSEDALE ARBORVITAE. Cone shaped, medium height, fine silvery gray foliage; very desirable. Price 8 to 12 inch 39c each.

FLAME AZALEA. This azalea grows well throughout all the South and Eastern Atlantic states. Flowers vary from red-orange to canary. The easiest of all to grow. Price 2-year clumps, 49c each.

EVERGREEN BARBERRY. Best Evergreen Barberry in lower South. Spiny evergreen leaves about 1-inch long; yellow flowers bluish-black fruit. Price 12 to 15 inch plants 29c each.

BOX, COMMON. This is the box that is used for hedge, and ornamental sheared plants all over the South. Evergreen and Hardy. 8 to 10 inch plants 29c each; 10 for \$2.40.

OLD ENGLISH DWARF BOX. This is the Box grown in Virginia and the Atlantic Coast. Very compact, may be pruned and sheared to any shape or form. Very slow grower. Price 6 to 8 inch 39c each; 10 for \$3.35.

JAPANESE BOX. A fast growing Box, with yellowish green foliage. For edging, low hedges, etc. Price 6 to 8 inch plants 15c each; 10 for \$1.25.

SCOTCH BROOM. Brilliant mass of yellow pea-shaped flowers. Valuable as contrast to evergreen shrubs. Hardy and drought resisting. Price 12 to 18 inch plants 39c each.

COMPHOR TREE. Very handsome bright green foliage, tinged with bronze in spring. Used extensively in warmer parts of South. Price 10 to 15 inch plants, 39c each.

CAPE JASMINE. Lovely, dark green, glossy foliage, and pure white flowers of delightful fragrance. This variety will stand zero weather. Produces flowers throughout summer. This is the florists' Gardenia. Price strong 12 to 18 inch plants 39c each; 10 for \$3.40.

CEDAR, RED. A fine, hardy evergreen for planting all over the South and West. May be trimmed to suit. A favorite. is tall columnar shape. Price 12 to 15 inch plants 39c each.

CEDRUS DEODARA (Himalaya Cedar). This is one of the most beautiful and stately of all evergreens. Light green, feathery foliage, slightly drooping. Fine specimen, or lawn evergreen. Price 8 to 12 inch plants 49c each.

CHERRY LAUREL. A very hardy, rather large growing ever-growing evergreen. Bright green foliage, white flowers in Spring; followed by black berries. Price 12 to 18 inch plants 39c each.

COTONEASTER Pannosa. Known as Silverleaf Cotoneaster. Leaves light green on top, silvery gray beneath. White blossoms in spring, red berries in fall and winter. Hardy. Price 8 to 12 inch plants 39c each.

Why You Should Buy Your Nursery Stock From Us

(1) We grow our own trees; selecting the buds from actual bearing trees, grown in our own orchards. You know you will get trees true to name.

(2) We guarantee to replace any tree that does not live, free of charge. This is your guarantee against inferior, weak stock.

(3) We ship promptly; same day order is received.

(4) We have been growing and selling nursery stock since 1898; we know how to grow stock suitable for the South.

(5) We supply trees free from disease, with full instructions for pruning and planting.

(6) Our prices are low—Compare with others.

(7) We prepay all transportation charges, mail, express or freight.

CYPRESS, ITALIAN. Tall, symmetrical, stately evergreen of picturesque beauty. Plant against tall buildings, at corners, against chimneys, columns, etc. Price 2 to 3 foot 95c each.

CYPRESS, LAWSONS. Dense, blue foliage, similar in form and shape to Berkman's Golden Arborvitae. A rare beauty. Price 12 to 15 inch 69c each.

CYPRESS, ARIZONA. Large, fast growing evergreen, with silvery gray foliage. May be pruned to taste. The most hardy, dependable evergreen for the South, Southwest and the West. Price 12 to 18 inch plants 69c each.

ELEAGNUS PUNGENS. Foliage bronzy-green on top, silver beneath. Yellow flowers in spring, plum shaped fruits; sometimes in abundance, and fine for jelly. Price 8 to 12 inch plants 39c each.

AMERICAN EUONYMUS (American Burning Bush) A tall growing shrub, evergreen in South, dark green leaves turning to scarlet in Autumn, fruit large, dark red. Price 18 to 24 inch plants 29c each.

