1. With reference to memorandum (SCAPIN - 1167) to the Imperial Japanese Government, the following is published for the information of all concerned.

2. The purpose of this directive is to clarify directive (SCAPIN 30) to the Central Liaison Committee, dated 15 September 1945, subject: "Repair of Inoperative Ships," in which the Imperial Japanese Government was urged to expedite the completion of non-combatant merchant vessels that were under construction at the time of the surrender.