CLIMBING EUONYMUS. Leaves bright green, evergreen, will climb on brick, stone, wood, etc. A really fine evergreen climber. Price 2-year strong plants 29c each.

GOLD EDGE EUONYMUS. Dark green leaves, margined gold. A handsome, odd evergreen. Price 6 to 9 inch plants 29c each.

EUONYMUS JAPONICA. Lovely, dark green glossy leaves. Very dense, and may be sheared to suit. Planted as low hedge, or as specimens. A fine plant for the South. Good 12 to 15 inch plants 39c each; 10 for \$3.40.

SILVER EDGE EUONYMUS. Bright green leaves, with silver margin. A companion to Gold Edge Euonymus above. Price 6 to 8 inch plants 39c each.

CHINESE BLUE FIR (Cunninghamia). A lovely hardy fir for the South, with tropical-like foliage, resembling the Aurecaria. One of the loveliest of all coniferous evergreens. Price 8 to 10 inch plants 59c each.

WHITE FIR. Without doubt the finest of the Rocky Mountain evergreens. Graceful habit; foliage bluish above, silvery beneath. Price 12 to 18 inch plants 49c each.

CHINESE FIRETHORN (*Pyracantha Yunnanensis*). In fall and winter there is nothing more striking than this evergreen, with dark glossy green foliage, and great masses of red berries. White plum-like blossoms in spring. Habit more spreading than Lelands Firethorn. Price 8 to 12 inch 39c each.

LELANDS FIRETHORN (*Pyracantha Lelandi*). Similar to above, more upright, thorny plant, with dark green foliage and orange red berries in fall. Price 8 to 12 inch 39c each.

AMERICAN HOLLY (*Ilex Opaca*). Large, spiny leaves, dull green above, yellowish green beneath. Round, red berries in abundance in fall and winter. Price 9 to 12 inch 49c each.

CHINESE HOLLY. Compact, pyramidal form, dark, glossy green spiny leaves. Abundance red berries in fall and winter. One of the showiest of all hollies. Price 8 to 12 inch 49c each.

YAUPON HOLLY. Bright green spiny evergreen leaves. Red berries in abundance. These plants grown from cuttings to insure berry-bearing. Price 8 to 12 inch plants 39c each.

PRIMROSE JASMINE. A very excellent yellow flowering vine, or weeping shrub. Deep yellow flowers about as big as a quarter, dark green glossy evergreen foliage. Price 12 to 18 inch 39c each.

YELLOW JASMINE. Lovely dark green dense foliage; masses of tiny yellow flowers. Branches gracefully drooping. Stands heat and cold, drought and wet weather. The A-No.-1 outstanding evergreen of the whole South in our opinion. Price strong 12 to 18 inch plants 34c each; 10 for \$3.00.

BLUE COLUMN JUNIPER. This is a tall straight column-like juniper with dense blue-green foliage, and makes a noble columnar specimen. Price 10 to 12 inch 59c each (grafted).

COLORADO SILVER JUNIPER (*Juniperus Scopulorum*). Silvery green foliage, upright pyramidal form, very hardy and withstands drought. Fine for West Texas, Panhandle, Oklahoma, etc. Price 12 to 18 inch plants 69c each.

GOLDEN PROSTRATE JUNIPER. A flat growing Juniper with green and gold foliage, making a dense mat. A fine ground cover evergreen. Price 8 to 10 inch plants 49c each.

HILLS PYRAMIDAL JUNIPER. A dense, tall pyramidal Juniper with gray-green foliage, very attractive. Absolutely hardy, and immune to heat and drought. Price 10 to 12 inch 49c each.

IRISH JUNIPER (Green Column Juniper). This makes a tall, column-like evergreen, with dense green foliage. 12 to 18 inch plants 75c each.

PFITZER JUNIPER (Spreading Juniper). A medium low, flat growing Juniper, gray-green foliage. This is the Juniper you see planted so generally in all landscape plantings, and in our opinion it is the finest of all Junipers. Price 10 to 12 inch plants 59c; 10 for \$4.75.

SAVINS JUNIPER. Like Pfitzers above, except bright green foliage. Price 10 to 12 inch plants 49c each.

SPINEY GREEK JUNIPER. Medium growing, cone shaped juniper, gray-green foliage. A fine evergreen to use where plant not more than 3 feet high is wanted. Price 10 to 12 inch plants 49c each.

VARIEGATED SPINEY GREEK JUNIPER. Like above, except has golden sprays mixed with silvery-green. Very odd and makes striking specimen. Price 6 to 8 inch plants 39c each.

LAVENDER. ENGLISH. This is the true Lavender, leaves gray-green, blue flowers. Leaves aromatic and sweetly scented. Makes good accent plant in any planting. Price 12 inch plants 55c each.

LIGUSTRUM, GOLDEN CALIFORNIA. Upright growing broadleaf evergreen with thick, dark green leaves with golden markings. Price 12 to 15 inch plants 39c each.

LIGUSTRUM, JAPANESE. This is the best large growing broadleaf evergreen. Has thick, dark green leaves, large and dense. Best for high hedge, screens, or lawn specimen. Price 2 to 3 foot plants 49c each.

LIGUSTRUM, WAXLEAF. Thick, heavy dark green leaves, very compact growth, white blossoms, black berries. No landscape planting complete without this. Price 12 to 18 inch plants 49c each.

MAHONIA (Oregon Grape). Dark, lustrous holly-like foliage; small yellow flowers in early spring. Foliage turns crimson in late fall. Very hardy. Price 10 to 12 inch 79c each.

MYRTLE (*Myrtus Communis*). This is Sweet Myrtle; small bright green leaves, delightfully fragrant when crushed. Small fuzzy-white flowers. Very desirable. Price 6 to 10 inch 39c each.

NANDINA. An erect, neatly built shrub, with several cane-like stems; finely cut foliage, turning to red in Autumn. White flowers, followed by bright red berries. The best red-berried plant for landscape work, and a favorite everywhere. Price 8 to 12 inch plants 39c. 12 to 15 inch plants 79c each.

WE WILL PAY 50c QUART—\$2.00 PER GALLON FOR RED NANDINA BERRIES. SEND US ALL YOU CAN GATHER.

PHOTINIE GLABRA. New growth vivid red, and very attractive among other greens. Should be sheared often for best results. Price 12 to 15 inch plants 49c.

PHOTINIA SERRULATA. This is the PHOTINIA so frequently seen in landscape plantings. New growth tinged red and bronze, clusters of white flowers in profusion. For a background evergreen, it is important. Price 8 to 10 inch plants, 39c each.

PINE, MUGHUS. Very dwarf in habit, producing a unique ball-like form that is much admired. Excellent in foundation planting, or as tub or lawn specimen. Price 6 to 10 inch plants 49c each.

PINE, SYLVESTRIS (Scotch Pine). A fine, robust erect growing pine, with silvery-green foliage. Probably the best decorative pine for general Southern planting. Price 12 to 15 inch plants 49c each.

PITTOSPORUM TOBIRA. Heavy, thick shining dark green leaves in whorls; waxy-white flowers. A very desirable evergreen, but no recommended further north than Waco. Price 8 to 12 inch plants 49c each.

RHODODENDRON. The showiest of all evergreen shrubs. Orange red and salmon blossoms in profusion. We sell clumps of a variety that will do well almost all over the South. Price strong clump, 89c each.

ROSEMARY. Hardy, gray-green evergreen shrub, with aromatic leaves, sometimes used in seasoning. Price 19 to 12 inch plants 39c each.

TEXAS ASH PLANT (*Leucaphyllum Texana*, or *Senisa*). Small oval leaves, ash-gray or silver color. Profusion of lavender colored flowers after each rain. One of the most outstanding shrubs that has been introduced in a number of years. Price 12 to 15 inch plants, 89c.

SPRUCE, COLORADO BLUE. The most beautiful of all coniferous evergreens. Steel-blue foliage, cones in clusters. Very desirable. Price 12 to 15 inch plants 95c each.

SPRUCE, NORWAY. Tall, pyramidal evergreen with bright green symmetrical foliage; used extensively. Price 15 to 18 inch plants, 59c each.

TEA PLANT. An evergreen shrub, usually reaching 10 ft. high. Large, oval bright green leaves; white fragrant flowers 1½ to 2 inches in diameter. The tea of commerce. Price 8 to 12 inch plants 39c each.

WEeping EVERBLOOMING CHINESE PRIVET. Small, glossy green foliage, on weeping branches, with profusion of sweet scented white flowers. Price 12 to 18 inch 39c each.

YEW, ENGLISH. Large bush form, numerous branches, slightly spreading; covered with fine, dark green foliage. Price 8 to 10 inch plants 59c each.

YEW, IRISH. Remarkably upright, columnar in form; very distinct, foliage of deepest green, very compact. Price 12 to 15 inch plants 69c each.

CANNAS

Nothing adds more color than a choice bed of cannas, and they come back year after year, getting better all the time. The varieties we offer are the best, and most handsome that are in commerce today.

AMBASSADOR. Brilliant red, bronze foliage, height 4 feet. Flowers vivid cherry-red; has luxurious tropical foliage prettily bronzed.

CITY OF PORTLAND. Deep pink, green foliage. Height 3½ feet. Extra good flower of full substance that does not fade.

KING MIDAS. Clear yellow, green foliage. The finest and largest yellow canna in existence.

MRS. ALFRED CONARD. Large exquisitely shaded salmon-pink flowers are produced in great abundance on robust, upright stalks. We consider this superior to all pink cannas, regardless of price.

KING HUMBERT. This remarkable Gold Medal Canna has been the sensation for the past ten years. Scarlet flowers, bronze leaves, height 4 feet. Still the favorite red.

YELLOW KING HUMBERT. An orchid-flowering sport of the well known King Humberts. Flower deep rich yellow, softly spotted and blotched light red. Green foliage. Height 4 feet.

THE PRESIDENT. Flaming scarlet, rich green foliage, height 4 feet.
Price strong blooming size roots, each 9c; 3 for 25c; 10 for 73c.

IRIS PUMILA (Miniature Flag)

These dainty, dwarf Iris do not grow more than 4 inches high, and are lovely for edging beds, along walks, etc. Colors: Wine Colored, Dark Violet Blue, Pale Lemon Yellow, Pure Snow White. State choice. Price each 19c; 3 for 49c.

IRIS RETICULATA (Fragrant Iris)

Lovely lavender purple; its fragrance reminds one of a bunch of fresh violets. Outdoors, blooms very early in spring. Plant 6 or 8 of these bulbs in a 5-inch pot, and keep in house in dark place. They will bloom in January and perfume your whole house. Price 19c each; 3 for 52c; 10 for \$1.59.

HARDY HIBISCUS

This is a typical Southern bloomer. Stands heat, drought, cold, etc., and produces in great abundances large flowers, sometimes as large as dinner plates, in gorgeous colors. Never before have we been able to offer this grand plant at such very low price. Plant liberally; they will repay you. Colors: Deep pure red, bright pink, white with red eye. Price each 19c; 3 for 47c; 10 for \$1.45; 25 for \$3.10.

IRIS, Bearded or German

When you think of Iris, probably you think of the old flags you have seen growing for years, and never cared anything particularly about them. Well, these new bearded Iris we offer are as different from the old flags of childhood memory, as daylight is from dark. A delightful surprise awaits you. (In descriptions below, S is for Standard, or lower part of flower, F is for falls, or upper part).

AMBASSADEUR. Deep rich blend smoky lavender.

CAPRICE. S—Rosy-red. F—Deeper rosy-red.

ELDORADO. S—Yellowish-bronze. F—Violet-purple.

FAVESCENES. S— and F—Sulphur yellow.

FLORENTINA ALBA. S— and F—Creamy-white.

FREDERICK. S—Pale lavender. F—Lavender.

GERTRUD. S— and F—Clear violet-blue.

HONORABILIS. S—Golden. F—Rich mahogany brown.

JUNIATA. S— and F—Clear blue.

LOHENGRIN. S— and F—Cattleya-rose, very large.

LORD OF JUNE. Lavender and analine-blue, very lovely.

LORELY. S—Light yellow. F—Ultra-marine blue.

MME. CHEAREAU. S—White, edged blue. F—Frilled blue.

MONSIGNOR. S—Satiny-violet. F—Velvety-purple crimson.

NIBELUNGEN. S—Fawn yellow. F—Violet purple on bronze.

PALLIDA DALMATICA. S—Lavender. F—deep lavender.

PROSPER LAUGIER. S—Bronze-red. F—Ruby-purple.

PURPLE KING. S—Purple. F—Deeper purple.

QUEEN OF MAY. S— and F soft rose-lilac.

Prices on above Iris, strong roots, ready to bloom.
Each 11c; 3 for 29c; 10 for 95c; 25 for \$2.15; 100 for \$6.95; 250 for \$15.00.

IRIS, Japanese

The most beautiful of all Iris. Easily grown, and used extensively by florists, because of their beauty and lasting qualities. We furnish mixed colors; rich mahogany red; royal-purple with yellow centers; pure white, yellow center; purple and violet, golden throat. Each and every one a real beauty.
Price 29c each; 3 for 69c; 10 for \$1.65.

PHLOX (Hardy Phlox)

These beautiful plants are the most popular of all Perennials. They produce the most beautiful of any of one family of plants in existence. The varieties we offer have been tried thoroughly and have proven the best. They grow best in light sandy or gravel loam. They bloom from June until Frost.

ATHIS. A beautiful salmon pink.

ANTONIN MERCIE. A free flowering variety of medium height, delicate lilac blue.

BEACON. Brilliant cherry red on strong stems.

BRIDESMAID. A very pleasing white with pink eye.

COMMANDER VON HINDENBERG. Brilliant deep crimson red, with darker eye. This variety is a great favorite.

MISS LINGARD. This variety is a suffruticosa type. The difference is that they bloom a month or 6 weeks before the other type. It has beautiful shiny green foliage, free from disease, pure white, sweet scented. The one Phlox which is excellent for cut flowers. From June until frost.

MRS. MILLY VAN HOBOKEN. A beautiful new variety, bright pink with delicate mauve free flowering, a strong grower. A real beauty.

MRS. CHAS DORR. The old fashioned lavender Phlox.

PROF. VERSCHOW. A beautiful cherry red, shading to pink.

PEACH BLOSSOM. A beautiful silvery pink, shading to white in center.

RHEINLANDER. Although it is an old Phlox it still holds its place with the best of Phlox. Strong grower, pretty salmon pink with dark eyes.

RIJNSTROOM. This phlox is a very strong grower, with heavy trusses of pretty rose-pink flowers.

THOR. This variety is becoming more and more popular, a pretty salmon pink with a pretty crimson glow, we consider this one of the very best pink sorts.

Price on Hardy Phlox: 19c; 3 for 51c; 10 for \$1.59; 25 for \$3.55; 100 for \$12.50.

FUCHSIA. Delightful and easily grown flowering plants, with large scarlet and deep purplish-rose flowers. Price 59c each.

PLUMBAGO (Capensis). Half-climbing shrub, with sky-blue Phlox-like flowers all through Spring, Summer and Fall. One of the most popular outdoor plants in the South. Price 2¼ inch pots 19c each; strong 2-year plants 2 foot 55c each.

POINSETTA. The variety we quote is hardy in lower South. Has the dazzling beauty of the hothouse Poinsetta. Makes brilliant garden display. Price 2 to 3 foot plants 49c each.

TRANSVAAL DAISY (Gerbera Jamesoni). Brilliant range of Daisey-like flowers, ranging through red, orange and yellow. Likes dry hot places. Price strong field clumps ready to bloom 69c each.

PLANTS FOR RIO GRANDE VALLEY, GULF COAST AND LOWER SOUTH

Plants on this page are semi-tropical, and their planting should be confined to sections of the country where temperature of not lower than 20 degrees is bottom.

ACACIA (Floribunda). This lovely shrub is a mass of golden yellow blossoms in January and February, and should be planted extensively in the Rio Grande valley, and warmer sections along the Gulf Coast. Price 3 foot plants 75c each.

ALOE, PINK. Leaves about 6 inches long, flowers bright pink with greenish tips; if you want something different, try this. Price strong plants from gallon cans, 59c each.

BAMBOO (Giant Japanese). Large growing hardy bamboo, makes excellent screen. Price strong roots, 29c each.

BAMBOO, ARGENTEA. Clump bamboo, small green canes, with green leaves; makes fine screen. Price strong clump 75c.

BOTTLE BRUSH (Callistemon). A vivid, dazzling shrub with its long, bright red flowers. Excellent for warm sections. Price 12 to 18 inch plants, 39c each.

BOUGAINVILLEA (Crimson Lake). A strong growing vine, with startling crimson flower bracts. The most popular Bougainvillea. Price 2-year plants 75c each.

CASSIA. A pretty shrub, with finely cut silvery gray foliage, and clear yellow sweet scented flowers. Will stand any amount drought. Price 15 to 18 inch 59c.

CAMMELIA. The variety we offer is at home in the lower South, having bright rose colored flowers. One of nature's most beautiful objects. Price 8 to 12 inch plants 49c each.

DRAGON'S BEARD. A very low, grass like evergreen, with spikes of purple flowers. Very suitable as border plant, or edging for walks, etc. Price large divisions 9c each; 10 for 75c.

EUCALYPTUS (Desert Gum). Introduced into California from Australia, this beautiful, fast growing evergreen tree. The variety we offer is hardy down to 15 degrees. Price 2 to 3 foot plants 79c each.

CREeping FIG (Ficus Pumila). A slow starting, fairly rapid growing robust vine, that will cling to anything, or climb any wall. Heat and drought resistant. Price strong plants, 75c each.

HIBISCUS CHINENSIS. This is the Hibiscus usually grown in greenhouses, but in warmer sections of South, grown extensively out-doors. Nothing more beautiful. Colors: Bright red, orange, salmon, pink and white. State choice. Strong 2-foot plants for outdoor planting and immediate results, 69c each; also 2 1-4 inch pot plants at 19c each.

JACARANDA. One of the most handsome flowering trees ever introduced into California. In spring entire tree is a mass of violet-blue tubular flowers in clusters. Price 2 to 3 foot trees, 75c each.

NIGHT BLOOMING JASMINE. Introduced from Chile. Shrub to 6 foot. Flowers greenish-yellow at night, very fragrant. Price strong blooming size plants, 75c each.

PINK FLOWERING JASMINE. Very fragrant rose colored flowers. Rampant grower, and wonderful for covering fences, walls, etc. Price 8 to 12 2inch plants 49c each.

CLIMBING WHITE JASMINE. Large, very double pure white flowers, and with fragrance that rivals Cape Jasmine. A very worthy plant. Price 3-year plants, 59c each.

MEYERS LEMON. A large lemon, juicy and productive. Suitable only for the warmer sections of the country. 2 foot plants 89c.

LIRIOPE (Obhiopogan Japonicum). Grass-like evergreen, with leaves of bright green 12 inches long, and spikes of blue flowers. For bordering beds, along walks, etc. Price heavy clumps 45c each.

OLEANDER. Makes large shrub or small tree. Blooms in many colors prolifically throughout summer months. Makes fine specimen or tub plant. The 2 foot trees we sell are ready to bloom. Colors—White, blood red, salmon, pink, single or double. Single scarlet, single cherry red, single yellow. Price on all Oleanders, 2 foot fine plants 69c each, or 6 to 9 inch plants from 2 1/4 inch pots 29c each.

PALM, PHOENIX. Where palms can be grown, nothing is more beautiful or useful in general landscape work, either for specimen planting, or along streets and parkways. The Phoenix Palm has a solitary trunk surmounted by well known feathery branches. Price 2 foot plants from gallon cans 69c each.

PALM, WINDMILL. This is the hardiest palm grown, and may be successfully grown as far north as Waco. Has tall, dark, densely hairy trunk, with compact crown of stiff, deeply cut leaves at top. Thrives under very adverse conditions. Very hardy. Price 8 to 12 inch 3-year plants 29c each.

PEPPER TREE. An evergreen large shrub or tree, dark green compound leaves, red berries in winter. Very popular in California. Will stand temperatures as low as 24 degrees. Price 2 to 3 foot trees 75c each.

RUBBER PLANT. A fine indoor plant with thick, heavy dark green leaves 9 to 12 inches long. Also, grows into small tree in warmer sections outdoors. Price 12 to 15 inch plants 45c each.

SWEET OLIVE (Osmanthus Fragrance). Hardy South of Washington, D. C. Beautiful holly-like leaves, and fragrant white flowers in late fall. One of best broad-leaved evergreens. 12 to 18 inch plants 39c each.

DIANTHUS (Hardy Garden Pinks)

DIANTHUS (Hardy Garden Pinks)—

One of the easiest flowers to grow, and also one of the best for the South and Southwest.

ANNIE LAURIE. Orchid, with wine red ring.

ABBOTSFORD. Deep crimson with white markings.

ELSIE. Deep rose pink, flowers all summer.

ETOILE DE LYON. Brilliant crimson, clove scented.

HER MAJESTY. Very large, purest white.

SWEET WILLIAM. Produces great masses of bloom, of extremely rich and varied colors. Flowers lasting and fine for cutting. Colors, deep scarlet, pure pink, snow white. State choice.

FERNS (Hardy Varieties)

The cultivation of Hardy Ferns is remarkably simple. All they want is a light alluvial soil, a little loam and peat or leaf-mould sufficient to keep the soil light and open, plenty of moisture.

ADIANTUM PEDATUM (Hardy). (Maidenhair Fern). Most attractive of our native Ferns; back stems with delicate green fronds.

OSMUNDA REGALIS (The Royal Fern). Wonderful in damp marshy places, where its rich yellowish-green foliage and golden stems make very striking subjects.

STAUTHIOPTERIS GERMANICA. (The Ostrich Fern). A very graceful species with finely cut pinnules, growing 2 to 3 feet high.

Prices on Dianthus and Ferns above: Each 17c; 3 for 47c; 10 for \$1.45; 25 for \$3.39.

FEVERFEW (Matricaria).—

LITTLE GEM. A most useful border plant and valuable Summer cut flower, with large, double, white flowers. June until Oct. 18 to 24 inches high.

GOLDEN BALL. Dwarf yellow form of above.

GRASSES, Hardy Ornamental

The ornamental Grasses can be used with telling effect in borders, large beds, or by the margin of ponds and lakes. They are often used with smallshrubs and medium sized trees in wide borders. The Eulalias planted singly on lawns where the soil is deep and rich, take care of themselves and grow very rapidly into large specimens.

ELYMUS GLAUCUS (Blue Lime Grass). Handsome Grass with narrow, glaucous silvery foliage. Well adapted for the border or edge of beds with taller sorts.

ERIANTHUS RAVENNAE (Plume Grass or Hardy Pampas). 10 to 12 feet high, frequently throwing up 30 to 50 flower spikes. Closely resembles Pampas Grass.

EULALIA GRACILLIMA UNIVITTATA (Japan Rush). Graceful habit, with very narrow foliage; of a bright green color, with a silvery midrib. 6 to 7 feet in height.

EULALIA JAPONICA. Long, narrow, graceful green foliage, and when in flower the attractive plumes are 6 to 7 feet high.

EULALIA JAPONICA VARIEGATA. Very ornamental; long, narrow leaves, striped green, white and often pink or yellow.

FESTUCA GLAUCA (Blue Fescue Grass). 12 to 15 inches. Ornamental Grass. Grown for dense tufts of very narrow bluish leaves. Used for edgings or for contrast with darker foliage. Desirable for rock gardens.

PENNISSETUM JAPONICUM (Fountain Grass). A beautiful grass whose flower heads are produced in the greatest profusion. Color rich mahogany, conspicuously tipped with white.

GYPSOPHILIA (Baby's Breath.) Blooms in summer with masses of tiny white flowers; dainty and sweet scented. Very useful to use in bouquets.

HEMEROCALLIS (Yellow Day Lily)—

Hemerocallis have long been favorites in our gardens, and are always included in any list of the most popular hardy plants. All of the varieties of Hemerocallis are desirable and beautiful. The tall, graceful, grass-like foliage is very handsome and sets off the charming lily-like flowers very effectively. They look particularly well naturalized along streams or on moist banks, and will thrive most luxuriantly in the shade.

DR. REGEL. Handsome, rich orange-yellow flowers in May. Very fragrant. Fine for cutting. 1½ feet in height.

FLAVA (Lemon Lily). Sweet scented, clear full yellow; 2½ feet in height. Flowers in June.

FLORHAM. A strong grower, 3 to 3½ feet high, large, trumpet-shaped flowers; rich golden yellow, with Indian yellow markings. June and July.

FULVA (Brown Day Lily). Coppery orange, shaded crimson. 3 feet in height. Blooms in July.

KWANSO. Large, double-flowered variety with rich golden bronze flowers.

MIDDENDORFF MAJOR. A very striking variety, with huge, rich, orange-yellow flowers.

HOLLYHOCKS. We offer only double, selected strain, in following colors: Maroon, red, pink, white and yellow. State color choice.

LATHYRUS (Everlasting Sweet Pea)—

LATIFOLIUS. These Everlasting Peas are but little known in this country, but are great favorites in England. They are extremely showy and fine. Charming climbers for covering trellis, arbors, etc.

PINK BEAUTY. Large racemes of pleasing deep rose flowers.

RED. The well known red Everlasting Pea.

WHITE PEARL. A great improvement on the older white variety, the stems giving from 12 to 15 flowers each.

LIATRIS—Blazing Star or Gay-feather—

PYCNOTACHYA. The popular name of this plant is Kansas Gay Feather. It blooms in midsummer and throws up long, narrow spikes of rich purple flowers, 4 feet high, which last a long time.

LOBELIA (Indian Paint Brush)—

CARDINALIS (Cardinal Flower). Its fiery red flowers are in bloom nearly all summer with tiny blossoms coming out in a head. The foliage is inconspicuous, mostly growing close to the ground.

LYTHRUM—Purple Loosestrife. Suitable showy plants for moist, shady borders and the waterside. There is only one really worth growing and that is Superbum. The plants are of stately growth, and bear their rosy or purplish flowers in tall leafy spikes.

PAPAVER ORIENTALE—Oriental Poppy—

ORIENTALE. Tremendous cup-shaped blooms of brightest crimson-scarlet with large, purplish black blotches at base of petals, creating a wonderful contrast when bloom is fully open. Clumps of these throughout the border add a brilliancy that no other flower can provide.

PENTSTEMON (Beard Tongue). Most useful and showy perennials. Some varieties are not hardy. These are. Blooms in June and July. 3 feet in height. Colors, scarlet, pink, white. State color choice.

PHYSALIS (Chinese Lanter Plant)—

FRANCHETI. This ornamental plant produces bright orange scarlet lantern-like fruit, and when cut will last all winter. A fine florist plant.

PHYSOSTEGIA (False Dragon Head)—

VIRGINIA PINK. Pretty pink flowers on long 3 foot stems tubular in form, July and August.

VIRGINIA ALBA. Pure white form of the above.

PYRETHRUM (Painted Daisy). Daisy-like flowers, in pink and red shades. Wonderful cut flower, and beautiful when planted in masses.

SEDUM (Stone Crop)—

ACRE. Golden Moss. A beautiful trailing variety with bright yellow flowers.

ALBUM. Dwarf and spreading; thick, waxy, round foliage, white flowers; good rock plant.

STATICE (Sea Lavender)—

LATIFOLIA. Heavy tufts of leathery foliage with large heads of pretty small purplish blue flowers. During July and August. Valuable as a florists cut flower. Will retain its color when dry, and last in perfect condition during the winter months.

TRITOMA (Red Hot Poker or Torch Lily)—

PFITZERII. We offer the true type of this variety and we consider it the best we have seen. Color is rich fiery orange scarlet. It shows up best when planted in masses, and is very valuable as a cut flower.

VINCA (Periwinkle or Trailing Myrtle)—

MINOR. A trailing evergreen plant used extensively for carpeting the ground under shrubs, trees, evergreens where it is too shady for grass to grow. Strong nursery grown clumps.

Prices on all plants on this page, strong blooming size, 2-, 3-4-year. (We do not offer 1-year plants, they will not grow.) Prices as follows: 17c each; 3 for 47c; 10 for \$1.45; 25 for \$3.39; 100 for \$12.00, postpaid.
